GOV. ROGERS DEAD

CHIEF EXECUTIVE OF WASH-
INGTON PASSES AWAY.

WAS ILL LESS THAN A WEEK

REV. J. M. ROGERS OF THIS CITY A
BROTHER.

Noted Westerner Was Sixty-Three
Years of Age and Was Serving His
Second Term as Governor of
His State.

Olympia, Wash., Dec. 26.—Governor
John R. Rogers died here tonight.
Rogers was taken sick last Fri-
day with a cold, which developed into
pneumonia. On Sunday his condition
was such as to alarm his friends, but on
Monday the governor was much better
and it was thought the danger had
passed. The favorable symptoms con-
tinued, but early today the governor
was suddenly taken worse and succumbed
at 8 o'clock tonight.

John R. Rogers was born in Brun-
swick, Me., in 1838. He was successively
a drug clerk, school teacher, newspa-
per editor, and a farmers' alliance or-
ganizer. In 1890 he was elected to the
legislature. In 1896 he was elected gov-
ernor on the fusion ticket, and was re-
elected in 1900. Governor Rogers is the
author of several works on political
economics.

Henry C. McBride, lieutenant gov-
ernor, who will become governor, came to
Washington from California in 1864. In
California he taught school and studied
law prior to his removal to this state. He
established a weekly newspaper and
later practiced law. In 1889 he was
elected superior judge, serving four
years. In 1900 he was elected lieutenant
governor as a Republican.

Rev. J. M. Rogers of the Presbyterian
church of this city is a brother of the
deceased governor.

MARCONI IN NOVA SCOTIA.

Cape Breton May be Selected as Perma-
nent Station for Experiments.

Halifax, Dec. 26.—The steamer Bruce,
with Simon Marconi on board, arrived
at North Sydney today. Marconi was
met by Mr. Smith on behalf of the Cana-
dian government. Premier Murray, of
the Nova Scotia government, and May-
or McKenzie, of North Sydney.
Marconi and the government repre-
sentatives held a short conference, and
Marconi afterwards expressed a desire
to place on record his appreciation of
the courtesy shown him by the Cana-
dian government and its desire to fur-
ther his experiments.

He thinks it is probable a spot in Cape
Breton will be selected for a permanent
station, and he probably will not re-
sume his experiments in New Found-
land.

TO STARVE LORENZO OUT.

General Castro Will Endeavor to Cut Off
Supplies of Liberal Leader.

Colon, Dec. 26.—The Colombian gun-
boat General Pinzon, with 700 troops,
boarded here for Rio Hacha. It is
reported from the interior of Colombia
that there has been no recent serious
fighting there. A few liberal insur-
gents found near Honda on the Mag-
dalena river, were easily defeated and
dispersed by the government troops.

The Colombian conservative general,
Castro, considering it next to impos-
sible to surround the liberal leader, Lorenzo,
and his followers, who are now in the
La Negrita mountains, concludes that
the government's best policy is to garrison
the interior towns strongly in the
neighborhood of the liberal retreat, thus
cutting off Lorenzo's supplies and ulti-
mately forcing him to surrender.

LEAPS FROM FOURTH FLOOR.

St. Paul Man, Frightened by Fire,
Jumps to His Death.

St. Paul, Dec. 26.—John E. Lempsay,
a printer, while frightened by fire,
leaped from the fourth floor window of
the Washburn building tonight and re-
ceived injuries from which he died
shortly afterwards. The fire started on
the second floor from a gasoline stove.
The firemen rescued a number of the oc-
cupants of the building by the fire es-
cape. The damage to the building was
small.

MYSTERIOUS DIAMOND ROBBERY.

Chain Valued at \$5,500 Disappears From
Package.

Washington, Dec. 26.—A mysterious
robbery of a diamond chain valued at
\$3,500, of which either the Adams Ex-
press company or Shaw & Berry, a local
jewelry firm, which shipped it to New
York, are probably the victims, occurred
sometime between Sunday and this
morning. The package was not opened
in New York until today, when the chain
was found missing. Detectives are work-
ing on the case.

DIFFERENCES ARRANGED.

Marquis Ito's Intervention in Cabinet
Matter Proves Effective.

Yokohama, Dec. 26.—The cabinet dif-
ferences have been arranged, owing
largely, it is understood, to the tele-
graphic intervention of Marquis Ito.
The budget has been withdrawn for the
purpose of redrafting. It is believed,
however, the government financial pro-
gram will pass the diet.

ROOSEVELT IS PLEASED.

President Delighted That Gov. Shaw
Has Accepted Treasury Portfolio.

Des Moines, Dec. 26.—Governor Shaw
tonight received the following message
from President Roosevelt:

"Delighted that you have consented
to accept the portfolio of the secretary
of the treasury. Have written."

Pending the receipt of President
Roosevelt's letter the governor will make
no plans. He anticipates, however, he
will be called to Washington. If so, he
will go at the pleasure of the president.
"I have no plans," said the governor,
"except I assume I shall fill out my ad-
ministration term as executive. The
inauguration of my successor occurs Jan.
16 and I see no reason why it will not
be agreeable to allow things to proceed
in their regular course."

The governor is in receipt of hundreds
of telegrams and letters of congratula-
tion from almost every state, including
members of the United States senate
and representative business and financial
interests of Chicago and New York.

SAMPSON'S MIND IMPAIRED.

Admiral's Wife Says Husband's Mental
Condition is Beyond Recovery.

Urbana, Ill., Dec. 26.—John B. Weeks,
of Chicago, a personal friend of Rear
Admiral Sampson, has received a letter
from Mrs. Sampson in which she says the
mental condition of the admiral is be-
yond recovery. The letter is written in
reply to a note expressing sympathy
with the admiral in the personal annoy-
ances he suffered in the controversy with
Rear Admiral Schley.

MICHIGAN VS WISCONSIN.

Football Teams of Two Universities
Will Meet Next Year.

Milwaukee, Dec. 26.—The Wisconsin
and Michigan universities have arrived
at a definite conclusion to meet on the
gridiron next year, the contest to be
pulled off at Milwaukee. The date for
the game has not yet been fixed.

VICTORY FOR DEWET BELMONT IS CHOSEN

BOER LEADER RUSHES COLONEL
FIRMAN'S CAMP AND CAP-
TURES TWO GUNS.

London, Dec. 26.—A dispatch received
from Lord Kitchener, at Johannesburg,
says:

"General Buller reports that on the
night of the twenty-fourth Colonel Fir-
man's camp at Zefontein, consisting of
three companies of yeomanry and two
guns, was successfully rushed by a
strong commando under Dewet. It is
feared the casualties are heavy. Two
regiments of light horse are pursuing
the Boers."

The Boer resistance has always been
very strong in that part of the Orange
River colony, which was the scene of
General Dewet's Christmas coup. A
great quadrangle block house is being
built there, the four points of which are
Vereeniging, Valkeust, Harrisfontein and
Kroonstad. At the southeast corner is
a long open space from Bethlehem to
Lindley, where a square of block houses
is still incomplete, and here Dewet made
the attack.

Colonel Firman's force probably
amounted to 400 men, and the disaster,
especially the loss of the guns, the pos-
sibility of which may enable Dewet to
successfully attack the blockhouses, cre-
ates a disturbing impression.

TO USE WIRELESS TELEGRAPHY.

Admiral Bradford Asks That System Be
Introduced in Navy.

Washington, Dec. 26.—The navy de-
partment has taken the initial steps to-
ward the adoption of wireless telegraphy
as a means of signalling between war
ships at sea. To this end Admiral Brad-
ford, of the bureau of admiral, has as-
signed to the armored cruisers of the
Pennsylvania class have their masts and
rigging so arranged that the wireless
system can be introduced.

HAND TO HAND FIGHT.

Eighteen Men of Ninth Infantry At-
tacked in Island of Samar.

Manila, Dec. 27.—Captain Schoeffel,
with a detachment of eighteen men of
company E, Ninth infantry, at Daplay,
Island of Samar, was attacked by a large
force of bolomen. A severe hand to hand
fight ensued, in which a sergeant, a cor-
poral and five privates were killed. Cap-
tain Schoeffel was wounded but not
dangerously. Five privates were dan-
gerously and one slightly wounded. No
property was lost. The enemy was fi-
nally repulsed with a heavy loss.

MAKE A GOOD HAUL.

Robbers Blow Open Safe in Illinois
Town and Secure \$1,500.

New Douglas, Ill., Dec. 26.—Four men
blew open the safe of Franze & Sons',
four mill Christmas night, securing \$1,
500 and escaped. Two watchmen were
beaten by the robbers and tied to posts.

COMMERCE TREATY SIGNED.

Rome, Dec. 26.—A draft of the treaty
of commerce between Italy and Russia
has been signed in St. Petersburg. It
will require ratification by the Italian
chamber of deputies.

FOUND DEAD IN BED.

London, Dec. 26.—Sir Joseph Noel Pa-
ton, a painter, was found dead in bed at
Edinburgh today. He was born in 1821.

INSURGENT LEADER GIVES UP.

Samson Surrenders at Mutason with
Officers and Men.

Washington, Dec. 26.—The war de-
partment is advised by cable from Ma-
nila of the surrender of the insurgent
chieftain, Samson, at Mutason, with
all his officers and men, twenty-eight
cannon and forty-five rifles. It is as-
sumed the surrender took place in the
Island of Bohol, as it was there Samson
of late has been operating with his fol-
lowers, having crossed over from the
former scene of his denigrations, the
Island of Cebu.

The war department was today ad-
vised by General Chaffee at Manila that
Company F, Twenty-first infantry, had
a desperate hand to hand encounter in
a gorge six miles south of San Jose, Ba-
tangas on the twenty-third. Twenty-
two of the enemy were killed. Patrick
A. Connelly and Private Carney received
ugly wounds from bolos.

NO HOPE FOR MACLAY.

Removal is Not in Violation of Civil
Service Laws.

Washington, Dec. 26.—The civil ser-
vice commission today notified Edgar S.
MacLay, the historian recently employed
in the Brooklyn navy yard, that his re-
moval from the position at that point
was not in violation of the civil service
act. This notification was contained in
a letter written to MacLay by President
Proctor of the commission, and is in
reply to an inquiry from him as to wheth-
er the president had authority under the
civil service laws to demand his resig-
nation.

CHILIANS ARE SATISFIED.

Text of Peace Protocol to be Given to
Public Today.

Santiago de Chile, Dec. 26.—The proto-
col establishing a modus vivendi be-
tween Chile and Argentina was signed
yesterday. The text will be given to
the public Friday. Public feeling is
satisfied and all is perfectly tranquil.

NEW YORK DEMOCRATS NOMI- NATE CANDIDATE FOR 7TH CONGRESSIONAL DISTRICT.

New York, Dec. 26.—The Greater New
York Democracy convention tonight
unanimously nominated Perry Belmont
as its candidate for the seventh congres-
sional district.

The factional disagreement among the
Democrats of the seventh congressional
district, over the nomination of a can-
didate for the seat in congress made
vacant by the resignation of Nicholas
Muller, reached the election bureau to-
day. The friends of Joseph O'Grady, re-
presented by Asa Bird Gardiner, filed
protests against the nomination of Perry
Belmont or John E. Bunnell. The main
objections set forth are of a techni-
cal nature and question the legality
of nominating conventions.

The incident of the contest is the per-
sonal quarrel between Richard Croker
and Perry Belmont. The latter threat-
ened to sue the Tammany leader for libel.

Tonight Perry Belmont filed objections
with the board of elections to the certi-
ficate of nomination filed by O'Grady.
The objections are that Belmont is the
nominee of the regular convention and
O'Grady is not, in that the convention
which nominated O'Grady was not legal-
ly called. The argument will be heard
on the objections Saturday.

The protests were filed tonight against
the certificates of nomination of John
E. Bennett and Fritz Lindinger, the in-
dependent candidates of the seventh dis-
trict.

THREE INSTANTLY KILLED.

Falling of Steel Crane at Chicago Causes
Death.

Chicago, Dec. 26.—Three men were in-
stantly killed and four were injured by
the falling of a steel crane at the Ameri-
can Bridge Works this afternoon. The
dead are:

John Swan, John Traver and Albert
Rock.

The injured are: John Doyle, Patrick
Warren, Matthew Hogan and Patrick
Murphy. All the injured with the ex-
ception of Murphy are seriously hurt.
Thirty men were working near the
crane at the time of the accident and
many had narrow escapes. No cause is
assigned for the accident except a pos-
sible flaw in one of the chains support-
ing the crane.

GENERAL GOMEZ GIVES UP.

Democratic Candidate for Presidency of
Cuba Out of Campaign.

Havana, Dec. 26.—General Bartolome
Gomez, the candidate of the Democratic
party for the presidency of Cuba, left
here today for his home in Matanzas.
He has given up the campaign.

Rear Admiral Higginson held a fare-
well reception here on board the battle-
ship Kearsarge this afternoon. The
American fleet is preparing to leave
Havana for Porto Rico tonight.

MILES RESUMES DUTIES.

Washington, Dec. 26.—Lieutenant
General Miles resumed his duties at the
office of the war department today. It
is said he has decided to accept the sit-
uation with the best possible grace and
will say or do nothing to continue the
controversy.

SEAT SELLS FOR \$30,000.

New York, Dec. 26.—A new record
price for a seat on the New York stock
exchange was established today by a
sale at \$30,000.

NEGROES KILL TWO

FATAL RESULTS OF FIGHT BE-
TWEEN WHITES AND BLACKS.

CRAP GAME CAUSES TROUBLE

SIX ARE FATALLY HURT IN ROW
AT A CHURCH.

Two Intoxicated Ohioans Attempt to
Exterminiate Family With Which
They Had Quarreled—Other
Fatal Fights.

Childersburg, Ala., Dec. 26.—In a gen-
eral fight between white men and ne-
groes a white man and his son were
killed and a white boy and one negro
were wounded. A general outbreak was
prevented with great difficulty. The
negroes are now in jail at Talladega.
The dead are:

J. Bird, a middle aged white man;
Reuben Bird, his son, aged fifteen.
The wounded are Tom Holley, a ne-
gro, probably fatally; George Bird,
white, shot in the legs.

Quarrelled Over Winnings.

The trouble grew out of a crap game,
the negroes having quarreled over the
winnings. Tom Holley shot at one of
the party when J. Bird, a white man,
came up and advised the negroes to stop
fighting. Holley fired on Bird, mortally
wounding him. Bird's two sons,
George and Reuben, were with their
father. Reuben rushed to his side, while
George shot the negro Holley, inflicting
a fatal wound. The negroes fired on
both boys and then began to seek shel-
ter. Reuben went to his father, who
was dying, and was ordered by George
Woods, a negro, to run.

The boy begged to remain by his father,
but on his failure to move was shot
dead. Charner Wood, father of George
Woods, then shot the older Bird again.
George Bird was shot in the legs while
escaping. A large crowd of whites
quickly surrounded the negroes, captured
them all, and took them to Talladega.

Interrupted Religious Service.

Pikeston, O., Dec. 26.—During a religious
service at a small country church at
Pike postoffice last night, Charles and
Pike Day appeared, slightly intoxicated,
and announced that they had come to
"clean out" the Leggs family with
which the Days have had frequent
quarrels. A general fight resulted in
the church and around it. Six men
were fatally hurt—Orin and Charles
Day, Wesley Legg, Joseph Williams,
John Curran and Lebanon Williams.
Many others were slightly injured.

Thwarts Attempt to Rob.

Jacksonville, Fla., Dec. 26.—William
N. Lloyd, ex-policeman, was killed, and
his brother, D. Lloyd, was mortally
wounded tonight. Charles Michael, a
lumber mill employe, has surrendered to
the police. He said the men today
broke him to a lonely spot and made a
desperate attempt to rob him. Michael,
it is said, used a pistol with fatal ef-
fect.

Result of Saloon Fight.

Williamstown, Ky., Dec. 26.—As the
result of a saloon fight in this city yester-
day, Arthur Gough was fatally
wounded, his father, Vet Gough, is suf-
fering from a gunshot wound in the
back, and Carl Gough, a brother, is
wounded in the face. James Renlove-
er and Tom Hackett are under arrest
charged with the shooting.

Alabama Planter Shot.

Crawford, Ala., Dec. 26.—Joseph
Fincher, a prominent merchant and
planter, was shot to death last night.
Uriah Porter, a neighbor, is charged
with the killing. It is said Porter and
Fincher were not on good terms, and
that Porter openly threatened to kill
Fincher. Porter is at large.

Two Fatally Shot.

Savannah, Ga., Dec. 26.—William T.
Kavanaugh and Jack Diegan were fatal-
ly shot tonight by W. T. Dorlie, a bar-
tender. It is said Diegan, aggravated
Dorlie, who fired three shots in self de-
fense. One struck Diegan and the second
struck Kavanaugh, an innocent by-
stander.

Virginia Farmers Quarrel.

Dwight, Va., Dec. 26.—T. L. Wilson, a
farmer, and a neighbor, Tom Parlin,
quarrelled over who was the greatest
general in the civil war. Parlin shot
Wilson dead.

TORNADO IN ITALY.

Seven Lives Are Lost and Many Build-
ings Are Demolished.

Rome, Dec. 26.—A tornado swept
over Naples today, causing the loss of
seven lives. Many buildings in the sur-
rounding country were demolished and
a considerable amount of railroad prop-
erty was destroyed. The cemetery was
washed away.

ALGER'S RECOVERY CERTAIN.

Detroit, Dec. 26.—Dr. Longyear said
tonight that the critical period in Gen-
eral Alger's illness had passed and his
recovery was practically certain. Gen-
eral Alger's pulse is 60 and his temper-
ature 98.

SENATOR SEWELL WEAKER.

Cumbe, Dec. 26.—Senator Sewell was
much weaker tonight than yesterday.
Unless there is some improvement soon
the physicians believe the senator will
not live much longer.

"STEEPLE JOE" DEAD.

New York, Dec. 26.—"Steeple Joe"
Lawler, the original stepple climber, is
dead in Guyanver hospital.

AWFUL PAINS RHEUMATISM A Blood Trouble That Vinol Cures.

We do not want to frighten any of our friends who suffer from rheumatism, but we do think it our duty to remind them of the fact that there is a great deal of danger connected with this trouble, even in cases that are mild.

Rheumatism, as most sufferers from it know, is due to an excess of uric acid in the blood. This acid is a deadly poison. It settles in various joints, producing inflammation and irritation that gives rise to the most excruciating agony.

So much for the suffering that comes from the disease, but do not forget that this same poison circulating through the blood is very apt to, sooner or later, reach your heart. When this takes place death ensues instantly.

Our Vinol will in many instances entirely cure this disease. It does it by purifying the blood, by toning up the entire system, by giving strength to those organs of the body whose duty it is to expel existing poisons, and by replacing the blood life giving properties in place of the deadly uric acid that has been expelled.

This letter which we print below, comes from Mr. Robert J. Walker, of Easton, Ind. "I do not know what I should do without your Vinol. It has done more good in my family than anything else. I have been a sufferer from rheumatism. My wife for years with a stomach trouble. We had no doctor, but took Vinol. The rheumatic pains left me and my wife was troubled no more. My wife says she will never be without Vinol in the house as it saves us big doctor's bills."

Our own personal knowledge of what Vinol is composed of and how it acts, causes us to guarantee it. We will return to anyone who buys Vinol of us, the price of the remedy, if it is found unsatisfactory.

THE STAFFORD DRUG CO.

First National Bank Of Marquette, Mich.

Organized January 22, 1864.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00 Per year, by mail, \$10.00

MARQUETTE, MICH., DEC. 27.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Nor has Emperor William hesitated to express himself on the Schley court of inquiry. He said, "Your men all did well down there. Why do you court-martial them?" Why, indeed. The emperor, too, believes that there was glory enough for all.

If the volume of Christmas shopping furnishes any index, we are still miles away from the poor house. It has been greater this year than ever before and trading records have fallen in all the centers. Wall street flurries may not be a thing of the past and copper may be "dirt cheap," but as long as the country is spending millions for holiday cheer there is no cause for misgiving.

The appended communication from Mr. Dwight E. Woodbridge of Duluth explains itself:

Editor Mining Journal:—A recent statement in the Mining Journal to the effect that the Pennsylvania Iron & Steel Co. had given an option on its lands to J. M. Longyear and Dwight E. Woodbridge has come to my attention. In justice to Mr. Longyear I must say that, in this instance, The Mining Journal is incorrectly informed. He is not interested in the option taken and would doubtless desire me to make this correction.

Very respectfully yours, DWIGHT E. WOODBRIDGE.

Railroad Commissioner Osborn wants a conference of operating railroad men for the purpose of discussing means of avoiding the recurrence of such disasters as the recent Wabash wreck. He also asks for changes in the standard code of train rules. The commissioner suggests that it may be possible to adopt a system by which the operator, at any meeting point of trains, shall display a special block system and he further believes that some method of communication between conductor and engineer should be devised, so that, on approaching a meeting point, they may both remember to stop. Again he thinks that the fireman should receive a copy of the orders transmitted to the engineer. The commissioner's ideas seem to promise further protection to railroad traffic. They will undoubtedly receive the attention they merit.

Professor R. F. Johnson, formerly professor in the law department at the state university and member of the state board of education, now a federal judge in the Philippines, writes interestingly of the task of administering the law in the far east to Superintendent of Public Instruction Delos Fall. He says:

I opened the first American court here July 1, 1901. I found ninety-two prisoners in jail when I arrived, many of whom had been waiting trial for months, and forty-four of whom were charged with murder. Some of the cases I have tried, in my different provinces, 173 defendants; have sentenced three men to death, and have eight more whom I shall sentence to death tomorrow. There are still 179 men awaiting trial here in this province alone, a majority of whom are charged with no less crimes than murder, or attempted murder. I tried one man who confessed that he had killed thirteen persons, that the last one was a child and that he held the child in the fire until its feet were burned off.

In another case a man and his wife and two girls were arrested charged with highway robbery. The complaint was read in one language to the husband and in another language to the wife and children.

Judge Johnson concludes his letter as follows: "I do hope that the people of the United States, as well as congress, will make haste slowly in making any permanent compact with our little brown brothers of the Orient."

LOSING ITS SIGNIFICANCE.

In spite of the general and joyous observance of Christmas by our people, a writer whose opinion is entitled to consideration, Prof. Henry Thurston Peck, takes the startling ground that we have no longer a true conception of the great holiday, and that, in fact, we have merged the real Christmas in one of our own fashioning. His reasons for so holding are given in an article in the subject published in the New York Journal, from which this except, giving its gist, is taken:

This most beautiful of all festivals never had in this country quite the same significance which it had and still has elsewhere. This is partly because in colonial days the Puritan influence left a very large and influential part of the American people to associate the observance of Christmas with the old religion which they had themselves rejected with all its feasts and festivals and merry-makings. New England asceticism hated Old England's mellowness and love of pleasure.

The Old World holiday was first of all a family festival, a children's festival, and one to be enjoyed in quiet and repose and in a spirit of absolute contentment. We have converted it into a sort of forced and frantic feast, in which everybody is obliged to see that everybody else is gorgeously with gifts. There is nothing intimate and personal and friendly about it, or at least that is not the side of it which is most ap-

parent. Its celebration suggests a great social drag-net in which you are caught unwillingly and from which you would be very thankful to escape. The only consolation is that everybody else is equally entangled and equally unhappy. In the face of all this, the Christmas symbols are not significant of much. They are stage properties. They are the correct thing. We are all cheerful at Christmas time in the same sense in which we all look pleasant in the chair of a photographer. When we have got rid of all of the presents and packed all the packages, and given all the tips, and listened to the carols, and hung up the proper amount of green things, and done everything else that we have read about, the first feeling that we have is one of relief in knowing that it is all over for at least another year.

It is because of this transformed, uneasy, Americanized Christmas that we no longer have any Christmas books in the old sense of the word. There are very many handsome books and much more expensive ones, and perhaps some cleverer ones, but they have no more relation to Christmas than that they are suitable for gifts. What made the Old World Christmas so delightful was its homeliness, its heartstone quality, and this was reflected in the books which it inspired. What we have in place of it is a new, smart, sparkling and smart, exciting holiday, which at some time or other in the future will outwear popular sentiment and be given up by general consent.

Republic.

Louis Levine spent Christmas with relatives at Lake Linden.

William Zeiler returned Saturday from a business trip to Ironwood and other Gogebic range towns.

Tom O'Brien went into the woods early in the week. He has been engaged to do the cooking at Mike Grant's camp.

There was no work at the mine here Wednesday or Thursday, the employees taking two days off for their Christmas vacation.

Midnight mass was celebrated at the Catholic church here Christmas eve by Rev. Father Burns, the local pastor. The attendance was good.

The members of the Crescent club are making extensive preparations for the dancing party to be given at Woodmen's hall on New Year's eve. A number of young people are expected from outside.

A number of Republic people spent Christmas at points down the line. Some went to Ishpeming, some to Negaunee and others to Marquette. The reduced rates of fare given by the South Shore company was an inducement to many.

Services were conducted in nearly all the churches of the village Christmas day. In the evening special musical programs were rendered and a number of the churches presents were distributed among the children. Some of the trees provided were very attractively trimmed.

Carpenters began work early in the week rebuilding the platform at the Chicago & Northwestern depot. A gang of carpenters also started enlarging the platform at the Chicago, Milwaukee & St. Paul station. It will take in the neighborhood of two weeks to complete the latter.

The holiday business in Republic was a little disappointing to a number of the business men. It is said that trade was so thoroughly divided that no one house got the "big end," consequently no one was much rushed. There were some very nice lines of holiday goods displayed.

The schools of the village will be opened next Monday for the winter term. It is expected that there will be a large attendance, as the diphtheria scare which prevailed when the schools closed a couple of weeks ago has passed. Most of the children who were their sick with throat trouble are entirely convalescent.

The last of the machinery that will go into the crusher plant at the mine here was delivered on the ground a few days ago. The mechanics employed about the plant are not rushing their work, nor is a large force employed there now, as it will be nearly four months before the crusher will go into service.

Farney Levine has been giving his patrons milk taken from his own farm at a reduction in price during the week and has disposed of nearly all he had in stock, which was in the neighborhood of one hundred tons. Mr. Levine has two teams of fine horses which he will sell at a reasonable figure. He has no work for the horses this winter.

Hank Shoultice spent Monday in the village. He had just returned from Marquette, where a sore foot laid him up for nearly a month. He cut it with an axe one day at his exploration out some town. Hank announces his intention of doing considerable exploratory work on lands under his control during the coming season.

The City Band orchestra of Ishpeming will furnish music for the masquerade ball to be given under auspices of the Republic fire department on Friday evening, Jan. 10, instead of the Michigan orchestra, as stated in a previous issue. The arrangements committee will do its best to make this party a pleasant event. Liberal prizes will be given.

FOOD CHANGED TO POISON.

Putrefying food in the intestines produces effects like those of arsenic, but Dr. King's New Life Pills expel the poisons from clogged bowels, gently, easily but surely, curing Constipation, Biliousness, Sick Headache, Fevers, all Liver, Kidney and Bowel troubles. Only 25c at Stafford's.

Headache

Biliousness, sour stomach, constipation and all liver ills are cured by

Hood's Pills

The non-irritating cathartic. Price 25 cents of all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

SPECIAL CONCRETE SIDEWALK ASSESSMENT NOTICE.

To the owners and other persons interested in the lots and parcels of land in the city of Marquette, hereinafter mentioned:

Take Notice, that Special Concrete Sidewalk Assessment Roll No. 1, for the cost and expense of the construction of concrete sidewalks in front of and adjoining private lots and premises in the city of Marquette, has been made, and is on file with the controller for public examination; and that the following is a list of the lots and parcels of land embraced in said roll and of the sums assessed against them respectively therein, viz:

Table with columns: SUBDIVISION, LOT, BLOCK, ASSESSMENT. Lists various lots and their assessed values for concrete sidewalks.

Upper Peninsula.

The grocery store of John Stromberg, at Escanaba, was damaged by fire to the extent of about \$1,000 Tuesday.

The past few days have been record-breakers in the police court at the Soo. Not even a plain drunk has stood in and trembling before the bar of justice. Not for years has this period of time elapsed without some minor offender being brought to trial, and it must be that the Soo is getting better. One reason for the present condition of things is that the stone pile fostered by the court as a terror to evil doers has kept away the undesirable floating population.

Colonel Robert J. Bates, who for several weeks has been considering the matter of locating in the Soo, has determined to make that city his home and expects to move his family from Ironwood to the Lock City some time next month. This step on the part of Mr. Bates, colonel of the Third regiment, M. N. G., means that the Soo will become the headquarters for the regiment and that the military band of that place will be made the official regimental organization. The band which is now excellent and the price of the Soo, will be increased from a mem-

TO STOP A COLD.

After exposure or when you feel a cold coming on, take a dose of Foley's Honey and Tar. It never fails to stop a cold if taken in time. The People's Drug Store.

A cold, cough or la grippe can be "shipped" in the bud, with a dose or two of Foley's Honey and Tar. Beware of substitutes. The People's Drug Store.

Copper Country Department

WILL BE A GRAND SUCCESS. MACCABEES ELECT OFFICERS.

Trainers' Ball to Be Given at Light Guard Armory. Indications point to a big attendance at the Trainers' ball to be given next Monday evening at the Light Guard Armory, Calumet, by the members of the Brotherhood of Railroad Trainers.

Some people have been wondering what is to be done with the proceeds of the ball. The money made over and above expenses will be given to Charles Jewell, a fellow miner, who was the victim of a bad accident last spring, one of his legs being badly crushed.

By a strange coincidence the lodge is No. 24 and the membership has increased 24 in the past year and now numbers 418. This speaks well for the popularity and confidence in Maccabeanism in copperdom.

DROWNS IN SWIMMING POOL. Calumet Youth Meets Death in Y. M. C. A. Natatorium.

The body of Ross Allen, the thirteen-year-old son of Mr. and Mrs. John Allen of 2045 Oak street, Calumet, was found at the bottom of the swimming tank at the Calumet Y. M. C. A. on Christmas day, after having been sixteen hours under water.

CHILDREN WERE PLEASSED. Real Live Santa Comes Down Chimney at Portage Lake Baptist Church.

The Portage Lake Baptist church was elaborately decorated for the Yuletide celebration. There were two large Christmas trees in the center of the room and at the end was a big old-fashioned fireplace. The program comprised music and recitations by the children.

MUTUAL BENEFIT OFFICERS. At the regular meeting of Catholic Mutual Benefit association, No. 71, of Hancock, the following officers were elected: Edward Perso, president; John J. Stone, vice president; John T. Fontenach, secretary; John J. Malherbe, recording secretary; Clement Fisher, treasurer; Charles O. Olivier, financial secretary; Donas Gagne, guard; Marti Will, marshal; Fred Francis, Frank Payn and Nicholas Britz, trustees for two years.

FELL AND BROKE LIMB. Miss Frances Champagne, aged nineteen, daughter of Clovis Champagne of the Quincy hill, slipped and fell at the head of Tezook street, while coming down the hill. The fall resulted in a broken leg above the knee.

SHOT A BIG BEAR. Edward Fox has returned to Hancock after an outing of several months in Laird township. Among the large game secured by the local hunter, was a brown bear weighing 200 pounds, which he killed at the commencement of the hibernating season near the old dam on the west branch of the Sturgeon river.

TUBERCULOSIS CAUSES DEATH. Annie, the sixteen-year-old daughter of Andrew Gaffney of Quincy hillside, died on Christmas day from tuberculosis after a long illness. The funeral will be from St. Patrick's church, with burial at Lakeside. The date has not been announced. The family recently lost another daughter from the same disease.

WHERRY WAS DISCHARGED. Frank Wherry of Franklin, charged by James Bonds, his father-in-law, with attempting to do bodily harm, was discharged by Justice Finn for want of evidence. The defendant figured in the courts recently on a charge of non-support.

MEETING OF EDUCATORS. Superintendent F. W. Cooley, of the Calumet schools, will attend the convention of teachers of the state of Wisconsin to be held in Milwaukee the last three days of this week. The teachers of the state have an organized association which holds regular meetings for the discussion of educational topics. The Milwaukee meeting will be largely attended by teachers from all parts of Wisconsin, and elsewhere as well. Mr. Cooley will discuss before the association the subject of mid-year promotions, which is a vital topic with teachers all over the country.

Stops the Cough and Works Off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cts.

"Healing hemorrhoids" were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Cornwall, Valley Street, Saugerties, N. Y.

REDUCED RATES FOR THE HOLIDAYS. The Grand Rapids and Indiana R. R. company will sell round-trip tickets to all points Dec. 24th, 25th 31st and Jan. 1st. Good returning until Jan. 2nd. 11-3 fare for round trip. E. C. Amphlett, Agent, C. L. Lockwood, General Passenger and Train Agent.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence; it is the remedy of all remedies for every form of throat and lung disease.

WEATHER TOO WARM. WILL AFFECT LITTLE FELLOWS.

West Hancock Ice Rink Unable to Open Christmas. The announcement that the new rink in West Hancock would be opened on Christmas was a little premature, for the reason that the temperature resisted on climbing up for several days preceding that date, rendering the ice unfit for the sport. When the rink is ready the management will make an official announcement and will be prepared to give the patrons a royal welcome on the opening night. The rink will be very comfortable and well arranged. The ladies' and gentlemen's waiting rooms will be entirely apart and will be well heated.

A CHRISTMAS WEDDING. Joseph Glasson and Miss Mary Martin Are Married at Hancock.

Joseph Glasson and Miss Mary Martin were married on Christmas night at the home of the groom's sister, Mrs. James Hosking of Quincy street, Hancock, Rev. A. Raymond Johns, pastor of the Hancock M. E. church, officiated. About thirty friends and relatives were present. The groom is an employe at a Quincy rock house. The newly wedded couple will go to housekeeping on Franklin street, West Hancock.

ICE IS NOT SAFE. Hancock Man Comes to Grief in Attempting to Cross Portage Lake.

As yet the ice on Portage Lake is not thick enough to allow teams to pass over owing to the mildness of the winter to date. The ice in some places is only inches thick while in others it is only three or four inches. The two pontoon bridges of scows from one side of the lake to the other are well traveled and are perfectly safe. The only fault to find with the bridges is that they are out of the regular route of travel.

THE MODERN MOTHER. Has found that her little ones are improved more by the pleasant Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

CHRISTMAS AND NEW YEARS HOLIDAYS 1901-1902. For the above occasions the D. S. S. & A. R. Y. will sell tickets between all local points at greatly reduced rates. Tickets will be on sale Dec. 23rd, 24th, 25th, 30th and 31st, and Jan. 1st, and will be good for return passage until Jan. 3rd, 1902, inclusive. For further particulars apply to station and ticket agents or to Geo. W. Hubbard, General Passenger Agent, Marquette, Mich. (12-17-31)

ANNUAL CONCERT AND BALL. The annual concert and ball of the Hancock Maccabean "Lava" musical organization, will be given in Germania Hall New Year's eve. Preparations are now under way and rehearsals have been going on for several months. A chorus of fifty voices or more will be a feature. Numerous solo parts are also on the program. At the conclusion of the concert a farce comedy will be presented. The Hancock Lava is comprised of leading German residents of the village. Its concerts and entertainments in the past have always been well attended and appreciated.

MEETING OF FIREMEN. A meeting of the Lake Linden volunteer firemen will be held this evening and business of importance to the department will be discussed, the most interesting topic being that of a dance to be given in the new city hall at its completion. It was suggested that the structure be opened in that way and that the fire laddies be allowed the privilege of giving the party. The building will be completed the latter part of February and the opening will follow shortly after. The second floor has a large hall which is admirably suited for dances and it will be in great demand.

WANT SCHENCK TO STAY. The next regular meeting of the Red Jacket fire department will be held on Jan. 2, and the action taken at that time will be taken regarding the resignation of Chief Charles Schenck, who resigned the office over a month ago. At the last meeting, held early this month, no action was taken, the firemen preferring to wait in the hopes that Chief Schenck would reconsider his decision to resign and consent to remain in his present position. He is looked upon as a good man for the place and his resignation will be accepted with great reluctance.

DEATH A MYSTERY. The death of Matt Schultz, the watchman who was burned in the South Hecla shaft of the Calumet & Hecla mine, still remains a mystery. The coroner's jury simply found that he came to his death by burning in the fourteenth level. The fact that the body was found on the fourteenth level and burned clothing was found in the twelfth and between the two, leads to the belief that his clothing caught fire from the candle and in his effort to extinguish the flames the watchman fell down the shaft. As no one saw the incident the exact facts will never be known. He had on five sets of underclothes besides his outer garments.

SPECIAL TRAIN FOR PARTY. For the accommodation of those from Calumet who will attend the dancing party to be given by several young ladies of Hancock and Houghton at the Mineral Range road will run a special train to Hancock in time for the visitors to be on hand for the first dance and will leave for the return trip shortly after the party.

CHAMBERLAIN'S STOMACH AND LIVER TABLETS. Try them When you feel dull after eating. When you have no appetite. When you have a bad taste in the mouth. When your liver is torpid. When your bowels are constipated. When you have a headache. When you feel bilious. They will improve your appetite, cleanse and invigorate your stomach, and regulate your liver and bowels. For sale by The Stafford Drug Co.

THE OCTOPUS—A PORTRAIT. Sometimes you will see one crawling over the congealed, changing from one pool to another in search of prey; its greeny gray eyes regard you with death malevolence. Strike it heavily with a stick, or thrust it through with a spear, and in an instant its color, which a moment before was either a dark mottled brown or a mingled red-ink black, changes to a ghastly, horrible marbled gray; the horrid tentacles writhe and cling to the weapon, or spread out and adhere to the surrounding points of rock; a black ink fluid is ejected from the soft, pulpy and shiny body, and then, after you rain down upon it, it lies unable to crawl away but still resisting and turning, and showing its red and white suckers—a thing of horror, indeed, the embodiment of all that is hateful, wicked and malignant in nature.

LAST OF THE BUFFALO. The number of American bison remaining alive in the world is roughly estimated at 1,024, of which 684 are captive. In the densely wooded region between the Saskatchewan and Peace rivers, in British Columbia, are several hundred buffalo; there are twenty or so perhaps in the desert Panhandle region of Northwest Texas, and in the Yellowstone National Park there are fifty or sixty more, it is believed. There are none at liberty anywhere else. These few remaining wild bison are being steadily reduced in number. In British Columbia they are being killed off gradually by the Indians, while those in the Yellowstone Park are potted by poachers whenever a chance occurs. A mounted head of one of these animals is today worth from \$150 to \$200 and a skin brings a good price.

A CARD. We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. The Stafford Drug Co., Desjardins' Pharmacy, "The People's Drug Store" (11-16-6mo)

BOARD OF TRADE CAFE, HOUGHTON, MICH.

COPPERDOM BREVITIES. TO CONNECT LAKES AND SEA.

Suggestion That Grain Traffic Would Pay for Such a Canal. In suggesting the possibilities of a canal connecting the great lakes and the seaboard, Harper's Weekly gives some interesting figures on the probable cost of the construction of such a canal and its possible revenues.

The estimated cost of the construction of the canal is about \$70,000,000. Hence the question, Will it pay? This is the answer:

The present yearly traffic of the great lakes is about 40,000,000 tons. Assuming that work on the canal will begin in 1903, and the route opened to commerce in 1905, the traffic will have increased probably to 47,000,000 tons. If of this a minimum tonnage of 6,000,000 or 7,000,000 can be diverted the canal will be a paying investment. For instance, it is believed the grain can be carried, if competition requires, at a reduction of 3 cents under the present average rate of 4 1/2 cents via Buffalo to New York, or Montreal via the Welland canal. This saving would amount to about \$1 per ton. It is proposed to charge a toll of 50 cents per ton, or 1 1/2 cents per bushel. (The rate through the Suez canal is 75 1/2 per ton). Tonnage is estimated for traffic in one direction only, and no income is calculated from west-bound freight. On the basis of 7,000,000 tons the gross revenue would be \$3,500,000. The estimate for working and maintenance is \$700,000, leaving a net revenue of \$2,800,000, or about 4 per cent on the investment.

THE OCTOPUS—A PORTRAIT. Sometimes you will see one crawling over the congealed, changing from one pool to another in search of prey; its greeny gray eyes regard you with death malevolence. Strike it heavily with a stick, or thrust it through with a spear, and in an instant its color, which a moment before was either a dark mottled brown or a mingled red-ink black, changes to a ghastly, horrible marbled gray; the horrid tentacles writhe and cling to the weapon, or spread out and adhere to the surrounding points of rock; a black ink fluid is ejected from the soft, pulpy and shiny body, and then, after you rain down upon it, it lies unable to crawl away but still resisting and turning, and showing its red and white suckers—a thing of horror, indeed, the embodiment of all that is hateful, wicked and malignant in nature.

Some idea of the number of these crafty and savage denizens of the limpid pools may be obtained by dropping a baited fishing line in one of the deeper spots. First you will see one, and then another, thin end of a tentacle come wavering out from underneath a ledge of rock, and still resisting the bait, then the rest of the ugly creature follows, and gathering itself together, darts upon the hook, for the possession of which half a dozen more of its fellows are already advancing, either by swimming or by drawing themselves over the sandy bottom of the pool.—Louis Becke.

While Joseph Cornwall was feeding heads at the Quincy stamp mill a fall of rock from the bin struck him in the face and inflicted injuries which may prove fatal.

A special train will be run on the Painesdale branch of the Copper Range road at the close of the entertainment by the Finnish Glee club at St. Patrick's hall Sunday night.

Operations with the pile driver have been suspended for the season at the new coal dock of the Quincy Mining company on Torch lake. Carpenters are still working on the dock.

Mr. and Mrs. Thomas Parks and Mr. and Mrs. W. J. Parks of Lake Linden have gone to Los Angeles via New Orleans, and will pass the winter months in the land of perpetual summer.

Otto Hagan of Lake Linden has gone to New York city to attend the marriage of his sister, Mary A. Hagan, to Captain Justin McCarthy. The event will take place on New Year's eve.

Miss Eva C. Stockley, teacher of mathematics in the high school at Molino, Ill., is passing the holiday vacation at the home of her parents, City Engineer Stockley and wife, of Hancock.

Miss Nellie Low, manager of the millinery department of James R. Carroll's store in Hancock, has gone to Minneapolis, and after a short visit will return to her home at Albert Lea, Minn.

Large crowds thronged the streets of Houghton and Hancock on Christmas eve. On Quincy street in Hancock parties of Cornishmen went about singing Christmas carols, after the old-time English custom.

William Kramer of Chicago was the last of the government engineers engaged in making a topographical map of St. Louis county, Minn., to take his departure from Portage Lake. He returned home yesterday.

It is estimated that the sales of poultry at Portage Lake for the Christmas holiday reached the enormous amount of 150,000 pounds. The stock of turkeys on both sides of the lake was exhausted before 6 o'clock on Christmas eve.

C. W. Lynch, Winchester, Ind., writes: "I owe the life of my boy to Foley's Iron and Tar. He had membranous croup, and the first dose gave him relief. We continued its use and it soon brought him out of danger." The People's Drug Store.

ANNUAL MEETINGS

TEACHERS OF MICHIGAN, WISCONSIN AND ILLINOIS CONVENE.

1,000 GATHER AT GRAND RAPIDS

BOOKER T. WASHINGTON ADDRESSES A LARGE AUDIENCE.

At Milwaukee Interest Centers in Contest for the Presidency—Governor Yates Delivers Address at Springfield.

PART AND PARCEL.

DAINTY box, an exquisite wrapper, a delicate color, and a clinging fragrance—yet all these will not cleanse the skin! Has it ever occurred to you that you pay big prices for these things? Do you care to buy five articles or do you require only one—a strictly pure soap. Remember you pay for perfume whenever you buy it mixed with soap. Don't you think it is wiser to make your own selection of perfume and buy it separately? It is certainly the method adopted by most persons of cultivated taste, those who bathe with pure Ivory Soap. IVORY SOAP—99% PER CENT. PURE.

natured brown. Their skins are not the Chinese sickly sallow, but a ruddy bronze. They are all good-looking men, and had I met them in Nevada, it would never have struck me they were not Red Indians.

The women folk, however, would have put me right. Without being accused of lack of gallantry, the Indian sallow is one of the last ladies on earth for whom it would be possible to rouse admiration—course, fat to unweildiness, and with as much expression as a potato.

But these Burial women are often handsome with the kind of good looks you sometimes see among Spanish Jewesses, only much darker. The features were well cut the nose refined, and the eyes black and brilliant. Their hair was really black. As they walked about in their gay red print frocks—some of their color would suit them so well—they had a long, easy swing of the limbs that showed good physique.

The elder women get wrinkle-faced and rather uncertain in their gait. Yet distinction remains with them.

About both men and women there is a shyness which was blushing apparent when I wanted to take their photographs. They didn't quite understand the camera. But when it was explained they were pleased, and laughed and hung back, and after many persuasions from the onlooking crowd—what a lot of them were—some were Russian, Chinese, English, French, German, in all sorts of costumes—they would stand forward with the awkward delight of a yokel who is getting his five shillings from the squire's lady for showing the best cabbage at the village flower show.

I found the Russians had a kindly admiration for the Burials, extolling them for their simplicity and honesty. These Burials, though they live in tents, are not really nomads, but they keep to one particular district. Although the children of the Mongols, once the terror of the world, there is nothing of the warrior about them, except their splendid horsemanship. High-banked and comfortable do their saddles look, but they manage their horses, which are light brown with black manes and very swift, with wonderful agility. They know well how to handle a horse, once swept Europe, and they have a belief that some day a leader will arise and regain their lost kingdom.

To me there is something very pathetic in this confidence among races once powerful, but now subjected, that the day will come when they will reinhabit their own. Perhaps it is well they should have this little glow of patriotism in their hearts.

Today the Burials are pastoral. They live chiefly on milk, millet and sheep killed on feast days. Their wealth consists of immense herds of cattle; some of them every one has a few, or fifty, thousand head. In the case of families owning great herds the life is quite patriarchal. Though sons and daughters marry, the new wives and new husbands must come and live in the family camp. Dung is used as fuel. The commonest is that of the horses pounded under foot by the women and then sundried. That of goats and sheep gives the fiercest heat and is kept for winter use.

In religion they are Buddhists, but have only been so for three centuries. They are fond of making pilgrimages to Uurga, where there is a "living Buddha." So great is this devotion that a Burial will frequently surrender the whole of his property to some shrine on condition he receives just enough to live upon.—London News.

Oil as Fuel for Locomotives.

One of the railroads on the Pacific coast has been experimenting with oil as fuel for their locomotives in place of coal, and if it proves a success will be adopted. While there may be some doubt as to the success of this new fuel, there is none concerning the curative value of Hostetter's Stomach Bitters. It has been given a thorough trial during the past fifty years and has never disappointed any sufferer from dyspepsia, indigestion, constipation or biliousness who has given it a fair trial. What it has done for others in the past it will certainly do for you now. Try a bottle

STATUE TOM KINLEY

IRON COUNTRY TO HAVE CHANCE TO HELP ERECT IT. ACTIVE CANVASS IS PLANNED. J. M. LONGYEAR AT THE HEAD OF THE MOVEMENT.

Has Been Chosen to Have Supervision of the Raising of Funds and is Appointing Sub-Committeemen Throughout the District.

J. M. Longyear, who has been appointed a member of the state auxiliary committee having in charge the raising of funds to aid in the erection of the proposed memorial to McKinley at Canton, is laying plans for an extensive canvass of a wide section of the upper peninsula. His territory is the entire iron country, and it is the hope of Mr. Longyear that it will make a good showing. A number of sub-committeemen have been appointed by him, and in their respective localities they will conduct the movement.

The chief object of the entire scheme, said Mr. Longyear, "is to reach all the people; i. e., so that all the people shall have opportunity to contribute. Many small contributions are desired, rather than a few large ones, as it is desired to have the memorial come from all the people, including well-to-do citizens, from merchants, manufacturers, banks, railways, professional men, trades unions, associations, schools and like associations and religious, fraternal, benefit, patriotic and other societies."

Neat Souvenirs Given. A feature of the movement is that to all those who contribute to the erection of the memorial, a neatly engraved certificate will be sent by the central committee. The certificate is said to be a handsome one and well worthy of preservation as a souvenir. In explanation of the movement, the state committee has issued the following statement:

"The McKinley National Memorial Association, which has for its object the erection of a suitable memorial to the late president, has a board of trustees appointed by President Roosevelt, on which Michigan is represented by General Henry M. Duffield of Detroit.

"Governor Bliss, acting under authority of the nation, has appointed a state auxiliary committee to raise funds for this work in Michigan and has named John Patton, of Grand Rapids, as chairman, and the following citizens as members of such committee: Thos. Cranage, Bay City; Thos. Harney, Saginaw; Daniel McCoy, Grand Rapids; Louis Kanitz, Muskegon; W. H. Withington, Jackson; E. C. Hinman, Battle Creek; D. D. Aitkin, Flint; Lincoln Avery, Port Huron; John M. Longyear, Marquette; T. B. Dunstan, Houghton; Dallas Bondeman, Kalamazoo; C. A. Mearns, Lansing; E. C. Filer, Marquette; Ottavio Fowle, Sault Ste. Marie; Morris Osburn, Owosso; C. C. Vaughn, St. Johns; A. P. Morse, Ionia; Michael Johns, Big Rapids; G. W. Makna, Holland; Benjamin D. Pritchard, Allegan; Willard Stearns, Adrian; H. A. Conant, Monroe; Jas. B. Angell, Ann Arbor; W. L. Lillie, Grand Haven; J. S. Stearns, Grand Rapids; L. G. DeFoe, Alpena; Daniel McMullen, Cheboygan; Thos. T. Bates, Traverse City; Geo. H. Barbour, Detroit.

"The members of the state auxiliary committee are empowered to form local

TROUBLE BEGINS.

At the Same Point with Marquette People as Elsewhere.

Trouble begins with the first backache. This serious trouble—kidney trouble. Neglect means other pains more dangerous. Urinary disorders quickly follow. Doan's Kidney Pills cure all kidney ills.

Mr. Thos. Farrell of 411 Wekks avenue, Escanaba engineer on the Northwestern says: "The majority of men who follow my calling suffer from backache. In some cases like myself they are a long time on the road before the symptoms develop. In others the jarring and swinging of the cab brings on attacks much sooner. I watched the action of my kidneys carefully and had a specially constructed seat on the engine to counteract its effects. As soon as I found that my kidneys were not just giving me a chance to prove that they were not afraid of dogs, they will defend themselves against attack, and usually get the better of any stray dog that happens to annoy them. They have few diseases, and are never troubled with 'ticks' and 'crabs,' two great drawbacks with sheep.

There is a large profit in raising Angora goats successfully. They are sheared twice in a season in the west, and the yield of many of the animals is as high as nine pounds. The wool is so much finer and more silky than that of the common goat or sheep that it commands a higher price at all times. Goat owners in the west have been known to pay as much as \$500 for a good 'billy.' But they are worth the price in the end, and are as beautiful an animal as can be found, with their silk-iron hair falling to their dainty hoofs, great dark eyes, small horns and long

committees in their respective localities. Daniel McCoy of Grand Rapids has been designated as treasurer and all moneys contributed for this purpose should be sent to him, with the names of the contributors as far as practicable, that proper credit may be given on the state.

This organization is the only one now appealing to the public for money to erect a memorial to President McKinley, and it is fitting that such memorial should be erected at Canton, O., for that city was his home throughout his public life and was selected by him as his last resting place. It is proposed to give all the people an opportunity to contribute voluntarily to this great work and the co-operation of all classes of our citizens is invited.

"Superintendents of schools are requested to designate their boys and the children may bring their offerings and all religious, civil, fraternal, benevolent and other organizations, trades and professions are requested to lend their aid. The national association will prepare and distribute to all contributors a souvenir certificate which will be worthy of preservation.

"President McKinley was greatly admired and beloved by the people of Michigan and their response should be so liberal that our state will have a worthy and a proper place among those contributing to the erection of a fitting memorial expressive of the universal love he inspired and our appreciation for and loyalty to the free institutions for which he died."

ANGORA GOAT RAISING.

Development of a New Industry in Pennsylvania Foothills.

In the foothills of the Alleghenies, the refuge of the snake, owl, and raven, where is hidden no mineral wealth, and the stoncelad soil has done its best if at the summer's end it is covered by a straggly growth of underbrush and weeds, a new industry has been born. Acres of this land can be bought for almost nothing, and Angora goats have been brought from the Rockies to eat down the shrubs and weeds.

The largest flock of goats in the state is owned by O. P. Shupe and J. S. Hittman of Mount Pleasant. They bought a herd of 300 as a beginning on a western ranchman, and have placed them upon a tract of mountain land which they own near Mount Pleasant. The goats are thoroughbred Angoras, many of their pedigrees being traced back to Angora, from which country about 400 goats have come to time been imported. The mountain land upon which the flock owned by Hittman and Shupe has been turned loose is covered with a dense growth of shrubs and small trees. The goats readily eat this kind of pasture, and in a short time they will clear off the land.

There is a large herd of Angora goats in Somerset county. They were brought from Arizona by Gen. A. H. Gofforth in the early spring, and are now in a thriving condition. Many of the goats sent from Arizona are a cross between the Angora and the common goat, but those purchased by General Gofforth were of the purest specimens that could be bought in the west. Dr. J. D. Jackson of Connelville also had a car load of goats shipped to him in April. He turned them loose on a tract of mountain land near Connelville and the animals thrived wonderfully during the summer.

At Petersburg and Keyser, by the Angora goats have been bred with the common goat with some success. But it is not until the fourth or fifth cross that the characteristics of the common goat disappear and a pure white, good shearing goat with the long wavy hair of the Angora is obtained.

Though an Angora grows to the same size as a sheep, it does not mature so rapidly. A six-months-old kid will not weigh nearly so much as a lamb of the same age. But most of the "spring lamb" which is shipped from the west is in reality goat. The Angora is a prolific breeder and gives birth to twelve or fourteen years old. It has many of the habits of sheep, and thrives in any country where sheep do, but it takes less care than the latter and will eat many of the things which sheep reject. This is what makes it so well adapted for breeding in the mountain and hilly sections of Pennsylvania, Somerset counties. The goats are browsers, not grazers. They feed upon the low bushes, and always in flocks, eating grass only when there is nothing else to devour. There is no pasturage for cattle or sheep in that part of the country, and the rocky nature of the mountain land gives each an advantage to the breeding of goats in Pennsylvania. They prefer a rough hillside to a rolling meadow, being nimble and sure footed.

Angora goats are hardy, and if properly protected from rain or cold after shearing will never droop. They are usually provided with sheds, facing south during the winter, and are fed sparingly of corn fodder, straw and hay with a little grain during March and April to protect the does during the kidding season.

The kids have to be watched if they are born early in the spring as they will die in that region very easily. During the cold wet weather of early spring the does are more liable to disown their kids, though this rarely happens. Sometimes in the west as many as 5,000 kids are enclosed in a paddock, and when the kids are let out they each do know their own kid and will allow no other to approach her. Sometimes the does lie on the kids to keep them warm, and smother them. At times in the west nearly 200 kids are found, after a storm, smothered to death by their mothers.

Unlike their brothers, the sheep, goats are not afraid of dogs. They will defend themselves against attack, and usually get the better of any stray dog that happens to annoy them. They have few diseases, and are never troubled with "ticks" and "crabs," two great drawbacks with sheep.

There is a large profit in raising Angora goats successfully. They are sheared twice in a season in the west, and the yield of many of the animals is as high as nine pounds. The wool is so much finer and more silky than that of the common goat or sheep that it commands a higher price at all times. Goat owners in the west have been known to pay as much as \$500 for a good 'billy.' But they are worth the price in the end, and are as beautiful an animal as can be found, with their silk-iron hair falling to their dainty hoofs, great dark eyes, small horns and long

white beard. In a few years the raising of Angora goats bids fair to become one of the industries in Somerset, Westmoreland and other counties in Pennsylvania.—New York Commercial Advertiser.

CITY BREVITIES.

Today's weather: Threatening; moderate temperature; southwest winds. Yesterday's temperature: 7 a. m., 29 degrees; 12 noon, 29 degrees; 7 p. m., 33 degrees; maximum, 35 degrees; minimum, 28 degrees.

Jay Pickands is a Marquette visitor. Miss Fanny Jopling is home from school in the East for the holidays. Henry Reynolds, a student at Princeton, is enjoying the vacation at his home here.

Dr. O. G. Youngquist was a passenger arriving on yesterday afternoon's train from the East. Attorney Chas. F. Button arrived yesterday from Munising, called there on legal business.

Mrs. George Shaw got back yesterday from several days spent at Munising. Mr. Shaw arrived last night. Miss Violet Greenwald left on her return to Houghton yesterday afternoon after a brief visit in Marquette.

H. F. and B. J. Yungbluth of Hancock and W. E. Yungbluth of the Sea Home to spend Christmas. D. H. Powell is now nicely settled in his handsome new residence, at the corner of Michigan and Pine street.

George Shiras III, wife and family of Pittsburgh are guests at the residence of Peter White during the holiday season. Andrew B. Arveson of Menominee was the guest of L. J. Lebeque for a few days. He left for home Christmas evening.

Miss Annie Richardson is here from Iron Mountain until after New Year's. She is a member of the teaching corps of the Menominee range city.

Miss Aurelia L. Vandenberg, who is taking a course at the Ferris Business college at Big Rapids, is at home until the opening of the next term.

Will Mitchell and Charles Wheeler, knights of the grip, have gone to Detroit to consult with "the house" concerning their territory for the coming year.

J. F. Reinier and J. C. Parker, proprietors of Laurium Business college, are in Marquette for a few days for the purpose of establishing a similar institution here.

A marriage license was yesterday issued to Stanley Shimmis of Ishpeming, and Miss Freda Grigg of Negaunee. Mr. Shimmis, who is a miner, was born on the Isle of Man.

Miss Catherine Reeve, manager of the kindergarten department of the public schools of Appleton, Wis., is visiting with Miss Bessie Thiel, 320 East Arch street, for the holidays.

The Misses Ada Bertrand and Anna Zerbel, who are teaching in the Menominee schools, are spending the holidays at their homes here. The young ladies are graduates of the Marquette high and of the Normal school.

Governor John R. Rogers of Washington, whose death after a brief illness is expected to occur this afternoon, died at 10 o'clock this morning, was a brother of Rev. J. M. Rogers, pastor of the Presbyterian church of this city.

Frank, John and Rev. Henry McCabe, who were called here by the death of their mother, left last evening for their homes in the West. Frank goes to Seattle, Father McCabe to Colorado Springs and John to Spokane.

The infant son of Mr. and Mrs. Fabian Constance, who died on Christmas day, will be buried this afternoon. Funeral services will be held at the French Catholic church at 2 o'clock, and interment will be in the old cemetery.

J. C. Urich, now superintendent of a railroad extending from Sudbury, Canada, had the misfortune to be partially burned out a few days ago. The house caught fire from a defective chimney, and with its contents was quite badly damaged.

The special concrete sidewalk assessment roll will come up before the council for review this afternoon, and final adoption of the session to be held on Monday, Jan. 6. On its ratification, the collection of the claims against the various property owners will be undertaken.

Shaw & McKinnon's brick making capacity will be enlarged by the addition of a large boiler to the plant about Jan. 1. The plant is now shut down for repairs and probably will not recommence work till after the first of the year. With the numerous improvements that have recently been made in it the plant will be a very complete one next season.—Munising News.

Receiver John Jones of the land office has just received a handsomely framed memorial photograph of McKinley which now occupies a prominent place in his private office. The picture, which is an extremely good likeness of the late president, is surrounded by a wreath, from which project two flags, one at each side. The design is the best of its kind yet seen here.

A particularly fine picture, an enlargement of a kodak view, has just been executed by Edward M. Porter, the train dispatcher. The photo also was taken by Mr. Porter. It represents a South Shore passenger train, drawn by two locomotives, going up the hill toward Negaunee under all speed, possible. In the background is visible the city, and on the whole the picture is an excellent piece of work of which Mr. Porter may well feel proud.

A WOMAN'S AWFUL PERIL. "There is only one chance to save your life and that is through an operation" were the startling words heard by Mrs. I. B. Hunt of Lime Ridge, Wis., from her doctor after he had vainly tried to cure her of a trifling case of stomach trouble and yellow jaundice. Gall stones had formed and she constantly grew worse. Then she began to use Electric Bitters which wholly cured her. It's a wonderful Stomach, Liver and Kidney remedy. Cures Dyspepsia, Loss of Appetite, Try It. Only 50 cts. Guaranteed. For sale by Stafford.

OLD BROCTON WINE. Can be procured at Stafford Drug Co.'s store. (10-19-01)

NOT IN A TRUST

Globe Tobacco Co. a Successful Concern.

Has One of the Largest Factories in Detroit. Gives Employment to Three Hundred People and Makes One Hundred and Fifty Brands.

One of the few large tobacco factories in the United States not controlled by any tobacco trust is that of the Globe Tobacco Co., 25 to 31 Fort street east, Detroit. It was also the first union tobacco factory in the world. The company is the outgrowth of the firm of Walker, McGray & Co., which was established in 1871. In 1880 the company was incorporated under the present name, the capital stock being \$100,000, fully paid in, and later it was raised to \$200,000, fully paid in. In 1880 the factory building now used by the company was built

Beginning this (Saturday) morning and until after Christmas we will give Shoppers the Benefit of Low Prices ON ALL Jewelry, Watches, Silverware, China and Cut Glass. Ladies and Gentlemen's WATCHES, (Solid Gold or Gold Filled Cases.) HAVE BEEN CUT WAY DOWN.

WALTER R. HAMPER, Manager, Secretary and Treasurer Globe Tobacco Co.

and from that time on the business of the company has increased yearly. The building is 138 by 50, and six stories high. The warehouse is located at 36 and 38 Champlain street. Here are kept continuously three million pounds and upwards of leaf tobacco in bogsheads. The factory is one of the finest in that city. It is a nearly fire-proof as a factory building can be made, and is a model one in every way. All modern machinery is used, and besides the company makes use of a number of special machines from designs furnished by its superintendents and employes. The Globe Tobacco Co. was the first tobacco factory to install electricity as a motive power for its machinery. Eleven motors are used in the different departments, the power being derived from a 50-horse-power dynamo.

About 300 people are employed in the factory and a force of 40 traveling men is kept on the road. The present output of the factory is about 25,000 pounds of tobacco daily, divided about evenly between plug, fine cut and smoking tobaccos. Among its leading brands are: Duke of York Mixture, for pipe and cigarette; Hand-Made Flake Cut, the popular tobacco "that does not bite the tongue," in which quality it is unique; Globe Fine Cut Chewing, and Nerve Nix Plug Chewing. The Globe Tobacco Co. goods are sold all over the United States and large quantities are also sent to England and South America. The company is a firm believer in advertising and spends large amounts yearly in this manner. In the three departments—plug chewing, fine cut chewing and smoking tobacco—the firm have about 150 different brands, ranging in qualities and prices to suit all tastes and purses, but all as good as can be had anywhere else for the money, and some better.

The company's employes all belong to local labor unions, and all its products bear the union label. The first president of the company was Thomas McGraw, and Jesse E. Saxton was secretary and treasurer. The present officers are: Homer McGraw, president; Reuben Kempf, vice president; W. R. Hamper, manager; secretary and treasurer, all of whom have been connected with the company for many years.

Very much of the success of the Globe Tobacco Co. is due to Mr. Hamper. He possesses a wide acquaintance with the trade, and is known to buyers throughout the world. Everywhere he is highly esteemed for his wide knowledge of the business, his great energy and unvarying courtesy.

I'd leave my happy home and cross the deep blue sea, Rather than be without Charley and my Rocky Mountain Tea. Stafford Drug Co.

Editor Lynch of "Daily Post" Phillipsburg, N. J., has tested the merits of Foley's Honey and Tar with this result: "I have used a great many patent remedies in my family for coughs and colds, and I can honestly say your Honey and Tar is the best thing of the kind I have ever used and I cannot say too much in praise of it." The People's Drug Store.

SAVED HIS LIFE. "I feel I owe my life to Kodol Dyspepsia Cure," writes H. C. Christenson, Hayfield, Minn. "For three years I had dyspepsia so bad that I could hold nothing on my stomach. Finally I was confined to my bed. Doctors said I could not live. I read your advertisement on Kodol Dyspepsia Cure and thought it my case and commenced its use. I began to improve from the first bottle. Now I am cured and recommend it to all." Stafford Drug Co.; H. N. Meloche, Ishpeming.

THE SKI RACE.
A "Greenhorn" From Norway Took First Prize in Remarkably Good Time.

The long distance ski race yesterday afternoon was the means of attracting several thousand persons to Main street. The weather was so mild that all remained out until after the riders had returned to the starting point. The surface could not have been in worse condition for skiing, but despite this remarkably good time was made by the participants. The snow was so sticky that the skis would not carry the riders down the hills. In view of this the skiers had to exert themselves every foot of the distance. The course was a hard one to travel, as the greater part of it was up hill.

The riders drew lots for positions. There were eight contestants, who started in the following order:

1. Eric Hoyseth.
2. Thomas Loken.
3. Con Thompson.
4. Olof Holmoe.
5. Ole Sundlie.
6. Harold Trosvig.
7. Tom Thompson.
8. Matt Johnson.

Hoyseth started promptly at 1:30 and the others followed, each two minutes apart. Loken and Trosvig dropped out before they had gone far and Tom Thompson broke a strap on one of his skis after he had traveled a mile or so and was obliged to quit. The other five finished. Holmoe was the first to strike the top of the hill on Main street. Eric Hoyseth was less than a block behind him and Con Thompson was not more than two blocks behind Hoyseth. Holmoe passed Thompson about four miles from the city, but the latter followed him closely the remainder of the distance. Sundlie was about a half mile behind Thompson, but he finished in just thirty-one seconds better time than did Hoyseth.

The riders finished in the following time:

Matt Johnson, 1 hour, 19 minutes and 22 seconds.

Olof Holmoe, 1 hour, 23 minutes and 40 seconds.

Con Thompson, 1 hour, 28 minutes and 10 seconds.

Ole Sundlie, 1 hour, 31 minutes and 4 seconds.

Eric Hoyseth, 1 hour, 31 minutes and 35 seconds.

There were four prizes, all silver pieces, three cups and a tap bell. The value of the trophies was \$15. This left Hoyseth without a prize, though it must be admitted that he made a most remarkable run for a man who is confined to an office ten or twelve hours a day. Johnson is a wonder on skis. He has been in this country but a few months and his knowledge of the English language is very limited. He understood the conditions of the race perfectly, however, and a number in the crowd picked him as the winner before the race started. He was numbered among the fast riders of Norway and he won many prizes there. He has a half dozen or more trophies that he brought over with him. It was noticed that Johnson was in good condition at the finish, while some of the other riders were almost done up.

There is a difference of opinion as to the distance covered. Some who went over the course think it is fully twelve miles, while others put it down at eleven. None seem to think it is less than ten miles. It is said that Johnson covered more ground than any of the others. He did not take any short cuts across the fields, but stuck to the road all the way until there was no road to follow, some distance west of the Deer Lake location. With good surface for skiing it is thought that he can go over the same territory in less than an hour and fifteen minutes. Holmoe also thinks he can make the run in less than that time.

Ole Sundlie has been a good rider in his day and with a little practice will make the best of them hustle. He is an old rider, and used to be in the front rank some years ago in his native country.

Olof Holmoe is one the best all round skiers in the northwest. He is one of the prettiest jumpers ever seen here. He has won several prizes in contests during the past few years. Con Thompson is also a fine rider, but he entered yesterday's races in poor condition. As a jumper he has few superiors in this country.

The next ski contest will be similar to those pulled off last winter. The boys would rather jump than participate in long distance contests.

REPETOIRE NEXT WEEK.
The Nye & McCrumb Theatre Co. Will Hold the Boards at Local Theatre.

The theatre-going people of Ishpeeming will have an opportunity to witness a play every evening next week. The Nye & McCrumb theatre company, which has been playing the Wisconsin circuit for some time past, will be the attraction, opening Monday evening in a drama entitled "A Man of the World." The company numbers fourteen acting people. Will J. Fitzgerald, the leading comedian, is a first-class artist and other members of the troupe are well spoken of. Plays in the company's repertoire are "The Engineer," "Cuba's Vow," "M'Liss," "She," "Oliver Twist" and the "Vendetta." Popular prices are announced and Monday night a lady's ticket will be given with each paid reserved seat ticket.

NO WORK YESTERDAY.
Yesterday was observed as a holiday by the workmen of Ishpeeming. There was no work at any of the mines and the weather was favorable. Many spent the day out doors. The ski races brought out many early in the afternoon and several went out cutter riding.

All the merchandise establishments of the city closed at noon, giving the business people and their employees a half day off.

In the evening the Ishpeeming City band concert drew an immense crowd to the opera house. All the reserved seats were sold long before the doors opened, consequently some who figured on getting seats in the front part of the house were disappointed. The members of the band disposed of over seven hundred tickets. This resulted in a splendid benefit for the band as the receipts were much larger than anticipated. The program rendered was first-class and all were delighted with it.

IN BUSINESS AT GREENLAND.
The Ishpeeming friends of O. A. Sinclair will doubtless be much surprised to learn that he has engaged in the feed, coal and wood business at Greenland, Ontonagon county. Mr. Sinclair has resided in Chicago ever since he disposed of his drug business in this city some five or six years ago. He was through here a few months ago for a Chicago house and it was then that he decided to locate at Greenland. It is Mr. Sinclair's intention to move his family to the Ontonagon range town.

ISHPEMING IN BRIEF.
Will Toms of Beacon spent yesterday with Ishpeeming friends.

Thomas Gaynor, Jr., is down from the copper country on a visit to his people.

William Williams of Champion visited friends in the city Christmas and yesterday.

D. J. Mayne and family will spend the holiday season with friends in Milwaukee.

Austin Waldron and wife of Duluth are visiting Mr. Waldron's parents in this city.

Al Rogers, who is located at Virginia, Minn., is home spending the holiday season with his people.

Mrs. George G. Johnston will entertain a number of her lady friends at her home this afternoon.

E. M. Sackrider, of the copper country, spent Christmas and yesterday with his family in Ishpeeming.

Nels Mowick is home to spend the holidays with his family. Nels is doing well as a traveling salesman.

The four-months-old baby boy of John Kaunasta, who resides on Jasper street, died Christmas day. The funeral was held yesterday.

Miss Grace Lamb of Minneapolis is visiting her sister, Mrs. E. R. Nelson. She will not return to her home until after New Year's.

Christmas day was quietly spent in Ishpeeming. Only two men were jailed for being drunk and disorderly. This is a good record for the Hematite City.

James V. Wills and wife of Calumet spent Christmas with Mrs. Wills' parents, Mr. and Mrs. Thomas F. Gill. Mr. Wills will return home today, but his wife will remain until after New Year's.

Trembath Bros. are now nicely settled in their new building on Canda street. The main floor of the place is quite attractively fitted out, packing out of the nearest paint and paper stores in this section.

The Bristol Mining company, operating the Beaufort mine, near Michigamme is offering places to laborers and trammers. Good trammers will be given contracts and it is said they can make at least \$2 a day.

H. H. Watson, who left here a few weeks ago to take a position in the office of The Mining Gazette, Houghton, will return to The Iron Ore here the first of the year. He will take his old place at the type setting machine.

George M. Rock, oldest son of the late George A. Rock, has been dangerously ill the past week or more with appendicitis. Dr. A. E. Gourdeau, who is attending the young man, reports that he is convalescent and will soon be around again.

Extensive preparations are being made for the Trombly orchestra hop to take place Monday evening at the Anderson hall. Tickets will be \$1 per couple, with twenty-five cents for each extra lady. The complete orchestra will be in attendance.

The first of a series of parties to be given by the Midwinter club will be held this evening at the Anderson hall. Something like sixty couples are expected to attend. The complete Trombly orchestra will be present. The ladies who are managing the party, will serve a dainty lunch.

The funeral of the late Thomas Tearne was held yesterday under the direction of the Ancient Order of Foresters and the Old Fellows societies. It was very largely attended by the members of the organizations, as well as

WILL REPEAT CANTATA.
The members of the Salisbury Sunday school, who have been laboring hard for the past few weeks, rendered the results of their labor Christmas night in a cantata entitled "The Children of Bethlehem." For the satisfaction of the large crowds that were turned away the cantata will be repeated on New Year's night. The invitation is extended to all. The admission will be ten cents.

Three thousand men wanted to unload carloads of bottles and jugs at P. H. Donahoe's.

(12-19-11d)

many other friends. The services were held at the Division street Methodist church.

The "Hematite" eleven, composed of some of Ishpeeming's best football players, challenges the Winthrop eleven to a game to be pulled off on New Year's day at Union Park. Football sports manifest interest in this challenge, as each team can bring forth some good players. If they should meet, a warm game is assured. The Winthrop eleven can send its acceptance to Hugo Talsen, manager, or William Gill, captain.

SAYS HE WAS TORTURED.
"I suffered such pain from corns I could hardly walk," writes H. Robinson, Hillsborough, Ills., "but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by Stafford, 25c.

JAKE DAVIDSON TO RETIRE.

Levine Bros. Will Take the Savings Bank Store After Jan. 1.

Jake Davidson's employees began taking an inventory of his stock yesterday preparatory to transferring it to Able and Phil Levine, who will conduct the business under the firm name of Levine Bros. as soon as the transfer is made. There are over twenty hands employed in the store, but it will take from now until the close of the first week in the new year to complete the inventory. It is Mr. Davidson's intention to leave the mercantile business entirely. He has conducted his store here most successfully for some years past and has made money. The business has been run on a strictly cash basis and it is the intention of the new proprietors to continue along the same lines. Davidson will likely spend the remainder of the winter at a resort where he can obtain rest and treatment. For some time past his health has been impaired and he has realized that he could not continue in business here unless he has in shape to give matters his personal attention. It is likely he will move to Republic.

The members of the new firm are not strangers to the people of Negaunee, as they have been in Mr. Davidson's employ for some months past. They came into Republic with the intention of taking the business the first of the year. Able Levine did the greater part of the buying for his father's store in Republic for some years before he left there. Phil had charge of the books at his father's establishment and he is an expert accountant.

The Davidson stock will be purchased by the Levine at sixty-five cents on the dollar. It is their intention to inaugurate a sale immediately after taking possession and sell the goods remaining in stock at a corresponding reduction in prices. Meanwhile the sacrifice sale started by Davidson some weeks ago will continue until the inventory is completed. The new proprietors will enlarge the store. The entire second story will be utilized. A force of clerks will be employed exclusively on the second floor while another corps will be permanently located down stairs.

CHRISTMAS IN NEGAUNEE.

Negaunee people enjoyed their Christmas festivities immensely. The day was one of the most pleasant of the season. Many of the young people were out riding and some of the elders also spent a few hours on the roads. The cantata given at the opera house the evening drew a large audience. The occasion was one of unusual happiness for the little people, those who took part in the cantata, as well as those who received presents at the conclusion. The entertainment given at the Swedish Lutheran church under direction of the Sunday school society was highly successful. The church was packed to the doors, the program rendered was pleasing, and the children were made happy by the distribution of candy, books and other presents.

A GREAT BLOWOUT.

Nearly every member of the Negaunee fire department, as well as several invited guests, attended No. 2 Hose company's annual blowout at the hose house Christmas night.

The spread prepared by the arrangement committee was all that could be asked. At the conclusion of the feast there were speeches, musical selections and recitations. Cigars and refreshments were available. CHRISTMAS TRADE GOOD. All things considered, the merchants of Negaunee are very well satisfied with their Christmas trade, though Christmas eve did not bring the results they expected. Monday, before Christmas, was a better day than Tuesday. This is something unusual, as in past years the receipts in all the business houses have been larger the day before Christmas than on any other day of the season.

DANCING PARTY TONIGHT.

The dancing party to be given tonight under auspices of the local Music society at its hall in the Kirkwood block will be a pleasant function. It is expected that nearly every member of the party will be on hand and that no less than sixty couples will be present. The ladies will serve lunch during the evening.

A GOOD COUGH MEDICINE.

[From the Gazette, Toowoomba, Australia.] I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it. -W. C. Wockner. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by the Stafford Drug Co.

INFORMATION WANTED.

The manufacturers of Banner Salve having always believed that no doctor or medicine can cure in every case, but never having heard where Banner Salve failed to cure ulcers, sores, festering, eczema, or piles, as a matter of curiosity would like to know if there are such cases. If so they will gladly refund the money. The People's Drug Store.

Kindly Take Notice that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh, who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but not medically from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used as any nasal atomizer. The price, including a spraying tube, is 75 cents. Sold by druggists and mailed by Ely Brothers, 59 Warren Str., New York.

MAKING AN EARLY START.

E. C. Anthony Will Look After Transportation for Firemen's Tournament.

The executive committee for the next firemen's tournament held another session at the city building Monday evening. Reports were received from the members who were named at the previous meeting to make arrangements for the ball to be given Easter Monday. John Wasmuth reported that Stecher's orchestra had been engaged for the occasion. R. G. Jackson reported that McDonald's Opera House had also been secured. E. C. Anthony was named a committee of one to take up the matter of rates and special service for the tournament with the management of the South Shore road. Mr. Anthony will see this matter immediately after the meeting to make that he will endeavor to get the lowest possible rates. A finance and auditing committee was named. It is made up of C. L. Sporeley, Thomas Trathen and R. G. Jackson.

SAW DEATH NEAR.

"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with Consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It's absolute guarantee for Coughs, Colds, Bronchitis, Asthma and all Throat and Lung diseases. 50c and \$1.00 at Stafford's. Trial bottles free.

LOCAL LACONICS.

Gordon Murray spent Christmas visiting Negaunee relatives. C. G. Lampman of the Soo, was a business visitor in the city yesterday.

A number of Negaunee people took in the ski race at Ishpeming yesterday. Oscar Rohm, a well known mining man of Duluth, spent Christmas in Negaunee.

Miss Tillie Duchaine returned to Chicago Christmas night after a visit with relatives here. Thomas Penglase and family came over from Crystal Falls to spend Christmas with relatives.

Mrs. T. G. Atkinson of Atkinson, spent her Christmas holidays with Mr. and Mrs. J. F. Foley. Miss Mae Grenier left yesterday for Milwaukee where she will visit friends the remainder of the winter.

Miss O. Schunk left for Green Bay, Wis., yesterday. She will visit friends there for a couple of weeks. Anthony Broad's five-months-old baby boy died at Crystal Falls Christmas eve. The funeral was held here Christmas day. It took place from the depot after the arrival of the 10 o'clock train.

There was no work at any of the mines yesterday and in consequence there was much visiting and moving around during the day. Many people went over to Ishpeming on the street cars.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Props., Toledo, O. The remedy was used by Mr. F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligation made by their firm. West & Truax, Wholesale Druggists, Toledo, O. Walding, Kinnan & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Price, 75c. per bottle. Sold by all druggists. Testimonials free. Hall's Family Pills are the best.

J. W. Bryan of Lowder, Ill., writes: "My little boy was very low with pneumonia. Unknown to the doctor we gave him Foley's Honey and Tar. The result was magical and puzzled the doctor, as it immediately stopped the racking cough and he quickly recovered." The People's Drug Store.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for a lazy liver.

Chas. Replage, Atwater, O., was in very bad shape. He says: "I suffered a great deal with my kidneys and was requested to try Foley's Kidney Cure. I did so and in four days I was able to go to work again now I am entirely well." The People's Drug Store.

ADDITIONAL HOLIDAY RATES VIA C. & N. W. RAILWAY.

CHRISTMAS AND NEW YEARS HOLIDAY RATES TO LOWER MICHIGAN 1901-1902.

For the above occasions the D. S. S. & A. R'y. will sell tickets to all points in Lower Michigan via Mackinaw City at greatly reduced rates. Tickets will be on sale Dec. 22nd, 23rd, 24th, 29th, 30th and 31st, and will be good for return passage until Jan. 3, 1902, inclusive. For further particulars apply to station and ticket agents or to Geo. W. Hibbard, General Passenger Agent, Marquette, Mich. (12-7-31)

Lower Michigan.

Lansing business men are negotiating with the Avery Manufacturing company, of Aurora, Ill., which is desirous of locating in the capital city. The company is one of the largest manufacturers of agricultural implements in the west. The scarcity of coal at the power house of the St. Joseph electric street railway line created much anxiety with the company Tuesday and in order to bridge over the crisis the fires were kept going under the boilers by burning ties.

Horace Presty of Mendon, undertook to surprise a party of children Tuesday night by disguising himself as Santa Claus and climbing in a window. His appearance angered a large bull dog, which severely bit him on the legs and arms.

Land Commissioner Wiley has received a letter from the Michigan Land and Colonization Co., of Lansing and Chicago, asking an interview with the governor and land commissioner in regard to a scheme for the colonization of some of the lands in the northern part of the state by immigrants. E. Kolb, of Chicago, wrote the letter and Governor Bliss has consented to take the matter up with the Chicago man next Monday.

Professor Vaughn of the university, Secretary Baker of the state board of health, and Professor Kerzie, of the Agricultural college, have visited and looked into the present water works system. They made a careful survey of the wells and have taken samples of the city water away with them. They will analyze it and make a full report to the council as soon as possible regarding the purity of the water in the Bath Town.

Charles Miller, who has been wanted by the officers of Toledo, Grand Lodge and Grand Rapids for various offenses, went to his house in Lansing a few nights ago to spend the holidays. He kept himself under cover so well that his whereabouts were not discovered until he attempted to communicate with a sweetheart in Grand Rapids over the telephone, and to arrange for a visit to that city. Then the officers found him out, but after a hot chase the young man vanished.

Mayor Schlegel and City Attorney Laughman of Lapeer, both Democrats, are seriously at war because Laughman presented a bill to the common council for \$100 for four days' extra services. This week the mayor addressed a letter to the council in which he declared continued animosity toward the bill and recommended that it be tabled. The city ordinance provides a specified salary for the city attorney, hence the controversy.

Rev. W. M. Corkery, pastor of the First Baptist church of Lapeer baptized nine candidates at an evening service this week. Ralph Lisk, a printer, was the last one immersed. His conversion was one of the most interesting known in this city. While attending "East," by J. Porter White, Lisk was convinced of the existence of the lost spirits in hell, and decided then and there that he would become a christian. The young man is employed by Editor G. T. Hargroves, and has lived in Lapeer for a number of years.

Nearly every township between Lansing and St. Johns has consented to allow the Lansing, St. Johns & St. Louis electric railway to use steam for propelling power instead of electricity. The company proposes to begin operating the line within three weeks and will run three passenger trains daily each way, and as many freight trains as are necessary to handle the business. It is expected that traffic arrangements will be made with the Pere Marquette Railway company to handle the cars received by the new company.

The young daughter of Isaac Bradley, proprietor of the Milwaukee house of Muskegon, has come down with the smallpox, and the house has been put under quarantine. When the eighteen boarders of the place learned of the situation they prepared plans for escape.

Some made their exit with their baggage through the second story window, while others succeeded in getting out through the rear. They have scattered throughout the city but no effort has been made to locate them by the authorities, as it is not believed that they have been exposed.

The Charlotte council adopted a resolution Tuesday night to discontinue the street lighting. The three-year contract between the Charlotte Electric company and the city has expired, and the reason for discontinuing is because of the unreliable and unsatisfactory service given under the contract. The same condition came up a few years ago, but the question of a municipal plant was defeated at a special election. This remedy, however, is almost an impossibility now, as the city only recently voted bonds for \$50,000 for sewerage and waterworks extension.

Considerable excitement and curiosity exists in Mendon and vicinity over the discovery of a mysterious kite that was recently found in a field on Nottawa prairie south of town. The strange device shows the mechanical skill of an expert, as it was so constructed as to fly with great rapidity in a storm. The frame work is of tightly woven wire, covered with strong oiled paper, and adjusted by felt pads. The string work represented considerable labor, as silk cords hand-braided outside of coarse fish line were securely connected to hold the kite at a proper angle for flying. But more mysterious than the appearance of the apparatus is the address printed in red letters on the front side of the kite, "Nell McElroy Gates, Toledo, Ohio. Am rich. Handsome men write." The kite is on exhibition at the postoffice, and the public are anxiously awaiting some clue as to its origin.

Don't think because you have taken many remedies in vain that your case is incurable. Hood's Sarsaparilla has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and general debility. Take Hood's.

PUT PEERLESS IN YOUR MOUTH AND CHEW IT 8 HOURS WORK. PUT PEERLESS IN YOUR PIPE AND SMOKE IT 10 HOURS PAY. NOT MADE BY A TRUST. Image of Peerless cigarette pack and a person smoking.

OUR GUSHER IS NOW IN. On December 12th the Oil Well of the LAKE SUPERIOR & BEAUMONT OIL COMPANY

COMPOSED OF ESCANABA BUSINESS MEN. STOCK PURCHASERS ABSOLUTELY SAFE NOW. With the coming in of the first well, all risk on the part of stock purchasers has been removed and you now buy stock in a big profit paying oil well.

BUY STOCK NOW. Until the allotment of stock for development purposes is sold, stock can be had at \$1. After this amount is sold, stock will all be withdrawn from the market and none can be had at any such price. OIL CONTRACTS BEING MADE. Contracts for the sale of oil are being made by the company's representative on the ground and one for (20,000,000) TWENTY MILLION BARRELS will probably be closed by January 1st, which will insure handsome dividends on the stock.

CAPITAL STOCK OF \$500,000. SHARES OF A PAR VALUE OF \$1.00. This company owns in fee simple one of the very choicest tracts of oil land in the Beaumont oil fields. The well is one of the big gushers in the field. Situated only 100 feet from the famous Heywood No. 2 well, with a tested capacity of 148,000 barrels daily, the Lake Superior Beaumont Oil Company has a well of much more than the average capacity.

DIVIDENDS ARE ACTUALLY ASSURED. Dividends by this company are certain almost at once by the fact that already contracts for the sale of oil from the well have been let and others are under consideration and by January 1st a sufficient quantity will have been sold to enable the company to begin marketing the oil at once.

NO SPECULATION IN THIS PROPOSITION. In buying oil stocks, as in any business, particular care should be taken in selecting a company, the management of which you know and who will make an honest effort to give you the best return possible on your investment.

THIS COMPANY IS COMPOSED OF MEN WHOM YOU KNOW. And not like many in which you have been asked to invest that are not only unknown to you but are merely stock speculation concerns and who care nothing for your investment other than to sell their stock. Therefore it behooves you to look well to whom the management is entrusted. Look over the list of officers of this company and you will find home men whom you or your banker knows and who are not only reliable but successful business men. Another point to be remembered as important to your interest, this company will have a representative on the ground to look after the business and secure other oil contracts.

STOCK OFFERED FOR LIMITED TIME ONLY. For a limited time only stock in this company is offered to defray the necessary expense of development purposes at \$1. On the capitalization of this company its stock at this price is equal to two shares of that of companies capitalized at a million and four of those at two million which have been so freely offered to purchasers at advanced prices.

OTHERS HAVE REAPED BIG PROFITS, WHY NOT YOU? In the purchase of many stocks in the Beaumont field, many have reaped big profits by buying when the stock was cheap and before returns began to come in. You now have the same opportunity. Will you take it and on a small investment have an interest in a company that will pay handsome returns? Opportunity comes but seldom and rare, indeed, for those with limited means, and once lost never to be recalled.

ROOM FOR FOUR GUSHERS ON THIS LAND. The company's land is on block 38, among all the big gushers, and there is ample room for three more wells, which will be sunk as rapidly as the demand warrants.

DEMAND FOR THE OIL. The whole world is the market for this oil. Already have shiploads gone to European markets where it finds a ready sale against the Russian product which sells there for \$1.50 a barrel. Beaumont oil as a rule is a saving of 72 per cent. over coal, and the railroads and manufacturing establishments of the south today are changing as fast as possible from coal to oil as fuel. In a short time every house with heating apparatus and cooking range will use oil because of its great saving in both cost and labor.

WHO THE OFFICERS ARE. President, Senator O. B. Fuller; Vice-president, Mayor M. K. Bissell; Secretary, Ira C. Jennings; Treasurer, J. C. Kirkpatrick. Directors: H. W. Itede, J. K. Stack, J. C. Kirkpatrick, M. K. Bissell, Ed. Erickson, R. E. McLean, all of Escanaba. Order your stock through P. Breen, Escanaba, Michigan, or Frank Beney, of Negaunee. Shares \$1, with right reserved to increase the price at any time.

J. J. WIRTZ, Marquette, Mich. (12-7-31)

A CONVENTION HALL

STOCK COMPANY BEING ORGANIZED TO SUPPLY ONE.

SUMMITT HOUSE THE PLACE

SCHEME IS TO BUY THE BUILDING AND REMODEL IT.

Gymnasium and Hall for Indoor Sports Also Planned, and Over Half the Money Needed Has Already Been Subscribed For.

A movement has not only been launched, but already has attained encouraging proportions, which has for its object the securing of a convention hall for Marquette. The plan is to purchase the Summit House and remodel the building in a manner appropriate to the uses which it is contemplated by the promoters to serve.

It is proposed to organize a stock company to carry the scheme to its termination, and present indications are that the plan will be successful. It will require several thousand dollars to obtain title to the property and to make the improvements necessary, and already half of the amount needed has been subscribed for.

Although styled a "convention hall," the promoters intend that the auditorium shall be used for all public purposes, like dances and other assemblages, to which the people turn out in numbers. And remodeled as at present planned, the Summit would make an ideal place for affairs of the kind.

The three commissioners—Messrs. Young, Begole and Palmer—who have in hand the proposed condemnation of the freight depot site—the property on Lake street at the foot of the residence of Sidney Adams—inaugurated the proceedings in earnest yesterday. A visit to the location was made, and the grounds were thoroughly examined, after which the taking of testimony was begun in the circuit court room.

The hearing will be continued today.

It is expected that the definite determination of the question whether the plan will be a "go" or not will be known within a couple of weeks at the latest.

It is desired that if the old hostelry is to be converted into a convention hall, the work be completed by June at the latest. The state meeting of the Macabees convenes here that month and the new quarters will be wanted to accommodate the several hundred delegates who will be here.

SHORTS GIVEN A SQUEEZE. Copper Stocks Much Stronger and Show Good Gains for the Day.

There was a much better feeling in copper stocks yesterday, the trading was broader and material advances were scored by several issues. In reviewing the day's market, Paine, Webber & Co. said:

"The shorts have been given a pretty severe twist in the Boston coppers today, and as a result the big traders and investors are awakening to the fact that it is time to make preparations for a big change of prices. The market is almost here, offerings of long stocks, and will advance rapidly with continued buying. There is a strong consumptive demand for copper, and it will be a good deal stronger after the first of the new year. We expect to see the metal sell higher before it sells lower, and we believe the good coppers should be bought on all reactions."

Hayden, Stone & Co. wired the Laidley Commission company: "The general New York market is stronger and the removal of the pressure to sell has caused a rally in Amalgamated and the local coppers also. These stocks rise easily, showing how narrow the market is. The good buying we have spoken of in Utah and United States Mining continues, and Mohawk also acts well. We do not look for any big rise, but simply advise not being short."

Boom in Amalgamated Predicted. Lansing wired from New York to Paine, Webber & Co.: "I expect an advance to 75 in Amalgamated by tomorrow."

Another Wall Street wire stated: "The strength in Amalgamated is due to a rumor, that the removal of the large traders have made up a pool to buy it for a time."

A New York dispatch to Hayden, Stone & Co. said: "A local broker says: 'I understand one or two of the local copper using firms are purchasing fair quantities of copper just now, owing to their belief that the metal has touched its lowest point.'"

The New York News Bureau yesterday said: "It is stated that the Tri-mountain Copper company, which is controlled by T. W. Lawson, will enter the consolidation now under way between the Copper Range and the Baltic Mining companies."

Walker Bros. said of the Wall Street stocks: "The market today was generally strong and with a much better feeling. In the early part of the day the market was dull, but was well held, and later a strong effort was made and the price boomed up. There was heavy

TELLS OF DISASTER

EXTRA EDITION OF THE LAKE SUPERIOR JOURNAL.

UNBARTHERD BY PETER WHITE

MINIATURE PAPER PUBLISHED OVER 44 YEARS AGO.

Gives an Account of the Burning of the Propeller Webb and Contains Additional Details of the Loss of the Steamer Superior.

Peter White, in going through his old papers the other day, found an interesting relic of the days gone by, in the shape of an "extra edition" of the Lake Superior Journal, as The Mining Journal was formerly known. In size the issue is about twelve by six inches, and it bears date of Nov. 27, 1856—more than forty-four years ago, when the town was young. The particular occasion for the extra edition was the loss of the steamer Webb, although additional details of the wreck of the steamer Superior, in which there was loss of life, are also given. The disaster to the Webb is chronicled as follows:

"Phil., Oct. 3, 1857. 'Dr. Hewitt, Dear Sir—Yours reached me yesterday. I am glad to have it in my power to serve your friend Dr. Cameron. When at the Ontonagon I was applied to, to furnish a Physician to reside at the Adventure mines, and attend to some half dozen small mines in the neighborhood. I thought I could send a friend of mine from Covington O., but he refuses to go. I inclose a letter to F. P. Harrington, Superintendent of the Adventure mine. The location of the Adventure mine is one of the handsomest on the region—and Mr. Maulle, the mine captain, with whom the Dr. would live, has one of the finest families I met on the region. Altogether, the situation is as pleasant as any that could be found."

"Very truly yours, 'JOS. C. HERR.'"
HOTELS FEEL QUIET. Season When Traveling Men Are Few and Far Between.

Dropping into the hotels these days produces a sensation of restful quiet such as the knights of olden times probably felt when seeking temporary respite from their strenuous lives within the silent walls of some secluded monastery.

The ubiquitous traveling man is largely responsible. He is at home to spend the week with his family, and the effect is the same in all cities where the hotels are forced to depend to a great extent upon transients. This period of dullness usually continues until the new year, when the wide awake, good natured man with the grip overflows the country like the resistless waters of a flood—and the hotels prosper.

But the traveling man of course does not constitute all the transient trade, although the bulk of it. Hundreds of people visit Marquette during the year who have business interests here, or want to have, or come to see the town for a few days, and this class of travel is also practically nil at this time. The Yuletide season is essentially a home festival, and it has to be extremely important business that will drive a man away from his own fireside at this time.

Everything now dates from after the first of the year and ordinary trips are postponed until that date. Immediately afterwards, however, business will revive and hotel men expect one of the busiest springs in 1902 for several years.

ANCHOR LINE'S NEW BOATS. The reports regarding three or four ships to be built for the Erie & Western Transportation company (Anchor Line) are somewhat wide of the mark.

Mr. Frank J. Firth, president of the company, says in answer to a request for information by the Marine Review regarding plans for new vessels: "We are desirous of building a contract for any new steamers, it is our present purpose to contract during the winter for one new freight and passenger steamer for our Lake Superior service, which will be novel, and we hope very convenient, in certain of its passenger appointments. The steamer will have 100 state rooms, somewhat after the ocean steamer type, having been accommodation for two passengers and a lounge that may be used as a bed for a third passenger when needed. The freight capacity will be about 3,500 tons of package freight. We also have in contemplation to contract for a new freight steamer for our Lake Michigan service, of about 5,000 tons capacity. Among our winter improvements we expect to erect a new freight house on the Detroit harbor property that we purchased about a year ago."

A special meeting of the Swedish Crown No. 2 of S. U. S. of A. will be held at the Fraternity Hall Saturday at 8 o'clock p. m. Every member is requested to be present. (12-27-01)

NOTICE! Comfort and pleasure, time and money saved for contractors and masons. Kelly Island Lime upon the market again, which has been long wished for by contractors and masons for its unsurpassed qualities of quick setting and the greatest producer of mortar of any time manufactured. I handle the Peninsular Portland Cement, the standard of America; a guarantee is given by the Peninsular Cement Co. that there is no cement manufactured that can surpass it for gutter, cross and sidewalk purposes. Also handle Gypsum hard wall plaster; it is as cheap as lime mortar, wall tints in all colors, ceilings and land plaster, fire clay, brick, sewer pipe, beach sand, saw dust, wood of all kinds; also do teaming and contract work. Figures quoted on car lots or less on any material in my line.
