

# THE DAILY MINING JOURNAL.

NUMBER 3376.

MARQUETTE, MICH., MONDAY MORNING, NOVEMBER 18, 1901.

PRICE FIVE CENTS.

**WE HAVE JUST RECEIVED**

A FRESH LOT OF THE  
**Celebrated Baird Hoarhound Drops.**

TRY THEM FOR THAT COUGH.

**THE STAFFORD DRUG CO.,**  
222 SOUTH FRONT STREET.

**The Radiant-Home Base Burner**

Is the heater for you to buy. No matter how small your salary may be, it is the cheapest stove in the market. The Radiant-Home positively saves one or two tons of coal in five months. This is a great big item to the person working for \$35.00 to \$40.00 a month. It is certainly worth saving to the person working for \$100.00 or more a month. Don't buy a base burner until after you have talked with your friends and neighbors who use a Radiant-Home.

**Greatest Heating Power. Economy. Durability. Cleanliness. Convenience.** Sold only by

**Marquette Hardware Co.**

**Wanted, 500 Customers**

for our FINE TAILOR MADE CLOTHING. My line of Fancy Cheviots and Unfinished Worsted Suitings in very large and complete and everything is new and strictly up-to-date.

YOUR ORDERS SOLICITED.

**FRED L. SIMMONS, Tailor.**

**Shoes Shoes Shoes**

That are Durable. That are Fashionable. That are Comfortable.

We carry a large assortment of them in sizes and widths, in the following well-known makes.

**HANAN & SONS, RALSTON HEALTH SHOES, REGENT, COPELAND & RYDER,**

as well as other makes of good shoes at lower prices.

**WE GUARANTEE EVERY PAIR WE SELL.**

As a special inducement we will from now on sell all

**Hanan & Sons \$6.00 Heavy Winter Shoes at \$5.00.**

CALL AND SEE THEM.

**GOODING & ORMSBEE,**

127-129 Washington Street.

All of those Good Old Time Remedies.

**Dr. Larson's White Wine Expectorant.**  
Wine of Cod Liver Oil. Scott's Emulsion. Laxative Bromo Quinine. King's New Discovery. Piso, Honey and Tar.

**"The People's Drug Store,"**  
S. B. Jones, Mgr. S. W. Cor. Front and Washington Streets, Marquette, Mich.

**Fresh Oysters**

**Breakfast Sausage**

Malaga Grapes, Sweet Cider, Olives in Bulk.

A Complete line of Staple and Fancy Groceries at.....

**D. MURRAY'S,**  
114 S. FRONT STREET.  
Agent for Chase & Sanborn's Famous Brands of Coffee.

**A TIP**

IS NOT NECESSARY to those who have never had any dealings with us as we do not sell or handle anything but the BEST and they are the GREATEST.

We solicit your orders and will give you the best of satisfaction.

**DEL'S GROCERY.**

**Fancy Michigan WINTER APPLES**

AT  
**P. Werner & Son.**

**VARIETIES:**

Baldwin, Greenings, Northern Spy, Belfour, Spitzenberg, Russett, Steel Red, Wagner, Swaer, Ben Davis, Wine Saps, Grimes Golden.

**COAL!**

**ANTHRACITE. BITUMINOUS. SMITHING. CANNEL.**

The Best Grades Only. Wholesale and Retail.

**F. B. Spear & Sons.**

**F. W. SAMBROOK,**

Manufacturer and dealer in

**LUMBER,**

LATH, SASH, DOORS, MOULDINGS, ETC.

**SHINGLES.**

ESTIMATES FURNISHED ON BUILDING MATERIAL.

4 FOOT AND 16 INCH SLABS. BOTH 'PHONES. Marquette.

**A MODEL COAL YARD** must be that gives every one complete satisfaction from its supply. That is what you get every time when you buy our well screened coal. For domestic or business purposes, there is none superior to it. It gives more heat to the ton than any coal you can burn.

**James Pickands & Co.,**  
WHOLESALE & RETAIL.  
209 S. FRONT ST. Marquette

**TO FORM REPUBLIC**

**DISCOVERY OF HUGE CONSPIRACY EXISTING IN DAWSON.**

**PROMINENT AMERICANS RINGLEADERS**

**PLAN TO OVERTHROW GOVERNMENT OF NORTHWEST.**

Arms, Ammunition and Provisions Are Supplied and 5,000 Miners Are Ready to Fight for Independence from Dominion Rule.

San Francisco, Nov. 17.—The call today prints an uncondemned story from Skagway, Alaska, under date of Nov. 6, telling of the discovery of what is alleged to be a huge conspiracy existing in Dawson, Vancouver and Seattle, for the overthrow of the local government of the northwest territory and the establishment of a republic with Dawson as the capital.

According to the details of the story, arms, ammunition and provisions have been taken in over railroads and cached at strategic points. Prominent American residents of Skagway are said to be the ringleaders in the conspiracy. Miners to the number of 5,000 are said to await a summons to arms, ready to fight for independence from the dominion rule of the gold fields, camps and towns.

**Overpower Mounted Police.**

The plan is to overpower the mounted police, arrest the civil authorities and take the government into their own hands. The rigors of the arctic winters would give the insurgents six months of immunity from attack by the Canadian troops and the adventurers and arch conspirators hope for intervention or outside assistance by the time the melting of the ice and snow will permit the invasion of their isolated republic.

It is further related that a hurried conference lasting until midnight was held at Skagway Nov. 5, at which were present Captain Corrigan, of the Northwest mounted police, who had arrived from across the Canadian border late that evening. Judge Brown, of the United States district court, United States Attorney Friedrich and Major Hovey, commanding the United States troops at Skagway, attended the meeting. This was the last of several hasty consultations between the civil and military representatives of the two powers in the relations of the mysterious transportation of supplies and the adventures and the rumors of the conspiracy to lead the miners in revolt against the Canadian government in the Northwest territory.

**Anxiety Was Evident.**

Those present maintained subsequently the strictest silence concerning the new evidence laid before them, and their evident anxiety helped to confirm the rumors of a conspiracy. Captain Corrigan took the train back across the border the next morning, while United States Marshal Shoupe, who is en route for Seattle, which port he reached several days ago. The object of his visit was presumably to confer by telegraph with the authorities at Washington. He sailed yesterday afternoon on the Dolphin on his way back to Skagway.

**Story Is Not Believed.**

Seattle, Wash., Nov. 17.—No credence is given here the story of the alleged discovery of a conspiracy to overthrow the Canadian government in Alaska. United States Marshal Shoupe, who is credited with having come here to communicate with the United States government regarding the matter, is said to have come only for the purpose of bringing prisoners to the penitentiary on McNell's island. He returned north yesterday.

**IN MEMORY OF EARL LI.**

Empress Dowager Issues Edict Ordering Erection of Arch.

Pekin, Nov. 17.—The empress dowager has issued another edict ordering the erection of a memorial arch near his birthplace. The edict also directs that the rank of marquis, conferred upon the eldest son of the late Chinese statesman in his own right, shall descend through the twentieth degree of generations.

It confers high rank upon the other sons of Earl Li, upon whom the posthumous rank of marquis has been bestowed, and confers dignities upon his grandsons, together with inerative of titles.

**MAY BE RELEASED.**

Santiago Iglesias to Be Given His Liberty Today.

Washington, Nov. 17.—The release of Santiago Iglesias, the agent of the American Federation of Labor, who, on his arrival about a week ago at San Juan, Porto Rico, to organize the workmen into trade unions, was arrested on a charge of conspiracy, probably will be effected tomorrow.

**EIGHT STILL IN MINE.**

Fire at the Baby in Virginia Not Yet Extinguished.

Pocahontas, Va., Nov. 17.—The fire in the Baby mine is not yet extinguished. Miners assert that at least eight bodies are still in the mine. The three bodies taken out yesterday were buried today. Thousands visited the scene of the disaster today.

**INSURGENTS ARE ACTIVE.**

Ninth Infantry Is Attacked and Two Are Killed.

Manila, Nov. 17.—Company E, Ninth infantry, Captain Shoefel, was attacked by fifty bolomen and several insurgents armed with rifles six miles from Tarangan, Samar. The insurgents tried to rush the Americans, but failing to accomplish their purpose, quickly broke and scattered. The men of the Ninth had a corporal and scout killed and one private wounded. Sixteen bolomen were killed, while the riflemen escaped. Ten Hotchkiss rapid fire guns will be sent to the southern islands for operations in the mountains. Captain Hall, of the Thirty-second infantry, has been scouting for several days in Batangas province. He had four separate engagements with the insurgents and judging from the firing on these occasions Captain Hall estimates the force of each band of rebels to be from thirty to fifty. They made an attempt to charge Captain Hall's party. Captain Hall's scout resulted in the capture of one insurgent officer and 50,000 pounds of rice.

General Sumner, commander of the district of Southern Luzon, highly praises Captain Hall and his troop of the First cavalry, who last Wednesday morning attacked 400 insurgents entrenched in rifle pits at Buan, Batangas province, and routed them. General Sumner says the blow then administered was the most severe the insurgents have suffered since (Sumner) assumed command of the district.

A Filipino priest deposed has been sentenced by a court-martial to death for the murder of certain of his countrymen who favored Americans. Out of respect to the condemned man's calling the great religious body to which he belonged General Chaffee commuted the sentence to twenty years' imprisonment.

**LIL WANTS MONEY**

**FORMER QUEEN OF HAWAII IN SAN FRANCISCO.**

**TO CONSULT FEDERAL AUTHORITIES**

**IN REGARD TO LOSS OF CROWN REVENUES.**

Objects to Taking Pension of \$25,000 a Year Offered by Legislature as It Would Place Her on List of Charitables.

San Francisco, Nov. 17.—Princess Queen Liluokalani of Hawaii arrived here yesterday. She has come to consult the federal authorities relative to the crown lands of Hawaii. There were sequestered by the revolutionary government at the time the monarchy was overthrown and no attempt has since been made to reimburse her for the loss of the crown revenues, amounting to \$100,000 a year.

The territorial legislature passed a bill appropriating \$250,000 for the crown lands but President Dole vetoed the bill on the ground that there was not sufficient money in the treasury to pay it. Subsequently the legislature offered to grant her a pension of \$25,000 a year, but she refused to accept giving as a reason that it would place her on the list of charitables.

Before the annexation of the islands she was advised by competent attorneys to submit her claims to England for arbitration.

The crown lands are over \$1,000,000 acres in extent and are worth \$15,000,000.

**TWO ARE KILLED.**

Premature Explosion of Blast at Quarry Causes Death.

Columbus, O., Nov. 17.—Two men were killed and four injured as the result of a premature explosion of a blast at the Casperis stone quarry northwest of Columbus today. The dead are: A. M. Vacci and John M. Antonio. The injured are: Peter Montrose, Carmine Dells, Frank Wilson and C. C. Thorne.

The men killed were working under the ledge and were buried under tons of rock. Wilson will probably die.

**CHARGED WITH BRIBERY.**

Webster Street Goes to Washington to Be Present at Investigation.

Phoenix, Ariz., Nov. 17.—Webster Street, the chief justice of the territorial court, has gone to Washington to appear before the department of justice and answer to the charges of bribery brought against him in connection with his decision affecting the King of Arizona Mining company. It is alleged in the complaint that Street accepted a bribe of from \$5,000 to \$7,000. Street requested an investigation and has received notice that the charges will be considered Nov. 21.

**WRECKED BANK SAFE.**

Robbers Enter Many Stores in Kansas Town but Get Little.

Wellington, Kas., Nov. 17.—Safe blowers raided Milan, sixteen miles west of here, early this morning, and after entering every prominent store, among them being the postoffice, wrecked the safe and fixtures of Milan's state bank with dynamite, but failed in getting into the strong box. The citizens, aroused by the noise, rushed into the streets with shotguns and drove the robbers away. Bloodhounds from Wichita were taken to Milan, but refused to take the scent and the pursuit was abandoned.

**BRIGANDS ARE SILENT.**

Abductors of Miss Stone Do Not Reply to Consul Dickinson.

Sofia, Bulgaria, Nov. 17.—The brigands who abducted Miss Stone and Mimi Tsilka have not yet replied to the latest proposals of Mr. Dickinson, the diplomatic agent of the United States at Sofia. This is believed to be due to the fact that the band has many leaders and the latter are unable to agree among themselves.

There is a general impression here that the time is being frittered away while waiting for the brigands to reduce their demands. It is felt that the only means by which matters can be brought to a head is to inform them as to the sum available for ransom and declare this cannot be increased for any consideration whatever.

Such an ultimatum might endanger the life of Miss Stone, but it is more probable the brigands will accept this condition. Besides, every day's delay imperils her life, not so much on the score of the brigands themselves but by reason of the exposure and strain she is undergoing.

**LASHED TO THE RIGGING.**

Crew of Wrecked Barkentine Has Terrible Experience.

St. Johns, N. F., Nov. 17.—The barkentine Titania, bound from Liverpool for St. Johns, was wrecked yesterday in a dense fog near Cape Race. One man, named Williams, was drowned in trying to reach the shore. The captain and the rest of the crew, all of whom were badly injured, had a terrible experience. They were on the wreck thirty-six hours, lashed to the rigging, and were not rescued until this afternoon. The ship is a total wreck and the cargo is lost.

**SITUATION SERIOUS**

**GVERNOR ORDERS OUT MILITIA IN KENTUCKY.**

**STRIKERS' CAMPS ARE ASTIR**

**ONE NEGRO KILLED IN RIOT AND MANY WOUNDED.**

Search Light Thrown on Madisonville Camp Reveals 150 Men Handling Arms and Walking About Between Tents.

Madisonville, Ky., Nov. 17.—As the result of a fight at the Providence Coal company's mines today James H. Smith, a negro striker, is dead, George Cronch, a striker, is fatally wounded, and John West, Hut Dawson and Nathan Bush, guards, are wounded.

Following the battle at the Providence mine there were riots at other Kentucky mines. An attack was made on the mine guards at the mine of George Cronch, but was repulsed. There is much trouble at other places.

Owing to the serious situation of the mining field in Webster and Hopkins counties, the governor has ordered out the militia.

Tonight, as the train having troops aboard passed a Nortonville camp in the woods near the railroad, camp fires could be observed and the scene was one of bustle. Several shots were fired but not at the train.

At the Madisonville camp near the strikers are astir. A search light, recently placed on top of a coal tangle near Madisonville, was thrown on the camp. About 150 men there handling arms and walking about between their tents.

**ATTACKED BRITISH SMACK.**

Extraordinary Demonstration of Pro-Boerism Reported.

London, Nov. 18.—An extraordinary demonstration of pro-Boerism is reported by a Brussels newspaper. It seems a Dutch fishing boat belonging to Yumido, while off the Weilingen lightship in the North sea, pretended to be in distress and approached a British smack. Thirteen fishermen from the Dutch boat boarded the British craft and attacked the crew, shouting "Long live the Boers." Several Britishers were wounded. It is alleged that before making the attack the Dutchmen locked their captain in his cabin. The British smack succeeded in escaping and arrived at Oстен, where the captain lodged a complaint with the British consul.

**BURNED BY MOLTEN SLAG.**

Horrible Accident at Howard Axle Works in Pennsylvania.

Homestead, Pa., Nov. 17.—One dead and two seriously burned is the result of workmen being burned under a mass of molten slag at the Howard Axle works today.

The dead man is John Ruska, aged fifty, and the injured are Andrew Hilst and George Siski. The latter may die.

The victims were collecting scrap when workmen on the top dumped a car of eight tons of red hot slag over the edge, not knowing the men were beneath them.

**DROWNED WHILE SKATING.**

Lowry, Minn., Nov. 17.—George Peacock and James Campbell were drowned while skating today. Peacock was a son of a prominent farmer while Campbell's parents live near Heatherton, Mich.

**VESSELS FOR NAVY**

**SECRETARY LONG MAKES SOME RECOMMENDATIONS.**

**ANNUAL REPORT IS ISSUED**

**ADVISES CONSTRUCTION OF NINETEEN WAR SHIPS.**

List Includes Battle Ships, Armored Cruisers, Gun Boats, Training Ships, Colliers and Tugs—Other Interesting Suggestions.

Washington, D. C., Nov. 17.—Secretary of the Navy John D. Long has issued his annual report and among the most important items of interest is the recommendation of the department of the following additions to the navy:

Three first class battle ships; two first class armored cruisers; three gunboats, each of about 1,000 tons trial displacement; three gunboats, each of about 200 tons trial displacement, for insular service; three steel sailing training ships, each of about 2,000 tons trial displacement; one collier of about 15,000 tons trial displacement; four tug boats.

**Operations of Squadron.**

After reviewing briefly the operations of the various squadrons during the past year the report says, in speaking of the personnel of the navy: "The need of line officers for sea duty becomes steadily more pressing, and in case it should become necessary to man the vessels of our present fleet the required number is not available, and I recommend that the number of lieutenants be increased from 308 to 350, and that the limit of the number of junior lieutenants and ensigns be made 600."

"I concur with the chief naval constructor that there should be an increase in his corps. With more ships to build there must be more constructors."

"Some increase in the corps of civil engineers is necessary in view of the great increase in yard and dock construction. As the original reason for the creation of the office of professor of mathematics has ceased to exist, I renew my recommendation that the statute authorizing appointment of professors of mathematics be so amended that, without disturbing those who now hold office, no further appointments shall be made."

"I can not too earnestly call attention to the necessity for an increase of the enlisted personnel of the navy. As with the officers so with the enlisted men. The ships of the navy have been greatly increased in number, but commensurate steps have been taken to provide the necessary crews for them. I recommend that the present enlisted force be increased by 3,000 men."

"I renew my recommendation that the office of vice admiral be revived."

**Officers of Navy.**

The number of commissioned officers of the executive branch of the navy of England in 1901 is given as 2,085; France, 1,963; Germany, 974; Russia, 1,099; Japan (1900), 724; Italy (1900), 708; United States, 1,901; 728.

The total strength of all ranks and ratings in 1900 was: England, 114,880; France, 49,773; Germany, 30,886; Russia, 39,546; Japan, 26,108; Italy, 25,804; United States, 23,453.

Favorable consideration is invited to the reports of the chief of bureau of navigation and the superintendent of the naval academy, who recommend that no cadet shall hereafter be appointed whose age is under fifteen or over eighteen on October 1 of the year of entrance to the naval academy; that the salaries of the civilian professors at the naval academy be revised; that a training vessel be built for the naval academy sufficiently large to accommodate the entire corps of cadets.

"I recommend," continues the report, "that the number of cadets at the naval academy be increased 50 per cent, as recommended by the general board, and that there be appointed annually by the president ten at large."

"Upon recommendation of the superintendent of the naval academy the department decided, in the interest of the convenience of candidates for admission as well as of the government, to have examinations for admission to this institution conducted by the civil service commission at or near the homes of the candidates instead of at the naval academy as heretofore. The wishes of the department were cordially acquiesced in by the civil service commission, and this new method of examination has been put in operation with successful results."

**Need of Naval Reserve Force.**

The report calls attention to the pressing need of a national naval reserve force, from which to draw for sea service immediately upon an outbreak of war.

In regard to smokeless powder the report says that the manufacture of that article has progressed satisfactorily, both at the government works and at those of private manufacturers. The department in June last ordered a board of naval officers and chemists to revise the specifications for the manufacture of smokeless powder, and to draw up for its test, examination, and storage both in magazines on shore and on shipsboard, and specific instructions on these points had been issued throughout the service. In addition a general examination and chemical test

(Continued on Page Four.)

BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disgusting pimples.

Eternal vigilance is the price of a beautiful complexion when such remedies are relied on.

Mr. H. T. Shobe, 2704 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disgusting eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S. and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin as soft and clear as it is now seven years old, and no sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Bad blood makes bad complexions.

SSS purifies and invigorates the old and makes new, rich, healthy blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.) Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00 Per year, by mail, \$10.00 MARQUETTE, MICH., NOV. 18.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The reverses experienced by the Democrats in the late elections are not to be wondered at when it is remembered that they have been retreating from an abandoned position for over a year and haven't yet reached the end of their retrograde movement.

The Escanaba Journal presents a pleasingly smooth appearance in its new dress. It now takes rank as one of the brightest weeklies published in the upper peninsula, and the publishers are fairly entitled to both compliments and congratulations on the success they have achieved in the newspaper field.

German newspapers continue to take exceedingly gloomy views of the political conditions in this country. Our patriotism is, they declare, "the patriotism of the dollar," and they picture us as scrambling for wealth so eagerly that everything noble and elevating is forgotten in the degrading pursuit.

The Soo News-Record announces that on Monday next it will change from a morning to an evening paper. This announcement will create very little surprise to many of the fraternity as it is a well known fact that it requires a city several times the size of the Soo to support a morning paper.

Well, that depends. Marquette, an unpretentious but solid little city of about the same population as Sault Ste. Marie, has had a morning paper, The Daily Mining Journal, for over seven years, which during that interval has never missed a regular issue, changed to an afternoon publication, or had cause to complain of lack of support.

The village of Houghton, with not over half the population of the ambitious "Lack" City, also enjoys the luxury of a morning paper. A morning paper "goes" all right in a small city if the place of its publication has a fairly good tributary territory to draw on.

Comfort and pleasure, time and money saved for contractors and masons. Kelley Island Lint upon the market again, which has been long wished for by contractors and masons for its unsurpassed qualities of quick stitching and the fact that it is not inferior to any lint manufactured.

There are rumors about that the Democrats will invite Admiral Schley to head their next presidential ticket, but they are regarded as mere rumors. As a matter of fact, no one knows what Admiral Schley's politics are, nor if he is in sympathy with any of the traditions of the party beyond what may be inferred from the fact that he is a Marylander.

Admiral Schley would make a "loop" that would be a real blunder if he consented to become a candidate for the presidency. The people want to see him given all the credit he is entitled to for having gallantly conducted the fight against the Spaniards in the naval battle at Santiago, but it doesn't follow that they want him for president.

A MICHIGAN WOMAN'S WORK. The Butte, Mont., Water Mountain of a recent date had this mention of the good work a Michigan woman is doing as matron in charge of the penal institutions of that state:

Within the last few months a decided change in the management of the woman's department of the state's prison at Deer Lodge has taken place. Miss M. Frances Pangborn has assumed the duties of matron, she being the first woman who has ever held the position. Heretofore the deputy warden had charge of the female inmates, and they were only allowed one hour each day for out door exercise, and no work was given them to do.

Since Miss Pangborn has been named as matron, the women in the prison have been put into uniform, which is made of durable, light material, and they are given practical lessons in cooking, sewing, etc. Each day they are taken outside of the prison walls for a long walk, and their lives of confinement are directed toward usefulness rather than idleness.

Miss Pangborn is particularly fitted for the position which she holds, she having had a wide experience in institutional work of this kind. She is a graduate of the Michigan State Training School for Nurses, whose course embraces four years' work in the

charitable institutions of the state of Michigan. This was followed by taking a post graduate course at the Massachusetts Charitable Eye and Ear Infirmary, from which institution she graduated with honors.

Miss Pangborn's first work in Montana was at Warm Springs, where she held the position of superintendent of the hospital. A few months ago she accepted the position of matron of the prison.

The nature of this work is such as to make it necessary for one to have a special education in institutional work before she may hope to make a success. Miss Pangborn takes great interest in her work and is regarded as thoroughly capable of filling the position which she holds.

Concerning the ore movement by lake, the Iron Trade Review gives this information: Two small blocks of iron ore have been offered on the local market for the last two days upon which the shippers were willing to pay \$1.25 from Duluth to Ohio ports, the market would aggregate about 20,000 tons, and the vessel room has not yet been found for them. The owners have been talking of stability in rates and it is hardly possible that the rates are a consideration in the delay in closing for this movement.

WAR TAX REDUCTION. Senator Burrows is quoted in opposition to any reduction of the war revenue taxes, it being his opinion that if we build an isthmian canal, add to the navy as proposed, and do a whole lot of other things that will call for the expenditure of vast sums of money, the income of the government will not be found any too great for its needs.

There isn't a particle of doubt of the ability of congress to spend all the money that can be extracted from the pockets of the people by taxation. Congressional capacity in that respect is boundless. But there is no good reason for forcing the people to continue paying war taxes in order that the revenue thus obtained may be spent on projects that would not be thought of if the national treasury were not bursting with money.

A surplus in the national exchequer is always a temptation to reckless expenditures, and extravagant expenditure leads to dishonest jobbery. The war taxes should be reduced to a point where they will yield what the government needs for the extraordinary expenses incurred on account of the obligations imposed on us by our trouble with Spain, and to maintain the forces we are keeping in the islands taken from that country.

It should not be held that because the people are paying them without protest it would be a mistake to remove or reduce them. The American people do not exist primarily for the purpose of providing money for congress, to squander on needless ventures. Most of them find their lot in life hard enough without having the government make it harder by taxing them unnecessarily.

Senator Burrows mistakes popular sentiment if he imagines that his attitude on the war tax proposition will strengthen him in their regard. They want the war taxes reduced, and they want congress to not delay cutting them down a day longer than is unavoidable.

BUSINESS MEN NOT WILLING. Lord Rosebery doubts if the people are getting "their money's worth" in the kind of government the politicians are giving them, and expresses the wish that the experiment of government by business men like Andrew Carnegie and Sir Thomas Lipton might be tried, just to see how it would work.

Government by politicians is so bad that taking it out of their hands and placing it with men drawn from almost any other class that could be named would bring improvement. If we could have business men of such capacity for grasping and mastering great propositions as Carnegie and Lipton are gifted with in control of our governments the burden of maintaining them would soon rest much less heavily on the people, for they would introduce business methods into the conduct of public affairs which would conduce to higher efficiency and closer economy.

In this country we get the service of no small proportion of men of proved business capacity in high official positions, so the predominance of mere politicians in our government is not so much of an evil as it is in England and other European countries, where the titled folk consider themselves born to rule and take to politics largely for the reason that they have not much else to do.

Perhaps the reason why Americans seem so much more the victims of fraud than Englishmen in the matter of public service, is that the Englishman does not know when he is being robbed. An English correspondent for American papers has the following in a recent letter: "Earl Cadogan, viceroy of Ireland, has the disreputable distinction of drawing more money from the pockets of the people for less service than does any other man in the kingdom."

Excusable cynicism. Being published at the capital of the state, where there is a good deal of "soldiering" indulged in at public expense by holders of sinecure positions, the State Republican is excusable for the cynicism with which this article from its columns is seasoned: "Perhaps the reason why Americans seem so much more the victims of fraud than Englishmen in the matter of public service, is that the Englishman does not know when he is being robbed."

Excusable cynicism. Being published at the capital of the state, where there is a good deal of "soldiering" indulged in at public expense by holders of sinecure positions, the State Republican is excusable for the cynicism with which this article from its columns is seasoned: "Perhaps the reason why Americans seem so much more the victims of fraud than Englishmen in the matter of public service, is that the Englishman does not know when he is being robbed."

Kenton Catches.

Mrs. H. J. Birmingham of Kitchi is out again after a very critical illness. The Alabama Warblers have some flaming posters scattered about town announcing their coming.

The home of Wm. Spier was gladdened by the advent of an eleven pound boy Wednesday morning. Geo. Cottingham of Kitchi shot a buck Thursday last that tipped the scales at two hundred and thirty-nine pounds, dressed.

Principal W. S. Toothocker and Miss Clara Potts of the primary department are arranging for a school exhibition at Opera Hall in the near future. Mrs. G. M. Walker, financial agent of the Good Will Farm of Houghton, made a canvass of Kenton Wednesday and received substantial aid for the worthy cause she represents.

The Peter White Agency of Marquette promptly adjusted the loss of Wm. Shingler on his building, damaged by fire Nov. 3, and that gentleman received a check in settlement Friday. The Sparrow-Kroll Lumber Co. is adding to its market department a new building and park for housing about a hundred chickens.

An irate citizen created a sensation on the streets one morning last week by turning loose a cow with a coal scuttle wove to her tail. The sympathy was with the citizen rather than with the cow, for the marauding bovine has committed numberless depredations and has the ill-will of the community.

Manager Kroll decided, owing to the continued freezing weather, to close down the saw mill temporarily Saturday night. The gates to the hot water pond will be lifted and that adjunct put in good repair while a few minor improvements will be made to the mill.

All for those interested in the formation of a literary society resulted in a good attendance at the Hotel York last Tuesday night. A short program had been rearranged, after the rendition of which officers were elected as follows: President, Rev. John Best; vice president, W. S. Toothocker; secretary, Mrs. J. L. Stambaugh; treasurer, Mrs. L. A. Baker; program committee, Messrs. Toothocker and Moll and Mrs. Baker.

Cut this out and take it to Stafford's drug store and get a free sample of Chamberlain's Stomach and Liver Tablets, the best physic. They cleanse and invigorate the stomach, improve the appetite and regulate the bowels. Regular size, 25c. per box.

FOR HOARSENESS. Benj. Ingerson, of Hutton, Ind., says he had not spoken a word above a whisper for months, and one bottle of Foley's Honey and Tar restored his voice. Be sure you get Foley's, The People's Drug Store.

STATE OF MICHIGAN. Twenty-fifth Judicial Circuit. I do hereby fix and appoint the times of holding the several terms of the circuit court in the counties composing said circuit, for the years 1902 and 1903, as follows, to-wit:

For the Year 1902—Dickinson County—January 6, first Monday. April 14, second Monday. July 14, second Monday. October 13, second Monday. Delta County—January 13, second Monday. April 21, third Monday. July 21, third Monday. October 20, third Monday. Menominee County—February 3, first Monday. May 3, first Monday. August 11, second Monday. November 1, third Monday. Iron County—February 17, third Monday. June 2, first Monday. October 6, first Monday. December 15, third Monday. Marquette County—February 24, fourth Monday. May 19, third Monday. September 8, second Monday. December 1, first Monday.

For the Year 1903—Dickinson County—January 5, first Monday. April 13, second Monday. July 13, second Monday. October 12, second Monday. Delta County—January 19, third Monday. April 26, third Monday. July 26, third Monday. October 23, third Monday. Menominee County—February 2, first Monday. May 2, first Monday. August 10, second Monday. November 1, third Monday. Iron County—February 16, third Monday. June 1, first Monday. October 5, first Monday. December 14, third Monday. Marquette County—February 23, fourth Monday. May 18, third Monday. September 7, first Monday. December 1, first Tuesday. "Non-jury, unless otherwise ordered. Dated, Oct. 12, 1901. J. W. STONE, Circuit Judge.

Marquette Opera House

THURSDAY, NOV. 21, 1901.

CALUMET & HECLA BAND, Orchestra and Vocalists

PRICES: PARQUET, 75c; BALCONY, 50c; GALLERY, 25c.

Special rates on railroad for Ishpeming and Negueve patrons. Special train at close of performance. (11-14-15)

Copper Country Department

GAVE LIFE FOR CHUM.

Two Hurontown Youths Break Through Ice and Drown.

The first sad fatality to be reported from this region as a result of skating on thin ice occurred at Hurontown at a o'clock Saturday afternoon.

SEASON PRACTICALLY ENDED.

Several of the well known transportation companies which operate boats to Portage Lake ports ceased taking freight for Lake Superior points Saturday.

BOWLING IS POPULAR.

Bowling is certainly going to be a popular sport in the copper country this winter.

ACCOUNT WAS SETTLED.

Claimed Dr. Kerr Gave Receipted Bill to Laurium Council.

The result of the investigation which is being conducted by the county small-pox committee can be none other than a complete exoneration for the county physician, Dr. Matchette.

STORM WAS SEVERE.

Marine Men Say Gale on Lake Was Worst in Years.

CIRCUIT COURT MATTERS.

Case Against Dennis St. John to Be Taken Up Today.

COPPER BEARING ROCK.

The men who are sinking the well near the Carroll foundry, which will supply the water for the auxiliary pumping station for the village of Houghton have encountered considerable copper bearing rock at a depth of about twenty-two feet.

ENGINE BEING REPAIRED.

The engine of the Hurontown fire company, which was considerably damaged in the recent destruction of the fire engine house by fire, is in the machine shop at the Isle Royale mine, and it is thought it can be repaired at a cost of about \$500.

THAT THROBING HEADACHE

would quickly leave you, if you used Dr. King's New Life Pills.

TRANSPORTATION COMPANIES CEASE TAKING FREIGHT FOR LAKE SUPERIOR PORTS.

LAKE LINDEN DEFEATED.

Calumet Eleven Does Up Its Heavy Neighbor by Score of 5 to 0.

The much talked of Lake Linden football aggregation was defeated in a well played game at Athletic park, Calumet, by the sturdy little Calumet eleven Saturday afternoon.

THE COPPER SITUATION.

John Stanton, Statistician, Says It Is Not Understood.

The Boston Evening Transcript publishes a letter from John Stanton, statistician for the copper mines of the United States, which says in part: "It seems to me that the copper situation is not understood; our production is no larger than last year, the increase from the mines being offset by a decrease in the production of several of the older mines."

SITUATION NOT ALARMING.

Every Precaution Taken to Prevent Spread of Small-Pox at Jail.

Dr. Matchette, the county physician, stated yesterday that he thought no new cases of small-pox would develop among the prisoners in the county jail.

HECKER IS CHOSEN.

Former Second Lieutenant of Company G Now First Lieutenant.

ADDITION TO WAREHOUSE.

M. Blue & Co., Hancock contractors, have commenced the erection of a large addition to the wholesale fruit and vegetable warehouse of E. R. Godfrey & Sons, Hancock, Mich.

FLOETER RESIGNS POSITION.

A. H. Floeter, who has been Superintendent of the mine at the Atlantic and Baltic mills and has been a great help to him during the construction of the great Atlantic and Baltic steel gravity dam, has resigned his position to accept one with the Phoenix Mining company.

COUNTY CHARGES DIE.

Two inmates of the county poor house died Thursday afternoon. One was Steven Cummings, aged sixty. He had been a resident of the county for the past thirty-five years but during recent years has lived at the poor farm.

INQUEST WILL CONTINUE.

The inquest in the case of the late Felix Balogha, the Winona mine murderer who died at the Hancock hospital last week, will be continued this afternoon at 2 o'clock by Coroner Brand at Houghton.

JOHN ERICKSEN DEAD.

John Ericksen, a well-known insurance man of Hancock, who has been seriously ill at the Hancock hospital for several weeks, died at midnight yesterday.

MRS. CURRY DEAD.

Mrs. Kate Curry died last evening at 10 o'clock. The funeral will be held from the residence of Joseph Strobel and at St. Ignace's church Wednesday morning.

OYSTERS AND SHELLFISH

SERVED IN... ALL STYLES

BOARD OF TRADE CAFE, HOUGHTON, MICH.

CITIZENS' NATIONAL BANK OF HOUGHTON

has opened its doors to transact a general banking business. DOMESTIC AND FOREIGN EXCHANGE.

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Deo Postoffice building, Houghton.

R. G. Lee, of Houghton, is confined to his home by sickness.

The Hancock High school has been placed on the diploma list of the state university.

Miss VanOrden, of Houghton, entertained the "Thursday Afternoon club" Thursday afternoon.

Two more lectures in the course of the Finnish People's institute were delivered at the Finnish hall, Calumet, Thursday evening.

The funeral of Peter Makey, the miner who was killed in the late Royale mine Thursday morning, was held Friday from the Finnish church at West Hancock.

The new parsonage for the First Presbyterian church of Laurium, now under construction, is nearing completion, and it is expected that it will be ready for occupancy by the first of the month.

The marriage of Miss Mathilda Benjamin to Oscar Larson, both of Houghton, took place at the West Hancock Finnish church Friday evening.

The Hancock & Calumet road, which was recently changed to standard gauge, will soon receive heavy locomotives which will go into service between the mines and the mills to haul rock cars.

Saturday morning \$2,000 insurance on the life of the late Rev. Father Keller, of St. Joseph's church, Hancock, was disbursed by the local officers of the Catholic Mutual Benefit society.

The Hancock & Calumet road, which was recently changed to standard gauge, will soon receive heavy locomotives which will go into service between the mines and the mills to haul rock cars.

Upper Peninsula.

Martyn & Stuart of the Soo have commenced the erection of fourteen new dwellings. The aggregate cost will be \$10,000.

Israel Bellant of Point La Barle, near St. Ignace, is dead as the result of a tallow hold of a gun by the muzzle and pulling it from his chest. The trigger caught in the grass.

The Hall & Munson concern at Bay Mills is unfortunate in its labor relations. Last week it was found employing boys under fourteen years of age, and ten such juveniles were compelled by a state deputy labor commissioner to quit their jobs.

The Chinamen's laundry at St. Ignace was burglarized one afternoon recently whilst the Celestials were taking a walk, and the bill was "tonched" for \$40. The perpetrators were discovered next day and restitution made, in consideration of which the affair was hushed up.

The N. Ludington company has decided to put in 40,000,000 feet of logs this winter besides a large quantity of cedar. This will be put in on the Pike, on Holmes & Sons' logging road and on the main river. Operations in the camps are now well under way, and from the quantity of logs to be put in it is evident that it will be a busy winter for the company.

Genevieve Willett, aged thirty-seven, of Menominee is to be sent to Newberry after several years spent at the poor house. She has been denuded for ten or twelve years but lately has been growing worse. She is not violent but labors under the delusion that she is not able to get out of bed.

She has been that way for the last twelve years, and during the last five years she has not been up at all, having had her meals served in bed. At times she becomes boisterous and disturbs the rest of the patients in the house by loud laughing. It is said that her condition was caused by a love affair. She was recently deserted by her parents and left a county charge. Her mother went east, and then her father sold their property for about \$250 and also skipped out, leaving the demented woman alone. Willette is the man who created some excitement last year by burying himself in the sand up to his neck, claiming that it cured his rheumatism, and threatening to bring suit against the parties who dug him out.

Another large industry is in sight for Sault Ste. Marie that means the initial expenditure of \$750,000 and there is apparently the best of grounds for believing that it will come. This is the building of a paper mill. J. P. Hummel, of Milwaukee, who has been in various branches of the paper making business during the past several years has been in the city for the purpose of looking things over with a view to the establishment of a big paper mill. To effect this Mr. Hummel said he made an extremely impressed in favor of the Soo and will so report to the people interested with him in the project, who are prominent western paper manufacturers. Mr. Hummel has obtained satisfactory figures from the Sault Ste. Marie (Ont.) Pulp & Paper company for pulp and also for sulphite. The Journal understands, too, that a suitable site east of the water power canal building has been offered as a location for the proposed plant. The projected mill is to have a capacity of 100 tons of paper daily. Two grades of paper, a high quality of print and a medium grade of flat. If the plans are consummated, the mill will be ready for operation in August next year. The cost of the plant will approximate \$750,000. It will be one of the largest of its kind in the United States. It will be operated continuously night and day, and will afford employment directly and indirectly to about 500 (?) men. The demand for printing paper of all grades is constantly increasing, while the sources of supply are diminishing as the woods are cut in the older sections of the country. Sault Ste. Marie possesses advantages as a point for paper manufacturing. There is a vast virgin woodland territory tributary to it, and the shipping facilities to the east and west by rail and by water are all that can be desired. It will be operated continuously night and day, and will save against the cost of shipping from the Wisconsin mills in the Fox River valley. This in itself is a large item, to say nothing of the cheaper power that will soon be at the command of manufacturers here.

Convincing Proof of the efficacy of Ely's Cream Balm, the greatest catarrh remedies, is certainly cheap. A general trial size costs but 10 cts. Full size 50 cts. Sold by druggists everywhere or mailed by Ely Bros., 50 Warren street, New York.

135 Mill street, Lexington, Ky. Messrs. Ely Bros.—After giving your Cream Balm a trial I can truly say I feel very much benefited by its use and shall continue to use it by purchasing from your druggist here. Mrs. W. B. Daniel.

U. OF M. VICTORIOUS

ANN ARBOR BOYS DEFEAT STAGGS' AGGREGATION.

FINAL SCORE IS 22 AND 0

TWO TOUCHDOWNS MADE BY MICHIGAN IN EACH HALF.

Game Ends With Ball in Michigan's Possession on Chicago's Three-Yard Line—Visitors Put Up Strong Fight—Other Games.

Ann Arbor, Mich., Nov. 17.—The University of Michigan defeated the University of Chicago by a score of 22 to 0. Two touchdowns were made by Michigan in each half. The game ended with the ball in Michigan's possession on Chicago's three-yard line. Most of Michigan's ground was gained through the Chicago line. Chicago's ends were very effective and little ground was gained by Michigan with end runs. The ball was in Michigan's territory in the possession of Chicago, only once during the game. Chicago made one distance on downs but twice an usually punted when the ball was in their possession.

Wisconsin, 18; Minnesota, 0.

Madison, Nov. 17.—The stalwart Minnesotas, the fame of whose Toticus plays made them two to one favorites in the betting went down before the aggressive Wisconsin yesterday. Now Michigan alone may dispute the latter's supremacy in western football. The score stood: Wisconsin, 18; Minnesota, 0.

The Minnesota team braced westerly in the second half and preserved its goal line from the attacks which gave the Wisconsin their 18 points during the first period of the play. Wisconsin's goal was in danger but once. That Minnesota was not entirely outclassed was shown by their sturdy stand after the severe eye-opener that was administered in the first half. By the two strenuous halves of the game those features stood out. The failure of Minnesota's dreaded mass plays to make material gains, the outlines of her fumbles; the snappy team work of Wisconsin, the sensational work of the veterans, Curtis Larson, Coehens; and the frequency with which Wisconsin's punting was resorted to.

Yale, 12; Princeton, 0.

New Haven, Nov. 17.—Yale defeated Princeton in their annual football contest on the Yale field yesterday afternoon by a score of 12 to 0. The score according to the Yale reports accurately the superiority of the Sons of Eli over the Tigers of Old Nassau. Aside from the general excellence of the Yale team, the features of the play was found in the entire absence of unfair tactics. Probably no game was so evenly played on the Yale field where there was less roughing, slugging and off-side play. The game was won by Yale as the result of the simplest kind of old-fashioned football, rendered effective by entire consistency in team play and the physical condition which enabled the Sons of Eli to "last" through the grueling contest.

Princeton, on the other hand, displayed a tendency to go to pieces at times. Throughout the game her men required frequent nursing. Yale outplayed throughout the seventy minutes of actual time, with a single change when Captain Kunzing of the varsity bow crew took the place of Goss at the left tackle.

Princeton found it necessary to call upon seven subs, and the introduction of these fresh men enabled her to make a superb finish in a contest which had been altogether up-hill. Yale's goal line never was endangered. She scored two touchdowns, one in each half, and each of these scores was converted cleverly into goals.

Harvard, 27; Dartmouth, 12.

Cambridge, Nov. 17.—Harvard defeated Dartmouth by 27 to 12 yesterday afternoon with a team half composed of subs and without Captain Campbell. Dartmouth scored a touchdown in each half, after blocking punts by Harvard. Daly, Harvard's sub quarterback, kicked goal from the field and the twenty-five yard line. Griffin of Dartmouth tried two place kicks after free catches in mid field, but in each the ball fell short. Harvard's play was very rugged, especially in the line. Harvard also suffered the penalties for interference and off-side, against Dartmouth's three.

Cornell, 24; Columbia, 0.

New York, Nov. 17.—Cornell, 24; Columbia, 0. These figures tell the downfall of Columbia's football team yesterday afternoon. The Morningside Heights boys simply were outgeneraled and outplayed by the sturdy representatives of Cornell University. Snarling under defeat at the hands of Syracuse University a week ago, Columbia put her very

Hard Colds

Hard colds nearly always lead to something serious. They run into chronic bronchitis, pneumonia, consumption. Doctors know this. That's why they so generally approve of Ayer's Cherry Pectoral. They tell us they cannot prescribe anything that cures coughs so quickly.

"Ayer's Cherry Pectoral cured my daughter of a very bad cough after we had tried about everything else without relief."—E. E. Davis, Providence, R. I. See page 11.

best team into the field for today's game. She sent all the strongest players into the line-up with one exception—Harold Weekes, who is a team in himself. He was disabled by an injured knee and had to lie on the side lines, while time and time again he saw an opportunity where, with his famous hurdling and rushing tactics, he might have scored. The Cornell team played like one man at every stage of the game and proved themselves to be the superiors of the men against whom they were pitted.

Philadelphia, Nov. 17.—The University of Pennsylvania football eleven defeated the Carlisle Indians yesterday afternoon by a score of 16 to 14. The first half ended with a score of 13 to 5 in favor of the visitors. In the second half Pennsylvania by hard rushing, managed to score two touchdowns, from which one goal resulted. The Indians forced Captain Davidson of Pennsylvania over the line for safety a few minutes before time was called.

Scores of Other Games. Northwestern, 11; Beloit, 11. Nebraska, 29; Kansas City, 5. Oberlin, 6; Ohio, 0. Indiana, 6; Wesleyan, 0. Illinois, 28; Purdue, 6. Notre Dame, 18; Indiana, 6. Brown, 24; Union, 5. Iowa, 17; Grinnell, 11. Lake Forest, 12; Lewis Institute, 0. U. of S. D., 11; Moningsie, 5.

ROBBERS' VICTIM DIES.

Participant in Sioux City Fight Succumbs to Wounds.

Sioux City, Ia., Nov. 17.—John Sundblad, who was shot in the battle with the Greenville bank robbers at Albert City yesterday, died this afternoon. Constable Lodine, shot at the same time, is in a critical condition. The robber wounded in the fight died this morning, refusing to give his name or address. Sheriff Parker took the negro and white man, the captured robbers, to Storm Lake. They admitted the crime and gave the names of Jack Johnson and Louis Brooks. Besides \$435 dollars recovered from the robbers, they confess having secreted \$500 in a corn field six miles from Albert City. A searching party today failed to recover the missing money.

Sundblad made an ante-mortem statement that the negro fired the fatal shot. Lodine also says he was shot by the negro. The depot at Albert City shows the marks of the fight between the citizens and the bank robbers. After the shooting sixty-seven empty shells were found on the depot floor, which had been emptied into the posse by the robbers. The wounded robber who died was shot of Mike Conlin, a farmer, living west of Albert City.

DEPUTY MARSHALS MURDERED.

Bodies of Mississippi Officers Found in Ashes of Burned Building.

Oxford, Miss., Nov. 17.—John A. Montgomery, deputy United States marshal pro tem of this city, and Deputy United States Marshal Hugh Montgomery, of Pontolee, left here late yesterday afternoon for a rendezvous with an alleged counterfeit and moonshiner, twelve miles east of here.

Early this morning Hugh Montgomery's horse was found standing at the gate of Curly Hall, a neighbor of Mathis, and Mathis house was burned to the ground. An investigation was made of two partially burned bodies found in the ashes of the burned building, which have been identified as the remains of the deputy marshals. John Montgomery's horse has not been found and it is supposed Mathis escaped on this horse after the men had been killed and the house set on fire.

The principal witness against Mathis was a negro living in the neighborhood. A month ago the negro was assassinated. The Montgomerys went to arrest Mathis for making illicit whiskey, and it is supposed the negro was retained upon to remain for the night and were shot while guarding their prisoner.

TO TERMINATE DEADLOCK.

General Alban May Lead Force Against Insurgents in Colombia.

Colon, Colombia, Nov. 17.—The Colombian gumbot, General Pinzon, arrived here today with 300 troops. In view of the unchanged conditions on the isthmus this evidence of the government's policy to reinforce the forces here gives credence to the proposition that General Carlos Alban, military commander of the district, has finally resolved to lead a strong attacking force against the insurgents within his district, and attempt to terminate the present wearisome deadlock between the Colombian rebels and the government.

STATUE OF M'KINLEY.

One of Bronze May Be Erected in Cleveland.

Cleveland, Nov. 17.—If the proposition made by a committee of citizens to the finance committee of the recent national Grand Army encampment is carried out the surplus of \$8,000 collected on that occasion will be used to erect a bronze statue to the late President McKinley in a public square. Thus far the matter has received the endorsement of most of the men connected with the Grand Army encampment, and there is little doubt but that the memorial will soon become a reality.

BIG RAILROAD ORDERS.

Baltimore, Nov. 17.—The Baltimore & Ohio railroad will place orders for the following equipment for delivery in 1902: Fifty locomotives, thirty-eight passenger equipment cars, six thousand freight equipment cars. The cost will be \$7,000,000. The order for 1902 is fifty-five thousand tons.

STEAMER REPORTED LOST.

Halifax, N. S., Nov. 17.—It is reported here tonight that the Norwegian steamer Ella has been lost off the New Foundland coast with all hands.

It has endured the storms of imitation and competition, yet stands like the pyramids unshaken in the love and confidence of the people. Rocky Mountain Tea made by Mallon Medicine Co., 35c. The Stafford Drug Company.

VESSELS FOR NAVY

(Continued from Page One.)

were made of all smokeless powder in the naval service, and the results are satisfactory. The capacity of the armor plants is now about 7,500 tons a year of armor of the best quality and at the instance of the department the manufacturers are making preparations to increase their output to 10,000 or 12,000 tons a year in order to complete deliveries in accordance with present contracts and also in order to be ready to provide armor for additional vessels should they be authorized by congress. They have already turned out more armor than was anticipated.

Under authority vested in the department by congress contracts were signed Nov. 25, 1900, for over 37,000 tons of armor required for vessels authorized and building. Comparing the tests made in this country with reports of those made abroad, our armor seems to be the best that can at present be produced, and the price at which it is obtained is lower than that paid abroad. Deliveries amounting to nearly 2,000 tons have already been made under these contracts.

New Magazine Required.

A new naval magazine is urgently required at the port of Boston, Mass., the present site in Chelsea having become practically untenable for the storage of explosives, owing to the growth and close proximity of the population. The storage of explosives there, except in very small quantities, has been given up.

Magazine facilities are also inadequate at Portsmouth, N. H., the present building being small and within the limits of the navy yard, which is inadvisable. Progress upon vessels now under construction has been somewhat delayed by reason of strikes and the non-delivery of material on contract time. The report shows that there are now fifty-nine vessels of all classes under course of construction, eight have been finally or conditionally accepted since the date of the last report and two have been dropped from the list.

Funds in Treasury.

The total amount deposited in the treasury from November 1, 1900, to November 1, 1901, arising from the sale of condemned naval vessels, condemned war prizes and their cargoes, stores, materials, nautical books and charts, and other receipts of the government property, supplies furnished to other branches of the government, and from other lawful disposition of public property under the cognizance of the navy department, was \$360,490.20. Of this sum, \$142,437.07 was covered into the treasury as miscellaneous receipts on account of proceeds of public property, as required by section 3618 of the revised statutes. Included in the remainder, \$218,053.13, are sums aggregating \$53,629.21 accruing from sales of condemned war prizes and their cargoes, which amounts have been deposited to the credit of the "navy pension fund, Spanish war," and "prize money to captors, Spanish war," pursuant to the provisions of the revised statutes on the subject. The balance, \$164,423.92, has been carried, as authorized by law, to the credit of the proper appropriations, to be applied to naval purposes.

The only condemned vessel sold since the last annual report of the department was the U. S. S. Minnesota. The appraised value of this vessel was fixed by the board of survey and appraised at \$15,000 and she was sold to Thomas Butler & Co., of Boston, Mass., that firm having submitted the highest bid, \$25,738.38.

Civil Service Department.

In the civil service department the number of applications for employment was 20,854; rejected by the labor departments as not eligible under the rules, 242; called for by heads of labor departments, 12,574; certified for employment to heads of labor departments, 12,242; rejected by heads of departments as not qualified, 55; declined service, 18; failed to report for employment, 2,942.

In conclusion the report refers to the increase in the navy and says that the navy today is a far greater factor in our relations with the world than it was before the recent national expansion, which now includes Porto Rico, the Hawaiian Islands, the vast area of land and sea in the Philippines, and our obligations to

WALL STREET STOCKS.

Continued Speculation but Advance Is Interrupted by Realizing.

New York, Nov. 17.—There was continued speculation in the stock market yesterday but the advance was interrupted by realizing again, here and there, and the buying was congested in a few stocks. There was a large concentrated buying of Readings, accompanied by rumors that the company soon would benefit by an increased dividend on its holdings in Jersey Central stock. There was sympathetic strength in the other coals, including some soft coal carriers.

American Locomotive stocks were in favorable demand on reports of large orders from all parts of the country. Trans-continental Railroad stocks moved irregularly under realizing for a time and there was a sharp setback for local tractions Sugar, Amalgamated Copper and people's Gas which unsettled the late dealings and made the closing irregular.

Much stress was laid by bullish traders on the persistent rumors that an offer of a large block of government bonds is pending. It was also rumored that the secretary of the treasury is about to issue the bid on the price for government bonds. No substantial basis could be discovered for the report of the rumor. There was an announcement just before the close of foreign government getting a million for export next Tuesday by a Boston banking house. This upset the hope that the gold export movement might be checked, owing to the easier tone in money and the raise in sterling exchange at continental points.

Closing prices of stocks are reported by Paine, Webber & Co. as follows: Wabash, Pfd., Union Pacific, 106 1/2; N. Y. Cent., 162 1/2; Pfd., 129 1/2; Southern Ry., 96 1/2; Mo. Pacific, 102 1/2; Alton, 105 1/2; Manhattan, 179 1/2; Sugar, 119 1/2; C. & O., 47 1/2; Rock Island, 148 1/2; So. Pacific, 61 1/2; St. Paul, 170 1/2; Reading, 70 1/2; B. & T., 68 1/2; Metropolitan, 107 1/2; Rubber, Pfd., B. & O., 108 1/2; C. & I., Pfd., 100 1/2; Canadian Pac., 114 1/2; T. C. I., 100 1/2; O. & W., 35 1/2; C. G. W., 25 1/2; Illinois Cent., 139 1/2; Pennsylvania, 140 1/2; Leather, 114 1/2; N. & N., 106 1/2; U. S. Steel, 43 1/2; C. & P. Foundry, 28 1/2; Pfd., 33 1/2; Republic, 33 1/2; C. & N. W., Erie, 53 1/2; Peoples Gas, M. & T., 52 1/2; Atchison, 81 1/2; Texas Pac., 41 1/2; Pfd., 101 1/2; West'n Union, 90 1/2; North. Pacific, Smelter, 47 1/2; Pfd., 100 1/2.

Two Americans to Take Part in Paris-Vienna Event.

New York, Nov. 17.—William K. Vanderbilt, Jr., and Foxhall Keene today called their entrances as competitors in the Paris-Vienna race, starting from the Frontier capital, June 15 next. The race will cover a distance of 900 miles and competitors from all parts of the world will participate.

O'NEILL DENIES REPORT.

Senator Says He Has Not Ordered Closing of Logging Camps.

Washington, Nov. 17.—State Senator O'Neill today emphatically denied the report that he had ordered logging operations suspended on the Red River Indian reservation because of the prevalence of small-pox. He said there was no small-pox in the camp.

SPARKS FROM THE WIRES.

Kansas City, Nov. 17.—J. B. Kennedy of Joliet, Ill., a switchman, was accidentally killed in the railroad yards here today.

Chicago, Nov. 17.—Mrs. Charlotte Teller, mother of United States Senator Teller, died at her home in Morrison, Ill., today, aged ninety-three.

Little Rock, Ark., Nov. 17.—The verdict of the coroner's inquest over the body of the dead man connected with the Rathbun case was that the deceased and the cause of death were unknown. The coroner at Jeffersonville has been notified that the body is subject to his orders and will be buried here.

WILL RACE FOR TROPHY.

Dublin, Nov. 17.—It has been decided to issue invitations to the principal rowing clubs of Great Britain, the United States, Canada and continental Europe to enter the eight-oared race at Corky about July 2 for a cup Lord O'Brien will present. The trophy, which will be valued at two hundred and fifty pounds, will become the property of the winning crew.

MINERS SHOOT EACH OTHER.

Centuria, Ill., Nov. 17.—Jim Melvin and Tom Koonze, miners living at Johnson City, shot each other last night. Melvin is dead and Koonze cannot live.

TODAY'S WEATHER.

Washington, Nov. 17.—The following is the weather forecast for Upper Michigan: Partly cloudy Monday and Tuesday; light northerly winds.

NEVA FROZEN OVER.

St. Petersburg, Nov. 17.—Winter has now fairly set in throughout northern Russia and the Neva is frozen over.

GREAT LUCK OF AN EDITOR.

"For two years all efforts to cure Eczema in the palms of my hands failed," writes Editor H. N. Lester, of Syracuse, Kan., "then I was wholly cured by Bucklen's Arnica Salve." It's the world's best for Eruptions, Sores and all skin diseases. Only 25c. at Stafford's.

LUNCHEONS FOR HUNTERS.

A nice lunch made up of sandwiches, doughnuts, pies and spice cake, can always be got at Heppner's bakery to take with you on hunting trips. (11-7-1)

Cuba. If we are to have a navy at all it must be commensurate with these great extensions—greater in international even than in territorial importance. This necessarily involves the construction of more naval vessels, their manning, exercise, and maintenance.

The general board and the board of construction both make recommendations for an increase in the navy, but as some can better than others be omitted from the list and await appropriation hereafter the department recommends the vessels mentioned above.

MAY BE INSANE.

O. B. Wheeler, Jr., Arrested in New York for Forgery.

New York, Nov. 17.—O. B. Wheeler, Jr., who was arrested yesterday on a charge of forging the names of Chicago business men to letters aggregating \$103,000, was arraigned in police court today. His attorney expressed the opinion that Wheeler is mentally unbalanced and suffering from the excessive use of some drug. The prisoner was returned to police headquarters for medical care.

WANTED IN TEXAS.

Many Charges Made Against Montana Train Robber.

Austin, Tex., Nov. 17.—The sheriff of Concho county has requested Governor Sayers to issue a requisition for the return of Ben Kilpatrick, alias Harry Longbaugh, now held at St. Louis on suspicion of being one of the Montana train robbers. He is wanted here on several charges, including murder, robbery and jail breaking in Concho and Tom Green counties.

TOURING THE COUNTRY.

Bishop Von Schele of Sweden Visits Augustana College.

Rock Island, Ill., Nov. 24.—Bishop Von Schele, the personal representative of the king of Sweden touring this country, arrived this morning for a week's visit at Augustana college. In the morning he preached in the Moline Lutheran church. This evening he lectured in the college chapel. He will lecture before the students every afternoon during his stay.

NEW POSITION FOR CULLOM.

Senator from Illinois Chairman Foreign Relations Committee.

Washington, Nov. 17.—Senator Cullom of Illinois has accepted the chairmanship of the foreign relations committee of the senate to succeed the late Senator Davis. His decision to accept the chairmanship will cause him to resign the chairmanship of the committee of interstate commerce.

ENTER AUTO RACE.

Two Americans to Take Part in Paris-Vienna Event.

GREAT LUCK OF AN EDITOR.

A LESSON IN VALUES.

DOLLAR for dollar, pound for pound, there is more in Ivory Soap than in any household soap. It is easy to find a cheap soap; but to find purity and low price in a single soap is not easy. They combine in Ivory Soap. You can afford to use it in the laundry; you can not afford not to use it elsewhere. It is vegetable-oil soap, in the cheapest form in which it can be prepared. You pay nothing for a fancy box, wrapper or perfume. It is all in the soap! It floats.

WALL STREET STOCKS.

Continued Speculation but Advance Is Interrupted by Realizing.

New York, Nov. 17.—There was continued speculation in the stock market yesterday but the advance was interrupted by realizing again, here and there, and the buying was congested in a few stocks. COPPERS FIRM SATURDAY.
Business Again Light but There Were
No Stocks Offering.
Supplementary to John Stanton's re-
sults summary of the metal situation,
came the report Saturday that the Calu-
met & Hecla had sold 50,000,000 pounds
of copper and for future delivery had ad-
vanced its price a quarter of a cent, to
16 1/2. This news did not cause any
unusual activity in the trading in cop-
per stocks, and probably was made pub-
lic at Boston after the market had
closed at noon, but it served to strength-
en the bullish sentiment here.

DOING THEIR DUTY.
Scores of Marquette Readers Are Learn-
ing the Duty of the Kidneys.
To filter the blood is the kidneys' duty.
When they fail to do this the kidneys
become and the doctor says: "I
Backache and many kidney ills follow
Urinary trouble, diabetes,
Doan's Kidney Pills cure them all.
Marquette people endorse our claim.

FINE LANTS FOR SALE—1 offer for sale
eighty acres of Pine Land North 1/2 of
Northwest 1/4 Sec. 2, Town 10, Range 25, com-
prising about 10,000 feet of pine. Good quality
of heavy timber. Will be sold reasonable.
Apply to James M. Miller, 125 East Arch
street, Marquette, Mich. 11-14-15

WANTED—A young girl to help with house-
work. 103 North Front St. 11-12-15
WANTED—Man and wife, without children,
to take charge of hunting lodge. Enquire
N. M. Kaufman's residence, 331 E. Ridge
street. 11-14-15

WANTED—At once two steady first-class
carriers. Address or apply to G. C. Preston.
(11-15-15)
The bride entered the edifice with her
consin, Charles J. Schmidt, of Wheeling,
W. Va., by whom she was given away,
and was received at the altar by the
groom and C. W. Wisner, Jr., who acted
as best man. The maid of honor was
the bride's sister, Miss Agnes Carnan,
and the bridesmaids were Miss Florence
Carnan and Miss E. Estlin, nieces of the
bride and groom, respectively. Mes-
srs. C. Walter Carnan, Royal Dun-
can, Dr. Campbell Waters, William Sher-
man Bausener, John Spring and Charles
Becker, of Washington, Pa., acted as
ushers. A little page, Master Carl
Schmidt, of Wheeling, W. Va., carried
the wedding ring to the altar on a white
salver.

Supplementary to John Stanton's re-
sults summary of the metal situation,
came the report Saturday that the Calu-
met & Hecla had sold 50,000,000 pounds
of copper and for future delivery had ad-
vanced its price a quarter of a cent, to
16 1/2. This news did not cause any
unusual activity in the trading in cop-
per stocks, and probably was made pub-
lic at Boston after the market had
closed at noon, but it served to strength-
en the bullish sentiment here.

IshpeMING and its Environs.

WILL MOVE FASTER.

Material for Grace Church Arrives and Work Will Be Rushed.

The construction work at Grace church has been "painfully slow" the past few weeks, owing entirely to the delay in the arrival of certain material. The window frames, which were made in Oskosh, have also arrived. The carpenters had their work as far advanced as they could get it before setting the frames in position. The heavy timbers for the trusses have been prepared and these are all ready to go up. Rev. Atwell reports that the stone for the large window to face on the city street have been spoken for. The window will be ordered as soon as the minor details regarding it are worked out. The window will be a handsome one and all the money subscribed for it will be expended on the designs and material. Some of the smaller windows have also been taken.

It is now obvious that the church will not be completed as soon as the parishioners expected when they let the contract. Had the material been delivered as promised the building would have been finished on time. As matters now stand it is not expected that Wahlman & Son can finish their work at the time specified in the contract. The church society's hall at the rear of the building, facing on First street, will be finished as soon as possible. It is not certain that the services and the meetings of the church society can be held there commencing the first of the year, though an effort will be made to have it ready for use by Jan. 1.

When completed Grace church will be an imposing structure. Only those who are familiar with the plans can form any idea of its beauty at this time. The work is not far enough advanced to show what it will look like when finished.

PILING IN THE GOODS.

In the barn across the street from the IshpeMING beef house there is a lot of stuff, including an organ, stove furniture, etc. that the owner will have to take away to make room for the goods that the Carpenter-Cook company is storing there. Manager Boaz is unable to learn who owns the articles in there and as he is compelled to move them out to make room for goods he wishes to store in the building. He would be pleased to have the owner come around and take them away. If the man who owns them does not show up within a reasonable time Mr. Boaz will be obliged to remove them in the alley or yard adjoining the building.

The wholesale house is being filled from basement to ceiling with new goods and Mr. Boaz reports that he is doing a very satisfactory business. Several new curtains were placed on the front windows yesterday. They are dark green in color. The firm's name is printed on them in gold letters on the center curtain is the trade mark, made up of three C's in a circle of three colors, one for each letter. The colors are red, yellow and blue. The trade mark is quite attractive. Mr. Boaz is having labels of various sizes printed and he proposes putting the trade mark on most of the packages that will leave the house.

A NEW PLATFORM.

Several carloads of timber to be used in a new platform to be built at the Chicago & Northwestern Railway company's freight depot arrived here the latter part of last week. The greater part of the timber came from an abandoned bridge at some point down the line. It is the right kind of material to put into a platform such as is needed at the depot, where so much freight is handled.

It is intended that the platform shall be the same height as the old one, though it should be about a foot higher in order to reduce the labor in loading and unloading of the cars. In order to bring the platform to a height to render this work less difficult it would be necessary to raise the building. This would be a job to tackle at this time, when the freight business is rushing.

FILLED THE VACANCY.

At a meeting of the IshpeMING school board held Friday afternoon A. J. Young both was elected to fill the vacancy caused by the death of the late Captain James H. Trebilcock. Mr. Young's selection as a member of the board will meet with general approval as he is an energetic worker and will discharge the duties of his office satisfactorily.

ASTOUNDING DISCOVERY.

From Copperville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough too," writes Mrs. S. Hinkelburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50c and \$1.00 at Stafford's. Trial bottles free.

For fresh, new clothing, dry goods, etc., call at the Finnish Co-operative store. All goods new and at right prices. (10-25-1)

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

Geo. A. Points, Upper Sandusky, O., writes: "I have been using Foley's Honey and Tar for hoarseness and find it the best remedy I ever tried. It stopped the cough immediately and relieved all soreness." Take none but Foley's. The People's Drug Store.

ILLEGAL DEER HUNTING.

Several Marquette County Men Shooting More Deer Than the Law Allows.

The author of the deer hunting law in effect this season should submit a revision of it to the next legislature for adoption. There are not a few men who are killing more than three deer, the number allowed according to the law. The slaughter is brought about by the taking out of licenses in the names of several members of a family. For instance, a father and all his sons get licenses. In many cases the boys do not go into the woods at all and the shooting is done by the "old man." A case is reported from a town in this county in which no less than twenty deer were killed by members of one family last season. It is said that the sons took out the licenses but that the father killed most of the deer. That family has a reputation for being hunters, besides selling quite a lot of it. That there are several ways of dodging the law, though so far as known there is not a great deal of venison being sold, even to families, this season.

JUMPED ON A TEN PENNY NAIL.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Expeller was promptly applied, five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without inflammation and in one-third the time required by the usual treatment. For sale by the Stafford Drug Co.

ISHPEMING IN BRIEF.

Quite a number of IshpeMING people enjoyed roller rides yesterday. The snowing is now very good.

F. B. Baird, who is interested in the East New York mine, spent Saturday in the city. All the ore mined at the property is being shipped these days.

The hop given Saturday evening at the Anderson Hall under direction of the Finnish Gymnasium club was well attended by young people of the city.

The routes of the mail carriers have been rearranged by Postmistress Krogman. The boys will start over their new routes for the first time today.

The next hop by the Trombly orchestra will take place on Friday evening of this week. All the hops thus far given by the orchestra have been well patronized.

Will Waters, baggage man at the South Shore depot, returned to work Saturday, after two days' confinement at his home. He was threatened with typhoid fever and was quite ill for a time.

John Treloar, Jr., employed on one of the trestles at the Lake Superior Iron company's Section 21 mine, suffered a fracture of both bones of his right leg Saturday. He got struck in some way as he was working about a car.

Delinquent water takers are notified to pay up their taxes before the first of the coming month. The board of public works has had cards issued and posted about the city calling attention to the fact that the taxes must be paid before Dec. 1.

The Peerless football team defeated the Nobles hill eleven Saturday afternoon in a score of 110. Angus Campbell was referee. The downtown youngsters are very much "swelled" on themselves as they have won every game they have played this season.

Camilla Urso, the noted violinist, will give a recital this evening at the high school auditorium. A number of tickets are being disposed of at a large and representative audience is expected. The concert will begin at 8:30, a few minutes after the car from Negaunee arrives.

The first coat of paint is going on the new school house being built at the Winthrop location. The interior work will be pushed along as rapidly as possible with a view to getting the opening ready for occupancy by the opening of the winter term after New Years.

John Vanhalla, who recently purchased a confectionery and cigar business on East Division street, is meeting with excellent success. He has increased the size of his stock and a number of improvements have been made in the store. His line of cigars and other smokers' articles compares very favorably with the stocks carried in larger stores. A line of novelties has been ordered for the holiday trade.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at the Stafford Drug Company. Get Green's Special Almanac.

You never know what you can save by trading with us until you have seen our goods and examined our stock. Big new line of clothing at 10 per cent. less than others ask. Finnish Mercantile Association. (10-25-1)

Adolph Bluner, Grand Mound, Ia., writes: "I have used Foley's Honey and Tar in my family and think it is the best cough cure on the market. I would not be without it in my home, as there is nothing so good for coughs and colds. The People's Drug Store.

APITHY STATEMENT.

Mr. Stafford Gives an Apt Illustration.

His Views on Vinol Worth Learning. This Is the Preparation That Is Being Much Talked About.

A reporter asked Mr. Stafford the same question that hundreds have asked him in the last few days. "Just tell me precisely, please, why Vinol is better than cod liver oil?" Mr. Stafford replied in his genial way, "You have given me a rather difficult task. I can explain to you in a few minutes the advantages of Vinol, but to do it in a half dozen words would hardly be possible. Perhaps I can illustrate its value, however, in a brief manner. Suppose you had never seen a hen's egg. I think you know of them should tell you to eat three every day. I do not say that you would, mind you, but I am inclined to believe at the start you would make an heroic effort to get away with the whole thing, shell and all. The meat of the egg would be what you eat, the shell rather superfluous, as a matter of course. In fact, you would not quite the thing for your stomach.

"There you are with cod liver oil. In you have a medicine, or rather in the liver of a live cod there is a medicine that is so valuable for certain forms of wasting disease, a great reconstructive. Doctors have administered it for years. They were like the man who gave you it to their patients just as they found it, shell and all. Yes, that is exactly it. The grease was useless and what you eat, the shell rather superfluous, as a matter of course. In fact, you would not quite the thing for your stomach.

"Now we have the active medicinal principles of the cod's liver. We have thrown away the useless encumbrances that formerly encumbered it, namely, the objectionable fat. We have taken this extract, placed it in a delicious table wine, and there you are. Patients who have needed cod liver oil and could not take it have no trouble in taking Vinol. Why, you would enjoy drinking it yourself, so pleasant is it, if I did not tell you it was anything but a mild and easy to take medicine. It is not a medicine, you would soon find it to be something different. The medicinal properties of the cod's liver head damage done by diseases that are of a wasting nature, and the same principles give strength to the weakened digestion and enable the poor sufferer's stomach to assimilate and obtain nutriment from everyday food. These same principles are also active disease germ annihilators.

"Yes, I am glad to have you come any time that you care to learn anything more about Vinol. It has already proved itself to be a winner."

L'Anse and Baraga

D. Levitan has moved with his family to the Seaman residence.

The infant son of Mr. and Mrs. Joseph Budroe of L'Anse died Sunday last.

Rev. John M. Shank is hunting deer at R. Hathaway's camp at the graphite mine.

William Shefae and Hattie Pine of Assinibois took out licenses to marry last week.

Andrew Wahl came up from the Soo Tuesday last for a few days visit with his family at L'Anse.

W. J. Steele of L'Anse has taken a position at the Mass mill and left for Keweenaw bay last week.

The L'Anse brick company is shipping 300,000 brick to be used on the new addition to the Douglas House at Houghton.

Peter E. Ruppe of Calumet took home two deer, the result of a two days' hunt last week with Otto Beeher, who also got one.

Mrs. J. R. Smith visited relatives and friends at Houghton the past week, being the guest of her sister, Mrs. Dr. J. G. Turner.

Thomas Tracy, bookkeeper at the Mass mill, has been appointed postmaster at Lafreniere, which is the name of the postoffice at Keweenaw bay.

Wendelin Kirsh of Nestoria, who has not cut his hair for five years, was at the county seat with the pelts of three wolves Thursday last to get the bounty on them.

Little Charlie Blankenhorn, aged twelve years, a L'Anse lad, is the youngest person reported to have shot a deer this season in Baraga county. He brought in a two-year-old doe.

Anthony Girard of Baraga, who is at St. Joseph's hospital, Hancock, received

ing treatment for blood poisoning, which resulted from a sore toe, is doing as well as can be expected. The physicians have not yet determined whether it will be necessary to amputate the foot or only the toe.

One hundred is a low estimate of the number of deer killed to date this season in Baraga county. The deer have never before been so numerous and tame in the county. The county clerk has issued 300 licenses and got fifty extra on a wire order Tuesday, which are almost all gone. Another order has been sent to Lansing for more.

The ladies of the L'Anse M. E. church will give an oyster supper at the town hall Thursday evening, Nov. 21, from six to eleven o'clock. Oysters will be served in all styles, fried, stewed, scalloped and raw. There will also be an attractive display of dressed dolls for sale. Adults will be charged 50 cents for the supper and children 15 cents.

### PICKED UP A PIG

TUG SCHENCK, ENROUTE FROM MUNISING, FINDS WHALEBACK.

LOST BY THE STEAMER HILL

TOWLINE PARTED AND ESCAPE OF BARGE WAS A CLOSE ONE.

Schenck and Tug Boscobel Leave for Au Train This Morning in an Endeavor to Release the Stranded Schooner Smeaton.

Yesterday while the tug Schenck was returning from Munising, where she had been weatherbound for several days after effecting the release of the stranded schooner Comany Bros., she picked up the steel corporation's whaleback pig No. 127.

During the night the pig, in tow of the steamer Hill, left Grand Island, behind which the boats had been sheltered, to resume the voyage up the lake which the storm had interrupted. The towline, however, parted and the whaleback, lost in the darkness, was left helplessly adrift at a point about forty miles southeast of Stannards rock. Tossed by the sea the pig finally got into shallow water the other side of Laughing Fish point and anchored in safety, shortly after being taken in tow by the Schenck.

While bound for Marquette the tug Boscobel was sighted and the Schenck, having considerable harbor work awaiting her here, turned the whaleback over to that craft and hastened on to port. The Boscobel arriving later with the towline, during the day the steamer Hill had arrived in search of her missing consort, and while the barge was still outside the breakwater the towline was again made fast and the two vessels once more started for Duluth.

The escape of the whaleback from wreck was a narrow one. One anchor was broken while the boat was endeavoring to anchor where finally picked up.

To Attempt to Free the Smeaton.

This morning the tugs Schenck and Boscobel will leave for Au Train island to attempt the release of the stranded steel schooner John Smeaton. Captain Kidd, of the Bessemer Steamship company, visited the scene yesterday on the Boscobel, and returned with the opinion that after the schooner has been pumped out she can be pulled off and that, although she seems badly damaged, her watertight compartments will keep her afloat until port is made.

About noon the big steamer Harvard, which towed the Smeaton, arrived here in quest of tidings of the barge. Since the towline parted and the Smeaton went adrift, the Harvard had been sheltered in Bete Grise bay, Keweenaw

point. On arriving Marquette the Harvard found specific orders awaiting her, and in accordance with them she at once put out and headed for Duluth to load, leaving the tugs to take care of the barge.

Many Boats Still Here.

Although the sea went down considerably yesterday, a number of boats still remained in the harbors, some waiting for loads and the others being weather-bound. From the L. S. & I. dock, the Gogebic and Bivabic cleared for Buffalo, the Devereaux and Centurion for Ashtabula and the Nimick for Toledo; and from the lower harbor, the Warner, loaded with coal, steamed out for Lake Linden; the Neshoto, with a cargo of ore taken on up the lake, resumed her down-bound voyage; the Butters, light, left for Duluth, and the Northern King, loaded with lumber and shingles, put out for the lower lakes, these last four boats having been in for shelter.

There were still in port last evening, waiting for weather, the Carthage and barge, the Pratt and Athens, the Arizona and two barges, the Gladstone and Adriatic, and the Marquette. In addition, at the L. S. & I. dock there were the Andaste, Wade, Tacoma, Clyde, Amboy and one schooner whose name could not be ascertained, all of these still waiting to load, and also the Angeline, Presque Isle, Pontiac, Rhodes and Cadillac, which arrived during the day. In the lower harbor, awaiting for cargoes of ore, were the J. W. Moore, J. W. Roby and the George Spencer, the latter of which is to be loaded at the L. S. & I.

TWO DEER WITH SINGLE SHOT.

Marquette Man Bags Buck and Doe in Woods Near Skandia.

George Kilpatrick, a trainman in the employ of the South Shore and residing in South Marquette, holds the distinction of killing two deer with one shot, a feat not often achieved. Mr. Kilpatrick was hunting in the woods near Skandia last Thursday when he saw a buck and a doe standing side by side. He blazed away at the animals, and the doe fell, shot through the shoulders. The buck bounded away, but from blood in the snow Mr. Kilpatrick knew the animal was wounded and early the next day he followed the tracks. The journey proved a long one, but after tramping for several hours the hunter stumbled onto the buck lying dead, the carcass being still warm. Strange to say, the spot was but 200 feet distant from where the doe went down, the wounded animal having made a circle back again.

Largest of the Season.

The "P. H. club" has returned from camp at Pickerel lake, near Sauk's Head. The members had very good luck, considering all, and also returned with the largest deer reported killed this season. This was a buck that weighed, dressed, 235 pounds. The animal was dressed by Alex Simpson, the well known traveling man. The other members of the party, who all shot one deer apiece, were Timothy Foley, Andrew Hartvigh, Alderman Ernie Bush and Charles Stack.

Will Money come up Saturday from Morse Hose company's camp at Deerton with one deer. He reports that Officer "Denny" Hogan, who has been off duty for a few days, has used up all his coupons, having bagged three deer, and was

preparing to return to town. Pat Mul-lally had shot two deer and Will Johnson, driver of the hose team, one.

Drs. Drake and Van Iderstine have returned from their hunting expedition to the Sauk's Head country. Each bagged two of the animals they were after.

Alex Meads also is numbered among the successful hunters. He has brought in one deer so far this season.

Over 1,400 Licenses.

Up to the close of office hours Saturday, County Clerk Ross had issued 1,425 licenses, the heavy fall of snow having stimulated the demand during the past day or two. The record now stands over a hundred in excess of last year's unprecedented total, and is the largest by several hundred of any county in the state, Menominee ranking next. At the present rate, the hundred additional licenses just secured, making 1,500 in all, will not last long.

County Clerk Parsille of Chippewa county has in mind a suggestion for an improvement in the deer license law which would prove a source of financial benefit to Chippewa county and the other counties of the upper peninsula which are the big deer centers. Mr. Parsille believes that hunters should be compelled to purchase their licenses in the county in which they hunt. Thus far 650 deer licenses have been sold in Chippewa county and the hunters now in the county number 2,000 or more. The county pays annually for game wardens service for the month of October means by which the county can hope to get a return of that expenditure by the sale of deer licenses, where the counties that make no provision for game protection sell the greater number of licenses.

VESSEL MEN ALARMED.

Lake Superior Has Fallen Half a Foot in the Past Year.

The report of the United States lake survey engineers of the mean depth of the great lakes for the month of October shows that Lake Superior has gone down in one year almost half a foot; Lakes Michigan and Huron, about a little over one-tenth of a foot, and the two latter lakes have gained but a very small fraction over the depth of 1898, when the water was very low and the lakes. Lake Erie has also gone down almost half a foot in a year, but has gained over half a foot from the low stage of 1895.

The figures show that the lake levels are slowly but surely falling. The Chicago drainage canal is said to be partly responsible for the conditions of the lake levels, and an investigation of this may be made. Vessel men, especially those who operate large carriers, are becoming somewhat alarmed.

PRESENTS TO CUSTOMERS.

On New Year's day I will give the following prizes to my customers: First prize, a \$10 merschaum pipe; second prize, a \$4.50 amber cigar holder; third prize, box of \$4 cigars; fourth prize, a \$3.75 briar pipe; fifth prize, a five-pound box of candy, valued at \$3. One ticket free with each ten-cent purchase. (11-15-11) FRED DONCKER.

OLD BROCTON WINE.

Can be procured at Stafford Drug Co.'s store. (10-19-11)

### LOST IN THE WOODS

MUNISING MAN HAS THRILLING EXPERIENCE.

FURNITURE DEALER A. F. HOWARD

MISSED HIS WAY WHILE ENGAGED IN HUNTING.

Left Camp Wednesday Morning and Was Not Found by the Searchers Until Saturday Evening—Weak but Otherwise O. K.

A. F. Howard, engaged in the furniture business at Munising and one of that village's most prominent citizens, has just had an experience he will not soon forget. For three days he was lost in the woods about twenty-five miles west of Munising and in the vicinity of Eben station.

Mr. Howard, in company with Sheriff Gibson and E. P. Kling, was in camp on his annual deer hunting expedition. Wednesday morning he started out in quest of game, and as he had not returned by night his companions became alarmed. Bright and early the next day Messrs. Gibson and Kling began a search for the missing man and during the day visited many of the hunting camps in the vicinity. No trace of Howard was found, and Sheriff Gibson caught the evening train for Munising, where he organized a searching party and returned with it to the woods.

The hunt was kept up all during Friday, the searchers being augmented by fresh parties until over a hundred men were engaged in the task, but without avail. It was then feared that the lost gentleman had perished from exposure, a violent snow storm having raged, or that possibly he had been mistaken for a deer and shot. However, the search was again resumed Saturday morning, and along toward evening the missing man was found about six miles from Eben, sleeping. It is reported, in a haystack. The information reaching here was that, although weak and nearly famished, the aimrod will be none the worse for his experience.

Mr. Howard is very well known in this city and Ishpeming, at the latter place he having been engaged in the furniture and undertaking business for some few years. He is married and has two daughters, who are attending Alma college at Alma, Mich. Mrs. Howard being with them.

Beautifying methods that injure the skin and health are dangerous. Be beautiful without discomfort by taking Rocky Mountain Tea. Sunshine faces follow its use. 35c. The Stafford Drug company.

# COMPLETE EQUIPMENT!

We Are Now Prepared to Give Our Patrons An Unequaled Service.

We have added to our corps of salespeople within the past few days, Mr. Holiday and Mr. Senecal, both known to the Marquette public, which gives us the largest force of salespeople in the city, thereby enabling us to give you prompt attention. During the past two weeks we have been making some extensive alterations in our store, adding one more salesroom for our Carpet department, thereby creating an entire floor for the display of our Linoleums, Oil Cloths and Shade Cloths. This is the basement under and directly connected with our main Carpet department, a portion of which will be used in manufacturing Shades and Rugs and a sewing room for carpets.

We are showing a very fine line of Wilton, Body Brussel, Velvet and Tapestry Brussel Carpets, as well as an unequalled showing of all-wool Ingrain Carpets. Our sales on Rugs have been phenomenal, having sold a great quantity to surrounding towns, as well as a large amount to our Marquette customers.

We note with pride that our superior selections and assortment are winning the confidence and appreciation of the buying public, and why not? It should be a source of pleasure and gratification to every resident of Marquette county that there is such an establishment in Marquette.

It pays to do business strictly honestly. It pays to be obliging to your trade. A business house that wins the reputation of being reliable has something better than printer's ink. It takes time to convince the poorer people that the best styles and the newest goods, and the lightest and cleanest store is the cheapest and best place to buy their goods.

We do not sell trash or plunder, but we do offer honest, reliable, stylish goods, for less money than you can buy them for elsewhere. Come and see us, we want your business, and will do you good.

---

We call your attention to an immense new lot of Embroideries and Handkerchiefs. They will be on sale today.

We have just received a large assortment of Yarns; also a new line of Shell Goods, Combs, etc. : : : :
