Private Pension Bills.

The house committee on pensions to lay unanimously adopted an extended set of rules to govern the consideration of private pension bills. The maximum rate to be allowed widows of officers is \$50 a month, including widows of major generals, brigadier generals, commodores and rear admirals. No bill shall be considered unless previous application has been made to the pension bureau, or while the application is pending.

The river and harbor committee took action today which insures the early presentation of the river and harbor bill. It is determined to close the hearings Jan. 25 and have the bill ready Feb. 10. SURE DIVIDEND PAYER

.... IS THE

LAKE SUPERIOR & BEAUMONT OIL COMPANY

COMPOSED OF ESCANABA BUSINESS MEN

WITH A CAPITAL STOCK OF \$500,000.

SHARES OF A PAR VALUE OF \$1.00.

This company owns in fee simple one of the very choicest tracts of oil land in the Beaumont oil fields and has a gusher guaranteed, and a well being drilled by one of the most responsible well drilling firms in that field. The well is now down 600 feet and barring unlooked for accidents the well will be one of the big gushers in the fields. Situated only 100 feet from the famous Heywood No. 2 well, with a tested capacity of 148,000 barrels daily, the Lake Superior and Beaumont Oil company is assured of a well of much more than the average capacity.

DIVIDENDS ARE ACTUALLY ASSURED.

Dividends by this company are certain almost at once by the fact that already contracts for the sale of oil from the well have been let and others are under consideration and by the 20th of this month when the well is expected to be in a sufficient quantity will have been sold to enable the company to begin marketing the oil at once.

NO SPECULATION IN THIS PROPOSITION.

ment of which you know and who will make an honest effort to give you the best return possible on your investment. THIS COMPANY IS COMPOSED OF MEN WHOM YOU KNOW. And not like many in which you have been asked to invest that are not only unknown to you but are merely stock speculation concerns and who care nothing for your investment other than to sell their stock. Therefore it behooves you to look well to whom the management is entrusted. Look over the list of officers of this company and you will find home men whom you or your banker knows and who are not only reliable but successful business men.

In buying oil stocks, as in any business, particular care should be taken in selecting a company, the manage-

Another point to be remembered as important to your interest, this company will have a representative on the ground to look after the business and secure other oil contracts.

YOUR INVESTMENT GUARANTEED. The Bank of Escanaba receipts for your money and holds same until the well comes in. Should by any freak of nature, the company fail to get a gusher the bank refunds your money to you. Could any proposition be fairer or safer than this?

STOCK OFFERED FOR LIMITED TIME ONLY.

For a limited time only stock in this company is offered to defray the necessary expense of development purposes at \$1. On the capitalization of this company its stock at this price is equal to two shares of that of companies capitalized at a million and four of those at two million which have been so freely offered to purchasers at advanced prices.

When the company's well comes in and dividends declared as they shortly will be, this stock will at once be worth many times its face value.

OTHERS HAVE REAPED BIG PROFITS, WHY NOT YOU?

In the purchase of many stocks in the Beaumont field, many have reaped big profits by buying when the stock was cheap and before returns began to come in. You now have the same opportunity. Will you take it and on a small investment have an interest in a company that will pay handsome returns? Opportunity comes but seldom and rare, indeed, for those with limited means, and once lost never to be recalled.

ROOM FOR FOUR GUSHERS ON THIS LAND.

The company's land is on block 38, among all the big gushers, and there is ample room for three more wells, which will be sunk as rapidly as the Lemand warrants.

DEMAND FOR THE OIL.

The whole world is the market for this oil. Already have shiploads gone to European markets where it finds a ready sale against the Russian product which sells there for \$1.50 a barrel. Beaumont oil as a fuel is a saving of per cent. over coal, and the railroads and manufacturing establishments of the south today are changing as fast as possible from coal to oil as fuel. In a short time every house with heating apparatus and cooking range will use oil because of its great saving in both cost and labor.

WHO THE OFFICERS ARE.

President, Senator O. B. Fuller; Vice-president, Mayor M. K. Bissell; Secretary, Ira C. Jennings; Treasurer, J. C. Kirkpatrick. Directors: H. W. Keade, J. K. Stack, J. C. Kirkpatrick, M.K. Bissell, Ed. Erickson, R. E. McLean, Order your stock through P. Breen, Escanaba, Michigan, or Frank Beney, of Negaunee. Shares \$1, with right reserved to increase the price at any time.

Vast Tracts of the Timber Northwest of Marquette.

Some of the prominent hemlock operitors and tannery people in Pennsylania are now organizing a \$20,000,000 emlock trust with the idea of controlling the output. The formation of such a trust will be watched with interest in the upper peninsula as we literally "have hemlock to burn" hereabouts. One of the finest stands of hemlock timb in the United States is to be found back from the shore between Marquette and Huron Bay. and as yet the lumberman had hardly ouched this timber in this part of the pleasantly spent by the large number of
