Neighborliness is not a thing dependent upon proximate residence or acquaintance, but upon the kindly spirit which

seeks to help and comfort.

Mrs. Alice Adams, of Laboratory, Washington Co., Pa., says: "With many thanks I write to let you know how I am. I can say by God's help and your help I am well. I have taken six bottles of Dr. Pierce's Favorite Prescription and two of his 'Golden Medical Discovery,' and I can do all my work. I can't praise your medicine too highly. THOUSANDS OF NEIGHBORS

testify to a cure of their diseases by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, heals inflammation and ulceration and cures female weakness. It cures nervousness, sleeplessness, head-ache, backache and other ailments caused by womanly diseases.

"Several years ago I suffered severely from female weakness, prolapsus and menorrhagia, and used Dr. Pierce's Favorite Prescription with splendid effect," writes Fannie Shelton, of Washington, Iowa. "Glad I have not needed it for a few years past, but if I should have any return of the old trouble would surely try 'Favorite Prescription. have recommended it to

a number of my lady friends. I always tell them to try a bottle and if they are not benefited by it I will pay for the medicine. In every case they have spoken in praise of it."

CAN I BE CURED? At the last this question of cure comes down to a personal matter. After trying many medicines and local physicians in vain it is no wonder that some women think their case is exceptional. But a majority of women cured by "Favorite Prescription" thought the same thing. Yet they were cured by the use of this remedy. It is a possibility that in some cases no complete cure can be made. But it is on record that "Favorite Prescription" has cured ninety-eight women out of every hundred who have given it a fair and faithful trial. In the few cases where a cure was impossible great benefit has been received, and relief from pain secured, though perfect health could not be re-established.

There are certain medicines which contain stimulants or narcotics which make the person using them "feel good" for a time, because they dull the sense of pain, but they do not produce any lasting benefit. "Favorite Prescription" contains no alcohol and is entirely free from opium, cocaine and all other narcotics. t does not numb the nerves but nourishes them.

Sick women are invited to consult Dr. Pierce, by letter, free, and so avoid the tionings and obnoxious local treatments which the home physician often deems necessary. All letters addressed to Dr. Pierce are treated as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

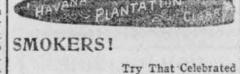

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

SAN FRANCISCO ORDINANCE COUN-TENANCES BOXING.

If Police Believe Mill to Be Brutal They May Stop It After It Starts-Jeffries on the Long End in the Betting.

San Francisco, Nov. 14.-With the Jeffries-Ruhlin championship battle but twenty-four hours away public interest is keyed to the highest pitch, and the sounding of the gong that will bring the Los Angeles boiler-maker and the Akron giant together is awaited with anxiety. All day enthusiasts have been flocking into the city. It is evident at this time that the Mechanics' pavilion will be taxed to its utmost capacity, and fully 10,000 will witness the big event.
