ACTS ON VERDICT

SEC. LONG APPROVES MAJORITY
REPORT IN SCHLEY CASE.

SAMPSON REQUEST IS DENIED

TEXT OF OPINION AND LETTERS
TO BOTH SIDES.

General Miles is Taken to Account for
Talking On Schley Case and is
Called Upon to
Explain.

Washington, D. C., Dec. 22.—Secretary Long has disposed finally of the Schley case so far as the navy department is concerned, by acting upon the findings and conclusions of the court of inquiry.

He approves the findings of fact and the opinion of the full court; he holds that the court could not have entered into a consideration of the question of command at the battle at Santiago; and finally he accepts the recommendation that no further proceedings shall be had.

The secretary also has declined the application of Admiral Sampson's counsel to enter upon an inquiry into the question of command and has notified Admiral Schley's counsel of that fact as a reason for declining to hear them on that point.

Text of the Approval.

Secretary Long's approval of the majority report was as follows: "The department has read the testimony in this case, the arguments of counsel at the trial, the court's findings of fact, opinion and recommendation; the individual memorandum of the presiding member; the statement of exceptions to the said findings and opinion by the applicant, the reply to said statement by the judge advocate of the court and his assistant, and the brief this day submitted by counsel for Rear Admiral Sampson traversing the presiding member's view as to who was in command at the battle of Santiago. After careful consideration the findings of fact and the opinion of the full court are approved.

"As to the points on which the presiding member differs from the majority of the court, the opinion of the majority is approved.

"As to the further expression of his views by the same member with regard to the questions of command on the morning of July 3, 1898, and of the title to credit for the ensuing victory, the department is of the opinion that the finding and rendering no opinion on these questions is approved—indeed, it could with propriety take no other course, evidence on these questions, during the inquiry, having been excluded by the court.

"The department approves the recommendation of the court that no further proceedings be had in the premises.

"The department records its appreciation of the arduous labors of the whole court."

Letter to Sampson's Attorneys.

The text of the secretary's letter to Admiral Sampson's attorneys follows: "In view of the department's approval this day, of the recommendation of the court of inquiry in the case of Rear Admiral Schley, that no further proceedings be had, and of the fact that the applicant's counsel was excluded from consideration by the court, the department will take no action upon the brief filed by you in behalf of Rear Admiral William T. Sampson."

Communication Sent to Schley.

Secretary Long sent the following letter to Admiral Schley:

"Referring to the department's letter of the 13th inst., you are advised that action taken has been taken upon the findings, opinions and recommendation of the court of inquiry in your case and upon the minority opinion of the presiding member and a copy of the memorandum embodying such action is herewith transmitted for your information.

"In response to your request of the 18th instant, heretofore acknowledged, that if a protest should be filed by Rear Admiral W. T. Sampson relative to the question of command of the American fleet during the battle of Santiago and credit for the victory won in that battle you be accorded an opportunity to present, through your counsel oral argument against such protest, you are advised that a brief on this subject has this day been filed by Messrs. Stuyton, Campbell and Theall, counsel for Admiral Sampson.

"In view, however, of the department's approval of the recommendation of the court of inquiry that no further proceedings be had, and of the fact that the question of command was excluded from consideration by the court, no action will be taken upon said brief, and this day has been made to counsel for Admiral Sampson.

"A copy of the report of the judge advocate of the court and his assistant upon your communication of the 18th instant, objecting to the approval of the findings of the court, is also herewith transmitted."

Court is Dissolved.

Secretary Long yesterday afternoon issued the formal order dissolving the Schley court of inquiry. The order was communicated at once to Admiral Dewey, president of the court, who acknowledged its receipt and said that in conformity with the order of the secretary he had announced the dissolution of the court.

When seen at his hotel yesterday afternoon Admiral Schley stated that he

MANY DIE BY FIRE

FLAMES DESTROY FARMER'S HOME AND BURN FOUR.

FAMILY SLEEPING AT THE TIME

WHOLESALE LOSS OF LIFE IN MEXICAN TOWN.

Collapse of Market Building Buried Force of Men Beneath Ruins—Fires in New York and Alabama and Arkansas.

Dubois, Penna., Dec. 22.—Word reached here today of a holocaust that occurred three miles from Summerville, Jefferson county, yesterday morning. The home of John Ashbaugh, a farmer, was destroyed by fire and four persons were burned to death. One other was so badly burned that recovery is doubtful, and four others were seriously burned and injured. The dead are: Wm. Ashbaugh, twenty-two years old; Mabel Ashbaugh, twelve; Harry Ashbaugh, ten; James Ashbaugh, nine.

Herman Ashbaugh, aged eight, was fatally burned.

The family were sleeping and Ashbaugh was awakened by the smoke, arousing the other members of the family. He ran out with the two smallest children and returned for the others but was driven back by the flames, and other members, becoming bewildered, perished in the flames, except Mrs. Ashbaugh, who jumped from the second story and sustained serious injury.

SAN ANTONIO, TEX., Dec. 22.—The news has just reached here of a fire in the city of Zacatecas, in the Mexican state of the same name, in which many lives were lost. The fire was in the principal market building, which contained a large number of cellars and refrigerating apartments stocked with meats for city consumption.

The fire broke out in these cellars and when discovered had made considerable headway. In order to save as much of the meat as possible a large force of men were ordered by the authorities into the burning structure, and while working the flames burned the stairway. The walls collapsed, burying a large number of men in the cellars under the ruins.

Just how many were killed is not known, but the loss of life is said to be appalling. The latest advices state that fifteen dead bodies have been taken from the ruins, while it is believed that many are still under the wrecked walls. There is no hope that any of those under the ruins are alive. How the fire originated is not known.

NEW YORK, Dec. 22.—Isaac Gill, a tall, or fifty-two years of age, and an unidentified man lost their lives at a fire which destroyed a sweatshop building tonight. Four people were injured. The people jumped from the windows to save themselves.

GUILTY OF TREASON.

Officials Recently Appointed in Philippines Are Aiding Insurgents.

Manila, Dec. 22.—General Davis, commanding Zamboanga, Mindanao, has requested that the province of Misamis be placed under military control. General Davis has proof that the recently elected president and vice councilors, and the leading men of Cagayan de Misamis, are guilty of treason in furnishing ammunition to the insurgents within the past month. The fiscal of the province is also implicated.

PRACTICE WITH MAUSERS.

People Are Flocking to the Public Rifle Ranges at Buenos Ayres.

Buenos Ayres, (via Galveston), Dec. 22.—People are flocking to the public rifle ranges to practice with Mauser rifles. Foreign legions of soldiers are being organized.

Senor Concha Subercaseaux, the Chilean minister here, had a conference yesterday evening with General Roca, president of Argentina. Roca's demeanor was cold and he spoke with energy. The conference became a little violent in character. Roca severely criticized the proceedings of the Chilean administration.

It is calculated here that 80,000 men will answer the first call for soldiers. There is, furthermore, a reserve of 30,000. The energetic stand of the government is enthusiastically supported by public opinion.

Washington, Dec. 22.—Information was received today by the minister from Argentina that his government has decided to bring its differences with Chile to King Edward for arbitration.

Valparaiso, Dec. 22.—A proclamation has been read throughout Chile calling out another contingent of national guards.

IS NOT CONCERNED.

Germany's Claim in Panama Does Not Worry the United States.

Washington, Dec. 22.—The administration is not concerned over the statement in the Managua dispatch that the German government under certain concessions to the steamship company claims the exclusive right to navigate the San Juan river and Lake Nicaragua, which forms a part of the proposed isthmian canal.

The alleged claim, it is understood, will not embarrass the pending legislation for the construction of the canal as it is the settlement is question with which the Nicaraguan company claiming concession will have to deal.

DISCOVERY IS MISSING.

United States Mail Steamer Has Not Been Seen Since Nov. 14.

Port Townsend, Wn., Dec. 22.—The steamer Dolphin which arrived today brought no tidings of the United States mail steamer Discovery, which sailed from Juneau early in November for Dutch Harbor and was sighted by the steamer Elk Nov. 14 at Wood Island. Since that time nothing has been seen or heard of her. The Discovery, besides a crew of fifteen, carried three or four passengers.

DUKE AND DUCHESS DIVORCED.

Darmstadt, Dec. 22.—The superior court has pronounced the separation of the grand duke and duchess of Hesse.

OIL FORCE TO MOVE

STANDARD OIL TO COMBINE AGENCIES, WITH HEADQUARTERS AT DULUTH.

It is reliably reported that the Standard Oil company will on the first of the year make a change in its methods of doing business in this section that will result in the removal of the Marquette clerical force with the exception of one gentleman, who will remain to look after the interests of the company locally. The change is in the agencies of the company in the Lake Superior district, and it will add considerably to the importance of the Duluth station from the standpoint of business and territory.

It is stated that the company will combine the district of northern Michigan, with headquarters at Marquette, and the territory of northern Wisconsin and northern Minnesota, with headquarters at Duluth, making Duluth the headquarters of a large district, covering all the Lake Superior region embraced before in the two sections. Thus Duluth will be made the center of oil distribution for a large territory which consumes a large amount of the company's product.

It is understood here that Charles S. Pollock, who has built up the company's big business in the upper peninsula, is slated for the management of the combined agencies. Those of the local force who will accompany him are already arranging for their departure to the head of the lake.

In great measure, Marquette will continue to be the distribution point for a considerable section of the upper peninsula, but all the office work connected with the business done outside of the city will be transacted at Duluth.

SUPREME COURT CASES.

Clerk Hopkins, of the supreme court, has sent The Mining Journal a list of the cases from the upper peninsula that appear on the January docket of that court. The docket is the smallest January docket for more than ten years. The list is as follows:

- 1. Joseph Fischer vs. Margaret B. Fisher.
- 2. The Hewitt Iron Mining company vs. The Dessau company.
- 3. Amable LaFermier vs. Soo River Lighter & Wrecking company.
- 4. John A. Couch vs. The Mining Journal company, Limited.
- 5. The Village of Laurium vs. Thomas Mills et al.
- 6. John Grebb vs. Joseph Bernard.
- 7. Erick Erickson vs. Victoria Copper Mining company.
- 8. Sparrow-Kroll Lumber company vs. Walter G. Van Slyck.
- 9. Martha G. Lasser et al vs. Appleton Land & Iron company.

UGLY WOUND.

Gas Company Employee Drives a Pick Through His Foot.

Alexander Longlade, a laborer employed by the gas company, was the victim of an accident Saturday that may result in the loss of a foot. He was at work with the gang engaged in digging the trench for the new main to be laid in Third street near the corner of Ohio, and was using a pick. The ground was frozen, and Longlade was putting considerable force into play, so that when in some manner the pick turned, struck the pipe and glanced off, hitting one of the man's feet, the sharp point of the tool went clear through the member and protruded an inch or more through the sole of the rubber. The wound was an ugly one and very painful, and when the pick was withdrawn the blood spurted out for a distance of several feet. Longlade was removed to his home on Washington street, where he is resting easily.

Accident at New Furnace.

A man whose name could not be ascertained sustained a broken leg while at work Saturday at the new furnace site. A heavy piece of pipe fell on the limb. The sufferer was carried to a street car and removed to his home in the city.

KNIGHTS OF PYTHIAS OFFICERS.

At a regular convention of Marquette lodge, No. 6, Knights of Pythias, held Thursday evening, the following officers were selected for the ensuing year: Chancellor—Commander—And. Forbes. Vice Chancellor—A. J. McDonald. Prelate—A. W. Moore. Master of Work—R. J. Sparling. Keeper of Records and Seal—F. E. Bay. Master of Finance—Neil Ferguson. Master of Exchequer—J. H. O'Meara. Master at Arms—P. J. DelF. Inside Guard—Wm. G. Davis. Outside Guard—John Rutherford. Trustee (three years)—Wm. A. Ross. Representative—R. J. Sparling. Alternate—J. S. Harland.

FOR FREIGHT DEPOT SITE.

The condemnation proceedings in the matter of the Marquette & Southeastern's freight depot site are scheduled to begin this morning. They involve property on Lake street at the foot of Sidney Adams' residence. Two questions are to be decided at the hearing—the necessity for taking the land, and the compensation and damages to which each of the owners of the property are entitled. The commissioners in whose hands the matter rests are Messrs. L. C. Palmer and Fred H. Beagle of this city and H. O. Young of Ishpeming.

PLAN TO CHANGE TRACKS.

The proposed widening of Lake street, or rather definite action in the matter, has again been postponed. It is reported to the council that a deal is on foot between the two railroads and the gas company whereby a change will be made in the tracks, the South Shore having gone so far as to cause a survey to be made. Pending the result of the negotiations, the council has shelved the matter.

INJUNCTION DISSOLVED.

Restraining Order Decided Unnecessary in Father Langan's Suit.

Circuit Judge Stone on Saturday dissolved the temporary injunction recently secured by Father J. M. Langan of Escanaba restraining the First National bank of Ishpeming from disposing of certain stocks purchased on the prelate's order and on which more money was demanded. The decision will have no effect on the suit still to be tried on its merits. The court simply held that as the bank was a responsible party, any accounting that might be returned against it was assured of payment without an injunction hanging over the head of the institution. There are a number of complicated points of law in connection with the prospective suit, and the result of the dispute will be watched with interest.

KILL OFF THE WOLVES.

Marquette Man Offers a Plan of Protecting the Deer.

A Marquette gentleman who signs as "H. J.," writes the Detroit Journal as follows: "Editor The Journal: On different occasions I have seen articles pertaining to a new game law being framed by our legislators, and feel constrained to say a few words on the subject.

"It is the most brainless proposal that was ever brought before the public. Perhaps they will explain to the hunter before they change the law how he is going to distinguish a buck from a doe at more than 50 yards from him in the woods. My business has taken me in the woods at all seasons of the year for the past 15 years, and I am positive the best law we ever had was the 'five-deer law.'

"The deer have increased steadily since it went into effect. It was badly mutilated the last time it was changed, putting venison out of the reach of four-fifths of the residents of the state unless they violated the laws to get it. But of all the fool laws in history, the one that is proposed now takes the plum. If the bounty on wolves was raised to \$100 a head it would do more than anything else. And as for protecting the hunters, I would advise a guardian for every man who applied for a license that parted his hair in the middle; for this is the class of men that shoot each other. It is a very rare instance where a hunter shoots till he knows what his target is. "If a law is passed making it illegal to kill the doe next fall will see many a deer left in the woods to rot."
