BIG BOER VICTORY.

COL. BENSON'S COLUMN ATTACKED
NEAR BROKENLAAGTE.

NINE BRITISH OFFICERS KILLED.

FIFTY-EIGHT MEN ALSO DEAD
AND 155 WOUNDED.

Fighting Was at Close Quarters and
Was Maintained With Determina-
tion by Both Sides—Boers
Suffer Heavily.

London, Saturday, Nov. 2.—The fol-
lowing is the text of Lord Kitchener's
dispatch dated Pretoria, Nov. 1:
"I have just heard of a severe attack
made on the rear guard of Colonel Ben-
son's column, when about twenty miles
northwest of Bethel, near Brokenlaagte,
during a thick mist. The strength of
the enemy is reported to have been a
thousand. They rushed two guns with
the rear guard, but it is uncertain
whether they were able to remove them.
I fear our casualties are heavy. Colonel
Benson was wounded, but not severely.
A relieving column will reach him this
morning."

Colonel Benson Dies.

Lord Kitchener telegraphed the follow-
ing:

"Colonel Barter who marched from the
constabulary line yesterday reached Col-
onel Benson's column early this morn-
ing (Friday) unopposed. He reports that
Colonel Benson died of his wounds.
Other casualties are:

"Killed: Colonel E. Guinness; Major
F. D. Murray; Captains M. W. Lindsay
and T. Thorold; Lieutenants E. V. I.
Brooke and R. E. Shepherd; Second
Lieutenant A. J. Cortlett.
"Died of wounds: Captain Eyre
Lloyd."

Lord Kitchener then gives the names
of thirteen other officers wounded, most
of them severely, and announces that
fifty-four non-commissioned officers and
men are killed and 160 wounded, adding
that four of the latter have since died
of their wounds. The dispatch says:

Was a Gallant Officer.

"I assume the two guns have been
recovered and the enemy has withdrawn,
but I have no further details. I deeply
regret the loss of Colonel Benson and the
other officers and men who fell with him.
In Colonel Benson the service loses a
great and gallant officer, who invari-
ably led his column with marked
success and judgment.
"The fighting was at very close quar-
ters and was maintained with determina-
tion by both sides. The enemy suffered
heavily but I have not yet received
a reliable estimate. The Boers retired
east."

Surprised Boer Laager.

Colonel Benson has been for some time
operating in the vicinity of Bethel, north-
east of Standerton. He surprised a Boer
laager Oct. 22 near Trichardsfontein,
taking thirty-seven prisoners. Three
days later, according to Lord Kitchener's
report at the time, after a long night
match, commandees under Greyser and
Erasmus heavily attacked Colonel
Benson's rear guard and flanks at
Yzervarkfontein, but were easily driven
away. Whether this was the attack
which resulted so dangerously, or whether
the Boers who had been repulsed
took advantage of the mist to renew the
attack, is still unexplained. Lord Kitch-
ener does not give the date of the Bethel
engagement.

SAYS SHE WAS STOLEN.

Man, Whom Girl Supposed Was Father,
Makes Surprising Statement.

Troy, N. Y., Nov. 1.—Miss Minnie
Gardiner, a waitress in a restaurant
here, says Charles W. Gardiner, whom
she supposed was her father, says she
was stolen from her parents in Chicago
when a baby and that her father is a
banker named Loeb in that city.

Chicago, Nov. 1.—The story from
Troy, told by Miss Gardiner, is denied
tonight by Banker Loeb, who says no
child was ever stolen from his family
or relatives.

KEITH MUST HANG.

Supreme Court Decides Case of Indiana
Murderer.

Indianapolis, Nov. 1.—The supreme
court today decided that Joseph Keith
must be hanged in the state prison at
Michigan City for the murder of Nora
Kifer, a neighbor's daughter, at Elber-
feld, Ind. Keith was a wealthy man.
He is accused of hiding the girl's body
in a well and later throwing it into a
creek, where it was found by her father.
The execution will take place Nov. 15.

THREE DISASTROUS FIRES.

Uniontown, Pa., Nov. 1.—Twenty
buildings were destroyed here by fire to-
day. The loss is \$50,000 and the insur-
ance one-third of that amount. An
entire square is left without a building.
The principal loss sustained is by the
News Standard, a newspaper, \$20,000.

Waukegan, Ill., Nov. 1.—The West
Coast Asphalt factory burned tonight,
Joseph Steinmetz perishing in the
flames. The plants of the Wilder-Man-
ning tannery and Porter Battery com-
pany were damaged. The loss is \$50,
000.

Waverly, Ia., Nov. 1.—The Chicago
Great Western depot and freight house
here burned today. Agent Hine was
severely burned in an unsuccessful effort
to save the cash drawer.

POWERS CANNOT OBJECT.

Russia Sincere in Desire to Withdraw
from Manchuria.

London, Saturday, Nov. 2.—"Diplo-
matic circles of St. Petersburg are in-
clined to believe the Russian assurances
that there is nothing in the Manchurian
convention to which the other powers
can reasonably object," says the corre-
spondent of The Times at the Russian
capital. "No doubts are entertained as
to the sincerity of Russia's desire to
withdraw from Manchuria as quickly as
possible after insuring the safety of rail-
ways, her occupation of the province
being involved in her responsibilities
and expenses out of all proportion to
the advantages gained. I understand
Germany encouraged Russia to remain
in Manchuria; but if there is one thing
more than another that has made Rus-
sia anxious to evacuate, it is the belief
that Germany wishes her to remain
there."

The Standard publishes the following
from its Shanghai correspondent: "As
result of the violent opposition the vic-
eroys to the Manchurian convention it is
said the empress dowager has notified Li
Hung Chang of her intention to de-
nounce it, and that Li Hung Chang on
hearing this became ill."

RACE FOR LIFE.

Children Bitten by Mad Dog Travel Fif-
teen Hundred Miles.

Chicago, Nov. 1.—Eight children, ac-
companied by their parents, ended a
1,500 mile race for life this evening at
the Chicago Pasteur Institute. Another
lot will arrive tomorrow. Their
names are:

Charles Gregory, Catherine Lamb,
Nellie, Chester and Margaret McAuliffe,
Hazel and Agnes Vanderventer and Hazel
and Meek. They range in age from four
to nine years. They were bitten last
Sunday, and to insure success it was
necessary to administer the first injec-
tion of serum within five days. This
was done on the arrival today and the
physicians say they will recover. He
says if the children had not arrived to-
day rabies probably would have devel-
oped and death resulted. The children
came from Colorado Springs, Col.

REAL DANGER EVIDENT.

Agitation in Europe Against United
States Discussed.

London, Nov. 1.—The Spectator, dis-
cussing the continued agitation in Cen-
tral Europe against the United States,
will say tomorrow:

"There is in fact real danger. If the
conservative parties on the continent,
which include agrarians, clericals, absolu-
tists and a vast mass of peasantry,
should achieve a temporary triumph, a
great effort will be made to boycott the
United States and the Argentine repub-
lic as a protection for the vital inter-
ests threatened by their competition.
"Although the movement will pass,
and probably hated with it, the com-
mon enemies and common interests of
the United States will tend to drive
both who speak English and sell and buy
food freely into single defensive groups."

CASE BECOMES SERIOUS.

Miss Stone's Captors Holding Out for
£25,000 Ransom.

Constantinople, Nov. 1.—The case of
Miss Stone today became more serious.
The brigands, it appears, are still hold-
ing out for £25,000 ransom and it is
feared that, should they persist in their
demand, Miss Stone will have to be sac-
rificed. Nevertheless, negotiations are
still proceeding.

Anxiety prevails at the United States
legation this evening, when there
has been an active exchange of telegrams
between Secretary Eddy and various
points. Secretary Eddy today had a
long conference with Sir Nicholas R.
O'Connor, the British ambassador here,
who is assisting in the efforts to bring
about Miss Stone's release.

TREATY WITH INDIANS.

Fort Totten Redmen Agree to Sell Land
to Government.

Devil's Lake, N. D., Nov. 1.—Major
McLaughlin, special agent for the in-
terior department, has concluded a
treaty with the Fort Totten reservation
Indians. The Indians agree to sell
104,000 acres. Of the purchase price,
\$145,000 is to be paid after the ratifica-
tion and \$20,000 a year for twenty
years. They also agree to relinquish
all rights to the recognized claim
against the government of \$80,000. Sen-
ator Hansbrough believes the reservation
will be ready for settlement next
spring.

BATTLE WITH REDSKINS.

Mexican Cavalry Engages in Fight With
Indians in Arizona.

Tucson, Ariz., Nov. 1.—A desper-
ate battle occurred Wednesday in Laguna
canon between the Yaquis and Mexican
cavalry. Fifteen Yaquis were killed or
wounded and a number of troopers
wounded. The charge was led by Lieu-
tenant Colonel Quintana with 300 men,
all mounted. The Indians fled to the
mountains but the troopers are in pur-
suit and more fighting is expected.

WANTS WAR STOPPED.

London, Nov. 1.—A dispatch to a
news agency from Portsmouth says that
a mad Dutchman had been arrested for
trying to enter the Portsmouth dock-
yard, saying he had come from Canada
to induce the king to stop the war in
South Africa.

HONOR DUKE AND DUCHESS.

Portsmouth, Nov. 1.—Today's naval
pageant in honor of the return of the
Duke and Duchess of York was almost
a reproduction of the ceremonial attend-
ing their departure. Great enthusiasm
prevailed.

FORTY NAVAL CRAFT

BOARD RECOMMENDS CONSTRU-
TION OF VESSELS.

FROM BATTLESHIPS TO TUG BOATS.

ABROGATION OF BROWNING IN-
DIAN SCHOOL DISCUSSED.

Census Report on School, Militia and
Voting Ages—Estimates for Expen-
ditures of Interior Depart-
ment—Public Debt.

Washington, Nov. 1.—Over and above
the four warships, for which congress
directed him at its last session to pre-
pare plans as a basis for the appropria-
tion next session, Secretary Long has
before him recommendations of the
board of naval construction, looking to
the authorization by congress of the
building of forty more naval vessels of
all classes, from battleships to tug
boats.

Plans for two armored cruisers and
two battleships, projected by congress
at the last session, are already prepared
and look to the construction of about
16,000-ton battleships and 14,000-ton
cruisers. The battleships and cruisers
additional to these, which the construc-
tion board proposes, probably will be of
about the same size and general type.

No Further Action Taken.

The cabinet today discussed the abroga-
tion of the so-called Browning Indian
school ruling, but no further ac-
tion was taken. Secretary Hitchcock
explained that if the abrogation proved
a disadvantage to Indian children or
detrimental to their best interests he
would recall it and reestablish the
Browning ruling.

Commissioner of Indian Affairs Jones
strenuously opposed the abrogation, but
finally, after a full discussion with Sec-
retary Hitchcock, agreed to abrogate it
tentatively with the distinct under-
standing that it would be reestablished
if found to be in the Indians' disinter-
ests and if action was in accordance
with the wishes and directions of the
secretary.

The census report on school, militia
and voting ages for all the states and
territories shows the following sum-
mary:

Many Are Illiterate.

Persons of school age, five to twenty
years, 26,110,788, of whom 24,897,130 are
native born, 22,490,211 white and 13-
086,160 males; males of militia age, 16-
360,263, of whom 15,132,280 are native
born and 14,495,390 white; males of
voting age, 21,329,819, of whom 16,227-
285 are native born and 19,036,143 white.
Of the total number of males over twen-
ty-one years of age, 2,326,255 are illiter-
ate. Of 16,227,285 native born males
over twenty-one years of age, 1,706,295
are illiterate, and of 5,102,534 foreign
born 620,002 are illiterate.

Native White Males Increase.

Native white males of voting age and
foreign parentage show a relative in-
crease in proportion since 1890, while
colored males of voting age increased
throughout the northern and western
sections with a few exceptions, like Cal-
ifornia, where there has been a large
decrease in the Chinese population.

In many southern states, especially
Virginia, North Carolina, South Carolina
and Louisiana, the colored element of
voting age shows a decreased propor-
tion. Foreign white males of voting age
show an increase in proportion in all
the remaining states and territories except
New Jersey. A little over twenty-eight
per cent of the entire alien population
are illiterate. This is notably so in
Louisiana, where they constitute nearly
one half the aliens.

Money for Pensions.

The estimates for the expenditures of
the interior department during the fiscal
year beginning next July aggregate
\$170,000,000, of which \$142,161,200 is
for pensions and administrative work
in the pension bureau.

The monthly statement of the public
debt at the close of business Oct. 31 is
given as follows: Debt less cash in the
treasury, \$1,022,032,957, a decrease from
last month of \$9,563,408.

LI'S CONDITION GRAVE.

Chinese Statesman Suffers Severe Hem-
orrhages.

Pekin, Nov. 1.—Li Hung Chang's fore-
ign physicians tonight pronounced his
condition grave. He has had hem-
orrhages for the last two days. His
death will probably affect the negotia-
tions as to Manchuria, which he has
been conducting with M. Paul Lezard,
the Russian minister to China.

CUBAN POLITICS STIRRED.

General Maso Will Prove Strong Candi-
date for President.

Havana, Nov. 1.—The manifesto of
General Bartolome Maso, declaring him-
self a candidate for the presidency of
Cuba, has caused a stir in political cir-
cles. It is generally admitted he will
prove a strong candidate if he receives
the support of the Autonomist party.

TODAY'S WEATHER.

Washington, Nov. 1.—The following
is the weather bureau's forecast for Up-
per Michigan: Fair and warmer Sat-
urday; showers and cooler Sunday; in-
creasing southerly winds.

DEATH LIST GROWS.

Fatal Administration of Diptheria
Anti-Toxin in St. Louis.

St. Louis, Nov. 1.—The list of deaths
attributed to lockjaw as a result of the
administration of diptheria anti-toxin
now numbers eleven. Eleven other chil-
dren are reported suffering from lock-
jaw, with slight chances of recovery.
The health department announces that
no more diptheria anti-toxin will be
manufactured by the city.

Agnes Keenan, seven years of age, is
dead from tetanus. She is the sixth
victim, it is said, of diptheria anti-
toxin made and provided by the city
health department. Chester and Mamie
Keenan are also suffering from lockjaw
and there is no hope for their recovery.
Two of the Keenan children who died
were inoculated as a precaution, neither
being sick, though both were exposed to
diptheria.

Seven other children are reported to
be in a precarious condition as a result,
it is said, of the administration of the
city anti-toxin.
The children who contracted diptheria
are not the only ones in danger of
tetanus. When one child of one family
has diptheria it is the custom to
inoculate all the rest with anti-toxin
as a preventive. In this way the lives
of many well children are endangered.

ASK KRUGER'S OPINION.

Boer Deputation Takes Up Matter of
Executions by British.

Amsterdam, Nov. 1.—The Boer de-
putation here summoned Lord Stan-
Boeschoten by telegraph from Brussels
to consider the dispatches received from
Boer leaders in the field, saying that
the fighting Burgers are determined to
make reprisals if the British continue
hanging and shooting the rebels, and
others to the effect that the British au-
thorities in South Africa affirm that
the adoption of the reprisals will be bad
policy, and that, in order to strengthen
their position, they will request Kruger
to let them know his opinion, as he still
has the greatest hold on the minds of
the Burgers. The meeting lasted four
hours and it was decided to advise
Kruger to comply with the request of
the Boer authorities, and to take the
opportunity to bring the subject of
British executions before the European
public in an open letter. Dr. Leyds has
gone to Hilversum to present the mat-
ter to Kruger.

SULTAN GETTING READY.

Troops to Be Mobilized at Probable
Points of Disembarkation.

Paris, Saturday, Nov. 2.—The sultan
has ordered the completion of the
defense at Salonika, Smyrna, and the
entrance to the Dardanelles," says the
Constantinople correspondent of the
Echo de Paris. "Submarine mines will
be placed and the troops mobilized at
points where disembarkations are like-
ly. A violent anti-French feeling pre-
vails, and fears are felt for the safety
of the French residents in Turkish cities,
Constantinople excepted.

Paris, Nov. 1.—The Toulon dispatch
announcing the return of Admiral Cal-
lan's division of the French squadron
to that port proves to be incorrect. The
admiral is now on his way to Turkish
waters.

INDIANS ARE DYING.

Many Succumb to Small-Pox on Winne-
bago Reservation.

Sioux City, Ia., Nov. 1.—Reports from
the Winnebago Indian reservation, Ne-
braska, are that fifty-three of the 1,000
Indians on the agency have died from
the small-pox epidemic raging there.
There is no adequate medical force to
care for them and the disease threatens
the destruction of the tribe.
Every town within twenty miles has
established regular guards who keep
away every Indian. The Indians are
scattered over 1,196 acres, and many lie
sick and die without medical attention.

TWO KILLED IN WRACK.

Local Freight and Work Train on Penn-
sylvania Road Collide.

Valparaiso, Ind., Nov. 1.—Two men
were instantly killed and a dozen in-
jured in a collision at 7 o'clock this evening
between a local freight on the Penn-
sylvania road and a work train of the
Clifford Construction company of this
city. The dead are:

Joseph Clifford of the Clifford Con-
struction company of Valparaiso and
Conductor Tompkins of the work train.
The fatally injured are: Charles
Cover of the Clifford company and
Brakeman Johnson.

Pittsburg, Nov. 1.—A Lake Shore &
Michigan Southern locomotive, leased by
the Pittsburg & Lake Erie, road blew
up tonight near Shanopin station, kill-
ing glary Walters of Sheridan, Pa., and
severely injuring J. F. Sullivan of
Cleveland, who may die. W. L. Porter
of Ashtabula, O.; and B. S. Joy of
Youngstown, O. Walters was a Pitts-
burg & Lake Erie engineer piloting the
Lake Shore crew.

Little Rock, Nov. 1.—AA passenger
train of the Little Rock & Fort Smith
railroad was telescoped at Mayflower
today by a westbound freight. Six pas-
sengers were injured.

AGAINST THE PLAGUE.

Texas State Health Officer Establishes
Strict Quarantine.

Austin, Tex., Nov. 1.—State Health
Officer Taylor, having been officially ad-
vised by the United States marine hos-
pital service that the bubonic plague
exists in Liverpool and Glasgow, has
established a quarantine against these
ports and has notified the quarantine
officers at Galveston and Sabine Pass.
Glasgow, Nov. 1.—Another case of bu-
bonic plague was certified here today.

Men who look much older than they are never appear to such disad-

vantage as with the wife who keeps her matronly beauty. The secret of health and the manly vigor which goes with health is nutrition. When the stomach and other organs are diseased there is less of nutrition, and correspondingly physical weakness.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and its allied organs, which prevent nutrition, and makes men healthy and vigorous.

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., NOV. 2.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Some of Sampson's instructions to Schley while our squadron was off Santiago waiting for the Spaniards to come out son's ship was in getting to the fight when the battle took place. But it appears that Schley got along quite well without them.

We hear from Washington that the public reception by the president on News Years day will be passed this year, and probably during all the years of President Roosevelt's occupancy of the White House. It is well. The function is one of those that are more honored in the breach than the observance, being a bore to both the discriminating public and the president.

Naturally, the Democrats are beginning to count on Schley as a possible candidate for the presidency on their ticket in 1904. They don't seem to be as much afraid of "imperialism" as they were a year ago. If we mistake not, the people have lost none of the distrust of Democracy which they manifested in the last national election, and if Schley is the man we take him to be he will decline to be made a catspaw for the benefit of a discredited and bankrupt political party.

Wm. E. Curtis, who is discovering all kinds of queer things abroad and telling about them in entertaining letters printed in the Chicago Record-Herald, finds that Kaiser William of Germany is very like our President Roosevelt in some respects. Mr. Curtis is seeking to ruin Roosevelt's chance of succeeding himself he has chosen a good way of making a start, for if there is any one thing the American people don't want it is a president who is in any way like the German emperor.

The way Dewey did it to a snobbish Washington club is thus related by an exchange:

It transpires that Admiral Dewey has resigned the presidency of the Metropolitan club, as a dignified protest against the rather harsh criticism of members that his rulings as head of the court of inquiry were too favorable to Admiral Schley. The Metropolitan is a rather exclusive club of army and navy officers, high government officials and diplomats, and is somewhat inaccessible to the average public opinion.

Those who know State Senator George E. Nichols best are strongest in the belief that he is innocent of any attempt to improperly influence witnesses in the Salsbury bribery case, and that he will clear himself of the charge brought against him in connection with the trial of Salsbury. His record up to the time this accusation was brought against him is decidedly in his favor. It is certainly to be hoped that he will be able to establish that he is innocent of the crime imputed to him, which, it should be remembered, rests mainly on affidavits sworn to by men of shady reputation, who sought to obtain a contract with the city of Grand Rapids, under which the city would be robbed atrociously, through connivance of its officials, procured by corrupt methods.

The Iron Mountain Press intimates that The Mining Journal doesn't know all about the relations between Congressman Sheldon and the Republicans of Dickinson county. That may be the case. All that this paper pretends to know about the matter is that if there is such feeling against Mr. Sheldon in that balliwick as one would infer from the attacks of the Press on him it exists without any adequate cause, so far as the people of the rest of the district are informed. At one time Dickinson county was staunchly loyal to Mr. Sheldon. What has occurred to set the Republicans there in antagonism to him, if that is their attitude, is as yet a matter for conjecture, as the Press has not thus far given any explanation of the motive, of, or provocation for, their change of heart.

The current number of the Iron Trade Review gives this information relative to the ore movement:

The appearance on the lake market this week of large consignments of grain for shipment from Duluth to the east has brought about a further increase in the ore rate between Duluth and Ohio ports. Vessel room has been greatly eaten into during the last few weeks by delays both at the coal and the ore docks on the lower lakes and the supply of boats, in consequence, is short at the head of the lakes. Since the grain rates have advanced to 3 cents out of Duluth some wild ore charterers have been made at \$1.10. The market seems to be firm at that figure, although the shippers have made several ineffectual efforts to bring about united action to withhold coal ore from the market until the close of the contract season. Some of their number, however, have been forced to take wild boats to meet urgent demands for ore. But few wild cargoes are appearing from Marquette and Escanaba,

but it is quite certain that should such put in an appearance the rate would be based upon the head of the lakes. The vessel owners this week have also been urged by large shippers to make better time with the contract boats and it is possible that some owners holding contracts will have to go on the market and bid for wild tonnage to help them out.

In the course of his cross-examination Admiral Schley worked in a very neat compliment to the courage and devotion to duty of the war correspondents of the newspapers. He was being questioned as to why a more accurate record was not kept of all that happened while the fight out from Santiago harbor was in progress, and explained that in the heat and excitement of battle it could not well be expected that the officers commanding would attend to such details very carefully. "No man," said he, "except the press correspondents, who brave all dangers, can always have paper and pencil at hand when a battle is in progress, and as a consequence there is a failure to record many occurrences that should be recorded." It was a clever answer to a foolish question. Its aptness and pertinence denote that it isn't only when he is in battle that Admiral Schley has his wits about him.

Gold Democrats in the south are coming in for lots of good things under President Roosevelt. The last one given a snub berth is Frank L. Osborne of North Carolina, who has been appointed associate justice of the court of land claims in that state. He belongs to the rapidly growing class of southern Democrats who are coming to believe in the soundness of Republican principles and are only held in even nominal affiliation with the Democracy by pride of opinion and the fear that Republican ascendancy in that section of the Union would be followed by a repetition of the carpet-bag rule from which it suffered during the reconstruction period. The president evidently believes that there is a possibility of greatly reinvigorating the Republican party in the south from that class of Democrats, but it is yet to be shown that giving them recognition by appointing representative men among them to office will offset the feeling created there by his action in according social recognition to the colored race in the person of Booker T. Washington.

STAMPING OUT RESISTANCE.

Sir Alfred Milner, who represents British civil authority in South Africa, is quoted as saying in a public address that in a formal sense the war there may never be over, but it "is burning itself out."

It is burning a deep hole in J. Bull's pocket meanwhile, as it is proving one of the most costly wars for Great Britain that country was ever engaged in. The peculiar atrocity of the remark of Milner lies in its significance in connection with the plan of campaign in South Africa now being pursued by the British, the aim of which the ultimate extinction of the Boers. In carrying out this purpose the Boer women and children are cooped up in stockaded camps as fast as they are gathered in by the British troops, where they are being systematically done to death by starvation and disease. The mortality among them for the last month for which a report has been made was 300 women and 1,964 children.

At this rate it will not be long until there will be nothing left on the Transvaal Boers but a handful of fighting men. Truly, indeed, the war which Chamberlain and Salsbury forced upon the Dutch republics in South Africa is "burning itself out," and when its ashes are cold there will be nothing left of the Boers but the story of their heroic struggle against odd odds and a heroic invader in the vain effort to maintain their independence.

THEY ARE HARD TO PLEASE.

Wisconsin papers are just now discussing the probability of the retirement of Hon. Jerre C. Murphy from the position he holds as private secretary to Governor La Follette of that state, to again engage in newspaper work. Mr. Murphy is too good a newspaper man to be a successful politician in a state like Wisconsin, where the successful ones are usually those who have learned to bend the plant hinges of the knee that thrift will follow fawning. Having been for a time associated with him in the conduct of a newspaper, the writer of this can readily understand how Mr. Murphy may have earned the criticism the Oshkosh Northwestern passes upon him in this comment on the report that he is to resign the private secretary's desk to resume work more suited to his temperament and talents than acting as an intermediary between the politicians of Wisconsin and its reform governor.

The Milwaukee Sentinel publishes a report from Madison to the effect that Colonel Jerre Murphy may soon resign as private secretary to the governor to assume an editorial position on The Milwaukee Free Press. While the rumor is not confirmed, according to the Sentinel's correspondent, it is added that in case Colonel Murphy does resign his place may be filled by the appointment of John Strange of this city, although The Sentinel quotes Colonel Murphy as declaring that when he does step out he will not be succeeded by Mr. Strange. However, as Colonel Murphy's present position pays him a salary of \$2,800 per year, it is believed that he will hardly relinquish the place unless he is assured of another which will be as good or better, and some of his intimate friends are quoted as saying that nothing less than a salary of \$3,000 will be sufficient to lure him away from Madison.

to a number of the well known Republican leaders, even among the friends of the governor. This is not due to any lack of ability or honest integrity, but rather to the absence of a certain degree of finesse and it which are so necessary in order to fill the difficult position in which he has been placed without causing criticism, and dissatisfaction. Every one who knows Colonel Murphy personally is convinced that he is absolutely loyal and conscientious, and his intentions are probably of the best. But at times he has offended some of the other members of the party by his brusqueness and apparently arbitrary manner which have resulted in rumblings of discontent.

As a matter of fact, Colonel Murphy is one of the most vigorous and capable writers in the state and if he should decide to assume a position as editorial writer on The Free Press it would undoubtedly be a matter of decided advantage to the administration of Governor La Follette. If he should so desire to change his occupation and there be no further obstacle than the question of salary it can hardly be doubted that this detail will be easily arranged.

General Nelson A. Miles, commander of the army, states in his annual report that the discipline of the army has, on the whole, been better since the canteen was done away with. On the other hand, Inspector-General Breckinridge asserts with equal positiveness in his report that abolition of the canteen was a mistake, as for the want of a well regulated establishment within army garrisons where the men can find recreation suited to their tastes and station in life they seek it outside, where it is found amid corrupting environments. The opinions of several officers in command of army posts are given by the inspector general in support of the proposition that the abolition of the canteen has caused deterioration instead of improvement in the morals of the men. Between these conflicting statements from army officers high in authority, and whose sincerity is hardly open to doubt, the public is forced to conclude that there are two sides to the canteen question; also that the effect of abolishing the canteen has neither made the army temperate nor operated to promote outside drinking on the part of the men to such an extent as to very noticeably affect discipline among them.

L'Anse and Baraga.

Presiding Elder C. M. Thompson was here Thursday attending the first quarterly conference of the M. E. church.

A party of representatives of L'Anse citizens went to Houghton Thursday evening to witness the production there of "Faust."

Mrs. C. D. Shea visited friends and relatives in the copper country for a few days last week. She returned home Sunday last.

J. Robert Lindahl and Miss Signe O. H. Brand of Skaneatele were united in marriage at Hancock Tuesday last. They returned to Skaneatele Thursday, where they were cordially greeted.

Tomorrow evening will be "old people's" evening at the M. E. church, and is to be observed as such in all the M. E. churches of the state. Young people, however, are not excluded.

The supervisors held an adjourned meeting yesterday to consider bids from physicians to take care of all contagious cases where the county is liable. Three bids were received but no decision was reached.

At a meeting of the L'Anse school board Tuesday an additional teacher was hired to assist in the high school. From reports it is evident that there is a lack of something somewhere at the high school.

Miss Emma Fink, who has been visiting her uncle and aunt, Mr. and Mrs. Blankenhorn, here for the past month, returned to her home Monday, taking with her Lucie Blankenhorn and Mrs. L. B. Armstrong, who will visit the Cream City for a month.

William Curry of Seattle, Wash., is here for a few weeks' visit with his mother and sister, Mrs. and Miss Curry. Willie, as he is known to his many friends here, is now a prosperous business man of the western metropolis. He desires to take his mother west with him.

Mr. and Mrs. J. W. McKee of L'Anse entertained a party of sixteen of their young friends from Houghton and Chas. last Thursday evening at a Halloween party. The young people kept the fun going until the arrival of the 4 a. m. train, which they took for home, leaving most of the gates on their hinges, and agreeing to come again on invitation.

How Are Your Kidneys?

Dr. Hobbs' Sarsaparilla Pills cure all kidney ailments. Add Sarsaparilla Remedial Co., Chicago or N. Y.

Nothing Tastes Good

And eating is simply perfunctory—done because it must be. This is the common complaint of the dyspeptic.

If eating sparingly would cure dyspepsia, few would suffer from it long.

The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system. Hood's Sarsaparilla cured the niece of Frank Fay, 106 N. St., South Boston, Mass., who writes that she had been a great sufferer from dyspepsia for six years; had been unable to eat and had been troubled with sour stomach and headache. She had tried many other medicines in vain. Two bottles of Hood's Sarsaparilla made her well.

Hood's Sarsaparilla

Promises to cure and keeps the promise. Don't wait till you are worse, but buy a bottle today.

AN ENTIRE CITY EXCITED OVER A SEEMING MIRACLE

John Hunter, Blind and Helpless from Paralysis, Now Sees, Walks and Works.

FACTS VERIFIED BY THE MAYOR AND OTHER PROMINENT MEN.

An Investigation by the San Francisco Examiner Demonstrates the Absolute Truth of a Cure that Almost Parallels the Miracles of Old—Its Full Significance to all Nervous Sufferers.

The town of Chico, in Butte county, Cal., is in a state of excitement over a miracle so marvelous as to be almost beyond belief. The local papers have given columns to the discussion of a case that, with all reverence, might justly be compared with the miracles of old, for here is a man who was blind and deaf, speechless and he talks, powerless to move and he walks and works. Pronounced incurable no later than the spring of last year, he is this week shingling a roof and repairing a building.

So widespread became the fame of this miracle of modern times that a San Francisco Examiner representative visited Chico and made a thorough investigation of the case. Every scrap of evidence was sifted and the most searching inquiry served only to establish the truth of a cure that, although miraculous, is unquestionable.

Caused by Paralysis. John Hunter, who has suddenly become one of the most interesting personalities on the coast, is a veteran of the civil war through which he served in Co. C of the 120th Illinois Volunteers. He is sixty-one years of age, by occupation a carpenter and builder, and resides

ing the pills and from that time on it was gradual but sure. My awful stomach troubles have disappeared, my eyesight has been restored, my brain is clear and active, and if ever a man should be grateful and anxious that others should know the wonderful properties of Dr. Williams' Pink Pills, that man is myself.

(Signed) JOHN HUNTER. Subscribed and sworn to before me. C. L. STETSON, Notary Public.

Interest in this miraculous cure is intense in Chico and vicinity where the townspeople have the evidence of their own eyes as to its authenticity. Newspaper space is too limited to give expression to the many who are willing to be heard, but the following prominent citizens voice the sentiment of the whole community.

THE MAYOR OF CHICO. Gives His Endorsement to the Account of the Miracle.

One of the most prominent and public spirited citizens of Chico, is the Hon. O. L. Clark, now serving his second

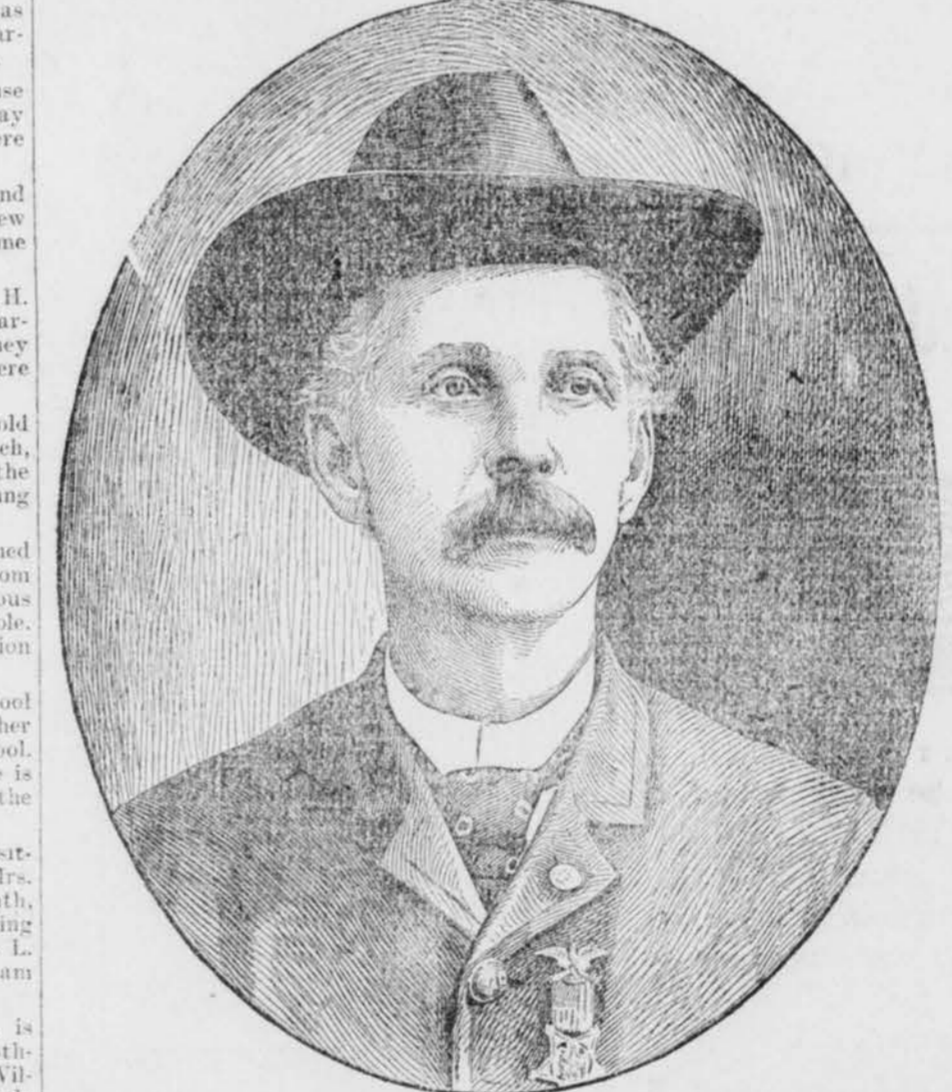

you already have. Everyone you meet and ask will tell you the same thing. I was at Mr. Hunter's house and saw his pitiable condition with my own eyes. I have also seen him today, walking the streets and practically well. I know enough of John Hunter to say that he would not make an untruthful statement, nor would he mislead anyone as to the means that brought about what we all consider one of the greatest cures of the age. His affidavit can therefore be absolutely depended upon.

A Wonderful Cure. In the Chico Record, published by Richards & Deuel, an article appeared from the pen of one of their reporters sent to investigate the case and verify the facts. The article was headed: "Blind John Hunter Recovers His Sight." After reciting the cure of Mr. Hunter, the article continues: "Marvelous as this may seem to his friends and still more marvelous as his story of his recovery may appear to everyone who reads it, it is all true, though it would not be accepted if it were not for the fact that he is a living witness with scores of friends to corroborate him. The article concludes with the statement that Mr. Hunter desired the credit for his cure to be given to Dr. Williams' Pink Pills."

A WONDERFUL MEDICINE.

What the California Miracle Means to Every Nervous Sufferer in the Land.

No more astounding cure than that of John Hunter has ever been accomplished by human agency, and the significance of it is that Dr. Williams' Pink Pills are not an ordinary medicine. They are wonderful in their potency in nervous troubles, small or great, and as they are on sale in every drug store throughout the country, they are within reach of all. The cure of such a severe nervous disorder as that of Mr. Hunter, proves the power of the remedy in lesser troubles, such as scintilla, neuralgia, nervous headache, St. Vitus' dance and nervous debility. Dr. Williams' Pink Pills have a double action—on the blood and on the nerves. It is not claimed that these pills are a cure-all, but the very nature of the remedy makes it efficacious in a wider range of diseases than any other. It is a scientific preparation designed to rid disease through a direct action on the blood and nerves. Impoverished blood and badly fed nerves are the cause of nearly every ailment that effects mankind. If the blood is kept pure, rich and red, and the nerves strong and active, disease cannot obtain a foothold. If you have any reason to believe that your dealer is not supplying you with the genuine Dr. Williams' Pink Pills for Pale People, order direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., and the pills will be sent postpaid for fifty cents per box or six boxes for two dollars and a half. Remember that the genuine Dr. Williams' Pink Pills cured John Hunter when hope had been abandoned. Pills sold as substitutes have never cured anybody.

JOHN HUNTER.

UPPER PENINSULA HOTELS

THE ARLINGTON, ED. MENZ, Prop., Calumet, Michigan. Best in Town! Commercial and Tourist's Headquarters. Rates, \$2 and \$2.50. (2-2-11)

Copper Country Department

EVENTS OF THE GRIDIRON.

Numerous Football Games to Take Place in the Copper Country. Two big football teams, Portage Lake and Calumet, will meet on the gridiron at the Hancock park at 3:30 o'clock this afternoon for the second game of the season.

The line-up of the Portage Lake team has been changed, as three of the best men are out of the game for the season. Harkness, Gundlach and Harris will not play this afternoon.

Old football players at Lake Linden have organized a city team and the first game will likely be played with Calumet next Saturday at Athletic park, Calumet. The managers of the two elevens are now trying to arrange the contest.

The Hancock High school team will try to arrange a contest with the Ishpeming High to be played at Ishpeming Nov. 16. The boys are very desirous of meeting the sturdy Hemetite lads and believe they are now in fit condition to give them a hard game.

The Calumet football team, which plays Portage Lake at Hancock this afternoon, is negotiating with the West Superior Normal team for a game to be played at Calumet on Thanksgiving day.

At Athletic park, Calumet, this afternoon, two local teams, the "Rough Riders" and the Pine street team, will meet for what promises to be an interesting game.

The Portage Lake team has not yet arranged a Thanksgiving Day game, but an effort will be made to have a contest on that day.

DUE TO CAR FAMINE.

Boat Lines Can Handle No More East Bound Freight This Season.

The Anchor and Western Transit lines have discontinued taking freight bound for the East this season and are now handling only west bound freight. On account of a car famine in Erie and Buffalo the steamers Japan, China and India, of the Anchor line, and several large freighters have been laid up for the season.

The new steamer Chicago, of the Western line, which is due at Houghton, tomorrow, is one of the best of its kind on the lakes.

It is quite true that Lake Linden people are in no immediate danger of being served by the present street railway company operating between Houghton, Hancock and Calumet. It is understood that the company has been unable to secure permission from the Calumet & Hecla company to cross the latter's property at Lake Linden.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulate the stomach and bowels.

SEVERAL NEW DEPOTS.

Copper Range Road to Build at Different Points Along Line.

The Copper Range road is being put in readiness for the long winter near at hand and work at various points along the line is being rapidly pushed.

The road around Mass City and Greenland and on the Adventure branch is being ballasted with gravel taken from a gravel pit near Painesdale. A steam shovel is scooping out the gravel and loading it on flat cars to be transported along the road and used as required.

The firm has also contracted with the company to erect new depots at Trimountain, Greenland and Beacon Hill. The chief engineer of the road has completed the plans and specifications for the buildings and preparatory work, getting men and material, for a week or more. The structures will be small, two-story frame buildings and will be built at a cost of several thousand dollars.

JOKE ON M'KEEVER.

Friends of Copper Range Official Have Fun at His Expense.

R. T. McKeever, of the Copper Range road, was arrested the other evening—but it was all a joke. Nevertheless it was a good one and one that his friends thoroughly enjoyed.

While at Traverse Bay Mr. McKeever appropriated a fine partridge, which has been given to Superintendent J. C. Shields of the Mineral Range road. He had the bird in his possession when he reached Hancock.

At Hancock, however, the Houghton marshal, Charles Armstrong, boarded the train and placed Mr. McKeever under arrest (1) for "swiping the bird." The officer certainly carried out his part well, having been summoned beforehand and "put next" by a telephone message.

The officer pushed Mr. McKeever, with the partridge in his possession, back into a seat and all the way to Houghton he was a prisoner. His friends seemed much worried and kept up a serious demure.

At the station, however, he was released with a promise that he would be more careful in the future.

CANNOT CROSS LANDS.

Railway Company Unable to Secure Right of Way from Calumet & Hecla.

In its last issue the Torch Lake Times, of Lake Linden, says: "Rumor has it that Houghton is to be traversed by a second street railway. If true The Times would like to see it take the loop from Calumet to Houghton via Torch Lake—and it would be the winning loop, as everybody would take the Lake Shore route."

It is quite true that Lake Linden people are in no immediate danger of being served by the present street railway company operating between Houghton, Hancock and Calumet. It is understood that the company has been unable to secure permission from the Calumet & Hecla company to cross the latter's property at Lake Linden.

Although there would be some objection to the street railway building an extension through to the Lake Lindens, on account of the fear of a loss of trade to the adjoining towns, it would be generally favored by the residents of the advantages offered would be numerous.

Next summer may see something doing in the way of extending the line. It is not an easy matter to condemn property for a street railway and for that reason the street railway company has been unable to include Lake Linden in its circuit.

A DELICATE CHILD

Let a delicate child take a little Scott's emulsion of cod-liver oil after breakfast or dinner—not too much—too much will upset the stomach.

Better too little than too much. The effect will be slow; it ought to be slow. In a week, you will see it began the first day. Don't be in a hurry.

Let a delicate child take a little Scott's emulsion of cod-liver oil after breakfast or dinner—not too much—too much will upset the stomach.

Better too little than too much. The effect will be slow; it ought to be slow. In a week, you will see it began the first day. Don't be in a hurry.

CHANGES IN COMPANY.

Houghton Light Infantry to Elect Officers Nov. 11.

The coming election to be held by the Houghton Light Infantry, for the selection of a first lieutenant in place of John McFarland, resigned, was announced yesterday for Nov. 11. It will be held at the armory that evening. A change in the state military law has necessitated the holding of the election sooner than was anticipated.

STEEL BEAMS FOR BANK.

Work on New Citizens' National Progressing Rapidly.

Yesterday a consignment of eight steel beams was received for the new Citizens' National bank building now under construction in Houghton. Each is forty-nine feet long, two feet wide and being put in place as fast as six stone cutters can get the material ready. It will be an imposing structure when finished and one of the finest in the upper peninsula.

JAMES FOGARTY DEAD.

Veteran of Spanish-American War Passes Away in Hancock.

James Fogarty, a veteran of the Spanish-American war, died at his home in West Hancock Thursday evening. He was seventy years of age and had served in Cuba at the outbreak of the war and contracted the fever there, from which he never entirely recovered.

The funeral will likely be held from St. Patrick's church this morning. The dead soldier may be buried with military honors, as the members of old Company F recently organized an army post for the war and contracted the fever there, from which he never entirely recovered.

SMALL BOYS HAD FUN.

Many Halloween Pranks Played in the Copper Country.

A large number of Halloween pranks were played by the small boys of some of the big ones, too, throughout the copper country Thursday night. The results of their night's work were to be seen on all sides yesterday morning. Signs were changed; sidewalks torn up; fences broken down; and wagons and other movable property scattered here and there.

Some of the latter were put in outlandish places. West Houghton residents yesterday morning saw a wagon hung up on a telephone pole about twelve feet from the ground. How the youngsters ever got the vehicle up there is a puzzle to many.

The shivers were not very vigorous and allowed the boys to go ahead with their tricks. Many of the pranks were harmless but several resulted in a ruthless destruction of property.

AID ORPHANS' HOME.

Houghton County Hebrews Donate to Cleveland Institution.

At a meeting of prominent Jewish citizens of the county held in Houghton Thursday afternoon it was decided that each should give a certain sum of money yearly to aid in the support of the Jewish Orphans' Home located in Cleveland. Well known Jewish citizens from each town in the copper country were represented at the gathering, and the result was that the Cleveland home will be very substantially helped this year.

It has been the custom during the past few years to aid the institution and the Jews all over the country are very liberal in their donations. The home is considered one of the best of its kind in the United States. Jewish orphans are taken in and provided for and educated so as to be able to support themselves when they have reached the proper age. The home is not only one of the best, but it also one of the largest in the country, and is worthy of the support it is receiving.

GOOD EXCURSION WEATHER.

Owners of excursion boats on Portage and Torch Lakes are still enjoying delightful trips to the country and the canal as the weather is, and has been, for a week or more, warm and comfortable. For two weeks prior to the beginning of the Indian summer, which copper country people are now enjoying, preparations were made by some to put their launches and yachts for the winter but should the present weather continue much longer this will be a particularly long season for pleasure trips on the lake. During the past summer several new launches were purchased by local parties and there is now a large number of pleasure boats of all kinds.

INTERESTING DAMAGE CASE.

One of the most interesting civil cases to be tried in this month's term of circuit court, which convenes Monday morning, is that brought by Mr. Richards, administrator of the estate of the late Con Sullivan, who was killed by a Copper Range train several months ago, against the railway company, for \$10,000 damages. Mr. Richards, who was a brother-in-law of the deceased claimant Sullivan's death was due to negligence on part of the employees of the company. Lawyer Burritt, of Hancock, will present the plaintiff's claims.

Stops the Cough and Works Off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cts.

Cures croup, sore throat, pulmonary troubles.—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

ROCK AVERAGES WELL.

Acadian Mill Now Treating from the Douglas Shaft.

But one shift is now being run at the Acadian mill on account of the closing down of the St. Mary's shaft at seven o'clock. The night shift was laid off several days ago and seventeen men were thrown out of employment. The mill is now treating rock from the Douglas shaft and reports from there say that the rock is averaging well and looking better than for some time. Considerable mass copper is also being brought to the mill where it is hazarded up. On the average twenty-eight cars or about 225 tons of rock are being stamped daily. Twenty men are now employed at the mill.

Copper Gossip.

The Wolverine produced 257½ tons in October.

The Atlantic's product for October was 277 tons, 940 pounds.

A diamond drill is at work on the old Northwest mine location, on the lands of the Central mining company, in Keweenaw county. It is thought the exploratory operations will be productive of some good.

The story that Amalgamated interests are making a determined effort to secure the operation of the independents for the purpose of maintaining the price of copper at seventeen cents per pound, is emphatically denied in high Amalgamated circles.

At the Mass mine preparations are under way to open up new ground to furnish enough rock for another head, which is to go into commission at the mill. A big force of men is now employed at the mine and mill and the work being done is very satisfactory to the management.

Lake Superior holders of Centennial have feared lest the decline in the market price for that stock foreshadowed another assessment. President Fay says: "You can deny as strongly as you please the report that another assessment on the stock is pending. We have \$300,000 in the treasury and have not even thought of an assessment."

OCTOBER LUMBER SHIPMENTS.

The month of October ran ahead of the preceding month in the lumber shipping business. The total shipments for October up to Wednesday afternoon at Duluth were nearly 50,000, 000 feet, with possibly three or four cargoes not yet reported.

For the month of September the lumber shipments from Duluth were 38,999, 000 feet, a considerable falling off from the shipments of August.

The rate is twenty-five cents higher now than in September, but more lumber is being moved. The end of the shipping season will soon be in sight and the purchasers are hustling to get their stocks moved before winter sets in.

There was a notable increase in shipments along other lines this month. Shingle shipments were 5,433,000, as compared with 1,005,000 in September. During last month 239,000 lath were shipped, as compared with 920,000 in September. Fair weather during the past two weeks has permitted a tremendous movement of lumber.

COPPERDOM BREVITIES.

Miss Helen Pope of East Houghton entertained a number of her friends at a luncheon Thursday.

Mrs. R. D. Light and Miss A. W. Lord of Hancock left yesterday for St. Paul to visit Mrs. Light's sister.

Lou J. Beachamp, lecturer, traveler and writer, will be at the Lake Linden Methodist church this evening.

The seat sale for the production of "Are You a Mason?" at the Houghton Armory Opera House, Nov. 7, is now on at Kroll's.

An enjoyable dancing party was given by the members of the Portage Lake Dancing club at the city hall, Hancock, last evening.

All arrangements are complete for the two days' whist tournament of the Upper Peninsula association to be held in Calumet Monday and Tuesday.

Mrs. James Butler of the Ripley was pleasantly surprised last evening by a number of her friends. Her sister, Miss Edith Minnear, acted as hostess.

The liquid air entertainment will be given in St. Patrick's Hall at Hancock tonight and not in the High school auditorium, as was announced in yesterday's issue.

This afternoon the ladies of the Women's Library association of Houghton will give a reception in the library rooms in the village hall. Refreshments will be served from 2:30 until 6 o'clock.

J. E. O'Neil and A. Green, of the Lake Superior Iron & Metal Company, were in Mass City yesterday on a purchasing trip. This firm does a big business in buying and selling old iron, etc. It also deals in furnishing new machinery and the like for different copper country industries.

VALUABLE POSTAGE STAMPS. In the recent edition of the Pan-American two cent postage stamps it was found that the illustration was printed upside down, and as only a few of them were sold before being noticed, the value of them has been greatly increased.

People who have once used Hostetter's Stomach Bitters place a very high valuation on it as a family's medicine. It is for weak people and the most delicate stomach can retain it. It restores the appetite, and stimulates the digestive organs, thereby extracting all the nutritive element from the food. It has a record of fifty years of cures of indigestion, dyspepsia, constipation and flatulency to its credit. We urge you to try it. The genuine has our Private Die Stamp over the neck of the bottle.

It's the Beer That Makes Marquette Famous.

UPPER PENINSULA BREWING CO.,

MARQUETTE, MICHIGAN

WILL BE RECALLED

ADMIRAL SCHLEY TO GIVE ADDITIONAL TESTIMONY.

NEARLY READY FOR ARGUMENTS.

ORDER OF SPEECHES IN CLOSING CASE AGREED UPON.

Hanna Will Open for Department, Parker and Rayner Will Follow for Schley and Lemly Will Close for Department.

Washington, Nov. 1.—At 12:45 today Judge Advocate Lemly announced that he had no more witnesses to call in the Schley case, and Mr. Rayner said no witnesses would be summoned in behalf of Admiral Schley in rebuttal. For a moment it appeared as if the famous case was about to reach a sudden conclusion. But this delusion soon disappeared by the announcement on the part of Judge Advocate Lemly that he might ask to be allowed to bring in one more witness Monday; also by a statement from Mr. Rayner that Admiral Schley himself would desire to return to the stand on Monday to correct errors in his evidence as officially reported.

Only One More Witness.

There is a probability that the admiral will consume considerable time over the printed record of what he said, and there is also the understanding that he will make some additions to his former statements. But it is not believed beyond what he may have to say, that there will be much more testimony taken in the case. The only witness the judge advocate still has in mind is Lieutenant Strauss, and Captain Lemly said today if the lieutenant's attendance could be secured he would detain the court a short time only. Captain Sigbee will also return to the stand Monday to correct the testimony he gave yesterday.

These details completed the argument of counsel will begin, and then the counsel and public will withdraw and leave the court to its deliberations. The task before the court is not a light one, and it may be weeks before the final verdict is reached.

Today's witnesses were Sylvester Scovel, a former newspaper correspondent who saw service in the Cuban campaign; Lieutenant John Hood, who commanded the Hawk during the war; and also a number of officers, who were heard yesterday and who were returned to the stand to correct their testimony. The court had only one session and adjourned until Monday.

Satisfactory to the Court.

At the opening of the court today Judge Advocate Lemly announced that counsel had agreed on the order of the speeches in closing the case. Mr. Hanna will open for the department. He will be followed by Mr. Parker and Mr. Rayner for Schley and Captain Lemly will close for the department. Admiral Dewey announced that the arrangement was satisfactory to the court.

Correspondent Scovel told of the conversation he had with the admiral personally, but on cross examination he was not prepared to say that the testimony of Photographer Hare, in which he stated Captain Sigbee had said the Spanish were not at Santiago, was false. Such a conversation might have taken place with his knowledge.

SPARKS FROM THE WIRES.

Louisville, Nov. 1.—Marvin Hart of Louisville knocked out Jack Beuschlotts of Chicago in the tenth round at Music Hall tonight.

Warranted Strong Language.

"Did you make a report to the commanding officer of the Dolphin," asked Mr. Hanna which would warrant the use of the language embodied in the memorandum? "I did make such a report; one warranting stronger language than that."

Gray Hair

Ayer's Hair Vigor doesn't suddenly restore color to your gray hair; but gradually the old color comes back—all the dark, rich color it used to have. It stops falling of the hair, too, and will often make the hair grow to be very long and heavy.

"Ayer's Hair Vigor is certainly wonderful. It has restored the natural color to my gray hair and has made a splendid new growth."—Miss Emma Calder, New York City.

STALLINGS MAKES DENIAL.

Says He Has Not Sold Interest in Detroit Baseball Club.

Detroit, Nov. 1.—G. T. Stallings, half owner and manager of the Detroit Baseball club, in a signed statement tonight, denies he has sold his interest in the club.

President Fred Postal, of the Washington Baseball club, announced tonight that he had been advised that a deal was closed for the transfer of Manning's interest in the club to Tom Loftus, Mr. Postal said Loftus would go to Washington in a week or ten days to take charge of the club.

Kansas City, Nov. 1.—It is reported that President Hickey, of the Western League of Iowa, is organizing a new league to include Kansas City, St. Paul, Milwaukee, Chicago, Indianapolis, Toledo and Louisville. The cities that dropped out of the Western league—Omaha, Des Moines, Colorado Springs, Denver and St. Joseph—may form a minor league.

STOCK BROKERS FAIL.

Topfil & Brooks, of Boston Exchange, File Petition in Bankruptcy.

Boston, Nov. 1.—Topfil & Brooks, stock brokers and members of the Boston Stock Exchange, filed a petition in bankruptcy yesterday afternoon. The failure was announced in the stock exchange.

RAILROAD MAN RETIRED.

Old Employee of Illinois Central Goes on Pension List.

Sioux City, Ia., Nov. 1.—T. W. Place, who has been master mechanic of the Illinois Central railroad's Iowa lines for thirty-two years, was retired by the company on a pension today. He is seventy years of age and his home is at Waterloo. He will be succeeded by his son Fred Place, aged thirty-two, who for years has been general foreman of the company's shops at Burnside, Ill.

LIQUOR FLOWED FREELY.

Explosion of Gas Completely Wrecks Indiana Saloon.

Warsaw, Ind., Nov. 1.—An explosion of gas tonight completely wrecked Robert Hickman's saloon and injured several persons. Hickman probably fatally.

PORTUGUESE MINISTER.

Senor Horta Machado Appointed in Place of Visconde Santo-Thyrsio.

Lisbon, Nov. 1.—Senor Horta Machado has been appointed Portuguese minister at Washington, vice Visconde Santo-Thyrsio, who was recalled in consequence of his premature announcement of President McKinley's death, which caused the government great annoyance.

MICHIGAN LUMBERMAN DIES.

Era Richardson, of Firm of Richardson & Avery, Saginaw.

Two Harbors, Mich., Nov. 1.—Era Richardson, of Richardson & Avery, lumbermen of Saginaw, Mich., died of heart disease while exploring in the woods near Cass River with his partner.

CARS ARE SCARCE

SHORTAGE BECOMES RETARDING INFLUENCE TO TRADE.

GOODS CANNOT BE MOVED.

MILD WEATHER AFFECTS RETAIL DISTRIBUTION.

Orders for Heavy Weight Grades Are Being Cancelled Where Manufacturers Are Behind in Their Deliveries.

New York, Nov. 1.—R. G. Dun & Co.'s Trade Review tomorrow will say: "Although the latest railway returns indicate that transporting facilities are greatly improved the nation's business has expanded more rapidly. The car shortage has, in fact, become the chief retarding influence. From all sections of the country complaints are heard regarding the inability to move goods. The mild weather affects the retail distribution to a very marked degree and orders for heavy weight goods are being cancelled in some cases where manufacturers were behind with their deliveries. That volume of legitimate business is not being curtailed, however, is evidenced by the gain in bank exchanges in New York—2.4 per cent. over last week and 7.9 per cent. over the same week of 1899. At other leading cities the increase is equally striking—20.1 per cent. over 1900 and 9.6 over 1899.

"Irregularity has prevailed in the markets for staples. Speculators secured a distinct feeling of confidence by usually high position recently attained by pork products, while at the same time corn made a further advance. Poor husking reports were held responsible for the rise in the cereal and there was a natural falling off in the exports.

"Shipments from Atlantic ports for the week were only 488,495 bushels against 1,044,000 last week and 3,528,763 a year ago. The interior receipts were also light, being 2,217,126 bushels, against 3,838,020 last year. Wheat came into the market more freely, the arrivals from western cities amounting to 47,000,500 bushels, against 48,263 for the previous week and 5,547,092 a year ago. The Atlantic exports were less satisfactory than last week, but including all the United States ports, the week's shipments were 5,018,193 bushels against 3,685,821 last year and 3,508,968 in 1899."

Bradstreet's Report.

"The unseasonably warm weather is complained of as interfering with, or checking, the retail distribution of clothing. Shoes and other fall and winter goods.

"In keeping with raw cotton, several other farm products have weakened this week. Wheat has felt the influence of the heavy movement in grain in the Northwest, the heavy increase in the visible supplies in Manitoba, and the rather less critical advices from Argentina.

"Among the staples advancing corn is prominent, though held down slightly by wheat.

"Wheat, including flour, exports for the week aggregated 6,072,888 bushels, against 4,932,134 last week and 3,612,421 for this week last year. The wheat exports from July 1 to date (seventeen weeks) aggregated 106,729,273 bushels, against 62,800,290 last season.

"Corn exports aggregated 606,159 bushels, against 188,288 last week and 3,920,110 last year. From July 1 to date the corn exports were 16,738,560, against 56,175,687 last season."

WALL STREET STOCKS.

Release of Treasury Funds Will Facilitate Exports of Gold.

New York, Nov. 1.—The prevailing unsettlement of speculative sentiment was well illustrated today by the widely diverse opinion expressed as to the effect of the renewal of the government

SYRUP OF FIGS

NEVER IMITATED IN QUALITY. An Excellent Combination. The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal in their form and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from any objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package. CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N. Y. For sale by all Druggists—Price 50c. per bottle.

CROWE LETTERS GENUINE.

Chicago Handwriting Experts Examine Outlaw's Writing.

Omaha, Neb., Nov. 1.—Chief Donahue received assurance from Chicago handwriting experts of many years' experience and who are connected with a large detective agency that the letters received by the chief from Pat Crowe are genuine. The letters were sent to him for verification with specimens of Crowe's writing in the archives of the detective agency. The letters were received Oct. 19 and 21 and named the conditions on which the writer offered to surrender to the chief of police. The chief says that he has about abandoned the idea that Crowe would give himself up. He thinks Crowe would have been here before this time if he was coming in.

SCHOONERS DRIVEN ASHORE.

Three Vessels Wrecked on Labrador Shore but Crews Are Saved.

St. Johns, N. F., Nov. 1.—Three schooners were driven ashore on the Labrador coast last week during a gale. One was laden with the families of fishermen returning from a summer sojourn on the coast. The women and children were rescued with great difficulty, the schooner being beached at Sandy Spit and the women and children being set ashore with ropes.

MILLIONAIRE SELLS PAPERS.

Heir to One Half Eads Estate Devotes Life to Lolly.

St. Louis, Nov. 1.—James Eads, heir to a fortune conservatively estimated at more than \$1,000,000, is selling afternoon newspapers at the southwest corner of Twelfth and Olive streets.

Mr. Eads is not only heir to half of the Eads estate, now held by his mother, who resides in the family mansion at 470 Lindell boulevard, but he inherited directly from his grandfather, James B. Eads, the famous engineer, \$17,000, and also a considerable sum from his father. This money he has refused to use. The income on the \$17,000 has been donated to the People's Fund and Welfare Association.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, Nov. 1.—The wheat trade today was dull and the bulk of the business was done in the corn and oat markets. The Argentine wheat and crop news was bullish. The clearings were 855,000 bushels and the seaboard reported forty-two boatloads accepted.

In corn there was a good general trade, though a little unsettled. Higher prices ruled early on firmer cables, small receipts, light country acceptances and the larger sales in Manitoba, and several large commission houses bought freely, part of which was for the seaboard. Later, on the Orange Judd Farmer's report, which was interpreted as bearish, there was considerable profit-taking and realizing, the close showing a decline of 3/8c. Liverpool was steady to 3/4 higher. The seaboard reported fifteen boatloads taken. The December-May spread widened to 2 1/2c on liquidation.

Oats ruled active and weaker, closing at a net loss of 3/8c. The feature was selling by houses who had been the largest buyers for several days. There was also general profit-taking and scattered buying.

The leading futures ranged as follows: December wheat opened at 79 1/2c; highest, 79 3/4c; lowest, 79c; closed, 79 1/2c. December corn opened at 58 1/2c; highest, 58 3/4c; lowest, 57 1/2c; closed, 57 3/4c. December oats opened at 37 1/4c; highest, 37 1/2c; lowest, 36 3/4c; closed, 36 3/4c.

Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 18,000 20,000. Wheat, bushels, 223,000 42,000. Corn, bushels, 128,900 117,000. Oats, bushels, 228,000 327,000.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

RELIABLE AND GENTLE. There are pills and pills. You want a pill which is certain, thorough and gentle. Mustn't gripe. DeWitt's Little Early Biscuits fill the bill.

CITY BRIEFS. Born, yesterday, to Mr. and Mrs. S. R. Kaufman, a son. Elias Kowista and Teckla Hantula of Negunee have been licensed to wed.

The Helping Hand guild will meet in Morgan Memorial chapel at half past two this afternoon. The Masons held their first dance of the season last evening. There was a good turnout of members and their ladies.

Among the visitors in the city yesterday were George Butterfield of Mass. City and J. R. McDonald of South Lake Linden. A meeting of the Biddle Whist club will be held this afternoon at the residence of Mrs. R. C. Markham.

Dr. C. H. Morse, who has been very ill since his return from the East, is still confined at St. Luke's hospital. However, he is so much improved that he will be removed to his son's rooms, 118 Front Street, in a few days.

The literary club has been reorganized at the Normal, with the following officers: President, Miss Peters; vice president, Miss Thompson; secretary, Miss McCall; and treasurer, Miss Bell.

Some of the merchants found on coming down town yesterday morning that signs posted on the outside of their windows advertised the carrying on of other lines of trade than they were engaged in, in some cases the "hits" being very laughable.

The temperature has hit the toboggan slide in earnest, a notable slump having been taken during the past few days. On Tuesday, the mercury hung around the 70 mark, the maximum being 72.

The B. Y. P. U. of the First Baptist church gave a social last evening at the home of B. O. Pearl. It took the form of an evening in Germany.

There are pills and pills. You want a pill which is certain, thorough and gentle. Mustn't gripe. DeWitt's Little Early Biscuits fill the bill. Pure vegetable. Do not force but assist the nature.

U. P. E. A. MEETING. In All Respects It Was an Unqualified Success—Details. The meeting of the Upper Peninsula Educational Association at Hancock last week was in all respects an unqualified success.

The music of the Calumet orchestra and band, which was provided for all sessions, added greatly to the enjoyment of the meeting. The souvenir badges consisted of a polished copper disc with the inscription, "Hancock, 1901," and to this was suspended a small ingot of pure copper.

Among the noted visitors in attendance on the meeting aside from those on the program were Dr. Samuel Fellows of Chicago University, Professor Joseph Drake of Michigan University.

Resolutions were unanimously adopted by the association expressing its appreciation of the hospitality so generously extended by the school board and citizens of Hancock.

The following officers of the association were elected for the coming year: President, E. E. Ferguson, South St. Marie; first vice president, H. Z. Brock, Hancock; second vice president, L. L. Wright, Ironwood; secretary, J. J. Hornberger, Manistiquette.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians.

THE CHILDREN'S FRIEND. For coughs, croup, bronchitis, grip and other winter complaints One Minute Cough Cure never fails. Pleasant to the taste and perfectly safe.

Ishpeming and its Environs.
(Additional Ishpeming on Page Seven.)
FIFTEEN MILES A DAY.
That is the Distance an Ishpeming Mail Carrier Covers Six Days a Week.
Fred Davey, who is charged with criminally assaulting an Ishpeming girl, was given a hearing yesterday morning in Justice Kennedy's court. The testimony of the young lady was the only one taken. Davey did not ask to be heard, nor did his attorney desire him to make a statement at the preliminary examination. He was committed to the county jail to await trial at the next term of the circuit court. Davey's bond was fixed at \$2,000, but Prosecuting Attorney Bell objected, on the ground that the amount was too small, considering the nature of the crime the young man is charged with. Mr. Kennedy then changed the amount as suggested by the prosecutor and raised it to \$10,000.
Davey was taken to Marquette last evening, leaving here on the 5 o'clock train. John Fitzgerald, sentenced for twenty days in the county jail for assaulting a fellow workman, was taken down at the same time. The prisoners were in custody of Marshal Fair and Officer Tupon.
OFF FOR IRONWOOD.
Fifty-Five Ishpeming People Went Over to the Gogebic Town Yesterday.
The Hematite City will be well represented on the side lines at Ironwood this afternoon, when the Ishpeming High school football team will line up against the school eleven of that city. Fifty-five persons, including fourteen players and Superintendent Mayne, left yesterday morning on the 9 o'clock train. The entire membership of the high school, including most of the teachers, assembled at the depot to see the boys off. As the train pulled out the school yells were given by those in the coaches as well as the crowd on the platform.
It is possible that three of the substitutes will line up with the Ishpeming team today. Superintendent Wright of the Ironwood school is desirous of having Ishpeming lay off some of the stronger men of the team in order to have a more even contest. Mr. Mayne has consented to play the substitutes provided the Ironwoods forfeit the championship as far as they are concerned to Ishpeming. No chance will be taken unless this is done. It is likely that the Ironwoods will yield to the proposition, as they want an interesting game. If the substitutes are played it is not supposed that the score will be anything like it was in the game played a few weeks ago, when the Ironwood aggregation was woefully out-classed.
Dr. Sweetland, the coach, did not accompany the team. He will take in the Escanaba-Menominee game today. The doctor expects a hard contest here next Saturday, when the local players will line up against the winners of the game in the Sandy city. He is satisfied that either team will give the Ishpeming a hard battle.

WILL ATTEND FUNERAL.
The members of Trclawney lodge of the Sons of St. George are requested to assemble at their regular meeting place tomorrow afternoon at 1 o'clock sharp to prepare for attending the funeral of their late brother, Edward Buddie, which will take place an hour later. The members of Sir Humphrey Davey lodge of this city, also those of Sir James Watts' lodge of the Winthrop, are invited to turn out to the obsequies. The services for his conduct at the Division Street Methodist church by Rev. S. Polkinghorn, the pastor.

Get What You Ask For!
When you ask for Cascarets Candy Cathartic be sure you get them. Genuine tablets stamped C. C. C. Never sold in bulk. A substitute is always a cheat and a fraud. Beware! All druggists, etc.

A COMPLETE PRODUCTION.
The finish of the apotheosis of Porter J. White's version of Faust is decidedly original; in scenic splendor and electric novelty it abounds. The principal figures are presented—Mephisto, Marguerite and Faust. Faust would fain persuade Marguerite to escape with him by the aid of Mephistopheles, but in the instant of her heart she finds an invincible aversion to the fiend; she chooses death and ignominy rather than life and love, if of this giving. At her final refusal, Mephistopheles proclaims that "she is judged," a voice from above that "she is saved," the action terminates; Mephistopheles vanishes from our sight, as into boundless space. The reserved seat tickets for the performance next Tuesday evening will go on sale today at Tillson's.

MICHIGAN AGAIN IN LEAD.
State Deputy C. J. Byrns of the Modern Woodmen of America is again honored with having Michigan at the head of the list in the number of additions and new camps organized during September. He received a report, with a nice letter, from Head Consul W. A. Northcott, complimenting him on his great record, a few days ago. Mr. Byrns believes that Michigan will be at the head of the list again in October, as the returns being received from his deputies throughout the state are most encouraging. He has been confined to his home the greater part of the past week with neuralgia.

SOCIAL POSITION

Makes no Difference. Women are All Alike. No Matter What Their Station in Life May Be. All Praise Lydia E. Pinkham's Vegetable Compound.

If she is one of the favored daughters of wealth,—if she belongs even to the realm of the "well-to-do,"—or—if she belongs to the unnumbered thousands who must work in order to live—the story is just the same; all suffer from about the same cause, and in this suffering "peculiar to women," all reach the same level, and all are of the same family.

When a woman is nervous and irritable, head and back ache, feels tired all the time, loses sleep and appetite, has pains in groins, bearing down sensation, whites and irregularities, she is not "worn out," but feels as if she were.

Such symptoms tell her that a womb trouble is imminent, and she cannot act too promptly if she values her future comfort and happiness.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition.

If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do.

Mrs. Pinkham Tells Mrs. Scott How to be Cured.

"DEAR MRS. PINKHAM:—I have been for some years a great sufferer and thought I would write and explain my case to you as you had helped so many others. Menstruation is irregular and very painful. I have suffered with painful periods for ten years but the pains grow worse as I grow older.

"I suffer most with my back, lower part of abdomen and left side. I have been flowing all the month and a part of August, not constantly, but will stop for two or three days and then begin again.

"The doctor says I have misplacement of the womb. I have bearing down pains when passing urine, and my abdomen is very badly swollen and sore. Please advise me at your earliest convenience."—Mrs. A. V. SCOTT, 21 Page St., Kingston, Pa. (Sept. 30, 1900.)

"DEAR MRS. PINKHAM:—When I wrote to you asking advice no one could describe my suffering. The doctors said I could not be relieved unless I had an operation performed, but thanks to you and your medicine I got along without having the dreaded operation. I have taken ten bottles of your medicine and am once more well and happy. Lydia E. Pinkham's Vegetable Compound is a fine medicine and a God-send to suffering women. I trust my letter may be the means of bringing many of my suffering sisters to accept your kind aid."—Mrs. A. V. SCOTT, 21 Page St., Kingston, Pa. (Jan. 30, 1901.)

Remember Mrs. Pinkham's advice is free, and all sick women are foolish if they do not ask for it. No other person has such vast experience, and has helped so many women.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

MANHOOD RESTORED "CUPIDENE"

This great Vegetable Compound, the preparation of a famous French physician, will quickly cure you of all nervous or disease of the generative organs, such as **Loss of Manhood, Impotence, Pain in the Back, Seminal Emissions, Nervous Debility, Flapjacks, Leucorrhoea, Exhausted Brains, Varicocele and Constipation.** It keeps all bones by day or night. Prevents quickness of discharge, which if not checked, leads to spermatorrhoea and all the horrors of impotency. **CUPIDENE** strengthens the liver, the kidneys and the urinary organs of all impurities. **CUPIDENE** strengthens and restores small weak organs.

The reason sufferers are not cured by Doctors is because 90 per cent are troubled with **Prostatitis**. **CUPIDENE** is the only known remedy to cure without an operation. 500 testimonials. A written guarantee given and money returned if it does not effect a permanent cure. **4.00 a box for 30 days by mail. Send for price circular and testimonials.**

Address **24 VOL. MEDICINE CO., P. O. Box 207, San Francisco, Cal.**

SOLD TOO SOON. Many will hunt deer.

Antoine Deloria, Formerly Owner of Lands on East Range, Visiting Here.

Antoine Deloria of Garden Bay, at one time a resident of Negaunee, is in the city spending a few days with old friends. He came up to visit Joseph Boyer and his bride, soon after their marriage, which occurred last week.

Mr. Deloria was at one time the owner of about four hundred acres of land on the east range, on much of which mines have since been opened up. Some twenty years ago he sold the land on which the Negaunee mine has been developed to the Lornstoff-Maas and Mitchell estates for \$10,000. According to the supervising engineer, the property is now worth in the neighborhood of \$2,000,000. At the time Mr. Deloria disposed of the lands he thought he was getting a very fair price as it was not known at that time that the tract was so rich in mineral.

A portion of the land, that passed from the Barabara estate to the Cleveland-Cliffs Iron company early this year was also owned by Mr. Deloria. He sold to the Barabaras for a much less sum than he received from the purchasers of the lands on which the Negaunee is located.

Mr. Deloria also owned the land now occupied by two cemeteries. It has been proved in the past few years that there is mineral beneath the surface of the cemeteries and the question of providing a new site for burial purposes is held in abeyance until next spring, as the Cleveland-Cliffs people will next possession of the land at no distant date.

The Garden Bay man still owns a very small tract of land on the east range, but there is some dispute over it. It may be necessary for him to resort to the courts to get a clear title to the land, as the parties from whom he bought the original tract had no deed, which consists of about two acres.

Deloria's original holdings embraced lands south of the county road. He did not own anything north of that thoroughfare.

Mr. Deloria is in business at Garden Bay. He has been a resident of that place for nearly thirty years past. He came to Negaunee when there was very little of the place. He purchased the lands on the east range for one timber upon it, and later a portion of it was sold to be turned into farms. He did not suppose that what one deposits would ever be found there.

The old man is said to be fairly well fixed. He has a good business at Garden Bay and he owns some property there. He expects to return home within the next few days.

WILL FINISH IN A FEW DAYS.

The work of extending the water main to the Cleveland-Cliffs Iron company's new addition in the eastern part of the city will be completed within the next few days. The workmen have found easy digging all the way along the route and when they took up their tools yesterday morning there was only about two hundred feet of pipe to lay. In the neighborhood of thirty men have been employed steadily on the job and no time has been lost by the workmen since the start was made over a week ago.

The Cleveland-Cliffs have men at work excavating for the foundations for the boilers. About a dozen have been employed out there during the week. E. W. Canning has taken a position with the company as time keeper and supply clerk at the new property.

A BENEFIT SUPPER.

An oyster supper and social will be given this evening at Christ Johnson's hall under the management of the Scandinavian society. The proceeds will be given to John M. Johnson, a member of the organization, who has been ill for some time past. The members of the society are to be assisted by their lady friends and a good spread is promised all who attend.

PROMINENT IN POLITICS.

Jerry E. Driscoll, an old Negaunee boy, who has been at Eureka, Utah, for the past few years, was recently nominated for the office of treasurer of the town on the Republican ticket. Jerry has been doing very well ever since he located in the western town. He is assistant postmaster there under his brother, J. P. Driscoll.

Hard Colds—People whose blood is pure are not nearly so likely to take hard colds as are those whose blood is impure. Hood's Sarsaparilla makes the blood pure, and this great medicine recovers the system after a cold as no other medicine does. Take Hood's.

GREAT LUCK OF AN EDITOR.

"For two years all efforts to cure Eugene Lind in the gold fields," writes Editor H. N. Lester, of Syracuse, Kan., "then I was wholly cured by Bucklen's Arnica Salve." It's the world's best for Eruptions, Sores and all skin diseases. Only 25c at Stafford's.

Additional Ishpeming

BACK FROM NOME.

Charles Lind Arrives and Other Ishpeming Men Are Coming.

Charles Lind arrived in the city yesterday morning after an absence of eighteen months at Nome, Alaska. He is feeling well and has no reason to regret his sojourn in the gold fields. He said that the other Ishpeming men who went up to Nome about the same time he did may be looked for within the next week or so. Some of the boys told him before he left Nome that they would start for home on the next boat out. They planned to sail on the Queen, and according to a dispatch in some of the dailies of Wednesday that boat arrived at Seattle on Tuesday of this week.

If the Ishpeming men did not get passage on the Queen they would hardly get away from Nome for the winter. Mr. Lind said he understood that the Queen would be the last boat to leave there this fall. A dispatch from Seattle to a Chicago paper conveyed the information that there were hundreds left behind when the boat pulled away from Nome. There was a great scramble by the many men who wanted to return to the states, but the boat could not accommodate all of them. The dispatch further stated that fully five hundred

working men were left in Nome absolutely penniless. It is not known here whether the Ishpemingites were pushed aside in the rush of the crowd for the boat or not. If they were they will not get home as expected.

Mr. Lind stated to the reporter that he will return to Nome in the spring, as he has claims he would like to lose.

ISHPEMING IN BRIEF.

Fred Ongie has been ill and unable to work the past few days.

Tom Lynn has given up the management of Mrs. Joe Pope's saloon.

P. J. McGinty is prepared to procure deer licenses for all who desire them.

Kahn & Skud announce in this issue the arrival daily of new coats, jackets, caps, etc.

The boarders and others, at the Johnston house enjoyed a Halloween party last evening.

A. K. Sedgwick returned to Ironwood yesterday after spending a few days with his people here.

Charles Crabb has been ill and confined to his home the past few days. He is not ailing seriously.

Negaunee and Vicinity.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

SOLD TOO SOON. Many will hunt deer.

Antoine Deloria, Formerly Owner of Lands on East Range, Visiting Here.

Antoine Deloria of Garden Bay, at one time a resident of Negaunee, is in the city spending a few days with old friends. He came up to visit Joseph Boyer and his bride, soon after their marriage, which occurred last week.

Mr. Deloria was at one time the owner of about four hundred acres of land on the east range, on much of which mines have since been opened up. Some twenty years ago he sold the land on which the Negaunee mine has been developed to the Lornstoff-Maas and Mitchell estates for \$10,000. According to the supervising engineer, the property is now worth in the neighborhood of \$2,000,000. At the time Mr. Deloria disposed of the lands he thought he was getting a very fair price as it was not known at that time that the tract was so rich in mineral.

A portion of the land, that passed from the Barabara estate to the Cleveland-Cliffs Iron company early this year was also owned by Mr. Deloria. He sold to the Barabaras for a much less sum than he received from the purchasers of the lands on which the Negaunee is located.

Mr. Deloria also owned the land now occupied by two cemeteries. It has been proved in the past few years that there is mineral beneath the surface of the cemeteries and the question of providing a new site for burial purposes is held in abeyance until next spring, as the Cleveland-Cliffs people will next possession of the land at no distant date.

The Garden Bay man still owns a very small tract of land on the east range, but there is some dispute over it. It may be necessary for him to resort to the courts to get a clear title to the land, as the parties from whom he bought the original tract had no deed, which consists of about two acres.

Deloria's original holdings embraced lands south of the county road. He did not own anything north of that thoroughfare.

Mr. Deloria is in business at Garden Bay. He has been a resident of that place for nearly thirty years past. He came to Negaunee when there was very little of the place. He purchased the lands on the east range for one timber upon it, and later a portion of it was sold to be turned into farms. He did not suppose that what one deposits would ever be found there.

The old man is said to be fairly well fixed. He has a good business at Garden Bay and he owns some property there. He expects to return home within the next few days.

WILL FINISH IN A FEW DAYS.

The work of extending the water main to the Cleveland-Cliffs Iron company's new addition in the eastern part of the city will be completed within the next few days. The workmen have found easy digging all the way along the route and when they took up their tools yesterday morning there was only about two hundred feet of pipe to lay. In the neighborhood of thirty men have been employed steadily on the job and no time has been lost by the workmen since the start was made over a week ago.

The Cleveland-Cliffs have men at work excavating for the foundations for the boilers. About a dozen have been employed out there during the week. E. W. Canning has taken a position with the company as time keeper and supply clerk at the new property.

A BENEFIT SUPPER.

An oyster supper and social will be given this evening at Christ Johnson's hall under the management of the Scandinavian society. The proceeds will be given to John M. Johnson, a member of the organization, who has been ill for some time past. The members of the society are to be assisted by their lady friends and a good spread is promised all who attend.

PROMINENT IN POLITICS.

Jerry E. Driscoll, an old Negaunee boy, who has been at Eureka, Utah, for the past few years, was recently nominated for the office of treasurer of the town on the Republican ticket. Jerry has been doing very well ever since he located in the western town. He is assistant postmaster there under his brother, J. P. Driscoll.

Hard Colds—People whose blood is pure are not nearly so likely to take hard colds as are those whose blood is impure. Hood's Sarsaparilla makes the blood pure, and this great medicine recovers the system after a cold as no other medicine does. Take Hood's.

GREAT LUCK OF AN EDITOR.

"For two years all efforts to cure Eugene Lind in the gold fields," writes Editor H. N. Lester, of Syracuse, Kan., "then I was wholly cured by Bucklen's Arnica Salve." It's the world's best for Eruptions, Sores and all skin diseases. Only 25c at Stafford's.

Additional Ishpeming

BACK FROM NOME.

Charles Lind Arrives and Other Ishpeming Men Are Coming.

Charles Lind arrived in the city yesterday morning after an absence of eighteen months at Nome, Alaska. He is feeling well and has no reason to regret his sojourn in the gold fields. He said that the other Ishpeming men who went up to Nome about the same time he did may be looked for within the next week or so. Some of the boys told him before he left Nome that they would start for home on the next boat out. They planned to sail on the Queen, and according to a dispatch in some of the dailies of Wednesday that boat arrived at Seattle on Tuesday of this week.

If the Ishpeming men did not get passage on the Queen they would hardly get away from Nome for the winter. Mr. Lind said he understood that the Queen would be the last boat to leave there this fall. A dispatch from Seattle to a Chicago paper conveyed the information that there were hundreds left behind when the boat pulled away from Nome. There was a great scramble by the many men who wanted to return to the states, but the boat could not accommodate all of them. The dispatch further stated that fully five hundred

working men were left in Nome absolutely penniless. It is not known here whether the Ishpemingites were pushed aside in the rush of the crowd for the boat or not. If they were they will not get home as expected.

Mr. Lind stated to the reporter that he will return to Nome in the spring, as he has claims he would like to lose.

Lonely Homes

A home is never complete without children. Yet many homes are childless. Many wives are desolate for the lack of a child to love. Their lives are aimless—void of the high motives of motherhood. While barrenness is causing incalculable sadness and sorrow, it exists in most cases on account of some little female trouble, which Wine of Cardui would speedily set right. This pure Wine regulates the disordered female organs by building up the worn out nerves and regulating the menstrual flow. It restores the fallen womb to its proper place. By strengthening the generative organs, it makes pregnancy possible where barrenness exists. You can depend on

WINE OF CARDUI

Suffering women all over the land have been depending on it for seventy-five years. No more convincing proof can be given than the testimony of Mrs. Benson, who is only one of thousands of women to whom Wine of Cardui has brought a permanent cure. Many cases of miscarriage—that trouble which robs mothers of their hopes—have been avoided by timely use of the Wine. You are asked to try Wine of Cardui and Theodor's Black-Draught, its companion medicine. Nine out of ten cases of female trouble, barrenness included, yield to them. All druggists sell \$1.00 bottles of Wine of Cardui.

Last May I had a miscarriage, which was followed by flooding. I read your Almanac and my husband got me a bottle of Wine of Cardui and it stopped my flooding and restored my fallen womb to its place. Now I am cured after taking three bottles and have another to take which I got this morning. I am expecting to become a mother and Wine of Cardui will be my doctor.

PLAN FINDS FAVOR.

MARQUETTE'S SCHEME OF TAXING THE "FLY-BY-NIGHTS."

DETROIT PAPER COMMENDS IT.

IS THE ORDINANCE LICENSING MERCHANDISING HERE.

One Class of Outside Concerns, Those Who Sell from Sample, Is Not Hit, However, Because of the Interstate Commerce Law.

Marquette's scheme of protecting home merchants from outside competition as far as this is possible under the law, and of compelling the "fly-by-night" dealers to contribute to the support of the municipality from which they derive business, is arousing considerable favorable comment in the lower part of the state, and the method bids fair to be adopted elsewhere.

The plan in question is the one provided for in the ordinance "licensing the retailing and merchandising of goods, wares and merchandise," and while there has not yet been occasion to enforce it, as far as it relates to taxing outside traders, it has had the effect of causing the transients to steer clear of the city. Many attempts to get a license fee from transient traders have failed in numerous cities of the state through faults and irregularities in the instruments which have been approved by the corporate councils.

Commenting in its issue of Thursday, on the ordinance, the Detroit News editorially says: "Marquette has taken an advance step in municipal legislation which should be followed by every city which has a regard for the protection of its own interests. Marquette has suffered from the invasions of fly-by-night, fire-sale and bankrupt-sale merchants. They come from nowhere in particular and vanish as they come, leaving unpleasant memories. They have no reputation to sustain, and therefore they can afford to be reckless in their methods. They can misrepresent in their advertising and in their individual dealings. When they sell a bill of goods to a customer, they never expect to see him again, and they seek him as much as they are able. At the same time they offer unfair competition with local merchants who have reputations to sustain and taxes to pay. It is shown to all who are in business that these traveling concerns are a general detriment to the towns which they invade, because they are outside the local trade and they too often swindle the general public. Bunching laws have been enacted to handicap them, but these have usually been unconstitutional and of no effect.

"Marquette has met these itinerants by inflicting a license upon all merchants. Merchants are to pay a \$25 license fee for the first year in business and \$5 a year for each year thereafter. In case the merchant pays personal taxes for the support of government, the license fee is to be deducted. This is a round-about way of making the traveling "sale" concern pay a license without making any discrimination against it. If the moving-van man stays right along and pays taxes like the other merchants in town he can get his rebate the same as they do. This \$25 license fee may be effective in a town the size of Marquette, but it seems quite inadequate for the privilege of defrauding the public of a city like Detroit. Evidently the fee system must be modified to meet different conditions, but there is a valuable suggestion in this ordinance."

One Class Not Reached. It should be added that, although the ordinance reaches classes heretofore impossible to touch, there is one form of competition that it was found impossible to wipe out. This relates to the practice of metropolitan houses sending to this city representatives who exhibit their goods at the hotels several times yearly and sell from sample. The failure to reach this class has been criticized, but attorneys say it is practically out of the question to apply a local remedy. The outside representatives take orders purely from samples, being literally "drummers" and are protected by the interstate commerce law, since delivery of the goods is made by the houses themselves. It is claimed for the measure that it marks the limit of lengths to which the city can go in the effort to procure a revenue from outside business men and to provide protection for local merchants against the wholesale competition of nomad dealers. The city charter contains all the safeguards which may be legally provided,

and there is practically no question that all the provisions of the ordinance will stand before the law. The ordinance, of course, is in addition to those regulating other kinds of trade, such as peddling. It does not include the hawking of fresh meats, vegetables and fruits, or hay or wood or such other products as the farmer may sell. Neither does it include liquor dealers, who already pay license. Since the adoption of the ordinance, no nomad dealer has taken out a permit to do business under its provisions. This class evidently has been frightened away, and this was one of the objects sought to be attained. The police have instructions to keep an eye open for transients who endeavor to violate the ordinance, but as far as the home merchants are concerned, they have been rather lax about taking out the required license. Not half of them have done so. It was to hit the outsider, however, that the ordinance was adopted, and this feature is being enforced.

"ARE YOU A MASON?" Farce Comedy That Made a Hit in the Large Cities Is Coming Here.

The play under the above title, which is to be presented at the opera house next Wednesday evening and which is offered to the Marquette public for the first time, is an adaptation from the German by Leo Detrichstein. "Are You a Mason?" was originally produced in Berlin under the title of "Lodge Bros." and many of our European tourists, who witnessed its presentation there, are familiar with the extraordinary popularity it achieved. It was this piece which made such a tremendous hit at Wallack's and Garrick theaters, New York city, and ran all summer at Powers' theater, Chicago. The result was a uninterrupted run of many months to crowded houses and delighted audiences.

Masonry is the latest vehicle to furnish a motif for the playwright. The garb of mystery surrounding the average lodgeman, has been seized by these clever playwrights as the basis for their play. It tellingly strikes off the follies, the weaknesses of the "good fellow," the trusting wife, etc. It is an epitome of things that occur daily throughout the world wherever this lodge man exists. Its satire is kindly, its fun effervescent. It is the most meritorious comedy production of recent years.

SUNDAY IN THE CHURCHES.

Presbyterian Church—Rev. A. F. Bruske, D. D. of Alma college, will preach at 10:30 a. m., and in the evening at 7:30 will give an special address to young people. Sunday school convenes at 12 m., the Junior Christian Endeavor society at 4 p. m., and the senior society at 6:30 p. m.

Methodist church—In the morning, at 10:30, a sermon for the "old people" will be delivered by the pastor. This is in accordance with "Old Folks' Day," which will be observed throughout the conference. The evening service will be as usual.

St. Paul's cathedral—Twenty-second Sunday after Trinity: Holy communion (plain), 7:30 a. m.; holy communion (choral) and sermon, 10:30 a. m.; Sunday school, 12 m.; evensong and sermon, 7:30 p. m.

First Baptist church, Rev. H. E. Purinton, pastor—Morning, 10:30, "The Christianity of Christ"; evening, 7:30, "Are the Spiritual Faculties Extirpated by Disease?" Sunday evening, beginning at 7:30, there will be a service of reformation at the German Lutheran church, 122 W. Bidge street. All are welcome.

St. Margaret's Mission (Episcopal), South Marquette—Sunday school at 2 o'clock p. m.; evensong at 3 p. m., Rev. Hugh Spencer officiating.

IN A TUMBLER OF ICE.

"Extremes meet," certainly, in one of the experiments performed next Monday night at the liquid air entertainment, where an electric carbon is burned at a temperature of over 3,000 degrees above zero in a tumbler made of ice and containing liquid air 312 degrees below zero, yet with no injury to the delicate ice receptacle. This is but one of the many feats that are promised the expectant public.

PAROLED BY THE GOVERNOR.

Governor Bliss has issued paroles to Cornelius Sullivan and James Smith, both inmates of the branch state prison. The former had two years to serve for robbery committed in this county, and the latter had only forty-five days of his sentence remaining to serve.

ALL SOULS' DAY.

In observance of All Souls' Day, there will be special services at St. Peter's cathedral this morning. Mass will be celebrated at 7 and 9 o'clock, the latter service to be requiem high mass.

FREE! FREE!

Dress your boys this morning. If you buy one suit or overcoat you get another free. Chance open from 8 until 10 o'clock. At Stirling & Co.'s store. (11-2-14)

MAN'S BODY FOUND.

Discovery Takes Coroner Crary to Big Bay, 45 Miles Up the Lake.

News has been brought to the city of the finding of the body of a man on or near the lake shore in the Big Bay district. The identity of the corpse could not be determined by the party stumbling across it, but by some it is believed to be the remains of Harry Prior, the missing lighthouse keeper. In other quarters, the belief is that the body is that of a sailor who fell overboard from some boat or possibly that it is the remains of one of the steamer Hudson victims. Coroner Crary was notified of the gruesome discovery, and has gone to the scene to investigate. It is forty-five or fifty miles by road to Big Bay, and the coroner is not expected back until this afternoon or tomorrow. He left by train Thursday.

DEAD AS A HERRING.

Nothing Doing in the Copper Stock Market at Boston.

The Boston market was again practically stagnant yesterday. The trading was of insignificant dimensions, and the quotations came few and far between. To quote Hayden, Stone & Co.: "It was the same old story—nothing doing in coppers. Amalgamated is quiet, so the others are dead." However, there appeared to be no tendency of the prices to sag, values generally moving within a fractional range and closing firm and at even slight advances in some cases. The statistics, notably the further decrease in the supply of copper abroad, were again very bullish.

As Noted by Paine.

Paine, Webber & Co. said: "The coppers seem to be waiting for the public to get over its recent fright and come back into the market. There were practically no stocks for sale today, and the buying demand was not sufficiently strong to start prices up much. The market seems to be wholly in the hands of the public. The large financial interests are doing nothing and the traders appear to have tired of working for low prices. It is one of the markets that may work higher without the advance being noticeable. Today's reports show a further decrease of 1,500 tons in the foreign visible supply of copper. Even the foreigners must buy some time."

The following, from the Boston News Bureau, came supplementary to Paine's letter: "There is one point investors should bear in mind, and that is that Amalgamated consists of plucked mines. Anaconda and Boston & Montana have passed through their richest ore bodies and these companies are the main assets of Amalgamated. The new mines Boston is opening at Lake Superior—the Baltic, Champion, Trumantun, Mohawk, Mass, Michigan, and Adventure—start with their ore near the surface and will be better able to meet a 12-cent copper market than some older and deeper mines, for even at Lake Superior the mines decrease in value at depth. As these new mines start with good mills, good equipment and are first well opened they will be in the field when copper is 12 or 10 cents and it will be many years before deep mining increases their cost sheets. They are unplucked mines, and what the new mines can do at Lake Superior with modern equipment has never yet been demonstrated."

MARINE MATTERS.

Passed the Canal. Sault Ste. Marie, Nov. 1.—(Special)—Up—Malta, 8; Watt, 9:40; Canora and whiteback, Admiral, Merida, 1:30; Corlies, Vulcan, Superior City, 3; Lynn, Norton, 5:30; Venice, Ward, Plagg, Warner, 7; Henry Curt and whiteback, 7:40; Athabasca, 9:20; Sacramento, Matanzas, Proctora Crescent City, 11:30; Harlem, 1; United Empire, Nyansa, Orinoco, Roby, 1:30; Madden, Mantene, Noquebay, 2; Ogenaw, 2:40; America, Tyrone, Grover, 3; Wilhelm, Nirvana, Galatea, Lafayette, 3:30; Rensselaer, Carrington, 7:40.

F. C. Bennett, representing the Filagrat Candy company of Milwaukee, will be at the Hotel Marquette Friday and Saturday with a complete sample line of Christmas tree ornaments and candies for the holiday trade. All merchants dealing in these lines are invited to call and inspect the samples. (10-31-5d)

NOME GOLD STOCKS.

The largest gold nugget ever found in the north was taken out of Anvil creek, Nome district, Alaska, Sept. 14. It weighed 97 ounces, and is valued approximately at \$1,800. Nome gold averages \$18 per ounce. The Nome and Kongarok Consolidated Mines company of 403 Camp Building, Milwaukee, Wis., owns 940 acres of very valuable placer property in this district. For prospectus, maps and price of stock apply to either Jos. J. Wirtz, Marquette, or H. C. Cain, Ishpeming, fiscal agents. (10-3-1m)

"Let the GOLD DUST twins do your work."

GOLD DUST

makes the clothes white and clean without injury to the fabric in any way. "Housework is hard work without Gold Dust." For greatest economy buy our large package. THE N. K. FAIRBANK COMPANY, Chicago.

FOOTBALL GAME TODAY.

Second Team of High School Will Play the Negaunee Regulars.

It is the first, or regular, team of the Negaunee High school with which the second eleven of the local school will try conclusions this afternoon. The contest will take place at the old fair grounds and will start at 2:30 o'clock. The Marquette boys do not expect that the victory will fall to them, but nevertheless they will endeavor to hold the husky Negaunee players down to as small a score as possible. They have been practicing diligently this week and are in the best of condition. The line-up of the teams will be as follows:

Marquette—Quarter back, Brown, captain; right half back, Eddie Connel; center, C. Mitchell; right tackle, Bailey; left tackle, Markham; left end, Williams; right guard, J. Byrne; left half back, Blodgett; full back, Graustadt; right end, Holley; left guard, Trombley. The substitutes are: Cooper, Conklin, Bell, Van Evera, Ross.

Negaunee—Quarter back, Maitland and Rogers; right half back, Maitland, captain; center, H. Thornton; right tackle, Sawbridge; left tackle, Yates; left end, Byrnes; right guard, A. Bough; left half back, Jones; full back, Pearce; right end, Fitzpatrick; left guard, Toms; with the following as the substitutes: Mitchell, Curley, Jacka and Walker.

E. W. MacFarran will officiate as referee, Paul Hawthorn as umpire and Messrs. Young and Rule as line timers. It is the hope that a big crowd will witness the game.

SPREADS LIKE WILDFIRE.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudines of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by Stafford, druggist.
