BIDDLES ARE TAKEN

ESCAPED PRISONERS BATTLE FOR LIFE WITH OFFICERS.

ONE IS NOW IN JAIL DYING

OTHER IS RIDDLED WITH BUCKSHOT BUT MAY RECOVER.

Butler, Pa., Jan. 31.—Edward Biddle in jail dying, John Biddle riddled with buckshot and in a precarious condition, and Mrs. Peter K. Soffel lying in a hospital with a self-inflicted bullet wound in her breast, is the sequel of the sensational escape of the Biddle brothers from the Allegheny county jail, aided by Mrs. Soffel, the wife of the warden, Thursday morning. The story of the close of the Biddle tragedy, which came at 5:45 this afternoon, is a thrilling one.

The scene was a snow covered road two miles east of Prospect, Butler county, near Mount Chestnut, and the exact place at McClure's barn, where two double team sleighs, filled with eight officers, met the Biddles in a one-horse sleigh stolen at Perryville and at once opened fire, the Biddles returning the fire after jumping out of the sleigh.

MORGAN ON TARIFF

ALABAMA SENATOR DISCUSSES PHILIPPINE MEASURE.

AMENDMENT TO BILL IS ADVISED

FILIPINO REPRESENTATION IN CONGRESS IS FAVORED.

Claims That Such Action Would Be No Violation of Constitution—Increase of Salaries of United States Justices Discussed.

Washington, Jan. 31.—An extended speech on the pending Philippine tariff bill was delivered in the senate today by Senator Morgan of Alabama, who devoted particular attention to the amendment he offered last week. He maintained the enactment of the bill as it stands would not be a constitutional remedy for the situation the measure is designed to relieve, but said that the adoption of his amendment to the bill would stand the closest scrutiny of the courts. The Alabama senator did not discuss the political phases of the Philippine question, devoting his entire speech to the consideration of the legal and constitutional questions raised by the presentation of the tariff measure.

BRITISH ARMY ESTIMATE UP.

Claimed Contractors Made Too Much on Purchases of Horses.

London, Jan. 31.—In the course of commons today Frederick's presentation of the supplementary army estimate furnished Sir John Blundell Maple (conservative) with an opportunity to refer to the report of the committee inquiring into the purchase of horses, and as asserted that the evidence revealed a gross scandal.

Hobhouse, a member of the committee, defended the officers but declared the investigations revealed glaring shortcomings in the re-mount department. On one contract of £111,000 the profit was £44,000. Assuming a similar percentage of profit on £18,000,000 spent in re-mounts, the speaker estimated that the war office had bestowed on the contractors a profit totalling £8,000,000.

There often comes a time in the struggle with pulmonary disease when the victim loses heart and gives up hope. The ambition to be up and around gives way before growing weakness, and the sufferer keeps to the bed.

No one who suffers from lung disease should lose heart or give up hope while there is a possibility of cure. In many cases Dr. Pierce's Golden Medical Discovery has cured lung "trouble" when the cough was obstinate and deep seated, with hemorrhage, emaciation, night sweats and general weakness.

"My wife had hemorrhage of the lungs," writes W. A. Sanders, of Heron, Mason Co., W. Va. "She had ten hemorrhages, and the people all around here said she would never be well again. But she began to take Dr. Pierce's Golden Medical Discovery and she soon began to gain strength and flesh."

Dr. Pierce's Common Sense Medical Advice is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Subscription Rates: Per month, by carrier, \$1.50; Per year, by mail, \$15.00. MARQUETTE, MICH., FEB. 1.

Attention is again called to the supplement containing the list of lands in the county of Marquette delinquent for unpaid taxes, advertised to be sold for the taxes due on them on the first Tuesday in May next, the sale to take place at the office of the county treasurer in the court house in this city, opening at 10 o'clock of that day and to continue until completed.

"To be or not to be" a candidate for the gubernatorial nomination before the coming state convention is, apparently, a proposition that Hon. Justus S. Stearns is trying to reach a decision on just now. He needn't be in a hurry to decide it, however.

The Butte, Montana, Inter Mountain has this comment on the predicament in which the governor of Minnesota has placed himself by his quixotic tilt against the Northern Securities company: Governor Van Sant of Minnesota is being bombarded with petitions by shippers of grain, lumber and merchandise, asking that the fight against the Northern Securities company be called off.

It will not surprise the admirers of ex-President Cleveland that he takes his stand in favor of fair and honorable treatment of Cuba in the provision to be made for trade between the island and this country. He gives his full indorsement to the position of President Roosevelt and emphatically declares that while the opposition to reciprocity on material grounds is "fallacious, mistaken and misleading," they alone are not conclusive, and that the subject "involves considerations of morality and conscience higher and more commanding than all others."

To those who are doubtful about the advisability of restricting immigration by the exercise of proper discrimination over it we commend, as deserving their thoughtful attention, the case of the Mollie family, which has come to light at the mining town of Lyford, Ind. The head of that interesting family is in jail for the offense of having, while in a playful mood induced by alcoholic exhilaration, held a companion on a red-hot stove until the man was badly burned.

Scrofula. Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during the whole period of childhood. It may then produce irregularity of the stomach and bowels, dyspepsia, catarrh, and marked tendency to consumption before manifesting itself in such catarrhs or glandular swellings.

MILLIONS A YEAR. INCREDIBLE AMOUNT OF MONEY LOST BY THE WORKING CLASSES.

An Interview With George V. Hammond, of Tacoma, Wash., a Man Who Talks from Experience. The money lost annually by skilled workmen of all occupations figures up to millions of dollars and is becoming greater every year.

"I have lost my share of time but I am thankful to say that I have not been losing any of it." "You don't look as if you had lost much through sickness." "No, and I don't feel so. But the fact remains that I was a very sick man. I took cold in 1889 and rheumatism settled in my arms and shoulders. I suffered for three years and nothing relieved me until April, 1892, when the recommendation of my sister led me to the use of Dr. Williams' Pink Pills for Pale People and found relief in the second box. I took five boxes in all and now am entirely cured and have had no occasion to use them since."

There is a popular idea that rheumatism is caused by exposure to cold and that some localities are more afflicted than others. Such conditions frequently promote the development of the disease, but from the fact that rheumatism runs in certain families, it is shown to be hereditary and, consequently, a disease of the blood.

But let us also remember that we are today engaged in shooting down Christian Filipinos, whose only crime is that they believe in the declaration of independence. Both branches of the English speaking race are guilty of the most uncivilized crimes. Let us all pray that this disgrace shall soon pass away.

Senator Cullom in his speech in the senate on the constitutionality of the reciprocity treaty with Cuba, has suggested a possible renewal of the old conflict between the house and the senate on the power of the latter to affect tariff rates by treaty agreements. The question has been raised in connection with the reciprocity treaties now before the senate and which have been pending for months unacted upon.

One J. Herbert Cole, who is something of a politician himself, takes Chase S. Osborn sharply to task for having subjected the claims of Mr. Stearns on the Republican party in the state to a rather rasping analysis in an interview published a few days ago in the Detroit Journal. Mr. Cole thinks it hardly proper for a man holding a position under Governor Bliss to assail in any manner a possible candidate against him for the first place on the next state ticket.

Hood's Sarsaparilla. The best of all medicines for all humors. It is then produced irregularity of the stomach and bowels, dyspepsia, catarrh, and marked tendency to consumption before manifesting itself in such catarrhs or glandular swellings.

Kenton Catches. Mr. and Mrs. Wm. Morgan returned to Marquette Saturday.

The Ladies' Literary society met with Mrs. J. D. F. Pierson Saturday afternoon. J. L. Douglass had charge of Wm. Faugh's shop Saturday owing to the indisposition of its proprietor.

Rev. Father Hasenberg of Michigan visited his Kenton parish and held services at the school house Sunday morning. W. S. Hayes left for Milwaukee and Chicago Monday afternoon and will incidentally take a day with his family at Grand Rapids before returning Monday.

Ex-Judge Houser was up from Sidway Wednesday to legally represent H. H. Gross in a reply suit. After reviewing the case and the probable result if continued, Gross judiciously settled the matter out of court.

The blinding blizzard and a twenty-below-zero temperature caught its victim in the person of Thos. Mantague, who was on his return from Kenton to S. H. Sharkey's camp north of here, late Sunday night. Mantague and a companion by the name of John Roe, who knew the route well, started from Kenton together. Mantague had been away from camp for about a week, it is said, in response to a message calling him to Greenland after he had worked for Sharkey but a few days. Being a stranger in this section he lost his way after Roe left him about two miles from camp on their return Sunday.

Senator Cullom in his speech in the senate on the constitutionality of the reciprocity treaty with Cuba, has suggested a possible renewal of the old conflict between the house and the senate on the power of the latter to affect tariff rates by treaty agreements. The question has been raised in connection with the reciprocity treaties now before the senate and which have been pending for months unacted upon.

TURNSDUTCH DOWN

GREAT BRITAIN REFUSES REQUEST OF COMMISSION.

NOTE COUCHED IN POLITE TERMS

WILL NOT ALLOW PEACE OVERTURES TO BE MADE.

According to a Communication From General Botha the Boer Leader Does Not Desire Peace—Says Situation Is Satisfactory.

London, Jan. 31.—The British reply to the Dutch note in regard to bringing about peace in South Africa was dispatched yesterday to The Hague. The contents of the note were kept secret.

Reply a Polite Refusal. London, Friday, Feb. 1.—Writing from The Hague the correspondent of the Mail says the reply of Great Britain to the Dutch concerning peace overtures in South Africa is a polite refusal to the request for permission for the commission to proceed to South Africa.

Boers Have Sufficient Food. Paris, Jan. 31.—The Liberte prints a despatch from Brussels which says that Leyds recently received a communication from General Botha, dated six weeks ago, in which the Boer commander-in-chief not only does not allude to his alleged desire for peace, but declares the Boers are sufficiently provisioned to continue the struggle hopefully, and the situation in Cape Colony is growing worse for the British.

Wait to Hear From Leaders.

The Temps correspondent, in an interview with Leyds at Brussels regarding the powers of the Boer delegation in Europe, quotes them as saying:

"We are duly accredited by our governments and could begin negotiations at any time, but we will do nothing decisive before consulting with the commanders, and neither Steyn, Botha or any other leader will make a decision without conferring with us."

AMERICA MAY AID BOERS.

Holland Asks the United States to Join in the Peace Movement.

Washington, Jan. 31.—In addition to its overtures to Great Britain to bring about peace in South Africa, the government of the Netherlands has informally approached the United States government with the understood purpose of securing its aid to induce Great Britain to consent to treating with the Boers.

The matter has been discussed by Secretary Hay with members of the diplomatic corps, notably with Baron Gevers, the minister of Holland, and presumably with Lord Pauncefote, the British ambassador, but in no case has the matter ever progressed beyond verbal exchanges.

Baron Gevers was at the state department and had a brief conversation with Mr. Hay. In the talk between the secretary of state and the minister of Holland neither official has committed his government in any way, and no suggestion or proposal has been reduced to writing. Neither side has regarded these exchanges of views as official, although notices of the conversations may have been made, and with propriety, for the information of the Dutch government and President Roosevelt.

The attitude of the Roosevelt administration is similar to that of the administration of Mr. McKinley. This government is adhering to the rule that in a war between civilized nations an offer of mediation cannot properly be made unless both parties to the conflict request it, or it is known that such an offer will be favorably received. While Mr. McKinley was president he went as far as he believed to be proper in suggesting to Great Britain that the United States government would be glad to serve as the intermediary for the transmission of any message to the Boers.

The response of Great Britain left no doubt of the purpose of that government to conduct the Boer war without outside diplomatic aid, and the tone of its answer was aptly described on the notice: "To all nations; hands off."

Bald?

Then you starved your hair. What did you do that for? When you saw that your hair was falling out, why didn't you use Ayer's Hair Vigor? It feeds the hair, gives it vigor, stops it from falling, makes it grow, and always restores color.

"I was almost bald before I began using Ayer's Hair Vigor. In a short time my hair all came in again, and now it is thick and heavy."

Mrs. L. Copeland, Altoona, Pa. J. C. AYER CO., Lowell, Mass.

BROAD GETS DECISION.

Cleveland Man Wins Out Over Tommy Sullivan at Chicago.

Chicago, Jan. 31.—Kid Broad of Cleveland gained a decision over Tommy Sullivan of Brooklyn at the end of a six-round contest tonight. Constant clinching during the last two rounds was all that saved Sullivan from a knockout. When the fight ended he was hanging on in order to land a knockout.

GARDNER LOSES ON A FOUL.

Decision Made In Favor of Jack Root In the Seventh.

San Francisco, Jan. 31.—In the seventh round of what was to have been a twenty round encounter between George Gardner of Lowell, Mass., and Jack Root of Chicago, the latter was awarded the decision tonight upon a claim of foul. In the hurricane fight that developed Gardner as the aggressor, but as Root was the superior boxer, the Lowell man was beaten and finally forfeited the fight upon a blow conceded by the majority of the spectators to have been a straight foul.

Gardner found in Root no such easy opponent as Kid Carter had been, nor did Root find in Gardner a so easily handled man as was Byers. Gardner, however, fought on the outside in a uncertain style, while Root fought on the inside determinedly and well. Gardner suffered a disadvantage in having his left eye practically closed by a right hand punch in the second round and he was never himself after that. In the fourth round, however, he missed his only opportunity during the battle. The Lowell man delivered a vigorous right hand punch that caught Root apparently behind the ear and the Chicago man went down. Root took the count to four seconds and then held in a clever clinch saving himself for nearly half a minute. In the sixth round Gardner was fighting low. A claim of foul was made twice but was ignored by the referee. When the round closed Gardner was plainly in distress.

After one minute and forty-second of fighting in the seventh Gardner made a left reach for the stomach, catching Root squarely in the groin. The Chicago man sank to the floor with a groan and Gardner was dragged to the corner. The referee awarded the decision to Root. Gardner protested that the blow was accidental. The crowd hissed Gardner as he left for his dressing room and applauded Root. "I did not mean to foul him," said Gardner after the fight. "I did foul him, however, and the decision was a fair one."

TO RANK AS A PRINCESS.

Eldest Daughter of President Roosevelt Is Going to England.

Washington, Jan. 31.—Notwithstanding that President Roosevelt does not confirm the statement that Miss Roosevelt will accompany Whitelaw Reid and his suite to the coronation of King Edward VII, it is generally understood in the inner circles that she has consented.

It is stated on good authority that Miss Roosevelt will sail with the party of Ambassador Reid on June 5. Mr. Choate has already been communicated with to ascertain what costume would be necessary for Miss Roosevelt.

According to her station as the daughter of the head of one of the greatest powers in the world she should be received with most distinguished honor. Court etiquette will be binding upon her. Miss Roosevelt would be out of place as a young lady merely in the suite of Mr. Reid, the special American ambassador. The hard and fast rules of a monarch make it necessary that she should be recognized completely or not at all.

Those who know foreign customs say that Miss Roosevelt would rank with the princesses of the blood, next to those in immediate succession to a throne. If she should be coronation she will, therefore, wear a robe of crimson, or, as it is called, royal purple. She will be distinguished from the princesses by additional bands of ermine and miniver. The princesses will, of course, wear gold coronets. Miss Roosevelt will be conspicuous among this group by the fact that her afternoon gown will not be adorned by the golden strews, tulle and strawbery leaves. This is owing to the fact that her father's dignity is not hereditary.

According to court etiquette another honor is in store for Miss Roosevelt, that of lodging at one of the royal palaces. It will be impossible for her to travel incognito, as is often the custom of royalty. Immediately her presence is known in London the fact will be recognized by the royal family, and every mark of attention and honor will be extended to her.

The visit of Prince Henry to the United States is not exactly a parallel case. While a blood relative of the Kaiser, he is not directly descended from the reigning sovereign. Therefore the honor paid to Miss Roosevelt will equal that which would be given to the eldest daughter of Emperor William or the czar himself. In its possibilities for the exchange of international compliments the visit of Miss Roosevelt far exceeds in importance that of Prince Henry of Prussia. The opportunities for a display of international amity and cordiality are greater in the fact that she is a young girl, and the felicitations will be of a much more subtle character.

Miss Roosevelt has asked this favor of her father as a birthday gift on the occasion of becoming eighteen years of age. Her father, therefore, finds it difficult to refuse her request.

MORTUARY RECORD OF A DAY.

Quincy, Ill., Jan. 31.—Charles Edward Seger, senior member of the wholesale grocery firm of S. E. Seger sons, died suddenly this afternoon aged forty-nine. Lewis E. Wood died today as a result of pistol wounds inflicted by himself. He was a student in the business college.

G. A. R. ENCAMPMENT.

Rock Island, Ill., Jan. 31.—The regular administration of the Illinois Grand Army today fixed May 20-22 as the dates for the encampment to be held here.

SNOW CHECKS TRADE

FALLS IN EAST, WEST AND NORTH AFFECT BUYING.

WHOLESALE LINES ALSO SUFFER

SITUATION BETTERED, HOWEVER, IN WINTER SOWN CROPS.

Outlook for Spring Trade as a Whole Has Therefore Been Greatly Improved—Labor Disputes Some-what More Numerous.

New York, Jan. 31.—Bradstreet's tomorrow will say "The heavy snowfall in the east, west and north tend to check buying, except of purely seasonal goods at retail, and to limit slightly the volume of the demand in wholesale lines. On the other hand the covering of the entire northern half of the country with a blanket of snow has bettered the situation in winter sown crops, and the outlook for the spring trade as a whole has therefore been greatly improved by the prices of cereals, hog products, and cotton. After the late heavy decline in prices has come several reactionary movements in wheat, which tend to discourage the export demand. Wheat strengthened early in the week on Bradstreet's report of a heavy decrease in the visible supply, but weaker later on with the improved winter wheat crop prospects."

"Corn displayed rather more strength than wheat, a number of diverse influences operating, while in oats the feature was the spectacular break of five cents a bushel on one day, most of which was, however, later regained."

Dun's Trade Review.

R. G. Dun & Co.'s Trade Review tomorrow will say: "The business situation has continued satisfactory, with especially good news from the manufacturing centers. Labor disputes are somewhat more numerous and low water stopped the mills in parts of the Northwest. Special lines were stimulated by the seasonal weather, but the same influence affected others adversely."

"Even at the lowest point of the week wheat was five cents and corn eighteen higher than on the corresponding date last year. Foreign buying of wheat was not perceptibly stimulated by the lower prices, but there continued a steady outgo aggregating 3,764,873 bushels for the week, four included, compared with 3,324,758 bushels a year ago. The consumption of wheat as fodder, or the holding back for higher prices, prevents the big yield swelling the receipts which for the week were 2,540,081 bushels, against 2,775,978 last year. The reduced yield in corn is reflected in the interior arrivals of only 2,379,365 bushels, compared with 4,908,962 a year ago, while the high price is responsible for the Atlantic exports of 331,880, against 2,418,013 last year."

"The liabilities of commercial failures during the four weeks of January aggregated \$12,902,607, of which \$5,683,392 were in manufacturing, \$6,435,984 in trading and \$782,631 in other strictly commercial lines."

WALL STREET STOCKS.

Market Trivial and Inconsequential—Amalgamated Speculation Active.

New York, Jan. 31.—The market today reflected the discouragement of the operators over the persistent determination of the outside public and the large money interests to refrain from speculation in stocks. The failure of successive news developments to induce any interest in speculation caused increasing skepticism among the professional operators.

There were some notable individual movements today, but the market as a whole was trivial and inconsequential. Rock Island made a notable advance of 5/8 points on light dealings, the market supply of this stock being scarce. The prices of the stock crossed that of St. Paul but fell back.

Speculation continued very active in Amalgamated Copper, which rose 1/8, lost it all and then rose 2/8 again at the close. Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Table with columns for stock names and prices. Includes Union Pac., N.Y. Central, Southern Ry., etc.

Range of Money Rates.

Money on call, steady, at 2 1/2% per cent; closed, bid and asked, 2 1/2% per cent. Prime mercantile paper, 4 1/2% per cent. Exchange, steady at advance, demand at 4 1/2% and sixty days at 4 3/4%. Bar silver, 55 1/2.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, Jan. 31.—In wheat there was a fair trade today, covering 3/8 range. A rather steady tone was manifested early, but weakness set in later and the close showed 5/8 loss. The weather again was the main bear feature and the local sentiment was bearish. The cables were easy. At Liverpool spot was unchanged to 1/4 lower, with the futures 1/4 lower. The exports were 383,000 bushels and the seaboard reported eight

ROADS TAKEN FOR SHIPMENT.

The local receipts were eleven cars.

Corn was moderately active and fairly steady, the close showing only slight changes. July was in rather better request than May and sold 1/2 over that delivery. The receipts were only 155. The country offerings were small and the Argentine news bullish. Liverpool was unsettled. Spot was 1/4 @ 1/2 lower, with the futures 1/4 higher. Oats ruled nervous, the prices being influenced by the other grains. They fluctuated with 3/8 range and after showing fair strength early, weakened, and closed at the bottom with a net loss 1/4 on May, 3/4 July and 1/4 Sept. The selling was by the commission houses and the buying was scattered.

REIGN OF TERROR IN IRELAND.

Roscommon County Tenants Who Pay Rent Visited by Mobs.

Dublin, Jan. 31.—A reign of terror prevails in Roscommon county. Tenants who are suspected of paying rent are visited at night by armed men, notices are posted threatening death to traitors, and midnight meetings are of nightly occurrence, the people being assembled by beacon fires.

John O'Donnell, member of parliament for South Mayo, is reported to have addressed a midnight meeting at Fairmount, at which he challenged the chief secretary for Ireland, Mr. Wyndham, to come into the open at the head of 5,000 or 10,000 men, either soldiers or police.

SERMONS A DOLLAR EACH.

Virginia Baptist Preacher Fixes Money Value on Manuscripts.

Norfolk, Va., Jan. 31.—The cash value of Baptist sermons in Virginia has been officially fixed at a little more than \$1 each. A board of arbitration, comprised of Baptist clergymen, has decided that the Norfolk and Western railroad company must pay the Rev. W. E. Hines, pastor of the Park View Baptist church at Portsmouth \$250 for 202 sermons, lost by agents and employees of the company. Mr. Hines had valued the sermons at \$50 each.

Pastor Hines was a passenger on a Norfolk and Western railway train a few weeks ago and had the company check his valise, in which were 202 sermons, besides a bible on which were many memoranda of a religious nature. When he presented the check for the valise at his destination it could not be found, and although a tracer was sent out the valise was never located.

Dr. Hines told the railway people that the loss of his best sermons would place him in an embarrassing position, and he asked to be reimbursed. The company declined to pay \$50 apiece for the lot, and suggested that the matter be settled by arbitration. Dr. Hines agreed to the proposition.

THE SWORD DISCARDED.

In the British army the sword has been discarded, so far as its usefulness is concerned in modern warfare. A half century ago it was considered the best weapon, but the rifle has now taken its place. At the present time thousands of people are discarding their old methods of trying to cure stomach and bowel complaints, and are using the old reliable Hostetter's Stomach Bitters. It has never been known to fail in cases of indigestion, dyspepsia, constipation, biliousness, liver and kidney troubles, or malaria, fever and ague, and a trial is therefore recommended. It has been before the public for fifty years, and by its record of cures during that time has firmly established its superiority over all other remedies. Try a bottle and satisfy yourself.

INCREASE FOR GLASS WORKERS.

Pittsburg, Jan. 31.—Two thousand unskilled laborers of the Pittsburg Glass companies outside of the combine, have been voluntarily granted an increase of ten per cent in wages.

REFUSES TO HONOR INQUEST.

Springfield, Ill., Jan. 31.—Governor Yates today again refused to honor the requisition of the governor of South Dakota for John Stowe on a criminal charge.

FUGITIVE FROM JUSTICE TAKEN.

Indianapolis, Jan. 31.—Olin C. Smith, a fugitive from Perry county, Ill., was arrested here today charged with attempting murder.

SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal, laxative and purgative, and combining them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers, and gently yet powerfully inducing one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

There are cheap baking powders, made from alum, but their stringent and caustic qualities add a dangerous element to food.

Method of Taxation in the Proposed Isthmian Canal.

A toll of about \$1 per ton net register could be levied upon the commerce using the isthmian canal without much restricting the amount of traffic through that waterway. This charge is almost one-half of that now paid for the use of the Suez canal. A toll considerably higher than \$1 per ton net register would probably yield a larger maximum revenue than would a toll of \$1; but in fixing the charges for the use of an isthmian canal, owned and operated by the United States government, the principal of maximum revenue could not wisely be followed. The function of the canal as a toll gate will be a minor one as compared with its service in promoting the industrial and commercial progress and general welfare of the United States. The language of the final report of the commission on this point is that: "An annual traffic of 7,000,000 tons at \$1 per ton will produce a revenue of \$7,000,000. The expense of operating and maintaining the Panama canal are estimated at about \$2,000,000 per annum, and those of the Nicaragua canal at about \$3,500,000. Upon this basis, the net revenue by either route would not be sufficient, at the opening of the canal, to pay interest upon the capital invested and compensate a private corporation for the risks involved. It is the opinion of the commission, however, that there are other considerations more important than revenue. It may even be expedient for the United States to reduce the tolls to an amount which will barely cover the expenses of operation of the route. A large increase of traffic in the future is probable, and the revenue-producing value of the canal would then be proportionately greater."—Prof. Emory H. Johnson in Review of Reviews.

TODAY'S WEATHER.

Washington, Jan. 31.—The following is the weather bureau's forecast for Upper Michigan: Cloudy Saturday, with snow in northern portion; colder in northwest portion; Sunday probably fair; fresh southerly to westerly winds.

CASHIER GIVES HIMSELF UP.

Colds

Can Be Stopped.

Colds, directly or indirectly,
have killed more people than
war or pestilence. A cold
lowers vitality, thus making it
easy for other disease to at-
tack. Stopping a cold is an
achievement worth while, and

Laxative Cold Cure

is the remedy to use. We guar-
antee it to cure colds if taken
in time. Take it when you no-
tice the first symptoms of at-
tack and you are certain to
avoid the cold. If you begin
taking it after the cold is fully
developed, it will always lessen
the attack and speed the cure.

SUNDAY SERVICES.

Methodist-The pastor, Rev. E. A. El-
liott, will preach morning and evening.
In the evening the fifth sermon of the
series will be given, the subject being,
"Heaven and Hell Here." The Epworth
League meets in the church parlors at
6:45 p. m.; subject, "Inasmuch."

St. Paul's cathedral-Sexagesima
Sunday-Feast of the Purification of
the Blessed Virgin Mary: Holy com-
munion (low celebration), 7:30 a. m.;
holy communion (choral) and sermon,
10:30 a. m.; Sunday school, 12 m.; even-
song and sermon at 7:30 p. m.

Pentecostal Mission, Bertha block, Front
street-Holiness meeting at 10:30 a. m.;
afternoon service at 3; evening service
at 7:30 o'clock. Evangelist Colyette
will preach at the evening service. Miss
Kittie Ellis of Minneapolis will sing at
each of the services.

First Baptist church, Rev. H. E. Pur-
inton, pastor-Morning, 10:30 o'clock,
sermon, celebration of the communion,
and baptism. Evening, 7:30, subject,
"The Book of Job-The Story of a Tragic-
edy of a Soul." All are welcome.

German Lutheran church, West Ridge
street, Rev. Carl Appeler, pastor-Ser-
vices at 10 o'clock a. m. in observance
of the feast of Mary Lichtness. Sunday
school will follow. All are welcome.

St. Margaret's Mission (Episcopal),
South Marquette-Sunday school at 2
o'clock p. m.

There will be services at St. James'
church, Chocoma, at 3 o'clock in the af-
ternoon.

CITY BREVITIES.

Today's weather: Partly cloudy
with probably light snow flurries.
Slightly colder. Variable winds.

Yesterday's temperature: 7 a. m.,
19; noon, 27; 7 p. m., 27. Maximum,
28; minimum, 17.

James W. Norton of Duluth is in the
city.

Prosecuting Attorney Frank Bell had
business in the city yesterday.

Commercial Agent Vaughn was here
yesterday in the interest of the St. Paul
road.

Mrs. L. E. Adams, nee Broad, of Ne-
gawee visited friends in the city yester-
day.

Miss Frances Watt left this morning
for St. Ignace to visit friends for a week
or two.

Alderman Michael Shea got back yester-
day morning from a business mission
to Chicago.

The Helping Hand guild will meet in
Morgan Memorial chapel this afternoon
at half past two.

The surplus snow on Washington
street was being removed yesterday, un-
der supervision of the street commis-
sioner.

Sheriff Willis and a deputy yesterday
brought down two more prisoners sen-
tenced by Judge Streeter to terms in
the penitentiary.

A dance will be given next Thursday
evening under auspices of the newly or-
ganized A. O. U. W. orchestra. It will
take place at the Workmen's hall.

Charles Sande, who was called to
Neenah, Wis., a week or two since by
the serious injury of his father, got back
last evening. He left his father much
improved.

A pleasing program will be offered at
the musicale to take place Monday even-
ing at Morgan Memorial chapel. Among
the numbers will be a violin solo by Pro-
fessor Kluge.

The party which was to have been
given next Monday evening by the
Ladies' auxiliary to the Ancient Order
of Hibernians has been postponed until
further notice.

A meeting of the rural school teachers
will be held this afternoon at the city
hall, beginning at 7:30 o'clock. County
Superintendent Davis of Negawee will
be in attendance.

Rev. C. M. Thompson, presiding elder,
will be at Mass City tomorrow to dedi-
cate the new Methodist church. A
week from Sunday he will be at Green-
land for the same purpose.

Professor Waldo, of the Normal, will
attend the exercises at the Winter
location, Ishpeming, Monday night in-
cidental to the acceptance of the new
school building from the contractors. He
is on the program for an address.

For the greater convenience of the
public, it has been arranged that here-
after Professor Otto Kluge book the
ideal orchestra for engagements at
dances or other social functions. He
can be reached by Bell phone No. 782.

Easter comes this year on the 30th of
March, which is very nearly as early a
date as it ever occurs. It falls on the
first Sunday after the first full moon
following the vernal equinox, or the 21st
of March. It is an old saying that an
early Easter will surely bring an early
spring.

The railroad men are much pleased
with the system in vogue at the yards
at the new passenger station, where
the coaches standing on sidings are
kept warm and comfortable by steam
from the depot plant. Pipes lead un-
derground from the basement to various
portions of the grounds and are con-
nected direct with the cars. The
scheme was somewhat in the nature of
an experiment, but as it proves, it
could not well be improved on.

Supervising Inspector Westcott shows
in his annual report that during last
year the passengers carried in the Mar-
quette district by vessels numbered 415,
940, the district leading those of Mil-
waukee and Port Huron. The inspec-
tor's station here inspected 167 ves-
sels, with a gross tonnage of 13,346, dur-
ing the year; one new craft, with a ton-
nage of eight, was added to the service;
four, with a tonnage of 3,488, went out
of the service, and seventeen, tonnage
6,560, have been transferred to other
districts.

THE DAILY MINING JOURNAL.

The story is told of the owner of several
railroads who was unable to buy relief from
the nerve-twisting agony of neuralgia. It
is an unlikely tale. The sick man must
have known that Perry Davis' Painkiller
would help him at once, as it has helped so
many thousands of sufferers in the past

OUTLOOK BULLISH.

Better Things in Store for Holders of
Copper Stocks.

Hayden, Stone & Co. of Boston yester-
day wired the Laidley Commission
company: "The bullish outlook for
coppers continues and strengthens and
we look for still higher prices. The
public does not respond readily to
staple. These are rumors—which
held believers-of a grand combination
of copper producers on lines similar to
United States Steel and J. P. Morgan
is expected to handle it. The general
speculation is slow and halting, but on
small reactions we think stocks a pur-
chase."

Paine, Webber & Co. said: "Electro-
lytic copper sold in New York at 134
cents a pound at the closing today, indi-
cating a market at nearly 14 cents for
Lake. The advance in copper more
than justifies the recovery that has so
far taken place in copper stocks today.
The advance in the copper is not the
result of public buying, for the public
is not yet in the market to more than
a very limited account. We continue
to feel, as we have two or three months
past, that the best of copper should be
bought for much higher prices."

Wall Street Stocks.

Dick Bros. said of the Wall street
stocks: "The stocks have been irreg-
ular but firm all day. Just at the close
Amalgamated Copper led a quick rise
and reached 78. There were rumors of
good news of copper near hand. The
trade news was favorable. The railroad
stocks were only firm. Sugar held well
below 125. Lackawanna ran up sensa-
tionally nine points, to 181 1/2. Many
specialties scored gains. Pennsylvania
was sold on rumors of an unfavorable
report. The heavy sales of the
Readings and Eries were well taken. The
drive at People's Gas was attributed to
Keene and the Flower crowd. Keene
brokers bought Southern Pacific."

The Boston News Bureau yesterday
published the following: "A bid of 13 1/2
cents for Lake copper has just been re-
fused by the United Metals Selling com-
pany. The company has not established
an asking price for this grade of copper
and is clearly holding off for higher
prices later in the day."

The following came through the
same source: "The United Metals Sell-
ing company is willing to sell copper for
future delivery at the prevailing quota-
tions, but only in very limited amounts.
The consensus of opinion in the trade is
that Lake copper will sell at 15 cents
next week. The United Metals com-
pany officially denies the report that it
is over-sold. It claims to be ready to
fill all orders. There has been large
buying, and the bids today are active."

Wheat and Corn.

W. H. Laidley & Co. said of the grain
markets: "What opened lower under the cables
and an absolute absence of buying or-
ders. The market continued dull and
dragging all day, and closed on the
bottom and 1/2 under last night. The
primary receipts were slightly less than
last year and the shipments only one-
third of last year. Bradstreet's report
of exports for the week showed they
were slightly over last week, but a little
under last year. The total exports from
July 1 to date are 28,200,000 bushels in
excess of last year. The Modern Miller
is bearish. The wheat market continues
very discouraging, and will until there is
more outside trade. It looks like a
trading market—a purchase on the
breaks and a sale on the rallies.

"Corn opened at about last night's
close, but like wheat, turned weak.
Bradstreet's report of exports for the
week gave them slightly over last week,
but very materially under last year.
We believe in higher prices for corn
later on, but would advise buying only
on the breaks at present and would not
fail to accept profits when in sight."

ison Medicine Co. A great family reme-
dy. 25 cts. Stafford Drug Co.

NOTICE To the Insuring Public and more particularly to OUR CUSTOMERS.

Read the following extract from
printed conditions on your policy:
"This entire policy, unless otherwise
provided by agreement indorsed hereon
or added hereto, shall be void if illumi-
nating gas or vapor or generated in the
described building (or adjacent thereto)
for use therein; or if (any usage or
custom of trade or manufacture to the
contrary notwithstanding) there be
kept, used, or allowed on the above de-
scribed premises, benzine, benzole, dynam-
ite, ether, fireworks, gasoline, greek
fire, gunpowder, exceeding twenty-five
pounds in quantity, naphtha, nitro-gly-
cerine or other explosives, phosphorus,
or petroleum or any of its products of
greater inflammability than kerosene oil
of the United States standard (which
last may be used for lights and kept for
sale according to law but in quantities
not exceeding five barrels, provided it be
drawn and lamps filled by daylight or
at a distance not less than ten feet from
artificial light); or if a building herein
described, whether intended for occu-
pancy by owner or tenant, be or become
vacant or unoccupied and so remain for
ten days. Provided, a loss shall occur
on the property insured while such
breach of condition continues or such
breach of condition is the primary or
contributory cause of the loss."

These conditions appear in every pol-
icy issued by companies authorized to
do business in Michigan.

If you are using gasoline or acetylene
gas for illuminating you should have
permission for same endorsed on your
policy. It is not sufficient that a cer-
tain device or lamp has been approved
by the underwriters. Permission to
use the lamp must be endorsed on your
policy.

PIPE DREAM.

Police Doubt Munising Man's Story of
a Hold-Up Here.

Says the Munising News in its last
issue:
"Frank Nead has so much money that
he is afraid the hold-up man will get
him if he doesn't watch out. One night
not long ago, Mr. Nead claims that he
was held up on the Anna River hill. At
that time he had \$500 and a revolver
which he borrowed from Supervisor Ol-
son. He frightened the hold-up man
away, he claims, by discharging the re-
volver. He was on foot when he met
with that experience. Prior to that
time, he claims, while he was driving
from Munising to Wetmore and had con-
siderable money with him, some fellows
attempted to stop him, but he whipped
up his horses and got away.

"But the most unpleasant experience
of all, if you are willing to take his
word for it, was the one he had not very
long ago in Marquette. He had been
drinking in one of the saloons in the
Cedar City with the bartender and a
certain man who visits Munising occa-
sionally. He displayed quite a roll of
money and says the two labored hard
to induce him to get into some sort of
a game with them. But he claims he
was proof against their pleadings, and
when he left the saloon the bartender
followed up and, waa the other fellow,
looked him. Nead claims he tried hard
to get away but the bartender's pal
struck him a blow which dazed him and
when he came to himself discovered a
policeman was taking him to the coop.
The next morning he paid his fine and
then he discovered that \$75 of his money
was missing. Nead should either hire a
body guard or keep his money in the
bank."

The police here ridicule the story of
the hold-up. Nead, they say, was ar-
rested here having been picked up
beastly drunk, and was fined, as he re-
lates. When taken to the lock-up the
man had \$121.85 in his possession, and
this was restored to him after his inter-
view with the justice. At the time he
claimed to have been "touched" for \$75,
but investigation failed to show that
such was the case and the story was set
down as a pipe dream, particularly as a
hold-up man would have been rather
generous to leave the greater part of the
wad behind him.

Upper Peninsula.

It is stated on good authority that
cars will be running on the new St.
Ignace-Soo railroad by September next.

The Thomaston school in Wakefield
township has an interesting visitor
daily, a pet fawn, which follows the
children to school and is an agreeable
playmate. The little animal was found
in the woods by a Thomaston resident.
It was brought home and turned over
to the children, who have reared it so
tenderly that it has become as tame and
playful as a puppy. Such is the power
of kindness in taming the wildest and
most timid of animals.

Unless present plans are changed, the
district office of the Oliver Iron Mining
company, now located at Crystal Falls,
will probably be transferred to Iron
River. The office has been located at
Crystal Falls since the company took
charge of the Columbia, Hope and Mans-
field mines near that city and the Michi-
gan mine at Anasa, while J. S. Wall,
district superintendent, has his head-
quarters at Iron River and William Tre-
bilcock, assistant district superintendent,
resides in Crystal Falls.

When B. C. Waters, a Crystal Falls
merchant, got down to his store a few
mornings ago he found that the chim-
ney was stopped up by soot from the
soft coal that he was burning and he
sent Russell Ball over to a hardware
store to get some powder with which to
blow it out. The clerk was generous
and gave Russell the full of both hands.
Russell proposed that he throw in the
stove just a little and told Mr. Waters
to close the door after he had done so.
Putting both hands to the stove he
shook off a little of the powder which
immediately ignited the whole lot, blow-
ing the doors off the stove and badly
burning Mr. Waters and Russell. It
goes without saying that the heater they
will hire a sweep when their chimney is
stopped up again.

Archie Noble, a salesman for a Chi-
cago clothing house, had an experience
in the recent blizzard that will linger
in his memory for some time to come.
He brought him as near to death as a
man can well come and live. Mr. Noble,
who resides in the Soo, spent a day at
Hughes' lumber camp, eighteen miles
from Eckerman, on business with the
men in the camp. The next morning
about 5 o'clock he started from the
camp for Eckerman. The blizzard was
then at its height and Mr. Noble mis-
took his road, going some two or three
miles out of the way to Eckerman before
discovering his mistake. He retraced
his steps to the main road and started
for Eckerman. Mr. Noble had started
from the camp without any breakfast
and the hard walking soon began to
tell on him. Cold and hungry, he began
to feel faint and he thinks that when he
was about two miles from Eckerman he
became unconscious. He remembers
nothing more of his walk till he woke
in the hotel at Eckerman. About 11:30
that morning two Finlanders who could
not speak a word of English, came into
Martin's hotel at Eckerman and by
signs, made Martin and the other men
in the hotel understand that a man was
freezing to death outside. The men ran
out and a few hundred yards from the
hotel they found Mr. Noble unconscious
in the snow. His body had stiffened
and one hand and one ear were frozen
badly. He was carried into the hotel,
divested of his clothing and for several
hours Martin and his men rubbed the
stiffened limbs of the unconscious man
with snow. When his blood began to
circulate under their vigorous ministrations his sufferings were terrible and in
his delirium he tried to jump into the
open door of the big box stove which
heats the hotel office. Five hours after
he was brought into the hotel he re-
gained consciousness. In another hour
he was apparently in as good health as
he had ever enjoyed.

Seek Relief!

The great proportion of women who suffer never make a serious effort to benefit themselves. The most of them go on paying no attention to their little menstrual disorders, believing they will eventually wear off. They grow worse and worse every day. At the period of menstruation a woman is peculiarly susceptible to cold and other external influences and it is also the most favorable time for the development of hidden disease germs which may be lurking in the system. Any physician knows that disordered menstruation, falling of the womb and leucorrhoea are blighting lives in almost every home. No woman should neglect herself a moment after she sees indications of female diseases. Almost instant relief can be secured by the use of

WINE OF CARDUI

It will relieve you right in your own home. Will you accept the testimony of Mrs. Beigler and thousands of other women and really seek relief today? All druggists sell \$1.00 bottles of Wine of Cardui.

100 Chicago Street, Port Wayne, Ind., March 27, 1900. Your Wine of Cardui has done a world of good for me. I have used five bottles of the Wine and one package of Theodor's Black-Druggist. And since since in Toledo, who did not menstruate as she ought. She was sixteen years of age and nothing else helped her. I was in a very bad state myself before I used your medicine, but I found relief in three days. And now I do not do before I took Wine of Cardui. I would be very glad to write any poor woman and tell her how I suffered before I used Wine of Cardui.

Mrs. C. F. BIEGLER For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

Ishpeming and its Environs.

"THE CONFEDERATE SPY."

Was Well Produced Under Direction of the Ishpeming Light Guards.

It was necessary to put in extra chairs to accommodate all who turned out to witness the production of "The Confederate Spy" Thursday evening at the Ishpeming opera house. The advance sale of reserved seats indicated that there would be an unusually large attendance.

The production was a complete success in every way and the members of the popular military company under whose direction it was given have reason to feel satisfied. The play is well suited to amateurs; it abounds in comedy and the plot is just strong enough to keep the audience interested.

Martin Olson, as George Waterman, the young Unionist, in love with the daughter of a Confederate soldier, did some very clever work. He won favor with the audience from the start. Frank Isaacson, as Philip Bradley, the Confederate spy, surprised his friends present. It was his first appearance on the stage, but his acting would do credit to many of the so-called professionals.

Pete Handberg, as Fred Ainsley, a rebel aide-de-camp, did his villainous work very cleverly. Pete's part was a difficult one.

Ed C. Thomas made an ideal general. His make up was fine and his acting was in keeping with his appearance.

Charles J. Johnson as Colonel Willard spoke his lines distinctly and his work was commendable.

Charley Skoglund, one of the cleverest amateur fun makers in the county, carried the house by storm. He took the role of a good-for-nothing, lazy, German soldier. His make-up was quite original and much of the comedy work he did was not in the manuscript.

Ingvald Malmberg, as the Irish policeman, was the right man in the right place.

Will Anderson was a typical con and won favor with the audience from the very first line he spoke.

Miss Rose Morell as Maud Brady, in love with George Waterman, had the most difficult role in the play. She was equal to the task of handling it satisfactorily, however, and her work was all that could be expected of any amateur.

Miss Adel Pepin made an ideal mother, and was kind and noble in her action.

Miss Susie Maroney appeared to excellent advantage as the Goddess of Liberty and the speaker of the ladies' committee, which presented the Union soldiers with the American flag at the outbreak of the war.

Members of the Light Guard appeared as Confederate and Union soldiers and did their work with much care and good judgment.

The specialties between the acts by Ed Locher, Ingvald Malmberg, Charles Skoglund and Miss Eva Seccomb, caught the attention of the audience. The music by the City Band orchestra was exceptionally good. The patriotic selections pleased the audience immensely.

The net receipts of the performance will go to Charles Towne post of the Grand Army and will be used to defray the expenses of the Decoration day exercises to be held in this city.

ISHPEMING IN BRIEF.

John R. Ekstein, deputy regent for the Royal Arcanum, is working up interest in that society in this city.

A marriage license has been issued to Martin Currow and Miss Eva Seccomb, both of this city. The wedding will take place next Thursday.

A number of young people of this city attended the masquerade ball given last night at Nequamee under auspices of the German Aid society.

Miss Geraldine Quinn entertained the members of her school class, also her teacher, at the home of her parents, John H. and Mrs. Quinn, last evening.

Mrs. Susan Pellow yesterday moved her confectionery business from the Dundon block to the Penglase building, one block further south on Main street.

H. F. Allard, superintendent of the Ashland mine at Ironwood, which is being operated by the Cleveland-Cleveland Iron company, is spending a few days in the city.

The Jochim Hardware company makes an announcement in this issue that will interest all housekeepers. A cut-down sale on certain goods is to be in force all this month. The advertisement speaks for itself.

It is expected that the ski tournament to take place tomorrow afternoon will attract a large crowd to the hill north of the East New York mine. There will be some good jumping as the hill is said to be in fine trim. The slide is faster than any the local skiers have ever ridden.

There was an interesting whist contest last evening at the home of Captain Thomas Walters and wife. Four ladies, Mesdames Heyn, Sedgwick, Miner and Krogman, challenged four members of the Men's club and the latter took up the "def." The men's club was represented by Dr. J. H. Anders, E. C. Cooley, W. T. Potter and H. F. Heyn. The same parties played a few weeks ago and the ladies won out.

WORKING OVERTIME.

Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing Indigestion, Biliousness, Constipation, Sick Headache and all Stomach, Liver and Bowel troubles. Easy, pleasant, safe, sure. Only 25c at Stafford's drug store.

Do you want overalls? We have the best. They are the Oshkosh union brand. Selling at rock bottom prices. Finnish Mercantile association.

Coughs and colds, down to the very borderland of consumption, yield to the soothing healing influences of Dr. Wood's Norway Pine Syrup.

WILL ACCEPT BUILDING.

Elaborate Preparations Being Made for Opening of Winthrop's New School.

The new \$15,000 school building at the Winthrop location will be accepted by the school board at a public meeting to be held in the auditorium of the building next Monday evening. The presentation will be made by the contractors, J. Wahlman & Son.

The school was given the finishing touches yesterday, when the last of the seats were put in position. The building would do credit to any city in the state. It is provided with all the modern conveniences including electric lights, steam heat, electric clocks, piano, etc.

The location of the school is certainly the prettiest that could have been selected. It is on the highest point at the location south of the road, which runs through the center of the place. The view from the site is superb. The surrounding country for miles in all directions can be seen from the rooms of the building. There are seven school rooms, including the auditorium, which is twice the size of the grade rooms. There is also a basement extending under the entire structure. In case additional rooms ever needed for school purposes they can be provided in the basement.

The people of the Winthrop are very proud of their new school, and they have reason to be. The building will meet all requirements for some time to come. About 100 pupils can be accommodated. The enrollment in the township is 823. There will not be over 350 in the new building at the start. The school at the Saginaw location is in the township and the pupils attending it are included in the enrollment.

Fine Program Arranged.

The entertainment and reception incident to the acceptance of the building will be the biggest social event that has ever taken place in the township. The program to be rendered is one that will please all who attend. It will be as follows:

- "America" School Children.
- Invocation Rev. E. Bickford.
- Address of Welcome Supt. E. Danster.
- "Michigan My Michigan" School Children.
- Presentation of building J. E. Wahlman.
- Acceptance of building Member of School Board.
- Vocal solo Miss Edith Gylling.
- Address George Tucker.
- Vocal solo Mrs. William Watson.
- Piano duet Misses Paulsma and Anderson.
- Address, "Tilden Township Schools" F. D. Davis.
- Selection Aeolus Sextet.
- Selection Mixed Quartet.
- Address, "Our Education" Prof. D. B. Waldo.
- Bass solo F. C. Bennett.
- Selection Male Quartet.
- Addresses by township officers: "Columbia, the Gem of the Ocean" School Children.

Following the entertainment an informal reception will be held. It is expected that a larger number will turn out to the entertainment and reception than can be accommodated in the auditorium. There will be seats for about four hundred, but every available foot of space will be accepted if this number crowds into the room.

Two new teachers have been engaged to take positions in the school. One is Miss Nichol, sister of Miss Nancy Nichol, who has held a place in one of the local schools for some time past. She has been from Oshkosh. The other teacher is Miss Blanche Gross of Benton Harbor. Jerry Harrington, who has taught at the Winthrop for some time, recently resigned to take a place at the Palmer school. One of the young ladies mentioned will succeed him.

The evening Monday evening will be presided over by James Trebilcock. The exercises will commence at 7:30 o'clock, closing time, so that those who expect to find seats should be on hand considerably before that time.

The school board is composed of William Kipping, president; Henry E. Johnson, clerk; Joseph Dally, treasurer; O. S. Oline and James Trebilcock.

A number of Ishpeming people will attend the entertainment.

'T WAS AN UNPLEASANT TRIP.

Dr. T. A. Felch got back yesterday from the lower peninsula. He left last Monday evening, expecting to arrive at Muskegon in time to attend the grand lodge session of the Michigan Masons, but he got there too late. He planned to arrive Tuesday morning, just in time for the opening of the meeting, but it was 1 o'clock Wednesday morning when he landed. The storm delayed him in starting. Instead of getting away from this city Monday noon he did not start until 10 o'clock that night. He arrived in Chicago the next afternoon. It was near evening when he got a train for Muskegon. Going down the doctor had but one meal from the time he left Ishpeming until he reached Chicago, and this was at Fond du Lac. There was nothing to be had on the belated train, so his appetite was quite pointed when he arrived in Chicago.

HOTEL PROPERTY FOR SALE!

The Garfield House, Ishpeming, is offered for sale. The property is a very desirable one and is in first class condition. For particulars apply to HANS GUNDERSON, (2-1-1mo) Ishpeming.

Rare bargains in winter goods of all kinds, including skirts, jackets, shirt waists, blankets, comforters, etc. Closing them out. Finnish Mercantile association.

THE PENINSULA BANK.

Well Known Financial Journal Gives the Institution a Write-Up.

The Commercial Chronicle, devoted to the financial, commercial and industrial interests of the United States, gave the Peninsula bank of this city the following mention in its last issue, dated, Jan. 29:

"A few weeks ago it was announced that the Peninsula bank of Ishpeming, Mich., would reorganize as a national bank at the beginning of the new year. This announcement is now recalled, and official information is given out that at the annual meeting, Jan. 14, 1902, the stockholders voted to retain the present status, and not to reorganize as a national bank. The Peninsula bank has been so successful that to all who are acquainted with its career and standing this last announcement will not seem strange."

"It was organized in 1887, with a capital of \$50,000, and at once became a leading factor in the commercial and other development of the city of Ishpeming and the territory tributary to it. The prominent firms and interests of its region make it their depository, and its correspondents are leading banks all over the country. Notably the Merchants' Exchange National bank of New York, the First National bank of Chicago, and the Preston National bank of Detroit. This connection shows its standing among the banks of the country."

The official roster of the Peninsula bank is as follows: President, W. Selgwick; vice president, Otto Eger; cashier, E. A. Malmgren; assistant cashier, J. G. Welsh. The deposits amount to over \$375,000, loans \$225,000; surplus, \$10,000, and undivided profits, \$10,000, after paying a 10 per cent dividend Dec. 20, 1901. In its last year's business the bank realized a net profit of 20 per cent on its capital. This doubtless explains the decision of the stockholders to retain the state organization in preference to changing to a national bank. It is a record of business never surpassed and seldom equalled in the history of banking, and with an established connection like that of the Peninsula bank, it has every prospect of being continued in the future."

"The history of this bank shows the great opportunities for profitable investment of capital in state banks. The Peninsula bank in the fifteen years of its existence has passed through times of inflation and depression and has been firm and sound in both extremes. This reflects great credit on the management of the bank, and proves that it is in the hands of gentlemen well versed in business and banking principles. The bank has from the first been regarded as one of the solid banks of Michigan, and its growth has been exceptionally rapid and well sustained."

"It is in question after all whether the National banking act gives better opportunities for profit than exist under the state banking laws, and it is one which many of those best versed in practical banking are seriously considering. Opinions differ, of course, but it is worthy of notice that many of the most prosperous and substantial state banks are continuing under their present organization notwithstanding the opportunity existing under the United States act of March, 1900, to reorganize as national banks. This decision of the stockholders of the Peninsula bank to continue as a state bank was made after due deliberation. It can be quoted as well matured preference in favor of the state organization."

"The decision will have more than ordinary interest for its depositors, and will be received by the whole community with a certain amount of pleasure, as an official notice that the long continued relations of the bank and its patrons are not to be disturbed, as they would have been more or less if the change had taken place. That the bank will continue its prosperous career there can be no doubt."

NO SERVICES TOMORROW.

There will be no services or Sunday school exercises at Grace church tomorrow. The painters have had possession of the Guild hall the past two days and the floors will not be in readiness for use. The usual services will be conducted a week from tomorrow.

The interior work is rapidly nearing completion. The greater part of the decorating has been done and the hardwood floor will be put down in the church during the coming week. The outside work is nearly completed. The carpenters will finish putting the slate in position on the roof today.

EARLIEST ON LAKE

A MEADS TELLS OF THE PIONEER STEAMBOATS.

GIVES THE HISTORY OF EACH

FROM THE EARLY DAYS TO 1872 COVERED.

Captain McGuire of This City Is, Next to John G. Parker of Ontonagon, the Oldest Living Navigator of These Waters.

Alfred Meads, who is probably as well posted on the early days in this region as any man now living, in an interview with The Mining Journal gives a sketch of the early steamboats of Lake Superior. The article will be found interesting, especially to the older residents, but to quote Mr. Meads: "Much of it will have to come from my 'memory-aid' book, as Jim Paul used to say in an 'early' day; hence some of the dates may not be absolutely correct."

Said Mr. Meads: "I will give the history of the earliest boats on the lake down to about 1872. 'The early Jesuit missionaries speak of a 'sloop' on the lake owned by the Hudson Bay company. Alexander Henry says he and his party built a sloop of forty tons burthen at Point Aux Pins in 1763, but he does not say what disposition was made of the boat when his party abandoned his search for copper in 1764."

"I have no date of the time of building of the schooners Ocean, Chippewa, Swallow or Merchant, but they were all hauled over the portage at the Soo before the building of the canal. The pioneer captains on the lake were Captains Bendry, Parker, McGuire and Angus. Bendry and Angus are dead, but Captain McGuire and Captain John G. Parker, the latter of whom is living at Ontonagon and is the oldest living navigator of Lake Superior waters. Captain Peter McGuire is a close second to Captain Parker, having come to the lake in 1850, and is now residing in Marquette. Prior to his sailing on this lake, he was a pilot on the Soo river."

"The schooner Swallow was owned and sailed by Captain Bendry of L'Anse au Loup for many years and was wrecked at Portage Entry. The schooner Fur Trader was owned by the Hudson Bay company and run on the route between the Soo and Fort William. The schooner Merchant also sailed on the lake in the late 40s and early 50s, but I have no record of her."

"The Julia Palmer was also one of the earliest craft. She was brought to the lake by Captain Titus and was afterwards sailed by Captain Stannard, who discovered the Stannard rock by running the Julia Parker on it and wrecking the craft. Since then the rock has been known by the name, 'Stannard rock.'"

"The schooner Algonquin, Captain John Haloran, sailed on the lake in 1847 and afterwards was wrecked at Superior City. The schooner Ford was hauled over the Soo in 1853, was sailed by Captain John S. Parker and ran to Ontonagon. She was wrecked at Eagle Harbor."

"The steamer Gen. Taylor, 500 tons burthen, was sailed in 1858 by Captain McGuire and in 1859 by Captain John G. Perket. She was wrecked to a lumber barge and was wrecked in Lake Michigan. The steamer Ogontz was sailed by Captain McGuire in 1867, and later was also turned into a barge."

"The steamer Independence was built in 1843 by Oliver Newberry of Detroit and was sailed by Captain Averil. She was hauled over the Soo in 1845-46 and was wrecked on Lake Superior in 1853. The steamer Sam Ward, of 450 tons, was built in 1847. She was sailed by Captain Easterbrook and was changed to a barge."

"Of the old craft mentioned by Mr. Meads were: Steamer Manhattan, built in 1847; sailed by Captain Ripley, and wrecked on Lake Superior near Grand Marais. Steamer Monticello—Built in 1847, sailed by Captain Wilson and hauled over the Soo in 1851; wrecked on Lake Superior in 1851 at Portage Entry. Steamer Napoleon—Built in 1847, hauled over the Soo and sailed by Captain R. Ryder; was broken up. Steamer Peninsula—Built in 1847; sailed by Captain John Reed; wrecked on Lake Superior in 1854 at Eagle River. Steamer Superior—built in 1845; of 567 tons burthen; sailed by Captain Jones; wrecked on Lake Superior in October, 1856, at Pictured Rocks. Steamer Baltimore—Built in 1847; of 500 tons burthen; sailed by Captain John Reed; wrecked on Lake Michigan in 1855. Steamer Queen City—Built in 1848; of 1,000 tons burthen; sailed by Captain Benj. Wilkins; was broken up. Steamer Arctic No. 1—Built in 1851; of 867 tons burthen; sailed by Captain Fred Miller; wrecked on Lake Superior (at Huron Island) in June, 1860. Steamer Lady Elgin—Built in 1851; of 1,000 tons burthen; sailed by Captain John Wilson; sunk on Lake Michigan in September, 1860. Steamer Northern—Built in 1851; of 800 tons burthen; sailed by Captain Ben Sweet; sunk on Lake Huron. Steamer Cleveland—Built in 1852; of 574 tons burthen; sailed by Captain Jack Halloran; was lost on White Fish point, Lake Superior, in November, 1866. Steamer Traveller—Built in 1852; of 603 tons burthen; sailed by Captain Albert Stewart; burned at Eagle Harbor, on Lake Superior, in 1866. Steamer Michigan—Built in 1852; sailed by Captain George Davis; was broken up. Steamer E. K. Collins—Built in 1853; of 950 tons burthen; sailed by Captain Jones; burned in October, 1854. Steamer Garden City—Built in 1853; sailed by Captain Benj. Squires; wrecked on Lake Huron in May, 1854. Steamer North Star—Built in 1854;

of 1,100 tons burthen; sailed by Captain Ben Sweet; burnt at Cleveland in 1862. Steamer Illinois—Built in 1854; of 926 tons; was the first boat to pass through the Soo canal; sailed by Captain Jack Wilson; was broken up. Steamer Concord—Built in 1854; sailed by Captain McIntyre; changed to a barge. Steamer Iron City—Built in 1855; sailed by Captain John E. Turner; 700 tons burthen; changed to a barge. Steamer Planet—built in 1855; of 1,154 tons burthen; sailed by Captain J. Nicholson; changed to a barge. Steamer Dubouque—Built in 1856; sailed by Captain Cleveland; changed to a barge. Steamer Comet—Built in 1856; sailed by Captain John Frazer; changed to a barge. Steamer City of Toledo—Built in 1856; sailed by Captain Dustin; burned in Detroit a few years ago. Steamer Favorite—Built in 1856; sailed by Captain Wilson; no further record. Steamer Gazelle—Built in 1856; sailed by Captain B. Sweeney; wrecked on Lake Superior in 1860. Steamer Queen of the Lake, Captain McGuire—Built in 1856; burnt at Marquette, Lake Superior, in 1863. Steamer Sunbeam—Built in 1856, wrecked on Lake Superior, off Eagle Harbor, Aug. 28, 1863. Steamer City of Cleveland—Built in 1857; 800 tons burthen; sailed by Captain G. H. Ryder; changed to a barge. Steamer Northern Light—Built in 1858; 900 tons burthen; sailed by Captain John Spaulding; changed to a barge. Steamer Meteor—Built in 1862; of 957 tons burthen; sailed by Captain Thomas Wilson; burned at Detroit. Steamer Pewabic—Built in 1863; of 900 tons burthen; sailed by Captain George McKay; sunk on Lake Huron in 1863. Steamer Arctic No. 2—Built in 1863; sailed by Captain J. E. Turner; changed to a barge. Steamer Atlantic—Built in 1863; sailed by Captain F. S. Miller; changed into a barge. Steamer Pacific—Built in 1863; sailed by Captain M. H. Murch; changed into a barge. Steamer Intransit—Built in 1864; sailed by Captain Ed Turner; burned off Milwaukee. Steamer Lac la Belle—Built in 1864; sailed by Captain John Spaulding; lost on Lake Michigan. Steamer Sea Bird—Built in 1866; of 600 tons burthen; Captain Blodgett; burned on Lake Michigan. Steamer City of Madison—Built in 1866; sailed by Captain James Davis; 487 tons burthen; changed to a barge. Steamer Cayahoga—Built in 1866; sailed by Captain C. M. Davis; 727 tons burthen; changed into a barge. Steamer Ontario—482 tons burthen; sailed by Captain Geo. McKay; changed into a barge. Steamer Norman—545 tons burthen; sailed by Captain Thos. Lloyds; changed into a barge. Steamer Mineral Rock—719 tons burthen; sailed by Captain John Frazer; changed into a barge. Steamer Keweenaw—Built in 1866; sailed by Captain Albert Stewart; 800 tons burthen; changed to a barge; now running on Lake Superior in the Nester fleet. Steamer St. Paul—Built in 1869; sailed by Captain Allen McIntyre; of 1,000 tons burthen. Steamer R. G. Coburn—Built in 1869; sailed by Captain G. Dumont; of 900 tons burthen; lost on Lake Huron, Oct. 18, 1871.

"The steamers China, India and Japan," continued Mr. Meads, "were built in 1871, and each is of 1,240 tons burthen. The China was sailed by Captain Geo. R. Dickson, the India by Captain Ben Wilkins, and the Japan by Captain A. McDonald. "The steamers St. Louis, Captain Ed. Kelly; Winslow, Captain Charles McCrea; Champlain, Captain R. McGrorey, and City of Boston, Captain John Brown, were built in 1871, as was also the steamer Empire, Captain McGuire of Marquette. The steamer Peerless was built in 1872 and was sailed by Captain Geo. P. McKay. "It will thus be seen that the only boats built up to 1872 that are now running on Lake Superior in the passenger and freight business are the China, India, Japan and Peerless. "Of the captains who sailed on the lake prior to 1872 the only ones living, as far as known to me, are Captain John S. Parker, Captain McGuire, Captain McDougal (inventor and builder of the whaleback type of boats), Captain Geo. B. McKay (commander of the Wilson fleet), Captain Albert Stewart of Detroit and Captain McIntyre of the steamer Peerless. "The Canadian steamers running on Lake Superior up to 1872 were the George, built in 1856; Captain Samuel Peck; the Plough Boy, Captain Duncan McLean, built in 1860; Rescue, Captain Dick, built in 1862; the Collingwood and Algoma, built in 1862; the Waubuna, Captain Campbell, built in 1864; the Manitoba, Captain Lyons, the Acadia, Captain McAuley, built in 1864; the Chicaera, Captain J. Tripp, built in 1869; the Cumberland, Captain James Orr, built in 1871, and the steamer Frank Smith, built in 1872."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY, Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

ICE CREAM. Pure ice cream and ices always on hand at (1-24-ft) HEPNER'S

GAS PLANT RESUMES. Temporary Repairs Are Completed and Engines Set in Motion.

After a suspension of several days because of the fire at the plant, the gas works yesterday resumed operations, temporary repairs having been made that will permit of the plant running without interruption until the new works are completed and in commission. The machinery was set in motion at 10:30 yesterday morning, but as the boiler was practically empty of gas and as the pipes were full of air, the pressure was rather weak and the lights were dim during the earlier part of the evening. The gas was better as the night progressed, however, and by today the service will be as good as it was formerly. Carpenters are engaged in roofing the building and finishing laying the new flooring.

AT THE NORMAL THIS EVENING. J. M. Longyear Will Lecture on Norway, Sweden and Spitzbergen.

J. M. Longyear will this evening tell of his travels in the land of the midnight sun, lecturing at the Normal on Norway, Sweden and Spitzbergen. The talk will be profusely illustrated by stereopticon views made from photographs secured by Mr. Longyear in the three countries mentioned, and in addition the lecturer will show some splendid color views illustrative of the new process. The lecture will be given in the assembly room at the school. No admission will be charged, and all friends of the Normal and persons interested in its welfare are cordially invited to be present and enjoy the treat promised. Street cars will be on hand at the conclusion of the entertainment to convey the people up town.

RACE AT THE RINK TONIGHT. Skaters Will Compete for One Hour, Beginning at 7:30.

Despite the change in the plan of the race at the skating rink, the contest will be started at 7:30 o'clock this evening, as at first announced, and will therefore not conflict with the ball game at the Casino. Several additional local skaters yesterday entered for the match, and the field participating will be a big one. All have been classified according to their known speed, and as the work of the handicapper appears to be done well, the result of the contest should be the result. The skaters will "go" for one hour this evening, and for the same time on Monday and Tuesday evenings. The band will be in attendance tonight, and after 8:30 the public will be privileged to use the skating surface. Special street car service has been arranged for.

BIG SEAT SALE INDICATED. Much Interest Taken in Walker Whiteside's Engagement.

It is reasonable to expect that the demand for seats will reach the limit for the engagement at the opera house of Walker Whiteside for next Wednesday. This fine actor will play Shylock on this occasion in Shakespeare's most beautiful comedy, "The Merchant of Venice." His company is large and with Miss Wolstan as Portia, William Slack as Gratiano and Lourene Ewart as Bassanio, together with the exquisite stage settings provided, the event should be a memorable one. There is a great revival of interest in the marvelous comedy and Mr. Whiteside's portrayal of Shylock has done as much for his fame as an actor as did his fine impersonation of Hamlet. The fine company supporting Mr. Whiteside has received great praise this season and his beautiful production has caused no little comment. There will be no advance in prices.

LIVED HERE THIRTY YEARS. Mrs. Joseph Zyrd's Sudden Death Due to Heart Failure.

Mrs. Joseph Zyrd, who died early yesterday, had been resident of Marquette for thirty years. She was aged sixty-two. The announcement of her demise came as a great shock and was entirely unexpected by family or friends. When she retired Thursday night she was apparently in as good health as she had been for some time, but about 1:35 o'clock she awoke with a pain in the side and called to her daughter. It was then evident that Mrs. Zyrd was seriously ill and a physician was summoned. Death, however, ensued before the doctor could reach the house, heart failure being the cause of the demise. In addition to her husband, Mrs. Zyrd is survived by three sons—Charles and Stewart of this city and Joseph of St. Louis—and by three daughters—Mrs. Wm. McCombie, Mrs. Wm. Hoch and Mrs. George H. Kemper. Mrs. Peter Dolf and Mrs. John Rutherford are sisters and Wm. C. Stewart a brother of the deceased.

CANDLEMAS DAY. The Feast of the Purification of the Blessed Virgin Mary, which will be observed tomorrow by the Catholic and Episcopal churches, is also named as above because of the Catholic ceremony of blessing the candles and holding a procession of lighted tapers on that day. The symbolic idea of every ceremony has its meaning. Christ as being the "light to lighten the Gentiles" spoken of in the Gospels of Simeon, which is sung during the ceremony. At the same time are blessed the candles with which Catholics are required to provide themselves for use when the sacrament is taken to the dying. A house so visited must be prepared with a suitable small table with clean cover, a crucifix, and two of these candles. Procuring these candles for themselves, the faithful make an offering of others for the use of the altars of the church. The candles must be of pure wax and none others will suffice.

BUCKLE'S ARNICA SALVE. Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for Cuts, Corns, Burns, Boils, Sores, Felons, Ulcers, Tetter, Salt Rheum, Fever Sores, Chapped Hands, Skin Eruptions; Infalible for Piles. Cure guaranteed. Only 25c at Stafford's.

TODAY AT THE PHEASANT. Home Made White Bread, Entire Wheat Bread, Rye Bread, Sugar Rolls, Buns, Doughnuts, Apples and Mince Pies, Soda Cakes, Layer Cakes, Angel Foods, Cream Puffs, Lady Fingers, Macaroon, Tarts, Apple Turnovers, Fresh Milk, Pure Sweet Cream, Ice Cream, Fresh Oysters.

JOHN W. DESCHAMPE Prop. OLD BROCTON WINE. Can be procured at Stafford Drug Co.'s store. (10-19-ft)

Is it a burn? Use Dr. Thomas' Electric Oil. A cut? Use Dr. Thomas' Electric Oil. At your druggists.

How Are Your Kidneys? Dr. Robt. Stewart's Pile Cure All Kidney & Bladder Troubles. Add Sterling Remedy Co., Chicago or N.Y.

EXCITING GAME PROMISED. Beavers and Workmen Play Ball at the Casino Tonight.

An interesting indoor baseball contest is promised for the "fans" when the A. O. U. W. and Beaver teams cross bats this evening at the Casino rink. The merits of the Beavers, who have record of two straight victories to their credit, are so well known that it is in the showing made by the A. O. U. W. club that the most interest centers. As yet this team has not appeared in public, but in their several weeks' of practice the players have put up a strong article of ball and promise to agreeably surprise their friends. It will be disappointing to all concerned should the game not be intensely exciting. The line-ups are: Beavers—Catcher, John A. Rivers; pitcher, A. B. Graham; right short, James Dunlavy; left short, J. Monroe; first base, P. Donovan; second base, John Dunlavy; third base, F. Price; right field, F. Frei; left field, J. L. Butcher. A. O. U. W.—Catcher, George Smith; pitcher, I. Varelbrook; left short, J. Mahoney; right short, T. Downs; first base, W. Crowley; second base, E. Swanson; third base, L. Hadrich; left field, Al. Kinville; right field, A. Wallace.

TO ORGANIZE A LEAGUE. Tomorrow a meeting will be held to organize a city indoor ball league. It is proposed that the Beaver, A. O. U. W., Maccabee and Queen City Hotel teams comprise the organization, and each of the clubs will be represented by its manager and captain. The arranging of a schedule of games will also be a matter to come up for consideration. The place at which the season will be held had not been decided on last evening.

LITTLE PREMATURE. Marquette & Southeastern Not Built to the Huron Mountains.

It will be news to Marquette people that the "new road" has been constructed to a point thirty miles up the lake shore. At least, that is what the Manitique Pioneer-Tribune states in the article reproduced below: "That the Manitique, Marquette & Northern railroad will eventually be extended to the copper country is very probable. That the Cleveland-Cliffs people are factors in the recent railroad transfer, is practically certain. The company headed by Wm. G. Mather has constructed a railroad extending from Marquette to the Huron mountains, thirty miles northwest of Marquette. The road was primarily constructed for the purpose of hauling wood to the company's furnaces, but a glance at the map of the upper peninsula shows that a very direct line to the copper country could be made by extending the line above mentioned. As the Pennsylvania system is the power behind the throne in the recent deal it is reasonable to infer that the terminus of the road will be extended to the copper country." Of course, no extension has been built from this city in the direction of the Huron Mountains, but a route has been surveyed and it is the reported intention to build some time this year. Whether the copper country is the ultimate goal has not been divulged, but it would appear plausible that it is. As to the Pennsylvania road's connection with Mr. Mather's companies, that is a point on which there is no confirmation here and in railroad circles is not credited.

TURNING PEOPLE AWAY. Landlord Volk Making a Big Success With a Detroit Hotel.

The Hotel World, published at Chicago, in its current issue has this reference to the former proprietor of the Clifton here: "The continuous success of the Hotel Brunswick, and splendid record made up to Jan. 1, shows what the individuality of a hotel man can do even in a hotel which has no location, and speaks volumes for the ability of Mr. W. H. Volk as a hotel manager. Mr. Volk took the management of the Brunswick on Sept. 1, 1901, with sixteen guests in the house, and at the end of December, 1901, he was turning people away for the want of more room. Richard Johns, who has been connected as steward with the Detroit club, Russell House, and until recently with the Hotel Normandie, has been engaged by Mr. Volk as steward of the Hotel Brunswick."

SOFA PILLOW LOST. If the party who found the sofa pillow on Front street last week will return the same or advise the owner at 330 East Hewitt avenue, Bell telephone No. 80, a reward of two dollars will be paid. Otherwise the matter will be placed in the hands of the authorities.

DEPOSITING BY MAIL. Send your deposits by Bank draft or check or by postal or express order. Should this be your first deposit, we will send you a pass-book by return mail. We will also send you full information concerning future deposits and withdrawals. The Marquette County Savings Bank, MARQUETTE, MICH.

RACE AT THE RINK. Saturday Evening, Feb. 1. ONE HOUR EACH NIGHT. George Mitchell, Axel Peterson, Fred Minge and other speedy skaters will be handicapped, with the idea of giving all participants an equal chance. All entries must be made with Abe Mitchell. A Medal Will Be Awarded the Victor. (1-28-11)

THE BEE HIVE, LOUIS GETZ, Proprietor..... 302 SOUTH FRONT STREET. EXTRAORDINARY Mid-Winter Clearing Sale. We need the room, and must have it, and in order to make space we shall, for this week only, put on sale our entire stock of Heavy Winter Goods. Space is of more value to us now than winter stock, hence the following reduction on prices: 25% Discount on the entire remaining stock of Ladies' Misses' and Children's Cloaks, Capes, Jackets, Suits and Furs. 25% OFF 25% Discount on all Corduroy and French Flannel Shirt Waists and Shirt Waist Patterns. 25% OFF 25% Discount on all Blankets and Comforters. 25% OFF A full size Circular Shetland Floss Shawl, all colors, \$1.18, worth \$2.50. MARQUETTE, MICHIGAN, SATURDAY, FEBRUARY 1, 1902.

First publication Saturday, Jan. 25, 1902. Last publication Saturday Feb. 22, 1902.

ANNUAL TAX SALE.

STATE OF MICHIGAN, COUNTY OF MARQUETTE.

The Circuit Court for the County of Marquette in Chancery. In the matter of the petition of Perry F. Powers, auditor general of the state of Michigan, for and in behalf of said state, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the auditor general of the state of Michigan, praying for a decree in favor of the state of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the state of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the February term of this court, to be held at Marquette, in the county of Marquette, state of Michigan, on the 24th day of February, A. D. 1902, at the opening of the court on that day, and that all persons interested in such lands or any part thereof, to contest the lien claimed thereon by the state of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said court, and file with the clerk thereof, acting as register in chancery, their objections thereto, on or before the first day of the term of this court above mentioned, and that in default thereof the same will be taken as confessed and a decree thereon will be taken and entered as prayed for in said petition.

And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the county treasurer, or at such convenient place as shall be selected by him at the county seat of the county of Marquette, state of Michigan; and that the sale thereof shall be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or, if no person will pay the taxes and charges and take a conveyance of less than the entire tract, then the whole tract shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the county treasurer shall bid for the same in the name of the state of Michigan, and the seal of said circuit court of Marquette county, this second day of January, A. D. 1902.

Witness the Hon. John W. Stone, circuit judge, and the seal of said circuit court of Marquette county, this second day of January, A. D. 1902.

J. W. STONE, Circuit Judge. WM. A. ROSS, Register.

STATE OF MICHIGAN.

To the Circuit Court for the County of Marquette, in Chancery. The petition of Perry F. Powers, auditor general of the state of Michigan, for and in behalf of said state, respectfully shewing that the list of lands hereinafter set forth and marked "Schedule A," contains a description of all the lands in said county of Marquette upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non-payment of taxes, and which taxes have not been paid; together with the total amount of such taxes, with interest computed thereon to the time fixed for sale, and collection fee and expenses, as provided by law, extended against each of said parcels of land.

Your petitioner further shows to the court that said provisions of Act 296 of the Public Acts of 1893, as amended, and that said taxes remain unpaid; except that lands included in said "Schedule A" for taxes of 1889 or prior years were returned to the auditor general as delinquent for said taxes under the provisions of the general tax laws in force prior to the passage of Act 296 of the Public Acts of 1891, and which taxes remain unpaid.

Your petitioner further shows that in all cases where lands are included in "Schedule A" as aforesaid for taxes of 1889 or prior years, said lands have not been sold for said taxes and the sale or sales so made have been set aside by a court of competent jurisdiction, or have been provided by law.

Your petitioner further shows and avers that the taxes, interest, collection fee and expenses, as set forth in said "Schedule A," are a valid lien on the several parcels of lands described in said schedule.

Your petitioner further shows that the said taxes on said described lands have remained unpaid for more than one year after they were returned as delinquent, and the same being now due and remaining unpaid as above set forth, your petitioner prays a decree in favor of the state of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land contained therein, and that the same be sold for the amounts so computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon, as provided by law, to pay the lien aforesaid.

And your petitioner will ever pray, etc. Dated December 30, 1901.

PERRY F. POWERS, Auditor General of the State of Michigan, for and in behalf of said state.

SCHEDULE A.

TAXES OF 1881.

Table with columns: Township, Section, Acres, Amount of taxes, Interest, Collection fee, Charges, Total. Includes Township 44 North of Range 23 West, Township 44 North of Range 24 West, Township 44 North of Range 25 West, Township 44 North of Range 26 West, Township 44 North of Range 27 West, Township 44 North of Range 28 West, Township 44 North of Range 29 West, Township 44 North of Range 30 West, Township 44 North of Range 31 West, Township 44 North of Range 32 West, Township 44 North of Range 33 West, Township 44 North of Range 34 West, Township 44 North of Range 35 West, Township 44 North of Range 36 West, Township 44 North of Range 37 West, Township 44 North of Range 38 West, Township 44 North of Range 39 West, Township 44 North of Range 40 West.
