The Radiant-Home Base Burner

Is the heater for you to buy. No matter how small your salary may be, it is the cheapest stove in the end. The Radiant-Home positively saves one or two tons of coal in five months. This is a great big item to the person working for \$35.00 to \$40.00 a month. It is certainly worth saving to the person working for \$100.00 or more a month. Don't buy a base burner until after you have talked with your friends and neighbors who use a Radiant-Home.

WILL ATTACK COLON

COLOMBIAN GUNBOAT PINZON TO OPEN BOMBARDMENT.

FOREIGN WARSHIPS ARE NOTIFIED.

BREASTWORKS BEING ERECTED IN STREETS OF PANAMA.

All Persons Known to Be Liberals Are Arrested on Sight—Government Anxious That Marines Be Landed from Iowa.

Colon, Colombia, Nov. 24.—The Colombian gunboat General Pinzon arrived in the harbor this morning. The excitement in Colon at once became intense. The Pinzon will not be permitted to land the troops she is carrying. If an attempt is made the liberals will fire on her.

Exchange of Notes Made.
As a result of an exchange of notes between the United States gunboat Machias and the General Pinzon, Ignacio Folia, commanding the Pinzon, which has 600 men on board, has officially notified the American, British and French warships that he intends to bombard Colon at noon tomorrow (Monday), thus giving twenty-four hours notice. The consuls are notifying their respective fellow citizens that refuge may be had the threat to bombard.

To bombard Colon it is absolutely necessary to fire across the railroad tracks and the railroad employees will probably refuse to work. Lieutenant Commander McCrea, of the Machias, is the senior naval officer and he awaits instructions from Washington regarding the threat to bombard.

Breastworks are being erected in streets in Panama. All persons known to be liberals are arrested on sight. The government is very anxious that marines be landed from the United States battleship Iowa but Captain Perry has not complied with this request.

Landing Effected at Chorrera.
The government claims to have effected a landing at Chorrera, routing the enemy and recovering all prisoners previously reported taken with the exception of two. Among the number recovered, according to the government version, is Alcalde, of Taboga.

The liberal version of the incident is that Alcalde was afraid to fight and when captured offered Domingo Diaz, the liberal leader, \$1,000 to release him, which offer was accepted and Alcalde allowed to go.

BISHOP OF SAMOS.
Honors is conferred upon Mgr. Thomas J. Conaty.

Baltimore, Nov. 24.—At the cathedral this morning Mgr. Thomas J. Conaty, rector of the Catholic university at Washington, was consecrated titular bishop of Samos. The services were graced by the presence of an unusually large number of archbishops and bishops.

Among those were Archbishop Williams of Boston; Corrigan of New York; Ryan of Philadelphia; Ireland of St. Paul; Keane of Dubuque; Bishops Spaulding of Peoria; Maes of Covington; Hostmann of Cleveland. The faculty of the Catholic University and leading educators of other colleges were also present.

Cardinal Gibbons was the consecrating prelate. Mass was celebrated by the cardinal. Reverend Thomas J. Shaahan, professor of church history at the university, preached the sermon.

The position of titular bishop of Samos is entirely honorary, the see of Samos, from which the title is derived, having been extinct for many generations.

MARTIN HOGAN DYING.
Irish Patriot Rescued from Van Dieman's Land in 1869.

Chicago, Nov. 24.—Martin Hogan, an Irish patriot who was rescued from Van Dieman's land, Australia, in 1869, by a ship sent out for the purpose, is dying at the county hospital. He is one of the seven men convicted with John Boyle O'Reilly in 1869 of treason against the British government and sentenced to be shot.

The sentence was commuted to life imprisonment and afterwards reduced to twenty years of penal servitude. With O'Reilly he was confined in various English prisons until 1867, when he, with his companions, was banished to Van Dieman's land, the English penal colony in Western Australia from which they were rescued.

ARRESTED FOR MURDER.
Four Oregon Men Charged With Killing James B. Morrow.

Portland, Ore., Nov. 24.—Four men were arrested today on a charge of murdering James B. Morrow, who was found dead on a sidewalk near his home Thursday morning. They are Jack Wade, alias Frank Dawson, Charles Smith and W. M. Martin. At the police station Wade and Dawson accused each other of firing the fatal shot.

TODAY'S WEATHER.
Washington, Nov. 24.—The following is the weather bureau's forecast for Upper Michigan: Rain or snow Monday; colder in northern portion; Tuesday, partly cloudy, probably snow in northern portion; Wednesday, mostly fresh northerly.

MINERS' CAMP IN ASHES.

Reverend of Strikers Abandoned and Tents Seized.

Madisonville, Ky., Nov. 24.—The much talked of camp of the striking miners near Nortonville is a thing of the past. Tonight nothing is left to mark the rendezvous of the miners save an ash heap and camp debris. All of the campers, with the exception of a very few who escaped, are prisoners in the county jail. The four large tents with all their paraphernalia were captured today and brought in with the prisoners.

Madisonville and Hopkinsville troops, with their commanding officers and Judge Hall, Sheriff Hankins and others, went to the camp on a special train. They found only twenty-five or thirty men there and these were arrested on Judge Hall's order, the tents torn down and loaded on cars and brought to this city. There was practically no resistance on the part of the miners, and the arrests were made with little trouble.

TURKEY WILL MAKE DEMANDS.
Wants to Know Cause of Perpetual Interference of Powers.

Vienna, Nov. 24.—Vienna papers assert that Turkey is addressing an arrogant circular note to the powers protesting against the "perpetual interference" in Turkish affairs and demanding to know their intentions regarding Crete.

FORT IS CAPTURED

CAPTAIN LAWTON TAKES FORTIFICATIONS ON BOHOL ISLAND.

WAS SURROUNDED BY PRECIPICES.

SOLDIERS CLIMB UP ALMOST PERPENDICULAR CLIFF.

Attack Is Made in Rear and Enemy Is Taken by Surprise—Insurgents Defend Themselves and Suffer Terrible Losses.

Manila, Nov. 24.—Captain Lawton's company of the Nineteenth infantry attacked and captured the insurgent fort on Bohol Island, south of Cebu, in the Vizayan group. The fort was surrounded on all sides by precipices and the only entrance to higher ground was guarded by a stockade with a line of entrenchments behind it. Captain Lawton sent Sergeant McMahon and twenty men to climb the precipice and attack the fort in the rear.

Sergeant McMahon's party accomplished the task after three hours climbing through the thick undergrowth of brush and vines that covered the almost perpendicular cliff. They took the enemy by surprise and drove them from the fort. As the insurgents escaped they had to pass the remainder of Captain Lawton's company at a distance of 150 yards. Here the enemy suffered terrible losses.

The insurgents defended themselves with both cannon and rifles. The cannon were captured, the smaller ones being removed while the larger ones were buried. Captain Lawton in his report makes special mention of the bravery of Sergeant McMahon and McMahon.

General Chaffee has ordered that in future complete records shall be kept of all natives taking the oath of allegiance to the United States. Duplicates of these records will be signed in English, Spanish and Tagalog.

The local steamer Alerta, with 500 passengers, including some discharged American soldiers, from Olongapo and Bulig Bay to Manila, is believed to have been lost.

LOSSES WERE SERIOUS.

Lord Kitchener Failed to Report Fully in Recent Dispatch.

London, Nov. 24.—This morning's dispatches from South Africa show that the recent fighting near Villiersdorp, in regard to which Lord Kitchener reported nothing beyond the fact that Commandant Buys had been captured after attacking a patrol of railroad pioneers, was really a serious affair. The British losses included Major Fisher killed and three officers wounded. The casualties among the men are not reported.

Ottawa, Ont., Nov. 24.—A cable message was received tonight saying that Canada's offer of 600 mounted infantry for service in South Africa has been accepted by the war office.

HEARD IRISH ENVOYS.

Six Thousand People Listen to Speakers in Chicago.

Chicago, Nov. 24.—Six thousand people listened to the envoys of the Irish league in the Auditorium tonight. It was the anniversary of the death of the Manchester martyrs, Allen, Larkin and O'Leary. The principal oration was by Mr. Redmond. Other members of the party also spoke. United States Senator Mason also made a short address in which he extolled Irish national spirits.

RAYNER REFUSES FEE.

Chief Counsel for Admiral Schley Will Take No Money.

Baltimore, Nov. 24.—It was learned today that Isidor Rayner, chief counsel for Admiral Schley in the recent hearing of the court of inquiry, refused to accept payment for his services. He is a mutual friend of the admiral and Mr. Rayner stated that the admiral recently sent a valuable gold watch to him and a magnificent brooch of diamonds and pearls to Mrs. Rayner.

LAIID ON DYNAMITE.

Unusual Method of Suicide by Former Supreme Court Judge.

Denver, Nov. 24.—News has just reached this city of the suicide of Judge M. A. Rogers, formerly of the supreme court of Colorado and one of the ablest lawyers in the state, at Steamboat Springs, Colo., Wednesday last.

The manner of the suicide was unusual. He laid down on the ground with a stick of dynamite under him and lighting a cigar, fired the fuse from it and calmly smoked until the shock of the explosion ended his life. The act was committed among some willows near Bear River just inside the town limits.

Steamboat Springs is a considerable distance from a railroad and is only accessible by stage, which accounts for the delay in receiving news in Denver. No cause is known for the suicide.

VAN SANT IS DETERMINED.

Governor of Minnesota Will Fight Railroad Combine to the End.

St. Paul, Nov. 24.—Governor Van Sant has determined to fight the Northern Securities company to the end. He has decided to call an extra session of the legislature for the purpose of providing funds for a legal battle, and says should the legislature fail to appropriate the amount asked he will use his own private fortune to carry on the contest.

BODIES ARE FOUND

REMAINS OF OFFICIALS WHO ENTERED BABY MINE RECOVERED.

SIGNS OF STRUGGLE EVIDENT.

DESPERATE ATTEMPTS MADE TO REACH BETTER AIR.

Men Had Advanced Too Far Into White Damp, However, to Escape Alive—Two of the Party Clapsed in Each Other's Arms.

Bluefield, W. Va., Nov. 24.—The dead bodies of the last party of eight mining men, who entered the west mine of the Pocahontas collieries Friday morning, were recovered at noon today. A rescue party of forty persons entered the mine this morning and reached a distance of 3,500 feet when they were forced by white damp to return. They made another attempt from the Tug river entrance, six miles across Flat Top mountain.

After going in 600 feet they found the dead bodies of A. S. Hurst, chief inspector, Bob Odham, sub-inspector, and Frazier G. Bell, mining engineer,uddled together. The bodies of the other five members of the party, Superintendent of Mines Walter O'Malley, Joseph Carwell, superintendent of the Shamokin Coal & Coke Company, R. E. St. Clair, second assistant inspector, State Mine Inspector Price, and Maurice St. Clair, sub-inspector, were found several hundred feet back in the mine, three of the bodies lying some little distance apart.

Bob St. Clair and Joseph Carwell were lying with their arms clasped around each other. The bodies of O'Malley, Maurice St. Clair and Price were discolored and bruised about the face, showing signs of a struggle, it being plain to see they made a desperate attempt at retracing their steps to better air, but they already had advanced too far into the deadly white damp to escape alive.

GRECIAN CABINET RESIGNS.

Damage in Connecticut.
New Haven, Conn., Nov. 24.—The damage done by storm here is estimated at \$300,000.

CRUSHED SKULL WITH CLUB.

Member of Highland, Kas., Council Fatally Wounds Citizen.

Highland, Kas., Nov. 24.—J. F. Ward, a member of the city council, today crushed J. E. Springer's skull with a club, fatally wounding him, after Springer had twice shot at him as the result of an old time family feud. Ward was seriously but not mortally wounded. Springer went to Ward's house with the avowed intention of shooting him. He fired two shots at Ward, one taking effect above the heart and the other in the left shoulder, when Ward fell him with a blow on the head. Springer cannot live.

YANKEE ENTERPRISE EVIDENT.

Life Insurance Company To Erect Fine Building in Paris.

Paris, Nov. 24.—One of the finest sites in Paris has become American property. It is announced that the Equitable Life Insurance company has acquired a plot of ground at the corner of the Boulevard des Capucines and Rue de La Paix, overlooking the Grand Opera House, which they intend to build, introducing the latest American methods of construction.

NO REPLY TO THE BRIGANDS.

Mr. Dickinson Receives No Word in Regard to Ultimatum.

London, Nov. 24.—"Mr. Dickinson has received no reply from the brigands to his ultimatum," says a dispatch from "Sola to the Telegraph." "The brigands threaten to kill Miss Stone unless the full ransom is paid by January first."

STORM IS RAGING

HEAVY NORTHEAST GALE REPORTED FROM NEW YORK.

ROOFS BLOWN FROM BUILDINGS.

SMALL BOATS AND OTHER CRAFT SUFFER.

Windows of Houses Are Blown in and Cellars Are Flooded—East River Tide Rises to Unusual Height—Telegraph Poles Down.

New York, Nov. 24.—A heavy northeast gale has been raging along the coast for twenty hours. In the upper and lower bay the storm blew with great fury, doing considerable damage to docks, small boats and other craft. A small schooner was driven ashore and the wreckage piled upon a railroad track.

The storm did considerable damage in this city. Windows were blown in, a few roofs taken off and cellars flooded. The Western Union Telegraph company reports having suffered most near Stroudsburg, Pa. Sleet broke down the poles. Other lines are down.

In the East river the tide rose to a height not remembered by the "oldest inhabitant." Great damage was done on all the islands.

Railroad Tracks Washed Out.
The roof of the United States Hotel at Long Beach was blown off and the interior of the building ruined by the rain.

At Ashbury Park, N. J., the wind blew seventy miles an hour, causing great damage to the college buildings. The Metropolitan Hotel was unroofed and otherwise damaged. Railroad tracks were washed out so that no trains reached Seabright today and none may for several days. Reports of destruction have come from other points in this vicinity.

The shore from Astoria to Greensport, is strewn with wreckage. At North Branch the damage is estimated at \$20,000.

The crew of the ship Flatback, which went ashore at Monmouth Beach last night was rescued this afternoon by life savers, who got the sailors ashore in a breeches buoy.

The Tribune estimates the damage by the storm on the northern shore of Long Island Sound, from and including the city on the island to the Connecticut line, at \$350,000.

Snow Storm in West Virginia.

Cumberland, Md., Nov. 24.—One of the heaviest snow storms in years is prevailing at Oakland and Terra Alta, W. Va., the summit of the Allegheny mountains.

Damage in Connecticut.

New Haven, Conn., Nov. 24.—The damage done by storm here is estimated at \$300,000.

GRECIAN CABINET RESIGNS.

Rioting Continues in Athens and Cavalry Is Active.

Athens, Nov. 24.—As a result of the defeat of the government against the proposed translations of the gospel, the Greek cabinet has resigned. After an audience with King George, M. Zaimis, the former premier, completed the cabinet as follows:

Premier and minister of foreign affairs, M. Zaimis; interior, M. Triantafyllakos; marine, M. Topalis; public worship, M. Monferrato; finance, M. Negris; war, Colonel Korpas.

There was a renewal of rioting tonight, though not on a large scale, with demonstrations against the retiring cabinet. Residents were stoned. The crowd was dispersed by the cavalry. Armed students continue to occupy the university buildings.

CRUSHED SKULL WITH CLUB.

Member of Highland, Kas., Council Fatally Wounds Citizen.

Highland, Kas., Nov. 24.—J. F. Ward, a member of the city council, today crushed J. E. Springer's skull with a club, fatally wounding him, after Springer had twice shot at him as the result of an old time family feud. Ward was seriously but not mortally wounded. Springer went to Ward's house with the avowed intention of shooting him. He fired two shots at Ward, one taking effect above the heart and the other in the left shoulder, when Ward fell him with a blow on the head. Springer cannot live.

YANKEE ENTERPRISE EVIDENT.

Life Insurance Company To Erect Fine Building in Paris.

Paris, Nov. 24.—One of the finest sites in Paris has become American property. It is announced that the Equitable Life Insurance company has acquired a plot of ground at the corner of the Boulevard des Capucines and Rue de La Paix, overlooking the Grand Opera House, which they intend to build, introducing the latest American methods of construction.

NO REPLY TO THE BRIGANDS.

Mr. Dickinson Receives No Word in Regard to Ultimatum.

London, Nov. 24.—"Mr. Dickinson has received no reply from the brigands to his ultimatum," says a dispatch from "Sola to the Telegraph." "The brigands threaten to kill Miss Stone unless the full ransom is paid by January first."

SORES AND ULCERS.

SUBSCRIPTION RATES: Per month, by carrier, \$3.00. Per year, by mail, \$30.00. MARQUETTE, MICH., NOV. 25.

The governor of Nebraska is evidently of the opinion that the governor of Minnesota is up against nothing more formidable than a hallow'en's spook.

It's dollars to doughnuts that Wm. Jennings Bryan and Governor Van Sant of Minnesota hold precisely the same view of the railroad consolidation effected by J. Pierpont Morgan and his associates.

Seth Low, the mayor-elect of New York, is accused of having misquoted Shakespeare by placing in the mouth of Hamlet the words used by Mercutio in telling his enquiring friends that an injury he had received in a brawl was serious enough to enable him to see his finish.

Chas. A. Blair of Jackson allows that he would like to receive the Republican nomination for attorney general next year. It is understood, he says, that Attorney General Owen will not ask another term, and as other aspirants are announcing that they will be out for the nomination Mr. Blair wants his friends to know that he is available if they desire to have him fill that office.

Another big contract for the construction of steel railway bridges in South Africa has been secured by an American bridge company, against the competition of bridge building concerns of England and the other European countries.

An important transfer of mining property on the Mesaba range in Minnesota is announced in a Duluth dispatch. It has been closed in the east through the Bellion Iron company, the controlling interest in which is held by Albert C. Hubbell and Thomas A. Merritt.

Lower Michigan.

The examination of Henry Wiseman, slayer of Mrs. Huss, was concluded before Justice Snowden in the circuit court room at Pontiac Wednesday morning. The proceedings were very brief.

Hugh Kenney and Frank Doelle were arrested Wednesday night at Manistee on the charge of blackmailing. They wrote a letter to a prominent business man of that city, it is alleged, stating that if he did not deposit \$50 in a box in a certain place they would expose him.

Dr. Welch, who lives over a bank at Homer, heard a smashing of glass at an early hour Wednesday morning and awoke to find his head out of a window. He saw two men standing on guard in the street, while other men were operating with a sledge hammer on the knob of the bank safe inside.

A sensational suit brought by a father against his son, was taken up in the circuit court at St. Joseph this week. The case is one in which Samuel Wolcott, a veteran of Watervliet, wishes to set aside a deed of land made to his son, Elmer Wolcott, some years ago.

William Morris, the twelve-year-old son of William Morris of Fredonia, met with a fatal accident Wednesday morning while on a hunting expedition. He was tramping through the woods, and in crossing a ditch on a log stumbled and fell.

James Moore, the trusty who escaped from the fire hole at the Ionia reformatory Nov. 12, was returned Wednesday morning by Sheriff Bellows, of Stanton. After his escape Moore tramped to a place near Howard City, where he entered a farm-house and crawled under a bed, where he was discovered by the aged owner of the house and compelled to march into town.

About two weeks ago two women who gave their names as Mrs. Rose Cox and Mrs. Grace arrived at Muskegon and rented a shanty. Mrs. Cox visited a local merchant and made a payment on some purchases. It is alleged that she had just shipped some goods to Milwaukee. The authorities placed Mrs. Grant under arrest. The woman confessed that she and her partner are professional shoplifters, and sent their plunder to Chicago and Milwaukee.

An experiment in educational work is being tried by the farmers of a Boston township, Iowa county. Some time ago a number of them organized an association for the purpose of holding a select school during the present fall and winter. A grange hall was secured and a teacher hired. Tuition was placed at a nominal sum per week or term and at the end of the school year, if more money has been secured than is required to meet the running expenses of the school, it will be refunded to the pupils.

GERMAN HOSTILITY TO ENGLAND.

English journals are much taken up at present with discussion of the outbreak of Anglophobia in Germany precipitated by Chamberlain's untaut allusion to barbarities practiced by the German troops in France during the Franco-Prussian war, when he was defending, recently, the methods adopted by his government for bringing the resistance of the Boers to a speedy close.

Nor are the British papers failing to do their share toward further exasperating the Germans. The government journals are citing from the history of the war between France and Prussia in support of Chamberlain's fling at the German army's excesses in that conflict, holding that since he told but the truth what he said should not provoke resentment.

Chas. A. Blair of Jackson allows that he would like to receive the Republican nomination for attorney general next year. It is understood, he says, that Attorney General Owen will not ask another term, and as other aspirants are announcing that they will be out for the nomination Mr. Blair wants his friends to know that he is available if they desire to have him fill that office.

Another big contract for the construction of steel railway bridges in South Africa has been secured by an American bridge company, against the competition of bridge building concerns of England and the other European countries.

An important transfer of mining property on the Mesaba range in Minnesota is announced in a Duluth dispatch. It has been closed in the east through the Bellion Iron company, the controlling interest in which is held by Albert C. Hubbell and Thomas A. Merritt.

The Small of the Back. That is where some people feel weak all the time. They are likely to be despondent and it is not unusual to find them borrowing trouble as if they hadn't enough already.

FOR HOARSENESS. Benj. Ingerson, of Hutton, Ind., says he had not spoken a word above a whisper for months, and one bottle of Foley's Honey and Tar restored his voice. Be sure you get Foley's. The People's Drug Store.

SPECIAL EXCURSION RATES. To Lower Michigan for Thanksgiving Day, Nov. 28, 1901. For Thanksgiving Day the D. S. S. & A. railway will sell tickets to all points in Lower Michigan in Michigan City at greatly reduced rates.

MARQUETTE COMMON COUNCIL PROCEEDINGS.

Marquette, Mich., November 18th, 1901. An adjourned regular session of the common council was called to order by the mayor, the Hon. John D. Mangum.

The official bond of Zepher Messier, poundmaster, surety, John Marlowe, \$100, was presented, and on motion of Alderman Siegel accepted and approved.

On motion of Alderman Bush, said report was adopted. On motion of Alderman Donovan, the following was unanimously adopted:

Resolved, That the warrant and time for the collection of special assessment roll No. 27, for a sewer in Fisher street, be extended sixty days from November 15th, 1901.

On motion of Alderman Bush, the matter of requesting the D. S. S. & A. R. Y. to take up their tracks across Front street, between Main and Spring streets, was referred to the committee on railroads and public conveniences.

On motion of Alderman Ball, the matter of securing a pest house was referred to the committee on public health with power to act.

On motion of Alderman Ball, the controller was authorized to place the necessary insurance on the crusher plant.

On motion of Alderman Ball, supported and carried, that the mayor appoint a committee of business men of the city, the mayor to be a member ex-officio of said committee, to take the proper steps to get said petition to congress.

On motion of Alderman Ball, the committee on railroads and public conveniences was instructed to take action requiring the Marquette City & Presque Isle Railway to remove snow from Spruce street and other streets where deemed necessary.

Copper Country Department

SPORTS WERE DISAPPOINTED.

King-Stoll Wrestling Match Called Off at Last Minute.

Never was there a more disappointed crowd of sports than those who gathered at the Houghton Armory Saturday night to witness the much advertised wrestling match between Ed. Stoll, of Calumet, and "Jack" King, of Houghton.

The whole cause of the trouble was that the money supposed to have been put up was not in sight and Stoll, being aware of this fact, refused to go on and informed those present of his intention.

Those present had been worked up to a high pitch of enthusiasm, and to say that they were disgusted and heartily "sore" of the whole business, when it was announced that the match was off, would be putting it very mildly indeed.

The crowd swarmed down to the lobby of the Armory where there was considerable trouble in straightening out the accounts.

Stoll quickly left the hall with his manager and King and his party soon followed suit. Stoll certainly was in the pink of condition and undoubtedly would have given a first rate account of himself.

Previous to the time when the two wrestlers were to have stepped on the mat a three-round bout was pulled off between a light-weight named Lafornier, of Lake Linden, and "Bull" Huggins, a young negro who is a well-known character in Houghton.

Reverend Father Faust, in charge of the Indian mission at Assinins near Baraga, was in Houghton Saturday calling on Reverend Father Rezek of the St. Ignace church.

LAKE LINDEN SEWER WORK. All the construction work that will be done on the new sewerage system at Lake Linden has ceased for the season.

Next spring the work on the system will be resumed and it will take but a few weeks to complete it.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces.

Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system.

MERCHANTS UP IN ARMS.

Copperdom Business Men Have Been Systematically Swindled.

William Sleeman, the man who has been charged with swindling the merchants of different copper country towns for several weeks past, was seen in Hancock Saturday, but whether he tried to "work" any of the business men could not be learned yesterday.

Sleeman's alleged methods of working are not new by any means but rather the reverse. It is said he goes into a store to make a purchase on the monthly installment plan and before he leaves signs a contract with the merchant, agreeing to pay so much a month for what he gets and walks out with his prize.

MINING MEN ORGANIZE. Society Is Formed With Membership of Thirty-Five.

An organization of stamp mill superintendents and mining men of the county was effected at a meeting held at the Houghton fire hall Saturday afternoon.

The members are to hold regular meetings, at which minutes are on up-to-date and important subjects pertaining to mills will be read and followed by a general discussion.

WILL REQUEST CONTRIBUTIONS. Effort to Be Made to Replace Huron Town Fire Apparatus.

President Caspar Brand, of the Upper Peninsula Firemen's association, informed The Mining Journal yesterday that he would send out requests this week to the various fire departments that they contribute to the fund to aid the Hurontown fire company in replacing its fire fighting apparatus recently destroyed by the burning of the engine house.

WILL ACT AS SOLICITOR. When The Mining Journal stated that S. J. Beahan of Houghton had received the appointment of commercial agent for the Copper Range road and would look after the company's general freight and passenger business in the county it did not mean to infer that Mr. Beahan was to act in the capacity of general passenger and freight agent.

DESERTED HIS WIFE. A story of desertion comes from Lake Linden, which is provoking much indignation, but at the same time much sympathy for the wife.

Anthony Girard, a well-known citizen of Baraga, had a painful but successful operation performed at the Hancock hospital Saturday. Mr. Girard was suffering from gangrene of the leg and the member was amputated at the knee.

NOTES OF COPPER MINING NEWS. Directors of Osceola Consolidated Mining company have declared a regular semi-annual dividend of \$3.

But two deer have been shipped out of Hancock this year. The express companies' offices in copperdom are not doing a very rushing business in that respect owing to the change in the law which prohibits a hunter selling venison.

ADOLPH BLUNER, Grand Mound, Ia., writes: "I have used Foley's Honey and Tar in my family and think it is the best cough cure on the market. I would not be without it in my home, as there is nothing so good for coughs and colds. The People's Drug Store."

PLAYED A TIE GAME. Lake Linden and Calumet Football Teams Unable to Score.

The Lake Linden and Calumet football teams played their second game of the season at Lake Linden Saturday afternoon. It resulted in a victory for neither side as the score was a tie—0 to 0. It was a pretty match, strongly contested by each eleven.

The Hancock Y. M. C. A. basketball team, comprised of students of the Michigan College of Mines, went to Calumet Saturday night to meet the Calumet association team. A very interesting game was the result, in which the visitors were the winners by a score of 22 to 15.

The lawyers' bowling team defeated the dentists in a match at Miller's alleys, Calumet, Saturday night. A contest between the business men's team and the lawyers is scheduled for tomorrow night.

A large delegation of copper country football enthusiasts will go to Chicago Wednesday to see the big games to be played there Thursday afternoon. Most of them will take the night train to Chicago but the Wisconsin-Chicago game will also draw a number of patrons from this region.

When it was learned here that the Ishpeming High school team was to play the Oshtemo High at Ishpeming Saturday afternoon it was thought the Wisconsin boys would win, but now that Ishpeming has so completely vanquished the Oshtemo team the Hematite players are entitled to full credit. They defeated a team that up to a few weeks ago was acknowledged as the best high school team in Wisconsin.

ELKS MINSTREL SHOW. The committee of Hancock Elks to look after the Hancock and Houghton to be given at the Calumet theatre Thursday evening, Nov. 28, by the ladies of Calumet for the benefit of the Calumet and Hancock Elks, will assure the promoters of the entertainment a large number of people from the Portage Lake towns.

A pleasant feature of the school life of the Calumet High school students is the school orchestra. The organization now has nine members, selected from the several grades for their musical abilities, and is getting to be very proficient.

HIGH SCHOOL ORCHESTRA.

The electric light company at the Soo has discovered that a citizen's west side has been illuminating his house from cellar to garret at nominal cost. The official became suspicious, and an examination revealed the fact that the man had tapped the wires on the outside of his meter, thus preventing the machine from registering the voltage of almost all the lights.

LAST TRIP OF SEASON. The steamer Jay Gould of the L. M. & L. Lake Saturday made its last trip to Lake Superior points this season.

A regular meeting of Houghton lodge, F. & A. M., will be held this evening. An election of officers will take place and every member is requested to be present.

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the Doe Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

A lecture on the subject of liquid air will be given in the Calumet theatre tonight.

Hereafter the Mineral Range train which usually left Hancock Sunday evenings at 7:20 for Calumet will leave at 10 p. m.

The Board of Trade cafe in Houghton has improved service to offer its patrons now, owing to the addition of the experienced chef.

The Swedenborg school, which has been closed for two weeks on account of the prevalence of small-pox in that vicinity, will resume this morning.

Commencing yesterday the Sunday train leaving Lake Linden over the Hancock road for Calumet via the Tamarack-Osceola mills was discontinued. The train will leave daily on schedule time with the exception of Sundays.

Anthony Girard, a well-known citizen of Baraga, had a painful but successful operation performed at the Hancock hospital Saturday. Mr. Girard was suffering from gangrene of the leg and the member was amputated at the knee.

But two deer have been shipped out of Hancock this year. The express companies' offices in copperdom are not doing a very rushing business in that respect owing to the change in the law which prohibits a hunter selling venison.

The card party given by the young ladies of the Luch club, of Houghton, at the Hartmann hall Saturday night was a positive prevention of bad social and financially. Over \$100 was realized. The amount will be divided between the Good Will Farm and the Hancock hospital.

Today take Foley's Honey and Tar. Its positive prevention of pneumonia, or other serious results from colds. It may be too late tomorrow. The People's Drug Store.

Upper Peninsula.

A seven-foot cement walk is being constructed at the Soo the full length of the canal park.

The fine barn of Farmer Alex Stewart of Genoa has been destroyed by fire, together with its contents.

About 800 licenses have been issued in Chippewa county this season to deer hunters. This breaks all previous records by 200.

The cells and lodging rooms at the Soo jail are crowded to their capacity these days. Shelter was given to nearly fifty men the other night.

Joseph Detzloff, the Menominee man found guilty of murdering his wife and child, has been sentenced to the Marquette penitentiary for life.

Killed by a falling log was the fate of John Vandiver, aged eighteen years. He was employed at a camp near Channing, where the fatality occurred.

The work of constructing the power canal at the Soo will be continued all winter, although a reduced force of men will be employed. The decision means considerable work for the city.

Good work has been done by the revenue cutter service in patrolling St. Mary's river this season. In consequence, there has not been one serious blockade and very few fines have been imposed.

Stephen Nicolas, a member of the Grand Army post of Iron Mountain, is dead at Chilton, Wis. He was familiarly known as one of Wisconsin's foremost scouts and was a prominent figure of the war.

William Maher, a Northwestern car repairer stationed at Watersmeet, killed a deer Sunday night. He was riding on a railroad velocipede when he saw the animal alongside the track and put an end to its career.

James Griggs of Iron Mountain had a narrow escape from a serious injury by a wounded deer the other day. The animal attacked the hunter, catching him on its antlers, and the timely arrival of other members of the party was all that saved Griggs.

Seven Escanaba men—William Rogers, Otto Traube, William Robinson, Charles Dady, J. J. Cooney and John Tolan and son James—have returned from a hunting expedition in the woods near Swanzy, Marquette county. Each member of the party got his full quota of deer, making a killing of twenty-one in all.

The last log has been sawed at the Spaulding company's big mill at the mouth of the Menominee river, the plant having closed down permanently on Tuesday last. Since the company began its career many years ago, it had purchased over 100,000 acres of land and every foot of pine on this vast acreage has been cut, floated down the river and sawed at the old and present mill. The last log cut was ornamented with flags and the mill was also decorated.

The electric light company at the Soo has discovered that a citizen's west side has been illuminating his house from cellar to garret at nominal cost. The official became suspicious, and an examination revealed the fact that the man had tapped the wires on the outside of his meter, thus preventing the machine from registering the voltage of almost all the lights.

Former Congressman Stephenson, who has dropped politics for agriculture, this year harvested over six thousand bushels of potatoes on his several farms in this county, one of which is the largest in the state. In this connection it has leaked out that Mr. Stephenson has been exceedingly generous with his crop of tubers, and that many a poor Menominee family has received a donation of a winter's supply, the source of which in many cases is a mystery.

Joseph Detloff, the Pole who so brutally butchered his wife in Stephenson, has been found guilty of murder in the first degree in the circuit court at Menominee. When the details of the horrible crime were brought before the court, Judge Detloff showed no signs of emotion and frequently smiled. When his thirteen-year-old son went to see him in the jail Detloff told him that if he had succeeded in getting into the house the night of the murder he would have killed the whole family.

Superintendent of Public Instruction Fall has held up the primary school money for Mackinac county pending the correction of irregularities in the school census for the current year on which the apportionment is based. The census shows that the same children are duplicated in the returns from Mackinac Island, Bois Blanc and St. Ignace, and also that the census includes the names of children of summer resorters and of soldiers who were formerly stationed at the fort, but who are now in Texas. Superintendent Fall has directed that a new census be taken in each of the places named.

The Menominee city council has granted a franchise to the Green Bay & Lake Michigan Telephone Company. This is the new concern, who has been soliciting subscribers in Marinette and Menominee. The franchise is for twenty-one years and the company must begin the construction of its plant within six months after the granting of the franchise and have the system completed within a year after starting the work.

Former Governor Scofield and A. E. Hutchinson, of Weyauwega, are the men whose names are given in connection with the enterprise. The promoters claim that they will have 500 subscribers in Menominee and nearly that many in Marinette, and they say that they will have a line from Escanaba to Milwaukee also.

The prosecution of all merchants of whatever trade who open their doors for trade on the Sabbath is threatened at the Soo. The Trades and Labor council, which sometime ago effected a stringent boycott of outside manufacturers of cigars with the result that the dealers of the city are now almost exclusively patronizing the home makers, is at the head of the new movement. The plan has as its object the closing of all local business houses on Sunday with a view to improving the conditions of the salespeople. As the first step in the campaign the trades council will notify all merchants and dealers who are alleged to have violated the law that they must forthwith stop the practice.

We Invite the Attention

of the public to our new and greatly improved restaurant service.

BOARD OF TRADE CAFE, HOUGHTON, MICH.

CITIZENS' NATIONAL BANK OF HOUGHTON

has opened its doors to transact a general banking business. DOMESTIC AND FOREIGN EXCHANGE. OFFICERS: R. C. Pryor, President; C. H. Hall, Vice-President; C. H. Moss, Cashier; W. R. Tompson, Asst.-Cashier. DIRECTORS: R. C. Pryor, C. H. Hall, C. H. Moss, B. F. Chyroweth, J. H. Jasberg, W. A. Burnham, Frank Haun, A. F. McDonald, George W. Quirk.

Should the ultimatum be ignored, then prosecution is to follow. The movement has influential sympathy.

The majesty of the law has been trampled under foot by the condottier of a St. Paul train, and as a result a quiet laugh is going the rounds at Iron Mountain at the expense of two county officials. Sheriff James Cudlip and his cousin, Coroner James Cudlip, who is also clerk of the city of Iron Mountain, were called to Channing by a fatality at a lumber camp, and in leaving that place in the afternoon they boarded a freight. When about a mile out the conductor put in an appearance in the caboose and demanded the permit which the rules of the road call for.

This important document, however, the officials were minus, whereupon the conductor served notice they could not ride upon his train. The fact of their county positions made no difference, he informed them, and accordingly the freight was backed up to the station and the travelers were ousted, despite their arguments. The two officials returned home on the evening passenger.

A novel episode in which a cow was the central figure has been enacted at Stephenson. A. F. Carlson owns a cow which until a few days ago was thought to possess the sole utility of furnishing the family with milk, but which has now been demonstrated to have acrobatic qualities as well. Seeing the barn door open the other afternoon, the animal entered and proceeded to explore the interior of the building. Leading to the loft above are narrow stairs so steep and winding that it is difficult for a person to ascend. However the cow started up the flight and in some mysterious manner squeezed, and turned, and twisted until finally the life was reached and the bovine proceeded to feed to its heart's content. The cow later was missed and the searching party was about to give up the task of locating the animal when a noise in the loft led to the discovery of the bovine calmly chewing its cud. It was impossible to get the animal down as it had entered and Mr. Carlson was in a quandary as to how to solve the problem when the idea of a toboggan slide was suggested.

Accident and injury Detloff showed no signs of emotion and frequently smiled. When his thirteen-year-old son went to see him in the jail Detloff told him that if he had succeeded in getting into the house the night of the murder he would have killed the whole family.

Superintendent of Public Instruction Fall has held up the primary school money for Mackinac county pending the correction of irregularities in the school census for the current year on which the apportionment is based. WILLIAMS' PILE OINTMENT, STAFFORD DRUG CO., Marquette, Mich.

YALE IS DEFEATED

HARVARD TEAM VANQUISHES ITS OLD TIME FOE.

FINAL SCORE IS 22 AND 0.

SONS OF ELLI ARE DESPONDENT OVER THE RESULT.

Game Was Cleanly Played and Not One Instance of Slugging or Unnecessary Roughness Was Visible.

Cambridge, Nov. 24.—A vengeance never sweeter than a victory more decisive than came to Harvard yesterday afternoon when her eleven defeated Yale by a score of 22 to 0. Three touchdowns, two of which were converted into goals, and a goal of brilliant execution from the field, were Harvard's portion. For Yale there was nothing but a whitewash.

The Harvard men required about five minutes to start their superb football machinery. After that Yale never was in the playing. In the scrimmage tactics, line plunging, hurdling, skirting, punting and drop kicking, the Yale men were completely outclassed. The Harvard players also gave a remarkable demonstration of uniform play. As a result the colors of the crimson waved in delicious joy during the great portion of the two hours occupied by the contest.

Many Spectators Present.

There were 36,000 spectators, a greater number than ever before gathered at a football game, who watched the Yale team. Three-quarters of the enormous crowd cheered Harvard, while 9,000 sympathizers tried to encourage the overwhelmed wearers of the blue. Harvard presented a team the personnel of which was unchanged from start to finish. The players were almost as full of dash when the whistle sounded for the last as they were when it sounded for the opening kickoff. Yale, on the other hand, required sixteen men to meet the onslaught of the Harvard plungers.

Panic came to Yale, and sympathy went out to Yale from the Harvard thousands when the crack quarterback Desaulles, as the result of a flying tackle which prevented another Harvard score was hurt. A blow on the head rendered him unconscious. Later it became necessary to remove him from the field on a stretcher. As the game progressed Westmouth, Chadwick, Hamann and Gould were compelled to retire in favor of substitutes.

The game was as cleanly played as any ever witnessed on this field. Not one instance of slugging or unnecessary roughness was visible. Harvard scored seventeen points in the first half. In the second half Harvard resorted more often to punting.

Played Better in Second Half.

Yale played much better to start in the second half and Harvard was satisfied with a touchdown failing, however, to kick goal, after five minutes of the game, had possession of the ball the greater portion of the time. Her goal line was really never in danger. Once in the first half Yale landed the ball on Harvard's twenty-yard line, where Harvard forced Desaulles to try for goal from the field. He failed. In the second half Yale, by the fiercest play, reached the nine-yard line only to lose the ball on downs.

Harvard's weightier line and faster back field worked out a touchdown in the second half. The cuts could not make goal against the wind. The general feeling of the Harvard coaches and players was one of surprise at Yale's weakness and satisfaction at Harvard's strong offense.

The Yale team was very despondent and took the defeat badly. There were many who limped badly. Desaulles was the worst injured, being kicked on the head. It was thought at first that he had a concussion of the brain.

The Harvard students, after a celebration on the field, marched through the square around the college yard, cheering and singing. Red fire bombs on every side and fireworks were set off. Finally most of the men started for Boston to finish the demonstration.

Michigan; 89; Beloit, 0.

Ann Arbor, Nov. 24.—Michigan, 89; Beloit, 0, thus was yesterday's game. The strong team of Beloit was unable to do anything against the Ann Arbor men. Only once, near the end of the game, did the visitors gain their five yards. On account of a heavy, wet field, the end runs were made. The most of Michigan's touchdowns were made through line bucking. Twice in the second half Herrstein of Michigan, caught the ball on the kickoff and made splendid runs the length of the field for touchdowns.

The game ended with almost the entire new line-up for Michigan in service, in order that substitutes might have a chance. They played just as well as the regular men.

Minnesota, 16; Northwestern, 0.

Chicago, Nov. 24.—Minnesota, 16; Northwestern, 0, is the result of the football contest yesterday, chiefly notable for the never-to-say-die spirit of the vanquished. Minnesota's goal was never in danger during the play, except for a few minutes while they were working punts back, being all in Northwestern's territory. There was little punting, and scarcely any fumbling. Minnesota played her usual plunging game, and gained consistently, while her opponents were never able to hold the ball long.

Four times during the game Minnesota had the ball within five or ten yards of the goal line, when Northwestern held, and succeeded in getting the ball, temporarily averting disaster. The last ten minutes of the game was played in the dark.

Cornell, 68; Vermont, 0.

Ithaca, Nov. 24.—Cornell vanquished Vermont yesterday by a score of 68 to 0. It was a game in which the formations were splendid. Meritt determined the victors. Cornell had but three of her four regular men in the line, but the substitutes pulled together admirably and literally ran the opponents off their feet. With the exception of three or four minutes in the first half, the ball remained in Cornell's possession throughout the game. The Ithacans were not held for downs during the contest.

Kansas, 12; Texas, 0.

Lawrence, Mo., Nov. 24.—Kansas University, 12; Texas University, 0. Kansas won an uphill game after hard, straight playing. No score was made in the first half, in which Texas was excellent in punting, and in which the ball was on the Texas thirteen-yard line once. The score in the second half was made after nearly twenty minutes of play.

ONE OF OWN RACE

LOUISIANA-BLACKS HANG NEGRO MURDERER.

TAKEN FROM WHITE OFFICER.

KILLING OVER DEBT OF THIRTY CENTS.

Lynching of Unknown Negro Is Reported from South Carolina—Nevada Men Arrested for Stringing Up a Black.

Shreveport, La., Nov. 24.—Particulars of a sensational murder and lynching have just reached this city from the Herndon plantation, eight miles below Shreveport. The most curious feature of the affair is that the man who did the lynching are negroes and they strung up one of their own race and took him from a white officer for that purpose.

Frank Thomas, a negro, shot and killed a fourteen-year-old negro boy named Wilburn over a debt of thirty cents. This morning Deputy Sheriff Holmes arrested Thomas and was proceeding toward Shreveport with his prisoner when a mob of 200 negroes and five or six white men took possession of Thomas and promptly strung him up.

Bloodhounds Are Used.

Columbia, S. C., Nov. 24.—Late tonight word was received of the lynching in Anderson county today of an unknown negro. Yesterday afternoon the man went to the house of Mrs. Perry Craft and asked for something to eat. When she turned to get his some food the negro shot her through the back, inflicting a fatal wound. He fled but was pursued by hundreds of men with bloodhounds and was captured and lynched.

Tried to Get Confession.

Modena, Utah, Nov. 24.—Seventeen modern citizens of Fay, Nev., have been indicted for participating in the "stringing up" of George Ellis, colored, in an effort to make him confess numerous thefts. All are in jail except Superintendent Gayford of the Horse Shoe Mining company, Postmaster DeFreize and H. H. Cooper, who were released on bonds.

TRANSFER OF STOCK.

Details of Scheme for Control of Northwestern Railroads.

New York, Nov. 23.—James J. Hill, president of the Northern Securities company, has issued the following circular to the stockholders of the Great Northern Railway company:

"The Northern Securities company, incorporated under the laws of New Jersey with an authorized capital stock of \$40,000,000 and with power to invest in and hold the securities of other companies, has commenced business and has acquired from several large holders of stock of the Great Northern Railway company a considerable amount of that stock. A uniform price has been paid of \$180 per share in the fully-paid stock of this company at par. This company is ready to purchase additional shares of the same stock at the same price, payable in the same manner, and will accept offers made on that basis if made within the next sixty days. Offers for stock of the Great Northern Railway company should be made upon the enclosed form and should be accompanied by the certificates of stock offered with transfers duly executed, having United States stamps for transfer of stocks of 2 cents per share affixed. Upon receipt of any such offer assistance in the Northern Securities company will deliver to the sellers of stock of the Great Northern Railway certificates of its own stock, to the amount of the purchase price above named, or if such certificates are not then ready for delivery its negotiable fractional parts of shares scrip certificates convertible into stock in multiples of \$100 will be given."

Susan—The pimples, sores and blackheads are dangerous signals. Take Rocky Mountain Tea, you'll give a farewell reception to your troubles. 35c. Stafford Drug Co.

TOOK DOSE OF MORPHINE.

Eugene C. Chandler Dies in Hospital at Cleveland.

Cleveland, O., Nov. 14.—Eugene C. Chandler died at the Huron Street hospital today of morphine poisoning. Whether it was a case of suicide or not the police are not ready to determine. Chandler was until recently engaged in an eastern manufacturing concern in Minneapolis.

BIG CATHOLIC CONVENTION.

Philadelphia, Nov. 24.—The American Federation of Catholic societies will open at Cincinnati Dec. 10. It is regarded as a history-making event for the church in America. Every Catholic organization in the country has notified the national officials of their intention to participate in the convention.

HITCHCOCK'S ANNUAL REPORT.

Washington, Nov. 24.—The annual report of Secretary Hitchcock was made public today. It endorses the conclusion submitted by Commissioner of Indian Affairs regarding the present Indian situation. The report also discusses the affairs of the various bureaus already made public.

SUICIDES AT HOTEL.

Hamilton, O., Nov. 24.—A stranger registered at the St. Charles Hotel at George Hastings of Chicago was found dead in his room, having succeeded by placing the end of a tube connected with an open gas jet in his mouth. All possible marks of identification on his clothing were destroyed.

TREASON IS CHARGED.

London, Nov. 25.—Colonel Arthur Lynch, the newly elected member of parliament for Galway, has been informed if he comes to England he will be tried forthwith for treason.

CLEVELAND IS BETTER.

Princeton, Nov. 24.—The condition of ex-President Cleveland, who is suffering with a cold, is very much improved.

WALL STREET STOCKS.

Speculative Activity Was Very Great in Saturday's Market.

CHILE STEAMER LAUNCHED.

Big Iron Craft Slides Down Ways at Valparaiso.

FUND IS INCREASING.

Fraternal Societies Contribute Toward McKinley Memorial.

INDIANAPOLIS, Nov. 24.—Scottish Rite Masons of Indiana have contributed \$500 to the Indiana McKinley Memorial fund. The grand lodge of Old Fellows has voted to contribute \$500 and the Knights of Pythias and the state G. A. R. also will contribute.

FAMILY OF BURGLARS.

Prominent Pittsburg People Arrested for Robbing Stores.

Pittsburg, Kas., Nov. 24.—George Lane and family, consisting of his wife, a fourteen-year-old daughter and an adopted son, eighteen years old, have been arrested and lodged in prison here charged with being leaders of a gang that has been systematically robbing mercantile stores in the past year. Lane and his wife are prominent in society and church work. They have a beautiful home on West Fourth street, where nearly \$10,000 worth of the stolen goods was found.

According to the police the method by which they have rolled nearly every big store in Pittsburg in the past year and successfully baffled the police was carefully planned. The boy would conceal himself in the store and be locked in when the store was closed and then in the night he would open the rear door, after which the robbery was easy. The arrest was caused by the boy being captured in a store and confessing.

Lane is a contracting builder by trade and has always been considered a respectable citizen. It is said that several accomplices in neighboring cities have been selling stolen goods for the Lanes.

OBJECTIONS TO MANIKIN.

Scheme of Prosecution in Bonine Murder Trial Protested.

Chicago, Nov. 24.—A protest is being prepared in Chicago against the introduction of a manikin in the trial of Washington of Mrs. Bonine, charged with the murder of Census Clerk Ayres. It is denounced as a revival of medieval barbarism.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, Nov. 24.—Wheat was quiet most of the session yesterday, the trade being of moderate volume and the fluctuations narrow. The feeling was rather firm and the close about 1 1/2c higher. The action of coarse grains was something of a bull help; also the better cables. Local shorts were fair buyers. The early selling was a commission house principally from floor traders. At Liverpool spot was steady to 1/4c higher. The exports were 263,000 bushels and twenty-four boatloads were reported taken for shipment. The local receipts were fifty-three cars.

The corn trade was good, with better feeling toward the Southwest and prominent locals leading in the buying. Around 6 1/2c for May there was considerable for sale, but the close showed a 1/2c gain. Soft weather, which was against the movement, light receipts and firm cables were the principal bull influences. At Liverpool spot was up 1/4c to 1/2c, with the futures 1/2c higher. The receipts were 146 cars.

Oats ruled extremely active and excited. Prices advanced irregularly at 1 1/2c for December and one for May and July, and closed at the highest price on the crop. The feature was a rush to buy by members of shorts and assisted in bidding it up so that at one time the sales were at the same price as May against a discount of 3/4c for Friday. At the close it was 1/4c discount.

The leading futures ranged as follows: December wheat opened at 75 1/2; highest, 72 1/2; lowest, 72 1/2; closed, 72 1/2. December corn opened at 60 1/2; highest, 61 1/2; lowest, 60 1/2; closed, 61 1/2. December oats opened at 41; highest, 42 1/2; lowest, 41; closed, 42 1/2.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

FUND IS INCREASING.

Fraternal Societies Contribute Toward McKinley Memorial.

INDIANAPOLIS, Nov. 24.—Scottish Rite Masons of Indiana have contributed \$500 to the Indiana McKinley Memorial fund. The grand lodge of Old Fellows has voted to contribute \$500 and the Knights of Pythias and the state G. A. R. also will contribute.

FAMILY OF BURGLARS.

Prominent Pittsburg People Arrested for Robbing Stores.

Pittsburg, Kas., Nov. 24.—George Lane and family, consisting of his wife, a fourteen-year-old daughter and an adopted son, eighteen years old, have been arrested and lodged in prison here charged with being leaders of a gang that has been systematically robbing mercantile stores in the past year. Lane and his wife are prominent in society and church work. They have a beautiful home on West Fourth street, where nearly \$10,000 worth of the stolen goods was found.

According to the police the method by which they have rolled nearly every big store in Pittsburg in the past year and successfully baffled the police was carefully planned. The boy would conceal himself in the store and be locked in when the store was closed and then in the night he would open the rear door, after which the robbery was easy. The arrest was caused by the boy being captured in a store and confessing.

Lane is a contracting builder by trade and has always been considered a respectable citizen. It is said that several accomplices in neighboring cities have been selling stolen goods for the Lanes.

OBJECTIONS TO MANIKIN.

Scheme of Prosecution in Bonine Murder Trial Protested.

Chicago, Nov. 24.—A protest is being prepared in Chicago against the introduction of a manikin in the trial of Washington of Mrs. Bonine, charged with the murder of Census Clerk Ayres. It is denounced as a revival of medieval barbarism.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, Nov. 24.—Wheat was quiet most of the session yesterday, the trade being of moderate volume and the fluctuations narrow. The feeling was rather firm and the close about 1 1/2c higher. The action of coarse grains was something of a bull help; also the better cables. Local shorts were fair buyers. The early selling was a commission house principally from floor traders. At Liverpool spot was steady to 1/4c higher. The exports were 263,000 bushels and twenty-four boatloads were reported taken for shipment. The local receipts were fifty-three cars.

The corn trade was good, with better feeling toward the Southwest and prominent locals leading in the buying. Around 6 1/2c for May there was considerable for sale, but the close showed a 1/2c gain. Soft weather, which was against the movement, light receipts and firm cables were the principal bull influences. At Liverpool spot was up 1/4c to 1/2c, with the futures 1/2c higher. The receipts were 146 cars.

Oats ruled extremely active and excited. Prices advanced irregularly at 1 1/2c for December and one for May and July, and closed at the highest price on the crop. The feature was a rush to buy by members of shorts and assisted in bidding it up so that at one time the sales were at the same price as May against a discount of 3/4c for Friday. At the close it was 1/4c discount.

The leading futures ranged as follows: December wheat opened at 75 1/2; highest, 72 1/2; lowest, 72 1/2; closed, 72 1/2. December corn opened at 60 1/2; highest, 61 1/2; lowest, 60 1/2; closed, 61 1/2. December oats opened at 41; highest, 42 1/2; lowest, 41; closed, 42 1/2.

If you trade at this store you will feel grateful, for satisfactory clothes at satisfactory prices are always a cause for Thanksgiving.

S. JOHNSON & CO.

Ishpeeming and its Environs.

(Additional Ishpeeming on Page Seven.)

OSHKOSH WENT DOWN.

Wisconsin's Strongest High School Team Defeated by Ishpeeming Saturday.

Ishpeeming, 35.
Oshkosh, 0.

Touchdowns—Johnson 2, Gill 1, Peterson 1, Bell 1, and Nelson 1.

"The strongest high school teams of Wisconsin are not in the same class with Ishpeeming," is what the manager of the visiting eleven said to The Mining Journal representative at the conclusion of Saturday's contest. He further stated that Oshkosh has the strongest eleven in the Badger state, but he admitted that though his team is much heavier than the Ishpeeming team it is outclassed by the local eleven.

The manager said he was agreeably surprised at the treatment his players received at the hands of Ishpeeming people. "To tell the truth," said he, "we were a little afraid to come here. We had heard so much about the unfair treatment teams receive in Ishpeeming that the boys really thought they would be justified in carrying guns for their protection while in the city." The Oshkosh boys had heard from Escanaba and it is said that they were advised to stay away from the Hemetite city if they did not want to get into serious trouble.

Speaking of the game the manager said it was the cleanest he had seen this season. He and the members of his team went home loud in praise of the treatment accorded them here. On the field the crowd was just as orderly as it was when the Escanaba team played here, but the attendance was not as large.

How the Game Was Played.

At 1:55 the Ishpeeming team came on the field, followed a minute later by the Oshkosh eleven. Both teams indulged in a few minutes signal practice, when the game was called.

Captain Peterson won the toss, and chose the east goal, giving Oshkosh the ball. Otto kicked to Ishpeeming's thirty-yard line but Gill returned the ball ten yards. Revolving mass on right gave Ishpeeming ten yards, Bell taking the ball; revolving mass on left netted Ishpeeming five yards; the same play on left one yard again. Peterson made two yards through Oshkosh's right tackle, followed by Johnson for two; Bell made two through center, Nelson two through right tackle, Gill four on left, Peterson ten yards around left end. Bell gained eight yards on revolving mass, Bell three yards through center, Peterson two through right tackle, Johnson one on cross buck, Bell three through left guard, Johnson six between right tackle and guard, Bell, on a puzzling double pass, gained thirteen yards around right end; Peterson gained one yard through right guard and Gill went over for a touchdown. Tislov failed to kick goal. Score: Ishpeeming, 5; Oshkosh, 0. Time, 6 1/2 minutes.

Otto kicked off to Ishpeeming's twenty-yard line. On the first down Peterson gained four yards. Bell gained one through center, Peterson eight yards through left tackle. Gill eight around right end, Bell half a yard, Gill a yard, Nelson four yards, Bell two four and six yards on line plays. Brodine made one yard around left end, Gill four around right end, Peterson four around left end, Gill five through right tackle, Nelson three through left tackle, Peterson two through left tackle, Johnson seven through left tackle, Bell two on right. In mass play Bell took seven more on the left, Gill three through right tackle. Here Oshkosh held on down and got the ball on their eight-yard line. Lock gained one yard, Davis three around right end, Fletcher five, McCorsen lost one yard. On a double Lark to Fletcher, Connelly tackled for a seven-yard loss. Otto outted, the ball going out of bounds at center of field.

Much Punting in Second Half.

There were no changes in the line-up for the second half. Tislov kicked off and Oshkosh got the ball on their forty-yard line; Davis gained three yards, McCorsen two yards. Peterson broke through and down runner for loss. Oshkosh punted; ball was brought back and Oshkosh given ten yards for Ishpeeming being off side. McCorsen made a run to Ishpeeming's thirty-two-yard line, Ishpeeming got the ball on downs; Bell punted; Oshkosh was held and Ishpeeming again got ball on downs; Bell gained four yards, Gill two. Peterson made forty-yard run for touchdown. Tislov kicked goal. Time, 4 minutes.

The fourth touchdown was made in eight minutes and forty-five seconds by Johnson. Good gains by Gill, Peterson, Johnson, Nelson and Bell resulted in fifth touchdown by Bell. On an exchange of punts Oshkosh got the ball on Ishpeeming's fifty-three-yard line, when Derksen, umpire, gave Oshkosh ten yards twice in succession for off side plays, advancing the ball to Ishpeeming's thirty-three-yard line, where they were held for downs. The last touchdown was made by Nelson, who broke through the line for twenty yards, Captain Peterson rendering splendid assistance. The final score was Ishpeeming 35, Oshkosh 0. Time of halves, thirty minutes.

The features of the game were the tackling by Tislov, Nelson, Johnson and Connelly the all-around work of Peterson and Gill; the strong defensive play of Brodine, Bargh and Nichols; the generosity of Taleen, the punting of Bell and the goal kicking of Tislov. The latter missed but one of the six chances he had.

Referee, first half, Ernest Derksen of Oshkosh; umpire, Rev. M. M. Allen of Ishpeeming. The officials changed positions in the second half. The work of both was very satisfactory and no complaints were made by either team. B. O. Greening of Negaunee was official linesman.

The Oshkosh players returned home Saturday night. At the depot they gave yells for Ishpeeming and all said they never had a more enjoyable time anywhere than the Ishpeeming people gave them.

SUCCESSFUL BAZAAR.

About fifty members of the Swedish Lutheran church of this city attended a bazaar given by the ladies of the congregation at the Winthrop location last Friday evening. The sleigh loads were made up and the ride was very much enjoyed. At the bazaar the visitors found much to please them. The ladies in charge had prepared for the visitors' coming and there was a large number of the church people of the location out to greet them. The evening was pleasantly passed in social entertainment. A large collection of useful and fancy articles provided by the ladies of Winthrop were disposed of and a snug sum was realized for the church.

ENTERTAINMENT AND HOP.

The members of the local branch of the Retail Clerks' union will be out in force this evening to the entertainment and hop to take place in the Mine Workers' hall. The function is being given in honor of the young people who recently took part in the production of "True Blue." A part of the money realized on the entertainment will be expended in a lunch to be served at the conclusion of the entertainment. The affair will wind up with a hop.

ONLY SWEDISH DAILY GONE.

The United States is now without a Swedish daily newspaper. Dagbladet, the daily launched a short time ago at Ashland, Wis., suspended publication after a run of forty-eight issues. The Swedish people of the country will not miss the sheet as it was not a credit to them. The owner started the paper without capital and it was not expected that it would live very long.

ASTOUNDING DISCOVERY.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough," writes Mrs. S. Hinkelburger, "for three generations of our family have used Dr. King's New Discovery for Consumption and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50c and \$1.00 at retail.

Our business is increasing daily. It's all because we give better values in all lines. You should call. Finnish Mercantile association. (10-25-11)

FINE DRAFT HORSES.

Parties wanting fine draft horses for work in the woods or elsewhere will find it to their interest to call at our stables and examine the new ones just received. Call early as they are going rapidly. G. W. Kaufmann & Son, Pearl street, Ishpeeming. (11-21-11)

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

GIVE BANK NAME.

New Institution Will Be Known as the City National.

At the meeting of the directors of the Peninsula bank held on Thursday of last week, when it was decided to reorganize the banking institution under the national banking laws with a capital stock of \$100,000, it was announced that another meeting would be held today. On Friday President William Sedgwick decided to call the directors together on Saturday instead of Monday, as originally intended. At the meeting Saturday afternoon the name under which the new organization will be known was decided on. It will be the City National Bank of Ishpeeming.

No more appropriate name could have been chosen. It would be impossible for the corporation to use the name "Ishpeeming National bank" as according to the national banking laws the name of banking institution dies when that corporation goes out of existence.

It is not expected that an organization that will manage the new national bank will be perfected until about the first of the year. It will take the time intervening between now and then to get the charter and perfect other arrangements for the projected change. The present officers of the institution expect to be able to deliver the certificates to the new stockholders by the first of the year, or soon after.

JUMPED ON A TEN PENNY NAIL.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Portland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by the Stafford Drug Co.

The crowds do not visit our store for mere curiosity. Can't you guess? It's bargains. We have snaps in clothing and dry goods. Finnish Mercantile association. (10-25-11)

BEING SHOD FAST

LESS THAN TEN MILES OF RAILS TO LAY ON NEW ROAD.

CREWS NEARING JUNCTION POINT

MUNISING LINE WILL BE REACHED THIS WEEK.

Contractors Now Grading the East Branch of the Litter Road—Will Be Finished Dec. 15—New Line in Marquette County.

According to the Munising Republican, the Marquette & Southeastern is now shod to a point within ten miles of Lawson, where it will connect with the Munising road. Just as soon as this ten miles is covered (which will be not later than the last of this week, if the present weather continues) the crew of men now working there will be transferred to the east branch to lay the rails on that line.

The grading of the east branch of the Munising road is completed, except a short piece on the east end, so that there will be no delay when the men have finished laying the rails on the Marquette & Southeastern. It is expected that there will be rail connection with Camp Moberg, on the east branch, not later than Jan. 1. A large force of men is employed by Contractor McDonald Bros. & Co., and it is expected this part of the work will be finished by Dec. 10.

Two new sixty-ton engines (100 tons with tender) have been purchased for service on the Munising railway. These engines are already in use on the Marquette & Southeastern construction work, and when this is completed they will be used on the passenger runs on this road.

There has been a slight delay in getting the two new coaches for the Munising road, but Superintendent Ward says they will reach Munising not later than Tuesday.

New Munising Depots.

Says the Munising News: The traveling and business public appreciate the work of the Munising Railway company in providing new and convenient passenger and freight depots. Although the erection of the latter, was commenced late in the fall, they are now in readiness for use and the railroad company commenced to occupy them on Monday last.

The freight depot is a neat and substantial structure with ample storing capacity and a neat, well equipped and commodious office.

The passenger depot is one of the neatest structures of its kind north of the Straits of Mackinaw. It has a

good sized baggage room, two large waiting rooms and an office. The ceilings in the waiting rooms are high, the floors are of matched maple and the rooms are as cheerful as good light, fresh paint and good heating can make them.

The engine house, too, is about completed and is in keeping with the other new buildings.

Escanaba & Lake Superior.
Down in the southern end of Marquette county, the extension of fifteen miles planned by the Escanaba & Lake Superior road has been practically completed, and will go into commission this week. The branch runs from Northland, north in Forsyth township in the direction of Swanzy and Little Lake, the latter being the junction point of the Munising road with the Chicago & Northwestern. A valuable timber territory is opened up by the new extension.

SMALL-POX IN THE COUNTY.
Lumberman Comes to Escanaba from Northland Ill With the Disease.

It will be news to many people that there is or rather was, a case of small-pox in the county—the first of the season. A woodsman who had been ill for several days recently arrived at Escanaba and went directly to the office of a physician, who diagnosed the ailment as a mild form of the dread disease. The patient was immediately removed to the Delta county pest house.

The man had been employed at camp No. 7 of the Ford River Lumber company, located in the vicinity of Northland, Forsyth township, this county. When he was found to be suffering with small-pox, Dr. Andrew Nelson, the Escanaba health officer, at once left for the camp, which he fumigated and disinfected and where he vaccinated all the men who had been exposed by the patient. Northland is in the southern end of the county on the line of the Escanaba & Lake Superior road.

Later information is that the name of the patient is Edward Gould. After disinfecting the camp, where thirty men were employed, it was learned by Dr. Nelson that the man had come from camp No. 1, and accordingly the physician visited that place and vaccinated the employees and fumigated the buildings.

MUST BE REGISTERED.

Unless the owners of docked horses hurry up and comply with the requirements of the new act before Dec. 1, there will be fines due the state amounting to several hundred dollars in this county. No owners of such animals have yet registered with the county clerk. Only a few days remain and after that the act provides a fine of from \$50 to \$250 for each delinquent. After Dec. 1 it will not be lawful for any person to dock their animals or to have in their possession docked horses except such as were registered before this date. The penalty provided for each offense is \$100 to \$200, or ninety days' free board and lodging at the house of correction.

Puts gray matter in your head, Brings a rosy glow to faded cheeks, Restores vim, vigor, mental and physical happiness. That's what Rocky Mountain Tea will do. 35c. Stafford Drug Co.

AMALGAMATED IGNORED.

Boston Coppers Again Strong Despite Reported Action Against Combine.

After having dominated the market for so long a period, it was once more demonstrated Saturday that Amalgamated has to a great extent lost its grip. The trust stock, as for the preceding two days, ruled weak, not through manipulation as of late but because of reported action against the combine by the federal authorities, yet the Boston coppers had another strong session. There was not a great deal of trading, but pressure to sell was again conspicuous by its absence and the tone was distinctly firm. What the stocks will do this week—whether they will still move independently or go back to the old rut because of the rumored government hostility to Amalgamated—will be awaited with interest by the local speculators.

Opinions of the Brokers.

Paine, Webber & Co. said: "The break in Amalgamated was started by a Washington dispatch which said the attorney general was preparing papers for proceedings against the company. The strength of the home coppers further encouraged the belief that they will divorce themselves from Amalgamated and their prices will move according to the merit of the properties they represent. If the better class of coppers go off much, they will do to buy."

Hayden, Stone & Co. wired the Laidley Commission company: "The report that the attorney general would start proceedings against Amalgamated caused a sharp decline in that stock today. The general advance is well sustained, but this decline on Amalgamated will knock a rise in the head for the time being."

Of the Wall street stocks, Walker Bros. said: "The market today opened steady and strong, and with heavy buying orders in the good stocks. At the highest price there was some realizing and a sharp break in Amalgamated caused selling, but the stocks were very well taken. The bank statement was discounted but was better than expected. There was some realizing before the close, but the market seemed very well supported and the sentiment good and generally bullish."

WANTED—MORE COPPERS.

The Detroit Tribune, in an issue early this week, had the following with reference to Marquette: "Boys out after partridges last week came upon beer tracks within two miles of Marquette, and followed them through the snow till dusk put an end to the chase. Information of the presence of the marauders so near the city has caused some alarm, and a demand for the doubling of the police force, but nobody seemed anxious for appointment."

PRESENTS TO CUSTOMERS.

On New Year's day I will give the following prizes to my customers: First prize, a \$10 meerschaum pipe; second prize, a \$4.50 amber cigar holder; third prize, box of \$4 cigars; fourth prize, a \$3.75 briar pipe; fifth prize, a five-pound box of candy, valued at \$3. One ticket free with each ten-cent purchase. (11-15-17) FRED DONCKERS.

AT OPERA HOUSE TONIGHT.

Thrilling Scene in the Second Act of "The Span of Life."

This evening the attraction at the opera house will be that thrilling and picturesque drama of intense humanity, "The Span of Life," a play rich in sensational effects, picturesque in incidents and vivid in characterization. One scene at the end of the second act would almost suffice to make the play and carry it along the stream of prosperity. It is the lighthouse on the Coffin rocks. The hero, Richard Blunt, who has charge of it and has exhausted his supply of oil, is drugged by the villain; the latter, Dunstan Leech, brings a barrel of water and puts it in place of the oil, and when the hero discovers the fraud, Leech shoots him. The interior view dies out as Blunt is thrown into the cellar and the curtain rises again on the foggy sea with the lighthouse in the centre. Inside, Leech is seen carousing merrily and gloating over the approaching wreck of his own steamer which is due that night.

THE HUMBURDIDGE

and which he has heavily over-insured. Suddenly Blunt appears, wounded and weak, but sensible of the impending danger. He sees the steamer's lights in the distance, and hears the low sound of the fog bell about a mile away. He climbs the outer stairs to ring the fog bell while the shape and lights of the vessel slowly grow out of the sea at the back. Nearer and nearer they come, the lights growing brighter and the hull bigger, as the huge vessel closes on the lighthouse. Then Blunt, lying on a projecting beam, begins to ring the fog bell. The half-drunken villain, disturbed in his revelry, staggers out. The steamer looms up larger, and just as it is about to be dashed on the rocks, help arrives from the shore and the "Beacon light of the Coffin Rocks" breaks forth and the ding of the bell becomes louder. Then, as the curtain begins to descend and as you see the last of it, it is backing away from the lighthouse.

The new policy of the Aetna Life is a winner. Don't fail to see the agent and get full particulars. F. H. Vandenberg, Savings Bank building. (11-25-17)

IT IS TIME TO MOVE!

Stagnation Exists--Its Cause and Effects

Undoubtedly we are doing more than our share of business--this is some consolation--although but little. That business is quiet goes without saying to every observing mind, and if the merchant will admit it or not, it is nevertheless true, that there is a stagnation of business in Marquette this fall.

Its "Cause" is unaccountable. We will not attempt to give the reason, but the "Effects" are apparent.

This is the fourth fall that we have prepared for a large business during October, November and December, and this year, more than ever before, have we stocked our shelves with desirable merchandise. We have already passed October and most of November without any marked activity in buying. We cannot afford to carry such a large amount of goods on our shelves. It is time they were moving. To this end we will inaugurate his morning one of the greatest BARGAIN SALES ever attempted at this season of the year.

OVER \$50,000 WORTH OF NEW DRY GOODS WILL BE SOLD AT "BARGAIN SALE PRICES" for CASH

Goods Sold at a Reduction Cannot Be Returned or Exchanged.

Van Alstyne's
OPERA BLOCK DRY GOODS HOUSE

Our Doors Will Not Be Open Until 10 O'clock This Morning.
