PRESCRIPTIONS.... NEVER ALTERED.

It does not make any difference what your physician prescribes, if you will bring the prescription to The People's Drug Store you get exactly what is specified. There is never a thought in our mind of substituting, or altering the prescription in any way whatsoever. We know that the doctor has a reason for prescribing just what he does, and we follow the prescription exactly.

In fact, we believe that the work of the physician is often defeated, and the patient made to suffer, because a mania for cheapness leads some druggists to substitute drugs of inferior quality for those prescribed. We invite you to bring prescriptions here. Our prices are always close.

URNS THE TABLES

GERMANY SCORES HEAVILY AGAINST GREAT BRITAIN.

STATEMENTS MADE ARE PROVED

DISPATCH CONCERNING PAUNCEFOTE NOTE IS PUBLISHED.

British Ambassador Took the Initiative in the Collective Step of the Representatives of the Powers Toward Intervention.

Berlin, Feb. 12.—The official Reichsanzeiger this evening publishes Ambassador Von Holleben's dispatch concerning the Pauncefote note relating to intervention in the Spanish American war. It is contained in a dispatch from Count Von Buelow to the emperor and is dated Berlin, April 15, 1898, as follows:

"The British ambassador today took the initiative in a very remarkable manner in the new collective step of the representatives of the great powers here. We suppose the emperor made representations to the queen of England. In this sense six representatives, at the request of the British ambassador, are telegraphing their governments in the sense which follows:

In view of the attitude of congress, no hope of peace can any longer be entertained, and the general opinion is that Spain also would have no objection to war. A good basis for fresh negotiations appeared to be afforded by the note of the Spanish minister, April 10.

Attention Called to Spanish Note.

"If this view is shared by the governments it seems advisable to dispel the erroneous notion here that armed intervention in Cuba meets with the support of the civilized world. The representatives of the powers here think, in these circumstances, the great powers might direct the attention of the American government to the Spanish note of April 10, and might declare that intervention did not appear then to be justified. This declaration might take the form of a collective note from the powers to representatives of the United States. Such a document would produce a greater impression and the representatives of the powers are would not then incur the risk of appearing only to repeat their first step, to which the president, in his last message, has not even deigned attention. In the event of the identical note being decided upon, it would be desirable to publish it immediately, in order that the civilized world, to whose authority the appeal is made, may be absolved from reproach in approving this action."

Emperor Appends Marginal Note.

Dr. Von Holleben adds: "Personally, I regard this demonstration somewhat coldly." And to this concluding sentence of the ambassador the emperor appended the following marginal note: "I regard it as completely futile and purposeless, and therefore prejudicial. I am against this step."

Dr. Von Holleben subsequently forwarded the text of the collective telegram as originally submitted by the British and other foreign representatives for communication to their governments. The text of this document follows:

"The attitude of congress and the resolution of the house of representatives, passed yesterday by a large majority, leave but little hope of peace, and it is popularly believed that the warlike measures advocated have the approval of the great powers. The memorandum of the Spanish minister, delivered Sunday, appears to me and my colleagues to remove all legitimate cause for war. If that view should be shared by the great powers the time has arrived to remove the erroneous impression which prevails that armed intervention of the United States in Cuba commands, in the words of the message, the support and approval of the civilized world." It is suggested by foreign representatives that this might be done by a collective expression from the great powers of the hope that the United States government will give favorable consideration to the memorandum of the Spanish minister, April 10, as offering a reasonable basis for an amicable cause for war, and removing any grounds for hostile intervention which may have previously existed."

Germany Greatly Pleased.

The feeling here is that Germany scored heavily in the controversy regarding Pauncefote's proposal by the publication of Dr. Von Holleben's dispatch in the Reichsanzeiger. In official circles it is asserted this dispatch proves every statement given out here since Cranborne's original remarks.

The Vossische Zeitung this evening, before the appearance of the Reichsanzeiger, discussed the hypothesis that Pauncefote acted without instructions from his government. The paper adds: "Diplomatic rules and customs contradict such an assumption, since, if he acted upon his own responsibility on such an exceedingly important question the London authorities would never forgive him and it would be impossible to retain him in his present post."

Private comment upon the statement published by the Reichsanzeiger is that Germany has completely turned the tables upon Great Britain.

Guineeness Is Doubted.

London, Thursday, Feb. 13.—The Telegraph regards the documents published in the Reichsanzeiger of Berlin as absolutely irrelevant, even if genuine. "In the latter case," says the Telegraph, "it would only mean that Pauncefote had

made suggestions which the British government failed to approve.

The Chronicle thinks the mistake of the late President McKinley in not publishing Spain's final note offering concessions lies at the bottom of the whole mystery.

FEAR GERMAN TARIFF.

Millers of United States Meet to Form a National Organization.

Chicago, Feb. 12.—The millers of the United States, represented by thirty-five delegates, met here today and appointed a committee to draw plans for a permanent national organization. The committee will report tomorrow when a plan undoubtedly will be adopted. The object of the new association will be to unite the millers and enable them to use their strength with congress as a unit. The millers, it is said, fear adverse foreign tariffs, especially the new German tariff.

WILL GUARD AMERICAN RIGHTS.

Minister Conger Obtains Official Assurance Regarding Railway Concessions.

Peking, Feb. 12.—United States Minister Conger has obtained official assurance safeguarding the rights of the American-Canton-Hankow railroad syndicate, threatened by similar concessions to Belgians.

Prince Ching, president of the foreign office, says the concessions granted to the Belgians by local officials are worthless unless ratified by the government, which will not grant anything prejudicial to American rights.

FIGHT OVER MISS STONE.

Captors of Missionaries Attacked by Another Band of Brigands.

Paris, Feb. 12.—Referring to the reported engagement between the brigands for the possession of Miss Stone the Constantinople correspondent of the Echo de Paris says:

The captors of Miss Stone have been attacked by another band of brigands making an effort to secure the prisoners in order to get the ransom. Twenty men on both sides were killed during the fight but the original captors of the missionary were victorious. Miss Stone was not hurt.

QUEEN OF THE NAVY SHOOTSWRONG MAN

BATTLESHIP ILLINOIS SURPASSES ALABAMA, OREGON AND KEARSARGE.

New York, Feb. 12.—The battleship Illinois, which today dropped anchor off Tompkinsville after its final trial run from Newport News to New York, proved herself the queen of the navy. In every test she surpassed the Alabama, Oregon and Kearsarge. The tests were rigorous and fully demonstrated her officers say, her superiority over other vessels of her class. Commander Usher, who, in the absence of Captain Converse, was in command of the vessel, said tonight:

"We had a hard test and surprising efficiency, speed and power were developed. The most gratifying test which was somewhat surprising, was her speed at natural draught. The test showed 102 revolutions a minute, against ninety-eight for the Kearsarge. The actual speed indicated by the greater number of revolutions would make us about half a knot an hour faster than the Kearsarge, or in fact any other battleship. The speed was about 15.7 knots an hour. Under natural draught at top speed the coal consumption would be approximately 150 tons a day.

"It was not only in speed that the Illinois broke records. She surpassed the figures of the tests of other battleships in every particular. In maneuvering, handling of guns, hoisting of ammunition, loading and sighting, and swinging to one point and another as though engaged in a fight, she fully showed her superiority."

HOPE FOR YOUNG ROOSEVELT.

If No Change Comes Boy's Vitality Will Pull Him Through.

Boston, Mass., Feb. 12.—If Theodore Roosevelt, Jr., continues for the next twenty-four hours in his present condition, his physicians have given the president and Mrs. Roosevelt to believe their son's vitality will be sufficient to meet and pass successfully the crisis, which is looked for some time tomorrow, and Friday morning he will be practically out of danger. Tonight he is considered better than he was last night and was sleeping quietly at 11 o'clock.

NEW RAILWAY LINE.

Ishpeming Man Interested in Fort Smith & Western.

Guthrie, Okla., Feb. 12.—The Fort Smith & Western Railway company was chartered today and will build to this city from Ft. Smith, Ark., 350 miles. The capital is \$2,500,000. The incorporators are George Hayden, Ishpeming, Mich.; A. C. Dustin, Cleveland; Frank Dale, Adelbert Hughes, F. H. Greer, W. S. Stiles, F. C. DeLester, J. W. McNeal and A. G. Bierer, Guthrie.

CROWDS STONE POLICE.

Renewal of Disturbances in Several Towns in Spain.

Madrid, Feb. 12.—There have been renewals of disturbances in several towns. At St. Bostian the crowds stoned the police and the latter carried several times. A score of persons were wounded. In Barcelona the strikers and workers had several conflicts. Shots were exchanged and a number of people wounded.

RESEMBLES TRIPLE ALLIANCE.

Opinion of German Newspaper Regarding Anglo-Japanese Treaty.

Berlin, Feb. 12.—The National Zeitung says:

The Anglo-Japanese alliance bears a great resemblance to the triple alliance. If the United States has joined Japan and Great Britain in resisting the signing of the Manchurian treaty, it must be inferred the United States regards the new treaty sympathetically. Since the immediate aims of Japan and Great Britain are essentially defensive, the treaty requires unmistakable significance in regard to the preservation of peace in the Orient.

Russia Is Not Menaced.

Paris, Feb. 12.—The view taken in diplomatic circles here of the Anglo-Japanese alliance, being purely defensive, is in nowise a disputing element in the eastern situation. The agreement, it is claimed here, excludes Manchuria, and Russia, therefore, is not menaced thereby. The alliance is taken out to indicate that Great Britain has abandoned opportunism and her vacillating attitude of recent years in the far East for a fixed policy, and the result will certainly make for the peace of the world.

Chinese Express Satisfaction.

Peking, Feb. 12.—Chinese officials who were informed of the signing of the treaty expressed the greatest satisfaction. They said British prestige in the far East had been given a tremendous advancement. It is not doubted among diplomats here now that the alliance will effectively veto the signing of the Manchurian treaty.

Received With Enthusiasm.

Yokohama, Feb. 12.—The news of the signing of the Anglo-Japanese treaty, officially announced in parliament today, has been received with enthusiasm throughout Japan.

GERMAN YACHT ARRIVES.

Hohenzollern Enters New York Harbor a Day Ahead of Time.

New York, Feb. 12.—The German yacht Hohenzollern arrived in port today a day ahead of schedule time. The yacht was greeted by shipping in the harbor by the dipping of colors and blowing of whistles.

RECEIVER FOR DETROIT BANK.

Union Trust Co. Is Appointed and Bond Fixed at \$500,000.

Detroit, Feb. 12.—The Union Trust company was today appointed receiver of the wrecked City Savings bank. The bond was fixed at \$500,000. Prosecuting Attorney Hunt this morning began suit against the directors of the bank, a half of Wayne county for \$250,000. The county was one of the heaviest depositors.

MURDERER TO BE HANGED.

Gallows on Which J. E. Hinkle Will Expiate Crime Are Exhibited.

Peoria, Feb. 12.—The gallows on which Joseph E. Hinkle, the wife murderer, will expiate his crime Friday, were exhibited on the streets here today. Hundreds of citizens, the larger number of whom were young children, inspected the gallows. Hinkle is bearing up strong and says he will meet death unflinchingly.

The coroner's jury in the inquest of Wallace Markley, the boy killed a week ago in a coasting accident, today returned a verdict holding the city responsible and exonerating the car company. The jury claims the city authorities should have enforced the ordinance prohibiting coasting or furnished police protection.

MRS. CONGER CRITICISED.

Address to Dowager Empress Commented on by Natives.

London, Thursday, Feb. 13.—The Shanghai correspondent of the Times says the address of Mrs. Conger, wife of the American minister at Peking to the dowager empress has been published and severely criticised. Native opinion sees in the episode of the reception of the legation a fresh triumph for Chinese diplomacy and an evidence of weakness of the foreign powers resulting from international jealousies.

SUICIDES BY HANGING.

Ottumwa, Ia., Feb. 12.—D. C. Jones of Cedar Rapids, division freight and passenger agent for the Milwaukee road, suicided here tonight by hanging. Ill health is supposed to have been the cause.

FIGHT IN KENTUCKY

FIERCE BATTLE BETWEEN OFFICERS AND MOUNTAINEERS.

SIX DEAD AND AS MANY DYING

MOUNTAIN SALOON CONVERTED INTO A FORTRESS.

Turnerites Resist Arrest and Pours Gallering Fire Into Building—Inmates Shot From loopholes Cut in Logs.

Middlesboro, Ky., Feb. 12.—Six dead and as many dying is the result of a battle between officers of Middlesboro and mountaineers. The battle which was one of the most desperate of its kind in the history of mountain warfare, occurred this evening at Lee Turner's "Quarter House" saloon, three miles from Middlesboro.

Last month some mules and other property belonging to Turner was levied on for debt, and recently, it is said, he and a party took possession of this property, bringing it back. Hearing that an attempt was to be made to arrest him, Turner and fifteen of his men prepared to receive the officers. The saloon is built of logs and is surrounded by holes are cut out so that the inmates can shoot at outsiders.

Turner's Surrender Demanded.

The officers demanded Turner's surrender. His reply was a round of shots. Some one in the house raised a window and shot Charley Cecil, of Middlesboro, dead. Instantly the man at the window fell back pierced by a half dozen bullets. The officers scattered and hid behind trees, poured a gallering fire into the mountain fortress. John Doyle, a former railroad man, is perhaps fatally wounded, and Simon Bean, another railroad man, was shot in the hand.

The town men closed around Turner's place and in the midst of the battle a man applied a torch and in a few minutes the building was in flames. Several mountaineers came to the window and were shot down. The posse surrounded the barricade, determined to let none escape. Lee Turner and several friends, however, escaped and he is now at the Mingo mines, eight miles from Middlesboro. Several of his men perished in the flames.

Many Rumors Afloat.

"This has been the most exciting day ever known in Middlesboro, notwithstanding the fact that many rumors have been fought within the town limits and the vicinity. All sorts of rumors are afloat tonight, one being that five Turnerites were killed by the attacking party and five more perished in the flames. It is also believed that the posse lost more men than one, and that some of the Middlesboro fighters may now be lying dead or dying in some of the hollows surrounding the "Quarter House."

Some deputies tonight state that half the men are still at the "Quarter House" and they will return for reinforcements. It is feared the trouble is not at an end and that Turner will organize a band and avenge the death of his friends and the burning of his saloon.

The "Quarter House" is known far and wide because of the number that has been killed within its confines. Fifty-nine persons have been killed there and twice that number wounded.

RECEIVER FOR DETROIT BANK.

Union Trust Co. Is Appointed and Bond Fixed at \$500,000.

Detroit, Feb. 12.—The Union Trust company was today appointed receiver of the wrecked City Savings bank. The bond was fixed at \$500,000. Prosecuting Attorney Hunt this morning began suit against the directors of the bank, a half of Wayne county for \$250,000. The county was one of the heaviest depositors.

GENERAL RIOT IN ROME.

At Carnival Celebrations Maskers Resist the Police.

Rome, Feb. 12.—During the carnival celebrations at Catania a body of maskers resisted the police in the latter's efforts to make an arrest. This led to a general riot, which lasted six hours. The mob smashed shop windows and burned a carnival car and the stands erected for the spectators. After many persons were injured troops restored order.

MARQUIS DUFFERIN DEAD.

Former Governor General of Canada Passes Away After a Long Illness.

London, Feb. 12.—Marquis Dufferin, former governor general of Canada, and who filled many high diplomatic posts in the English service, died this morning after a long illness at his residence in Chudeboye, County Down, Ireland.

DIAZ MAY RETIRE.

El Paso, Feb. 12.—It is reported here that information has been received that President Diaz of Mexico intends to retire within six months and that General Reyes will succeed him.

TODAY'S WEATHER.

Washington, Feb. 12.—The following is the weather bureau's forecast for Upper Michigan: Snow showers and Friday, fresh northwest winds.

A PICTURE

Of health, we say of a perfectly healthy woman, and it is a picture everyone loves to look upon. All the pictures of all the artists who have ever painted the glory and beauty of womanhood, are only copies and imitations of this picture.

Never artist mixed a color on his palette that can vie with the hues which tint a healthy woman's cheek. Why should this charm be sacrificed to sickness? It need not be in rare cases. The general health of woman is so linked with the local womanly health that wasted cheek and sunken eye are in general but evidences of womanly diseases. Cure the diseases and the physical health is restored.

Dr. Pierce's Favorite Prescription cures the ills of women. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

First National Bank of Marquette, Mich. Organized January 22, 1864. CAPITAL AND SURPLUS, \$200,000 DESIGNATED DEPOSITORY OF THE UNITED STATES.

Marquette National Bank, Marquette, Mich. Capital, \$100,000. A general banking business of discount and deposit transacted. Exchange sold on all parts of the world.

PILES. Suffered the torture of the damned with protruding piles brought on by constipation with which I was afflicted for twenty years. I can across your CASCARETS in the town of Newell, Ia., and never found anything to equal them.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.) Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to the Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00 Per month, by mail, \$1.00 MARQUETTE, MICH., FEB. 13.

The Saginaw News states that the wages paid the coal miners of Saginaw county now amount to not less than a million dollars annually. The industry is steadily growing in extent and value in that part of the lower peninsula, and is helping incidentally to bring to the cities adjacent to the mines many other valuable producing interests.

The beet sugar men are said to be organizing a movement to put Senator Barrows in the field as a candidate for the presidency in 1904. But if he should fail to prevent Cuba from being granted the concessions she asks for on the sugar tariff they may think differently about it.

Commerce of the Lakes. The statistics of the traffic passing through the Sault Ste. Marie canals last year again demonstrate the vast proportions of the commerce of the great lakes, and its continuous growth, observes the Cleveland Plain Dealer.

Directors who don't direct. Taking as its text the wrecking of the City Savings bank of Detroit by its vice president, with the connivance of its cashier, the Free Press of that city has this comment on the disregard of a plain duty by bank directors who don't exercise proper care in safeguarding the interests of depositors.

There is anything left when the depositors are paid, the remains might properly be presented to him as a souvenir. Mr. Frank C. Pingree, president of the sacked financial orange, is credited with this extraordinary statement.

Richard Hazzard, the Soo painter who was so severely burned in the Holden fire last week, is dead. He had been followed by a train of bad luck for more than a year. Just previously to his coming to the Soo from his former home in Grand Marais, he lost two of his little children. Then his wife became ill shortly after his removal to the Soo last February, and when she recovered he was taken down.

OUR ARMY THE BEST. Our army is the most effective and efficient organization in the world. The reason for this is the men are well paid as well as well fed. Good feed and good pay, however, will not alone make a good soldier. He must have steady nerves, a good digestion and a strong constitution.

Upper Peninsula. The Soo, too, wants the naval training station it is proposed to establish on the great lakes.

Five Ironwood men—Frank J. Hanson, Nels Nelson, Charles Richards, Francis Vine and August Schmitz—have enlisted in the United States army. Hanson, Nelson and Richards served in the Cuban campaign in Company H, Thirty-Fourth Michigan Volunteers, while Vine was a member of Company I, M. N. G.

Indications are promising for large building operation in the Soo this year, and a lively real estate market. There is a decided dearth of dwellings for renting purposes. In fact this condition is no better today than it was a year ago, despite the fact that many more new residences were erected last season than in any previous year.

Notwithstanding the fact that the board of supervisors at its last session recommended the appointment of Frank Foster for deputy game warden for Delta county, State Game Warden Morse has reappointed Charles Olmsted of Garden.

Hood's Pills. Do not gripe nor irritate the alimentary canal. They act gently yet promptly, cleanse effectually and Give Comfort Sold by all druggists. 25 cents.

A woodsman was discovered suffering with smallpox the other day at Stephenson, Menominee county. No other place being available, the jail was fitted up and McCarthy given full possession of the premises, with the privilege of attending to his own wants, keeping the room warm, etc.

The Manistique Pioneer Tribune says: "A petition is out asking the supervisors to release the bondsmen of ex-Treasurer V. P. Chappel from their obligation, and spread the shortage on the tax rolls of the various townships. Such a scheme will not be popular with the taxpayers. Very few however, are disposed to compel the unlucky sureties to put up the entire amount and would favor a reasonable settlement for were they compelled to pay the full amount it would financially wreck some of the sureties."

"Tony" G. Mott has returned to the Soo from Birmingham, Ala. He is back to straighten out his affairs and make an effort to reopen his business, which has been in the hands of the sheriff. Mr. Mott says that he had no intention of leaving the Soo permanently when he started from there some two months ago.

Mayor Erditz's veto of the measure passed by the Menominee common council in his absence, awarding Dr. Nels J. Lund of Marinette \$300 damages for injuries caused by falling on a sidewalk, has been sustained by Judge Stone.

A Lansing dispatch states that Secretary of State Warner has decided not to prosecute the upper peninsula clergyman who recently married a couple in advance of the issuing of the marriage license. The clergyman knew that the license had been sent and was on the way. His excuse for violating the law was that the wedding guests were all getting cold.

LOW ONE-WAY SETTLERS RATES TO THE WEST. During the month of March and April the D. S. S. & A. Ry., will have on sale to points in North Dakota, Montana, Idaho, Washington, Oregon and British Columbia, one-way settlers tickets at greatly reduced rates.

MINING JOURNAL CO., Ltd. This prize contest will be entered into with the object of bringing about a still closer affiliation between the publishers of this paper and its subscribers, at the same time distributing to the winners very acceptable cash prizes.

ADVANCE ANNOUNCEMENT THE PUBLISHERS OF THE MINING JOURNAL Will within a few days offer a new lot of CASH PRIZES in a NEW PUZZLE CONTEST. THE PRIZES WILL BE FREE TO SUBSCRIBERS to The Mining Journal. The amount of money will be several times larger than that given in last summer's contest, and the number of prizes greater. The scope of the distribution will be as broad as the publishers can make it. Watch for Future Announcements. This prize contest will be entered into with the object of bringing about a still closer affiliation between the publishers of this paper and its subscribers, at the same time distributing to the winners very acceptable cash prizes. TO MANAGE MILWAUKEE HOTEL.

C. W. Devey, Formerly of the Douglas House, Takes Charge of St. Charles. The Milwaukee Sentinel has the following to say regarding a former copper-country hotel landlord:

HANCOCK AFTER HOUGHTON.

Challenge for Hockey Game for \$100 a Side Is Issued. Although the Portage Lake players comprising the Hancock hockey team were defeated by the Houghton team last Monday evening, they are inclined to believe that they can win out from Houghton after all and have issued a challenge for a game for \$100 a side.

Duluth Claims Championship.

There is a hockey team in Duluth that claims the championship of the Northwest and says it has a cup to represent the title. The Portage Lake seven is desirous of meeting the Duluth players and Manager Webb has written to the Duluth City in the hopes of arranging games to be played. Mr. Webb wants the team to come and bring its cup along.

St. Paul at Hancock Tomorrow.

The St. Paul hockey team will leave for Hancock today. The first game will be played tomorrow night at the Palace ice rink, Hancock, and the second match the following night.

Hancock Clerks Victorious.

The Hancock clerks' hockey team easily defeated the Houghton clerks' seven at the Palace ice rink at Hancock Tuesday night by a score of 4 to 1. The game was easily the feature of the party and was worth provoking throughout.

Return Bowling Game.

The Calumet Y. M. C. A. bowlers will play a return game with the Hancock association bowlers at the Hancock bowling alleys on Thursday evening, Feb. 20.

SINGER AFTER A STEAMER.

Captain W. H. Singer has been visiting lower lake ports in quest of a steamer for his White line on Lake Superior. He has visited Detroit and Cleveland and has seen some steamers that will answer his purpose. The names of the craft he will not divulge, but it is probable that at the opening of navigation next season one of the lower-lake boats will go to Duluth. Captain Singer says it is his intention to get only an up-to-date steel vessel about 200 feet long. This vessel will probably be put on the run between Duluth and Isle Royale. The business has outgrown the facilities possessed by the White line at present. Isle Royale, which has lately come to the front as a tourist resort, is the direct cause of the increase in business. The island is controlled by an English syndicate, who secured it for the purpose of mining copper, but later turned it into a summer resort.

TO DREDGE OUT SANDS.

Some months ago Major Marr, of the government engineers' office at Houghton, stated that private parties were after permission to dredge out the old Osceola sands, which extend out beyond the government lines in Portage Lake. The sands were to be reworked for copper and at the same time the removal of the sands would aid navigation. It now appears that M. R. Goldsworthy of Hancock has secured permission from the government to remove the sands. It is his intention to dredge up to the harbor lines and rework the sands for what copper there is in them.

WARD-BENY NUPTIALS.

Roy Ward, of Calumet, and Miss Florence Beny, of Lake Linden, were married by Rev. Richter of Lake Linden in that village Tuesday evening. The young couple left in the evening for a short wedding trip to points south. They will reside at Keweenaw Bay where Mr. Roy is employed.

BOY RUNS INTO TRAIN.

Youth Is Thrown Into Snow Bank But Is Not Injured. Just as the Ontonagon passenger train on the Mineral Range road was pulling out of the Osceola station Tuesday night a boy about twelve years of age was seen by the firemen to run from behind the tool house near the track towards the train. Evidently he did not see the train or did not know it was moving. He ran against the wings of the snow plow on the locomotive and was hurled into a snow bank at one side. The engine was stopped and backed, the engineer fully expecting to pick up the lifeless body of the boy. As they were about to get down from the cab, however, the boy was seen making off at a great rate for the location. Who he was could not be ascertained. It was a very narrow escape and one that the lad will no doubt remember for some time.

WANT DAMAGES FOR DEATH.

Heirs of Con Sullivan Seek to Recover From Copper Range Road. The demurrer filed in the case of John P. Richards, administrator of the estate of Con Sullivan, deceased, against the Copper Range Railroad company, for damages, was sustained by the court in the circuit court Tuesday. The demurrer will be amended and the case will come up for trial at the next term of court. The full in the proceedings is only a temporary one. Sullivan was killed on the Copper Range road last fall and it is claimed by his relatives that the company was to blame. They now seek damages for Sullivan's death. The case has been up for some time but has not yet come to trial owing to some irregularities in the preliminary legal proceedings by the plaintiffs' attorneys.

"LITTLE KIT" MISSING.

Horse Widely Known In Copperdom Has Suddenly Disappeared. Dan Washburn, who owns a summer resort at the canal and who lives at that place, lost his black mare, "Little Kit," a horse widely known about Hancock, last Sunday. The mare was brought to the copper country twenty years ago and had several owners before Mr. Washburn secured possession of her. She was sixteen years of age and Mr. Washburn bought her and he owned her seven years. Up to a year ago she was as spry as a colt and could make the distance between Hancock and the canal in short order.

TROUBLES ARE NUMEROUS.

Joseph Richards, of the Atlantic, Quarantined for a Month. Joseph Richards, of the Atlantic, whose trade is that of a mine blacksmith, is having his share of trouble. For a month he has been confined to his bed because of scarlet fever in the house. About a week ago one of his daughters died of the disease and now two more are suffering with it, while Mr. Richards himself has what may prove to be blood poisoning in one of his hands.

SINGER'S BOATS LAID UP.

The harbor of Duluth is ice-locked with ice which extends into the lake a distance of twelve miles. The steamer Iron Arm, of the Singer line, on Monday made its first run since the ice broke up at the southern terminus of its route, and Tuesday the Hunter, of the Booth line, followed suit. Navigation closes on Lake Superior as far as Duluth is concerned at about the same time as last year. The steamers of both north shore lines will continue running north from Two Harbors as long as business and the weather will permit.

TO MANAGE BIG STORE.

Charles Kellow, of Ishpeming, arrived in Houghton Tuesday on his way to Painesdale to assume the management of the South Range Mercantile company's store in place of John Polglase, recently resigned. Mr. Kellow left for the South range location over the Copper Range road yesterday morning. The company, whose principal stockholders are Houghton men, believe they are fortunate in securing the services of Mr. Kellow as he is a man with a great deal of experience in the mercantile business. At Ishpeming he was the manager of the Ishpeming Co-operative store.

TIDY SUM REALIZED.

The Houghton firemen cleared up \$269.88 from their annual masquerade ball given last Monday night. The money has been put in the treasury of the company to be used for its various needs during the year. The annual masquerade is about the only source of revenue the department has.

TERM NEARING AN END.

Court will not be in session today as there is no business to come before it but the session will be resumed tomorrow. The end of the present term is near and this week may see the final close. Motions and arguments before the court occupied its attention yesterday.

TO CURE GRIP IN TWO DAYS.

Laxative Bromo-Quinine removes the cause. E. W. Child's signature on every box.

CHILD WORTH MILLIONS.

"My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa. "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolutely safe cure which acts immediately. The youngest child can take it with safety. They all like the taste and remember how often it helped them. The Stafford Drug Co., H. N. Meloche Co., Ishpeming.

RAINBOW OF COPPER SITUATION.

Daylight Seems Once More to be Penetrating the Market. The Boston Traveler, in commenting editorially on the copper boom, throws out this ray of light to illumine the pathway of those who have been stumbling along in the dark and hoping against hope that a change for the better would come. Daylight seems once more to be penetrating the copper share market, and the long patient waiters are just a bit inclined to enthuse, inclined to believe that the long lane has come to a turn at last, and that beyond the bend lies the rainbow of the whole copper situation.

It may be true that the rainbow is almost in sight, but it should be borne in mind that rainbow does not signify the close of storms for now and forever. It simply signifies the close of this particular storm. There are storms ahead for the copper market, and just as disastrous as the one now seemingly drawing to a close. That is bound to be the case so long as the greed of man is his guiding star. This Amalgamated falling out is but another chapter in the same book that contains the history of the Western corner.

It is undeniable that the copper situation, as a whole, is materially better today than it was a month back, and than it has been in a good six months. Europe, particularly Germany, seems to be emerging at last from its discouraging commercial and industrial depression. With this throwing off of lethargy comes the natural spirit of commercial and industrial activity, with its consequent extended employment of copper and other metals that figures so largely in the industrial development of recent years.

There is undoubtedly many a chance for a handsome turn in the copper shares just now, and time it undoubtedly is that he who invests in the dividend payers at present prices will have little cause for regret. But it also seems true that he who buys the copper shares now on the strength of these extravagant claims of 180 for this share, 50 for that, etc., is very apt to be considerably disappointed when the fact is taken into consideration that new producers are on the eve of coming into the field, producers whose worth is all but demonstrated.

There is undoubtedly many a chance for a handsome turn in the copper shares just now, and time it undoubtedly is that he who invests in the dividend payers at present prices will have little cause for regret. But it also seems true that he who buys the copper shares now on the strength of these extravagant claims of 180 for this share, 50 for that, etc., is very apt to be considerably disappointed when the fact is taken into consideration that new producers are on the eve of coming into the field, producers whose worth is all but demonstrated.

SMALL-POX BILLS ALLOWED.

At the afternoon session of the county supervisors Tuesday a bill of law granting small-pox bills from the village of Laurium was allowed, amounting to several thousand dollars in all. The bills have been hanging fire for some time and the county was unwilling to pay them until the claims could be fully investigated. At the last meeting of the board the bills were referred to the prosecuting attorney for scrutiny.

BILLIARD TABLES FOR CLUB.

The Brunswick-Blake-Collender company, of Chicago, will install the billiard and pool tables and bowling alleys in the rooms of the Calumet Social club on the third floor of the new State Savings bank building at Laurium. As soon as the building is ready for occupancy the furniture and fixtures will be installed in the club rooms which will make a delightful retreat for the members.

WANT CHEMICAL ENGINE.

Some of the Red Jacket firemen advocate the purchase of a chemical engine which, it is believed, would be a very useful addition to the department's equipment. The council may be asked to take action in the matter. The engine could be utilized in the case of small fires where water often causes more damage than either the fire or smoke.

RUN OVER BY SLEIGH.

Allie Stecker, aged about eleven years, of Hancock, had a narrow escape from serious injury at noon yesterday. While trying to catch a ride he was run over by a sleigh at the corner of Quincy and Toxeno streets. Young Stecker was taken to the Milwaukee house where it was found that he was painfully bruised but no bones were broken.

GOES TO CINCINNATI.

Rev. Father Sigmund Pirron, of the Sacred Heart church, Calumet, is to lose his assistant pastor, Rev. Father Casper Matz, who has been called to as assistant pastor in Cincinnati. Father Matz will leave Calumet in a short time. He has been connected with Sacred Heart church for nearly two years and has been a popular priest.

TO ATTEND Y. M. C. A. CONVENTION.

George Ellis, assistant secretary of the Hancock Y. M. C. A., left yesterday for Battle Creek to attend the convention of the Y. M. C. A. to be held there from Feb. 13 to 15. Secretary Wing was made up by W. E. Mack and A. C. Filer, of Calumet, are the delegates of the Calumet Y. M. C. A. to the convention.

Everybody's liable to itching ptes. Rich and poor, old and young—terrible itchy eruptions on the face, neck, arms, legs, etc. Doan's Ointment. Absolutely safe; can't fail.

COPPERDOM BREVIETIES.

"Hello Bill" is the attraction at the Calumet theatre tonight. Z. W. Wright, of Hancock, will leave today for California to spend the rest of the winter.

Charles Cooper of Hancock has returned to Boston to attend the Boston School of Technology.

Charles Malquist of Houghton, is very ill with typhoid fever at St. Joseph's hospital at Hancock.

There will be English services at the Norwegian Lutheran church on the Quincy hillside Sunday evening.

Rev. Father Zimmerman, of South Lake Linden, is advertising for bids for the erection of a Catholic school.

The M. Van Orden company and not Van Orden Bros. are building the big coal docks on Portage Lake at Houghton.

The date for the annual memorial exercises of the Red Jacket lodge, A. O. U. W., has been set for Feb. 18 at the town hall.

J. C. Haas, of Spokane, Wash., a graduate of the Michigan college of mines, is in Houghton visiting his brothers.

Rev. James Pascoe, of the Pewabic M. E. church, will conduct the revival services at the Grace Methodist church at Houghton tonight.

The Hancock lodge, K. of P., has received its paraphernalia to be used in the amplified third degree. It was open for inspection at the lodge rooms last night.

Daniel Ross of Laurium and Miss Minnie Sullivan, daughter of J. H. Sullivan, of Osceola, were married at the Sacred Heart parsonage, Calumet, Monday evening.

The funeral of John Odgers, an Atlantic miner who died Monday, was held from the Atlantic Methodist church yesterday afternoon. He left a wife and six small children.

Dr. W. H. Dodge, of Hancock, wired from Gladstone yesterday morning that Eugene Murphy, the Hancock traveling man who was taken ill at that place Sunday, was much better.

The funeral of John W. Wester, of Newton, who died Monday evening of quinsy after a two week's illness, will be held this afternoon from the Finnish Lutheran church, Calumet.

James Willis has been appointed transient officer for the Calumet schools by the Calumet school board. He has been acting in that capacity since the recent resignation of Sakris Sivola.

The installing of a Kewanee fire box boiler in the basement of the new Citizens' National bank at Houghton was completed yesterday. The structure will be heated by the vacuum system.

Miss Angles Looney and John Stehlin, of Hancock, won the prizes in the progressive eighth party given by the ladies of the St. Joseph's church at the Hancock village hall Tuesday evening.

Alex McPhee of Ontonagon, who was brought to the Hancock hospital about three weeks ago to have one of his limbs amputated, is now able to be around on crutches. He will leave for home today.

Tom Asselin, of Houghton, who has gained some notoriety as a skater, is matched to skate against Osmond Byrce, of Houghton, at the Hancock ice rink Saturday night. Manager Verville will give the purse.

W. O. McNaughton, traveling passenger agent of the Erie road, and George W. McCaskey, district passenger agent of the Northern Pacific road, were Houghton business visitors yesterday. Both hail from St. Paul.

Edward Carrigan of Hancock and Miss Mary Reiter of Calumet, and William Sullivan and Miss Mary McCarthy, both of Osceola, were married Tuesday morning by Rev. Father Sigmund Pirron of Sacred Heart church, Calumet.

The William Eckart company of Chicago has the contract to decorate the interior of the new State Savings bank building on Hecla street, Laurium. It is the same firm that did the work on the interior of the Calumet theatre.

Houghton people are now about convinced that the new theatre project is a "go" although there were many skeptical ones when the announcement was first made. The "old hotel crowd" generally does not say it, or at least has that reputation.

At its annual meeting Tuesday evening the Laurium fire department selected the following officers for the ensuing year: Chief, Henry Volger; first assistant chief, George Kuhn; second assistant, James Archie; secretary, Peter Charrier; treasurer, J. C. Mills.

The stock brokerage offices were closed yesterday because of Lincoln's birthday. The day was appropriately observed in all of the county schools and in many of the departments special programs bearing on the life and works of the martyred president were carried out.

Judge Charles Bawdin, of Houghton, is taking the place temporarily of Judge Casper Brand, who is in Battle Creek attending the convention of the A. O. U. W. Judge Bawdin had two vagrants before him yesterday. Sentence was suspended providing they got out of town in short order.

A. F. Rosenberger, of the Northwest Development syndicate, will leave for Nelson, B. C., today accompanied by H. Z. Brock, who will superintend the development work at the gold properties. Mr. Brock will also be the managing director of the company and will represent the interests of the Hancock stockholders.

HAD TO CONQUER OR DIE. "I was just about gone," writes Mrs. Rosa Richardson, of Laurel Springs, N. C. "I had Consumption so bad that the best doctors said I could not live more than a month, but I began to use Dr. King's New Discovery and was wholly cured by seven bottles and am now stout and well." It's an unrivaled life-saver in Consumption, Pneumonia, La Grippe and Bronchitis; infallible for bottles \$6 and \$100. Trial bottles free at Stafford's drug store.

Strong Nerves are the true source of good, healthy appearance. Persons with half-starved nervous ways look worried and "dragged-out." You cannot be happy without nerve vigor; you cannot be natural without all the powers which nature meant you to have. Sex-in-Oils produce a beautiful glow which art cannot imitate. They invigorate every organ, put new force to the nerves, elasticity to the step and round out the face and form to lines of health and beauty. \$1.00 per box; 6 boxes (with written guarantee), \$5.00. Book free. Sold Only at PEOPLE'S DRUG STORE, Marquette.

OLEO BILL PASSES

MEASURE BEFORE HOUSE FINALLY DISPOSED OF.

IMPOSES TAX ON IMITATIONS

INSPECTION OF RENOVATED BUTTER PROVIDED FOR.

Must Also Be Prominently Branded and Labeled in Such a Manner as May Be Prescribed by the Secretary of Agriculture.

Washington, Feb. 12.—The house today passed the oleomargarine bill. There was no division on the final passage. The real test of strength having been made on the motion to refer the bill to the committee on agriculture.

Subject to State Laws. As finally passed the bill is somewhat modified from the form in which it was reported from the committee of agriculture. It makes oleomargarine or imitation butter or cheese transported into any state or territory for use, its sale or consumption therein, subject to the laws of such state or territory, notwithstanding it may be introduced in original packages, and imposes a tax of ten cents per pound on oleomargarine made in imitation of "butter of any shade of yellow."

The second section is intended to prevent dealers, hotel proprietors and restaurant and boarding house keepers from coloring the uncolored article, by making any person who colors the product, a manufacturer within the meaning of the act. The penalties for violation of the act are a fine of not less than \$50 nor more than \$500 and imprisonment of not less than thirty days nor more than six months.

Rigid Sanitary Inspection. The new section relating to the inspection and branding of renovated butter follows:

"The secretary of agriculture is hereby authorized and required to cause a rigid sanitary inspection to be made from time to time, and at such times as he may deem necessary, of all factories and store-houses where butter is renovated; and all butter renovated at such places shall be carefully inspected in the same manner and to the same extent and purpose that meat products are now inspected. The quantity and quality of butter renovated shall be reported monthly. All renovated butter shall be designated as such by marks, brands and labels, and the words 'renovated butter' shall be printed on all packages thereof in such a manner as may be prescribed by the secretary of agriculture, and shall be sold only as renovated butter. No renovated butter shall be shipped or transported from one state to another, or to foreign countries unless inspected as provided in this section."

War Claims Are Passed. The war claims occupied the attention of the house during the passage of the oleomargarine bill, and the day was made notable for the passage of the first bill for the payments of claims of United States citizens arising out of the Spanish war. It carried something over \$55,000 for payment in 202 claims for property taken within the United States for the use of the army.

Two other bills, which have been before congress for twenty-eight years, to refer certain claims for additional compensation by the builders of certain monitors during the Civil war to the court of claims, were passed.

Postoffice Appropriation Bill. The postoffice appropriation bill is practically completed by the house committee and will be reported in a few days. It carries \$137,916,598, an increase of \$14,133,910 over the current appropriation and \$3,185,022 over the estimate. The largest item is \$11,250,000 for railway transportation of mails.

The rural free delivery service gets an increase of \$1,250,000, making a total of \$529,000, and provision is made to place rural carriers under the contract system instead of salaries as at present.

For the increase of salaries for postoffice clerks \$811,000 is allowed, and

LEWIS A. PROCTOR DEAD.

Former Editor of Milwaukee Evening Wisconsin Passes Away.

Chicago, Feb. 12.—Lewis A. Proctor, former editor of the Evening Wisconsin, and for twenty-five years a resident of Milwaukee, died today at his sister's residence in Oak Park, where he had resided for the past year. He was seventy-one years of age. Mr. Proctor was instrumental in establishing the Wisconsin State Normal school. He was editor of the Evening Wisconsin for eighteen years. He wrote "Biographies of Noted Men of Wisconsin."

Republican Clubs Meet. Terre Haute, Feb. 12.—The convention of the Indiana league of Republican clubs opened this afternoon. The principal address was by Hon. Sidney A. Foster of Des Moines, Ia. At a banquet tonight speeches were made by U. B. Hunt, secretary of state; Lieutenant Governor Gilbert; Hon. J. Frank Hanley; and Frederick W. Landis.

Chicago, Feb. 12.—Lewis A. Proctor, former editor of the Evening Wisconsin, and for twenty-five years a resident of Milwaukee, died today at his sister's residence in Oak Park, where he had resided for the past year. He was seventy-one years of age. Mr. Proctor was instrumental in establishing the Wisconsin State Normal school. He was editor of the Evening Wisconsin for eighteen years. He wrote "Biographies of Noted Men of Wisconsin."

HE PLEADED GUILTY. Court Records Show Munisingite Was Drunk While in Marquette.

A certain Munising man, in an interview with a Munising paper.

Without dispute were it not for the records of the police court here.

According to these, the Munising man was gathered in for drunkenness and disorderly conduct on a public thoroughfare.

When brought before Justice Donovan the next morning he pleaded guilty to the charge and paid a fine and costs amounting to \$6.

The officer who made the arrest states that the visitor was very much intoxicated at the time and had just been participating in a "scrap" with another man.

As to the visitor's claim that he was "touched" for a sum of money, the police doubt it.

When he was landed in the lock-up something over a hundred dollars were found in his possession by the two officers.

He searched him, and this was restored to him the next day when he had settled his fine.

According to the police, Mr. Man was very reckless in displaying his lucre, especially in the saloons he visited.

And they think that if he really did become separated from part of his cash, he probably lost it and is himself to blame.

The Munisingite is said to be very quiet and unassuming when sober, and to be a good fellow withal.

But that when he drinks too freely of the beverage that smelleth of the hop—and other strong drinks as well—he becomes noisy and unruly.

His name is here out of consideration for his family.

LANDS HELD TOO HIGH. Stand of Farmers May Kill the Leelanau Railroad Scheme.

The Traverse City, Leelanau & Manistiquette railway through Leelanau county stands a fair show to go glimmering.

By the recent purchase of the Manistiquette & Northwestern by the Messrs. McHenry and Kaufman, a new phase to the question has come up.

With the price the owners of property in Leelanau county are asking for right-of-way, may result in putting an end to the enterprise.

The Manistiquette & Northwestern taps the Duluth, South Shore & Atlantic at Shingleton.

From which point all traffic of the D., S. S. & A. for the south, east and west passes over the line and at present by an arrangement with the Ann Arbor people.

Their car ferries, which are already running into Manistiquette, are carrying the freight.

Now, the proposed traffic arrangements with the Ann Arbor railway and ferry line could be continued and all freight for the east and south can be delivered over the Ann Arbor & Toledo to the Pennsylvania system.

By this arrangement the expense of building the road from Traverse City to Northport would be shared.

It is for Leelanau citizens to decide, and that quickly, whether the price of securing this enterprise is too high.

MEN WHO CARRY LETTERS. The native runner-postmen of Natal are strikingly picturesque objects when on business bent.

With their sandal-like feet and head-dress of dried leaves, which rattle as they run.

And their military great-coat, underneath which is a garment called the mucusi, they travel for miles at a jog-trot of four miles an hour.

In Holland the extent of the mail service routes is over 30,000 miles.

The uniform of the postmen is semi-military in character, and they themselves are said to be a remarkably handsome body.

In Austria the government gives to the postmen every year one tunic, one pair of cloth trousers, one pair of linen trousers, one waistcoat, and a cap.

Previous military service is considered as postal service, and each year of war counts double.

It adds pleasure to the life beautiful. Doubles up one's allowance of bliss. That's what Rocky Mountain Tea does.

CITY BRIEVITIES. Today's weather: Probably snow flurries and slightly colder.

Yesterday's temperature: 7 a. m., 26 degrees; 12 noon, 22 degrees; 7 p. m., 23 degrees; maximum, 25 degrees; minimum, 20 degrees.

David Page, of South Seventh street, and son James are seriously ill.

Born, yesterday, to Mr. and Mrs. George Schroeder, Park street, a son.

A marriage license was yesterday issued to Erik Korri and Jita Suwanto of Negaunee.

Mrs. E. N. Breitung has returned from an extended visit in Chicago and other cities.

John Kimel has moved his tailor shop to rooms on the third floor of The Mining Journal building.

Waiting for connections at the straits, yesterday delayed the afternoon train from the east about fifty minutes.

The Ladies' Auxiliary to the A. O. U. wishes to thank all who took part in the program at the entertainment given Monday evening.

The hop to be held at the Masonic hall Friday night will be given by the ladies.

Lincoln's birthday anniversary was yesterday observed with special exercises in the schools and was marked by a suspension of the stock and grain exchanges.

The state board of pardons will hold a meeting in Marquette on Feb. 27 to consider applications for pardon or parole.

Several inches of snow fell here yesterday. The temperature, however, was comparatively mild and the wind was conspicuous by its absence.

Yesterday afternoon's train from the east brought in a car filled with immigrants.

The steamer Presque Isle, of the Cleveland-Cliffs company's fleet, carried more freight through the Soo canals last season than any other boat on the lakes.

The eight grade pupils of the Fly school will present a cantata entitled "A Trip to Europe" at the school building Friday evening.

The Beavers were last night reported to have also dropped the second game of indoor ball at Manistiquette.

The local Knights of Pythias will on the evening of the 19th celebrate at the snowshoe club the foundation of the order.

Persons wishing to experiment with the growing of sugar beets will be supplied with seed by applying to Superintendent Leo M. Geismar.

At the special meeting of the common council on Tuesday evening.

The Elks will this evening at Fraternity Hall hold a regular meeting at which three candidates will be initiated.

The Macalee indoor baseball team has received challenges from the two clubs at Calumet—the Rivals and the Light Guards.

The council at its meeting held Tuesday evening adopted a resolution providing that a committee of three aldermen, with the mayor, call on General Manager Fitch of the South Shore road.

The gun used for these experiments was a light cast-iron one, and Commander reported to the emperor, a few days later, the result of the experiments.

Working Overtime. Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills.

Notice! Comfort and pleasure, time and money saved for contractors and masons.

We will pay the above reward for any case of Liver Complaint, Dyspepsia, Sick Headache, Indigestion, Constipation or Costiveness we cannot cure with Liverita, the Up-To-Date Little Liver Pill, when the directions are strictly complied with.

Negaunee and Vicinity.

MAY CHANGE QUARTERS.

Members of Negaunee Club Earnestly Discussing Subject.

Members of the Negaunee club are quietly discussing a possible change of quarters, and while there is decidedly strong opposition to such a move there are some of the members who outspokenly favor it.

Those who desire to retain the present rooms point out that with the club membership limited to the small number of eighty-five, the rooms over the Cleveland-Cliffs offices are ample to accommodate the portion of the members who take an active part in its affairs.

Those of an opposite opinion have an argument which is rather new, which is that such a change may be necessary at some time not far distant, by reason of the fact that the Cleveland-Cliffs company may need the rooms for additional offices.

When the billiard table is returned and set up, there will probably be a revival of interest in the game on the part of the club members.

Plans were started at the meeting of the local lodge of the Royal Arcanum Tuesday evening for a "blow out" on Tuesday evening, Feb. 25.

WHAT WE SAY Is What We Mean.

There is no honor or profit in fooling people—especially the sick; our Vinol guarantee is made in good faith.

People who are all run down—have no appetite—pale women and children—those who want to gain flesh—should try Vinol on our guarantee.

Everything that is in Vinol is plainly printed on the label of each package. Remember that we guarantee Vinol and refund the purchase money if you are not satisfied.

THE STAFFORD DRUG CO., Marquette. KIRKWOOD & O'DONAGHUE, Negaunee.

RESUME HOISTING ORE.

Negaunee Mine is Once More in Partial Operation at No. Two Shaft.

One is again being taken from the Negaunee mine, operations having been resumed with one skip in No. 2 shaft.

Work on No. 1 shaft is also in satisfactory shape, and it is hoped that within a week, possibly a little sooner, the raising of dirt and rock from the bottom of the shaft will be under way.

The efforts being put forth by the company to place the mine in operation again as soon as possible are appreciated by the men, as well as by the business people of Negaunee.

When the billiard table is returned and set up, there will probably be a revival of interest in the game on the part of the club members.

Prospects for the success of the early closing movement appear to be very bright, according to the report of the committee to the clerks at a meeting held Tuesday evening.

When you want fresh fruit or vegetables remember that Geo. Haupt carries a full line.

No man can cure consumption. Dr. Wood's Norway Pine Syrup cures coughs, colds, bronchitis, sore throat, never fails.

Assist nature. There are times when you should assist nature. It is now undertaking to cleanse your system.

Thomas Heard and Harry Campbell of Ishpeming were in Negaunee Tuesday calling on friends.

Miss Jennie Munson of Republic, who was visiting her sister, Mrs. Fred Williams, since Sunday returned to her home last evening.

Philip Votches of L'Anse was at the Breitung yesterday. He stopped over on his way home from a trip south to call on his friend, George A. McDonald.

Negaunee's delegation at the meeting of the county board yesterday was only four strong, because of the departure of John Harrington, representing the Third ward, for South Africa.

Mr. and Mrs. Charles Taylor returned yesterday from Chicago, where they went to see their son Dan, who recently underwent an operation in one of the Chicago hospitals.

James F. Foley went to Chicago yesterday morning over the Northwestern to attend the funeral of his sister, Mrs. Ellen Tracey of Ypsilanti, which took place at Chicago yesterday.

Bellevue farm butter and pasteurized cream always on hand at Haupt's. (1-15-4)

Additional Ishpeming

ISHPEMING IN BRIEF.

The stores will be open this evening, it being pay day of the Salisbury mine.

Dr. W. S. Pickett and Henry Rauthier returned yesterday from a trip to Calumet.

F. C. Bennett left for Milwaukee last evening to select a stock of samples of candles for the Easter trade.

Italian residents of the city gave a masquerade ball Tuesday evening which was very successful.

Mrs. C. J. Byrns entertained the members of the R. B. S. Q. club at her residence on Fifth street Tuesday evening.

The party given by Mrs. Barbour at the home of George Hayden occurred on Tuesday evening, instead of on Wednesday evening.

It was erroneously announced yesterday that pay day at the Lake mine would be Monday, Feb. 17.

Miss Louise Kennedy entertained a number of young people Tuesday evening at the home of her parents on Division street, giving them a canny pull.

Special Lenten services were conducted yesterday morning and evening at St. John's, St. Joseph's and Grace churches.

Joe Thoney returned to the Beaumont mine yesterday after spending a few days with friends here at Marquette.

Between six and eight inches of snow fell yesterday, but it was very light and feathery.

Mrs. M. F. Lynch and Miss Etta Daniels, demonstrators for the Carpenter, Cook, Co., are serving samples of coffee at the store of Hendrickson & Skoglund.

William Leininger, the furniture man, has received an order for fifty picture frames for Richard Brown, the well-known saloon man of Michigan.

Mr. and Mrs. Otto Eger entertained Tuesday evening in honor of a party of Negaunee ladies, members of the Negaunee lodge of the order of the Eastern Star.

NEW COURT HOUSE

ELECTORS TO DECIDE WHETHER COUNTY SHALL HAVE ONE.

BOARD VOTES TO SUBMIT IT

PROPOSED THAT ISSUE OF \$120,000 OF BONDS BE SANTIONED.

Money Is to Be Used for the Purpose of Erecting a Building in Marquette on a Site Selected by the Supervisors.

At the annual spring election to be held on the first Monday in April next the electors of the county will decide whether or not a new court house shall be built.

The board of supervisors yesterday at its monthly meeting decided to submit the proposition to the people for a decision, the vote on the resolution to that effect being, with five members of the county board absent, thirty to four, the negative ballots being cast by Supervisors Sundstrom of O'Donnoghue, Barton of Humboldt, and O'Donnoghue and Barabe of Negaunee.

The resolution recites that the present structure is not adequate to the needs of the county and it is necessary a new building be erected, and that in order to obtain the funds required it is deemed best by the board that the sum of \$120,000 be borrowed. It is provided that the money be raised by an issue of bonds on which not to exceed five per cent, interest shall be paid and the proceeds of which shall be utilized "solely for the purpose of erecting a suitable court house for the county within the limits of the city of Marquette, on some site to be selected by the board of supervisors and said money so borrowed to be repaid in twelve annual installments of \$10,000 each, beginning with the year 1903."

Under the terms of a second resolution adopted, the committee appointed by the board on Oct. 14 to procure plans and estimates for the proposed new structure is continued in existence, is instructed to carry out the original instructions of the board, and is to be known as the standing court house committee.

No Need for County Pest House.

The "smallpox committee" submitted a report stating that it did not see the need for a county pest house at this time, especially as Marquette, Ishpeming and Republic possess such places. It recommended that the various city councils and township boards be asked to work in conjunction with the supervisors to prevent by all means in their power the spread of the disease, and that where a case is discovered all persons exposed to the contagion be vaccinated and quarantined.

A communication from Nicholas Erickson was presented and referred to the prosecuting attorney for investigation. The document recited that in the summer of 1886 one Frank Croale was arrested for keeping a disreputable resort, and that pending his trial he was released on bonds of \$200. Erickson was his surety and deposited the money in cash. At the time set for the trial, Croale appeared in court, was convicted and sentenced to one year's imprisonment at Ionia. Erickson, however, has never been repaid the \$200, and he asked that the supervisors now make a settlement with him.

DOES BIG STAMP BUSINESS.

Manager Pollock Discusses Affairs of Standard Oil Company.

C. S. Pollock, manager of the Standard Oil company in the Lake Superior district, with headquarters at Duluth, has returned from a trip to points on the northern division of the Eastern Minnesota, and the Mesaba range, says the Duluth News-Tribune. He says he is much impressed with the great possibilities of the development in northern Minnesota. Mr. Pollock recently removed the headquarters of the Standard Oil company in the Lake Superior district to Duluth, and says that he is much pleased with the city. He will not remove his family to Duluth until spring. In an interview he said:

"The removal of the headquarters of the Standard Oil company to Duluth will mean that fully three times as much business will be done through the offices here as heretofore. I do not refer to the volume of commodities but to business transacted with the company. There are about thirty-two outside agencies to report to the Duluth office. All this will help in the banking, stamp sales and in other ways. Our stamp purchases in Marquette were one-eleventh of all the stamps sold at that place. We bring five new residents to Duluth."

"There is only one thing to complain of in Duluth, and that is the scarcity of dwelling houses. I am surprised that in a city of this size, of such great enterprise in other directions, that there should be no effort put forth to keep the growth of the residence sections up to the demand from people who wish to move here."

The Standard Oil company's storage tanks are located at West Superior, where it has facilities for receiving and distributing large quantities of its products.

PRISON LIFE NOT BAD.

William Sears, the young man from Escanaba who was recently sentenced to five years in Marquette prison for burglary, has written relatives at Escanaba of the life behind the bars. From his statements prison life is not at all as bad as one would think. Sears has been placed in the cigar factory of the institution and is learning that trade, working there all day. Then four evenings out of the week he attends night school.

Stops the Cough and Works Off the Cold. Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25c.

COUNTY FAIR THIS YEAR.

Agricultural Society Votes at Annual Meeting to Hold One.

At the annual meeting of the Marquette County Agricultural society, just held at the office of M. E. Asire in the Harlow block, it was voted to hold a county fair here this fall, the exact date to be fixed later by the board of management. The election resulted as follows:

Directors—George W. Hager, E. C. Anthony (Negaunee) and Joseph Fay. President—E. B. Palmer. Treasurer—B. W. Wright. Secretary—M. E. Asire. Assistant Secretary—W. A. Ross.

The board of directors of the society consists of nine gentlemen, and each year three members are chosen to serve for terms of three years, the hold-overs this time being: Robert Blomhauer, W. J. Stevens, John D. Mangum, Dan Sullivan, W. A. Ross and F. H. Vandenberg. The affairs of the society are in the hands of the board of management, which is comprised of the directors and the officers.

Aside from the election and the decision to give the people of the county a fair this year, it was voted to continue the membership held in the American Trotting association. A meeting of the managers will be held shortly to map out preliminary plans for the fair, which is the intention to make the largest of the kind ever conducted under auspices of the society.

SAD CASE.

Miner from Ishpeming Is Taken to the Newberry Asylum.

Sheriff Pengase yesterday took Victor Heimonen to the insane asylum at Newberry. The man was brought down from Ishpeming a few days ago and taken to the poor house preliminary to his examination and formal commitment to the Newberry institution. Heimonen's mental condition is attributed to a mine accident that occurred last August. Several men had been buried by a cave-in at an Ishpeming mine, and Heimonen was one of the rescuing party. He was the first man to break through at the scene of the disaster, and was horrified to see one of the victims of the accident hanging between two pieces of rock, his head crushed, being caught securely and supporting the body. Just as he caught a glimpse of the dead man, another cave-in occurred. The fall of ground was entirely unexpected and so startled Heimonen that his mind suffered the consequences, the man from that time showing evidences of mental derangement. Recently his condition became worse, and it was deemed best to put him where he could receive the proper care and treatment.

BOON FOR AU TRAIN.

Standard Tie Company Begins Operations and Will Build Mill.

General Superintendent P. R. Van Kuren of Evart and Daniel Dougan, who will act as local manager, are at Au Train, getting camps started and otherwise preparing for operations on the 14,000-acre tract of cedar which the Standard Tie company of Detroit recently purchased from the Forster Lumber company.

A representative of the Munising Republican questioned Mr. Van Kuren with regard to the plans of the company. He said: "We are establishing two camps, one in Section 4 and the other in Section 14, of 46-20. We will have one camp in operation in a few days and the other in about a week, giving employment to about seventy men in the two camps. It will take us four years to clean up the timber on the 14,000 acres which our company has purchased. We will begin the construction of a mill at Au Train at an early date and expect to have it in operation early in the summer. Our shipments will be all rail, and for that reason it will be cheaper to manufacture our product at Au Train than at Munising."

SPECIAL STREET CAR SERVICE.

Patrons of Rink Will Be Well Taken Care of This Evening.

A big crowd is expected to witness the racing at the ice rink this evening, and to care for it Superintendent Mellen of the street railway has promised adequate transportation facilities, even to the extent of putting on two cars if necessary. The contests will be started at 8 o'clock. There are three of them— one between Baptie and John S. Johnson and two with Mitchell and Baptie as the competitors. Those persons who yesterday saw the two visiting cracks engaged in practice work at the rink say they are "wonders" on the ice, and the indications are that no better speed program will ever be offered rink patrons. The admission will be twenty-five cents.

AUDIENCE LAUGHED HEARTILY.

"Hello Bill" Scored a Big Hit at Peoria, Illinois.

The Peoria (Ills.) Herald has this mention, in a recent issue, of the play billed here next Monday night: "Goodhue & Kellogg's delightful little piece of wit and humor entitled 'Hello Bill' was the bill at the Grand last night and deserved its handsome reception. It is a comedy from beginning to end and with situations that keep the audience in laughter continually. The show is staged admirably, the cast is an exceptionally good one and the author's witticisms are truthful carried out in such a way as to merit the applause that is given all during the show. In the three years the show has been on the road it has yet to receive an unfavorable criticism."

A PROFITABLE INVESTMENT.

"I was troubled for about seven years with my stomach and in bed half my time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and could get nothing to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." Kodol Dyspepsia Cure does stomach work by digesting the food. You don't have to diet. Eat all you want. Kodol dyspepsia Cure cures all stomach troubles. The Stafford Drug Co. H. N. Meloche Co., Ishpeming.

TREASURER IS CITED

COUNCIL REQUESTS THAT HE APPEAR BEFORE IT.

AN EXPLANATION IS WANTED

WHY SOME PERSONAL TAXES ARE RETURNED DELINQUENT.

It Is Stated That Some \$10,000 Is Still Due and the Opinion Is Expressed That the Great Bulk Can Be Collected.

"Resolved, That the city attorney be instructed to prepare such citation to the city treasurer as in the opinion of the city attorney will be proper, requesting the city treasurer to appear before the common council on Monday, Feb. 17, 1902, to be examined relative to the personal taxes returned delinquent by him and which appear in the statement of personal taxes on Page 39 of the annual statement of the city for the year ending March 12, 1901; and also to answer to the council how much, if any, personal or other taxes for the year 1901 he has collected since Jan. 10, 1902, by levy or otherwise."

The above resolution was adopted by the council, at the special meeting held Tuesday evening, after a brief discussion of the practice of the city treasurer in making returns of delinquent taxes. It was stated that there were something like \$10,000 of taxes standing uncollected on the books which the treasurer had reported he was unable to collect because he could find no property on which he could levy. The opinion was expressed that it would be an easy matter to collect at least 80 or 90 per cent of the amount returned delinquent, and a few specific cases were mentioned where persons assessed for personal taxes had failed to settle the accounts, but who, it was the aldermanic opinion, were well able to pay and who possessed property which could be seized for the taxes despite the claim of the city treasurer that he had been unable, after diligent inquiry, to discover any. It was stated that the council could make good use of the money still due, hence the adoption of the resolution requesting the treasurer to appear and explain why the taxes have been uncollected, and which appears as understood to be preliminary to a systematic and vigorous effort to make the "tax dodgers" come to time.

SNOW REMOVAL ORDINANCE.

Measure Covering the Question Is Presented to the Council.

In accordance with a resolution adopted at the last regular meeting of the common council, the committee to which the matter was referred presented an ordinance at the special session held Tuesday evening which is designed to put an end to the controversy with the street railway company concerning the snow that is removed from the tracks. The measure was referred to the committee on ordinances.

The ordinance, in brief, provides that the traction people must for a distance of at least eight feet on each side of the track keep the snow down to a uniform depth of not to exceed eight inches; that is, that after plowing the snow from the rails, the snow must either be removed or be packed down and rolled so that there are no ridges in the roadway that will interfere with teaming.

A statement from the city treasurer was presented giving in detail the amount of money still due the city from the company, and in that connection and in accordance with a previous resolution, the city attorney gave it as his opinion that the back taxes were still a lien on the property of the company and could be collected by due process of law.

WIDENING OF LAKE STREET.

The question of whether Lake street is to be widened or not is again before the council. It has been reported to the aldermen that the Marquette & Southeastern is anxious to soon take steps to put the thoroughfare back in good condition, and that it intends to macadamize the street and to otherwise restore it to the satisfaction of all concerned, but that it desires to know whether the council wishes the present width of the road to be retained or be increased before it makes a start at the work. The council, too, is anxious to arrive at a speedy understanding, and the committee on streets has been instructed to report at the next meeting the estimated cost of the land required to increase the width of the thoroughfare to the extent originally proposed.

SURPRISING RESULTS.

Small Item in Yesterday's Paper Caused Unlooked-for Returns.

In the "City Brevities" yesterday morning appeared a small item stating that Manager Campbell of the Detroit Ferry company, had announced his intention of giving a prize to the person who suggested a suitable name for the steamer being built this winter for the company, providing the name was adopted. The Mining Journal, of course, is not interested in Mr. Campbell's plan, and merely published the item as showing that at the expense of a two-cent stamp some lucky person would be enriched to the extent of \$10 in gold and an annual pass on the new boat. The results, however, were surprising. During the day the business office force was practically kept on the jump in answering telephone calls from Mining Journal readers who had names to suggest, while in the afternoon and evening mails thirty or forty letters were received from other persons after the prize. It had been well known to The Mining Journal that Mr. Campbell's plan was intended to convey in the original item—and to kindly give The Mining Journal credit for being the source of their information concerning the prize. This paper has no connection whatever with the scheme of Mr. Campbell, beyond a desire to see a reader of its columns land the prize and for the purpose of which the item was published. For the benefit of those persons who desire to participate in the contest, however, The Mining Journal will again state that the boat now building will ply between Detroit and Bois Blanc, will carry 3,500 or 4,000 passengers and will have a maximum speed of about sixteen miles per hour.

VIGOROUS POLICY ENDORSED.

U. P. Health Officer Chained Small-Pox Patient to the Floor.

The following statement received by the state board of health from a health officer in one of the northern Michigan counties shows the difficulties encountered by officials who seek to prevent the spread of smallpox: "I am not surprised that some are squealing, as we find it very hard in this lumber jack country to either quarantine or isolate. Two weeks ago I handcuffed a man and chained him to the floor for violating my orders, and as his girl persisted in visiting him I arrested her and had a commitment made out to send her to jail for twenty days, when her parents agreed to keep her in, which they did. We have an excellent board of health, and they and I work in perfect unison. You can rest assured that all matters will be attended to to the best of our judgment."

In commenting on the above Secretary Baker says: "Not all health officers are as vigorous. On account of his efficiency, this person has been retained as the health officer for eight years. If persistent measures are taken by all health authorities, and the people could do their part for the restriction and prevention of smallpox, there is no reason why it should not be stamped entirely out. Besides vigorous action for the isolation of infected persons, however, general vaccination should be recommended by all health officers and practiced by the people themselves. If all the people in the state of Michigan had been recently successfully vaccinated, there would be no smallpox in the state."

EULOGY OF COL. HOWARD.

"Argus," who furnishes political news to the Detroit Journal, pays this handsome tribute to the new deputy collector of customs: "It is a pleasure to see Colonel E. B. Howard has resumed his old time place as chief deputy collector of the port of Marquette. Colonel Howard occupied this position with great credit to himself and benefit to the service during the several years the late Charles Y. Osborn was collector. Subsequently he was deputy state treasurer for four years under the late James M. Wilkinson, also of Marquette. Retiring from that position with the expiration of Mr. Wilkinson's term of office, Colonel Howard has been employed most of the time since on the staff of the auditor general."

SUICIDE CLAUSE INVALID.

It may be interesting to the local members of the various fraternal societies to learn that by a decision in the supreme court at Columbus, O., in the case of the National Union vs. Dora Stoll of Cincinnati, it appears almost futile for life insurance companies to put in a clause against suicide in their policies. Mrs. Stoll's husband held a policy containing specific stipulation that the policy should become void in case he should commit suicide within two years. He did commit suicide but the company is required to pay the policy.

THERE IS MORE CATARRH IN THIS SECTION OF THE COUNTRY THAN ALL OTHER DISEASES PUT TOGETHER.

and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY, Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
