The boys of the company, who are now nanaging the armory, are doing their utmost to get good attractions. They have certainly been successful thus far the Calumet & Hecla band gives a popular concert while on Friday evening 'Human Hearts," the successor of Shores Acres" will hold the boards.

The boys have shown their enterprise nd interest by having the armory fixed up and in getting the best of attractions. They will also have a Calumet & Heela orchestra play for each entertainment which is an irnovation duly appreciated by those who patronize the think that the project is a sure go. ouse. Considering all these things it is only fair that the company be given the full support of the people of Houghton in order that the debt which hangs over the organization may be liquidated.
