ARMING MANY MEN

LIBERALS ARE STEADILY GAINING RECRUITS.

ATTACK ON PANAMA IS EXPECTED

ALMOST ENTIRE LENGTH OF RAILROAD UNDER CONTROL.

Marines from Machias Guard Station at
Colon—Iowa Will Land Forces at
Panama When Necessity
Arrives.

Colon, Colombia, Nov. 22.—5 p. m.—
The latest news obtainable here is that
the liberal general, Lugo, has arrived at
Empire station, twelve miles from Pana-
ma, with a force of 1,000 men. The liberals
are gaining and arming many recruits
along the entire length of the railroad and
now control the line within two
miles of Panama. An attack on that city
is expected momentarily and much un-
business is felt there.

The liberal leader, Domingo Diaz, is
expected to arrive at Colon. It is rumo-
red here that Buena Ventura, a Colom-
bian port on the Pacific coast, 400
miles south of Panama, has been taken
by the liberals. Marines from the gun-
boat Machias still guard the station
and property of the railroad here. The
battleship Iowa will land forces at Pana-
ma when necessity arrives.

It is reported the government has ad-
dressed a communication to the United
States consul setting forth it cannot
give protection for isthmian transit.

Castro Fears Conspiracy.

Caracas, Venezuela, Nov. 22.—Presi-
dent Castro, believing a conspiracy to
overthrow him existed, caused the arrest
yesterday at Puerto Cabello of Ramon
Guerra, the Venezuelan minister of
war, who was elected last month sec-
ond vice president of the republic, is re-
ported here to have caused much excite-
ment throughout Venezuela.

President Castro has called his rep-
resentatives here that the Matos revo-
lution has been frustrated. The truth
of his statement is denied here. A steam-
er alleged to have on board 5,000,000 car-
tridges and 15,000 Mauser rifles destined
for the use of Venezuelan revolutionists
is expected to arrive in the West Indies
about the middle of December.

Revolt Will Start.

Representatives of the revolutionary
movement say the revolt will start after
these arms and ammunition are available
and the movement will receive an active
or passive cooperation by large numbers
of Venezuelans. From recent reports
received here it appears a number of in-
offensive traders and citizens incapable
of starting a revolution have been ar-
rested in Venezuela at the government's
orders. It is further said that these po-
litical prisoners are to be held at hos-
tages for a premeditated forced loan by
the government.

Quiet Near Panama.

Washington, Nov. 22.—Columbian
Charge d'Affaires Herran has received
another cablegram from General Arjona,
acting governor of Panama, stating that
the immediate attack on that city by
liberals was not apprehended. All is
now quiet in the vicinity.

CAPTAIN KILLS STEWARD.

Commander of British Bark Commits
Murder and Then Suicides.

Mobile, Ala., Nov. 22.—The British
bark Birnam Wood from Rio Janeiro, in
charge of Mate Poe, anchored at the
Mobile quarantine station today and re-
ports that on Nov. 18 Captain Morris
killed the vessel's steward. The body
was buried at sea. The captain kept
his cabin, pacing up and down. When
informed that Sand Island light was
sighted, at 4 a. m. Nov. 22, he gave the
mate the course and then dived up the
sea lead and jumped overboard and was
drowned.

MESSAGE IS LENGTHY.

President Roosevelt Finishes Reading
Document to Cabinet.

Washington, Nov. 22.—President
Roosevelt finished reading his message
to congress to the cabinet members at a
session today. It is understood to
make between 28,000 and 30,000 words.

The president today appointed Wil-
liam Crozier chief of ordinance with the
rank of brigadier general.

BIG SUM FOR CARS.

Pennsylvania Railroad to Expend \$95-
000,000 for Rolling Stock.

Philadelphia, Nov. 22.—The expendi-
tures to be made by the Pennsylvania
railroad for 1902 rolling stock will ag-
gregate \$25,000,000, a sum unprecedented
in railroad history. Of this \$19,000,000
will be expended for cars and \$6,000,000
for locomotives.

MINNEAPOLIS GETS TEACHERS.

Winona, Minn., Nov. 22.—The execu-
tive committee of the National Educa-
tional association has selected Minne-
apolis for the next annual convention,
July 7 to 11, 1902. The railroad of the
Western Passenger association has
granted the usual rates and ticket con-
ditions.

INSPECTORS MEET DEATH.

Party Enters Baby Mine But Fails to
Return.

Bluefields, W. Va., Nov. 22.—At 11
o'clock this morning Superintendent
Walter O'Malley, of the Perahontas Col-
lieries company, with State Mine In-
spector William Priest; A. S. Hurst,
chief coal inspector for a Philadelphia
company; Robert St. Clair, chief
coal inspector; Morris St. Clair and
William Oldham, substitute
coal inspectors; Frazier G. J. Bell,
mining engineer, and Joseph Vardwell,
manager of the Shamokin Coal & Coke
company of Maybury, W. Va., entered
the Virginia Improvement company's
colliery to examine the situation regard-
ing the recent explosion and fire in the
Baby mine, and up to midnight they had
not been heard from.

At 6 p. m. experienced miners, led by
Assistant Superintendent King, entered
the mine to rescue the last party, but
at 6:45 returned, having encountered
such quantities of black damp as to
make it impossible to enter any distance
into the mine. King was overcome by
gas and is now in a critical condition.
All efforts are being used to recover the
bodies of the inspecting party but no
hopes are entertained that any of them
will be recovered after.

SAVAGE WILL NOT MIX UP.

Governor of Nebraska Declines to Meet
Governor Van Sant.

Lincoln, Neb., Nov. 22.—Governor
Sage, who recently consulted with At-
torney General Pratt in regard to in-
vestigating the consolidation of the in-
terior Northwest railroads with a view to
obstructing the deal, a violation of the
state laws are apparent, makes a state-
ment today declining to meet Governor
Van Sant of Minnesota to discuss the
suppression of the merger. He says
that no consolidation is apparent in Ne-
braska, and Minnesota affairs are not
subject to Nebraska's interference.

St. Paul, Nov. 22.—Governor Van
Sant today sent out to the governors of
North Dakota, Montana, Idaho and
Washington letters stating the facts so
far as he has ascertained them regard-
ing the alleged attempt to consolidate the
Northern Pacific and Great Northern
railways, and asking for their opinion as
to what action should be undertaken.

MUST STAND ASSESSMENT.

Court Renders Decision in Chicago Tax-
ation Matters.

Springfield, Ill., Nov. 22.—Judges
Humphrey and Grosscup in the United
States court at noon today refused the
injunction to restrain the board of equal-
ization from assessing the capital stock
of the Chicago Union Traction company
and the Union Traction company for
1900.

Immediately after the decision was
announced assessments aggregating \$75-
000,000 and involving over \$1,000,000 in
1900 taxes were made by the board of
equalization as a fair cash valuation of
the capital stock of the traction
companies over and above the assess-
ment on their tangible property. The
\$75,000,000 in valuations is made to take
the place of \$3,500,000 in valuations
made last year as representing a fair
cash valuation of the property assessed.

The teachers' federation estimate was
\$125,000,000.

MOTIVE A MYSTERY.

Authorities Cannot Determine Why Mrs.
Dale Killed Child.

New York, Nov. 22.—Nothing can be
learned of the result of the autopsy on
the body of Emeline Dale, the child
whose mysterious death caused a sensa-
tion and the arrest of her mother. The
authorities are working to establish
a motive for the alleged crime.

The county authorities and the Ho-
boken police are, they claim, forming
what they consider a strong chain of evi-
dence. According to the authorities
they understand the will of Mrs. Dale's
father is said to have been so drafted
that in case of Emeline's death Mrs.
Dale would be the sole beneficiary.

MURDER IN FIRST DEGREE.

Charge Preferred Against N. C. Rathbun
by Special Grand Jury.

Jeffersonville, Ind., Nov. 22.—The spe-
cial grand jury selected to investigate
the Rathbun insurance conspiracy and
murder case this afternoon returned an
indictment against Newell C. Rathbun,
charging him with murder in the first
degree. The body of Rathbun's alleged
victim, supposed to be Charles Good-
man, arrived from Little Rock this af-
ternoon and was taken in charge by
Coroner Coats.

MEIGS HEADS LIST.

Wins Prize in Inter-Department Debate
of U. of M.

Ann Arbor, Mich., Nov. 22.—In the
inter-department debate tonight L. O.
Meigs won the first prize; H. Somers-
sheim, second; A. J. O'Connor, third.
These will represent the University of
Michigan in the debate with the North-
western University here Jan. 10, 1902.

WILL DISCUSS STRIKES.

New York, Nov. 22.—The National
Civil Federation will meet here Decem-
ber 16 and 17. The object is to bring
the employers and representatives of
trades unions together to discuss ways
and means for avoiding strikes. Presi-
dent Schwab, of the United States Steel
corporation, and other men of promi-
nence in industrial affairs will address
the convention.

CLEVELAND IS ILL.

Trenton, N. J., Nov. 22.—Reports from
Princeton are that ex-President Clevel-
and is ill at his home here. He recently
returned from a gunning trip, was tak-
en ill and is threatened with pneumonia.
Tonight he is very much improved.

SHIRT IN EVIDENCE

BLOODY UNDERGARMENT WORN BY AYERS IDENTIFIED.

MRS. BONINE IS AFFECTED.

BROTHER OF ACCUSED WOMAN APPEARS IN COURT.

Five Witnesses Are Heard, Four of the
Number Being Police Officers and
Fifth Former Proprietor of
Kenmore Hotel.

Washington, Nov. 22.—Five witnesses
were heard today in the trial of Mrs.
Lola Ida Bonine for the murder of
James S. Ayres, Jr. Four of these
witnesses were police officers who had
gone to Ayres' room after the discovery
of the body by employees of the Ken-
more Hotel, and the fifth was W. W.
Warfield, proprietor of the hotel at the
time of the tragedy. The policemen
testified to the details of the wounds,
the position of the body and the ar-
rangement of the furniture of the room.

Was About to Leave Hotel.

Warfield's testimony was very brief.
In response to a question by Attorney
Fulton, of Mrs. Bonine's counsel, he
said Mrs. Bonine had made arrange-
ments to leave the hotel before the trag-
edy occurred, but both the question and
answer were subsequently ruled out.

It is understood it is the intention of
the defense to recall Warfield later for
the purpose of eliciting information
from him upon this and other points in
Mrs. Bonine's behalf.

Mrs. Bonine's party in the court room
was increased today by the addition of
her brother, Grant Henry, who lives at
St. Joseph, Mo. Only once during the
day did Mrs. Bonine display any emo-
tion, and that was when the bloody un-
dergarment, which had been worn by Ayres
on the night of the killing, was identi-
fied by Officer Brady.

Court Adjourns Until Monday.

The court adjourned until Monday to
give the attorneys an opportunity to
prepare themselves for the work in
hand. Justice Anderson expressed the
opinion that the adjournment would ex-
pedite the trial.

MINERS MAY NOT MOVE.

Situation in Earlinton, Ky., Becoming
More Serious.

Earlington, Ky., Nov. 22.—Judge
Hall's order for the striking miners to
disband their camps becomes operative
at daylight tomorrow. The men have
shown no inclination to move and the
outcome is anxiously awaited. Judge
Hall has prepared an order for Adjutant
General Murray and Sheriff Hanking,
directing them to proceed against the
camp if it is not abandoned and arrange-
ments were perfected tonight to follow
his instructions. Rain today made it
necessary to ditch the tents in the min-
ers' camp. This caused a rumor that
they were throwing up breastworks.

SPEND NIGHT UNDER WATER.

Further Tests of Holland Submarine
Boat Fulton to Be Made.

New York, Nov. 22.—Commanders
Nispi and Sata and Lieutenant Ide, of
the Japanese navy, witnessed the trial
of the Holland submarine torpedo boat
Fulton today. They will recommend
its adoption by the Japanese navy. Rear
Admiral John Lowe, retired, Lieutenant
Arthur MacArthur, Jr., of the United
States navy, and four men will spend
tomorrow night at the bottom of the
Great South bay in the Fulton, which
is to be tested under water with the
crew aboard.

HEAD ALMOST SEVERED.

Body of Springfield, Ill., Man Found in
Unused Well.

Springfield, Ill., Nov. 22.—The body
of Joseph Noto, with the head almost
severed, was found in an unused well
near Sherman today. After frightful
hacking his victim with a razor the
murderer wrapped the body in a blanket
on which he slept and carried the body
100 yards to a deep well half filled with
water where he sunk the body. The
coroner's jury accuses a fellow workman
who has fled.

CONSPIRACY IS CHARGED.

New York Fire Commissioner and
Broker Are Indicted.

New York, Nov. 22.—The grand jury
today indicted Fire Commissioner John
J. Scannell and William Marks, a broker
in fire department supplies, for alleged
conspiracy, and also returned a second
count against Scannell for alleged neg-
lect of duty.

NO DANGER OF EVICTION.

Washington, Nov. 22.—There is no
danger that the United States legation
at Peking will be evicted by the Koreans.
Already the government possesses a con-
siderable tract of ground in Peking in the
general legation compound and the new
legation building doubtless will be ready
by the time the lease expires on the
present quarters.

LIVERPOOL BANK SUFFERS.

Liverpool, Nov. 22.—An official state-
ment issued by the Bank of Liverpool
today that through the dishonesty and
keeping transactions of a trustee book-
keeper they may lose £175,000. The
defaulter has not been arrested.

INSIST UPON TURKISH GOLD.

Brigands Will Not Take Ransom Unless
Paid in Cash.

Sofia, Nov. 22.—Mr. Dickinson, the di-
plomatic agent of the United States,
started today for Constantinople to con-
fer with Spencer Edly, secretary of the
United States legation as to the best
means of hastening the solution of the
deadlock which has arisen in the negotia-
tions for the release of Miss Stone.

Mr. Dickinson will probably return
here, bringing with him the cash with
which to pay the ransom, as her kid-
napers insist that this payment be made
in Turkish gold. Mr. Dickinson will
consider the advisability of presenting
an ultimatum to the brigands in which
he will fix ten days as a period within
which £10,000 must be accepted by
the brigands. If the proposal is not ac-
cepted all dealings with the bandits so
far as the United States is concerned
will cease.

If these conditions are not already
dictated by Mr. Dickinson an ultimatum
comprising them will almost certainly
be delivered as soon as he returns from
Constantinople. According to a state-
ment of a person who arrived from
Dubnitsa last night, the captives have
been removed from a village near Dub-
nitsa to a point near the frontier and
Miss Stone got wet while crossing the
River Struma.

MANY UGLY RUSHES.

Turbulent Demonstrations Continue in
Athens, Greece.

Athens, Nov. 22.—The turbulent dem-
onstrations here growing out of the pro-
posal to translate the gospels into mod-
ern Greek continued today in the
streets. There were many ugly rushes.
The military is finding difficulty in con-
trolling the rioters.

In the course of the after-
noon the growing crowds and in-
creasing excitement heralded the
hour fixed for the funeral of the
victims of the recent riots over the bible
translation. The bulk of the troops were
confined to their barracks. Shops along
the route were closed and police ordered.
At 5 o'clock the cortege left the cathed-
ral for the cemetery and dense crowds
followed. Seven coffins, covered with
flags, were preceded by students carry-
ing black banners. The procession
halted for some minutes before the pal-
ace but no cries were raised.

ROEBER WILL RETIRE.

Champion Wrestler Makes Announce-
ment After Defeating Nechad.

New York, Nov. 22.—Ernest Roeber,
the champion wrestler, defeated Nechad,
the Turk, tonight in a Graeco-Roman
wrestling contest for the championship.
The terms of the match were that the
men were to wrestle two hours.

In the first hour neither man secured
a fall. After a fifteen minute interval
the contest was continued and after
twenty-one minutes Roeber succeeded in
putting his man on the floor. The rest
of the time gave no further result and
Roeber was declared the winner.

After the result was declared Roeber
announced he would retire from the
wrestling ring.

PILLORY SYSTEM USED.

Old Fashioned Punishment Unearthed at
Pontiac, Ill., Reformatory.

Chicago, Nov. 22.—An old-fashioned
pillory system of punishment, which it
is claimed, has the sanction of the board
of directors, of which Bishop Fallows is
president, has been unearthed at the
Pontiac, Ill., state reformatory. In
this pillory Charles Miller, ten years old,
asserts he was forced to stand twenty
hours at a stretch. He was taken down
for ten minutes at noon, when bread and
water were furnished to him. Superin-
tendent Mallory is quoted as corroborat-
ing the statement. Miller's offense was
whispering in school.

SUIT AGAINST CROWLEY.

Excommunicated Priest's Case to Be
Taken to Court.

Chicago, Nov. 22.—A bill was filed
in the Cook county circuit court here to-
day by Reverend Michael J. Fitzsimons,
pastor of the Holy Name cathed-
ral, asking that Reverend Jeremiah J.
Crowley, an excommunicated priest, be
restrained from entering the cathedral
or attending divine worship there. The
bill states that every time the deposed
priest has entered the church since his
excommunication the services have been
interrupted.

STRICKEN WITH PARALYSIS.

Professor of Agricultural College Has
Stroke While Addressing Class.

Lansing, Mich., Nov. 22.—Robert C.
Kedzie, professor of chemistry in the
Michigan Agricultural college since 1893,
and formerly president of the American
Health association, was stricken with
paralysis while addressing a class at the
college today. He is seventy-eight
years old. This afternoon he had im-
proved considerably and physicians be-
lieve he will rally.

RETIRED AMBASSADOR DIES.

London, Nov. 22.—Count Von Hatz-
feldt-Wildenburg, who a few days ago,
retired from the post of German am-
bassador to Great Britain, died at the em-
bassy this morning from congesti-
on of the lungs superinduced by asthma.

FEDERAL CONVICT ESCAPES.

Leavenworth, Kas., Nov. 22.—John
Morgan, a convict at the federal prison,
made a successful escape while working
in the quarry today, his absence not
being discovered until 5 p. m. He had
one year to serve.

THE BALANCE OF HEALTH

Is often very much against the wife. Her strength is undermined, she loses flesh and her energy and courage slowly leak away from her.

Women who find their health failing, and womanly ailments fastening on them, should promptly begin the use of Dr. Pierce's Favorite Prescription. It corrects irregularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness.

It had been a great sufferer from female weakness for about two years, writes Mrs. Emma Richardson, of Gosc. Wayne Co., Ky. "I could not do my work part of the time. I took four bottles of Dr. Pierce's Favorite Prescription and felt as well as I ever did before."

The People's Common Sense Medical Adviser, 1008 pages, free, on receipt of stamps for mailing only. Sent 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound volume, to Dr. R. V. Pierce, Buffalo, N. Y.

MARQUETTE, MICH., NOV. 23.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It is reported that President Roosevelt's message to congress at the opening of the pending session will be a record-breaker in point of length, as it will contain not less than thirty thousand words.

Just as we expected, the reciprocity convention at Washington this week didn't do a thing but give a black eye to that much-discussed policy of promoting our trade with foreign nations.

It is expected that a large delegation of Calumet sports will attend the Stoll King wrestling match at the Houghton Armory tonight. They will come prepared to support Stoll, who is a decided favorite in Calumet.

All work on Hancock's new pump house will soon be finished. The metal covering of the roof is being laid and the several openings in the building will soon be enclosed.

Secretary of State Hay is very obviously of the opinion that he has effected a marked improvement in diplomatic methods. They certainly have stood in pressing need of being made more direct and honest, and if the secretary has accomplished something toward making them so he has given a start to a very much needed reform.

Surprisingly Strong. The strength of the iron market continues to surprise even those who have had faith in the permanency of the demand for iron and steel.

A buoyant iron market on the eve of the quiet time of year is an anomaly, but there are growing signs of a condition under which the market might readily cut loose.

Kenton Catches.

A. E. Post was over from Houghton Friday. N. J. and Mrs. S. Doloh returned to Kenton Thursday.

Walter Whalen left Wednesday for Minneapolis to have a new artificial limb fitted.

Hon. Geo. C. Bentley of Hancock and Edward Uleth of Calumet were Kenton callers Monday.

C. S. Hayes returned to Kenton Tuesday after a two weeks' absence at his home in Grand Rapids.

W. Corbin of Kalamazoo, who has been visiting his brother, J. C. Corbin of Sidnaw, returned home Saturday.

G. H. Mance of Duluth, representing the A. C. Dutton Lumber company of Springfield, Mass., visited Kenton Thursday.

C. F. Schneider, of the United States weather bureau service, with headquarters at Lansing, stopped off between trains Friday and visited several of his friends here.

H. A. B. Kennedy ran a rusty nail fully an inch into his right foot Monday morning, and though the wound was immediately cauterized it remains sore and painful.

Three finely fattened steers were purchased of D. W. Robinson of Painesville Friday by Wm. Shingler for the Sparrow-Kroll Lumber company's market.

A. J. Tucker of Grand Rapids returned home Saturday after a few days' deer hunting just north of Kenton.

Eight deer were brought to town Friday night by the successful hunters. Five large bucks were among the number as evidence of the marksmanship of C. B. Kroll, Pat Reilly, Chas. and A. B. Clumpper and Will Pomeroy.

Mr. and Mrs. Wm. Kroll, Mr. and Mrs. J. L. Stangor, Mr. and Mrs. J. D. F. Pierson and Mr. and Mrs. J. D. Parde formed a hunting party which located at Brown's camp Monday in quest of the unsuspecting deer.

The school exhibition for Friday night promises an unusual treat to Kenton parents and friends. Mr. Footlocker and Miss Taylor have prepared an entertainment, the "Pinetown Debating Society," wholly original, is a strong attraction.

After great preparation in arranging Opera Hall for the entertainment billed to be given by the Alabama Warblers and Oliver Iron Mining companies, the ordered talent failed to put in an appearance at the appointed hour.

Among the pitiable sights that are forced on the observer in every lumbering town is the decrepit old man, who tremblingly staggers about under a load of intoxicants and ekes out an existence as an attendant of some saloon.

The Chicago, Milwaukee & St. Paul road will sell tickets Nov. 27 to Chicago for the Chicago-Wisconsin and Michigan-Iowa football games to be played Thanksgiving day for one fare for the round trip. Tickets good returning Nov. 29.

Baby's Coming

McDonald, Ga., July 18, 1900. I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my household work without any trouble.

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race.

creation, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pain, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions.

Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain.

A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and cures the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

INSURGENTS CANNOT SECURE FOOD.

Patrolling Gunboats Capture Cash and Hemp.
Manila, Nov. 22.—The news from Samar is encouraging, although up to the present time there have been no wholesale surrenders of natives.

System of Taxation.

The system of taxation and collection of taxes maintained by the insurgent leader, Lukban, was perfect and exhaustive in every particular and produced revenue from births, marriages, deaths, cockfights and from fish ponds in Samar. He predicts a double contest, both Captain Campbell and Half Back Dibbee are confident, and the men of the team believe they have at least an even chance.

INSURGENT OFFICER CAPTURED.

It is officially reported to General Chaffee that the insurgent leader, Caballos, has 500 armed men, including a number of African negroes, under his command in Laguna, province of Luzon. An insurgent officer has just been captured, carrying papers dated Mauban, Laguna province, Nov. 18, and signed by Caballos. The prisoner admits Caballos has 1,000 men and contemplated attacking Mauban. This probably accounts for the fact that yesterday the telegraph lines were cut near Mauban, and in several places supporting poles were found to have been removed.

COMBS THAT COMB.
It's a question what some combs are made for; they don't comb. When combs fail to penetrate the hair it is because the teeth have been merely sawed out—they should be hand finished. Hand finished combs are the ones that satisfy, and we can sell you such combs for what you have paid for poor ones. Have a full line of pocket, dressing and fine combs. Some that are practically unbreakable. The latter cost more to begin with, but a good deal less in the long run.

...YOUR FATE...

Is in Your Hand.

Madame Cheiro the Celebrated Scientific Palmist, and Clairvoyant, sister of Cheiro the world renowned Palmist, whose book on Palmistry is the only recognized authority in the world, is in the city for a short time only. She comes from the copper country where she has been for the past three months, and she comes endorsed by the best people there. The Madame's readings are based on science only, and should not be compared to the cheap incompetent people who usually travel as Palmists and Clairvoyants.

YOUR HAND

betrays your life, past, present and future, and will tell you whether you will be a success or failure in your business, also what you are best adapted for, in fact there is no trouble, no matter how great, that cannot be advised upon and told its outcome. Madame Cheiro prophesied McKinley's death, and has a print of his hand on exhibition.

She prophesied Gov. Tanner's defeat and death; also Bryan's defeat at the beginning of his career. She has been consulted by Ex-President Grover Cleveland, Miss Rose Cleveland, Madame Patti, Lillian Russell, Ellen Terry, H. T. Stead, Editor Review of Reviews, London, England, and a host of others too numerous to mention.

The Madame can be consulted daily at the Nelson House Parlors. Her prices are: Palm Reading \$1.00 and \$2.00; Clairvoyance, \$3.00. HOURS: 10 A. M. to 9 P. M. daily.

ORE SHIPMENTS LIVELY.

More Ore Is Moving Now Than at Any Time During the Entire Season.

If the shipments of ore from the several mines of Ishpeeming and Negaunee were as lively all through the summer as they have been during the past week there would not be a great amount of ore in stock at the mines at the end of the season. Nearly all the steam shovels on the range have been in operation during the past week. The mining people have been hustling for cars and the railroad men have had no little difficulty supplying them. At times the call for ore from some of the mining men has been most vigorous.

Yesterday every locomotive on the Lake Superior & Ishpeeming line was in service and the workmen were as busy as they have been any day for the season. Extra engines have also been out on the other railroad yards.

Railroad men figure that there will be very little ore shipped to the docks after the closing of this month.

SWIPED BARTENDER'S COAT.

Albert Malmberg, bartender for James Billings, is in search of his overcoat. The garment was stolen from the saloon on Wednesday. A stranger entered the place and was there but a few minutes when he related to the bartender how he was a resident of Ishpeeming some twenty-five or thirty years ago, and that he had been sent to the penitentiary on the charge of murdering a man named John Carr. However, after being confined to the prison for about a year, it was found the crime had been committed by another fellow, and so he was released. The story interested Malmberg and a few others who were seated about the room, and the stranger was the center of attraction for a time. Malmberg's coat was lying on a table near by. After an hour or so had passed the stranger went out, taking the coat with him. That evening Malmberg was unable to find the garment and concluded the man who had so much to say during the afternoon had taken it. It is a box coat, gray in color and size 42—fully six sizes too large for the man accused of stealing it. The stranger is described as being about sixty years of age, with smooth face.

ISHPEMING IN BRIEF.

Harold Trosvig is distributing neat calendars among his patrons.

A. J. Yungluth left Thursday evening for Duluth on a business mission.

Mr. and Mrs. Patrick Collins are happy over the advent of a daughter at their home.

Miss Mary Donahoe went out to Republic last evening to attend a party given by a social club of that place.

The baby daughter of William Waters of the Lake Angeline location died yesterday, after an illness of about twenty-four hours.

The Lake Superior & Ishpeeming Railway company is building a large water tank immediately west of the round house near Barn street.

Alfred Johnson, the Cleveland avenue barber, spent the greater part of the week in the woods hunting deer. This was his second trip out this season.

Richard Moyle will be down for the copper country and will sing tomorrow morning at the Presbyterian church. The choir will render its Thanksgiving music at the morning service.

J. D. West and his daughter Eva left last evening for Chicago on a visit to relatives. Mr. West will remain the greater part of next week, but Miss Eva will stay three or four weeks.

A meeting of the directors of the Ishpeeming Ski club will be held next Tuesday evening at the home of Carl Tellefson, president of the organization. Plans for starting the winter's sport will be discussed. The meeting will be held at 8 o'clock.

A number of Ishpeeming men who have been at Butte the past few years are expected back at any time now. It is said that a number of them have been down and they are returning to spend the holidays, if not to remain longer.

The nine-year-old son of Ed. Wheeler, residing at the corner of Second and Ridge streets, died yesterday morning at an early hour. The lad was taken ill the day before while at school. The remains will be taken to Ashland, where the family formerly lived, for burial.

Five ore cars on the Lake Superior & Ishpeeming line were wrecked Tuesday morning at the home of Carl Tellefson, No. 7 mine. A broken flange caused one of the cars to leave the rails and the five piled up before the train could be brought to a standstill. The wrecking crew on the Chicago & Northwestern line came up and removed the damaged cars from the tracks.

THE GAME TODAY.

There promises to be a large attendance at the football game this afternoon, as a lively contest is certain. The Oskosh players arrived in the city yesterday afternoon at 4 o'clock and they are a lousy lot. The game will start promptly at 2 o'clock. Each team will be privileged to choose an official. The admission will be twenty-five cents.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Green's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. The Stafford Drug Co., Desjardins' Pharmacy, "The People's Drug Store." (11-16-17)

The crowds do not visit our store for mere curiosity. Can't you guess? It's bargains. We have snaps in clothing and dry goods. Finnish Mercantile Association. (10-25-17)

MODERN SURGERY SURPASSED.

"While suffering from piles," says G. F. Carter, Atlanta, Ga., "I got DeWitt's Witch Hazel Salve and was entirely cured." Cuts, burns, bruises quickly cured. Beware of counterfeits. Stafford Drug Co.; H. N. Meloche, Ishpeeming.

FOOTBALL.

Chicago, Thanksgiving Day.

For the football games at Chicago on Thanksgiving Day, one way fare for the round-trip will be authorized to Chicago and return; tickets on sale for the afternoon trains of Nov. 27th and good for return on the evening trains leaving Chicago, Nov. 29th. (11-22-54)

LECTURE TOMORROW EVENING.

The French lecture by Rev. Father Poulin on his travels last winter through the western states and old Mexico, will be given tomorrow evening at St. Joseph's church, commencing at 8 o'clock. The reverend gentleman has a vast subject to treat and he will give his lecture in two parts. In this way he will be able to do justice to himself and his topic and his hearers will derive a greater benefit from the talks than if he attempted to give it in one evening. Rev. Poulin will discourse tomorrow evening on his travels from Iron Mountain to Mexico City.

The French people of the city are manifesting much interest in Father Poulin's proposed lectures, as he is a fluent speaker. The church is sure to be packed on both occasions. In addition to the lecture tomorrow evening there will be appropriate instrumental and vocal musical selections.

Rev. Poulin will announce the date of his second lecture within the next few days.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough too," writes Mrs. S. Hinkelburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50c and \$1.00 at

WILL SERVE FINE SUPPER.

The ladies of Grace church wish to assure their friends that the supper they will serve next Tuesday evening at the Anderson Hall in connection with their bazaar will be one of the finest they have ever given. There will be oysters and other good things too numerous to mention. The price per plate will be thirty-five cents instead of twenty-five, as stated in a previous issue. The spread will be worth twice the former amount.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at The Stafford Drug Company.

FINE DRAFT HORSES.

TRIALS WHICH BESET A MINISTER IN INDIAN TERRITORY.

Rev. William R. Brock Speaks Feelingly of His Experience and Tells How, at Last, He Found the Cause and Removed It.

This would be a beautiful world if it were not for the vexations and troubles in it.

It is easy enough to say, "Don't let things trouble you." But it isn't so easy not to do it. Still it is true that many troubles can be shaken off and many more avoided.

For many long years the Rev. William R. Brock, of Provense, I. T., was burdened with troubles more than fall to the lot of the average man, but finally he was able to throw them off and now tells entertainingly how he accomplished it. He says:

"When I was a boy of about twelve years, I had what a boy seldom has—rheumatism. I had been in bad health for some months and was taken out of school on account of it. But I kept getting worse and at one time could hardly get around. This, I suppose, undermined my health and was the cause of the later troubles which afflicted me.

"Some sixteen years ago I developed a torpid liver and an enlarged spleen which finally caused a chronic diarrhoea. This in itself was very weakening but, in addition to that, my stomach refused to take food. I had a severe pain in my side almost all the time and, when I walked any distance, I became out of breath, with a feeling of burning at the heart. My head and limbs would ache fearfully, especially at night. Then my rheumatism came on again and, later, I had a dry, hacking cough which nearly drove me distracted.

"I was under the care of two physicians but, although the tonics they gave me seemed to do me good for a while, the effect was only temporary. A friend in Texas, some years before, had told me of the benefit he had received from Dr. Williams' Pink Pills for Pale People, but I thought then I would trust to the doctors. However, doctors were not helping me and finally I was induced to try Dr. Williams' Pink Pills by an advertisement in a paper which told of the cure of a case similar to mine. This was four years ago. I took them and eight boxes made me well.

"I should have kept on a while longer until I had driven all the impure blood out of my system, for the next summer the trouble came back. But I was not discouraged. I began taking the pills again, and a few boxes cured me. I took six boxes in all at that time, and my cure was permanent and, in the three years that have passed, since then, I have not been troubled at all. I am now well and strong and Dr. Williams' Pink Pills for Pale People have made me so."

Mr. Brock took a medicine that attacked his trouble at the root—the blood and nerves. Poor blood and disordered nerves are at the seat of nearly all the ailments which afflict mankind, and Dr. Williams' Pink Pills for Pale People have been proven to be a certain remedy for all diseases arising from this cause. They will cure locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion and all forms of weakness, either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers or will be sent postpaid on receipt of price, fifty cents a box; six boxes for two dollars and a half, by addressing Dr. Williams' Medicine Co., Schenectady, N. Y. Send for free booklet of medical advice.

Doctors Mystified.

A woman is sick; some disease peculiar to her sex is fast developing in her system. She goes to her family physician and tells him a story, but not the whole story.

She holds something back, loses her head, becomes agitated, forgets what she wants to say, and finally conceals what she ought to have told, and thus completely mystifies the doctor.

Is it any wonder, therefore, that the doctor fails to cure the disease? Still, we cannot blame the woman, for it is very embarrassing to detail some of the symptoms of her suffering, even to her family physician. It was for this reason that years ago Mrs. Lydia E. Pinkham, at Lynn, Mass., determined to step in and help her sex. Having had considerable experience in treating female ills with her Vegetable Compound, she encouraged the women of America to write to her for advice in regard to their complaints, and being a woman, it was easy for her ailing sisters to pour into her ears every detail of their suffering.

In this way she was able to do for them what the physicians were unable to do, simply because she had the proper information to work upon, and from the little group of women who sought her advice years ago, a great army of her fellow-beings are to-day constantly applying for advice and relief, and the fact that more than one hundred thousand of them have been successfully treated by Mrs. Pinkham during the last year is indicative of the grand results which are produced by her unequalled experience and training.

No physician in the world has had such a training, or has such an amount of information at hand to assist in the treatment of all kinds of female ills, from the simplest local irritation to the most complicated diseases of the womb.

This, therefore, is the reason why Mrs. Pinkham, in her laboratory at Lynn, Mass., is able to do more for the ailing women of America than the family physician. Any woman, therefore, is responsible for her own suffering who will not take the trouble to write to Mrs. Pinkham for advice.

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

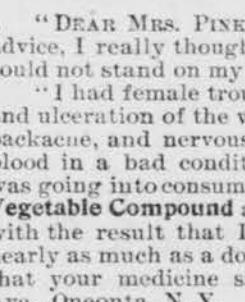

Grateful Letters from Cured Women.

"DEAR MRS. PINKHAM:—I have been thankful a thousand times since I wrote to you for what Lydia E. Pinkham's Vegetable Compound has done for me. I followed your advice carefully and now I feel like a different person.

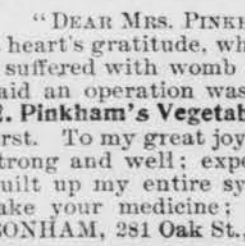

"My troubles were backache, headache, nervous tired feeling, painful menstruation, and leucorrhoea. I took four bottles of Vegetable Compound, one box of Liver Pills, and used one package of Sanative Wash, and am now well.

"I thank you again for the good you have done me."—ELLA E. BRENNER, East Rochester, Ohio.

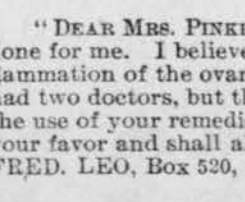

"DEAR MRS. PINKHAM:—When I wrote to you some time ago for advice, I really thought my days were numbered. I was so ill that I could not stand on my feet for fifteen minutes at a time.

"I had female troubles in many of their worst forms, inflammation and ulceration of the womb, leucorrhoea, bearing-down pains, headache, backache, and nervous prostration. My kidneys were out of order and blood in a bad condition. Every one, and even my doctor, thought I was going into consumption. I commenced to take Lydia E. Pinkham's Vegetable Compound and followed your advice faithfully for six months, with the result that I became a well woman, and it did not cost me nearly as much as a doctor's bill for the same number of weeks. I feel that your medicine saved my life."—MRS. SAMUEL BORST, 7 Cozy Ave., Oneonta, N. Y.

"DEAR MRS. PINKHAM:—I feel that words are but feeble to express a heart's gratitude, when there is so much to be thankful for as I have. I suffered with womb trouble for five years, and our family physician said an operation was needed; but I dreaded it, and reading of Lydia E. Pinkham's Vegetable Compound one day, I decided to give it a trial first. To my great joy I found that after four months' treatment I was strong and well; experienced no pain or trouble, and the Compound built up my entire system. I shall always bless the day I started to take your medicine; it proved my greatest good."—MISS SOPHIE BONHAM, 281 Oak St., Chicago, Ill.

"DEAR MRS. PINKHAM:—I want to tell you what your medicine has done for me. I believe it saved my life. I had womb trouble and inflammation of the ovaries, and was troubled with flowing too much. I had two doctors, but they did me no good. After writing to you, I began the use of your remedies, and to-day I am well. I cannot say enough in your favor and shall always praise your Vegetable Compound."—MRS. FRED. LEO, Box 520, Skowhegan, Maine.

December 28, 1899.
"DEAR MRS. PINKHAM:—I feel that it is my duty to write and tell you of the benefit I have derived from the use of Lydia E. Pinkham's Vegetable Compound. I wrote to you last June and described my sufferings.
"I took seven bottles of your medicine and was cured of my troubles. Last September I was taken with a very bad kidney trouble. I was away from home and was obliged to return. I started to take your medicine again and was soon well.
"When I wrote to you last summer I weighed only one hundred and five. I now weigh one hundred and thirteen. I am very grateful to you for the good advice you gave me, and would recommend your medicine to all who suffer from female weakness."—MRS. B. CUNNINGHAM, Oakland, Ill.

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonials letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonials are not genuine, or were published before obtaining the writers' special permission.—LYDIA E. WILL ORGANIZE SOON.

A Clerks' Union Will be Formed Here Under Laws of National Society.

It is quite probable that a branch of the National Clerks' union will be organized in Negaunee within the next week or two. Ed C. Thomas, district organizer, was in the city Thursday evening and succeeded in getting a large number of the clerks to sign the charter list. He did not have time to make the rounds of all the business places, but will be over from Ishpeming again within the next few days, when he will interview those whom he was unable to meet Thursday.

The clerks of this city have organized two different unions within the past eight or ten years. The first was a branch of the National organization, but the second was not. The first one had a good membership and for a time the members took much interest in it. Several very successful dancing parties were given, but after the old officers retired interest lagged and finally the union went to pieces. It was through the first organization that the 8 o'clock closing was brought about. The business men like the change after they get into the habit of closing at that hour and the custom has been closely followed ever since.

The second organization was not strongly launched and it did not live long. All the clerks of the city did not join. Those who were not induced to come in at the start remained indifferent and before many months passed it ceased to exist.

It is believed that the proposed union will be stronger in point of membership, as well as in other ways, than either of the other two. It is the organizer's intention to get the names of as many of the clerks as possible on the charter list before organizing it. The clerks of the city seem to favor the movement and are placing their names on the list without much urging.

With the 8 o'clock closing popular with the merchants and others it is likely that the clerks will endeavor to effect a change at least one or two evenings a week. The 6 o'clock movement will be considered and it is assumed that a proposition to close at that hour at the same nights as are now observed in Ishpeming will be submitted to the business men.

WILL TAKE AWAY WATER.

The Cleveland Cliffs Iron company does not propose to pump any of the water that will be raised from the new mine to be opened here. A large launder is being built, extending from the site of the proposed shaft to a point fully half a mile distant, leading to the old creek that served as an outlet for Teal lake before the latter became so low to admit of a surplus passing from it.

It is thought that should the water from the mine be discharged at a point near by much of it would soak through the ground and eventually find its way back into the workings. The launder in use will be large and substantial and will take care of a heavy flow of water.

The force employed about the new property is at present small, but it is believed that a few more men will be put on about the first of the month, when the work of sinking the shaft will be started. Considerable timber is being taken to the site and there will be many carloads on hand by the time Captain J. H. Rough assumes charge.

WILL TAKE IN THE GAME.

A number of the football cranks of Negaunee will take in the contest at Union park this afternoon, when the Ishpeming and Oshkosh highs will come together. There will not be as much excitement on the grounds as there was two weeks ago today, when the Escanaba and Ishpeming teams played to decide the championship, but it is likely that fully as good a game will be seen, as the visitors are credited with being one of Wisconsin's strongest high school teams. In today's game it is not likely that any Negaunee men will root for the visitors as they did in the last contest. Now that the Escanabas are out of the race, all here want to see the Ishpemings down every team they tackle.

VOLUNTEER MINE LEASED.

The Volunteer mine, on the Cascade range, has been leased to the Donora Mining company of Pittsburgh, and it is understood that as soon as the water is pumped out the property will resume operations. Oscar D. Warner, who has been on the Mesaba range, will have charge of the mine.

DR. WILLIAMS LEAVES.

Dr. J. R. Williams, who has been here assisting Dr. J. H. Hudson for the past eight months, will leave the city today. He has accepted a position in the Cook County hospital of Chicago. While here the doctor has made many warm friends who regret to see him depart.

THAT THROBBING HEADACHE would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents. Money back if not cured. Sold by Stafford, druggist.

CHIRYSANTHEMUMS are in full bloom at Negaunee Nursery and Greenhouses. The season is short; better secure these beautiful blooms at once. (11-18-1w)

THE CHILDREN'S FRIEND. For coughs, croup, bronchitis, grip and other winter complaints One Minute Cough Cure never fails. Pleasant to the taste and perfectly safe. C. B. George Winchester, Ky. "Our little girl was attacked with croup one night and so hoarse she could hardly speak. We gave her a few doses of One Minute Cough Cure. It relieved her immediately. When she awoke next morning she had no signs of hoarseness or croup." Stafford Drug Co.; H. N. McOche, Ishpeming.

PIONEER PASSES AWAY.

Cornelius Kieren, One of Negaunee's First Business Men, Died Yesterday.

By the death of Cornelius Kieren, which occurred yesterday morning at 11 o'clock at his home on Case street, Negaunee loses one of its oldest residents. He had passed his seventy-fifth birthday and had been ailing so long that his death was not unexpected, having been confined to his bed for the past six months.

Mr. Kieren conducted a grocery business in his own building on Case street for a number of years, prior to twenty years ago, when he retired and sold the remainder of his days at ease. He made some money during the years he was in business and acquired property, the rental of which kept him and wife comfortably. The store in which he conducted his business is still being used for the same purpose and is occupied by Felix Chibotti.

The deceased is survived by his widow, two sons and one daughter. One of the sons is located in Salt Lake City and the other travels for a St. Louis vinegar house. Both have been advised by wire of their father's death and are expected here to attend the funeral, which will take place next Tuesday morning from St. Paul's church.

LOCAL LACONICS.

Peter Cole, the new proprietor of the Enlaw saloon, will serve a free lunch at his place this evening.

There will be an election of officers at the next regular meeting of English Oak lodge of the Sons of St. George.

Warren Bennett, who disposed of his saloon business here to Peter Cole of Baraga, has returned to Grand Marais.

Joseph Collins and family have moved from Jackson street to a dwelling owned by Taylor & Anthony on Teal Lake avenue.

The first nominations for officers in the local lodge of Odd Fellows took place at the regular meeting Thursday evening. It is customary to nominate at two meetings prior to the election.

Robert Jackson, Jr., is spending a few days in the woods at Sands with George Kindlin, who recently returned from a Wisconsin town. Bob got two deer when he was down last week, but he would like to get another.

P. B. Kirkwood and his son Tom are expected home today from camp near Little Lake. Mr. Kirkwood has spent the greater part of the past two months at his resort and will probably go down again after Thanksgiving.

Frank Verellina, who shot a wolf while deer hunting down near Swanzy, came up from there yesterday. The carcass attracted no little attention as it lay on the depot platform for an hour or more in the morning. The members of the Verellina party also brought back several deer carcasses.

The members of the Ladies' Aid society of the Methodist church will give a turkey and chicken pie supper on Thanksgiving evening at the lecture room of the church. The spread will be a fine one and all are invited to attend. Supper will be served from 5 o'clock until all have been waited on. The price will be only twenty-five cents.

Nels Larson, section foreman on the Lake Superior & Ishpeming line, who was ill with typhoid fever for several weeks during the early fall, is around again, though two of his children are now down with the disease. Mr. Larson is having more than his share of ill luck, as there has been someone sick at his home ever since his wife died a few months ago.

William Verran, who has been ailing for some weeks past, is able to be around again, though he is still feeling quite weak. Mr. Verran came down town Thursday for the first time in five weeks. His physician gives him much encouragement and from present indications the judge will soon be able to attend to his business affairs. Mr. Verran's many friends will be gratified to hear that he is improving.

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy is Free to All Who Send Name and Address.

After years of patient study, and delving into the dusty records of the past, as well as following modern experiments in the realm of medical science, Dr. James W. Kidd, 258 First National Bank Building, Fort Wayne, Ind., makes the startling announcement that

DR. JAMES WILLIAM KIDD.

He has surely discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seem to bear him out very strongly. His theory, which he advances as one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free, to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Most of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The laws have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

TO WORK MANY MEN

GAS COMPANY NOW TO BEGIN ON IMPROVEMENTS.

WILL REBUILD THE SYSTEM

\$50,000 TO BE EXPENDED WITHIN NEXT FEW MONTHS.

Mains Are to Be Extended and a New Plant Constructed or the Old One Entirely Rebuilt and Made of Larger Capacity.

Seventy-five or eighty thousand dollars are to be expended by the Marquette Gas company in the improvement of the service. The work is to be commenced at once, under the supervision of Engineer Evans, an expert well known throughout the country, and it is anticipated that by the first of next April all the extensive changes will have been made.

Means Work for Many Men.

A large force of men will be employed in rebuilding the system—all, as Mr. Evans said yesterday, that can be secured. The gas plant is not only to be thoroughly renovated and made strictly up to date, but new mains are to be laid wherever they are needed. For this latter purpose, the pipe is now coming. It had been contracted for for delivery at Marquette by Oct. 15, but delay was experienced at the manufacturing.

As to the gas works itself, the plant is to be entirely rebuilt and equipped with all the latest improvements in the making of the product in which the company deals. In addition, a new holder, or tank, is to be constructed that will be of very much larger capacity than the one now in service. When the new works go in commission by the first of April, the company will have at hand facilities for the manufacture of gas at the rate of forty-five million cubic feet per year. Of course this is an amount very much larger than the present plant is capable of turning out, but the company is not only figuring on very materially increasing its business but has faith in the steady growth of the city. It is not only planning on presents needs, but for future requirements as well.

Conference Held Here.

The plans for the enlargement of the plant and the extension of the system were discussed at the annual meeting of the company held at its offices here. The proposition to bond the property of the company, now held and to be hereafter acquired, was ratified by the stockholders, and the negotiation of the loan, already practically arranged for, was left in the hands of the directors. The proceeds of the bond issue are not only to be applied to meet the expense of the extensive improvements, but are also to be devoted to the retirement of the bonds now outstanding. The election of officers which also was on the program, resulted in the selection of the best chosen at the special meeting held in September at the time control of the company passed from the Fays of Boston, C. H. will and his associates. These officers are: President, W. A. Thompson; secretary, A. B. Eldredge; treasurer, H. W. McCoy, and directors Peter White, W. J. McDonald and Messrs. Thompson, Eldredge and McCoy.

Mr. Thompson, the president, is a Chicago financier. Mr. McCoy is vice president of the Commercial National bank of Peoria, Ill., and Mr. McDonald is associated with Mr. McCoy in the municipal and corporation bond business in Chicago. These gentlemen are heavily interested in the gas industry in other sections of the country, owning and operating plants in Ohio, Illinois, Indiana and in the West. They are well versed in the business, have put their money in the plant here as an investment and promise the best of service at a minimum cost.

To Push Gas for Fuel.

As was stated before in these columns, it is the intention of the company to make a specialty of the sale of gas for fuel purposes, though of course the gas lighting branch will not be neglected, and the use of the company's product for cooking and heating will be pushed with all vigor. To this end, the first thing on the program when the renovated works go into commission and the company is in a position to handle the increased business looked for, the rates will be put down to a point where the use of fuel gas will be as desirable as it will be cheap. As to just what the

rate will be, that has not yet been decided, and will depend to a great extent on the business secured. However, it will be a material reduction from that now charged. The policy of the company will be the best of service at the least possible cost to patrons, and along the order of many sales at small profits. Solicitors will be put in the field to interest the people in the use of gas for heating purposes, and practical demonstrations of its value will be given. In addition, free schools to instruct housewives and others in the use of the gas in place of wood or coal are to be established.

Quality to Be Bettered.

It is the intention of the company to do all the commercial lighting business it can, but this branch will be a secondary consideration. It is not meant by this to convey the impression that this feature will be neglected. On the contrary, the quality of the gas will be greatly improved, the service bettered all around and the consumption extended to wherever there is a demand for it. The rate now charged will also be less considerably cut, and men will always be at the call of patrons to keep the lights in first-rate condition.

Judging from the plans of the company, virtually a revolution will be wrought in the local gas business, and it is promised that the people will have no cause for complaint either in the score of service or cost. Messrs. McCoy, McDonald, and associates believe that Marquette offers a good field for the gas industry as could be found anywhere, and they propose to cultivate it to the full it is worth.

Later—it is understood now that the gas plant is not to be rebuilt, but a new one constructed instead. The reported location will be in the same neighborhood, but a different site is in contemplation.

SCOW IS BEACHED.

A scow loaded with machinery and supplies for the new saw mill at Big Bay met with a mishap on the shore up the lake at the point of its destination during the blow of Thursday night. It had been towed to the bay by the tug Theora and run into shoal water preparatory to being unloaded. When the wind came up and the lake grew rough the scow was driven up on the beach and pounded in general by the waves, while the anchor chain of the tug was broken, the anchor was lost and the craft was forced to steam back to Marquette or else run the risk of being stranded. However, though the scow is hard and fast it is not believed the damage will amount to any great figure, if anything. The cargo comprised a boiler, shingle machine and other machinery, weighing in the aggregate about forty tons, and also a carload of oats, one of potatoes and another of bedding and other supplies. As soon as the seas go down the tug will visit the scene with the intention of releasing the scow.

POOR HOUSE WARMING.

The committee of supervisors—Messrs. Powell, Elich and Morgan—which had in charge the construction of the new county poor house has sent out invitations to prominent citizens throughout the county inviting them to be present at the "acceptance" of the structure from the contractors, Messrs. Lipsett & Snelcher. The function will take place on Wednesday, the 21st. Carriages will be in readiness at the court house to convey the supervisors and invited guests to the farm. The work of the contractors has been well done, and the furniture with which the house will be equipped will be very near the best that can be procured, \$2,000 having been appropriated for this purpose. It was the intention of the supervisors to provide a comfortable and cheerful home for the unfortunates whom the perversity of fate has made charges on the county, and this plan has been carried through.

CONCRETE WALKS.

During the warm months, concrete walks aggregating in cost \$4,822.51 were laid by the street commission's force. The rate charged is 1 1/2 cents per square foot, or just a fraction of a cent over what the walks actually cost. In some cities, where the work is done by contract, the walks are a little less expensive, but this is due to the fact that the best of material, as is used here, does not enter into their construction, while labor is also higher in Marquette than at the places in question.

COPPERS STILL STRONG.

Trading, However, Is Again Dull on the Boston Exchange.

The Boston market seems to have shaken itself loose from the influence of Amalgamated. At least for two days now the copper combine stock has been a weak spot at the New York, yet the securities dealt in at the Hub have moved independently and appreciated in value. Yesterday, however, the coppers were again rather dull, in contrast to the activity of Thursday, but the market continued strong and a further increase in the interest taken in the speculation was noticed. The reports from the metal trade still come in favorable, and the conditions in general are so encouraging to holders of shares that a well-defined move to bull the stock market could not well have any other result than considerably increased values. The supply of stocks offering extremely small, and the prospects are that any buying by the extensive short interest understood to be still uncovered would alone mean an advance of a few points. The conditions favoring a rise certainly appear of the best.

Views of the Brokers.

Hayden, Stone & Co. wired the Laidley Commission company: "Coppers were very dull today, but were still strong. The New York market monopolizes attention. If the crowd does start to bull coppers, they can be marked up very easily. Little Atlantic, with only 40,000 shares, is in strong demand." Paine, Webber & Co. said: "There has been a further increase in the local interest in coppers today. The home market has moved independently, seemingly having no sympathy with the movements of Amalgamated. Very little is heard now of accumulation of copper, and the scare has evidently worn itself out. We think all the good medium-priced coppers will work higher and would favor purchases whenever the market looks weak."

At London yesterday, copper closed up 3s. 9d on spot and off 2s. 6d on futures. The sales were 1,100 tons. Of the Wall street stocks, Walker Bros. said: "The market today was strong and active, with large transactions. We think Erie first preferred is a good purchase, and believe that here long this stock will go a 4 per basis and stay there. Shortly before the close there was a sharp reaction and the prices, with the exception of the coolers, sold off from 1 to 1 1/2 per cent. The weak spots in the market were Gas and Amalgamated Copper. There appears to be good selling in both of these."

A Scalp in the Grains.

A. R. Jones & Co. said of the Chicago grain market: "Wheat again had a very tame market. It was characterized by weakness, but recovered on Wall street buying and in sympathy with the advance in corn. It was simply another scalping day. The exports show good buying on the breaks. Just now it seems the right time to buy wheat, as no one wants it." Corn had rather a nervous market, with little outside trade and the operations mostly for scalp. Shorts did not like the action of the December option. The expected large receipts tomorrow took the edge off the market. If the estimate falls short tomorrow, we will have another good advance."

NO BIG LAKE DISASTERS.

Insurance Men Got Off Easy During the Recent Gales.

From the standpoint of the insurance men the recent heavy northwest gales which swept the chain of lakes, have been the luckiest for a long time when the number of disasters is taken into consideration. This is the time of the year when wrecks and losses to vessel property are the largest. Notwithstanding this fact, there have been comparatively few losses reported as yet as a result of the storms of the past week. The John Smeaton, driven ashore near Au Train, below Marquette, was the largest vessel to meet misfortune, and it is thought that she will not be a total loss but that she can be released, possibly not this winter, but next spring after the opening of navigation.

The loss of the schooner Marine City, together with four Canadian sailors from the steamer India, has been the only total loss thus far reported. The waterlogging of the steamer Emerald in Lake Huron was a serious affair, but the boat was picked up by the steamer Westford and taken to Port Huron.

The fact that so few boats were caught in shelter, big fleets having sought refuge all along the lakes, better weather now prevails over Lake Superior, and marine men are not looking for any grave disaster on account of the recent storms.

Insurance men will have a sigh of relief if this turns out to be the case, as they were bumped pretty heavy this season, and the thought which they thought was stored away for dividends has begun to have a threadbare look.

BOUND TO RELEASE SMEATON.

Referring to the steel trust vessel that is fast on the rock bottom near Au Train, the Duluth News-Tribune says: "Reports are going the rounds of the marine papers that the large John Smeaton probably cannot be released this fall. It is learned that no effort will be spared in this direction, even if the tugs that have been sent to her are unsuccessful. The large has sustained damages that will take many weeks to repair, and the Pittsburgh Steamship company will want the vessel ready to go in commission next spring, instead of perhaps a couple of months after the opening, as might be the case if the vessel were not released until next spring."

It has endured the storms of imitation and competition, yet stands like the pyramids unshaken in the love and confidence of the people. Rocky Mountain Tea made by Madison Medicine Co. 35c. The Stafford Drug company.

BIG STORE.

OUR ADVERTISING MUST BE THE RIGHT KIND!

It never fails to draw the crowds, and everybody is pleased with the values offered. When we advertise, we give what we advertise. It wins friendship. That's exactly what this store wants to do, as a glance over our list of prices will prove that we really want to win a genuine business friendship that will be of a mutual benefit to all concerned.

Kaskola Tablets
If you like good things to eat—and sometimes suffer in consequence—Kaskola is made for you. Rich things are concentrated nourishment, containing great food value, but requiring more digestive juice than the stomach affords. Kaskola supplies these digestive ferments. A tablet after your hearty dinner transforms into what would otherwise do harm. Kaskola relieves weak stomachs by building up the whole system. Shuts off the feeders of Rheumatism, exzema, boils, bad blood. Removes the cause of constipation, liver and kidney trouble, gases, biliousness, piles, appendicitis. Don't neglect a coated tongue, yellow teeth and tanned breath. There's something wrong. Kaskola
Will Cure the Worst Case of Dyspepsia.
15 and 50 cents at Drug Stores. Sample and illustrated booklet free by writing
