IN FAVOR OF TREATY SENATE FOREIGN COMMITTEE INDORESSES CONVENTION. FOR CONSTRUCTION OF CANAL RESOLUTION AUTHORIZING PURCHASE OF DANISH ISLANDS.

Bill Introduced to Pension Mrs. McKinley at Rate of \$5,000 a Year Beginning at Date of Death of Late President.

Washington, Dec. 5.—The senate committee on foreign relations today voted to report favorably on the new Hay-Pauncefote treaty providing for the construction of the isthmian canal.

Appointments of Committees. Speaker Henderson announced the appointment of the following committees: Ways and means—Payne of New York; Dabell of Pennsylvania; Hopkins of Illinois; Grosvenor of Ohio; Russell of Connecticut; Steele of Indiana; Tawney of Minnesota; McCall of Massachusetts; Long of Kansas; Babcock of Wisconsin; Metcalfe of California; Richardson of Tennessee; Robertson of Louisiana; Swanson of Virginia; McClellan of New York; Newlands of Nevada; Cooper of Texas.

Appropriations—Cannon of Illinois; Bingham of Pennsylvania; Henshaw of Indiana; Barney of Wisconsin; Moody of Massachusetts; Van Voorhis of Ohio; McCleary of Minnesota; Littaur of New York; Brownlow of Tennessee; Bardner of Michigan; Burkett of Nebraska; Livingston of Georgia; McRae of Arkansas; Bell of Colorado; Pierce of Tennessee; Benton of Missouri; Taylor of Alabama.

Enrolled bills—Wachter of Maryland; Ball of Delaware; Burk of Pennsylvania; Currier of New Hampshire; Lloyd of Missouri; Edwards of Montana.

At 12:06 the house adjourned until Tuesday. Representative Gardner of New Jersey introduced a joint resolution, authorizing the state department to purchase the Danish West Indies, and appropriate not exceeding \$4,000,000 for that purpose.

Other Bills Presented. Among other bills were those of Representatives Crumpacker of Indiana, for an amendment to the apportionment act so the membership of the house may be 372, based on the vote cast instead of the population; reducing the representation in the southern states and making an increase in the northern states; Taylor of Ohio, to pension Mrs. McKinley at the rate of \$5,000 a year, beginning Sept. 14, 1901, the date of the death of the late president; Brownlow of Tennessee for the creation of a park in the southern Appalachian mountains, providing that the park shall be called McKinley National Park, and shall contain four million acres.

The senate committee on judiciary today authorized the favorable report upon the nomination of Hon. P. C. Knox to be attorney general. Opposition to the confirmation was made by the anti-trust league, which has filed a protest with the committee, in which special complaint is made that Knox failed to bring certain suits against corporations said to be trusts, which he urged by league institute.

FORCED HER TO STEAL. Kansas City Man Induces Sweetheart to Take Money from Mother.

Kansas City, Dec. 6.—Walter Cavanaugh, who forced his sweetheart, Daisy Wheeler, aged seventeen, to steal \$1,200 in pension money from her widowed mother and flee with him to Chicago, was found guilty here today and given five years in the penitentiary.

In Chicago Cavanaugh was robbed of the money and later the couple was arrested there. The girl was given a reform school sentence but was pardoned.

DEWEY DENIES REPORT. Says Court Has Not Reached Decision in Schley Case.

New York, Saturday, Dec. 7.—The World this morning publishes a dispatch from Washington saying that Admiral Dewey has denied the statements published yesterday that the Schley court of inquiry had reached a decision in the case, and that Admiral Schley had been found guilty on five counts.

CHAFFEE'S FIRST REPORT. Military Governor Sums Up Situation in the Philippines.

Washington, Dec. 6.—The war department today made public the first annual report of Major General Chaffee, military governor of the Philippines. He sums up the situation from a military point of view by stating that the provinces of Batangas and Laguna, in Luzon, and the islands of Samar, Mindoro, Cebu and Bohol, constitute the area now disturbed by any embodied force of insurgents.

He says that to the physical character of the country, the nature of the part of the rebels, who are amiable and foe in the selfsame hour, to the humanity of the troops, which is taken advantage of by the rebels and inhabitants who sympathize with them, and to the fear of assassination on the part of the friendly disposed, if they give information to the American forces, is due the prolongation of guerrilla warfare.

General Chaffee recommends that there be no further material reduction of troops before January, 1903. A table is submitted, showing that since June 1 last, the date of the last battle submitted to General MacArthur up to Sept. 15, 261 Filipino officers and 3,678 men surrendered to the American military, and twenty-six officers and 291 men were captured.

EXPERT WITNESS CALLED. Dr. Carr Testifies as to Position of Ayres and Mrs. Bonine.

Washington, Dec. 6.—During the examination of Dr. W. P. Carr, who was called as an expert witness today in the case of Mrs. Bonine, counsel asked him to give an opinion as to the relative positions of Mrs. Bonine and Ayres when the shots were fired. District Attorney Gould objected.

The court held the question could be asked as to the effect of the firing produced by the pistol at a certain distance from the object, and also within what distance the person using the weapon might have stood in order to inflict wounds such as were found upon Ayres' body.

The witness answered that from the nature of the wounds on Ayres' body the pistol could not have been held at a distance greater than twenty-four to eighteen inches from the body.

HANGED IN ARKANSAS. Death Meted Out to Convict Who Killed Guard.

Little Rock, Ark., Dec. 6.—Bud Wilson, the convict who killed R. H. Naylor, a guard of the Yell county convict camp last September, was hanged today at Danville.

The trap was sprung at 9:45 and at 10:05 the body was lowered into the coffin. Before the lid was placed upon the coffin the body began moving about. Wilson opened his eyes and his whole frame shook with tremors. He was taken from the coffin and carried to the steps of the scaffold for the purpose of hanging him again.

When the platform was reached the body became rigid and remained so for a moment and then became limp. The physicians finally pronounced him dead, death being caused by strangulation.

ENGINE TURNED OVER. Passenger Train Is Wrecked on Oregon Railway in Oregon.

Portland, Dec. 6.—An east-bound passenger train on the Oregon railway was wrecked twelve miles east of The Dalles this afternoon. The engine turned completely over and the mail car, composite sleeper and diner left the track. The other cars remained on the track.

Engineer Cavanaugh was badly scalded and internally injured. Fireman Crane was seriously injured. None of the passengers were injured.

WAR NOT DESIRED. TARIFF DEBATE IS CONTINUED IN BERLIN. UNITED STATES REFERRED TO GERMANY DOES NOT NEED FOREIGN COUNTRIES.

One Speaker Says History of German Differences With the United States Is One Chain of Humiliation.

Berlin, Dec. 6.—The United States was again frequently referred to during the tariff debate in the reichstag today, Herr Speck (Centrist) said: "We are asked what shall Germany do without American cotton? I ask what will the United States do with its cotton? Without an American market we have no more interest in American friendship than America has in ours. I am far removed from declaring a tariff war with the United States but we must preserve our self-respect. We do not need foreign countries. We shall stand the damages if no commercial treaties are made with the United States."

Budget Bill Submitted. (Herr) Ze Herrnschel (National liberal) also devoted a paragraph to the United States. He said: "The history of our differences with the United States is one chain of humiliation."

The budget bill was submitted to the reichstag today. The estimates for the revenues and the expenditure balance was 2,349,742,456 marks. The imperial chancellor is authorized to borrow 182,089,945 marks for meeting the various items of non-recurring and extraordinary expenditures.

The revenues side of the account includes a supplementary loan of 35,000,000 marks, accompanied by an explanatory statement of notes of considerable deficit, and says that owing to the financial position of the individual states of the empire it is impossible to have recourse to matricular contributions to cover the 58,900,000 marks required. Therefore, it is deemed advisable to provide only 24,000,000 marks by an increase of matricular contributions, and furnish the remainder out of the above named loan.

Concerning Anarchy. The reports of the proceedings in the United States senate concerning anarchy are printed here and are attracting much attention. Newspapers express the hope that the anarchists' breeding grounds in the United States will be closed to European fugitives, thus materially aiding the efforts of the continental police.

TWO CRUSHED TO DEATH. Pacific Freight Engine Rolls Down 300-Foot Embankment.

Vancouver, B. C., Dec. 6.—Early this morning a Pacific freight train, rounding a curve above Fraser river, suddenly came upon a rock slide. Engineer Randall gave a signal, the engine was reversed, and though going scarcely five miles an hour the heavy train behind piled the engine on the rocks, and before the engineer and fireman could jump the engine rolled over 300 feet down a sheer bluff toward the river. Engineer Randall and Fireman Protrul were crushed to death. Three cars were wrecked, going over the bank after the engine.

TRIED TO SAVE CHILD. Pittsburg Woman Loses Life in Endeavor to Rescue Offspring.

Pittsburg, Dec. 6.—In a fire this morning which destroyed the home of Samuel Klee at Carnegie, Mrs. Sarah Klee lost her life in an endeavor to save her youngest daughter, who was also burned to death. Klee, who was severely hurt, dumped the other six children from the second story window and all were injured. The fire spread so rapidly after the discovery that the only possible way of saving the lives of the family was the one adopted by Klee. The residence was totally destroyed.

MAY BE SURRENDERED. Brigands May Give Up Miss Stone and Madame Tsilka.

London, Saturday, Dec. 7.—A dispatch to the Telegraph from Sofia says that the surrender at Salonica of Miss Stone and Mme. Tsilka is impending. Washington, Dec. 6.—Secretary Hay received a cablegram today from S. A. Eddy, charge d'affaires at Constantinople, saying he just learned from the Salonica agent, whom he sent out, had returned and reports that both Miss Stone and Madame Tsilka were alive and well.

HELD FOR MURDER. New York, Dec. 6.—Judge Newburger in the court of general sessions this afternoon denied the motion to dismiss the indictment for murder against Roland B. Molineux. The motion was to quash the indictment, or as an alternative, for leave to inspect the minutes of the grand jury. Both applications were denied.

MURDERER IS HANGED. Lake City, Fla., Dec. 6.—Thomas J. Hampton, colored, who committed a double murder at Fort White nine years ago, was hanged here today for the crime. In a statement just before the execution he confessed to five murders.

FEDERATION OF LABOR. Subject of Immigration Is Discussed by Edward F. McShweeney.

Scranton, Pa., Dec. 6.—The convention of the American Federation of Labor disposed of considerable routine business today. Two sessions were held. There was a full attendance of delegates and the business transacted was almost without a hitch or much discussion.

The overshadowing feature of the day was an able address by Edward F. McShweeney, deputy commissioner of immigration at New York, on the subject of immigration. He spoke for more than an hour and was generously applauded for the great amount of information he gave the delegates.

During the course of the day eighty-eight resolutions were presented and referred to committees. They cover nearly every variety of the subjects that affect the workmen. One of them contained a denunciation of Wu Ting Fang, the Chinese minister, for his alleged derogatory remark against the American people, and another conveyed the "sincere and hearty thanks" of the Federation of Labor to President Roosevelt for the position he took in his message on the question of the Chinese exclusion.

The committee on credentials made another report on the contested seats at the afternoon session, and their recommendations were accepted except in one instance. There remain but two contests to be acted upon, and they were postponed at the request of the parties interested.

"KING" O'KEEFE DEAD. Well Known Oriental Trader Said to Have Been Lost at Sea.

Savannah, Ga., Dec. 6.—Mrs. Catherine O'Keefe of this city received a letter today from Joseph Michaels of Yap, Caroline islands, advising her of the probable loss at sea of her husband, Captain David D. O'Keefe, and the fact that he had left property worth probably \$1,000,000. Michaels has applied to the American consul at Hong Kong to protect O'Keefe's property.

David D. O'Keefe was known in Oriental trade as "King" O'Keefe of Yap, which island he virtually owned. When O'Keefe first landed at Yap thirty years ago the cannibals thought him a demigod on account of his white skin, and made him their king. He built up a profitable trade to Hong Kong and owned two barks that traded between Caroline and Chinese ports.

Last June he went to Hong Kong with native products and sent his wife in this city checks for \$1,500. After leaving Hong Kong his vessel disappeared and was supposed to have been lost in a storm.

PROTECT NEGRO RIOTERS. Alabama Governor Sends Troops to Defend Blacks.

Anniston, Ala., Dec. 6.—The governor sent troops tonight to aid Sheriff Bradshaw to protect the negro rioters in jail here, and the town is under martial law. The sheriff is fearing an attack at any moment by a mob from Opp and is prepared to protect his prisoners at all hazards.

CHARGED WITH MURDER. Indiana Woman Accused of Killing a Six-Year-Old Girl.

Fort Wayne, Ind., Dec. 6.—Ida Cheney, a young woman of Payne, O., is in jail here on a charge of murdering the six-year-old daughter of George Franklin, a farmer. She had been Franklin's housekeeper since the death of his wife three years ago. Last Friday Ida Cheney went to a neighbors and reported that the child had been seized with convulsions while alone in the house and died.

After the body was buried it was exhumed and found to be badly bruised and there was a mark on the skull as a blow sufficient to have caused a fatal concussion. The Cheney woman was immediately arrested for murder.

PLEADS NOT GUILTY. Miss Toppan Says She Did Not Commit Murders Charged.

Barnstable, Mass., Dec. 6.—Miss Toppan today pleaded not guilty to the grand jury indictments charging her with the deaths of Mrs. Mary D. Gibbs and A. P. Davis, of Cataumet, and Mrs. Genevieve Gordon of Chicago, by the administration of poisonous drugs. She was the nurse employed for the care of these three while they were ill.

MAJOR VAN TETS DEAD. Man Who Fought Duel With Prince Henry Succumbs to Injuries.

London, Dec. 6.—A dispatch to the Central News from Amsterdam says that Major Van Tets is dead. Major Van Tets was wounded in a duel in the defense of Queen Wilhelmina by Prince Henry.

OLD SOLDIER DROWNED. Kansas City, Dec. 6.—The body of an old soldier, who had evidently been an inmate of the soldiers' home at Leavenworth, was found floating in the Missouri river here today. His underwear was marked "62 F." the number of Patrick Dugree, who disappeared from the home last Saturday. Dugree served in Company I, Eighteenth Iowa infantry, during the war.

First National Bank

Of Marquette, Mich.
Organized January 22, 1864.

CAPITAL AND SURPLUS, \$200,000

PETER WHITE, President

KEEP YOUR BLOOD CLEAN

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED). Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$3.00; Per year, by mail, \$30.00.

MARQUETTE, MICH., DEC. 7.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The British papers find President Roosevelt's re-affirmation of the Monroe doctrine a bit hard to swallow without giggling. But they will take it more easily in time. The Star Spangled banner was not pleasing music to British ears for quite a while, but it was only the other day that King Edward specially requested an American band to play to him with a rendition of that stirring piece.

Governor Stanley of Kansas is quoted as asserting that there isn't a millionaire in Kansas. "Of course there is talk of this man being a millionaire and that one being another, and so on, but it is my judgment that there is not a man in the state who could show up a million dollars or its equivalent in property," he declares. The governor appears to be rather proud of the fact, favor him with a rendition of that, too, for he adds that although they are shy on millionaires the people have \$67 per capita in the banks and prosperity is general in that state.

Congress may take a whirl at investigating Maclay, the slanderer of Admiral Schley, in connection with the "history of the navy" that he wrote. Representative Williams of Mississippi has introduced a resolution in the house providing for a committee of inquiry into the facts regarding the production of Maclay's "history"—the inquiry to cover the alleged reading of proofs of the work, and approval of the statements affecting Admiral Schley embodied in it by Captain Crowninshield and Admiral Sampson, the employment of Maclay in the navy department, and facts bearing on the manner in which the work came to be adopted as a text book in the Naval academy at Annapolis. The purpose of the resolution is to set on foot an investigation that will bring out the truth relative to the conspiracy among naval officers of high and low degree to smirch the reputation of Admiral Schley, if such a conspiracy existed. We hope the investigation will be had and all the facts bearing on the scandalous attack on Admiral Schley by Maclay brought out and given the widest publicity, no matter who may be hurt by the disclosure. The naval service can well spare officers who would seek to break down an associate by cowardly methods, no matter how high their rank.

A PROPOSITION THAT JARS

Very full of journalistic enterprise and Wayne county patriotism is the Detroit Journal. Having disposed of its Buffalo exposition guessing contest satisfactorily to itself and the prize-winners, it is now engaged in promoting a movement to have a special session of the legislature called to enact a primary election law for Wayne county in order that the people of that bothersome halleluiah may revel in the luxury of honest politics.

An extra session would cost the state anywhere between \$18,000 and \$25,000, but the Journal believes the money would be well expended in freeing the voters of Wayne county from odious despotism of boss rule, enjoyed through corrupt caucuses and debauched conventions. What is the matter with the Wayne county voters turn out to the primaries and do something to protect themselves from the evils which the Journal wants to have corrected through the purifying power of a primary election law? They can make their votes felt at the primaries where delegates to nominating conventions are chosen as effectively as in a primary election, and if they will not attend the one what assurance can be given that they will turn out to vote at the other?

The legislature gave much of its time last winter to considering and enacting laws relating to Wayne county. The session was greatly lengthened in consequence of the demand made on it for legislation to provide Detroit with a new and greatly improved system of urban municipal boards. There was an opportunity then to arouse sentiment favoring a primary election law, but it was not taken advantage of and the members who favored such a law were given no backing from Detroit. So we hope the movement now set on foot by the Detroit Journal will fail of success, and that Governor Bliss will not be beguiled into giving it countenance by that paper's arguments, or appeals that may be made to him from Detroit. We have had some experience of special sessions in Michigan within recent years, and the verdict of the people is that the show isn't worth the price.

IRON MARKET STRONG.

Summarizing conditions in the iron market, the Cleveland Iron Trade Review for the week finds they continue to be highly satisfactory, and that "this banner year in iron and steel production bids fair, from all indications today, to be succeeded by even a greater one, notwithstanding that this year closes on the highest prices for the twelve month." Advances have been made during the past month in the face

of a strong and widespread conviction that there were possibilities of harm in the situation. Inquiries for pig iron have eased off slightly, owing chiefly to the fact that consumers have pretty generally covered their requirements well into the coming year, but prices remain firm, producers being so well sold up that it is now almost impossible to get December iron. No new developments in the steel industry are recorded, but the independent sheet, bar and rod mills have cause to feel somewhat anxious about the source of their steel supply for 1902, steel makers being unwilling to quote prices for the coming year in spite of the recent advance of \$3 a ton in billets.

The same publication gives this information about the ore movement by lake: Ore shipments from Duluth and Two Harbors are over, Ashland has sent out the last ore in the past two days, and at other ports the present will probably see the end. Counting in the shipments from Michipicoten bay, of which about 75,000 went to Canadian furnaces and about 160,000 to Lake Erie ports, it is probable that the total will run above 20,500,000 tons. There is some further talk of prices for next year's ore and it is understood that some sales have been made, chiefly of Mesaba ores. The Stevenson ore, for example, which promises an output of 1,500,000 tons in 1902, is offered at \$3 for next year as against \$2.75 this year, and the advance is in line with what is expected in the case of the best Mesaba Bessemer. Some good records are being made in the use of Mesaba ores whose physical condition compares favorably with old range ores, as high as 85 per cent being used in some instances. The Mesaba output promises to be about 45 per cent of the total this year, and may exceed 50,000,000 tons.

No conferences on old-range Bessemer ores are talked of as yet, and the aspect of the finished material market in the early part of the new year is likely to be consulted before any definite action is taken on prices. The expectation now is that there will be little if any deviation from the base price of 1901.

COPPER COUNTRY NEWS (Additional)

HE LIVES TO LEARN.

"We live to learn," ejaculates the editor of the Daily Gazette in answer to the statement in these columns that "in former years" The Mining Journal printed presidential messages in full the mornings after the submission of these to congress, from type set up in its own office. He might have extended to agree who represents The Mining Journal in this field" is rejoiced to hear that the editor of the tooting diurnal which is making such desperate efforts to convince the people here that its enterprise is the greatest yet, lives for such an excellent purpose. That he greatly expects him. He might have extended, for doesn't know is disclosed by the "breaks" he is continually making. In so good a school as that where he got his first lessons in newspaper work, on his own statement, he might have learned many things that someone escaped him. He might have learned, for example, that as long ago as Dec. 7, 1887, when he was but two years and six months of age, The Mining Journal printed a president's message in full the morning after it was delivered to congress, and so little regarded the achievement, as one calculates to credit what ever for having accomplished it.

FOUR ARE SENTENCED.

Judge Streeter on Thursday sentenced four convicted prisoners. They are: Ed Dingman, two years for larceny from the person; Daniel Rosenthal, one year for assault with intent to murder; Peter Rasmussen, two years for larceny from the person; Abram Kivijarvi, one year for larceny. All four will serve out their sentences in the Marquette branch prison. Sheriff Willis took the men to Marquette yesterday.

MINING MEN TO MEET.

The meeting of the mining and mill men of the county will be held at 7:30 o'clock this evening at the Michigan College of Mines. The meeting was to have been held in the Houghton village hall this afternoon but the time and place has been changed. The topic of

What are Humors?

They are vitiated or morbid fluids coursing the veins and affecting the tissues. They are commonly due to defective digestion but are sometimes inherited. How do they manifest themselves? In many forms of cutaneous eruption, salt rheum or eczema, pimples and boils, and in weakness, languor, general debility. How are they expelled? By Hood's Sarsaparilla

which also builds up the system that has suffered from them. It is the best medicine for all humors.

THAT WATER PROPOSITION.

A meeting of the Houghton village council was held last evening. It was proposed to take up the question of what should be done with the well proposition, owing to the failure this far of striking any water in the well now being sunk near Carroll's foundry, Houghton, to furnish water for an auxiliary pumping plant.

A BANNER SEASON.

The agents of the package line boats trading at Duluth agree that this has been the banner season as regards the volume of business through the port. The business both east and west bound has increased over last year, and all of the lines have shared in it. The percentage of increase is said to have been greater in west bound traffic.

WORKING NIGHT AND DAY.

Work was pushed on the Douglas House until 10 o'clock Wednesday night. An arc light was put so that operations could go on without interruption. The walls are going up fast and fine progress is being made. Night work will be continued as long as good building weather continues.

WILL GET CHAIRMANSHIP.

The Detroit Free Press, in a Washington dispatch, says that Congressman Shelton will likely be tendered the chairmanship of the committee on mines and mining by Speaker Henderson. At present Mr. Shelton is third on that committee.

CALUMET Y. M. C. A. MEETING.

The young men's meeting at the Calumet Y. M. C. A. rooms tomorrow afternoon will be addressed by the Rev. Edwin Motre, of the Hancock Congregational church. His subject will be "Whose Son Art Thou?" A musical program will be rendered in connection.

SAMPSON NOT GUILTY.

William Sampson of Hurontown was acquitted in Judge Finn's court, Hancock, Thursday. The charge against the defendant was the alleged assault of Mrs. Joseph Heeler, alias of Hurontown. It did not take the jury long to bring in the verdict of "not guilty."

COPPERDOM BREVITIES.

It is announced that the well-known insurance firm of Hagen & Reed, of Laurium, will soon be dissolved. A series of lectures on "Personal Purity" will be delivered at the Hancock Y. M. C. A. rooms from Jan. 5 to 10 by Dr. Lyman Sperry, of Oberlin, O. A "stag party" will be held at the Calumet Y. M. C. A. rooms tonight. An interesting program of athletic events and a "spread" will be the features. A number of Houghton and Hancock young people attended the promenade concert given by the Calumet & Hecla band at the Light Guard Armory last night.

The report of Marshal Ward of the village of Red Jacket to the common council shows but six arrests for the month of November and \$27 collected in fines.

The contract for the plumbing work to be done in the new addition now building to the Douglas House in Houghton was awarded yesterday to Fred Stoyke, the popular plumber.

The Calumet & Hecla Mining company has a force of seventy-five men in the woods at the upper boom on Sturgeon river, where timber will be put in this winter for mining purposes.

Frank Tins, of the firm of Hugo & Tins, Duluth, who has been in Houghton conducting the relevelment work at the canal during the greater part of the year, has returned to the Zenith City.

The next attraction at the Calumet theater will be "M'Liss on Dec. 12. The play will be presented at the Houghton Armory Opera House on the preceding night. Nellie McHenry is the star.

The annual catalogue of the Hancock High school, giving a synopsis of the work being done and some idea of the school's equipment, has been issued. The enrollment of the high school is now 111.

The appearance of Eugenie Blair in "Teg Wellington," at the Calumet theater on the evening of Dec. 18 is an attraction which is being looked forward to with interest by the patrons of that popular house.

The first arch for the erection of the new rink at Hancock was raised Thursday. A series of arches will support the frame work of the building. The rink will be ready for skating about as soon as the weather is.

A. F. Rosenberger, of the Northwest-ern Development syndicate, Nelson, B. C. who has been visiting Mayor A. J. Scott and other Hancock gentlemen interested in the company, for the last two weeks, has returned to Nelson.

A reception will be tendered to Miss Harriet L. Komper, the returned missionary from India who is spending ten days in the copper country, in the parlors of the Peabody M. E. church at the Quincy location this evening.

The indoor baseball season in Calumet received a fair start Thursday evening by the organization of the Business Men's team. Frank Haas was elected captain and Dan Harrington manager. Practice will soon commence in the Light Guard Armory.

The officers elected at the last regular meeting of the Lake Linden Lodge, I. O. O. F. are as follows: James Jewell, noble grand; John Nicholas, vice grand; H. S. Scott, recording secretary; H. Schlichting, secretary; John Burgan, treasurer; and John Roberts, Sr., trustee.

Nelson Brule, son of Judge E. Brule, of Lake Linden, is the latest patient reported to be suffering with smallpox. He is now an inmate of the detention hospital, under the care of the county physician. It is believed he contracted the disease in a lumber camp near Lake Linden.

MISS BONNIE DELANO

A Chicago Society Lady, in a Letter to Mrs. Pinkham says:

"DEAR MRS. PINKHAM:—Of all the grateful daughters to whom you have given health and life, none are more glad than I.
"My home and my life was happy

MISS BONNIE DELANO.

until illness came upon me three years ago. I first noticed it by being irregular and having very painful and scanty menstruation; gradually my general health failed; I could not enjoy my meals; I became languid and nervous, with gripping pains frequently in the groins.

"I advised with our family physician who prescribed without any improvement. One day he said:—'Try Lydia Pinkham's Remedies.' I did, thank God; the next month I was better, and it gradually built me up until in four months I was cured. This is nearly a year ago and I have not had a pain or ache since."—BONNIE DELANO, 3248 Indiana Ave., Chicago, Ill.—\$5000 forfeit if above testimonial is not genuine.

Trustworthy proof is abundant that Lydia E. Pinkham's Vegetable Compound saves thousands of young women from dangers resulting from organic irregularity, suppression or retention of the menses, ovarian or womb troubles. Refuse substitutes.

TAXES CAUSE TROUBLE.

Portage Township People Object to Paying Double Prices.

The taxes to be collected in Portage township this fall are due to be paid this month. The rolls, showing each property owner's assessment and the amount of taxes he shall pay, are now being put in shape by Township Treasurer Healy.

In each and every case the taxes are nearly twice the amount they were last year, and there is sure to be trouble as property owners are already protesting against what they consider very exorbitant rates of taxation.

A comparison of figures, however, shows the situation as it is. This year the amount of taxes to be raised is \$78,320.46. Last year it was \$4,980.35, as shown by the records on file in the county treasurer's office.

The school tax is higher this year, as the money has to be used for new school buildings and additions to structures already erected in the township.

In other townships in the county a similar increase will also be noted in both the state and county taxes and of this the increase in the school tax.

ALLEYS NEARLY READY.

The two howling alleys being fitted up in the Lake Linden opera house building will be ready for the game about the middle of the month and the local devotees of the sport are awaiting that time with much interest.

SURROUNDED BY MYSTERY.

Man Named John A. Karlson Thought to Have Committed Suicide.

A man supposed to be John A. Karlson of Dollar Bay is thought to have drowned himself in Portage Lake at Hancock, and an effort is now being made by Hancock authorities to either verify the belief or learn something of his whereabouts.

Last Sunday noon the children of Richard Burgoine, the night watchman at the Armstrong-Thielman Lumber company's plant on the shore of Portage Lake at Hancock, noticed a man carrying a large pack on his back walk through the yards towards the lake.

Mr. Burgoine became suspicious at once and he and Burgoine set about to examine the pack. In it they found a man's ordinary wearing apparel, a book in which the name of John A. Karlson was scribbled several times.

KANSAS CITY NEXT

STOCK ASSOCIATION TO MEET IN MISSOURI IN 1903.

CHICAGO CONVENTION CLOSED

HIGH PRICES FOR CATTLE EXHIBITED.

One Bull Is Sold for \$2,000, the Highest Price Ever Paid for a Gallows in America—One Boar Brings \$700.

Chicago, Dec. 6.—After a spirited contest between the friends of Portland Ore., and Kansas City, Mo., the National Live Stock association today closed a successful convention by selecting the latter city as the place for the next convention, in January, 1903.

The only other business of the afternoon was the adoption of resolutions pledging the cooperation of the association in the Olympic games to be held in Chicago in 1904; the approval of the president's recommendation relating to the forest reserves; and against live stock shipments after the government inspection.

In the Championship Classes. Judging in the championship classes for leading breeds of cattle was a feature today.

In the main the cattle pavilion Gallows were on sale today. The top price was \$2,000, paid for a bull exhibited by N. P. Clarke of St. Cloud, Minn., and said to be the highest price ever paid for a Gallows in America.

Another notable sale was in the swine department, where four head of Yorkshires sold for \$1,550. One boar sold for \$700.

In the cattle ring among the championships awarded were:—Perfection, shown by Thomas Clarke of Beecher, Ills.

Champion Aberdeen, Angus cow or heifer, Barbara McHenry, shown by W. A. McHenry of Denison, Ia.

Champion Gallows bull—shown by O. H. Swigart of Champlain, Ills.

In the swine ring the championship was awarded in the Chester White class to O. N. Phillips of Hamlet, Ills., for the boar, any age.

In the sheep department the championship for the Rambouillet, any age, went to A. A. Wood & Son, Saline, Mich.

Iowa Awarded Prize. Short horns carried off the honors in the sale ring. Sixty-nine brought \$43,700; eighty-two cows, \$33,675; seventeen bulls, \$10,955. The highest priced cow was "Missie 153rd," bred and imported by W. S. Marr of Aberdeenshire, Scotland, which sold for \$6,000. The highest priced bull, "Golf Man," was sold by E. B. Mitchell & Sons of Danvers, Ills., to A. L. Stretzman of New Sharon, Ia., for \$1,200.

It was announced tonight that the Iowa agricultural college was awarded first place in the collegiate stock judging contest, with Illinois and Wisconsin second and third respectively.

SIDES WITH WESTERN. National Association Is Against American Organization.

Kansas City, Mo., Dec. 6.—James Whitfield, president-elect of the Western Baseball league, will meet the representatives of the American and National leagues in Chicago next Monday for the purpose of establishing friendly relations with the eastern organizations.

President H. M. Sexton of the "Three L's" league, who is in the city representing President Pat Powers of the National association, says the National will side with the Western league against the new American association.

Chicago, Dec. 6.—That the election of A. G. Spalding to the presidency of the National league, probably result in a compromise between the two major leagues was admitted tonight by President Ban Johnson. The developments of the past week seem to show that Spalding is a candidate for the position in spite of previous denials, and President Johnson's statement brings unusual importance to the annual meeting of the National league, to be held in New York Monday.

TODAY'S WEATHER. Washington, Dec. 6.—The following is the weather bureau's forecast for Upper Michigan: Snow or rain Saturday and probably Sunday; colder Saturday in western portion, and in eastern portion Sunday; brisk southeasterly, shifting to northwesterly winds.

Old Coughs New coughs are bad enough; old coughs are worse. They make you think of bronchitis or consumption. Ayer's Cherry Pectoral cures consumption. Not all cases, but very many. Your doctor will explain this to you. Talk with him about it.

"My mother had consumption for many years and was given up to die. Then she tried Ayer's Cherry Pectoral and was completely cured."—D. P. Jolly, Avoca, N. Y.

25c, 50c, \$1.00. J. C. AYER CO., Lowell, Mass.

THREE WANT CONVENTION.

Denver, Washington and Atlantic City After G. A. R. Meeting.

Minneapolis, Dec. 6.—Commander-in-Chief Torrance of the G. A. R. has gone to Washington to attend a meeting of the McKinley Memorial committee. He will also attend a meeting of the G. A. R. executive committee in Chicago Dec. 12. This committee will probably designate the convention city for next year. The three aspirants for the honor are Denver, Washington and Atlantic City.

BIG WHISKY EXPORTATION.

Louisville, Dec. 6.—A deal has been completed between the Kentucky Distillers and Warehouse company—the whisky combine—and a Louisville warehouse company, for the exportation of 7,000 barrels of spring 1893 and fall 1894 whisky to foreign warehouses of the warehouse company at Hamburg and Bremen, Germany. The shipment is made in order to avoid the payment of taxes on these goods, which would soon be forced out of bond, the eight year period having nearly expired. This is the largest single exportation of Kentucky whisky ever made, and it approximates 250,000 gallons.

WILL BE CONSTRUCTED.

Gulf and Manitoba Railroad from Duluth to Kansas City Assured.

Detroit, Dec. 6.—The News this afternoon says:—

Joseph B. Moore of this city, who returned from England a week ago, has placed \$21,000,000 of five per cent thirty-year gold bonds in that country. This means that the projected Gulf & Manitoba railroad from Duluth to Kansas City, seven hundred miles, will be constructed. The branch from Des Moines to Kansas City, 200 miles, will be constructed at once, and the remainder in the spring. The Iowa Loan & Trust company is made trustee under a mortgage. F. T. Campbell, ex-governor of Iowa, is the leading spirit in the new enterprise.

IS HIGHLY COMMENDED.

London Newspaper Speaks Favorably of Roosevelt's Message.

London, Dec. 6.—An article on President Roosevelt will occupy considerable space in tomorrow's Spectator. His message to congress is highly commended.

"Here, at any rate," the Spectator will say, "is a man who knows what he means, and who means that the world shall know it also."

Briefly the Spectator will approve President Roosevelt's attitude both in regard to trusts and foreign policy, but it cautions him to admit that the European powers will never accept Monroeism in theory, and only in practice as long as the American navy is strong enough to support it.

The Saturday Review declares that Great Britain has sacrificed everything to gain the problematical friendship of the United States, "which will last just so long as it takes America to build a fleet, and not a day beyond."

SPARKS FROM THE WIRES.

Lima, Peru, Dec. 6.—The chamber of deputies yesterday sanctioned the gold standard law, which had already passed the senate.

Bombay, Dec. 6.—Forty Turkish soldiers were killed near Lohela, in Yemen, Arabia, in a conflict with tribesmen who rebelled on account of the excessive taxation.

Allentown, Pa., Dec. 6.—Jack McCormick of Philadelphia was knocked out tonight by James Jeffords of California in the fourteenth round of what was to have been a fifteen round fight.

London, Dec. 7.—"Thousands of the starving unemployed are rioting daily at Prague," telegraphs the Vienna correspondent of the Mail, "and a strong force of police are preserving order there."

St. Johns, N. F., Dec. 6.—William Marconi, inventor of the wireless telegraphy, has arrived here to complete arrangements for extensive experiments. He expects to transmit messages 400 miles, reaching ships in mid-ocean.

Chicago, Dec. 6.—Boxing under the club plan to be tried in Chicago on a large scale. The organization of the Olympic Athletic club was announced tonight. Benny Yanger and Joe Bernstein will furnish the attraction on the opening night, Dec. 18.

Victoria, Dec. 6.—The steamer Bosconia, which arrived tonight from the north, brings news that the steamer Elk of Cape Nome, from Seattle, with twenty-one passengers, is in Sushvartie Bay repairing her rudder. The vessel left Nome Oct. 20 considerably overdue.

Washington, Dec. 6.—It was announced at the navy department court martial, in the case of Colonel Robert L. Meade, of the marine corps, who was tried on a charge of drunkenness, resulted in an acquittal and he has been restored to duty at the Brooklyn navy yards.

Ann Arbor, Mich., Dec. 6.—Colonel Henry Watterson of Kentucky tonight gave a lecture before the Students' Lecture association on Abraham Lincoln, eulogizing him as the best friend the South ever had. After the lecture the Southern club of the university tendered Colonel Watterson a banquet.

GENERAL FULLER DEAD.

Rockford, Ill., Dec. 6.—General Allen C. Fuller, prominent in Illinois politics, died today at Rockford, aged seventy-nine. He was adjutant general of the Illinois troops at the outbreak of the civil war and afterwards was elected to the general assembly. He served as speaker of the house and two terms in the state senate. He leaves a fortune estimated at \$1,000,000.

A CARD.

EDUCATE YOUR BOY WITH CALCARETS.

Calcarets are the best combination of sweet and sour. If C. C. O. fall, druggists refund money.

NOTABLE WEEK IN TRADE.

Retail Distribution, Stimulated by Holiday Influences, Has Been Large.

New York, Dec. 6.—R. G. Dun & Co.'s Trade Review tomorrow will say: "The current trade is of ample dimensions, but the traffic congestion grows worse, and labor controversies add to the embarrassment of shippers. If consignments of fancy goods for the holiday trade are delayed much longer there will be a serious loss. The prices of commodities tend upward. The corner in tin has collapsed, the prices falling about an eight of a cent in a few days and silver declined to the lowest point since September, 1897."

"Stable products continue advancing, corn making the most sensational gain. The extraordinary high prices for this cereal have tempted many traders to sell future contracts in expectation of a sharp reaction, but a crop of winter rice to the highest price for many years compelled covering at severe losses. This grain is not governed by precedent, the smallest exports for many years failing to produce any effect. The shipments from Atlantic ports for the week reached the lowest point since 1894, amounting to only 278,215 bushels, against 6,336,715 in the week of last year. Wheat also has sharply advanced to the best price of the season, largely through sympathy with corn, for which it was freely substituted. Poor weather here and a further view of wheat and liberal milling demands were also strengthening factors, besides exports from all ports of the United States amounting to 4,815,752 bushels for the week, against 3,255,211 a year ago."

Report of Bradstreet's.

Bradstreet's tomorrow will say: "This has been a notable week in trade and industry. The retail distribution, stimulated by cold weather and holiday influences, has been very large, and is reflected in a decidedly good assortment of demand from jobbers. The holiday trade, in fact, promises to be of unprecedented volume, with a demand for a better class of goods. In the great industries, such as iron, coal, lumber, textiles, jewelry, boots and shoes and various kindred and subsidiary branches, the activity has been widespread."

"The rise in food staples and metals is a basis for an accent resumption in the advance in the general level of prices noted for November. Iron and steel are stronger at the highest prices of the year."

"The highest price paid for wheat for seventeen months has been reached in the face of the largest gain in stocks, both here and abroad, in any month for the year past. Corn and oats are higher than at any time since 1891. Hog products and provisions generally are in better speculative demand, and statistically the position has many points of strength."

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, Dec. 6.—The trading in wheat was again large today, but the volume was smaller than of late, the range being 3/8c. The feeling was unsettled and the prices quite irregular, the final figures showing December up 1/4 and May 1/8c. The market opened higher, but general selling caused values to yield to 7/8c; they recovered later to 80c for May followed by a drop to 79 1/2c. The feeling was unsettled and the prices quite irregular, the final figures showing December up 1/4 and May 1/8c. The market opened higher, but general selling caused values to yield to 7/8c; they recovered later to 80c for May followed by a drop to 79 1/2c. The feeling was unsettled and the prices quite irregular, the final figures showing December up 1/4 and May 1/8c.

The corn market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The oat market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The soybean market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The cotton market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The sugar market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The rice market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The oil market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The flour market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The wool market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The hosiery market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The knit goods market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

The leather market was quite erratic, with the volume of business smaller than yesterday. The fluctuations covered 3/8c range, the close on December being unchanged with May up a fraction and July 1/4c easier. The market opened firm with wheat but commission house selling soon caused a 1/2c break, followed by 3/4c rally. The cables were firm. At Liverpool spot was unchanged to 1/4d.

ROYAL BAKING POWDER CO., 100 WILLIAM ST. NEW YORK.

BIG LIGHTING COMBINATION.

San Francisco, Dec. 6.—Eastern capitalists are interested in the formation of a lighting and power combination, which has been organized in this city with a capital of \$30,000,000. The object is to gain control of all lighting companies in the state.

TWO BURNED TO DEATH.

New Orleans, Dec. 6.—Flossie Delabretonne, the two-year-old daughter of H. V. Delabretonne, and Miss Mary Ernest, aged seventeen, were burned to death this morning in a fire which destroyed the cottage of Delabretonne at Bayou des Allemandes.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Props., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligation made by their firm.

WALL STREET STOCKS.

Fears of Money Stringency Gain Upper Hand in Market. New York, Dec. 6.—Fears of a money stringency gained the upper hand in the stock market today and precipitated active selling throughout the list. The prices began to give way again. The deposit at the sub-treasury for transfer to the interior of a million dollars completed the fright over the money prospect, which had been gathering force all day with the contemplation of the preliminary figures of the week's currency movement. It appears from these that the banks had gained on the interior movement by express more than a million and a half dollars up to Thursday night, thus seeming to offset that far the week's loss to the sub-treasury, which forced up last night \$7,155,000. The week's loss to the sub-treasury, \$1,255,000,000, represents the deposits of legal tenders to retire circulation and withdraw government bonds. The payment for two million dollars in gold exported is also included in the sub-treasury operations.

CLOSING PRICES OF STOCKS AS REPORTED BY PAINE, WEBBER & CO. AS FOLLOWS:

Table listing closing prices of various stocks including Union Pacific, N.Y. Cent., Southern Ry., etc.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Table listing Boston copper quotations for various grades of copper.

Health for 10 Cents.

A lively liver, pure blood, clean skin, bright eyes, perfect health—Calcarets Candy Cathartic will obtain and secure them for you. Genuine tablets stamped C. C. C. Never sold in bulk. All druggists, 10c.

CITY BREVITIES.

Today's weather: Snow. Easterly winds increasing and becoming probably high. Yesterday's temperature: 7 a. m., 27 degrees; noon, 28 degrees; 7 p. m., 32 degrees. Maximum, 32 degrees; minimum, 22 degrees.

Dr. C. H. Morse is again in his office after a long illness.

Mrs. McCrae, the landscape artist, left for Chicago last evening.

Charles C. Jones has returned after a two weeks absence in Canada.

Miss Martha B. Ackerman, of the Normal school faculty, is seriously ill. Conductor Frank Burrows is out again after a siege of five weeks with illness.

E. O. Stafford has been elected secretary and treasurer of the Marquette Cutting club.

Chris. Kohn, Jr., of Calumet attended the funeral of his wife's father, R. G. Holmes, yesterday.

Sheriff Stiles of Menominee stopped off between trains yesterday enroute to Newberry with two insane patients.

Emil E. Liasman, employed in Fick and Co.'s coal office, received a message yesterday announcing the serious illness of his father. He left for his home, Boscobel, Wis., last evening.

The city indoor baseball team will be organized at a meeting to be held at the Casino rink this evening. The indoor baseball team will be in place so that the players will be able to practice.

The production of "The Village Parson" at the Armory Opera House last evening, says the Houghton Gazette, was one of the most satisfactory performances that Houghton has seen for a long time. There is no question of its merit.

Mrs. Bridget Grant, one of Marquette's oldest residents, died yesterday at the home of her sons, 518 South Seventh street. She was aged seventy. The funeral will be held Monday morning at 9 o'clock from St. Peter's cathedral, with interment in Holy Cross cemetery.

The case of A. C. Gilman vs. Alex. Nelson yesterday in the circuit court resulted in a victory for the plaintiff, an award of \$555.27, with costs of \$34, being granted Mr. Gilman. The litigation involved an old judgment obtained in St. Louis county, Minn. There is no particular program on for today.

Sheriff Wills and deputy of Houghton county arrived here yesterday with four prisoners just sentenced by Judge Street-er to terms in the state prison. The men are Peter Rasmussen, who will serve two years for larceny; Edward Dingman, two years for the same offense; Daniel Rosenthal, one year for assault with intent to murder; and Abram Kingsjari, one year for larceny. Rasmussen has previously been a guest of Warden Freeman.

For the year which ends on April 1 next, Messrs. Mullaly and Wentworth will each be paid \$25 for their services as fire wardens. The council has also decided that hereafter the officials' wear stars or badges denoting their office, their authority having been disputed at times and causing considerable annoyance. Part of the duties of the position is the inspection of defective chimneys, which is made, and in some of these cases the wardens share run up against snags in the shape of defiance of their power to act.

NOTICE.

I have moved my repair shop to 126 Spring street, where I will be glad to have my old customers bring their shoes for repairs. All work done thoroughly and promptly. William Becker, 126 Spring street, opposite hose house. (12-4-1w)

NOTICE!
 Comfort and pleasure, time and money saved for contractors and masons. Kelley Island Lime upon the market again, which has been long wished for by contractors and masons for its unsurpassed qualities of quick setting and the greatest producer of mortar of any time manufactured. I handle the Peninsular Portland Cement, the standard of America; a guarantee is given by the Peninsular Cement Co. that there is no cement manufactured that can surpass it for cutter, cross and sidewalk purposes. Also handle Gypsum hard wall plaster; it is as cheap as lime; mortar, wall tints in all colors, catlime and land plaster; fire clay, brick, sewer pipe, beech sand, saw dust, wood of all kinds; also do teaming and contract work. Figures quoted on car lots or less on any material in my line.
GEO. E. FRENCH,
 Marquette, Mich.
 Both 'Phones.

SHELDEN UNSELFISH.
 Only Patronage Credited to Him is a Capitol Policeman.
 The Washington correspondent of the Detroit Free Press pays this tribute to the upper peninsula's representative in congress:
 "Although his big district would entitle him to considerable patronage if he were inclined to assert himself, Representative Sheldon of Houghton, is regarded as one of the most unselfish members in congress. This is his third term, but the only patronage credited to him is a capitol policeman who draws \$900 a year. He is content if Michigan as a whole gets its share and is always willing to step aside for someone else."
 "He should have been chairman of the committee on mines and mining, but turned it over to the late Representative Crump, who was very anxious for the place. Sheldon was placed third on the committee and although Representative Roberts, of Massachusetts, is ahead of him, it is generally thought Speaker Henderson will tender Sheldon the chairmanship, representing as he does the greatest mining district in the world."

MUCH SNOW FELL.
 Record for Month Just Closed, Way Above the Average.
 According to the monthly meteorological summary just issued by Weather Observer Patrick, more snow fell during November than for any similar period since 1896. The total precipitation for the month was 3.82 inches, which compares with an average for the past thirty-one years of but 1.19. During November, there were nineteen days with .01 of an inch or more of precipitation.
 As the instruments at the office measured it, 9.294 miles of wind blew over Marquette, the prevailing direction being northwest. The maximum velocity was attained on the 14th, when from the northwest the wind came at the rate of forty-one miles.
 The highest temperature recorded during the month was 56 degrees on the 2d, and the lowest was 18 on the 23d. The greatest daily range was twenty-four degrees on the 3d; the least, two degrees on the 26th. The mean temperature is figured at 31.9, which is but one-tenth of a degree under the average for the past thirty-one years.
 Mr. Patrick was able to record only one clear day during the month in review, and this was on the last day of November. Twenty are set down as cloudy, and the other nine days as partly cloudy. As to the mean atmospheric pressure, that was 30.08, the highest being 30.53 on the 27th and the lowest 29.58 on the 11th.

A SAD CHRISTMAS.
 HOW GLOOM DROVE PEACE OUT OF A HOUSEHOLD.
 A Misfortune Which Destroyed the Happiness of One Family in a Time When All Should Have Been Cheerful.
 Christmas does not bring happiness to everybody. Peace does not always come and even good will is sometimes difficult to entertain.
 Robert Yates did not have a merry Christmas, nor did his family. Prospects had been bright enough the day before, and he had left home for the day's work with a feeling of content, looking forward in pleasure to the gift-giving of the morrow. But as he was on his way back in the evening, laden with his share of the mysterious bundles that are always seen on Christmas Eve, he became suddenly weak. Fierce pains shot through his head and body and he became so dizzy that he was hardly able to make his way home. He was confined to the bed and the happiness of that Christmas was destroyed for him and for his family.
 He continues the story as follows: "I was sick for three months from that awful Christmas eve of 1890. It was an attack of the grip and about as severe a one as anybody ever had."
 "Did you ever have the grip? Well, you don't know what it is, then. It racks your mind and body. It's a combination of all the aches and pains known to medical science. And that isn't the worst of it—when you're over the grip you have its after-effects. I was restless and sleepless, with constant pains in my limbs. I fell away in flesh, lost my appetite, was tired out for no reason, and became generally miserable."
 "Finally, when things were looking pretty blue for me, one day I noticed a piece in the paper about a man living in Kansas who had been cured of a somewhat similar complaint of twelve years' standing, by the use of Dr. Williams' Pink Pills for Pale People. So I decided to try them. I felt better before I finished one box. I kept on taking them and they cured me. Now I am past sixty-three years of age, I enjoy perfect health and, thanks to Dr. Williams' Pink Pills, I can do a good day's work again. I am as hale and hearty as many men much younger than I. I have a splendid appetite and can go to sleep a few minutes after retiring."
 "A couple years after the illness I referred to I felt the symptoms again. I immediately began taking the pills and not only was the attack not nearly so severe but I quickly recovered and had none of the bad after-effects. I might also add that before I began taking Dr. Williams' Pink Pills I had suffered for about seventeen years with rheumatism but I have not felt any of it since. They are a wonderful medicine and I have no doubt but what they saved my life."
 Mr. Robert G. Yates lives at No. 55 Clark street, Dubuque, Iowa, and for the past fifteen years has been in the employ of the Kinross Manufacturing Co., in the capacity of timer. He has worked on almost every building of consequence in that city and is very well known as a thoroughly honest and reliable man. In order to leave no room for doubt, he writes a notable statement before H. M. Ham, a history public, on Sept. 24, 1901.
 Many people suffer as Mr. Yates did and thousands have taken the same remedy with as good results.
 With each recurring epidemic of the grip it is more evident that the disease leaves in its wake a train of stubborn ailments that often battle the skill of physicians. Loss of flesh, thin blood, nervousness, shortness of breath, exhaustion after slight exertion—so that it is often difficult to walk upstairs—these are a few of the symptoms of after-effects of the grip. More serious results often follow and grip has come to be regarded as the high-road to pneumonia, bronchitis and even consumption.
 Dr. Williams' Pink Pills for Pale People are recognized everywhere as the great specific for the grip and its after-effects. Taken in the tonic dose (one pill after each meal) the pills, working through the blood, soon render the system proof against the grip and many other diseases which, induced by inclement weather, fasten upon those who are not fortified against them. If you have already suffered the ravages of the grip you should hasten to expel the lingering germs from your system. Until you do you will never know perfect health. Dr. Williams' Pink Pills for Pale People will not only effect a cure in cases similar to the one above, but, acting directly upon the blood and nerves, are an unfailing specific for such diseases as partial paralysis, St. Vitus' dance, sciatica, neuralgia, nervous headache, palpitation of the heart, pale and sallow complexion and all forms of weakness either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid or receipt of price, fifty cents a box or six boxes for two dollars and fifty cents, by addressing Dr. Williams Medicine Company, Schenectady, N. Y. They are never sold in bulk or by the hundred.
 Put in your order early for "Crescent Coffee Cakes," Boston Brown Bread, Sweet Cream and Milk, as I have only a limited amount. Look up what you want at Heppner's on eighth page. John W. Deschaine, Proprietor. (12-7-11)

VERDICT OF CORONER'S JURY.
WILL LOOK FOR RETURNS.
 Ishpeming People Will Eagerly Await News from the Football Game.

While a great many Ishpemingites feel confident that the local team will come out of the state championship contest at Ann Arbor today with flying colors, there are not a few who believe that the boys will run up against a lively opposition eleven.

When the team started for the lower peninsula Professor Mayne and Sweetland were not at all confident of winning. A letter came from a friend in the lower peninsula advising them that the Kalamazoo team is unusually strong and that, so far as the writer could judge, from what he knew of the Ishpeming eleven and what he had seen of the Kalamazoo team, the Ishpeming chaps would be entirely outclassed. This rather caused the professors to feel for the first time this season that there was a possibility of the team being downed. It is said that most of the players in the Celery City team are college men, who have received their training in football under men who are away up in the business. They are a powerful lot and it is believed that their strength, combined with their science, will prove too much for the boyish line-up representing the Hematite City.

It is certain, however, that if the local team does go down in defeat the big fellows on the other side will at least know they were in the game. Dr. Sweetland is personally acquainted with the coach of the Kalamazoo team. He informed The Mining Journal representative just before he started on the trip that he is a very fine coach. The doctor and the Kalamazoo man played baseball on the same team a few years ago.

It is not known here at what time the game will take place, but it will probably start at 2:30. In this event some news of the first half should be received an hour later and the final score should come in about 5 o'clock.

PLANT TO BE REBUILT.
 Work of Clearing Away Wreckage at Powder Mill Site Already Begun.

The work of clearing away the wreckage at the scene of the powder mill explosion on the country road is well under way, the regular force being employed on it. The terrific force of the explosion completely wrecked the packing house and partially destroyed other buildings, including the engine and boiler houses, and these buildings, as well as the packing house, will have to be completely rebuilt. The boiler was moved out of place and the brick work about it loosened. Some of the other buildings were also badly twisted. The damage to the plant will be in the neighborhood of \$5,000. Wadhman & Son have the contract for the erection of the new buildings and repairing the damage to the others, and will begin the work of reconstructing them as soon as the material can be got on the ground for that purpose. The clearing away of the wreckage is, of itself, quite a job. However, the enforced suspension of business will not interfere with supplying the trade, as there is always a large stock of giant powder on hand in case of a shut-down on account of accidents. The work of rebuilding will be pushed forward rapidly and operations will be resumed as soon as possible.

THE FIRST IRONCLAD.
 According to records recently discovered, the first ironclad was built in the sixteenth century. In the present century people are trying this medicine and that one in the hope of finding a cure for indigestion, dyspepsia, flatulency, biliousness and malaria. There is only one medicine to cure these, and that is Hostetter's Stomach Bitters. Try it and you will be convinced. It is for sale by all druggists. Apply to any of them for a copy of Hostetter's Illustrated Almanac for 1902. It is a free publication and contains much valuable information that may be useful to you during the entire year, also many amusing anecdotes, statistics and testimonials as to the efficacy of the Bitters. It is printed in seven different languages. Don't fail to get a copy.

AN EVANGELIST'S STORY.
 "I suffered for years with a bronchial trouble and tried various remedies but did not obtain permanent relief until I commenced using One Minute Cough Cure," writes Rev. James Kirkman, evangelist of Belle River, Ill. One Minute Cough Cure affords immediate relief for coughs, colic and all throat and lung troubles. For croup it is unequalled. Absolutely safe. Never fails to favor with the children. Stafford Drug Co.; H. N. Meloche, Ishpeming.

CELEBRATED FURS.
 Hansen's representatives will give a display of fine furs at the store of F. Braastad & Co., Saturday, Dec. 7. Everybody welcome to inspect the line.

A WOMAN'S AWFUL PERIL.
 "There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt of Lane Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite, Try it. Only 50 cts. Guaranteed. For sale by Stafford.

ELECTRIC LIGHTING. A Subject That Caused Considerable Discussion at the Council Meeting.

The council held an interesting session Thursday night, when the question of electric lighting came up for consideration.

The superintendent of construction for the municipal plant reported to the council that the plant is now taxed to its fullest capacity and that no more consumers can be furnished with the light.

It seems that the city plant is inadequate to supply the demand for light, and that what little reserve power there is in it will be saved for the benefit of old consumers until arrangements can be made to increase the generating capacity.

The building committee appointed to look after the construction of a barn for No. 3 hose company reported that the work was completed and the committee was discharged.

The committee on streets and sidewalks reported that the purchase of a new sidewalk snow plow is advisable, as the old one is constantly in need of repairs.

Dr. Deussenman allowed the sum of \$10 for services in treating a horse belonging to L. Corbett, which died while being used by the city.

The mayor stated that he had purchased a sleigh from A. Cheverette for \$45 and a box for \$15, for the work team.

The council decided to pay L. Corbett the sum of \$80 cash for the Brazil snow plow, he taking the city plow now in use in exchange.

F. Choquette was allowed pay for nine days service on the police force during the absence of Fred Zimmerman.

Alderman Jackson recommended that the alley back of the high school building be vacated or put in good condition, as it had become a nuisance.

Ask Haupt, the grocer, for a sample of "Lafayette" brand wafers. They are without doubt the most delicious water sold.

"Under Two Flags," the most popular play of the year, will be the attraction at McDonald's Opera House next Tuesday evening.

When you want fresh fruit or vegetables remember that Geo. Haupt carries a full line.

Those wishing a fine grade brandy or whisky for holiday use can be assured of getting an article purchased direct from the distilleries.

Work has begun on the Negaunee mine dry house.

John U. Curnow of Vulcan was a visitor in the city Thursday.

Mrs. Jake Davidson is visiting with friends and relatives at Champion and Republic.

I. A. Matees went to Kenton yesterday to load some timber which he has on the bank.

Revenue Collector J. R. McDonald of South Lake Linden was in the city Thursday.

Fred Larson, the contractor, has finished the addition to Charles Vincent's residence on South Jackson street.

MAL-NUTRITION OFFICE PEOPLE

Kaskola Tablets. Cure Mal-Nutrition by digesting food and enabling the alimentary organs to feed the system with rich blood.

plus funds in a cabinet case where the numerous trophies which the company has won at tournaments in the past can be properly displayed.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones.

It is a fact that the food which is not only nourish a particular part of the body, but it will sustain every other part.

IS SAFELY IN PORT

CAPT. REID RELEASES THE BIG SCHOONER SMEATON.

AIR SCHEME A GRAND SUCCESS

SAID TO BE A FAT THING FOR THE WRECKER.

Boat Gradually Raised as the Water Was Forced Out and One Tug Had No Difficulty in Getting Her Off the Beach.

This morning the steel schooner John Smeaton, believed a short time ago to be hopelessly stranded on the beach near Rock River, just around the point of the bay from here, lies safely alongside the dismantled ore dock in Marquette harbor, her arrival yesterday afternoon marking the culmination of one of the greatest wrecking achievements in the history of the great lakes.

Method Scooped At.
Fast on a shore exposed to the full fury of the storms which sweep old Superior, and lying about a thousand feet from deep water, the big boat was hoisted through the skill of Captain James Reid of Sarnia, Ont., after three powerful tugs had failed to budge her and had given up the task. When it was announced that the captain had taken a contract and proposed to free the vessel through the air scheme, he was scoffed at, more than one prominent mariner giving it as his opinion that to try the method would simply be money thrown away. However, Mr. Reid, undismayed, went ahead with his preparations in full confidence that success would be achieved, and the result has demonstrated that theory as applied to practice has once more landed on top.

The method of freeing the Smeaton, though apparently simple on paper, is a novel one and had never before been tried on a craft stranded so far up on the beach and in so shallow water as the steel trust's big vessel. Two compressors had been set in place, and Thursday morning, when the lake had somewhat calmed down, they were set in motion for the purpose of forcing air into the eight ballast tanks, the majority of which had been punctured by the pounding the boat had received when driven on the shore. The two pumps, one a large one and the other considerably smaller, had a combined capacity of about 800 cubic feet.

Worked Like a Charm.
As had been figured by Captain Reid, the air gradually forced out the water and the schooner, lying in a depth of between six and seven feet, steadily rose until at 10 o'clock yesterday morning she was fast only on the after portion, while the great list had disappeared, giving the boat the appearance of riding on an even keel. During the pumping process, some leaks in the tanks through which the air gushed out, were noticed, but as fast as these were discovered they were caulked up until finally everything was practically airtight.

The filling of the tanks with air and the accompanying driving out of the water, raised the Smeaton probably about two and a half feet, at least the forward section, which was sufficient for Captain Reid's purpose, though had it been deemed necessary matters could have been regulated that the lifting process would have had more effect. This portion of the work done, the tug Boscobel, sailed by Captain Reid's son, made fast and had no difficulty in pulling the Smeaton over the rocky bottom to deep water, which was reached within an hour's time. Then the start for Marquette was at once made.

Work of the Wrecker Done.
When the two boats were half way to port, the tug Schenck and the wheel-back steamer Henry Cort, were met, bound for Rock River to give the Boscobel a hand, the information that the air scheme was having the desired effect having been wired here earlier in the day. Last night the compressors on board the Smeaton were still in operation, though running under check, but even if stopped the big schooner would still float as her false bottom is intact.

Gets About \$50,000.
Captain Reid, when seen by a reporter of The Mining Journal last evening, declined to state the contract price, but it is reliably reported that he to receive forty per cent. of the salvage, or about \$30,000, the salvage being about one-third of the value of the vessel.

In other quarters, however, the amount is put higher. Last night the wind began to blow briskly, after two days of comparative calm—just enough, however, for the wrecker to demonstrate the practicability of his theory—and it was considered fortunate the Smeaton was in the harbor before the blow came on. The releasing of the Smeaton from the exposed shore was without question one of the greatest feats of the kind ever performed, and Captain Reid is justly entitled to the hearty congratulations he was receiving from friends last evening. There is not much dispute that had the Smeaton not been freed this season, she would have gone to pieces during the storms of the winter. The steel trust is understood to carry no insurance on its boats, at least with the regular companies, and will stand all losses as a result of the stranding of the big steel vessel, itself.

TIME NOT MENTIONED.
Mr. Fitch Quoted as to Alleged Removal of General Offices.
The following—from a Duluth paper of recent date—will be read with interest here:
W. F. Fitch, vice president and general manager of the Duluth, South Shore & Atlantic Railway company, was interviewed by a News Tribune representative last night relative to the report of some time ago that his company might soon remove the general office of the road from Marquette to Duluth. Little has been heard about the subject for the past six months and many had come to think the proposition, if ever seriously considered, was abandoned. But it transpires that it is a live subject with the South Shore. Mr. Fitch, when urged for something for publication on the subject, said:
"You may say that we still have the matter of removal of the headquarters of the road to Duluth under consideration, and that it probably will be done."
That was all he would say about the matter at this time. People who know Mr. Fitch say that his statement certainly means the transfer will surely take place, that he would not have given such an intimation had such action would be taken without being satisfied that it would be done.
Railroad men say Duluth is the logical point for the headquarters of the road. The general freight agent's office is now here.

DROPS UNDER SEVENTY.
New Low Record Is Made by Amalgamated and Others Sympathize.

Amalgamated made a new low record yesterday by dropping a fraction under 70 just before the close, the decline being accelerated by the uncovering of stop-loss orders. The weakness in this stock, coupled with a further manipulative drop in the London quotation of copper and a drive at Trinity, naturally had the customary effect on the Lake coppers, the close finding the net changes on the side of losses, though in nearly every case these were very small. The trading was dull throughout the session. As far as the local opinion is concerned, the traders do not credit the reports, industriously circulated by the bears, that the price of Lake copper is to be cut. Although discouraged over the present course of stocks, they are hanging on, confident of ultimate higher prices, and look to see Amalgamated take the upward swing in the not distant future.

Views Voiced by Brokers.
Paine, Webber & Co. said: "The decline in copper warrants in London to the lowest price reached in three years was responsible for the heavier tone in the coppers today. Trinity's decline of 5 points was another unfavorable factor. The better class of coppers have held well and we do not think the Boston market is going to yield much further to the manipulative manipulations. Those who buy the good coppers now will be with the big fellows."
Hayden, Stone & Co. wired the Laidley Commission company: "Amalgamated has been less violent in its fluctuations of late and has showed firmer; there probably will be no big move again until the declaration of the dividend next week. The rest of the coppers are dull but soft. The South Range consolidation does not cause any enthusiasm, and the rights will not have much value. Lawson's pet Trinity broke badly from 25, last night's closing, to 20%."

Wheat and Corn.
A. R. Jones & Co. said of the Chicago grain markets:
"The wheat market as a whole presented a striking contrast to that of yesterday. It started well, with a perfect flood of buy orders, and the price went half a cent better than last night. With these orders filled, the market became a nervous scalping affair, keeping within a limit of half a cent and the best part of the day within a range of one cent. The news was mixed, so that its effect on the market was small. Pit traders sold heavily at the start, and as a result were forced to cover and advance the market at the close. The market looks now healthier than it did yesterday and there seems to be any amount of confidence on the part of the best people that the next turn will be higher."
"Corn was rather heavy during the fore part of the session, a good deal of it pressing for sale after the first spurt. Then, as in wheat, it became a scalping game, but the close was unchanged from last night while wheat finishes higher. A bond cash business was reported. At these prices, however, the general trade hesitates about standing for any big profits on the long side and offers their stuff on every advance."

THOSE PRISON DOGS.
Says the Detroit Journal in its editorial columns:
"We suppose that some tender hearted persons will celebrate with a more joyful feeling the coming holidays because the warden of the Marquette state prison has decided to dispense with the use of bloodhounds. We do not know how dangerous to the lives of escaping prisoners were the dogs kept with the Belgian hare menagerie of the Marquette warden, but it is certain that it is impossible to change the popular conception of the bloodhound warning for opportunity to rend the body of a prisoner. Here in the north we have derived our conception of the beast from the Uncle Tom fictitious bond as tall as a yearling calf and as strong as a harbor tug. As a matter of fact, the bloodhound used to track prisoners in the south was a small dog, and could hardly be induced to bite a man. His special merit was that of the detective who pursues without ever losing the train, but who does not throw down his captive by seizing his jugular. The bloodhound and slavers' times tracked his man into a tree and then howled for help. But he would about as soon have bitten the tree as the man. If the Marquette exhibit was of this order it did not threaten the integrity of prisoners' skins and throats, while it should have aided materially in keeping intact the roster of the prison."

CARD OF THANKS.
We wish to express our sincere thanks to our friends who were so kind to us in our sad bereavement of our beloved husband and father, also for the beautiful floral offerings.
Mrs. Anna Holmes and family.

I will store your bicycle free of charge for the winter months. Leave your address at the shop, R. L. Francis.

Winter is here, put your bicycle where it will be taken care of. R. L. Francis will store it free. Leave your address.

LODGE ELECTIONS.
At a meeting held Thursday evening, Grafton lodge of the A. O. U. W. chose the following officers for the ensuing term:
Past Master Workman—John Stenglein.
Master Workman—William E. Crowley.
Foreman—T. J. Downs.
Overseer—Joseph Mahoney.
Recorder—George W. Rule.
Financier—James Jamerson.
Receiver—Chas. A. Eggers.
Guide—William Barlow.
Inside Watchman—Charles Reubin.
Outside Watchman—F. H. Seigel.
Representative to Grand Lodge—John Stenglein.
Alternate—R. R. French.
Trustee (for three years)—John Stenglein.

French Society Election.
Branch No. 7, U. S. C. F., the insurance branch of the St. Jean Baptiste society, has elected the following officers for the ensuing year:
President—E. Bertrand.
Vice President—S. Toupin.
Secretary and Treasurer—A. E. Archaubault.
Collector—A. Fleury.
Sentinel—A. Vertenille.

The head office of the United French society is at Escanaba, the secretary general, E. M. St. Jacques, residing there. H. Routhier of Ishpeming is the president general. There are now twenty-four societies in Michigan, Wisconsin, Minnesota and Montana affiliated with the union, and its progress has been rapid during the past year. The local insurance branch is rapidly gaining in membership, having nearly doubled its number of members during the past three months.
Superior Hive.
At the annual election of officers of Superior Hive, No. 217, O. E. M., the old officers were again chosen to serve for the year 1902, except the sergeant and sentinel, who declined to again fill the positions. The roster is as follows:
Commander—Mary E. Fryfoyle.
Lieutenant—Commander—Clarentine Goford.
Record Keeper—Sarah Bibeau.
Finance Keeper—May D. McCormick.
Chaplain—Lorinnia Harris.
Sergeant—Annie Lawrence.
Sentinel—Minnie Siegel.
Picket—Mary Carr.
Mrs. Maggie Patterson is the past commander.

Busy Queen Hive.
Busy Queen Hive, No. 538, L. O. T. M., chose its officers as follows:
Commander—Mrs. Frances V. Salter.
Lieutenant—Mrs. Annie H. Anderson.
Record Keeper—Mrs. Alvina Pedlar.
Finance Keeper—Mrs. Josephine Bertrand.
Chaplain—Mrs. Jennie Wright.
Sergeant—Mrs. Julia Sharland.
Missstress-at-Arms—Mrs. Mary Lamme.
Sentinel—Mrs. Minnie Ludington.
Picket—Mrs. Theresa Anthony.

LECTURE NEXT TUESDAY.
George A. Scott of Waverly, N. Y., general secretary of the National Protective Legion, will be here under the auspices of the local legion—Red Cross, No. 209—next Tuesday evening. He will deliver a lecture at Fraternity Hall, commencing at 8 o'clock, and in addition other entertainment will be furnished. Mr. Scott is an able speaker, as was demonstrated on his appearance here two years ago. Ten cents admission will be charged, and refreshments will be served at a dime extra.

HAIR DRESSING.
Madame E. Lepicier will do hair dressing and shampooing at her parlors, 117 Michigan street. Treatment of the scalp a specialty. Ladies are cordially invited.
