TREATY IS SIGNED
SEC. HAY AND LORD PAUNCEFOTE ATTACH SIGNATURES.
TO NEW ISTHMIAN CANAL CONVENTION
STEP DOES NOT EXCITE STRONG INTEREST IN GREAT BRITAIN.
Admitted That the British Have Nothing to Gain by Retention of Clayton-Bulwer Treaty While Much Is to Be Gained by Canal.

Washington, Nov. 18.—The new Hay-Pauncefote treaty was signed today at 1:55 by Secretary Hay for the United States and Lord Pauncefote, the British ambassador for Great Britain.
Opinion in London.
London, Nov. 18.—Except as affording a chance for opposition journals to attack the government and the foreign secretary, Lord Lansdowne, the signing of the new isthmiian canal convention does not excite strong interest in Great Britain. It is generally admitted that the British have nothing to gain by a retention of the Clayton-Bulwer treaty, while they have much to gain by the construction of the canal.
The Post congratulates both countries on the completion of the treaty and says it is glad the convention of 1900 has been revised in accordance with American wishes.
The Mail fears that the signing may not terminate forever the troublesome dispute and thinks Canada ought to receive some equivalent for the concessions, which probably have been made.
One-Sided Bargain.
The Chronicle says: "Lord Lansdowne has surrendered everything without compensation. The government has climbed down from the position deliberately chosen, and although the disappearance of the Clayton-Bulwer treaty will not cause much regret, many people will sigh for the 'business cabinet' which Lord Rosebery recently suggested."
In conclusion the Chronicle characterizes the new treaty as a "full acceptance by Great Britain of the Monroe doctrine," and says, "it would be strange indeed if the senate should object to such a one-sided bargain."
REPORT IS DISCREDITED.
Army Officers Take No Stock in Alleged Alaska Conspiracy.

Washington, Nov. 18.—Army officials wholly discredit the published story of the reported conspiracy to secure the independence of Alaska. The only report made by General Randall to the war department from his quarters at Vancouver touching on Alaskan affairs related to the transfers of a couple of engineers from Valdes to Fort Egghart. A cynical suggestion is thrown out at the department that the story was devised to secure the return of soldiers to Alaska.
Another cablegram from United States Consul General Dickinson at Sofia today indicates that while Miss Stone has not yet been ransomed there is reason for feeling reassured as to her future. The dispatch furnished evidence that Mr. Dickinson remains in indirect communication with the brigands or their agents.
Surgeon General Wyman, of the marine hospital service, today received a cablegram from Past Assistant Surgeon Thomas, of Liverpool, saying that the city today was officially declared free from the plague.
MADE A RICH FIND.
Minnesota Men Strike Rich Bed of Bessemer Iron Ore.

St. Paul, Nov. 18.—J. R. Waller, at the capitol today, presented State Auditor Dunn with some samples of Bessemer iron ore taken from section 24, about four and a half miles northeast of Virginia on the Mesaba range.
Mr. Waller who is a baggageman in the employ of the Milwaukee road at the Minneapolis depot, in company with C. H. Nicholls, a farmer of Burt, Ia., and H. C. Nicholls, a stenographer of Minneapolis, took out a lease from the state on 320 acres of this land Aug. 26 and began prospecting. Last week they struck a bed of Bessemer ore. They have penetrated to a depth of seventeen feet and the ore constantly grows better. There is every indication that it is one of the best finds ever made on the range.
Experts estimate, if the vein is twenty feet deep and 400 feet wide, it will contain not less than 10,000,000 tons of ore.
The discoverers will take out the ore by contract with the state, as the mine iron ore is taken from section 24, about four and a half miles northeast of Virginia on the Mesaba range.

BOWLING PRIZE MONEY.
Buffalo, Nov. 18.—President Floss announced today that the prize money would be increased from \$2,000 to \$3,000 for the United States bowling tournament to be held here the second week in January.
INDIANS ON WAR PATH.
Menominee, Mich., Nov. 18.—Indians are on the warpath around the head waters of Eagle river. They say one of their number was shot by a white hunter.

DEPARTMENT WAS NEGLIGENT.
St. Louis Health Board Responsible for Deaths by Tetanus.
St. Louis, Nov. 18.—Coroner Funkhouser today rendered a verdict, finding the St. Louis health department negligent in the preparation of the diphtheria anti-toxin that caused the death by lock-jaw (tetanus) of seven children to whom it was recently administered for diphtheria.
For some time the health department has been making anti-toxin for the use of diphtheria cases. This was distributed among practicing physicians throughout the city free of charge and used in the city institutions quite generally. In many cases, it is said, it saved lives. The serum was obtained from horses that are said to have contracted tetanus and imparted it to the anti-toxin drawn from their bodies.
Seven Victims Die.
Philadelphia, Nov. 18.—Alarm caused by nine cases of tetanus following vaccination in Camden, N. J., has aroused the city officials there to take official action. The board of health has decided to request physicians to cease vaccinating persons until an investigation as to the cause of the lockjaw cases has been made and the board of education has desisted the order for the compulsory vaccination of school children. Of the nine cases of tetanus so far reported seven of the victims have died and the other two are in a dangerous condition.
At Bridgeton, N. J., Miss Helda Ropac, a well-known music teacher, is in a critical condition as the result of vaccination. Miss Ropac a few days ago was vaccinated on one of the limbs. The whole side of her body became paralyzed and she is suffering greatly. A specialist from Philadelphia has been sent for to make an examination.
Death at Atlantic City.
Atlantic City, N. J., Nov. 18.—Bessie Keesler, aged nine years, died today from lockjaw. She had recently been vaccinated. This is the third death from lockjaw here in the past two weeks.

LOOKS LIKE CORRUPTION.
Grand Jury in Iowa Indicts Several County Officials.
Marshalltown, Ia., Nov. 18.—The grand jury, after an extended session, reported late this afternoon, returning five indictments against county officials W. B. Williams and T. J. Shearer, two wealthy men of the county, and members of the board of supervisors, who are indicted for malfeasance in office in accepting individual mileage books of the Northwestern in lieu of money that should have been paid into the county fund in connection with the bringing of the county road to a grade when the railroad company built a double track in the summer of 1899.
Thomas J. Shoemaker, the sheriff, and J. W. McPherson, an ex-sheriff, were indicted for extortion in charging excessive fees in their expense account in taking prisoners to penitentiaries and patients to insane asylums.
Dr. W. S. Devine and Frank E. Northrup, members of the insanity commission, were also indicted for extortion in overcharging in fees.
STATIONS ARE ESTABLISHED.
Pacific Wireless Telephone and Telegraph Co. Progressing.
Pierre, S. D., Nov. 18.—J. C. Bailey, United States marshal of Colorado, and A. L. New, of Deaver, were in Pierre today to attend the meeting of the stockholders of the Pacific Wireless Telephone and Telegraph company.
The meeting was to select directors for the ensuing year, and the list is A. M. Stevenson, J. C. Bailey, A. L. New, General Irving Hale, G. D. Begole and F. H. New, of Denver; J. E. Hipple, Pierre; George M. Nix, Lead City; L. M. Humphrey, Rapid City.
The company has begun establishing stations. The first one connects Catalina Island with Los Angeles, and others are being established in the Puget Sound country.

ANOTHER HARD BLOW.
Chicago Corporations Seeking to Evade Taxation Receive One.
Springfield, Ill., Nov. 18.—The Chicago corporations who seek to evade taxation on franchises and capital stock received another hard blow tonight when Judge Thompson, of the Sangamon circuit court, ordered the state board of equalization to report to him on Friday on the manner in which they have obeyed the writ of mandamus issued by him, ordering them to assess the franchises and capital stock of these corporations for 1900.
If the federal court enjoins the board from making certain assessments they will be between two fires, Judge Humphrey's injunction and Judge Thompson's mandamus.
FLOODS IN COLOMBIA.
Great Destruction Is Caused and Many Lives Are Lost.
Maracaibo, Nov. 18.—(Via Williamstad and Haytian cable.)—In view of the heavy rains in Colombia an armistice of three weeks between the Venezuelan and Colombian troops on the frontier has been arranged. Cucuta (in Colombia near the Venezuelan frontier) is inundated. The floods have caused great destruction and a number of lives have been lost. In some places the railroad from the head of Maracaibo lake to the interior is several yards under water. General Uribe-Uribe has been called to Caracas and has gone to the island of Curacao on the way there.
TODAY'S WEATHER.
Washington, Nov. 18.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy Tuesday and Wednesday; light to fresh northerly winds.

TEN ARE KILLED
AWFUL WRECK ON GREAT NORTHERN IN MONTANA.
FLAMES ADD TO HORROR OF SCENE
FREIGHT AND WORK TRAINS COLLIDE AT CURVE.
Cars Are Smashed Into Kindling Wood and Dead and Dying Are Buried Beneath Wreckage—All Are Accounted For.

St. Paul, Nov. 18.—The Globe's Great Falls, Mont. correspondent says: "A wreck occurred on the Great Northern near Blair, Mont., 375 miles east of here, yesterday morning, in which ten men lost their lives and twenty-eight others were seriously injured. An extra freight ran into a work train, and it was among those on the latter that terrible havoc was wrought.
Japanese Laborers in Crew.
Forty-one Japanese laborers were aboard the work train. The latter expected to meet the freight at Culbertson. There was a sharp curve near where the trains met and the work train was running twenty-five miles an hour. So great was the force of the impact that the freight cars were thrown on top of the work train which was piled high in a mass of wreckage.
Almost immediately flames broke out and added to the horror of the scene. At the time of the accident the Japanese were at breakfast, and before they were aware of the impending danger the car was smashed into kindling wood and the dead and dying men were buried beneath a heap of wreckage. Of the entire number in the car but three escaped death or injury.
Some of Injured May Die.
After hours of work all were accounted for, and there were ten dead bodies alongside the track and several so badly injured that it is likely they will die. It was impossible to check the progress of the flames and soon seven work cars and three freight cars were in ashes.
Word was sent to Glasgow for a relief train and doctors. Nineteen of the injured were brought to the hospital here this afternoon and the other nine were left at Havre. Of those brought here all but three will probably recover. Those at Havre are not as seriously injured.

SENATOR HANNA'S IDEA.
Does Not Approve of So Many Minor McKinley Memorials.
Cleveland, Nov. 18.—In an interview today Senator Hanna said he did not approve of the plan to use the surplus of \$8,000 in the hands of the Grand Army people to erect a bronze statue of the late President McKinley in Cleveland. He thinks these local monuments will detract from the funds necessary for the national monument at Canton. Senator Hanna discouraged the erection of monuments at Cincinnati, Toledo and Columbus on the same ground.
"I notice," continued the senator, "that the Washington monument arch association has decided to go ahead with the project of erecting an arch for President McKinley in Washington without waiting for the Canton monument. It is unfortunate that they insist upon going ahead, and I know I voice the opinion of all of President McKinley's personal friends and admirers when I say it is a grave mistake to have so many projects on foot until our country is a success. We feel that the testimonial of the people of the country should be where his remains are."
DEATH IN EXPLOSION.
Miner Killed Near Canadian Soo and Others Injured.
Sault Ste. Marie, Mich., Nov. 18.—News reached here today of two frightful accidents caused by dynamite explosions in mines near the Canadian Soo.
At the Helen mine, near Michipicoten, James Ryan, a powder man, was literally blown to atoms by an explosion of dynamite, which he was drying by a fire. All that could be found of him was one finger and a piece of his spine. Houses were shattered and several persons were injured.
At the McMillan corner mine, near Rock Lake, four miners attempted to thaw a quantity of dynamite in a blast hole and were frightfully injured by premature explosions. It is believed all will be totally blind and two will die.
TO CONCLUDE TREATY.
Prince Ching Wires Peking He Has Empress' Instructions.
Peking, Nov. 18.—Prince Ching has telegraphed to the foreign office that he has left Kai Fu with the empress' instructions to conclude the Manchurian treaty. Whether this means Russia's terms will be accepted fully or modified the telegram does not say.

POLICEMAN IS ARRESTED.
Evansville, Ind., Officer Said to Be Implicated in Murder.
Evansville, Ind., Nov. 18.—A bench warrant has been issued for the arrest of Wilbur Shervell, a patrolman of several years' standing, for participation in the murder of Lena Renner, whose body was found on a highway recently. Shervell is now under guard.

CRIME RUNS RIOT.
Records of Court-Martial Trials in Philippines Are Received.
Washington, Nov. 18.—The records of a score or more of court-martial trials of Filipinos charged with murder and other crimes have been received at the war department from the Philippines.
Probably the most interesting case is that of Francisco Braganza, a major in the insurgent army, who ordered the massacre of 103 Spanish prisoners in February, 1900, and who is now sentenced to death for the crime.
General Chaffee made an unusually long review of this case, characterizing the wholesale destruction of life as the "most barbarous and revolting massacre of helpless prisoners known in the modern history of war." He calls attention to the facts that the chiefs of the insurrection did their utmost to prevent the United States from fulfilling its obligation to employ its best efforts to return the Spanish prisoners in the hands of Filipinos to Spain, and it was upon the approach of a detachment of American troops that this Filipino officer ordered the massacre of the helpless Spaniards in his charge.
"In what manner this cruel policy could serve the cause of the insurrection," says General Chaffee, "passes ordinary comprehension."
HEALTH SOMEWHAT AFFECTED.
Miss Stone Suffering from Confinement and Hard Fare.
Sofia, Nov. 18.—Another letter has been received from Miss Stone. Her health is somewhat affected by the continued confinement and hard fare, but she expresses herself as still confident of ultimate release.
The letter is to Mr. Dickinson, diplomatic agent of the United States at Sofia, replying to his proposals concerning the ransom and says the brigands will hold out for a figure very much above the sum at Dickinson's command. The brigands interpret Dickinson's not having fixed on the sum he is willing to pay and on the time limit as being indications that he can get more money. They also demand immunity from prosecution but it is impossible for the diplomatic agent of the United States here to have power to bind the governments of Bulgaria and Turkey. This point, however, is not likely to be a serious obstacle in the way of negotiations.
ANOTHER MINER RESCUED.
Fritz Moulter Taken from Baby Mine Nearly Dead.
Pocahontas, Va., Nov. 18.—Fritz Moulter was rescued from the Baby mine today. He was living, but it required six hours work of the physicians to restore him to consciousness.
Moulter says that all within the mine Thursday night commented on the heaviness of the atmosphere and a number of men left work ahead of him. He soon found the danger was imminent and with several others started running from the drift. A heavy report, which shook the mountain, was heard. An instant later a huge cloud of smoke and flame was seen coming.
He lost sight of his companions, but turned into a side room as quickly as possible and was shut off by the falling slate. Probably two days elapsed before he succumbed to the foul air.
CAST FROM DEATH MASK.
That of the Late President McKinley Is Completed.
Buffalo, Nov. 18.—After two months' work the cast from the death mask of President McKinley, taken the morning of his death, was finished today. The mask has been carefully guarded, being kept in a safety vault when not in the hands of Edward La Pate, the expert mask maker from Hartford, Conn. The mask is the property of the federal government. Next week it will be taken to Washington, where for a time it will be shown to the public at the Smithsonian Institute.
It was the express order of the government that no photograph of the mask be taken. It is said to be one of the most perfect ever taken of notable persons. The mask differs from those of Napoleon and others in that, instead of merely including the face, it portrays practically the entire head. The plaster itself weighs twenty-five pounds.
WANT SEPARATE EXECUTIONS.
Biddle Brothers Do Not Wish to Hang on Same Scaffold.
Harrisburg, Pa., Nov. 18.—Counsel for Edward and Thomas Biddle, under sentence of death at Pittsburg, has required Governor Stone to fix separate days for their execution. The Biddle's who are brothers, do not want to be hanged from the same scaffold on the same day. The day of their execution has not yet been fixed.
The Biddle's, together with Walter Dorman, were convicted of the murder of Thomas Kahane while attempting to burglarize his home at Pittsburg. Dorman turned state's evidence and may escape the gallows. He has not been sentenced yet. When the officers went to Edward Biddle's room to arrest him he made a desperate resistance. During the fight Detective P. J. Fitzgerald was shot and killed.
GETS TWENTY YEARS.
Woman Who Killed New Born Babe Goes to Penitentiary.
Wichita, Kas., Nov. 18.—Mary Mark, who was on trial for killing her babe, born out of wedlock, was this morning sentenced to twenty years in the penitentiary. Her mother is to be tried as participes criminis.
BIG FIGHT EXPECTED.
Marion, Ind., Nov. 18.—The affairs of the fruit jar combine are closed, and from this time every firm will be independent and a big fight is expected. Each manufacturer will sell his own product at whatever price he thinks best.

USE X-RAY MACHINE. An X-ray machine of the latest improved type, now employed by the physicians of the Calumet & Hecla hospital to aid them in their treatment of difficult cases requiring such a machine.

The apparatus has been in use at the institution for about two months and during that time it has assisted in many serious and obstinate cases such as come to the notice of physicians in charge at a big mine.

A piece of a darning needle three inches long was removed from a ten-year-old boy and three needles have been extracted from the feet and hands of other patients.

The machine is also used in cases of headache, lumbago, rheumatism and any muscular pain, not to mention its invaluable aid in helping the physician to successfully locate a fracture.

WILL REPEAT CONCERT. The Scotch concert, which was recently given in Houghton and Hancock by the members of the M. E. church choir, Houghton, will be repeated in the town hall at Laurium Thursday evening.

It will be given under the auspices of the St. Andrew's Benevolent association.

TO HOLD CHURCH FAIR. The members of the Ladies' Industrial of the Hancock Congregational church are to give a fair in the parlors of the church on Thursday and Friday evenings.

On the first evening a hot turkey and oyster supper will be served from 6 to 10 o'clock.

The ladies will have a great variety of useful and ornamental articles displayed in the booths.

In the list will be such handy things as handkerchiefs, handkerchiefs, neck protectors, needle books, laundry bags, shoe cases, etc.

Numerous other articles of merit will be offered for sale at tempting prices.

RETURNED FROM BUFFALO. Captain Irving Shields of Company G, Houghton Light Infantry, returned to his home in Hancock Thursday from Buffalo, where he had been all summer in charge of the Michigan mineral exhibit at the Pan-American exposition.

Mr. Shields was assistant to James H. Deo, of Houghton, who was one of the state commissioners at the exposition.

The exhibit of minerals, which was one of the best and most complete ever collected, was arranged entirely by Mr. Shields and he has been given much credit for his work.

GOOD SEASON FOR DEER. Although hundreds of hunters are in the woods in this county in quest of deer, the season to date has been remarkably free from mishaps.

Thus far no accidents have been reported. Many deer are being slaughtered and the season is one of the most successful in years.

Deer seem to be plentiful and easy to get. Hunting parties are continually going and coming from the woods and good luck stories are common.

PRISONERS CLOSELY CONFINED. Mr. Wills stated yesterday that the prisoners, who were exposed to the disease from Nordstrom, who was discovered to be afflicted the latter part of last week, were still kept in close confinement until it is seen whether the vaccinations work.

It is now thought that all danger is passed as far as the jail is concerned.

COMBS That Comb.

It's a question what some combs are made for: they don't comb. When combs fail to penetrate the hair it is because the teeth have been merely sawed out—they should be hand finished.

Hand finished combs are the ones that satisfy, and we can sell you such combs for what you have paid for poor ones. Have a full line of pocket, dressing and fine combs. Some that are practically unbreakable. The latter cost more to begin with, but a good deal less in the long run.

BIG DAMAGE SUIT.

Dennis St. John Seeks to Recover \$25,000 from Isaac Miller.

Dennis St. John, formerly employed as a clerk in I. Miller's store at Houghton, and who was dismissed from trial in the circuit court yesterday on a charge of arson, has commenced suit by amount of \$25,000. The bill is directed against Isaac Miller and charges false imprisonment.

The action of Mr. St. John is not very much of a surprise to Houghton people, who have rather expected such a course if he was cleared of the charge against him. The case will not come up in this term of court nor likely at the next, but will probably be tried at the spring term. During that time Mr. Miller will make preparations to fight the charge and attorneys Chadbourne and Rees, of Houghton, will likely defend him. On the other hand attorneys Louis N. Legris of Houghton and George Gallup of Escanaba, who defended St. John in the case, will look after St. John's interests.

St. John claims he was imprisoned without sufficient cause and made to suffer, both from a physical standpoint, while confined in the county jail, and from the apparent disgrace of his good name. Attorneys Legris and Gallup believe they have a strong case and will contest it bitterly to the end.

ST. JOHN GOES FREE.

Case Against Former Houghtonite Dismissed by Prosecutor.

The members of the legal fraternity of the county and the public in general were tendered a great surprise yesterday morning when it became known that prosecuting attorney O. J. Larson had dismissed the case of People vs. Dennis St. John, the former clerk of Miller's department store, Houghton, who was charged with arson.

At the opening of court yesterday morning prosecuting attorney Larson made the announcement, which fell like a bomb upon the ears of the attorneys present, it being more of a surprise to St. John and his lawyers than anyone else, as they had looked for even a harder legal battle in this term of court than when the case was tried before and the jury disagreed. Attorney's Legris of Houghton and Gallup of Escanaba, for the defendant, were ready for the fray had the case come up for trial, and were loaded to the brim with a preponderance of evidence. As the case has now been nolle prossed the charge will likely never be preferred against St. John again and he will stand vindicated of all guilt in the eyes of the general public.

Mr. Larson stated that he had no new evidence to present in the case and that it would result in too big an expense to the county if tried again, intimating that he could not get a conviction. On the other hand the attorneys for the defense stated to a Mining Journal representative that they had new evidence in St. John's favor and were confident of his acquittal. One of the gentlemen said yesterday:

"Both of us have been confident of the innocence of St. John from the start to the finish of this affair. We have never seen nor learned of anything in the case which caused us to have suspicions of his innocence, and both of us have defended the case largely because of our honest convictions of St. John's innocence."

It is not known, of course, just what prompted Mr. Larson to dismiss the case, but public sentiment, which was largely in favor of St. John, may have grown so strong that the pressure brought to bear may have had something to do with the decision. On the other hand it is believed in some quarters that LaFortune, the former janitor of the store, who made a "confession" that implicated St. John, "wilted" and thus put a different light on the whole affair.

It was said yesterday that LaFortune, who was arrested for receiving stolen goods, alleged to have been taken from the Miller store, will plead guilty during the present term of court.

St. John will return to Escanaba with the respect of the entire community here. He is said to be well liked in Escanaba, where he is now employed, and his family there is numbered among the best people in the place. He has a pleasant and comfortable little home which bespeaks the tidiness and affection of the wife, who has always believed in the innocence of her husband and that some day the fact would be established. She is overjoyed at the outcome of the case and St. John will receive a home coming and welcome when he returns from a noble and loving wife if from no one else.

LABORERS LEAVE HOUGHTON.

Twenty-three Italian laborers, who have been working in and about the mines at Calumet, left Houghton Sunday for Chicago, where they will seek employment. The party was booked for passage over the Northwestern road and was accompanied as far as Negaunee by Charles Webb, of the Northwestern's local commercial office.

TO ENLARGE PEST HOUSE.

Additions to Be Made Which Will Double Capacity.

The county small-pox committee met at the court house yesterday morning at 9 o'clock to continue the investigation of the charges made by Dr. Kerr, Laurium's former health officer, against the condition of the pest house at that time he was a patient there last June. Late in the afternoon the committee donned its investigation, simply deciding to let the matter drop and attaching blame to nobody.

Dr. Orr, of the committee, and Dr. Matchette, the county physician, who were appointed last week to visit the pest house with a view to enlarging it, recommended to the committee yesterday that an extension of forty feet be built to the west side of the building and seventeen feet, added to the attendants' quarters, thus doubling the capacity of the institution. The hospital now has room for twenty-two patients, while the enlargement would increase it to forty-four. Work on the additions will start immediately or as soon as bids can be called for and the contract let for the work. It is very urgent that the structure be enlarged as soon as possible for small-pox is likely to increase and the county desires to be prepared to meet such an emergency.

Doctors Orr and Matchette also considered the digging of a cellar and furnishing the place with a furnace, but as it is too late in the season for that work it will be put off for another year. Attendants at the hospital are not sufficient and the necessary employees will be procured as soon as possible. It is a hard matter to get them on account of possible infection from the disease. A housekeeper is being secured. The present corps of attendants will be increased just as soon as Dr. Matchette succeeds in finding persons who are competent and willing to take up the work.

WILL GIVE UP THEATRE.

C. V. Hendricks Resigns as Manager of Houghton Opera House.

Charles V. Hendricks announced yesterday that he had handed in his resignation as manager of the Houghton Opera House, to take effect Jan. 1. Mr. Hendricks gave no other reason for his action than that conditions under which he was being employed were unsatisfactory to him and he desired to step out.

The Opera House, which is controlled by Company G. Houghton Light Infantry, was given over to Mr. Hendricks three years ago, and since that time he has conducted it in an up-to-date and enterprising manner, securing the best of attractions for his patrons—or making an effort to do so—and in every way being accommodating and agreeable to those with whom he had to deal. His resignation will be regretted by the Houghton theatre-going public, who hope that a worthy successor will be chosen.

Just what will be the ultimate outcome of the Opera House as far as its management is concerned is an enigma at present. Many rumors are afloat that the place is mortgaged and that the property is very likely to change hands. Mr. Hendricks stated yesterday that he would play for four more attractions in the house. These he booked some time ago. They are: "Barbaric Fritchie," "Atliss," "Toll Gate Inn," and "Human Hearts," all first class shows.

FINLANDERS HAVE FIGHT.

Mysterious Stabbing Affray Occurs Sunday Night.

The county authorities yesterday were busy investigating a stabbing affray which took place at the Franklin Junior or Boston location between 10 and 11 o'clock Sunday night. The scene of the trouble was the home of a Finlander, who resides on a small farm near the mine. As yet the details are not fully known as the principals were connected with it and refused to divulge any of the required information. It was a general fight and mixup in which the man of the house was roughly pulled from the bed after retiring for the night and badly stabbed about the neck and head. A half dozen or more Finlanders got to drinking during the early part of the evening and as a natural result a fight followed. Other than this no cause has been assigned for the assault. During the melee the lights in the house were extinguished and knives were used viciously, and the farmer, being unable to defend himself, got the worst of it.

Yesterday morning Sheriff Wills was notified from the Franklin Junior mine office of the affair and he hastened to the location. He arrested Matt Antala and Isaac Kangas, who were said to be two of the worst in the gang. Antala is supposed to have done the stabbing but as yet sufficient evidence has not been procured against him. Kangas is thought to be the man who pulled the farmer out of bed. Four brothers of Antala, who live at the Boston, and who know much about the affray refused to talk and as one of those concerned can talk English to any extent it will be necessary to employ an interpreter to aid in investigating the matter. This will be done today, and Sheriff Wills and his deputies will visit the place. Not even the name of the wounded man could be learned yesterday. It was a pity that the witnesses expect much difficulty in getting to the bottom of it.

SPREADS LIKE WILDFIRE.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of ailments. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by Stafford, druggist."

KING IN GOOD CONDITION.

Wrestler Talks of Coming Bout at Houghton With Ed Stoll.

"Jack" King, the well-known wrestler, of Houghton, who is in most Ed Stoll, the so-called champion of the New England and Middle Atlantic states, in a catch-as-catch-can bout at the Houghton Armory Saturday night, was seen by a Mining Journal representative yesterday. "Jack" had just returned from a two-mile run and was feeling "fine and dandy." After a thorough rubbing down he was ready for a few hours leisure, after his brief but effective training for the morning.

"What I am trying to do now," said King, "is to get my wind in good condition. That is the main thing." After a run he rubbed down, "Jack doesn't need much training otherwise. He's on to all the ins and outs of the game and if his wind holds out he's a winner sure. It is certainly the main thing. "You see," continued the wrestler, "if I can get my wind in the condition I want it will be ready to wrestle all night. I am taking a long run every morning and night. The other morning I took a run about eight miles over the Ripley hills and it did not tire or wind me in the least, so that shows I am getting into condition for the match. After a run I rest two or three hours, take another run and retire early. I'll step onto the mat weighing about 200 pounds, and Stoll, I understand, will weigh about the same.

"Yes, I'll be in as good condition Saturday night as I can be. I'll be in the better, and will be prepared to wrestle the bout of my life. Will I win? Well, I do not care to say very much as to what I can do, for you know what Ruhl did before his bout with Jeffries, but one thing is certain and that is that I would not have agreed to the match unless I thought I would win. No, I do not underrate Stoll. He is a good man and I think will give me one of the hardest tussels of my life. I have been taking good care of myself for the past three years and so it is not taking me long to get into the right condition.

No, I will not go on the mat again as a permanent thing after Saturday night's bout, win or lose, but I won't say that I will quit wrestling altogether. It is born in me and I couldn't keep away from it if I tried. If I don't win some of the big fellows ever come up this way why I'll try and get a match with them. Some people have a wrong idea in regard to my wrestling. They think that I can wrestle only in the Cornish style but that is wrong. MRS. BONINE'S CASE

TRIAL OF WASHINGTON WOMAN COMMENCES TODAY.

UNDER INDICTMENT FOR MURDER

CHARGED WITH KILLING OF JAMES SEYMOUR AYRES, JR.

Case Which Attracted Widespread Interest at Time of Tragedy on Account of Mystery Which Shrouds Death of Young Man.

Washington, Nov. 18.—Tomorrow at 10 o'clock, before Judge Thomas M. Anderson in criminal court No. 1, District of Columbia, will begin the trial of Mrs. Lola Ida Henry Bonine, under indictment for the murder of James Seymour Ayres, Jr., in the Kenmore Hotel in this city on the night of May 15 last.

The case attracted widespread interest at the time the tragedy occurred, largely on account of the mystery which shrouds the death of the young man, and this interest was augmented while the coroner's inquiry was in progress by the dramatic confession of Mrs. Bonine of her part of the tragedy. She told local detectives, saying she had been the person in the room when Ayres was shot, and that he was killed in a struggle with her over the possession of a revolver, with which he was trying to frighten her into compliance with improper demands on his part. She has been in jail under arrest since then.

Seats for Her Friends.

Mrs. Bonine has asked that about a dozen seats within the railway be reserved for her friends. She will be accompanied to the court room by her husband and two sons; by her sister, Mrs. Meacham, who has come from her home in Missouri for the purpose of being present; and by one or two women friends. It is also expected that later in the trial a brother, Grant Henry, and a sister, Miss Helen Henry, will be present. Seats also have been reserved for five attorneys to represent Mrs. Bonine, although it is not expected all of them will be present at any time.

District Attorney Ashley M. Gould will be assisted in the prosecution by Hugh T. Taggart. The defense will be conducted by William H. C. Brown, who was summoned on behalf of the government. Thus far no subpoena has been issued for any witnesses in Mrs. Bonine's behalf.

RESULT OF OHIO ELECTION.

Official Tabulation of Vote Is Partly Completed.

Columbus, O., Nov. 18.—The official tabulation of the vote cast at the late election in Ohio was partly completed tonight and the secretary of state announced the result of the vote. The total vote was 840,147. The total vote cast for the various candidates for governor was \$27,566 as follows: Nash (Republican) 436,092; Kilbourn (Democrat) 368,525; Thompson, (Socialist) 7,339; Juergens (Socialist) 2,997; Richardson (Prohibitionist) 2,718; Penney (Prohibitionist) 9,878. Nash's plurality, 67,467.

B. & O. ANNUAL REPORT.

Baltimore, Nov. 18.—The Baltimore & Ohio annual report shows the increase in the gross earnings to be \$4,331,322.73; increase in operating expenses, \$3,218,014.16; increase in net earnings, \$1,113,308.57; from freight, \$5,568,917.17, and from passengers, \$919,699.59. After paying dividends, interest and other charges there remained an unapplied surplus of \$1,368,985.

IRISHMEN AT CAPITOL.

President Roosevelt Receives Parliamentary Leaders.

Washington, Nov. 18.—The Irish parliamentary leaders, who are touring the country regarding the Irish cause, were given a special audience by the president today. He received them with a cordiality that astonished the visitors and by the intimate knowledge of the Irish situation that he displayed. After greetings were exchanged the president presented the party to Mrs. Roosevelt.

THREE CHILDREN BURNED.

Antigo, Wis., Nov. 18.—The farmhouse of John Sewitzke, in the town of Lagadon, twenty-four miles from here, was burned Sunday afternoon. Three children, ranging in age from three months to five years, lost their lives, their bodies being almost entirely consumed. The mother had gone a quarter of a mile away for water, and before she returned her home was in ruins. There is nothing to tell how the fire originated.

MANY GOLD BARS

ENGAGEMENTS TO EUROPE AMOUNT TO \$7,082,581.

TAKEN FROM ASSAY OFFICE.

WILL BE SHIPPED IN KAISER WILHELM DER GROSSE TODAY.

New High Record Is Established—Underserving Companies for a Long Time Would Not Risk More Than \$4,000,000.

NEW YORK, Nov. 18.—A new high record in gold engagements to Europe from this port was established today when gold to the amount of \$7,082,581 was taken from the assay office for shipment in the Kaiser Wilhelm der Grosse, which leaves tomorrow.

The departure of this big amount of yellow metal marks a change in the attitude on the part of marine underwriters in this country. For a long time, even with modern and safe ocean-going vessels, it was the custom of underwriting companies not to risk more than about \$4,000,000 in any one "bottom."

All gold going out tomorrow will be in the form of bars. The packing of this vast amount of gold was done at the assay office today and was not completed until a late hour. The million dollars in gold to Germany was packed in oblong boxes. The remainder was put into brand new oak kegs, strongly bound with iron hoops and carefully sealed at the top and bottom.

WALL STREET STOCKS.

Opinion Over Money Outlook Optimistic Notwithstanding Gold Shipments.

New York, Nov. 18.—The largest shipment of gold that ever left New York in a single day will be carried on a steamship sailing tomorrow and touching at French and German ports. The aggregate engagements amount in round numbers to \$7,500,000, and with the exception of a small proportion for Berlin the whole amount is destined for Paris. This constitutes a sufficiently impressive movement in specie to explain the easily hesitating tone that developed in the stock market.

Range of Money Rates.

Money on call, firm, at 3 1/2 @ 5 per cent; last loan, 3 1/2; ruling rate, 4 1/2.

Prime mercantile paper, 4 1/2 @ 5 per cent. Exchange, easier after strength, demand at 84.88 and sixty days at 84.84 @ 84.78. Bar silver, 50 1/2.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, Nov. 18.—In the wheat trade today a weaker feeling was manifested, local sentiment being bearish and the close 3/4 @ 1/2 lower. The trade was moderate in volume, with selling by the Northwest, local professionals and elevator interests the principal feature. The statistics at hand were rather discouraging to holders and considerable long property is placed on the market. The cables were easier. At Liverpool spot wheat was 2 1/2 @ 3/4 lower, with the futures down 3/4 @ 1/2. The visible supply was enlarged by 3,718,000 bushels—much more than was expected. The exports were liberal—582,000 bushels—and eighteen boatloads were reported taken for shipment. The local receipts were fifty-three cars.

In corn another decline was scored, the market being liberal and easy. The trade was fair in volume with a good share of the same liquidation of long property, the selling by commission houses being more general. The cables were easier and the receipts at the Southwest larger, which, with the action of the surrounding markets, caused a bearish feeling to prevail. At Liverpool, spot was steady, with the futures 1/4 higher to 3/4 lower. The receipts were small, 112 cars.

Oats ruled active and the prices receded 3/4 from the top figures at the start. Longs sold freely, there was also good selling of liberal lots, but acceptances. The rally in corn at the last started the shorts covering the prices rallied 3/4 @ 1/2, and recouped a net loss of 3/4. The leading futures ranged as follows: December wheat opened at 72 1/2 @ 3/4; highest, 72 3/4; lowest, 71 3/4; closed, 71 3/4. December corn opened at 59 1/2 @ 3/4; highest, 60; lowest, 59; closed, 59 3/4 @ 3/8. December oats opened at 39 1/2 @ 3/4; highest, 39 3/4; lowest, 38 3/4 @ 3/8; closed, 39 1/4.

Receipts and shipments were as follows: Flour, barrels, 149,000; Wheat, bushels, 140,000; Corn, bushels, 110,000; Oats, bushels, 262,000.

FIRE INTO A SCHOOL.

Drunken Hunters Kill One Pupil and Injure Others.

Wichita, Kan., Nov. 18.—Six drunken hunters fired a volley into the Mount Hope district schoolhouse, near Shawnee, O. T., Friday-afternoon, and killed one little girl named Annie Green. Another pupil, John Williams, was seriously injured, while several more were struck by flying bullets.

Chief of Police Frank Grall of Shawnee was telephoned for and with a posse gave pursuit. Mount Hope is twenty miles distant from the railroad and the news was slow in getting to official ears. Indignation prevailed throughout the terrorized community and threats of lynching were made. This afternoon three of the men had been captured and they were turned over to County Attorney Freeling, who took them to Shawnee for safe keeping.

The men were returning from a hunting trip and were drunk. They say they did not know their guns were loaded when they aimed at the schoolhouse windows.

The teacher, Miss James, is almost insane from the fright caused by the shooting of her pupils.

LAKE IN FLAMES.

Shooting Star Ignites Lake of Oil in Indian Territory.

Tulsa, I. T., Nov. 18.—A brilliant display of shooting stars occurred here yesterday morning, lasting from 4 o'clock until daylight. Several meteors fell into a lake of oil, one of a number formed near here by recent strikes of gushers, and the fluid was ignited, burning all day.

The shooting stars were in great number and traveled in almost every direction. It was almost as light as day while the shower lasted. Occasionally a meteor would explode and send out hundreds of fire balls, which would illuminate the sky and die out almost instantly. Each explosion was accompanied with a distinctly audible report.

FALLS HEIR TO FORTUNE.

French Lumber Jack Left Property Amounting to \$300,000.

Duluth, Minn., Nov. 18.—A Frenchman named John Lequeune, a lumber jack, has been notified that he has fallen heir to 1,500,000 francs, or about \$300,000, through the death of a relative in France. It is said Lequeune had some trouble before leaving his native land, and instead of going home to collect his wealth is going to procure it with the aid of an attorney through the French consul at St. Paul. Lequeune is a teamster in the woods and has just hired out again for the winter at \$35 a month and board.

THE NEW ARMY PISTOL.

The new pistol recently adopted by the United States is certainly a remarkable invention. It will discharge 116 bullets in a minute. With the addition of this wonderful weapon our army will be as far ahead of the other armies of the world as Hestetter's Stomach Bitters is ahead of any other stomach remedy. For over fifty years it has been the standard remedy of the American people. If you are a sufferer from indigestion, dyspepsia, belching, flatulency, constipation or cholera, malaria, fever and ague, and want to get well, you should try this wonderful medicine. It will surely cure you. Beware of counterfeits when buying. The genuine must have our Private Die Stamp over the neck of the bottle.

DUTY ON SUGAR.

Chicago, Nov. 18.—Congress will remove the duty on raw sugar within a year and the refined product will sell at three cents a pound," said W. A. Havemeyer, the Chicago representative of the American Sugar Refining company to Congress, in discussing the reciprocity convention which meets in Washington tomorrow. He said the action of congress was inevitable.

SOLDIER KILLS TWO.

Jefferson City, Kas., Nov. 18.—Without the least provocation a soldier from Fort Riley shot and killed R. E. L. Cooper on the street tonight. City Marshal White started toward the soldier but the latter shot him, causing death in a few moments. The soldier continued shooting until his revolver was empty and then he disappeared. A posse is searching for him.

A PHYSICIAN TESTIFIES.

"I have taken Kodol Dyspepsia Cure and never used anything that did me the good that did," says County Physician Geo. W. Scroggs, Hall county, Ga. "As a physician I have prescribed it with the best results." If food remains undigested in your stomach it decays. To prevent this by dieting means starvation. Kodol Dyspepsia Cure digests what you eat. You need suffer neither dyspepsia nor starvation. Stafford Drug Co.; H. N. Melchoe, Ishpeming.

RESTAURANTS FOR POOR.

Proposed to Provide Food in New York at Small Cost.

New York, Nov. 18.—The proposal to supply wholesome, well-cooked food to the poor at a price which, while cheap, would yet make such a system self-supporting, is to be revived. An effort will be made to impress the coming administration with the advantages which the city would gain if it went into the restaurant business. Just who is behind the scheme cannot be ascertained, but one of the names mentioned in connection with it was that of the Rev. Dr. William S. Rainsford, rector of St. George's church.

"I doubt whether it would be feasible for the city to undertake the opening of eating places for the poor," said Dr. Rainsford. "It might be said with equality as much force that the city should conduct a grocery and butcher shops. But what I have contended for a dozen years is that the workingman should be provided with more opportunities for social enjoyment. It is well known that I favor the opening of saloons within certain hours on Sundays."

DIES AT SWEETHEART'S FEET.

Young Men Shot by Would-Be Father-in-Law.

Springfield, Tenn., Nov. 18.—James Whirley of this place wanted to be a bridegroom, but he wound up as a corpse. He has been enamored of Miss Nancy Knight, daughter of a farmer, Hall Knight. Knight has opposed the attentions Whirley has been paying to Miss Nancy, and the girl, hoping to overcome her parents' objections, has been putting off the date when she would become Mrs. Whirley.

The young man became frenzied from drink and unrequited love, and he took his shotgun to the Knight home. He met Nancy at the door, and pointing the weapon at her, told her that unless she made preparations to go and marry him at once, he would kill her.

While she hesitated a shot rang out, and Whirley fell dead at her feet. Hall Knight had heard the conversation and procured his gun.

CRAZY-MAN ON TRAIN.

Big Four Southwestern Passengers Terrorized by Maniac.

Indianapolis, Nov. 18.—Passengers on the Big Four Southwestern Limited, which reached this city from Cleveland at 11:30 a. m. yesterday, were terrorized by an insane man, who got on the train some miles out of Cleveland and became violent.

The conductor, S. F. Engle, and several of the train crew attempted in vain to quiet him. Passengers left the car, and, going into other coaches, demanded that the door be locked so that the maniac could not enter.

A porter and a brakeman were out in charge of the man, and did what they could to prevent him from demolishing the furniture of the car. He was removed by force from the train at Union City by the marshal.

SPARKS FROM THE WIRES.

Pierre, S. D., Nov. 18.—Governor Herried today appointed as state delegates to the meeting of the National Live-stock association at Chicago, Dec. 8, Alfred Newton of Centerville, J. C. Anderson of Iowa Creek and Eugene Holcomb of Rapid City.

London, Nov. 18.—At the National Sporting club tonight "Jack" O'Brien of Philadelphia defeated Frank Craig, "the Harlem Coffee Cooler." Craig was disqualified for falling without a blow.

London, Nov. 18.—Marie Josephine Eastwick, the young Philadelphia woman who pleaded guilty to a charge of having forged \$100,000 in railroad certificates, was today sentenced to six months' imprisonment.

Washington, Nov. 18.—The United States supreme court today granted leave for South Dakota to file its bill in the proceeding against the state of North Carolina to recover on the bonds of the Western Railroad company guaranteed by North Carolina.

London, Nov. 18.—Lord Kitchener, exiling today from Pretoria, reports that since Nov. 7 the British columns have killed forty-four Boers and wounded sixteen and that 297 have been taken prisoners.

Baku, Russia, Nov. 18.—An oil well on ground rented from the crown by the Baku Naphtha company has started gushing at the rate of a million pools daily. Work has been stopped owing to the fear of conflagration.

Trenton, Nov. 18.—The Woman's National Auxiliary of the Spanish American War Veterans' association was organized here today by Adjutant General C. Lilley of the latter organization. Mrs. Richard Henry Savage of New York, was chosen president general and Miss Etta Green of Aurora, Ills., was made counselor general.

Cass Lake, Minn., Nov. 18.—The body of Ira Reynolds, of Farris, was found a mile west of Cass Lake today. A rifle was lying by his side with one cartridge discharged. The dead man had a bullet wound in the left side and in the face. He was last seen Nov. 3 walking down the track. There is a suspicion of foul play.

Vienna, Nov. 18.—At Lembourg, an Austrian officer named Stilling, after suffering four years imprisonment on a charge of treason in supplying to Russia the plans of an Austrian, obtained a revision of his trial and succeeded in establishing his innocence.

NOTICE!
 Comfort and pleasure, time and money saved for contractors and masons. Kelley Island Lime upon the market again, which has been long wished for by contractors and masons for its unsurpassed qualities of strength and the greatest producer of mortar of any lime manufactured. I handle the Peninsula Portland Cement, the standard of America; a guarantee is given by the Peninsula Cement Co. that there is no cement manufactured that can surpass it for gutter, cross and sidewalk purposes. Also handle Gypsum hard wall plaster; it is as cheap as lime mortar, wall tints in all colors, calcine and land plaster, fire clay, brick, sewer pipe, beach sand, saw dust, wood of all kinds; also do teaming and contract work. Figures quoted on car lots or less on any material in my line.

DULL AND FLAT.
 No Business Doing in Coppers, but the Prices Still Hold Firm.
 Apparently the only obstacle to a strong advance in the coppers is a disinclination of the Standard Oil crowd to a bull market at the present time. Yesterday's report of a further big decrease in the stock of copper abroad but illustrated the strength of the metal situation, yet it had no effect on speculation in stocks. Business was again almost flat, but what coppers were disposed of went into good hands and the extensive short interest was not reduced.
 What puzzles the local speculators is the fact that orders to buy stocks at an advance over the board quotations are in the great majority of cases unsuccessful in securing the stock desired. It is evident, therefore, is no stock of several of the companies for sale at present quotations, but it is rather mysterious why, when a bid is made at an advance and without avail, the board prices are not marked up. A number of such instances have come to note in the local brokerage offices latterly.
 The market yesterday may be summed up as having been very dull but firm.
As Noted by the Brokers.
 Paine, Webber & Co. said: "The further decrease of 905 tons in the foreign visible supply of copper during the first half of this month is anything but a bear argument on copper. It proves that foreign manufacturers are running along on the smallest possible stock of metal, and that it is impossible for them to further reduce their buying demand. The uncertainty keeps the coppers dull, but the prices are holding firm. Some one is buying them and there is nothing to indicate that it is the public. There is a considerable short interest in the coppers which will help the advance should one begin. We favor the purchase of the good coppers on every reaction."
 Hayden, Stone & Co. wired the Laidley Commission company: "The market for copper stocks is flat and almost nothing is doing. Amalgamated loses one or two points on the Heineze litigation. Copper holds without change, but the foreign stocks of metal are still decreasing. The money market outlook is not encouraging to bull venture at the moment."
 At London, copper closed 1 shilling, 3 pence higher for both spot and futures. The sales were 1,100 tons. After the close, 465, 17s, 6d was paid for futures.
Grain Markets Report.
 A. R. Jones & Co. said of the Chicago grain markets:
 "The severe all-round decline in the grains today resulted chiefly from the indifference to news affecting prices. The opening in wheat was steady, but some influential professionals found a weak spot and sold heavily. The Northwestern receipts and the big increase in the visible were the worst features against the market. The close looks to us very firm. We think wheat should recover sharply tomorrow."
 "Corn was weak and declining, being off a full cent at the worst. There was heavy commission house selling and the wheat weakness started the market down. It has quick upturns from every break. What becomes of the corn that is sold to depress the market? There is never any for sale when the shorts try to come in. It looks as though some big interests were accumulating, and certainly the conservative speculators are buying on every dip."

AMYLAECOUS DYSPEPSIA.
 Three-fourths of Human Suffering Indirectly Traced to this Malady.
 Some years ago when Pepsin was discovered, the Medical Fraternity supposed that the treatment of Dyspepsia would be simple. It was soon discovered, however, that Pepsin had no effect whatever on starchy foods. This gave rise to the term Amylaecous Dyspepsia, which means indigestion of starchy foods. Until most recently, this form of Dyspepsia has been practically incurable; now, however, a Diastase (starch digester) has been made that will digest 1000 times its weight of starch. Its power is unquestionable, as it will do that outside of the stomach; how much greater then must be its power when in the stomach, thus receiving nature's aid. It is most important that the starch we eat should be digested, because:
 First, 75 per cent of our food contains starch.
 Second, it is the flesh forming food.
 Third, indigested starch often forms a coating on the stomach that leads to more serious complications.
KASOLA TABLETS are compounded on scientific principles. They contain the above mentioned Diastase to digest the starch; Pepsin and Pancreatin to digest meat and albuminous foods; tonics to stimulate natural secretions and re-establish the flow of the digestive fluids. The result is a remedy that will induce perfect digestion, assimilation and nutrition.

WILL PAY A DIVIDEND.

Marquette County Telephone Co. Earning Good Money for Stockholders.

In 1896, when the Marquette County Telephone company was organized, no one supposed that the stockholders would ever receive even a fair rate of interest on the money invested, in view of the fight put up by the opposition—the Michigan Bell Telephone company. When the first year had passed all were surprised to learn that the earnings of the company were sufficient to enable the management to pay a dividend of ten per cent. Each year since then a dividend of similar amount has been declared and from present indications this year will be no exception.

The annual meeting will be held about the first of the year. The past year has seen a large gain in the number of telephones in use in the county and now there are over 1,200 in all in service. The subscription list is increasing steadily and at times the management is unable to supply the phones as rapidly as new patrons want them.

The fight between the competing companies has been interesting from the start. The Bell company has expended a large sum in the county improving its system, while the improvement work has been going on the Marquette County people have been making changes for the betterment of the service. The company now has a system as complete, considering territory covered by it, as any in the country.

The following, from the last issue of the Michigan Tradesman gives an idea of the Michigan Telephone company's affairs in this state:

"The daily papers have had a good deal to say of late about the option obtained by Dudley E. Waters, of this city, on a controlling interest of the stock of the Michigan Telephone company. Considerable speculation has been indulged in as to the reasons for obtaining the option and the probable outcome of the situation. As usual, it remains for the Tradesman to divulge the exact facts connected with the negotiations and acquaint the business public with the underlying motives which actuated the principals in the deal.

"It is a matter of common knowledge that the Erie Telephone Co., which owns a controlling interest in the Michigan Telephone Co., has long been weary of the investment and has despaired of ever bringing the business of the company up to a paying basis. The other subsidiary companies of the Erie company have been making a little money, but the profit thus made has been more than offset by the losses incident to the management of the Michigan Telephone Co.—losses which it was found impossible to prevent, due to the absorption of so large a proportion of the profitable part of the telephone business by the independent companies. In Grand Rapids and many other places in the state the Michigan Telephone company has done business at a fearful loss, furnishing telephone service at about half what it cost, because of its inability to do business on an even basis with the independent companies.

"Mr. Waters conceived the idea that he could pocket a handsome commission by obtaining an option on a controlling interest of the capital stock of the Michigan Telephone company and effect a sale of the property to the Citizens Telephone company of Grand Rapids. In the opinion of the Tradesman the deal will not be made, because, judging by authoritative statements made in Wall street—which have not been contradicted—that the Michigan Telephone company sunk \$235,000 during the first months of this year, there will undoubtedly be an opportunity to obtain the property on much more favorable terms at foreclosure sale inside of a very few months. If the purchase was made on the basis of the present offer—35 on the dollar for a controlling interest—the purchaser would have to assume \$5,000,000 5 per cent bonds of the Michigan Telephone company, \$300,000 bonds of the Detroit Telephone company (assumed and guaranteed by the Michigan Telephone company), and \$1,800,000 floating indebtedness—in all \$7,300,000—besides a minority interest of the \$5,

000,000 capital stock. This can not be done without seriously jeopardizing the income and discounting the future of the Citizens Telephone company, which the directors are not justified in doing, and are not likely to do.

"The offer to sell a controlling interest of the capital stock is an admission on the part of the Michigan Telephone company that it has been beaten at its own game—that it has been whipped to a finish by 'greenhorns' and amateurs in the telephone business—simply because enough telephone users in every community—patriotic people who refuse to be made cat's-paws of by accepting telephone service at less than cost—have stood manfully and heroically by the independent companies and assisted them to win the most gigantic commercial battle ever fought out in this state."

JUVENILE NIMROD

ELEVEN-YEAR-OLD BOY A SUCCESSFUL HUNTER.

SON OF DR. L. E. DRAKE.

KILLS A BUCK THAT TIPS SCALES AT 160 POUNDS.

Climax, However, Is That Lad and Father Are Caught Out Over Night While a Party of Searchers Beats the Woods.

Llewellyn Drake, aged eleven years, son of Dr. L. E. Drake, is probably the proudest youngster in the city just now, and he has good reason to be. He has killed a fine buck that when dressed tipped the scales at 160 pounds; and, as far as The Mining Journal can ascertain, he is the most youthful nimrod who has hunted with success this season in the upper peninsula. In connection with the expedition, however, the boy passed through the experience of spending, away from camp, a night in the woods, a fact that he himself did not mind in the least but which caused considerable alarm in town.

The juvenile hunter had since the season opened been pleading with his father to take him to the woods, and when the doctor returned from Saak's Head Saturday with two deer arrangements were made to gratify the boy's wishes. Sunday morning the L. S. & L. train was boarded by father and son, and near Forestville they disembarked and started for Mr. Drake's camp. While on the way fresh deer tracks were seen, and without going to the cottage the trail of the animals was taken. Soon the deer was sighted, and the boy, taking careful aim, fired. The deer bounded off, but it was noticed it was wounded and the tracks were again followed. Three times more the pair caught up with the animal. The second time the young nimrod fired he missed the target, next he shot the deer through the shoulders and the last time he put a bullet into the body that did the business.

In chasing the deer the doctor and his son had finally, when the animal was killed, brought up in a swamp, and by the time the game was dressed and hauled out to higher land it was quite dark. Mr. Drake had a small compass with him, but only a few matches. By lighting a match now and then a considerable distance in what was supposed to be the direction of the camp was made, but when the doctor was down to his last match he decided it best to stay where they were for the night. Accordingly, a fire was built and a shelter of balsam boughs was made for the boy, who huddled in his father's coat, was soon fast asleep, and a party of four gentlemen started out for the Forestville country in search of the missing pair. The hunt was kept up for some time without success, and finally the searchers adjourned to Werner's camp to spend the balance of the night. Yesterday morning they again started out, and at the L. S. & L. Van Isterling, crossing the doctor and son were found calmly waiting for a train for home. At daylight Mr. Drake had quickly discovered just where he was, and compassed for camp, finally hitting the trail which led to that place. The rig of the searchers was taken and father and son were soon at home, none the worse, except on the score of hunger for their experience in the woods.

Notes of the Chase.

Hornito Seymour, Jr., and party have been hunting on the Yellow Dog river at Hull's dam. Mr. Seymour shot a fine buck, one of the largest of the season, which was brought in Sunday morning. Peter White, out of hunting company, yesterday he sent up from his camp at Onota the three deer his permit authorized him to kill.

B. J. Mullaney came up from Deerton yesterday with two fine deer. Other carcasses shipped in on the afternoon train from that section were two that bore the tag of A. Tremblay, two with E. J. Tremblay's coupons and one expressed by Adam Kangas.

John Manning and Rush Culver, who had been hunting in the vicinity of Baraga, returned home yesterday. Mr. Manning killed two deer, one a buck weighing a little over 200 pounds.

Other deer arriving from up the road that had been shipped by Marquette people were two for W. F. Brotherton, two for J. L. Vanlorin, two for J. Duham, one for Joe Sheppard and one for R. Belmont.

Ferry Deit has used up his second coupon, having bagged a deer last Sunday near his camp up on the L. S. & L. road. Will Schweitzer also got one in the same locality, as likewise did Jim Rickman. The latter shot his game just alongside the track, where the deer, previously wounded by some other hunter, had been lying down.

Joe and Will Reany left on a hunting expedition Sunday. They will be gone four or five days.

FOURTEEN MILES DOWN.

Good Progress in Laying Rails on the Marquette & Southeastern.

Although the work has been hampered the past few days by stormy weather, good progress continues to be made by the Marquette & Southeastern's track layers. Yesterday the roadbed was reported to be "rinsed" from this city to a point about fourteen or fifteen miles down the line. The crews engaged in this work number about seventy-five men, who eat and sleep in the boarding cars conducted by Contractor Raymond. At the rate of progress attained since the track-laying was started, it will only be a few weeks when the rails will be down to the junction with the Munising road at Lawton. There is still the ballasting to do, of course, but this work will be attended to in due time with the object of putting the new road into commission by the first of the year.

For the Munising road, two new passenger cars manufactured in Chicago are expected at Munising at any day now. They are both combination smoker and first class coaches, and as soon as received will put into service vice between Munising and Little Lake.

AT THE SNOWSHOE CLUB.

Ladies' Night Wednesday, and Messrs. Drummond and Craig Will Entertain.

Members of the snowshoe club and friends will on Wednesday evening entertain and be entertained by Drs. Drummond and Craig of Montreal. These gentlemen have been enjoying life at Peter White's camp at Onota since the deer hunting season opened, but are now to be civilized and will be here Wednesday enroute to Detroit. They are entertainers of no mean ability and are also well known to Marquette people that no introduction is necessary. Announcement of their coming was made yesterday by the receipt of the following letter:

Camp Good-time, Near Honota, Mich. Nov. 17, 1901.

It will be "ladies' night" at the club, and of course it goes without saying that a good time will be had. There will be dancing, games and music, and refreshments will be served.

NOT THE CAPTAIN'S BODY.

Skipper McDonald Had No Peculiar Teeth Corresponding With Description.

The reports published in outside papers that friends of Captain McDonald, master of the ill-fated steamer Hudson, had from the general description identified the body recently found at Pine River as his, have proved to be in error. It had been believed here that the corpse might be that of the lost skipper, although it was realized that to clinch this opinion the peculiar teeth should correspond. On this latter point, an investigation was conducted by General Manager Douglass of the Western Transit line, who was assisted at this end by F. B. Spear & Sons, the local agents. A description of the teeth—which in the upper set were all double except three and in the lower all single save two—was obtained from Corner Cray here and a search for the captain's dentist was made at the Buffalo end, it having been ascertained that McDonald had at least one tooth which was filled. The dentist was located in a Canadian city, and at once announced that his patron had no such teeth as reported. Notice of his decision was telegraphed to F. B. Spear & Sons as follows: "Captain McDonald's dentist says his teeth do not answer the description. There was nothing peculiar about his teeth. (Signed) G. L. Douglass." This, of course, puts a quietus to the idea which had obtained currency here and leaves the identity of the body a deeper mystery than before.

JURORS SELECTED.

Those Who Will Serve During December Are Drawn at the Court House.

The jurors who will serve at the December term of the circuit court have just been drawn by the jury commission, and the gentlemen so selected will be duly notified by the sheriff in due time. As usual, a list of thirty-six was drawn. The regular panel always consists of twenty-four, but to provide for contingencies such as exemptions through disability or old age, a special order from the court adds twelve names to the list. The procedure in the selection of the jurors followed in the upper peninsula is different from that obtaining in the lower portion of the state. There the names of the prospective jurors are taken from the tax list, while here they are selected from the list of voters at the preceding general election. Once a year, in May, a commission composed of the county clerk, county treasurer, judge of probate and the sheriff selects a list of four hundred names, and from them, four times a year, the jurors are chosen. There are thirty-nine precincts in the county—wards and townships, and all but three of them are represented in each panel, the exceptions always being wards in Marquette, Ishpeming and Negaunee.

FOR M'KINLEY ARCH

MARQUETTE COUNTY PEOPLE HAVE CHANCE TO DONATE.

RESPONSE SHOULD BE LARGE.

MINING JOURNAL AUTHORIZED TO RECEIVE OFFERINGS.

Plan Is to Erect Memorial Structure at Washington, the Scene of the Martyred President's Greatest Labors and Achievements.

The Mining Journal has been authorized to receive funds for the "William McKinley Memorial Arch association." This is an organization that has been incorporated under the laws of the District of Columbia for the purpose of erecting a memorial arch in the city of Washington.

The movement is a national one and is being received with enthusiasm wherever extended. Many of the most prominent men in the country have interested themselves in the scheme, and the association comprises such members as Secretary Gage, Chief Justice Fuller, Admiral Dewey, General Miles, McKinley, Gibbons, Bishops Potter and Andrews, Rabbi Hirsch, Walter Logan, Commander-in-Chief Torrence of the G. A. R., General John B. Gordon, General Scofield, College Presidents Eliot, Patten, Harper, Jordan and Conaty, John Joy Elson, Samuel Gompers, Dr. T. DeWitt Talmage and others, while President Roosevelt has accepted honorary membership.

It is proposed to erect the arch preferably at the Washington approach to the memorial bridge, connecting Washington with Arlington, across the Potomac, and which President McKinley earnestly desired and recommended to congress as "a monument to American patriotism." The intention is not to obtain the required funds through the contribution of a few wealthy people alone, but through popular subscription—through the offerings of all people who honor and revere the memory of the dead chief magistrate.

Size of Donation Immaterial.

Any donations—it matters not how large or small—will be received at this office. The money will be forwarded to Secretary Gage, who is treasurer of the association, and that cabinet officer will forward certificates of membership to all contributors. When the subscription is closed, or from time to time, the names of all donors, and the amounts they have contributed will be published in The Mining Journal.

Full opportunity is given to all to contribute—school children, with their notes; workmen, with their dimes, and the wealthier citizens, with their dollars. The arch, in fact, is to be built by the people of the nation. It is to be, in the highest sense, the sincere expressions of Americans of their love for President McKinley and of their admiration for the qualities expressed so eminently in his life and deeds. The certificate of membership which the secretary of the treasury will forward to all contributors will be well worth of preservation, and will be a valued souvenir in the years to come.

The arch is to be erected at the scene of the martyred president's greatest labors and achievements, and it is hoped that the response of the people will be so liberal that a memorial will be erected that will fittingly honor the memory of the dead statesman. Money for the purpose can be handed into the business office of this paper, or it can be turned over to any of the authorized agents of the Mining Journal. Acknowledgment will be made in all cases, and all names will be published. Donations not only from Marquette people are solicited, but from those residing at Ishpeming, Negaunee and all other places in the county.

The co-operation of the schools, fraternal societies and individuals generally is requested, and it is hoped that the responses be hearty and general. Let the county see what it can do.

TRANSFERRED TO IONIA.

Hadley Sumner Will Not Serve Out His Sentence in Marquette.

Governor Bliss, upon the recommendation of the advisory board in the matter of pardons, has issued a warrant for the transfer of Hadley D. Sumner from the Marquette prison to the state house of correction and reformatory at Ionia. Young Sumner was recently convicted at Houghton of the crime of manslaughter and was sentenced to three years' imprisonment at Marquette. His victim was a boy who attended a charivari at the house where Sumner lived. While the crowd was unceremoniously raised, Sumner raised a window, and as he claims, for the purpose of scaring the disturbers, fired a shot in the air. Just as he fired the crowd raised up a boy on their shoulders and he was hit by the bullet and killed.

A pardon was issued for Silas M. Smith, sent from Montmorency county, in March, 1898, to Marquette for ten years for criminal assault. The prisoner is reported to be dying from consumption.
