PREPARES FOR WAR
GERMAN BATTLESHIPS GATHER IN VICINITY OF VENEZUELA.
WILL FIRST BLOCKADE PORTS
OBJECT IS TO STARVE BESIEGED INTO SUBMISSION.
Presence of American, British and French Warships Noted in Same Locality—Germany Reticent As to Exact Plans.

Washington, Dec. 27.—The gathering of German warships in the vicinity of Venezuela and the presence in the same locality of many American, British, French and other foreign warships is directing attention to the immense naval demonstration Germany is about to make against Venezuela.
This far the German government has not made known the exact details of her proposed move, official communications to the United States being confined to inquiries as to the attitude of this government on the question of the demonstration, in view of the purpose on the part of Germany not to acquire any permanent foothold in Venezuela.
The answer of this government is entirely satisfactory to the German authorities, who since have proceeded with the execution of their plans for securing Venezuela.

Germany's First Move.
It is said to be probable that the first move by Germany will be the establishment of a blockade of Venezuelan ports so as to prevent the introduction of food products into Venezuela and thus starve the besieged into submission. Venezuela, it is said, is entirely dependent upon the outside world for its supply of corn, which is staple among Venezuelans. The Germans expect to occupy one or more of the main ports of Venezuela, probably La Guaira and Maracaibo. In this connection most positive assurances have been given to the United States government that the occupation will be temporary only for such length of time as to permit the collection of the debt due the Germans, thus disposing of the report that there is any ulterior purpose to establish a German coaling station on Venezuelan soil.
On the part of Venezuela it is semi-officially understood that President Castro has made known that he is prepared for any eventuality. There is complete silence, however, as to the defensive measures Venezuela is adopting, but there is no indication that she is laying mines or preparing in any way to resist the occupation of La Guaira or Maracaibo, which are such open ports that they are practically defenseless against such a powerful armament as the Germans can bring to bear.

May Encounter Difficulties.
The reliance of Venezuela appears to be on the practical difficulties Germany may encounter. Venezuela, it is asserted, has no need of outside supplies, and while corn is much used in an emergency, there are many other cereals which can be put to use. With reference to the German occupation of one or more ports it is thought to be likely that Venezuela will rely on harassing the invaders. The fresh water supply of La Guaira and Maracaibo is drawn from interior streams and lakes and these are expected to be cut off.
The interior of Venezuela is regarded as safe as it is said it would take a headway through the wild, unpeopled country against guerrilla tactics. There appears, also, to be much reliance on the part of Venezuela in the sentiment of sympathy which can be aroused within the United States when the European powers, actually operating on American soil and Venezuela issue declarations of war. Venezuela, it is understood, also relies largely on the fact that the foreign capital invested in the large Venezuelan ports would be the heaviest sufferer from any destruction wrought by the Germans.
German Minister Still at Post.
The German minister at Venezuela is still at his post and there is some hope that he may still bring about a settlement.
The presence of the North Atlantic squadron and many other American warships in West Indian waters is a source of much speculation to Germany and Venezuela. Berlin officials are assured that the presence of the American ships has nothing to do with Germany's plans against Venezuela, but at Caracas the presence of the American ships in the neighborhood is looked upon with satisfaction, and construed as distinctly significant.
German Cruiser Vineta Arrives.
Caracas, Venezuela, Dec. 27.—The German cruiser Vineta anchored off La Guaira today. When the Venezuelan health officer went alongside the Vineta he was not allowed to board her. Venezuelan officials immediately interpreted the action of the German officer to mean that the cruiser visited La Guaira on warlike business in connection with the claims of German citizens, but later the German officer called on the authorities and explained that his refusal to allow the health officer to board the Vineta was due to the fact that he went alongside the cruiser at too early an hour.

GEN. ALGER IMPROVING.
Detroit, Dec. 27.—General Alger's condition tonight was favorable to complete recovery. No change was noticeable except that he continues to improve slowly.

SPECULATION HIS RUIN.
St. Louis Man Arrested for Embezzling Nearly \$12,000.
St. Louis, Dec. 28.—Theodore Duddleston, Jr., formerly assistant bookkeeper of the Stock Yards bank of East St. Louis, Ill., was arrested today on a warrant sworn out by Charles L. Jones, manager of the National Stock Yards, charging him with embezzling nearly \$12,000. Duddleston says that stock speculation is the cause of his trouble. He was released on a bond.

HATED ENGLISH WORDS.
Cambridge, Dec. 27.—At today's session of the Modern Language association Professor F. A. Scott, of the University of Michigan, read a paper upon "The List of Hated Words." He wrote over 1,000 persons to find out what words in the English language they hated and for what reasons. The word which appeared to be the most disliked was "woman."

COMMUNICATE WITH BRIGANDS.
Miss Stone's Release to Be Accomplished Within a Fortnight.

Constantinople, Dec. 27.—Salonica dispatches state that Treasurer Peet, of the missionary society in Constantinople, has established communication with the brigands, who hold Miss Stone captive, and hopes the release of that lady will be accomplished within a fortnight.
London, Saturday, Dec. 27.—The Morning Leader's Sofia correspondent cables: "C. M. Dickinson, the American consul general at Constantinople, has received a complaint from a Bulgarian woman attached to the American mission at Samakov, Bulgaria, that while traveling to Mehinia, Macedonia, with an escort of eight soldiers provided by the Turkish government, she was assaulted by a lieutenant in command of the Turkish frontier guards at a point beyond Deschumaya, and her escort did not attempt to defend her."
Sofia, Dec. 27.—The Bulgarian cabinet has resigned. It is understood the new cabinet will include two members of the Stamboloff party.

SENATOR SEWELL DEAD.
Passes Away at His Home in Camden, N. J.
Camden, Dec. 27.—Senator Sewell died at 9:30 o'clock this morning. The funeral will take place Tuesday next. The place of interment will probably be Colestown cemetery, seven miles from here. The senator will have a military funeral. Messages of condolence to the bereaved family came from all parts of the country. Among them was a telegram from President Roosevelt, who had known General Sewell for years.
Washington, Dec. 27.—Committees today appointed on behalf of the senate a house of representatives to attend the funeral of the late Senator Sewell of New Jersey.

BIG NAVAL EVENT
BATTLESHIP MISSOURI WILL BE LAUNCHED AT NEWPORT NEWS THIS MORNING.

Washington, Dec. 27.—The members of the president's cabinet with their families, several bureau chiefs of the navy department, guests of the Newport News Shipbuilding Drydock company, left for Newport News, Va., tonight by a special train to attend the launching of the battleship Missouri at 11 o'clock tomorrow morning. C. B. Orent, president of the shipbuilding company accompanied the party. A large number of senators, members of the house and others, including Senator Francis M. Cockrell of Missouri and daughter, Miss Marion Cockrell, who it is to act as sponsor at the launching, sailed for Newport News tonight.
The Missouri is the sister ship of the Ohio and Maine. Her contract price was \$2,885,000. Her keel was laid Feb. 7, 1900, and on the latest construction report she was set down as 51 per cent completed. The Missouri's contract speed is 18 knots an hour. Her complement will be forty officers and 511 men. The hull is built of steel, unshelved. It is 388 feet long on the load water line, 72 feet 2½ inches extreme breadth and at mean draught of 23 feet 6 inches, and displaces 12,230 tons.
The main battery of the ship consists of four 12-inch rifles placed in two balanced turrets, and sixteen 6-inch guns. A secondary battery consists of six 8-inch guns eight 6-pounders, six 1-pounders, two coifs and two 3-inch field guns. A new feature introduced into the offensive power of the ship is two submerged torpedo tubes. The Missouri and her class are the first battleships of our navy to be supplied with them.

GHASTLY CHRISTMAS BOX.
Two Small Boys Open Case and Find Body of Woman.
Crawfordsville, Ind., Dec. 27.—Citizens of Bowers, a small place near here, are greatly excited over a ghastly Christmas box sent to Charles Campbell, a farmer. Campbell had been on a visit to Dakota and before he left home he instructed his two small boys to open a Christmas box he expected to send them. On Christmas day the box was delivered at the Campbell home. His sons opened the box and found it contained the body of a woman. The limbs and arms had been severed close to the body.
Later it was learned that the body belonged to Dr. Campbell LaFayette, who procured it at a medical college in Indianapolis and was shipping it home for dissection. He convinced the health officials that everything was regular. Dr. Campbell severed the body and took it to LaFayette.

QUIET AT BUENOS AYRES.
Reports of a Revolutionary Movement Had No Foundation.
Santiago de Chile, Dec. 27.—Rumors are current here that a revolution has broken out at Buenos Ayres.
Buenos Ayres, Dec. 27.—Street demonstrations yesterday evening, which were suppressed by the police, gave rise to certain rumors that a revolutionary movement which had no foundation in fact. Certain streets of Buenos Ayres are occupied tonight by a force of policemen, who will prevent further manifestations.
It is generally admitted this evening that the difficulties between Argentina and Chile have been ended. A word in the protocol was changed before the text of the document was made public at Santiago but Senator Portela, the Argentine minister, protested against the alteration and the Chilean foreign minister promptly ordered a rectification to be made.

FOUR HUNDRED KILLED.
Colombian Revolutionary Leader Attacked Honda With a Large Force.
Colon, Colombia, Dec. 27.—The news was received here today that General Marin, a Colombian revolutionary leader, attacked Honda, on the Magdalena river, Dec. 9, with 1,200 men. The garrison, consisting of 430 men, fought from 6 a. m. until 11:30 p. m. at 8 p. m. the garrison received reinforcements numbering 200 men. The battle started on the outskirts of the city and ended at Caracas, nine miles from Honda. Bayonets and machetes were used. The government forces were victorious. Four hundred men were killed during the battle.

EDISON PARTY SAFE.
Norfolk, Va., Dec. 27.—A message was received here from Beaufort, S. C., today saying that the Edison party are alive and well. Their yacht was reported wrecked last night near Beaufort.

TRAIN RUNS AWAY.
Engine and Coal Cars Are Wrecked and Four Are Killed.

Saratoga, Pa., Dec. 27.—An Ontario & Western train of fifty coal cars, drawn by a 100-ton engine ran away on a hill between Preston Park and Starlight today wrecking the whole train and killing four men. The dead are: Melvin Whitting, engineer; Charles Millard, fireman; Richard Budd, brakeman; Patrick Duffy, brakeman. Conductor Wren Smith, a flagman, and M. R. Walsh, who were on the caboose, jumped, landing in the deep snow, and escaped with slight injuries. Edward Fitzgerald a boy stealing a ride, was thrown into a snow bank and escaped without a scratch.
It is estimated the train was running ninety miles an hour when the wreck occurred. The terrific speed caused a flang on one of the engine's driving wheels to break going around a curve. In a few seconds the engine was in an adjoining field on its side, with fifty broken gondolas and 1,500 tons of coal piled around it.

WEDDED AT NICE.
Senator Depew Is Married to Miss May Palmer.

Nice, Dec. 27.—The civil ceremony of the marriage of Chauncey M. Depew and Miss May Palmer occurred at 3 o'clock this afternoon in the United States consulate.
The civil ceremony only occupied ten minutes. Senator Depew looked ten years younger than his real age. He was in high spirits and made a contribution to the consular charity fund. A special license for the ceremony was signed by President Roosevelt. Countess De Saxe will give a wedding breakfast here tomorrow in honor of the newly wedded pair to a large and brilliant company.

UNITED STATES OFFICER PASSES AWAY AT MARINE HOSPITAL AT CHELSEA.

Washington, Dec. 27.—The navy department this morning received the following telegram from Admiral Johnson, commanding the Boston navy yard: "Captain Richard P. Leary of the United States navy, died this morning at the marine hospital at Chelsea."
Captain Leary was held in high regard by his fellow sailors because of his nerve, shown in the presence of two German warships in the harbor of Apia, Samoa, during the stirring times which would up in a tremendous hurricane that wiped out the German and American navies in those waters in 1889.
Captain Leary, in command of the Adams, a third rate vessel of antique type, finding the Germans were about to interfere forcibly in support of their own candidate for the Samoan chief, cleared his ship for action, first placing himself in a position that commanded either approach, and forbade any interference. He was not molested and remained at his post until the American squadron under Admiral Kimberly arrived, when he was sent north in the Adams, thus escaping the great hurricane.
He was a unique figure as the first naval governor of the Island of Guam, which he ruled as he would his ship, breaking up immorality by obliging natives to marry; calling upon the men for a certain amount of work every week, and even prescribing the minimum number of poultry which might be maintained by each family.
He entered the naval service in 1860. He commanded the San Francisco during the West Indian campaign of the Spanish war.

SWEPT BY FURIOUS GALES.
Great Destruction is Wrought on Coast of New Foundland.

St. Johns, Dec. 27.—The furious gales that swept the coast of New Foundland last night wrought much destruction among shipping and fishing properties at the Bay of Islands, New Foundland, where several American vessels are seeking cargoes of herring.
At Placentia, on the west coast, fishing boats suffered great damage and wharves and water front buildings were destroyed. Both the breakwater and railroad pier have been partly demolished. The rising waves are making serious inroads into the land.
Damage in Vancouver.
Vancouver, Dec. 27.—Several hundred thousand dollars damage was done by floods after Wednesday night's storm in the Delta of the Fraser. The Labrador canneries were swept away. The Alliance and North Arm canneries were badly damaged. Damage was done to the salmon pack and other canneries and packing houses of Richmond. The town of Stevenson is under four feet of water.

SEVEN HOURS UNDERGROUND.
Party of Telephone Men Imprisoned Beneath Chicago Streets.

Chicago, Dec. 27.—Five men were imprisoned seven hours beneath surface at the intersection of Franklin and Washington streets today.
They are: A. G. Wheeler, president of the Illinois Telephone and Telegraph company; John T. Fanning, secretary of the Fanning Manufacturing company; George W. Jackson, John J. Corbett and William Newman, contractors.
The party was making an inspection of the tunnel of the telephone company but failed to make signals for the elevator so that they could be heard by those on the surface. They were finally rescued. None of them were seriously harmed by the experience.

GAMBLERS ARE EXPELLED.
Principals in Baccarat Game Ordered Out of Austria.

Vienna, Dec. 27.—Emperor Francis Joseph has ordered the expulsion from Austria of the principals in the baccarat game Dec. 21, when at the Vienna Jock club, Count Potocki lost \$500,000 during three hours playing. Count Follwing and Joseph Potocki have retired to Russia.

MYSTERY CLEARS UP

BODY OF NELLIE CROSEY FOUND IN RIVER.
HAD BEEN MISSING FIVE WEEKS
CORONER'S JURY SAYS SHE WAS MURDERED.

James Wilcox, the Dead Girl's Former Admirer, is Held by Grand Jury—Strong Guard Placed Around Jail to Protect Prisoner.
Elizabeth City, N. C., Dec. 27.—The five weeks mystery and speculation as to the fate of Miss Nellie Crosey terminated today when the body of the missing girl was found floating in the river opposite her father's home. The body was in a state of good preservation and the wearing apparel was practically intact. Coroner Fearing summoned a jury of prominent men and called in three of the best physicians of the city to make a thorough and exhaustive autopsy to learn if there were any signs of violence on the body.
Naval Reserves Ordered Out.
The naval reserves were ordered out to maintain order and see that no violence was offered to James Wilcox, the dead girl's former admirer. All the bar rooms in the city were closed. Wilcox was removed from the mayor's office, where he has been since his arrest this afternoon to the county jail, and for his own protection, a strong guard was placed around the jail. The report made by the physicians who performed the autopsy on Miss Crosey says: "The garments showed no marks of violence. There are no external marks of violence on the head, body or face. The appearance of the stomach and abdominal organs is normal. The examination of the internal organs showed that she was a pure girl. The lungs were collapsed when free from water. The heart was normal. There was no fracture discovered at any point on the cranium. A thorough examination of the brain showed no evidence of violence. Upon a section of the scalp, all round the head an inch above the brow, there was found dark discoloration of muscular substance. The bone beneath this contusion was slightly blue."
Verdict of the Jury.
The verdict of the coroner's jury rendered tonight was to the effect that "Ella M. Crosey came to her death by a blow on the left temple and being drowned in the Pasquotank river. We have not yet investigated nor heard any testimony touching as to who inflicted the blow and did the drowning. We are informed James Wilcox is charged with the same and is now in custody. We recommend that an investigation as to his or any one else's probable guilt be had by one or more magistrates of Elizabeth City or township, and said Wilcox be held to await said investigation."
James Wilcox is being held by the grand jury under \$1,000 bail.

Friends of General Alger are delighted with the favorable news from his bedside. His recovery is assured and anxious fears have given way to a feeling of satisfaction at the prospect of the speedy return of his health. The general has given the people of Michigan a real scare, as his case looked quite unpromising at one time.

Ex-Governor Shaw will be another secretary of the treasury who is not a banker. It is a popular belief that the great majority of the secretaries have been bankers, but the opposite is the case, at least since 1860. It is no disqualification for the office to be a banker, but a broad-minded, sagacious business man can fill all its requirements.

Football cranks are now awaiting news from California, where the "501-to-9 never-been-seen-on" aggregation from Ann Arbor is preparing to battle with the Stanford giants New Year's day. A Wolverine defeat would be in the nature of a surprise, but it should be remembered that the Michigan men will be severely handicapped in the approaching struggle by climatic changes and differences in diet and water.

The upper peninsula labor market appears overworked this season. According to reports from various sources, there are more men than jobs and the consequence is the inevitable falling off in wages. Men who a few weeks ago snuffed at wages ranging from \$30 to \$35 a month are now anxious to get under snug roofs at \$26. The overcrowding is attributed to an influx of outside labor.

There will be a general feeling of pleasure that Maclay's frantic appeal to the protection of the civil service commission has been without avail and that he is now under the necessity of earning his daily bread outside the government's employ. Maclay has done his little mischief and it is time for him to leave the stage. He will be remembered as the man who brought about the court of inquiry which decided nothing in particular and only left its subject a more involved question of debate.

A ship was launched recently at Sparrows' Point, Md., which, when it goes into commission, will be the largest tramp steamer under the American flag, and in the various shipyards of the country twelve ships of the same capacity of 17,000 tons displacement are under construction. The crowded condition of the American shipyards seems to indicate that the question of the rehabilitation of the American merchant marine is in a fair way to be accomplished without the aid of subsidy from the government. The promoters of the ship subsidy scheme were compelled to modify their bill and ask for less at the hands of the government, which is a strong admission on their part of the weakness of their cause.

A powerful factor in Washington public life disappears with the passing of Governor John R. Rogers, brother of Rev. J. M. Rogers of Marquette. Governor Rogers was serving his second term as executive at the time of his death, his first campaign having been made in 1896. During the period of his activity, extending a little over a decade, in state politics, he was always to be reckoned with and latterly he has been the strongest individual figure in the arena. His last victory was particularly gratifying to his following and its decisiveness showed the peculiar hold which the deceased governor had on the hearts of the people. He was not born to political position or influence, but steadily won his way to the fore by the exercise of an indomitable energy and a consistent use of the considerable abilities with which he was endowed.

The expiration of the Chinese exclusion act next May and the agitation for a more stringent law to take its place have prompted the Chinese to exercise their ingenuity and study out a scheme by which the present law can be evaded and a number of them slip into this country. Word comes from Port Townsend, Wash., that members of the Chinese colony have received information that a number of stock companies are being organized in the southern provinces of China with a capital of a million dollars and over and stock to the amount of half a million will be issued to Chinese coming to America so that they may show on being examined at the port of entry that they belong to the exempt class of merchants. The Chinaman, with all his faults, is a smooth individual, after all but he is likely to find that his new scheme may not be quite the success he hoped for, since it has been laid bare.

THE IRON MARKET.
This week's number of the Iron Trade Review gives the following summary of iron market conditions:
The Bessemer pig iron market has given a good indication in the past week of the tension to which prices are subjected, and of the tendency to break over fixed bounds. The United States

Steel Corporation and the associated merchant furnaces of the Mahoning and Shenango valleys have been trying to maintain the \$18.25 price that has ruled for months, in spite of the advances in foundry iron. As indicated last week, the United States Steel Corporation, following its policy of buying from month to month, was able to get for January only the portion of the merchant furnaces' output which other buyers did not take. The latter were paying \$18.75 for February iron and the chances were that the steel corporation would get little for that month or for March. In the past week, the policy of the large interest has changed and it has bought Bessemer iron for the first quarter, taking, it is estimated, 75,000 tons at \$15.75, Valley, or \$16.50, Pittsburgh. Other steel makers, principally Pennsylvania works east of Pittsburgh, have bought about 50,000 tons of Bessemer iron, paying from \$15.75 to \$16 at Valley furnaces, and on small lots as high as \$16.25 Valley, or \$17, Pittsburgh, has been paid. The negotiations for Bessemer iron from Germany revealed the situation, but it is now the expectation that such deliveries of domestic iron will be made to a banker business. He sold on up there just before coming home.

Archie Larsons, who had a foot scalded at a lumber camp in Kenton some twelve months ago, is still suffering a great deal. It is feared that he will not be able to resume his place at the camp this season.

Mass was celebrated at 5 o'clock Christmas morning at the Catholic church here. In the afternoon many of the older people congregated to see the tree and assist in the distribution of presents to the children.

A number of the men employed in the woods out here came in to spend Christmas. Others who did not come then will be here for New Year's. There will be a greater number in the first of the year than came to town to spend Christmas.

Captain T. H. McCormack, in charge of the life saving station at the canal, Houghton, was a visitor in Michigan Tuesday evening. His mission here was to stem the fathers of the four boys drowned Nov. 3 with a view to instituting a search for the bodies as soon as the ice leaves the lake in the spring.

Postmaster G. J. Murray reports that he did an unusually heavy mail business this Christmas. At no previous time since he has held the office has so many packages passed through his hands. With the express and mails, Christmas records it is evident that more Christmas gifts passed between relatives and friends this year than ever before.

The members of the local lodge of United Workmen expect a large attendance at their ball to be given at Odd Fellows' hall on New Year's night. A number of the young men of the place who are working in the woods will be home to attend the party. It is also expected that nearly every lover of dancing in the village will be on hand. A good time is promised all who turn out.

Michigan merchants were woefully shy on toys this Christmas. During the past few years so many of the local dealers put in holiday stocks that many of them came out even on the business. This year nearly all of them dropped out and as a result desirable toys, particularly for boys, could not be had here. A number were obliged to send to the larger cities of the country for that class of goods.

George Johnson, a young man aged about twenty years, died here of pneumonia Tuesday afternoon about 2:30 o'clock. He had been ill but eight days. His death occurred at the young man's boarding place at the Beaufort location. He had been working at the Beaufort mine for some time before he was taken down. The mother of the deceased lives at Butte, Mont. She was wiped early in the week that her son could not live and she is expected here to attend the funeral.

At the last regular meeting of the local camp of the Modern Woodmen of America the following officers were chosen for the coming year: Vice-camp, C. F. Sundstrom; worthy advisor, Frank Brown; banker, John Dowson; clerk, Peter Dolf; esordit, William Harrington; sentry, Frank Goodroe; watchman, Andrew Benson; manager, Frank Brown; physician, Dr. Loveland. The initiation took place on the second Tuesday in January. The loyal neighbors and members of the Woodmen's families will be invited to attend. A program of musical and literary numbers will be rendered and there will be a lunch at its conclusion.

Michigan people came within an ace of not having turkeys for their Christmas dinner. A large supply was ordered for the Muck meat market and they were shipped from Fond du Lac, Wis., on Thursday of last week. Under ordinary circumstances they should have arrived here last Saturday, but it seems that two or three poultry cars bound for points in this country were sidetracked and it took some time to get them. The demand for poultry was never greater than it was here Christmas eve. There were no turkeys to be had at Ishpeming or any of the other towns in the country, as all were depending on the arrival of the belated cars.

The writers between Ishpeming and Escanaba were kept warm for some time. Finally the cars were located and they were sent up by special, arriving at Ishpeming about 2 o'clock. Ed Muck went to Ishpeming on the noon train and had his goods taken from the car, returning with them on the evening express. Had he not done this the poultry would not have reached Michigan until after Christmas. As it was all turned out well and those who had prepared for turkey dinners got them.

Michigan.

John Milroy spent Christmas with friends at Bessemer.

A number of the young people of the village enjoyed a sleighride Christmas night. The weather was perfect for the outing.

Services were conducted at the Swedish Lutheran church on Christmas day. A special program befitting the day was rendered and the children were generously remembered.

An entertainment appropriate to Christmas was given Tuesday evening at the Methodist church. A tree was provided and the children were remembered with presents.

A. E. Sternes, for many years a resident of Michigan, shook hands with old friends here Tuesday. He is still living at Bessemer and is doing well in the insurance business.

M. J. Dover has returned to Michigan, after an absence of several months at Mass City, where he conducted a barber business. He sold on up there just before coming home.

Archie Larsons, who had a foot scalded at a lumber camp in Kenton some twelve months ago, is still suffering a great deal. It is feared that he will not be able to resume his place at the camp this season.

Mass was celebrated at 5 o'clock Christmas morning at the Catholic church here. In the afternoon many of the older people congregated to see the tree and assist in the distribution of presents to the children.

A number of the men employed in the woods out here came in to spend Christmas. Others who did not come then will be here for New Year's. There will be a greater number in the first of the year than came to town to spend Christmas.

Captain T. H. McCormack, in charge of the life saving station at the canal, Houghton, was a visitor in Michigan Tuesday evening. His mission here was to stem the fathers of the four boys drowned Nov. 3 with a view to instituting a search for the bodies as soon as the ice leaves the lake in the spring.

Postmaster G. J. Murray reports that he did an unusually heavy mail business this Christmas. At no previous time since he has held the office has so many packages passed through his hands. With the express and mails, Christmas records it is evident that more Christmas gifts passed between relatives and friends this year than ever before.

The members of the local lodge of United Workmen expect a large attendance at their ball to be given at Odd Fellows' hall on New Year's night. A number of the young men of the place who are working in the woods will be home to attend the party. It is also expected that nearly every lover of dancing in the village will be on hand. A good time is promised all who turn out.

The American Medical Missionary college of Chicago, owned by the Seventh Day Adventists of Battle Creek, and conducted by Dr. J. H. Kellogg, has just received a gift of a \$10,000 piece of property in the city of Grand Haven, which was cured by Dr. Kellogg's treatment. The association will erect a \$50,000 building.

John Cook, late city treasurer of Grand Haven, who is charged with having embezzled \$2,400 of that city's funds, was arrested in Grand Rapids Thursday upon complaint of his bondsmen. He gave bail in the sum of \$2,000 to appear at the January term of court. The arrest created a furor, as Cook was once a society leader and superintendent of the leading Sunday school at Grand Haven.

About a week ago a strange woman called at Mercy hospital at Bay City with a girl about twelve years of age, and asked the sisters to keep the child for a few days until her return. The sisters were informed that the parents of the girl had died in Cleveland. This was the last seen or heard of the woman, and it is now believed she deliberately deserted her charge. The girl is a Syrian and cannot speak a word of English.

Mr. and Mrs. Earl Hitchcock of Traverse City attended Christmas eve festivities at the home of a neighbor only two doors from their residence. They took with them their six-month-old child, apparently in the best of health. The child was lively and happy when they started for home, but when the wraps were removed in their home the child was dead. There was no sign of trouble or struggle during the trip home. Heart disease is given as the cause.

About 3 o'clock Thursday morning the log house of George Geddis of Royal Oak was discovered to be on fire. Many citizens hastened to the scene and were horrified to learn that Albert Geddis, a son of George Geddis, had been burned to death. At the same time his brother Wilson was badly but not fatally burned. Everything was done to recover the remains of Albert Geddis, but owing to the fact that water was scarce and the flames had such a good start, all efforts were fruitless.

The members of the township board of Dewitt, Clinton county, do not believe in spending any more money of the township funds than they have to. A meeting of the board was recently called at the request of the Lansing, St. Johns Electric Railroad company, which desired a slight alteration made in the franchise it holds from the township. The board passed the franchise with the necessary amendment, conditioned on the company paying the expense of calling the board together, \$7.50.

J. C. McFale of Pontiac is the inventor of a breech for rapid-fire guns which he thinks will do away with much of the difficulty that the war department experienced with the breech-loading gun during the Spanish-American war. The matter has been presented to the ordnance department at Washington and McFale has received a request to forward a model of his invention. McFale's invention is a movable breech. By means of a screw the breech is unlocked from the rest of the gun and opens like a clam shell, thus doing away with any possibility of the discharged shell sticking.

It appears now quite certain that the Grand Haven basket factory will be absorbed by the trust. The company, which was organized some years ago by a number of Grand Haven men, has had a comfortable existence, and its business is such that it could prove a valuable holding for the trust. The plant is one of the most complete in the state. A representative of the trust was in Grand Haven this week and has made a proposition which will probably be accepted. One of the changes is that the factory shall be kept in operation and it is said that this has been agreed to, and that in addition the plant will be enlarged next year. About 250 men are employed in the summer season.

ARE WORKING FULL FORCE.

Michigan Mines Employing 16,000 Men at Highest Wages in History.

By Horace J. Stevens. The Michigan copper mining interests have recently been made the object of a savage attack by a prominent Montana newspaper...

The inference to be drawn from the attack on Lake mines and miners published by the Montana Journal is that the Lake mining companies should have curtailed production at the time such action was taken at Butte.

The holders of the better class of copper shares, while naturally disturbed by the present condition of the metal market, are far from being disheartened.

Therefore, while the present unfortunate conditions have been created because of mistakes in the past on the part of the Amalgamated people, it is senseless to say that a healthy readjustment is impracticable for a long time to come.

The time of deposit of shares of the Copper Range and Baltic companies with the Ann Loan & Trust Co. has been extended until Jan. 6.

A gentleman identified with the Calumet & Hecla says that there was absolutely no occasion for reducing the price of copper to a 13 cent basis and that the methods employed by the United Metals selling people in putting their new rates in effect made it evident that they did not reduce prices for the purpose of finding a level upon which to do business.

The time of deposit of shares of the Copper Range and Baltic companies with the Ann Loan & Trust Co. has been extended until Jan. 6. So far there have been deposited over 175,000 shares of the companies, out of 200,000 shares outstanding.

and new methods place them in position to meet competition from any source, and of any severity.

A market price of 10 cents per pound for several years to come will close up a few of the Lake mines, but only a few, and none of these liable to closure are considerable producers.

A permanent low-priced copper market will mean a general readjustment of values so far as the market price of stocks is concerned, and it may mean a reduction in wages, but it will not mean the suspension of the mines, or even their crippling, except in the case of a few of the weaker concerns.

It will be useless to look for any reduction in output from the Lake district. Reduction can be secured only by buying control of the leading mines.

TWO BIG MEETINGS

AMERICAN HISTORICAL AND ECONOMIC ASSOCIATIONS CONVENE.

SESSION AT COLUMBIA UNIVERSITY

FREER DISCUSSION OF POLITICAL QUESTIONS BY SCHOLARS.

Principal Speakers Are Charles Francis Adams, for the Historical Association, and Prof. Ely, for the Economic Association.

Washington, Dec. 27.—The annual meetings of the American Historical Association and the American Economic Association began here tonight. The two organizations held a joint session at Columbia University at which General Adolphus W. Greely, chairman of the local reception committee, presided. Charles Francis Adams, of the Historical Association, spoke on the topic, "An Undeveloped Province," Professor Richard T. Ely, of the Economic Association, had for his subject, "Industrial Liberty."

Mr. Adams advocated a freer discussion of political questions by scholars, citing in this connection the fact that in the past twelve presidential campaigns, in all these he said there had been only six great questions discussed—slavery, reconstruction, currency, tariff, trusts and imperialism. He believed that those of slavery, reconstruction and currency were definitely disposed of, but tariff would always be a great question, and trusts and imperialism issues of today. He said the study of history throughout would show that tariff was the bastion of trusts.

In the academic discussion of the question of industrial liberty Professor Ely declared that liberty cannot be absolute, society. On the other hand, socialism furnished us with no sufficient ideal of industrial liberty. The true ideal he said lies midway between anarchy and socialism.

ANNUAL TEACHERS MEETINGS.

Conventions in Michigan, Wisconsin and Illinois Elect Officers.

Grand Rapids, Dec. 27.—At today's sessions of the annual convention of the Michigan State Teachers' association, stirring addresses were made by Inspector James L. Hughes, of Toronto, on "Dumbing as an Educator," Mrs. Anna B. Cunstook, of Cornell University, on "Nature Study as an Aid to the Grade Teacher," Graham Taylor, of Chicago Commons, on "Social Extension in the Public School."

Officers were elected as follows: President, C. L. Bemis of Ionia; vice presidents, A. B. Stocum of Kalamazoo, and Miss Margaret Sherwood of Saginaw; secretary, E. O. Palmer of Mason; treasurer, O. G. Frederick of Detroit.

The next convention will be held in Saginaw.

Milwaukee, Dec. 27.—Karl Mathie, superintendent of the city schools of Watousau was today elected president of the Wisconsin Teachers' association for the ensuing year over J. H. Nattrass, of Shullsburg, by a vote of 295 to 164. Aside from the election of officers the feature of today's general session was an address by Miss Margaret Haley of Chicago on "Public Schools and Taxation."

The state and county superintendents tonight elected the following officers: President, Walter H. Hunt, of Green Lake county; first vice president, A. J. Ingle, of Ellsworth; second vice president, Henry W. Metzger, of Dodgeville.

The feature tonight was a lecture by Booker T. Washington on "Industrial Education at the South."

Springfield, Dec. 27.—The annual convention of the Illinois Teachers' convention closed tonight. Resolutions were adopted favoring the free text book system in Illinois. President Felmley was instructed to appoint a committee to arouse interest in the matter.

The election of officers resulted: President, Professor F. N. Tracy of Kankakee; vice presidents, Montgomery Moore of Belvidere; John E. Whitecour of Salem; Mrs. Abbie Hunter of Peoria; secretary, Joel L. Bowler of Carbondale; treasurer, J. M. Frost of Hinsdale.

Doctors

Consult your doctor. If he says, "Take Ayer's Cherry Pectoral for your cough," then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing, Physicians have been our friends for 60 years.

"For five years I suffered with bronchitis. A few weeks ago I began to take Ayer's Cherry Pectoral, and only two bottles entirely cured me."

UNIFORM BANKRUPTCY LAW.

National Association of Bankruptcy Trustees Presents Report to Congress.

Chattanooga, Dec. 27.—The executive committee of the National Association of Bankruptcy Trustees has presented to congress a report of the investigation made to secure the sentiment of all sections of the country on the national bankruptcy law. The summary of the report shows:

There is an almost unanimous sentiment throughout the country favoring a uniform national bankruptcy law in place of the state insolvency systems. There also appears to be a general consensus of opinion that the present law needs amendment in several important directions. The amendments contained in the Ray bill appear to have received the favorable approval of most of the important congressional elements of the country.

LEFT TO SECRETARIES.

Mr. Gage and Root to Appoint Agent to Receive Chinese Indemnity.

New York, Dec. 27.—The Tribune's Washington correspondent says: "After a meeting of the cabinet today Secretary Gage decided to recommend to the state department that Consul General Goodnow be appointed provisional fiscal agent of the United States with authority to accept amortization and interest payments of Chinese indemnity from the Doyen diplomatic corps at Peking. No action will be taken relative to the appointment of a permanent fiscal agent until after the officials have advised in Washington. That official is expected in an agreement with the president and cabinet it was decided to leave the selection of a fiscal agent to receive America's portion of the Chinese indemnity to Secretaries Hay, Gage and Root."

RECORD BREAKING TRADE REPORTED FOR 1901.

GREATLY EXCEEDS PRECEDING YEAR.

NOTWITHSTANDING COMBINATION OF HAPPENINGS SUFFERED.

Bradstreet's Annual Review of American Trade, Finance and Industry, Shows Exceptional Commercial Expansion Enjoyed by U. S.

New York, Dec. 27.—The annual review of American trade, finance and industry prepared by Bradstreet's and given publicly today, declared that it is a record breaker among the five preceding years in the commercial expansion enjoyed by the United States.

Its preminence, the review stated, is all the more notable because it suffered from a combination of happenings that in a normal year would have proved depressing if not disastrous. Enumerated in the latter were the machinists' steel strike, the stock panic in May, the failure of several imprudently managed combinations, the efforts of some combinations, including that in copper, to fix prices, the shortage of cotton, and the assassination of President McKinley.

Roosevelt Will Do Utmost to Make Olympic Games a Success.

Paris, Dec. 27.—Baron Coubertin, president of the Olympic games, has just received a personal letter from President Roosevelt in reply to an invitation sent to the latter asking him to become president of the Olympic games to be held in Chicago during 1904.

President Roosevelt says he will lay the whole matter before the cabinet, and that so far as he himself is concerned, he takes the keenest interest in the games and will do his utmost to make the meeting at Chicago as successful as the last one, which was held at Athens. President Roosevelt's letter is couched in the warmest terms.

DIE IN EXPLOSION.

Three Are Killed at Old Sharpsville Furnace in Pennsylvania.

Sharpsville, Pa., Dec. 27.—An explosion at the old Sharpsville furnace at 7 o'clock this morning wrecked the furnace plant, killed three men and probably fatally injured another. The dead are: Martin Clary, Howard Dickson and James Bartlett. The injured man is James Donnelly.

The men were working at the top of the furnace when the explosion occurred.

INTENDED TO KILL.

Alabama Man Says Shooting of Brother-in-Law Was Premeditated.

Blockton, Ala., Dec. 27.—West Reach, a prominent citizen, was shot and killed today by Tom Stewart, brother-in-law. Stewart, when he surrendered to an officer, said the deed was premeditated. He claims Reach, who married Stewart's sister, continually mistreated her and she was forced to separate from him. He says Reach threatened to kill him and his brother.

BRITISH LOSE TEN.

Two Hundred Mounted Infantry Ambushed Near Beginderyn.

London, Dec. 27.—Details received today from South Africa of the ambush near Beginderyn, Orange River colony, on the twenty-first, of 200 mounted infantry by 300 Boers and forty armed natives, led by Commandant Britz, show the British losses to be ten men killed and fifteen wounded. The loss to the Boers is not known.

COURT ORDERS CONFLICT.

Washburn, Dec. 27.—Deputy sheriffs are patrolling the Washburn, Bayfield and Iron River road and will resist all efforts to tear up the main track of the line. The sheriff is acting under the order of Circuit Judge Parish, while Recorder Frost was directed by the federal court to remove the track. It is said the recorder will undertake to do this some time next week.

BOWLING RECORD EQUALED.

South Bend, Ind., Dec. 27.—The world's bowling record, 300 at ten pins, the best score possible, was equaled last night at the Commercial Athletic club, by Samuel M. Robinson, a well known club member.

BALL MEN TO MEET.

St. Joseph, Dec. 27.—President Hickey today issued a call for the next meeting of the American association. It is to be held in Kansas City next Monday instead of Chicago as first given out.

WALL STREET STOCKS.

Market Has An Appearance of Strength and Activity Throughout.

New York, Dec. 27.—Today's dealings in stocks were in excess of those of yesterday and the market had an appearance of strength and activity throughout the day. The results, however, shows, however, that the activity and strength were mainly in a few prominent stocks. In fact there was active realizing going on all day. The top level of prices was considerably reduced as a consequence and the market showed no disposition to rally, closing dull and steady at the close.

DROVE IN FRONT OF TRAIN.

Mother and Daughter Are Killed by Grand Trunk Express Near Lansing.

Lansing, Mich., Dec. 27.—Mrs. Eugene Mills and her daughter, Miss Hulda Mills, were struck by a Grand Trunk express train four miles east of this city and both were killed. They were driving to this city from their home near Bemous. Apparently they did not hear the approach of the westbound train, and drove directly upon the tracks. Mrs. Mills was thrown thirty feet against a fence and instantly killed. The daughter, a girl of seventeen, died twenty minutes later. Both victims were freightfully mangled, and their horse was nearly cut in two. Mrs. Mills was thirty-seven years of age, the wife of a well-known farmer and the mother of three children.

TURKISH TOBACCO CORNERED.

American Trust Gives Bad Blow to German Cigarette Industry.

Berlin, Dec. 27.—Not content with the acquisition of German cigarette factories, the American tobacco trust has now succeeded in cornering the Turkish tobacco crop, which the German cigarette trade is dependent for 75 per cent of its raw material. Dresden, the seat of the domestic cigarette industry, is appalled at this latest revelation of American octopus methods.

The leading cigarette manufacturers admit that Mr. Duke and his associates have entered on a campaign that will eventually make the German cigarette trade and German smokers "slaves of American millionaires." They add that defensive combinations, such as the English tobacco factories have formed, would be powerless here and that nothing short of government interference will defeat the Americans' program.

Robert E. Boehme, proprietor of the Kios cigarette works in Dresden, says: "During the summer and autumn months of the American tobacco trust were busy monopolizing the visible supply of cigarette tobacco in Dresden. After this had been done they went to Constantinople and entered into an agreement with the leading Turkish tobacco planters for the control of all unsold and undelivered tobacco in the country. When the German manufacturers came they found they could ob-

SYRUP OF FIGS

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strength giving laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. It is perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

The top level of prices was considerably reduced as a consequence and the market showed no disposition to rally, closing dull and steady at the close.

Sugar wavered in the early market after opening a fraction higher, and touched 11 1/2 before the support in the stock became effective. It was lifted by successive stages to 11 7/8 and closed at 11 7/8, a net gain of 3/8 on the day and a loss of 1/8 for the week. The week's campaign in the stock by the bears is thus pretty conclusively demonstrated to be a failure. The price of refined sugar was advanced by all companies today.

Amalgamated Copper, with the dividend paid, advanced to 7 1/2, and closed a point lower, which is equal to a net gain of 2/8.

Manhattan rose to an extreme of two points, but shows a net gain of only 1/8.

In the railroad list the principal activity continued to center in the coalers and the transportation group. There were indications of profit taking in some of the coalers, notably the Hooking Valley stocks, which showed losses of 1 to 1/2 after allowing for the dividends of New Jersey Central and of the Chesapeake and Potomac. The net earnings for the month of the net earnings for November.

Range of Money Rates.

Money on call firm, at 6 1/2 per cent; closed offered at 8. Prime mercantile paper, 5 1/2 to 6 per cent. Exchange, irregular, demand at 4.86 1/2 and sixty days at 4.83 1/2. Bar silver, 65 1/2.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, Dec. 27.—In wheat today there was a good trade and an active market early, but less interest later. The price changes covered 1/2 to 3/4 range, closing 1/2 to 3/4 lower. The sentiment leaned more to the bear side and there was considerable liquidation; also short selling by the Northwest. The cables were indifferent. At Liverpool spot was unchanged to 1/4 higher, with the futures up only 1/8 since Monday. The local receipts were sixty-four cars. In corn the trade was active, but local and very moderate, the range being only 1/4 to 3/8. The feeling was easier, the sentiment being bearish, and the final figures showed 1/2 to 3/4 decline. The cables were lower. At Liverpool spot was off 1/8 to 1/4, with the futures down 1/2 to 3/4 since Monday. The local receipts were 189 cars.

Oats ruled fairly active and irregular with a weaker undertone. The prices were ruled to a considerable extent by the action of wheat and by the operations of leading traders, who bought on the break, making a rally which did not hold. The prices at the best were no higher than yesterday's close, and at the low point showed a loss of 1/4 to 3/8. The close was at the low point, with a net decline of 1/4 to 3/8.

The leading futures ranged as follows: May wheat opened at 82 3/4; highest, 82 1/2; lowest, 82; closed, 82. May corn opened at 86 3/4; highest, 86 3/4; lowest, 86; closed, 87. May oats opened at 45 1/2; highest, 45 1/2; lowest, 45 1/4; closed, 45 1/4.

PART AND PARCEL.

A DAINTY box, an exquisite wrapper, a delicate color, and a clinging fragrance—yet all these will not cleanse the skin! Has it ever occurred to you that you pay big prices for these things? Do you care to buy five articles or do you require only one—a strictly pure soap. Remember you pay for perfume whenever you buy it mixed with soap. Don't you think it is wiser to make your own selection of perfume and buy it separately? It is certainly the method adopted by most persons of cultivated taste, those who bathe with pure Ivory Soap.

CITY BREVITIES.

Today's weather: Rain or snow; colder in west portion; increasing southerly winds, shifting to northwest.

Yesterday's temperature: 7 a. m., 27 degrees; 12 noon, 28 degrees; 7 p. m., 30 degrees; maximum, 33 degrees; minimum, 27 degrees.

Captain John Duncan of Calumet was a Marquette visitor yesterday. Miss Margaret Hall of the Soo has been the guest of Marquette friends for a few days.

The land office is receiving numerous timber and stone patents from Washington these days. John Lavigne of Calumet is spending the holidays with his sister, Mrs. A. Malliot, Bluff street.

W. D. Manness, formerly in the book and stationery business here, is in the city from Pennington. Frank Spear is expected home today. He has been spending a couple of weeks at Philadelphia and Detroit.

Miss Alice Ward returned yesterday from Munising, where she was the guest at her former home for a few days. Rev. Carl Appleler, pastor of the German Lutheran church, will conduct services at Bruce's Crossing tomorrow.

Mr. and Mrs. Edward Mead are at the Asire home for the holidays. Mrs. Mead was formerly Miss Alice Clark. Miss May Burt of Chicago is visiting at the residence of her parents, Mr. and Mrs. Hiram Burt, until after New Year's.

Ray Barney returned to his home at the Soo yesterday after a visit with relatives and friends at Ishpeming and Marquette. Special services will be held in the German Lutheran church at 7:30 o'clock Tuesday evening, and again at the same hour on New Year's day.

Among the visitors in the city yesterday were W. H. Cole of Duluth, A. McCallum of Metropolitan, Ed Haas of Houghton and John Gordon of Rockland. A start has been made on the extension of the street railway west on Washington street to the ice rink. The new section of line will be in commission very shortly.

Bigelow & Co. has received a fresh consignment of Dr. Drummond's popular book, "Johnny Cortez." The first lot was in great demand and was sold out within a few days. Gene Swift has taken a position on the engineering corps of the Oklahoma & Western railroad, and after the first of the year will leave for the Indian Territory to join the locating survey.

The boys and girls of the Methodist Sunday school were treated to a supper at the church last evening. A short program of recitations and music preceded the serving of the refreshments. The Baptist Sunday school's Christmas entertainment will take place this evening at the church, beginning at 7 o'clock. Santa Claus will be there, and a charade and a short program of recitations, etc., will be given.

The Marquette Athletic club has been organized with a membership of about twenty-five. The quarters in the Pendill block on Superior street where was formerly located the bowling alley have been secured, and a gymnasium has been established. The basket picnic at the snowshoe clubhouse last evening, participated in by members of the Presbyterian Sunday school and a few of the older people, was the jolly affair anticipated. Fully 150 persons were taken out to the clubhouse by the street cars.

Several varieties of apples grown by H. Blumberg on his farm near the city are on display in the window of the Johnsons Clothing company. The apples are beautiful, and give testimony more than can words to the possibilities in the fruit raising line in this vicinity. Marriage licenses were yesterday issued to Adrian E. Bunnell, a farmer of Winters, Mich., and Miss Alma Behlholz of Green Garden, to Archie MacDonell and Miss Beatrice Emma Prout of Negaunee, and to Swan Johnson and Miss Alma C. Johnson, both of Marquette.

The day before Christmas, A. M. Bigelow, treasurer of the National Union League, received a voucher for \$5,000 drawn in favor of Mrs. R. B. Finch of West Superior, the sum being the amount for which Mr. Finch was insured in the order. The voucher was forwarded to the beneficiary in time for its receipt on Christmas day.

The lodge of the Workmen has selected Fred Donkers to manage its indoor baseball team, which will be captained by T. J. Downs. A strong nine is being organized, and the lodge members already have designs on the championship. All the players on the team will be men who have achieved some fame on the local diamond, and in particular they are going after the scalps of the Beavers.

Mrs. F. W. Salisbury, a former resident of Marquette and well remembered here, died yesterday at the home of her father, Rev. Mr. Riley, at Marshall, Mich. Her husband was formerly chief clerk in the general freight department of the South Shore, with headquarters in Marquette, and was later appointed to his present position that of commercial agent at Pittsburg of the Canadian Pacific, Soo line and South Shore.

GERMAN SHIPS TOO BIG.

Deutschland Strikes Bottom Entering Cuxhaven Harbor.

Kiel, Dec. 27.—Naval architects are urging the German shipowners to build no more great boats like the Deutschland, Kaiser Wilhelm der Grosse and the Kronprinz Wilhelm, saying that Germany does not possess natural harbor facilities for vessels of that size and that all attempts to construct artificial harbors absorb millions without giving satisfactory results.

This new idea has arisen as a result of the grounding of the Deutschland on the occasion of its first attempt to enter in the magnificent new harbor of Cuxhaven, which was constructed at a huge expense. The Deutschland remained fixed in a dangerous position until rescued by a number of strong tugs. Experts assert that the harbor cannot be dredged without endangering the safety of the piers, which cost many millions. The disappointment of the officers of the Hamburg-American line is very great, especially as it is feared the government will not be willing to face the sinking of more wealth in the artificial harbor, while uncertain of the success of such a step.

MAY GIVE MORE MONEY.

Hint That Andrew Carnegie is to Donate \$1,000,000 to Columbia.

New York, Dec. 27.—Andrew Carnegie, according to a well-defined report, has consented to provide a substantial fund for Columbia University. The tender of the endowment, amounting to more than \$1,000,000, was made some days ago, but none of the details were made public. It was pointed out that Mr. Carnegie had given the money for the establishment of a new building at Columbia, but it was also said that the gift would be used as a fund for the instruction and maintenance of deserving young men who might desire to enter the university, but who could not afford to pay for their education.

Professor Nicholas Murray Butler, the present acting head of Columbia, was credited with being instrumental in bringing about the offer from Mr. Carnegie. When a reporter saw Professor Butler at his home he said: "I can give absolutely no information concerning this matter. I have nothing whatever to say about the reported gift." Should the gift be made it will be the first that Mr. Carnegie has conferred on any American university. At a meeting of the board of estimate and apportionment resolutions were adopted in which Mr. Carnegie was thanked for his generosity in furnishing \$5,200,000 to pay for sixty-five free branch libraries for the circulation of books in the city of New York. A copy of the resolutions will be sent to Mr. Carnegie.

PRES. SHAFFER'S Life Saved by Paine's Celery Compound

NATIONAL LODGE, Amalgamated Association of Iron, Steel and Tin Workers of the United States. GENERAL OFFICE, Blissett Block, 407 Seventh Avenue, PITTSBURG, Pa., October 16, 1901.

In 1899 I was compelled to abandon my profession, because of nervous prostration consequent upon exposure, hard study and overwork. A number of physicians declared I would never recover, but I tried Paine's celery compound and in less than a year increased in weight from 141 1/2 to 215 pounds.

Much so called overwork of business men is the overwork of worry, care, anxiety, haste. These make the severest drafts on their vitality. Those who suffer from nervous debility, mental depression, sleeplessness, or dyspepsia, find Paine's celery compound a powerful restorative. It regulates the liver and kidneys, cleanses the blood and feeds the nerves and nerve centers all over the body.

CONCERT AGAIN TONIGHT.
Ishpeeming City Band Will Repeat Its Program at the Opera House.

As many who held tickets for the Ishpeeming City band's benefit concert at the opera house Thursday evening were unable to gain admittance the program will be repeated this evening. A large number who bought tickets during the week from the members of the band neglected to have seats reserved in advance and as a result they were unable to get any. Nearly every seat in the house was marked off the chart before the doors were opened.

Something like two hundred more tickets than the house will accommodate were sold, so it was not surprising that so many were turned away. It is anticipated that all will find seats tonight. Tickets will be reserved in advance at one price—twenty-five cents—will prevail all through the house. The early comers will get first choice of seats.

It has been long since a local concert has been more heartily received than was the one Thursday evening. Every number was appreciated and encores were demanded after every selection. At tonight's concert two local favorites, Eldred Robbins and Miss Libbie Cox, who did not take part Thursday evening, will be heard in solos. The remainder of the program will be the same as that rendered at the first concert, but the Aedon Sextet may sing some new songs.

The doors will open this evening at 7:30 o'clock and the concert will begin an hour later.

The members of the band desire through The Mining Journal to express their thanks to all who reserved patronage at either concert. They wish particularly to thank Jaelcke Bros. for a donation of cigars.

TRAINMEN'S BALL.

The members of Hematite lodge, No. 610, Brotherhood of Railway Trainmen, expect to entertain an unusually large crowd at the society's first annual ball, to take place at the Anderson hall on Monday, Feb. 10. Several hundred invitations will be issued and special rates of fare will be procured on the South Shore road for all who attend from points up and down the line. The Ishpeeming City band orchestra of ten pieces will furnish the music and James A. Gaynor will do the prompting. The price of tickets will be \$1 per couple, with supper extra. The members of the Ladies' court of the Catholic Order of Foresters will serve a turkey supper at twenty-five cents a plate. The ball will be the last to be given before Lent.

DISSOLVED PARTNERSHIP.

Gabriel Bissonen is no longer associated in business with John E. Lindblom, whose place is at the corner of First and Pearl streets. Mr. Lindblom is to take Mr. Bissonen's interest in the business as soon as an inventory now being taken is completed. Mr. Lindblom desires all indebted to the firm to know that all payments should be made to him personally and not to Mr. Bissonen, as the accounts, payable and collectable, will be assumed by him.

YOUNG LADY DIES.

Miss Elizabeth Ann Siemon, aged twenty-one years, daughter of Richard Siemon of 337 Angeline street, died yesterday. The girl had been ailing some time, though she was not taken down until six days before her death. The funeral will take place tomorrow afternoon from the Salisbury Methodist church.

CONCERT NEW YEAR'S NIGHT.

A concert will be given at the Division Street Methodist church on New Year's night under direction of the choir. The Ishpeeming City band will assist with the program and some of the best soloists in the city will also be heard. The admission prices will be reasonable.

MAY COME TOGETHER.

The Winthrop football team has expressed its willingness to meet the "Hematites" at Union park on New Year's day. The captain of the latter aggregation expects to meet the captain of the Winthrop eleven today or tomorrow to arrange details of the game. It is certain a lively contest will be the result of the meeting, as a number of the "Hematite" eleven played on the championship school team. The Winthrop boys will doubtless outweigh the city players but weight does not count for much against the sturdy city chaps.

SAW DEATH NEAR.

"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. WILL REPEAT CANTATA.

The members of the Salisbury Sunday school, who have been laboring hard for the past few weeks, rendered the results of their labor Christmas night in a cantata entitled "The Children of Bethlehem." For the satisfaction of the large crowds that were turned away, the cantata will be repeated on New Year's night. The invitation is extended to all. The admission will be ten cents. (12-27-54)

DECLARED DIVIDEND.
Marquette County Telephone Company Will Pay One of Ten Per Cent.

The directors of the Marquette County Telephone company met Thursday afternoon at the Miners' National bank and declared a dividend of ten per cent. Those present at the meeting were Alexander Maitland, D. McViechie, E. C. Anthony, Walter Fitch, M. M. Duncan and A. B. Miner.

After paying the dividend there will still be a good surplus in the company's treasury. The earnings the past year were quite satisfactory; indeed it was the best year the company has had, and this, in spite of the fact that quite a sum was expended in construction work.

The directors instructed Manager McViechie to ascertain the cost of two new switch boards, of the latest design, one for the Ishpeeming office and the other for the Marquette office. With the new boards the service will be prompter and the operators will have less work. The drops will be raised by a device operated by a button at the bottom of the board instead of by hand, as is necessary with the old boards. It is also claimed that with the new switch boards switches that will cut out all cross talk can be put in.

Although the annual meeting of the stockholders of the company will not be held until April it is already evident that a most satisfactory report will be submitted then. The system is gaining patronage steadily.

IT IS EASY TO SAY

"Be careful," but we must all go from heated houses into chill outer air, and the change sets us coughing and wheezing. Avoiding winter colds is difficult; curing them is not hard if you take Allen's Lung Balm. Better begin when the cold is young and not wait until it settles deep into the lungs. For then, even with Allen's Lung Balm, complete relief will be slower.

Lonely Homes

A home is never complete without children. Yet many homes are childless. Many wives are desolate for the lack of a child to love. Their lives are aimless—void of the high motives of motherhood. While barrenness is causing incalculable sadness and sorrow, it exists in most cases on account of some little female trouble, which Wine of Cardui would speedily set right. This pure Wine regulates the disordered female organs by building up the worn out nerves and regulating the menstrual flow. It restores the fallen womb to its proper place. By strengthening the generative organs, it makes pregnancy possible where barrenness exists. You can depend on

WINE OF CARDUI

Suffering women all over the land have been depending on it for seventy-five years. No more convincing proof can be given than the testimony of Mrs. Benson, who is only one of thousands of women to whom Wine of Cardui has brought a permanent cure. Many cases of miscarriage—that trouble which robs mothers of their hopes—have been avoided by timely use of the Wine. You are asked to try Wine of Cardui and Theodor's Black-Draught, its companion medicine. Nine out of ten cases of female trouble, barrenness included, yield to them. All druggists sell \$1.00 bottles of Wine of Cardui.

Vanderhoort, Ark., April 2, 1900.

Last May I had a miscarriage, which was followed by flooding. I read your Almanac and my husband got me a bottle of Wine of Cardui and it stopped my flooding and restored my fallen womb to its place. Now I am cured after taking three bottles and have another to take which I got this morning. I am expecting to become a mother and Wine of Cardui will be my doctor.

SOCIAL FUNCTIONS.

Much Interest Manifested in Balls and Entertainments to Take Place Soon.

From present indications the people of Negaunee will not wait for amusement during the next few weeks. There will be something doing nearly every evening from now until the middle of January. Several of the lodges have planned entertainments to be given in connection with ceremonies incident to the installation of their new officers. To many these functions will be the greatest interest, but another entertainment offered, white to the younger people the balls will be the most attractive form of amusement.

The new year opens with a ball at McDonald's Opera House under direction of the degree team of the Modern Woodmen of America. Entertainments are being made for the party and it is expected that it will be one of the most enjoyable given in Negaunee in many months. Trombly's complete orchestra will furnish the music. Supper will be served at the Breiting House at a very reasonable price per couple. The committee having management of the party in hand are as follows: Arrangement, R. J. Miller, James A. Curley, Henry Anderson and Godfrey Trotchaud; reception, Ed Dyer, Henry Ashelman, Charles Lawrey, Frank Bashaw and John Arnett; floor, Axel Rasmussen, William Bonser, John Laska, Tom Combe and Aleide Belhumer. There will be no big dance in Ishpeming that night, hence a large number are expected over from there.

On New Year's night the Negaunee City band will give its annual concert at a hop at the opera house. The program to be rendered has been prepared and it is announced that it will be one of the most pleasing ever given in Negaunee in connection with a band concert. The prices of admission will be twenty-five and thirty-five cents, the latter for reserved seats which can be had at Perkins' drug store.

The Knights and Ladies of the Macabees will give a joint entertainment at the A. O. U. v. hall on the evening of Jan. 10. The newly elected officers of the Knights' tent will be installed by Deputy Great Commander Peterson. The program will consist of musical and literary numbers, speeches, etc. The invitations will be limited to the members of both societies. The committee named at the last regular meeting to complete arrangements for the entertainment is composed of Thomas Trachon, O. M. Colborn, James Slicker, Thomas Rogers and B. J. Miller.

The members of the men's and women's courts of the Catholic Order of Foresters will unite in giving an entertainment at their regular meeting place in the Mulvey block on the evening of Jan. 2. There will be an entertainment followed by a lunch. The program will consist of musical and literary numbers and speeches. Invitations will be limited to the members of both courts and their families. A lunch will be served at the conclusion of the entertainment. Arrangements for the entertainment are in the hands of a committee composed of Robert Duschane, Joseph F. Winter, E. Lacombe and T. Gaffney, chief ranger of the men's court.

BROKEN GLASS REPLACED.

The large window in the Sundberg block, where the Negaunee branch of the Ishpeming Co-operative society has been established, which was shattered by the explosion at the Anthony Powder works a few weeks ago, was yesterday provided with new glass. It was put in by Trembath Bros., painters, of Ishpeming. The glass was slow in getting here, but some delay was expected owing to the rush of orders the glass manufacturers have had during the past few months. None of the large plate glass ordered for the new building business blocks which suffered from the explosion has arrived, nor do the owners know just when it will get there.

MARRIED AT ISHPERING.

Samuel Stephens, a member of one of the local bands, was united in marriage on Tuesday last to Miss Eliza Brimacombe of Ishpeming. The ceremony was performed by Rev. Atwell, pastor of Grace church, at the parish house. The groom was supported by his brother, Charles Stephens, and Miss Julia Trebilcock was bridesmaid. The bride and groom have already taken up their residence in Negaunee.

Ask Haupt, the grocer, for a sample of Ramona or Alhena sugar wafers. They are without doubt the most delicious wafer sold. A sample will be given for the asking at Geo. Haupt's popular grocery. (12-7-0)

ONLY ONE ARREST.

Negaunee was a quiet place during the Christmas holidays. There was no excitement of any kind and the police officers had all the opportunity they wanted to celebrate in the same manner as other people. Only one arrest was made and that was a man who grew noisily as a result of an overdose of liquid refreshments. Marshal Grille reports that it was the most orderly Christmas since he has been on the force.

Carpenter & Skiles' very fine fruit cake, in pointed packages, at forty cents, at Haupt's Grocery. (12-7-0)

LIBERAL CONTRIBUTIONS.

The members of St. Paul's church congregation were very liberal in the collection taken up Christmas at the church for the orphans of the diocese. The total was \$539.69. This is the largest sum ever collected for that purpose on Christmas.

Alfred Lagergren, who left here some five or six months ago for Canada, is back on a visit to relatives and friends Lagergren is the man who had such a marvelous escape from death by sighting here a short time before he left the coast. One of the shoes he wore was almost torn from his foot by the current, but he was not injured in the least. The shoe attracted no little attention at the time in the window of Kirkwood & O'Donoghue's drug store.

OIL AS FUEL FOR LOCOMOTIVES.

One of the railroads on the Pacific coast has been experimenting with oil as fuel for their locomotives in place of coal, and if it proves a success will be adopted. While there may be some doubt as to the success of this new fuel, there is none concerning the curative value of Hostetter's Stomach Bitters. It has been used with notable success during the past fifty years and has never disappointed any sufferer from dyspepsia, indigestion, constipation or biliousness who has given it a fair trial. What it has done for others in the past it will certainly do for you now. Try a genuine Hostetter's Stomach Bitters. Die Stamp over the neck of the bottle.

Doing a vast amount of good in curing sickness among the poor.

It is stated on good authority that tons of valuable medicines are handed out free to the poor of New York City every season. The chief source of illness among the unfortunate classes is improper diet, which overtaxes the stomach and fills the system with poisons. Only remedies of highly recognized value are used at the Free Dispensaries, and they are here subjected to a splendid test of their merits in all kinds of cases.

The P. L. Abbey Company, Kalamazoo, Mich.

Sore Feet

Omega Oil

is better for Sore, Tender, Tired Feet than foot powders, because it goes inside, where the pain is, while the powders stay outside. The Oil is such a simple remedy, and it is just as sure as it is simple. Bathe your feet at night with warm water and soap, wipe them dry and then rub Omega Oil in. Rub good and hard and often. That's all you have to do to make your feet well.

LAKE SUPERIOR ENGINE WORKS BUSILY EMPLOYED.

HAS 117 HANDS ON PAY ROLL

OPERATIONS IN EVERY DEPARTMENT ARE RUSHING.

For Engines Alone There Are \$10,000 of Orders Booked, and Lately Machines Have Been Sold in Denmark

It has been realized generally that the Lake Superior Engine works is enjoying a good business and that the plant is one of the mainstays of the city...

On the books of the company there are orders now for over ten thousand dollars' worth of engines still to be manufactured, while during the course of every week a number of inquiries are received which in nearly every case result in the booking of more orders...

During the past few days two engines have been sold to Denmark. The machines are shortly to be shipped, going to the port of Kjoebenhavn...

In addition to the engines, the plant is turning out machinery and mouldings of nearly every description. A good business in this line is done weekly by the mining companies...

CUPID ON A VACATION.

Little Doing in the Marriage License Business These Days. Cupid evidently has been indulging in a vacation lately, and as a result the business in marriage licenses is rather slack at the office of the county clerk...

As far as monthly records go, June does not hold first place despite the old tradition. More licenses were issued in October and in September than during the month of June...

Last year in this county a total of 350 couples were authorized to wed, the year going out with a rush for licenses, a condition of which at present there is not much indication.
