TEN BURN TO DEATH

FATAL EXPLOSION OF GAS AT A
PITTSBURG FURNACE.

THOUSANDS SEE ONE MAN DIE

LEAPS INTO THE AIR AND FALLS
FIFTY FEET.

Is a Mass of Flames As He Whirls
Through the Air—Spectators
Are Unable to As-
sist Him.

Pittsburg, Dec. 19.—Ten men were
burned to death and four were injured
by an explosion of gas at the Soho fur-
nace of Jones & Laughlin today. The
explosion was caused by a slip in the
furnace, the gas and flames leaping up-
ward through the bell. The men were
on the furnace platform eighty-five feet
above the ground.

List of the Dead.

The dead are:
Andrew Seih, aged twenty; George
Shisul, twenty; George Semago, twenty-
five; Michale Mileo, twenty-two; Mich-
ael Gazlovic, twenty-six; John Marcy,
thirty-seven; John Merecke, twenty-two;
Jos. Frankovic, twenty-six; John
Klochanka, twenty-six; George Valigo,
thirty-six.

There were nineteen men on the fur-
nace when the explosion occurred.
The explosion was caused by the gas
becoming enclosed in a crust of cinder
forming at the bottom of the furnace.
The most distressing feature of the
disaster was the burning of Frankovic.
He was seen by thousands of
people on their way to work to run to
the platform railing and leap into the
air. He was a mass of flames as he
whirled through the air. He fell on a
stock yard shed and was literally
burned to death before the eyes of the
crowd, fifty feet below, who had no way
to reach him.

When the explosion occurred burning
heaps of cinders settled around the men
and to their knees. "They had just start-
ed to work and their frantic efforts to
save themselves were pitiful in the ex-
treme.

Men Seemed Doomed.

General Manager J. B. McLaughlin
said today that the accident was one of
the most disastrous that ever occurred in
the history of the company.
"The men seemed doomed to that aw-
ful end," he said. "They had just start-
ed to get the barrow out when the ex-
plosion took place. In another minute
they would have been away from the
place."

MARCONI IS HONORED.

Gov. Boyle of Newfoundland Gives
Luncheon in Honor of Inventor.

St. Johns, N. F., Dec. 19.—Governor
Boyle of Newfoundland gave a luncheon
today in honor of Marconi. Among
the guests were Premier Bond, cabinet
ministers, heads of departments, marine
insurance officials, and representatives of
the press. The affair was practically
a state function.

In proposing Marconi's health Gov-
ernor Boyle spoke exhaustively of the
inventor's work since his arrival in the
colony, and warmly of the possibilities
of his discovery.

Marconi replied, and among other
things said he did not have the slightest
doubt of the possibility of a successful
establishment of his system of wireless
telegraphy between different parts of
the earth. He said that should the
new method be applied, he did not see
any reason why the present cable rate
of twenty-five cents a word should not
be reduced to one cent.

GAVE WAY TO TEARS.

J. J. Lynch Affected by Mother's Testi-
mony in Sullivan Trial.

Chicago, Dec. 19.—In the Sullivan con-
spiracy trial today Mrs. Anna Marie
Lynch, the aged mother of former
Ballif James J. Lynch, impeached the
evidence given by Mrs. Mamie McGuirk,
one of the defendant's star witnesses;
also that of her son, William J. Lynch, who
swore he would not believe his brother
under oath. She also denied state-
ments made by Mrs. James J. Lynch
against the latter's husband. James J.
Lynch gave way to tears while his
mother told of her love for him.

TO STOP RATE CUTTING.

Presidents and Executive Officers Make
a Compact.

Chicago, Dec. 19.—Presidents and
executive officers met today to put a
stop to the indiscriminate rate cutting
that has been going on west of the
Missouri river. It was deemed inad-
visable to take any concerted action that
might be construed as a violation of the
antitrust law, so each road pledged it-
self individually to strictly maintain
the tariff rates after Jan. 1. Shippers
have been notified that no more cut rate
contracts will be made. All old con-
tracts, it is believed, will be disposed of
by Jan. 1.

REVENUES IN PHILIPPINES.

Washington, Dec. 19.—The division of
insular affairs of the war department
has issued a statement showing that
the customs and revenues in the Philip-
pines for the nine months ended Sept.
30, 1901, were \$8,275,295, as compared
with \$5,484,920 for the same period of
1900, and \$3,402,128 for 1899.

WILL STOP IMPORTS.

Germany Will Not Receive American
Meats Unless Inspected.

Berlin, Dec. 19.—A representative of
the foreign office says the law requiring
the inspection of foreign meat at Ger-
man ports of entry has neither been de-
creed nor is it in force, nor has the date
of its promulgation been determined.

The agents of American packers at
Hamburg and the suspension of micro-
scopical meat inspections in the United
States on Jan. 3 a great mistake, and
that it is possibly due to a misappre-
hension of Germany's intentions under
the new law.

The central bureau for the prepara-
tion of commercial treaties issued a
statement today in which it said a dis-
continuation in the United States of the
government meat examinations would
necessarily stop the import of American
meats into Germany and other conti-
nental countries.

This statement calls attention to the
agreement of 1878 according to the
terms of which the United States ex-
pressly agrees to issue certificates to
accompany all meats after they had been
inspected.

How the Packers Feel.

Chicago, Dec. 19.—The packers here
have received notice of the abandonment
of the government meat inspection. Nel-
son Morris said tonight:
"It will work havoc with the packers.
Germany will not receive a pound of
American pork unless it bears the tag
of the United States meat inspector. It
will not receive pork in pieces that
weigh less than nine pounds, and this
is already a hardship to exporters of
pork. Of course, we will be shut out of
the German market altogether if the in-
spection of pork is abolished."

HAZING IS ABOLISHED.

Orchard Lake Cadets Follow in Foot-
steps of West Point.

Detroit, Dec. 19.—The cadets of the
Michigan Military academy at Orchard
Lake today voluntarily and unanimously
adopted resolutions abolishing hazing
and flogging in all forms. Every cadet
signed the resolutions, which are similar
to those adopted by the cadets at West
Point.

COAL IS SCARCE TWO DIE IN WRECK

CHICAGO FACING A FAMINE WITH
PRACTICALLY NO RELIEF
IN SIGHT.

Chicago, Dec. 19.—With the promised
temperature fifteen below zero, Chicago
is facing a coal famine tonight with
practically no relief in sight. Big con-
sumers are begging shippers to supply
them with coal without avail.

Large business houses are severely
crippled and owners of big buildings are
besieging coal dealers for enough to tide
over the winter. The railroads are
protecting themselves by confiscating
the coal as fast as it arrives.

The recent severe weather and floods
in the mining district, making the ship-
ment of coal impossible, are the causes
of the present situation.

Chicago, Dec. 20.—At
midnight a number of coal
dealers who had been con-
vassing the situation reported that there
was not above thirty hours coal supply
in the city. If relief does not come by
that time there will be much suffering,
and many manufacturing plants will be
forced to close.

At St. Louis Also.

St. Louis, Dec. 19.—St. Louis faces a
shortage of coal which not only fore-
bodes suffering from those whose sup-
ply is small, but which may result in a
general tie up of transit companies.
Carload lots in East St. Louis sold for
from \$2.50 to \$3 a ton today, an almost
unprecedented price. At most of the
coal offices so short was the supply that
orders were scaled seventy-five per cent
or more, and no promise of immediate
delivery would be made.

"DR" DOWIE WEPT.

Proclaimed "Elijah the Restorer" Breaks
Down in Court.

Chicago, Dec. 19.—"Dr." John Alexan-
der Dowie, the proclaimed "Elijah,
the Restorer," broke down when he went
on the witness stand today in his own
behalf in the suit brought by his brother-
in-law, Stevenson, for a receiver for the
lace industry at Zion.

At times the prophet wept and shook
spasmodically, but when denouncing
Stevenson his lowly demeanor changed
immediately. He displayed checks ag-
gregating \$50,000, which he claimed was
given Stevenson to release the indebted-
ness between them.

He went into details on how the stock
in the lace industry, and which, it is
alleged, bore Mrs. Stevenson's endorse-
ment, came into his possession, and also
explained Zion financial operations.

HEADLESS BODY FOUND.

Carrollton, Ga., Dec. 19.—The headless
body of a man identified by a gold watch
as that of Professor Chandler, a school
teacher, was found today beneath a
mass of rock at Oak Level, Alabama.
He was last seen alive in October, and
though the county was searched no
trace was found. A farmer named
Knight was arrested on suspicion and
committed to jail.

DANES AGAINST SALE.

St. Thomas, D. W. I., Dec. 19.—Sailors
from the Danish cruiser Valkyrien par-
aded the streets of Charlotte Amalia to-
day, accompanied by music and banners.
The populace welcomed them with en-
thusiasm, shouting their desire that the
island be not sold.

HOLD UP ASSISTANT CASHIER.

Bold Robber Secures \$7,000 at Arkansas
Bank Single Handed.

Fayetteville, Ark., Dec. 19.—At noon
today the bank at Springdale, ten miles
from here, was robbed by one man. The
assistant cashier was alone when the
robber drove up in a buggy and walked
to his desk before he was noticed and
compelled him to go to the vault and
give him all the money, \$7,000.

While this was taking place a citizen
walked into the bank. He was at once
covered by the robber's revolver and
made to throw up his hands. The rob-
ber hurriedly left the bank, dropping
\$1,000 upon the sidewalk. He jumped
into his buggy and drove rapidly north.
Officers in pursuit came in sight of
him two miles out and he jumped from
the buggy and made his way to a thickly
wooded mountain. Bloodhounds have
been put upon his track and it is be-
lieved he will be captured before morn-
ing.

PROTOCOL IS SIGNED.

Claim of Salvador Commercial Co. to Be
Arbitrated.

Washington, Dec. 19.—Secretary Hay
and Senator Zaidvar, the Salvadorian
minister here, today signed a protocol
providing for the submission to arbitra-
tion of the claim of the Salvador Com-
mercial company for damages sustained
through the alleged appropriation by the
government of Salvador of their conces-
sion of rights.

The claim amounts to about a half
million dollars. The arbitrators named
are Henry Strong, chief justice of Can-
ada; Hon. Don M. Dickinson, Detroit;
David Castro, chief justice of Salvador.
The arbitrators will meet in Wash-
ington April 1.

FINAL STEPS IN TREATY.

Lord Pauncefote Daily Expecting Notice
of Approval From Great Britain.

Washington, Dec. 19.—Lord Pauncefote
is daily expecting notice from his
government of its approval and ratifica-
tion of the Hay-Pauncefote treaty. As
soon as he has this he will arrange with
Secretary Hay a date upon which the
final exchange of the ratifications of
the treaty shall take place.

SOUTHERN PACIFIC TRAINS COME
TOGETHER IN HEAD-END
COLLISION.

San Francisco, Dec. 19.—North and
south bound Southern Pacific coast line
trains, running between this city and
Los Angeles, came together in a
head-on collision at the uplands early
this morning. A fireman, baggage man
and express messenger were killed and
twenty-five passengers more or less were
injured, probably not one fatally.

The dead are:
A. Phelps, messenger of Wells, Fargo
& Co.; W. Garland, fireman on the
south bound train; Baggage man Thur-
ber.

Both engines were demolished and the
baggage, smoking and chair cars of the
north bound train were burned. None
of the passengers or cars of the south
bound train were injured. The only
passengers hurt were those in the smok-
ing and day coaches of the north bound
train.

Should Have Sidelacked.

The accident is due, railway officials
say, to the failure of Engineer Coffey of
the north bound train to follow orders,
which instructed him to wait at a siding
at Uplands until the south bound train
passed. Instead of waiting the train
passed the siding at the rate of thirty
miles an hour. Had it waited it would
have come at an equal rate of speed.
The crews jumped, all escaping except
Fireman Garland. Just as he was
about to leap the locomotive overturned
and he was caught beneath it. In the
fire which resulted part of the main and
a number of express packages were
burned.

NEGAUNEE MAN NAMED.

Thomas Connors Among the Postmas-
ters Nominated Yesterday.

Washington, Dec. 19.—Presidential
postmasters were nominated today as
follows:
Michigan—M. B. Halliwell, Flushing;
A. W. Cooper, Fowlerville; Thomas Con-
nors, Negaunee; F. A. Woodruff, St. Jo-
seph.

Wisconsin—S. F. Fitch, Ashland; H.
A. MacDonald, Centralia; W. S. Ten-
ner, La Crosse; C. R. Henderson, May-
ville; C. N. Johnson, Merrill; B. B.
Evans, Phillips; George Graham, To-
mash; A. W. Trevitt, Wausau.

BIG LOCOMOTIVE ORDEP.

Philadelphia, Dec. 19.—The Baldwin
locomotive works has just received or-
ders for 175 locomotives from several
railroad companies for delivery next
year. Thus far the Baldwin company
has contracted to deliver approxi-
mately 700 locomotives next year.

SCHLEY'S REPLY NEARLY READY.

Washington, Dec. 19.—The navy de-
partment has not yet prepared its
answer to the bill of objections filed
yesterday by counsel for Admiral
Schley, but it is so far advanced that
it will be ready for delivery tomorrow.

CRUISER GOES TO PANAMA.

San Francisco, Dec. 19.—Rus's orders
have been received directing the cruise-
r Philadelphia to sail tomorrow with al-
titude for Panama. Affairs on the Pa-
cific are approaching a crisis.

GAGE ON BANKING

SECRETARY OF TREASURY TELLS
OF WEAKNESS IN SYSTEM.

URGES REFORM IN CURRENCY

IS GUEST OF HONOR AT NEW YORK
BANKERS' BANQUET.

Ex-Speaker Thos. B. Reed, Dr. Donald
Sage MacKay, Ex-Judge Henry E.
Howland and Amos Parker Wil-
der Also Speak.

New York, Dec. 19.—Secretary of the
Treasury Gage was the guest of honor
and principal speaker at the annual
banquet of the Group of Eight of the
New York State Bankers association to-
night. Nearly five hundred members
and their guests were present. George
F. Baker, president of the First Nation-
al bank, was toastmaster. Besides Sec-
retary Gage the speakers were:
Ex-Speaker Thomas B. Reed, Rev. Dr.
Donald Sage MacKay, ex-Judge Henry
E. Howland and Amos Parker Wilder.
The toasts to which they responded were
respectively:

"Business and Legislation"; "Corpor-
ate Conscience and the Men Who Help
to Make It"; "Lawyers and Financiers";
and "The West and the Money Power."
Secretary Gage said in part: "It is a
strange anomaly, that while in nearly
every other department of life improve-
ment is an indispensable rule, in the
great field of banking, finance and ex-
change we go on with an indifferent re-
gard to the handicap imposed by defec-
tive methods, and dismiss with little
consideration the suggestions which, if
adopted, would advance society and busi-
ness affairs in the great economic field
of industry and exchange. Evidences of
improvement in all other departments of
life are manifest on every hand."

He considered that the weakness in
our banking system is in the isolation
and entire separateness of the individual
banks all over the country, and advocat-
ed a plan of coalition whereby each
would have support in proportion to its
relative importance.

The secretary urged that there be a
reform of the currency system along the
lines outlined in his report to congress,
and declared that no time was more fa-
vorable than the present for a judicious
revision of the laws.

MAYBE SHAMROCK III.

Sir Thomas Lipton Talks With King
Edward About Cup Races.

London, Dec. 19.—Sir Thomas Lipton,
in a long interview which he had with
King Edward, at which the America cup
races were minutely discussed, unfolded
his plans for the future.

His majesty exhibited the keenest in-
terest and at times offered suggestions.
He expressed the opinion that it would
be very hard to get a boat to beat the
Americans, to which Sir Thomas replied
that he was at least confident he could
secure a yacht a good deal better than
Shamrock II. When Sir Thomas had
finished explaining his reasons for this
belief the king appeared to be satisfied
and heartily wished him success.

The king takes great interest in the
preparations for building another chal-
lenger for the cup, which are believed
to be already on foot.

Captain Sycamore, in an interview,
said he would shortly hold consultation
with Lipton and had great hopes that
Shamrock III would result therefrom.

ALGER'S CONDITION CRITICAL.

Former Secretary of War May Be Op-
erated On Today.

Detroit, Dec. 19.—General Alger,
former secretary of war, is suffering
from a severe attack of gall stones. A
consultation of physicians today decided
that unless General Alger should con-
siderably improve by rest an opera-
tion will be performed then.

Tonight one of the consulting physi-
cians reported that the patient was very
comfortable, and said if he continued to
improve during the night he did not
think an operation would be necessary.
When asked whether General Alger was
in a dangerous condition, he replied:
"He is in a critical condition, but I do
not think it should be called dangerous
at present."

FATAL DUEL IS FOUGHT.

Officers Battle With Desperate Men In
Alabama Town.

Russellville, Ala., Dec. 19.—Henry Wil-
liams, wanted to answer to a charge of
cattle stealing, dead, Frank McTurg, a
merchant, desperately wounded, and
Tom Williams, a brother to Henry, shot
in the arms and breast, escaped, is the
result of a battle here today between
City Marshal Ben Barrett and Deputy
Sheriff Hargett on one side, and the Wil-
liams brothers on the other.

Henry Williams was indicted here sev-
eral years ago for stealing cattle but
escaped to the Indian Territory. He
had just returned and the officers were
attempting to arrest him when the duel
occurred.

M'CLELLAN LEAVES BERMUDA.

Hamilton, Bermuda, Dec. 19.—The
United States transport McClellan, from
Manila, which put in here short of coal,
coaled today and sailed for New York.

TODAY'S WEATHER.

Washington, Dec. 19.—The following
is the weather bureau's forecast for Up-
per Michigan: Fair Friday and Satur-
day; westerly winds.

Copper Country Department

(Additional Copper County on Page 2.) DRAW IN BAD SHAPE. Houghton Steamboat Man Suggests Improvements for County Bridge.

A well known local steamboat man talked interestingly yesterday of the waterways across Keweenaw Point, as a short cut for boats traveling from lower ports to the head of the lakes. In his opinion the only detriment now existing to navigation through Portage Lake is the draw of the county bridge, which is entirely unsuited for the passage of big craft.

Since the improvements have been made in Portage river and in the canal proper the larger vessels may now make the trip through the waterways all right until they arrive at the draw in Portage Lake, and then there is likely to be trouble. The canal has been widened and the dredging done in the river has straightened out some of the troublesome cuts so that a vessel now has a long and straight course before it has to make a turn, and that can be done without much difficulty.

Schools Close Today. Appropriate Christmas Holiday Exercises to Be Held. This afternoon most of the schools in the county will close for the Christmas holidays.

WELL EQUIPPED FOR WINTER. It is not likely that the street car company will be troubled very much with the snow on its tracks this winter.

RESIGNATION A SURPRISE. General Manager McKeever has not yet announced the successor to S. J. Beahan, who has resigned as commercial agent of the Copper Range road.

NARROW ESCAPE FROM DEATH. Samuel Furness, a brakeman on the Hancock & Calumet road, had a narrow escape from death while standing on top of a moving freight train in the yards of the Hodge foundry at the Ripley Monday afternoon.

TAKES A TRIP EAST. Dr. Jackson, of Houghton, left yesterday afternoon for a two weeks' visit east. He will spend a day in Chicago and will then go to New York city where he will meet his brother Thomas, a lieutenant in the United States regular army, who will be remembered as visiting in Houghton about a year ago.

SWINDLER IS INSANE. William Sleeman, who was arrested in Hancock a short time ago for the alleged swindling of Hancock and Calumet merchants, is now an inmate of the Newberry state asylum. He was adjudged insane before Judge of Probate Gray and taken to Newberry several days ago.

BOWLING STILL POPULAR.

Hockey and Indoor Baseball Will Not Affect Sport in Copperdom.

Bowling still continues to be the popular sport in copperdom and the alleys at Calumet, Lake Linden and Houghton are well patronized. The game bids well to lose any of its popularity even after the indoor baseball and hockey seasons open up, which will be after the first of the year.

GUARD AGAINST SMALL-POX.

Logging Operators Will Endeavor to Keep Disease Out of Camps.

Logging operators in this county do not fear any breaking out of small-pox in their camps although such a thing is possible. Every precaution is being taken to prevent the presence of the disease and all suspicious cases will be isolated at once.

REPORT WAS PREMATURE.

Presbyterians Have Not Rented Rooms in New Bank Building.

The announcement to the effect that the new Presbyterian church society, which may organize in Houghton, would use the hall on the third floor in the new Citizen's National bank building at Houghton when completed is a little premature. No arrangement has been made for the rental of the hall although it has been suggested as a suitable place to hold services.

SCHOOLS CLOSE TODAY.

Appropriate Christmas Holiday Exercises to Be Held.

This afternoon most of the schools in the county will close for the Christmas holidays. Students of the Michigan College of Mines and of the Finnis college at Hancock will leave for their respective homes. The Northwestern road will have an extra sleeper attached to its train for the accommodation of students and teachers.

HALL COMPANY FILES ARTICLES.

Articles of association were filed in the office of the county clerk yesterday for the Hall Building company, of Houghton.

The purposes of the organization are to acquire by purchase, gift, lease, or otherwise, real estate and personal property within the state and elsewhere; to erect such building or buildings as may be deemed necessary; to lease real estate or personal property, or the building or buildings erected thereon; and to sell as to the motives which actuated the United Metals Selling company in cutting copper prices.

OFFICERS AFTER CORTOPASSI.

Sheriff Willis and Under Sheriff Beck received a telephone message from the Franklin Junior location yesterday noon to the effect that Cortopassi, the Italian who disappeared from his boarding house at the place week before last, and who is said to be deranged, had been seen about the location. The officers are desired at once and soon after the receipt of the information they were on their way to the Franklin. They set about immediately to locate their man by making a thorough search.

NARROW ESCAPE FROM DEATH.

Samuel Furness, a brakeman on the Hancock & Calumet road, had a narrow escape from death while standing on top of a moving freight train in the yards of the Hodge foundry at the Ripley Monday afternoon. He was struck in the forehead by a large crane which was being moved over the tracks. A deep gash was cut in his head and he is now in a critical condition.

A. J. Snell wanted to attend a party, but was afraid to do so on account of pains in his stomach, which he feared would grow worse. He says, "I was telling my troubles to a lady friend, who said: 'Chamberlain's Colic, Cholera and Diarrhoea Remedy will put you in condition for the party.' I bought a bottle and take pleasure in stating that two doses cured me and enabled me to have a good time at the party." Mr. Snell is a resident of Summit Hill, N. Y. The remedy is for sale by the Stafford Drug Co.

Every family should have its household medicine chest—and the first bottle in it should be Dr. Wood's Norway Pine Syrup. Nature's remedy for coughs and colds.

CONCERT A SUCCESS.

Calumet & Hecla Band Attracts Large Crowd at Houghton.

The concert given by the Calumet & Hecla band at the armory, Houghton, last evening was very largely attended by music loving people of Houghton, Hancock and Calumet. A good sized delegation from the latter place came to Houghton over the Mineral Range road on a special provided for their accommodation. The entertainment was highly successful and was heartily appreciated by those present, the program being up to the usual standard. Company G, under whose auspices the concert was given, realized a handsome sum.

GOOD SERVICE GIVEN.

Two special trains were run over the Mineral Range system last evening. One was from points on the Hancock & Calumet road to Calumet for the production of "Peg Woffington" at the Calumet theatre, and the other was from Calumet to Houghton for the Calumet & Hecla band concert at the armory. Excellent service is being given by the Mineral Range in this respect.

PROSTRATED BY SHOCK.

Mrs. Charles Armstrong, wife of Officer Armstrong, of Houghton, who was stabbed by a prisoner at the door of the county jail two weeks ago, was reported very ill yesterday. She is suffering from nervous prostration brought on by the shock caused by the injury to her husband.

NOTES OF COPPER MINING NEWS.

Calumet & Hecla touched its lowest point in several years Tuesday morning when it dropped to \$8.80. The lowest in 1890 was \$9.35; the highest \$8.85. In the Red Jacket shaft of the Calumet & Hecla the guide timbers which were destroyed by the falline cages have been replaced by new timber. The hoisting of rock will be resumed from the two compartments that were damaged as soon as the damaged cages and cable are taken from the bottom of the shaft.

The new Baltic mill was operated for several hours on Tuesday for the first time, one head being tested. The trial was satisfactory, all of the machinery being found to work perfectly. The mill will soon start regular production. A few adjustments in the machinery will be made before the time for the regular work of stamping Baltic rock.

John Stanton says: I have no idea as to the motives which actuated the United Metals Selling company in cutting copper prices. I believe that the reduction, however, will encourage foreign consumption. The visible supply in Europe is 100,000 tons less than at this time a year ago. Of course, the independent producers will be obliged to meet the cut. Another prominent copper interest says: I believe that the cut in copper prices will have the effect of curtailing the copper output of the United States by 30,000,000 pounds annually. Many mines recently started because of the high prices of copper must now shut down.

Tuesday was a bad day for a number of the Houghton speculators in "coppers" and it is reported that several who had stock on margin, and who were unable to put up more, were sold out. Losses amounting to several hundred thousand dollars resulted. It is believed the bottom has not been reached yet in some of the stocks and prospective buyers are waiting for a decided reaction. A big pile of money has been lost in copperdom during the great slump and it is having its effect in some lines of business. Merchants are complaining and say that business is not near as brisk as it has been in other years at this time.

At the annual meeting of the Old Colony Copper Co., a statement was submitted to stockholders showing a balance of cash on hand Oct. 1, 1901, of \$86,667, which compares with \$105,042 Oct. 1, 1900. President Fay in his report says: "The diamond drill which was started about 1,600 feet from the western boundary of the property has covered a distance of nearly 1,400 feet. This has cut several favorable lodes, one of which—an amygdaloid—showed cores which promise much for its commercial value and to explore which we are now sinking vertical shafts. A crosscut will be started this week from the bottom of this shaft and we ought soon to be able to announce that the lode has been reached."

The New York Times says: It is generally understood that the cut in price of copper means that whatever negotiations were on between the Amalgamated Copper company and the Ho-

We Invite the Attention

of the public to our new and greatly improved restaurant service.

BOARD OF TRADE CAFE,

HOUGHTON, MICH.

Tinto and Rothschild interests for the maintenance of prices and the curtailment of production are at an end temporarily. The prices made by the Amalgamated company, it is understood, are to meet those of any of the independent companies, Calumet & Hecla particularly, and it is said that the Amalgamated company will cut just as fast and as hard as any other company cares to, and will meet any cut any company will make, no matter what it is. It prosages a war of prices unless some newer and more pacific terms are made between the parties interested.

The report published last long ago to the effect that the Phoenix people would build a stamp mill of their own and not lease the Arnold mill now seems to be correct. The company has let a contract for a railroad to be built from the mine to a mill site on Eagle river, about three miles, to John Kinetic of Houghton. Work on the new road will commence at once and as much as possible will be done this winter. The work will be completed about the middle of next summer and the cost will be about \$25,000. It is said the Phoenix will purchase the present Wolverine mill and remove it to the Eagle river site. The mill is already a producer of heavy copper, which more than pays the expenses of operation, and about next August will begin the treatment of stamp rock. The Phoenix is a Stanton proposition.

The street is puzzled to figure out just where Amalgamated has benefited itself by its paring of the copper selling price after its long and loudly proclaimed intention of maintaining copper at 17 cents. Ordinary business sagacity would have seemed to have dictated a cut that was a cut, once the light of day had penetrated the Amalgamated gray matter to the extent of forcing a realization that its 17-cent copper market was little else than a castle in the air. It would seem as though after holding the umbrella over the market for some weeks, it had simply taken a reef in said umbrella instead of shutting it up altogether. It's hard to see just why the consumer should rush in and load himself up with copper at the first signs of weakening on the part of Amalgamated. The more natural course would apparently be along waiting until the collapse. One brick is out of the Amalgamated 17-cent wall, why should not enough more be pried out to permit of a sizeable opening? If the Amalgamated people hope to scare the other fellows into an agreement by this cut, they must think the other fellows are easily scared. The latest move is by no means the most easily understood.—Boston Traveler.

The Copper Bugaboo. The Engineering and Mining Journal is a conservative publication, and also a very well informed one concerning the metal trade. In its last number it has a long article discussing the alleged enormous accumulation of copper which has been used with such effect to pound the values of the shares of the best of the copper properties.

"We are still of the opinion, which we have heretofore expressed, that the very large consumption of copper in this country during the present year has gone far to make up for the light demand in Europe, and that the unsold accumulations of the metal are far smaller than the 'bears' on Amalgamated stock would have us believe. The existence of any surplus at all is, however, a disturbing element, and must have an unfavorable effect. "Just how the present situation will work out it is difficult to tell. While

there has been little or no increase in copper production during the present year it is apparently somewhat in excess of the consumption, a condition which naturally lends itself to lower prices. A forced reduction of output is a slow process, and is virtually impossible as long as there are important independent producers who will not join in such a movement. This now seems to be certain, and is an element not to be neglected."

SAW DEATH NEAR. "It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with Consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It is absolutely guaranteed for Coughs, Colds, Bronchitis, Asthma and all Throat and Lung diseases. 50c and \$1.00 at Stafford's. Trial bottles free.

C. W. Lynch, Winchester, Ind., writes: "I owe the life of my boy to Foley's Honey and Tar. He had membranous croup, and the first dose gave him relief. We continued its use and it soon brought him out of danger." The People's Drug Store.

A cold, cough or a gripe can be "ripped in the bud, with a dose or two of Foley's Honey and Tar. Beware of substitutes. The People's Drug Store.

Hibbard, General Passenger Agent, Marquette, Mich. (12-10-25)

LAKE SUPERIOR IRON AND METAL CO. DEALERS IN: Iron, Metals, Belting, Second-Hand Machinery, Cars, Locomotives, Railway Supplies. YARD AT OLD SMELTING WORKS, HANCOCK, MICH. A. GREEN, Manager. (12-15-01) Phone 37

THE LAST CHANCE! TOMORROW, SATURDAY, Is positively the last chance to out-of-town customers to get a FREE RIDE to our store. We have paid some fares and are willing to pay more, but positively none will be paid after tomorrow. So avail yourself of this opportunity and come a running to MILLER'S BIG DEPARTMENT STORE, where you can buy more for your money than you can elsewhere. MILLER'S BIG DEPARTMENT STORE, HOUGHTON MICH.

FOR HOLIDAY RECESS

BOTH HOUSES OF CONGRESS ADJOURN UNTIL JAN. 6.

PHILIPPINE BILL IN SENATE

TARIFF MEASURE IS REFERRED TO COMMITTEE.

Bill Introduced for Reviving Grade of Vice Admiral and Promoting Admirals Sampson and Schley and Capt. Clark to That Rank.

Washington, Dec. 19.—After brief interesting sessions today both houses of congress adjourned until Jan. 6.

In the senate the Philippine tariff bill, passed by the house yesterday, was referred to the committee on the Philippines. The following bills were introduced:

By Senator Hanna, granting a pension of \$5,000 a year to Mrs. McKinley; by Senator Penrose, reviving the grade of vice admiral of the navy and promoting Admirals Sampson and Schley and Captain Clark to that rank.

Some odds and ends of business were disposed of in the house.

Representative Pearce of Maryland introduced a bill similar to the one reported by Senator Penrose. As Representative Pearce represents the district from which Admiral Schley comes the proposition to unite Sampson and Schley and Clark in an advancement to the rank of vice admiral is regarded as a conciliatory step.

Before the house adjourned over the holiday recess a special order was made for the consideration of the Nicaragua canal bill, beginning on Tuesday, Jan. 7, and continuing until the bill is disposed of, the order not, however, to interfere with the revenue or appropriation bills. The session of the house was brief, the major portion of the time being occupied by Representative Deardorff of Missouri in making a personal explanation regarding the reports circulated in his district concerning his course in the matter of the extension of rural free delivery.

A bill was introduced in the senate today by Senator Mitchell fixing two dollars as the maximum rate of wages to be paid women in the of the government.

IN THE PRIZE RING.

Kansas City, Dec. 19.—Clarence Forster and Jack O'Keefe of Chicago sparred twenty rounds to a draw tonight.

New London, Conn., Dec. 19.—Austin Rice of this city got a decision over George Dixon in twenty rounds here tonight.

Baltimore, Dec. 19.—George Dixon, former featherweight champion, and "Joe" Tipman, of this city, were matched to box twenty rounds before the Knickerbocker Athletic club of this city Dec. 30.

Grand Rapids, Mich., Dec. 19.—"Kid" Goulette of Rochester, N. Y., and Joe Leonard of Buffalo fought nine rounds here tonight. The "Kid" was all but out when the bout was stopped by the police.

Chicago, Dec. 19.—Harry Forbes knocked out Billy Beckford in the first round of a six-round contest tonight. Forbes had all the best of the fighting while it lasted.

TO STOP PRIZE FIGHTING.

Buffalo, Dec. 19.—Chief Griffin, of the Ontario police, went to Niagara Falls, Ont., today and laid information before the police magistrate against J. Herman of Buffalo, the allegation being that he promoted the prize fight between Joe Walcott and James Ferns at Fort Erie Wednesday evening. The crown will try to prove that alleged boxing bouts are prize fights and contrary to the laws of the province. The holding of future bouts in the arena across the river will depend upon this test case.

BURNS THROWS MOURA DOULAH.

Davenport, Ia., Dec. 19.—Mouradoulah, the "Terrible Turk No. 2," was wrestled to a standstill by Farmer Martin Burns tonight. The Turk attempted to throw four Iowa wrestlers, including Burns, in an hour. He disposed of John Voss of Davenport, Horace Carter and Dixon in eighteen minutes, but Burns wrestled with him the rest of the hour. The Turk was challenged by John J. Rooney of Chicago and was accepted.

KILLS HIS OWN WIFE.

Centerville, Tex., Dec. 19.—When the wife of L. T. Egan, a farmer living near here, objected to his shooting about her feet he shot her dead. He carefully laid her on the bed with the assistance of his children and then blew out his own brains.

Hard Colds

Hard colds nearly always lead to something serious. They run into chronic bronchitis, pneumonia, consumption. Doctors know this. That's why they so generally approve of Ayer's Cherry Pectoral. They tell us they cannot prescribe anything that cures coughs so quickly.

"Ayer's Cherry Pectoral cured my daughter of a very bad cough after we had tried about everything else without relief."—E. B. Davis, Providence, R. I. J. C. AYER CO., Lowell, Mass.

A LITTLE BIG WASTE.

DISTINGUISH between economy and wisdom. Sitting at home to save shoe-leather is economy, but it is scarcely wisdom. In the same way, doing without Ivory Soap is economy but it isn't wise; your risks are greater than all possible saving. Every cheap soap contains free alkali. Now, free alkali will eat its way through the new oil cloth on the kitchen floor. Imagine, then, what it will do in a single Monday's washing! Is such economy wise?

PROFIT IN AMALGAMATED.

Directors of Company Declare a Dividend of One Per Cent.

New York, Dec. 19.—The directors of the Amalgamated Copper company declared a quarterly dividend of one per cent today. The last quarterly dividend, declared in September, was 1%.

The directors issued a lengthy statement reviewing the market conditions of the past year and ascribing the decline to the falling off in the foreign demand and consumption. In closing the statement they declare that the future prosperity of the copper business depends largely upon such a revival of foreign trade as will bring the total consumption of copper nearer to the production than is the case at the present.

A further reduction of one cent in the price of copper was announced by the United Metals Selling company, the selling agent of the Amalgamated Copper company, today. The total reduction from the price long held by the Amalgamated is now about four cents on all grades.

NEW YORK STOCK MARKET.

New York, Dec. 19.—Amalgamated Copper almost broke stock exchange records for the erratic character of its fluctuations today. So great was the uncertainty over the action to be taken by the directors at the dividend, and the consequent effect on the general market, that dealings in other stocks than Amalgamated Copper were practically suspended.

The stock broke several times during the morning, going down immediately after the opening to 63%, which wiped out the sudden gain at the close yesterday. From that point it began an irregular recovery, with frequent halts and reactions. The story got aloft that the full 1 1/2 per cent dividend was to be declared. The stock touched 69% before the directors had assembled at the dividend meeting. It was only a few minutes after the hour of assembling when the price slumped to 64% under the torrent of offers. The rebound was to 67% and the price closed with a net loss of 5%.

The action on the dividend had not been announced when the market closed. The undertone of the general market was firm, but there were sharp declines in several of the leading stocks when the cut in the price of copper was announced, and also when Amalgamated Copper commenced its wild movement in the last half hour.

Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Table listing stock prices for various companies like Wabash, N.Y. Cent., Southern Ry., etc.

A new lot of the celebrated Centemeri kid gloves for the holiday season has just arrived at Van Alstyne's (exclusive agents). (12-16-1w)

Editor Lynch of "Daily Post" Phillipsburg, N. J., has tested the merits of Foley's Honey and Tar with this result: "I have used a great many patent remedies in my family for coughs and colds and I can honestly say your Honey and Tar is the best thing of the kind I have ever used and I cannot say too much in praise of it." The People's Drug Store.

PRESENTS TO CUSTOMERS. On New Year's day I will give the following prizes to my customers: First prize, a \$10 mouscham pipe; second prize, a \$4.50 amber cigar holder; third prize, box of \$4 cigars; fourth prize, a \$3.75 briar pipe; fifth prize, a five-pound box of candy, valued at \$3. One ticket free with each ten-cent purchase. (11-15-1f) FRED DONCKERS.

INFORMATION WANTED.

The manufacturers of Banner Salve having always believed that no doctor or medicine can cure in every case, but never having heard where Banner Salve failed to cure ulcers, sores, tetter, eczema, or piles, as a matter of curiosity would like to know if there are such cases. If so they will gladly refund the money. The People's Drug Store.

OLD BROCTON WINE. Can be procured at Stafford Drug Co.'s store. (10-19-1f)

SHOWS NO CHANGE

ARGENTINA-CHILIAN DIFFICULTY STILL UNSETTLED.

PROSPECTS OF TROUBLE AHEAD

CHILI MUST RENOUNCE BELLIGERENT ATTITUDE.

Captain of Argentine School Ship Ordered Home From Gibraltar—Vessel to Prepare for Important Mission.

Buenos Ayres, (via Galveston), Dec. 19.—There is no change in the international situation.

The Tribune says that in order to effect a re-establishment of tranquility between Argentina and Chili the latter must renounce her belligerent attitude.

A patriotic league has been inaugurated here. A meeting of the league was held today when the president, Anisio Zaballo, made a brilliant speech on the present status of the international difficulty.

A cablegram has been received from the consul of the Argentine republic at Gibraltar to the effect that the Argentine school ship, Presidente Sarmiento, had arrived there. The consul says that he handed the captain a telegram from the Argentine minister of marine ordering him to embark tomorrow on board the Italian steamer Sirio for Buenos Ayres. The other officers of school ship, all the apprentices on board and 150 of her crew are ordered to take the Presidente Sarmiento to La Spezia, Italy, and there overhaul her, since she is soon to be sent upon an important mission.

The Tempo, although pretending that the fleet of Argentina is superior to that of Chili, insists upon the purchase of other cruisers by Argentina.

SPARKS FROM THE WIRES.

Camden, N. J., Friday, Dec. 20.—At 2:30 this morning Senator Sewell is very low.

New York, Dec. 19.—Arbuckle Brothers reduced the price of refined sugar five points today.

Columbus, O., Dec. 19.—James H. Gifford, prominent in the baseball world, died today of Bright's disease.

Guthrie, Okla., Dec. 19.—As a result of the intense cold and blizzard stockmen figure a ten per cent loss in cattle.

Guthrie, Okla., Dec. 19.—Cherokee Indians are reported starving in the hills near Tahlequah as a result of the loss of their crops and the blizzard.

New York, Dec. 19.—The Colonial Brewing company of this city made an assignment today. It was incorporated in 1897 with a capital of \$1,000,000.

Peoria, Ill., Dec. 19.—J. P. Baur, superintendent of the local cheese plant, today announced that the plant would begin operations on the 26th inst. with a full force of 1,200 men.

Peoria, Ill., Dec. 19.—Henry B. Steward, senior member of Steward & Merriam, operating the largest oat meal mill in the state, died today at Tucson, Ariz., of heart failure, aged fifty-nine.

Baltimore, Dec. 19.—The Rialto-mas building burned at 2 o'clock this morning. The loss is \$210,000, fully insured. The heaviest sufferers are Coblenz, Gahn & Co. and Joseph Riddlemoser.

Minneapolis, Dec. 19.—At the annual football banquet this evening John Flynn, who played right guard this year, was elected captain of the Minnesota football team for 1902. Dr. Henry L. Williams will be coach.

Jeffersonville, Ind., Dec. 19.—The 2,500 men employed by the American C & F company are nearly all idle because of the cold weather. The steam pipes all over the plant were frozen several days and the men cannot work on account of the frigid temperature.

Washington, Dec. 19.—The secretary of war today notified General Chaffee that the short term soldiers in his command hereafter will be held in the service until their arrival at San Francisco, where they will be discharged as rapidly as their accounts can be made out.

New York, Dec. 19.—The Broadway Tabernacle church property, Sixth avenue and Third, fourth streets, was sold today for \$1,300,000. Adjoining property was also sold. It is announced that a twenty story hotel building will be erected on the site to cost \$3,000,000.

New York, Dec. 19.—A contract amounting to \$750,000 has been placed in this city for the electrical equipment of the first electric traction system in Tokyo, Japan. The line will cover the principal streets of Tokyo and it is expected it will be in operation early in 1903.

Burlington, Ia., Dec. 19.—Robert Moir, Sr., aged seventy-seven, a well known banker of Oquawka, Ill., died at the home of his daughter, Mrs. George Trucey, here today. His wealth is computed at \$1,000,000. He is widely known in business circles in western Illinois.

Colon, Colombia, (via Galveston), Dec. 19.—Conservative General Castro and his staff returned to Panama from Penonome this morning. They saw no insurgents in that direction, the latter having fled. General Castro reports the insurgents have established their headquarters on La Negrita mountain, near Penonome. The government will send reinforcements and cannon to surround and capture them.

"I suffered such pain from cuts I could hardly walk," writes H. Robinson, Hillsborough, Ills., "but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by Stafford. 25c.

"SAYS HE WAS TORTURED." "I suffered such pain from cuts I could hardly walk," writes H. Robinson, Hillsborough, Ills., "but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by Stafford. 25c.

Van Alstyne's are showing an unequalled assortment of silk vests and silk petticoats, an acceptably Christ-mas present. (12-16-1w)

REMEDY FOR TROUBLE.

P. M. Arthur Says Labor and Capital Should Apply Golden Rule.

Cleveland, Dec. 19.—P. M. Arthur, grand chief of the Brotherhood of Locomotive Engineers, when asked tonight what he thought would be the effect on strikes of the labor conference in New York City said:

"I have very little to say in regard to the conference. I want to wait and see what they do before I express an opinion. The principle of arbitration on which their plan is based is all right. I have always been an advocate of arbitration. Whether this attempt to apply it succeeds or not will depend altogether on the kind of men who are chosen to hold the decisive votes.

"The idea of bringing employer and employe together is a good one. I have always believed the two should get closer. The best remedy for trouble is an honest application of the golden rule on both sides."

EIGHT WERE DROWNED.

Charleston, W. Va., Dec. 19.—The steamer Kanawha Bell went over lock No. 3 at Pant Creek on her trip tonight, broke in two and is a total wreck. Eight of the crew of deck hands and roustabouts were drowned.

PAYNE WILL NOT TALK.

New Postmaster General Declines to Be Interviewed As to Policy.

Milwaukee, Dec. 19.—Henry C. Payne, the newly appointed postmaster general, arrived from the East tonight. He declined to be interviewed as to his policy as postmaster general. He denied the story that he was to succeed Senator Hanna as the head of the Republican national committee. Since his appointment he has received scores of congratulatory telegrams from all over the country. He expects to return to Washington early in January.

BLOW TO SLOT MACHINES.

Omaha, Dec. 19.—The grand jury today voted true bills against 148 business men and others for keeping and maintaining gambling devices. The indictments are based on slot machines, and include prominent hotels, two political clubs, a score of druggists, and over 100 cigar stores and saloons.

Makes assimilation perfect, healthy blood, firm muscles, strong nerves. Quickens the brain, makes and keeps you well. Great medicine, Rocky Mountain Tea. 35c. The Stafford Drug Co.

MUCH WANTED OUTLAW.

Sam Roper Said to Be Member of Famous Bill Cook Gang.

Guthrie, Okla., Dec. 19.—Indian territory officials identify Sam Roper, who escaped recently from Arkansas after murdering the sheriff, as a member of the Bill Cook gang of outlaws that terrorized the border in the early 90's. This is the first heard of Roper in ten years. He is wanted in various places in Oklahoma, Indian Territory and Kansas.

A GOOD COUGH MEDICINE.

[From the Gazette, Toowoomba, Australia.] I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. Woelker. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Woelker. This remedy is sold by the Stafford Drug Co.

Several dollars worth of fine furs are on display at Van Alstyne's from which you can make a selection for Christmas. (12-16-1w)

COPPER DOWN TO THIRTEEN.

Price of the Metal Still Further Cut-
Amalgamated Dividend: Per Cent.

The first cut in the selling price of copper was quickly followed by a second, which brought the figure down to fourteen, and yesterday by the third, reducing it to thirteen for Lake. A singular circumstance was yesterday had no marked effect on the quotations on copper shares. Indeed Amalgamated advanced sharply after the cut was announced, which caused an observer of the board at one of the broker's offices to remark that a general assessment should now be declared on the shares of all the listed companies it would probably send them up several points.

Summary of Day's Trading.

Paine, Webber & Co., in its daily market letter, yesterday afternoon said that the copper market was bought steadily all day in the face of a decrease in the price of the metal to 13 cents per pound. There were several different rumors concerning the action that would be taken on the Amalgamated dividend and these were seemingly responsible for the sharp fluctuations in the stock. The home coppers were in better tone and the buying was of the best. Gay bought a lot of Copper Range and Hayden, Stone & Co. took a thousand shares of Baltic. Lawson is out with a bulletin in which he intimates that the cuts in the price of copper have been for the purpose of catching Heinze. Hayden, Stone & Co. wired the Laidley Commission company: "We believe, as we stated the other day, that Amalgamated's fluctuations will be entirely independent of trade indications. But one thing is sure-while the strength in Amalgamated may cause a little speculative buying of the local list, yet the low price of the metal is going to seriously hurt most of them and we do not believe in buying much or many of them yet. Hold off awhile-there is no danger of a big rise in Utah and United States Mining, also Mohawk, are very well bought at these prices. The market in Trinity is entirely artificial."

Market Gossip.

After the close of the markets, it was announced the Amalgamated directors had declared a quarterly dividend of 1 per cent-equivalent to \$4 per year-instead of the usual quarterly dividend of 1 1/2 per cent. It had been the expectation locally, in view of the action of the stock latterly, that the dividend would be passed altogether.

Walker Bros., telegraphing from New York, said: "The market today, with the exception of Amalgamated, was a case of little doing. The prices were well held up and at times showed some strength. Amalgamated after advancing on short covering to 69 made a sharp break on the close. The strength in the dividend. It rallied somewhat, but was very excited in the absence of news. People's Gas was well taken. The close was barely steady and in a rather nervous state and with every eye waiting for definite news about Amalgamated."

During the day the New York News Bureau said: "The strength of Amalgamated is due to a report the company will declare a dividend either of 6 per cent entirely in scrip, or such proportion of the dividend funds as may now be legally tied up in scrip and the balance in cash."

Another Wall street bulletin said: "The general impression seems to be that if Amalgamated pays at the rate of 6 per cent in scrip, the stock will go somewhere between 70 and 75, and if only at the rate of 4 per cent, in cash, the present price is discounted. If anything less than this, and the stock should sell lower than it has sold yet."

Chicago Wheat and Corn.

Paine, Webber & Co.'s Chicago correspondent said of the grain markets: "What closed about the same as yesterday. The market was generally very slow. While there is a fair volume of outside trade, the local operations are relatively important and the market has the support of some good local buying. The local is, however, a heavy one and is increasing. The market is not going the encouragement of the export grain that it has had and which has been an important factor. Some of the mills in Minneapolis have been shut down and further closing is likely. While this is attributed partly to the scarcity of cars, we think there is no doubt it is mainly due to a renewed demand for flour and increasing stocks. We still think without something to materially stimulate speculative buying, the tendency of the market is lower and that wheat should be sold on the strong side."

The corn market acts tired. There is no change in the cash situation, except the demand is slow and local speculative buying has so far been able to rally the market from the breaks. Each rally, however, seems to show less vitality and the only net is to force in a few shorts. As we have repeatedly said, our judgment corn is too high for a conservative commission man to advise its purchase."

GIVING OUT.

The Struggle Discourages Many a Citizen of Marquette.

Around all day with an aching back. Can't rest at night. Enough to make anyone "give out." Don's Kidney Pills will give renewed life.

They will cure the backache; Cure every kidney ail Here is Marquette's proof that this is so:

Mr. Charles Par of 118 East Jackson street, Foreman, Pickett, says: "I was bothered a good deal for a long time with backache often very severe. I let it go for a time thinking it would wear off but instead it became more persistent. I then began to look for some remedy to give me relief and seeing Don's Kidney Pills, so highly recommended, I procured a box at the Stafford Drug Co. and began using them. I had taken but a few doses when I felt the pains were leaving me. Since I finished the treatment I have had no indications of a return of the trouble."

For sale by all dealers. Price 50 cents. As we have repeatedly said, our judgment corn is too high for a conservative commission man to advise its purchase."

FIVE HUNDRED AT BANQUET.

Kansas City Commemorates Signing of John Jay Treaty.

Kansas City, Dec. 19.-Five hundred people sat down tonight at the seventh annual banquet of the Commercial club, Kansas City, in commemoration of the signing of the John Jay Treaty. It was the most elaborate spread in the history of the club, and one of the biggest ever held in the city.

The guests were Wu Ting Fang, the Chinese minister; General Arthur MacArthur; Hon. John M. Allen, representative from Mississippi, and F. W. Lehman of St. Louis.

Toasts were responded to as follows: "Trade Relations with China," Wu Ting Fang; "The United States Army," General Arthur MacArthur; "The Louisiana Purchase," F. W. Lehman; "The Old Flag and the New," Hon. John M. Allen.

SCIENTIFIC MEETING ADJOURNED.

Chicago, Dec. 19.-The Western Surgical and Gynecological association, which has been in session here for the last two days, adjourned tonight after selecting St. Joseph, Mo., as the next place of meeting. The officers elected were:

President, Dr. J. E. Moore, Minneapolis; first vice president, Dr. J. R. Hollowish, Rock Island; second vice president, Dr. Wm. Grant, Denver; secretary and treasurer, Dr. Geo. H. Simmons, Chicago.

IRISH LEAGUE MEETS.

New York, Dec. 19.-The provisional executive committee of the United Irish League of America held its first meeting today. John P. Finerty of Chicago, president of the league, presided. A constitution and by-laws, based on the laws of the old land league, were adopted. Arrangements were made to organize the country in support of the Irish leaders and the United Irish League of Ireland. An address to the people was prepared and issued tonight.

The Ladies' Benevolent society of Iron Mountain will give a charity ball on the 27th, from which a big sum is expected to be realized.

Upper Peninsula.

So far this year the Menominee fire department has made sixty-five runs since the first of last March.

It is likely that the Iron Mountain militia company will be disbanded, the interest taken by the members being decidedly on the wane.

The saw mill belonging to M. B. Harris at Delonghary, near Escanaba, has been destroyed by fire. The loss was \$10,000 and there is no insurance.

It is announced at Menominee that the burned Gaylord club house at Coleman lake will be rebuilt much finer than ever before at a cost of \$8,000. The club numbers about seventy members, mostly wealthy people of Chicago.

Village President Sullivan of Munising has returned from a trip to Toronto, Ontario, and other cities. He went to interview capitalists relative to the establishment of industries at Munising, and it is hinted his mission will bear fruit.

By this time the postoffice authorities have received a petition with 186 names asking that a post office be established at Shingleton, Alger county, where there seems to be need for one. It is expected that the petition will be acted on favorably.

It has been discovered by the Iron Mountain board of education that the Carnegie library building will cost several thousand dollars more than the architect estimated, and the generous Scotchman will be appealed to for an additional donation.

The Nagle Tie company of Chicago has leased 500 feet of the K. C. company's dock at Menominee, and will start a cedar yard at that place next spring. The company will handle cedar ties, poles, posts, etc. It cannot commence business until the river opens up in the spring, as the logs will be floated down the stream.

The Michigan Oil & Improvement company is busy engaged in sinking a well on its property near Rapid River, in the hope of striking oil or a body of asphalt. The well is now down over a hundred feet and the company expects to reach a depth of 2,500 feet by Feb. 1. The people living at Rapid River are very confident that either oil or asphalt exists there.

The Spencer exploration at Norway is showing up very well. The shaft is now down about 125 feet and a richer grade of ore has been discovered. The last strike was of a nice quality, soft Bessemer ore running twelve to fourteen feet in depth, and indications are that will prove a paying one. Considerable new machinery has been ordered and the work of development is being pushed.

At the meeting of the citizens' committee and the officials of the electric lighting company at Iron Mountain, an agreement satisfactory to the committee was arrived at. The company will retain the flat rate at its present figure, instead of increasing it as announced, but where the lights are burned all night it will put in meters and the consumers will pay accordingly. The meter rate, however, will be decreased 25 per cent from the schedule adopted on Dec. 1.

The Wisconsin & Michigan road has definitely decided to extend its lines to Vulean next summer without fail. Six miles of the road-bed are already graded and the work will be rushed in the spring. By doing this it will have access to a large ore trade from Vulean. The ultimate object is to extend the line to Quinnessee, where the mines of the Illinois Steel company are situated. When this is done the Wisconsin & Michigan company can haul the ore direct to Chicago to the great mills of the steel company.

There is trouble in the air and some excitement in Grand Marais over the alleged severe whipping which is claimed Principal Briggs of the Grand Marais schools administered to the son of Amos Mitchell, president of the school board in that town. It is

M. R. MANHARD,
HARDWARE, = = = FRONT STREET.

claimed the boy's mother took him before the school board and exhibited some ugly bruises which were caused by blows inflicted by the strong hand of Mr. Briggs. It is said the school board is back of the charges which are made against the principal.

Truant Officer BeDell, who has been reappointed by the Menominee board of education, means business. He is out with a statement in which he says that after the holidays the new parochial school will be opened with a full complement of teachers under the control of the board and there will be no excuse for non-attendance of any enrolled pupils in the city of lawful age. A large number of idle children have been frequenting the streets, alleys and docks. Others are being employed in the various factories contrary to the law in such cases made and provided. The truant officer notices not only the children but their parents and guardians at the beginning of the new year they must prepare themselves to take up their studies again and report to Superintendent Hopkins for assignment to place and classes, and he also notifies all dealers in tobacco and smoking articles that any violation of the law relative to the sale of such to the children will meet with instant prosecution.

F. H. Clergue has put a quietus to the Soo ship-yard and other like rumore by the issuance of the following statement: "Editor News-Record: It is my duty to inform you that your reporter has been grossly imposed upon in respect to shipbuilding at Sault Ste. Marie as reported in your issue of the 12th. No plans for such an establishment have been made nor had Sir Christopher Furness' visit to Sault Ste. Marie any connection with the order for twelve ships which he is said to have taken back to England. Sir Christopher Furness has no connection with the steel plant or the tube works at Sault Ste. Marie. The visit of this distinguished gentleman to Sault Ste. Marie was only an incident in a comprehensive tour of the industrial centres of the United States and Canada. He has been extremely cordial and appreciative in declaring favorable opinions resulting in his visit to the Soo and with all other citizens I should be most happy if this successful manufacturer could be persuaded to transfer a small part of his energies here. The opportunities afforded at the Sault for shipbuilding were discussed at the time of his visit but no plans whatever were adopted. Sir Christopher was certainly misquoted in New York respecting his alleged plans at Sault Ste. Marie and the undisputed authority who supplied your reporter with the extravagant story in your issue of the 12th has done his best to make a mountain out of a mole hill. Other occupation prevents my denial of the frequent erroneous statements regarding our undertakings which occur in public print but I cannot allow this alleged authoritative misstatement to go abroad without this prompt contradiction which I ask you to publish."

Our Holiday packings of CIGARS from the most reliable makers will interest those who desire to make a gift of Cigars. We have the stock that will give discriminating purchasers what they wish.

Ishpe-ming and its Environs.

DESERTED HIS WIFE.
Oscar Isomaki Was Brought Into Court on the Charge of Non-Support.

Oscar Isomaki married a girl at Iron Mountain early last July. Soon after their union he deserted her and not until yesterday did she succeed in bringing him back to her household. Oscar came direct to Ishpe-ming, leaving the woman at Iron Mountain. After a few weeks had passed she learned of his whereabouts, but did not at first exert herself to have him punished. She moved from Iron Mountain to Negaunee, where she has resided ever since.
The deserted bride had a few interviews with Oscar but he refused to have anything more to do with her. She tried to coax him back, but without success. She asked him for a part of his earnings that she might live without seeking aid from the county, but he would not agree to a proposition of that sort. Isomaki boarded with Sam Eason at the Barrum location, but his wife was not invited to go there and live with him.
On Wednesday she came to the conclusion that Oscar must be forced to support her, otherwise she might go cold and hungry for the winter. A warrant was sworn out by the wife and the man was lodged in the city jail. After spending twelve or fifteen hours there he was very glad to compromise with the almost heart-broken woman. Both appeared in Justice Kennedy's court yesterday afternoon, and Isomaki agreed to go to Negaunee and live with his wife until such time as he can find a house in Ishpe-ming. He made a most binding promise that he will support the woman and treat her as a wife should be treated hereafter.
The pair left the court feeling quite happy, and so far as could be judged they will get along very well together.

TONIGHT'S PROGRAM.
Following is the program that will be rendered this evening at St. John's church fair:
PART I.
Instrumental Selection.....
Miss Nellie Kennedy.

Miss Anderson.
Recitation, "The Song of the Camp".....
P. J. McGinty.
Selection.....
The Hognans.
Instrumental Selection.....
Miss Maggie Cronin.

CHURCH BAZAAR MONDAY.
The ladies of the Methodist church of the Winthrop location, who have been for some time past preparing for a bazaar, have decided on the date when it will be held, which will be Monday evening next. The function will take place at the school house and it is expected that it will be generously patronized. The ladies have got together a large assortment of useful and fancy articles that will be sold at very reasonable prices. All the things offered for sale will be particularly suited for Christmas gifts and in view of this it is expected that they will sell readily.

SCHOOLS CLOSE TODAY.
The schools of the city will close today for the holiday vacation of two weeks. There will be exercises in most of the grade departments and in the kindergartens there will be trees loaded with presents for the little ones. The high school pupils will not give a program.
Most of the teachers whose homes are out of the city will go away for their vacation. Some will leave this evening and the balance tomorrow or Sunday.

MINER SERIOUSLY INJURED.
Samuel Perkins, a well known miner of Champion, was seriously, and perhaps fatally, injured yesterday morning at the Champion mine. He was working in a shaft and a piece of ore fell from the bucket as it was being hoisted to the pocket above and struck him on the head, causing a bad fracture of the skull. Up to a late hour last evening Perkins had not regained consciousness and it was reported that there is very little chance of his recovery.

IS DOING WELL.
Emil Johnson, the young man who had his feet frozen while lost in the woods out from Negaunee last Sunday and Monday, during the ten to twenty below zero weather, is getting along very nicely at the Ishpe-ming hospital. His feet are in a bad way, but the physicians are now hopeful that it will not be necessary to amputate any part of them. Johnson will be confined to the hospital for some time.

H. T. McIntyre, St. Paul, Minn., who has been troubled with a disordered stomach, says, "Chamberlain's Stomach and Liver Tablets do me more good than anything I have ever taken." For sale by The Stafford Co.

Three thousand men wanted to unload carloads of bottles and jugs at P. H. Donahoe's. (12-19-11d.)

Group instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails. At any drug store.

LADIES' ATHLETIC CLUB.
Ishpe-ming Teachers and Others Will Organize One At a Near Date.

Several ladies of Ishpe-ming have for some time past manifested no little interest in athletics and not a few of them have expressed themselves favorable to the organization of an athletic club in which the membership will be confined to ladies.
The teachers in the public schools are very much in favor of the project and it is now proposed that the names of teachers and others who wish to join be secured. Dr. Sweetland has consented to instruct the ladies at stated intervals each week and Superintendent Mayne will do all he can to help the work along. Those who wish to become members of the club are requested to notify Mr. Mayne at the high school. It is understood that the club will be organized soon after Christmas and that the first instructions will be given just as soon thereafter as a suitable hall for that purpose can be secured.
There are in the neighborhood of sixty lady teachers in the schools and it is expected that nearly every one of these will join the club. The exercise they will receive will prove of much benefit to them. Besides the exercises will be pleasant and much enjoyment will be derived from them.
With nearly all the teachers holding membership it is expected that the list can be swelled to almost one hundred. It will be no small undertaking for Dr. Sweetland to instruct a class of that size, but he is satisfied to undertake it. It is intended to have basket ball, indoor baseball, club swinging, etc., among the exercises. The membership of the club would be large enough to permit of occasional contests being arranged. The ladies have no intention of giving public exhibitions or engaging in contests with teams in other cities.

ISHPEMING IN BRIEF.
Dr. Sweetland will leave tonight for points in the east.
P. H. Donahoe is advertising a line of fine bottled goods for the holidays.
Tony J. Bell has accepted a position with T. H. Dawson for the holidays.
W. J. O'Connor, traveling auditor of the Oliver Iron company, was in the city yesterday.
J. T. Nichols, the cigar man, is distributing some fine calendars among his customers.
Nels and Eldred Robbins are expected home Sunday or Monday to remain a couple of weeks.
Tilden township has purchased a new snow plow. It came from the manufacturers at Sheboygan.
William St. Clair, who is attending the Houghton College of Mines, will be home today for the holiday vacation.
Roy, the bright little son of Mr. and Mrs. A. J. Yungbluth, has been dangerously ill with pneumonia the past two days.
S. E. Elliott, engineer at the Ashland mine, spent Monday and Tuesday in the city. He returned home Tuesday night.
Douglas Anderson, who has been at Milwaukee for the past year, will be home Monday to remain until after Christmas.
Sam Apostle has had a Bell telephone placed in his store. He is receiving many large orders for candy of all kinds for the holidays.
Nelson P. Hulst and his chief clerk, Werner Presentine, did business here Wednesday. They came up in Mr. Hulst's private car.
Mrs. Samuel Byrne, Jr., was called here from Houghton on account of the serious illness of her mother, Mrs. Dan Sullivan, who is suffering with pneumonia.
A chimney fire broke out yesterday afternoon at Jos. Lavigne's saloon, corner of Pine and Pearl streets. An alarm was not sounded, as no serious damage could result.
In connection with their fair, the ladies of St. John's church will this evening serve from 5 to 7 o'clock an oyster supper. The charge will be twenty-five cents for each person.
Captain E. A. Anderson of the Ashland mine, on the Gogebic range, spent the early part of the week in Ishpe-ming looking over the Cleveland Cliffs Iron company's mines. He returned home Wednesday night.
The members of the Ishpe-ming City band are selling tickets for their benefit concert to be given at the Ishpe-ming Opera House on Thursday evening of next week. The reserved seat chart will be found at Tillson's after Monday next.
The program to be given at the Swedish Lutheran church Christmas afternoon, commencing at 5 o'clock, will be rendered in English. The admission will be ten cents for adults and five for children not belonging to the Sunday school classes.
Nye & Connor's repertoire company will hold the boards at the Ishpe-ming Opera House during the week commencing Dec. 20. The company has been playing other places in the upper peninsula to big houses during the past two or three months.
William Penglase, who has manufactured and sold the Superior furniture polish for some years past, yesterday sold the formula for the polish, together with the right to manufacture and sell it, to Rudolph Olson of Negaunee. The polish is one of the best of its kind on the market and the new owner will have no difficulty in making sales, as he is a hustler and is advertising his goods in the proper manner.

HALLO! HALLO!
Where are the crowds running? Water pipes burst? No, they are running to P. H. Donahoe's to get their bottles and jugs filled with that elegant liquor for Christmas. He sells it so cheap. (12-19-11d.)
For fine cider, ale and porter, call on P. H. Donahoe's. (12-19-11d.)

DOUBLE HEADERS.
Belated Trains Are Causing Railroad Men Many Hours Extra Work.

During the rough weather of the winter season it is not often that railroad men who run between Marquette county points and Milwaukee are heard saying that the storms in Wisconsin are more severe than those occurring in this section. Such has been the case, however, during the past few days. The storm here has been very mild compared with the one that has raged on the Wisconsin division of the Chicago & Northwestern line. The passenger trains on that line have been from one to three hours late every day for nearly a week past. All of the time is lost on the Wisconsin end of the system. As soon as the trainmen who make this division get hold of the trains they realize the lost time considerably before they reach their destination. Double headers have been quite the order the past few days. The afternoon passenger Wednesday came in with two engines attached and the morning passenger yesterday was pulled by two locomotives. It is said that there is at least a foot more snow thirty miles below Negaunee than there is here. On Wednesday it was necessary to send a snow plow down to open the line below Swan. It is reported that over a foot of snow came down there in unusually quick order. One of the conductors reported that the passenger train on the Munising road was stuck in the snow all Tuesday night.

The delay in the arrival of Northwestern trains has caused some of the South Shore trains to move behind schedule time. On Tuesday the early train to the copper country was held in Negaunee over two hours and yesterday it waited here about an hour. A couple of times when the South Shore did not wait for the ma it was followed by a special, the sleeper being also taken up on the special.

The Storm About Town.
On Wednesday everyone prepared for a genuine blizzard, but the fall of snow was lighter than was expected. At least a foot of snow fell, though this was not enough to interfere with business at the stores or work at the mines. The street car line was kept open all afternoon and evening and the cars were not delayed much. The sidewalk plow was out Wednesday morning and again yesterday morning. The walks were kept in good condition even while the storm was on. The storm kept Negaunee people home from the Catholic church fair at Ishpeming. A large number had planned to attend, but the weather was too severe for them to venture out.

COMPLETE ORCHESTRA ENGAGED.
The members of the Degree Team of the Modern Woodmen of America, who will manage the New Year's ball to be given on the last night of the year at McDonald's opera house, wish it known that the complete Trombley orchestra of seven pieces will furnish the music. The orchestra had planned to give a ball at Ishpeming that night, with the understanding that it would be divided, part playing here and the remainder in the Hematite City, but the dance at Ishpeming has been postponed until Monday, the 30th, so that all the leading members of the orchestra will play at the party here.

As there will be no party in Ishpeming on New Year's eve it can be assumed that there will be a good crowd over to the Woodmen's ball. Those coming from their own return home early next morning on the special train that will run up from Marquette bringing back those who attend the Brotherhood ball.

CUT RATES FOR HOLIDAYS.
Agent Johnson of the Chicago & Northwestern railway system announces that excursion tickets will be sold to Chicago, Milwaukee and other points during the holiday season. The rates will be one and one-third fare for the round trip and tickets will be on sale Dec. 23, 24, 25, 30, 31 and Jan. 1, with return limit until Jan. 3.

THE OLD RELIABLE PEERLESS SMOKING

NOT MADE BY A TRUST

Republic.

DWELLING DESTROYED.
Home of Mrs. Mary Readeau Consumed by Fire Last Saturday Night.

One of the worst conflagrations the firemen of Republic have ever had to fight occurred last Saturday night, when the home of Mrs. Mary Readeau was destroyed. The fire started from the furnace in the basement a little after 8 o'clock. Mrs. Readeau, her daughter, Mrs. Patrick White, and a neighbor, Mrs. A. Uberg, were sitting in the parlor talking. They noticed an unusual heat, which seemed to be coming through the floor. Mrs. Readeau went into the basement two or three times but failed to discover anything unusual. Finally it became so hot that the women could not endure it. Suddenly the flames broke through the floor near where they were sitting and in less than a minute the house was filled with smoke. The women did not take time to secure wraps but immediately ran out, giving the alarm.

The firemen responded promptly but the fire had started that it could not be controlled. The building and its contents were consumed. The fire had not only taken hold under the floor, but it had also crept between the studding and rafters on all sides of the building. It had evidently been burning some time before it broke through the floor. The firemen worked until about 2 o'clock Sunday morning. It was the toughest job of fire fighting they ever had. It was very cold and several of the men had their feet, hands, ears and faces nipped by the frost. Their clothing was frozen solid about them and not a few caught severe colds. Several of the firemen, particularly the nozzle men, were a sight. They looked like moving cakes of ice.

The dwelling was one of the best in the village. It was the house formerly owned by Professor John Northrup. The owner carried \$1,100 insurance on the house and furniture. This will not more than half cover the loss. Mr. and Mrs. White, who lived with Mrs. Readeau, lost everything they had in the way of furniture, clothing, etc. They had no insurance on their belongings.

NO CAUSE FOR ALARM.
There is no cause for a diptheria scare in Republic, though the schools were closed as soon as it was announced that the disease had taken down several of the children. The disease appears in very mild form and some of the children reported ill with diptheria have nothing but croup. Dr. Lamb and his assistant are doing everything possible to keep the disease from spreading. The schools will remain closed until a week from next Monday, or until the 30th. There will be no school on New Year's day, that being the only day in the week the teachers and pupils will be given a holiday.

MASQUERADE BALL.
The annual masquerade ball to be given under direction of the Republic fire department will take place on Friday evening, Jan. 10. At the last meeting of the department the following committees were named: Arrangements, Alf. Dower, W. F. Tobin, John Rahr, F. Brockman and E. T. Lynch; reception, Thomas Lynch, Thomas Tucker, Josiah Eade and C. W. Munson; floor, Patrick Sullivan, F. O. Johnson, Charles and Al Hocking. Prizes valued at \$50 will be given. Tickets will be fifty cents each. The Michigan orchestra will furnish music.

WORKMEN CHOOSE OFFICERS.
At the regular meeting of Superior Lodge No. 115, Ancient Order of United Workmen, held last week, the following officers were chosen for the ensuing term: Master Workman, Thomas Tucker; foreman, E. E. Extrom; overseer, Patrick White; financier, William

WOODMEN CHOOSE OFFICERS.
The local camp of the Modern Woodmen of America elected the following officers at the regular meeting held Tuesday evening: Venerable consul, Hugo Muek; worthy advisor, Adolph Sjolholm; clerk, Axel Rasmussen; banker, Frank Walker; escort, Albert Storey; physician, J. H. Hudson; waiter, William B. sentry, John Byrne; manager, three years, Henry Anderson; manager to fill vacancy, John P. Miller. Thomas Trathen is the retiring venerable consul. He has held the office for the past four years. The installation will take place at the first meeting in January. At the conclusion of Tuesday night's meeting there was a smoker.

HOW'S THIS?
We offer One Hundred Dollars Reward for any case of Diphtheria that cannot be cured by the best medicine. Write to F. J. CHENEY & CO., Props, Toledo, O. We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligation made by them. **West & Trux, Wholesale Druggists, Toledo, O.** **Walding, Kinnan & Marvin, Wholesale Druggists, Toledo, O.** **Hall's Catarrh Cure** is taken internally acting directly upon the blood and mucous surfaces of the system. Price, 75c per bottle. Sold by all druggists. Testimonials free. **Hall's Family Pills** are the best.

LOCAL LACONICS.
The employees of the Regent group of mines will be paid today for last month's work. A number of the teachers of the Negaunee schools will leave this evening or tomorrow for their homes to spend the holidays. The schools close today for a two weeks' vacation.

The South Shore agents are under instructions to sell out rate tickets for the holidays. Tickets will be on sale Dec. 22, 23, 24, 25, 30 and 31, and will be good for return passage until Jan. 1. Many of the church workers of the city are busy these days preparing for the Christmas festivities. Entertainments will be given at several of the churches at some time during the holiday season.

The examination of George Miller, charged with manslaughter, will take place this morning at Justice Theodore A. Thoren's court. Several witnesses will be up from Lathrop to give testimony in the case. Epp Matteson, deputy grand regent of the Royal Arcanum, spent yesterday in Negaunee. He came up from Escanaba and will remain in the line where he is engaged in the organization of branches of the society. A regular meeting of the local lodge of the Royal Arcanum was held last evening, when officers to serve for the ensuing year were elected. It is understood that the society's first annual ball will take place some time next month, though the committee named some time ago to complete arrangements for the party has not yet decided on a date.

Aches and Pains of rheumatism are relieved by external remedies. Why not use an internal remedy—Hood's Sarsaparilla, which corrects the acidity of the blood in which rheumatism depends and cures the disease?

SATISFIED PEOPLE
are the best advertisers for Foley's Honey and Tar and all who use it agree that it is a splendid remedy for coughs, colds or sore lungs. The People's Drug Store.

"Worth its Weight in Gold," say sufferers from catarrh of Ely's Cream Balm. A trial size costs 10 cents. Full size 50 cents. Sold by druggists or mailed by Ely Bros., 56 Warren street, New York.

Albert Lea, Minn., March 21, 1901. Messrs. Ely Bros.—I suffered from a severe cold in the head, and was about dead from want of sleep. I used your Cream Balm and woke up with a clear head and cold almost gone. I would not take five dollars for my bottle of Cream Balm if I could not get another. **S. K. Lansdale.**

J. W. Bryan of Lowder, Ills., writes: "My little boy was very low with pneumonia. Unknown to the doctor we gave him Foley's Honey and Tar. The result was magical and puzzled the doctor, as it immediately stopped the racking cough and he quickly recovered." The People's Drug Store.

FOR CARP BRIDGE

SUPERVISORS TO BE ASKED FOR A FURTHER APPROPRIATION.

A further appropriation of several hundred dollars—in aid of the construction of the proposed steel bridge spanning the Carp river on the road to Sands—is to be asked of the board of supervisors on behalf of the city council.

Productive of Lively Debate.

The majority of the street committee, in presenting the plans, urged their adoption and the speedy construction of the bridge.

It struck Alderman Donovan that the county board would be willing to increase its appropriation of \$400, since the style of the proposed bridge was to be as the supervisors suggested, the city at first having contemplated the erection of a wooden structure.

Plans Accepted.

A motion by Alderman Ward to lay the plans on the table was defeated by the vote of eight to five, and those submitted by Mr. Keating were accepted.

WRITTEN GUARANTEE.

Streets to Be Put Back into Good Order by the Gas Company.

Under an agreement with the city, the gas company will restore in as good condition as they were formerly, the streets it is tearing up in the work of extending its mains.

There was some discussion over waiving the matter of furnishing a bond, it being contended that the cost of that security was comparatively small, but the guarantee in the end was decided to be sufficient and the agreement was ratified.

To Lay Sewer Pipe, Too.

In connection with the gas mains matter, the mayor stated that a suggestion had been made to him which it might be well for the street committee to look into.

The Hawaiian woman's club at Honolulu debated the question: "Is it better to take Rocky Mountain Tea hot or cold?"

Give your wife or daughter an order on Van Alsty's of one of their fine tailor-made suits of cloaks, they are selling them at a great reduction for their holiday sale.

BREEZE OVER STREET SIGNS.

Claimed the Work of Putting Them Up Is Too Long Drawn Out.

The cost of putting up the street signs created a lively little breeze at the session of the council held Wednesday evening. It all came about over a request from the man who is doing the work that he be allowed some of the money on account of a little Christmas money.

CITY BREVITIES.

Today's weather: Generally fair, except snow near north shore; severe cold; brisk northwest winds.

Another cold wave is due today. Mr. and Mrs. E. C. Short and family leave today for their former home at Fox Lake, Wis., to spend the holidays.

Miss Anna Chandler, now superintendent of the Escanaba schools, is reported by the Escanaba Mirror to be quite ill.

The Ladies' Aid society of the Baptist church will meet this afternoon at the home of Mrs. L. C. Palmer, East Arch street.

Captain C. M. York, who has been seriously ill with pneumonia, is greatly improved, though still confined to the house.

A meeting of the Woman's guild of St. Paul's church will be held at the chapel this afternoon, beginning at 2 o'clock.

Deputy Sheriff Marchand of Champion brought an insane man to the county jail yesterday. The hearing in the case will probably take place Monday before Judge of Probate Kelsey.

The petition of John F. Mack, asking a rebate in taxes, has been negatively by the council. The finance committee reported it was unable to recommend compliance with the request, and the report was adopted.

The opening of the skating season attracted a big crowd to the ice rink last evening. The ice was in splendid condition and an enjoyable time was had.

An examination of the schooner Smeaton, now in drydock at West Superior, has revealed the fact that nearly one-half of the bottom has been damaged. The repairs will require about 100 new plates, at an expenditure of about \$50,000.

The G. I. A. to the Brotherhood of Locomotive Engineers tendered Mrs. J. Brown, its president, a farewell party at the home of Mrs. Jackson, Sixth street, Wednesday afternoon.

Among a batch of paroles just granted by Governor Bliss are the following: Thomas L. O'Keefe, sent from Gogebic county in December 1900, to Marquette prison for one and one-half years, for burglary; and Michael Savant, sent from Gogebic county in February, 1896, to Marquette for ten years for manslaughter.

The city schools will close this afternoon for a two weeks vacation. Nearly all the teachers will spend the holidays in Marquette. Among those to be absent are Professor Giles, who goes to Chicago; Miss Powers, who will spend Christmas at her home in southern Michigan; and Miss Atfield, who will visit relatives at Hancock.

County Clerk Ross has had his annual calendar printed and has already begun its distribution. It contains the dates of the opening of the various terms of court in this district, besides other memoranda of interest to attorneys and others who have to do with litigation.

A meeting of the Lake Superior Presbytery which will be attended by several members of the clergy from outside points will be held here this afternoon at 3 o'clock. The object of the gathering is to sanction the release of Rev. C. P. Bates from his pastorate at the Soo, the gentleman having resigned to take a new charge in another district.

Exercises appropriate to Christmas will be held today in nearly all the rooms of the city schools. Oratorical programs, Christmas trees, grab-bags, "bionics" and a good time generally will be indulged in, although the regular school work will have its innings.

Captain Henry Cleary, keeper of the Marquette life saving station, informs The Mining Journal that a concern calling itself the "Ex-U. S. Life-Savers' National Benefit association" has been incorporated under the laws of Maine for the alleged purpose of publishing and selling a history of the United States lifesaving service.

the money obtained is to be used for the benefit of ex-livesavers of the United States service and their families. Captain Cleary desires it to be understood that neither the lifesaving service nor any of its officers has anything to do with the project or any connection whatever with it.

The Soo News-Record, referring to the dedication of the new Methodist church at Pickford, Chippewa county, says: "Rev. C. M. Thompson of Marquette, presiding elder, conducted the dedicatory services and was master of finance. His efforts resulted in increasing the assets of the church by \$1,200, which sum was sufficient to cover the remaining indebtedness, with a snug sum over to cover the costs of building dry sheds for teams and vehicles."

Isaac Paulson, the employe of the Marquette & Southeastern arrested the other day on the charge of forgery, was yesterday bound over for trial at the circuit court. Bonds were fixed at \$200, and these he was unable to furnish. The hearing was held before Justice Byrne. Paulson declared he was ignorant of the raising of the \$7 check to \$17, and could not explain the erasures and other suspicious circumstances connected with the case.

The fire warden—Messrs. Wentworth and Mully—for whose service during the present term the county recently allowed \$25 each, consider that they ought to be paid a little for work performed in past years. They are willing to take \$25 more apiece, and call the account square. The council at its meeting Wednesday evening manifested a disposition to settle on those terms, but pending action instructed the committee on salaries to look into the proposition.

Every little girl in town who has a doll ought to read the premium list issued by the Helping Hand guild of St. Paul's church. Like the plan followed at the county fair, premiums will be given for the dolls on exhibition at the doll fair that are decided by the judges to be the most deserving. The bazaar will open today at Mrs. Adams' millinery parlors, and will continue on Saturday. Aside from the dolls on exhibition a large number will be displayed for sale. The admission will be five cents.

ENGAGEMENT IS OFF.

Mrs. Lane Decides Not to Wed Trentanove, the Sculptor.

The romance of Mrs. Thomas Lane and Chevalier Trentanove—the sculptor who executed the Father Marquette statue which adorns the lake front—seems to be at an end. Their engagement was announced in Washington a few weeks ago while the chevalier was abroad. Now Mrs. Lane states that the sculptor was very exacting and of a jealous temperament, in view of which she decided to break her engagement to him.

"Well, Mr. Trentanove promised to say nothing about it except to his mother. In a little while I began to receive congratulations from mutual friends here, and letters from Italy and Milwaukee. Naturally I was surprised, and as Mr. Lane had not been dead a year it embarrassed me to have a second marriage referred to."

"Mr. Trentanove is everything that is honorable and I admire him exceedingly, but he was very exacting and insanely jealous, and I am sure we could never be happy together, so I considered it wise to withdraw my promise to be his wife."

Another version given of this dispirited engagement is that Mr. Trentanove has recently received signal favors from the Italian king and that he is promised other substantial benefits. He is a divorced man, and according to the Italian law he cannot legally wed another wife. He has announced his intention of spending the next year in Italy, and Mrs. Lane was unwilling to accept such an equivocal position as she would be placed in there, all of which is interesting to Marquette people, with whom the sculptor became well acquainted during his stay of several months here some years ago.

PIONEER LAWYER.

Hon. D. H. Ball, of Marquette, one of the leading lawyers of the upper peninsula was in town yesterday, says the Houghton Gazette, exchanging greetings with old friends and acquaintances here. Mr. Ball came to Houghton in 1865 and hung out his shingle. He removed later to Marquette where he has since his fully twenty-five years and where he has built up a very lucrative practice.

An interesting piece of cross examination occurred in the circuit court when the case of David Kingsbury vs. the Erie Mining company was called. Mr. Ball was on the witness stand, and Hon. H. O. Young, of Ishpeming, had the cross examining him. He asked: "Mr. Ball how long have you been practicing law?" The answer came, "About thirty years." Question, "Were you ever in Houghton?" Answer, "I came here in 1865 and hung out my shingle, and later moved to Marquette where I have lived since." Did you practice much law in Houghton?" The response came, "I did very little for this was practically an uninhabited part of the country at that time."

IMPORTED CANARIES.

I wish to announce to people in all parts of the upper peninsula that I have always on hand a supply of genuine Hartz Mountain canary birds, every one warranted to be a good singer and in good condition. I have been dealing in birds for the past seven years and am thoroughly posted as to their quality. I ship birds by express to any address immediately on receipt of order. I secure nothing but the best birds. A genuine imported canary will make an acceptable Christmas present. Write for prices and information to:
