DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED). Issued daily except on Sundays.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

In view of its decisions in the insular cases, it is matter for congratulation that the supreme court of the United States doesn't break even as to members.

The report of the government industrial commission, just published, places the number of railway employees in the United States at 1,000,000.

The Evening News of Detroit asserts that Governor Bliss has definitely decided not to call a special session of the legislature to consider and act on the proposition to provide a primary election law for Wayne county.

The London Times professes to be skeptical regarding the stability of our prosperity. It maintains that we are yet far from having ceased to be a debt-ridden nation.

Dr. Parkhurst, the reformer who led a hot crusade against vice and its profane in New York some years ago, and who strenuously supported Seth Low in the late campaign in that city, favors allowing the saloons there to sell beer on Sundays.

Senators McMillan and Burrows don't take kindly to the proposition to have the legislature called together in extraordinary session to provide Wayne county with a primary election law.

The majority of the members of congress are not as much disposed as is the president to "deal generously" with Cuba in the matter of a tariff discrimination in her favor.

L. K. Salsbury, city attorney of Grand Rapids, who has been convicted of bribery in connection with the water contract job there, announces that he will resign his office at this evening's session of the Grand Rapids municipal council.

esses to be hopeful of securing its reversal by the supreme court. His case is a sad one and much sympathy is felt for him, despite the very general belief that his associates in the conspiracy to rob the city of Grand Rapids of the letting of the water contract that was to be secured through their aid by the outside promoters who bribed them.

HOW'S THIS? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

L'Anse and Baraga. Miss Emma McGillan of Baraga was a guest of Miss Emma Menge for a few days recently.

Sam McKinnas, proprietor of the Berlin House at L'Anse, played a large sign over the walk in front of that hostelry.

Barney McCauley of Keweenaw Bay, who has resided in Baraga county for the past thirty years, is very low with congestion of the lungs, and little hope is entertained for his recovery.

Stephen Sylvester, who has been working in a lumber camp for the past two months, was brought to L'Anse about ten days ago suffering from kidney trouble.

Wendelin Krich, the long-haired trapper of Nestoria, was at the county seat again Friday with the pelts of three large wolves, on which he got a bounty of \$15 each.

PERHAPS YOU WONDER. If the tormenting cold that made last winter one long misery will be as bad this year, certainly not, if you take Allen's Lung Balm.

THE GRAND RAPIDS AND INDIANA RY. company will sell round-trip tickets to all points Dec. 24th, 25th, 31st and Jan. 1st.

HOME-SEEKERS' EXCURSIONS. Via C. M. & St. P. Ry, Dec. 3rd and 17th to various points in the West and Southwest.

COPPER COUNTRY NEWS

MINING MEN ELECT OFFICERS. A very successful meeting of mining and mill men of the county was held at the Michigan College of Mines Saturday evening.

DISPLAYED STRAW HATS. The copper country of late has been experiencing some weather on the summer order.

PILGRIM LODGE OFFICERS. At the meeting of Pilgrim lodge, I. O. O. F. of Houghton, held Friday evening, the following officers were elected:

ZIEHR WINS MATCH. The wrestling match at the Italian hall, Calumet, Saturday night between Ziehr and Jones, two very clever wrestlers, in the Cornish style, was very successful from a sporting point of view.

READING CIRCLE MEETING. The Bay View Reading circle will be organized this evening at the home of Rev. and Mrs. A. R. Johns of the Hancock Methodist church.

STORM TOWERS GOING UP. The steel storm warning towers for erection at Eagle Harbor and over the office of the Houghton weather bureau, which were received by Observer Harkness recently, are being put in place.

COPPERDUM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the Bee Postoffice building, Houghton.

MICHIGAMME. TWO OLD SETTLERS DIE. Mrs. Mary Lamore and Louis Warnholm, both Pioneers, Pass Away.

WANTS MORE MEN. The Bristol Mining company, operating the Beaufort mine, near here, can give steady employment to a number of good men, including miners, laborers and choppers.

STATE OF MICHIGAN, COUNTY OF MARQUETTE. At a session of the Probate Court, held in the Probate office, in the city of Marquette, on the twenty-third day of November, in the year one thousand nine hundred and one.

CHAMBERLAIN'S STOMACH AND LIVER TABLETS. Try them. When you feel dull after eating. When you have no appetite.

A PROMISING FUTURE. Consolidation of Baltic and Champion Properties Means Great Things.

The consolidation of the Baltic and Champion mine properties on the range south of Houghton means a promising future for the district in which they are located.

In fact, the men who have seen copper develop and have witnessed the wonderful growth of the great Calumet & Hecla mine predict that the combined Baltic and Champion will in time rival the largest and most productive of copper mines.

One of the South range towns is destined to grow very largely unless Houghton proves too great a magnet.

For Five Hours Hancock Is Without Usual Fire Protection.

Between the hours of 10 o'clock yesterday morning and 3 o'clock yesterday afternoon the big cistern on the Quincy side hill at Hancock, which furnishes a large part of Hancock's water supply, was disconnected from the main.

It was quite necessary to shut down the pump while the connection was being made so during the greater part of the day Hancock was without its usual excellent fire protection.

While the work was being done the water supply for ordinary domestic purposes was secured from the small cistern in the Anthony addition.

SOUTH RANGE CONSOLIDATION.

Detroit Man Considers Stock in New Company a Safe Investment.

S. L. Smith of Detroit, who is a heavy stockholder and director in various mining companies, has the following to say in regard to the new Copper Range Consolidated Co., in which he is to be one of the directors:

"The property in mineral is the largest of any ever organized in the Lake Superior country. It will prove of the longest duration in profitable production because of its great width of copper bearing bed or vein, and its nearly vertical dip, enabling mining to a greater depth than ever before deemed practical.

"The nearly two years practical test of the rock taken from the Baltic mine has conclusively proved the great value of this property. When the whole ground is pierced and practically opened for extensive working it will prove one of the largest producers of copper in this country, as well as one of the most enduringly profitable.

"With the very large capital to be provided (\$1,400,000) for complete equipment and development of the grouped stamp mills in active production during the coming year, it would seem entirely practical to have a dividend declared in 1902.

"That it will make a profit of 50 per cent on each pound of copper produced ever at the low price of twelve cents per pound has practically been demonstrated in the results obtained from the Baltic for the past year. At that low price, or even lower, the cost of production will be lessened and large profits maintained against the cheapest copper producing mines of the world.

"The capitalization of the new company is based on the number of shares in the grouped properties, and the par value to correspond with the organizations; this basis having proved from experience the most satisfactory, resulting in an almost uniform standard.

"Do I think the shares a good investment? Well, I am not in the habit of advising any one to buy stock, and would not do so in this property. I have seen forty years of development in the lake copper mines, noting the Baltic discovery favorably as early as 1882 when opened by Captain John Ryan of the Osceola mine.

"I regard the property as a most safe investment for myself and children, especially the latter, for more than any other company now organized at the lake has seen or will see in the future.

"In the initial organization of the property 'honest John Stanton' was the corner stone on which we first built and with him came W. A. Paine of Boston, both of whom have been the most powerful and sustaining factors in the shaping and development of those properties.

"Months ago when the operations on this vein were discontinued the calamity howlers were quite ready to exclaim that the company had seen its best days and that a continued decrease in its operations might be looked for and these facts (?) were

ONE ON MAYOR SCOTT.

Requests Man to Assist in Search for Man's Own Body.

The laugh is certainly on Mayor Scott, of Hancock. Saturday morning he was resolved that the bottom of Portage Lake in the vicinity of the Armstrong-Thielman Lumber company's plant at Hancock, where it was reported that a man named John A. Karlson had committed suicide by jumping into the water, should be dragged, and acting accordingly his honor traveled to Houghton to procure grappling hooks. He went to the yards upon his return, and needing some one to aid him in the work hailed a man. The latter readily consented to help and he and the mayor made ready. Something prompted Mr. Scott's companion to ask who the drowned man was. Mr. Scott told him John A. Karlson.

"Why, that's my name," said the man. Mr. Scott proceeded home but the strangeness of it all was too good to keep. It rarely happens that a man is called to aid in looking for his own corpse, although it is nearly always true that he attends his own funeral.

BOTH HAD SCARS ON HAND. Body Found at Traverse Point Not That of First Mate of Hudson.

Agent J. C. Thomson, of the Western Transit line, Houghton, stated Saturday that the body recently found on Traverse Point and identified as that of Charles Brooks, the first mate of the ill-fated steamer Hudson, is not that of Brooks but every indication now is that the remains are those of Nels Peterson, one of the stevedores of the Hudson. Mr. Thomson sent the effects of the dead man to Buffalo Saturday. The number of the bank book found on the body is that of Peterson's book and a memorandum book has his initials written in it in several places. The man's watch does not tally with that of Brooks'. The remains were identified in the first place as those of Brooks mainly by the scar on the back of one of the hands, but it now appears that Peterson was similarly marked and all other proofs are that the body is that of Peterson.

OSCEOLA'S BRIGHT FUTURE. Plans That Will Give Great Results Successfully Carried Out.

The Native Copper Times, whose editor is thoroughly informed concerning Lake copper properties, says of Osceola in its number for this week:

"Osceola has declared its semi-annual dividend of \$3 per share payable Dec. 23rd, making \$6 per share for the year. The shares are selling between \$80 and \$100 so that the disbursements represent about 6 per cent paid on the market price of them. In view of the development work accomplished at the mines and additions to plant provided, the declaration should be entirely satisfactory to the managers and the stockholders as well. No copper mine on the Lake promises better things for the future than Osceola, nor have plans been carried out to a more successful issue for larger and more economical results than Osceola, and while returns to stockholders are no more than 6 per cent, the intrinsic value of the property has been enhanced more than twice the rate paid. In a future issue the Times may present its readers with a literary treat on this magnificent property."

TRUST IS AFTER C. H. New York Report Says \$700 a Share Has Been Offered for Control.

"There is every probability," says the New York Journal, "that H. H. Rogers and his Standard Oil associates of the Amalgamated Copper company are seeking to gain control of the great Calumet & Hecla Copper mine in northern Michigan, that they may keep up prices in their struggle with the Rothschilds. To prevent a panic in Amalgamated stock, Mr. Rogers and his friends bought 25,000 shares of the stock at private sale after the close of the market on Saturday. This one transaction involved at least \$2,500,000, which gives a faint idea of the amount of money employed in this struggle of the financial giants of the world. A new trust's pool in Amalgamated Copper stock has been formed. It is said to be made up of 'Jacks' Field, William B. Oliver and the Waldorf-Astoria crowd. Some men supposed to be in the pool were earnestly phoepheying last night that the stock will advance ten points before it declines five.

"Thomas W. Lawson, last night savagely attacked the United States Steel company and some one whom Wall Street men took to mean James R. Keene. These Wall street men were rather surprised to learn that Mr. Keene was the 'selling lieutenant' of Amalgamated Copper and that he is now trying to 'slaughter' the stock. Incidentally, Mr. Lawson attacked Andrew Carnegie. The report that H. H. Rogers and his Standard Oil associates were trying to control the Calumet & Hecla mine, originated in Boston and found many ready believers here. A raid on that stock in Boston, yesterday carried it down forty-two points from Saturday's close to 620, at which it closed. While Calumet & Hecla stock is widely distributed among many small shareholders there are some few blocks

EQUIPMENT BEING INSTALLED. Calumet & Hecla Soon to Recommence Work on Amalgamated Vein.

Quietly but steadily the Calumet and Hecla company is preparing its operating plant on the amalgamated vein for active operations there, says the Calumet News. During these days of marked inactivity in the copper stock market and of vague and disquieting rumors about the future of this mine, it is gratifying to note that the big company that sets the pace for many things in the local mining world is moving steadily on in the matter of preparing its facilities to increase its already enormous output. That this is viewed with marked favor by all our people is well known as almost everyone in the community has a pride in the welfare of the big institution and many have still greater interest in it.

Months ago when the operations on this vein were discontinued the calamity howlers were quite ready to exclaim that the company had seen its best days and that a continued decrease in its operations might be looked for and these facts (?) were

H. T. McIntyre, St. Paul, Minn., who has been troubled with a disordered stomach, says, "Chamberlain's Stomach and Liver Tablets do me more good than anything I have ever taken." For sale by The Stafford Co.

We Invite the Attention

of the public to our new and greatly improved restaurant service. . . .

BOARD OF TRADE CAFE,

HOUGHTON, MICH.

in the possession of individuals which would enable the Standard Oil people, if it could get them, to control the property and prevent its cutting rates. It is said, on what appears to be good authority, that an offer of \$700 per share has been made privately, for enough stock to give the Standard Oil magnates control of Calumet & Hecla.

"The 35,000 shares of Amalgamated were left from a 'hothead pool' of about 75,000 shares, organized when the stock was above 80. The pool was formed to force the shorts to cover at that time and to sell its holdings on the rise. But the stock came out too fast, and the pool tried to liquidate on the way down. When the big break occurred last Friday there was more selling for the pool at enormous losses. Last the pool threw its remaining 35,000 shares on the market at any price, and to prevent the panic in Amalgamated that must have followed, the Standard Oil men bought the shares, left in the pool's hands.

London Copper Quotations. People who watch the quotations on copper abroad are apt to be much mystified by the marked discrepancy between the quoted selling price of the metal in London and that in this country. The Boston Transcript furnishes this explanation of it in an article on the copper situation in which it says concerning the London quotations:

"The latter govern an inferior grade of copper, ranging all the way from one to three cents per pound less in value than the lake product. The record of the London 'G. M. B.' or 'standard' copper market is: £105 per ton in 1888, under the stimulus of the French copper; £35 in 1890, when that combine collapsed. In 1890 there was rally to £61 12s 6d; in 1894 a drop to £37 17s 6d. Thence advance was practically steady until £79 10s was reached in March, 1900. Last week £57 was touched, the lowest since, and today's opening was at £58 spot, a drop of £3 12s 6d from yesterday's closing. London's market in copper is nothing but speculative; the actual conditions of supply and demand are radically opposite to the course of speculation in copper warrants. In the nine months ended Nov. 0 supply of the metal in England and France fell from 28,993 long tons to 20,570, nearly thirty per cent decrease, accompanying the decline of some £14 per ton in the speculative market for the commodity."

Now Is the Time to Buy. Schofield, Whitcher & Co. say, in their monthly market letter: As regards the position of copper stocks, as viewed from a speculative standpoint, it appears to us to be one of more than usual strength. That is, the great shrinkage in prices after the cutting of the Amalgamated dividend, forced the liquidation of all weakly held copper stocks to such an extent that brokerage houses at the present time are carrying only limited amounts for margin account, and, consequently, this group of stocks may be said to be sounding on bottom. Even if the price of copper should be reduced, we believe that after the first flurry, it would be found that even this contingency had been discounted in the current selling prices of most of our 'coppers.' Therefore we believe it to be safer to advise you to buy these stocks while they are dull and in limited demand, rather than at a later date, when they have had a material rise and when the rank and file of speculators have acquired courage to buy them. One of the blights of the Boston market is that the flock-of-sheep movement is too often in evidence; that is, the pub-

lic scrambles to get in at the top and is then forced out at the bottom by such episodes as the reducing of the Amalgamated dividend. Let us then strive for some reform and occasionally buy stocks when they are not popular as is the case with 'coppers' at this very time.

Big Copper Sale Confirmed. Cameron Currie & Co's copper letter says: The immediate future of copper stock depends entirely upon the workings of Amalgamated and a more settled condition of the metal market. The consensus of opinion is that the market is really firm, and that the only unsettled element in the general condition is a certain interest endeavoring to procure certain stocks at a price. We firmly believe that the immediate future will show this to be a fact, and recommend the purchase of the better class of copper stocks at present prices. There is now an opportunity offered for both investment and speculative purposes such as is seen but a few times in a lifetime.

The sale of 100,000,000 pounds of copper, reported a day or two ago, between 16 and 17 cents, is confirmed by E. H. Jones of the Detroit Copper & Brass Rolling Mills, who bought part of it, and his action, through his thorough knowledge of the copper situation, justifies all interested in believing that metal prices will be maintained. In addition to this 100,000,000 pounds of copper, negotiations are under way almost completed for the sale of 140,000,000 pounds at 17c with 1/2 and 1/16 of a cent conditional rebate. With this sale all surplus and considerable future delivery will be disposed of. This latter report comes from Thos. W. Lawson, who further states his belief that London will jump up £10 on the announcement of the completion of this sale.

Copper Gossip. It is reported here that the old Alouez mine is sure to be re-opened. The old workings have been thoroughly examined and it is said that there will not be as much difficulty in unwatering the mine as supposed. As soon as the Wolverine begins to use its own mill, the Alouez mill, which has been leased by the Wolverine people, will again come into the possession of the Alouez. One head will be in readiness for Alouez rock. There is a railroad in good condition from the mine to the mill.

MILLER'S BIG DEPARTMENT STORE, HOUGHTON MICH.

HOWARD IS TAKEN

MAN INDICTED FOR COMPLICITY IN GOEBEL MURDER.

ELUDED OFFICERS FOR OVER A YEAR

NOW OCCUPIES A CELL WITH CALLEB POWERS.

Prisoner Represented Four Counties in General Assembly in Kentucky When Goebel Represented Kenton County.

Frankfort, Ky., Dec. 8.—Sheriff Broughton of Bell county, accompanied by three deputy sheriffs, arrived here today, having in charge Berry Howard, who was indicted for complicity in the murder of William Goebel, and who has been a fugitive for more than a year.

Howard was assigned quarters in the jail with Caleb Powers and James Howard, a relative, charged with the same crime. Howard protests his innocence.

Howard represented the counties of Bell, Harlan, Perry and Leslie in the general assembly in 1891, 1892 and 1893 as a Democrat, when Goebel represented Kenton county.

SEVERAL AFTER CONVENTION.

Six Cities Enter Campaign for Next Year's Labor Meeting.

Scranton, Dec. 8.—Notwithstanding this was Sunday many of the delegates to the convention of the American Federation of Labor did not cease activity, the day being given up to the transaction of committee business.

The convention will remain in session for the next six days and it will be a very busy week. Two hundred resolutions, touching upon nearly every question in the labor world, have been presented for action. The committees will make their reports as rapidly as possible, but it is not likely that more than half of these will be reported.

Trade autonomy is considered the most important question and will occupy much time.

Among the cities that have entered the campaign for the next convention are Atlanta, Buffalo, Los Angeles, Milwaukee, New Orleans and San Francisco. Portland, Ore., wants the convention of 1905, the exposition will be held there.

SHOWS NO PREFERENCE.

"Young Corbett" Will Meet All Comers After Jan. 1.

New York, Dec. 8.—Yielding to the personal request of Terry McGovern, "Young Corbett" tonight, it is said, has agreed to fight Terry next July. It is understood they will post forfeits.

New York, Monday, Dec. 9.—The two men met with their managers at 2 o'clock this morning. After some discussion Corbett's manager announced he would make no agreement for a fight until Jan. 1, when Corbett would be ready to receive challenges. He said further, he would make no promise with regard to a preference to McGovern as against any other aspirant.

JURY SAID QUILTY.

Denver Man Convicted of Stealing \$7,000 Worth of Diamonds.

Denver, Dec. 8.—The jury in the case of John K. Barr, a prominent merchant and manufacturer of Denver, on a charge of robbing Mrs. Mary Betts of \$7,000 worth of diamonds, tonight returned a verdict of guilty. The penalty for the crime is from one to fourteen years in the penitentiary.

BIG RAILWAY INTERESTS.

Savannah, Ga., Dec. 8.—The Edison Electric Illuminating company has acquired the street railway interests of this city. The Edison company now operates the lighting plant here. The two companies are capitalized at about \$3,000,000.

Black Hair

For 50 years Ayer's Hair Vigor has been restoring color to gray hair. It never fails to do this work, either. Besides this, it keeps the scalp clean and healthy, stops falling of the hair, and makes the hair grow thick and long. It's a regular hair-food.

"Ayer's Hair Vigor keeps my scalp clean and healthy. It stopped the falling of my hair, also, and made it grow nicely. I receive many compliments for my beautiful head of hair."

THREE DAYS' SESSIONS.

American Federation of Catholic Societies to Begin Meetings Tomorrow.

Cincinnati, Dec. 8.—In Catholic circles today much interest was manifested in the convention of the American Federation of Catholic societies which will be in session here for three days, beginning Tuesday. It was stated there would likely be a hot contest over the continuation of the federation, but so far no opposition has developed and it is thought the organization started at Long Branch last August will become a permanent affair. The business sessions will be executive.

BICYCLE RACE STARTS.

International Six-Day Event Opens at Madison Square Garden.

New York, Monday, Dec. 9.—The annual international six-day bicycle team race began in Madison Square Garden at midnight (Sunday). William G. Rothwell, known in pugilistic circles as "Young Corbett," started the men. When the starting shot was fired about 8,000 people were in the garden. Sixteen teams are in the contest. The prize money will be divided: First, \$1,500; second, \$1,000; third, \$750; fourth, \$500; fifth, \$350; sixth, \$250.

NOTICE OF EXPULSION.

Thomas J. Hickey No Longer Connected With National League.

New York, Dec. 8.—P. T. Powers, president of the National association of professional baseball leagues, has written Secretary Farrell directing him to send a circular letter to all leagues and associations composing the National association, notifying them of the expulsion of Thomas J. Hickey of St. Joseph, Mo., from the National association. The charge was that Hickey, in becoming president of the American association, had not kept faith with the National.

NEW M'KINLEY SOCIETY.

National Trades Union Movement is Effected in Chicago.

Chicago, Dec. 8.—A movement to start a national trades union movement for a McKinley memorial fund was started here tonight when the President McKinley Trades Union Memorial association of Illinois was formed. The movement will be started with a fund of \$300 which the letter carriers of Chicago have secured toward the building of a monument.

WILL STAY UNTIL SPRING.

Reported Assignment of Successor to Cardinal Martelli Not Believed.

Washington, Dec. 8.—The reported assignment of Monsignor Scalabrini, of Piacenza, Italy, as successor to Cardinal Martelli, papal delegate in this country, is regarded very improbable by officials of the delegation in this city. The expectation here is that Cardinal Martelli will remain until spring.

NEW SCHEME ON FOOT.

Britain Has New Proposal in Regard to Reconciliation Camps.

London, Dec. 8.—It is reported that when parliament re-assembles the British government will bring forward a new proposal in regard to the reconciliation camps in South Africa. It is believed this proposal will suggest a distribution of the refugees in the settled districts.

TO LIFE IMPRISONMENT.

Man Sixty Years Old Sentenced for Murder in Tennessee.

Burdette, Tenn., Dec. 8.—P. B. Bunden, a well-to-do farmer, aged sixty, has been sentenced to life imprisonment for the murder of Attorney John H. Crozier, who was shot down in a public highway last July. Crozier had sought to collect for a debt from Bunden.

FIGHT IS PULLED OFF.

Jimmy Hoy Is Knocked Out by George Siddons in Ninth Round.

Painesville, O., Dec. 8.—The fight between Jimmy Hoy and George Siddons, which was to have taken place a week ago but was prevented by the sheriff of orders from Governor Nash, was brought off early this morning at Richmond. Hoy was knocked out in the ninth round.

BIG JAIL DELIVERY.

Thirty-Nine Prisoners Escape by Digging Through Wall with Knives.

Birmingham, Ala., Dec. 9.—Thirty-nine prisoners serving sentences for minor crimes escaped from the jail this afternoon by digging through a sixteen-inch brick wall with pocket knives. Only five were recaptured.

BROKE UP MEETING.

Cleveland, Dec. 8.—The police today refused to allow the Liberty association, which includes a number of disciples of Emma Goldman, to hold a meeting in a hall engaged for that purpose.

JUMPED FROM WINDOW.

La Fayette, Ind., Dec. 8.—T. B. Waters of Toledo, O., jumped from the third story window of a hotel this morning, breaking his neck, his left thigh and a leg in two places.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says, "I was selling my trouble to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Sumner, N. Y. This remedy is for sale by the Stafford Drug Co.

SATISFIED PEOPLE are the best advertisers for Foley's Honey and Tar and all who use it agree that it is a splendid remedy for coughs, colds or sore lungs. The People's Drug Store.

WAS A WILD DAY

GREAT EXCITEMENT ON CHICAGO BOARD OF TRADE.

BIG DEALS MARK SESSION

PRICES FOR ALL THE GRAINS GO SKYWARD.

High Records for Season Were Badly Broken Saturday and the Business Transacted Was Greatest for Many Months.

Chicago, Ill., Dec. 8.—Panicum broke forth fresh on the board of trade yesterday. Prices for all the grains went skyward, high records for the season were badly broken, and there was more activity and excitement and a greater amount of business transacted than has been during one session for many months.

Beginning right at the opening, the rush lasted up to the final tap of the bell, which announced to the traders that the end of the session had arrived. Throughout it was a dazzling kaleidoscope of all kinds of action. Country dealers were buying everything in sight. Wall street was, too, and so was every body else; holders of lines of grain, both large and small, took advantage of the opportunity which confronted them and realized big profits. Some of the sums made today might safely be termed small fortunes.

But a Beginning.

Some traders predict that the developments of the last week are but the beginning. After the session today the traders realized that all the local professionals were about sold out; the country has taken up all their holdings and disappeared with them somewhere in the darkness. And still the phenomenal demand for more grain continues to come to Chicago, the central point of distribution.

Time was, and not so very long ago either, rumor has it, when Cudahy, Arthur Orr and several other local professionals had a creditable showing in their holdings of wheat. But this, the opinion is, has gone under the pressure of the urgent demand all over the country. Today's trading was altogether too large to allow any individual operations to have any influence.

Probably the largest individual trader in wheat were McReynolds and Barrill. It is estimated that the former took in all of 1,000,000 bushels during the session. The trades of the latter aggregated not far behind.

Wheat for May delivery sold Thursday at 80¢ cents. That was one-eighth of a cent better than the sold Friday the year. Today it touched 83¢ cents and conservative men say Monday will see it at 85¢ cents or higher. May corn was bought and sold today at 69¢ cents. This is a half cent higher than it has sold previously this year. May oats, too, set a new high record. The highest point today was 47¢ cents, as compared with 45¢ cents to 46¢ cents, yesterday's best price, and 1¢ cents above the previous highest point of the year, which was made Thursday.

Activity Greatest in Wheat.

Most of the activity was in wheat, but corn and oats were not far in the rear. The wheat market yesterday was again active and broad. Still higher prices were recorded, December selling to 78¢, May to 83¢ and July to 82¢. The close was about 2½ to 2% higher. Buying by outsiders was again the chief feature. Local and eastern long and short contracts brought about an early reaction. Higher cables and continued dry weather were the main bull influences. At Liverpool spot was up ½d, with the futures ¼ to ½ higher. The exports were moderate—293,000 bushels—and twenty-one boat loads were reported. Profits about 1¢. The local receipts were sixty-four cars.

Corn was active and the trade much stronger, the market closing at the top with May 69 and July 55¢. The bulge in wheat, better cables and the light movement were the bull factors. Outside buying probably brought about a bulge being the principal sellers. The close showed December up ½¢ and May ¼ higher. At Liverpool spot was ½d, with the futures ¼ to ½ higher. The cash demand was active, but cars are scarce restricting the shipping operations. The receipts were 136 cars.

Oats were highly excited and selling was higher than heretofore. Prices advanced 1½¢ for May, 1½¢ for July, and 1¢ for September, with the close at the top on all except May, which receded ¼ from the top. Commission house buying was heavy, and although there was a slight reaction, the offerings were well taken. Early sellers were buyers at the close.

The leading futures ranged as follows: May wheat opened at 81¼; highest, 83; lowest, 80½; closed, 82½. May corn opened at 68½; highest, 69; lowest, 68; closed, 69. May oats opened at 46½; highest, 47½; lowest, 46¼; closed, 47½.

BOSTON COPPER QUOTATIONS.

WALL STREET STOCKS.

Selling Precipitates a Violent Decline and Carries Prices Down.

New York, Dec. 8.—Speculators long of stocks rushed to sell yesterday and precipitated a violent decline, which carried prices below the level of a week ago, leaving no vestige of the week's gains. Amalgamated Copper touched 64½, a loss from Friday night of 5%. The scramble to cover amongst the shorts reduced the net loss to 3½% in Manhattan the extreme decline was 1½% and the net loss was only ¼. The stock touched 136 several times in erratic fluctuations.

On the first break in the market many railroad stocks and United States Steel stocks were affected, resting the decline shortly. On the second break, after the appearance of the bank statement, the weakness became general at declines of 1 to 3 points. New York Central, Great Northern, preferred, St. Paul, Chicago & Northwestern, Rock Island, Buffalo, Rochester and Pittsburg stocks and General Electric were especially weak.

Heavy losses of Amalgamated Copper necessitated sacrifices on other stocks. It was manifest the recent pool support of various stocks had been withdrawn, insiders having presumably taken profits on the week's rise. The transfer of funds for speculation to the grain and cotton markets infringes on the supply available for the stock market.

Liquidation for the account of an important firm about to retire, it is believed, figured largely in the selling. The acute weakness of American T. Can stocks on the curb was the incident of the day's market. The closing was feverish but slightly better than worse. Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Wabash, Pfd. 14 1/2 Union Pacific. 84

Kenton Catches.

Eugene Driggs of Detroit visited his trade here Friday.

Isaac Matter of Negaunee came up to Kenton Friday.

F. H. Young of Indianapolis was here Thursday looking up lumber.

August Nordio has completed his contract to clear the land for a cemetery just north of this village.

F. J. Jennison and F. H. Begole of Marquette visited Kenton one day last week.

August Olson has removed one of the buildings from Kitchi and is rebuilding a home on West Exchange street.

Foreman Wm. Murray returned Wednesday last from a two weeks' visit at his home in lower Michigan.

The Kenton literary society held its regular meeting at the school house Friday evening. An interesting program was rendered.

F. S. Burgess of Detroit called on his Kenton patrons Thursday and incidentally sought new business for his company, the Fidelity of Philadelphia.

Hotel York was the scene of a quiet wedding a week ago last Tuesday evening. Bert Fox and Ethel Ball of Ewing were united in marriage by the Rev. John Best.

C. B. Kroll has a tastefully arranged assortment of holiday goods in his department of the Sparrow-Kroll company's store, which is attracting much attention and trade.

Rev. W. H. Warren of Lansing was the guest of Rev. John Best Tuesday evening. A very helpful and interesting address was made by Mr. Warren in the evening at the church.

Mrs. Ray B. Canfield gave a surprise party for her sister, Beatrice Birmingham, last Wednesday evening. Many remembrances were given the little miss by her friends in honor of her ninth birthday.

Preparations for observing Christmas are in progress by the local Sunday school. Rev. Best has the program for exercises Christmas eve in charge. Mrs. Wm. Kroll is arranging for the decorations, and Mrs. C. B. Cushman will attend to providing for a Christmas tree. A good time for the children of the village is anticipated.

A charity ball under auspices of the Misses of this place was given Thanksgiving evening for Sir Knight Travis, who has been fighting for life against the ravages of blood poisoning at Duluth for several months. He has submitted to several operations and there are hopes of his ultimate recovery. Thirty-six dollars was sent for his relief.

Officer Djabrow was up from Sidway Wednesday with three girls and a young man to appear before Judge Ormsby. The necessary evil must be declared the court, and the girls were fined one dollar and costs each, while the young man got thirty days or twenty dollars. Commitment at Houghton for the young man follows and justice puts the bandage over her eyes again.

Foreman Stambaugh has a force of men making the repairs at the Sparrow-Kroll mill. The hot water pond is complete and repairs on engine and machinery are well under way. Sawing will not be resumed until Monday, the 16th inst. Engineer O. R. Connor is giving one of the Lima locomotives a thorough overhauling, preparatory to the work of hauling logs for the mill's supply during the winter's operations.

Kenton school children surprised their parents and friends at the exhibition Friday night. A gathering that crowded Opera Hall manifested its pleasure by loud applause. Character sketches by Guy Clumpner, Percy and Amos Maggy, Fred Demalion and Fred Tromby provoked much laughter. A very pretty march in which thirty of the children took part showed the careful training they had undergone in preparation. Among the little tots who gave recitations, Milton Wilcox, Lenore Eisenhardt, Tommy Demolien, Alden Malin and Gordon Plourd are deserving of mention. The Princeton Debating society, "all gentlemen of color," discussed the voters of our land and water and fully sustained their reputation as orators. The teachers of the village school well deserve all the congratulations bestowed on them for training the children so well and can take pride in the fact that an organ for the school will be the reward of their efforts. Thirty dollars was realized from the exhibition.

The Finnish National society of Crystal Falls has ordered a large number of fancy escudors from a Milwaukee firm, in the bottom of which will be a picture of the present governor of Finland, Nikolai Bobrikoff, who has been so prominent in his efforts to overthrow the constitution and liberty of the Finnish people. His name will be printed in gold around the picture, so that there will be no mistake as to who will be spat upon. The members of the society expect to sell a large number of these escudors, as they feel sure that all liberty loving people are ever ready to spit upon a tyrant.

Authoritative announcement is made at the Soo that an immense plant for making steel tubes will be located there. The plant is to be built next year with a smaller plant on the Canadian side. It is stated that \$25,000,000 of English money has been raised to push this and other Clergue enterprises on both sides of the river, and that Canadian and United States patents for the Perms system of making steel tubes, which

It is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. High quality and low cost: is there any better combination?

Upper Peninsula.

Phil J. McKenna, formerly publisher of the Escanaba Mirror, but now practicing law in Chicago with great success, is critically ill with appendicitis.

The business of slaughtering fir trees for the Christmas trade is in progress in various portions of the peninsula, and many carloads have been shipped to Chicago and other cities.

Lewis Dupre is serving a sentence in the Dickinson county jail for stealing two hunting coats from in front of an Iron Mountain store. One he disposed of to a bartender for 25 cents.

Dr. Cameron of Iron Mountain has received information to the effect that three cases of smallpox have developed in one of the Ford River Lumber company's camps in Breen township.

Considerable alarm has been caused at St. Ignace by the report that "tax title sharks" are planning a descent on the city. There is much property of value standing on the books as delinquent for taxes.

The C. H. Worcester company of Marquette has just purchased from the Ludington-Wells company of Menominee, 3,900 acres of cedar and hardwood land in Menominee county. The consideration was \$17,500.

Patents have just been granted to the following upper peninsula inventors: (Chas. T. Gilmore, Sault Ste. Marie, wash machine; Edward A. Neubeauer and H. E. Smith, Iron Mountain, time check; Herman Themel, Escanaba, journal and bearing therefor.

The new sulphite mill of the Marquette & Menominee Paper company, erected at Menominee at a cost of over \$100,000, has been entirely completed and the wheels of the new mill were started this week for the first time. It will go into commission on Monday.

The deal whereby it is hoped to secure a big tannery at North Escanaba is still on, with good prospects of success. The tannery it is proposed to build would be a monster one much larger than the one at Munising. It has proven of great benefit to that place.

The finely equipped clubhouse at Coleman lake, near Menominee, the hunting and fishing lodge of a club of seventy-five members, has been entirely destroyed by fire. Fred Stephenson of Menominee is president of the club, although the membership is made up almost entirely of Chicago men. The building will be replaced.

A couple now residing in New York city who were married by Rev. J. C. Rooney of Menominee have written to him for the marriage license and it has been forwarded. The customary emolument was not paid at the time the knot was tied and it is presumed all the years since have been devoted to saving the price.

The new board of public works of the Soo has relet the city sewer contract recently abrogated by J. E. Whalen, to J. H. Green & Son, of Appleton, Wis., at a price approximating \$68,400. This is nearly \$20,000 higher than Whalen's original bid for the work. The board announces its intention to hold Whalen and his bondsmen for the additional cost, which the latter, on the other hand, state they will contest in the courts.

The Finnish National society of Crystal Falls has ordered a large number of fancy escudors from a Milwaukee firm, in the bottom of which will be a picture of the present governor of Finland, Nikolai Bobrikoff, who has been so prominent in his efforts to overthrow the constitution and liberty of the Finnish people. His name will be printed in gold around the picture, so that there will be no mistake as to who will be spat upon. The members of the society expect to sell a large number of these escudors, as they feel sure that all liberty loving people are ever ready to spit upon a tyrant.

Authoritative announcement is made at the Soo that an immense

NOTICE!
Comfort and pleasure, time and money saved for contractors and masons. Kelley Limestone upon the market again, which has been long wished for by contractors and masons for its unsurpassed qualities of quick setting and the greatest producer of mortar of any lime manufactured. I handle the Peninsular Portland Cement, the standard of America; a guarantee is given by the Peninsular Cement Co. that there is no cement manufactured that can surpass it for cutter, cross and sidewalk purposes. Also handle Gypsum hard wall plaster; it is as cheap as lime mortar, wall tints in all colors, calcine and hand plaster, fire clay, brick, sewer pipe, beech sand, saw dust, wood of all kinds; also do teaming and contract work. Figures quoted on car lots or less on any material in my line.
GEO. E. FRENCH,

A. S. Cameron,
112 Washington St. Marquette.

SLUMP IN COPPERS CONTINUES.
Sensational Drop in Lawson's Trinity the Feature of Saturday's Market.
Still lower prices were the rule in coppers Saturday. Amalgamated took a further drop, making a new low record, while Lawson's Trinity was hammered down to 10, a 15-point decline in two days. There were few Lake coppers offered, but the demand was so meagre—speculators apparently not intending to get into the market until assured the bear manipulation is on the wane—that the prices naturally sold off.
As Noted by the Brokers.
Paine, Webber & Co. said: "The weakness of the coppers was confined very largely to Amalgamated and Trinity. The slump in these stocks, coupled with the weakness of the New York market, naturally caused free selling of coppers in general, but the prices held in a manner that seems to confirm the often repeated opinion that the better class of stocks are grounding on bottom. Coppers that will hold within a point or two through a day like this are certainly strong enough. It is well to remember that Amalgamated never led a bull movement in the coppers and those who wait for it now are likely to wait too long."
Hayden, Stone & Co. wired the Laidley Commission company: "Amalgamated made a new low record and Trinity, Lawson's pet, at 10 today, against 25 yesterday morning, makes it look like something was culminating. Of course, general selling ensued in all the coppers and kind of rumors are about. Every one but insiders is in complete ignorance, and we only repeat that it is too big a game for the little fellows and it is better to stand outside and watch them than it is to try and back such an outfit. Any one carrying coppers on margins owes it to his own peace of mind to see that they are heavily protected."
Hayden, Stone & Co. posted the following: "We think Amalgamated low enough to buy."
Lawson Not Yet Broke.
This was telegraphed from Boston by Paine, Webber & Co.: "Thos. W. Lawson has the following statement: 'In regard to the statement ingeniously inserted in Boston by news gatherers, so-called, sent to Chicago and industriously sent back to Boston and New York, and there openly stated on the floor of the exchange, that I have failed or assigned, do not intend to do so. I have no reason to now or at any future time to do so. I do not deny I am losing money, and losing it in 'chunks,' but I have it to lose and when I get through I will have enough money left to buy at their estimate and resell at mine.'"
Dick said of the Wall street stocks: "The bears enjoyed a red hot morning this morning, hammering copper to 64 1/2 and Manhattan to 134 1/2. St. Paul and Union Pacific and, in fact, the whole list suffered and the bank statement did not help matters, showing a decrease in reserves of six millions and the same in loans. The Fryer and the railroad list strong features. The railroad list has not acted badly and these reactions prevent overrading."
Wheat Still Stronger.
A. R. Jones & Co. said of the Chicago wheat market:
"Wheat was strong again just as expected and predicted by every one who has studied the situation, and a 2-cent advance is nothing at all surprising. The bears pushed the thing too hard yesterday, and the little rally at the close was only a suggestion of what was coming today when in the first prices showed a clean 1-cent gain. Considerable profit-taking during the first hour worked the prices off somewhat, but it was only a change of what went over to better hands and then toward the close some belated shorts tried to get in, shoving the price to 3 cents over last night's close. There is no use bucking against a market of this sort. We have said for months that wheat has been on the bargain counter. Notwithstanding the big advances we believe wheat is still cheap relatively. But at any price, the man who keeps waiting for a break will get in at the top."

FAMILY CARES.
This information may be of value to many a Mother in Marquette.
When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known the mother's burden will be lighter and her home happier.
Mrs. L. W. Bissell of 71 Park street, North Kalamazoo says: "My little brother has been troubled with a kidney and bladder weakness ever since he was a baby. The muscles of his bladder seemed to weaken and nearly every night he wet the bed. I did not know what to do for a long time but at last I decided to try Doan's Kidney Pills. I got a box at a drug store and they helped him so much that we kept on giving them to him until he had used five boxes. He gained right along and now is as strong and healthy a looking boy as one can see. Both my husband and I are much pleased with this remedy and believe it is excellent for all such ailments."
Just such emphatic endorsement can be had here in Marquette. Drop into the Stafford Drug Co.'s and ask what their customers report.
Sold for 50 cents per box by all dealers. Foster-McMillan Co., N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.
PRESENTS TO CUSTOMERS.
On New Year's day I will give the following prizes to my customers: First prize, a \$10 merschaum pipe; second prize, a \$4.50 amber cigar holder; third prize, box of \$4 cigars; fourth prize, a \$3.75 briar pipe; fifth prize, a five-pound box of candy, valued at \$3. One ticket free with each ten-cent purchase. (11-15-11)w

PRaise FOR MRS. JACKSON.
The press reports of the Schiller concert speak in the highest terms of praise, and many make special mention of the part taken by Mrs. Nettie M. Jackson, reader and accompanist, whose service the quartet has been fortunate enough to secure. The quartet is ably assisted by Mrs. Jackson, an impersonator of more than ordinary ability and bearing the happy faculty of maintaining the undivided attention of her audience. The young woman is one of the best entertainers of the city. After each number last night she received a hearty encore. Her impersonations of a boy telling 'what he thinks about things' was excellent and true to life, and she responded with a pretty, pathetic piece that appealed to the hearts of all present. The Schiller's will give one more quartet at the Methodist church here on the evening of Dec. 12.
FOOD CHANGED TO POISON.
Putrefying food in the intestines produces effects like those of arsenic, but Dr. King's New Life Pills expel the poisons from clogged bowels, gently, easily but surely, curing Constipation, Biliousness, Sick Headache, Fevers, all Liver, Kidney and Bowel troubles. Only 25c at Stafford's.

TO PROTECT DEER HUNTERS.
Upper Peninsula Legislators Preparing to Present a Measure.
According to a Lansing dispatch two of the upper peninsula state senators are said to be preparing bills for the legislature to enact which, they hope, will put an end to the "slaughter of the innocents" in the Michigan north woods during future hunting seasons.
Over in Wisconsin, the extravagant claim is made more hunters were killed or more men killed by hunters than were shot at Santiago. There can be no doubt, that as many or more, were killed in Michigan than in Wisconsin.
The aim in view is to both protect the hunter and preserve the game, by providing that only bucks shall be shot, and that the season for hunting the deer be extended. Heavy penalties are to be prescribed for the killing of the doe, and "not-hunters" will receive harsh treatment.
The extending of the season is to avoid crowding the woods and thus imperiling the lives of the hunters. It is claimed that as many bucks can be taken in two months as bucks and does in the present time. The preservation of the doe, it is claimed, will multiply the number of deer in the forest and more than repay the hunter for his patience and foresight.
If a dealer asks you to take something said to be "just as good as Rocky Mountain Tea made by Madison Medicine Co.," ask him if he makes more money. The Stafford Drug company.

ISHPEMING WINS
 THE STATE FOOTBALL CHAMPIONSHIP AT ANN ARBOR.

KALAMAZOO HAS STRONG TEAM
BUT HEMATITE CITY LADS TIRED THEM OUT IN SECOND HALF.

Special Telegrams Received Direct From the Grounds Created Great Excitement While the Game Progressed.

Ishpeeming, 27.
 Kalamazoo, 21.

When it comes to scientific football playing it is quite well established that the high school players of Michigan, of the northwest, must take off their hats to Ishpeeming.

The championship battle at the Regent grounds at Ann Arbor Saturday, between the lightweight team of Ishpeeming and the big burly eleven of Kalamazoo, is said to have been the most exciting contest seen in Michigan in some time. Ishpeeming's science and endurance are what counted against the lower peninsula champions. The chaps from here proved too strong for their opponents, and according to reports received over the wire, Ishpeeming had Kalamazoo entirely at its mercy during the last few minutes of play in the last half.

Special Telegrams Received.
 Late Friday evening George Kuno, manager of the Western Union Telegraph company's affairs here, took up the matter of receiving telegrams from the scene of the battle with the manager of the company at Ann Arbor, at the same time consulting Ishpeeming men about it. The latter quickly guaranteed the expense of the service, no matter what it might be, and the arrangements for the special messages direct from the ground were consummated. At 2:30 the telegrams began to arrive.

It was not generally known that the telegrams were to come, but there were hundreds of persons out just the same. It is said that several who are more or less interested in the game and the local team remained from work during the afternoon to hear the returns. At any rate, the streets were black with men, women and children in the vicinity of places where the telegrams were displayed and at times the wildest excitement prevailed. It was almost next to impossible to squeeze into the Western Union company's office, while the city square was well occupied by anxious ones.

Following are the telegrams, giving the principal features as the game progressed:
 2:30—Kalamazoo kicked off to Bell. Ishpeeming finds Kalamazoo easy. They rushed down the field for the first touchdown in five minutes. Bell makes touchdown, but failed to kick goal.
 2:48—Kalamazoo rushed ball to Ishpeeming's five-yard line, but lost it on downs. Ishpeeming rushed it back to midfield.
 2:50—Bell scores second touchdown for Ishpeeming. No goal. Score, Ishpeeming, 10; Kalamazoo, 0.
 2:58—Longman for Kalamazoo rushes ball for first touchdown. Gilbert kicks goal. Score, Ishpeeming, 10; Kalamazoo, 6.
 3:08—Gilbert of Kalamazoo kicks goal from thirty-five-yard line. Rynney also ran fifty yards for Kalamazoo for touchdown. End of half. Score, Ishpeeming, 10; Kalamazoo, 16.
 Second half—
 3:18—Ishpeeming rushes Gill over for a touchdown and goal. Score, 16 to 16.
 3:50—Longman for Kalamazoo carried ball over for a touchdown. Gilbert missed goal. Score, Ishpeeming, 16; Kalamazoo, 21.
 4:20—Gill scores touchdown and Tislov kicked goal. Score, Ishpeeming, 22; Kalamazoo, 21.
 4:25—Final score, Ishpeeming, 27; Kalamazoo, 21.
 At the end of the first half Superintendent Mayne wired that the Kalamazoo team weighed thirty pounds to the man more than the local eleven.

At the conclusion of the contest the superintendent sent another telegram to the effect that Ishpeeming tired out the big fellows and that they had the Celery City monsters at their mercy before the closing of the contest. He also advised that none of the Ishpeeming boys were injured.

Crowd Went Wild.
 The Ishpeeming people who remained in their offices or stood about the streets or elsewhere awaiting the returns from the game, felt pretty blue at the end of the first half, when the score stood 16 to 10 in Kalamazoo's favor. But when the message came stating that Ishpeeming had tied the score all were more hopeful, as the local eleven invariably does its best work in the second half.

When word came that Ishpeeming led her opponents by one point many lost their heads completely. Shouts of triumph went up wherever a crowd had assembled. Many who could not get an intelligent report of the game as it stood at that time supposed from the way everyone yelled that the game was over and that Ishpeeming had won.

The racket when the score stood 22 to 21 was mild compared to the noise that followed when the final score came. There was a rush from the telegraph office that fairly caused the walls of the building to shake. Those on the street knew the game had been won before the men and boys came tumbling out of the doorway, as the crowd inside gave vent to their feelings as soon as Mr. Ruez announced the score.

The racket was deafening for some minutes, but it was of the sort everyone wanted to hear about that time.

From the city square a crowd of post-graduates and high school students went direct to the high school building. Janitor Mike Lally was found and soon the bell in the school tower was sounded. Many ran thinking there was a fire, but within a few minutes the whole town knew that Ishpeeming had again won the state football championship. Later in the evening a party of young men and boys visited the home of every player in the team, giving their people cheer after cheer. The racket continued until after 9 o'clock.

Big Reception Today.
 The members of the team and others who took the lower peninsula trip will arrive home this afternoon at 4 o'clock. Arrangements have already been made for a reception, and all who can be at the depot should be there with tin horns or any other old thing that will serve to make a noise.

The Ishpeeming City band will be on hand and a chariot is being built to be used in hauling the team through the streets. Cutters will be provided for the school teachers, who will bring up the rear of the procession. The line of march will be from the South Shore depot on Canada street to Main; on Main to Division; on Division to Second; on Second to Cleveland avenue; on Cleveland avenue to Main; on Main to Canada; on Canada to First; on First to the high school.

All are invited to take in the meeting at 4 o'clock. It is likely all the players will be heard on how the battle was won, etc.

"PEERLESS" SCORES VICTORY.
 The "Peerless" football team, composed of youngsters ranging in age from eleven to fourteen years, is getting a local reputation. The aggregation won another game Saturday morning when the "Badger" team went down in defeat. The score was 16 to 0. It is said that there were several pretty good-sized boys in the "Badger" line-up but like Kalamazoo, their weight didn't count against the youngsters, who have lain awake nights arranging formations, etc., for the games of the season.

These who saw the game report that it was a genuine picnic. People living many blocks from where the contest was held, heard the yells and cheers. Over plays were numerous, but strange to say, the game was finished without a "scrap."

FOR THE TOURNAMENT.
Fire Department and Citizens Meet Tomorrow Night to Select Committees.

Tomorrow evening is the date fixed for a meeting of the entire fire department, at which meeting the citizens and business men of Negaunee are requested to be present. The meeting is called for the purpose of making arrangements and preparations for the next tournament of the Upper Peninsula Firemen's association, which is to be held in this city on a date yet to be fixed, presumably some time during the month of August. The most important business to be transacted at this meeting will be the appointment of the various committees for the different work to be taken in hand relating to the races, prizes, and the proper entertainment of the numerous visitors and fire companies that are expected to be present during the tournament. The most important committee of all to be appointed tomorrow evening is the finance committee, which should be composed of the most energetic and wide awake business men. All the committees which will be selected will have ample time in which to do their work carefully and arrange plans for the coming event in a manner that will insure its success in every possible way. It is the intention of the department and of the citizens of Negaunee to make the coming tournament one of the best ever held on the upper peninsula, and in this connection the hearty and earnest co-operation of all public-spirited residents of the city is desired. Attend the meeting at the hose house tomorrow evening and don't be afraid to offer suggestions, for everyone will be interested in seeing the event carried out to a successful termination.

LOOKING OUT FOR H.S. GUESTS.
Some improvements have been made in the Breitung House for the greater convenience and better accommodation of its patrons. Landlord Seass has partitioned off the hall on the third floor and converted it into two handsome rooms. On the second floor, also, partitions have been put in, which are composed of folding doors and cots and folding beds will be utilized in the extra room thus obtained. Other rooms have been supplied with steam heat so that this popular hotelery can now comfortably accommodate many more guests and it is safe to say that these accommodations will be taxed to their utmost limit during the tournament next year, for which Negaunee's citizens are now making preparations.

WILL PREPARE STATEMENT.
The council has instructed William Mitchell, the clerk of the electric light plant, to furnish a complete statement of the cost of the municipal plant and the expense of operating same since it was installed. There is considerable work connected with the preparation of these figures and Mr. Mitchell will be kept busy for some time in making out the statement, which is to be presented to the council by the next regular meeting if it can be finished by that time. This is for the purpose of ascertaining the value of the plant and posting the members of the council thereon when the time comes for the discussion of the question of its absorption by the Negaunee & Ishpeming Street Railway and Electric Light company.

ON THEIR WEDDING TRIP.
Mr. and Mrs. Harry J. James, who were recently married at Calumet at the Methodist church in that city in the presence of a number of their friends, have gone to Milwaukee on a wedding trip. Mrs. James, who is Miss Gunnell Larson, is a Negaunee young woman. The groom also formerly resided here, but is now head clerk in the store of William Beck, Calumet. Their Negaunee friends join in extending congratulations and wishing them many long years of happiness and prosperity.

NEW OFFICERS CHOSEN.
The new officers of Negaunee lodge, No. 202, F. & A. M. elected at the last regular meeting are here given: Worshipful master, Samuel Williams; senior warden, John F. Allison; junior warden, Hans Henningsen; treasurer, Joel Williams; secretary, H. F. Pearce; senior deacon, Charles Thoren, Jr.; junior deacon, Harry Pearce; Tyler, John B. Dunstan.

WOMEN AND JEWELS.
Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health, get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at The Stafford Drug Company. Get Green's Special Almanac.

INFORMATION WANTED.
The manufacturers of Banner Salve having always believed that no doctor or medicine can cure in every case, but never having heard where Banner Salve failed to cure ulcers, sores, tetter, eczema, or piles, as a matter of curiosity would like to know if there are such cases. If so, they will gladly refund the money. The People's Drug Store.

VERY LOW RATES
To International Live Stock Exposition at Chicago, Ill. Tickets will be sold at one fare, plus \$2.00, for round trip December 2, 3 and 4, limited to return until December 8, inclusive. Apply to agents.

Additional Ishpeming UNDER TWO FLAGS.

In Under Two Flags, Edward Diner, who is the dramatist of the version that is to be played here next Wednesday evening, Dec. 11, has followed the novel very closely and has produced a play both strong, pathetic and of a high value, far superior to the ordinary type of melodramas.
It is pure and forcible and awakens the enthusiasm of the parquette (as well as the more noisy appreciation of those that pass judgment in matters theatrical from their seats near the roof. This is the play that ran over six months last season and was the talk in the theatrical world all over the country. It is strictly an acting play, filled with strong, forceful action and strong situations. The company that is to appear has played all the large cities of the country and is headed by Miss Rose Mayo, who takes the role of Cigarette, a barrack-bred, patriotic, impulsive, courageous and jealous French girl. She will be ably supported by a carefully selected company of players.
The scenery is new, bright and attractive and the costumes and effects elaborate and original. The sand storm and Cigarette's daring ride are among the special features that have won the praise of press and public.
The general admission price is 50 cents reserved seat 75. The reserved seat chart can be found at Ellison's.

CLERKS' MEETING TONIGHT.
An important meeting of the local branch of the Clerks' union will be held this evening. Tonight's meeting is called to take place of the regular meeting on the 29th. Officers to serve for the ensuing term will be nominated. A matter that will interest all is coming up for consideration and a large attendance of the members is desired.

SAW DEATH NEAR.
"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with Consumption that no medicine or earthly cure could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It's absolutely guaranteed for Coughs, Colds, Bronchitis, Asthma and all Throat and Lung diseases. 50c and \$1.00 at Stafford's. Trial bottles free.

ISHPEMING IN BRIEF.
The Ishpeming office of The Mining Journal is now located in the Dundon block, room 6, second floor. Patrons of the paper are invited to call there.

M. C. Scully left Saturday evening on one of his regular business trips.
An adjourned regular meeting of the city council will be held this evening.
Mrs. H. O. Mott of West Superior is in the city visiting Miss Mayne Connell.
The Misses Emily McNulty and Marie Flammigan of Marquette, visited relatives here yesterday.
New officers will be elected this evening at the regular meeting of Ironton of America.
Beginning a week from today, the stores of the city will remain open after 8 o'clock, continuing until the first of the year.
Messrs. Higgins, Dwyer, Carey and Harry of Marquette attended a meeting of the county board of Irontonians in this city yesterday.
The boards of the Johnston house drove to the Country club house Saturday evening. The weather was pleasant and the drive was very much enjoyed.
The tax roll for Ishpeming township is at the Miners' National bank and Supervisor Patrick Lyons of the township gives notice in this issue that taxes should be paid at the bank.

It has been suggested that the business men decorate their store fronts to-day in honor of the home-coming of the football champions. Blue is the color. Let the ribbons and bunting fly to the breeze.
John Malmstrom, who went wrong while managing the Werner art gallery here, was sentenced to one year in the branch prison. The man's family in this city is in very straitened circumstances and his wife is in poor health.
John Swan, who spent many years in Ishpeming prior to about two years ago, when he moved to Gladstone, is reported dangerously ill with typhoid fever at his home at that place. His mother, Mrs. A. E. Swan, was called to his bedside late last week.
John Salo will soon open a saloon in the Voelker building at the corner of Main and Division streets. He has bought the furniture and fixtures John
