NO FEAR OF WAR

UNITED STATES AND GERMANY
WILL NOT HAVE TROUBLE.

NOTWITHSTANDING REPORTS OF A

ONE BERLIN NEWSPAPER SAYS
CONFLICT IS INEVITABLE.

Others Assert That Only Kindly Feelings Exist Between Two Countries and Scoff at Idea of Any Difficulty.

Berlin, Dec. 30.—The German foreign office authorizes the Associated Press to announce that there is no truth whatever in the dispatches from Caracas saying that the German minister left the Venezuelan capital after a heated exchange of words with President Castro. The German charge d'affaires, Herr Von Pilgrim-Baltazzi, is still at his post, and is continuing negotiations with President Castro. There has not been any question of breaking off diplomatic relations with Venezuela. The German minister to Venezuela, Dr. O. Schmidt-Loda, who has been on a vacation here, is now on his way to Caracas.

Hopes to Collect Claims Peaceably. The foreign office again solemnly reiterates the statement that it does not contemplate territorial acquisitions in Venezuela.

Replying to Germany's assurances, the foreign office has received an answer from Secretary Hay, expressing full satisfaction with Germany's position. Germany still hopes to collect her claims peaceably.

The Tagblatt this evening prints a double-leaded cable dispatch from Washington setting forth that the principal military and naval authorities here consider that war between the United States and Germany, sooner or later, is inevitable.

United States ambassador Andrew D. White informed the German newspaper men who called at the embassy today that the reports of a possibility of war between the United States and Germany were the "thinnest kind of sensational nonsense."

Roosevelt Respects German Emperor. Not one of the authorities referred to in Tagblatt's dispatch, he added, would, under any circumstances, disclose such an opinion, least of all the relations between the two countries are so good as at present.

"Moreover," said Ambassador White, "President Roosevelt, as commander in chief of both the army and navy, it is well known, entertains not only official but personal predilections for Germany, which have been known not only officially to Germany, but which have long been known among his friends. He studied in Germany, reads and loves German literature, and has the most sincere personal respect for the German emperor. Any utterance of the kind alleged by an officer of mine service would be sternly rebuked by President Roosevelt."

German Cruiser Sails. Today the German cruiser Gazelle was ordered to sail immediately to Venezuela. The government intends to send one or two other small warships to reinforce the present German squadron in the Caribbean sea. The additions to Germany's naval force there will not be sufficient to give rise to suspicions among the people of the United States that Germany meditates anything beyond a collection of the claims due German subjects.

The German government desires, beyond anything else in this matter to avoid disturbing the government or the people of the United States. German newspapers today are full of expressions of this kind, and many of these expressions are so much alike it is easy to infer that their utterance is suggested by the government. A remarkable thing is the fact that there is not a single unkind expression towards the United States in any of this newspaper comment. Even the dispatch from Washington to a New York newspaper, to the effect that persons of importance in war and navy departments consider war between Germany and the United States inevitable, has been reproduced everywhere throughout Germany and is discussed coolly, and for most part is treated with incredulity.

What the German Press Says. "We hope this opinion," says the Berliner Neueste Nachrichten, "which grew out of the Spanish war, and which we consider wholly erroneous, will soon give place to a more correct conception of Germany's aims. It is quite unreasonable that people in the United States, holding such opinion should connect this opinion with Washington has been fully informed Germany's intentions." The Lokal Anzeiger says: "The task for our diplomacy is to make German interests prevail against Venezuela without, at the same time, losing touch with the American government. The authorities at Washington have, up to the present, shown such an intelligent comprehension of the situation, and a friendly disposition towards Germany's wishes, that no grounds for apprehension exist at this point."

Knoop Will Be Expelled. Caracas, Dec. 30.—The Venezuelan government has sent a request to Berlin that Herr Knoop, manager of the German railway, be discharged. It is believed Knoop will be expelled. Traffic over the German railway continues to be suspended.

It can be said upon excellent authority that Germany's contemplated naval demonstration against certain Venezuelan ports will be postponed until the termination of the present revolution against President Castro.

Ultimatum Within Three Days. London, Dec. 30.—A dispatch to the Central News from Berlin says: "It is believed certain here that an ultimatum will be issued within three days, and that the attack on Venezuela will follow directly after. In addition to the Vineta and Falke two training ships and the cruiser Beier are ordered to La Guira. In the meantime I am officially assured that the German charge d'affaires has not left Caracas and that diplomatic relations have not yet been broken off. An agreement has been reached between Germany and the United States in regard to the German course of action in Venezuela."

Germany Will Be Careful. London, Dec. 30.—The morning papers comment upon the gravity of the German Venezuelan dispute. They are generally agreed that Germany is not anxious to provoke complications and will be careful not to ruffle American susceptibilities.

The Chronicle says the United States has no interest in seeing its guaranty against foreign aggression turned into a cloak for bad faith towards the foreign powers.

SHOOTS WOULD-BE SUITOR. Prominent Newport News Attorney Fatally Wounds City Engineer.

Newport News, Va., Dec. 30.—C. Ayette Ashby, a prominent attorney of this city, today shot and perhaps fatally wounded City Engineer E. A. Marve, and also dangerously wounded Policeman Woodward, who had Marve under arrest.

Marve has been paying attention to Miss May Garnett, who is a sister-in-law of Ashby. Today Marve called at the residence of the Garnetts and on being refused admission threw several bricks through the windows. Officer Woodward arrested him.

On the way to the station house they were met by Ashby, who had been summoned by telephone. Without a word Ashby drew a pistol and fired four shots in rapid succession. Marve was struck in the abdomen and Officer Woodward was struck over the left breast. Physicians had little hope of Marve's recovery.

AGAINST NORTHERN PACIFIC.

Railroad Company Enjoined From Retiring Its Preferred Stock.

Minneapolis, Dec. 30.—Judge Elliott of the district court of Hennepin county, this morning granted a temporary order restraining the officers of the Northern Pacific railroad company from retiring the preferred stock of that company. The order was issued on the application of Peter Power of New York, who holds 100 shares of common stock.

It is inferred the present action is brought in behalf of the Harriman interest to prevent the control from passing out of its hands for another year, or until the legal standing of the Northern Securities company is settled.

Check for \$34,000,000. New York, Dec. 30.—The World tomorrow will say: A check for \$34,000,000 drawn, it is said, to the order of the Northern Pacific Railway company by J. P. Morgan & Co., was delivered yesterday (Monday). It represented a part of the subscription to the Northern Pacific convertible bonds. This check will be deposited by the Northern Pacific Railway company with the fund of \$75,000,000, which was to be used Thursday to retire the preferred stock of the company.

SHOULD BE REASONABLE. London Newspaper Thinks United States Ought to Make Concessions.

London, Tuesday, Dec. 31.—Commenting upon the statement from its Washington correspondent concerning the probability that Secretary Hay and Lord Paunceforte are arranging a commission in which the United States, Great Britain and Canada will be represented, the Mail, "that the Canadian claims will be conceded in their entirety, perhaps the wisest course would be to resort to arbitration and in the question of warships on the great lakes, permit the existing understanding to continue undisturbed."

"Although it can hardly be hoped," says the Mail, "that the Canadian claims will be conceded in their entirety, perhaps the wisest course would be to resort to arbitration and in the question of warships on the great lakes, permit the existing understanding to continue undisturbed."

GOVERNORS CONFER CHECKS WERE BAD MEETING IN RELATION TO RAILROAD CONSOLIDATION AT HELENA, MONT.

Helena, Mont., Dec. 30.—At the conference of the governors today in relation to the railroad consolidation those present besides Governor Toole and Attorney General Donovan of Montana were Governor Van Sant and Attorney General Douglass of Minnesota; Governor Herold and Attorney General Pyle of South Dakota; Governor Hunt and Attorney General Martin of Idaho, and Attorney General Stratton of Washington. Governor McBride not being able to be present on account of the death of Governor Rogers.

Governor Van Sant made a lengthy statement on the laws in his state and the position of himself regarding the merger. He disclaimed hostility to the railroads and recited the millions acres of land given by both the state and national governments.

"I wish the Associated Press would state for me," said Governor Van Sant this evening, "that I will not make any statement on this matter until the conclusion of the conference. I have received a score of telegrams asking me for statements in regard to my proposed action, but until this meeting is over I will not talk."

The governors and attorney generals were given a dinner this evening at Governor Toole's residence, and later were the guests of the Montana club.

BEATS WIFE TO DEATH. Kansas Man Uses Gun Barrel With Fatal Effect.

Lyndon, Kas., Dec. 30.—Albert Doty, living near here, killed his wife last night by beating her over the head with a gun barrel. Doty escaped and this morning his horribly mutilated body was found on the Missouri Pacific railroad north of the town. He probably committed suicide. As a result of the crime Mrs. Doty's mother, Mrs. Taylor, became insane. Doty was twenty-five years old and was a paroled prisoner from the Hutchinson reformatory.

SNAP FOR LIQUOR MEN. Topeka Cannot Search for Intoxicants Being Illegally Sold.

Topeka, Kas., Dec. 30.—Judge Haen today decided that the council of the city of Topeka has no right to pass an ordinance for the search of places in which liquor is illegally sold, and for the seizure of liquors found there. This leaves the city practically without an ordinance under which the police can successfully prosecute illegal liquor sellers.

SMITH HELPS NAVAL RESERVES. Michigan Representative Sees President About Award of Medals.

Washington, Dec. 30.—Representative William Alden Smith of Michigan today called the attention of the president to the fact that the Michigan congressional delegation is desirous that the members of the Michigan naval reserve who served aboard the Yosemite during the Spanish war be awarded medals. He also saw Secretary Long on the same subject.

MEDAL FOR SCHLEY

ONE IS PRESENTED ADMIRAL BY AMERICAN MECHANICS.

EVIDENCE OF PERSONAL ESTEEM

REV. C. F. WYATT ACTS AS SPOKESMAN OF COMMITTEE.

Says Time Will Increase Appreciation of Commander's Services and the Brilliance of His Fame.

Washington, Dec. 30.—Maryland councils of the junior order of the United American Mechanics tonight presented Rear Admiral Schley with a magnificent medal, studded with diamonds, as evidence of their personal esteem and admiration, and of his services to the country. The presentation took place in Admiral Schley's apartments in this city and was made by a committee from the councils, which came over from Baltimore.

Admiral Loved by the People. Rev. C. F. Wyatt, acting as spokesman of the committee, referred to Admiral Schley's participation in the battle of Santiago and his conduct following it, and added that his unselfishness had endeared him to the hearts of the American people. Referring to the court of inquiry, Dr. Wyatt said the people had sympathized with the admiral in the ordeal through which he had passed and had substituted the minority report for the majority because they weighed opinions rather than counted them.

"Time," he added, "will increase the appreciation of your services and the brilliancy of your fame."

Schley Thanks the Committee. Admiral Schley thanked the committee and added: "The services which this beautiful emblem is intended to commemorate were those which every loyal lover of home and country will gladly perform for his people and for their prestige. It was my good fortune to have participated on that eventful third day of July in the engagement which readjusted the geographical lines of this continent, and this testimonial from your organization is only another recognition of my fellow countrymen that these services met their approval."

TRIES TO KILL EMPEROR. Foreigner Attempts Life of Ruler of Japan.

Vancouver, B. C., Dec. 30.—Japanese papers received by the steamer Athenian tell of what appeared to be an attempt at assassination on the emperor by a foreigner named Thorson.

The latter, with an ex-member of the Japanese parliament, Tanaka Sjosee, waited for the imperial carriage after the ceremony of the opening of the diet had taken place. The Japanese member wished to present a document to his majesty and threw off his coat and hat to approach the carriage. As he rushed forward Thorson ran up with a pistol in his hand, but before he could do anything he was overpowered and disarmed by soldiers.

It is alleged Thorson had an interest in the document which the Japanese was attempting to present to the emperor, and that he brandished the weapon merely to impress the Japanese with his importance. Thorson is still in jail, while the Japanese was provisionally pardoned.

MASSACRE IN CHINA. Missionary and a Number of Christian Converts Are Killed.

London, Dec. 30.—The Shanghai correspondent of the Express cables that a missionary and a number of Christian converts have been massacred at Ning-Sha-Fu, Kan-Sou province, where Prince Tuan and General Tung Fuh Siang are residing. The correspondent says it is asserted the troops of General Tung Fuh Siang are responsible for the massacre.

AMERICAN SEAMEN FIGHT. One of Albany's Crew Seriously Stabbed By Chicago Men.

London, Dec. 30.—It is announced in a dispatch from Nice, that during a fight yesterday evening at Villefranche, between sailors belonging to the United States warships Albany and Chicago, a seaman named Dillon, belonging to the Albany, was seriously stabbed. His assailants, three men belonging to the Chicago, disappeared.

KILLED BY BROTHER. Accidental Shooting of an Eight-Year-Old Wisconsin Girl.

West Superior, Wis., Dec. 30.—Ruth Rhodes, the eight-year-old daughter of John W. Rhodes, was accidentally shot and instantly killed by an older brother today. He was playing with an air rifle when it went off. The bullet struck her in the head. She died on the way to a hospital.

SCHLEY REGARDS CASE CLOSED. Congress to Be Asked to Retire Admiral On Full Pay.

New York, Dec. 30.—Captain James Parker, one of Admiral Schley's counsel, today that Schley regards his case as closed, but that his friends will ask congress to vindicate him by retiring him on full pay and reimbursing him for the expenses of his trial.

WEALTHY FARMER MISSING. Kansas City, Dec. 30.—Robert Scott of Joy, Ill., aged seventy-eight, a wealthy farmer, stopped here on his way to California and has not been seen since Thursday. The police tonight learned that Scott departed for California Sunday afternoon.

NEWS AGENTS DISCONTINUED. Tacoma, Wash., Dec. 30.—All the news agents of the Northern Pacific are to be discontinued after the time of January. Daily papers will be kept in the dining cars and supplied by the waiters. This means the train peddler is to go.

Hood's Pills

Do not gripe nor irritate the alimentary canal. They act gently yet promptly, cleanse effectually and give comfort.

Beware of Nerve Killers

Nature never produced a man strong enough to resist the awful effects of opiate.

DAILY MINING JOURNAL

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Subscription Rates: Per month by carrier \$1.00. Per year by mail \$10.00.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

There is a warm contest on between the followers of Senator Hanna and Foraker for control of the Ohio legislature.

Macley having been fitted from the naval service for having made the naval history he wrote the vehicle for a villainous attack on Rear Admiral Schley.

Several members of New York's "490" desired to have a street on which their mansions are located renamed "Park Lane."

Commenting on the charge that President Roosevelt is sometimes too brusque in manner with persons who importune him for favors for themselves or others.

There are those who charge that President Roosevelt becomes brusque in dealing with people who importune him on the subject of office and otherwise make drafts upon his attention.

This significant incident of a session of the American Historical society at Washington held Friday last is related by the correspondent of the Cleveland Plain Dealer.

One of the guests who was to respond to a toast, asked the luncheon at the congressional library Friday afternoon.

When congress gets down to work after the holiday vacation it will have to grapple earnestly with several important questions.

Yates was subjected to much merited and pointed criticism. When the schools set themselves to accomplish what they can easily do to ward training the young to detect political corruption and do their own thinking on great public questions.

Kenton Catches.

Wm. Lewis is home from Big Rapids for the holidays. Glendon, the two-year-old boy of H. A. B. Kennedy, is seriously ill with peritonitis.

The Finnish population of Kenton was increased last week by the arrival of a boy each at the homes of Oscar Jacobson and Alex Neime, and a girl to Victor Jacobson.

There is evidence that the educators of the country are beginning to perceive that they can exert a wholesome influence in politics, and are reaching the conclusion that it is their duty to make it felt.

THE SCHOOL IN POLITICS.

Recent gatherings of educators have brought out expressions of noted men engaged in school work which go to show that they are becoming keenly aware of their duty and alive to their opportunity in this respect.

Following the governor on the opening day came Speaker Sherman of the house of representatives, who proceeded to throw hot shot into the governor and his administration with a force and vigor that made the role of a listener a decidedly unpleasant one for the chief executive.

The next day of the session President Blanchard of Wheaton college took up the same subject, handling it with equal plainness and vigor.

There is only one chance to save your life and that is through an operation. The startling words heard by Mrs. F. B. Hunt of Line Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice.

By the administration of Governor Yates was subjected to much merited and pointed criticism. When the schools set themselves to accomplish what they can easily do to ward training the young to detect political corruption and do their own thinking on great public questions.

Upper Peninsula.

The ladies of the Norway Catholic church realized over \$700 from their two-day bazaar held last week. Each of the 200 employees of the furnace and chemical plant at Manistique was presented with a turkey and a quart of oysters for his Christmas dinner.

Esten Olson, aged fifty-seven, of Ironwood, died Saturday under peculiar circumstances. He was employed hauling timber from the woods. On the way in he stopped to water his horses at a spring.

While standing on the doorstep of his home on Ludington street, Escanaba, Oscar Kraus, a lad about thirteen years of age, a few days since sustained a bullet wound in the back of his head from a gun in the hands of Wallace Hale, living on Wells avenue.

THE FISHING LINE.

Isaac Westerby, a Finnish miner, pulled off his coat and, throwing it and his hat on the side of a large, and shouting "Here goes!" walked to the mouth of a shaft of the Newport mine, at Ironwood, and threw himself headlong into it last Thursday afternoon.

A bad fire in progress at the Newport mine at Ironwood. It broke out shortly after the men went to work Friday morning on the third level of B shaft. An alarm was carried at once to the other portions of the mine, and in a few moments every man had reached surface.

A WOMAN'S AWFUL PERIL. "There is only one chance to save your life and that is through an operation." The startling words heard by Mrs. F. B. Hunt of Line Ridge, Wis., from her doctor after he had vainly tried to cure her of a frightful case of stomach trouble and yellow jaundice.

Poor complexion is usually the result of torpid liver or irregularity of the bowels. DeWitt's Little Early Risers stimulate the liver. Promote regular action of the bowels. Never distress the stomach. Try it. Only 50c. Guaranteed. For sale by Stafford.

Upper Peninsula.

The ladies of the Norway Catholic church realized over \$700 from their two-day bazaar held last week. Each of the 200 employees of the furnace and chemical plant at Manistique was presented with a turkey and a quart of oysters for his Christmas dinner.

BLOOD POISON. Have You Sore Throat, Pimples, Copper-Colored Spots?

Copper Country Department

MANY NEW BUILDINGS. Copperdom Contractors Will Be Busy Next Spring.

The coming spring will see extensive operations in the building line in the towns of copperdom, several large structures having already been planned.

Buildings contemplated for the coming season's operations are the new St. Joseph's hospital to be erected at Hancock; the new Kerzode theatre at Hancock; the new free hospital at Houghton; the new theatre at Houghton; and the new church for the Croftian people at Calumet.

The latter edifice will be built at a cost of \$25,000 on Seventh street between Oak and Elm streets. The lots upon which the new church will stand have a frontage of 118 feet and the building will be 56 by 110 feet in dimensions.

Architect Carl E. Nyström has the plans about completed and work will be commenced early in the spring. The dedication is set for next fall.

PLANS ARE AT FAULT.

Erection of Bridge Over Sturgeon River Will Be Delayed. A meeting of the Portage township board was held last evening at the Houghton village hall for the purpose of considering the proposed new bridge which is to be erected over the Sturgeon river near the Otter.

TUBERCULOSIS CAUSES DEATH.

Joseph Davy, an English miner of the Quincy, died at the hospital of tuberculosis Sunday evening. He was taken sick on Christmas eve and removed to the hospital. He had no relatives in this country but leaves a mother in England who depended upon him for support.

SCARLET FEVER IN HOUGHTON.

Several cases of scarlet fever have been reported in Houghton but care is being taken by the health authorities that the disease will not spread. A son of Joseph Rastleigh of Sturgeon street is sick with the disease and also a child of Joseph Sewell of Montezuma street. The houses are quarantined and in charge of Marshal Louis Voetsch.

FOOD CHANGED TO POISON.

Putrefying food in the intestines produces effects like those of arsenic, but Dr. King's New Life Pills expel the poisons from clogged bowels, gently, easily but surely, curing Constipation, Biliousness, Sick Headache, Fevers, all Liver, Kidney and Bowel troubles. Only 25c at Stafford's.

WILL C. BROWN, Resident Manager, Marquette, Mich.

INVESTORS NOT ALARMED.

See No Danger of Arizona Crowding Michigan Product from Market. The Detroit Tribune of last Saturday has the following touching on the supply of copper:

John Baker of Detroit, recently from Arizona, where he is interested in copper properties, stated in an interview yesterday that the day of deep mining was done, and that in the future the supply of copper would come from surface mines of Arizona, New Mexico and Mexico.

"I know Mr. Baker," said Fred S. Osborne, of Cameron, Currie & Co., yesterday, "but I did not know he was a copper expert, and from some of his statements I still doubt it. There are many glaring inaccuracies in his statement in the first place, I doubt if it is possible for him to lay down copper from his Arizona mines in New York at ten cents a pound when the distance of the haul is taken into consideration."

He says that in December, 1899, copper was at its highest price, 33 1/2 cents at that time. As for Arizona crowding the Michigan product from the market, that is impossible. There will always be a demand for lake copper, for the reason that copper of the same quality cannot be obtained anywhere else, and it is easily superior to that of the western copper. It will always command a higher price. He speaks of Atlantic as one of the possible producers at ten cents. Everyone knows that it has been one of the most expensive mines at the lake, and had it been under any other management but that of John Stanton, it would have been abandoned long ago. It is true that when it gets water power from the big dam it will materially cut down the cost of production.

It would be well to call Mr. Baker's attention to several matters he has overlooked in his estimate of what that state can produce ten-cent copper. There is the Copper Range Consolidation, Baltic and Copper Range. Michigan will be among them, so will Mohawk, Trumaine and one or two others I cannot think of just at present. I think the investors in the stock of the good mines of Michigan are not alarmed at the possibility of being crowded out by the mines of Arizona. Michigan capital as well as eastern capital is going into the Lake Superior district every day, and I have no doubt will continue to do so for some time to come."

COPPER GOSSIP.

The directors of the Calumet & Hecla yesterday exercised a dividend of \$10 per share, payable Jan. 29 to stock of record Dec. 31. The last previous dividend was \$15.

"TOLL GATE INN."

"Toll Gate Inn," a colonial comedy drama, will be presented at the Houghton Armory Opera House this evening. Reserved seats are on sale at Kroll's. It is a play founded upon one of the most interesting events of colonial history, the battle of Bennington. It is historically correct. The production has been a decided success for two seasons and its presentation in Houghton is sure to greatly interest the theatre-going people. The cast is an exceptionally strong one, including William Beach, who was formerly leading man with Joseph Jefferson, Julia Marlowe, Ned Goodwin and other stars. The other members of the company are well adapted to their parts and a creditable production is promised.

IMPORTANT MEETING OF CLERKS.

A meeting of the members of the Twin City Retail Clerks' association of Hancock and Houghton was held at the Hancock village hall last evening. It was one of the most important gatherings of the clerks since the organization was perfected several weeks ago. The object was to formulate plans of procedure for the early closing of the stores in both of the towns. The hour set is 6 o'clock and every effort will now be made to have the merchants agree to close at that time. Nothing was to have been done until after the holidays but now the movement will be pushed for all it is worth.

FIRE ALARM TESTS.

At noon today the first of a series of regular tests of the Houghton fire alarm system will be made. Alarms will be sent in from the various boxes in the different parts of the village to see if the correct responses are given both at the station and at the places where whistles are blown for fires. A similar test system has been established at Hancock.

DIES FROM INJURIES.

Edward Powell, who was seriously injured by the explosion of a boiler at St. Joseph's hospital at Hancock, where he was taken, Sunday night. He was forty-eight years of age. He had no relatives here but has a brother and sister in Marquette.

GO OUT OF BUSINESS.

A. R. Jones & Co., Chicago Brokers, to Quit Upper Peninsula. The firm of A. R. Jones & Co., Chicago brokers, which has offices in Hancock and Calumet and other upper peninsula cities, has decided to close its doors. Notice has been sent out to its customers that the entire business of the western circuit of the firm would be transferred to George H. Phillips. The firm's trade was injured considerably by its trouble with the Chicago board of trade and for that reason it was decided to quit.

COPPERDOM BREVITIES.

The copper country branch office of The Mining Journal is located in Room 3, second floor of the De Postoffice building, Houghton. All having business with the paper are cordially invited to call. Telephone No. 376.

George C. Jackman was a L'Anse visitor to Houghton yesterday. A meeting of the Houghton village council will be held Thursday evening.

A son was born to Mr. and Mrs. Robert H. Shields of the Arcadian Sunday morning.

C. E. Miller, a prominent Ironwood attorney, was in Houghton on legal business yesterday.

Mrs. Fred Taylor and son, Duke, of Hancock, have left for a visit with relatives in Cheboygan.

The newly elected officers of Pilgrim lodge, I. O. O. F., of Houghton, will be installed Friday night.

The Hurontown fire department will give a benefit dance some time in January at the Houghton Armory.

The Houghton A. O. U. W. met last evening and held its annual election of officers for the ensuing year.

Two alleys will be added to the Houghton bowling alleys, making four in all. The work will be done in the spring.

The second annual ball of the Mandolin and Guitar club of Lake Linden will be given this evening at Kahler's hall, South Lake Linden.

S. H. Seager, of Houghton, a student of Harvard, who has been spending the holidays with his parents in Houghton, leaves today for Cambridge.

Essie Salo, who stabbed Officer Charles Armstrong of Houghton several weeks ago, will be arraigned in Judge Brand's court at Houghton Friday.

The annual concert and ball of the Hancock Maennerchor "Lyra" will be given tonight in the Germania hall. A fine musical program will be rendered.

Winfield Endrich and Raymond Endrich, aged ten and twelve years respectively, both of Houghton, will be taken to the industrial school at Lansing today.

A game of hockey to be played in the Palace ice ring at Hancock will probably be arranged by the Portage Lake and Dollar Bay teams for this week.

An enjoyable dancing party was given at the Houghton Armory last evening by Dr. and Mrs. L. L. Hubbard of Houghton for their daughter, Miss Frances Hubbard.

Sheriff Willis took Thomas Carter of Hancock, who was arrested for non-support on the complaint of his wife who lives at Calumet, to Calumet for trial yesterday.

The annual meeting of the Women's Library association of Houghton will be held in the library rooms at 1:30 o'clock Saturday afternoon. The library is located in the village hall.

Charles Armstrong, the Houghton officer, who was seriously stabbed a few weeks ago, is again able to be out on the streets. He will soon resume his duties as a nightwatchman.

Belle Frank, a notorious character at Houghton, was before Judge Brand yesterday morning for being drunk and disorderly. She was fined \$5 and costs or sixty days in jail. She paid the fine.

The indoor ball game to be played in the Houghton Armory between the Houghton Light Infantry team and the Lake Linden tomorrow evening will be the first of the season at Portage Lake.

The annual New Year's ball to be given by the members of Ingot tent, K. O. T. M., Hancock, at St. Patrick's hall tomorrow night promises to be a successful event. Great preparations have been made.

The dedication of the new St. Ignatius church, building at Houghton, has been set by Rev. Father Reza for 7 o'clock. The edifice will be entirely complete by that time. Work on the roof and on the interior is now being pushed.

The excavation work for the foundation for the new Kerzode theatre to be built at Hancock will be completed the latter part of January. The contract for the building will then be let and work will be started on the structure early in the spring.

The New York Dramatic company, which played a week's stand at Calumet last week opened a week's engagement at Hancock last night. The attraction was, "Was She Too Blame?" The troupe gave excellent satisfaction at Calumet and is sure to have a successful week in Hancock.

A social will be given at the Calumet Y. M. C. A. rooms this evening. It will be turned into a meeting to watch the old year out and the new year in. A supper will be served at 5 o'clock after which the evening will be spent in various ways. Features will be a game of basket ball and also one of indoor baseball.

COUGHS AND COLDS IN CHILDREN. Recommendation of a Well Known Chicago Physician. I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, contracted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—Mrs. Mary R. Melendy, M. D. Ph. D., Chicago, Ills. This remedy is for sale by the Stafford Drug Co.

We Invite the Attention

of the public to our new and greatly improved restaurant service.

BOARD OF TRADE CAFE, HOUGHTON, MICH.

The Haas Brewing Co. ESTABLISHED IN 1859, Houghton, Mich.

Recently equipped and expanded to the largest and most modern brewing plant in the upper peninsula. Capacity, 200 bbls per day.

Fine Table Beer Our Specialty.

MANHOOD RESTORED "CUPIDENE" The great Vegetarian... restores small weak organs. For Sale by Stafford Drug Co.

Lower Michigan. LAKE SUPERIOR IRON AND METAL CO.

The home of Jay Dove, a well-to-do farmer, living four miles east of Beaverfork, was totally destroyed by fire Friday night. Miss Lynn, an orphan, who slept upstairs, was burned to death. The family had a very narrow escape.

The Robert Smith Printing company of Lansing, which fought to a successful finish the demands of the Printers' union for a nine-hour day, has now granted its employees the reduction which it refused to the union without a corresponding reduction in wages.

Stephen Fuller, of Palmyra township, near Adrian, who resides within a few rods of the T. A. & J. electric road track, Friday discovered a 40-foot roll of Page fence laid on the track and a short distance away a tie was found laid across the track. The obstructions were removed and the case reported. It is believed the work was that of boys.

While John Ryan was chopping in some woods two miles north of Munnith Saturday, a falling tree struck him, knocking him to the ground. He was found unconscious with the tree lying across his neck. A large knot held the tree just far enough from the ground to keep it from crushing him and still hold him fast until he was extricated. He received some bad bruises but was otherwise uninjured.

The Hecla Coal & Cement company of Bay city will let a contract January 2 for the sinking of six salt wells on its property on the west side of the river. These will be all that the company will have for the coming season, although eventually it figures on sinking twenty-five in operation. The manufacture of cement will begin in July if the company is not disappointed with building operations which are being pushed along with all convenient speed.

Changes of importance in the mechanical department of the Michigan Centennial, while not officially announced, will take place January 1. Master Mechanic T. J. Hennessey will take charge of the shops at West Bay City and will be succeeded by D. C. McLean, at present master mechanic at St. Thomas. C. B. Hilferty, general foreman at the Jackson shops, will be transferred to St. Thomas as master mechanic, and Master Mechanic Ryan at Bay City will be assigned to the Jackson shops.

The state university is likely to be the loser by trying to accommodate the students for study purposes. Since the centennial closed up the libraries, students insufficient physical force to properly attend to ordinary duties, who you who have sense of "half-gone" after the slightest exertion, who you are dull, languid and old in spirits at an age when you should be in the prime of life, who you may feel that your life is not worth the struggle—there is scientific means of restoring all the precious powers which seem to be entirely lost.

THOS. S. SPRAGUE & SON, PATENTS.

STRONG AGAIN.

You who once possessed sturdy physique and steady nerves, but now have very insufficient physical force to properly attend to ordinary duties, who you who have sense of "half-gone" after the slightest exertion, who you are dull, languid and old in spirits at an age when you should be in the prime of life, who you may feel that your life is not worth the struggle—there is scientific means of restoring all the precious powers which seem to be entirely lost.

Sexine Pills

Have cured thousands such as you. Don't experiment with your health or money. We will take the risk. If the boxes do not cure you, your money is returned. For years we have been curing men on these satisfactory terms.

\$1.00 per box, 6 for \$5.00 mailed in plain package. Book free. Address: PEAL MEDICINE CO., Cleveland, Ohio.

Sold Only at PEOPLE'S DRUG STORE, Marquette.

RIVERS ARE RISING

STREAMS GREATLY SWOLLEN IN EAST AND SOUTH.

MANY WASHOUTS ARE REPORTED

LOWER PART OF SUSQUEHANNA CLOSE TO DANGER MARK.

Flood in the Tallapoosa, Alabama, Breaks Dam Valued at \$400,000—Wires Are Down and Railroad Traffic Is Interfered With.

Richmond, Va., Dec. 30.—There was a tremendous rush of water down the James river last night and today. Owing to the fact that the wires are down along the James river, division of the Chesapeake & Ohio thing can be learned definitely of the conditions above.

It is expected, basing the calculations on precedents, that the water here will reach its height about midnight, and fears are entertained that the freshest will be the heaviest in years. No fatalities have been reported.

The Rappahannock took a tremendous rise, putting the Fredericksburg gas works and electric light plant under water and plunging the city into darkness.

Luray reports a great freshet in Shenandoah, which has seriously interfered with the running of trains.

Fear Ice Gorge Will Form.

Lancaster, Pa., Dec. 30.—The Susquehanna river tonight is still rising. The most dangerous point appears to be at Safe Harbor, where the Conestoga empties. Here water continues to rise at the rate of six inches an hour.

Eighteen Feet Above Normal.

Philadelphia, Dec. 30.—From all parts of eastern Pennsylvania tonight reports show that the rivers and creeks which became greatly swollen as a result of Saturday night and Sunday's continued rains are steadily falling.

Southwestern Virginia Affected.

Roads, Va., Dec. 30.—Railroad traffic in southwestern Virginia has been seriously interfered with the past forty-eight hours owing to the heavy fall of snow and rain during the last two weeks.

REDUCE SUGAR TARIFF.

Cost of Transportation By Rail in Cuba Will Hereafter Be Less.

Havana, Dec. 30.—A decree reducing the railroad tariff on sugar and tobacco an average of twenty-five per cent will be issued by Governor General Wood tomorrow.

SMALL-POX IN ILLINOIS.

Several Cases Are Discovered in Institution for Feeble Minded.

Springfield, Ill., Dec. 30.—Several cases of small-pox have been discovered in the state institution for the feeble minded at Lincoln by Dr. Egan, secretary of the state board of health.

Old Coughs

New coughs are bad enough; old coughs are worse. They make you think of bronchitis or consumption.

Ayer's Cherry Pectoral cures consumption. Not all cases, but very many. Your doctor will explain this to you. Talk with him about it.

My mother had consumption for many years and was given up to die. Then she tried Ayer's Cherry Pectoral and was completely cured.—D. P. Jolly, Avoca, N. Y.

WALL STREET STOCKS.

Money Supplies Are Scarce and Call Loan Rate Runs Up.

New York, Dec. 30.—Today's stock market was largely a matter of money supplies. Symptoms were undoubted that these were scarce, the call loan rate running up at one time to 12 per cent.

There were a number of other depressing factors which reinforced this motive for selling stocks, and the consequence was a general declining tendency of prices during the morning.

The reduction in the Calumet & Hecla dividend and the closing down of the Anaconda mine depressed Amalgamated Copper sharply.

The assembling of the conference of the Northwestern governors to concert measures of opposition to the Northern Securities company made the Pacific weak.

Proceedings begun in Ohio under the anti-trust law resulted in sharp declines in the Ohio soft coal roads stocks.

The controversy between Germany and Venezuela had some effect in the foreign markets, but seemed to be ignored here.

Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Union Pacific, 89 1/2; N. Y. Cent., 102; St. Paul, 102; Southern Ry., 90; Mo. Pacific, 105; Alton, 35; Manhattan, 43; Sugar, 116 1/2; C. & O., 107; Rock Island, 153; So. Pacific, 80; St. Paul, 102; Reading, 62; B. & O., 64; Metropolitan, 163; B. & O., 151; B. & O., 94; C. & N. W., 81; Pfd., 105 1/2; Canadian Pac., 113 1/2; T. C. I., 64; O. & W., 35 1/2; C. G. W., 23 1/2; Illinois Cent., 139; Pennsylvania, 149 1/2; Leather, 12; L. & N., 166 1/2; U. S. Steel, 43; Car Foundry, 701; C. & N. W., 93; Republic Steel, 31; C. & N. W., 41; Erie, 30 1/2; Peoples Gas, 103 1/2; M. K. & T., 52; A. T. & S., 79; Texas Pac., 39 1/2; Pfd., 102 1/2; West'n Union, 92 1/2; North Pacific, 102 1/2; Smeit'n Union, 44 1/2; Pfd., 102 1/2.

Range of Money Rates.

Money on call, firm, at 6 1/2 per cent; closed offered at 6 per cent. Prime mercantile paper, 5 1/2 per cent. Exchange, firm, demand at 4 1/2 per cent, sixty days at 4 3/4 per cent. Bar silver, 55 1/2.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, Dec. 30.—Wheat closed at advances of about 3/4 cent all around today and there were reactions and upturns from the bottom of 1 1/2 per cent. There was very free buying by the shorts later in the day.

The market was quite nervous at times, and while the room trading element favored the bear side, in a way, it showed a willingness to follow any pronounced buying.

There was a reaction late in the day in sympathy with the advance in wheat. The close showed advances of 1/4 cent for the day.

The demand was scattered and unimportant. The situation favored the bears. At Liverpool spot was 3/4 per cent lower, with the futures 3/4 per cent down. The local receipts were 278 cars.

The leading receipts ranged as follows: May wheat opened at 80 1/2 per cent; highest, 82 1/2; lowest, 80 1/2 per cent; closed, 82 1/2. May corn opened at 65 1/2 per cent; highest, 66 1/2; lowest, 65 1/2; closed, 66 1/2.

Receipts and shipments were as follows: Flour, barrels, 65,000; 40,000; Wheat, bushels, 122,000; 14,000; Corn, bushels, 122,000; 40,000; Oats, bushels, 163,000; 160,000.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

NATURALISTS IN SESSION.

Chicago, Dec. 30.—The Twentieth annual meeting of the American society of naturalists began today at the University of Chicago. Several papers on scientific subjects were read today.

SAYS HE WAS TORTURED.

"I suffered such pain from corns I could hardly walk," writes H. Robinson, Hillsboro, Ill., "but Bucklen's Arnica Salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils, ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by Stafford, 25c.

A thousand things by it are done far better than most things do one. We refer to Rocky Mountain Tea made by Madison Medicine Co. 35c. Stafford Drug Co.

Several cases are discovered in institution for feeble minded.

Several cases are discovered in institution for feeble minded.

Several cases are discovered in institution for feeble minded.

PART AND PARCEL.

DAINTY box, an exquisite wrapper, a delicate color, and a clinging fragrance—yet all these will not cleanse the skin! Has it ever occurred to you that you pay big prices for these things? Do you care to buy five articles or do you require only one—a strictly pure soap. Remember you pay for perfume whenever you buy it mixed with soap. Don't you think it is wiser to make your own selection of perfume and buy it separately? It is certainly the method adopted by most persons of cultivated taste, those who bathe with pure Ivory Soap. IVORY SOAP—99 1/2 PER CENT PURE.

MINES ORDERED CLOSED.

Anaconda and St. Lawrence to Prevent Heineze Making Explorations.

Butte, Mont., Dec. 30.—The Anaconda and St. Lawrence, two of the largest mines of the Anaconda company, were closed down yesterday for the purpose it is claimed, of defeating an order of the district court, giving Heineze permission to enter the mines and examine and survey ore bodies.

The bitter litigation which has been going on between F. Augustus Heineze and the Anaconda company, is expected to culminate in violence. A few days ago Heineze obtained permission from Judge Clancy to go into the mines of the Anaconda company with a force of six mining engineers for the purpose of surveying and examining the mines, workings and ore bodies.

The Anaconda says its claim is a pretext for the purpose of getting into the Anaconda mines in order that he might obtain information as to the ore deposits, and that he wants the information to use in his efforts to injure the Anaconda company. An appeal from the order of Judge Clancy was taken to the supreme court but that body, being on vacation, refused to hear the application for a stay or writ of supervisory control until Jan. 2, while Heineze expected to go into the mines tomorrow.

The Anaconda company, has stopped all hoisting and pumping machinery. It is threatened that Heineze will be prevented from going into the mines if the Anaconda company will not be allowed to continue its operations. It is said that if Heineze's men go in they will never come out, and on the other hand, the threat is made that Heineze will appeal to the court to take possession of the mines and see that the court's orders are obeyed, even to the extent of employing force if necessary.

EQUIPPED THE ALABAMA.

A notable career has just been ended by the death of Captain E. L. Tessier, who has been a resident of Glasgow for nearly thirty years of his life, and who was during part of this period attached to the bureau veritas in that city.

Captain Tessier joined the French navy when a boy, and was afterward a captain in the merchant service. On retiring from the latter he settled in the Southern states, and was in Alabama when the civil war broke out he became a secret service agent for the Confederates. He was responsible for the equipment in England of the Alabama and he also had several corvettes built in France, while he was one of the best blockade runners attached to the Confederate cause. He became a naturalized British subject.—London Express.

FRENCH SOLDIERS AND SUICIDE.

The France Militaire publishes statistics showing that out of more than 1,000,000 men in the French army, more so, perhaps, than in any other European force. Among every 1,000 deaths in the army from all causes, no less than an average of fifty (in 1896 exactly fifty and in 1897 fifty-one) are caused by self-destruction; while of every 100,000 men in the Southern states no less than an average of twenty-seven commit suicide every year. Among the Colonial troops the number is even higher. In the navy the practice seems less prevalent.

SHOOT HIS STEPFATHER.

Indianapolis, Dec. 30.—Elza Bennett, twenty-one years old, shot and fatally wounded his stepfather Edward Bishop, at their home today. The boy shot in defense of his mother, who had been struck and abused by Bishop.

TWO KILLED BY TRAIN.

New Castle, Ind., Dec. 30.—Nancy Reeder and John Edwards were struck and instantly killed this evening by a eastbound Pennsylvania train at a grade crossing. Both bodies were horribly mangled.

FIFTY YEARS IN PRISON.

Oskaloosa, Dec. 30.—William Kluesmeyer, a wife murderer, was

LADLEY INVESTS
MARQUETTE BROKER BUYS OUT
ARTHUR JONES & CO.
TAKES ALL NORTHERN BUSINESS

IS POSSESSED OF AMPLE FUNDS
TO CARRY ALL TRADES.
Successor to the Chicago Concern Intends to Join the Board of Trade and Will Continue All Branches as Heretofore.

W. H. Laidley, who has been in Chicago for several days, yesterday wired the Marquette office of the Laidley Commission company as follows:
'I have purchased the Northern wire contracts and good will of the business of Arthur R. Jones & Co on that circuit...

WILL JOIN THE CHICAGO BOARD.
Confirming the announcement of the deal, A. R. Jones wired: 'This wire and the offices we control, together with the good will, has been sold to W. H. Laidley, who intends to join the Chicago board of trade and have connections with the exchanges in New York and Boston...

COPPER STOCKS WEAKER.
Market Yields a Little Under the Influence of Amalgamated.
Of yesterday's copper stock market, Hayden, Stone & Co. wired the Laidley Commission company: 'It looks as though these local coppers are still in a very sensitive state, and any weakness in Amalgamated or such news as the reduction today in the Calumet dividend from \$15 to \$10, has a tendency to cause selling...

Walker Bros. said of the Wall Street stocks: 'The market today opened generally strong and active, and there was some good buying in the early trading. Most of the high-priced stocks advanced and some of the specialties were taken hold of. Later traders began to take profits and this stopped the advance, but the market continued steady. The high rate for call money caused some further selling. The market closed under the best, with a better feeling and bullish talk. Prices are expected to be higher after the first of the year.'

Of the wheat market, W. H. Laidley wired from Chicago: 'Wheat opened lower on weak cables. The market was active and the trade heavy. After an early decline from the opening the market firmed up and then advanced on good buying by bulls, who were encouraged by the light world's shipments. The covering of shorts also helped the market, and although a great volume of wheat was unloaded it was easily absorbed and the prices continued to advance. I believe in higher prices for wheat, but would buy on the breaks only.'

Brings attractiveness to listless, unlovable girls, making them handsome, marriageable, women. That's what Rocky Mountain Tea will do. 35c. Stafford Drug Co.

MARQUETTE BUSINESS COLLEGE.
It has long been conceded that a good business education will help young men and women for a successful and happy career in life than any other line of study.

There is certainly a great need of a school in this place where young people can, in a short time, prepare themselves to fill the many places of trust and honor now open to those of sufficient energy to push out for the best there is in life for them. We find that a great many prominent business men of this and surrounding towns see this need and are anxious to see a school permanently located here.

CITY BREVITIES.
Today's weather: Generally fair except snow near north shore. Colder in extreme northwest. Brisk northwest winds.
Yesterday's temperature: 7 a. m., 28 degrees; noon, 34 degrees; 7 p. m., 32 degrees. Maximum, 34 degrees; minimum, 18 degrees.

'Jack' Wilson left this morning on his return to the Soo.
Supervisor Barney Goodman of Sanduski was a Marquette visitor yesterday.
Mr. and Mrs. C. H. Kelsey of Houghton are down for a few days' visit.

A. R. Chambers, editor of the Escanaba Journal, was in the city yesterday.
Miss Flora Brotherton of Escanaba is spending a few days at her old home here.

Alfred Isaacson of Republic was among yesterday's visitors to Marquette.
Mr. and Mrs. James Jamerson are entertaining Miss Matilda Peterson of Neegaunee.

There will be a meeting of the carpenters and joiners at the hall over Fasshender's meat market, Front street, Friday evening at 8 o'clock.
Miss Mary Raymond, who recently resigned her place in the office of Clark & Pearl, has taken a position with Hayden & Young of Ishpeming, as stenographer.

The Marquette Basket Ball club, an organization of young ladies, will entertain at a dancing party this evening at Epiphany Hall. The ideal orchestra will furnish the music.
Beginning at 7:30 o'clock there will be a social tonight at the Swedish M. E. church, given by the Epworth league. Afterwards, commencing at 10 o'clock, there will be 'watch-night' services.

The Menominee Leader of Saturday says: 'Toll Gate Inn' drew a large audience to the opera house last night. The play was very prettily staged, and all present were vastly pleased with the performance.
Electric light users were compelled to resort to their means of illumination last night because of the break-down of the incandescent circuit drive-rope. Repairs were made, and early this morning the current was turned on again.

Miss Catherine Reve, who has been the guest of Miss Bessie Thiell for several days, left yesterday for her home at Appleton. She was accompanied by Miss Thiell, who will spend the remainder of the vacation with her friend in the Wisconsin city.
The auditing committee of the county board will go over the grist of monthly bills at a meeting to be held at the court house next Saturday. All claims should be in by Thursday night to assure action at the forthcoming session of the supervisors on Jan. 8.

The wedding of Miss Lena Swenor of Marquette and her betrothed, Dr. W. A. Lathrop, took place at the home of the bride's parents, Mr. and Mrs. J. E. Rankin of Marquette, on a short visit. The Misses Alice and Sophia Van Wae of Marquette were present at the ceremony.
This evening at St. Margaret's mission, South Marquette, the Sunday school children will hold their Christmas entertainment. There will be recitations and music, and a Christmas tree laden with good things will be provided as well. Friends of the mission are invited.

Edmund Powell, who received such serious injuries in a boiler explosion at one of the copper mines that he died shortly after being taken to a Hancock hospital, was a brother of D. W. Powell and Mrs. H. F. Handford of this city. The remains will be brought here for interment, the funeral probably taking place on Thursday.
There was a very happy family reunion at the home of W. A. Mahan, in the Second ward, on Christmas day. Will Mahan of Marquette, E. J. Mahan of the Soo and Mr. and Mrs. P. E. Mulhally and children, sons and daughters, were present, and also Mrs. E. Turner of Marquette, a sister of our townsman, and Mrs. J. E. Rankin of Marquette, a niece--St. Ignace Republican News.

BRITAIN'S INDUSTRIAL STATE.
The report of Consul Boyle, whose station is at Liverpool, made public by the state department, contains no news. It simply sums up a condition of things in Great Britain of which most people who read newspapers, or have other sources of information, are well aware. There is dissatisfaction with the outlook for British manufacturing industries, and the feeling that the national product in this field is declining relatively to that of the United States and Germany grows. While there is common agreement that 'something must be done,' there is no agreement upon what can be done. The condition is not unlike that set forth in the old fable, which relates that the mice were in some agreement that a bell must be put on the cat, but there was difficulty in finding a way to do it. All the ways of accounting for the present British industrial condition mentioned by Consul Boyle, and all the proposed remedies, including 'fair trade,' or reciprocal protection, have been long and earnestly discussed, yet no real solution has been found toward changing the unfavorable tendency, which seems to grow more and more discouraging. Consul Boyle's final suggestion that now is the time for American manufacturers to get a stronger foothold in Great Britain is a reasonable one. They are doing that year by year.--Boston Herald.

MANUAL TRAINING FOR GIRLS.

They Should Be Taught to Use Tools According to Senator Stout.

At the big educational meeting held last week in Milwaukee some of the finest papers ever read before any body of educators were presented. All the leading university men and women as well as many school superintendents and teachers of Wisconsin and Michigan were in attendance and much interest was manifested in the sessions.

Senator J. H. Stout of Menominee, State Superintendent L. D. Harvey, A. J. Lindermann, and others, had an interesting discussion on manual training. Senator Stout is a strong advocate of allowing the girls of certain grades to take up manual training work and his arguments along those lines were favorably received. He also favors having boys learn something about cooking in view of the fact that both branches are important factors in the local schools, the following dealing on these two questions taken from the Milwaukee Free Press will be of particular interest to Ishpeming people:

"Following the paper on 'The Value of Manual Training' by A. J. Lindermann of the Milwaukee School commission at the meeting of the school board section yesterday afternoon, was an interesting discussion participated in by Senator J. H. Stout of Menominee; State Supt. L. D. Harvey, Madison; John W. Foster, Geneva; Mrs. L. H. Clark, Saginaw, Mich., and others. Senator Stout held that girls should be given the privilege to take all the work in manual training now taken by the boys and on the other hand that boys be given the privileges of the cooking department. He said that in this way accuracy, neatness, industry and wisdom activity could be secured and that students could be encouraged in directions for which they had tastes and talents. The idea was, however, not to allow students to drift around from one course to another at will, but to permit them to take the courses mentioned after they had shown particular aptitude in these directions.

"Mr. Harvey dwelt on how manual training could be introduced in easy stages where there was lack of means by having one teacher of the regular corps in each school, who was proficient in this line, to introduce it. Mr. Foster held that one great drawback to manual training was the general lack of teachers who are informed upon the subject. "Mrs. Clark favored a plan of having one supervisor who would teach all grade teachers to look after manual training studies. Many school board members from various parts of the state manifested a great interest in the subject and put many questions to Mr. Harvey relating to the cost and maintenance of manual training departments. "The following, in substance, is the paper read upon the subject by Mr. Lindermann:

"There should be no such thing as a separate and distinct course in manual training any more than there is a course in geography or a course in penmanship. Manual training is a part of a course of study just as are penmanship, reading and arithmetic. No one of these studies can, in itself, comprise a complete course. Manual training, from my point of view, is not designed to make mechanics any more than it is designed to make lawyers or physicians. Nor is it the mission of the public school to serve as a workshop for apprentices to the various artisans' trades. I hold that manual training is no more a pre-requisite to the trade of a machinist than it is the study of law for a lawyer. The knowledge and the ability of doing things are of value to one as well as the other."

"The boy of the future will have greater demands made upon him than were made upon the boy of the past. His faculties require more careful development to meet the exacting conditions. The general progress in all lines of human activity will put a premium upon good judgment, readiness of action and a high order of skill. The inferior man will be rejected. The good man will be encouraged, the better man will meet recognition, but only the best man will triumph."

"It may be said that manual training possesses splendid disciplinary qualities. It tends to cultivate habits for accuracy, neatness, economy and industry. It widens the interest in labor and its products. It puts a new dignity to the skilled hand and awakens a higher regard for the man of toil, for the mechanic of grimy hands and overalls."

"Our children now leave the schools with considerable abstract but very little concrete learning. They know a little about many things but not very much about doing things. Thus the boy finds it frequently hard to choose a career, since there has been no incentive towards developing natural ability or tendencies. He knows a great many things, it is true; but the world does not ask what do you know, but what can you do?"

Where to Stop When in Detroit. Hotel Metropole, Woodward Ave. opp. City Hall. European plan. Rooms, \$1 per day; with bath, \$1.50.

Three thousand men wanted to unload carloads of bottles and jugs at P. H. Donahoe's. (12-19-11)

We will not be undersold by any firm in the county. It will pay you to examine our goods and learn prices. Big line for the holidays. Finnish Mercantile association.

Keeley's best bottle beer sold by P. H. Donahoe. (12-19-11)

Half the ill that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

HALLO! HALLO! Where are the crowds running? Water pipes bursted? No, they are running to P. H. Donahoe's to get their bottles and jugs filled with that elegant liquor for Christmas. He sells it so cheap. (12-19-11)

CHARITY ENTERTAINMENT.

Ishpeming City Band Would Assist in One for Poor Families of the City.

In the opinion of the members of the Ishpeming City band a charity entertainment would not be a bad thing. The band offers its services free for one or more entertainments, the proceeds of which should be distributed among the families of the different nationalities deserving of assistance.

There are doubtless many such families in the city. The band's proposition should, therefore, meet with favor. The proper plan would be for a committee representing all the nationalities to ascertain what families are deserving of aid. This same committee could also arrange the details for the entertainment and later see that the money is properly distributed.

It is certain that several hundred tickets could be sold without much effort. The expense of the entertainment would not be very great and easy money could be gathered. The price of the tickets could be made reasonable and in this way patrons of the entertainment would get more than their money's worth, to say nothing of the good they are doing in contributing to the cause.

There would be no difficulty in getting up a program that would surpass anything ever given by local talent, as none would refuse to take part. The members of the City band were much pleased with the benefit given them last week and now they are anxious to do some good in return for the favors shown them. They feel under many obligations to all who took part in their entertainments and hoped to make them the great success they proved to be, as well as to all who bought tickets for them. The musicians realize that their efforts to maintain a band that will be a credit to the city are appreciated.

NEW YEAR'S CONCERT.

Following is the program to be rendered tomorrow evening at the Division Street Methodist church:

- Overture, "William Tell".....Rosini
- Ishpeming City Band.
- Gloria, "From St. Mass".....Mozart

Matinee begins at 2:30. Matinee Prices: 10c and 20c. No Reserved Seats.

Wednesday Night, "The Vendetta,"

A Strong bill, with Special Scenery, including MOUNT VESUVIUS, with volcanic eruption.

Sore Throat

Omega Oil No mother ought ever to go to bed without Omega Oil in the house. Night is the time when a Sore Throat becomes worse. No one seems to know why this should be, but it is a fact that you well know. As soon as a child complains of Sore Throat, rub the throat and chest with Omega Oil, and you ought to put some of the Oil on a piece of flannel, and bind it on the throat over night. This may be the means of saving the child's life.

SUBSTANTIAL WORK.
Cleveland-Cliffs Iron Co. Is Doing It at Its Property Here.
Experience in preparing for the opening of a new mine has taught the management of the Cleveland-Cliffs Iron company that it does not pay to overlook the little things at the start. With this in mind the preparatory work at the new property to be opened up here is being done in a most substantial and thorough manner. The boilers are going in to remain permanently and other work is being done with a thoroughness denoting that the management of the Cleveland-Cliffs company has faith in the property.
It is expected that the machinery now being installed will meet the requirements for some time to come. This is especially true of the boilers, though the hoisting engine is not as large as will be required for some time to come. The best pumps will be installed and when the shaft is started there will be everything that will be needed to properly equip it on the ground.
A mistake that has been made at many of the Lake Superior mining properties will not be made at the Cleveland-Cliffs new mine. Many of the new big mines were opened up in a hurry and very little time was devoted to the placing of the machinery and other equipment. Within a short time repairs were in order and much time was lost and money spent in keeping everything in good running trim. Then the output could not be increased as desired. This blunder was also made at many of the Mesaba range mines. It is said that many changes in machinery, etc., have taken place at some of the properties up there, necessitating an additional expense to the owners that is really surprising.
While the preparatory work at the new mine seems to be moving slowly, especially to those who have not visited it since operations were begun there, this is far from being the case. When it is considered that most delays have been caused by the failure of lumber and other material to arrive when expected, good progress is being made. The scene of operations has changed considerably within the past three months. It is not yet certain that the sinking of the shaft will be completed very soon, as there is considerable work to be done before everything is in readiness for the start. The laundries will be used to carry off the water is not yet finished. This would have been completed by this time if the material had been available.
A delay was also caused by the non-arrival of brick to be used in the boiler house. One carload got here last week, but more are needed to complete the work now in hand.

LOCAL LACONICS.
Postmaster Stevens may engage in the clothing and furnishing goods business after turning over the office to Mayor Connors.
Mrs. James E. Cannon and her daughter Thelma of this city, have gone to Edon, O., on a visit of six weeks or two months to relatives and friends.
John Shea's new block on East Iron street has been plastered. It will be some weeks yet before Mr. Shea will be able to transfer his business from his present stand to the new place.
Silas McGregor spent the past few days at his home in this city. Since his last visit home he has traveled a good deal, principally in the west. Silas will spend a few weeks with friends at Iron Mountain.

SCHOOL MATTERS.
The regular monthly meeting of the Negaunee school board was postponed until Friday evening of this week owing to the absence from the city of Superintendent Orr Schurtz. There was very little business to come before the meeting so the members will probably conclude it was just as well to defer the session until Friday evening.
The schools will open for the winter term on Thursday morning, the day after New Years. By shortening the vacation now the teachers and pupils will get their summer vacation a few days earlier in June. Nearly all parents are glad it is much more pleasant to be in school during the winter months than it will be the latter part of June.
The carpenters have finished their work at the Case street school, where two rooms in the basement are being completed for the laboratory and rooms in the upper story are being fitted up for the commercial department. The painters will be at work there today, but it is not certain that the rooms can be used at the opening of the school Thursday. They will certainly be ready by next Monday.
The entertainment and bazaar recently given netted a sum sufficient to purchase a piano for the Park street school. This was even better than the promoters of the affair thought could be done at one entertainment.
Superintendent Schurtz spent the past week at Grand Rapids attending an educational meeting for the benefit of the in-school superintendents and educators of the state where there and some interesting papers were presented.

SAW DEATH NEAR.
"It often made my heart ache," writes L. C. Overstreet, of Elgin, Tenn., "to hear my wife cough until it seemed her weak and sore lungs would collapse. Good doctors said she was so far gone with Consumption that no medicine or earthly help could save her, but a friend recommended Dr. King's New Discovery and persistent use of this excellent medicine saved her life." It's absolutely guaranteed for Coughs, Colds, Bronchitis, Asthma and all Throat and Lung diseases. 50c and \$1.00 at Stafford's. Trial bottles free.

Ask Haupt, the grocer, for a sample of Ramona or Alhambra sugar wafers. They are without doubt the most delicious wafer sold. A sample will be given for the asking at Geo. Haupt's popular grocery. (12-7-0)

Additional Ishpeming

OLD SOLDIERS' BENEFIT.
Members of the Ishpeming Light Guard are devoting much time to rehearsing the war play, "The Confederate Spy," which they will produce at the opera house the latter part of January or early in February for the benefit of the members of Charles Towne post of the Grand Army. The play is a strong one and in the hands of the young people comprising the cast it will be well produced. Nearly all taking part have appeared in dramas before and some of the very best talent in the city will be seen in the play.
"The Confederate Spy" takes high rank as a military drama. It was produced with great success in the copper country last winter and the home people who put it on were forced to repeat the performance, so well pleased were those who were out to it the first night.
The date and other particulars, such as prices, etc., will be announced soon.

A GOOD PERFORMANCE.
The Nye & McCrumb Theatre company attracted a large gathering to the Ishpeming Opera House last evening. In spite of the fact that the members of the company are all strangers here it is surprising that their efforts were received last evening that they will be greeted by good houses all week. There are some clever people in the troupe and the opening play was well staged with special scenery. Specialties introduced by some of the members of the company were a decided hit. New illustrated songs were introduced and the audience was pleased with them.

FORESTERS CHOOSE OFFICERS.
At the regular meeting of St. John's court of the Catholic Order of Foresters held Sunday afternoon the following officers were chosen for the ensuing year: Past chief ranger, John G. Welsh; chief ranger, William Leininger; vice chief ranger, Joseph Malloney; recording secretary, John H. Small; financial secretary, Peter Mercur; treasurer, Patrick Cronin; medical examiner, W. S. Picotte; trustees, M. F. Lally, Jacob Bell and P. J. Denn. The installation will take place on the fourth Thursday in January.

THE AIR SHIP SAILS.
The recent trial performance of an air ship in Paris was very successful, inasmuch as it sailed as well against the wind as with it. This gives them a new principle to work on, and some day we may see an air ship invented that will be practical for many uses. This mode of travel will doubtless supplant many other means of transportation, the same as Hostetter's Stomach Bitters has supplanted many inferior medicines in the cure of indigestion, dyspepsia, constipation, liver and kidney troubles or malaria. If you are suffering from any of these diseases don't fail to try the Bitters. It will not disappoint you. Be sure to get the genuine, also obtain a copy of Hostetter's Almanac for 1902 from your druggist.

ISHPEMING IN BRIEF.
Hugh Sparks of Swaney was an Ishpeming visitor yesterday.
John Mugfur was at Marquette yesterday on a business mission.
A license to wed has been issued to E. M. Levalley and Miss Nellie Gingress, the latter of this city.
The Ishpeming City Band orchestra will furnish music at the Brotherhood hall in Marquette tonight.
Ed Gingress is up from Milwaukee to attend the marriage of his sister Nellie, which will take place this week.
The Misses Belcher, Milton and Genderson returned last evening from a visit with friends on the Menominee range.
At the guild hall at Grace church tomorrow morning there will be a celebration of holy communion at 9 o'clock.
Mrs. Arthur Humble and son of Bessemer have been visitors at the home of John Mugfur and family the past few days.
Harry Eatough, clerk at Tibbon's drug store, spent the past few days with friends at Gladstone. He will be back tonight or tomorrow morning.
The Finnish Gymnasium club expects to have a long distance ski race some time in the near future. It will be open to all and liberal prizes will be offered.
Dr. J. H. Andrus and wife will spend the next two weeks or so visiting in the

BIG BALL TONIGHT

RAILROAD TRAINMEN WILL ENTERTAIN AT CASINO RINK.

HALL IS ELABORATELY DECORATED

EXCELLENT MUSIC AND FINE SUPPER PROVIDED FOR.

Large Delegation from Up-the-Road Expected Down to Help Local People Dance the Old Year In and the New One In.

The CASINO Route. L. L. HOOD LODGE No. 10. B. OF E. T.

Telegraphic Train Order No. 7. Arrangement Committee's Office, Marquette, Dec. 9, 1901. Yourself and ladies are requested to run, regardless of all other engagements or invitations, to Casino Rink, New Year's eve, Dec. 31, 1901, where you will hold main track in the grand hall given by the Brotherhood of Railroad Trainmen, until sidetracked at 11 p. m. for supper at the New Clifton. From 1 a. m. until 4 a. m. you will run as per Time Card No. 10; after 4 a. m. you will run double to your lady's residence and return extra to your home, with the assurance that L. L. Hood lodge wishes you many happy and prosperous runs through the year 1902.

The Boys, Engineman. [31] W. J. HORAN. Chief Train Despatcher. Order made O. K. at Dec. 9 by R. D. McKelvie, Train Despatcher. Order complete at 8:30 p. m. by H. L. Siegel, Operator.

Many Marquette people and a large delegation from up the road will dance the old year out and the new one in, at the Casino rink tonight. The particular occasion is the twelfth annual ball of L. L. Hood lodge of the Brotherhood of Railroad Trainmen and the preparations are complete for a jolly good time. The hall has been thoroughly cleaned and elaborately decorated. Bunting, flags and electric lights have been used in profusion, and the Casino never before presented a more pretty sight. The music will be furnished by Clifford's full orchestra of Ishpeming and the melodious voice of Joe Hogan will be heard in calling off the dances. Lemonade and other refreshments will be on hand at the hall, and about midnight an elaborate supper will be served at the Hotel Clifton at the very reasonable price of fifty cents for each person.

The attendance of a large crowd from up the road is anticipated, and for the accommodation of these a special train will be run on the following schedule: Leave Michigan, 7:30 p. m.; Champion, 7:45; Humboldt, 7:55; Ishpeming, 8:25; and Negaunee, 8:35, arriving at Marquette at 9 o'clock, in time for the first number on the program. Returning, the train will leave Marquette at 4 o'clock New Year's morning. The fare will be fifty cents for the round trip from any of the stations mentioned. For the Republic people, a rate of fifty cents has also been made valid on the regular train leaving Republic at 4 o'clock this afternoon and returning, departing from this city at 8:20 tomorrow morning.

ANOTHER DEER HUNTER'S VIEWS.

To The Mining Journal: As the opinions of different deer hunters are making the rounds I thought I might as well "keep the grade hot" and speak my piece. I am no mighty nimrod or old deer slayer, but I do go in the woods once in a while and have seen a few deer tracks in the twenty years that I have lived in this dew country. It was with much interest that I read Mr. Denomie's article in the Mining Journal. His idea of killing only bucks would be all right if lived up to, but it is my honest conviction and the sentiment of many other hunters that there would be just as many deer killed with that law as now, and that many of their carcasses would be left in the woods. Nine-tenths of the men who go in the woods to hunt deer and pay their license for the same will not draw the line at "horus." Mr. Denomie also says he would like to see the selling of venison again. That law snags too much of the pot hunter, for it is conceded by 90 per cent of the sportsmen that prohibiting the sale of venison was the best law that Michigan ever had and the greatest step ever taken toward the protection of our fast disappearing game. What I mean by sportsmen are men who go to the woods for the sport and recreation it affords, and not for dollars and cents.

W. STORY. Marquette, Mich., Dec. 30, 1901.

"Have you any doubts remaining?" said Mrs. Jones. "No, Marinda, I have not. I took Rocky Mountain Tea last night." "Will remove any impure thoughts in the human family." 25c. Stafford Drug Co.

MIDNIGHT SERVICES.

Coming of the New Year to Be Observed at Various Churches.

The new year will be inaugurated at St. Paul's cathedral by a midnight celebration of the holy eucharist. The service, which will begin at 12 o'clock, will be fully choral.

Special services will usher in the new year at the Methodist church, where the usual annual "watch-night" meeting will be held. At the German Lutheran church, special services will be held this and tomorrow evening, beginning at 7:30 o'clock.

At the Pentecostal Mission. The latter "watch-night" meeting, to be held in the hall in the Bertha block, will begin at 10:30 o'clock.

At the German Lutheran church, special services will be held this and tomorrow evening, beginning at 7:30 o'clock.

SERIES OF TALKS.

Pastor of the Methodist Church to Give a Course of Seven.

Beginning after the new year and continuing for seven Sunday evenings, Rev. E. A. Elliott, pastor of the Methodist church, will give a series of talks, the subjects of which will be discussed in the light of present day knowledge. The themes are pithy and full of interest, and the talks cannot but help being attractive. A feature of the course will be that on the concluding evening questions that had been formulated and asked by reason of the speaker's remarks during the series, will be answered. The dates and topics are as follows:

- Jan. 5—The Life That Really Is.
Jan. 12—What Becomes of Us When We Die?
Jan. 19—Where Is the Spiritual World?
Jan. 26—What Is the Spiritual World Like?
Feb. 2—Heaven and Hell Here.
Feb. 9—Heaven and Hell Hereafter.
Feb. 16—Questions answered; summary.

The talks will take place at the church, and the public generally is invited.

ADVANCE IN LUMBER SLATED.

Scarcity of Pine and Increased Cost of Logging the Factors.

The constant depletion of the pine forests of the Northwest and other conditions prevailing are expected to cause an advance of the price of lumber next spring that will be felt in many quarters of the country. The indications are that the advance will be a strong one and that during the coming spring the price will be higher and the advance greater than for years.

The principal reason is the fact that the large cuts of lumber in previous years has pretty well put the pine lumber resources along toward exhaustion and the conditions all tend to make the price of cutting and marketing the logs much greater than ever before. The big cuts have done away with the large supplies in close proximity to drivable streams and much of the logging will be done by rail from this time out. This is a condition that has been growing within the last two or three years with great swiftness. The cuts of the last few years have been greater than ever, in spite of the fact that the cost has been continually greater and the depletion of the resources has been more marked right along.

The weather has up to the present time been all that could be desired for winter logging and there is plenty of snow in the woods. This is not too much to interfere with rapid work, while the cold weather has served to keep the ice roads in excellent condition all of the time, thus greatly facilitating the work of getting out the cut. Thus the cut has got an excellent start and a few weeks more of such weather as has been in force will insure an exceptionally good yield during the winter.

Another point of consequence in the getting out of timber now is the great advance in supplies. They probably have advanced 35 per cent during the last five years. The outlook for next year promises quite a building boom in the Northwest and larger developments are expected than for several years. This, with the large expense in marketing the logs and lumber, means that prices will soar.

One noticeable feature this winter is that smaller trees are cut than ever before. This has been noticeable for some time, but never so much as this year, trees that five years ago would hardly be looked at being now taken up quickly.

A comparison of the figures in expenses this year with those of a few years back shows a great increase. Compared with the wages paid five years ago they are nearly double now. Teamsters, swappers, choppers, sawyers and chain tenders are paid \$30 and \$35 a month and board this winter. Loaders are getting \$35 and \$40 and blacksmiths \$60, while cooks are rather difficult to obtain for \$65 per month. Five years ago cooks received \$40 and less a month, blacksmiths \$35, teamsters \$16, swappers \$13, choppers \$14, loaders \$20, graders \$13, and chain tenders \$16.

The beautiful presents that Fred Donkers is going to give away on New Year's morning can be seen in his window today. (12-28-31)

AT THE NORMAL

IMPORTANT ADDITIONS MADE TO THE EQUIPMENT.

ART AND SCIENCE DEPARTMENT

BOTH EXTENSIVELY BENEFITED BY RECENT PURCHASES.

Wireless Telegraphy Outfit and Many Other Interesting Contrivances Help to Make the Facilities Unrivalled in the Northwest.

The Northern Normal has recently been making some very important additions to its already excellent equipment. All departments have greatly improved their working facilities, but the departments of art, physics and chemistry, biology, and pedagogy, and psychology have been particularly fortunate in this regard.

Fine Art Collection.

Through the kindness of a benefactor, a fund of \$250 per quarter is available for art equipment, and from this source \$1,500 has already been received. The art collection now includes reproductions of some of the master pieces of a large number of famous artists, including Raphael, Angelo, Correggio, Murillo, Penabazquez, Landseer, Millet, Corot, Hobbema, Leroelle, Alma Tadema, Watts, Burne-Jones, Guido Reni, Rosa Bonheur, Troyon, Hunt, and Van Dyck.

References have already been made in The Mining Journal to the collection of portraits of famous scientists and educators; to this collection has recently been added a number of other portraits, among these being an especially fine large-sized photograph of McKinley. In addition, there has also been just received an interesting selection, consisting of a large photograph of Kenilworth Castle, and expensive reproductions of "Cicero's Denunciation of Catalina," Rembrandt's "Night Watch," Hobbema's "The Avenue," and "The Wisdom, Justice, and Power of the Law," from the "mura" decoration of the New York city court house.

4,000 Books in Library.

Owing to a gift of \$1,500 in cash from one of Marquette's public spirited citizens which has very handsomely supplemented the liberal appropriation made by the last legislature, the library has also been increasing at a rapid rate, and now numbers 4,000 volumes. Great pains have been taken in selecting the books, with the result that all are of real value.

Seventy-five periodicals are received including the chief publications in the field of art and the various lines of science, as well as the important historical and literary magazines. The library now contains full sets of The Atlantic Monthly, Forum, Nation, Scribner's Monthly, Educational Review, International Monthly, and Popular Science Monthly, as well as nearly fifty volumes of The North American Review and incomplete files of a number of other periodicals.

A recent notable acquisition consists of 215 volumes of carefully selected juvenile literature for use in the training school; this acquisition joined to the books of the kind already on hand, makes an unusually good collection. The new science building, which is being erected at a cost of \$35,000, is rapidly advancing toward completion, and will probably be ready for use by the beginning of the spring term. The building will be occupied by the departments of pedagogy and psychology, mathematics, biology, and chemistry and physics.

X-Ray and Wireless Telegraphy.

All these departments have recently made very large additions to their equipment. Within the past few months the department of physics has expended \$1,200 in this manner. Among the appliances thus acquired are an X-ray apparatus, a wireless telegraphy outfit, an improved mirror galvanometer, volt-meter and am-meter, resistance boxes, Geissler tubes, a valveless air-pump, apparatus to illustrate reflection and refraction of light, Kundt's apparatus for determining the velocity of sound, manometric flame apparatus, maximum and minimum thermometers, an improved Boyle's law apparatus, Gaultier's falling body machine, Wheatstone's new and improved slide bridges, and a psychometer.

Among the additions to the equipment of the department of pedagogy and psychology are a hand dynamometer, a set of pseudoptics, a pair of aesthetometric compasses, and a stroboscope.

Magnifies 4,000,000 Times.

The new apparatus for the biology department includes a skeleton, a microscope, and twenty-three Bausch and Lomb microscopes. The microscope is a machine for cutting sections, and so delicately does it do its work that sections 1-25,000 of an inch in thickness can be cut with it. One of the microscopes is an exceedingly good instrument. It is fitted with the Abbe condenser, a mechanical stage, a polariscope, a stage-

and-eye-piece micrometer, and a camera lucida; and it has a magnifying power of 2,500 diameters, or over four million times. With these additions the equipment of the science departments is now so extensive that when the departments are installed in the new building, the facilities they can give for work along these lines will equal those of any other normal school in the whole Northwest.

ACTOR WILLIAM BEACH.

His Part of the Half-Breed in "Toll Gate Inn" a Powerful One.

William Beach, the noted heroic and romantic actor, leading man and all round superior performer, who this season enacts the unique character of "Poatchie," a half-breed, in the charming comedy drama of colonial days, "Toll Gate Inn," is said to have selected this role in preference to a score more pretentious ones because of its unconventional and noble qualities so seldom seen on the stage. After years of support to the leading lights of the American stage, including Nat Goodwin, Julia Marlowe and the late John McCollough, sharing with these eminent artists their successes, he suddenly steps from the

WILLIAM BEACH. As the Half-Breed in "Toll Gate Inn."

love-making and heroic style of stage life to live and breathe the life of this strange fellow who, during the days of '76, performed such grandly noble service to our country. To those who have seen Mr. Beach in this character, it will occasion no surprise at his decision to play this peculiar type, for all through the intensely interesting story of "Toll Gate Inn" this half-breed's work stands in strange and entrancing interest. His love and devotion to the white girl—though he knows that love can never be returned—and his impassioned submission to fate, his vigilance foiling the British spy and saving the young Continental private from disgrace, his bringing together of the girl he adores and her gallant soldier lover and the forcing to death by his own hand of the British traitor, are some of the acts that make the character a powerfully interesting one. Mr. Beach has given to the stage a type of hero that is distinctly novel, and his praises have been sounded by eminent dramatic critics.

SCATTERING SMALL-POX.

Infected "Lumber Jacks" Reported Roaming About the Peninsula.

The state board of health is advised, according to Lansing advices, that some of the fifty men who were employed in Hote & St. Ann's lumber camps in Menominee county, where small-pox prevailed, were turned loose by the breaking up of the camps a few days ago and are scattered all over the upper peninsula. Secretary Baker has advised the local health officers throughout the section as to the situation. On Monday the board sent circulars and literature bearing on the treatment and restriction of the disease to each of the 1,200 lumber camps in the state.

Two Cases at Munising.

Within the past few days, two cases of the disease have been discovered at Munising. The patients have been removed to the pest house, but according to an official statement issued by Dr. F. A. Grawn, village health officer, they have exposed many persons. General vaccination is urged by the physician, and in some quarters there are fears of a serious epidemic.

It had been supposed that smallpox had been stamped out at Escanaba, where a few days ago the last patient in the pest house was discharged, but two fresh cases have now developed. The patients are George McKinn, who came from a lumber camp near Metropolitan, and John Craig, who has been employed at Cornish. The latter has the disease in violent form. Both men have been quarantined at the pest house.

PRESENTS TO CUSTOMERS.

On New Year's day I will give the following prizes to my customers: First prize, a \$10 meerschaum pipe; second prize, a \$4.50 amber cigar holder; third prize, box of \$4 cigars; fourth prize, a \$3.75 briar pipe; fifth prize, a five-pound box of candy, valued at \$3. One ticket free with each ten-cent purchase. (11-15-1f) FRED DONCKERS.

January 1st., 1902.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

"A NEW YEARS GIFT." Can you find a more fitting or more useful gift for wife or child than one of our Savings Pass-Books? The sum deposited to secure a book need not be large. The Marquette County Savings Bank, MARQUETTE, MICH.
