"The square peg in the round hole" figuratively expresses the use of means unsuited to the desired end. A great many people who have been cured of dyspepsia and other diseases of the stomach and its allied organs of digestion and nutrition by the use of Dr. Pierce's Golden Medical Discovery say: "We tried many medicines with only temporary benefit. It was not until we began the use of "Golden Medical Discovery' that we found a complete and lasting cure."

It is undoubtedly true that Dr. Pierce's Golden Medical Discovery holds the record for the perfect and permanent cure of indigestion and other diseases of the stomach and associated organs of digestion and nutrition. It is not a palliative. It cures the cause of disease and builds up the body with solid healthy flesh, not flabby fat.

Washington Thinks Warning to Russia Will Protect Interests.

> Washington, Feb. 21.-Secretary of State Hay has served notice upon Pekin States will insist upon the maintenance of the open door in China. An identical note to this effect, regarded in diplo matic circles here as a sensational se quel to the Anglo-Japanese treaty, has been sent to the Chinese and Russian governments.

As a result of this note confidence i expressed in official circles that American interests will not be injured by any treaty negotiated in those countries. It is impossible definitely to ascertain upon what this confidence is pased, but it is apparently upon the discussion

which has occurred in St. Petersburg and Pekin between the American representatives and the governments to which they are accredited.

Mr. Tower, the ambassador to Russia reported that some regret was expressed in official circles there at the action of the United States in protesting against the Russo-Chinese bank arrangement but Russia is decidedly friendly to this

country, and those in a position to know say that she is disposed to conform as far as possible to the interests of this government. REFUSE TO AID M'KINLEY FUND.

Our first well on Spindle Top is contracted for and guaranteed us as a six inch Gusher, because our land is surrounded by Gushers, one of which is within 30 feet of us. We have arranged for pipe line connection and can load oil on Beaumont's two leading railroads the day our Gusher comes in. Two tank lines to Port Arthur, one of which has agreed to pipe our oil on satisfactory terms.
Bd. McCarthy - Co., Bankers, capital \$100,000, guarantee payment of our quarterly dividend of 5 per cent three months hence. The guarantee will ap-

pear on every certificate we sell.

SEEING IS BELIEVING.

Any number of investors may subscribe for \$500 of our stock, deposit the money in their local bank, select a representative and send him to Beaumont and Galveston. We will furnish, free, the round trip-railroad ticket and if the field and our proposition is not as represented, the money will be refunded to subscribers. You can not ask for a fairer offer. We need your money for developing, etc., and as we can make good profits in oil we can give you good retaxns. Remit us now by postoffice order, express order, registered letter or bank draft. We should not be long in selling all we will furnish at 10 cents.

Lonely Homes

A home is never complete without children.

Yet many homes are childless. Many wives are

desolate for the lack of a child to love. Their

lives are aimless-void of the high motives of

motherhood. While barrenness is causing incal-

culable sadness and sorrow, it exists in most

cases on account of some little female trouble,

which Wine of Cardui would speedily set right.

This pure Wine regulates the disordered female

organs by building up the worn out nerves and

regulating the menstrual flow. It restores the

fallen womb to its proper place. By strength-

ening the generative organs, it makes preg-nancy possible where barrenness exists. You can depend on

WINE OF CARDU

Suffering women all over the land have been

depending on it for seventy-five years. No

more convincing proof can be given than the

testimony of Mrs. Benson, who is only one of

thousands of women to whom Wine of Cardui

has brought a permanent cure. Many cases of miscarriage-that trouble which robs mothers of their hopes-have been avoided by timely use of the

Wine. You are asked to try Wine of Cardui and Thedford's Black-Draught,

its companion medicine. Nine out of ten cases of female trouble, barren

ness included, yield to them. All druggists sell \$1.00 bottles of Winc of Cardui.

Vandervoort, Ark., April 2, 1900. Last May I had a miscarriage, which was followed by flooding. I read your Almanac and my husband got me a bottle of Wine of Cardui and it stopped my flooding and restored my fallen womb to its place.
