PRESCRIPTIONS..... NEVER ALTERED.

It does not make any difference what your physician prescribes, if you will bring the prescription to The People's Drug Store you get exactly what is specified. There is never a thought in our mind of substituting, or altering the prescription in any way whatsoever. We know that the doctor has a reason for prescribing just what he does, and we follow the prescription exactly.

In fact, we believe that the work of the physician is often defeated, and the patient made to suffer, because a mania for cheapness leads some druggists to substitute drugs of inferior quality for those prescribed. We invite you to bring prescriptions here. Our prices are always close.

IN GRASP OF FLOODS

GREAT DAMAGE WROUGHT BY RISING RIVERS IN EAST.

HUNDREDS OF FAMILIES HOMELESS

FACTORIES TIED UP AND THOUSANDS OF MEN IDLE.

Pittsburg Partially Recovers.

Pittsburg, March 2.—This city has partially recovered from the effects of the flood. Conservative estimates place the loss at \$1,250,000, including the loss to thousands of workmen compelled to remain idle during the continuance of the flood.

Scores of Factories Flooded.

Wheeling, W. Va., March 2.—This city is in the grasp of the worst flood since 1884 with one exception. At Wheeling, Bellaire, Benwood, Martin's Ferry and Bridgeport scores of factories are flooded and 30,000 men are idle.

Ohio Valley Affected.

Cincinnati, March 2.—Reports from the upper Ohio valley tonight show that the river is rising from Wheeling to Riply and is above the danger line at all points. Some of the river men expect the flood to equal that of last April.

Fifty Houses Flooded.

Stevensville, O., March 2.—At Mingo Junction fifty houses are flooded. One man is reported drowned. Four thousand steel workers at Mingo Junction are idle because of the high water.

Delaware Is Still High.

Easton, Pa., March 2.—The flood of the Delaware is receding after reaching the highest mark on record. The Delaware is still high, but no further damage is feared.

Deep Water in Streets.

Middletown, N. Y., March 2.—The water in the streets is higher than has ever known before. Many bridges have gone with the flood.

BURNETT FOUND GUILTY.

Jury Recommends Chicago Man Be Sentenced to Fifteen Years.

Chicago, March 2.—The jury in the case of Dr. Orville S. Burnett, charged as being an accessory to the death of Mrs. Charlotte S. Nichol, today returned a verdict of guilty and recommended that he be sent to the penitentiary for fifteen years. Burnett will ask for a new trial tomorrow.

The state endeavored to prove that Burnett and Mrs. Nichol agreed to commit suicide together and that the man weakened and allowed the woman to go to her death alone.

The defense disputed there was any agreement between the two to end their lives together, and asserted Mrs. Nichol had taken her own life while Burnett was lying intoxicated by her side.

PRESIDENT AMPIL CAPTURED.

Enthusiastic American Sympathizer in Hands of the Filipinos.

Manila, March 2.—While Governor Flores of the Province of Rizal was chasing Felizardo and his band of lancers over the hills of Cavite province, Felizardo, at the head of twenty-five men armed with rifles, entered Cainta, in Morong province, and captured the president, Senor Ampil, and a majority of the police. Ampil has long been known as an enthusiastic American sympathizer and it is feared he may be killed. A strong force of constabulary has been sent to effect his release.

The correspondence captured with General Lucban is of the greatest value. It implicates several Filipinos who have heretofore not been suspected of complicity with the insurgents.

NEED HAVE NO FEAR.

Senator Tillman Says President Will Be Safe in the South.

New York, March 2.—The Times will say tomorrow:

Senator Tillman of South Carolina, who was in the city last (Sunday) night, ridiculed the idea that President Roosevelt would invite danger in the event of his going to Charleston. To a Times reporter he declared there was no truth in the statements published yesterday that he had called on Senator Platt Saturday and advised him to warn the president not to go to South Carolina.

FAVORS THOSE IN AUTHORITY.

Foulke Issues Letter Regarding Political Activity of Government Employees

Washington, March 2.—Commissioner Foulke, in a letter covering the attitude of the civil service commission on the political activity of government employees, says he objects to the solicitation of those in authority because it is, in effect, coercion. He does not object to voluntary contributions, but an employee must have the right to contribute or refuse either party. A man must feel free to do as he likes in either or out of it as long as it does not interfere with his duties.

ETRURIA MAY BE LOST.

Big Cunard Liner Reported Thirty Hours Overdue at Queenstown.

London, March 2.—No news has yet been received of the Cunard line steamer Etruria. She is now thirty hours overdue at Queenstown.

WILL LUNCH WITH PRESIDENT.

Charleston, S. C., March 2.—Mayor Smith and a committee left for Washington tonight to meet the president at luncheon tomorrow, when it is probable arrangements will be made for the president's visit to this city.

LIBERALS ARE ROUTED.

Colon, Colombia, March 2.—The liberal forces under General Villa appeared at Rio Frio Feb. 21. After an engagement with the government troops lasting four hours the rebels were routed with fifty men killed or wounded.

HENRY IN INDIANA

STOPS FIFTEEN MINUTES AT CAPITAL OF HOOSIER STATE.

GREETED BY A VAST THROGG

WHILE AT CHATTANOOGA LOOK-OUT MOUNTAIN IS VISITED.

Historic Battlefields of the Civil War Are Viewed and Prince Listens to Graphic Descriptions of Encounters.

Presented With an Album.

Indianapolis, March 2.—Fully 15,000 people greeted Prince Henry here at 11:05 o'clock. The run from Louisville was made without special incident. Small groups gathered at the smaller stations enroute and gave the royal visitor hearty cheers as the train whizzed through. Where stops were made at the more important points the prince appeared on the rear platform and acknowledged the cheers of welcome from hundreds. Four companies of militia were at the east entrance of the Union station, which was profusely decorated with American and German flags, surrounded by thousands of tri-colored incandescent lights.

Governor Durbin and Mayor Bookwalter were presented to the prince by Ambassador Von Holleben. Governor Durbin delivered an address of welcome to the state and the mayor on behalf of the city.

After the presentation of an album and the addresses of welcome the prince was escorted to the rear platform of the car. His appearance was the signal for a mighty cheer. A singing society sang the German national anthem to the accompaniment of a band. Prince Henry did not address the crowd but saluted in response to the cries for a speech.

Promptly at 11:30 the special moved slowly westward, the immense crowd following for a short distance, the royal visitor remaining on the platform bowing acknowledgments to the enthusiastic gathering.

Great Crowd at Chattanooga.

Chattanooga, March 2.—Prince Henry went up Lookout mountain today, and after viewing the ground where the union and confederate armies met in conflict and hearing a fresh story of the battles, resumed his journey North and West.

There was a great crowd at Chattanooga and the people presented the prince with a handsome souvenir of his visit. The party was taken up the inclined railway on a special electric train. As the prince reached the crest of the mountain the sun broke through the grayish clouds and for a short time the view was excellent. Missionary ridge, Orchard Knob and Racon mountain were outlined clear and bold, and below the Tennessee could be seen traced in its meanderings for miles.

General Boynton, who participated in the Chattanooga operations with Sherman's army, accompanied the prince down along the ridge and briefly related the story of the campaign. He pointed off to the Cumberland mountains, beyond which Rosecrans began his movement, traced off the faint to deceive Bragg, brought it up to the command of Grant, and then graphically told the story of Chickamauga and the assaults on Missionary ridge and Lookout mountain.

Showed Keen Interest.

The prince followed the recital with the keenest interest, and with a map before him studied out the strategy and progress of the fight. He asked numerous questions and at his direction his aide lieutenant, Commander Von Egdy, noted down figures as to the number of men engaged, the losses on either side and other information as to the battles and campaign.

As he stood at Rock Point and looked across the Tennessee valley he exclaimed:

"This is magnificent. There is nothing in all Europe that is finer. I have never seen such a battlefield."

While the party was at Rock Point a snow squall blew up and a picture changed in a moment. The dark clouds of the storm rolled in around the peaks, the sky blackened, and the snow began falling. Through the storm the recital went on and the young prince and the gray-haired veteran, who talked of days nearly forty years gone, and the uniformed staff standing about, made an impressive group.

Returning to the city the party took a short drive through the streets. Immediately after the presentation of a souvenir by the citizens the train resumed its journey.

Reception at Louisville.

Louisville, Ky., March 2.—Prince Henry reached Louisville tonight, heard an address of welcome, received an album and an engrossed address, met several citizens, acknowledged with repeated salutes the cheers of several thousand persons and at 8 o'clock left for Indianapolis.

So far as the reception committee and the crowd were concerned the time of the prince was here cut short at least a third by a slight accident which prevented him from leaving his car as soon as the train stopped. The accident was not serious, though through the wedging of a plank between the train and the platform built for the ceremonies, the structure containing the committees narrowly escaped destruction.

Mayor Grainger delivered a short address, to which the prince replied. He was presented to several prominent people and during his brief stay was given

Fifteen Minutes at Nashville.

Nashville, Tenn., March 2.—Prince Henry spent fifteen minutes here this evening. Ten thousand people gave him a cordial welcome. He did not leave his car, but from the platform of the car smiled his acknowledgments. To Mayor Head's speech of welcome he replied in a very few words. He listened to some old negro plantation songs by Jubilee singers from Fisk university. Learning that one of the singers was one of the party when it visited Berlin some years ago, he reached over and shook hands with her. He was presented with a silver-mounted hickory cane cut from the Hermitage and suitably inscribed. A German-American society presented him with a floral design and an engrossed copy of the mayor's address.

TO DISCUSS POSTAL AFFAIRS.

House Today Will Take Up Bill Placing Rural Delivery on Contract Basis.

Washington, March 2.—The house will give most of its time during the week to postal affairs, beginning tomorrow with the bill placing the rural free delivery system on a contract basis, and following later with the postoffice appropriation bill.

The Republican members will caucus again Monday evening on the course to be pursued on the Cuban reciprocity.

Ship Subsidy in Senate.

The senate will take up the ship subsidy bill tomorrow and it will continue to hold its place until disposed of. There is, however, no disposition for the present to press the matter to the exclusion of other business, so it will probably be laid aside temporarily at different times to permit consideration of other matters.

The legislative appropriation bill will be reported during the week.

BURGULARS FIGHT OFFICERS.

Chief of Police of Illinois Town Is Shot Through the Arm.

Mattoon, Ill., March 2.—In a fight between burglars and officers here early this morning Chief of Police Lyons received a wound that may cause the loss of an arm and two of the three youths whom the police attempted to capture were wounded, one of them probably fatally.

The police, having learned that an attempt was to be made to rob a store, stationed several men in the building, and when three entered through a window the police attempted to capture them. In the fight Chief Lyons' arm was shattered, Sid Snapp, aged seventeen years of age, was fatally wounded and one of two brothers named Heath was also shot. The Heaths escaped and are still at large. The parents of the boys reside here.

CELEBRATE EMMETT'S BIRTH.

One Hundred and Twenty-Fourth Anniversary Appropriately Observed.

New York, March 2.—Under the auspices of the Clan Na H-Gael, the one hundred and twenty-fourth anniversary of the birth of Robert Emmett was celebrated tonight at the Academy of Music. Senator Tillman of South Carolina delivered an oration.

Resolutions were adopted condemning England's colonial policy; deprecating entangling alliances by the United States; sympathizing with the Boers; protesting against the government's moving England to use United States ports for fitting out vessels in which to ship horses and mules, and pledging the people of Ireland hearty support in their struggle for freedom.

TWO BUILDINGS WRECKED.

Explosion at Reading, Pa., Causes Damage to the Amount of \$250,000.

Reading, Pa., March 2.—An explosion believed to have been caused by gas tonight wrecked a four-story music store and a three-story building adjoining it. It is believed that William Lighty and Mrs. Mary Poland and a friend are buried in the ruins. Half a dozen people are seriously hurt and neighboring buildings are damaged. The loss is estimated at \$250,000.

GRIEVED OVER SON'S DEATH.

Prominent Philanthropic Citizen of Ohio Commits Suicide by Hanging.

Warren, O., March 2.—Hon. Henry Bishop Perkins, one of Ohio's most prominent and philanthropic citizens, killed himself by hanging today in his office. The body was found shortly before noon by his family, who went to call him to dinner. Illness and the suicide of a favorite son a year ago are believed to have made Perkins temporarily insane.

TROUBLE IN ARABIA.

Abdul Feyslul Captures E'Rad and Kills the Governor.

Bandah, March 2.—Abdul Aziz Ben Feyslul, with an army of 2,000, captured the city of E'Rad, Central Arabia. Feyslul with fifty followers went to the palace and killed the governor and thirty retainers. The garrison then surrendered. Many tribes are flocking to Feyslul's banner.

LARGE PLANT BURNS.

J. B. Owens Pottery Co. at Zanesville, O., Destroyed by Fire.

Zanesville, O., March 2.—The large plant of the J. B. Owens Pottery company was destroyed by fire today. The loss is \$300,000, insured for about half that sum. Many valuable designs, the accumulation of years were destroyed. Four hundred employes are out of work.

IN GRASP OF FLOODS

GREAT DAMAGE WROUGHT BY RISING RIVERS IN EAST.

HUNDREDS OF FAMILIES HOMELESS

FACTORIES TIED UP AND THOUSANDS OF MEN IDLE.

Pittsburg Partially Recovers.

Pittsburg, March 2.—This city has partially recovered from the effects of the flood. Conservative estimates place the loss at \$1,250,000, including the loss to thousands of workmen compelled to remain idle during the continuance of the flood.

NEED HAVE NO FEAR.

Senator Tillman Says President Will Be Safe in the South.

New York, March 2.—The Times will say tomorrow:

Senator Tillman of South Carolina, who was in the city last (Sunday) night, ridiculed the idea that President Roosevelt would invite danger in the event of his going to Charleston. To a Times reporter he declared there was no truth in the statements published yesterday that he had called on Senator Platt Saturday and advised him to warn the president not to go to South Carolina.

FAVORS THOSE IN AUTHORITY.

Foulke Issues Letter Regarding Political Activity of Government Employees

Washington, March 2.—Commissioner Foulke, in a letter covering the attitude of the civil service commission on the political activity of government employees, says he objects to the solicitation of those in authority because it is, in effect, coercion. He does not object to voluntary contributions, but an employee must have the right to contribute or refuse either party. A man must feel free to do as he likes in either or out of it as long as it does not interfere with his duties.

ETRURIA MAY BE LOST.

Big Cunard Liner Reported Thirty Hours Overdue at Queenstown.

London, March 2.—No news has yet been received of the Cunard line steamer Etruria. She is now thirty hours overdue at Queenstown.

WILL LUNCH WITH PRESIDENT.

Charleston, S. C., March 2.—Mayor Smith and a committee left for Washington tonight to meet the president at luncheon tomorrow, when it is probable arrangements will be made for the president's visit to this city.

LIBERALS ARE ROUTED.

Colon, Colombia, March 2.—The liberal forces under General Villa appeared at Rio Frio Feb. 21. After an engagement with the government troops lasting four hours the rebels were routed with fifty men killed or wounded.

IN GRASP OF FLOODS

GREAT DAMAGE WROUGHT BY RISING RIVERS IN EAST.

HUNDREDS OF FAMILIES HOMELESS

FACTORIES TIED UP AND THOUSANDS OF MEN IDLE.

Pittsburg Partially Recovers.

Pittsburg, March 2.—This city has partially recovered from the effects of the flood. Conservative estimates place the loss at \$1,250,000, including the loss to thousands of workmen compelled to remain idle during the continuance of the flood.

Scores of Factories Flooded.

Wheeling, W. Va., March 2.—This city is in the grasp of the worst flood since 1884 with one exception. At Wheeling, Bellaire, Benwood, Martin's Ferry and Bridgeport scores of factories are flooded and 30,000 men are idle.

Ohio Valley Affected.

Cincinnati, March 2.—Reports from the upper Ohio valley tonight show that the river is rising from Wheeling to Riply and is above the danger line at all points. Some of the river men expect the flood to equal that of last April.

Fifty Houses Flooded.

Stevensville, O., March 2.—At Mingo Junction fifty houses are flooded. One man is reported drowned. Four thousand steel workers at Mingo Junction are idle because of the high water.

Delaware Is Still High.

Easton, Pa., March 2.—The flood of the Delaware is receding after reaching the highest mark on record. The Delaware is still high, but no further damage is feared.

Deep Water in Streets.

Middletown, N. Y., March 2.—The water in the streets is higher than has ever known before. Many bridges have gone with the flood.

BURNETT FOUND GUILTY.

Jury Recommends Chicago Man Be Sentenced to Fifteen Years.

Chicago, March 2.—The jury in the case of Dr. Orville S. Burnett, charged as being an accessory to the death of Mrs. Charlotte S. Nichol, today returned a verdict of guilty and recommended that he be sent to the penitentiary for fifteen years. Burnett will ask for a new trial tomorrow.

The state endeavored to prove that Burnett and Mrs. Nichol agreed to commit suicide together and that the man weakened and allowed the woman to go to her death alone.

The defense disputed there was any agreement between the two to end their lives together, and asserted Mrs. Nichol had taken her own life while Burnett was lying intoxicated by her side.

PRESIDENT AMPIL CAPTURED.

Enthusiastic American Sympathizer in Hands of the Filipinos.

Manila, March 2.—While Governor Flores of the Province of Rizal was chasing Felizardo and his band of lancers over the hills of Cavite province, Felizardo, at the head of twenty-five men armed with rifles, entered Cainta, in Morong province, and captured the president, Senor Ampil, and a majority of the police. Ampil has long been known as an enthusiastic American sympathizer and it is feared he may be killed. A strong force of constabulary has been sent to effect his release.

The correspondence captured with General Lucban is of the greatest value. It implicates several Filipinos who have heretofore not been suspected of complicity with the insurgents.

NEED HAVE NO FEAR.

Senator Tillman Says President Will Be Safe in the South.

New York, March 2.—The Times will say tomorrow:

Senator Tillman of South Carolina, who was in the city last (Sunday) night, ridiculed the idea that President Roosevelt would invite danger in the event of his going to Charleston. CANCER

Sufferers from this horrible malady nearly always inherit it—not necessarily from the parents, but may be from some remote ancestor...

Cancer begins often in a small way, as the following letter from Mrs. Shirer shows: A small pimple came on my jaw about an inch below the ear on the left side of my face...

It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable. Send for our free book on Cancer, containing valuable and interesting information about this disease...

CHARTER No. 390.

First National Bank

Of Marquette, Mich. Organized January 22, 1864. CAPITAL AND SURPLUS, \$200,000. DESIGNATED DEPOSITORY OF THE UNITED STATES.

PETER WHITE, President. L. G. KAUFMAN, Vice-President. CLAUDE W. CASE, Vice-President. EDW. S. BICE, Cashier.

Directors: PETER WHITE, N. M. KAUFMAN, S. R. KAUFMAN, L. G. KAUFMAN, CLAUDE W. CASE.

Transacts a General Banking Business of Discount and Deposit.

M. M. KAUFMAN, President. N. N. BREITUNG, Vice President. E. R. KAUFMAN, Cashier. GEORGE BARNES, Cashier. W. B. COMBES, Asst. Cashier.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00. Per year, by mail, \$10.00.

MARQUETTE, MICH., MARCH 3.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Prince Henry and his party were "held up" by a freight train wreck Saturday. If that is the worst mishap he will meet with during his tour of the United States he will have cause to consider himself fortunate.

The Iron Ore announces that Marquette is to have an evening paper, that the plan for it has been purchased and will soon be on the ground.

Confinement and the annoyance incidental to the multiplication of suits against him growing out of his transactions with the Detroit City Savings bank are beginning to tell on Frank C. Andrews, and it has been noticed on his later appearance in court that the jaunty courage which at first characterized his demeanor is fast deserting him.

When the house concurs in the bill creating a department of commerce and labor, which has been favorably acted on by the senate, there will be a new place in the cabinet to be filled.

MORE EARTH GIRDLING. The Trans-Siberian road will in the near future possess for this country more than a curious interest if recent announcements rest upon a substantial basis of fact.

COST OF THE BOER WAR. England will no doubt overwhelm the remnant of the Boer forces in South Africa, but when the end comes and she makes up the totals the cost of wiping out the Dutch republics will be found to have reached an appalling figure.

THAT CHAPTER.

A Chapter on Scott's Emulsion often holds a prominent position in the histories of weak children.

The gist of that chapter usually reads like this: "Child weak and thin—began with small doses of Scott's Emulsion three times a day—after a week appetite improved—soon a little stronger—child more lively—weighs more."

And so it goes till the child is reported well and strong.

WAR BRINGS RICHES

CONTRACTORS PROFIT BY SOUTH AFRICAN TROUBLES.

FORTUNES MADE BY DEALERS

BILL FOR STORES ALONE IS NOW \$90,000,000.

British Agents Have Bought 77,101 Horses and Mules in America at an Average Cost of \$40 for Each Animal.

London, March 2.—A feeling of irritation, commingled with a sense of the ludicrous, is felt over the attempt of the Boer partisans at New Orleans to prevent the shipment of horses for use in the South African war.

In parentheses it may be said that the "rushing" tactics of the burghers in the annexed colonies are exercising the war office chiefs. It would appear as if all the devices and stratagems adopted by Kitchener to corral the intrepid and foxy followers of DeWet are of little avail.

Official Figures Interesting.

Returning to the remount affair, the official figures ought to be of interest, especially in America. They show that between Oct. 1, 1899, and Dec. 31 last 77,101 horses and mules were purchased for the British war office in the United States.

Reckless Buying the Program. Reckless buying seems to have been the program in all departments. The bill for stores alone is now \$90,000,000, and the demands from the front are still not satisfied.

Boers are Still Hopeful. Boers in London do not agree with the British view that the fighting in South Africa can rightly be regarded as overwhelmingly unfavorable to the burghers.

Boers are Still Hopeful. Boers in London do not agree with the British view that the fighting in South Africa can rightly be regarded as overwhelmingly unfavorable to the burghers.

It is true the British can better afford to lose men than we can, but as long as the patriots are able to keep up the present style of resistance it will be difficult for the British government to convince the people that the war is over.

Hair Splits

Don't singe the hair because it splits at the ends. When the hair splits it simply shows it is weak. Feed your hair with Ayer's Hair Vigor, the genuine hair-food.

I have used Ayer's Hair Vigor for 30 years. It is elegant for hair dressing and for keeping the hair from splitting at the ends.

NEW LAKE STREET

HIRAM BURT EXPLAINS THE PROPOSED ROUTE.

POINTS OUT THE ADVANTAGES

SAFETY TO TRAVEL AN IMPORTANT CONSIDERATION.

Plan Has Been Submitted to the Railroads and Has Been Approved by Them—Some Predictions for Future.

The committee on streets and sewers, to which was referred the plan of improving Lake street from Hampton street to the Carp river furnace, has had the matter under consideration the past week and at its request Mr. Burt presented his views respecting the same and also some further explanations of the project.

The committee on streets and sewers, to which was referred the plan of improving Lake street from Hampton street to the Carp river furnace, has had the matter under consideration the past week and at its request Mr. Burt presented his views respecting the same and also some further explanations of the project.

WALL STREET STOCKS.

Saturday's Market Was Listless and Reflected Declining Interest.

New York, March 2.—The stock market was listless and idle yesterday and reflected a declining interest even on profit-taking by professional traders.

Many of them have taken advantage of the dull business on the exchange to go away for their spring vacation trips.

The bank statement showed a smaller decline in cash reserves than expected, but this was attributed to the working of the average system of computation, by which the gold shipments of Thursday figure for only three days in the statement.

The loan item also was a relief in modest proportions to its expansion, as a large increase had been feared. The room shorts therefore covered on publication of the statement, and impaired some slight strength of the market.

With both the loan and deposit items in the banks at figures never before recorded in the history of the clearing house, and with the surplus down to the small sum of \$9,975,935, the desirability of action in incurring obligations in the loan market is clearly recognized, and there is no apparent prospect of awakened speculation in the stock market.

Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Table with columns for stock names and prices, including Union Pacific, Southern Railway, and others.

Range of Money Rates. Money on call, steady, at 2 per cent. Prime mercantile paper, 4 1/2 to 5 per cent.

CHICAGO GRAIN MARKETS. Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, March 2.—The final wheat figures yesterday showed losses of 3 1/2 cts. Ma sold between 76 1/2 and 77 1/2 cts, opening at 76 1/2 and closing at 76 1/2 cts.

Respectfully yours, HIRAM A. BURT.

BIG SUM IN CUSTOMS DUTIES. Mrs. Huntington Pays \$31,800 in Cash, the Largest Amount on Record.

New York, March 2.—Mrs. Arabella D. Huntington, widow of Collis P. Huntington, has paid \$31,800 in cash customs duties. Officers who frequently have to haggle with women over the tribute to Uncle Sam declared that she was a paragon of travelers.

It is not sufficient that consideration be given simply to securing a highway which shall be ample and safe for the public. This is of prime importance, but in doing this the present and future requirements of the railroads should be kept in mind.

WOULD BUILD A CANAL. French Company Forming to Connect Atlantic and Mediterranean.

Paris, March 2.—Unless the government pushes the project for the "Canal of the Two Seas" connecting the Atlantic and Mediterranean, for which credit has recently been granted, the project is now in process of formation.

The advantage to the railroad companies of having this separation from public travel are numerous, among which may be mentioned greater speed, lessened liability to encounter cows, men, women and children on the track and generally greater immunity from accidents.

Referring again to the map it will be seen that the plan contemplates the extension of Mill street north to an intersection with Garden street and possibly with Mesnard, through both these streets and north extended through to the intersection with Champeau street, communication with the business portion of the city is had with greater directness and safety than by any other routes considered feasible at the present time.

TO CURE GRIP IN TWO DAYS. Laxative Bromo-Quinine on every box.

NOTICE!
Comfort and pleasure, time and money saved for contractors and masons. Kelley Island Lime upon the market again, which has been long wished for by contractors and masons for its unsurpassed qualities of quick slacking and the greatest producer of mortar of any lime manufactured. I handle the Peninsula Portland Cement, the standard of America; a guarantee is given by the Peninsula Cement Co. that there is no cement manufactured that can surpass it for gutter, cross and sidewalk purposes. Also handle Gypsum hard wall plaster; it is best made and most reliable. Also, Portland cement, calcine and land plaster, fire clay, brick, sewer pipe, beach sand, saw dust, wood of all kinds. Also do teaming and contract work. Figures quoted on car lots or less on any material in my line.
GEO. E. FRENCH,
Both 'Phones, Marquette, Mich.

NERVOUS WEAKNESS
caused by abuse of other excesses and indigestion, resulting in shattered nerves, weakness of body and brain, lack of vitality, loss of memory, depression, and other distressing symptoms too numerous to mention.

They quickly and surely restore lost vitality in old or young and in a most palatable and agreeable manner. Present in every family and should be kept on hand for all emergencies. Price 50 CTS. per package or six for \$2.50. By mail to THE STAFFORD DRUG CO., MARQUETTE.

"A HELPING HAND"
is Gladly Extended by a Marquette Citizen.
There are many enthusiastic citizens in Marquette prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:
Mr. Edward Murtha of 221 W. Rock street, says:—"I suffered off and on for a long time with attacks of pain throughout the small of my back and around through the groin. At times it became quite severe, especially if I caught cold or strained myself. The kidney secretions were irregular and unnatural. I was advised to go to the Stafford Drug Co. and procure Doan's Kidney Pills. I did so and began to use them. The distress was removed from my back and loins and the kidney secretions regulated."
Sold for 50 cents per box. For sale by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.
Remember the name Doan's and take no other.

MERCHANTS & MANUFACTURERS
Exchange, Detroit, Michigan, March 5th-12th, 1902

For full particulars apply to station and ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (2-14-14)

SENTIMENT IS BULLISH.
Stronger Market in Copper Stocks Predicted for This Week.
Paine, Webber & Co. said of Saturday's copper stock market: "The New York bank statement was not as bad as expected and money promises to continue easy for some time to come. There is considerable foundation in two of the three copper stocks and the market acted well under the selling. The sentiment continues very bullish on coppers. The big traders have been good buyers on the reaction and everything seems to favor another good rally next week."
Chicago Grain Markets.
W. H. Laidley & Co. said of the Chicago grain markets:
"The wheat market opened steady on a repetition from the Southwest of damage claims. The first prices proved about the best. There was rain evrywhere east of the Mississippi river and the crowd considered the weather bearish. The receipts were ahead of a year ago. The clearances were 320,000 bushels. It looks like only a small visible decrease on Monday. The cables were up a fraction. Wheat was influenced by the final weakness of the coarse grains. Some colder weather is predicted, also pain in the Southwest.
"There was steadiness in corn for awhile, after a strong opening on the 'net' weaker. The market turned weaker later on local selling, which was on a large scale. The country offerings were lighter from some directions and cash was relatively weak. The receipts were larger—240 cars—and there were 125 estimated for Monday. The cables were strong.
"There was a big trade in oats, but the whole list yielded after the early May excitement, which was on the reported intention of a local operator to ship out the contract stock. The receipts were ninety-four cars, with eighty-five estimated for Monday."

HOLDS TWO DEGREES.
Dr. E. R. Downing of the Normal Farm-Ishteping Boy.
Dr. Elliot R. Downing, now in charge of the work in biology at the Northern Normal, is a former Ishteping boy, having, according to Iron Ore, received his preliminary training in the public schools of that city. Dr. Downing's father, O. E. Downing, for many years held a responsible position with the Lake Superior Mining company. The son left Ishteping in the fall of 1884 to attend Albion college, and received the degree of bachelor of science from the University of Chicago, being first in his class in the Brooklyn Disciplinary Training school, and last holding the office of general secretary of the Children's Aid society of that city. In 1899 Dr. Downing returned to the West and entered upon post-graduate work at the University of Chicago. He remained at the latter institution until June of last year, when he was granted the degree of doctor of philosophy. A gentleman who is acquainted with Dr. Downing's work has recently spoken to the Iron Ore in high terms of his scholarly attainments and his efficiency as a teacher. His employment at the Northern Normal is regarded as a decided acquisition to the teaching force of that institution.

HAS CLAIMS IN COLORADO.
Boulder County Paper Tells of Marquette Gold Company's Holdings.
A recent issue of the Boulder County (Colo.) Herald had this to say concerning a proposition in which Marquette men are interested:
"An incorporated company is being organized by Messrs. Wirtz and LeVeque, both of Marquette, Mich., with Eastern capitalists interested in the deal. The company will be known as the Marquette Gold Mining & Milling company. It will operate in Boulder county of the Baltimore and Sussex groups of patented claims owned by W. R. LeVeque, formerly of this city, and located in the Gold Hill mining district at Sunshine camp, in the immediate vicinity of the American, the Inter Ocean, the White Crow, the Richmond and the Ingram, known as Boulder county's best gold producers and heavy shippers. Mr. LeVeque's group is a very promising property and with active and extensive development, such as planned by the company, will add to Boulder county one more good shipper and producer."

TO MEET IN DETROIT.
Grand Commandery, Knights Templar, Not to Gather at "Soo."
The attempt of the upper peninsula Knights Templar to secure the meeting of the grand commandery this spring for Sault Ste. Marie has failed. For the present the officials of the state organization feel that the meeting cannot be called in the northern part of the state without incurring extra and heavy expense, and they have therefore concluded that the gathering shall be held in Detroit.
According to the Houghton Gazette, J. P. North, eminent commander of Monroe commandery, has received a letter from the grand commander in which the latter regrets that he is compelled to disappoint his northern Michigan brothers. He states that he has likewise notified the other commanderies north of the Straits, and that the grand commandery will meet in Detroit during the month of May.
The Upper Peninsula Association of Commanderies meets this spring at the "Soo," and it was thought that the lock city might be made the Mecca for the Templars of the state. It is also hoped to secure a meeting of the Almond temple, Order of the Mystic Shrine, for the same time and place, and it is probable that the attempt will be successful. The meeting will therefore be a gathering of all the commanderies of the upper peninsula and of all the Shriners, in so far as they are able to make the trip.

NOTICE TO TRAINMEN.
Members of the Brotherhood of Railroad Trainmen, as well as all other railroad orders, are requested to meet at Fraternity Hall at 8 o'clock Tuesday morning for the purpose of attending the funeral of the late Dennis McCarthy. By order of W. J. HORN, Master. (3-3-21)
CITY BREVITIES.
Yesterday's temperatures: 7 a. m., 19 degrees; noon, 19 degrees; 2 p. m., 20 degrees; Maximum, 25 degrees; minimum, 19 degrees.
J. H. Hobeay of Hancock is a Marquette visitor.
L. J. Genette arrived on his return from Chicago yesterday.
Ed. Maney was down from Duluth Saturday and yesterday.
E. N. Breitung left last evening for Chicago and Washington.
M. E. Gibson and wife of Republic visited yesterday in the city.
Miss Grace Dawson of Ishteping spent Saturday with friends in the city.
The Social Forty will meet tomorrow evening in the Elks' club rooms.
Patrick McNamara of Manistique was a Marquette visitor Saturday.
Miss Maude Blackwood went to Ishteping Saturday for a brief visit with friends.
Miss Millie Freeman came down from Champion Saturday to spend Sunday at her home here.
Miss Cecil Grylls, who has been in Chicago for some time, is expected home early this week.
Miss Mae Holmes went to the copper country Saturday to resume her old position at Houghton.
The regular monthly meeting of the common council will be held this evening, commencing at 8 o'clock.
Mrs. William Mies of Duluth is the guest of her parents, Mr. and Mrs. H. Gregory, for a week or more.
Miss Ida Bellinger is in Chicago with Mrs. A. M. Adams. She intends going into a wholesale millinery house.
Miss Teckla Farm, who sang at the Methodist church last evening, was the guest of Miss Mayme Hicks yesterday.
Second papers were on Saturday issued to a delegation of about twenty men. The new-made citizens were from Ishteping, Negaunee and Champion.
Word was received here from Chicago yesterday that the wife of Richard Powers, formerly of this city, had died after a brief illness. The young lady was a Wisconsin girl.
Will Brown arrived Saturday on his return from Duluth, where he has established a new office of Paine, Webber & Co. He left again last night for the head of the lake.
Charles McCarthy, an uncle of the deceased, came down from the copper country yesterday to attend the funeral of Dennis McCarthy, which takes place Tuesday morning.
Mrs. Philip Carroll, accompanied by her son and niece, Miss Rose Wallace, returned to Hancock Saturday. Mrs. Carroll had spent several weeks with relatives in Marquette.
A good-sized delegation of Marquette Hibernians paid a visit to their brethren at Ishteping Saturday night, going up on the 6 o'clock train and returning early yesterday morning.
Robert Blenhuizer and William Steuart left Saturday evening for Galveston, Texas. They are going both for pleasure and business and expected to be absent from the city for several weeks.
A meeting of the Beavers' ball team will be held this evening at 7 o'clock at the store of John Siegel. It is called for the purpose of electing a new manager. Mr. Siegel's business duties preventing him from filling the position longer.
Mrs. W. G. King and little daughter got back Saturday from Detroit, where they attended the funeral of Mrs. King's father, the Rev. Mr. Bartlett. Mrs. Bartlett accompanied them home and will spend several weeks with her daughter and family here.
March "came in like a lamb," but before the day had passed the temperature had taken a decided drop and night saw a small blizzard in progress. Whether the month will "go out like a lion" could not well be predicted from the brand of weather experienced Saturday.
The bills for electric lighting in stores will for the February service, be made out at a uniform rate of five cents per thousand watt hours. The rate has been fixed by the commission as an experiment, and whether or not it will be continued will be settled at a future meeting. Compared with the old charges, the new tax is a big reduction

for some of the consumers and an increase for none, from five to ten cents, according to the current used, having heretofore been charged.
Jacob Rose calls attention to the spring styles of the Dunlap derby, now on display at his store. Mr. Rose claims for the Dunlap, that it is the hat recognized by gentlemen the world over, and that it costs a little more because it is the only hat of correct style and correct quality.
Saturday was another open day in the circuit court and little business was transacted. Today will be given over to the delinquent tax list. Objections will be heard where protests have been made as to the placing of different parcels of land on the delinquent roll, and decrees for the sale of the various properties will be entered in the discretion of the court.
A millinery department will soon be a feature of the A. T. Van Alstyne dry goods establishment. It will be located in the store room now given up to the carpet department and will be opened for business on the 24th. Handsome fixtures, in which mirrors will play important part, have been ordered, and the new branch will be in charge of expert milliners. Further details are given in Mr. Van Alstyne's "ad" on another page.
Mother—Now's the time to have your little ones take Rocky Mountain Tea. Keeps them well all the year. Great Medicine for children. 35 cts. Stafford Drug Co.

Vandenboom's fresh milk and Jersey creamery butter is rapidly gaining popularity with all the best housekeepers in the city. This is due to the excellent quality of the goods and careful handling. (2-28-14)

NOTICE.
U. B. of Carpenters and Joiners of America, local union 938, of Marquette, Mich., demand that on or after the first day of April, 1902, the minimum wage shall be thirty-one and one-half cents (31 1/2 cents) per hour and that nine hours shall constitute a day's work.
Dated Feb. 7, 1902.
Signed and sealed,
John G. Dumond, Pres.
Jas. E. Scanlan, Rec. Sec.
(2-10-4-1)

D. Seidenfeld's.
During the past week we have received more than 100 pieces of wool dress goods. They comprise the popular fabrics for spring wear and are culled from the products of the best manufacturers in both hemispheres. When out do not fail to give our dress goods department an inspection if you are intending to buy.
DRESS GOODS.
During the past week we have received more than 100 pieces of wool dress goods. They comprise the popular fabrics for spring wear and are culled from the products of the best manufacturers in both hemispheres. When out do not fail to give our dress goods department an inspection if you are intending to buy.
LACE CURTAINS.
"Lace curtains by the thousand" is the common expression used by those who have been shown the mammoth stock we have just received for our spring trade and we wish to say, right here, that never in the history of our curtain business, have there been offered such good values for so little money.
CLOTHING DEPARTMENT.
Men, boys and children will have satisfactory clothing if they will buy it from us. We pride ourselves in up-to-date, ready-to-wear clothing. Sweat-shop goods have no part in the making up of our stock. Everything of the best. We buy on the plan that there is nothing too good to wear, and there is nothing so worthless as shoddy. You can depend upon buying the best of goods when you patronize our store.
SHOE DEPARTMENT.
Once a customer of our Shoe department, always a customer. Our shoe business is transacted on the same basis as our dress goods business, hence, the wonderful increase in this department. We sell shoes to wear; we sell shoes to fit and we sell shoes made of the best leather. No shoddy or cheap workmanship goes into a single pair of shoes bought at our store.
If You Buy it at D. Seidenfeld's it's Good.

Ishpeming and its Environs.

FAITH IN THE DEXTER.

This Abandoned Mine May Become a Producer Before Long.

While in Ishpeming the latter part of last week E. F. Bradt, who is directing mining operations for the Clergue syndicate of the American and Canadian Soos, reported that ore of desirable quality had been discovered near the Dexter mine.

The ore was discovered a short distance north of the Dexter mine, at a point where a party of Ishpeming men did exploring years ago.

Mr. Bradt has all along had strong hopes of finding ore in the vicinity of the Dexter. No man in the upper peninsula knows the nature of the formation in that locality better than he.

FINE PLAY BY GOOD PEOPLE.

John Griffith and His Excellent Company Will be Here This Evening.

Judging from the advance sale of reserved seats, John Griffith, the well known actor, and his company will be greeted with a large and representative audience this evening at the Ishpeming opera house.

EASTER MONDAY BALL.

Members of the Ishpeming Light Guard will offer for sale within the next few days tickets for the Easter Monday ball, which will be given under the direction of this popular organization.

FIREMEN GET PICTURES.

John W. Jochim is receiving the thanks of the Ishpeming firemen for a fine collection of pictures which he presented to the department at the adjourned regular meeting last Wednesday evening.

BEER FOR TREASURER.

James Beer is the first aspirant to the office to announce his candidacy for the trusteeship of the city. Other candidates, however, will doubtless be heard from within the next week or two.

CHRONIC DIARRHOEA.

Mr. C. B. Wingfield, of Fair Play, Mo., who suffered from chronic dysentery for thirty-five years, says Chamberlain's Colic, Cholera and Diarrhoea Remedy did him more good than any other medicine he had ever used.

Our assortment of spring goods, in dry goods, furnishings, etc., is most complete. Our prices will always be found right. Drop in and see us.

WANTED - 50 Strong Young Men

between the ages of 18 and 30 years to become specialists in iron molding; no previous experience in foundry work required.

THE YOUNG AMERICANS.

They Will Likely Take a Hand in Politics at the Municipal Election.

Sentiment in favor of the organization of a political club composed of the young American voters of the city is very strong here and from present indications an organization will be perfected soon.

The other afternoon someone suggested that a meeting be held that evening to ascertain the sentiment among the young voters as to the proposed movement, and the word was passed around among a few.

No definite steps were taken other than to name a few men in each ward whose duty it will be to ascertain what support can be obtained from the voters in case a ticket is nominated.

Expressions from those who addressed the meeting were to the effect that in case it is decided later to put a ticket in the field that the nationality question shall be eliminated.

ITALIANS JOIN NEW SOCIETY.

Fifty-seven Italian residents of Ishpeming have joined a new organization, known as the Lombardi society. The organization was perfected one day last week, with the following as the officers: President, Mike Tassoni; vice president, Frank Nordi; secretary, Henry Ring; treasurer, Leonard Velli.

Members of the Ishpeming Light Guard will offer for sale within the next few days tickets for the Easter Monday ball, which will be given under the direction of this popular organization.

ISHPEMING IN BRIEF.

Miss Tekla Farm sang at the First Methodist church in Marquette last evening.

There will be a meeting this evening of Hose and Hook and Ladder company No. 1.

A regular meeting of the stockholders of the Ishpeming Co-operative society was held Saturday evening at the hall above the store.

John Burder came down from Calumet Saturday and spent the night with his father and sister here.

George M. Baker, who recently accepted the position of head electrician with the Ashland Iron & Steel company of Ashland, Wis., left for that city Saturday evening.

Julius Kraft, an old Ishpeming boy, who left here a few years ago, taking up his residence at Calumet, returned to the copper country Saturday after having spent a week visiting old friends in this city.

Mary J. Harris will represent the local live of the Maccabees at the great camp meeting to be held in Marquette in June.

Miss Emma Molander came down from the copper country Saturday evening and will spend the next few weeks with her sister, Bessie, at the Ishpeming hospital.

The art exhibit at the Anderson hall came to a close Saturday evening. The attendance was the largest of the week.

Information came from Negaunee yesterday that the production of "A King's Rival" by John Griffith and company at the opera house there Saturday evening was the best thing the theatre-goers of the city have seen at their play house in years.

Alfred Lafave's residence and barn at the North Greenwood location were destroyed by fire one day last week.

A Queer Mine That Was Worked With Profit for Several Years.

The Cairo field in West Virginia contains a relic of the earliest production of illuminating and industrial oil—a wonderful deposit of solidified petroleum—bitumen, some call it whether rightly so will not be known until the result of certain tests now being made by eastern chemists is announced.

Oil companies from this and other cities are operating around Cairo, Ritchie county, with success. The fluid is about the same quality found here, but some difficulty with water is experienced.

A CHANCE IN A LIFE TIME

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it,

Fifty Thousand Dollars

in development on the ledge and a complete five stamp mill, with all other necessary machinery ready to run.

The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25¢ per share. Capital stock 1,000,000 shares (par value \$1.00) each, fully paid and non-assessable, to further develop and put the property on a paying basis.

A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$200,000. The Ozark will pay dividends and be worth, par inside of six months. This is the best investment for timidity that has ever been offered to the investing public. Do not lose this opportunity. It will never come again. For further particulars, prospectus, report on mine, reference, etc., address,

GRIFFITH MADE A HIT.
His Production of "A King's Rival" the Best Thing Seen Here in Years.

A splendid assemblage of people greeted John Griffith in his new opera, "A King's Rival" at McDonald's Opera House Saturday evening. The audience was fairly captivated by this splendid young actor, and when the curtain dropped on the last act it was the verdict of all that the performance was absolutely the finest they had ever witnessed in the local play house. Those who usually attend the better class of plays produced here and who missed the treat given by Mr. Griffith and his excellent company have reason to regret that they were absent.

Mr. Griffith has made no mistake in selecting "A King's Rival" as his latest vehicle for the exercises of his splendid ability. At least this was the verdict of the audience Saturday evening and which evidenced its appreciation with spontaneous laughter and applause. Mr. Griffith was given a most cordial reception when he first appeared, and at the end of each act received as many as three curtain calls, which is a remarkable occurrence here.

Mr. Griffith plays the part of the rolicking adventurer with the blood of poquity of Spain in his veins and his heart in the right place. Good nature is his chief stock in trade and a small army of creditors is the least of his troubles. "A King's Rival" affords Mr. Griffith excellent opportunities to display his ability as a comedian as well as an actor of high rank and judgment from the way the play is being received everywhere he will win greater favor with it than he has in any of the productions in which he has heretofore appeared.

Miss Kathryn Purnell gave an artistic and most charming portrayal of the part of Maritana, the Gypsy girl who loves the rolicking Don Caesar. Miss Purnell also possesses remarkable beauty. The members of the company are all splendidly cast and the production was effectively staged with special scenery and beautiful costumes.

A number who were unable to witness the production here for business or other reasons will go to Ishpeming to see it this evening.

BUSY SEASON AHEAD.
Painters of Negaunee Expect a Record Breaking Year in 1902.

The painting business was better in Negaunee last year than during any previous one in the history of the city. Something like twenty painters were employed steadily the greater part of the summer and until late in the fall. Those in that line of business expect that the present year will be a record breaker in the amount of work they will be called on to do.

It is pretty generally understood that there will be considerable building done here during the year. Contractors are already formulating plans for an active season. The painters report that not a few of the property owners figured on doing painting last season that had to be deferred on account of the rush toward the close of the year. These are now planning to get their work started early in the spring, with a view to finishing up before the rains begin. The local painters have a number of jobs under contract and it is their intention to get at the outside work as soon as the weather will permit. Meanwhile quite a lot of inside work will be done.

There were more dwellings painted last season in Negaunee than during any two previous years, and the painters now doing business here can recall houses that had not been touched with a paint brush in from fifteen to twenty years were given attention. Many of the property owners felt that it was time they improved their places and the better outlook for the city encouraged them to make many improvements. The same feeling exists now, and many of those who did not improve the appearance of their homes last year will do it during the coming summer.

It may be a difficult matter for the contractors to get all the painters they will need as men engaged in this work will be in demand everywhere this year. The men who travel through this section in the interest of the wholesale paint houses report that the painting business will be exceptionally good all over the country. At no previous time have they received such satisfactory orders for future delivery as they are getting this winter.

The same is true of the wall paper business. Dealers are putting in larger stocks than they have carried in years past in anticipation of a much larger patronage. The agents report that the more expensive grades are being sold for the coming season. The cheaper grades are not in such demand as they were some three or four years ago.

IMPROVEMENT WORK STARTED.
Andrew Lindquist has some men at work putting the new iron ceiling in position in the store occupied by J. M. Perkins. The material was late in arriving, otherwise the work would have been started some time ago. The new ceiling will be a big improvement over the old one; the design is neat and the material the finest of its kind on the market. A new plate glass front will be put in and a number of other improvements will be made during the next few weeks. When the work is completed Mr. Perkins will have one of the neatest stores in the city.

WORKING 24 HOURS A DAY.
There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague. They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25¢ at Stafford's.

RAW OR INFLAMED LUNGS.
Vield rapidly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. People's Drug Store.

THE NEW... People's Drug Store.
Everything absolutely pure and wholesome. These goods on sale at J. Sellwood & Co.'s grocery store. Ishpeming, also.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." People's Drug Store.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

RID IT OF SNAKES.

Follower of St. Patrick to Emulate His Example in Arizona.

To emulate St. Patrick and do for his country what the Irish saint did for Ireland—rid it of snakes—is the desire of the Rev. Father Pedro Rodriguez. Indeed Father Rodriguez would go even further, and not only rid the Southwest of its rattlesnakes, but also destroy the insect life which makes life unpleasant on the arid lands.

Fifty years ago he came to Arizona and began his labors for the church in New Mexico, Arizona and Old Mexico. A short time later he brought his sister and younger brother out West and established them on a small ranch in the upper valley of the Yaqui river.

He himself was stationed at Guaymas. One day a message came to him telling of the death of his brother and sister. The latter had gone to a spring for water, and as she stooped a warning rattle had sounded under her hand.

Before she could draw back the rattlesnake bit her in the cheek. She tore the reptile loose and hurrying to the house fell in a faint. Her brother reached home to find her dying. The following day at the spring, he too, was bitten by a rattler and died.

Father Rodriguez buried the bodies side by side, and for nearly twenty years remained in the solitude of a monastery. Some ten years ago falling health obliged him to live in the open air. Since then he has devoted much of time to a scientific and persistent slaughter of snakes and the walls of his country home are covered with skins and rattles.

"No, it is not a feeling of revenge that urges me on in my war on the reptiles," says Father Pedro, "but I must in some manner improve my time out of doors and I know of no better way than to kill snakes. Then, too, it is not an unprofitable business, and from my snake skins and oil I am enabled each year to give a snug sum to the church."

Father Pedro has killed nearly 1800 rattlesnakes in the last ten years. In all that time he has never been bitten. Nearly all the snakes have been acquired by his tamed and trained road runners.

The road runner, or chaparral bird, is the hereditary enemy of the rattler and the most dangerous foe, and it is by the use of these birds that Father Pedro hopes to force the rattlesnake to extinction. All through Northern Mexico and the territories, Father Pedro has hunted with his birds, and it is by securing the general taming and use of the chaparral birds for the purpose that he hopes to rid the Southwest of snakes, tarantulas, scorpions and centipedes.

As far back as the traditions of the Indians go the chaparral bird has been looked upon as a benefactor of mankind, while photographs have been found which indicate that, in prehistoric times, he was a familiar object. Many rude pictures in stone show the long-necked birds in the act of devouring snakes.

The name road runner the bird earned by its habit of frequenting roadways, perhaps better to discern in the dust the trails of its victims, and its propensity for displaying its remarkable speed to passers-by. It is able to keep pace with most horses for a short distance. The road runner is poorly equipped with wings. In fact, the short flippers, which take their place, are only valuable in accelerating its running powers.

Plasmen who have seen it at work tell remarkable stories of its fighting qualities and immunity from poison. The latter theory is true to a certain extent, and when the marvelous quickness of the bird does not save it from the lightning-like stroke of the rattler it resorts to a remedy which it gathers from the stem of the smaller cactus.

So careful, though is the assault of the bird that only rarely does the snake escape, or injure its assailant. Coming upon a victim, the birds attack it, from opposite sides, and so fierce is their assault that it is usually a matter of only a few moments until one of the birds has its beak around the neck of the snake, which is then easily killed.

At times an especially alert snake is found, and then the plan of attack is changed. On opposite sides, and running rapidly the birds circle their victim until it is worried into a frenzied rage. Then, when an opportunity offers, the birds close in on the snake like a flash.

The most interesting method which the road runner is said to employ is used when it finds a snake asleep. On nearly all the desert lands grows the cholla cactus, with burrs of small sharp spines. Whenever these needles touch their barbed ends hold them in and they are as difficult to extricate as fish hooks.

The road runner quietly gathers some of these burrs and lays them in a circle about the snake. Then rousing the snake, the bird works it into a furious lashing, which eventually fills its body with the cactus spines. Every movement puts the burrs in deeper and adds new ones, until finally the bird, its desire for torture being gratified, finishes its victim with a blow on the head.

HAVING A RUM OF CHAMBERLAIN'S COUGH REMEDY.
Between the hours of eleven o'clock a. m. and closing time at night on Jan. 25th, 1901, A. F. Clark, druggist, Gladstone Springs, Va., sold twelve bottles of Chamberlain's Cough Remedy. He says: "I never had a reliable medicine for a rough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which it affords. For sale by the Stafford Drug Co."

PNEUMONIA FOLLOWS A COLD.
but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. People's Drug Store.

GOOD FOR LOGGERS

COLDER WEATHER IS CHEERING TO THE LUMBERMEN.

DISASTER THREATENED SOME

WARM SPELL MEANT RUIN FOR MANY OPERATORS.

Snow and the Frigidity Will Put Roads in Shape for Hauling Again and Will Mean More Water for the Drive.

A few days ago it looked as though the lumbermen would come out of the wrong end of the horn, financially, as a result of the soft weather, but now, since colder temperature has again set in, the outlook is more cheerful.

The continued warm spell had raised both not only with the snow, but the roads as well; hauling from the skids logs which had not yet been hauled from the places where cut had of necessity to be left in the woods, and further cutting had been discontinued. In many cases, the forces at the camps, after having been in idleness for some days, were materially reduced, and although some teaming was done during the night, when the roads were in somewhat better condition, the prospects apparently were that considerable of the winter's harvest would not be taken out unless the more expensive and in some localities impossible method of using wheels instead of runners was resorted to.

It was in the fact that the snow was disappearing and the rivers were starting to run, however, that the greatest danger of loss lay, for with low water in the spring driving would be practically impossible and the winter's cut of logs would be hung up on the skids and banks until next year and during that period run the risk of loss by fire or damage by the worm. The small jobs, with much of their payment hinging on the delivery of the logs to the mills or at the interior lakes, stood to sustain proportionately more loss than the large companies, and ruin threatened many of them.

Now, while the loss in wages and time will still be felt by the lumbermen, they will probably finish up on their cut and harvest at a profit, the only question being in the brand of weather furnished from now on. The present spell of frigidly will put the roads in fairly good condition and will again freeze the streams, while the snow that has fallen will add to the volume of water during the driving season. A couple of weeks will suffice, with the crews working day and night, to put the lumbermen on their feet again, and from now on all

will be hustle and bustle in the woods. The old adage that "it's an ill wind that blows nobody good" has been strikingly illustrated during the past week or two. While with the lumbermen in this section the soft weather meant serious loss, down in Alger county the cedar men hailed it with delight. There the snow was so deep that work in the woods was greatly hampered and at many of the camps nearly all the men were laid off; now the snow is down to a depth where operations are once more practicable and the forces have been increased to the old number and work is again in progress as if no interference had been met with.

WOULD BRING MANY VISITORS.
Senate of the National Union May Meet Here This Year.

Marquette stands a good chance of entertaining the legislative branch of still another fraternal organization during the coming summer. The order is the National Union, the officers of which are considering the question of holding the sessions of the next senate, as the annual convention is known, here. They have been making inquiries concerning railroad rates and hotel accommodations, and as the replies to their communications are understood to have been favorable it is anticipated the decision of the executive committee will be that the assembly this year take place in Marquette.

The convention would bring over two hundred delegates to this city from almost every state in the union, each state branch of the order being entitled to representation according to membership. The Hotel Superior, it is understood, has been suggested as the headquarters of the delegates.

The National Union holds high place among the fraternal orders by reason of a personnel which is unexcelled. Only preferred risks are taken, and in a measure its membership is exclusive. For that reason the convention would bring a splendid class of visitors here, and among them would be many gentlemen of note in the professional, railroad and journalistic ranks.

BUYS MORE LANDS.
The Big Bay Lumber company has further added to its land and timber holdings by the purchase from Lewis A. Hall of Bay Mills of twenty-one lots and 100 acres of land at Lake Independence. The consideration was \$2,500. By the deal the McAfee company now controls practically all the lands touching on Lake Independence, having hitherto owned all but a few scattered tracts.

NIGHT WAS HER TERROR.
"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Stafford's drug store.

POSTMASTER MANGUM NOW.

Newly Appointed Official Took Charge of the Office Saturday.
It's Postmaster John Mangum now, the new appointee having assumed the reins on Saturday. Several days ago Mr. Mangum's bonds, in the sum of \$20,000, were forwarded to Washington and approved, and following came notice that the commission had been issued and instructions to the new official to take hold of the office on the first day of the month. In accordance with these advices, Dr. Youngquist, the retiring official, and Mr. Mangum on Saturday went over the accounts and checked up, and following this the new official formally assumed the duties of the office. No changes were made in the personnel of the post-office force, and it understood none will be, at least for the time being.

M'CARTHY FUNERAL TOMORROW.

The funeral of the late Dennis McCarthy will take place tomorrow morning at 9 o'clock from St. Peter's cathedral. Interment will be in Holy Cross cemetery. The deceased held membership in the Brotherhood of Railroad Trainmen, and J. D. Clark, a member of the Denver lodge, accompanied the body to this city. He arrived with the remains at 8 o'clock yesterday morning and left on his return last evening. Dennis, it appears, although ailing for some weeks, had only gone to the hospital on the day of his death, receiving there in the morning and dying that night. He was aged twenty-seven and is survived by his parents, Mr. and Mrs. Dennis McCarthy, residing on Morton street, and by four brothers and three sisters. The obsequies will be attended in a body by the trainmen and by "Denny's" old associates on the diamond. Pneumonia was the cause of death.

STREET FAIR TALKED OF.

A street fair is being talked of to be held some time late in July or early in August. One of the fraternal organizations of the city is considering the project and will arrive at a definite conclusion within a short time. Should the plan go through, the fair will be a "hummer." It will include high-class vaudeville attractions and other features generally incorporated in events of the kind.

NEW MARQUETTE CONCERN.

"The Consolidated Fuel & Lumber company" of Marquette has filed articles of association with the secretary of state at Lansing. The capital of the concern is \$100,000. It could not be ascertained yesterday just who comprised the new company.

ENGINEERS' PAY RAISED.

As has been done at all lake ports, the engineers of the boats hauling from Marquette have been granted an increase in pay for the coming season. The raise is \$10 per month and applies to the men on the fish and other tugs.

Rocky Mountain Tea taken now will keep the whole family well. It fails, bring it back and get your cash. 35 cts. Stafford Drug Co.

SURPRISING GAME.

Hotel Ball Team Defeats the Beavers in a Splendid Contest.
One of the best, if not the best, indoor ball contests of the season was the game played between the Beavers and the Queen City Hotel teams Saturday evening at the Casino. Not only was it interesting, but it was surprising in its result, the score ending 8 to 6 in favor of the hotel nine, the tallies being made as follows:
Beavers 2 0 0 3 0 0 0 1 0 - 6
Queen City 0 0 2 1 0 2 0 3 - 8

Much of the credit of the victory was due to the splendid work in the box of Pitcher Vanebrook, who regularly plays with the Workmen. He tossed a very speedy ball and had the Beaver batsmen fanning the air the greater part of the game, eighteen strike-outs being registered in his favor. In one of the innings, Vanebrook practically won his own game by making a difficult catch of a fly ball which had gone through the third baseman's fingers; two men were out and two on bases, had crossed the home plate before the ball was safely corralled. Rankin, behind the bat, caught a good game. Hogan, who tossed for the Beavers, pitched well, scoring thirteen strike-outs. The Beavers, aside from the pitcher, were assisted by two other of the Macabee players, and before the game started it looked dollars to doughnuts that the hotel club would be defeated.

Game With Soo Is Off.

It had been expected that the Maroon indoor ball team of the Soo would cross bats with the Beavers this evening, but some yesterday that the trip of the Lock City men had been abandoned. The Maroons were to arrive in the city on the afternoon train, and tomorrow morning start for the copper country, where games with the Calumet and Houghton teams were to be played. On their return the Soo team was to again stop off at Marquette, playing the Macabees next Saturday evening. However, the negotiations with the copper country managers fell through at the last minute and the trip was given up. It may be interesting to the fans here to learn the line-up of the Soo team. It is as follows: Kaiser, catcher; Odell, pitcher; Gabriel, first base; Blank, second base; Watson, third base; Smith, right short; Ripley, left short; Barney, right field, and Ashmun, left field.

NOTICE.

The undersigned would respectfully announce that he has for rent the building at Nos. 113 and 115 Superior street, now occupied by himself as a saloon, and No. 119 Superior street as a hotel, with barroom in basement connected by a stairway leading from bar to office. Said hotel is well located between South Shore depot and the merchandise dock on East Superior street. By calling on the undersigned at hotel, you can get all the information necessary. Any person to whom the firm may be indebted, will please call and get their cash, and those who owe the firm will please call and settle on or before May first and oblige. The above hotel is well located for transient trade, is modern and has baths and electric lights. Possession given May first.

A. T. VAN ALSTYN DRY GOODS COMPANY. MILLINERY ANNOUNCEMENT!

Workmen will begin today to remodel our store preparatory to our adding an extensive Millinery department to our other lines of goods. The changes when completed will give us much additional floor space. The Carpet and Drapery department will be moved to the large double basement which will be fitted up equal in finish and fixtures to our main salesroom. Leading to the Carpet department will be a broad stair case the same width as the one leading to the opera house, making it easy of access as well as inviting to the public. The entire added space will be finished in white with oak furniture, and lighted with sufficient electric lights to make it as bright as out doors. The Millinery room will present a very pleasing effect with mirrored walls the entire length, an oak cabinet forming the base. The room will be carpeted throughout and when completed will be the prettiest and most practical Millinery department north of Chicago.

Our Easter Opening will begin on Monday, March 24th, and will be a revelation not alone in the Millinery world, but throughout our entire establishment.

Our Mr. Van Alstyn will leave for New York again this week and will return in time for the Easter Opening with the new spring goods, composed of Tailor-made Suits, Skirts, Wraps, Dress Goods, Silks, Laces, Carpets and Rugs, Curtains, and Draperies, Etc., Etc.

Miss Haster, the head of our Dress Making department will leave in a few days to look up Spring Fashions, during which time this department will be closed.

Miss Miller and Miss Wade, representing our Millinery department are now in the market for their purchases as well as to see and be in touch with all that is new in this department.

It is our purpose to make this store so attractive to the public by its superior assortment of goods in all departments and by its better values for your money that we shall reap the benefit of a continually increasing business. It is greatly to your advantage to buy where your money will go the farthest and where you can have the best selection.

Recently a lady told us that she saved 30 cents a yard on an Ingrain Carpet by buying of us for cash instead of buying it on time of one of our competitors; a difference of \$7.50 on 25 yards. Don't you think it will pay you to figure with us before you buy your goods elsewhere? We have no bad debts for someone else to pay for. Surely we can afford to sell for less than stores selling on time. We want your trade for cash. We will save you money. Don't ask us for credit.

A. T. Van Alstyn Dry Goods Company.
