AGAINST THE REDS

SENATOR DOLLIVER CONDEMNNS ANARCHY IN STRONG TERMS.

AT CHICAGO MEMORIAL SERVICE.

GLOWING TRIBUTE PAID TO PRESIDENT M'KINLEY.

Senator Mason Believes Red Flag of Anarchy Will Never Again Be Permitted to Float Under Sky With Stars and Stripes.

Chicago, Sept. 22.—Chicago today paid a second tribute to the memory of President McKinley and services were held both day and night.

Senator Dolliver of Iowa was the principal speaker at the evening meeting, which was held at the Coliseum. He said in part:

"The government of the United States has given no attention, and the government of the several states but little to the activity, in many cities, of organizations which boldly profess to seek the destruction of all government and all law. A government like ours is always slow to move and is often awkward in its motions but it can be trusted to find effective remedies for conditions like these, at least after they become intolerable. The bill of rights written in the English language stands for too many centuries of sacrifice; too many battlefields sanctified by blood and too many hopes of mankind, reaching toward ages to come, to be mutilated in the least in order to meet the case of a handful of miscreants.

Contributors to Anarchy.

"Legislators who betray commonwealth, judges who poison fountains of justice and city governments which come to terms with crime—all these are regular contributors to the campaign fund of anarchy. That howling mass, whether in Kansas or Alabama; that assembly of wild beasts dancing about the ashes of some negro malefactor, is not contributing to the security of society. It is taking away from society the only security it has. It belongs to the unenrolled reserve corps of anarchy. The words which came spontaneously to the lips of President McKinley, as he sank under his mortal wounds and saw the infuriated crowd pressing about his assailant, ought to be repeated in the ears of the officers of peace from one end of the land to the other in all years to come—'Let no one hurt him; let the law take its course.'

Enjoyed Personal Friendship.

"A long acquaintance with the late president and a personal friendship which ended only with his life always saved me from that error of judgment which has, in some quarters, underrated his abilities and underestimated the value of his public services; but standing here, before the withered flowers which cast their faded beauty upon his grave, I declare it to be my solemn belief that no achievement of his great career, no triumph of his epoch-making record at the capital, will weigh so much for the welfare of the world as the stainless life which he lived in the faith of his mother who taught him first to repeat the words of the master, 'Thy Will Be Done.'

Senator Mason addressed the afternoon meeting and condemned the assassination of the president as the most cruel, diabolical and cowardly murder that was ever recorded. He said he believed the red flag of anarchy would never again be permitted to float under the sky with the stars and stripes.

Among other speakers were Bishop Samuel Fallows, Governor Yates, Mayor Rose of Milwaukee and Mayor Harrison of Chicago.

NATIONAL MEMORIAL SERVICES.

Are Held at Washington and Ministers Give Addresses.

Washington, Sept. 22.—Very impressive national memorial services were held in Chase's Grand Opera House here this afternoon. Postmaster General Smith, General Miles and members of the diplomatic corps were present. The exercises consisted of five-minute speeches by ministers of different denominations and music suitable to the occasion.

Denounced Anarchistic Doctrines.

New York, Sept. 22.—In the churches of this city and Brooklyn today the ministers devoted parts of their sermons to the death of President McKinley, coupled with denunciations of anarchistic doctrines. In Jersey City seven hundred Italians belonging to uniformed organizations participated in a memorial parade.

McKinley as a Statesman.

Dubuque, Ia., Sept. 22.—Senator Allison tonight addressed a large audience at St. Luke's Methodist Episcopal church on President McKinley as a statesman. In closing he expressed his faith in the intelligence, integrity, patriotism and wisdom of President Roosevelt.

Meeting at Akron.

Akron, O., Sept. 22.—A mass meeting to celebrate the memory of the late president was held here today and was attended by twenty-five thousand people. Congressman Charles Dick delivered the memorial address.

Schools Will Hold Services. Cincinnati, Sept. 22.—Memorial services for the late president were held in nearly all the churches here today. Tomorrow the schools will have memorial services.

POLICE DISCOVER CLUE.

Cannot See How Czolgosz Tied Handkerchief Around Hand.

Cleveland, Sept. 22.—The police today discovered a clue that may lead to the unearthing of the plot to assassinate President McKinley—the Buffalo and federal detectives have always been strong in the belief it was a plot—and one of the elements in the belief has been the fact that the handkerchief, with which the assassin concealed his weapon, was tied in a way he would not have been able to tie himself. The fact that Czolgosz had money impelled the detectives to learn whence he got it. Today his brother Waldeck confessed having sent it under the name of Frank Snyder, at West Seneca, N. Y. In a search for clues today Detective Schumk learned from John D. Knox, that once when the Czolgosz boys were at his house in talking of President McKinley one said:

"If he is elected he will be shot before he serves out his term. Nearly every night, said Knox, a crowd from town used to be at Czolgosz's house, coming and going secretly.

Czolgosz's father, sister and brothers are going to Buffalo and the police believe when they confront him he will break down and reveal all that is now a mystery.

TOOK THE OATH.

Aguinaldo's Bodyguard Is Captured and Swears Allegiance.

Manila, Sept. 22.—Aguinaldo's bodyguard—Major Alhambra, two captains, two lieutenants and twenty-nine men with twenty-eight rifles—who surrendered about forty miles north of Baler, Island of Luzon, to Captain George A. Detchemeny of the Twenty-second Infantry yesterday, took the oath of allegiance and were released.

BOER STRENGTH BIG SUFFERED A SHOCK

ESTIMATED THERE ARE 11,000 IN THE FIELD.

DUTCH UPRISING POSSIBLE.

IN BOER CIRCLES IT IS ASSERTED EVERYTHING IS PREPARED.

British and Boers Have a Skirmish Near Herschell and Former Lose Heavily—Boers Also Carry Off Gun.

London, Sept. 22.—According to the latest advices from Cape Colony the situation there is very serious owing to the sympathy and aid the Dutch are giving the Boers. General French's task is described as the hardest allotted to him during the war. At Pretoria the strength of the Boers in the field is estimated at 11,000. If this is correct the Boers must be constantly getting recruits and their supply of arms and ammunition seems inexhaustible. In Boer circles in Holland it is asserted everything is prepared for a Dutch rising in Cape Colony and Natal.

A most alarming letter from Cape Town was published in the Daily Express today. The writer says: "The Boers are overrunning Cape Colony. They are on both coast lines and are within forty miles of Cape Town. Even the intelligence department does not know how many Colonial rebels have taken up arms in the last fortnight."

Endeavored to Force Passage.

Lord Kitchener telegraphs from Pretoria: "Commandant Krizinger, while endeavoring to force a passage across the Orange river near Herschell Friday morning, rushed a party of Lovati's scouts. He failed to cross the river but the scouts lost heavily. Lieutenant Colonel Murray and Captain Murray were killed. Under cover of darkness the Boers carried off a gun, which was recovered in an engagement in which Krizinger lost two killed and twenty prisoners."

HERR MOST ARRESTED.

Crowd Attempts to Protect Anarchist but Police Land Him.

New York, Sept. 22.—Herr Most was arrested tonight while harranguing a crowd at Newtown. The crowd attempted to protect Most but the police used their clubs and landed him. A lot of papers and a red flag which was displayed in the room were seized.

BY A LENGTH.

Frank Kramer Wins in Open Mile Race for Professionals.

New York, Sept. 22.—In a mile open race for professionals today Frank Kramer won by a length and McFarland came in second. The time was 1:58:55 2-5 and the world's record was in competition. An old record of 1:50:23 was held by McFarland.

HE SHOT TWO.

Illinois Man Uses a Gun With Fatal Results.

Pontiac, Ill., Sept. 22.—E. G. Richter, residing near Cornell, today shot and killed James Thompson and fatally wounded Sam England following a quarrel which ensued when he objected to the men hunting on his farm. Richter is in jail.

RIOT IS POSSIBLE.

Citizens of Illinois Town and Anarchists Likely to Come Together.

Spring Valley, Ill., Sept. 22.—Twenty anarchists, armed with double barreled shot guns and a thousand rounds of ammunition, are standing guard over the office of L'Aurore, a notorious anarchist publication which expressed joy at the murder of President McKinley and satisfaction over the announcement of Czolgosz that he was an anarchist. Meanwhile two thousand citizens in adjoining towns have sent word that they are ready and anxious to start at a moment's notice to be of assistance in exterminating the reds. The temper of the people is at the boiling point, the defiant attitude of the anarchists serving to increase the general anger. The anarchists threaten to hold a mass meeting tomorrow evening. If they persist a riot is almost certain and there will be one ending for the citizens here will be heavily reinforced by outsiders, who will come prepared for business.

WOOD GOES TO HAVANA.

Expectation Is That Cuba Will Be Handed Over to Natives by May 1.

Washington, Sept. 22.—General Wood, military governor of Cuba, left for Havana tonight. The expectation is that General Wood's conduct of the affairs of the island will be handed over to the Cubans by May 1.

BIG MINNESOTA FIRE.

Flames Start in Hotel and Spread, Causing \$50,000 Damage.

Madison, Minn., Sept. 22.—Fire started in the Merchants' Hotel today and destroyed the town hall and fifteen business buildings. The loss is estimated at \$50,000.

PAN-AMERICAN EXPOSITION HARD HIT BY RECENT TRAGEDY.

LOSS MAY REACH A MILLION.

BIG SHOW, HOWEVER, WILL BE CONTINUED SIX WEEKS MORE.

State and Other Special Days Which Were Postponed Are Being Reassigned and Coming Events Promise to Be Brilliant.

Buffalo, Sept. 22.—The Pan-American exposition has suffered a severe shock on account of the tragedy of the past ten days and it is estimated the financial loss may reach a million dollars. But the exposition will be continued to the end of the time originally decided upon—six weeks more. It is now in the height of its glory, the exhibits are more perfect and new attractions are being arranged. The state and other special days, which were set for this month but which were postponed, are being reassigned and arrangements are being made for events more brilliant than were originally intended. Exposition officials say that Buffalo is amply able to care for a quarter of a million strangers every day. The country is expected to rally and make the exposition a final success.

SOME GHASTLY SCENES.

Collision Between Vienna Express and Petroleum Train a Terrible Affair.

Bucharest, Sept. 22.—The collision yesterday at Palota between the Vienna express and a petroleum train appears to have been a terrible affair. In a few seconds the whole area of the collision became a huge lake of burning petroleum and there were some ghastly scenes. A girl burned to death in the presence of both of her parents who escaped. M. Dinu, a Roumanian millionaire, got his feet crammed in the wreckage and begged the guard to sever them with an ax, promising him a large reward if he would do so. Before the guard could help him he sank back into the flames and burned to death. Schwartz, the conductor, who was similarly jammed, also perished in the flames. Most of the thirty-two killed were burned to death.

WILL BE BLACKLISTED.

Action Will Be Taken in Matter of Ball Players Who Jumped Contracts.

Denver, Sept. 22.—George Tebeau, manager of the Kansas City Western league baseball club and organizer of the National association, today said: "Elmer Meredith, Walter Hickey, Joseph Krostell, E. L. Bradley, Harry Kane and James W. Sullivan, members of the Denver club, and others who jumped their contracts or reservations will be blacklisted at a meeting of the association Oct. 23 in New York."

DYING BY HUNDREDS.

Fatal Results of Using Poisonous Vaccine Points on Cows.

Chicago, Sept. 22.—Dairymen near Farrington, thirty miles northwest of Chicago, are in a panic over the fatal results of using poisonous vaccine points for the prevention of anthrax. Cows are dying by the hundreds and fears are expressed that the disease is likely to spread over the northern end of the state.

NO POISON FOUND

CZOLGOSZ'S REVOLVER AND BULLETS ARE EXAMINED.

ASSASSIN ALSO TESTED MENTALLY.

PHYSICIAN, HOWEVER, DECLINES TO DISCUSS THE CASE.

Inference Drawn from the Questions Answered Was to the Effect That the Prisoner Is Thought to Be Sane.

Buffalo, Sept. 22.—The most important development in the Czolgosz case today was the announcement that no poison has been found on the bullets or the revolver. Chemical and bacteriological examinations were made and both revealed this fact.

Another examination to determine the mental condition of the prisoner was made by Dr. Carlos F. McDonald of New York today but the doctor declined to discuss the case.

The First Examination.

At the first examination held the prisoner's counsel were present. At its close Dr. McDonald declined to discuss the case and the attorneys would not express an opinion, although the inference drawn from their answers was that they believe Czolgosz to be sane. Dr. McDonald was brought here through efforts of the bar association for the purpose of passing upon the murder's sanity, as the association promised to assist Judges Lewis and Titus, who were suggested as counsel for the defense by the trustee's association.

The examination was held in the private office of the district attorney and preparations for it were kept secret. Dr. McDonald was alone with the prisoner and sat in a chair directly in front of him, stooping down and peering into Czolgosz's face.

Talks More Freely.

When questioned as to whether the prisoner would talk to his counsel, Judge Lewis said: "He is talking more freely, but he is not a voluble chap. He said nothing upon which we might work in basing a defense."

TITUS WILL DEFEND.

Buffalo Lawyer Decides to Appear for President's Assassin.

Buffalo, Sept. 22.—Ex-Judge Robert C. Titus has consented to become counsel for the defense in the case of Leon Czolgosz, the murderer of President McKinley. Judge Titus and ex-Judge Loren L. Lewis, his associate in the case, had a long conference to outline their plans for tomorrow's trial.

The decision came after much serious thought. The judge's political career is not finished, he was told by prominent Democratic state politicians, and he should not take the risk of injuring his bright prospects by an association with the assassin of the president. He has been practically assured of the Democratic nomination for supreme court justice in the spring and his friends seem stern in their demands that he keep his record untarnished.

Hesitated Before Accepting.

The judge was between two fires, for urging him on the other side was the Erie County Bar association, on which are many of his staunchest supporters of both political parties. Once before Judge Titus was elected to the bench in this Republican district by commanding the support of both parties.

Republicans as well as Democrats urged him to accept Judge Lewis, the other attorney named by the court, left it for Mr. Titus to decide. He, too, will serve. The assassin's case has been transferred to the supreme court. District Attorney Penney entered a formal motion before Judge Emery of the county court, in which the assassin was arraigned last Tuesday, to have the case transferred to the supreme court for trial. Ex-Judges Lewis and Titus, who are now the attorneys for the defense, were present when the motion was made. Judge Emery immediately ordered the transfer. The case will be called at 10 o'clock tomorrow morning before Justice White.

Asked for Assistant.

In taking up the unpleasant task of defending the prisoner Attorneys Lewis and Titus asked permission of the court to appoint an assistant. Accordingly Carlton Todd, the law partner of Attorney Titus, was named. Upon him much of the detail work of the case will probably fall. Todd was formerly employed in Lewis' office, so he is known and trusted by both attorneys.

Judge Lewis addressed the court before a motion was made to transfer the case. He said: "Judge Titus and I have decided not to ask to be relieved from defending the prisoner in this case. Four honor knows that we accept your request with great reluctance. There will be a considerable amount of work and we feel the need of a younger man to assist us. After consulting with Judge Titus I wish to ask you to name Carlton Todd, formerly a clerk in my office and now a practicing attorney, as our assistant. We are here with District Attorney Penney to ask that our request be granted."

County Judge Emery gave his consent and after the motion to transfer the case was made the attorneys left the court. When seen afterward neither

The Marine Review notes that "iron ore rates remain firm at former quotations with brisk chartering, everything offering being taken at going rates."

It is the opinion of an exchange that Czolgosz is quite sane enough for hanging. Whether he is or not it is entirely certain that his state of mind need not interfere with his electrocution.

And again the holders of copper stocks are admonished from Boston to get out of them.

Speaking of the purposes of the combine which recently bought a British steamship line, the Marine Review says:

The policy of the combine interested in purchasing the British-owned Leyland line, or that branch of it necessary for the fulfillment of the scheme afoot, is to build upon the already established trade and prestige of the Leyland line by pushing forward an extensive and elaborate building plan which shall place in the running ships of the highest order, capable of carrying no mean proportion of the business now carried on by the great Atlantic lines, and this is no insignificant matter, supposing the subsidy bill to be carried through at the next session of congress.

But this time there was no such opposing faction and the nomination for vice president was given to the man whose general popularity would add most to the strength of the ticket.

Of those who have come to the presidency, but a single one hitherto has failed to throw the government into disorder by the change of policy which his accession caused.

President Arthur gave us an administration without great scandal or special incident of any kind; but, the names of Andrew Johnson, Fillmore and Tyler tell us of incidents in our history that we would willingly forget.

Each one of these men represented an off wing, and each of them tried to make the party follow the wing instead of taking the position of leader of the whole party of the country.

When we look at the men who have been vice president without reaching the presidency we see the names of many whose elevation to the higher office would have been a great disaster.

Schuyler Colfax, J. C. Breckinridge, J. C. Calhoun, Aaron Burr are all names that, for one reason or another, are remembered with sorrow rather than pride.

It is our great good fortune that it is not true of our present incumbent; but the incident should cause political parties to nominate candidates for vice president who shall be what the makers of our constitution intended they should be—fit men to discharge the duties of the presidency if occasion should require that they do so.

Josh Westhafer of Loogootee, Ind., is a poor man, but he says he would not be without Chamberlain's Pain Balm if it cost five dollars a bottle, for it saved him from being a cripple.

One thing about the visit to France of the Russian czar is worthy of note. Since he started from his own capital fifty thousand men have been employed to inspect and guard the tracks over which his train was to pass and to keep watch over him and his party at all times.

It is tolerably safe to say that if no greater care was taken to prevent the killing of the kings, emperors and other rulers of the old world by anarchists than has been taken to protect our presidents heretofore, the mortality rate among the former class of rulers would be greatly increased.

THE HIGHS VICTORIOUS.

Champion Juniors Proved "Easy" for the Ishpeeming School Team.

The football game Saturday afternoon at Union Park between the Champion Juniors and the Ishpeeming High school team resulted in a complete victory for the latter. It was a walkaway from the beginning to the end of the game, and when the Champion boys quit in the middle of the second half the score was 17 to 0 in favor of the high school boys.

The team from up-the-road was outclassed and outplayed by the local aggregation, and though at times the Champion boys did fairly good work they never had a chance to score. From the time the ball went into play until the end of the contest the pig-skin was almost continually in the visitors' territory. Not once during the entire game was Ishpeeming's goal line in danger.

Champion played a loose game. The team showed want of proper training and discipline, though at times some good plays were made. The high school boys bucked the centre, went through the line and around the ends at will. There are several good players among the Champion eleven, who put up a strong defensive game, but lack of team work and aggressive offensive playing cost the up-the-road boys the game. Not once did the visitors make the required five-yard gain and it was only when Ishpeeming fumbled the ball that they got possession of it.

The game was marred throughout by the wrangling of both teams, and especially on the part of one of the Champion players, who protested and complained incessantly.

The Ishpeeming team played a good game for so early in the season, but there are many things the boys have to learn about the game before they can put up a first-class contest. The work of the team, however, showed a marked improvement over that of last week, and played a much more aggressive game. The offensive work was not from perfect, as the boys are still slow getting the ball in play. The line is doing much better work than it did a week ago, and with a little more practice will be in condition to do much better work.

The backs have much to do before they will be in trim to put up a hard battle, although individually they made some good plays Saturday.

Dr. Sweetland, who is coaching the high school team, is not at all satisfied with the players' work. It is too slow and crude to suit him. He will work the boys as hard as possible during the week to have them in condition for the first regular game, to be played next week with the Marquette High school team at the Queen City.

How It Was Played.

The ball was kicked off for Ishpeeming at exactly 2:30 by Bell, the full back. It was caught at Champion's twenty-yard line and advanced ten yards. The Champion team then lined up, but last the ball on a fumble. Ishpeeming then advanced the ball three yards on a centre play. On the second down Johnson went around the end for ten yards and then Bell was pushed over the goal line for a touchdown. The ball was in play just six minutes. Peterson kicked goal. Score—Ishpeeming, 6; Champion, 0.

Champion kicked off and the ball was fumbled by the Ishpeeming team and Connolly, who caught it, was downed before he made any perceptible gain. Ishpeeming then advanced the ball to the forty-yard line and then made an end play for ten yards. On the next line-up the ball was lost on a fumble but was quickly returned to the home team on downs. Ishpeeming then tried a centre play with success and next an end play for a gain of seven yards. Bell then took the ball and was pushed through the centre for a touchdown. Bell kicked goal. Score—Ishpeeming, 12; Champion, 0.

Champion again kicked off and the ball was fumbled by the home team. Ishpeeming lined up and advanced the pig-skin for ten yards. A few centre, end and guard plays put the ball on Champion's ten-yard line, where it was when time was called.

The second half was a repetition of the first. The Ishpeeming players continued to fumble the ball but made gains at will through the Champion line and around the ends. Brodine made a sensational thirty-yard run and the ball then went to Champion on a fumble. Bargh then stole the ball from the visitors and ran down the field for a touch down. Peterson failed to kick goal, and the score stood Ishpeeming, 17; Champion, 0.

The ball was again put in play but before the Ishpeeming boys had an opportunity to make another touchdown the visitors threw up the sponge. Two of their men were badly crippled and they all had all the football they cared for.

The officials were: Referee, Rev. M. M. Allen; umpire, Eldred Anderson.

DIED YESTERDAY.

Mrs. Hattie Goodman, wife of William Goodman, died from typhoid fever yesterday afternoon at 2 o'clock at her home on North Main street. She had been suffering from the disease for the past three weeks.

The deceased was well known in Ishpeeming, where she leaves many relatives and friends. She is survived by a husband and one child, the latter a little girl about ten years of age.

Mrs. Goodman was taken ill while in Denver visiting her sister about three weeks ago. Upon her return home she took to her bed, but it was not until Friday that her case was considered dangerous. Until then hopes for her recovery were entertained. Yesterday her condition became serious and at 2 p. m. she passed away.

The funeral arrangements have not yet been made.

OHMAN GOES FREE.

Carl Ohman, charged with carrying concealed weapons and firing a pistol within the city limits, was discharged Saturday by Justice Kennedy for lack of evidence against him.

Ohman was arrested about a month ago and at that time was suspected by the police of being the person who perpetrated the hold-ups in this city. He escaped from the marshal while the latter was holding a conversation with the justice relative to the case. A few days afterwards Ohman returned to his home and gave himself up to the police.

He was released on bail and since then the police have been trying to secure evidence against him which would connect him with the robberies. They have been unable to do this and Saturday informed Justice Kennedy that they would drop the case.

TWO LARGE FUNERALS.

The funeral of Eugene Monjeau was held yesterday afternoon at 2 o'clock from St. Joseph's church, Father Poulin, the pastor, officiating. The funeral was one of the largest that has been held in this city in several months.

The French Maccabees and the Ishpeeming Barbers' union attended in a body.

The remains of John Henry Jenkins were also laid to rest yesterday afternoon. The funeral services were held at the home of the deceased's brother at the Salisbury location. The funeral service was conducted by Rev. Casler of the Salisbury Methodist church. The Epworth league and the Sons of St. George each attended in a body.

IN A SERIOUS CONDITION.

Charles Farm, the boy who was shot Friday evening by Gust Anderson, lies at the home of his father, Marshal John Farm, in a serious condition as a result of the bullet wound. The physicians who are attending him have been unable so far to locate the bullet, although they have probed for it.

Young Farm rested easily yesterday, but he was in a critical state.

Anderson, the boy who did the shooting, is locked up in the city jail. He was seen by a Mining Journal reporter yesterday and told the following story: "Farm and some other boys and myself were playing jail at Braastad's barn Friday afternoon. My brother and Charlie Farm were the policemen and we were the prisoners. They locked us in the barn for a long time and I asked them to let me out. When they did they hit me with a club, but not very hard. I was angry, so I picked up my rifle, pointed it at Charlie, and fired it. I know it was loaded, but did not think it would go off. It generally kicks, and I have to pull the trigger three or four times before it will work. When I saw Charlie fall I ran home at once and told my mother what I had done. She told me that I would be arrested and in a little while Officer Prin came and took me to the jail."

"I didn't want to hurt Charlie, but only to frighten him. I am sorry that I shot him and wish that I were out of this jail."

Anderson's story about the rifle not going off the first time the trigger is pulled is corroborated by the other boys who were in the party.

A SHOCKING CALAMITY.

MAKING NEW RECORDS.

Mt. Ore Coming from the Negaunee Mine Than Before the Cave-in.

While the heavy settling of the ground at the Negaunee mine some two months ago caused a set-back in operations generally more or less being hoisted there now than at any previous time since the property passed to the control of the present management.

When it is taken into account that hoisting was done from but one shaft before the ground went down from surface the record was not bad, considering the number of hands employed.

From present indications, the next season will be a record breaker at the Negaunee mine. Captain Piper reports that the present force will be maintained throughout the entire winter.

The improvements at the mine are progressing very satisfactorily. The boiler house is just completed and the masons will finish the boiler foundations some day this week.

The ground at the opening has not yet stopped settling. Every day or two a new church drops away. The hole is now about 200 feet in length, over 100 feet wide.

The boilerhouse is of solid brick, fifty-four feet in length and forty-three wide. The hoisting and compressor house combined is sixty feet long by a width of thirty. This is a fine structure.

Father Martin Kehoe is having some slight repairs made to his residence. Richard Barney has been employed there for the plumbing and some carpenter work has been done by Ole Semm.

In the window of William Leininger's furniture store can be seen two paintings of Lake Laurie and the club house there. They are the work of Miss Elizabeth O'Brien. The young lady is quite an artist and these pictures are not the first she has turned out.

Mike Amoska, a laborer at the Cleveland Lake mine, had his left foot badly crushed Saturday afternoon by a train car. The injured man was removed to the Ishpeming hospital, where he received treatment. It will be several weeks before he can return to work.

The company producing Carter's new "Fast Mail" this season is said to be an exceptionally strong one. The play is the biggest winter the owner has ever had on the road and packed houses are the rule everywhere. The reserved seat tickets for the engagement at the local theatre next Friday evening will go on sale tomorrow at Tilson's.

Thomas J. Bennett and wife returned Saturday from their wedding tour. While away they visited the Pan-American exposition. They were in Buffalo the day the people generally were allowed to view the remains of the late president. Mr. and Mrs. Bennett waited five hours in the rain outside they were admitted to the building to gaze on the body of the murdered president.

A CERTAIN CURE FOR DYSENTERY AND DIARRHOEA.

"Some years ago I was one of a party that intended making a long bicycle trip," says F. L. Taylor, of New Albany, Bradford County, Pa. "I was taken suddenly with diarrhoea, and was about to give up the trip, when Editor Ward, of the Laceyville Messenger, suggested that I take a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. I purchased a bottle and took two doses one before starting and one on the route. I made the trip successfully and never felt an ill effect. Again last summer I was almost completely run down with an attack of dysentery. I bought a bottle of this same remedy and this time one dose cured me." Sold by The Stafford Drug Co.

William Platt, an aged and wealthy merchant of Adrian, fell from the roof of a building and was instantly killed. He was an eccentric character and considered quite a miser.

George Hodge, aged forty-six, of Cheboygan, has been sentenced to nine years at Jackson for taking liberties with Royal Taylor's daughter, aged eleven.

Paul Kimmunen, a deaf mute, was killed by a Grand Trunk passenger train while walking on the track, near Flint, the other evening. He was from Copper Falls.

The state pardon board has recommended that the life sentence of Henry Prame be commuted to twenty years, giving him seven years yet to serve. Prame was convicted of complicity in the murder of Mrs. McKendrick at Grand Rapids.

A Portland man found a stick of dynamite in the woodpile in his shed with a cap and fuse attached and ready for business. He is mighty thankful that he found it before it was put into a stove, where it would have announced its own presence in a disastrous manner.

The electric lighting company of Middleville has its new house and dam half completed at Labarge, preparatory to furnishing lights and power to residents at Middleville, Hastings and Nashville. There is talk of an electric car line from Grand Rapids to Campan and Gun Lakes, via Middleville.

Ex-Gov. Cyrus G. Luce has been very ill for several days past, suffering from an acute attack of kidney and bladder trouble. His strong constitution is an important item in his favor, and his physicians and family expect to see him recover. His illness is due to taking cold while riding to his farm, a distance of eighteen miles.

Fred W. Wider of Grand Ledge is the possessor of a flag made in 1868 by his father which was first unfurled at Grand's election. It measured then 18 x 39 feet, but the storms of the past years have brought it down to 18 x 33. It has done its duty for every new president and ex-president who has died or been elected since that time.

The landladies of Ann Arbor have grown tired of putting up a \$2-a-day bill of fare for \$2.50 per week, and now they will get together for the purpose of forming a trust. They will attempt to lay out a regular bill of fare and make some arrangement whereby the student who fails to hand in his weekly stipend will be given worse than the proverbial fried egg at all the houses in the combine.

An Okemos woman, who is noted for her thrift and keenness, spent a number of days in Buffalo recently, taking her meals at a health food restaurant. Just before she departed for home she was induced by a genial gentleman to sign statements recommending the dishes she most enjoyed. Already two of these papers have turned up in the form of promissory notes, one for \$150 and one for \$50.

August Mootz of St. Joseph, employed at the sand pit of the Pere Marquette railroad, received a check of \$83 belonging to August Gross, a fellow workman, through an error, and went to Benton Harbor, where he received the face value of the check on a forged indorsement. He was arrested and lodged in jail. He pleaded guilty to forgery in a justice court, and now awaits sentence in the circuit court.

Frederick Denny Larke of Rogers City, who was slated as a victim in the conspiracy which resulted in the famous Molitor murder twenty-five years ago, denies the report sent out to the effect that the father of Assassin Leon Czolgosz was one of the men indicted for the crime. Mr. Larke says that no Poland was a participant, either directly or indirectly, in the Molitor murder, all engaged therein being Germans.

A movement is on foot backed by the W. C. T. U. and other benevolent societies, to establish an old people's home in Battle Creek. Mrs. Dr. Linda German, formerly of Lapeer, is at the head of the movement. She has had experience in the work. C. W. Post, before his departure for Europe, offered to assist the enterprise, and the Kellogg sanitarium has offered to give free the services of physicians and nurses.

Michigan members of the different railway unions are endeavoring to form a pension system for railroad employes on somewhat similar lines to that now in operation on the Illinois Central. A meeting of the Michigan employes was held at Jackson Friday. No action was taken and there will be another meeting in November at which the scheme will be launched. It is expected, The Michigan Central will encourage the project, it is said.

Capt. Levi Mann, who has sailed the great lakes for the last fifty-three years, died Friday at St. Joseph, aged sixty-five years. A better posted sailor of channels, shoals, or courses along the great lakes, never piloted a boat on fresh water than Captain Mann, who has been given this credit by leading marine men of the lakes. Some twenty years ago, he was appointed superintendent of the life saving stations of this district, but, owing to ill-health, was compelled to resign. Having been a victim of consumption the last few years, the veteran sailor was only comforted by attendants furnished by local mansons.

Colonel McGurrin of the Second regiment of state militia is not satisfied with the penalties imposed by the court-martial which dealt with several cases of insubordination at the late Manistee encampment, and freely expresses the opinion that such leniency as was shown by the judges, is calculated to impair the discipline of the soldiers at future encampments. Corporal Blaney of Company C of Kalamazoo, who refused to do the guard duty that he was assigned to do, was not reduced to the ranks as the colonel believes he should have been, considering the seriousness of his offense and the example his action placed before the other privates. William Brankens of Company K, and Charles Babcock of Company B, Grand Rapids, were each fined \$10 for refusing to obey the orders of their captains. Colonel McGurrin declares he will in addition to

the fines imposed require the men to make an apology for their conduct in the presence of their respective companies.

The postoffice at South Lyon was broken into one night last week by up-to-date safe-crackers. They obtained entrance by knocking a hole in the front window. The safe was blown open in a professional way and about \$150 of stamps were taken. They were evidently after cash only, as they left about \$800 worth of stamps and stamped paper scattered about the floor. They were behind time one day, as there was \$200 in cash in the safe the night before. A merchant and his wife who lived across the road heard the explosion and got up and watched the proceedings from the window. After it was over and the crackers had left they were sleepy and immediately went to bed, probably on account of the cold weather. There is no clue to the robbers.

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and \$1. Trial bottles free at Stafford's drug store.

CITY DADS MEET

MUCH BUSINESS TRANSACTED AT SPECIAL SESSION.

HEALTH OFFICER IS HEARD.

HELP TO BE GIVEN HIM IN HIS WARFARE ON GERMS.

Opening of Spring Street Is Discussed, Improvement of Lake Side Park Decided Upon and Many Other Matters Attended To.

The common council met in special session last Friday evening to take action on various matters demanding attention that could not well be put off until the next regular meeting.

The health officer, Dr. Markham, addressed the council on the subject of the condition of the city from a sanitary standpoint. His remarks were substantially on the lines of his plain and vigorous statement published in The Mining Journal last Thursday morning.

The council decided that the three houses situated in the recently acquired Lake Side Park, opposite the Hotel Marquette, must be removed.

The council decided that the three houses situated in the recently acquired Lake Side Park, opposite the Hotel Marquette, must be removed. The contractor was directed to advertise for the sale of the dwellings, the structures to be taken from the city property within thirty days after they have been awarded to the highest bidder.

A Chapter on Sewers. A communication was read that had been received from Consulting Engineer Keating.

The profile and map of the sewer for the new county poor house was adopted. The project of placing "Y" in the said sewer was referred to the committee on streets and sewers.

Prof. J. E. Cummings was asked to submit an estimate of the cost of making a city sewer map, showing sewers, drains, water and gas pipes.

The presentation of a bill from Mr. Keating for his services as consulting engineer brought out considerable discussion. The claim was for \$150.

HIGH SCHOOL AND ALUMNI TEAMS PLAY FOOTBALL.

PLAY IS WARMLY CONTESTED.

RESULTS O TO O AFTER TWO HARD-FOUGHT HALVES.

Three Hundred Persons See the Regulars Put Up a Good Game Against Their Older and Heavier Opponents—The Details.

A crowd of about three hundred persons saw a hotly contested game of football on the gridiron at the old fair grounds Saturday afternoon.

Although greatly outweighed by the older players, the high school boys secured a fast and snappy game and their goal was never seriously threatened.

The game began at 4 o'clock. The high school won the toss and chose the northwest goal. The playing in this half was in favor of the alumni, who held the ball in their opponents' territory the entire half.

At the start of play in this half, Powell kicked off to Dwyer on the ten-yard line, and Dwyer gained seven yards before being tackled.

Reserves Win One. Prior to the high school game, the reserves lined up against a team composed of the younger boys of the town and won in two interesting fifteen-minute halves by a score of 10 to 0.

CLAIMED BY UNCLE SAM.

Special Agent Goes from Marquette to Look Up Minnesota Lands.

Frank M. Goodwin, special agent of the general land office, with headquarters in Marquette, has left for northern Minnesota on a mission that will probably take three months to complete.

The tract in dispute covers the entire northern tier of townships, bordering on Canada and running from Rainey lake to Lake Superior, a distance of about two hundred miles.

The lands were selected by the state of Minnesota under the provisions of the "swamp" land act of 1860, and have been in the possession of that commonwealth for a long period of years.

Agent Goodwin will make a thorough investigation. He will personally investigate practically every foot of the territory in controversy, will make new surveys and will render a report on his findings to the authorities at Washington.
