The Radiant-Home Base Burner

Is the heater for you to buy. No matter how small your salary may be, it is the cheapest stove in the end. The Radiant-Home positively saves one or two tons of coal in five months. This is a great big item to the person working for \$35.00 to \$40.00 a month. It is certainly worth saving to the person working for \$100.00 or more a month. Don't buy a base burner until after you have talked with your friends and neighbors who use a Radiant-Home.

That is where some people feel weak all the time.

They are likely to be despondent and it is not unusual to find them borrowing trouble as if they hadn't enough already.

The fact is their kidneys are weak, either naturally or because of sickness, exposure, worry or other influences.

There was a considerable accumulation of copper, mounting to probably between six and even thousand tons, at the Dollar Bay melters,opposite Houghton, at one time ast summer, but this is nearly gone, and the other mines and smelters have been shipping copper as rapidly as turned out by the furnaces, during the entire season. The Amalgamated Conthusiasts from Houghton, Hancock and per company may or may not be piling up large copper reserves, but the independent mines of the Lake district are sold well ahead, and are shipping their copper as rapidly as made, From the sales already made for winter delivery it is certain that all-rail shipments will be made when lake navigation closes, as has been done for two seasons past. There is a saving of about \$8 per ton, or four-tenths cent per pound, on mixed lake-and-rail shipment to the seaboard from this district, but the demands of customers require that copper be delivered steadily, as few consumers are carrying stocks of any great size, and their stores must be replenished frequently, while none of the Lake mines, with the other arrangements have everything in hard practice, and considered from all exception of the Calumet & Hecla, has any eastern reserve of metal. Harvard, 48; Brown, o. Cambridge, Nov. 3.-Harvard easily defeated Brown yesterday afternoon, 48 to 0. Five touchdowns were made in the first half and three in the second. Harvard's line was much stronger than Brown's. This effectually stopped Brown's rushing while it allowed Harvard's plays to get well under way with out being broken up. The strength of Harvard's attack was shown by the fact that in the first half she punted only once, scoring her five touchdowns by close rushing game. In addition, Harvard once advanced the ball from her own fifteen-yard line to Brown's twoyard line by rushing, only to lose it on a fumble. Princeton, 8; Cornell, 6. Ithaca, Nov. 3.-Princeton scored hard fought victory over Cornell yesterday afternoon by a narrow margin, the score being S to 6. Princeton won on a safety allowed by the referee, which was vigorously protested by Cornell. It resulted from a trial for a goal from field. The ball missed the goal posts by several feet, but was picked up by Cornell's quarterback, who shoved i back over the line by a Princeton play er. Cornell took the position that the Princeton man was off-side before Cornell took possession of the ball, but the official decision was to the contracy. It was too dark to distinguish the teams before time was called and because of this the deciding of the play was made more uncertain. The score

Escanaba Defeats Menominee.

The Menominee school team went own in defeat before the Escanaba eleven Saturday. The game was played at Escanaba, the score being 12 to 0. It is said that Escanaba would have cored another touchdown had there been a few minutes more to play, as could have been well along by this time they were rapidly advancing the ball if the lumber had arrived as it was want oward their opponents' goal when time ed.

Dr. Sweetland, Ishpeming's coach ook in the game. By the way, Escanba sent a man to Ironwood to keep in eye on the Ishpeming team's playing there. The boys from here did not use any of their new plays, so that there vas little gained by the Sandy City man. About the same line of plays that were used in the game against the West Superior Normals the week before were the order at Ironwood.

Dr. Sweetland says Escanaba has a good team and he thinks the Ishpeming team is in for the hardest battle of the season next Saturday afternoon, when it will meet the Escanaba eleven to attle for the upper peninsula champion ship. The Escanaba players are con-ident they will defeat the Ishpemings. The Escanaba players are conome of them took the trouble to tell the Ishpeming coach how they felt about t and what they would do to the Hem-

There are reasons why Escanaba ould win, but it remains to be seen hether the honors will go to that town r remain in Ishpeming. It is a much neavier team than Ishneming's, the av erage weight of the players, Sweetland says, being about 150 bounds, the same as of the West Superior team. Superintendent Ewing would like to lay next Saturday's game on neutral counds, but his wishes will not be emplied with. Ishpenning has been in everal championship contests and she as never yet made a demand for a hange of grounds when scheduled to lay away from home. It will surprise Mr. Ewing's friends here when they arn that he would like to have the ame played outside of Ishneming, when knows positively that there will be o change granted, nor is his team enitled to such a concession. Two years go when Escanaba won the upper penisula championship from Ishpeming he game was played at Escanaba. Isheming did not object to coing down here. Last year the chammonship const was not played in Ishbeming and o attempt was made by the local eam's management to have the contest ulled off at some place other than there it was scheduled to be played, Mr. Ewing is a very clever, nice fellow, with a whole lot of friends in Ishpeming, but his little dodge to take the game to some other town will not work. He will play his team here Saturday or forfeit the championship to Ishpeming. In iew of this it is certain Escanaba will

be on hand to play, as Ewing would surely not pull out because his very un asonable request is not granted. Officials for the contest have not yet en decidéd on. Each team will have choice of one. John Gorman, who drives one of Louis Corbett's wood delivery teams, was in a street and the driver was unable to bler is just eighteen months old. control them. The whiffle tree came ongue of the wagon left the neck yoke and the end struck the horses' feet, hen wiggled from one side of the street to the other. The driver made several attempts to check the mad run of the team, but without success.

The team went down Iron street as ting in the seat of his wagon at the fifty-pound mark. fountain while his horse was drinking. Corbett's team dashed into the apple wagon, knocking the owner out and injuring him slightly. In the fall he struck on his stomach, which knocked the wind out of him for a few seconds. His right hand was also bruised.

As the team went around the corner forman lost his footing and was tossed topple over.

A young lady who was crossing the street going to the postoffice barely esaped being run into by the team. Others also in the vicinity of the fountain moved with unusual rapidity to get out of the way.

Aside from the injury to the man on he apple wagon there was very little street, amage done. One of Corbett's horse as cut in the leg and one wheel of the peddler's wagon was twisted.
