## PRESCRIPTIONS..... NEVER ALTERED.

It does not make any difference what your physician prescribes, if you will bring the prescription to The People's Drug Store you get exactly what is specified. There is never a thought in our mind of substituting or altering the prescription in any way whatsoever. We know that the doctor has a reason for prescribing just what he does, and we follow the prescription exactly.

In fact, we believe that the work of the physician is often defeated, and the patient made to suffer, because a mania for cheapness leads some druggists to substitute inferior quality for those prescribed.

We invite you to bring prescriptions here. Our prices are always close.

## FORM AN ALLIANCE

### GREAT BRITAIN AND JAPAN MAKE AN AGREEMENT.

### TO PRESERVE CHINA AND COREA

### OUTCOME OF THE EVENTS OF THE PAST TWO YEARS.

Secret Is So Well Kept That Announcement Comes as a Surprise, But Treaty Will Meet With Approval.

London, Feb. 11.—An important parliamentary paper was issued tonight giving the terms of an alliance between Great Britain and Japan for the preservation of China and Corea. The paper covers the dispatch sent by Lord Lansdowne, secretary of state for foreign affairs, Jan. 30, to the British minister at Tokio and comprises a signed copy of the agreement.

In explanation the paper says the agreement may be regarded as the outcome of events of the past two years. Throughout the Boxer troubles Great Britain and Japan have been in close and uninterrupted communication and are actuated by similar views.

How Lansdowne Views Matter.

"We each desire," says Lansdowne, "that the integrity and independence of the Chinese empire should be preserved and that there should be no disturbance of the territorial status quo, either in China or the adjoining regions."

Lord Lansdowne says the British government was largely influenced in entering upon this important contract by the conviction that it has no provision which can be regarded as aggressive or self-seeking. He says it is concluded merely as a measure of precaution and in no way threatens the present position or legitimate interests of the other powers.

The secret was so well kept that the paper, issued after parliament had adjourned for the night, announcing the first important alliance between a western and a yellow, Asian race, comes as a startling surprise to the public and, although the idea of an alliance with Japan is likely to meet with general approval, the outcome of the sensational departure will be anticipated with no little anxiety.

It is regarded as a direct move against Russia and to explain the abandonment of the colony of Wei-Hai-Wei.

Papers Comment on Treaty.

London, Wednesday, Feb. 12.—Referring editorially to the British-Japanese alliance the morning papers, to whom the agreement comes as a startling surprise, ask many pertinent questions concerning it. The Daily News says:

"Our magnificent isolation has come to an end with a pretty woman shock. Who can be regarded as indicative of an anti-British coalition in the far East, whether it marks the tearing up of the Anglo-American treaty, and whether the visit of Prince Henry to America is an answer to the new naval allowance, are matters of speculation."

The Chronicle thinks the treaty marks an epoch in world history and that it will profoundly affect the British policy. The Chronicle thinks the American policy is in line with the Anglo-Japanese policy.

The Mail claims authority to assert that the relations between Great Britain and Russia will become regretably impaired in consequence of the munificent duplicity with respect to the future of Manchuria.

"This will shortly be proved by a decidedly clever move," says the Mail. "Russia has practically annexed the entire trade of Manchuria to the exclusion of all the other powers and projects that Great Britain, Japan and the United States have not availed."

Shows Friendship Existing.

New York, Feb. 11.—Frederick W. Hollis, a member of the peace conference at The Hague, and authority on international law, read a cable dispatch announcing the Anglo-Japanese alliance at his home in Yonkers tonight.

"That is a very important agreement," said he. "I should say its greatest importance is in showing the friendship between Japan and England. I should not say, from the summary I have read, that the alliance is necessarily directed against Russia or any other particular power. To me the alliance has the appearance more of the accentuation of a very strong community of interest between England and Japan than anything else. The effect of it will be to increase British prestige in the far East and emphasize the importance of Japan as one of the civilized countries of the world. I do not regard it as significant that only two countries of those interested in China are parties to the alliance. On general principles, and speaking with an imperfect knowledge of the contents of the agreement, I should say the agreement will be strongly conducive to peace in China."

### IMPORTANT FILIPINO CAPTURE.

Brother of Malver, the Insurgent Leader, Is Taken.

Manila, Feb. 11.—A brother of Malver, the insurgent leader, has been captured. He is chief surgeon of the Batangas insurgents. A strong insurgent post has been captured near Calamba, Laguna province. A number of rifles, bolos and six typewriting machines were seized. It is believed this post formed Malver's headquarters.

### HOTEL LANDLORD ARRESTED.

Proprietor of Chicago Hostelry Did Not Provide Fire Escapes.

St. Louis, Feb. 11.—J. W. Gillham, proprietor of the Empire hotel which burned Sunday morning, was this afternoon held responsible for the death of eleven persons who lost their lives as a result of the fire. The jury says the responsibility lay in neglect to furnish fire escapes and life lines as provided for by the statutes and ordinances.

### CAVALRY CALLED OUT.

Troops Disperse Socialists Who Make Demonstration In Brussels.

Brussels, Feb. 11.—A detachment of cavalry had to be requisitioned this afternoon in order to disperse the socialists, who made a demonstration in favor of universal suffrage. All approaches to the chamber of deputies and palace were strongly held by armed guards, but the bands of socialists, bearing red flags and singing revolutionary songs, paraded the streets.

A strong body of agitators, led by the socialist's communal council, reached Prince Albert's palace shouting "Long live universal suffrage," and continued its demonstrations until a force of cavalry with drawn swords charged and routed them.

### TRAIN HITS HANDCAR.

Section Crew Thrown In All Directions and Two Killed.

Hudson, Wis., Feb. 11.—A Chicago, St. Paul, Minneapolis & Omaha freight train west bound struck a handcar on the second span of the St. Croix bridge at 8 o'clock this morning, throwing the section crew in all directions. Andrew Swanson and August Johnson, both men with families, were instantly killed. Fred Carlson and Charles Johnson received slight injuries.

### CONDOR MUST HAVE FOUNDERED.

All Hope for Missing Sloop of War Is Abandoned.

Victoria B. C., Feb. 11.—All hope for the missing sloop of war Condor, which left here Dec. 22, was abandoned with the arrival of the survey ship Egeria from a trip along the west coast of Vancouver. The Egeria found wreckage from the Condor which shows that she must have gone down or was smashed to pieces by heavy seas. The crew of the Condor numbered 130 officers and men.

## SAYS HE IS RUINED

### F. C. ANDREWS CLAIMS HE HAS NOT A PENNY.

### IS NOT ANXIOUS ABOUT HIMSELF

### DESIRE TO SAVE OTHERS INVOLVED WORRIES HIM.

Disgraced Detroit Police Commissioner Says He Can Explain All If Given An Opportunity—Amalgamated Caused Trouble.

Detroit, Feb. 11.—F. C. Andrews was interviewed this afternoon for the first time since the City bank closed. "I have not a penny. I am ruined," said he. "But I don't worry about myself. All that is on my mind now is to save the others involved in this crash."

He said he could satisfactorily explain all if given an opportunity; that he had plenty of collateral when the loans were made, and that if given a chance he could arrange matters so that everybody would get their money.

Says He Can Pay Every Cent.

His railroad concession alone, he said, was sufficient to pay every cent of the bank owes. He said his troubles began with the drop in Amalgamated and accumulated as the market went down.

"These criminal proceedings are all right," said he, "but if the fellows think they can get their money by putting me behind the bars for a year where I can get rest, I am satisfied."

"The people need not worry about the public funds which were in the bank. They will be all restored, although it will perhaps break the directors who will have to make good the deficiency."

Hearing on Appointment of Receiver.

At the hearing this afternoon on the appointment of a receiver for the City Savings bank, county officers and the board of education opposed the appointment of the Union Trust company of this city, maintaining that some of the officers of the Union Trust company were interested in the banks which hold \$862,000 worth of the overdrafts and certified checks drawn by Frank C. Andrews, the former vice president of the bank, and contended that the receiver should be entirely disinterested.

After hearing the arguments, Judge Donovan reserved his decision until tomorrow.

### RIOT CALL BRINGS POLICE.

A riot call brought a squad of police, who found Kirk lying in the snow beside the shanty. Streeter's men were firing at Porters as fast as they could work their rifles. The police surrounded the shanty and after a time the occupants surrendered and were taken to the station. When the police returned they found Streeter had barricaded the house, but after a parley he surrendered. He carried a rifle and four revolvers.

All the persons living on the "district of Lake Michigan" were arrested pending the death or recovery of Kirk.

### LAWSON BUYS RACER.

Boston Broker Purchases Stallion "Dare Devil" of Messrs. Hamlin.

Buffalo, N. Y., Feb. 11.—Thomas W. Lawson of Boston today purchased of Messrs. Hamlin their premier stallion "Dare Devil." The price paid was not announced but it is known the Hamlins had previously refused Lawson's offer of \$35,000. The insurance on "Dare Devil" to cover him in transit is \$50,000.

### EDWARD'S FIRST LEVEE.

London, Feb. 11.—King Edward's first levee since his accession to the throne was held in St. James palace at noon today and was an exceptionally brilliant function. The gathering of members of the royal family, the diplomatic corps, cabinet ministers and naval and military officers was unprecedentedly large.

### LAND MAY NOW BE SOLD.

Injunction Obtained by Munising Railway Co. Is Dissolved.

La Port, Ind., Feb. 11.—Judge Baker, of the federal court, today dissolved the injunction obtained recently by the Munising Railway company against the directors of the Lac la Belle Land company of La Porte to prevent the sale of 10,000 acres of land near Munising, Mich., by the land company to the Bavy Brothers, of Detroit, for \$212,000.

The railroad company had a contract with the Lac la Belle company for hauling the timber product off its lands while the sale annuls this contract, the new owners having a railroad of their own. Indianapolis, Chicago, Marquette, Cleveland, Detroit and La Port capitalists are interested in the deal.

### WILL LEAVE ASYLUM.

Milwaukee's City Comptroller Declared a Free Man.

Milwaukee, Feb. 11.—This afternoon Judge Carpenter quashed the proceedings against City Comptroller Wolf, who was recently committed to the county asylum, and declared him again a free man. Upon Wolf's commitment Mayor Rose appointed George H. Chase to office as comptroller. The decision of the court will have the effect of reinstating Wolf in office.

### TOLSTOI SUFFERS RELAPSE.

Alarming Advice Regarding Condition of Russian Reformer.

St. Petersburg, Feb. 11.—Count Leo Tolstoy has suffered a relapse, according to a despatch to the Associated Press from London Feb. 10, the alarming advice regarding the condition of the Russian reformer, who is in Crimea, had been received by Tolstoy's agent in England. Tolstoy is suffering from heart failure and inflammation of the lungs.

### BATTLE WITH WINCHESTERS IN CITY OF CHICAGO.

### LAKE SHORE PROPERTY THE CAUSE

### WATCHMAN FOR ONE OF CLAIMANTS DIES FROM WOUNDS.

Fight Takes Place on Most Aristocratic Boulevard of Chicago and Is Precipitated by the Notorious Captain Streeter.

Chicago, Feb. 11.—During a fight with Winchester rifles this evening between the followers of rival claimants to property lying along the Lake Shore drive, the most aristocratic boulevard in Chicago, Frank Kirk, a watchman for one of the claimants, was shot through the head, dying several hours later without regaining consciousness.

The property in dispute is the land between the Lake Shore drive and Lake Michigan. George W. Streeter claims squatter rights because the land is not within the original surveyed lines of the state. He and a number of his followers occupied the land and denied the authority of the state or city.

Streeter Opens Attack.

Tonight Henry Cooper, a lawyer active in opposing Streeter, accompanied by Policeman O'Malley, went upon the ground and was attacked by Streeter who knocked him down with the butt of a revolver. Streeter's followers cornered O'Malley with their weapons and he was ordered to leave or be shot.

Shortly after a battle broke out between Streeter's followers, William McManners, William Blocki and John Hoedtko, and two watchmen, Frank Kirk and Samuel Porters. The two latter were outside their own shanty and one of the first shots struck Kirk in the head. Porters returned the fire with a Winchester.

### Plotting in the Dark Prevented.

It was a statute, he said, aimed at secret plotting, such plotting as at one time nearly resulted in inducing in Manila, a massacre of our troops and friends.

It did not prevent, he declared, the reading of the declaration of independence in the schools of the islands or in the utterance of patriotic addresses. It prevented simply plotting in the dark.

"If we are a government worthy of the name," said Senator Platt with great vehemence, "whenever an enemy takes up arms against the United States in any district or territory where the sovereignty of the United States obtains, we will put that insurrection down. No perversion of the glories of liberty will prevent the American people from putting down a rebellion wherever it may rear its hateful head."

Senator Hoar, in closing the debate for the day, dwelt particularly upon the treason law, following much the same lines as before.

Vote on Oleo Amendments.

The voting on the amendments to the oleomargarine bill in the house today indicated a considerable change in sentiment since the last congress, when the bill had 106 majority, and that the opposition to the measure has gained strength. While the passage of the bill is not endangered it is not likely that the majority tomorrow, when the final vote will be taken, will exceed thirty.

The opposition today was strong enough in the committee of the whole to adopt two important amendments, one providing that nothing in the act should be construed to prevent the manufacture and sale of oleomargarine in any state, and the other to provide for the inspection and branding of "renovated" or process butter. The latter amendment was especially obnoxious to the friends of the measure, and when the bill was reported to the house a separate vote was demanded on it. That vote was pending when the house adjourned.

Although the amendment commanded a majority of twenty in the committee of the whole, where no record was made, it is not unlikely that the action of the committee will be reversed tomorrow when the members are obliged to go on record.

Several committee amendments adopted today changed the phraseology of the bill, the important one being that making the ten-cent tax apply to oleomargarine made in imitation of butter "of shade of yellow."

Considerable feeling was injected into the proceedings towards the close of the session.

## WARM WORDS USED

### HOAR AND PLATT MIX UP ON PHILIPPINE TARIFF BILL.

### STIRRING DEBATE IN SENATE

### CONNECTICUT MAN SPEAKS IN FAVOR OF MEASURE.

Massachusetts Senator Ridicules Elections In Islands and Refers Faciously to the Schools—Oleo Bill in the House.

Washington, Feb. 11.—A stirring debate on the general Philippine question was precipitated in the senate today, the principal participants being Senators Hoar and Platt of Connecticut and Hoar of Massachusetts. Senator Teller of Colorado had conducted for the day his argument against the enactment of the pending Philippine tariff bill.

In response to some statements he had made Senator Platt directed the senate's attention to the situation in the islands as he viewed it, maintaining that great progress was being made by the government in subduing the insurrection. He pointed out that the American army had been reduced from 70,000 to less than 40,000. He thought it strange that the American force could be reduced thus if all the Filipinos were struggling against American control.

He also invited the attention of the fact that elections for municipal officers were being held in the islands and schools were being established for the Filipino children.

Hoar Resorts to Ridicule.

Senator Hoar of Massachusetts replying, ridiculed the elections of which Senator Platt spoke, and referred facetiously to the schools in the islands, asserting that in not one of them could the declaration of independence be read and no patriotic speech delivered in safety.

Senator Hoar's remarks called forth a vigorous utterance from Senator Platt, who said his respect for the long and distinguished career of the senator from Massachusetts would prevent him from replying as he would reply to some others. He believed, he said, that the American people would regret to note the "sneers" of the senator from Massachusetts at the efforts of the government to educate the children of the Philippine islands.

Senator Hoar inquired if Senator Platt thought the Filipinos would have adopted treason enacted by the Philippine commission had it been submitted to them.

Senator Platt read the Connecticut law, which is similar to that enacted in the Philippines. The people of that state never found the law inconsistent with rights and liberties. The treason law referred to by Senator Hoar was directed against the formation of secret societies, the purpose of which, in whole or in part, was the promotion of the sedition rebellion and treason.

Representative Babcock of Wisconsin thinks the Steel Corporation has been making too much money this year and wants congress to aid him getting a bill through to reduce its profits.

The export record for the calendar year 1901 shows an apparent falling off of about \$12,000,000 as compared with the figures of 1900.

It would take a fair-sized war to cost the country as much as wicked manipulation of the stock market has cost a part of its people during the past twelve months.

That there are a good many implacable yet to be found in the south appears from what happened at the annual meeting of the Georgia society, Sons of the Revolution, held at Savannah, Ga., one night during last week.

The examination of Hugh A. Matheson on a charge of murder in having caused the death of Peter Stone, was concluded at the Soo last Saturday.

The busiest place these days at Stephenson is the cedar yard. There is a continuous string of teams going and coming all day and a large crew of men is kept busy unloading and sorting the thousands of poles brought in.

Not many years ago Frederick Schultz, now well along in years, was in comfortable circumstances in Detroit.

August Kunich, a farmer on the Bay shore road, near Menominee, has lost a number of pigs lately from the ravages of a large bear.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable.

For cleansing the blood the best medicine money can buy is Hood's Sarsaparilla.

It makes the blood rich and pure, cures scrofula and salt rheum, gives a clear, healthy complexion, good appetite, sweet sleep, sound health.

It is a harrowing case of amputation over-reaching itself, brought to a culmination by the ruinous course of the copper market through the work of a gang of scoundrels who have practiced with consummate shrewdness on both the greed and gullibility of the public.

BUCKLEN'S ARNICA SALVE Has world-wide fame for marvelous cures. It surpasses any other salve, lotion, ointment or balm for Cuts, Corns, Burns, Boils, Sores, Felons, Ulcers, Tetters, Salt Rheum, Fever Sores, Chapped Hands, Skin Eruptions, Infallible for Piles. Cure guaranteed. Only 25c at Stafford's.

Upper Peninsula.

Notice has been given to the Republican electors of Munising that a Republican caucus will be held at the opera house on Wednesday, Feb. 26.

The new eating house of the Milwaukee road at Channing, which has been building since last fall, is completed and will be opened this week by Mrs. W. M. White of Green Bay.

The Buckley Fish company of Cleveland has closed a deal for 250 feet of dock frontage at Menominee, buying it from the Menominee River Lumber company.

Early the other morning as a Bessemer man was passing the C. & N. W. depot he noticed a light in the ladies' waiting room and upon looking through the window discovered that the floor around the stove was burning and the stove had fallen partly over one side.

Sheriff John Stiles of Menominee county has left for Mexico, where he expects to get Archie V. Freeman, who should have appeared at this term of the circuit court for forgery and embezzlement, but who jumped his bond of \$5,500.

The examination of Hugh A. Matheson on a charge of murder in having caused the death of Peter Stone, was concluded at the Soo last Saturday.

THE MEN AT THE HEAD OF THE AMALGAMATED COPPER COMPANY have several suicides and many ruined lives to answer for. But they have reaped princely profits where their victims have harvested abundantly of disaster and woe.

Several of the men who are employed at a certain Alger county mill say they would give half a month's wages to be brought into contact for five minutes time with a fellow who was until recently employed as night watchman at the mill.

While employed in one of Stickney & Johnson's lumbering camps near Hay Meadow creek, Joseph Nadout, whose home is in Garden township, Delta county, sustained injuries from which he may not recover.

On Monday morning of last week El Precour of Munising went to Winsor's camp, near Chatham to work. Tuesday afternoon he was brought back to town with his left hand so badly crushed that it was necessary to remove the last three fingers.

When Thomas Bye of the Soo arose the other morning he found a man asleep on the floor in his sitting room. The man was an uninvited guest and Mr. Bye called up the police.

Mrs. Albert Hibben of the Soo the other day purchased an order of potatoes for use as an article of diet and she was preparing a few of them to grace dinner when an incident arose which led her to believe that she would send them in to the mint and have them coined.

ADVANCE ANNOUNCEMENT

THE PUBLISHERS OF THE MINING JOURNAL

Will within a few days offer a new lot of CASH PRIZES in a

NEW PUZZLE CONTEST.

THE PRIZES WILL BE

FREE TO SUBSCRIBERS

to The Mining Journal. The amount of money will be several times larger than that given in last summer's contest, and the number of prizes greater. The scope of the distribution will be as broad as the publishers can make it.

Watch for Future Announcements.

This prize contest will be entered into with the object of bringing about a still closer affiliation between the publishers of this paper and its subscribers, at the same time distributing to the winners very acceptable cash prizes.

### RIGHT OF WAY OVER BRIDGE.

Mineral and Copper Range Roads and County Come to an Agreement.

The agreement between the Mineral Range and Copper Range railroad companies and the bridge committee, representing Houghton county, in regard to the granting of a right of way by the county to the railroad companies in question over the county bridge from Houghton to Hancock was read by Attorney Allan F. Rees at the meeting of the county board yesterday morning. The terms of the agreement are very satisfactory to the county. The final contract is the result of several meetings between the bridge committee members and the representatives of the railroad companies.

It will be remembered that the Copper Range road applied to the county board last fall for permission to cross the county bridge in order to get to Calumet with the extension it intends building next summer. At that time the Mineral Range company disputed the right of the county to follow the Copper Range company across the bridge, claiming that it virtually had a perpetual right of way over the draw span. The county then was not sure whether it owned the draw or not but thought it did. At any rate the supervisors could not see their way to agree with the Mineral Range company in its claim, hence, after considerable parley, the board decided to assert the county's right and allow the Copper Range a right of way, as it did not propose to favor one road more than another. It was then decided that the three parties should draw up an agreement relating to the same.

By the terms of the final contract all other contracts and understandings that may have existed between the county and the Mineral Range company are annulled. The Mineral Range gives up any claim to the county right of way across the draw that it asserted by virtue of any previous contract or understanding; and the county will not be held responsible for any risk occasioned in which the railroad companies are at fault. The two latter clauses in the contract are the most important. Again, any other railroad company should want a right of way across the draw it may be granted the same privileges held by the Mineral Range or Copper Range. If at any time a new draw is to be built provision is made in the contract that it shall be paid for in proportion by the three parties concerned according to their agreement between the three under approval of the war department.

The price to be paid the county by the railroad companies for the right of way across the bridge is fixed at \$500 per year, dating from May 1, 1902, until such time as a new draw shall be built, when the remuneration shall be re-fixed. It is agreed that the railroad companies shall not interfere with each other's operations across the bridge and that each will bear its own expense in the same. The railroads must keep the lower portion of the span in good repair and in case of damage to vessels passing through the draw caused by the operation of the draw the companies must make the damage good. In case that the draw is injured by vessels, however, the railroad companies in some cases can claim damages.

### FOUR HANCOCK WEDDINGS.

Marriage Ceremonies Are Performed at St. Patrick's at Joseph's Churches.

There were four weddings in Hancock yesterday morning, three at St. Patrick's church and one at St. Joseph's. At 7 o'clock Michael Crowley and Miss Teresa Clifford, both of Hancock, were united in marriage by the assistant rector of St. Patrick's church, Rev. Father Kennedy. Daniel Crowley, a brother of the groom, was best man, and a sister of the bride was the bridesmaid. Mr. and Mrs. Crowley will reside at West Hancock.

At 8 o'clock a double wedding was celebrated at St. Patrick's. William Penegar and Miss Emma Gugin, both of Ripley, and John Hanley and Miss Anna Leary, both of Mesnard, were married. Rev. Father Atfield officiated. Receptions were given each couple at the homes of the brides' parents last evening.

At St. Joseph's church Peter Ney and Miss Louise Good, both of Hancock, were married. Rev. Father Geers performing the ceremony.

### MONEY FOR EXPENSES.

Prosecuting Attorney Oscar J. Larson was yesterday allowed \$700 by the county board over and above salary for court expenses incurred during the past year. The board usually allows \$500 each year for the attorney's expenses but Mr. Larson had much extra work last year and his expense account was larger. The salary of the prosecuting attorney is \$2,000 a year.

### WHITE AND RED

Pale blood—pale face—poor health; Scott's Emulsion—red blood—rosy face—good health; that's the order of events.

Our first lines give a condensed history of many cases, chiefly young girls at school. For some reason girls of that age are frequent sufferers from pale blood—a real blood starvation.

Scott's Emulsion, a clean, white medicine, makes rich, red blood and rosy faces. It is blood food.

Will send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York

### DAY BEFORE COUNTY BOARD.

Crystal Falls Lumberman Charged With Trespassing on County Lands.

Carl A. Day, the Crystal Falls lumberman who is charged with trespassing on lands owned by this county in Iron county, cutting a tract of pine timber therefrom and running the logs into the Michikan river, a branch of the Michigan, was present at the meeting of the county board of supervisors yesterday morning when his case came up for settlement. The trespass was settled entirely to the satisfaction of the board, but not perhaps to Mr. Day. That gentleman was invited to explain why the logs were cut without permission. He stated that while in Wisconsin he was informed by his foreman that he had located the timber in question and asked to look up the owners. Mr. Day set about to do this immediately, but in the meantime the logs were cut by his foreman. Mr. Day stated that he had considerable difficulty in getting any word from the county officials for some time. He was notified the timber had already been cut. He was then asked to present his own case in person to the county supervisors.

The report of John A. Cameron, the county land looker, as to the amount of timber cut and the value of the same was read and the board estimated that he had estimated the cut to be 100,000 feet and placed a value on it. His bill for expenses in making the trip to Crystal Falls amounted to \$56.75. The board decided that a bill should be presented to Mr. Day for the timber based on Mr. Cameron's figures and in question his bill of expense. The county demands payment within twenty days. Mr. Day claims that the timber cut is dead and that it is practically worthless for lumber and fit only for shingles. He has a small shingle mill at Mansfield. He also claims that he cannot get Mr. Cameron's price for the timber.

The supervisors consider that their demands upon Mr. Day are not unreasonable when it is considered that three times the value of the timber standing could be collected as is provided by law in case of trespass.

### SIX HOMELESS ORPHANS.

County Agent Miller Takes Spiegel Children to Coldwater.

A pitiful case required the attention of County Land Agent W. F. Miller yesterday morning. It was that of attending to the committal of six orphans from the Atlantic location, aged all the way from one to twelve years, at the Orphans' school at Coldwater. The children are Jacob Spiegel, aged 12; Rosa, aged 10; Emma, aged 8; William, aged 5; Henry, aged 4; and Lena, aged 3. The father, John Spiegel, died on Dec. 14 last and the mother about three weeks later. Since that time the children, who were left with almost nothing, have been in the care of Mrs. Paul Messner at the Atlantic. The children were taken to Coldwater yesterday afternoon by Mr. Miller and wife.

### COPPERDOM SPORTING NOTES.

Indoor Ball, Hockey and Bowling Continue to Be Popular.

The hockey game between the Houghton and Hancock teams at the Palace ice rink, Hancock, Monday evening, showed up the strength of the forward line and defense of the Portage Lake team to good advantage. Hancock practically had the regular team's forward line while Houghton had its defense. The score at the end of the first half was 3 to 0 in favor of Hancock but in the second half Gibson, by brilliant individual work, scored four goals, while the "ferocious Turk" got the other one somehow. Howell, as point for Houghton, broke up the aggressiveness of Hancock forwards every time they came his way and played a fine game throughout. The playing of Washburn at goal for Hancock was up to his old standard. He stopped many shots that looked like sure goal winners. Wilson, Rowe and Potter for Hancock put up a great game while Meinke, Gibson and Wood were the stars for Houghton.

Nilson, the champion speed skater of the world, will visit Copperdom early next month and will likely be seen at the Hancock rink at the Mammoth rink at Lake Linden. Nilson is giving exhibitions in different parts of the country and is heading this way. His coming will be awaited with interest.

Calumet and Houghton indoor baseball teams are gradually getting over their differences and will soon arrange a series of games for several months yet. Money was also lost in the copper market not long ago, during the first part of the slump. Again some business men say that February is a dull month and that this time of the year business is always slack, but the majority blame the "coppers" for the slump.

A well known druggist, who as a rule does a big business, said yesterday that more people are doing a cash business now and that only those things are selling that are an absolute necessity. He said it was no use to send out bills or try to collect any money personally as his customers frankly admit that they haven't the money.

A saloonkeeper who also has an extensive business as a rule says that his receipts during the month of January were \$10 less than they were a year ago in that month, and that business at present is dull with him.

Most of those who ventured an opinion yesterday were sanguine in the belief that the present dullness will not last any length of time and that it is nothing more than temporary.

### MONSTER COAL DOCKS.

Van Orden Bros., of Houghton, Building Largest on Portage Lake.

Van Orden Bros., of Houghton, the owners of the new lime kiln plant south of the Copper Range railroad yards on the edge of Portage Lake, West Houghton, now have the best docks on the lake as far as deep water is concerned. The depth of water at that point is twenty feet, ample enough for any loaded vessel to approach. The Van Ordens followed the right course, it is believed, when they accepted the present site for the Copper Range company in exchange for the old one, which was needed by the railroad people for their approach to the county bridge in order to get across to the Hancock side and then on to Calumet.

In another month the machinery for the lime kilns will begin to arrive but it was said yesterday that it will be six months before extensive operations will be commenced. The plant will be operated by electric motors. Boilers and steam will be done away with for the reason that it is not the intention to operate the plant steadily. There will be a motor to unload stone from vessels; also one to hoist the wood to the kilns and one to run the conveyor machinery, in which department all the barrels for the shipment of lime will be made. The company has plenty of warehouse room to store its lime stone, which is brought in during the season of navigation from lower ports, and lime.

A large coal warehouse or dock is now being erected at the plant. Its dimensions are 165 by 75 feet. Its capacity will be 12,000 tons of hard coal. A modern hoisting plant will be installed to unload vessels and cars will take the coal as it is hoisted to the various pockets where the fuel will be dumped automatically. By the arrangement 120 tons an hour will be the unloading capacity or 1,200 tons in ten hours. It will be the largest and best coal dock on Portage Lake, even eclipsing the new Copper Range docks which were built last summer and which have about half the capacity that the new Van Orden docks will have.

It is the intention of the firm to get after the wholesale coal business in this part of the country next season. One of the firm members informed The Mining Journal yesterday that he believed they could handle coal as cheaply as it can be handled at Duluth, as the vessel facilities and freight rates on railroads here are about the same. Railroad business in the coal line especially will be catered to and but little attention will be paid to the retailing of coal.

Van Orden claim that they can handle coal here cheaper than most other dealers and they are willing to try the experiment to such an extent that a whole lot of money is being expended in building one of the most up-to-date plants possible. Their business will reach as far as Crystal Falls and Mesnard, near range points and into the Marquette iron range country as well. The Van Ordens have excellent railroad facilities. They are located alongside the Copper Range road which has easy access to other points by connection with the St. Paul and Duluth, S. S. & A. roads. When the Copper Range reaches Calumet, perhaps via Lake Linden, it will be a boon to the firm as coal can then be taken from the docks without transfer to the copper metropolis and to the village of the mills. Both the coal and lime stone business will be carried on on a large scale and the field for it is a good one.

### COPERS CAUSE HARD TIMES.

Merchants in the Copper Country Feel the Lack of Money.

Not for several years has business been as dull in Copperdom as it is at present. Nearly every business man interviewed on that subject complains of existing conditions and each gives about the same reasons for their cause. Before and up to the holidays business was brisk but it did not compare with other years. Since the first of the year a gradual decrease in patronage along almost every line of business has been noticed. Some lines are not affected nearly so much as proportion to others, but this may be easily accounted for. The grocers and meat men are enjoying nearly as good a trade as heretofore but it is noticeable that there is a falling off in the sale of certain delicacies that are only purchased when times are good.

A decided falling off in business since the first of January has been felt by druggists, dry goods and clothing merchants, furniture dealers, saloon keepers and shoe men. The cause of the business depression is undoubtedly "coppers" in which a great deal of money in this county is now tied up and perhaps will remain for several months yet. Money was also lost in the copper market not long ago, during the first part of the slump. Again some business men say that February is a dull month and that this time of the year business is always slack, but the majority blame the "coppers" for the slump.

A well known druggist, who as a rule does a big business, said yesterday that more people are doing a cash business now and that only those things are selling that are an absolute necessity. He said it was no use to send out bills or try to collect any money personally as his customers frankly admit that they haven't the money.

A saloonkeeper who also has an extensive business as a rule says that his receipts during the month of January were \$10 less than they were a year ago in that month, and that business at present is dull with him.

Most of those who ventured an opinion yesterday were sanguine in the belief that the present dullness will not last any length of time and that it is nothing more than temporary.

### FIRE DAMAGE SLIGHT.

It is estimated that about \$200 will cover the loss by fire, smoke and water done to the basement of the Jacka block on Fifth street, Calumet, as the result of a small blaze there Sunday afternoon. The first story of the structure is occupied by C. L. Fichtel, the druggist, and Jeweler J. J. Ellis.

Peter Harrower, an eccentric Lake Linden character, died at the Lake Superior general hospital Sunday evening at the age of seventy years. He resided in the Torch Lake district and was nearly thirty years. He was unmarried and his only known relative is a nephew in Cleveland.

### DOES NOT SHOW UP WELL.

Prospects at the Wyandot Mine Are Not Very Bright at Present.

Work at the Wyandot has now reached a point when it will soon be known whether the property will prove of worth. Two diamond drills are employed at present. The ground has been fully covered but nothing has yet been found to warrant opening a well-paying mine. Copper is there all right but only in small bunches and not of average richness. The management met its disappointment some time ago. The Mining Journal was yesterday informed, and the present prospects are not very bright. The stock rose a trifle Monday, but it was not owing to any rich strike as was the common report on the streets. The company has plenty of money in the treasury and property that can readily be turned into assets.

### At the Trumountain.

The officials of the Trumountain Copper Mining company have as yet received no official report as to the mineral returns on the rock now being treated. All the stories current that the rock is running above two per cent mineral have been simply guesses. The head of stamps at the Arcadian mill is now treating about 400 tons of rock daily, and with some new interruptions it has been doing this regularly since early in January. The mineral has gone directly to the smelter and it is not expected by the officials that the smelter will make any returns until after it has handled at least thirty days' shipments. It is even doubted whether the smelter has treated any of the mineral as yet, and in any event the local office does not expect to get official figures for several days at least. Officials at the mine assert that the rock will yield a larger percentage than was originally expected, and Captain Chynoweth has from the start told the management that it could consider itself fortunate if it had in Trumountain a one and one-quarter per cent ingot proposition. With the large amount of the mass and burl copper now being sent to the smelter in connection with the mineral, it is very likely that the returns will be two per cent or something better, but the local officials do not look to see it run as high as some of the Lake enthusiasts have figured it.—Boston News Bureau.

### FINNISH POETRY AND PROSE.

Three Calumet Finnish editors have been devoting their spare time in making collections of the best poetry and prose in their own language and as a result each will soon issue a book containing these. Alexander Halonen, formerly of the "American Outlook," has a collection of seventy-five short poems which he will call "The Wanderer's Way." The book will be the third of its kind by a Finnish author in America. Eeuta Aalto, editor of "Paivaltii," also has a book of poems called "At Strange Gates." Kaapo Muroso, also of "Paivaltii," is writing a collection of short stories in prose called, "From Finland to the Westerland."

### ENTERTAINMENT IN CHURCH.

The ladies of the Atlantic M. E. church will give an entertainment in the church parlors on the evening of Feb. 22, and extensive preparations are being made for it. A recital will be given by William Traves, a monologist, humorist and impersonator. His selections will be presented in costume. Mr. Traves has distinguished himself as an entertainer under the auspices of leading entertainment bureaus. Among his selections will be "King Robert of Sicily," "The Chariot Race from Ben Hur," and "The Outcast." He will also give an impersonation of Sir Henry Irving in the "Bells."

### DIES AFTER A LONG ILLNESS.

Mrs. Mary A. Schmalzried of Hancock died at 3:30 o'clock Monday afternoon after a long illness from a complication of diseases. She was thirty-six years of age. She was operated upon at Calumet several months ago for cancer and later spent some time in a Chicago hospital. She leaves a husband, Ernest Schmalzried, and five children, ranging in age from two to ten years. The funeral will be held this morning from St. Patrick's church.

### FUNERAL OF MRS. BUTLER.

The funeral of Mrs. Mary Butler, of Lake Linden, who died suddenly at the home of her daughter, Mrs. John Nancarrow, Sunday evening shortly after returning from services in the Methodist church, will be held this afternoon at 2 o'clock from the M. E. church. She was seventy-eight years of age and a widow. She is survived by her daughter and a son, Richard Butler of Osceola. She was a resident of Lake Linden for fourteen years.

### SALOON MEN WILL FIGHT.

The case against E. J. Dunn, of Dunn Bros., Calumet, charged with keeping his saloon open on Sunday, was adjourned in Judge Curtis' court Monday morning until next Wednesday morning. At that time the charges against the other two saloonkeepers arrested on the same charge will also be taken up. In court Monday several witnesses were examined and testimony asked.

### TRAPPED A WILD CAT.

Frank Tracey, a trapper of Laird township, brought a fine specimen of a wildcat that he trapped on the Sturgeon river in Section 7 to Houghton yesterday. He received a bounty of \$4 for his prize. Mr. Tracey said that wild cats and lynx are numerous in that district and that he has succeeded in trapping three cats so far this winter.

Abundant Health is assured when there is good blood in the veins. Hood's Sarsaparilla is the medicine to make good blood. Begin taking it now. It is just what the system needs at this time and will do you great good. Sharpens the appetite, steadies the nerves.

## We Invite Your Attention

## I. E. SWIFT CO., HOUGHTON, MICH.

### Shelf and Heavy Hardware AND MINING SUPPLIES.

We carry the only complete stock in the Upper Peninsula, bought direct from the manufacturers. Trade with us and save the small dealers extra cost in buying from second hands.

## RAND DRILL PARTS IN STOCK.

COPPERDOM BREVITIES.

George Harris, a Copper Range passenger conductor, is ill.

R. G. Lee of Houghton has returned from a vacation trip below.

A regular meeting of the Houghton fire company was held last evening.

Company G, Houghton Light Infantry, held a regular drill last evening.

The reception by the Women's Library association of Houghton will not be given until Saturday evening.

Sheriff Wills will take Peter Kollander, sentenced to one year in the branch prison, to Marquette today.

The county board had a long session yesterday and did not finish its business until late in the afternoon.

Miss Fern Marsell of Hancock left yesterday for Ann Arbor, where she will take up a musical course at the university.

Rev. A. Leeson, of the Laurium M. E. church, will conduct the revival services at the Houghton Methodist church tonight.

Edward Beck, aged twenty-five, an employee of the Calumet & Hecla Mining company, died of typhoid fever Monday afternoon.

Maurice Kelley is representing the Red Jacket lodge, A. O. U. W., at the session of the grand lodge now being held in Battle Creek.

Local ice dealers will commence their harvest of ice on Portage Lake next Monday. The ice is now from eighteen to twenty inches thick.

Circuit court will likely adjourn for the term tomorrow. Chancery cases again occupied the attention of the court yesterday and will today.

Mr. and Mrs. W. F. Miller and son Harrison of Houghton left yesterday afternoon for Chicago, where an operation will be performed upon the boy.

Sheriff Wills raided two disorderly Hancock houses on Monday and arrested six or seven inmates. They will be arraigned and fined the usual amount in such cases.

The Lake Linden band is preparing a special program for the skating party to be given by the Lake Linden fire department at the Mammoth ice rink on the evening of Feb. 17.

The Hodgson building, which was started on Sheldon street, Houghton, last fall, will likely be erected in the spring. McCurdy Bros. have the contract for the masonry work.

Eugene Murphy, a Hancock traveling man, was taken sick at Gladstone Sunday and his wife was sent for Monday. Yesterday Dr. W. H. Dodge of Hancock was called to Mr. Murphy's bedside.

Mrs. Richard Barkell of Ravine street, Hancock, entertained a number of friends at a skating party at the Hancock ice rink Monday afternoon. Luncheon was served later at the Barkell home.

The Emerald club entertained 160 guests at its party at Kautz's hall, Hancock, Monday evening. Progressive pedro and dancing were the features. The Twin City Mandolin orchestra furnished the music.

For assaulting Fred Robarge of Lake Linden in a saloon at that place about a week ago Leo Sicord was obliged to pay him \$45 to cover Robarge's expenses during the week required to recover from the trouncing.

A practical line of work is being followed out in the commercial department of the Houghton high school. A brokerage office and bank have been established and the workings of each are practically demonstrated.

The trip to be taken by the Michigan College of Mines Glee club this year will be short. It will include several of the iron country towns and perhaps the head of the lakes. The boys expect to make the tour in April as usual.

As today is Ash Wednesday, the beginning of Lent, there will be no skating at the Palace ice rink, Hancock, this afternoon or evening. The Quinby band will be in attendance at the rink tomorrow evening instead of this evening.

During Lent services will be held Wednesday and Friday evening at the St. Joseph's church, Hancock. At St. Patrick's church, Hancock, mass will be celebrated at 8 o'clock every morning during Lent instead of at 7:30 as usual.

The carpenters, painters and decorators have finished their work on the interior of the second and third stories of the Hancock National bank which was remodelled last fall. The office rooms are now very inviting and desirable.

Peter Kolannder, who pleaded guilty to the charge of larceny in this term of circuit court, was sentenced to one year in the Marquette branch prison by Judge Streeter Monday. Frank Allison, who aided a prisoner in escaping, was let off on suspended sentence.

A laboratory and an assay office is the latest addition to the Mass mill. William McCurdy of Houghton is in charge of the office. Good results are being obtained from the department. The mill is being supplied with 500 tons of rock per day now from the mine and the one head is doing fine work.

The work of remodeling the Houghton National bank building will soon commence. D. Fred Charlton drew the plans for the proposed changes. When completed the bank will have greatly enlarged and handsome quarters, second to none in the copper country. The bank will occupy the offices now held by the Van Orden insurance agency.

HAD TO CONQUER OR DIE.

"I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C. "I had Consumption so bad that the best doctors said I could not live more than a month, but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and am now stout and well." It's an unrivaled life-saver in Consumption, Pneumonia, La Grippe and Bronchitis; infallible for bottles \$2 and \$1.00. Trial bottles free at Stafford

TEDDY JR. BETTER

CONDITION OF PRESIDENT'S SON SOMEWHAT IMPROVED.

CRISIS MAY COME TODAY

ROOSEVELT AND WIFE ARE GREATLY BELIEVED.

Believe Son Will Meet Crisis In Good Shape and Passing It Successfully Will Then Recover.

Graton, Mass., Feb. 11.—Reports today from the sick room of Theodore Roosevelt, Jr., tended to show improvement and at 8 o'clock tonight his condition was authoritatively stated to be better than it was at the same time last night.

DATE OF SAILING

Several Important Revisions Made In Playing Rules.

Buffalo, N. Y., Feb. 11.—The baseball associations have completed the work of revising the playing rules. The following is the text of Sections 3 and 4, Rule 44, defining a strike, as finally adopted.

Section 3.—A foul hit ball, not caught on the fly, unless two strikes have been already called, which falls or settles on foul ground inside or on the line of territory described by lines drawn from first and third bases at right angles with an imaginary line from home to second, and extending from each side to the limit of the playing field.

Section 4.—Any intention or effort to hit a ball to foul ground outside of the lines of territory described by the lines drawn from first and third bases at right angles with an imaginary line from home to second base, and extending on each side to the limit of the playing field.

To Section 4 was added rule 47 as follows: "If, while he is a batsman, without making any attempt to strike at a ball, his person or clothing be hit with a ball from the pitcher, unless in the opinion of the umpire he plainly avoids making an effort to get out of the way of the ball from the pitcher and thereby permits himself to be so hit."

The change in Rule 47, adopted last night, it was found, would prevent a catcher from going for foul balls, and consequently the words "and at all times during the game," at the end of the section, were ordered stricken out.

Section 2, Rule 32, was also corrected so that it now reads: "The umpire shall call a ball on a pitcher each time he delivers the ball to the batsman in position for a longer period than twenty seconds, excepting that in the case of the first batsman in each inning the pitcher may occupy not more than one minute in delivering not to exceed five balls to the batsman."

BURNS TO WATER'S EDGE.

New York, Feb. 11.—The schooner which was burned to the water's edge off a point north of Cape May last night was the Mary Graham, bound from Norfolk to New York. The crew is safe, having reached here late this afternoon. They were picked up by the schooner J. C. Clifford.

FATAL RESULT OF QUARREL.

Bloomington, Ill., Feb. 11.—Bill Williams was shot and instantly killed tonight by Ules Brennan. Both are colored and had been quarreling. The murdered fled. The shooting is the climax of a series of sensational shooting affairs between members of the colored population during the past few months.

I Coughed

It's the experience of every one. Sooner or later we all take cold. Colds naturally tend downward, that's the trouble. Ayer's Cherry Pectoral stops this downward tendency and quickly cures these early colds. Ask your doctor. If he says this isn't so, don't believe us.

LOOTED A BANK.

Burglars Blow Open Safe In Illinois Town and Secure \$3,000.

PRACTICE OF POLYGAMY.

Ministerial Alliance Adopts Report of Investigating Committee.

Salt Lake, Feb. 11.—The ministerial alliance today unanimously adopted the report of the committee appointed to investigate the alleged practice of teaching polygamy by Mormons. The report sets forth what it alleges as positive that evidence can be produced that polygamy is both practiced and taught by Mormons.

DATE OF SAILING

PRINCE HENRY WILL LEAVE FOR UNITED STATES SATURDAY.

FAREWELL DINNER BY EMPEROR

KAISER'S BROTHER LEAVES BERLIN FOR KIEL.

Is Kept Informed of the Condition of the President's Son, Which May Affect His Arrangements to Some Extent.

Berlin, Feb. 11.—Prince Henry will sail for the United States on Saturday as arranged. Should the president's son's illness prove fatal the visit of the prince, however, will be deferred if the president so desires.

At a farewell dinner tonight by Emperor William to Prince Henry, Andrew D. White, the American ambassador, occupied a seat on the right of his majesty, while Chancellor Von Buelow sat at the emperor's left.

During the dinner the emperor was chatty, jolly and interesting, and English was the only language used. Ambassador White thanked the emperor a cable from Secretary Hay saying the son of the president was better.

After the dinner Emperor William, Mr. White and others accompanied the prince to the station, the train leaving for Kiel a few minutes after midnight.

Prince Henry kept informed of the president's son. He expressed his sorrow for the boy's illness and hoped he would recover. The prince's first impulse was to postpone his trip or give it up altogether. He was advised, however, not to make this decision, but to bear in mind that his visit was not a personal one to President Roosevelt but to the United States; and that while the fatal ending of young Roosevelt's illness would limit the president's part in the hospitalities to strictly official basis, the remainder of the program might be carried out.

TODAY'S WEATHER.

Washington, Feb. 11.—The following is the weather bureau's forecast for Upper Michigan: Fair Wednesday, except snow near Lake Superior; cold days Wednesday night in west portion; Thursday fair and cold; fresh west to northwest winds.

BIG TIMBER DEAL.

Milwaukee, Feb. 11.—The Wisconsin Lumber & Bark Co. of Grand Rapids, Mich., has purchased 25,000 acres of hard wood timber near Eagle River, Wis., for \$200,000. A large furniture factory will be erected here.

LIPTON TO GO TO CHICAGO.

London, Feb. 11.—Sir Thomas Lipton will accept the committee's invitation to be present at the Olympian games in Chicago in 1904, and if possible will bring the new America's cup challenger to sail on the lakes.

SAMPSON'S SISTER DEAD.

Detroit, Feb. 11.—Mrs. L. E. Ellis, wife of Dr. L. E. Ellis of this city, and a sister of Rear Admiral Sampson, died at her home here late tonight.

"I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this Remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by The Stafford Drug Co.

TALKS FOR PANAMA

GEN. REYS MAKES STRONG ARGUMENT IN FAVOR OF ROUTE.

COLOMBIA IS READY TO ASSIST

WILL DUPLICATE ANY CONCESSIONS NICARAGUA WILL MAKE.

If Latter Route Is Chosen European Powers Will Be Interested In Panama Venture, Which Will Surely Go Through.

Monterey, Mex., Feb. 11.—General Reys, the Colombian delegate to the Pan-American congress said today: "Colombia stands ready to duplicate any concessions Nicaragua is willing to make. There need be no question about the title of the Panama waterway. The United States can have it with a guaranteed title. Colombia is willing to give the United States full control of the territory through which the canal passes. It wants the canal built and in the event the Panama route is chosen the Nicaragua route Colombia will take steps to interest the European powers in the completion of the Panama canal."

The Panama canal can be completed in four years. It would take at least eight years to build the Nicaragua waterway. Reports stating that the territory of the Panama canal is dead-end to workmen are false. The climate is more healthful than Nicaragua. There is every reason why the United States should decide on the Colombian waterway, but regardless of what action that country takes the Panama canal will be built. With the United States and the European powers will take hold and the Colombian government will certainly give them all the assistance possible."

ARMY RULES ARE UPSET.

Federal Judge Makes Order That Will Release 200 Prisoners.

St. Louis, Feb. 11.—Judge Walter S. Sanborn of the United States court of appeals has rendered a decision that upsets established precedents of the United States army and nullifies the work of the president and the secretary of war. Incidentally his order will set at liberty nearly 200 men now confined in federal penitentiaries.

The decision was rendered in the case of Peter C. Deming, a former captain of United States volunteers, against Robert W. McClaughey, warden of the federal penitentiary at Fort Leavenworth. Deming is charged with the murder of a regular army officer conveyed by General W. R. Shafter on March 29, 1900.

The opinion of the circuit court, written by Judge Sanborn, is that the court-martial which sentenced Deming acted in violation of Article 77 of the articles of war, which provides that officers of a court-martial composed of nine regular army officers conveyed by General W. R. Shafter on March 29, 1900.

The essential question, as stated in Judge Sanborn's opinion, is whether the volunteer army is the same as the regular army, or whether it is one of the "other forces" mentioned in Article 77. The opinion establishes the fact that the volunteer army is at all times distinct from the regular army, and Deming will be released from the Fort Leavenworth penitentiary within sixty days.

All other former members of the volunteer army who are confined in federal prisons on sentences inflicted by court-martial of regular officers will also be liberated as the result of today's decision, it is stated. E. A. Rozler, United States district attorney, estimates the number of such cases at 200.

Deming was a captain in the subsistence department of the volunteer army. He was commissioned under the act of 1899, providing for the enlistment of soldiers for the Philippine war. The charge against him related to his accounts. The court-martial, composed of nine officers of the regular army, dismissed Deming from the service and sentenced him to three years in the penitentiary. This sentence was affirmed by the secretary of war and approved by the president.

The case was first brought in the United States circuit court for the district of Kansas, and was decided against Deming, who then appealed to the circuit court of appeals in St. Louis.

In June, 1898, Judge Advocate General Lieber decided that regular army officers might try volunteers under the act of 1898, providing for the enlistment of soldiers for the Philippine war. Under this ruling many cases were tried and sentences imposed. The Deming case was the first in which an appeal was taken.

In his opinion Judge Sanborn says that General Shafter was prohibited by the law of the United States from constituting the Deming court-martial of regular army officers, and that the action of such a tribunal is void.

VALUABLE RESIDENCE BURNS.

Fort Wayne, Ind., Feb. 11.—Brookside, the handsome country home of John H. Bass, at the head of the Bass estate, which foundations, was totally destroyed by fire early today. The loss is \$170,000, insurance \$110,000.

WORKING OVERTIME.

Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, biliousness, constipation, Sick Headache and all Stomach, Liver and Bowel troubles. Easy, pleasant, safe, sure. Only 25c at Stafford's drug store.

WALL STREET STOCKS.

Market Shows Further Expansion In Dealings and Irregularities Continue.

New York, Feb. 11.—Today's stock market showed a further expansion in dealings and the great irregularity of the market in the selling side was rather better represented than yesterday, but many important stocks took up advance at new points. The disposition to take profits was very natural on the eve of a holiday. There was obviously some misgiving, also, among the speculative buyers lest the expectations of coming deals would not be realized.

The recent sanguine expectations of the benefits to accrue to the express companies from some sort of consolidation suffered some eclipse, as was shown by a sharp drop of 7 1/2 in United States Express, although the stock finally rallied 4 1/2. American Express, after rising nearly five points, lost it again.

The speculative assumption that last week's huge loan expansion represented syndicate preparations for deals was subjected to careful scrutiny today, and the opinion was developed that financial operations already known might abundantly account for the increase in credits.

The cause of the strength in Iowa Central stocks and Minneapolis and St. Louis stocks was supposed to be the competition for control between the Illinois Central and Rock Island.

The industrials as a rule, outside of the steel stocks and some gas stocks, were inclined to heaviness. Amalgamated Copper showed a good recovery but closed with a net loss. The closing of the market was active and irregular.

Closing prices of stocks are reported by Paine, Webber & Co. as follows: Union Pac. 48 1/2, N.Y. Central 165 1/2, Southern Ry. 121 1/2, Mo. Pacific 104 1/2, Alton 137 1/2, Manhattan 137 1/2, Saginaw 121 1/2, Southern Pac. 97 1/2, Rock Island 102 1/2, Reading 83 1/2, St. Paul 104 1/2, Great Northern 104 1/2, B. & O. 105 1/2, P. & N.E. 86 1/2, P. & M. 105 1/2, O. & W. 34 1/2, G. V. 29 1/2, Illinois Central 122 1/2, Pennsylvania 154 1/2, Northern Ry. 114 1/2, U.S. Steel 44 1/2, Car Foundry 20 1/2, P. & W. 44 1/2, Republic Steel 40 1/2, Peoples Gas 10 1/2, M. & K. T. 40 1/2, Atchafalaya 28 1/2, Western Union 9 1/2, Northern Pac. 103 1/2, Smelter 22 1/2, Pfd 10 1/2.

Range of Money Rates.

Money on call, steady, at 2 1/2 to 2 3/4 per cent. Prime mercantile paper, at 4 1/2 to 4 3/4 per cent. Exchange steady, with active business in bankers' bills at 4 1/2 to 4 3/4 per cent. Demand and at 4 1/2 to 4 3/4 per cent. for sixty days. Bar silver, 55.

CHICAGO GRAIN MARKETS.

Chicago, Feb. 11.—In what today more or less stubbornness was shown and the market gained 3/8 for the day. May sold between 77 1/2 and 78 1/2, and closing at 77 1/2 to 78 1/2, and closing at 78 1/2. The cash sales were again small, 22,000 bushels at Chicago, and four feet, 20,000 at the seaboard. The market was of an evening-up nature over the holiday and values were helped some in consequence. The real bull help, however, was the expectation that the world's available supply, as compiled by Bradstreet, would show a decrease around 4,000,000 for the week. There was moderate buying on this. The local receipts were fifty-two cars.

Corn was fairly active and the close showed advances of 3/8 to 1/2. The cash trade was slow and dull. The Southwest was again on the selling side. Kansas City was also a seller, the situation there being considered quite bearish owing to the increased receipts and the lack of demand for cash. The shorts were the best buyers. At Liverpool spot was unchanged to 1/4 lower, with the futures 1/4 lower. The receipts were more liberal at 102 cars.

Oats ruled easy at the start, turned strong, advanced 3/8 for May and 1/2 for July, and closed at a gain of 1/2 on May and 3/4 on July. Smaller offerings, coming by the sellers of yesterday and the advance in the other grains caused an improvement. Commission house buying was fair. The receipts were 150 cars.

The leading futures ranged as follows: May wheat opened at 77 1/2 to 78 1/2, highest, 78 1/2; lowest, 77 1/2; closed, 78 1/2. May corn opened at 75 1/2 to 76 1/2, highest, 76 1/2; lowest, 75 1/2; closed, 76 1/2. May oats opened at 42 1/2 to 43 1/2, highest, 43 1/2; lowest, 42 1/2; closed, 43 1/2.

Receipts and shipments were as follows: Receipts, Shipments, Flour, barrels, 29,000 27,000 Wheat, bushels, 63,000 101,000 Corn, bushels, 131,000 81,000 Oats, bushels, 173,000 91,000

BOSTON COPPER QUOTATIONS.

The copper stocks deal in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.: A. V. 21 1/2, B. 22 1/2, C. 23 1/2, D. 24 1/2, E. 25 1/2, F. 26 1/2, G. 27 1/2, H. 28 1/2, I. 29 1/2, J. 30 1/2, K. 31 1/2, L. 32 1/2, M. 33 1/2, N. 34 1/2, O. 35 1/2, P. 36 1/2, Q. 37 1/2, R. 38 1/2, S. 39 1/2, T. 40 1/2, U. 41 1/2, V. 42 1/2, W. 43 1/2, X. 44 1/2, Y. 45 1/2, Z. 46 1/2.

Monday's sales on the Boston stock exchange, in shares, were in part as follows:

Adventure 50, Mohawk 375, Old Colony 100, Old Dominion 250, Arnold 100, Phoenix 1,365, Arcadian 100, P. & M. 100, Anaconda 50, Phoenix 10, Baltimore & Annapolis 10, Corner Range 10, Centennial 40, Rhode Island 10, Elm River 10, P. S. Mining 136, Frankfort 20, P. S. Mining 136, May Flower 24 1/2, Wyan 1 1/2, Moh 24 1/2, Elm River 24 1/2, Mich. 3 1/2, U. S. M. 174 1/2, Old Colony 29 1/2, Cen. Erka. 150, P. & M. 100, Wyan 100, Michigan 150.

Mothers can safely give Foley's Honey and Tar to their children for coughs and colds, for it contains no opiates or other poisons. Sold by People's Drug Store.

Republic.

C. A. Haggerson and wife are spending a few days in Milwaukee.

Miss Victoria Blair of Champion visited Republic friends all last week.

Thomas Pascoe and his daughter, Clara, visited Marquette friends last Sunday.

Will Villeneuve and wife of Champion visited relatives in Republic one day last week.

Miss Elsie Garripy attended a hop given by the young men of Champion last Friday night.

Miss Edna Garripy came down from Nesteria the latter part of last week on a few days' visit to her folks.

A number of the lady friends of Mrs. F. D. Verran dropped in and surprised her at her home Monday evening.

Patrick Sullivan was tendered a social surprise by a number of his young friends at his home Monday evening.

John Grompey of Greenland, for many years a resident of Republic, spent Saturday and Sunday with friends here.

Captain Alfred Nevecombe of Negauine, spent the early part of the week in Republic visiting Al. Hoeking and wife.

Miss Cordelia Larue and a friend, Miss Hubbard, were up from the Marquette Normal the latter part of last week.

Henry Vogtline shot a lynx at his brother's farm last Sunday. The car was used by Winters & Sues' market during the week.

Miss Mattie Kendall entertained a number of young people Thursday evening in honor of her friend, Miss Eva Richardson of Marquette.

Albert Davidson, who has spent the past few weeks with relatives here, will leave Thursday for St. Paul, where he will resume his work in a railroad office.

Al. Hoeking intends to equip a gymnasium in the basement of his business block. He is doing this at the request of a number of the young men of the village.

Mrs. F. D. Verran will entertain the members of a social club to which she belongs at her home on Friday evening of this week. About forty persons are expected to attend.

Ed Hendrickson, who gave up his position at B. Levine's store here a few weeks ago and left the village, returned Monday. He has accepted a place with Jake Levine at Champion.

Mrs. Joseph Geach and her son, Richard, were given a birthday surprise by a number of their Republic friends on Friday evening of last week. The anniversary of their births occur on the same day.

Marshal Scott Rowland has notified the saloon keepers of the village that their places must be closed hereafter in strict accordance with the law. He is acting under instructions from Judge J. S. Stone.

The Odd Fellows of the village anticipate having a good time at the regular meeting of the lodge on Saturday evening of this week. A lunch will be served at the conclusion of the session. A large attendance of the members is expected.

William Schmidt, Sr., spent the past week in the lower peninsula. While away he attended the grand lodge session of the Ancient Order of United Workmen held at Battle Creek. He went down as the representative of the local lodge.

Charles Danielson, who recently left Republic to take a position as operator with the South Shore company has been transferred to St. Ignace. He was on his way to Thomaston when he received a message telling him to go to St. Ignace. He is holding down the day job.

Miss Ida Dunn and Joseph Pechie, two well known residents of Republic, were united in marriage Monday morning at the Catholic church here. The bride was attended by Miss Susie Pechie and D. Dunn was best man. Rev. Father Burns, the pastor, tied the nuptial knot.

At the conclusion of the ceremony the happy pair were tendered a reception at the home of the bride's people.

An elopement which created no little excitement at the home of the girl, took place here a few days ago. The man is over thirty years of age and the girl is about fifteen. In getting out of the town they walked twelve miles, to Foodwood, where it is supposed they boarded a train. The girl's parents have not been successful in locating the pair, though officers along the Chicago, Milwaukee & St. Paul line were asked to be on the look out for them. The elopers are Belgians. The man was away from town a few months and he returned one day last week, presumably on a visit.

John Vogtline, who is railroading at Iron Mountain, spent Monday and Tuesday in town. He has been laboring for some time past to negotiate a deal whereby the Kloman mine will pass in to new hands. Messrs. Vogtline, E. J. Mapes and J. H. Primeau, are now in control of about 14,000 or the 20,000 shares of the capital stock. An effort is being made to dispose of the property to a steel corporation and up to this time the parties mentioned have reason to feel encouraged. The Kloman has been idle since 1881. It was first opened in 1869. Operations were suspended during the panic of 1873 but work was resumed a couple of years or so later. About 450,000 tons of ore were mined and shipped. Six shafts were sunk, the deepest of which is down about 225 feet. Magnetic ore that assayed 68 per cent in iron was taken from the property.

Andrew Forsberg, who left here about eight years ago to locate in Alaska, was killed in a mine out there Jan. 12. The widow advised friends here that Andrew met his fate as the result of a fall.

When you lack energy, do not rely your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by The Stafford Drug Co.

It is significant that in homes of wealth where the very best is demanded, Ivory Soap is used in the nursery. At the same time, in hundreds of families where economy decides the choice, Ivory Soap is selected. Thus its purity attracts the rich; its economy attracts the poor. High quality and low cost: is there any better combination?

HIGHEST BOWLING MARK. Chicago, Feb. 11.—Jack Younger, a well known college sprinter and a graduate of the Iowa state college, made his mark in bowling tonight by rolling a score of 283. It is the highest mark ever reached in competition. The former record was 287.

IN THE PRIZE RING. Chicago, Feb. 11.—John Willis got a decision over Jimmy Hanbler of Newark, N. J., in a six-round bout tonight. New London, Conn., Feb. 11.—"Billy" Ryan of Syracuse won the decision here tonight over Tommy Daly of New York in a twenty-round bout.

February Sale Is Booming

And the reasons are many and good. We are crowding out Winter Apparel at "end of winter prices." In mid-winter season and hard winter weather it is a combination that counts. Here are some special pointers—and remember all winter wear must go:

**LOSS OF THE PEWABIC.**

Captain Waters of Ishpeming Says It Was in August, 1865.

The Marquette Mining Journal has been publishing the recollections of some of those who lived here in the early days, and there seems to be some question as to the year the steamer Pewabic was lost, says the Ishpeming Iron Ore. Alfred Meads thinks she went down in 1863, while Captain Mitchell thinks it was 1865 she was sunk.

Captain John Waters of the Ishpeming has a distinct recollection of the time. He, in company with Captain Dick Hodge, led Houghton in the fall of 1864, in the Pewabic, for Ontonagon. They secured employment in the Ridge mine, now the Mass, and in three days earned \$80. One seldom forgets the time of such a good thing. He remained in the Ontonagon district until February, 1865, when he went to Houghton by sleigh, having a very rough ride. It was the same year, 1865, that the Pewabic was lost. There was a heavy fog at the time and the Pewabic was cut in two by the steamer Meteor, sinking immediately. The wife of Captain Pascoe of Ishpeming was on the Meteor at the time of the accident. She landed in Ontonagon on the 12th of August, 1865, a few days after the accident occurred. The Meteor was somewhat damaged by the collision and had to put in port for repairs, reaching Ontonagon a few days afterward. Mrs. Pascoe's name was Hodge at that time, she being then unmarried. So Captain Waters thinks he has the time of the accident located within a few days.

Captain Waters is one of the oldest miners in this region. He was for many years a shift boss in the hard ore mines of the Lake Superior Iron company, and was also in charge of the American mine, this county, as mining captain. He was the last to work there, and can tell all about the property to anyone desiring information concerning it. He is also familiar with many North shore locations, having put in some time in that region. He is reliable and is well known through this section.

Captain Waters had several thrilling experiences in trying to reach his boat. The first attempt found his boat completely wrecked. Eight years afterward, he and his father's entire

family were on their way to America and were shipwrecked. Out of 350 passengers only forty escaped with their lives. Of this number 200 were of the Waters family, they losing one child in the third attempt they came across on the Great Eastern, and off New York the boat ran upon a shoal, suffering a great rent in the bottom. In the repair crew which attended to this breach was C. H. Hall, well known in Ishpeming.

**LENT BEGINS TODAY.**

Services at St. Peter's This Morning and Two Nights Each Week.

Today marks the beginning of the penitential season of Lent, and in observance thereof the usual services appropriate to Ash Wednesday will be celebrated at St. Peter's cathedral. At 8 o'clock will occur the blessing of the ashes and their distribution, in the latter of which the solemn Latin words, "Remember, man, that thou art dust," will be pronounced. Following this, high mass will be celebrated.

During the forty days of Lent, special services will be held at the cathedral every Wednesday and Friday evenings, beginning at 7:30 o'clock. They will be known as special devotions.

Ash Wednesday at St. Paul's.

Services will be conducted at St. Paul's cathedral today as follows: Holy communion, 7:30 a. m.; matins and vespers, 7:30 a. m.; evening and night office, 10:30 p. m. All the services will be held in the church.

**FINE RACE CARD.**

Baptie, Johnson and Mitchell to Skate at the Rink Thursday.

Probably the strongest card in the racing line ever arranged to take place at the ice rink is announced for Thursday evening. John S. Johnson and Norval Baptie, who are well known to Marquette people as two of the best men in the country, will participate, and speedy George Mitchell will also take part. The program consists of a half-mile race between Baptie and Johnson, and a mile and a two-mile contest between Mitchell and Baptie. The latter, who has defeated Nilsson, the speedy skater who recently appeared here, is the recognized indoor champion of the country, while Johnson, too, holds high fame and many records and medals. The visitors are proceeding from the copper country, where they gave exhibitions at Duluth, and will put in a couple of afternoons in familiarizing themselves with the local rink. The matches to take place Thursday evening are assured in advance of being well worth witnessing and it is likely that a crowd of appreciable size will be present. The rink will be attracted. From here Baptie and Johnson go to Milwaukee to participate in the tournament, stopping off enroute at Gladstone, Menominee and a couple of other cities.

**BROKERS BULLISH AGAIN.**

Paine, Webber & Co. Looking for Higher Prices Soon.

Concerning the copper stock market, Paine, Webber & Co. yesterday said: "Everybody is bullish again and the market is in about the same position it was when the last sharp advance occurred. There has been a slight improvement in the buying all along the line today and we are looking for further improvement the latter part of the week. We are firm believers in the bull side of the market in the coppers."

Hayden, Stone & Co. wired the Laidley Commission company: "There is nothing to say on the copper market—no news, and very dull."

**Wheat and Corn.**

W. H. Laidley & Co. said of the Chicago market: "May wheat closes at about the best price of the year. Wheat has been strong, with light trade, due to some extent to tomorrow's holiday. The opening was higher, mainly on the prospects of a big decrease in the world's supply, and continuing small receipts, and also on the fact that the Missouri crop report and light export demand. Commission houses and local shorts were the best buyers. The Liverpool cables were lower and the continental markets higher. Minneapolis reported clearances were small—113,000 bushels—and the local receipts were twenty-five cars.

"The corn market was lower at the opening, due to St. Louis selling. It strengthened on the report of a sale of 25,000 bushels at the seaboard and additional bids from there. The sentiment was divided, but the feeling generally was toward higher prices. The strength in wheat had some effect and covering by shorts toward the close contributed to the strength. The Southwest is turning and the sentiment bullish, but does not influence the market much."

**New York Stocks.**

Walker Bros., in a dispatch to Paine, Webber & Co., said of the New York stocks: "The market was broken and active today with decided strength in several of the specialties. The coalers were all strong and the only weakness of the market was the tractions. There was heavy selling in R. R. T. and Manhattan and Metropolitan sold off in sympathy. Southern Pacific was strong in the early trading, but later sold off on heavy realizing and there was, it is thought, some profit-taking by the pool. Tennessee Coal & Iron showed strength and activity for the first time in a month on rumors of large earnings and talk of a possible resumption of dividends. Kansas City & Southern preferred was strong and will, we think, sell higher. The market closed steady at some recession from the best prices of the day, and with the tractions very weak."

**NOTICE.**

U. B. of Carpenters and Joiners of America, local union 958, of Marquette, Mich., demand that on or after the first day of April, 1902, the minimum wage shall be thirty-one and one-half cents (31½ cents) per hour and that nine hours shall constitute a day's work.

Dated Feb. 7, 1902.

Signed and sealed,  
John G. Dumond, Pres.  
Jas. E. Scanlan, Rec. Sec.  
(2-10-4-1)

**QUIET HOME WEDDING.**

H. R. Harris and Miss Edna Watson Married by Bishop Williams.

Married—Tuesday afternoon, February 11th, at four o'clock, at the residence of Mr. and Mrs. E. M. Watson, Miss Edna Watson and Mr. Henry R. Harris, both of this city, by the Right Rev. G. Mott Williams officiating.

The bride wore a traveling gown of navy blue cloth. Only the relatives and a few of the bride's most intimate friends were present at the ceremony. The out-of-town guests were Miss Josephine Egan of Savannah, Georgia, Misses Crane of Negaunee, Mr. and Mrs. W. A. Watson of Ishpeming and Mrs. T. H. Larke of Minneapolis. Refreshments were served at five o'clock in the dining room, which was tastefully decorated with sni-lax and pink roses.

Mr. and Mrs. Harris took the six o'clock train for Chicago and the East. They will be at home to their friends by April first at 329 East Ridge street.

**"HELLO BILL"**

Popular Comedy Again to be Presented Here—Next Monday.

The Peoria (Ill.) Journal of recent date refers as follows to the performance of "Hello Bill," which so greatly pleased here on its former appearance and which will again be produced here next Monday.

"Hello Bill," a sparkling, clean-cut, up-to-date comedy, entertained the audience at the Grand in a capital manner, as not only is the play cleverly constructed, but the management has gathered together a company of capable, well-groomed actors and actresses in a manner as to bring the witty lines and funny situations before the public in the best possible manner.

"The play, which deals with the adventures of William Fuller and the members of his family, has many funny situations which are brought about in a perfectly natural manner as a result of Fuller and his chum, Christopher Cutting, going out to celebrate Fuller's last night of bachelorhood and being arrested while in a gambling room.

"The complications which follow cause Fuller much trouble, especially when, after being married, he leaves for Cuba to fight for his country, but in reality proceeds to go to jail. Not receiving a jail sentence he can't return home, so must hide in New Jersey until the close of the war, when he returns covered with medals and hailed as a hero."

**FOR STOMACH TROUBLES.**

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger of Des Moines, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by The Stafford Drug Co.

**CITY BREVITIES.**

Today's weather: Partly cloudy, with probably snow flurries; variable winds.

Yesterday's temperature: 7 a. m., 10 degrees; noon, 20 degrees; 7 p. m., 22 degrees; maximum, 22 degrees; minimum, 10 degrees.

Philip Spear was in Munising on business yesterday.

Waiter Fitch of Beacon was a Marquette visitor yesterday.

Rush Culver and John Gordon got back yesterday from Washington.

Sheriff Harry H. Ryerse was here from St. Ignace yesterday. He brought a prisoner to the branch station at Marquette, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by The Stafford Drug Co.

**OPERATIONS.**

The fourth number in the course of entertainments given at the Presbyterian church this winter will be a concert to take place next Tuesday evening. It will be held under auspices of the church choir and will be participated in by local talent. Tickets will cost but twenty-five cents and will be offered for sale this week. The concert promises to be a real treat for music lovers.

The "Social Forty," augmented by invited friends, became the "social hundred" last evening, fully that number of persons being in attendance at the enjoyable social held under auspices of the club at Felix Hall, in the Opera House block. Aside from dancing, cards were played by those who desired to enjoy that pastime, and until midnight, when the gathering dispersed, a very merry time was spent.

**OPERATIONS.**

The Duluth, South Shore & Atlantic operates 588 miles of tracks, has \$22,000,000 stock, and is offered as follows: President, Samuel Thomas, New York; first vice president, T. G. Shaughnessy, Montreal; second vice president and general manager, W. F. Fitch, Marquette; secretary and assistant treasurer, Geo. H. Church, New York; treasurer, E. W. Allen, Marquette. Main office, Marquette—United States Investor.

An effort will be made to secure a special train to Negaunee next Wednesday evening, on account of the Epworth League rally, providing a sufficient number of persons manifest a desire to take the trip. Tom Lang has the arrangements in charge and would like to hear from all League members and the young people of the other churches. Should the train be secured, it will probably leave here at 6:30 and depart from Negaunee, on the return, about 10 o'clock.

A chance for a prize at the cost of a two-cent stamp is open to Mining Journal readers. The Detroit Ferry company, Manager Campbell, is having a new boat built this winter which will accommodate something like 3,500 passengers and be capable of a speed of about sixteen miles per hour. It will ply between Detroit and Bois Blanc. To the person furnishing a suitable name for the steamer will, should the title be adopted by the company, be presented with a \$10 gold piece and an annual pass on the vessel.

**A REPUTATION.**

How It Was Made and Retained in Marquette.

A good reputation is not easily earned, and it was only by hard, consistent work among our citizens that Doan's Kidney Pills won their way to the proud distinction today with decided strength. The public endorsement of scores of Marquette residents has rendered invaluable service to the community. Read what this citizen says:

Mr. George E. Reece of 207 E. Crescent street, employed at J. T. Jones & Co.'s grocery, says:—"During six months I was troubled with a severe pain through my loins and groin. I had to be on my feet all day and after standing for a time my back hurt me. In the mornings when I first got up I was sore and lame. Seeing Doan's Kidney Pills advertised I decided to try them and got a box at the Stafford Drug Co. I soon got better and continued until all signs of the pains and aches left me. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name Doan's and take no substitute.

**REPUTATION.**

**RECEIVE PATRONS AND FRIENDS IN THE NEW QUARTERS.**

Mrs. Downing and Ford and Principal Walker of the Normal, are booked for lectures to be given under the auspices of the high school in Menominee in the near future.

Charles Schaffer came up yesterday from Onota, where his charcoal interests require much of his time. Mr. Schaffer is chairman of the Alger county board of supervisors.

E. C. Griffin, the new general agent of the Northwestern road, with headquarters at Houghton, was in the city yesterday getting acquainted with business men and others.

Among the visitors from Ishpeming and Negaunee yesterday were Captain Sam Mitchell, H. O. Young, John Quincy Adams, George Hayden, Thomas Pellow and Prosecuting Attorney Frank Bell.

Miss Ida Jackson left last night for Minneapolis to attend the wedding of Miss Vena Kimmel, formerly of this city, to Mr. Vanderhiden of Oshkosh, Wis. The ceremony will take place today.

Hon. George Wagner leaves today on his return to the Breitung Mining company's property in Ontario. He has been here for several days, attending the annual meeting of the company and visiting with his family.

The dance given at Fraternity Hall last evening by the Ideal orchestra was an enjoyable social success and besides netted the musicians a neat sum for their efforts to again please the local dancers. Dancing continued from 8:45 to midnight.

Mrs. Emma H. Stafford was the hostess at a pleasing party held Monday evening. Hon. George Wagner and Mrs. Agnes Meads captured the favors. Yesterday afternoon Mrs. Stafford again entertained at cards, ladies being the guests.

George Mitchell, Marquette's speedy skater, has been invited to participate in a tournament to be held at Milwaukee and in which the best men of the country will participate. His answer will be in the affirmative, if the terms are favorable. The meet will be held in a couple of weeks.

The pupils of the eighth grade at the Ely school will hold an entertainment at the assembly room Friday evening to which the public generally is invited. A musical and literary program will be rendered. The proceeds will be applied to the purchase of stationary and other ornaments for the school room.

There are twelve men confined at the county jail at present, the number being somewhat larger than usually is the case. However, one of the prisoners is a man awaiting trial at the next term of the United States court on the charge of attempting to cash at the Newberry postoffice a money order that did not belong to him, and three of the others are awaiting trials at the circuit court.

**O'ROURKE'S SECRET OUT.**

The Great Trainer Put His Faith in Nerves.

**ENDURANCE HE WANTED!**

The ablest manager of professional athletes in the world, Thomas O'Rourke of New York city, writing to the proprietors of Paine's Celery Compound on January 11, said:

"One of the most important features in the training of an athlete is to invigorate his nervous system, and nothing ever takes the place of Paine's Celery Compound to accomplish this! It facilitates getting a man in prime condition. In my experience in handling athletes, I have never found anything equal to it."

This from a man of whom the most wonderful champion in the world said, when one of Mr. O'Rourke's pupils had won the world's championship: "The secret of O'Rourke's success I cannot understand. Wonderful endurance and an inexhaustible supply of nerve force distinguishes the men he coaches from their opponents in every battle."

For the past 11 years Mr. O'Rourke has been recognized as the greatest trainer in the world. While he was coaching George Dixon, that young

**THOMAS F. O'ROURKE.**

athlete was the world's champion, Sharkey, who was at first a rough and tumble giant, under O'Rourke's training developed into an even-tempered, hardy, strong, rugged boxer.

The above unsolicited words from Mr. O'Rourke, who, by the way, has been the owner of the Broadway Athletic club, the Lenox club, the Coney Island club and Royals Golf club, and who is known to be one of the finest gentlemen among the devotees of the manly art, tell the whole story. He found in Paine's Celery Compound nature's food for the nerves.

While this remedy has effected thousands of cures among those who are sick, and has restored to healthy life innumerable men and women whose nervous systems have been shattered, and who were suffering from the symptoms of the beginning of a deep-rooted impairment of the nervous system—it is worth noting that even in those exhausting contests where absolutely perfect nerves are preeminently needed, this remedy has also been found equally as beneficial in repairing the exhaustion due to the high training.

If such men, who require above everything else—above muscles (which cannot develop without good nerves); above courage, which no man with weak nerves ever had—who require above everything else perfect nerves—if such men have found it necessary to feed the nerves and brain with the food nature requires—it is good proof that this greatest of all remedies, the discovery of one of America's ablest professors, accomplishes all that is claimed for it.

Every man or woman whose nervous system is not in perfect condition will find that this remedy will make it so!

No other remedy in the world has ever so universally acknowledged by physicians and all those who have manly and womanly development in hand to be so perfectly adapted to cases of failing health and lagging vitality.

MANHOOD RESTORED "CUPIDENE"

Die Vitalizer, the preservative of a famous French physician, will quickly cure you of all ailments in the male sex, such as Loss of Manhood, Impotence, Nervous Debility, Premature Ejaculation, etc. It is the only known remedy to cure without operation. 50¢ per bottle. 100¢ per box. For sale by all druggists.

Told by Pain

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women today who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. "Why let the months pass and their trouble become harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

WINE OF CARDUI

in the privacy of their homes. You can be cured without embarrassing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

I have used one bottle of Wine of Cardui and one package of Theodor's back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicine until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me. MATILDA SMITH.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department", The Chataqua Medicine Company, Chataqua, Iowa.

Ishpeming and its Environs.

TRAINMEN'S BALL A SUCCESS.

Brilliant Social Event Attended by Representatives from Many Places.

Never since the palmy days of the old Superior rink has such a crowd gathered at a dance in Ishpeming as was brought together Monday night at Anderson hall on the occasion of the first annual ball of Hematite lodge, No. 612, Brotherhood of Railway Trainmen. Every town in the county was represented, and over four hundred dancers crowded the hall and participated in the pleasures of the event.

It was the largest crowd ever accommodated in the hall, and taxed its capacity to the utmost. Yet the assistance charge managed the affair with the best of judgment and skill, and there was no cause of complaint. The best of order prevailed, good fellowship predominated, and the railway boys' guests were unanimous in declaring the event one of the most successful social functions given in this city for a long time.

It was about 8:30 when the guests began to arrive, and by 9 o'clock the hall was already filled. Shortly afterward the Ishpeming City Band orchestra struck up a popular waltz, and soon the floor was covered with couples, whirling to the rhythm of the seductive strains. Two-step and quadrille and waltz succeeded each other in quick succession, while late arrivals swelled the crowd. For three hours there was no pause to the fun. Then there was an intermission for supper. The spread was served by the Lady Foresters, with the assistance of members of the brotherhood and was excellent. Incidentally, the ladies cleared up a snug sum for their treasury. Dancing was then resumed, and continued until 4 o'clock in the morning, when the last of the party broke up and departed for their homes, satisfied with the manner in which they had been entertained.

The decorations of the hall were appropriate and somewhat unique, but were without, in excellent taste and thoroughly artistic. The draperies were in the national colors, while trainmen's lanterns were hung from the chandeliers, and around the sides of the hall. The lanterns had red, blue and white globes, corresponding to the color of the other decorations, yet reminding one of the trainmen's signal lights, and thus giving the proper railway atmosphere for the occasion. The floor was heightened by the use of locomotive headlights to aid in lighting up the hall. One of these brilliant lights was placed in each corner of the room, and shed a flood of radiance upon the dance floor with beautiful effect.

The complete Ishpeming City Band orchestra of nine pieces furnished the music, which was of the best. The music program, which was arranged by Professor Clifford, leader of the orchestra, was good. Professor Clifford also showed excellent judgment in view of the size of the crowd and the crowded condition of the hall in making his selections a trifle more slowly than usual, which assisted in preserving order and insuring the enjoyment of the dancers.

A delegation of more than fifty Neegaunee young people was in attendance, and there were many from Marquette. Smaller delegations were there from Champion and Republic, while not a town in the county lacked representation. The great success of the ball pleased the members of the brotherhood. It is also safe to say that whenever that organization gives another entertainment of this character it will be patronized liberally because of the masterly manner in which this one was conducted. It is practically certain that the brotherhood will give an annual ball regularly hereafter, and that it will become an established feature of the social life of the city.

A SPLENDID COMEDY.

The splendid success achieved throughout the country for the past two seasons by "Hello Bill" makes the advent of this comedy a noteworthy event, and has led to awaken the interest among the class of amusement seekers who delight in sitting for nearly three hours through a perfect hailstorm of merriment. "Hello Bill," which comes to the local stage next Saturday evening, embodies all the principles of a well constructed comedy. It is absolutely correct, very scenic and incident portrayed is fraught with laughable surprises.

MUSICALS BY MACCABEES.

A musical entertainment will be given by the Maccabees, at Mine Workers' hall on Monday evening, Feb. 17, for members and their families. Each member of the tent is entitled to invite one friend. There will be a number of musical selections, principally by members of the lodge. Refreshments will also be served during the evening, and following the set program there will be a social session.

DEATH OF MARTIN TIPPETT, JR.

Martin Tippet, Jr., died yesterday morning at 8:05 o'clock, at the residence of his parents, Mr. and Mrs. Martin Tippet, 131 West Terrace street. Tuberculosis of the brain was the cause of death. The deceased was born at the Lake Angeline location July 9, 1888. The funeral will take Thursday afternoon at 2 o'clock, at the Salisbury Methodist Episcopal church, the Rev. Castler preaching the funeral sermon.

WORSER THAN A BLOW

From a hard fist is the buffet of cold wind upon a pair of lungs. A few minutes exposure to cold may be the beginning of consumption. Lose neither time nor courage. Fortify yourself against pulmonary troubles, including consumption, with Allen's Lung Balm. A few doses will loosen the cough and clear away the phlegm that produces it. Cure soon follows.

WANTED—Pupils in music, including piano and organ. Classes wanted in Ishpeming, Neegaunee, Champion, Michigan and Republic. Miss McGrath, graduate Chicago Musical college. Address Ishpeming, care Wsley house. (2-6-1-wk)

BIG PURCHASE BY H. O. YOUNG.

Secures Good Low-Grade Ore Properties on Cascade Range for \$160,000.

One of the most important mining deals recently consummated in this section has just been closed, and by it H. O. Young of Ishpeming secures the fee simple title to 640 acres of mining land on the Cascade range, comprising some of the best low-grade ore properties in the Ishpeming-Neegaunee district. The purchase includes four quarter sections in four different sections—one quarter in each of Sections 28, 29, 32 and 33. The price paid for the property was \$160,000, and the deed to Mr. Young was recorded in the office of the register of deeds at Marquette last Monday.

The movement toward the more extensive working of low-grade ore properties has been growing more marked recently, and it is believed that this purchase by Mr. Young will be followed by extensive operations of the properties which he has secured. Among the well known mines located upon the land which has just passed into the hands of the Ishpeming man are the Richmond, the Platt and the Primrose. All of these mines have been worked more or less for the last fifteen or twenty years. Alexander Maitland of Neegaunee and others associated with him worked the Richmond last summer, and the Platt, which has not been in operation recently, is now being unwatered by the Denora Mining company. Although the ore is low grade, as before stated, there is a large amount of it, and with the return to low grade propertions the property may prove a valuable investment.

Should the properties be worked this summer, the Richmond, Platt and Primrose mines would swell the output of ore from this district very considerably, and the Cascade range would be decidedly lived in consequence. Neegaunee would be largely benefited by such activity through the increase in business which would be brought there.

FATHER VAUGHAN COMING.

Will Deliver Lecture Here Monday Night at St. John's.

Arrangements have been completed for a lecture in this city at St. John's church on the evening of Monday, the 17th. His theme will be "The Power of Love."

Although Father Vaughan has not appeared in Ishpeming before, his reputation extends throughout this section, he having appeared on the lecture platform in many cities of Illinois, Wisconsin and Michigan. He has been in the lecture field for four years, and his experience in that and other lines peculiarly fits him for the work. He is a priest of the La Crosse diocese. His home being at Loretto, Wis. Before entering the priesthood he was on the dramatic stage, and his experience along that line has trained him both in control of voice and command of gesture so that he always his audiences with all the power of a gifted actor. At the same time he has known the world, and his philosophy is keen and trenchant.

He has appeared at the Marinette Chataqua, where, as in other places, he won golden opinions from those who heard him as well as from the management of the assembly. In speaking of his engagement, there the Marinette Eagle said: "After a few introductory remarks by Mr. Benjamin, 'The Power of Love' was ably and eloquently discussed by the Rev. L. J. Vaughan. It was more the nature of a sermon than a lecture, yet it was delivered in such an interesting way that one hardly realized that they were being preached to. The general trend of the discourse contained a plea for a movement for universal fellowship and a charitable brotherly love, which should exist between man and man. Illustrations were used to more vividly portray the thought and were given in such a way as to make the thought very impressive. Mr. Vaughan's manner is so pleasing, his bearing so easy on the stage, that one in the audience simply has to listen to what is being said and follow him in all his movements. He seems to put his whole soul into what he says, and, as shown by the attendance at last night's entertainment, those who heard him once wanted to hear him a second time. Although his first appearance in Marinette, it is to be hoped it is not the last."

An admission of twenty-five cents will be charged. The sale of tickets promises to be large.

SOMETHING THAT WILL DO YOU GOOD.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. We can use it with no doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup—Camden (S. C.) Messenger. For sale by The Stafford Drug Co.

We are just now offering special inducements in the prices of winter goods of all kinds. The goods must go to make room for our new spring stock. Finnish Mercantile association.

Foley's Honey and Tar is best for croup and whooping cough, contains no opiates, and cures quickly. Careful mothers keep it in the house. Sold by People's Drug Store.

This signature is on every box of the genuine Laxative Bromo-Quinine Tablets. The remedy that cures a cold in one day.

ISHPEMING IN BRIEF.

Paul Swift of Houghton was in the city calling on friends yesterday.

President W. G. Mather of the Cleveland-Cliffs company was in the city yesterday.

Mr. and Mrs. H. F. Heyn returned yesterday from a week's trip to Chicago, Milwaukee and other points south. George Vermont, representative of the Hanan-Demuth Shoe company of Milwaukee, is in the city for a couple of days.

Dr. and Mrs. M. D. Keen will give a reception Thursday evening at their home at the Winthrop to a party of young people.

George Drew, better known in Ishpeming as "Riley," furnished music for a dance at Humboldt Monday night. Mr. Drew is a violinist of no mean ability.

Mr. and Mrs. W. H. Johnston will give a reception Friday evening at their home for the Rev. Allen and bride, who will arrive home that day from the South.

H. J. Wessinger, mechanical engineer for the United States Steel company, came from Duluth yesterday on business connected with the corporation's local operations.

Richard Brown of Michigan was in the city Monday. He visited the Maas mine, Neegaunee, and while there saw the first bucket of dirt hoisted from the shaft.

A reception will be given this evening at the home of George Hayden. There will be card playing, and refreshments will be served. Trombly's orchestra will be in attendance.

The Misses Anna Lacey and Nora Kennedy of this city attended a reception given by the Ladies' auxiliary of the Ancient Order of Hibernians at Marquette Monday evening.

William Watson went to Marquette yesterday to attend the wedding of his sister, Miss Edna Watson, and H. R. Harris. The groom is the superintendent of the Lake Superior & Ishpeming Railway.

Harry Watson, an employee of The Iron Ore, is confined to his home with pneumonia. He was ailing all last week, but continued work until Saturday evening, when he was compelled to give up.

J. N. Rooney, who held the position of chief train dispatcher of the Peninsula division of the Chicago & North-western line at Escanaba for some years prior to about two years ago, was an Ishpeming visitor yesterday. He is now located in Minnesota.

Mrs. J. F. Skogberg will leave Thursday for Porter, Ind., where she is called by the serious illness of her daughter, Mrs. M. J. Lommer. Mrs. Lommer's health has been poor for a long time, and she has undergone several operations with a view of securing relief.

The pay days at the Cleveland-Cliffs Iron company's mines will begin tomorrow, when the men at the Salisbury will get their money. The employees of the Hard Ore property will be paid Friday; the Cliffs shafts employees will receive their checks Saturday and the Lake mine men will be paid Monday.

Champion.

Dr. A. Deadman was up from Ishpeming Monday. George Tourville has taken a position at the East mine.

A son was born a few days ago to Mr. and Mrs. William Deroche.

Mrs. Tuffield Dishno, who has been ailing for some time past, is convalescent.

Fred Libbey is suffering from an injured ankle. He was hurt while at work.

Joseph Jerome is now the owner of a horse John LaMonk has had for some time past.

Wilfred Arault is looking after the Silverthorn Lumber company's skidway out from here.

Miss Louise Garpy of Republic, visited Miss Teresa Blaney here the latter part of last week.

Felix LaCross, who has been ill with pneumonia for some time past, is able to be around again.

A boiler used during the fall at the Mitchell-Gibson property has been moved to Ishpeming.

Mr. and Mrs. Will Vilhauer attended the Souvenir-St. John wedding at Republic on Tuesday last week.

There are three crews working eight-hour shifts at the East mine. The shaft is down over one hundred feet.

Two carloads of oats, consigned to the Silverthorn Lumber company, were received here one day last week.

Dolphus Lavigne's teams have made a number of trips to the camps out from here during the past week or two.

M. Melthner has a large assortment of valentines of all descriptions. Friday of this week is St. Valentine's day.

Charles Eichenbaum was here for a day last week, having stopped off on his way from the copper country to Chicago.

Superintendent Pearce of the Silverthorn Lumber company was up from Rhineland a couple of days last week.

Alex. Parent and his sister Lizzie spent Sunday and Sunday last in Champion visiting their sister, Mrs. Ed Gostli.

A number of the young people of Champion took in the Maccabees' masquerade ball at Michigan last Friday night.

A dance at Humboldt Monday night last was attended by several young people of this village. The Champanites drove over.

Mrs. Adam Dishno and her three-year-old daughter are down from Keweenaw Bay. The child has not been well for some time past.

Napoleon Dishno has returned from Keweenaw Bay, where he went a short

time ago with the intention of remaining. He will work at the mine here.

Ed Tourville has taken a place as deliveryman at Jake Levine's grocery store, succeeding Ed McNevis, who has been promoted to a position in the store.

George Nottle arrived home from Quinnessee Monday evening last. He intends to remain here a week or so, and will then leave to take a new position.

James Russell has taken his departure for California, where he will take a good position under his son Thomas, who is superintending operations at a gold mine.

J. W. Elliott of Neegaunee has some men at work repairing and painting the rooms above Harry Davidson's saloon. They will be used for residence purposes.

Miss Gertrude Kruse came up from Neegaunee Monday morning to spend a short time with her sister, Mrs. M. C. Quinn. The latter is not enjoying the best of health.

County Clerk W. A. Ross will be at the Beacon house on Wednesday of next week prepared to issue first papers to applicants who desire them. A fee of \$1 will be charged each applicant.

Rev. C. M. Thompson of Marquette will deliver a lecture on McKinley Wednesday evening of this week at Humboldt. A couple of sleigh loads of Champion people will go down to hear the discourse.

Will Derric did not go to the Cleary college in Chicago as he intended. He has entered a business college at Green Bay instead. He went down one day last week. Will intends to take a complete business course.

The reporter was misinformed last week as to Richard Tregoning's experience coming in from Bastedo's place one stormy day. He did not fall into a test pit, though he was slightly frost-bitten while making the journey.

T. Green, who recently purchased some old machinery from the Champion Iron company, was in town one day last week. He is an extensive buyer of old and cast-off machinery. He takes in every city and town in the upper peninsula.

The hop given at the town hall on Friday night of last week under auspices of the young men of the village was well attended. The Michigan orchestra furnished very satisfactory music. The boys will give another party on Easter Monday. The Michigan orchestra has already been engaged for the event.

Jake Levine has purchased the interest of his partner, A. Nord, in the grocery business heretofore conducted under the firm name of Levine & Nord. Many changes will be made at the store and the stock of groceries will be considerably enlarged. Jake's line of clothing, dry goods, etc., will also be increased in size.

The best goods at the lowest living prices is our motto. Have you compared our prices with those of other dealers? Finnish Mercantile association.

HOTEL PROPERTY FOR SALE!

CRAZED BY RELIGION. JUSTILA SENT TO JAIL.

Andrew Whitena Wanders from Home and Almost Freezes to Death. Given Thirty-Day Sentence Monday for Desertion and Non-Support.

Crazed by religious excitement, Andrew Whitena of Palmer took up a period of poring over the Bible by wandering away from his parents' home last week and nearly perishing in the cold.

Justila was sentenced to thirty days in the county jail by Justice Thoren Monday for desertion and non-support. Justila was arrested by superintendent of Moor Sportley, who took up the case because of the fact that Justila's wife in Ishpeming was compelled to support herself while her husband pursued his own pleasure.

Justila's case will result in a sad plight in which his two little children were discovered last fall, when they were found in the swamp near Ishpeming, in a terrible condition of destitution, ragged, dirty and without food.

Written in a young man, unmarried, and resided with his parents. He has been showing symptoms of insanity for almost a year past, but until within the last three weeks his condition has not been serious.

FINAL TRANSFER PENDING. Capt. Maitland Goes to Cleveland to Close Sale of Mesaba Property.

Alexander Maitland is in Cleveland completing the deal by which he cleared \$100,000 on his mining property near Hibbing, Minn. He went down Sunday, and will meet Messrs. Hazelton and Reese there for the purpose of signing the papers for the transfer of the lease of the property to the latter gentlemen. They are acting for the Youngstown Iron, Sheet and Tube company.

The original estimate of Mr. Maitland's profits on the deal are approximately correct, according to recent information, and he will realize about \$100,000 on an investment of \$25,000, made within two years.

It is believed that the purchaser, the Youngstown Iron, Sheet and Tube company, will proceed immediately to develop the property. The company has heretofore depended upon the furnaces for its raw material, but now intends to produce its own material.

LOST A TOE. Arthur Wilson of Sands was in the city Monday for the first time since he had his great toe amputated as the result of freezing his foot in the woods about ten days ago.

Mr. Wilson is one of the best known loggers in this section, having been in the woods for the past ten or twelve winters. In speaking of the experience which cost him his toe he said: "In all my logging experience I have never passed a winter in the woods which was as severe as this winter. The cold has been intense, and the suffering resulting therefrom has been widespread among the loggers. There have been a large number of cases of freezing. When an old logger like myself gets caught, it is pretty good evidence that the weather was unusually severe."

MR. WHEELER GOT RID OF HIS RHEUMATISM. "During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily all the year. R. Wheeler, Northwood, N. Y. For sale by The Stafford Drug Co.

RUMMAGE SALE NETTED \$83. Great success attended the efforts of the ladies of the Episcopal church at their rummage sale, and in the two days that it continued they netted an entire stock of goods donated and cleared \$83. This money will be turned into the fund for the improvement of the church.

THE MODERN WAY. Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches, and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs. Made by California Fig Syrup Co.

A THOUSAND DOLLARS THROWN AWAY. Mr. W. W. Baker of Plainville, Neb., writes: "My wife had lung trouble for over fifteen years. We tried a number of doctors and spent over a thousand dollars without any relief. She was very low and I lost all hope, when a friend suggested trying Foley's Honey and Tar, which I did; and thanks be to this great remedy it saved her life. She is stronger and enjoys better health than she has ever before in ten years. We shall never be without Foley's Honey and Tar and would ask those afflicted to try it." Sold by People's Drug Store.

REX POROUS PLASTERS. For aches and pains of all humankind. A Porous Plaster that is once identified by the name of REX needs no further evidence of reliability. It is a positive and quick cure for coughs, colds, aches and pains.

J. M. PERKINS. NEGAUNEE, MICH. Agents for the Cell Brated Straus' IMPERIAL AND LA VENGIA CIGARS.

Gloria Tonic Cured Him.

Had Rheumatism for 29 Years - He Had Spent Hundreds of Dollars in an Effort to Get Well, But Without Relief Until Three Boxes of Gloria Tonic Cured Him.

Three boxes of Gloria Tonic did me more good than hundreds of dollars I had previously spent in doctoring," says Michael Balreich, of 32 John-st. St. Tiffin, Ohio. In telling of his recent recovery from rheumatism after 29 years of suffering from this terrible affliction, Mr. Balreich is 54 years old. He has been in bed for the last 18 months, but Gloria Tonic cured him and he says now that he feels like a man of 30 years.

Gloria Tonic has never failed in the worst cases in curing rheumatism right away. Thousands owe their present good health to its wonderful curative powers. Rheumatism is a disease of the blood and until the blood is purified you will suffer from it. It is the presence in the blood of uric acid that causes rheumatism. It is this uric acid that continually from this terrible affliction. It is this uric acid in your blood that makes you feel like a man of 80 years.

Take Gloria Tonic now before you are afflicted again. It is a tonic and a purifier of the blood. It is so quick that there is no excuse for anyone endangering their life and perhaps ruining their health by the use of morphia or other dangerous drugs. Gloria Tonic is a permanent cure. It makes the uric acid pass out of the system. It is a permanent cure. It will cure you for good. It is a permanent cure. It will cure you for good. It is a permanent cure. It will cure you for good.

Prepared by E. C. DeWitt & Co., Chicago. Stafford Drug Co., F. Melocha, Ishpeming.

DON'T TOBACCO SPTT AND SMOKE Your Lifeaway!

You can be cured of any form of tobacco using easily, be made well, strong, energetic, full of life and vigor by taking NO-TO-BAC, that makes weak men strong, and cures you in ten days. Over 500,000 cured. All druggists. Cure guaranteed. Book Free and advice FREE. Address: STERLING REMEDY CO., Chicago or New York.

D. S. S. & A. R. Y.

LOCAL LACONICS. Phil Levine made a business trip to Champion yesterday.

Peter Trudell, Jr., went to Houghton yesterday on business.

Dr. H. W. Sheldon has gone down to the lower peninsula for a few days' stay.

Miss Mary L'Huillier of Marquette is visiting at the home of the Misses Welllett.

Miss Gertie Kruse went to Champion Monday on a visit to her sister, Mrs. M. C. Quinn.

Jacob Salo welcomed a new member to his household Sunday. Baby and mother are doing well.

Louis Mall has accepted a position as brakeman on the South Shore road, running west from Ishpeming.

Jake Davidson, formerly of Negaunee but now located at Champion, made the city a short visit Monday.

J. W. Elliott has taken the contract to paper and paint the Harry Davidson block at Champion. Arthur Meyers and Betty Keaton are doing the work.

Fred Lavigne has gone to Escanaba, where he will remain for a month. He is taking the lay-off with the hope of benefiting his health, which has been poor for some time.

Ike Mater of Kenton, who was formerly with Talor & Anthony of this city, but now holds a position with the Sparrow-Kroll company of Kenton, spent Sunday in Negaunee.

Charles and Mammie Barth of Escanaba are visiting at the home of Robert J. Haskins. They were among the young people who attended the Trainmen's ball at Ishpeming Monday evening.

St. Valentine's day seems to be experiencing a revival of popularity here. The demand for valentines is unexpectedly brisk, according to J. E. O'Donoghue of Kirkwood & O'Donoghue.

Although the ground at the new shaft of the Mass mine of the Cleveland-Cliffs Iron Co. was broken a week ago last Monday, the first bucket of earth was raised from the shaft last Monday.

Louis Sporley is rejoicing over the recovery of a valuable dog which he lost about a week ago. A man who found the dog recognized it as the property of Mr. Sporley, and returned it Monday.

Negaunee young people to the number of fifty or more attended the Brotherhood of Railway Trainmen's ball at Ishpeming Monday night. Most of them went over on the electric cars, but some drove over. They report that they had an excellent time, and enjoyed themselves very much.

A FIREMAN'S CLOSE CALL. "I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters and, after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Stafford's. Price 50 cents.

A NIGHT ALARM. Worse than an alarm of fire at night is the brassy cough of croup, which sounds like the children's death knell and it means death unless something is done quickly. Foley's Honey and Tar never fails to give instant relief and quickly cures the worst forms of croup. Mrs. F. L. Conner of Mannington, Ky., writes: "My three year old girl had a severe case of croup; the doctor said she could not live. I got a bottle of Foley's Honey and Tar, the first dose gave quick relief and saved her life." Refuse substitutes. Sold by People's Drug Store.

OUR ARMY THE BEST. Our army is the most effective and efficient organization in the world. The reason for this is the men are well paid as well as well fed. Good feed and good pay, however, will not alone make a good soldier. He must have steady working people strong and sickly people well. We therefore urge you to try a bottle and satisfy yourself. It is a specific remedy for indigestion, dyspepsia, constipation, flatulency, nervousness, and malaria, fever and ague.

Kodol Dyspepsia Cure

Digests what you eat. Artificially digests the food and aids Nature in strengthening and reconstructing the exhausted digestive organs. It is the latest discovered digestant and tonic. No other preparation can approach it in efficiency. It instantly relieves and permanently cures Dyspepsia, Indigestion, Heartburn, Flatulence, Sour Stomach, Nausea, Sick Headache, Gastric Cramps and all other results of imperfect digestion.

Price 50c and \$1. Large size contains 24 times as much. Book about it free. Prepared by E. C. DeWitt & Co., Chicago. Stafford Drug Co., F. Melocha, Ishpeming.

### BIG ORE DEPOSIT

BREITUNG MINING COMPANY HAS A GOOD THING.

OPENING A MINE NEAR 500

CLERGUE PEOPLE WILL TAKE THE ENTIRE PRODUCT.

Tunnel Is Being Driven Into a High Hill, Is in 167 Feet and Will Strike the Iron Formation Within a Few Days.

The annual meeting of the Breitung Iron company, held at its offices here this week, was productive of a representation of every share of stock for which the corporation is capitalized. Each of the holders of the 40,000 shares was in attendance or was present by proxy. The election resulted in the selection of the following:

Directors—George Wagner, John F. Carey, E. N. Breitung, James Wallace, and Charles C. Jones.  
President—George Wagner.  
Vice President—John F. Carey.  
Secretary and Treasurer—E. N. Breitung.

The scene of the company's operations is twenty-five miles northeast of the Canadian Soo in the territory catered to by the Algoma Central railroad. The railroad people are running a line to the property and virtually have it completed. Only about half a mile of track is still to be laid, and this will be accomplished in the spring.

The work of developing the property was commenced last June, and the showing is flattering in the extreme. Ore was first found in an outcropping on the side of the hill, and to reach the deposit the driving of a tunnel from the base of the "mountain" was started. The tunnel has now been driven for 167 feet through the footwall, and it is figured that when it is in twenty-five feet further the ore body above and which dips away will be encountered.

All the ore struck so far has been a good quality of Bessemer. The slate, of which the footwall is composed, is itself well mineralized, some of it assaying as high as 20 per cent iron, while in driving the tunnel several stringers of ore, from six to eighteen inches in width, were struck after the 100-foot mark had been passed. When the main ore formation has been reached, regular mining operations will be inaugurated, the ore not only being taken both from above and below the tunnel and trammed through it, but being hoisted to the surface by a shaft sunk near the outcropping as well.

The ore is practically the same as that mined in the Ishpeming district. Between walls, the formation is estimated to be about 300 feet in thickness, though of course the ore itself is found in pockets. As long as the ore continues to be Bessemer in quality, and of this there is believed to be no doubt whatever, the company is assured of a ready market for all it can produce. The Clergue people having agreed to take every ton for use at the blast furnaces at the Soo.

### HUGE LOCOMOTIVE

ONE NOW BEING TRIED ONE OF THE LARGEST MADE.

TO RUN IN COPPER COUNTRY

THREE MORE DUE FROM THE WORKS IN THE EAST.

Engine Is Double the Power of the Biggest Before Possessed by the South Shore and Weighs, Complete, 150 Tons.

The first of four monster new freight engines for the South Shore system received here, and which, as mentioned yesterday, has been given a trial run under direction of Superintendent of Motive Power Connolly, is double the power of the largest freight locomotive which the company has up to now possessed. It was built by the Rogers Locomotive works of Paterson, N. J., and is one of the largest ever turned out by that concern.

Perhaps the easiest way in which to give an adequate idea of the size of the engine, is to give a comparison between it and the largest locomotive heretofore owned by the South Shore. The latter is a fifty-ton engine, with a 19x24 cylinder. The new machine weighs 150 tons, and the cylinder is 22x30. The weight given is that of the engine alone. Including the tender, loaded, and with the water tank filled, the weight is 160 tons. Another instructive comparison may be made between the work which the old engine has been doing and the work which it is expected the new machine will do. The old engine is able to haul a load of 250 tons up grades of 14 1/2 feet to the mile. Superintendent Connolly said yesterday that the new one would be able to haul a load of 500 tons up similar grades. On the level it is capable of drawing about 7,000 tons.

One of the first features to attract attention in the new machine is the great size of the boiler. The shell is six feet, six inches in diameter, and it is fourteen feet in length. It is constructed of three-quarter inch Carnegie steel. It is mounted on eight 57-inch drive wheels, four on each side, with a "pony" truck in front. Because of the size of the boiler, it was necessary to make the stack very low, and it does not project above the top of the boiler more than eighteen inches, looking strangely disproportionate to the remainder of the engine, judged by other locomotives.

The extreme height of the engine is fifteen feet above the rails, and the extreme width is ten feet. The tender when loaded will carry ten tons of coal, and the water tank has a capacity of 5,000 gallons. The big machine is equipped with all the latest improvements and appliances, including automatic sanders and other devices calculated to increase the ease of operation and effectiveness. The wheel centers, driving boxes and eccentric straps are all of the best hardened steel.

Yesterday the big locomotive was given another trial run, going to Ishpeming and return as a special and drawing an observation car on which Superintendent Lytle, Mr. Connolly and others were passengers. During the afternoon a photograph was taken of the engine as it was standing at the station. Superintendent Connolly will send the new locomotive, which has attracted much attention here, up on the Mineral Range, and the other three which are expected soon will also be placed on that part of the South Shore system.

### INDOOR BALL LAST NIGHT.

Beavers Lost at Manistique and the Maccabees Won Here.

Evidently the Beavers ran up against a strong proposition at Manistique last evening, for they lost the indoor baseball game by the score of 11 to 6. No details of the contest could be learned, and how the Marquette boys came to make such a comparatively poor showing must be left to the fans to figure out until the team comes home with the story. A second game will be played this evening. The Beavers left here yesterday afternoon, accompanied by a good-sized delegation of "rooters." They will get back tomorrow afternoon.

Game at the Casino.

The game at the rink last evening between the Maccabees and the A. O. U. W. teams was rather too one-sided to be interesting. It resulted in the score of 15 to 3 in favor of the K. O. T. M. aggregation. The score by innings was: Maccabees . . . . . 0 1 6 0 0 0 2 0—15  
A. O. U. W. . . . . 1 0 0 0 0 0 2 0—3

The Maccabees played a fast and snappy game, characterized by splendid team work and brilliant individual playing, and from their showing well deserved the honors of victory. Pitcher Hogan was unusually effective in the box, fanning fifteen of the Workmen and allowing but few safe hits. It was probably due to one or two particularly weak spots in the team that the showing made by the A. O. U. W. nine was as poor as it was. There are a number of good ball players in the club, but the team stands in need of a shake-up and a general shifting in positions. These it is understood, are already in contemplation and it is likely that the next time the team appears on the diamond it will be able to put up a strong game—the Workmen certainly possess the material. A fairly good-sized crowd witnessed the contest and seemed to enjoy it.

The next league game will take place Saturday evening. It will be between the Beavers and Queen City Hotel teams. The latter nine has not yet appeared in public, and considerable interest is being manifested in the showing it will make.

REMOVAL NOTICE.  
I have moved my tailor shop to the third floor of The Mining Journal building, where I hope to have my customers call on me. JOHN KIND.

It adds pleasure to the life beautiful. Doubles up one's allowance of bliss. That's what Rocky Mountain Tea does. 35 cts. Stafford Drug Co.

The most reliable preparation for kidney troubles on the market is Foley's Kidney Cure. Sold by People's Drug Store.

### JOHN STEWART GETS IT.

Is Appointed to the Position of Keeper of the Poor Farm.

John Stewart of this city has been selected to succeed Samuel L. Barney as keeper of the county poor house, and Mrs. Stewart has been appointed to the position of matron, succeeding Mrs. Barney.

That was the action taken by the board of superintendents of the poor at its regular monthly meeting held here yesterday afternoon, and it marked the culmination of a lively though quietly conducted fight for the two positions. Some time ago it was rumored that Mr. and Mrs. Barney had tendered their resignations, and for several weeks the various applicants for the position of keeper had been busily securing endorsements and participating in campaign work generally.

When the board convened yesterday, eight applications for the keepership were on file and ready for consideration. All but two of these were backed by strong recommendations, and as all the gentlemen were exceptionally well qualified it was no easy task that confronted the poor commissioners. Four ballots were taken, and following the last one a resolution was adopted unanimously instructing Secretary Blanchard to engage Mr. Stewart as keeper and Mrs. Stewart as matron, by the month, which has been the policy followed for a number of years past.

In the hands of Mr. and Mrs. Stewart the affairs of the poor house will be well cared for and their selection will be satisfactory to the public at large. Mr. Stewart, aside from being a practical farmer, has had considerable experience as a boarding house keeper, having for some years conducted the hostelry at the powder mill location. The retiring keeper has held the position for twelve years and steps out with a good record as a faithful and capable manager.

Aside from the selection of the new custodians of the poor farm, only routine business was transacted by the board, but following the session the superintendents—Messrs. Blanchard, Spruley and Milroy—and Judge of Probate Kelsey made an official inspection of the county jail. The conditions were found satisfactory and Sheriff Pengelase was highly complimented on the manner in which he is attending to jail affairs generally.

Stops the Cough and Works Off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cts.

PROMPT AND FAITHFUL SERVICE  
is not the only good feature of Hathway's market. The very choicest meats of all kinds, beef, mutton, lamb, veal, turkeys, chickens, ducks, etc., can always be had here, and everything is delivered just as ordered, in good season and in perfect condition.
