ISHPEMING WINS CHAMPIONSHIP.

Escanaba's Crack Team Went Down in Defeat Here Saturday Afternoon.

Ishpeming, 11.
Escanaba, 0.

The above was the score of the championship battle between the Ishpeming and Escanaba teams at the local grounds on Saturday afternoon. It is quite possible that Ishpeming would have added another touchdown or two if the visitors had remained to finish the game. They quit the field with fifteen minutes of time remaining. The game was one of the cleanest ever seen on the local grounds and Ishpeming won because the team was the stronger of the two. Ishpeming made one touchdown in the first half and the other in the second. Professor Cussler of Ashland was referee and A. K. Sedgwick of Ironwood acted as umpire. Both understood their business and no complaints were made by either team on their rulings.

Excitement at High Pitch.

The expected excitement prevailed and there were a number on the grounds who lost their heads completely. Some came out on their muscle, while others had their betting clothes on. The latter class spent much of their time circulating among the spectators looking for "easy" money. There was very little Escanaba money in sight, except where big odds were offered. The crowd was by far the largest of the season, numbering at least one thousand persons. The small boy, the young man, the middle aged man, the old man, the girls and the married women, were there using their tongues and throats in support of their favorites. All became more or less excited at times and "seraps" were frequently in sight, but the termination of the meeting of football cranks of the rival cities wasn't half bad after all, though the Escanaba people went home feeling sore.

Game Ends in Row.

What threatened to be quite a rumpus was started by the two linesmen. Chief Barabee, for Escanaba, and Eldred Anderson, for Ishpeming. There was no occasion whatever for the jangle if the belligerent pair had attended to their business on the side lines. At the offset Anderson was cautioned by Ewing to keep silent and not say anything that would affect the playing of either team. Anderson agreed with the understanding that Barabee should also keep quiet. B. O. Greening of Neegaunee was the official linesman. If everything was not moving properly it was the latter's place to offer objections. Anderson and Barabee pulled and had, one on each end of the line, until they became angry. Greening had his hands full keeping the men from pulling the line to a point that would give one team an advantage over the other.

Just as Peterson went over the line for the second touchdown, Barabee ran out to Sedgwick to protest against the crowd coming on the field. Anderson caught him by the coat, yelling, "you can't do it." Barabee yanked him along until they reached Sedgwick. The crowd thought something terrible had happened and several hundred men and boys surrounded the linesmen and umpire. Sedgwick heard Barabee's protest and assured him that the condition of the ground was acceptable to the captain of the Sandy City team. Just before the touchdown Sedgwick stopped the game and insisted that everyone crowd back behind the goal. The playing was not resumed until the Escanaba captain gave his consent, agreeing that the field was clear.

Begle Gets "Biffed."

While the officers and others were trying to hold back the crowd that had gathered around the linesmen and umpire the coaches, Dr. Sweetland and Ned Begle, came together. Just before the game started it was agreed that both coaches should be permitted to remain inside the lines, but that neither should be allowed to coach his team. All the way through the game one objected to the actions of the other, though neither did any coaching. Begle seemed to think Sweetland was giving his team silent signals and he continually kept after the doctor. When the disagreement between the linesmen arose Sweetland advanced toward his players, who were returning from Escanaba's line to the center of the field to prepare for the next kickoff, when Begle caught him by the coat and insisted that he keep away followed claim that Begle had his hands up with the intention of striking Sweetland, but that the latter caught the Escanaba man under the nose with his left. Others jumped in and several were ready to take a hand in the affair, but Sweetland walked away and made no further attempt to continue the row, saying as he started off that he did not want Begle continually following him around.

Escanaba Quits the Field.

The visiting team did not remain on the field more than a minute or so after Ishpeming's second touchdown was made. It seemed to many that its action in withdrawing was premeditated; that the Escanaba men expected a row about that time provided the game was not going their way and they knew just when to quit. There was no need of the team leaving the field at that time, as there was no disagreement on account of any of the plays or the decisions of the officials. The rumpus between the men not playing in either team did not seem adequate cause for their retirement. Ishpeming kicked goal and then line up and went through plays until the limit of the four minutes required in such instances had been reached.

When Superintendent Ewing was in Ishpeming last week he was under the impression that the game was satisfactory to his team he told Superintendent Mayne that if the contest was pulled off in Ishpeming it would never be finished, that it would end in a row. The local superintendent is now satisfied that Ewing meant what he said and that it was understood between himself, his players and Coach Begle that if the team stood

refused to let a substitute take his place, though he should have been in bed.

Gill made some great plunges through Escanaba's line, invariably advancing with the ball. He was bandaged from head to foot, still being in bad shape as a result of the injuries he received in the game against West Superior.

Fred Almsstedt is by far Escanaba's strongest player. He was about the only man on the team that could advance the ball through Ishpeming's line. Captain Peterson of the Ishpeming team is conceded to be one of the strongest high school players in Michigan. He is also well posted on the rules and fine points of the game.

Superintendent Mayne was very much amused at Escanaba's many attempts to "hid" its way out of a foul hole. He says Ewing will not enter a protest against Ishpeming. He gives "bick" credit for having better sense, as his protest would only be laughed at by the school men of both peninsulas.

The songs and yells that Escanaba's players and supporters had intoned, to be given after they had won the victory, will be put on the ice until another season.

Wonder what comparison that Ironwood man will make now since he has learned that the West Superior team did to that "crack" team of the Duluth high school? Yesterday's Milwaukee Sentinel had the following mention of Saturday's game: "The Superior normal football team defeated Duluth this afternoon by a score of 10 to 0. The contest was continually marred by fighting over decisions and had to be called on account of darkness, with eleven minutes to play. Superior clearly outplayed its opponents, scoring three touchdowns in the first half, which were not allowed on account of alleged off-side plays." It would seem from this that Ishpeming would make short work of Duluth, just as Moreland asserted it could when he was here two weeks ago. If Superior is good for five touchdowns against Duluth Ishpeming should be good for just as many.

The Hancock High have challenged Ishpeming for a game. The teams will likely come together here next Saturday.

The lower peninsula championship will not be settled for two or three weeks yet. It is said that the Alma and Niles teams are creeping toward the top. Ishpeming's game with the lower peninsula champions will not be played this year until after Thanksgiving.

Fred Braastad is very much interested in Ishpeming's eleven. He had men and teams at the grounds Saturday morning scraping off the snow.

Spectators at Saturday's game got more than their money's worth. The fun on the side lines was not advertised as part of the day's amusement. Arguments were warm for a while.

BY FIRST OF YEAR

EXPECTED THE NEW ROAD WILL GO INTO COMMISSION.

MUCH DEPENDS ON WEATHER

ENTIRE ROAD HAS NOW BEEN COMPLETED.

Company Itself Is Laying the Rails and the Steel Is Down from Presque Isle to Four Miles Beyond Chocoley Station.

It is the confident expectation of the officials of the Marquette & Southeastern railroad that the new line will go into regular service by the first of the year or shortly thereafter. The construction of the roadbed is completed—the contractors having shifted their operations to the east of the Munsing road, where a fifteen mile extension in the direction of Grand Marais is now being graded—and the steel is going down at this end in rapid fashion.

The rails have been laid from Presque Isle and along the water front, via Lake street, to a point about four miles the other side of Chocoley, and the construction trains are able to run the entire distance. Of course, but this work will be immediately started, beginning on Lake street. The gravel to be used for this purpose will be taken from the Morgan pit near Eagle Mills.

The rails are being laid by the railroad company itself, Engineer Deimling having supervision of the work. During the season some six or seven cargoes of rails have been brought to Lake Superior by the steamer Business, consigned to the Marquette & Southeastern, and there is plenty of steel on hand with which to "iron" the new line.

INJUNCTION THREATENED.

Marquette & Southeastern Given Ten Days in Which to File Bond.

On the application of S. W. Shaull, attorney for Mrs. Hannah Connors, owner of property on Lake street, Judge Stone, sitting in chambers, on Saturday granted an order providing that the Marquette & Southeastern road file a \$2,500 bond within ten days on penalty that an injunction would be issued against the company.

Some time ago, proceedings to condemn not having been taken, the railroad was ordered to file bonds in the sum of \$2,500, guaranteeing the payment of damages to Mrs. Connors, and three weeks' grace was given. The time having expired without action on the part of the company, Mrs. Connors

again appealed to Judge Stone, with the result as above set forth. Although the railroad has been constructed in front of the complainant's property, the injunction would still have the desired effect, in that it would virtually tie up the line, at least on Lake street.

Late in the afternoon, The Mining Journal is informed, the required bond was filed in the court, George Hayden and D. W. Powell being the sureties. It has still to be approved by Judge Stone.

MANY BOATS SHELTERED.

The harbor had the appearance of a roadstead along the shore of the ocean, Saturday, with the many vessels at anchor waiting for the sea to go down. The lake rolled high all during Friday night, and dawn saw a big fleet sheltered in port that did not get away until early yesterday morning.

The only steamer loading here which ventured out during Friday night was the big propeller Yale, and after struggling with the waves it returned to the harbor, arriving about 10 o'clock Saturday morning—a rather expensive tussle, with coal several dollars per ton. The Yale, which left with the other boats yesterday, is bound for Fairport with 4,700 tons of ore taken on at the South Shore docks.

The vessels weather-bound in port Saturday were the Kaliyuga, Chattanooga, Lewiston, Business, Norfolk, Oscola and Yale, which left with the other boats yesterday, Iron Duke and consort, Italia and tow, Marina and whaleback, Yale and Continental and Holland.

FIRE DEPARTMENT CALLED OUT.

A chimney fire shortly after 7 o'clock last evening called the department to the residence on Washington street between Fourth and Fifth owned by Jacob Smith and occupied by Charles Eismann. The firemen were forced to use chemicals to quench the blaze which had started to make headway in the attic.

A feature of the dash to the scene was the running over of a dog by the hose wagon on the corner of Fourth street. The dog, a big black animal, attacked Devey, the fire department dog, almost underneath the horses' hoofs. Devey tossed it off and the stranger seemingly went under the wheels. Strange to say, however, the dog was not hurt and the last seen of it, it was running up Fourth street at a lively gait.

KILLED DEER NEAR THE NORMAL.

S. W. Shaull is one of the few Marquette hunters who have bagged a deer so far this season. The other morning he took his bicycle and rifle and went out on the fair grounds road, going into the woods back of the Normal school. He had not been there fifteen minutes before a deer came within range and was killed with one shot. Mr. Shaull returned to town with his game after having been absent less than a couple of hours.

Puts light in the eye, tints the cheeks with nature's vermilion, loosens the tension of life, brushes cobwebs from your brain. That's what Becky Mountain Tea does. 35c. Stafford Drug Co.

CAPTAIN OF THE HUDSON.

Cornerer Cray of the Opinion the Body Found at Pine River Was McDonald's.

Cornerer Cray is not only of the belief that the body of the man found near the Pine river club recently was that of one of the victims of the steamer Hudson disaster, but he is inclined to think the remains were those of the captain of the ill-fated craft.

The captain of one of the ore carriers which was in port last week saw The Mining Journal's account of the inquest and was so struck by the description of the dead man that he called on the cornerer for further particulars. In their conversation several new facts developed and both gentlemen came to the belief the corpse was probably that of the master of the lost steamer. Captain McDonald, whose body was not among those found on the beach in the copper country, was a man of about the same build as the corpse—nearly six feet in height and of weight about 200 pounds—while the age (about thirty) also seemed to correspond.

Concerning the peculiar teeth, the master of the vessel was not so intimately acquainted with the Hudson's captain as to be able to identify them. In the upper set the teeth were all double save three, while in the lower all the teeth except the last one on each side of the mouth were single—a combination not often found, and which Mr. Cray thinks will yet lead to a definite identification.

It is also the opinion of the cornerer that were the beach from Big Bay up to Huron bay, a distance of about forty-five miles, searched, more bodies, and wreckage as well, from the Hudson would be found. Considering the location of the disaster and the general direction of the winds since that date, it would be strange, he thinks, if at least debris from the lost boat was not discovered. The country is a veritable wilderness, and unless a search is made just what is now on the beach in the line of wreckage will never be known.

A ROAST BY ACTOR GOLDEN.

It is to be regretted that a rather meagre audience greeted Richard Golden in "Old Jed Prouty" Saturday evening. To those theatre-goers who did attend, the performance seemed to give satisfaction. As a whole the support was good, and it was demonstrated by the star that he has histrionic ability of high order. The applause was frequent and hearty, and several curtain calls were tendered Mr. Golden, whose portrayal of the old Maine tavern keeper was so true to life that it was hard to realize it was but being enacted on the stage.

To one of the calls Mr. Golden responded with a little speech in which he criticized the alleged practice here of patronizing the "cheap-john" shows to the injury of the truly meritorious attractions, which remarks were by some considered uncalled for. He also recommended Tim Murphy, who appears here this evening in "A Capitol Comedy," as being well worthy of patronage, and referred to his own appearance in Marquette as being an expensive experiment.

"Old Jed Prouty" carries a quartet

and a pianist that in particular pleased the audience Saturday evening, while the little girl also was very good. Popular prices would doubtless have filled the house.

COPPERS AGAIN HALT.

What Looked Like a Boom Saturday Suddenly Fizzled Out.

Coppers started out Saturday as if they were going to score some stiff advances before the short session came to an end, but before the close the security upward swing had come to a halt and the stock left off rather weak. Amalgamated was again the keynote, the list as a whole fluctuating in sympathy. Even at that, however, the trading was of very small dimensions, and at no time during the day was there much activity. There was also no pressure to sell and the bull boom is still scheduled as being on the way.

Hayden, Stone & Co. wired the Laidley Commission company: "It is utterly impossible to infuse any real life into the coppers. Even Utah is being sold on the advance of 2 points that came with the announcement of the dividend. The strength and activity in the railroads monopolize attention. Any moderate buying orders would put the coppers up, as there is no pressure to sell, but we advise waiting till there is a good swing under way before going into them anew."

Paine, Webber & Co. said: "What promised to be a good rally in the coppers was checked by the heaviness of Amalgamated. Toward the closing, Baltic and Copper Range showed a disposition to break away and advance independently. This may be the outcome of the announcement of the dividend. The best developing properties may lead an advance, as they have in times past. We favor the purchase on a moderate scale of the medium-priced coppers."

Walker Bros. said of the Wall street stocks: "The market today was again strong and active, and with the prices advancing. There was good buying at the opening and the sentiment was generally bullish. The steel stocks were strong and many of the specialties were bid up. Metropolitan Street Railway advanced on heavy buying and short covering and all the tractions were strong. The bank statement had little effect and the close was strong at about the best points of the day, with talk of higher prices next week."

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by the Stafford Drug Co.

RUGS MADE OF OLD CARPETS. Address M. Iralson, Janzen Hotel. (11-14-1w)

A Jacket Opportunity---Cloaks at Less Than Cost.

We have selected about 50 Cloaks from our stock, mostly short jackets, and have marked them at so low a price that no one need to be cold this winter. These are not shop-worn goods. We don't carry goods from season to season, but do the same as we are in this case--mark them so low that they must go. We shall offer this entire line at **\$3.98 Each** less than the cloth cost. It is a broken line--nearly all sizes.

LADIES' TAILOR-MADE SUITS AT A BARGAIN.

We have a number of suits--odd ones--we want to sell them today and have selected several that we will mark this morning **\$4.98** The skirt alone is worth double what we ask you for the whole suit.

- \$50.00 Mink collar--full length--hip seam Skinner satin lined Coat, made from a fine Tan Kersey, very stylish marked. **\$35.00**
- \$50.00 plain full length, fine tailored, tan kersey. Skinner satin lined throughout; marked. **\$35.00**
- \$35.00 42 inch, hip seam, castor, tan and black. **\$25.00**

- \$25.00 42 inch coats, usually sold at \$25.00 bought for less than value **\$17.50**
- \$10.00 27 inch half tight fitting, American Woolen Co's kerseys, satin lined throughout, castor tan and black; sale price. **\$9.98**
- \$7.50 27 inch same as above only in black; special at. **\$6.98**

NEW SUITS THAT SPEAK FOR THEMSELVES.

By far the largest assortment ever shown in Marquette.

Stylish, Up-to-date, Nobby, MAN-TAILORED GARMENTS.
