TO VOTE ON TREATY

SENATE AGREES UPON MONDAY NEXT AS THE TIME.

FOUR HOURS IN REACHING DECISION

PRINCIPAL SPEAKERS ARE FORAKER, SPOONER AND MONEY.

Latter Finds Fault But Will Not Prevent Ratification—Committee on Isthmian Canal Favors Senator Morgan's Bill.

Washington, Dec. 12.—The senate agreed today to vote before the adjournment Monday on the new Hay-Pauncefote treaty. This agreement was reached after four hours of debate, which was sufficiently interesting to insure the constant attendance of most of the senators.

Senator Spooner, who was one of the principal speakers, had just concluded when Senator Lodge made an effort to secure a vote. It developed there were other senators who desired to be heard, the result being that the date for the vote was postponed until Monday.

The agreement provides for an adjournment of the senate from today until Monday, and for a meeting at 11 o'clock on that day, one hour in advance of the usual time.

The understanding is that as soon as practicable after the senate convenes, Senator Lodge shall move for an executive session and the treaty shall have the entire attention of the senate until the final vote is reached before the adjournment for that day.

Much in Treaty to Criticize.

The principal speakers today beside Senator Spooner were Senators Money and Foraker. Senator Money, while finding much in the treaty to criticize, said as he found the fortunes of the proposed canal across the isthmus inextricably intertwined with the treaty, he could not see his way clear to voting anything that would prevent or even delay the ratification.

Senator Foraker maintained that the provisions of the new treaty meet every objection made to the original Hay-Pauncefote treaty and cover every essential thing included in the amendments made by the senate to that document. He regarded it as the utmost importance that the Clayton-Bulwer treaty should be wiped out. He asserted that all rights of the United States were amply protected under this treaty, and our absolute and complete control of the canal could not be questioned by Great Britain or any other power.

Senator Bacon asked if it was not true under the terms of the treaty that the construction of fortifications by the United States would be an act of war.

Senator Foraker replied in the negative, declaring that not only would an act not be an act of hostility, but to build fortifications in case of necessity was one of the inherent rights of the government.

Democratic Senators Interrupt.

Senator Spooner, also, was frequently interrupted by senators on the Democratic side. Answering these, he maintained that England, after contending for half a century against the fortifications, had waived that provision, thus practically conceding our right to fortify the proposed canal.

During the interruptions many of the senators on both sides took part in the controversy.

Senator Spooner contended that the United States would have the right to control the canal after its own manner during any war to which this country might be a party.

Senator Mason interjected that the treaty agreements would never bind the nation to the extinction of its military rights and duties.

Senator Spooner assented, and said that no matter what might be the provisions of the treaty, the nation could not be accused of dishonor or immorality if its terms were broken in the defense of its own existence.

The senate committee on the isthmian canal authorized a favorable report upon Senator Morgan's bill providing for the acquisition of the right of way for the Nicaraguan canal. Senator Morgan afterwards presented a report to the senate. It covers more than 500 pages of printed matter and deals with many questions connected with the construction of the canal, including a thorough inquiry into the attitude of Great Britain upon the subject and different canal routes.

Efforts Have Been Defeated.

The introductory pages of the report contain a general review of the importance of the construction of the isthmian canal, and in the second paragraph says its declared "failure to accomplish this work would create a feeling of national despondency."

"For fifty years," Senator Morgan says, "the power of the British government and combinations in the United States aided by France, have defeated all efforts to open an American canal." He declares the Clayton-Bulwer treaty was an injustice. Great Britain's control of the Mosquito coast was a pretense and held us in leash until the control of the Suez canal could be effected. If no other course is open the Clayton-Bulwer treaty should be abrogated by congress.

The major portion of the report was made before the new Hay-Pauncefote treaty had been promulgated, and in an appendix the following reference is made to that treaty:

which a canal for ships through the American isthmus shall be operated for the security and benefit of all nations, such an agreement may well be considered as an advanced step in true civilization, honorable to both governments and rich in its blessings to mankind.

According to National Policy.

"Its new alignment as to the rights, privileges and consent of the United States, touching the ownership and control of the isthmian canal, based on the general principle of freedom and neutrality of such a canal as that, is declared in the Clayton-Bulwer treaty and is in accord with our well-established national policy, often declared and never denied by the United States.

"Whatever sacrifice it may involve in the benefits that might be otherwise claimed as being exclusive in favor of the United States in the absence of such an agreement for the benefit of all nations, the American people approve the spirit of the treaty and will adhere to it as an additional evidence of their friendly sentiment toward all people who compete with them honorably for an increase of facilities of commerce, and for an extension of good will to all the world."

Expressed in Senator Morgan's report is a lengthy review of the efforts of Hutin, representing the Panama Canal company, to dispose of that property to the United States, and the manifest purpose of that organization to interfere with legislation. It severely criticizes Hutin's methods and statements, and makes an absolute denial that any offer was made for the company's holdings in Panama.

Will Not Make Assignments.

The Democratic leaders of the senate have notified the Republicans that the minority does not call upon to provide committee places for either Senator McLaurin or Senator Wellington. It is understood the Republican members of the committee will assign those members to committee places.

RELATIONS ARE STRAINED.

War Between Chili and Argentine a Possibility.

Buenos Ayres, (via Galveston), Dec. 12.—The relations between Chili and Argentine are strained. Chili has not yet replied to the demand for the reasons for the construction of strategic roads in litigated territory. Argentine believes the Chilean answer will be satisfactory. In the meantime both countries are taking protective measures.

A decree, ordering the mobilization of the reserves of 1878 and 1879 Jan. 1, has been issued. These reserves number 60,000.

Chili is busily engaged in buying warships, aiming to surpass the power of Argentine's fleet.

Washington, Dec. 12.—Secretary Hay has received cablegram from Ministers Lord of Buenos Ayres and Wilson of Santiago de Chili stating in effect that while the situation is extremely grave the best opinion is that war between Chili and Argentine will not follow.

Valparaiso, Chili, Dec. 12.—The Chilean government will call into service two forces of conscripts, the result of a similar action on the part of Argentine.

SOME PLUNDER RECOVERED.

Diamonds and Jewelry Now in Hands of Kansas City, Mo., Chief.

Kansas City, Dec. 12.—Diamonds and other jewelry valued at \$800 are in the possession of Chief Zimmer of Kansas City, Kas., and that officer believes he has recovered a portion of the \$15,000 worth of goods stolen from Alfred E. Lowenthal at Portland, Ore., last month. The jewelry was found at the residence of a sister of Prue Johnson.

Prisoners in Sweat Box.

Omaha, Dec. 12.—Chief of Police Donahue said tonight he expects to recover the \$100,000 worth of diamonds stolen in Portland a month ago. Prue Johnson and her companion, arrested yesterday with a part of the gems in their possession, were put in the sweat box today and the police say it was with very favorable results.

RIOTS IN CUBA.

Negroes Parade Streets and Shout for Palma for President.

Santiago de Cuba, Dec. 12.—The Independent party held a great demonstration tonight in favor of General Maso, their candidate for the presidency.

During the banquet several thousand negroes assembled outside and made such a demonstration in favor of General Palma that the speakers could not be heard. The police were unable to disperse them and a riot was averted only by the arrival of the rural guard. Numbers of the Nationalists, mostly negroes, paraded the streets all night, cheering for General Palma, their candidate for the presidency, and trying to overcome the effects of the Maso demonstration. There were several small riots but no serious trouble.

RIOTOUS MOBS AT CADIZ.

Striking Bakers Pillage Stores and Attack Peaceable Citizens.

Cadiz, Dec. 12.—This city was in a state of partial revolution practically all night. Riotous mobs, led by striking bakers, armed with knives and bludgeons, pillaged stores, attacked peaceable people in the streets, injured a number of persons, threw the whole town into a state of panic and made the night hideous with shouts of "long live social revolution." The police were powerless to quell the disturbance.

SHAMROCK NEARLY BURNED.

New York, Dec. 12.—The Robins company boiler shop burned tonight. The loss is \$100,000. St. Thomas Lipton's Shamrock, laid up for repairs near the shop, narrowly escaped being destroyed. Only the strenuous efforts of the firemen saved her. As it was, she was badly scorched on one side.

STORM IS RAGING

TELEPHONE AND TELEGRAPH LINES DOWN IN BRITAIN.

MANY SHIPPING DISASTERS

RAILROAD TRAFFIC IS DELAYED IN SOUTHERN WYOMING.

Heavy Losses of Sheep Are Reported—Blizzard Raging in North Dakota—Snow and Rains in Other States.

London, Friday, Dec. 13.—Postal authorities say yesterday's storm caused the worst breakdown to telegraph and telephone lines in twenty years.

North of a line drawn through Birmingham the whole country, including Ireland, is almost cut off from communication with London. Press dispatches had to be sent by rail.

The heavy snowfall continued throughout the day and the gale was still raging last night. No doubt many shipping disasters will be reported when the wires are restored.

A fierce gale is sweeping the English and Irish channels. Many vessels sought shelter and the life boats were busy rescuing small craft. A Belgian fishing boat foundered in the North sea, resulting in the drowning of fourteen persons.

Laramie, Wyo., Dec. 12.—One of the worst storms in recent years has been raging in Southern Wyoming for twenty-four hours. The snow is accompanied by high winds and falling temperature. Railroad traffic has been delayed but no blockades have occurred. Reports are received of heavy losses of sheep but the stories cannot be confirmed.

St. Joseph, Mo., Dec. 12.—The heaviest rain storm in this section during the present year set in early this morning. Snow is falling along the lines of the St. Joseph and Grand Island and the Burlington.

Oceola, Wis., Dec. 12.—A heavy snow storm is in progress. It is general throughout the county, four inches having already fallen.

Denver, Dec. 12.—A heavy snowfall has occurred on the mountains in southern Colorado, causing considerable delay in railroad traffic.

Fargo, N. D., Dec. 12.—A sudden fall of temperature, with a driving wind, gave Fargo her first blizzard of the winter tonight.

Topeka, Kas., Dec. 12.—General heavy rains fell in Kansas today, breaking the dry spell of several week's standing.

MURDERED BY SON.

Ohio Man Kills His Mother and Then Commits Suicide.

Upper Sandusky, O., Dec. 12.—Mrs. Valentine Wischaker was found murdered in her home today. Her son Jacob, who lives in another part of the town, was seen to leave her home early this morning. A search resulted in his dead body being found in a hay mow at Long's livery stable, with a bullet wound in his temple. A revolver, which he had bought an hour before, was also found. It is thought the son's visit was for the purpose of robbery, and being detected he assaulted his mother and later committed suicide.

IGLESIAS IS SENTENCED.

Porto Rico Labor Leader Gets Three Years and Four Months.

San Juan, Porto Rico, Dec. 12.—Santiago Iglesias, president of the Federation of Workmen of Porto Rico, together with nine companions, was tried in the district court of San Juan yesterday on a charge of conspiracy. Today Iglesias was sentenced to three years, four months and eight days imprisonment. Seven of his companions were sentenced to four months imprisonment, while two were acquitted of the charge of being founders of an illegal association and conspiracy in August, 1900, to raise the price of labor in Porto Rico.

MAY CONVERT BRIGANDS.

Miss Stone Using Christianity in Dealing With Captors.

Constantinople, Dec. 12.—The latest information regarding Miss Stone and Madame Tsilka indicates that their condition is so far ameliorated that they are able to obtain rude comforts. It is even said the brigands have a doctor ready at hand in case his services may be needed. It appears the brigands are now complaining that Miss Stone is attempting to convert them to Christianity. While recognizing the illegality of their action the brigands contend that their action is in the interest of a sacred cause and therefore justifiable.

INDIANA BANK SUSPENDS.

Attempt to Rob Institution Causes Disastrous Run.

Lafayette, Ind., Dec. 12.—The attempt made two weeks ago to rob the Wamatah bank, of Wamatah, owned by Julius Conitz, caused a run on the institution, which today resulted in its suspension. The assets are \$91,000 and the liabilities \$21,000. Forty thousand dollars of the assets are in the stock of the Eastern & Northwestern Railroad company, which is constructing a line between Toledo, O., and Benton Harbor, Mich.

VOTE MADE COMPLETE.

Great Western Decides in Affirmative on Time Resolution.

Chicago, Dec. 12.—The vote on the time resolution covering the western and northwestern gateways was made complete today by a vote in the affirmative sent in by the Great Western, which was not represented at the meeting.

It was stated today that the Northwestern management, as well as the managements of the Union Pacific and Southern Pacific, is determined, if possible, to keep the time of the "Overland Limited" between Chicago and the coast intact, but there is no present indication that there was a string attached to the affirmative vote of any of the lines parties to the time agreement.

The only reservation was that made by the St. Paul to the effect that it would retain the right to change the time upon adequate notice.

Two Resignations Announced.

New York, Dec. 12.—The resignation of W. G. Purdy as president of the Chicago, Rock Island & Pacific railroad was accepted today by the directors of the company. William B. Leeds was elected president.

Mr. Purdy also resigned as a director and J. H. Moore was elected to succeed him in the board. D. G. Reid was elected a member of the executive committee to fill the unexpired term of Mr. Purdy. It was announced today that James J. Hill had resigned from the board of directors of the Northern Pacific.

GERMANY INDEPENDENT.

Would Not Ask Permission to Occupy a Venezuelan Port.

Berlin, Dec. 12.—Some commotion has been caused in the press here by the publication of a cablegram from New York to the effect that Washington considers incorrect the German official view of that passage in President Roosevelt's message containing his definition of the Monroe doctrine, which is here construed as permitting of the collection of private claims against South American countries by force. In this connection the Tages Zeitung says:

"If Germany found it necessary to occupy a Venezuelan port she would not ask Uncle Sam's permission to do so."

Lamb-Like Patience.

In the reichstag today Herr Muench-Ferber (radical) said:

"Germany has shown lamb-like patience in American tariff trickery. We have seen fifteen hundred millions of our money go to the United States never to return. The United States will respect us if we act energetically. As the United States cannot reduce the Dingley duties by more than twenty per cent, the German duties should equal such reduced American duties."

After the tariff bill was referred to a committee today the twenty-eight members of the reichstag adjourned until Jan. 8.

CANNOT REPRESS MURDER.

Boer Leaders Said to Have No Control Over Subordinates.

London, Dec. 12.—The war office issued a statement tonight denying with the Boer treatment of Colonel Benson's wounded at Brakenburg, which is the result of a special investigation instituted by Lord Kitchener.

The statement sets forth that eight-eleven officers and men of Colonel Benson's command were kindly and even carefully treated by the Boers, while the other seventy-five men examined testified that they witnessed and suffered atrocities worse than those which followed the Vlakfontein disaster. These latter said that unarmed and wounded men lying around the guns were killed at close range, and the survivors of the engagement suffered torture, being robbed and stripped of their clothing and some of their wounds and broken limbs.

Lord Kitchener says that evidently the Boer leaders are no longer able to repress murder and outrage on the part of their subordinates.

COMES TO MICHIGAN.

Ohio Prisoner Released to Answer to Indictments Here.

Columbus, O., Dec. 12.—The board of managers of the Ohio penitentiary today released Rev. G. E. B. Howard, a federal prisoner from Tennessee, that he might be taken to Michigan to answer to an indictment there. He had served six years.

Just before the expiration of his good time Howard escaped, and while at Jackson, Mich., resumed his old game of swimming. After he was captured and returned to the Ohio penitentiary he was indicted in Michigan for sending letters to persons in England, representing they were heirs to large estates and offering to look after their interests for a stipulated fee.

He was taken to Detroit by a United States marshal.

GETS FIFTEEN YEARS.

Montana Train Robber Suspect Sentenced to Penitentiary.

St. Louis, Dec. 12.—In the United States district court today Ben Kilpatrick, the Montana train robber suspect, was sentenced by Judge Adams to fifteen years imprisonment in the state penitentiary at Jefferson City. Laura Bellion, indicted jointly with Kilpatrick, was also found guilty but was not sentenced.

KILLING WAS JUSTIFIED.

Fifteen-Year-Old Girl Acquitted of Murder of Father.

Greece, Colo., Dec. 12.—Gertrude Simpson, aged fifteen, who shot and killed her father, Dr. A. N. Simpson, the coroner of Mineral county, Nov. 15, was acquitted today after a trial on the charge of murder. The girl's defense was that her father had abused her and threatened to kill her.

AN IMPORTANT CONFERENCE.

A conference of labor leaders, representatives of capital, and prominent churchmen and others who are seeking to bring about more cordial relations between the labor organizations and employers of labor, is soon to be held in New York.

The main purpose of this conference will be to organize for future work having in view finding a way to bring labor and capital closer together.

When such men as those who will take part in the projected movement earnestly address themselves to the task of bringing about a better understanding between labor and its employers an important step has been taken toward preventing labor disturbances.

The invitations are out for the eleventh annual benefit ball to be given by the Brotherhood of Railroad Trainmen of the copper country.

At the rate orders for new ships are being placed all the berths at the yards of the American Shipbuilding company for next summer's delivery will be taken before the end of the year.

Mr. R. L. Ireland, vice president of the American Shipbuilding company, yesterday closed contracts for two big freighters to come out the middle of August.

They will be 436 feet over all, 416 feet keel, 50 feet beam and 28 feet molded depth.

This makes four steamers of the same size that Captain John Mitchell has ordered this year.

The demand for vessels has never been so great, and with all the repair work that is in sight the lake shippers will have all the business they can handle during the next six months.

Canadian iron ore fields are beginning to again attract the attention of iron men of the United States.

The Palace ice rink at Hancock, which has undergone extensive repairs and has been considerably enlarged, will be opened to the public Saturday evening.

The Schiller Male quartet entertains at the Lake Linden Methodist church this evening under the auspices of the Epworth league.

The case of Bar Altman vs. the White Line Transportation company, of Duuth, is now on trial in the United States district court in that city.

The whole world is the market for this oil. Already have shiploads gone to European markets where it finds a ready sale against the Russian product.

The company's land is on block 38, among all the big gushers, and there is ample room for three more wells, which will be sunk as rapidly as the demand warrants.

For a limited time only stock in this company is offered to defray the necessary expense of development purposes at \$1.

On the capitalization of this company its stock at this price is equal to two shares of that of companies capitalized at a million and four of those at two million which have been so freely offered to purchasers at advanced prices.

When the company's well comes in and dividends declared as they shortly will be, this stock will at once be worth many times its face value.

In the purchase of many stocks in the Beaumont field, many have reaped big profits by buying when the stock was cheap and before returns began to come in.

You now have the same opportunity. Will you take it and on a small investment have an interest in a company that will pay handsome returns? Opportunity comes but seldom and rarely, indeed, for those with limited means, and once lost never to be recalled.

SAW DEATH NEAR.

"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse.

Good doctors said she was so far gone with Consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life."

COPPERDUM BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dea Postoffice building, Houghton.

Circuit court has adjourned until next Tuesday. Captain Dunstan of Hancock, who has been seriously ill, is improving and his condition at present is encouraging.

The game scheduled between the Hancock and Calumet Y. M. C. A. basketball teams at the Hancock association room gymnasium tomorrow night has been called off.

The Modern Woodmen and Royal Neighbors lodges of Houghton will give a dance at the Houghton Armory this evening. Music will be furnished by a Calumet & Hecla orchestra.

The six Ripley young men who were arrested recently on several charges, principal among them being assault on certain citizens, were up before Judge Finn at Hancock yesterday afternoon.

The members of Calumet Lodge, F. & A. M., will give what promises to be an enjoyable social at the lodge rooms this evening. One of the Calumet & Hecla orchestras will furnish music, and dancing will be indulged in. Supper will be served by the ladies of the Eastern Star.

A GOOD COUGH MEDICINE. [From the Gazette, Toowoomba, Australia.] I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.

W. C. WACKNER, This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wackner. This remedy is sold by the Stafford Drug Co.

A SURE DIVIDEND PAYER

...IS THE... LAKE SUPERIOR & BEAUMONT OIL COMPANY

COMPOSED OF ESCANABA BUSINESS MEN WITH A CAPITAL STOCK OF \$500,000.

SHARES OF A PAR VALUE OF \$1.00.

This company owns in fee simple one of the very choicest tracts of oil land in the Beaumont oil fields and has a gusher guaranteed, and a well being drilled by one of the most responsible well drilling firms in that field.

DIVIDENDS ARE ACTUALLY ASSURED. Dividends by this company are certain almost at once by the fact that already contracts for the sale of oil from the well have been let and others are under consideration and by the 20th of this month when the well is expected to be in a sufficient quantity will have been sold to enable the company to begin marketing the oil at once.

NO SPECULATION IN THIS PROPOSITION. In buying oil stocks, as in any business, particular care should be taken in selecting a company, the management of which you know and who will make an honest effort to give you the best return possible on your investment.

THIS COMPANY IS COMPOSED OF MEN WHOM YOU KNOW. And not like many in which you have been asked to invest that are not only unknown to you but are merely stock speculation concerns and who care nothing for your investment other than to sell their stock. Therefore it behooves you to look well to whom the management is entrusted. Look over the list of officers of this company and you will find home men whom you or your banker knows and who are not only reliable but successful business men.

Another point to be remembered as important to your interest, this company will have a representative on the ground to look after the business and secure other oil contracts.

YOUR INVESTMENT GUARANTEED. The Bank of Escanaba receipts for your money and holds same until the well comes in. Should by any freak of nature, the company fail to get a gusher the bank refunds your money to you. Could any proposition be fairer or safer than this?

STOCK OFFERED FOR LIMITED TIME ONLY. For a limited time only stock in this company is offered to defray the necessary expense of development purposes at \$1.

On the capitalization of this company its stock at this price is equal to two shares of that of companies capitalized at a million and four of those at two million which have been so freely offered to purchasers at advanced prices.

When the company's well comes in and dividends declared as they shortly will be, this stock will at once be worth many times its face value.

OTHERS HAVE REAPED BIG PROFITS, WHY NOT YOU? In the purchase of many stocks in the Beaumont field, many have reaped big profits by buying when the stock was cheap and before returns began to come in.

You now have the same opportunity. Will you take it and on a small investment have an interest in a company that will pay handsome returns? Opportunity comes but seldom and rarely, indeed, for those with limited means, and once lost never to be recalled.

CLUB NEARLY READY. Houghton Social Organization Soon to Be Located in New Quarters.

The decorators have just completed the work of beautifying the rooms in the Hennes property, corner of Montezuma and Huron streets, Houghton, soon to be occupied by the Houghton Social club, and the members expect to be located in their quarters before Christmas.

The furnace is now being put in condition for use and when that is done and the downstairs portion is cleared up the furniture will be installed and the club will be ready for the opening. The furniture and fixtures have already been received. There is plenty of room in the building and the members will not be handicapped in that respect.

The Citizens' National bank will then have quarters second to none in the county. Its rooms will be conveniently arranged, both for the needs of the employees and the patrons of the institution, and the furnishings will be of the best. The business the bank is doing is highly satisfactory and those interested are well pleased, the receipts being more than was anticipated.

THEATRICAL NOTES.

Manager Brand of the Houghton Armory Opera House announces that he has booked Eugene Blair in "Peg Woffington" for Dec. 18. The talented actress will receive a good reception in Houghton as she was well liked in "A Lady of Quality," which played here last spring.

Tickets will go on sale at the village clerk's office in the theatre building at Red Jacket this morning for the Monday evening performance of the "Casino Girl" at the popular Calumet play house. Many from Portage Lake and the Lake Lindens will attend.

BUILDING STILL CONTINUES.

Cold Weather Has Little Effect on Work in Copperdom.

Herman Gundlach, who is in charge of the work on the Citizens' National bank building under construction in Houghton, expects to have the roof on the structure by the end of the month. The work is being hastened and of late a night shift has been worked. The west wall is completed and the east wall nearly so. Work on the front is necessarily slow but the front is well up to the third story and the window frames for the latter are now being put up. Houghton people are watching the progress of the building with interest and take considerable pride in it as it will greatly improve the appearance of the west end of Shelburn street. The building will no doubt be ready for occupancy in February.

The Citizens' National bank will then have quarters second to none in the county. Its rooms will be conveniently arranged, both for the needs of the employees and the patrons of the institution, and the furnishings will be of the best. The business the bank is doing is highly satisfactory and those interested are well pleased, the receipts being more than was anticipated.

As announced in yesterday's issue the First National bank building, Houghton, will be enlarged and remodeled, and the work will likely start in the spring. A force of carpenters is at work on the roof of the St. Ignace church, now under construction at Houghton. The edifice is well along. Work on the tower will soon be commenced. Father Rezek stated yesterday that the "chapel" would be dedicated next June.

The two buildings under way at the Michigan College of Mining will be completed the early part of next year. The chemical building is farther along than the engineering building, and the exterior work is fast nearing an end.

The walls of the new addition now building to the Douglas House, Houghton, are going up fast. Progress is being made in the construction of this building than any that has been erected in the copper country this year. A force of men is working night and day. People can now begin to see what a magnificent structure it will be when completed.

The new village hall at Lake Linden will be ready for occupancy early in February. Work on the exterior is practically completed and the interior work is now being pushed. It is a handsome structure and a great credit to the place. It presents a reasonable contrast to the barn like structure which up to a few months ago was called the village hall of Lake Linden.

The new State Savings bank building at Laurium will be ready for use in February. The structure occupies a prominent corner site on the main thoroughfare in the village and it is deemed one of the most substantial blocks in copperdom. Plans for the interior decorations and fixtures are now being made. The contract for the furniture has already been given. The banking quarters will be exquisitely furnished and no expense will be spared to make the rooms both convenient and inviting. The work of the interior will take two months or more but will commence at once.

COUGHS AND COLDS IN CHILDREN.

Recommendation of a Well Known Chicago Physician. I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D. Ph. D., Chicago, Ills. This remedy is for sale by the Stafford Drug Co.

ISLE ROYALE HIT HARD.

Company Must Pay Over One-Half Portage School Tax.

The Isle Royale Mining company will pay over one-half of the taxes to be assessed for school purposes in Portage township this year. The amount the company will hand over to the treasurer is \$24,000, while the whole sum to be collected for this fund is \$46,000. In the township there are 1,320 children, Houghton having the largest number.

In Hancock township, in which Hancock is the largest place, there are 1,800 children, 540 more than there are in Portage township. Nevertheless there will be but \$25,000 raised in Hancock township this year for school purposes, \$1,000 less than the Isle Royale Mining company will pay in Portage alone. The great difference in the amounts to be raised in each of the townships for schools is apparent. Hancock township is minus a mining property and the assessed valuation is correspondingly affected.

The various stamp mills under course of construction at Redridge have served to increase the assessed valuation of Hancock township several hundred thousand dollars. Last year the taxation was not affected because the mills were not far enough along, but this year it is different. It is only a question of a short time when it will be necessary to erect a school at Redridge. The place will grow rapidly and the children will have to have somewhere to attend school.

OFFICER IS NEEDED.

Mounted Policeman Suggested for Service on County Bridge.

It has been proposed to employ a mounted policeman on the county bridge, between Hancock and Houghton, for night duty, and it is believed any action taken in this respect by the common councils of the two towns would be generally appreciated.

Although Houghton and Hancock have not pulled together very well in the past, that jealous feeling is fast ceasing to exist and there is no doubt but that the two municipal bodies could come to an understanding in regard to this matter. The bridge and vicinity have been the scene of much lawlessness during the past few months and it can only be stopped by an officer, mounted, in order that he may cover ground quickly. Many citizens feel uneasy walking across the bridge at a late hour. The bridge is not always at hand at these times so walking necessarily has to be resorted to.

The interests of the public at both Hancock and Houghton are identical in regard to preserving order and it is considered just as careless to let the district between the towns go unpatrolled as it would be to take off the night watchmen in either of the towns.

NO QUARTER TO BE GIVEN.

Lawson Declares That Copper War Will Be a Fight to a Finish.

Thomas W. Lawson has issued another proclamation, declaring that the copper war will be a fight to a finish. Mr. Lawson says: "No one regrets more than I the bad break in the price of the stock of the Trinity Copper company, which occurred last week. I own 150,000 shares, a share time ago worth at market prices \$6,000,000; at Saturday's price only \$2,000,000, but as none of it is carried on margin or borrowed on, and as I believe it has ever sold for, and will sell higher than it has ever sold, I will not sell it, and it therefore can in no way be a menace to the market. As I believe there is little Trinity carried on margin outside that carried by my house, which will carry its customers to a finish on it, I see no reason for holders to be scared into selling. The cause of the drop in price was that everything I am, or am supposed to be, interested in, has been under savage attack for weeks. I protected Trinity by buying until, as the onslaught grew more furious, I might have fatally weakened myself if I had stood my ground longer.

"I therefore decided it best, regardless of the personal humiliation to be a retreat. I earnestly request those who in the past have been with me in some pretty tight stock market holes, and who then had faith, afterward found to be well founded, not to allow any of the desperate tactics of contending opponents to prevail with them to the extent of causing them to act to their own loss. Above all, I ask them not to be stampeded by the rumors, however well 'proven' they may be, that I have capitulated or compromised. I give them my word, and they regarding the Wall Street scoffs, know whether my word should be, as it always has been, at par. I give them my word I cannot be 'gummed out' or made to capitulate or compromise, and that I will be doing what business I decide to do in the way I decide to do it, when every one of those who are hating me has accused me of the same, and I will do this, as in the past, without asking or accepting any assistance from anyone.

"I do not wish to disguise that since the cut in the Amalgamated dividend I have lost heavily, or that I will not be loath to lose, but I do want those who through long years of good and bad times have 'been with' me, to know I am now, as always in the past, conducting affairs on those old-fashioned business principles which are absolute guarantees of solvency at all times, without the favor of any, and I also want them to know that the fight now on, and which started with the coke and gas affair, and climaxed in the cup defensing episode, is to be to a finish, and that while I expect no quarter I want none, and will give none. I just want my friends to know this fight will be to a finish."

Copper Gossip.

A Houghton mining man says regarding Victoria: "The development work at the mine is satisfactory. The drifts are on the even levels and are all in good ore. Two new drifts are to be sunk to connect with the drifts east and west."

Mayflower.

The shaft at the Mayflower is now carried up to the surface and a shaft house is in course of construction, and two drills are at work in the shaft, which is down from surface some sixty feet, says the Calumet News. They hoist about fifty skips during the twenty-four hours, the rock being used to fill in over the hanging timbers of the shaft. The engine used for hoisting is powerful enough to raise from a depth of 200 feet. As the boiler and compressor house is in commission, but so far the hole sought for has not been reached, but judging from the rich ore taken by the diamond drill it will repay all the trouble in reaching it, if in any way comes up to Captain Chynoweth's expectations, based upon the wonderful core. The diamond drill is still at work, having been removed far-

ther to the east. The result of the drilling is a matter not generally given out for the public ear, but no doubt it will show up some more lodes which are known to run in that vicinity.

Strength of Michigan "Coppers."

Noting how well the Michigan "coppers" have stood up under the shaking given the market by the terrific slump in Amalgamated, the Financial Inquirer of New York has this to say of their strength and inherent value: "If anything was needed to demonstrate the position that the Michigan copper companies hold in the investment market, the present situation might well be used to illustrate it. They have declined it is true, but there is none of that wholesale throwing out of these securities on the market which is seen in some other issues, the stocks being so strongly held that the sales drop to a merely nominal number in such a market as the present. One of the reasons, in fact, the principal one for the strength of the Michigan copper mine shares, is that in almost every case these securities are held for investment and repose restfully in the strong boxes of their owners, undisturbed by market conditions, their holders being content to know that they own in most cases a stock which is paying on an average of 10 per cent on its market value, and in a great many cases hundreds of per cent on what the owners actually paid for them."

"It may surprise many people to learn that the shares of such mines as the Calumet & Hecla, Tamarack, Oseola, Atlantic, Quincy and a number of others paying large dividends and selling on the market for from \$50 to \$650 per share, sold so far as payment into the treasury of these companies is concerned, at from \$5 to \$15 per share, and present well informed holders of stocks of the Mass. Adventure, Michigan, Victoria and other comparatively new Michigan mining properties are confident that the future of these properties will more than duplicate the great successes of the first group above named, so that blow high or blow low these stocks are not to be drawn into the speculation whirl and made the football of the speculative game as is the case with the Amalgamated-Trinity group."

NEGRO PROBLEM UP AGAIN BEFORE LABOR FEDERATION.

BLACKS MUST KEEP TO THEMSELVES

OBJECTION MADE TO ALL UNIONS JOINING CENTRAL BODY.

Annual Convention of Federation Hereafter to Be Held on Second Thursday in November Each Year.

Scranton, Dec. 12.—The Federation of Labor transacted much important business today notwithstanding the fact that much time was spent in listening to speeches.

The negro problem in the South again came up when a proposition was made for all unions to join the central body. It was contended, in view of the permission given the negroes to organize separate unions, that this would compel them to admit colored men to white men organizations. Such an action would result in the withdrawal of nearly all white unions from the federation. The proposition was defeated.

The question of organizing common laborers was referred to the executive board.

The suggestion that the socialist members have the court of decisions against labor organizations printed in the federation proceedings was defeated.

A committee suggestion that defence fund be raised by the national and labor unions instead of by the American Federation of Labor, was adopted.

It was decided that hereafter the annual convention of the federation shall be held on the second Thursday in November each year.

A resolution was presented protesting against the confirmation of Frank E. Baker as federal judge in Indiana.

Resolutions were adopted for a petition to the legislature to compel the covering of exposed dangerous positions of machinery; that no boycotts be declared until the matter is passed upon by the central body; that the government enforce the eight-hour law.

CATHOLICS CONCLUDE LABORS.

American Federation Adjourns to Meet in Chicago July 15, 1902.

Cincinnati, Dec. 12.—The American Federation of Catholic Societies, after a session of three days, this afternoon adjourned to meet in Chicago, July 15, 1902.

After the final adoption last night of the new constitution and the election of officers this morning, the last day was mostly devoted to the consideration of plans for field work. The committees met after the adjournment of the convention and the executive board continued in session tonight.

The convention closed amid scenes of jollification over the completion of the general organization of Catholic laity. While distinguished prelates have not only endorsed but have also cooperated in starting the federation, it seems to be an unwritten law that the organization is not to be connected with hierarchy or with politics. This accounts for the refusal to elect certain members to official positions.

The convention closed amid an enthusiastic demonstration, all joining in singing "America."

The national officers are: President, T. B. Minahan, Columbus, O.; vice presidents, T. J. Kaufman, New York; T. H. Cannon, Chicago, and Daniel Duffy, Pottsville, Pa.; secretary, Anthony Matre, Cincinnati; treasurer, H. J. Fries, Erie, Pa.; marshal, Christopher O'Brien, Chicago; executive board, Nicholas Gonsky, Iowa; Gabriel Franchere, Illinois; E. O. Reardon, Indiana; George W. Gibbons, Pennsylvania; P. H. McGuire, Pennsylvania; M. P. Mooney, Ohio; and Fabackre, Louisiana.

The executive board was organized with M. P. Mooney and Anthony Matre secretary. The election of Mr. Matre as secretary means that the headquarters, at least until next July, will be in Cincinnati.

AS HONORARY MEMBERS.

LEAGUE IN DEADLOCK.

National Magnates Unable to Select a President.

New York, Dec. 12.—An absolute deadlock exists over the selection of a president of the National League and the magnates only argued today away. As announced by President Young, "no baseball history was ever made as the outcome of a war of words." It is understood Brush's syndicate is opposed by Brooklyn, Philadelphia, Pittsburg and Chicago. Behind Brush were Boston, New York and St. Louis.

Rourke Will Fight.

Omaha, Dec. 12.—William Rourke, the owner of the Western League baseball club in this city, says he will fight any effort of Hickey to place an American association club in Omaha. Rourke said today he owned the franchise of the American association club in Omaha and was deposited a forfeit of \$500 to protect his interests. He intimated that should Hickey attempt to place a club here he will resort at once to injunction proceedings.

Hickey Confident of Success.

Chicago, Dec. 12.—President Hickey and Magnates Quin and Havenor of Milwaukee and Watkins of Indianapolis held a conference here today on the affairs of the recently organized American baseball association, and to all outward appearances they were very confident of success of their new venture. According to the statements of the magnates the meeting was decidedly informal and brought out no new developments.

LAVIGNE DEFEATS HEGARTY.

Australian is Knocked Out in Fourth Round of Hot Fight.

Oakland, Cal., Dec. 12.—George (Kid) Lavigne knocked out Tim Hegarty of Australia in the fourth round tonight. It was the first appearance in this country of Hegarty, who claims the championship of Australia. Hegarty forced the fighting and in the second round caught Lavigne a clip on the jaw that staggered him. In the third round Lavigne played for the stomach and weak-kneed Hegarty badly. In the final round Lavigne knocked Hegarty down with a left on the jaw. Hegarty got up at six seconds. With a left hook on the jaw Kid put Hegarty completely out of business. The fight was a fast and hot one.

Michigan Men Meet.

Bay City, Mich., Dec. 12.—Tommy McCune of Detroit and George Moore of Saginaw met tonight for a six-round go. In the second Moore gave McCune a hard one on the jaw, McCune retaliating with a short arm jab which struck Moore close to the pit of the stomach, laying him out. For about ten minutes Moore remained on the floor with the doctors working over him. The doctors said the blow was very serious but Moore would probably recover. The referee awarded the fight to Moore on a foul.

McWinters Gets Decision.

Muncie, Ind., Dec. 12.—Hugh McWinters of New York got a decision over Martin Judge of Philadelphia tonight in a fifteen-round contest.

VALUABLE PAPERS BURNED.

Fire Destroys Documents Relating to the Goebel Murder Trial.

Cincinnati, Dec. 12.—By the burning of Lowry & Goebel's store today, Arthur Goebel lost papers relating to the death of his brother, William Goebel, and the trials of ex-Secretary of State Caleb Powers, James Howard, Henry Yountsev and others who have been tried or indicted in Kentucky for the tragedy at Frankfort almost two years ago. These papers included affidavits, confessions and volumes of testimony.

DINED AT WHITE HOUSE.

President and Mrs. Roosevelt Entertain Distinguished Company.

Washington, Dec. 12.—President and Mrs. Roosevelt entertained a distinguished company at dinner at the White House tonight. The guests included: British Ambassador and Lady Pauncefoot; Ambassador and Mrs. Choate; Senator Allison; Senator and Mrs. Burrows; Senator Keam; Miss Keam; Assistant Secretary of State and Mrs. Hill; General and Mrs. Corbin; Representative Littauer; Mrs. V. R. Cruger; Miss Roosevelt.

GIRL BURNS TO DEATH.

Alma, Wis., Dec. 12.—The house of Peter Schuag at Cochrane burned last night. The daughter of Schuag was unable to escape and burned to death.

NEARING AN END.

LABORS OF SCHLEY COURT OF INQUIRY ABOUT COMPLETED.

MAY SUBMIT REPORT TODAY

SEC. LONG TO PREPARE COPIES FOR PRESS IMMEDIATELY.

Report Will Be Given to Public Without Slightest Change and Without Endorsement in Nature of Review.

Washington, Dec. 12.—The Schley court of inquiry is nearing the end of its labors, and while it is impossible to secure from the members of the navy department a statement as to when the report will be submitted, it is believed that it cannot be delayed much more than twenty-four hours. It was said at the department this afternoon that at the close of office hours the report was not finished. It is the intention of Secretary Long to have typewritten copies prepared immediately for the press. Although clothed with reviewing authority Secretary Long has said he will not exercise it in this case. The report will be given to the public without the slightest change and without any endorsement in the nature of a review of the proceedings.

The court again was in session today, though Admiral Dewey did not attend the afternoon meeting. Captain Lemley, the judge advocate, paid a visit to the court rooms this morning and carried away some papers, which, while connected with the case, were not with the report of the court. He has not yet signed the report, as he expects to do.

FOR ROLLING BLACK PLATE.

American Tin Plate Company to Install New Machinery.

Pittsburg, Dec. 12.—The American Tin Plate company will, in the near future, install machinery for the rolling of black plate for tin mills that will be largely automatic. It is said the machinery in this process will do from two-thirds to three-fourths of the work now done by hand on hot mills, and the output will be materially increased. With the new method it is estimated the company will be able to compete with foreign manufacturers without the aid of tariff, and will result in the United States becoming the greatest tin plate manufacturing country in the world.

MISS DORR WEDDED.

Marriage to Roosevelt's Secretary Takes Place at Albany.

Albany, N. Y., Dec. 12.—The marriage of Miss Katharine W. Dorr of this city and William Loeb, Jr., secretary to President Roosevelt, occurred at the Emanuel Baptist church this afternoon. The ceremony was attended only by the members of the families of the bride and bridegroom.

ROOSEVELT AS JUDGE.

President Reviews Washington Police and Fire Department Parade.

Washington, D. C., Dec. 12.—President Roosevelt today reviewed the annual parade of the local police and fire departments. When he left the stand 500 or 600 school children invaded the White House grounds and followed him to the door of the executive mansion.

SPARKS FROM THE WIRES.

Berne, Switzerland, Dec. 12.—Dr. Joseph Zeemp, vice president of the federal council, has been elected president of the Swiss confederation for 1902. Zeemp is a Catholic conservative.

Meadville, Pa., Dec. 12.—The Meadville Theological school has received a Christmas gift of \$50,000 in the form of an endowment for the president's chair from an anonymous donor.

New Albany, Ind., Dec. 12.—White-caps near English recently cruelly whipped several persons, their backs being thrashed with hickory switches. The victims were accused of immoral practices.

Kokomo, Ind., Dec. 12.—Tonight a wagon containing a party of eighteen young people of this city was struck by a freight train at the Main street crossing, killing Frank Keifer and seriously injuring three others.

New Haven, Conn., Dec. 12.—The Yale University basketball team will make a trip through the middle west during the Christmas vacation. Among other places they will play at Chicago, Dec. 31; Milwaukee, Jan. 1; Minneapolis, Jan. 2.

Washington, D. C., Dec. 12.—President Roosevelt today pushed the button that opened the convention of the Woodmen of the World at Spokane, Wash. Felicitous messages were exchanged between the White House and the convention hall.

London, Dec. 12.—The Brussels correspondent of the Standard cables that Kruger has been informed of the willingness of some of the powers to intervene in South Africa if the Boer leaders will accept autonomy under the supremacy of Great Britain.

TO STOP A COLD.

After exposure or when you feel a cold coming on, take a dose of Foley's Honey and Tar. It never fails to stop a cold if taken in time. The People's Drug Store.

Every family should have its household medicine chest—and the first bottle in it should be Dr. Wood's Norway Pine Syrup. Nature's remedy for coughs and colds.

Chas. Replogle, Atwater, O., was in very bad shape. He says: "I suffered a great deal with my kidneys and was requested to try Foley's Kidney Cure. I did so and in four days I was able to go to work again, now I am entirely well." The People's Drug Store.

TUB TRUTHS.

A DROP of ink will color a whole glass of water. It is an inch of yeast which makes a pan of bread rise, and a single cake of soap containing unabsorbed alkali can ruin a hundred times its cost in laces and fine embroidery. After all, is it wise to take such risks with common soap? Of course you can get along without Ivory Soap. So can a wagon without axle grease—but it goes hard.

WALL STREET STOCKS.

New York, Dec. 12.—Speculative liquidation continued in the stock market today, induced by the stringency in money, which ran the call loan rate up to 12 per cent at one time and forced a good share of the liquidation. Higher selling was precautionary in fear of still more stringent conditions in the money market.

A rally came when the banks came into exchange for the first time late in the day and offered large sums at the prevailing rate, which was at a high level. With the satisfaction of the demand by those offerings the rate fell away and the pressure on the stock market quickly relaxed.

There is nothing obscure about the situation of the money market. With the surplus reserves shown to be below \$7,000,000 in last Saturday's bank statement, and with large seasonal requirements for credits known to be impending, it was obvious that the money supply would be limited. The outgo of gold is continuing in spite of the need for money, today showing a withdrawal of a half million dollars from the treasury for shipment on Saturday, said to be for Brazil. The renewed demand for the interior was also an unexpected development.

Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Table of stock prices including Union Pacific, Mo Pacific, Manhattan, etc.

CHICAGO GRAIN MARKETS.

Chicago, Dec. 12.—The wheat market today was rather unsettled, with the sentiment mixed during the most of the session, the volume of business being smaller than yesterday. There was a good trade early, but less doing as the session advanced. The final figures showed May 07 3/4 and July 3/4 lower. Disappointing cables and more rain in the winter wheat belt started the market easy. May selling off to 79 1/2. Scattered selling of long property was a feature, part of which was for outside account. At the decline there was good buying by local professionals and Eastern interests and the price rallied to 80 1/2, but the advance failed to be maintained. The clearings were moderate—331,000 bushels—and nine boatloads were reported taken for shipment. The local receipts were seventy-one cars.

The corn market opened easy. May selling off to 65 3/4 and July to 65 1/4. Later the piece advanced to 66 1/2 and 66 3/4, but the advance was not maintained, the close showing 3/4 loss. The transactions were largely for local account, professionals being the principal buyers on the decline. The receipts were 164 cars.

Oats were traded in liberally, although the volume was not so large as of late. The prices averaged lower but reacted, closing steady to 1/4 lower. There was a break of 1/2 early with the other grains, which was taken advantage of by shorts to cover; the prices advanced 1/2 @ 1c, but receded later and closed 1/2 @ 1/2 below the top.

The leading futures ranged as follows: May wheat opened at 80 1/2; highest, 80 3/4; lowest, 79 3/4; closed, 80 1/4. May corn opened at 66 1/2; highest, 66 3/4; lowest, 65 1/2; closed, 66 1/2. May oats opened at 44 1/2; highest, 45 1/2; lowest, 44 1/4; closed, 45 1/4.

Receipts and shipments were as follows: Receipts, Shipments Flour, barrels, 25,000 36,000 Wheat, bushels, 147,000 23,000 Corn, bushels, 130,000 56,000 Oats, bushels, 176,000 173,000

TIGHT MONEY BEARS STOCKS.

Forced Liquidation in Wall Street Has Affect at Boston.

Stocks were again under pressure yesterday, especially in the last hour, when a sharp selling movement sealed the values quite materially. The market could not stand the tight money, and some forced liquidation resulted in Amalgamated and other market leaders, which had sympathetic effect on the Lake coppers. During the day a bit of interesting gossip, presumably concocted by the bears, was flashed from New York to the effect the dividend on Amalgamated might be passed. However, this was offset by a report that the Rio Tinto interests had agreed to co-operate in holding up the copper market, and coupled with the fact that Keene was buying Amalgamated, the statement caused a more hopeful feeling. Good buying on the weak spots was noticed at Boston.

Views of the Brokers.

Paine, Webber & Co. said "The news feature of the day was the statement that the Rio Tinto people had cabled the Amalgamated interests that they were agreeable to the restriction of production or any other arrangement that would be for the mutual benefit of the producers of both continents. It is noticeable that there has been better buying today of Parrot, Anaconda and Utah on the decline than for some time past. The buying of these stocks apparently comes from New York and may mean that the people who have engineered the Amalgamated break are ready for higher prices."

Hayden, Stone & Co. wired the Laidlaw Commission company "Amalgamated held fairly steady until late today, when it broke on a concentrated raid. The fluctuations are likely to be wide in this stock until after the dividend is declared next Thursday. Certainly inside interests seem to be against any advance in the market or price. We believe there is very good buying on all these weak spots. The other coppers will move strictly in sympathy. With Copper Range at 57 1/2 and Baltic at 39, we do not see that outsiders are likely to subscribe for much of the new stock."

Market Gossip.

The Boston News Bureau yesterday published the following, wired here by Paine, Webber & Co.: "The Rio Tinto copper people have cabled the Amalgamated people that they are agreeable to entering into any restriction or arrangement regarding prices or output such as may be proposed for co-operation by the Amalgamated Copper interests for both Europe and America."

E. M. Dick, at New York, telegraphed: "There is renewed buying of Amalgamated by Keene brokers this morning. The orders to sell Amalgamated apparently came from Boston."

Prince & Wortley said: "There is a report on the board that they are selling Amalgamated on a rumor that they are going to pass the dividend. We cannot confirm this."

Bouvier said of the Wall Street stocks: "There is getting to be quite a large short interest in the market. There are now two sides to the speculation. The market ought to be a purchase on declines. If money lets up, there should be a sharp rally. Money is still 10 per cent."

Wheat Lower: Corn Up.

A. R. Jones & Co. said of the Chicago grain markets: "Wheat continued on its downward course today after an opening unchanged from last night. It was simply a repetition of yesterday's wholesale liquidation, intensified perhaps by the confident selling of the bears who already had a fair profit in their lines. The general buying was small and lacked confidence. The news was generally of a bearish character. Nevertheless it is true that there is the biggest short interest in wheat now that has existed since the advance began, and it is also true that the buying at present is by far the strongest class of speculators than when the market was in the 80s. These facts may mean something, and we believe they do, but with the bulls so badly shaken up it may take time. If the shorts get started, however, the advance will be repeated."

"Corn was the strongest grain on the list. It broke with wheat at the start, then rallied to better than last night on buying stated to be for Patten and helped along by some covering of the local crowd. The trade, however, was small as compared with recent days, but the strongest element is arguing in favor of wheat on the substitution theory. The country movement is increasing considerably, though, it is not what would be expected at present prices."

FAMILY CARES.

This Information May Be of Value to Many a Mother in Marquette.

When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known the mother's burden will be lighter and her home happier.

Mrs. L. W. Bissell of 71 Park street, North Kalamazoo says: "My little brother has been troubled with a kidney and bladder weakness ever since he was a baby. The muscles of his bladder seemed to weaken and nearly every night he wet the bed. I did not know what to do for a long time but at last I decided to try Doan's Kidney Pills. I got a box at a drug store and they helped him so much that we kept on giving them to him until he had used five boxes. He gained weight along and now is as strong and healthy a looking boy as one can see. Both my husband and I are much pleased with this remedy and believe it is excellent for all such ailments."

Just such emphatic endorsement can be had here in Marquette. Drop into the Stafford Drug Co.'s and ask what their customers report.

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

DOCKED-TAIL HORSES.

Only Ten of Them, Apparently, in the County—Licenses Necessary.

In accordance with the new law providing that all docked-tail horses must be registered, eight owners have had business with the county clerk on the subject and have been granted the necessary licenses. Two of the gentlemen, Marquette residents, each possess two of the animals whose posterior appendages are shorter than nature made them, and the other owners have registered one each. This would indicate that there are only ten docked horses in the county, the record standing: Marquette, 7; Ishpeming, 2, and Negaunee, 1. It is believed, however, there are short-tailed horses in the county which have not yet been registered, and so it behooves the owners to secure their licenses forthwith. As it stands now, all those negligent in this regard are liable to arrest and a heavy fine, the law being very explicit in the matter. The licenses cost but a few cents and applications can be procured for the asking. In registering, a detailed description of the horses must be given, and this includes the pedigree as far as possible. The law in addition protects horses from the docking process, and severe penalties are provided for violation, not only for those who do the cutting but for those in a position to prevent the act but who fail to do so.

Later—Two docked-tail horses in Champion have been registered, making twelve in all.

MONTEITH WILL BE THERE.

Representatives of His House from the World Over Will Meet.

E. P. Monteith of Chicago, formerly of Marquette, and who is well known from one end of the South Shore road to the other from his long connection with the eating house and dining car service of the road, is now at the Northwestern, says the Houghton Gazette. Mr. Monteith has been out of the railroad business for some years and now goes up and down the land singing the praises of a certain make of pickles in tones which would shame the fobhorn on Lighthouse point, down in Marquette, before the "hill" residents had a hood put on it to enable them to dream dreams once more. Just now Mr. Monteith is especially musical in his efforts and all salute of the great treat in tones for the representative of his house, who are to meet in Pittsburg at the end of the month to learn at the home factory all that there is to be learned about the products of the company.

This gathering will, it is claimed, be the largest assembly of traveling men of one concern ever known in the city or in any other country. It is figured that there will be between 475 and 500 representatives of this one house in Pittsburg for the New Year's banquet. From the Chicago house alone sixty-five men will start for Pittsburg on the 28th inst. A month being among the members, as his territory, which now embraces the upper peninsula and a part of southern Wisconsin, is a part of the territory of the Chicago branch. In addition to the managers and traveling men from the twenty-five branch houses of this great firm in this country, representatives will be present from every agency of the company in other parts of the world, the list embracing agencies at Denver; San Francisco; Aberdeen and Glasgow, Scotland; Portland, Oregon; Cape Town, South Africa; Winnipeg, Manitoba; Panama, Colombia; Atlanta, Ga.; Los Angeles; Liverpool, Eng.; Dundee, Scotland; Madras, India; Juneau, Alaska; Shanghai, China; San Paulo, Brazil; Toronto, Canada; Sunderland, Eng.; City of Mexico; Bristol, England; Durban, South Africa; Vancouver, B. C.; Buenos Ayres, South America, and a number of other prominent centers.

To assemble the representatives of this house from the four quarters of the earth in this manner, as well as the entire selling force of its twenty-five branches in this country, will require the expenditure of over \$100,000, but it will be a big advertisement for the company. The meeting in Pittsburg will last a week at the least and there will be daily sessions in the auditorium of the home factory there which has the reputation of being the largest factory of its kind in the world. Daily demonstrations will be given of the processes of preparing the products for the market and when the meeting ends every representative of the house will have a thorough knowledge of wherein the processes differ from those of competitors.

The assemblage will be unique in many respects; some of the great American life insurance companies have held such meetings in the past, but the reporter has never heard of a gathering of this nature near the largest of the traveling salesmen and agency forces of any industrial concern.

A WOMAN'S AWFUL PERIL.

"There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite. Try it. Only 50 cts. Guaranteed. For sale by Stafford.

ATTENTION CARPENTERS.

There will be a meeting of carpenters at Dwyer's Hall on Monday evening, Dec. 16, at 8 o'clock p. m. Mr. A. C. Cattermull of the United Brotherhood of Carpenters & Joiners of America will address the meeting. Every carpenter in the city should attend the meeting. All are cordially invited to attend. (12-11-5d)

Winter is here, put your bicycle where it will be taken care of. R. L. Francis will store it free. Leave your address.

PRESENTS TO CUSTOMERS.

One ticket free with each ten-cent purchase. (11-15-1f) FRED DONCKERS.

WHAT SHALL I BUY?

The Annual Holiday Question—A Hint That May Be Useful.

The question of what to buy for holiday presents is with us again. It puzzles many. But if those perplexed will only visit the stores of Wright, Kay & Co., jewelers, silversmiths, and importers of gems and art wares, 140, 142 and 144 Woodward avenue, Detroit, they will be greatly helped if not perfectly satisfied to seek no farther. The display of attractive articles in their showrooms was especially selected in America and Europe for the needs of the holiday season. Visitors can hardly fail to find something exactly suited to their tastes and purses, and which will be a joy to relatives and friends. Visitors will be shown every attention, whether they purchase or not.

HOMESTEAD DECISIONS.

The local officials are advised that the commissioners of the general land office, at Washington, have taken action on three decisions made recently by the Marquette authorities and from which appeals were taken. In two of the cases, the decisions are affirmed and in the other reversed. Each of the contests involved 160 acres of land in Houghton county, and they have been decided as follows:

Jud W. Barnes vs. Napoleon Ongie—A contest over the final proof. Land awarded to Barnes.

Johan M. Jstila vs. Jakob Hennick Johanson Alatalo.—Decided in Jstila's favor.

Peter Hiltunen vs. John Butkiewicz—A question involving final proof. Won by Hiltunen.

It was in the latter contest that the decision of the local office was reversed, the commissioners holding the cash entry to be intact.

HAIR DRESSING.

Madame E. Lepicier will do hair dressing and shampooing at her parlors, 117 Michigan street. Treatment of the scalp a specialty. Ladies are cordially invited. (12-7-1w)

NOTICE TO TAXPAYERS.

City Treasurer's Office, Marquette, Mich., Dec. 2, 1901.

Notice is hereby given that the general tax roll of the city of Marquette, with all regular taxes, state, county and municipal for the year 1901, spread thereon, has been deposited with me and is now in my office in the city hall, and that the amount of taxes therein assessed and specified are due, and may be paid to me at any time up to and including the 25th day of February, 1902.

On all taxes paid to me on or before Jan. 9, 1902 a collection fee of one per centum will be charged and all on said taxes paid to me on and after Jan. 10, 1902 a collection fee of four per centum will be charged.

CHICKEN THIEF CAUGHT.
 He Furnished the "Chicks" and a Saloon Man Made the Soup.
 A number of IshpeMING people have been losing their chickens for some time past. Complaints were made to the police officers by different persons and during the past month or so the "cops" have been on the look-out for the thief. A well known man of the city who, it appears, knows considerable about hen coops, is now languishing in a coop that he did not figure on reaching quite so soon. He was taken in at 3 o'clock yesterday morning by Officer Tupin.
 Seven chickens that the fellow had stolen during the night were found in one of the saloons of the city soon after the thief's arrest. Marshal Farm found them in the wood shed at the rear of the saloon. The dead chickens were in a bag.
 On a stove in a rear room of the saloon was a large pot of soup. This is what aroused suspicion that chickens might be found in the neighborhood if a search should be instituted. The marshal went through the rear rooms, but found nothing until he worked the wood shed. The saloon man was with him when he found the loaded bag, but he claimed to know nothing about what it contained. He was quite willing, however, to pay for the chickens found in his place, as well as a few dollars extra to cover court expenses.
 The thief was caught while in the act of taking the chickens from the coop on his second trip to it that night. He had three live ones in his hands at the time, but let two of them go when he saw Tupin approaching. He visited another place during the night but it seems that he was not successful in locating the chickens. A bag he intended to carry them away in was picked up later.
 The fellow who furnished meat for the saloon man's soup yesterday in the jail, while a friend was endeavoring to raise money to get him out of the scrape.
 Marshal Farm reports that at least three dozen chickens have been stolen from different coops of the city during the past month. The officer has known for some time past that the saloon man arrested has been serving hot soup to his patrons and wondered how he could be so extravagant.

CHANGE OF MANAGERS.
 Gust Beyer Has Given Up Management of Nelson Morris & Co.'s House Here.
 Gust Beyer, who has managed the local house of Nelson Morris & Co. for the past four years, left last evening for Chicago, where he goes to consider a proposition from the management of the company for a position at some other point. Mr. Beyer is succeeded by Robert Hoyen, who has had many years' experience in the meat and provision business. He came here from Chicago, but has worked with meat houses in the east. Mr. Hoyen assumed charge of the business here yesterday.
 Mr. Beyer has no idea where he will locate. The company has several places to offer him. Gust has been very successful in the business here and he gives up the place entirely of his own accord.
 Mr. Beyer desires The Mining Journal to express for him his appreciation of the many favors extended him by the business men in the territory he covered. His family will remain in IshpeMING for the present, but he will move away until Mr. Beyer is satisfied with the new position he will take.

PROULX STOCK SOLD.
 The L. A. Proulx grocery stock was sold yesterday morning at public auction. S. Johnson & Co. bought the goods, paying \$410 for them. There were five or six bidders. It was not known just what the stock is worth, but it is thought that the buyers got a bargain.
 The furniture and fixtures remain at the store. It is likely that they will fall into the hands of Mr. Proulx, who contemplates opening up at the old stand.

SERIES OF PARTIES.
 A number of IshpeMING people will give a series of seven parties during the winter season. Four will be dances and the other three will be card parties. The first hop will take place on Friday evening, Dec. 27. Trombly's orchestra has been engaged to furnish music for the hops.

Upper Peninsula.

As the result of the accidental discharge of a shotgun, Henry Carlson of Escanaba is minus the right arm. The wound necessitated amputation.
 It cost Paul Poulin, an Iron Mountain saloon keeper, \$21 to empty his revolver by shooting into the air in front of his place of business. A local justice pointed out the folly of his proceedings.
 The total amount of ore shipped this season from the St. Paul road's docks at Escanaba was in round numbers \$22,000 tons. On Jan. 1 the work of building the extension to the dock will be started and will be completed by the opening of navigation next year.
 Salvatore Rossi, an Italian laborer on the water power canal at the Soo, was instantly killed while at work Tuesday. He was one of a gang of laborers who were loading earth into cars from one of the big dump piles at that point on the canal bank. He was bending over to pick up a shovel full of earth, when a huge piece of frozen mud and rock tipped over from the face of the bank and striking him on the head killed him instantly. The accident was a peculiar one in that the piece of earth which crushed Rossi's head did not fall from a height but fell over on him without apparent cause, from the level on which he was working. Rossi's father was working in the gang and the old man's grief was pitiful as he saw his son killed without warning.
 There was considerable excitement at the Menominee depot Tuesday, caused by a young bull which was being shipped by express to New York. The animal weighed about 800 pounds and was crated in a box, the boards of which were rather thin for such a captive. When it came time to load the animal into the car all hands on the depot platform were pressed into service and the load was lifted onto the express car. It was then tipped into the railway car, but no sooner had the lively package entered the door than there was heard a sound of crashing boards and splinters flew thickly about. Mr. Bull then came out of his cage, and the crowd scattered. The express men resigned their position in one end of the car and gave the animal full possession. Frank Seidl, the local express agent, was then forced to play animal trainer. He got into the car and rode over to Marinette, trying to conquer and cage the beast on the way over. It is not chronicled whether he returned on a street car or a stretcher.

Best Game of the Season.
 The Ann Arbor correspondent of the same paper stated in his detailed account of the contest that it was by far the best and most exciting game played in the lower peninsula this season. He further said that Kalamazoo's team was heavy, well coached and that the men played well together. He speaks of Gilbert as being a wonderful place kicker. IshpeMING's team, he says, was very light, averaging only 131 pounds, and faster than most teams could ever hope to be and the boys played together like clockwork. This except from his write-up is given:
 "The game started off by Kalamazoo kicking to IshpeMING. No sooner had they gotten possession of the ball than they began a series of plays that was as novel as it was revolutionary. In less than seven minutes they scored a touchdown but failed to kick goal.
 "IshpeMING kicked off to Kalamazoo and the tables were reversed. Kalamazoo's heavy backs went through the opposing line at an awful rate, but soon the gains became shorter and the onslaught was stopped on IshpeMING's ten-yard line. With the ball again in their possession, they repeated the series and secured a second touchdown.
 "In the second half, IshpeMING kicked off, but secured the ball and rushed it over for a touchdown and kicked goal. Score, 16-16.
 "This was the most exciting incident in the game and seemed to nerve each team to renew their efforts.
 "Kalamazoo secured the next touchdown by heavy line bucking but failed goal. Score, 21-16.
 "Both teams played good football and not an inch was gained by either party except by hard work and against desperate resistance. It can be generally said that both sides were strong offensively, but lacked defensive ability."

FATALITY AT NEGAUNEE MINE.

Thomas Hawkins, Pioneer Resident of the City, Meets Instant Death.

Thomas Hawkins, who has resided in Negaunee for the past quarter of a century or more, was instantly killed yesterday morning shortly after 10 o'clock at the Negaunee mine. The fatality occurred in a very simple way. He was engaged with other workmen in the removal of a boiler at the engine house. A piece of square timber twenty-four feet in length was used as a pry and Hawkins was working near it. As the boiler moved the timber dropped and fell on the unfortunate man, striking him on the head, and killing him instantly.

The deceased was well known and much esteemed in this city. He worked at the Jackson mine a number of years, and was a nephew of Captain Harry Merry (for many years in charge of that property), under whom he did his first work. He was employed for about two years past at the Negaunee mine, working about the machinery and in the machine shop.

Hawkins was about forty-five years of age, married, and is survived by his widow and nine small children, the oldest of the latter being a boy about sixteen. He was an industrious man and a good provider, and his death will be keenly felt by the widow and her little ones.

Funeral arrangements have not yet been completed. The funeral will probably take place Sunday afternoon.

CHRISTMAS ENTERTAINMENT.

Members of the Swedish Lutheran church have started preparations for an entertainment to be given at the church Christmas night. A program that will interest old and young is being arranged and it is announced that a tree will be provided for the little ones. Good things will also be distributed among the children. At 5 o'clock that morning there will be services at the church conducted by Rev. A. E. Monell, the pastor. Later in the day the pastor will go to Michigan, where he will conduct services.

LECTURE ON INDIA.

Mrs. H. L. Kemper, a returned missionary from India, will speak this evening at the Mitchell Methodist church in this city. Her discourse will be of much interest as she is well informed on the customs, morals, etc., of the natives of that country. She did missionary work in India for a number of years. Mrs. Kemper recently gave a lecture at the Salisbury church at Ishpeming and reports from there that she gave her auditors a fine treat. No admission will be charged, though an offering will be taken.

MAY START DRILLING.

Charles Jones, engineer for the Breitung estate, spent Wednesday in Negaunee. While here he informed different persons that a diamond drill will probably soon be started on lands owned by the estate in Negaunee. It was expected by many here that exploratory work would be started on the lands before this, but it appears the work has been delayed on account of Mr. Breitung's absence in the east.

Agent Barnes of the South Shore line points with no little pride to a new stove that has been placed in the ladies' waiting room at the depot.

August Dusette, a well known logging contractor of Trombley, on the line of the Chicago & Northwestern road, was a Negaunee visitor yesterday.

The Kimball Piano & Organ company will conduct a sale in Charley Johnson's new block for a week or two. The company did a very satisfactory business in Ishpeming during the past month or so.

The entertainment and supper given last evening at the Workmen society's hall under auspices of the National Protective legion was largely attended. The entertainment was good and the supper excellent.

Eli Dawe returned Wednesday evening from Kenton. He was called there to prepare for burial the body of King Morris, a well known man of the town, who died the previous day. The remains were forwarded to Grand Rapids, where Morris resided some years before locating at Kenton.

The Trombley orchestra has been engaged to furnish music for the ball to be given in this city on New Year's eve under auspices of the degree team of the Modern Woodmen of America. It may puzzle many to figure out how the orchestra can fill two engagements in one night. The orchestra gave a party in Ishpeming the night the Woodmen's ball takes place here. There are now a sufficient number of musicians in the organization to provide two complete orchestras.

Republic. DIPHTHERIA IN TOWN.

It has developed that there is a serious epidemic of diphtheria in Republic, and as a consequence the schools have been ordered to be closed until the disease abates. There are seven cases of the malady in town, but until yesterday they were supposed to be cases of the croup, instead of the more dread disease. The discovery of the true condition of affairs has caused considerable excitement.

The man's wife, a stepson, who reside near Pinckney, refuse to have anything to do with the body. Beebe was also a member of the Pinckney lodge of Masons. The remains may be sent to the U. of M. school of medicine for dissection.

Robert Laughray, deputy great commander of the Knights of Equity, St. Louis, Mo., was arrested Tuesday at West Bay City, charged with violating the state insurance laws. N. B. Hadley, of the insurance commissioner's department, is here looking after the case. He says the order has never been authorized to do business in Michigan.

Robert Laughray, deputy great commander of the Knights of Equity, St. Louis, Mo., was arrested Tuesday at West Bay City, charged with violating the state insurance laws. N. B. Hadley, of the insurance commissioner's department, is here looking after the case. He says the order has never been authorized to do business in Michigan.

The prediction that the saloon keepers of Bay City who kept their places open on July 4 would not be prosecuted in the circuit court has come true. The criminal cases have been disposed of for the term and the saloonkeepers have not been cited to appear. The saloonmen there don't propose to obey the holiday closing law. Thanksgiving they kept their places open and on Christmas and New Year's days will follow the same course, they say.

Deputy Game Warden Palmer was at St. Joseph this week, on his return from Watervliet, where a thorough investigation had been made of the charge that the refuse from the paper mill at that place was killing fish in the Paw Paw river. Warden Palmer said he footed every rod of the Paw Paw river for miles and not a dead fish was found, and at the mills, where the water is so badly discolored were found millions of fish, which were apparently thriving.

I. P. Roberts of Eaton Rapids has a farm just outside the city limits. The house is furnished throughout for tenants, but has been empty. Mrs. Roberts went to the farm Tuesday morning and found that the house had been completely gutted, the thief taking chairs, beds, carpets, dishes and everything except the cook stove and dining table. Mr. Roberts gave no alarm, but last night the thief returned the carpets to Robert's city residence while all the family were away.

Mayor S. D. Emery of Owosso and Detective Fred M. Moore of Detroit have at last succeeded in getting one conviction out of the thirteen cases against saloon men which Moore worked up at Owosso. The victim is William Dierbenstadt, convicted by a jury Tuesday afternoon of selling liquor on Sunday, July 14. Dierbenstadt is awaiting sentence on another count, having been found guilty last week of violating the law on another Sunday, the case having been worked up by Marshal Ross.

George M. Dayton and Herbert Reed of Lansing have commenced suit to recover sixty acres of land in Alpena county which was long ago deeded to the state for non-payment of taxes and taken up as a homestead by Fred Amond. The latter has lived on the land five years and was recently given a deed for the property by Land Commissioner Willey. The state will defend the title of the homesteader in the courts, but as the plaintiffs have taken none of the steps required by the statute in the case of delinquent taxes it is believed that it is proposed to assail the constitutionality of the homestead law, under which over 20,000 acres of land has been deeded to homesteaders during the past year.

S. O. Fisher of Bay City has started a suit in chancery for the purpose of securing an accounting from B. Boutell and the Hampton Transportation company. The suit is practically on the same line as that started by Fisher's daughter, Mrs. Grace Goodwin, several months ago. All of the stock of the transportation company was owned by the Fisher and Boutell families. Fisher borrowed money, using the stock of the company as collateral, and his notes were endorsed by Boutell. When Fisher failed, Boutell paid the notes and bought in the stock. The Fishers now claim that there was never any accounting of the profits of the company, and the papers on file in the cases intimate that they think the Boutell, who managed the business, must have made enough out of the business and the sale of the vessel to pay the Fisher notes and leave a large sum of money which the Fishers think they ought to have a share of.

BUST OF CHIEF KOBOGGAM.

Surprisingly Good Piece of Sculpture Made by Homer Kidder. A life-size bust of Chief Koboggam has been attracting much attention the past few days at Stanford's drug store, where it is on exhibition in the display window. It is the work of Homer Kidder, son of Alfred Kidder, and is so true to life that the tribute paid to the skill of the young sculptor are many and hearty. The bust is a remarkably excellent piece of work, especially when it is considered that it is but the second ever made by Mr. Kidder, and that he has never received instructions in the intricacies of the art. To see the stony, one almost expects to hear it talk, so good a likeness is it of Marquette's famous old Indian. When Mr. Kidder was here last summer, Koboggam's avuncular daily sittings. The features of the model were molded in putty by the deft fingers of the young sculptor, and from this the plaster of Paris cast now on display was made. Mr. Kidder's first bust of the kind is one of his father, and it is said to be an excellent and surprising by good likeness. That of Koboggam has been presented to the Peter White Public Library.

ENJOYABLE CONCERT.

Well-Filled House Greeted the Schillers Last Evening.

The Schiller male quartet, assisted by Mrs. Nettie Jackson, reader and accompanist, gave a delightful concert at the Methodist church last evening that was enjoyed by several hundred persons. Each, every seat in the auditorium was filled, and chairs had to be placed in the aisles to accommodate others. The entertainers had come heralded as artists in their line, and they well sustained their reputation, the universal opinion being that the concert was one of the best musical treats ever enjoyed here. The delight of the audience was manifested by hearty applause, and to some of the selections the singers were forced to respond four or five times to encores. The members of the quartet all have splendid and well-cultivated voices, but if it is need that any distinction is to be drawn the basso of Harry Butterworth and the tenor of Cecil James are deserving of special mention. The readings of Mrs. Jackson were well rendered and the lady proved herself a capable acquisition to the quartet. The entertainment was a great financial success as well, and the ladies under whose auspices it was given have occasion for congratulation that their efforts were so well appreciated. The next number on the course is the Oelschlagel Concert company, which also comes highly recommended. It will appear at the Methodist church on the evening of Jan. 25.

DRUMMERS TO ENTERTAIN.

The Upper Peninsula council of the United Commercial Travelers will give a card party Saturday evening, Dec. 21. The function will take place in Felix Hall, Opera House block. Invitations have been sent out to members, each of whom is expected to bring one lady and one gentleman friend. Refreshments will be served. The council is planning to give a ball on the 17th of January.

DEATH OF A PIONEER.

Mrs. Catherine McCabe Dies at the Age of Seventy-Four. The many friends of the family were plunged in deep sorrow yesterday by the announcement of the death of Mrs. Catherine McCabe, South Fourth street, although it had been realized for some days that the worst was near at hand. For many years Mrs. McCabe had been an invalid, but she bore her sufferings with remarkable fortitude. Of late, however, she had been failing, particularly since the death of her son Fred a short time ago, and yesterday morning at 1 o'clock she slipped peacefully away. Father McCabe of Colorado and Charles and Miss Catherine McCabe of this city were with their mother when the end came.

The deceased was one of the pioneers of the Lake Superior district, and one of the city's oldest residents as well. Her age was seventy-four. Mrs. McCabe was born in Chester, England, and after residing at Boston and Detroit for some years, she came to this northern country forty-six years ago. Since 1867, she had been a resident of Marquette.

The funeral will take place from St. Peter's cathedral next Monday morning at 9 o'clock.

Manager for Three Years—Mrs. Nellie McCombie.

WILL SERVE FINE SPREAD.

Phil Trombly, the general proprietor of the Grand saloon, Washington street, has made arrangements for a very fine lunch to be served this evening. It will be the second grand opening for the Grand. This time "Phil" is the sole owner, having bought out his partner, Mr. Grondin. Tonight oysters will be served, either raw or steamed in milk, with other dishes to make the palate glad. In addition there will be music and other attractions.

CHRISTMAS SALE.

Fancy Work on Display at the Presbyterian Church Today.

The Ladies' Aid society of the Presbyterian church will hold its annual Christmas sale this afternoon, beginning at 2 o'clock, and continuing during the evening. The affair will take place in the parlors of the church. Fancy work of many kinds will be on display, and in addition home-made candy, doughnuts and cookies will be offered for sale. During the course of the sale, light refreshments will be served, including Scotch scones, these last being on the menu for the evening.

AT OPERA HOUSE TONIGHT.

There isn't any question about the popularity of "M'Liss." It is the brightest, breeziest and most entertaining of all of the native American plays. Not from the first until the final curtain is there a single moment when the action flags. The play isn't all serious matter, for there are many moments of comedy. There is the "judge," who "accordin' to the statoots" cannot open his mouth without causing considerably more than a "ripple" of laughter to go over the faces of the audience. And then there is "Templeton Fiske," the tragic song and dance man, who ekes out a bare living by purveying amusement to the miners. His very seriousness is ridiculous. These two characters form a strong relief to the others. It is said the play has never been presented with as handsome scenery and accessories as it is the present season. The production is most complete, everything that is used upon the stage during the performance being carried by the company, which is itself a very strong one headed by "jolly" Nellie McHenry. "M'Liss" will be the attraction at the opera house this evening.

HEARING DEC. 23.

The commissioners—Messrs. Hayden of Ishpeming and Begole and A. H. Palmer of Marquette—the Marquette & South-eastern company and Sidney Adams, Frank Moore and other Lake street property owners have agreed upon to have in charge the condemnation of the proposed freight depot site, have been formally appointed by Circuit Judge Stone. The date of the hearing has been set as Dec. 23 next, at which time the question of necessity, the hearing of testimony and the making of awards will be taken up.

CITY BRIEVITIES.

Today's weather: Snow, brisk and possibly high easterly winds, shifting to westerly.

Yesterday's temperature: 7 a. m. 17 degrees; noon, 20 degrees; 7 p. m. 25 degrees. Minimum, 25 degrees, minimum, 17 degrees.

Another quiet day was had in the circuit court yesterday. No cases were on for trial.

Peter White was a passenger arriving on the afternoon train from the east yesterday.

The meeting of the Ladies' Aid society of the Methodist church this after-

noon will be held in the church parlors, beginning at 1:30 o'clock.

The Ladies' Aid society of the Baptist church will meet this afternoon with Mrs. L. C. Palmer, 329 Arch street.

For the performance at the opera house this evening, the curtain will rise at 8:15 o'clock sharp. The seat sale is very good.

C. M. Eveland, formerly of Marquette and still well remembered here, is seriously ill with pneumonia at his home in Menominee.

Edward F. Mithelland, advance agent for Eugenia Blair, who is to shortly appear here in "Peg Worthington," was in the city yesterday.

Mrs. C. D. Blanchard, Spruce street, will entertain the Woman's guild of St. Paul's church this afternoon. The meeting will begin at 2:30.

Mrs. Frank Barscher, who has been visiting her parents, Mr. and Mrs. A. F. Agnew, for the past ten days, left yesterday on her return to her home at Fostoria, O.

The schools will have a two weeks vacation for the holidays. There was a move on foot to curtail it a week and allow for the other in the spring, but the teaching corps, in whose hands the matter was put, decided in favor of the longer vacation.

The Duluth contractors who are to construct the high school and manual training buildings have already made a start at the work. The excavating has been commenced, piers being engaged in the task yesterday, and the concrete is advertising for stone masons.

Frank E. Kirby, designing architect for the Detroit Shipbuilding company, is preparing plans for a new passenger and freight steamer for the Anchor Line, which, if it meets requirements when built, will be the model for two others. The opening of the season of 1903 is the time fixed for the completion of the first ship.

Carpenters are at work making improvements at the ice rink—located in the Polygonal works building—and the flooding is also under way. The rink will probably be ready for the curlers within a few days, and for the skaters as well. Abe Mitchell will again manage the popular resort, and he is already planning to pull off races and to procure other attractions. The street car is in commission, ready for the opening of the rink, and there is some talk of extending the line to a point nearer the Polygonal works.

ANNOUNCEMENT EXTRAORDINARY!

Wm. A. Stym's
OPERA BLOCK DRY GOODS HOUSE

Heretofore we have made a great slaughter in prices on cloaks and suits after the holidays. This year we find our stock too large for this season of the year and have decided to give intending buyers the benefit of this slaughter sale before Christmas, thus giving an opportunity to make a useful Christmas present of a cloak or suit at the price usually given in January.

Advertising only pays when you can bring customers to your shop. Buyers generally respond to an advertisement when they believe they can secure a bargain. The advertiser often regrets that he can find no words in the dictionary that will make the public understand that what he says is true, or that will convince people that he is offering his goods for less than they are worth, and too often it is true that merchants tell people they are selling goods at a great discount when you can buy the same goods anywhere for as little or less money. There are reasons at times for a merchant selling part of his goods at a sacrifice or at cost or even less than cost. This is especially true where goods are only saleable at certain season of the year, as cloaks, etc. We have always avoided carrying over from one season to another goods which should be disposed of the same season they were bought. This has been eminently true of our suit and cloak stock, and it is for this purpose that we announce this morning a slaughter of prices in this department. If you want a cloak or suit this season, come and see us today when we will offer our entire stock of :

CLOAKS AND SUITS AT MANUFACTURERS' PRICES.
