## DEWEY FOR SCHLEY

### COURT OF INQUIRY RETURNS A DIVIDED VERDICT.

#### MAJORITY AGAINST THE ADMIRAL

#### FIND HIM AT FAULT ON MANY OF THE COUNTS.

They Commend His Bravery, However, While Manila Hero Files Minority Report Upholding Schley.

Washington, Dec. 13.—The most prolonged, interesting and important naval tribunal ever held in this country closed today, having in open and secret session lasted three months short of one week, when Secretary Long was handed the findings of the court of inquiry, which inquired into the conduct of Rear Admiral Schley during the Santiago campaign. For several weeks the court heard the testimony and fully a month it deliberated upon that mass of evidence, finally reaching the conclusions announced today. The result was a complete surprise, and it is probably no prophecy has approached the truth.

#### Two Reports Are Made.

Instead of one report there are two. Both are signed by George Dewey, president, and Samuel C. Lemley, judge advocate. This is the form said to be recognized in all courts of inquiry, the signatures of the other members not being necessary. But it is explained that Admiral Dewey signed the second report because he wanted to express his qualification of or dissent from the views expressed by the court, comprising, beside himself, Admirals Benham and Ramsey, in the first report.

It is said at the navy department that there will be no further proceedings in this case. Secretary Long and Judge Advocate Lemley positively decline to discuss the findings in any phase. The secretary received the reports at 5 o'clock this evening, and he has not yet acted upon them. It is probable he will simply append his signature with the word "approved" to the whole record. The court itself recommends no further proceedings owing to the lapse of time.

There was an air of animation this morning about the building in which the court held its secret sessions, and it soon became evident that the end of the case was at hand. Captain Lemley was closeted with the members of the court most of the afternoon and when he started for the navy department he carried the reports with him.

#### Schley Not Visibly Affected.

A representative of the Associated Press conveyed the first information of the findings to Admiral Schley. He was seated in the public reception room of a hotel chatting with friends and several newspaper men, and evinced no signs of nervousness over the outcome.

When the conclusions of Admiral Dewey was read to him Admiral Schley showed his pleasure, and it was evident from his manner that he regarded the statement from Admiral Dewey as a vindication of his cause. He declined to make a statement concerning the court's findings, and excusing himself from company which had gathered about him, went to his apartments, where Mrs. Schley had been anxiously awaiting to hear the court's decision. Later an official copy was brought to the hotel by a messenger from the navy department.

Admiral Dewey was seen late tonight and declined to make any statement concerning the court's findings. He said the court was not dissolved and he was still bound by his oath to secrecy.

#### Reviews Movements of Squadron.

In his final report the Schley court reviews the movements of the flying squadron from the time it left Key West until the end of the battle in which Admiral Cervera's fleet was destroyed. This review goes into all the details, giving the hour and day of the various movements, commenting at the end of each citation and in conclusion announces the following opinion:

Commodore Schley, in command of the flying squadron, should have proceeded with the utmost despatch off Cienfuegos and should have maintained a close blockade of that port.

He should have endeavored May 23 at Cienfuegos to obtain information regarding the Spanish squadron by communicating with the insurgents at that place designated in the memorandum delivered to him at 8:15 a. m. on that date.

He should not have delayed the squadron for the Eagle.

He should not have made the retrograde turn westward with his squadron.

He should have promptly obeyed the navy department's order, May 25.

He should have endeavored to capture or destroy the Spanish vessels at anchor near the entrance of Santiago harbor, May 29-30.

#### Brooklyn Turn Criticized.

He did not do his utmost, with the force under his command, to capture or destroy the Colon and the other vessels of the enemy which he attacked May 31.

By commencing the engagement on July 3 with the port battery, and turning the Brooklyn around with a port helm, Commodore Schley caused her to lose distance and position to capture the Spanish vessels, especially with the Vizcaya and Colon.

The turn of the Brooklyn to starboard

was made to avoid getting her into danger in proximity to the Spanish vessels. The turn was made toward the Texas and caused that vessel to stop and back her engines to avoid a possible collision.

Admiral Schley did an injustice to Lieutenant Commander A. C. Rodgers in publishing only a portion of the correspondence which passed between them.

Commodore Schley's conduct in connection with the events of the Santiago campaign prior to June 1, 1898, were characterized by vacillation, dilatoriness and lack of enterprise.

His official reports regarding the coal supply and coaling facilities of the flying squadron were inaccurate and misleading.

His conduct during the battle of July 3 was possessed and he encouraged, in his own person, his subordinate officers and men to fight courageously.

(Signed)  
George Dewey, Admiral U. S. N., President.

Samuel C. Lemley, Judge Advocate General, U. S. N., Judge Advocate.

#### Admiral Dewey's Opinion.

In the opinion of the undersigned the passage from Key West to Cienfuegos was made by the flying squadron with all possible despatch, Commodore Schley having in view the importance of arriving off Cienfuegos with as much coal as possible in the ships' bunkers.

The blockade of Cienfuegos was effective.

Commodore Schley, in permitting the steamer Adula to enter the port, Cienfuegos, expected to obtain information concerning the Spanish squadron from her when she came out.

The passage from Cienfuegos to a point about twenty miles south of Santiago was made with as much despatch as was possible while keeping the squadron a unit.

The blockade of Santiago was effective.

Commodore Schley was senior officer of our squadron off Santiago when the Spanish squadron attempted to escape on the morning of July 3, 1898. He was in absolute command and is entitled to the credit due such commanding officer for the glorious victory which resulted in the total destruction of the Spanish ships.

(Signed)  
George Dewey, U. S. N., President.

Samuel C. Lemley, Judge Advocate General, U. S. N., Judge Advocate.

#### Recommendation Is Made.

The following recommendation is made:

In view of the length of time which has elapsed since the occurrence of the events of the Santiago campaign, the court recommends that no further proceedings be had in the premises.

(Signed)  
George Dewey, Admiral U. S. N., President.

Samuel C. Lemley, Judge Advocate, U. S. N., Judge Advocate.

#### Opinion of Admiral Brown.

Indianapolis, Dec. 13.—Rear Admiral George Brown, retired, when asked tonight his opinion on the verdict in the Schley case, said:

"I read the original charges against Admiral Schley and made up my mind no court would ever convict him of cowardice. They could not do that. The whole country knows he is not a coward. There is not a drop of cowardly blood in his veins. If there were he would never have become commodore and admiral in the navy of the United States."

He did think possibly the court might censure the retrograde movements but anyway Admiral Schley destroyed Admiral Cervera's fleet and that was what was aimed at. Admiral Brown said Admirals Schley and Sampson were his warm friends, that both served under him and he esteemed both highly.

#### Raynor Is Disappointed.

Baltimore, Dec. 13.—Isidor Raynor showed keen disappointment when the findings of the court of inquiry were communicated to him tonight. He announced that he would go to Washington as soon as his engagements will permit, and he will counsel Admiral Schley to fight the case to a finish by every appeal possible. Mr. Raynor said:

"I think the country will unanimously accept Admiral Dewey's judgment. The testimony is so overwhelming upon almost every one of the specifications in favor of Admiral Schley. I must confess I am utterly at a loss to understand upon what facts, or upon the evidence of what witnesses the other two members of the court reached their conclusion."

#### Dewey a Good Judge.

New York, Saturday, Dec. 14.—Captain Parker, Admiral Schley's counsel, reached Perth Amboy, N. J., at 1 o'clock this morning. When told the result of the court of inquiry he said no man in the world was better qualified to judge the case than Admiral Dewey.

"He is the one man living besides Admiral Schley who conducted the campaign and fought the battle with modern ships and under modern conditions. The other members, while of the highest character, and men who would not misjudge knowingly or willingly, never had the experience the admiral had and probably did not see things in the same light."

#### WILL PAY RANSOM IN FULL.

London, Dec. 14.—Under a Sofia date the Telegraph publishes a dispatch to the effect that George Washburn, president of Robert College, Constantinople, has received at Sofia a confidential message connected with the release of Miss Stone. The dispatch further says it is rumored the United States will pay the demand of the brigands in full.

#### GERMAN LABOR SITUATION.

Berlin, Dec. 13.—The most recent investigations into German labor conditions show that the labor situation is growing worse. The Arbeits Markt newspaper says there were 221 applicants for 100 vacancies in November, as against 200 applicants for the same number of vacancies in October.

## TO RAISE REVENUE

### OBJECT OF NEW PHILIPPINE TARIFF BILL REPORTED.

#### WILL MEET PRESSING EMERGENCY

#### MINORITY REPORT OPPOSES POLICY OF MAJORITY.

Says Measure Is But Another Step in Line of Imperialism—Bill to Be Considered Next Tuesday and Wednesday.

Washington, Dec. 13.—The Philippine tariff bill as finally reported today is a substitute for the original Payne bill which, however, it follows throughout except in a few minor particulars and the addition of a provision to section six, that all articles, subject under the laws of the United States to the internal revenue tax, or on which the internal revenue tax has been paid, and which may, under the existing laws and regulations, be exported to a foreign country without the payment of such tax, or with the benefit of a drawback as the case may be, may also be shipped to the Philippine islands with like privilege.

Where imported materials, on which the duties have been paid, are used in the manufacture of articles manufactured or produced in the United States, there shall be allowed, on the shipment of said articles to the Philippine archipelago, a drawback equal in amount to the duties paid on the materials used, less one per cent of such duties.

#### The Majority Report.

Chairman Payne, of the committee on ways and means, presented the majority report on the Philippine tariff bill. It says:

"This bill is designed to raise revenue for the government and benefit the Philippine archipelago. It is intended to restore statutes which existed prior to the late decision of the supreme court in the 'Diamond Rings' case. Prior to that decision the government had been collecting duties on goods coming into the Philippine archipelago at the same rates as those provided in our tariff laws for like articles imported from 'foreign countries.'"

"The court holds that the Philippine archipelago is not a foreign country, therefore the general tariff law does not apply. This bill extends the rate now existing upon imports from foreign countries to articles brought in from the Philippine islands. In the Philippine archipelago the United States Philippine commission prepared a tariff act after much care and study. Their object has been and is to raise sufficient revenue to support the government on the Philippines, provide amply for the education of the people, to open up highways and commerce both foreign and domestic, and provide an ample police force for the preservation of order.

These different forms of tariff in force there produced a surplus revenue for paying the expenses of the government. This bill proposes to make this Philippine tariff a part of the statutes of the United States. Necessity for the continuance of revenue, which shall be both ample and certain, is imperative. The object of the bill is to meet the pressing emergency practically and efficiently."

#### Minority Report Presented.

Representative Richardson of Tennessee presented to the house the minority report on the Philippine tariff bill, signed by all the Democrats of the ways and means committee except Robertson of Louisiana. The report says in part:

"The measure is but another step in the well marked line of imperialism. It is enacting a policy of pure colonialism and the worst form of that policy. We are opposed to our government attempting to hold territories as colonies and treating the inhabitants thereof as subjects, imposing upon them a government of force. This is the method of an empire instead of a republic.

"We oppose the whole policy of the majority in dealing with the Philippine archipelago. We believe instead of the effort they are making to set up and hold permanent colonies there we should long since have inaugurated a policy assuring to the people those islands a stable government and ultimate independence. But, even if it be admitted we are to embark upon a dangerous and desperate policy of colony-holding, we could not give our assent to the passage of the pending measure, which is unjust and illiberal in the extreme."

"The report says the secretary of war made a tax law for the Philippines and he given more power than most kings. It says the bill declares the Philippines to be foreign territory and applies the Dingley law rates; then proceeds to denounce the Dingley law as a trust-binding measure.

"The report closes by saying that the people of the Philippines cannot be made citizens, and we cannot hold them as subjects without the most radical changes in our form of theory of government."

#### Revenues for Philippines.

After an adjournment of three days the house met at noon today and the senate bill was passed continuing the industrial commission until Feb. 15 next.

Representative Payne of New York, chairman of the ways and means committee, reported back a substitute for his bill to temporarily provide revenues for the Philippines.

Representative Richardson offered the minority report. Both of the reports were ordered printed.

The house agreed to a special order that the bill be considered Tuesday and Wednesday next, until 4 o'clock on the latter day, when the previous question

#### TO RAISE REVENUE

#### WILL MEET PRESSING EMERGENCY

#### MINORITY REPORT OPPOSES POLICY OF MAJORITY.

Says Measure Is But Another Step in Line of Imperialism—Bill to Be Considered Next Tuesday and Wednesday.

Washington, Dec. 13.—The Philippine tariff bill as finally reported today is a substitute for the original Payne bill which, however, it follows throughout except in a few minor particulars and the addition of a provision to section six, that all articles, subject under the laws of the United States to the internal revenue tax, or on which the internal revenue tax has been paid, and which may, under the existing laws and regulations, be exported to a foreign country without the payment of such tax, or with the benefit of a drawback as the case may be, may also be shipped to the Philippine islands with like privilege.

Where imported materials, on which the duties have been paid, are used in the manufacture of articles manufactured or produced in the United States, there shall be allowed, on the shipment of said articles to the Philippine archipelago, a drawback equal in amount to the duties paid on the materials used, less one per cent of such duties.

will be considered as ordered. Representative Robinson of Indiana introduced two measures designed to secure the extradition of ex-Governor Taylor of Kentucky from Indiana, where he is said to be sojourning, to Kentucky, where he is wanted in connection with the Goebel tragedy. An adjournment was taken until Tuesday.

The house committee on inter-state and foreign commerce, at its meeting today, voted favorably on the report of the Hepburn bill, providing for the construction of the Nicaragua canal. Representative Fletcher of Minnesota was the only member voting against reporting the bill. Chairman Hepburn was directed to urge the measure for consideration and vote in the house at the earliest practicable time.

#### To Buy Telegraph Lines.

Representative Jackson of Kansas introduced a bill providing that the United States purchase the Western Union and Postal Telegraph companies and thereafter operate them in connection with the postoffice department. Provision is made for the appraisal and the property of the companies and for the payment of its appraised value when the amount is reported to congress. Representative Mercer of Nebraska today introduced a bill for buildings in Washington for the United States supreme court, the department of justice and international tribunals, to cost not exceeding \$7,000,000, for site and building.

#### HELD THREE SESSIONS.

#### Labor Federation to Try and Complete Work Tonight.

Scranton, Pa., Dec. 13.—The Federation of Labor held three sessions today. The session tonight was decided upon so as to enable the delegates to complete the work of the convention by tomorrow night. One of the principal features of today's proceedings was to defeat the proposition to increase the number of vice presidents.

A resolution instructing the unions to hold aloof from the militia of the several states was debated for a long time but the whole subject was tabled.

The convention decided to increase the per capita tax of the national and international unions from one-third to one-half of one per cent per member per month; also agreed to raise the per capita tax of the federal and local trade unions five to ten cents a month for each member, an increase of five cents, to go toward raising the defense fund for those unions.

The committee reported many resolutions on other matters and favorable action was taken on many of them.

#### MUSICIAN IS HONORED.

Paderewski Presented With Bouquets by Polish Nobility in Berlin.

Berlin, Dec. 13.—The anti-German temper of Poles, was shown at the Paderewski concert here yesterday evening, which was attended by a large number of Polish nobles. They presented Paderewski with a great many bouquets, tied with the Polish colors, red and white.

The receipts of this concert will go to the families of those persons imprisoned as an outcome of the Wreschen school scandals, following which twenty-five persons were sentenced to various terms of imprisonment for attacks upon Prussian schoolmasters.

#### DEMAND FOR MONEY.

Attorney General Knox Wants St. Mary's Ship Canal Fund.

Lansing, Dec. 13.—Attorney General Knox on behalf of the general government today made a formal demand on the state of Michigan, through Auditor General Powers, for the money that was in the St. Mary's Falls ship canal fund when that property was turned over by the state to the United States. It amounts to \$70,000, which the state held because of the failure of the government to build the docks as specified in the agreement. Payment was refused by Auditor General Powers and a suit will follow.

#### STOCK BROKERS ASSIGN.

Decline in Copper Stocks Causes Failure of Boston Firm.

Boston, Dec. 13.—The assignment of Wainwright Bros. & Co., stock brokers was announced on the stock exchange at noon. The assignment is attributed to the decline in copper stocks. The firm has been doing business in Boston for upwards of twenty years. No statement is made.

#### KENTUCKY BANK ROBBED.

Sturgis, Ky., Dec. 13.—The bank of Sturgis was robbed early this morning of \$3,500 by robbers who blew open the safe with nitro glycerine. Bloodhounds followed the trail several miles but lost it on account of rain. A posse traced the robbers further by finding occasionally pennies that had been dropped and which are supposed to have been a part of the booty. The bank was recently warned by a detective that it might be robbed and therefore kept only a small amount of cash on hand, frequent shipments of money being made to Evansville, Ind., for safe keeping.

#### STOLE CHECKS AND MONEY.

Birmingham, Ala., Dec. 13.—George Morgan, president, and George Olm, Jr., treasurer of the Continental Security Redemption company, were arrested today on warrants charging them with embezzling checks and money aggregating \$58,000 and \$25,000 respectively. Both have given bonds.

#### LAURA BULLION SENTENCED.

St. Louis, Dec. 13.—Laura Bullion, the female companion of "Ben" Fitzpatrick, the Montana train robber, who yesterday was sentenced to fifteen years imprisonment, was today sentenced to "ve" years imprisonment at Leavenworth, Kas.

Gen. Patrick A. Collins has a right to feel proud of his election to the majority of Boston by an unprecedentedly large plurality.

Admiral Devey's finding as a member of the Schley court of inquiry stands alone, but it stands for the right and will have more weight with the American people than that signed by his two associates.

The Panama canal company has been holding off in the expectation of ultimately getting its price for the big ditch that it started but was unable to complete.

The suggestion is made that the Republicans of the Thirtieth senate district could not do better than send H. O. Field of Menominee to Lansing as the successor of Senator Fuller.

Notwithstanding which, congress manifests a settled disinclination to in any manner favor Cuban industries by letting down the tariff bars against her staples.

It knows that his sufferings are very much like the tortures of the rack.

It promptly neutralizes the acid in the blood on which the disease depends, completely eliminates it, and strengthens the system against its return.

It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse.

Poor complexion is usually the result of torpid liver or irregularity of the bowels.

COPPER COUNTRY NEWS (Additional)

COPPER COUNTRY BREVITIES. The copper country branch office of The Mining Journal is located in Room 3, second floor of the Dec Postoffice building, Houghton.

Dr. Moore and wife of the Atlantic mine have left for Florida to spend the winter.

John C. Condon and wife have returned to Hancock after an extensive wedding trip east.

Rev. James Elford, pastor of the M. E. church at the Boston location will deliver the address at the men's meeting at the Hancock Y. M. C. A. rooms Sunday afternoon.

The ice rink in Athletic park, Calumet, opened up for the season Thursday night with a large number in attendance.

Dr. F. J. Downer, formerly of Hancock, has received an appointment on the medical staff at the Newberry asylum. The doctor was the Isle Royale mine physician at one time.

The Rechabites of Calumet have engaged the Light Guard Armory for New Year's day, when they will have a social gathering and a concert in the evening.

A concert will be given under the auspices of Court John A. Robb, Foresters of America, Calumet, at Kearsarge hall tomorrow evening.

Mike Schutte, a Calumet officer, has been arrested on a charge of striking the young son of John Tachell over the head with a cane.

J. W. Grogan, of Houghton, returned yesterday from West Superior where he has been for the past week.

Bowling contests will soon be arranged between a Houghton team and an aggregation from Calumet.

AMERICA'S GREATEST RAILROAD. America is the possessor of the best railroads in the world, and while this may seem a broad statement, it is absolutely true.

Another Operation Avoided in Philadelphia. "DEAR MRS. PINKHAM:—Some time ago I was taken very sick with pains caused by internal trouble (ovarian) and was unable to attend to my household duties.

Remember, every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand.

#### NEW TELEPHONE BOARDS.

Houghton and Calumet to Be Given Better Service.

A new board, to be used in connection with the new switch board now being installed at the Houghton telephone "central" office, was received yesterday and the work of putting it in place commenced at once. A force of men is at work getting the new switch board ready for use but it will take until the end of the month before it is in working order. Then the Houghton and Hancock subscribers expect better service and they will be assured of getting it, as the new board will do away with the present inconveniences which hamper the telephone girls in the "central". The board now in use is a trifle ancient and is intended only for smaller offices where there are but a small number of subscribers. When a number is called for the girl who receives it has to call across to her neighbor to make the connection about half the time, and very often it happens that the anxious patron of the other end of the "phone" cause it was lost or forgotten in the mix-up. With the new board, however, which is known as a multiple switch board, all that trouble will be done away with for each girl will have all of the numbers before her and will attend to all of the calls she receives.

A similar board is to be installed in the Calumet office. It is expected to arrive next week and it may be installed at once. The board will be put up by the men now at work installing the Houghton board and the company will send up another gang of men for that purpose. The Houghton board will be ready for use about the latter part of January but the Calumet subscribers will not be benefited until towards the end of February.

A telephone gang is now employed between Houghton and the Franklin location stretching wires for a new line. Wires are also being put up between Redridge and Houghton on the poles put in this fall for the new line. It is expected that the work will be completed next week. The weather up to yesterday was very favorable for the work.

Where to Stop When in Detroit.  
Hotel Metropole, Woodward Ave., opp. City Hall. European plan. Rooms, \$1 per day; with bath, \$1.50.

#### TWO GAMES ARRANGED.

Hancock Y. M. C. A. Basketball Team to Go to Head of Lakes.

The Hancock Y. M. C. A. basketball team, comprised of students of the Michigan College of Mines, will go to the head of the lakes next week to play games with the West Superior Normal school and the Duluth Y. M. C. A. Secretary Wing of the Hancock association expects a number of Houghton and Hancock young men will accompany the team on its trip. Low rates on the South shore road have been secured. The line-up of the Hancock team is as follows: Prescott and Campbell, forwards; Rakowsky, center; Coons, Foster and Williams, guards. The team has defeated the Calumet Y. M. C. A. team twice and is considered a clever aggregation. The Duluth game will be played Thursday night and the West Superior Normal contest the following evening. The team will leave for Duluth Wednesday afternoon.

#### WILL BE EXTENSIVE.

Improvements to Be Made to First National Bank at Houghton.

The Mining Journal was informed yesterday that the improvements to be made on the First National bank building in Houghton will be extensive. Besides the complete remodeling of the interior the exterior will be considerably changed. The apartment adjoining the bank, now used by Van Orden Bros. for a general insurance office, and the office of the Van Orden lime kilns, will be used by the bank. A handsome new front will be built, taking in the bank and the Van Orden offices. It is understood that the Van Ordens have made arrangements for the rental of a suite of rooms in the new Citizens' bank now building.

#### BEER VATS IN PLACE.

Haas Brewery at Houghton Now Ready to Care for Business.

The work of making a number of extensive improvements in the Haas brewery at Houghton has been completed and the plant is now ready to take care of its largely increased business. The eight immense vats for the storage of beer are in place in the cellar, increasing the storage capacity about one-third. The smaller vats are still in use. The new washing machine for bottles is doing good service. Hundreds of boxes for bottled beer are being made in the box room at the rear of the brewery in readiness for the holiday trade.

#### SEARCH FOR MISSING MINER.

The woods near the Rhode Island mine will be searched in an endeavor to find John Moloney, the miner who has been missing from his home for over three weeks. His wife has made every effort to locate him but not until recently has she elicited the help of others. Moloney visited friends in Hurontown the day he disappeared and he was last seen going towards his home. It is said he was intoxicated at the time and that he likely wandered off in the woods and died from exposure.

#### C. & H. BAND CONCERT.

The concert to be given by the Calumet & Hecla band at the Houghton Armory next Thursday evening will be largely attended by Houghton and Hancock people. Director Vanderook is preparing an excellent program for the entertainment. A special train will be run from Calumet for the benefit of those from that place who wish to attend.

#### LAKE LINDEN WANTS BANK.

In Lake Linden it is said that several prominent citizens are agitating the organization of a State Savings bank. It is believed that an institution of the kind would be generally popular at the Lake Linden and that its success would be assured from the start, a building will be erected should the movement be brought to a successful head.

#### SAYS HE WAS TORTURED.

"I suffered such pain from corns I could hardly walk," writes H. Robinson, Hillsborough, Ill., "but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by Stafford. 25c.

#### MANY ARE HARD HIT.

Amalgamated Slump Said to Have Caused Wide-Spread Misery.

The present slump in the shares of copper mining companies has cost the holders of those securities about \$200,000,000. Aside from Lawson's alleged losses, a great number of "little fellows" in the street, and thousands of genuine investors have, given smaller victims of one of the most stupendous financial battles ever waged.

From 130 to 65! That means a shrinkage in value of over \$100,000,000 in Amalgamated. It means that as much more has been lost by holders of the stock who have had to dispose of other securities to protect their holdings. It means that all over the country rather well-to-do people have had to sell their horses and carriages, cut down their establishments, possibly withdraw their daughters from aristocratic finishing schools, give smaller Christmas presents and all that sort of thing. It also means that a certain number of weak men have been tempted to embezzlement, that others have had their earnings, painfully saved for this speculation, swallowed up and are left facing poverty where they dreamed of wealth.

But others have carriages who did not have them before. Some women will have diamonds for Christmas who expected only turquoise, and where one man has been driven to crime or suicide, and has left a family shamed and destitute, another will now be able to purchase a fashionable club. In the general conduct of this war among the great gamblers of the earth, wherein no outsider knows even what forces are engaged or what is the end they are fighting for, the ordinary man who fails has as much a place as a coolie dredging in the Amur river, who happened to offer an attractive mark for the rifle of a Russian soldier in the rank marching to Manchuria.

#### Others Now Condemn It.

Three New York papers in speaking of the copper situation editorially, condemn the Amalgamated company. The New York Times says: "The copper pool is an illustration of all that is objectionable in syndicate manipulation of a staple article of commerce. With only a partial control of production, and open to grave suspicion as to honesty of purpose or veracity of statement," with careful concealment of essential statistics of stocks and deliberate misrepresentation as to everything on which to base a correct understanding of the position of a metal which is the raw material of so many important industries, the management of Amalgamated Copper has been all that it should not have been. They issued \$155,000,000 of stock to cover an operation in which success was impossible because sought by means opposed to the natural laws of trade. They have tried to corner copper, and have made the public believe that the statistical position of the metal was very different from what it is now shown to have been. At the moment it is suspected and believed that they are manipulating the stock market with a view to recouping their losses in the unsuccessful effort to maintain the price of the metal at an artificial level. Whether this is true or not we do not know; the fact that it is believed by a majority of those in interest sufficiently indicates the moral plane assigned to those responsible for the present situation in the copper market.

#### A CARD.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. The Stafford Drug Co., Desjardins' Pharmacy, "The People's Drug Store," (11-16-6mo)

#### OF BENEFIT TO YOU.

D. S. Mitchell, Fulford, Md.: "During a long illness I was troubled with bed sores, tried DeWitt's Witch Hazel Salve and was cured." Cures piles, sores, and burns. Beware of counterfeits. Stafford Drug Co.; H. N. Meloche, Ishpeming.

#### AN EVANGELIST'S STORY.

"I suffered for years with a bronchial trouble and tried various remedies but did not obtain permanent relief until I commenced using One Minute Cough Cure," writes Rev. James Kirkman, evangelist of Belle River, Ill. One Minute Cough Cure affords immediate relief for coughs, colic and all throat and lung troubles. For croup it is unequalled. Absolutely safe. Never fails and a favorite with the children. Stafford Drug Co.; H. N. Meloche, Ishpeming.

#### Areadian mill will use No. 3 head, which is ready for them. No. 3 has been used on Areadian rock for some time.

The Areadian in the future will use No. 3 head which is being gotten in readiness for that purpose. It is stated that No. 1 head will be put in shape this winter.

#### New Electrical System.

The new system of electrical haulage is now being tried in one of the levels of No. 6 shaft of the Quincy. If it proves the success anticipated a similar equipment will be installed in one of the other levels and it is likely other mines in this region will watch the results with interest.

#### Copper Gossip.

The belief is growing in eastern financial circles that "the incredible Mr. Lawson," as the New York Commercial calls him, is secretly in league with the Standard Oil crowd.

Cincinnati losses during the drop in copper in the last six months are \$6,000,000. 75 per cent of which has disappeared in copper stocks. Local syndicates are now staggering under loads of from 2,000 to 5,000 shares.

That Mr. Lawson is inviting short selling of Amalgamated says the New York Herald, is clearly apparent, and he unquestionably is as good an instrument as any other for the accomplishment of a settled purpose.

The rapid decline in Amalgamated Copper is thought by Bostonians to have caused heavier losses to stockholders there than anywhere else in the country. It is impossible to tell the loss, but it is probably \$20,000,000. Mr. Lawson says his stocks have depreciated by \$11,000,000.

The great drop in copper is believed by those best informed to have cost Chicago fully \$8,000,000. The Arcadian Mining company recently started by two owners of a great line of lake steamers was a great success, and nearly every one went from it to the Amalgamated, forming great pools. Now Arcadian has dropped from \$75 to \$5 per share.

#### There are very few people on the street who believe Mr. Lawson's net loss is very heavy in this slump.

For they claim his "great chunks" lost have been made up by an account on the other side of the sheet which he is not so frank about. Mr. Lawson has made a great deal of money on the bear side of the market in the past, and most people think him too good a general and too shrewd a financier to be caught all the way down in so prolonged a slump. The long stock he still holds, of course, shows him a loss, but he doesn't tell how much he gained by going short when he saw, when the stock was around 90, perhaps higher, that it was bound to go much lower.—Boston Post.

Of course Lawson was never worth \$7,000,000 and did not have any 140,000 shares of Amalgamated when he raised his "two page fuss" unless he considers his account in 140,000 shares of Butte & Boston still unsettled. He, however, was caught on an Amalgamated market which he had himself created and lost about \$1,000,000. The discussion in the street is now as to whether he is long or short of Amalgamated as his office has been advising people who have been caught long to sell out and go short, and it is not believed the man who, under oath, declared he entered Bay State Gas by selling it short, can have been caught long on Amalgamated; at least not for very long.—Boston News Bureau.

MRS. BONINE FREE

ALLEGED MURDERER OF J. SEYMOUR AYRES NOT GUILTY.

JURY OUT LESS THAN FIVE HOURS

VERDICT APPROVED

Defendant's Husband, Her Two Sons and Several Relatives Present When Jury Returns—Public Was Excluded.

Washington, Dec. 13.—The jury in the case of Mrs. Lola Ida Bonine, charged with the murder of James Seymour Ayres, Jr., in the Kemmore Hotel, this city, May 13, this evening returned a verdict of not guilty and the defendant was set at liberty. Such a conclusion of the trial was generally expected, the popular impression here being, from the evidence submitted that the prosecution failed to prove its case against Mrs. Bonine. The jury was out less than five hours.

Verdict Was Approved. The attendance in the court room when the jury returned was limited to members of the bar, representatives of the press and employees of the court. There was some little attempt at a demonstration of approval, but this was quickly suppressed by Judge Anderson, who had previously warned the spectators against manifestations of any character.

Mrs. Bonine was in court at the time and with her were her husband, her two boys and several relatives, all of whom have shown sympathy for her by their constant attendance during the long trial. The jury was discharged and Mrs. Bonine and her friends left the court house by the back door.

The trial of Mrs. Bonine was in progress almost four weeks and attracted more attention than any trial before the local courts in years. Extraordinary interest was caused at the time young Ayres was killed, because of the mystery surrounding the case, and until the statement was made by Mrs. Bonine or her part in the tragedy while the coroner's inquest was in session.

Was Killed in Struggle. She said she was the only person in the room when Ayres was shot, and that he was killed in a struggle with her over the possession of a revolver, with which he was trying to frighten her into compliance with his demands.

Mrs. Bonine had been in jail since the tragedy. She did not go on the witness stand during the trial.

SPAUDLING IS PRESIDENT.

Deadlock in National League Finally Broken.

New York, Dec. 13.—The deadlock over the election of a president of the National baseball league continues. Tonight a sensation was sprung by Spaulding announcing that he would not withdraw his candidacy and would force a vote before the election of the game. "When the vote has been taken, when my election shall be made unanimous, and when they shall come to me and ask me to be their president, if I accept the honor, my one condition will be that Andrew Freedman must get out of baseball, absolutely and entirely," said Spaulding. "He must be wiped off the baseball map. On his record in baseball, and I speak only of his baseball record, I openly and publicly charge Andrew Freedman with being a traitor and a marplot. He has done more to ruin baseball than any other four forces that ever existed in the history of the game."

The general opinion is that the greatest fight in baseball history is coming, and that the Brush-Freedman combination is beaten. Spaulding made public a copy of a circular letter written by Frank DeHass, manager of the St. Louis Cardinals, urging the election of Spaulding. Favorable replies have been received from all presidents except Brush and Freedman. Later Spaulding met and talked with a party of newspaper men to whom he made a further statement on similar lines as the above, denouncing the scheme for a baseball trust and concluding: "Freedman must go, but for history's sake let us give Brush a chance to save himself."

New York, Saturday, Dec. 13.—Just before 1 o'clock this morning the Brush-Freedman faction walked out of the meeting in a body. Those who remained declared that the others had "bolted" the meeting and they had a right to elect. Selden left shortly before 1 o'clock. President N. E. Young declared there was no quorum, but the others, denying his right to make such a ruling, Young retired. Rogers of Philadelphia, was elected to the chair and a vote was ordered. Brooklyn, Pittsburg, Chicago and Philadelphia voted for Spaulding for president and

Hair Falls

It doesn't take much of Ayer's Hair Vigor to stop falling of the hair. This is because it is a regular hair-food, feeding and nourishing the hair and making it grow thick and heavy. It always restores color to gray hair—all the dark, rich color.

"I have used your Hair Vigor, off and on, for 30 years. I am now over 60 years of age, have a good head of hair and not a single gray hair." Mrs. L. Wibur, Wayland, N. Y.

the names of other magnates were called, but as there was no response the chair decided that Spaulding was elected.

MESSAGE IS CRITICISED.

Bryan Says Roosevelt Should Have Sympathized With Kruger.

Lincoln, Neb., Dec. 13.—President Roosevelt's message comes in for a good share of criticism in Bryan's Commoner, which issued today. Two pages of the paper are devoted to that part of President Roosevelt's message which expresses sympathy over the death of Queen Victoria and Empress Frederick and his failure to sympathize with Kruger over the death of his wife. Bryan says: "Roosevelt might have added without doing the least violence to truth that the grief of the American people because of the death of the wife of President Kruger and that of the American people's sympathy with the bereaved president of the South African republic is no less sincere than the grief and sympathy felt because of the death of either Queen Victoria or the empress dowager of Germany. Such an expression from the president would have been entirely appropriate, because the empress dowager was the widow of the deceased emperor while Mrs. Kruger was the beloved wife of the living president."

MORGAN SAVES FIRM.

Financier Prevents Failure of Big Mercantile Establishment.

New York, Dec. 13.—It has been known to a few bankers during the last few days that a prominent mercantile house was financially embarrassed. This firm, which is known all over the world and has many connections both in this country and abroad, and whose principal is a man known equally well among financiers and men of commerce, recently failed to make prompt realizations upon a certain product, and was caught temporarily short of ready cash. Its condition became serious and the loans it sought to tide itself over did not cover all its needs.

In its emergency, J. Pierpont Morgan was appealed to. He saw at once what effect the suspension of this house would have upon the stock market and upon business generally. It took him but a few moments to make up his mind that disturbances and panic in the stock market could only be averted by finding a large amount of cash, said to be between \$1,000,000 and \$1,500,000, for the embarrassed house.

Not long after the facts were placed before Mr. Morgan the amount needed was found and the firm is solidly on its feet again. All danger of further trouble has now passed.

GIFT CAUSES WORRY.

Carnegie Donation Delayed by Form in Which it Comes.

Washington, Dec. 13.—It was discovered today that the delay in sending the message to congress announcing the gift by Mr. Carnegie of \$10,000,000 to be devoted to a scheme for university extension was caused by the terms of the gift itself. In his letter Mr. Carnegie proposes to make a present outright to the new institution of bonds of the steel trust of the par value of \$10,000,000. All Mr. Carnegie's gifts lately have been made in this way, presumably because he had plenty of those securities and believed them superior in income qualities to any other mode of investment.

This method of making a gift, however, has proved more the less embarrassing. The president has consulted with a number of members of congress and they are more or less agreed that it would put the government in an unfavorable light with the people if it should become the owner or trustee of such a large block of steel trust bonds. This would particularly be the case if it should become necessary to prosecute the big corporations under the anti-trust law.

Mr. Carnegie's good faith in the matter is not at all doubted, and it is believed that if he had foreseen such a complication would have made the offer in cash and thus have relieved the administration of embarrassment. On the other hand, the president and his advisers have been unable to see how they can possibly ask Mr. Carnegie to sell out his bonds and turn over the proceeds without, by such a request, casting some sort of a reflection upon the corporation with which he is identified.

It is believed that Mr. Carnegie himself, will, when he understands the situation, be only too glad to modify the terms of his offer and put the money into government bonds or some other convenient form of investment. When that is done the president will at once communicate with congress advising the immediate acceptance of Mr. Carnegie's generous gift.

DOMINION LINE S. S. "NEW ENGLAND" to Mediterranean January 25th.

Owing to the great demand for accommodations the S. S. "New England" will sail from Boston Jan. 25 for Gibraltar, Algiers, Genoa, Naples and Alexandria in addition to the sailings of her sister ship, the S. S. "Commonwealth" Jan. 4 and Feb. 12, already announced. The S. S. "New England" is a twin screw steamship 11,000 tons, new 1898. She is noted for her steadiness in heavy weather and for her splendid modern passenger accommodations. These vessels will return to regular service between Boston and Liverpool next March. T. H. Larke, General Northwestern Agent, 127 Third street, So. Minneapolis. (12-14-25at.)

TODAY'S WEATHER.

Washington, Dec. 13.—The following is the weather bureau's forecast for Upper Michigan: Generally fair and colder Saturday except snow flurries along the lakes; Sunday fair and colder; brisk northwesterly winds.

GIRL BURNS TO DEATH.

Legansport, Ind., Dec. 13.—By the explosion of a lamp tonight Miss Sarah Gehring was burned to death and her foster mother, Jennie Dailey, and uncle, Joseph Dailey, were probably fatally injured in trying to save her.

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal, laxative and preventing them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the company printed on the front of every package.

CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N. Y. Wholesale by all Druggists. Price 50c. per bottle.

FORTUNE FOR ROOSEVELT.

New York, Dec. 13.—According to a decision of Justice Lawrence on the construction of the will of Cornelius Van der Veer, who died in New York in 1887, President Roosevelt, his nephew and testator, will inherit from \$100,000 to \$150,000.

Bicycles stored free. Leave your address. R. L. Francis. (11-19-11)

TRADE IN FULL SWING.

Nearly All Advances Show Year's Business is Favorable.

New York, Dec. 13.—Bradstreet's tomorrow will say: "The holiday trade is in full swing at all the markets, while the jobbing distribution naturally shows a quieting down preparatory to stock taking. Nearly all advances touching these latter branches of business are encouraging, and the year's results, so far as ascertained, are on the whole very favorable. Among the industries iron and steel are easily first in strength of demand and prices, and the word buoyant about accurately describes the situation as regards the feeling in trade generally. The crest of the recent rise in cereals was for the present reached on Saturday last for coarse grains, and on Monday, Dec. 9, for wheat and provisions. The steady rise in the wheat and corn prices, shown since the early part of November, has resulted in a gain of about thirteen cents each in wheat and corn, from which the fall this week is only about three cents. Provisions sympathize with the movement and high prices of low grade foodstuffs is still a feature of note.

The wheat, including flour, exports for the week aggregate 3,579,800 bushels, against 4,604,850 last week and 4,785,577 for this week last year. The wheat exports from July 1 to date, twenty-four weeks, are 136,303,715 bushels, against 84,960,729 last season. The corn exports are 278,307 bushels, against 302,842 last week and 4,853,458 last year. From July 1 to date the corn exports are 19,795,238 bushels, against 83,701,661 last season."

Dun's Trade Review.

R. G. Run & Co's Trade Review tomorrow will say: "It is most fortunate that the vagaries of speculation are not always deleterious to legitimate business. Railway stocks fell sharply, yet full returns for November show that the earnings were 11.5 per cent greater than in the same months last year, and 18.1 per cent over those of 1899. Industrial and traction shares were even more violently disturbed, yet manufacturing plants were never more fully occupied. Numerous labor controversies have been settled and the rate of wages is at the highest point ever attained.

The retail distribution is of massive proportions, with the dealings in holiday goods a conspicuous feature. This class of business so far surpasses all previous records that it gives an unmistakable indication of the nation's prosperity, even if other more definite measures were not available. Western grain producers and dealers have expressed great faith in the future of prices, many announcing their intention to hold their supplies until spring, when a scarcity would be marked and quotations would reach a more profitable point."

CHICAGO GRAIN MARKETS.

Chicago, Dec. 13.—The wheat market today was a little unsettled, ruling rather firm at the start, but it broke 1/2c, rallied 1/2c, changed some and closed 1/2c better than yesterday. The trade was moderate in volume and of a local character. Smaller Northwest receipts and the cold wave predicted were indirect but helps, also the strength of corn. A feature was the lack of stop loss orders at 79, less long property coming out than was expected and it induced considerable covering by shorts. The exports were 324,000 bushels and five bondloads were reported taken on the coast. The local receipts were fifty-eight cars.

Corn was firm, the close showing 1/4c advance. Unfavorable weather and small offerings were among the chief bull factors. The trade was moderate in volume. The receipts were 157 cars. Oats ruled stronger, advanced 1/2c and closed strong at the top. There was a good trade and covering by shorts. The main strength came from sympathy with other grains. The leading futures ranged as follows: May wheat opened at 79 1/2c; highest, 80 1/2c; lowest, 79c; closed, 80c. May corn opened at 66 1/2c; highest, 67 1/2c; lowest, 66 1/2c; closed, 67 1/2c. May oats opened at 45 1/2c; highest, 45 3/4c; lowest, 45c; closed, 45 1/2c.

Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 51,000 37,000 Wheat, bushels, 115,000 52,000 Corn, bushels, 161,000 53,000 Oats, bushels, 215,000 187,000

WALL STREET STOCKS.

New York, Dec. 13.—Stocks scored quite a notable recovery in today's market. The market was very irregular during the early portion of the day and distinctly weak in spots. This was due to the residue of uneasiness coming over from yesterday's events and fear that a money stringency would develop during the day incident to the carrying over of loans until Monday. Borrowers on call paid as high as 8 1/2 per cent early in the day, but they had no difficulty in obtaining accommodations at the prevailing rates.

You may Snap your Fingers at Dyspepsia

There is a quality in Royal Baking Powder, coming from the purity and wholesomeness of its ingredients, which promotes digestion. Food raised by it will not distress. This peculiarity of Royal has been noted by hygienists and physicians, and they accordingly recommend it in the preparation of food, especially for those of delicate digestion.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

STORM IS GENERAL.

Milwaukee, Dec. 13.—The temperature has dropped thirty degrees since midnight. There is four inches of snow and trains are delayed.

La Crosse, Wis., Dec. 13.—A cold wave struck this city today and the mercury has fallen thirty degrees since morning. It is now ten below.

Sioux City, Dec. 13.—There has been a fall of thirty-three degrees in the temperature since yesterday. It is ten below and growing colder.

Peoria, Ill., Dec. 13.—The temperature here fell forty-four degrees in twenty-four hours. There was a heavy snow and blizzard all the afternoon.

Lincoln, Neb., Dec. 13.—Zero weather and worse is prevailing all over central and southeastern Nebraska tonight, and the mercury is steadily falling.

Paris, Dec. 13.—Heavy storms have swept over France. Snow has fallen in many districts. Considerable damage was done and a number of small wrecks were reported.

Bloomington, Dec. 13.—There was a rainfall here of two inches, the heaviest for years. Snow commenced falling this afternoon and continues steadily tonight. A high wind causes much drifting.

Topeka, Kas., Dec. 13.—The temperature here is five below zero and there is severe weather in various Kansas points. It is feared cattle suffer greatly and the winter wheat is damaged.

Denver, Dec. 13.—The coldest weather in Colorado this winter was experienced today. In the mountain region the thermometers generally registered below zero, the lowest reported being twenty-one below at Gunnison.

Guthrie, Okla., Dec. 13.—Since early morning the heaviest snow storm of ten years has visited Oklahoma. The storm will cause great damage to cattle interests. Reports of intense suffering among stock are coming in from the ranges.

If day could be night and night could be day, if smiles could be tears and tears could be smiles, something might do you as much good as Rocky Mountain Tea. The Stafford Drug company.

When in want of men call up G. L. Ferratt's Employment Agency, Laurium, Mich. Phone, 231-2 rings. (11-18-10)

Educate Your Bowels With Cascarets. Candy Cathartic, cure constipation forever. No. 26. 12 C. O. Daily regimens return money.

**COPPER STOCKS DULL.**

Development of the Day the Reported Cut in Price of the Metal.

Trading in copper shares was very dull yesterday, with feeble fluctuations either way. The development of the day was the report that the Metals Selling company had cut the price of copper a cent and a half, and although of the utmost importance it had practically no effect on speculation. Locally the reduction was at first received with apprehension, but on further consideration the belief gained ground that it would greatly stimulate the sale of the metal and on that account the action was really to be commended. Fifteen-and-a-half-cent copper still means big profits to the Lake mines which during the period of higher prices have been adding to their surplus and increasing their equipment until they are in splendid shape and prepared for a cut of even five or six cents more.

**Opinions Voiced by Brokers.**

Paine, Webber & Co. said: "There are conflicting reports regarding a cut in the price of copper to 15 1/2 cents. If a cut has been made it implies that a price agreement has been reached between Amalgamated and Rio Tinto interests, and this ought to lead to better stock market conditions. A considerable line of shorts in Boston coppers, put out by New York interests, has been covered in the past few days. If they were put out by the people responsible for the decline in Amalgamated, the covering would indicate that the worst is over. If the bank statement is bad tomorrow, it will be a good day to buy stocks."

Hayden, Stone & Co. wired the Laidley Commission company: "It is variously reported that the United Metals Selling company has reduced the price of the different brands of copper 1 1/4 cent per pound. This, while a surprise in one way, seems most natural as an excuse to reduce the dividend next week. These insiders play a big game on a big scale and until they have accomplished their object nothing will be revealed. The other coppers are dull and without change except Mohawk, which is weak on a fair-sized selling order on this dull market. There is very little excitement."

A New York wire to Paine, Webber & Co. stated: "It is said at the United Metals Selling company headquarters that no circular announcing the cut has been made. The new quotations are accepted by the trade as official, and Jesse Lewisohn now admits that copper has been reduced 1 1/2 cents per pound." Paine added: "This cut is well received. Evidently that and a whole lot more is already discounted in the present price of stocks."

**Wall Street Stocks.**

Walker Bros. said of the Wall street stocks: "The market today opened nervous and with stocks pressed for sale. The transactions were not very heavy, however, and during the middle of the day the market was very dull. Amalgamated went up and down, but made little change. Later call money eased up and this had a good effect on the market; shorts covered freely and

the prices advanced a little. Before the close the market braced up quite a little and the tone was much better. Trade covered and the feeling was more favorable."

Hayden, Stone & Co. sent out the following from New York: "The sentiment in the market, as reflected by the views of representative brokers, is somewhat more hopeful than of late and the theory that stocks are being accumulated on all declines finds many believers. This, however, does not mean that lower prices have been seen. On the contrary, frequent depressions are to be expected until the money outlook is clearer and the copper dividend is acted upon. But some of the most successful operators in the street seem to believe that the speculative situation is being greatly strengthened by the evening up of contracts and the liquidation of indebtedness usual toward the close of the year. They feel that out of the present readjustment of values, there will come at no distant day a strong and even buoyant market."

**Advance in the Grains.**

A. R. Jones & Co. said of the Chicago markets:

"The first prices in wheat today were just a shade better than last night. Then, on the supposition that a quick drive would catch many stop orders, the 'talent' went at it and May wheat quickly declined to 79 cents. But it very soon developed that the stop orders were far from being as numerous as expected. Corn also developed into a stiff bull market and lent its influence, and then the shorts tried to cover, with the usual result. The conditions were exactly the reverse of yesterday, when wheat was a drug on the market. It may take some days for wheat to get fairly under way again, and in the meantime wheat might be bought cheaper than at today's close, but we still believe the long side is the right one and that every break should be utilized for purchases."

"Corn was affected especially by the very unfavorable weather and lighter movement than expected. The short interest is not at all extensive, and the advance of more than a cent did not mean a heavy trade. There was some good investment buying by big professionals and commission houses. New corn sold at auction yesterday near Omaha at 70 1/2, we are told by correspondents. On this basis, the Chicago prices are cheap."

**FOOD CHANGED TO POISON.**

### JOCHIN IS IN IT.

Says He Would Like to Go to Washington as Congressman.

The following—will be of interest to IshpeMING people: John W. Jochin, IshpeMING, ex-secretary of state, is in the city, a guest at the Park hotel. To the News-Record Mr. Jochin confided the report that he was a candidate for congress from the upper peninsula district, and also that he expected to go before the convention next fall with considerable following. He stated that he was here on a matter of business other than political, but that he was also making the occasion of looking over the ground and the prospect of building some fences in this county.

### GOOD COURSE SELECTED.

Long Distance Ski Race Dec. 26 Will Cover Distance of About Six Miles.

President Carl Tellefsen and Secretary Albert Aas of the IshpeMING Ski club will go out tomorrow to lay out a course that participants in the race to be pulled off the day after the christening will have to traverse. A portion of the course will be marked with flags, but certain parts of it will not be marked in any way, as the contestants will be permitted to reach the designated points over any route they desire to take.

The start will be from the city building at 1:30 p. m. From there the skis can take any street they choose, going north to the bridge that crosses Carp river at Deer Lake. It is supposed that some will go down Main street, while others will take First street after leaving the starting point. On the hill immediately west of the bridge the first flag will be stationed. The road from the bridge will be followed about half a mile until an old logging road is reached. This will be followed a short distance to the west side of the hill. The climb up the hill will be the most difficult skiing the contestants will have as it is quite steep. After getting beyond the hill the course will not be very hard to travel. The route will be marked with flags until the bridge back of the Cleveland-Cliffs mine is reached. From the bridge the course will be to Lake Bancroft. From there the contestants will be privileged to reach the top of Strawberry hill by any street leading to it. It must be understood that all the contestants will be obliged to return to the city building by way of Main street from the top of the hill.

A week from tomorrow the contestants will be taken over the course by Messrs. Tellefsen and Aas, so that they will not get lost on the 26th. By going over it in advance each skier will have an opportunity to lay out a course for himself, except at the points where the flags will mark the route.

It is thought that the run can be made in about one hour. Mr. Tellefsen reports that nearly every member of the club will enter the race and that the contest will be quite spirited.

### ON SALE TODAY.

The reserved seat tickets for the concert to be given at the opera house Monday evening by the Schiller quartet will go on sale today at Tillson's drug store. The company comes so highly recommended that it will be surprising if there is not a large attendance. Holders of course tickets can get their seats reserved at any time. The price to be charged for single tickets is fifty cents for adults.

### CARD OF THANKS.

Mrs. Korenanna Wilson, widow of the late John Wilson, who was killed in the explosion of the Anthony Powder company's packing house on Dec. 4, wishes hereby to extend her thanks to all who have been helping and comforting her in her almost heartbreaking grief over the sudden loss of her beloved husband. She wishes especially to thank Mrs. McVie and Mr. Braastad for the many kindnesses and timely help extended by them during her late bereavement. Moreover she wishes to assure all those who in any way ministered to her wants in the hour of trouble, that their efforts are sincerely appreciated.

MRS. KORENANNA WILSON.

### LITTLE JOE AT ANN ARBOR.

IshpeMING's Mascot Made a Great Hit With Michigan's University Players.

Joe Rashleigh, the little six-year-old mascot of the IshpeMING high school football team, has made friends at Ann Arbor. The little tot was in the hands of the University's greatest football men during the greater part of the time the local team was in that city. The college men thought he was as cute as he could be and some one of them was with him almost continually. Joe was carried about on their shoulders and his pockets were always loaded with candy and other good things.

While the University team was out to practice Saturday morning Joe was the center of attraction. The great team lined up and Joe broke through, making a run for a touchdown. He was also brought in for a punt kick and the tot did his work like a professional. He instructed Michigan's great quarterback how to hold the ball for a "face kick. Before the boys left Ann Arbor for home the University men asked them to leave Joe there in a few weeks. They wanted to take him on their western trip, when they leave home to play the Stanford University team.

Little Joe is well posted on the fine points of the game. He sings football songs and knows all the yells of the local team. He dresses in a suit the same as the IshpeMING players, with padded shoulders, elbows, etc. He is quite an expert kicker and can fall on the ball in regulation form. Joe has informed Dr. Sweetland that he wishes to retain his suit this fall, as he says he is going to play center on next year's team.

The mascot is a great favorite with all the boys. He is cunning at all times, and though everyone makes a great deal of him he is not pert or forward.

All the instructors of the school are in love with Joe. The morning the team left for the lower peninsula Superintendent Mayne got up some time before the train was due to arrive just to look after the mascot. He went up to Joe's house and helped to get him ready for the journey.

### Opinion of Dr. Sweetland's Brother.

E. R. Sweetland, brother of the doctor, who spent a week with the team here before taking the lower peninsula trip, is recognized as one of the greatest coaches in the United States, and has forgotten more about football than many of the coaches of the country will ever know. He recently gave his opinion of the IshpeMING team. He is a man of very few words and is not given to boasting and it was difficult to get him to talk. Mr. Sweetland brought the Syracuse team to the front in great shape this season. The university people are now trying to induce him to sign a five-years' contract with them. Of the IshpeMING team and its game at Ann Arbor he said:

"IshpeMING played a fine game, having a great variety of attacks, always varying the attack when within striking distance of the opponent's goal, thus preventing the solving of a defense for it."

"Never have I seen a fiercer executed offensive play than IshpeMING put up. IshpeMING used perfect judgment when in possession of the ball, combining mass plays of every variety and the short end running game, never relying on a single play, not trying for long, uncertain end runs, but trying plays sure of at least two yards gain."

"IshpeMING has a great variety of trick plays which gained from three to thirty-five yards, never losing."

"The result of carefully placed kick-offs the boys from the north scored two touchdowns."

"IshpeMING's defense was of the best; if it had not been she would have lost 50 to 0."

"There must be something radically wrong in the rules governing Michigan's interscholastic athletics when it comes to the boys averaging 131 and 2-11 pounds to play against a team averaging both in age and weight more than the majority of eastern university teams."

"Next year IshpeMING will be asked to send ten to fifteen men in order to play the champions of New York."

### JAPANESE CAFE.

Dining Room of Anderson's Hall Will be Transformed Into One Next Week.

A novel feature of the fair to be held all next week in Anderson Hall under direction of the St. John's church congregation, will be the Japanese cafe. This will be located in the dining room. All the young lady attendants will appear in Japanese attire and the decorations will correspond with the costumes. Refreshments will be served afternoon and evening.

The Carpenter-Cook company will serve tea and coffee free every afternoon during the week. Miss Katherine Bright, who recently took a position with the house, will do the demonstrating.

### PLEASANT PARTY.

The card party given Thursday evening at the IshpeMING Co-operative society's hall by Mesdames William Anderson, E. P. Needham and E. J. Baker was one of the most enjoyable social functions of the season. About ninety persons were present and all but eight or ten participated in the euchre games. The hall was very prettily decorated. The score cards were hand-painted and truly artistic. A lunch was served at the conclusion of the card playing, while Trombley's complete orchestra furnished music during the entire evening.

### WRITE THIS DOWN

In the book or memory there is no such thing as a harmless cough. Every cough is a danger unless it is remedied right away. Opium-laden medicine is a delusion. Allen's Lung Tonic, the worst of coughs, it clears the bronchial passages, so that the lungs get plenty of air. Why not get a bottle today?

### TO THE LADIES.

Free demonstration of Cook's best coffee will be given every Saturday afternoon until further notice at Carpenter-Cook Co.'s wholesale house. The ladies of IshpeMING and vicinity are invited to call. W. M. Benz, Manager. (12-12-11)

## ANOTHER LETTER.

We Have One This Time From Vermont's Able Physician.

WAS SURGEON-GENERAL IN CIVIL WAR.

Says "Push Smith's Green Mountain Renovator."

Dr. L. J. Dixon, Milton, Vt., is, we understand, one of the ablest and best known physicians in that part of the country. He ought to know about the Renovator, for he lives in the state where it is made. The doctor writes me:

"You are to be congratulated on Smith's Green Mountain Renovator. While I am not in the habit—nor do I approve of regular physicians writing certificates commendatory of proprietary medicines—yet as regards Smith's Green Mountain Renovator, which I have used personally and in my family and practice for forty years, and have proved its virtue and benefit in a wide range of diseased actions, I feel compelled in giving it words of unqualified praise, and commending it to the afflicted everywhere, in broken down constitutions, where the blood is decayed. It is an invigorating, appetizing, cleansing alterative medicine and has, in my hands, while in civil and military life, superseded all other medicine. Therefore I trust you will push it."

We guarantee this medicine or your money back.

## GOOD CITIZEN GONE

EX-POSTMASTER SAMUEL M. BILLINGS DIED YESTERDAY.

Death yesterday afternoon at 3 o'clock brought to a close the career of one of the city's best known and prominent citizens—S. M. Billings, former postmaster and legislator. He was aged sixty-three, and is survived by the bereaved wife and one daughter, Miss Bessie. The announcement of the fatal termination of the illness came as a hard blow to even the intimate friends of the family. It was known that Mr. Billings was seriously ill, but the gravity of his condition was not generally realized, particularly as his sickness was but of a few days' duration. The sorrow expressed is universal among all classes of citizens.

### Was Born at Canton.

Samuel Mead Billings was born at Canton, O.—the home of the late President McKinley—on March 3, 1838. While he was very young, his parents decided to make their home in Michigan, and they removed to Marshall, where Mr. Billings' boyhood days were spent. His early education was acquired at Albion, a seminary, now Albion college, and following this he took a course at the University of Michigan graduating from that institution in 1861 about the time the Rebellion broke out. On Oct. 22 of that year he enlisted in Company G, First regiment of lanciers, for a term of three years, but on March 20 was, with his company, mustered out of service.

After completing his studies, Mr. Billings removed to the Soo, where he remained a short time and then, in 1864, came to Marquette. For seven years after his arrival here he was engaged in the railroad business, resigning his position to engage in mining in the West. He spent a year and a half in that vocation in Utah, and returned to this locality to superintend an iron ore exploration, remaining here ever since.

In politics, Mr. Billings was a Republican, and many positions of public trust were capably filled by him. His service as postmaster at Marquette covered a period of fifteen years, and a term as county clerk and two years as register of deeds were also places the duties of which Mr. Billings attended to with credit. He also served on the county board of supervisors for five years, and in 1897 was elected to the legislature from the First district of Marquette county. Lately Mr. Billings has been in the customs service, serving as deputy at Presque Isle.

### Under Masonic Auspices.

Arrangements for the funeral had not been made at writing, but the services will be held under auspices of the Masonic lodge, in which order Mr. Billings for years had been a prominent figure. At several times he has served as master, not only of the blue lodge, but of the higher branches as well.

### ILL BUT FEW DAYS.

Charles Parker, the tailor, dies in a hospital from pneumonia.

After a very brief illness, Charles Parker died late Thursday night at St. Luke's hospital. Pneumonia was the cause of the demise.

The deceased had been in the tailor business in this city for several years, and had an extensive acquaintance. Recently he had been located near Munising, and it was while down the line that he was taken ill only about a week ago. He did not realize the seriousness of his condition until but a couple of days since, and they came to the hospital here for treatment, too late, as it proved, for medical skill to be of avail. Announcement of the death came as a deep shock to those of his friends who knew him intimately, the fact of his sickness not being known to them. Mr. Parker was about thirty-five years of age, and he was married and two sisters at Bay City. Arrangements for the funeral have not been made pending the arrival of the brother, who has been telegraphed for and who is already on the way to Marquette. It is said the father of the deceased was at one time very wealthy.

### FROM NATURAL CAUSES.

Recent Death of Terrence Moore Not a Case of Suicide.

At the time of the death of Terrence Moore in Detroit, a few weeks ago, many sensational statements concerning the manner of the demise and of the last few days of the career of the former Marquette resident were published in the Detroit papers. Since then investigation has been made by friends of the family and has shown that the facts were much distorted, as was believed here at the time. To The Mining Journal, a gentleman intimately acquainted with the Moores, yesterday said:

"Terrence did not kill himself, as was reported. His death was from natural causes—from heart failure, the sisters at the hospital say. A few minutes before the end he was resting easily, and really he just slipped away, calmly and peacefully. Neither did he die comfortless, by any means. The appointments at the hospital are of the best, and he could have had no better care. It was

known that he had means, and although for the time being he could not command ready money, it was realized the expenses would be met. "The affairs of the estate have been placed in the hands of Attorney Moore of Detroit, a brother of Frank Moore of this city but not related to Terrence although bearing the same name. Miss Kate Moore, a daughter of the deceased, will act as administrator, being located at London, Ont., but a couple of hours ride from Detroit. Notes to the face value of \$13,000 have been turned over to their charge, and I understand their collection is to be at once undertaken."

### SUNDAY IN THE CHURCHES.

First Baptist church, Rev. H. E. Parlington, pastor—Morning service, 10:30; subject, "A Gospel Worth Dying For." Sabbath school, 12 m.; B. Y. P. M., 6:30 Evening service, 7:30; subject, "The Judgment—When and Where." All are invited.

St. Margaret's mission (Episcopal), South Marquette—Sunday school at 2 o'clock; evensong at 3, Rev. Hugh Spencer officiating.

First church, Christ Scientist—Service Sunday at church hall, 10 Spring street, at 10:30 a. m. Subject, "God, the Preserver of Man." All will be welcome.

St. Paul's cathedral, Third Sunday in Advent—Holy communion, 7:30 a. m.; matins and sermon, 10:30 a. m.; Sunday school, 12 m.; evensong and sermon, 7:30 p. m.

Methodist—Miss Harriet L. Kemper, a returned missionary from India, representing the W. M. F. S., will address the morning congregation. In the evening the pastor will speak on the subject, "Each Age Finding Its Own Christ." The Epworth League will have for its subject, "Universal Dominion."

Presbyterian—The usual services will be held, morning and evening, with preaching by the pastor.

### A GREAT ATTRACTION.

After a prosperous run of 400 performances in New York city and 300 nights at the Shaftsbury theatre, London, "The Casino Girl," George W. Lederer's Casino musical extravaganza, will be presented at the opera house next Wednesday evening. The production is said to be one of the most magnificent stage conceptions ever sent forth. Its success on both sides of the Atlantic has been wonderful. So heartily was the frolicsome musical show received in England that three road companies were organized to tour the provinces and at the present time the organizations are still playing to most satisfactory business. Being a Casino production it is needless to state that the feminine choruses will be much in evidence, and that it is composed of very pretty girls. The music was written by Ludwig Englander, who has a peculiar knack of turning out jingly tunes.

### DEGREE OF HONOR OFFICERS.

Wentworth lodge, No. 71, of the Degree of Honor, has elected the following officers:

Past Chief of Honor—Mrs. Agnes Charlesworth.  
Chief of Honor—Mrs. Elizabeth Quarters.  
Lady of Honor—Mrs. Margaret Kern.  
Chief of Ceremonies—Mrs. Minnie Ludington.  
Recorder—Miss Fannie Hoffenacker.  
Financier—Mrs. Maggie Wentworth.  
Receiver—Mrs. Mary Fryfole.  
Usher—Mrs. Anna Fahlstedt.  
Inside Watch—Mrs. Betty Selander.  
Outside Watch—Mrs. Anna Pollette.

### THE CHRISTMAS DINNER.

In spite of the fact that the word dyspepsia means literally bad cook, it will not be fair for many to lay the blame on the cook if they begin the Christmas Dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—let us hope so for the sake of the cook! The disease dyspepsia indicates a bad stomach, that is a weak stomach, rather than a bad cook, and for a weak stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

### HAIR DRESSING.

Madame E. Lepicier will do hair dressing and shampooing at her parlors, 117 Michigan street. Treatment of the scalp a specialty. Ladies are cordially invited. (12-7-1w)

### ATTENTION CARPENTERS.

There will be a meeting of carpenters at Dwyer's Hall on Monday evening Dec. 16, at 8 o'clock p. m. Mr. A. C. Cattermull of the United Brotherhood of Carpenters & Joiners of America will address the meeting. Every carpenter in the city should attend the meeting. All are cordially invited to attend. (12-11-5d)

I will store your bicycle free of charge for the winter months. Leave your address at the shop, R. L. Francis

### PRESENTS TO CUSTOMERS.

On New Year's day I will give the following prizes to my customers: First prize, a \$10 meerschaum pipe; second prize, a \$4.50 amber cigar holder; third prize, box of \$4 cigars; fourth prize, a \$3.75 briar pipe; fifth prize, a five-pound box of candy, valued at \$3. One ticket free with each ten-cent purchase. (11-15-1f) FRED DONCKERS.

### CITY BREVITIES.

Weather forecast: Threatening with snow; high northwest winds; much colder.  
Yesterday's temperature: 7 a. m., 25 degrees; 12 noon, 20 degrees; 7 p. m., 9 degrees; maximum, 25 degrees; minimum, 9 degrees.

An adjourned session of the common council will be held Monday evening.  
The Benevolent society rooms will be open this afternoon between 2 and 3 o'clock for the sale of clothing and other articles.

The bachelors' ball at Fraternity Hall last evening was a pleasing social success. About a hundred couples were in attendance.  
Nellie McHenry, in "Miss," was greeted by a fair house last night. The play is a story of life in the Sierras and gave satisfaction.

Part of Clifford's orchestra of Ishping helped to furnish the music at the opera house last evening, the changes being due to the fact some of the local musicians were engaged at the Bachelors' ball.

A woodsman named James Quibley was taken to the county jail yesterday to serve a ten-day sentence administered by Justice Donovan. Of late Quibley has been imbibing too freely of the beverage that smelleth of the hop.

Yesterday morning the temperature was twelve below at West Superior and forty-five above at the Soo—a difference to fifty-seven degrees between the ends of the lake. The cold wave was moving eastward, and it put in appearance here on schedule time, last evening being the coldest of the season.

A "dressed doll" sale and fair will shortly be held under auspices of the Helping Hand guild of St. Paul's church. The proceeds will go to the endowment of a bed at St. Luke's hospital. The dates of the affair are Dec. 20 and 21 and the sale will take place at Mrs. Adams' millinery store.

To those in doubt as to what to buy for Christmas presents, a visit to the store of Bigelow & Co. would not come amiss. This season an unusually fine line of silverware, hand-painted china, jewelry, bric-a-brac, books and numerous other articles appropriate for gifts is being shown, and the prices are surprisingly reasonable.

If a dealer asks you to take something said to be "just as good as Rocky Mountain Tea made by Madison Medicine Co.," ask him if he makes more money. The Stafford Drug company.

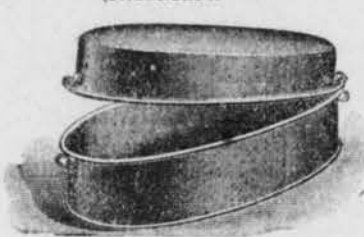

### SOMETHING NEW.

We have on hand today honey tarts, golden cake and wine cake, besides our regular advertised list. Don't forget that you get six loaves of home-made white bread or six loaves of whole wheat bread for 25 cents. J. W. Dushaine, proprietor. (12-14-1f)

Winter is here, put your bicycle where it will be taken care of. R. L. Francis will store it free. Leave your address.

## SAVORY ROASTERS

(PATENTED.)

### SEAMLESS.

The Best in Use! Bottom is raised off the oven so meat will cook evenly on all sides and cannot burn. Needs no water. No grease. No attention.

The Easiest to Clean! Perfectly smooth and seamless inside, with no corners or seams to collect burned grease.

The Only Self-Basting Roaster! Bottom is oval and juice from the meat flows to the lowest point, where it is vaporized and deposited again on the surface of the meat.

### FOR SALE BY.....

B. Neidhart & Co.,  
HARDWARE.

Front Street, - - Marquette.

### NOTICE!

Comfort and pleasure, time and money saved for contractors and masons. Kelley Island Lime upon the market again, which has been long wished for by contractors and masons for its unsurpassed qualities of quick slacking and the greatest producer of mortar of any lime manufactured. I handle the Peninsular Portland Cement, the standard of America; a guarantee is given by the Peninsular Cement Co. that there is no cement manufactured that can surpass it for gutter, cross and sidewalk purposes. Also handle Gypsum hard wall plaster; it is as cheap as lime mortar, wall tints in all colors, ceiling and sand plaster, dirt clay, brick, sewer pipe, hench sand, saw dust, wood of all kinds; also do teaming and contract work. Figures quoted on car lots or less on any material in my line.  
GEO. E. FRENCH,  
Both 'Phones. Marquette, Mich.
