## FATAL TRAIN WRECK

PASSENGER AND FREIGHT COLLIDE  
ON ILLINOIS CENTRAL.

EIGHT ARE DEAD OR MISSING

FAILURE OF CONDUCTOR TO OBEY  
ORDERS THE CAUSE.

Trains Meet at Curve, Both Running at  
Full Speed—Occupants of Cars  
Pinned in and Roast to  
Death.

Rockford, Ill., Dec. 15.—The failure  
on the part of the conductor to obey  
orders is supposed to have been the  
cause of a head-end collision on the Illi-  
nois Central between Perryville and  
Irene early this morning. The two trains  
were the east-bound passenger No. 4  
and a through freight train from Chi-  
cago going west. Eight people are dead  
or missing and eleven are injured.

List of the Dead.  
The dead are:  
Richard Ormsby, Chicago, engineer of the  
passenger train; James Reardon of  
Freeport, fireman on the passenger  
train; Robert Thompson of Duquesne,  
an American Express messenger; J. W.  
Fink of Chicago, brakeman of the pas-  
senger train; David Behan, of Freeport,  
the freight engineer; Edward Carey, of  
Freeport, the freight fireman.  
Those missing and supposed to be  
dead:

A newsboy on the passenger train,  
name unknown; section foreman from  
Irene, name unknown.

The injured:  
H. G. Wellman, of Chicago, right arm  
crushed at the elbow, at Rockford hospi-  
tal, condition critical; D. R. Ahrendt of  
Chicago, cut and bruised; J. R. Quinlan,  
passenger conductor, cut and bruised,  
crushed about chest, at Rockford hospi-  
tal, condition critical; W. B. Keefe, of  
Sioux City, Ia., head severely cut;  
Frank Stadler, of New Athens, Ill., cut  
and bruised and hair scorched off.

The slightly injured:  
G. E. Shurtluff of Genoa; G. M. Buroh,  
of Kankakee; M. E. Franklin, of Lake  
City, Ia.; A. L. Boggs, of St. Louis;  
John Hussey, of Independence, Ia.

Rescuers Driven Back By Flames.  
The trains met in a slight curve, both  
running at full speed. The smoking and  
express and baggage cars piled on the  
locomotives, resulting in five deaths  
of the smoker. Only three of the half doz-  
en in that car escaped. The others were  
pinned in and if they were not instan-  
tly killed they roasted to death, and the  
bodies, along with those of the engine  
crews were entirely consumed.

All efforts of the survivors to reach  
the victims were unavailing. The flames  
drove them back at every point. The  
temperature was twenty below zero and  
an icy wind was blowing across the  
prairie. The injured suffered terribly  
from exposure. By the united efforts  
of the survivors the way car was pushed  
back from the wreckage to escape the  
flames and the wounded were placed on  
bunks inside.

Two hours later a relief train arrived  
from the east and pulled the way car to  
Irene. The relief train was started from  
Rockford at 1:30 a. m. In the mean-  
time the injured were packed down  
from Irene, transferred to the relief  
train and brought to Rockford. All the  
injured are doing well except Wellman,  
Chicago, who is in a critical condition.

Wrecking trains were at work all day  
at the tracks and early tonight. Six  
bodies were removed from the wreck and  
are charred beyond recognition. Coroner  
Marsh will conduct an inquest Monday.

Conductor Quinlan's Story.

Conductor Quinlan was able tonight  
to talk of the wreck. He said that  
"We were trying to make up for lost  
time, when suddenly there was a crash,  
throwing us all to the front of the car.  
I managed to clear myself from under  
the seat where I was thrown, and find-  
ing two men close by tried to release  
them but was unable to do so, and as  
they did not respond to my calls I es-  
caped through the window, being  
scorched by fire as I crawled out, so  
quickly did the flames spread. As I re-  
member there were eight men in the car  
and I find only two of them got out.  
The rest were doubtless burned."

A peculiar circumstance of the acci-  
dent was that all the killed and in-  
jured were men. Four women and a  
little girl were on the passenger train  
but all escaped without serious injury.  
In their stories of the disaster all  
those who escaped from the wreck dwell  
upon the horror of the fire and the rap-  
idity with which the wreckage was cut-  
ten up by the flames. Almost instantly  
after the first terrific crash an oil car  
close to the freight engine exploded, the  
oil adding fuel to the flames and caus-  
ing a terrific spectacle, to the horror of  
which was added the groans and cries  
of the dying men who were pinned down  
in the flames that so quickly consumed  
nearly every vestige of the ill-fated  
train. In less than fifteen minutes the  
cars had been consumed.

Orders Were Disobeyed.

Chicago, Dec. 15.—J. W. Higgins,  
general superintendent of transpor-  
tation of the Illinois Central road, places  
the blame for the wreck at Perryville,  
Ills., on the conductor and engineer of  
the freight train. They are said by Hig-  
gins to have disobeyed orders, which  
were to stop at Irene, several miles  
east of Perryville. Higgins also said:

"There was no explosion that we can  
get information of. The employees who  
were aboard of the train say both were

running at full speed and the shock was  
terrible. It seems that there were three  
distinct blows, due to the recoils of the  
cars. Two men say they were thrown  
down three times in rapid succession.  
The entire passenger train and a large  
part of the freight train were demoli-  
shed with two locomotives."

Bernard R. Ahrendt of Chicago, one of  
the survivors of the wreck, who was in-  
jured and taken to the hospital at Rock-  
ford, staggered into his mother's home  
at 669 West North avenue tonight and  
fainted on the threshold from fatigue  
and the nervous strain he had been com-  
pelled to endure. When he recovered lat-  
er he told the following story of the  
wreck:

"I was riding in the chair car when  
the crash came. I was knocked sense-  
less for a moment. I broke the window  
with my fist and climbed out, cutting  
and bruising myself badly."

"A passenger who sat in the chair next  
to me jumped out after me and landed  
on his head. The wreck took fire almost  
immediately and in ten minutes was re-  
duced to ashes, oil from the tank car  
and the high wind, which prevailed help-  
ing the blaze. There were a great many  
miraculous escapes. A young woman  
with a baby jumped out of one of the  
cars and escaped without a scratch. We  
were all obliged to stand out in the cold  
for two hours waiting for a relief train."

Train Goes Through Bridge.  
Williamsport, Pa., Dec. 15.—A freight  
train on the Philadelphia and Erie divi-  
sion of the Pennsylvania railroad went  
through a bridge, spanning Lycoming  
Creek early this morning. Three lives  
were lost as follows:  
K. O. John Martz, engineer; Frederick  
Glass, fireman; George Farley, engineer,  
all of Sunbury.

The first span of the bridge gave way  
beneath the train, the engine and nine  
cars were engulfed in the icy waters.  
The creek is greatly swollen by the  
heavy rains, and it is presumed the mid-  
dle pier had been weakened.

Wreck on Great Northern.

Helena, Mont., Dec. 15.—A special to  
the Independent from Kalispell says a  
wreck occurred on the Great Northern  
near Essex this morning. The engine,  
mail car and smoker remained on the  
track, but all the others were derailed  
and eight were killed. The only name  
that could be learned is that of Otto  
Erickson. Two women were fatally in-  
jured and several passengers slightly.

Anacosta, Mont., Dec. 15.—Otto  
Erickson was the only man killed in the  
Great Northern wreck near Essex, Mont.  
Seven persons were injured.

Fireman Was Killed.

Freeport, Ills., Dec. 15.—Fireman F.  
M. Riley of Duquesne was killed and En-  
gineer William Norton of Duquesne had  
a leg broken in a collision on the Great  
Northern at Bolton, five miles from here,  
early this morning. Three trains were  
in the collision, a freight, a light engine  
and a wrecking train, all east bound.  
The light engine in the middle ran into  
the freight. The engineer reversed the  
locomotive, and the engine ran back  
into the wrecking train, where the fire-  
man was killed.

BURGLAR IS WOUNDED.

Iowa Man Shot While Entering House  
in Kansas City, Mo.

Kansas City, Mo., Dec. 15.—A man  
supposed to be Eugene Lockhart of Davenport,  
Ia., was shot and seriously  
wounded tonight by J. W. McCurdy.  
Lockhart had entered the house of A.  
T. Conwell, opening the front door with  
a skeleton key. The amputation of  
Lockhart's right leg will probably be  
necessary. Lockhart gave his name also  
as C. E. Bean and William Shannon. His  
hat bore the mark of a Davenport, Ia.,  
firm and in his pocket was found a so-  
licitor's order, which showed that last  
August he was soliciting for the Davenport  
Times.

PRICE OF LAKE IRON ORE.

Fixed By Steel Trust for Next Season  
Same as Past Year.

New York, Dec. 15.—The Iron Age  
says: A decision of far-reaching im-  
portance has been arrived at by the  
managers of the United States Steel  
corporation. It has been determined  
to fix the price of lake iron ore for the  
coming season the same as it was  
during the current season, viz., \$4.25,  
as the base price for Old Range ores  
at lake ports, although some of the  
outside ore interests favored an  
advance. The same tendency has been  
displayed in certain finished lines. The  
beam and plate associations met dur-  
ing the past week and left prices to  
remain as they were.

The monthly blast furnace statistics  
furnish further proof of the tremen-  
dous consumption which is now going  
on. On Dec. 1 there were coke and  
anthracite stacks in operation with a  
capacity of 317,358 gross tons, an in-  
crease of 3,583 tons as compared with  
Nov. 1. In the past month stocks have  
declined 42,000 tons. Counting in the  
charcoal furnaces, we are now pro-  
ducing at the rate of 16,850,000 tons  
per annum, as against the maximum  
record of 13,780,000 tons in 1900, and  
yet we are constantly drawing on what  
little stock the country is carrying.

It should be noted, however, that the  
difficulties in securing a supply of coke  
made the production of November fall  
about 100,000 tons below the quantity  
indicated by the blast furnace returns  
of the beginning of that month. Some  
furnaces had to pile iron because they  
could not get cars, so to send it to cus-  
tomers eager to secure the raw ma-  
terial.

FREEZES TO DEATH.

New Richmond, Wis., Dec. 15.—John  
McQuaid, a well-to-do farmer, was  
found in a snow drift so badly frozen  
that he died soon after being taken to a  
hospital.

REPORT IS DENIED.

Berlin, Dec. 15.—The report that diplo-  
matic relations between Germany and  
and Venezuela have been broken off is  
scientifically denied.

## STORM IS GENERAL

FEARFUL DAMAGE CAUSED ALL  
OVER UNITED STATES.

EASTERN STATES ARE FLOODED

RECORD BREAKING TEMPERA-  
TURES IN THE WEST.

Chicago Reports Coldest Day in Thirty  
Years—Damage to Kansas Not  
So Great as Expected—  
Wheat Injured.

Philadelphia, Dec. 15.—A storm,  
which, for severity and destructiveness,  
has not been equaled in this section in  
twenty-five years visited eastern and  
central Pennsylvania last night, causing  
almost unprecedented damage and re-  
sulting in the loss of at least four hu-  
man lives. The havoc in the coal re-  
gions is enormous and the losses to  
railroad and mining companies amount  
to millions of dollars.

The Schuylkill, Lehigh, Susquehanna  
and Juniata rivers have risen as high as  
fifteen feet and all their tributaries have  
overflowed, inundating the surrounding  
country in more than a dozen counties.  
Innumerable washouts have occurred,  
bridges were carried away and traffic  
at a standstill.

New York, Dec. 15.—Warm weather  
and rain, followed by high winds, result-  
ed in fearful damage all over the state.  
The rains and melting snow caused  
floods in the valleys and landslides were  
frequent. Hundreds of dwellings were  
flooded and the damage to farmers is  
very great.

At Ithaca the damage is estimated at  
\$200,000.  
The village of Painted Creek is under  
water. Railroads suffered from wash-  
outs and landslides.  
Great damage is reported at Waverly,  
where buildings were undermined and  
have fallen.

At Binghamton the Chenango river  
is the highest in twenty-two years, caus-  
ing much damage. So far as heard from  
few lives were lost.

Reports from all over the northern  
part of the state tell of destruction to  
railroad, farm and town property.

Allentown, Pa., Dec. 15.—The most  
destructive flood of the Lehigh Valley  
since 1862 started this morning, fol-  
lowing the two days rain which melted  
the snow in the mountains, causing the  
Lehigh to become a raging torrent.  
Silk mills, steel plants and other indus-  
tries were flooded. The damage may ex-  
ceed \$100,000. Communication with the  
north is completely cut off.

Billings, Mont., Dec. 15.—The heaviest  
snow ever known has occurred here  
and there is an average of two to six  
feet on a level. The temperature is  
twenty below zero.

J. A. Phillips, a well known sheepman,  
left here Friday for Flat Willow, forty-  
five miles from here, accompanied by  
two herders, and on the way reached Bil-  
lings today, that the whole party was  
frozen to death enroute.

Bethlehem, Pa., Dec. 15.—Floods of  
rain have caused the Lehigh river to  
overflow. Railroad traffic was suspend-  
ed for several hours.  
The water is the highest in many  
years.

The Philadelphia & Reading bridge at  
Montoursville has been so weakened by  
the floods that traffic had to be sus-  
pended.

Chicago, Dec. 15.—This has been the  
coldest day Chicago has experienced in  
December since the weather bureau was  
established here thirty years ago. For  
three hours this morning the tempera-  
ture was twelve below. Tonight it is  
but three below. The predictions for  
tomorrow are moderate weather and ris-  
ing temperature.

Milwaukee, Dec. 15.—From sixteen  
below early this morning the weather  
has gradually moderated until at 10  
o'clock tonight the temperature is five  
above. It is becoming warmer through-  
out the state.

Pittsburg, Dec. 15.—One of the great-  
est floods in the history of Pittsburg  
was averted only by a sudden drop in  
the temperature. The rise at the head-  
quarters of the Allegheny and Monongah-  
ela was about stopped at midnight and  
the rivers will likely slowly recede.

Topeka, Kas., Dec. 15.—The tempera-  
ture in Kansas has risen ten to thirty  
degrees. The damage to stock is not so  
great as expected. Wheat in central  
Kansas is seriously injured.

Easton, Pa., Dec. 15.—All wire com-  
munication has been interrupted by the  
storm, rivers have done serious damage  
and railroad traffic is suspended.

Susquehanna, Pa., Dec. 15.—A rain-  
storm caused the partial suspension of  
business on the Erie railroad. Large  
stretches of track are under water.

Bethford, Pa., Dec. 15.—Torrents of  
rain have caused a rise in rivers not ex-  
ceeded since the Johnstown flood. Trains  
are delayed.

Burlington, Ia., Dec. 15.—It was thir-  
teen below zero at 4 a. m. and two above  
at 4 p. m.

Lima, O., Dec. 15.—The temperature  
dropped to eight below from fifty-six  
above Saturday. It is at zero tonight.

St. Paul, Dec. 15.—The official report  
of the weather bureau tonight contains  
the cheering information that the back-

bone of the present cold wave is brok-  
en. At all stations in the far North-  
west the reports are for a decided rise  
in temperature.

New Orleans, Dec. 15.—Temperature  
fell to twenty-six degrees here, which  
has only been equaled three times in  
thirty years. The weather bureau says  
it will fall to twenty by morning, break-  
ing all records.

Austin, Tex., Dec. 15.—The cold wave  
which appeared yesterday has grown in  
intensity and tonight it is bitterly cold.

BARGES RUN AWAY.  
One Hundred Coal-Laden Craft Break  
Loose and Several Sink.

Pittsburg, Dec. 15.—Three river here  
tonight passed the danger line and are  
still rising, with reports from the head-  
waters stating that the streams are still  
rising.

Seventy-five coal-laden barges broke  
loose and were whirled away. There was  
considerable alarm over the accident. If  
the boats are not rounded up and towed  
ashore they will go to pieces and block  
the channel, which will result in a big  
loss to the river coal combine.

The barges narrowly escaped striking  
a steamer loaded with passengers. In  
going over the dam at Davis Island they  
did much damage.  
At Duquesne twenty-five more broke  
loose and went plunging down the river.  
Nineteen of these were smashed against  
the Pennsylvania railroad bridge at Port  
Perry and sunk, completely blocking  
the channel.

SITUATION IS SERIOUS.  
General Chaffee Fears Renewal of Rebel-  
lion in Luzon.

Peking, Dec. 15.—A private letter re-  
ceived here from an American general at  
Manila, whose position gives his state-  
ments the highest authority, says that  
secret service reports from all the  
provinces of Luzon show a remarkable  
and widespread revival of the spirit of  
rebellion there.

This letter says that the American  
army expects a general outbreak  
throughout the island of Luzon, and is  
taking vigorous measures to suppress it.  
Manila is the centre of discontent.

General Chaffee has frequent parades  
of the garrison through the city's streets  
to display the American strength, fear-  
ing an attempt at a general massacre  
of the Americans. Arrangements have  
been perfected to concentrate the Ameri-  
can women and children in public  
buildings on short notice.

COPPER IN ALASKA.  
Major Abercrombie Says Supply There Is  
Inexhaustible.

Seattle, Dec. 15.—Major W. R. Aber-  
crombie, who for four years has been  
supervising the United States govern-  
ment development and exploration work  
in Alaska, has arrived here.  
As a result of his work the town of  
Valdez has sprung into existence, from  
which a military road has been con-  
structed 264 miles to the interior, and  
170 miles of telegraph from Valdez to  
the interior is in working order. In the  
construction of this all-American high-  
way to the Yukon the government ex-  
pended \$121,000, and already gold to the  
value of \$160,000 has been taken out.

Major Abercrombie says there is ev-  
ery reason to believe there is an almost  
inexhaustible supply of copper in that  
section of Alaska.

TAKE COLOMBIAN SEAPORT.  
Liberals Arrested by Venezuelans Cap-  
ture RioHacha.

Wilmington, Island of Curaçao, Dec.  
15.—The Venezuelan general Vincente  
Sanchez, who is now here on his way  
from Maracaibo to Caracas, reports that  
1,000 Colombian liberals, distant sup-  
ported by 4,000 Venezuelan troops, cap-  
tured the Colombian seaport, Rio Hacha,  
(on the northwest coast of Guajira Penin-  
sula) Dec. 10, after General's Clodovio  
Castillo and Cirio Pupo, both Vene-  
zuelans, had defeated 2,000 Colombian  
conservative troops near Treinta.

TO HELP ADMIRAL SCHLEY.  
Offer of \$10,000 Is Made to Further  
Prosecute His Case.

Baltimore, Dec. 15.—Rear Admiral  
Schley has notified Attorney Rayner  
that he is ready to take any action with  
reference to his case that Mr. Rayner  
may advise. Mr. Rayner is not favor-  
able to congressional inquiry.

Among the telegrams he received was  
one from a gentleman in another state,  
who asked that his identity be kept a  
secret, with an offer of \$10,000 for the  
necessary expenses attending the fur-  
ther prosecution of the case.

DEATH RECORD OF A DAY.

Joliet, Ills., Dec. 15.—John O'Connell,  
aged fifty-two, died suddenly of heart  
disease at St. Joseph's hospital this  
morning. He was a former member of  
the legislature from this county.  
New York, Dec. 15.—John Swinton,  
for years a leader of labor organiza-  
tions and writer on such topics, died  
today aged seventy. He was a native of  
Warsaw, Ills.

Marshalltown, Ia., Dec. 15.—The Right  
Rev. Thomas Mathias Lenihan, D. D.,  
bishop of Cheyenne, Wyo., and one of the  
best known men in the Catholic church  
in the West, died tonight at the home  
of his brother, Father M. C. Lenihan,  
Butte, Mont., Dec. 15.—William L.  
Farland, the founder of Butte, is dead,  
aged fifty-seven.

THREE DIE IN FLAMES.

Hargrave, Man., Dec. 15.—The explo-  
sion of a gasoline engine caused the de-  
struction of the engine house of the  
Holmes elevator. Stewart Wright and  
R. D. Sykes were burned to death and  
three others were seriously burned.  
Ovid, Mich., Dec. 15.—Mrs. Thomas B.  
Southworth was cremated in her dwell-  
ing which was burned this morning.

THINK WELL OF PROJECT.

Physicians Believe Hospital for Houghton Will Supply a Long Felt Want.

Portage Lake physicians, those in Houghton particularly, are heartily in favor of the plan to build a hospital in Houghton in the spring, and believe the institution's success would be assured from the start.

At present Portage Lake is supplied with hospital accommodations for but a small number, the institution being the one at Hancock which is controlled by the sisters of the St. Joseph society.

Considering the project for a Houghton hospital from all sides the local physicians believe it would be a great success and that it would fill a long felt want. They are inclined to think that the money to be raised can be secured or pledged this winter and that the hospital plan will receive the hearty support of prominent Houghton citizens.

Mr. Pope has appointed Mrs. H. W. Jones, wife of Dr. Jones, the well known physician, as chairman of a committee to be selected by herself, the duties of the committee to be to collect the sum of \$5,000.

NEW YORK CENTRAL TO SPEND \$6,000,000 IN EQUIPMENT.

Gold Roads Have a Greater Amount of Business Offered Than They Can Possibly Handle.

"When I entered the eastbound train which by the way, was several hours late in reaching New York in consequence of the stupendously heavy freight traffic on the road I met the president of a Vanderbilt line," said a western financier of the Chicago Daily News.

Changed His Opinion. "It was these facts," the Chicagoan continued, "that caused Jacob Schiff of Kuhn, Loeb & Co. to change his opinion of the stock market."

"But the most significant indication of all was the result of a talk with J. P. Morgan. Morgan exemplified his confidence in our values in an unmistakable way. He urged me to go into the market and buy stocks—any stocks. He all but guaranteed me against loss."

rate for money, not the gold shipments are wholly responsible for the debilitated state of affairs on change; they have merely been added ailments to a volatundarian body.

Fundamentally considered, the exports of gold would mean nothing, considering the amount of the metal in possession here. The abnormal quotations for money are known to be of a fleeting nature.

With large loans extinguished the banks are relieved accordingly; they are also a partial antidote to the heavy losses which the New York banks are sustaining in their operations with the sub-treasury, though the government itself has done much to reduce these withdrawals by purchasing bonds, by increasing depositories and by promising to anticipate the January interest.

What has transpired on the bourse or what is likely to transpire in the near future has not affected and will not affect general transportation conditions one iota.

## Ishpeiming and its Environs.

### THE COLD SNAP.

The Temperature Dropped to Twenty Below Zero Saturday Night.

With the temperature down to twenty degrees below zero Ishpeiming people thought it was cold, but Michigan went the Hematite City seven degrees better. Some of the thermometers up there registered twenty-seven below yesterday. Saturday morning it was twenty-four below in Michigan, while the thermometers in the coldest spots in Ishpeiming didn't show anything worse than sixteen.

The temperature was several degrees below the zero mark all yesterday, and with a stiff wind blowing the greater part of the time it was quite chilly at the higher points of the city.

A number had their water pipes frozen and early yesterday morning the local plumbers were much in demand.

The cold snap will just suit the business houses handling winter goods. It is said that trade in that line has not been as brisk as it usually is at this season of the year, owing to the mild weather that prevailed all fall up to Friday night of last week.

### BACKED BY STEPHENSON.

Says the Menominee Leader: "John W. Jochim, the well known Scandinavian hardware merchant of Ishpeiming, Mich., elected secretary of state in 1892, confirms the report that he will be a candidate for congress from the Twelfth district for the next term. He considers the announcement of his candidacy premature, but says he was forced into making it now by his friends. Mr. Jochim states that he has been given to understand that former Congressman Samuel M. Stephenson, who has figured prominently in politics of the district for the past several years, will again be a candidate and that he has been assured of all support that Stephenson can consistently throw to him."

### STOLE A SLED.

An unknown man helped himself to a sled that stood in front of Thomas Gill's furniture store Saturday evening about six o'clock. There was considerable frost on the windows and it was almost impossible to see through the glass. Mr. Gill was inside and he barely got a glimpse of the thief as he was going off with the sled. He gave chase but did not follow the man more than a block, as in his hurry he went after the fellow without locking the store. Deputy Marshal Prin was found within a few minutes and located the sled, but the thief got away. The man threw the sled into a yard not many blocks from Main street.

### CONCERT THIS EVENING.

Judging from the advance sale of seats for the concert to be given at the opera house this evening by the Schiller quartet, under direction of the ladies of the Presbyterian church, there will be a large audience present. The company comes so well recommended that the house should be packed. The ladies have disposed of quite a number of course tickets, though not enough to fill the hall at each entertainment. The proceeds will go to the church fund. The reserved seat tickets are selling at fifty cents each at Tillson's drug store.

### TWO BIG SUPPERS.

The ladies in charge of the Japanese Cafe at St. John's church fair yesterday decided to serve a big turkey supper in the dining room at the Anderson block tomorrow evening between 5 and 7 o'clock. On Wednesday evening an oyster supper will be served. The price charged each evening will be only twenty-five cents. As Wednesday will be "Seagame night" at the fair the people of that city are specially invited to take in the spread.

### GREAT PLAY THURSDAY.

"Human Hearts," the great melodramatic success that is announced to appear at the Ishpeiming Opera House next Thursday evening, is conceded to be one of the best heart interest dramas ever presented. Its success was established five years ago and each succeeding season has demonstrated its great and well-deserved popularity. No play of its kind in recent years ever found such universal favor with the play-going masses. The pure home life of a young Southerner and the villainy of an adventuress and her male "pal" are graphically portrayed in this play. It is as good as any sermon ever preached. The moral lesson it teaches is wholesome throughout. Comedy is cleverly mingled with pathos, forming an attractive combination.

### POSTPONED ONE WEEK.

Ladies' night at the Ishpeiming snow-shoe club house has been postponed one week, from this evening until a week from tonight. The postponement is on account of the large number who wish to attend the concert at the opera house this evening. It is expected that the meeting next Monday night will be largely attended, as a fine spread will be served. There will also be a tramp just before supper.

### NEW CLERK FOR POSTOFFICE.

A Washington dispatch says: "Representative Sheldon has secured an additional clerk for the postoffice at Ishpeiming to be appointed December 15."

### TO THE LADIES.

ANNUAL MASK BALL.

The German Aid Society Is Making an Early Start in Preparing for It.

Although a little early to make arrangements for a ball that will not take place until the last night in January, the members of the German Aid Society, who have conducted a masquerade ball here every winter for the past fourteen years, are already at work in the interest of this year's party.

The prizes will be as follows: First, best masked couple, \$15; second prize, second best masked couple, \$8; third, best masked lady, \$5; fourth, best masked gentleman, \$5; fifth, best masked group (not less than ten persons), \$20; sixth, best comic couple, \$5; seventh, best comic mask, \$3; eighth, homeliest mask, \$2.

The arrangements committee has not yet engaged an orchestra to furnish the music, though figures have already been received from three of the orchestras of the Twin Cities.

LOCAL LACONICS.

Miss Alice McNabb has been ill and confined to her home the past few days. A number of the merchants are engaging extra help for the holiday rush.

John Stecher is now comfortably located at his new stand on East Iron street.

The "Jolly Entertainers" will begin a week's engagement this evening at McDonald's Opera House.

John Westmeyer spent Saturday in the woods hunting rabbits. The ten below zero temperature during the day wasn't noticed much by John.

Dr. Seapy, who came to Negaunee about three weeks ago to take a position as Dr. J. H. Hudson's assistant, has resigned and returned to Chicago. He did not like this country very well.

Miss Kitty Quinn, who announced some time ago that she intended to retire from the clothing and gents' furnishing goods business, will begin this evening to dispose of the stock by auction.

Dr. C. E. Cochran, who was a local practitioner for a number of years prior to about five years ago, when he moved to West Branch, has decided to move to Detroit, where he will practice medicine.

Reduced rates of fare to Marquette and return will be in effect Wednesday evening because of the performance of "The Casino Girl" in that city.

Mrs. Isaac Wilcox, of Iron Mountain, former pastor of the Mitchell Methodist church here, spent Saturday with friends in the city. He came over to conduct the services at the funeral of the late Mrs. Ann Jeffrey, which took place Saturday afternoon from the residence of Julius Jacobson and family.

Messrs. Johnson and Koski, both pretty well known here, have associated themselves with John Hogberg under the firm name of Hogberg, Johnson & Koski.

Rudolph Olson has purchased the right to manufacture and sell a furniture polish that has had a big run in the east. He had heard about the stuff and by paying the owner a good figure secured all rights to manufacture and sell it.

### REINS DRAWN TIGHT

FIAT GOES FORTH THAT SALOONS MUST CLOSE AND DISCARD SLOT MACHINES.

The decree has gone forth that the saloons must hereafter obey the liquor law to the letter, or else suffer the penalty of prosecution.

The morning following the Rasmusen arrest, the marshal was called before Mayor Mangum and given instructions to serve notice on every dealer in liquor that in the future the regulations prescribing the hours of opening and closing must be strictly obeyed.

The orders given the municipal peace officers were on Saturday supplemented by action taken by Circuit Judge Stone.

His honor instructed Sheriff Pengelase to notify all saloons having slot machines, to remove the devices forthwith, and incidentally to give notice that from now on the laws relating to places where liquors are sold would be enforced rigidly and with favor to none.

The Mining Journal was informed yesterday by a prominent saloon keeper that as far as he and those of the other liquor dealers with whom he is acquainted are concerned, the mandates would be obeyed.

Personally, he was glad of the action taken, and believed that all the others were as well. In behalf of the saloons, it is worthy of commendation that the great bulk of them are and always have been conducted very quietly and with due regard to order.

However, the officials are firm in their decision to hereafter strictly enforce the Sunday and 11 o'clock closing law, and this they have endeavored to make plain to all concerned.

road companies are presenting it in the provinces. Also the extravaganzas has gained vogue in Germany, Hungary, France, Russia, India and Australia.

### LAST BOAT SAILS.

Steamer Rensselaer Leaves for the Head of the Lake.

The big steel steamer Rensselaer left port Saturday noon, bound for the head of the lakes after discharging coal at the Presque Isle dock, and with her departure the season of navigation for this year came to an end at this point.

It is said the Rensselaer is the only boat still in commission on Lake Superior, unless it be one of the smaller freight boats which ply between Duluth and the north shore.

The Detroit News refers to the last ore boats leaving Marquette, as follows: "The old propeller Clyde, twenty-two years of age, and rating a 1 1/2, is the last boat this season to go through the Soo canal on the down passage."

The Duluth News-Tribune says it is altogether likely that the engines will be removed from several of the oldest whaleback steamers in the winter fleet at the head of Lake Superior, with the view of converting the boats into tow barges.

### "OF ROYAL BLOOD"

ALGER COUNTY MAN, WHO TOOK LIFE FOR PIG, CLAIMS RE-LATION TO KAISER.

A human life for a \$1.50 pig. Briefly stated that is the story of the tragedy enacted in the township of Limestone, Alger county, and to which brief reference was made in these columns a few days ago.

The pig was the property of Thomas McKinney, the victim of the tragedy. Some weeks ago the animal escaped from the premises of its owner and came to the farm of Solomon H. Huber, who like McKinney was a farmer.

A day or two later, when the Huber family were at dinner, McKinney drove up with one Chris. Bloom. The quarrel was renewed and Huber, as he claims, hearing McKinney threaten his wife, ordered the intruder off the premises.

Shortly after committing the deed, Huber went to Munising and surrendered to the authorities.

The charge of buckshot entered the stricken man's right breast and tore a hole large enough to admit a man's hand.

The family of McKinney, which consists of a wife and two small children one two and the other four years of age, are left in destitute circumstances.

Prior to the killing of McKinney Huber attracted some attention by claiming that he was the direct descendant of the reigning royal house of Germany.

We, the jury find that the deceased came to his death from heart failure, caused by not taking Rocky Mountain Tea made by Madison Medicine Co.

Van Alstyn's are showing a very large assortment of handkerchiefs, suitable for Christmas.

### BANK STATEMENT SURPRISING.

Marquette National Already Doing a Remarkably Good Business.

It was the general anticipation of the friends of the Marquette National bank that the new institution would do a good business from the very start, but the statement—published in another column—of its operation to date cannot but help to be a pleasing surprise.

Periodically the comptroller of the currency issues a call to the financial institutions which operate under the national banking laws, for statements as to their condition.

The report made by the Marquette National, considering the fact that the institution has only been in existence six weeks, is a remarkable one and augurs well for the welfare of the bank.

The cash resources total \$236,007.66, including \$18,001.33 in cash on hand and \$188,006.33 due from banks, and of the remaining resources the principal items are: Loans and discounts, \$127,875.43; bank building, \$31,500, and United States bonds to secure circulation, \$25,000.

On the whole the showing is an exceedingly good one, and one over which the officials of the bank can well be pardoned for any feeling of elation.

### IMPORTED CANARIES.

I wish to announce to people in all parts of the upper peninsula that I have always on hand a supply of genuine Hartz Mountain canary birds, every one warranted to be a good singer and in good condition.

On the whole the showing is an exceedingly good one, and one over which the officials of the bank can well be pardoned for any feeling of elation.

Miss Minnie Dolf has quite an assortment of snap shots and hand-painted Marquette scenes, Christmas cards, blot- ters, match-scratchers, etc., for sale at her home, corner Arch and Third streets.

Mr. Van Alstyn purchased during his visit to market last week another lot of large rugs suitable for Christmas presents.

# HOLIDAY GREETING!

*Van Alstyn's*

OPERA BLOCK DRY GOODS HOUSE

MARQUETTE, MICH.

## TUESDAY, DECEMBER 7TH, 1901.

Following our custom in former years, I have spent the past few days in the Wholesale Market, where, at this time, manufacturers and jobbers are anxious to close out what Holiday Goods they may have on hand at almost one-quarter their former value rather than carry them over another season, and have availed myself of the opportunity to buy an immense line of goods at prices that will enable me to sell them at less than the regular wholesale price.

We will receive this morning two dray-loads of these goods by express. We will unpack, mark and arrange the entire purchase today, for Tuesday's sale, and will devote our large carpet room for the display of these goods.

---

We call particular attention to the display of

Fine Pictures, Water Colors, Etchings, Pastels and Medallions
