HIGHEST GRADE BEST QUALITY COAL. A MODEL COAL YARD. It must be that gives every one complete satisfaction from its supply. That is what you get every time when you buy our well screened coal. For domestic or business purposes, there is none superior to it. It gives more heat to the ton than any coal you can burn. James Pickands & Co., WHOLESALE & RETAIL. 209 S. Front St., Marquette

U. OF M. A WINNER WOLVERINES DEFEAT HAWKEYES BY SCORE OF 50 TO 0. IOWA BOYS ARE OUTCLASSED CHICAGO IS BADLY BEATEN BY WISCONSIN TEAM. Badger State Administrators Worse Drubbing Than Ann Arbor Boys Were Able to Give—Results of Other Games Played.

Chicago, Nov. 28.—Michigan scored almost at will against Iowa today, making fifty points to Iowa's naught. The Michigan closes her regular football season with a record of 501 points, while not one of the teams she has met has been able to score a single point against her. Iowa played a sturdy, plucky game, but was outclassed. Heston and Shorts played a spectacular part for Michigan. Iowa made her best stand in the muddy part of the field, but where the footing was better Michigan was seldom denied a fair gain. Ten thousand said the game.

Iowa Kicked Off. Iowa had the kickoff and for a few minutes gave the Michigan supporters the only scare they had during the game. Sweeney caught the punt and kicked back to Iowa's sixty-yard line. Iowa gained ten yards through the mud by masses on tackle. Michigan held and Iowa punted. Michigan lost the ball on a fumble and Howell carried it fifteen yards. Line plunges netted ten yards more and then Howell tied a goal from the field, but missed the kick carrying the ball to the right of the goal post. Thereafter Michigan's goal was never in danger. Michigan had the ball nearly all the time in Iowa's territory. They seldom failed to make their distance on first downs and frequently made eight or ten yards, and even fifteen. Center backs were the best ground winners, with hurdles over tackle a good second. Shorts did most of the hurdling over Iowa's right wing. Heston made several runs around the left end generally. While Heston and Shorts were giving the ball to most instances, Sweeney, Snow, McGugin and Graver were also relied upon occasionally. The score at the end of the first half was: Michigan, 22; Iowa, 0. Irresistible Line Bucks. The second half began with another series of irresistible line bucks, which earned the fifth touchdown for Michigan. Shorts missed goal. Iowa kicked off. Heston was given the ball on a fake kick and ran fifty yards to Iowa's forty-yard line. Iowa held, but had the punt and Weeks made a brilliant return of thirty yards. Heston went forty-five yards for a touchdown. Iowa kicked off and Sweeney immediately punted to Iowa's forty-yard line, where Michigan got the ball on a fumble. White made five yards through the tackle and Heston, Shorts and Snow made the remaining distance with ease through the tackles. Shorts kicked goal. Heston was given the ball on a fake and ran thirty-five yards to Iowa's forty-yard line. Shorts made five yards to the yard line, but missed the punt. Shorts missed goal. Time was called before the ball was again put in play with the score: Michigan, 50, Iowa, 0. Wisconsin, 35; Chicago, 0. Chicago, Nov. 28.—Wisconsin, 35; Chicago, 0, and Wisconsin's goal only twice in the slightest danger; thus did Coach Phikings' Wisconsin eleven make good their boast to defeat the unfortunate University of Chicago football team by a good round number over the score of 22 to 0 made by her rival for the western championship, Michigan. Straight football won the day and the team work on the part of the victors was clever, though in nearly every case the scores were made by star plays. Chicago, throughout the game, put up a manful unavailing offense. Six thousand said the game. By a series of straight kicks and mass plays Wisconsin worked the ball down to Chicago's twenty-yard line and then sent Coehens around Chicago's end for a touchdown. Juneau kicked goal. Held Wisconsin for Downs. After the next kick off Chicago held Wisconsin for downs. At Wisconsin's fifty-five-yard line Ellsworth tried for goal but failed. The play worked up to Chicago's one-yard line where Chicago failed to hold Wisconsin on downs. Rivers went through the center for a touchdown. Wisconsin kicked goal. The half ended after a series of sharp plays with the score 12 to 0 in Wisconsin's favor. In the second half Juneau kicked goal from Chicago's thirty-five yard line. Chicago continued to grow weaker, though showing spurts of offensive ability. Wisconsin had little trouble in succeeding with most of her plays. Juneau was Wisconsin's star player, his support being the best seen on the field. The last score in the game was a brilliant run of ninety yards by Coehens, who caught Chicago's punt on Wisconsin's fifty-five-yard line and with no apparent effort landed the ball behind Chicago's goal. Once more Juneau added his goal and

the score stood Wisconsin 35, Chicago, 0. Toward the end of the second half Chicago plucked up again, and without avail Ellsworth tried for a place kick from Wisconsin's thirty-five-yard line. Minnesota, 16; Illinois, 0. Champaign, Ill., Nov. 28.—In the fiercest game ever seen in Illinois field, Minnesota this afternoon defeated Illinois by a score of 16 to 0. The great weight of the Minnesota team had as much to do with the victory as any one thing. Time and again they would gain from three to five yards after being tackled. The most of the Minnesota ground was gained just outside the tackles, when Illinois did its best work through the center. Minnesota was aided to her first touchdown by off-side plays, and the entire game was replete with penalties by both teams, although Illinois was the greater sufferer in this regard. The first touchdown was made by Minnesota on a fumble and a spectacular run by Ames, who ran sixty-three yards, being tackled by Cook on the Illinois three-yard line, and the ball was forced over on the first play. The second half was more fiercely fought than the first. Illinois many times forced Minnesota to downs or forced them to punt. Several times Illinois was within striking distance, once on the seven-yard line and again on the fifteen-yard line, but was held for three downs and Cook failed to dropkick a goal. The game was called with the ball in the possession of Illinois on Minnesota's forty-five-yard line. Ohio, 11; Kenyon, 6. Columbus, Nov. 27.—The Ohio State University defeated Kenyon this afternoon by a score of 11 to 6. Both teams played ragged football but the game was close and exciting throughout. Beeman of Kenyon secured the ball on a fumble in midfield and carried it to within a yard of Ohio's goal line, thence Morris went over for a touchdown, after fifteen minutes of play. Two minutes later Ohio scored on a blocked punt but failed to kick goal. The first half ended with the score 6 to 5 in favor of Kenyon. Kenyon fumbled on the kick-off in the second half and Ohio took the ball on the thirty-yard line and carried it by straight line bucking for a touchdown, which was made after three minutes of play. Thereafter the ball was in Ohio's territory until the end of the game, but Kenyon was unable to score. Cornell, 24; Pennsylvania, 6. Philadelphia, Nov. 28.—The University of Pennsylvania team ended a disastrous season today with a crushing defeat at the hands of Cornell, the score being 24 to 6. It was the first time since the two universities have played football together that Cornell was able to conquer Pennsylvania. All through the red and blue players fought their opponents every inch of the way, but the New Yorkers were compelled to give way and retreated to the game except punting. Cornell's offense was powerful. There was little difference where they tried through the center, against the tackles and around the ends—Pennsylvania was able to hold them not more than half a dozen times. Columbia, 40; Indiana, 12. New York, Nov. 28.—With practically perfect football for the first sixty-five minutes of play, Columbia rolled up the largest score of the season against the Carlisle Indians this afternoon. In that time they scored forty points, shutting out the Indians completely. In the last five minutes, however, the Indians, making a sudden and unexpected brace, and Columbia weary and going to pieces from previous hard work, the speedy Carlisle team gained twelve points almost in a twinkling, making the final score 40 to 12 in favor of the blue and white. Missouri, 18; Kansas, 12. Kansas City, Nov. 28.—Missouri University won a victory from the old-time victors, Kansas. The score resulted: Missouri, 18; Kansas, 12. It was Missouri's first victory over Kansas since 1885, and the third in ten years. Scores of Other Games. Northwestern, 10; Purdue, 5. Indiana University, 24; DePaul, 0. Knox, 17; Lake Forest, 0. Grinnell, 2; Drake, 0. Georgetown, 22; Lehigh, 0. Creighton College, 6; Lincoln Medical, 0. Washington University, 62; Indianapolis University, 25. St. Louis University, 25; McKendree College, 8. Beloit College, 11; Milwaukee Medical College, 0. Iowa Normal, 12; South Dakota University, 5. WILL REVISE CREED. Committee of Presbyterian Church Commences Work at Washington. Washington, Nov. 28.—The preliminary work of revising the creed of the Presbyterian church, far as to make it more popularly understood, was inaugurated today at a meeting of the section of the committee appointed at the last Presbyterian assembly to accomplish the result. The section that met today began preparations for a new statement of the doctrine of the church and spent several hours in discussion, but no action was taken on any phase of the subject. DIVORCE IN HIGH LIFE. Berlin, Nov. 28.—The Vossische Zeitung says it learns upon reliable authority that the crown prince and princess of Romania have mutually agreed upon a divorce, and that the crown prince intends to renounce his succession to the throne. BODY FOUND IN RIVER. Pine Bluff, Ark., Nov. 28.—The dead body of J. A. Johnson, formerly a prominent citizen of Elgin, Ill., was found in the Arkansas river here today. He disappeared two weeks ago. It is thought he committed suicide. His mother resides at Elgin, and a sister at Milwaukee.

LIBERALS GIVE UP WILL SURRENDER COLON TO GOVERNMENT AUTHORITIES. IMPORTANT CONFERENCE IS HELD SECRET SESSION ON BOARD U. S. GUNBOAT MARIETTA. Representatives of Both Parties and Officers Commanding Foreign Warships Are Present—Alban Continues Fighting.

Colon, Nov. 28.—The conference today between the liberal and conservative representatives and officers commanding the foreign warships here was not held on shore, but on board the United States gunboat Marietta in the harbor. The commanding officers of the Marietta, the British cruiser Tribune, the French cruiser Suchet and Lieutenant Commander McCrea of the Machias and Captain Perry of the Iowa were present, as were Generals Alban and Jeffries, representing the government of Colombia, and Senor De La Rosa, secretary to General Domingo Diaz, who represented the liberal party of Colombia. No information as to the result of the conference was made public and none of the details of the understanding arrived at have leaked out. It can be said upon the best authority, however, that the liberals will surrender Colon tomorrow to the government authorities. United States marines guard Colon tonight. There are many unrelatable statements concerning the terms of the surrender current on shore, but the only man informed in this regard refuse to answer questions. Colon is quiet but much anxiety prevails. Government Sustains Losses. The government forces, 300 strong, under General Alban, on reappearing at Buena Vista Wednesday afternoon opened fire on the liberal forces under Colonel Barrera. The latter were not untroubled but, having a choice of ground, occupied the top of a small hill at Buena Vista. The fighting was of a most severe nature and lasted until 5:30 p. m., without stopping, when the government forces, owing to the great loss sustained, were compelled to give way and retreated to the camp of Frijoles. Over a hundred men were killed or wounded and the bodies are lying all along the railroad. A train, on reaching Buena Vista, was unable to pass to the pile of corpses blocking the passage. About twenty of the wounded were taken to Panama on the evening train. The liberal loss is insignificant and is said to be less than a dozen men. At 1:20 Generals Alban and Jeffries arrived here and were received at the railroad station by guards of the United States gunboat Machias and the British second-class cruiser Tribune. The government commanders' doubtless come here to arrange terms for discontinuing the struggle. Feeling Against Perry. Washington, Nov. 28.—Naval officers here are disconcerted at the ill-felling exhibited toward Captain Perry at Panama because he will not allow the railroad to be used for the transportation of armed troops. After a careful examination of the presidents and treaty, under which the United States is now made absolutely responsible for the safety of traffic across the isthmus, they declare Captain Perry had no alternative. Had he allowed the Colombian government forces to use the road on the Panama end as they desired, he must of necessity have yielded the same right to the liberals, who hold the Colon end of the line. The result would prevent the free transit that Captain Perry is there to maintain. Therefore, his attitude is held by the navy department to be entirely correct. However, the fact is recognized that the situation is dangerous from an international point of view and it is hoped the president will be relieved speedily by the transfer of active military operations to some other field near the Panama railway. Affects German Interests. Berlin, Nov. 28.—The Tagblatt, discussing the effects of the Venezuelan troubles upon German interests, says that while the railroad between Caracas and Valencia and Venezuela, in which German capital is heavily interested, is still in operation, the Venezuelan government has entirely suspended the payments of interest to the German holders of the road's securities, and by this suspension of payment the indebtedness of Venezuela to Germany security holders now amount to 9,500,000 francs. The Tagblatt further says that all efforts to interest the imperial government in behalf of these German creditors has proved unavailing. Will Take No Steps. London, Nov. 28.—"Germany will take no steps against Venezuela," cedes the Berlin correspondent of the News, "regarding the financial claims of German subjects against Venezuela, without a previous understanding with the United States."

SHOT A GAME WARDEN. While Wisconsin Officer Is Pursuing Hunters He Is Killed. Chilton, Wis., Nov. 28.—A report comes from Hayton of the shooting of a game warden thought to be F. M. Bisher of Green Bay. It is alleged he was pursuing two hunters when they shot him. He lived long enough to give a description of his assailants. THANKSGIVING IN LONDON. American Society Entertains Three Hundred at Dinner. London, Nov. 28.—Three hundred guests assembled this evening for a Thanksgiving dinner given under the auspices of the American society in London. Paul Cambon, the French ambassador to Great Britain, proposed the health of President Roosevelt. Henry White, the United States charge, responded to the toast "The Charge d'Affaires," proposed by Justice Walton. M. Cambon paid a feeling tribute to the late President McKinley. A Conan Doyle, the novelist, produced perhaps the greatest effect by declaring that the pendulum of the British world had now shifted to somewhere between New York and Chicago. Supper and Dance in Berlin. Berlin, Nov. 28.—American residents of Berlin informally celebrated Thanksgiving day with a supper and dance at the Kaiserhof this evening. The corner stone of the new American church here was laid today by United States Ambassador Andrew D. White. Ball Given in Mexico. Mexico City, Nov. 28.—American residents celebrated Thanksgiving tonight by a special ball. President Diaz was among the invited guests and members of the Pan-American Congress with their ladies were present. SMALL-POX AMONG HOGS. Outbreak Is Discovered Among Consignment from St. Louis. Buffalo, N. Y., Nov. 28.—Dr. C. H. Zink, inspector in charge of the United States Bureau of Animal Industry at the East Buffalo Stock Yards, discovered today what he believes to be an outbreak of small-pox among a consignment of hogs. The animals were received from St. Louis last week and they passed the first inspection. After they were slaughtered Dr. Zink, in making a microscopic examination of the viscera, discovered what he believed to be the evidence of small-pox. The slaughter houses are in the Polish district here and the local health authorities are fighting an outbreak of small-pox. The government bureau officials are under instructions to work in conjunction with the local health authorities in suppressing the outbreak here, and this afternoon Dr. Zink brought specimens of the diseased tissue to the board of health. After an examination Dr. Wendt unhesitatingly confirmed the diagnosis of Dr. Zink. HIGHBINDER AT WORK. Two Chinese Are Killed and One Is Fatally Wounded. San Francisco, Nov. 28.—The Chinese quarter was the scene of two shooting affairs tonight in which two Chinese were killed and a third fatally wounded. About 6 p. m. Lou Fook, a Chinese gambler, and his bodyguard, Joe He, were shot at by two highlanders just as the two former were entering Fook's gambling house. Four shots entered Fook's body, mortally wounding him. He was shot in the neck. Shortly after the shooting the police arrested Lee You one of the shooters. Fifteen minutes later Quang Loney, a cigar dealer, and Sney Buck were shot and instantly killed in their rooms on Clay street. It is not yet determined whether there is any connection between the two events. Considerable mystery surrounds the shooting. The most generally accepted theory is that it was done by highlanders. HEAVENLY VISITOR REPORTED. Officials of Chicago Weather Bureau See a Comet. Chicago, Nov. 28.—A comet was visible here in the southern sky this evening. Its position, as viewed from the United States weather bureau, was about ten degrees southeast from the zenith. It was difficult to judge its length for the reason that it was pointed directly upward and was apparently going from the earth, but Professor Cox, in charge of the bureau, said, in his judgment, it was about two degrees long. The comet was seen by many people on the streets as well as by the officials at the weather bureau. THE NICARAGUA CANAL. Matter of Its Construction Being Discussed in Nicaragua. Managua, Nicaragua, Nov. 29.—William L. Merry, the United States minister to Nicaragua, Salvador and Costa Rica, is in daily conference here with Dr. Fernando Sanchez, the Nicaraguan minister of foreign affairs, concerning the matter of the construction of the Nicaraguan canal, and the terms under which the undertaking shall be carried out. The new commercial treaty between the United States and Nicaragua is also under discussion. REAR-END COLLISION. Syracuse Knights of Columbus Reported Injured in Wreck. Syracuse, N. Y., Friday, Nov. 29.—A special train on the Delaware Lackawanna & Western railroad, bearing 300 Syracuse Knights of Columbus, northbound, was reported in a rear-end collision at Tully, at 1:15 a. m. Meagre reports say a few are injured, although no serious casualties are now known. TURKEY AT WHITE HOUSE. Thanksgiving Is Celebrated by President and Mrs. Roosevelt. Washington, Nov. 28.—President and Mrs. Roosevelt had quite a large party of friends at their Thanksgiving dinner at the White House tonight. They included Senator and Mrs. Lodge, Commander and Mrs. Cowles, and half a dozen others, the party spending the evening at the White House.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement."

SSS is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

SUBSCRIPTION RATES: Per month, by carrier \$1.50 Per year, by mail \$16.00

MARQUETTE, MICH., NOV. 29.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Isidor Rayner of Baltimore, the attorney who so ably conducted Admiral Schley's case before the court of inquiry, and whose brilliant argument to the court has given him a national reputation, has added to the fame his work before the court brought him by declining a fee for the service rendered his distinguished client.

The Republican papers of Wisconsin are so earnestly engaged in belaboring one another just now that they are giving the wicked Democratic party a breathing spell.

A former supreme court justice of Colorado, M. A. Rogers, committed suicide at Steamboat Springs in that state a few days ago, taking a novel and effective way of shutting off.

A majority of the isthmian canal commission reports in favor of the Nicaragua route, while the minority submits a report favoring the Panama route.

At a banquet given the visiting delegates to the Pan-American congress in the City of Mexico a few evenings ago, one of the speakers was Senor Cihavero, a Mexican delegate.

THE "DIAZ DOCTRINE." At a banquet given the visiting delegates to the Pan-American congress in the City of Mexico a few evenings ago, one of the speakers was Senor Cihavero, a Mexican delegate.

Church People Get Left. Although Hagalin drew his salary from the Mission people for nearly two years he did not live up to his contract with them.

Wood's Pills Sold by all druggists. 25 cents

side of Metternich's and Alexander's holy alliance—held back for some years after the United States recognized the Latin-American nations, but it had to follow this country's lead in the end.

The Diaz supplements and rounds out the Monroe policy. Not only must Europe keep its hands off the nations of the new world, but each of these nations should avoid making conquests of any territory of any of the other nations.

Additional Ishpeming

Several Hematite City Men Prominent in Development of Nome Gold Claims.

Not a few of the early explorers at Nome, Alaska, claim to have been the first to find gold in that section, but two Ishpeming men, John Brynteson and John Hagalin, with Jofet Linderberg of Norway and Erick Lindblom of San Francisco, are really entitled to the distinction.

During the winter of 1897 thirty-four members of the Swedish Mission church society of Chicago and one Ishpeming man formed a company with a capital of \$5,500, each putting in \$100.

Meeting Purely Accidental. The meeting of the now famous partners—Brynteson, Linderberg and Lindblom—was purely accidental.

Church People Get Left. Although Hagalin drew his salary from the Mission people for nearly two years he did not live up to his contract with them.

Church People Get Left. Although Hagalin drew his salary from the Mission people for nearly two years he did not live up to his contract with them.

Wood's Pills Sold by all druggists. 25 cents

had considerable gold dust gathered. Hagalin returned to the United States in the fall of 1898, but he made no report of his gold discoveries to the syndicate.

Brynteson Worth \$400,000. Brynteson spent the greater part of the winter of 1899 in Ishpeming. That was the only visit he has made to this city since leaving here over four years ago.

Profits Divided Every Few Days. Some of the claims of the Pioneer Mining company are very rich and it is reported by the men just back from the mines that the operators will get big returns from them for years to come.

Nugget Sold for \$1,729.60. The largest nugget found to date in the Nome district were discovered about two months ago, a short time before operations were suspended on the Pioneer Mining company's claims.

Lind Strikes Rich Vein. Charles Lind intends to return to Nome next spring, though he will never work for the Pioneer company again.

May Cause Litigation. The circumstances under which the discovery was made may bring Lind his partner into court to prove their right to the property.

Church People Get Left. Although Hagalin drew his salary from the Mission people for nearly two years he did not live up to his contract with them.

Wood's Pills Sold by all druggists. 25 cents

owners failed to work their claims and they are now open for re-locating. There is no timber within many miles of Nome.

Business Street Mass or Humanity. In June and July of this year there were in the neighborhood of 30,000 people at Nome, but in October all but about 5,000 had left there.

Great Coal Deposits at Galwin Bay. Encouraging reports of the discovery of coal in the Galwin Bay district were received at Nome before the Ishpeming men took their departure from there in October.

COPPER COUNTRY NEWS

COPPERDOM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the De Postoffice building, Houghton.

Charles Mayworm, the Houghton shoeman, has removed to his new home, which was recently completed in East Houghton.

A meeting may be held here part of next week in Houghton to discuss the formation of a field battery to be attached to the Michigan National Guard.

Among the out-of-town visitors at the Knights of Pythias dance at the Arroyo Wednesday evening were Colonel John H. Jacobs, of Marquette; Miss Laura Jacobs, daughter of Colonel Jacobs; C. G. Mason, of Negaunee; Miss Griffin of Ishpeming; Miss Dimmick, of Calumet; Miss Matchette, of Ann Arbor; Misses Pellgrum and Harrison, of the Atlantic; Miss Brown of Arcadia; Charles McIntyre, of Lake Linden.

SPREADS LIKE WILDFIRE. When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling thing I have handled in 20 years."

Adolph Blumer, Grand Mound, Ia., writes: "I have used Foley's Honey and Tar in my family and think it is the best cough cure on the market."

A HOME INDORSEMENT. MAKING MADISON FAMOUS

Some Facts About Rocky Mountain--Tea Sales \$100,000 a Year.

Nearly every drug store in Madison manufactures some patent medicine or special preparation for the market.

But great as has become the sale of Rocky Mountain Tea the company has faith that it is only on the verge of its success. So far its sale has been pushed only in the Mississippi valley.

(Additional Copper County on Page 2.) AMATEUR MINSRELL SHOW. Final Arrangements Made for Event to Be Given by Calumet Ladies.

Answer Is Made to King's Challenge and Money Posted. Ed Stoll, of Calumet, who was to have wrestled Jack King of the Arcadian last Saturday night, and who was challenged by King through a letter in these columns, has made a quick reply accepting the challenge.

In the acceptance Stoll states his reasons for not entering the match on Saturday last. He says that when he saw only about enough heads in the audience to warrant \$200 in gate receipts he asked Mr. O'Connell for \$35 of the money or to have the entire amount placed in the hands of some prominent Houghton official. He says further that O'Connell refused to do this. Stoll says he immediately suspected everything was not straight and walked to the front of the stage and informed the audience as he did.

In his answer to King's challenge Stoll speaks in many instances and it is hard to decide which one of the wrestlers is playing a bluff game. In answering the challenge Stoll says: "Now I will outline the conditions that I will meet him on. He says any place. Well, I name Calumet, Second, Woodland of Rock Jacket and President Hagen of Laurium."

"Now I want to say right here, it is only a waste of good wind to talk about wrestling for money; my experience of Saturday night forever has not me against it. I will hereafter wrestle as an amateur. I will name four of the most prominent business men of Houghton county to take charge of the gate receipts, and let them use their own decision as to which is the most deserving. I will name the following gentlemen: John D. Cuddihy and Edward Woodard of Rock Jacket and President Hagen of Laurium."

"It is no use in asking an extension of time, as it will be ignored by me. Should Mr. King accept these conditions I will guarantee that he will have the pleasure of looking at the largest audience that ever assembled in Houghton county, as Calumet patronizes a good thing every time. I don't wish to be misunderstood about that \$500, as it is not to be wrestled for, but only to guarantee our appearance, failing to appear we lose the money. The Laurium Opera House can be engaged for Saturday evening."

Stoll evidently means business and furthermore the check for \$500 in the bank is deposited with one of the most prominent citizens in Calumet. It is not known how King will answer the challenge but there is only one reply that can be made. He must wrestle, for Stoll has answered all the requirements of the challenge.

There are many citizens in Houghton who are favorably impressed with King's prowess as a wrestler and the \$500 can easily be secured.

NEW SKATING RINK. Sits Is Chosen and Work on the Structure Is Commenced.

Yesterday the Armstrong-Thielman Lumber company commenced hauling lumber to the site destined upon for the building of the new skating rink. Ver-ville and Wern, the principal firm interested, and the contractors, have decided upon a site at the corner of Scott and Franklin streets about 100 feet from the car line on Quincy street and work will begin on the foundations this morning.

The plans show that the building will be 90 by 190 feet, giving a skating surface, allowing for the dressing rooms, waiting and toilet rooms, of about 16,000 square feet. The walls will be fourteen feet high and the rink will be one of the best in the upper peninsula, far exceeding any in the copper country. It will be completed in about three weeks.

THANKSGIVING SERVICES. Copperdom Churches Celebrate Day in an Appropriate Manner.

Impressive services were held in the churches of copperdom yesterday in observance of Thanksgiving day. St. Ignatius church and the Trinity Episcopal church, of Houghton, held services in the morning. The Grace M. E. church held union services with the Baptist, Congregational and Methodist churches, of Hancock. The above three denominations of the Twin cities held two services, one in the morning and one in the evening. The morning service was held at the Congregational church at 9 o'clock. The service was a prayer meeting, led by Rev. E. M. Scott, of the Portage Lake Baptist church.

In the evening at 7 o'clock the Portage Lake Baptist church was opened for the last union service. Rev. A. Raymond Johns, of the First M. E. church, delivered the Thanksgiving sermon. Special music was rendered by a mixed choir. All the ministers of the churches joining in the union services participated in the program.

St. Peter's and St. Paul's Lutheran church held services in the evening. Rev. A. Troub conducted them. Rev. Father Atfield held high mass at St. Patrick's church, as did Rev. Father Geary at St. Joseph's church at the same hour.

The Finnish and Swedish churches of the city of Hancock held Thanksgiving services in the morning at 10 o'clock.

TO CURE A COUGH. Stop coughing, as it irritates the lungs, and gives them no chance to heal. Foley's Honey and Tar cures without causing a strain in throwing off the phlegm like common cough expectorants. The People's Drug Store.

SOUTH RANGE CONSOLIDATION. Possibilities of the Properties in the Production of Copper.

The strength in Copper Range shares has revived interests in the consolidation of that property with Baltic and Trimountain, although the date for its formal announcement has not as yet been agreed upon. Pencils and paper are being employed, however, in figuring the possibilities of the consolidated properties in the production of copper. We give some of the figures which those "close to the throne" are banking on.

The Champion mine, which is owned jointly by the St. Mary's Mineral Land company and the Copper Range Company, is now sinking four shafts. Trimountain is sinking three and Baltic five, a total of twelve. These shafts are down between 400 and 700 feet on a lode which averages thirty feet in width. The management of these various properties state that the rock is today running better than 1 1/2 per cent ingot. Baltic rock at present carrying 2 1/2 per cent of ingot to the ton. A production of 1,000 tons of 1 1/2 per cent rock per day from each of these twelve shafts would give an annual production of 90,000,000 pounds of copper per annum—an output equal to that of Calumet & Hecla.

Allowing for the usual shrinkage in production results, and assuming that but 800 tons of rock are hoisted in each shaft, and that the rock runs but 1 per cent ingot, there is an annual production from the twelve shafts of 58,000,000 pounds of copper. This compares with 29,000,000 pounds which the Consolidated company today produces. There is declared to be room for the sinking of eight shafts in addition to the twelve above referred to.

Copper Range, Baltic and Trimountain have each a capital of 100,000. The consolidated company will probably issue at the start 385,000 shares which will allow for an exchange share for share for Baltic and Trimountain as well as the exchange of 1/2 shares of consolidated stock for each share of Copper Range. This exchange will probably issue at the start 385,000 shares which will allow for an exchange share for share for Baltic and Trimountain as well as the exchange of 1/2 shares of consolidated stock for each share of Copper Range.

RELIEF CLUB DANCE. The annual ball of the Irish Relief club of Hancock was given last night in the St. Patrick's Hall and it proved to be one of the most successful events, both socially and financially, that has been held here for some time.

MICHIGAMME. BODIES NOT RECOVERED. Lake Frozen Over and Search for Them Abandoned.

Monday of this week was the last day that the men who have been engaged in the search for the bodies of George W. and Able Levin and Emil and Albin Carlson, could work, as ice formed on all parts of the lake that night. Much of the space about the shores was frozen about a week before but the center of the lake remained open until Monday night, when the temperature dropped several degrees.

On Sunday much of the ice was broken by the men who spent the day on the lake. The big tug was through it in many places where it is thought the bodies went down and the dragging process was continued. The Petrel was out with hooks attached and a number worked with row boats.

The members of the different fraternal societies in which the drowned men held membership labored untiringly during the three weeks the search was in progress. The members of the Workmen lodge have been very active and the Maccabees and Odd Fellows lodges also did well. On Sunday last a large delegation of Workmen responded to the call of the officers to come out.

The grappling hooks worked from the rear of the tug caught some weighty object again Sunday. It was brought within a few feet of the surface when it dropped off. The men labored for two hours trying to get another hold of it, but without success. This was the third time that some object about the weight of a man was caught with the hooks, but each time it dropped away.

MICHIKAMME PICK-UPS. Miss Kate Welsh has taken a position in the office of F. W. Read & Co. here.

PRINCESS VIROQUA, M. D. Endorses Lydia E. Pinkham's Vegetable Compound After Following Its Record For Years.

"DEAR MRS. PINKHAM:—Health is the greatest boon bestowed on humanity and therefore anything that can restore lost health is a blessing. I consider Lydia E. Pinkham's Vegetable Compound as a blessing to State and Nation. It cures her mothers and daughters and makes them well and strong."

IS NOW CHAMPION

"YOUNG CORBETT" KNOCKS OUT TERRY MCGOVERN.

DECISIVE BLOW IN SECOND ROUND

RIGHT SWINGING UPPER CUT ON POINT OF JAW.

After Being Knocked Down Twice McGovern Loses Self-Restraint and Throws Science to the Winds—Victory Easy for Corbett.

Hartford, Conn., Nov. 28.—Knocked out in the second round, of which one minute and forty-five seconds had elapsed, was the referee's verdict in favor of "Young Corbett," of Denver, against Terry McGovern, of Brooklyn, who has held the featherweight championship unchallenged since he won it from George Dixon eight months ago.

"Corbett," who, outside of ring parlance, is known as "Bill," received the letter of the champion in less than two rounds of fighting and he did it so perfectly there is no doubt about it.

The shock to the New York enthusiasts, when the champion was knocked out, was a repetition of the disappointment exhibited by the adherents of John L. Sullivan when Corbett defeated him in New Orleans.

Was Not Fast Enough.

Terry was as fit as the proverbial fiddle but was not fast enough for his man. From the word "Go" the lads went at each other like game cocks, and it looked as if either would go out in the first round. McGovern got the worst of the opening round and in his endeavor to get in, left himself open several times. Corbett just stood off Mac on every lead and the tricky Brooklyn boy went on as if there was nothing to it but the winner's end of the purse.

When Terry was knocked down in the opening round there were cries of "My man!" from his backers, but his wonderful recuperative powers were equal to the occasion and he was on his feet within seven seconds. However, this downfall seemed to take the stamina out of McGovern, but he fought the round in clever style and tried hard to stem the tide of defeat, which seemed to have set against him. He tried his hardest to get up, but he was unable to do so. Corbett at first was reluctant to talk, but finally said:

"I was sure I could beat McGovern, and my opinion was based on what I had seen and heard of him. I felt I had him from the first punch, but I was cooled headed all through. When I began to sting him he lost his head, and when he lost his head it was all over. I had him right there and with a right swinging uppercut I landed the blow which won the battle."

Decision Against Jackson.

Baltimore, Nov. 28.—Joe Walcott got a decision over "Young" Peter Jackson tonight after twenty rounds of fierce fighting, most of which was done by Walcott, Jackson being on the defensive from start to finish.

The Californian took his grueling with remarkable fortitude until the fifteen round when Joe sailed in and, after punching him all over the ring, unintentionally tripped him so that Peter landed on his back near the ropes. The chief of police interfered and ordered the fight stopped, to which Jackson protested so vigorously that the chief relented and permitted the pounding to continue.

Five more rounds of the same kind of work ensued, Walcott doing all the leading and hitting, while Jackson, with the exception of a few feeble returns, did nothing but defend himself and try to keep on his feet.

Ferns Gets Decision.

Detroit, Nov. 28.—Rube Ferns of Buffalo was given a decision over Charlie Thurston of San Francisco after fifteen rounds of fast fighting tonight. Referee Hogan's decision was received with hisses and howls of derision. Joe Cherry of Saginaw got a decision over Tom Cody of Chicago in a ten-round preliminary.

Three Send Challenges.

Chicago, Nov. 28.—Three challenges were sent to "Young Corbett" tonight by Chicago featherweights—Harry Harris, Tommy White and Benny Yanger. Corbett was knocked out by Yanger in eight rounds last winter. A few months later they met and fought ten rounds to a draw.

McClelland Wants a Chance.

Pittsburg, Nov. 28.—Billy Corcoran, manager of Jack McClelland of this city, has posted \$500 forfeit on behalf of McClelland for a side bet of \$1,000, the winner to take all, or any other terms satisfactory to the new champion.

Fast and Scientific.

Govern led again with his right, landing on his opponent's shoulder, and Corbett came back with a hard right over the heart, sending Mac back. The Brooklyn boy retorted with a right and left, only to be met with a swing on the jaw, which sent him on his back. He jumped to his feet immediately and went at his opponent hammer and tongs on chest and face, forcing him to his knees. Corbett got up and the round ended in one of the hottest mixes on record with honors even.

Rushed in With Left.

Second round—McGovern rushed in with a left to body and the men clinched. A rapid exchange of rights and lefts followed. Corbett, on the defensive, met Terry's rushes with straight left jabs. Suddenly he brought up his left, uppercutting McGovern and sending him to the floor. McGovern took five seconds to rise and came back like a wild man with left and right swings. Science was thrown to the winds and the boys began slugging. Mac was very wild and they made a half circle of the ring, fighting in this manner. At this stage it looked like anybody's fight, should one of the victims swing or blow hard.

While Corbett kept his head and seemed to bore in better, his body blows were apparently no stiffer than those of his opponent. However, he kept on forcing McGovern half across the ring and finally Terry forgot his defense. He sim-ilarly made a lunge of blows coming toward him and there was no guarding on his part. Suddenly a right swinging uppercut landed squarely on the point of his jaw and McGovern went down and out. He was not rendered unconscious but it was evident to all that he was done. The championship had taken wings, as he made wild efforts to regain his feet. Referee White called off ten seconds, while McGovern valiantly struggled. Corbett stepped back in obedience to the referee's gesture, although evidently in doubt as to his fallen opponent's condition.

Could Not Renew Battle.

McGovern had given him such a grueling argument he was for a moment dubious as to whether the Brooklyn boy might not be able to come up again and renew the battle. But it was all over, and in a few minutes the new champion was in his dressing room receiving congratulations, while McGovern was wondering how it all happened.

Terry was crestfallen after he returned to his dressing room. He said: "Well, you can't tell how things can be accounted for. I hope to make another match with Corbett and I'm more than confident he will not be able to put it over me again."

Young Corbett at first was reluctant to talk, but finally said: "I was sure I could beat McGovern, and my opinion was based on what I had seen and heard of him. I felt I had him from the first punch, but I was cooled headed all through. When I began to sting him he lost his head, and when he lost his head it was all over. I had him right there and with a right swinging uppercut I landed the blow which won the battle."

Decision Against Jackson.

Baltimore, Nov. 28.—Joe Walcott got a decision over "Young" Peter Jackson tonight after twenty rounds of fierce fighting, most of which was done by Walcott, Jackson being on the defensive from start to finish.

The Californian took his grueling with remarkable fortitude until the fifteen round when Joe sailed in and, after punching him all over the ring, unintentionally tripped him so that Peter landed on his back near the ropes. The chief of police interfered and ordered the fight stopped, to which Jackson protested so vigorously that the chief relented and permitted the pounding to continue.

Five more rounds of the same kind of work ensued, Walcott doing all the leading and hitting, while Jackson, with the exception of a few feeble returns, did nothing but defend himself and try to keep on his feet.

Ferns Gets Decision.

Detroit, Nov. 28.—Rube Ferns of Buffalo was given a decision over Charlie Thurston of San Francisco after fifteen rounds of fast fighting tonight. Referee Hogan's decision was received with hisses and howls of derision. Joe Cherry of Saginaw got a decision over Tom Cody of Chicago in a ten-round preliminary.

Three Send Challenges.

McClelland Wants a Chance.

Pittsburg, Nov. 28.—Billy Corcoran, manager of Jack McClelland of this city, has posted \$500 forfeit on behalf of McClelland for a side bet of \$1,000, the winner to take all, or any other terms satisfactory to the new champion.

Fast and Scientific.

New Orleans, Nov. 28.—Jack Dunlavey of Boston, and Bob Douglas of St. Louis fought ten rounds to a draw tonight. The fight was fast and scientific and neither was able to inflict serious injury.

Declared a Draw.

SCENES OF HORROR

WRECK ON WABASH ROAD A TERRIBLE AFFAIR.

STATEMENT OF AN EYE WITNESS

RESIDENT OF SENECA SAW TRAINS COME TOGETHER.

Still Believed at Least Eighty Lives Were Lost Although Superintendent Burns Thinks Number Is Less.

Detroit, Nov. 28.—When night fell over the scene of yesterday evening's awful calamity on the Wabash railroad near Seneca, Mich., those investigating the disaster had found nothing to alter the estimate of about eighty lives lost as a result of the collision. Superintendent Burns, of the division on which the wreck occurred, insists that the estimate is too high, placing the lost at twenty.

In support of the larger estimate, it is pointed out that there are now fourteen bodies of the division on which the wreck occurred, in addition to the comparatively few fragments recovered and sent to the morgue, those early on the scene say that many more pieces were discovered, which crumbled to powder while being removed.

Number on Train Disputed.

Superintendent Burns said to the Associated Press tonight that he was unable to tell the exact number of Italian immigrants aboard train No. 13, but he thought not more than fifty. The passengers on the train and a number of those early on the scene say the number was nearer eighty. Superintendent Burns has received no report as yet from Ticket Collector Eams of train No. 13, who probably knows, nearer than any one else, the number of Italians in the cars.

Corner Hamilton of Adrian this afternoon impaled a man and will bring an inquest tomorrow morning. The jurors are prominent in business affairs in Adrian. No steps have been taken as yet toward the arrest of Engineer Strong, whom Superintendent Burns says is responsible for the collision and holocaust.

Newspaper men who were at the scene say the official list shows but ten dead and forty-eight wounded and does not bear out the statements made by the survivors nor the evidence of the horrible loss of life they witnessed at the spot.

Many Completely Incinerated.

The Free Press tomorrow will say that the loss of life in round numbers is 100, and statements made by the Italian immigrants in train No. 13 will bear out this claim. These immigrants say there were about 125 of their nationality on the train and only about twenty-five escaped. While there are only ten of them known to be dead, it

is asserted the other ninety were completely incinerated and that with the removal of the wreckage the bodies crumbled to dust, which was scattered by the wind. If the names of those dead are ever known it will be when friends make inquiry for them, and in many instances this seems highly improbable.

A Tribune staff correspondent, writing of the scenes about the wreck, says: "Only one man was found who was an eye witness to the collision. A. W. Ely, seventy years old, residing at Seneca, stood at the depot platform and saw the train go by. He watched the train as she went down the track to destruction. His attention was arrested by the crash. Then a stream of flame and smoke shot 100 feet into the air. Ely hurried to the wreck and was the first outsider on the ground. According to his statement the scene was one of awful horror.

Pulled One Man Out.

"When I got there," he said, "the immigrant cars were already on fire and the shrieks of the burned and injured were terrible. They got hold of one man in a collapsed car and pulled him out. He was horribly crushed and his legs were broken. He died almost as soon as I got him out. Then I went to the burning car and what I saw made me wish I had never gone to the wreck."

"The old man covered his face with his hands and continued: "I don't believe more than fifteen Italians got out of the wrecked cars, for I saw very few. Those who did get out rushed around like crazy men, calling to help for one to get the engine and waiting in their horror. Those poor Italians. Nothing could be done to save them, and we were simply compelled to let them burn."

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure for urethra you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

Northern Growth Fruit Plants. Best varieties. Strawberry plants, 50 cents to \$2.50 per hundred; raspberry plants, \$1.25 to \$2.50. Fruit and ornamental trees, roses, etc. Low prices. Write now. George W. Huber, Nurseryman, Petoskey, Mich. (11-27-11)

Bicycles stored free. Leave your address. R. L. Francis. (11-19-11)

RECOMMENDS IT TO TRAINMEN.

G. H. Hanson, Lima, O., Engineer L. E. & W. R. R. writes: "I have been troubled a great deal with backache. I was induced to try Foley's Kidney Cure, and one bottle entirely relieved me. I gladly recommend it to any one, especially my friends among the train men, who are usually similarly afflicted." The People's Drug Store.

G. R. WATTS, Piano Tuner. Leave orders at G. N. Conklin's, Marquette, County Telephone 15, and E. Girzi's, Ishpeming.

DEER KILL SMALL.

Estimated Only 2,000 Have Been Killed in Minnesota This Season.

Minneapolis, Minn., Nov. 28.—Agent Fullerton estimates that 2,000 deer have been killed in Minnesota this season. He thinks about 200 moose have been killed. The agent accounts for the fact that less deer have been killed this year than during other seasons with two reasons. The first is that there has been no snow in the woods to speak of. The second is that, according to the law passed by the last legislature, all sales have been stopped.

HARRISON LOSES DINNERS.

Chicago Mayor's Son Gives Ducks for Orphan Fund.

Chicago, Nov. 28.—Carter H. Harrison, Jr., having heard appeals to do something for poor little boys and girls who had no fathers to provide turkeys for them, went to the mayor's ice box and took out two choice mallard ducks which the mayor had brought home from Henry, Ill., and was keeping in anticipation of the holiday. The lad took them to the bazaar of St. Vincent's Orphan Asylum and had no trouble in turning them into money which went into the fund.

SPECIAL CHINESE ENVOY.

One Here to Defeat Reenactment of Exclusion Act.

San Francisco, Cal., Nov. 28.—Some excitement has been caused in Chinatown by the arrival on the steamship Doric of a special emissary of the Chinese government in the person of Chen Knai Yut. Apparently Chen Knai Yut's mission to the United States is that of joining the embassy at Washington, but it is rumored that in reality he is here to bring about if possible the defeat of the proposition to reenact the Chinese exclusion act.

His arrival is therefore a matter of more than ordinary import to his fellow-countrymen, not only in San Francisco, but throughout the country.

PROFITS OF STEEL TRUST.

Members of Underwriting Syndicate Receive Checks of J. P. Morgan & Co.

New York, Nov. 28.—Members of the United States Steel underwriting syndicate received their checks of J. P. Morgan & Co., representing the amount originally paid in by them, being 12 1/2 per cent on \$200,000,000, or \$25,000,000. The syndicate of Morgan & Co. retains the profits of the syndicate intact. By the terms of the underwriting agreement the firm had the option to retain the money for two years from last February. The distribution of the principal paid in at this time is possible owing to the great success of the syndicate operations.

The syndicate underwrote \$200,000,000 each of the United States Steel common and preferred stocks. With the use of only \$25,000,000 cash it is understood to have handled this great amount of stock and disposed of nearly all of it at a handsome profit. Never has the syndicate had a loss, for the continued market value of the common and preferred stock of the steel company has never been under \$100. As to the amount of profits, official information cannot be had, but it is understood the syndicate, previously to today's distribution, had on hand about \$60,000,000, or 30 per cent on the total of \$200,000,000 originally subscribed.

As only \$20,000,000, or 12 1/2 per cent.

TO THE MAN WHO THINKS. LOOK yourself squarely in the face and see if you are not half ashamed to be without Ivory Soap in your house. Worse than this, your wife is without it. It is bad enough for a man, though a man often doesn't care how his comfort is mis-spelled. But a woman misses all these little helps to housekeeping. And Ivory Soap is one; its great potency makes it actually cheaper than yellow soap for general work. It floats.

ARRESTED FOR MURDER.

Siox Falls, S. D., Nov. 28.—W. F. Reynolds, traveling representative of a local music house, has been arrested by an officer from Ireton, Ia., charged with the murder of Samuel Croft, a negro clergyman, whose dead body was found Oct. 28 in a corn field near Ireton. Reynolds protested his innocence.

MICE STEAL MONEY.

Currency to Amount of \$643 Taken from Till in Saloon.

Chicago, Nov. 28.—Currency to the amount of \$643 was taken from the till in Stephen Szepietowski's saloon, but on the recovery of the money the pilferers were allowed to go. For a year the saloon man has been missing bills from the cash drawer, but accepted the loss without complaint. On Monday night, however, \$50 in bills was taken, and an investigation was started. Under the ice box was a green ball, which contained \$643. Of this amount \$143 was torn to bits, while the rest was intact. The bills were five mice, which were released. The torn money will be sent to the treasury for redemption.

SPARKS FROM THE WIRES.

Manila, Nov. 28.—The United States Transport Wright was wrecked in the straits of Daran and is probably a total loss.

Yankton, S. D., Nov. 28.—The Union block, the best business block in the city, was burned to the ground this morning. The loss is \$100,000.

St. Joseph, Mo., Nov. 28.—Constable Galt, in a fight with burglar, this morning, was shot and poisoned into insensibility. He cannot recover. The burglars escaped.

Springfield, Ill., Nov. 28.—Frederick Kroll, a prominent realtor and one of the wealthiest land owners in Cass county, died today at Beardstown, aged fifty-two.

Detroit, Nov. 28.—The list of victims of the Penberthy Injio-ter works boiler explosion will probably remain at thirty, two more bodies having been recovered today.

New York, Nov. 28.—The works of the National Enamelling and Stamping company of Brooklyn were entirely destroyed by fire early today and George Koch a watchman, was burned to death. The loss is over half a million.

London, Nov. 28.—According to a Berlin dispatch to the Mail Count Von Buelow, the imperial chamberlain, has succeeded in persuading the Prussian party to shelve its intended Chamberlain interpellation in Reichstag.

New York, Nov. 28.—Fire tonight destroyed the plant of W. E. Uppigrove & Bros., manufacturers of boxes, veneers and fine woodwork; also a number of small buildings. The loss is half a million. Several firemen were injured.

PRESENTS TO CUSTOMERS.

On New Year's day I will give the following prizes to my customers: First prize, a \$10 meerscham pipe; second prize, a \$4.50 amber cigar holder; third prize, box of \$4 cigars; fourth prize, a \$3.75 cigar pipe; fifth prize, a five-pound box of candy, valued at \$3. One ticket free with each ten-cent purchase. (11-15-11) FRED DONCKERS.

When in want of men call up G. L. Perrault's Employment Agency, Laurium, Mich. Phone, 231-2 rings. (11-18-11)

HIGH ART TAXIDERMISTRY.

Correct and life-like attitudes. Deer heads a specialty. Guaranteed moth proof. M. M. Stierle, 301 South Front Street. (10-14-11)

If you would pass smoothly through this world of strife, insure your wife in the Aetna Life. (11-25-11)

I will store your bicycle free of charge for the winter months. Leave your address at the shop. R. L. Francis.

W. J. Shively, Batesville, O., speaking of Banner Salvage, says: "I used it for piles, and it has done me more good than any salve I have ever used, and I have tried a great many kinds." The People's Drug Store.

BIG TIDAL WAVE.

London, Nov. 28.—A remarkable tidal wave, accompanied by strong winds, has done much damage along the eastern coast of England from Norfolk to Kent. Rivers overflowed the banks, dams and sea walls were invaded and miles of country has been submerged.

HURT IN FOOTBALL GAME.

Hot Springs, Ark., Nov. 28.—As a result of injuries received in a football game this afternoon C. O. Steele has both arms and both legs paralyzed. Stone, another player, had two ribs fractured during the game.

TWO WERE CREMATED.

Guthrie, O. T., Nov. 28.—Herbert and Howard Gillman, aged two and four years, sons of Tilden Gillman, were burned to death in a stable at Shawnee this morning. The fire was started by the boys.

G. M. PULLMAN DEAD.

San Francisco, Nov. 28.—Geo. M. Pullman, son of the late millionaire car builder, died in San Mateo this morning, aged twenty-six. He was ill for several weeks with pneumonia.

TODAY'S WEATHER.

Washington, Nov. 28.—The following is the weather bureau's forecast for Upper Michigan: Cloudy Friday and Saturday with snow along the north shore, fresh westerly winds.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale at the Stafford Drug Co.

The new policy of the Aetna Life is a winner. Don't fail to see the agent and get full particulars. F. H. Vandenberg, Savings Bank building. (11-25-11)

OLD BROCTON WINE.

For further particulars inquire by letter or in person at the office of the company at Chassell. 11-29-11

JACOB ROSE.

Buy Your Christmas Presents Early

is good advice. You not only avoid the crowds, but you can be more deliberate in your choosing and have the advantage of selecting from a complete stock. Our holiday assortment of merchandise is at its best and many of the more exclusive novelties will be sold very early this year as Christmas shopping has already begun. Whatever you buy here, you can depend upon it that our prices are absolutely the lowest.

Smoking Jacks, Dress Gowns.

As holiday gifts for men, few things are more appropriate or acceptable than a comfortable Smoking Jacket or a soft luxurious Bath Robe. Anticipating an unusual Christmas demand we are showing very exclusive assortments of handsome effects in rich fabrics finely trimmed.

SMOKING JACKETS from \$5 to \$14. BATH ROBES from \$3.50 to \$7.50

Handsomeness New Neckwear.

Europe and America have yielded their choicest productions to our very extensive display of Holiday Neckwear. More characteristic styles, more real art and rich blendings of pretty colors enter into our showing of this season's novelties than ever before and we claim without hesitation that this section in our store contains as much of a collection of exclusive styles as shown by any first-class store in the large cities.

IMPERIALS, PUFFS, FOUR-IN-HANDS AND TECKS AT 50c, 75c AND \$1.00. Better Grades at \$1.25, \$1.50, \$2, \$2.50.

Kid Gloves and Fur Gauntlets.

Our Glove superiority is the result of our being able to offer you exclusive makes confined to us alone for Marquette. Dents' Christmas demand we are showing very exclusive assortments of handsome effects in rich fabrics finely trimmed.

Men's, Women's and Children's FINE FOOTWEAR. 304 Front Street.

Umbrellas, Handkerchiefs, Suspenders, etc.

A visit to the several sections in our store stocked with large assortments of Handkerchiefs, Umbrellas or Suspenders can not fail to suggest many appropriate and useful Holiday Gifts. Our resources are exceptionally complete, many tasteful and new things are shown and the values given are liberal—prices the very lowest.

Men's and Boy's Clothing. Furnishings, Hats. 306 Front Street.

All Good

All doctors are good, but only the best can cure the hardest cases. Just so with cough medicines. All are good, but only the best can cure the hardest coughs. Buy the kind the doctors prescribe—Ayer's Cherry Pectoral.

"For three winters I had a very bad cough. I then tried Ayer's Cherry Pectoral. In a short time I ceased coughing, and soon was entirely cured." Mrs. Pearl Hyde, Guthrie Center, Ia. 25c. Etc. \$1.50. J. C. AYER CO., Lowell, Mass.

Ishpeeming and its Environs.

(Additional Ishpeeming on Page 2.)

WAS LARGELY ATTENDED.

Firemen's Annual Ball Wednesday Night Proved a Great Success.

The eleventh annual ball of the Ishpeeming fire department at the Anderson hall Wednesday night was attended by nearly one hundred and fifty couples. Had it not been for the large crowd that went down to the Brotherhood of Railway Conductors' hall at Escanaba the hall would not have been large enough to accommodate all who would have taken in the firemen's party. As it was, there were not too many to move around the room comfortably. Dancing was started at 9 o'clock and at 4 yesterday morning nearly all the dancers were still present. Very few went home until after the last waltz had been played. There were several over from Negaunee and a few were also present from other neighboring places.

The hall was very prettily decorated in red, with a beautiful American flag above the platform. The music furnished by the complete City band orchestra was very favorably commented on by the dancers. Many times during the evening the musicians were forced to repeat some of their two-steps and waltzes.

The feature of the evening was the firemen's dance, which was prompted by Peter Fitzpatrick, who did his first prompting in Ishpeeming in 1871, two years before the incorporation of the city. For the past twenty years or more Mr. Fitzpatrick has directed this old-time, but popular, dance, at the firemen's parties. He comes out at the request of the firemen, who never fail to extend him a special "bid" to be on hand. Although Mr. Fitzpatrick quit prompting some twelve or thirteen years ago, he can still give many of the men now in the business pointers in that line of work. The veteran prompter "called" for his first public party during the winter of 1871 at the hall on the third story of the Barnum house.

Dances were held at regular intervals at the hotel until the structure burned down. In those days the young men who attended parties and many times danced to the calls of "P. F." were W. H. Hood, Ed Nelson, Ole Walseth, Fred Braastad, Captain W. E. Dickinson and many other pioneers and residents of the city. The quadrille was then the popular dance, but nowadays the two-step and waltz are all the go. During the years Mr. Fitzpatrick did prompting for dances he was in great vogue, and he frequently received invitations to prompt for big parties at Green Bay, Escanaba and other cities down the line.

The supper served Wednesday night at the Nelson House caught the fancy of the firemen and their guests. The table was laden with good things and the service was excellent. The dining room was decorated in red.

A NEW REPORTER.

Beginning with the first of the coming month, Mr. Robert H. Wright, who is well known to the people of the peninsula as the "Pete Pareau" of the Mining News, which he formerly owned and published, will take charge of the reportorial work at Ishpeeming and Negaunee for The Daily Mining Journal. Of late Mr. Wright has been publishing the Lake Superior Pilot at Marquette. He has decided to suspend publication of that paper for the present, being convinced that the field is abundantly occupied for the present, and will enter the service of the Mining Journal. The publishers ask for him the cordial co-operation and assistance of the people of the sister cities up the road in making the departments under his charge newsy and interesting. Mr. Ed C. Barber will continue to have charge of the business end of the paper in these cities and the western end of the county. He and Mr. Wright constitute a strong team for the purpose of making the paper valuable to its patrons in that part of its field, and the publishers expect to have their combined work render it even more popular than it ever before has been in the territory entrusted to them.

FUN AT TURKEY SHOOT.

A large number of the local marksmen attended the turkey shoot yesterday between this city and Negaunee a little west of the Union park. Nearly every man who competed for the turkeys used his own gun and there was some pretty good shooting, but only the best marksmen got prizes. The day was in favor of the parties managing the affair, as it was quite dark. The turkey target was three hundred yards from the shooting stand.

ASTOUNDING DISCOVERY.

Seymour Webb, Meira, N. A., writes: "I had been troubled with my kidneys for twenty-five years and had tried several physicians but received no relief until I bought a bottle of Foley's Kidney Cure. After using two bottles I was absolutely cured. I earnestly recommend Foley's Kidney Cure." Take one bottle of Foley's. The People's Drug Store.

WORK OF A FIRE-BUG.

Big Hay Barn at Champion Destroyed With Its Contents.

The big hay barn of the Champion Iron Mining company at Champion was destroyed by fire last evening. It was the work of an incendiary. The fire was noticed about 7 o'clock, and although a bucket brigade was soon hard at work all efforts to quench the flames were futile. There are houses in the immediate neighborhood, but they were at no time in danger, as careful watch was kept by the hundreds of men at the scene that the blaze did not spread. There were about eighty tons of hay in the burned structure, and for over two hours the flames had their own way. The barn was about 100 feet long by thirty wide. It had previously been on fire three or four times, but the blaze had always been discovered in time. Last night's fire caused considerable excitement.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form an adjunct of mighty power to the average woman. Even that greatest of jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, she let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boecche's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at The Stafford Drug Company. Get Green's Special Almanac.

ISHPEMING IN BRIEF.

Miss Mammie Fitzgerald of Marquette visited Miss Lizzie Malloy here yesterday.

Leo A. Proulx came down from Ontonagon and spent Thanksgiving with his folks here.

Mill Monjeau returned from the woods north of the city early in the week with a fine deer carcass.

F. W. Read and family came up from Marquette and spent Thanksgiving with R. P. Bronson and family.

F. H. Gooding and wife of Marquette took their Thanksgiving dinner with John L. Bradford and family.

Charles Cummings and family of Marquette spent yesterday in the city, the guests of Leroy Christian and wife.

Miss Winnie Matthews is spending her vacation with relatives at Iron Mountain and other places on the Menominee range.

Miss Mary Ames, who took a position in the Singer Sewing Machine company's office at Calumet a few months ago, is down from there on a week's visit to friends.

The pupils of the Division street school will unite in giving a concert at the high school auditorium sometime in January. The proceeds will be used for school purposes.

Returns from the football games in Chicago yesterday were eagerly awaited by lovers of the sport here. About the time the returns were due to arrive a number congregated about the telegraph offices to hear the scores.

The "Peerless" football team added another victory to its long list yesterday. The youngsters defeated the Nebraska eleven, the score being 23 to 0. A whole lot of noise was made by the players, but the battle ended without bloodshed.

A couple of young men of Negaunee who attended the Brotherhood hall at Escanaba Wednesday night were asleep when the train arrived at their town on the return trip yesterday morning, and they were carried through to Ishpeeming. The last seen of them in this city was when they turned the curve above Third street on their tramp home. It is needless to say they didn't enjoy the walk a little bit after spending the night in the ball room.

The Ladies' Auxiliary of the Ancient Order of Hibernians has donated a combination book case and writing desk, also a rocker, to St. John's church, to be disposed of during the fair next month. The book case is worth \$20 and the rocker \$12. Both articles will be disposed of by chance at a certain price per ticket. The tickets will be offered for sale at a near date by young ladies of the congregation. The goods can be seen in William Leininger's window on Main street.

CARD OF THANKS.

I wish to express my heartfelt thanks to all kind friends who extended to me their sympathy and assistance during my bereavement. I thank above all the men and women identified with the French societies of the city for their kind, sympathetic and charitable actions; also the officials of the Oliver Iron company, who did so much in the recovery of the body, thus making it possible to have my late husband buried with all the honors the holy mother church gives to her departed children.

MRS. A. RIBERDI.

FURS.

A. W. Reekmeyer & Co., the reliable Detroit furriers, are being represented by Miss L. Leary at the Nelson House at Ishpeeming today. (11-26-11)

We have just added a complete line of skirts and other things suited for a holiday gift. We was sure please you as to price, quality, etc. Finnish Mercantile Association. (10-25-11)

FOR HOARSENESS.

Benj. Ingerson, of Hutton, Ind., says he had not spoken a word above a whisper for months, and one bottle of Foley's Honey and Tar restored his voice. Be contented with Foley's. The People's Drug Store.

Upper Peninsula.

The fact that the pet deer of Mrs. Siström, residing at the Mansfield mine, near Crystal Falls, had a bell around its neck has not saved it from a hunter's bullet. The animal strayed away at night and the next morning was seen and shot. The mired is known but has turned up missing, having skipped out of the country on hearing the sheriff was after him for killing a deer without a license.

Mrs. George Tracy of Munising had a close call from a frightful accident the other day. She was putting some wood in an air tight heater and had her arm inside the stove when the blaze reached her sleeve, and quickly enveloped the upper part of her dress. Instantly realizing her danger she threw herself upon the bed and her brother John, who had just returned home, wrapped the bed clothes about her and smothered the flames.

John Cote of Baraga recently bagged a deer in about the easiest manner that could be thought of. Having occasion to go to L'Anse, four miles distant, on business he took his gun along. While returning home, a fine buck appeared in the road in front of the horse. Mr. Cote, sitting in his buggy, killed the animal with one shot. He dressed his game, loaded it into the vehicle and drove home, being detained but fifteen minutes.

Fifty deer carcasses have been seized at Floodwood by Game Warden Hodgson. This was not done because of charges of violation of the game laws, but owing to the fact the venison had been exposed to small-pox. The station agent, some days ago was found to be ill with the disease, and the depot and the town were placed under strict quarantine, trains not even being permitted to stop. The deer were brought in by hunters unaware of the outbreak of the disease and who wished to ship the game.

An attempt was made to wreck a Northwestern passenger train between Talbot and Daguer the other day. Stones were placed on the track in two different places. A morning passenger train swept through these and fortunately was not derailed. The engineer considered it almost miraculous that the train was not wrecked. A stranger who had been put off the train the day previous at Nadeau, was arrested and taken to Escanaba. When put off the train at Nadeau he was heard to make threats against the company.

It is not generally known, but it is a fact that the state fish hatchery at the Soo is not excited by any institution of the kind in the country. The plant also is unique in that it is the only one in the United States that is equipped to hatch every variety of fish that are propagated for the fresh waters of the country. At the plant there are at present in process of hatching 3,000,000 lake trout eggs, and 2,000,000 more are expected within a few days. These eggs are shipped from various parts of the state by the United States fish commission, and the fry are to be planted in the waters of other states. A small proportion of the eggs die in the hatching troughs, and these must be picked out by hand. In this work girls are this season employed for the first time and they are proving themselves more rapid and careful than the men. The hatchery has so far this fall received only lake trout eggs, but other varieties will shortly begin to arrive from the spawning grounds.

JUMPED ON A TEN PENNY NAIL.

The little daughter of Mr. J. N. Powell jumped on an inverted rack made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment. For sale by the Stafford Drug Co.

Lower Michigan.

Huron county farmers who raised chicory this season for the Bad Axe plant are so well satisfied with the returns that they are contracting for largely increased acreage next year, and the factory will have to be enlarged in order to take care of the larger crop expected.

Hundreds of farmers in Tuscola county are using the pulp from the Caro sugar factory as a feed for cows, and report very satisfactory results from the practice. Some of the farmers are even building silos for the storage of the pulp so that they can continue feeding it after the campaign at the factory is finished.

If the farmers about Richmond will contract to raise 300 acres of flax, the company which operates a number of flax mills in Saultes and St. Clair counties will establish such a mill in the village. No bonus is asked, the pledging of the acreage being the only requisite for the securing of the industry.

Plymouth's council is camping on the trail of the Pere Marquette railway because of the practice of the freight crews of that road in habitually obstructing the street crossings longer than the law permits. Residents are frequently complaining and the council is going to officially authorize the marshal to promptly arrest the offenders.

Solon Goode, editor of the American Farmer, of Indianapolis, Ind., is in Battle Creek and is organizing a stock company to bring his paper to that city. A number of prominent citizens are interested. The paper has 100,000 circulation.

Elizabeth, the infant daughter of Mr. and Mrs. P. B. Harding of Ann Arbor, is a remarkable child. She is about 1 year old. On the 13th of October the little one unfortunately broke her leg when she was just learning to walk. During the time she was laid up she never complained, endearing herself to

INCUBATOR BABIES.

A Curiosity of Advanced Civilization.

Among barbarous peoples it is the common custom to destroy the weakling child. Even among some civilized people as in China and India the same practice obtains to a greater or less degree.

number of children are born too weak to make an effectual struggle for life, and that many mothers are unable to nourish the children born to them.

MATERNAL LOVE HELPLESS. Maternal love is helpless in such circumstances. The woman who would drain her heart dry to give her child strength can only sit in impotent helplessness and watch the little flower fade.

IT WAS A GOOD GAME. BIG CROWD TO ESCANABA.

Escanaba Mirror Says Negaunee-Gladstone Contest Was Best of Season.

The following account of the football game between the Negaunee and Gladstone city teams played last Saturday afternoon at Gladstone, will be read with interest by enthusiasts of the game here.

"In one of the best games ever played on the Gladstone gridiron, the local team defeated the Negaunee team by a score of 25 to 0. Gladstone's offensive work has been greatly improved and was at least fifty per cent better than last Saturday, when Escanaba was played.

TO THE PUBLIC.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better.

LOCAL LACONICS.

John D. Campbell came up from Chicago to spend Thanksgiving with his family here.

Not a few Negaunee people spent Thanksgiving in the city. Marquette caught more here than any other place in the county.

The church dinners and suppers served yesterday were very liberally patronized. The ladies in charge of them put in many hours of hard work.

A number of the young people of Negaunee took in the annual ball of the Ishpeming fire department Wednesday night. The party is said to have been one of the best of the Ishpeming firemen have ever given.

All the merchandise stores of Negaunee were closed yesterday. The employees spent the day in different ways.

A number of the merchants report that not a few Negaunee people are already making their holiday purchases. The wise ones will get around and make their selections early before the stocks are broken, though a big rush of business is counted on during the latter part of December.

A representative of a golf supply house spent Wednesday afternoon and evening at Perkins' drug store. He had a large assortment of supplies and it is said that a number of the golfers of Negaunee ordered new outfits from him to be delivered early in the spring.

The contest was a narrow one to start to finish and those turned out to see it and there was a good crowd of this city acted as referee and his work was perfectly satisfactory to the Champion team.

The boys returned home last evening feeling very well pleased with the treatment they received at the hands of the Champion players and others there.

Ten thousand demons gnawing away at one's vitals could be more worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

Today take Foley's Honey and Tar. It positively prevents pneumonia, or other serious results from colds. It may be too late tomorrow. The People's Drug Store.

For the above occasion the D. S. S. & A. R'y. will sell tickets to Chicago, Ill., and return at rate of single fare plus \$2.00 for the round trip.

TO FIGHT SMALLPOX

COUNTY BOARD TAKES COGNIZANCE OF NEED FOR WAR.

DISEASE IS GRADUALLY SPREADING

MANY CASES OF MILD TYPE IN THE PENINSULA.

Committee of Supervisors Is Appointed to Devise Means of Curbing the Pest and of Caring for Any Patients Found.

The county board has taken cognizance of the fact that smallpox is hovering near at home—in fact, that it has already appeared in the extreme southern end of the county—and that there is danger of an epidemic of the disease this winter.

At the monthly meeting held here on Wednesday, the attention of the supervisors was called to the necessity of precautions to guard against an extensive spread of the pest. The importance of the establishment of an isolation hospital was brought to notice and appeared to be received with favor. In this connection, however, a protest was entered by one of the members against the running up of alleged extra expenses in the care of patients, it being his opinion that much that the county paid for last season could just as well be cut out.

Trains May Be Searched. As to the measures to be taken to guard against the inroads of small-pox, this was a matter talked over in a general way. One suggestion made was that the trains be inspected at either end of the county, and that any passenger found with symptoms of the disease should be forthwith hustled away to a place where he could not give the contagion to others. The result of the deliberations was that a committee was appointed to consider the best means of preventing the spread of small-pox and other infectious diseases, to recommend measures for the care of the patients and to report at the next meeting of the supervisors. The committee consists of Messrs. Trebilcock, Morgan and Ewing.

At Northland, in Forsyth township, two more cases of the disease have been found at the logging camp at which was employed the man The Mining Journal recently mentioned as having come down with small-pox. The camp, which is one belonging to the Ford River Lumber company, is located very close to the Delta county border and near the line of the Escanaba & Lake Superior railroad. The two new cases have been quarantined at the camp by Dr. Nelson, city health officer of Escanaba, who was called to the scene; the other men have been vaccinated, and a number of blank

ets have been burned. The Escanaba official is very active in his efforts to prevent a serious epidemic and is devoting a good share of his time to investigating suspicious cases.

Dr Wells' Dire Prediction. It has all along been feared that as the colder weather came on, small-pox, held in check during the summer, would become epidemic, and judging from the upper peninsula press reports there is need for a speedy application of the principle that "an ounce of prevention is worth a pound of cure."

President Wells, of the state board of health, some days since made the prediction that Michigan will this winter experience the greatest epidemic of small-pox in its history, while already many cases have developed in various counties, in the upper as well as in the lower peninsula. A favorable feature of the situation, however, is the fact that in practically every instance the patients are afflicted with a mild form of the contagion, but as the lumber operations become more active as the freezing weather grows on, there is danger in the disease not only becoming widespread but of a more violent type as well. Lumber camps are a prolific source for the outbreak of small-pox and should be carefully watched.

As far as Marquette county is concerned, while there are likely to be a few straggling cases to develop, there is still time to head off any serious tussle with the disease. An energetic campaign with every health officer taking part, would work wonders in accomplishing the objects sought. Modern sanitary methods have developed such strength that physicians armed with them are able to meet any enemy on a fair field and fight him to a standstill. They must be backed, however, by intelligent and strenuous activity on the part of the proper officials, and this the supervisors will undoubtedly give.

Long String of Cases. Small-pox so far this season has gained a foothold in half a dozen counties of the upper peninsula. In Dickinson, cases have developed at Sagola, Metropolitan and Floodwood, while in Houghton there has been quite an extensive outbreak, notably at Svedetown, a mining location at Calumet. To the east, in Schoolcraft county, several cases have been found at Grand Marais, while Delta county is having a lively struggle to keep down the pest. A couple of men ill with the disease have been taken to the pest house from Escanaba, and on a farm near Gladstone a child was discovered to be down with small-pox. Across the bay from Escanaba, in Bay de Noc township, there are over a dozen cases in an Indian settlement with more in prospect, since before the physicians were notified no precautions had been taken to guard against a spread. It is at this settlement, too, that the first death from small-pox has been reported. The victim was a woman named Lena, aged sixty-eight. She died early this week.

As Theobald, proprietor of the Superior street grocery, has a full line of staple groceries. Telephone for prices on hay and wood. Bell phone 840. (11-29-1d)

Don't fail to see the new policy of the Aetna Life this week. (11-25-1w)

SANDS TAXES STAND.

Supervisors Decline to Reconsider Equalization of the Township.

The county board of supervisors is opposed to any further review of the equalization of the various townships and cities recently made by the committee having that matter in charge and whose report was accepted, and is apparently firm in its position to let the taxes assessed on that basis stand. At the meeting held here Wednesday, Supervisor B. J. Goodman made an ineffectual plea for Sands township. The board was asked to reconsider its action taken in the matter of the equalization of Sands for state and county purposes. The supervisor stated that the assessed valuation of the lands in the township—\$38,420—is its full cash value. At least three-quarters of the lands, he asserted, are pine plains and absolutely worthless for any purpose. There is no pine, and but little other timber of value, while not fifteen hundred acres all told are good farming land.

It was further asserted by Mr. Goodman that the lands belonging to the United States, and also the state school lands, aggregating in all 10,200 acres, had been assessed with the rest, despite that no taxes can be levied against them. "Your honorable body," said the supervisor, "without being fully advised of the facts, equalized the said township by doubling the value of the real estate, making it out of proportion to the lands in the rest of the county and imposing a hardship upon the tax-payers of the township."

Accordingly, it was asked by Mr. Goodman that a rebate of \$385 be made—\$225 on the county tax and \$160 on the state. The request, however, after some discussion, was laid on the table, the opinion apparently being that action as petitioned would establish a bad precedent.

"BARABARA FRIETCHIE."

During the long run of "Barbara Frietchie" in New York, the audiences found many an opportunity to let loose their enthusiasm in the big and stirring scenes in which the play abounds. When the great play is presented here next Tuesday evening the management promises the same elaborateness of scenic production that has marked its success elsewhere, and enhanced the value of the play's exciting episodes. This is especially notable in the scene of the last act which represents the incident around which Whittier wrote his famous poem entitled "Barbara Frietchie."

It shows "Stonewall" Jackson's men in front of the Frietchie cottage and Barbara, who has been converted into a young woman by the author of the play, waving the Stars and Stripes in open defiance of the multitude. The denouement of this scene is exceedingly impressive and will not be told here lest by doing so those who have not seen the play may be despoiled of its charm ere they see it. It is said to arouse audiences to the highest tension of suspense. The role of Barbara will be played by Frances Gant, a young actress who has long been connected with Mr. Frohman's plays.

Fine select oysters, at Heppner's delivered at any hour of the day. (11-19-1f)

FOR HUDSON VICTIMS.

Beach Up the Lake Shore May Be Thoroughly Searched.

There is a prospect that the shore of the lake from Big Bay to Huron bay, a distance of about forty-five miles, will be systematically searched for some trace of the missing victims of the steamer Hudson disaster. Coroner Cray is in receipt of a communication from General Manager Douglass, of the Western Transit line, enquiring as to the advisability of the search and also requesting an estimate of the cost. The coroner has replied that—in view of the finding of wreckage from the Hudson and also of a body believed to have been the remains of one of the steamer's victims—in his opinion it might be well to have a party go over the beach. At any rate, unless a search is made now before the winter storms come on what is on the shore in the line of Hudson wreckage will probably never be ascertained. The territory in that section is practically a wilderness.

VALUABLE CARGO.

Steamer Flagg, Here Yesterday, Has \$1,000,000 of Copper Aboard.

The Hanna steamer Flagg, which put into port Wednesday night and cleared at noon yesterday with its tow, the big schooner Warriner, loaded with ore at the South Shore docks, has on board an extremely valuable cargo. It consists of nearly a million dollars' worth of mineral shipped from the Calumet & Hecla works at Lake Linden to the company's smelters at Black Rock, near Buffalo. It is the last trip of the Flagg for the season. The steamer was launched at the shipyards at the head of the lake in the early part of the past summer and her first season's work has proven very satisfactory. In all the Flagg made eleven round trips between Lake Linden and Buffalo, each time bringing to that port an average of over 4,000 tons of coal and returning to Buffalo with a full cargo of mineral. Not a single serious accident has been experienced.
