ng.

The average woman who considers what she shall eat, asks herself, "What will taste good?" She rarely remembers that the object of eating is to provide putrition to sustain the body and that the palate does not determine the nutritive value of food. The consequence is that she makes a lunch of ice cream and cake, helped out by a little candy and thinks she has been fed. Instead of that she has only been filled. She has called the digestive system into activity for practically no purpose, except to ask it to make bricks without straw-to nourtsh the body with material in which there is little, if any, nutrition.

It must be said that the men are not far behind the women in this respect.

They eat pie and doughnuts for lunch because these "taste good," without the slightest regard to the nutritive purpose of eating, and in general have not the least idea of the nutritive value of the food they eat. It is true that natural food products,

such as fruits, vegetables, etc., appeal to the palate and tempt it, and are the better therefor. The evil is that in what might be called artificial foods-foods bot grown but manufactured; the palate is tempted by flavors, sauces and condiments to its own deception, to the injury of the stomach and the loss of nutrition. Eat sparingly of simple foods at regular times and there will be little use for doc-

MILLER UNDER ARREST Young Man Who Shot Matt Britz Is Held for Manslaughter.

Marshal Tom Gribble of Negaunee went to Lathrop yesterday and arrested George Miller, the lad who killed Matt Britz in mistake for a deer. Miller i held on the enarge of manslaughter. H had very little to say on his way to this city. Miller was accompanied by his father, a man named Linsley of Maple Ridge and a Mr. Cooper of Turin. The warrant was sworn out by the brothers of the deceased. The boy was placed under bonds of

\$1,000 and Linsay and Cooper were as cepted as sureties. Miller wid appear before Justice Thoren next Tuesday orning at 9 o'clock for a hearing. The report that Miller's mind is de nged is untrue. He is said to be jus rational as the day ne shot Britz As stated in yesterday's Mining Jour nal, he was found at a small station or the line of the Munising road, where he

and engaged to work for a party doing : ogging business. It was evidently his intention to remain there for a time at east.

WOMEN AND JEWELS.

Jewels, candy, flowers, man-that is peninsula he order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that

greatest of a jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted geni, then let her fortify herself against the insidious consequences of oughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest nption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the

system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. The last of the rails are now going down and the new extension will go into ser-G. tors. It is the pandering to the palate at the expense of the stomach which brings stomach disease and its attendant evils.

SPILT MILK.

"Its of no use to cry for spilt milk" says the proverb. It is no use to regret irregular and careless eating when the mischief is done and dyspepsia or some other form of stomach trouble has fastened its hold upon us. The thing to do then is to cure the disease, and get back again to the old condition of health. The quickest way to cure indigestion

and other diseases of the stomach and organs of digestion and nutrition is to use Dr. Pierce's Golden Medical Discov-. Its cures are permanent because they are perfect. The cause of disease Pierce, Buffalo, N. Y.

COMPLETE EQUIPMENT

We Are Now Prepared to Give Our Patrons An Unequaled Service.

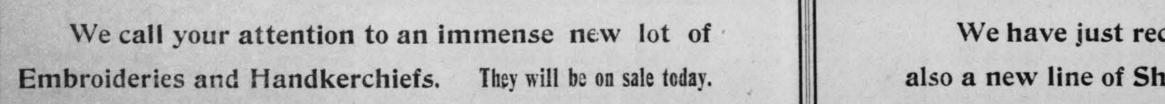

We have added to our corps of salespeople within the past few days, Mr. Holiday and Mr. Senecal, both known to the Marquette public, which gives us the largest force of salespeople in the city, thereby enabling us to give you prompt attention. During the past two weeks we have been making some extensive alterations in our store, adding one more salesroom for our Carpet department, thereby creating an entire floor for the display of our Linoleums, Oil Cloths and Shade Cloths. This is the basement under and directly connected with our main Carpet department, a portion of which will be used in manufacturing Shades and Rugs and a sewing room for carpets.

We are showing a very fine line of Wilton, Body Brussel, Velvet and Tapestry Brussel Carpets, as well as an unequalled showing of all-wool Ingrain Carpets. Our sales on Rugs have been 'phenominal, having sold a great quantity to surrounding towns, as well as a large amount to our Marquette customers.

We note with pride that our superior selections and assortment are winning the confidence and appreciation of the buying public, and why not? It should be a source of pleasure and gratification to every resident of Marquette county that there is such an establishment in Marquette.

It pays to do business strictly honestly. It pays to be obliging to your trade. A business house that wins the reputation of being reliable has something better than printer's ink. It takes time o convince the poorer people that the best styles and the newest goods, and the lightest and cleanest store is the cheapest and best place to buy their goods.

We do not sell trash or plunder, but we do offer honest, reliable, stylish goods, for less money than you can buy them for elsewhere. Come and see us, we want your business, and will do you good.

We have just received a large assortment of Yarns;

also a new line of Shell Goods, Combs, etc. : : : : :
