PRESCRIPTIONS.....

NEVER ALTERED.

It does not make any difference what your physician prescribes, if you will bring the prescription to The People's Drug Store you get exactly what is specified. There is never a thought in our mind of substituting, or altering the prescription in any way whatsoever. We know that the doctor has a reason for prescribing just what he does, and we follow the prescription exactly.

In fact, we believe that the work of the physician is often defeated, and the patient made to suffer, because a mania for cheapness leads some druggists to substitute drugs of inferior quality for those prescribed. We invite you to bring prescriptions here. Our prices are always close.

METHUEN IS TAKEN

BOERS UNDER DE LAREY MAKE AN IMPORTANT CAPTURE.

BRITISH GENERAL IS WOUNDED

IRISH GREET NEWS WITH CHEERS IN COMMONS.

Four Guns and British Baggage Also Captured—Three Officers and Thirty-Eight Men Are Killed.

London, March 10.—It was announced today that General Methuen and four guns have been captured by the Boers commanded by General DeLarey. The news came like a thunderbolt to London. Extra editions of evening papers giving an account of the disaster were eagerly bought up, and the readers hurried through the streets with anxious faces, and bitter remarks were passed on the subject of the government's declaration that the war in South Africa was over. The news came too late to affect the business of the stock exchange, but excited curb dealings quickly followed the closing in which the South Africans slumped heavily.

Great Excitement in Commons.

The news was received in the house of commons amid great excitement. The reading of Lord Kitchener's telegram by War Secretary Broderick was listened to in deep silence, which was broken by loud Irish cheers. Then the Irish members seemed to think better of their outbreak and subsided. Subsequent references to General Methuen were received with cheers.

In brief, Lord Kitchener announced that General Methuen was captured, wounded, with four guns; three British officers and thirty-eight men were killed, and five officers and seventy-two men were wounded. In addition one officer and 200 men were reported missing. The fight occurred before dawn March 7, between Winburg and Liebenburg, Orange River Colony. The British force numbered 1,200 men. The Boers captured all the British baggage.

How Roberts Views Capture.

Lord Roberts, commander-in-chief, who announced the British disaster in the house of lords, said that General Methuen for over two years has carried on his work with zeal, intelligence and great perseverance, adding that the general was beloved by his men and that no work was too dangerous or difficult for them or General Methuen. The commander-in-chief was sure the house was deeply grieved at what had occurred. He would ask their lordships to consider with him his own feelings for the gallant officer in his present unfortunate position, and defer adverse criticism till they had definite information as to who was directly responsible. From General DeLarey's conduct throughout the war they could all be assured that General Methuen would be taken great credit for Lord Spencer (liberal) former president of the council, said he thoroughly believed in General Methuen's zeal. He did not want to offer a hint of criticism at the present time.

Salisbury Expresses Sympathy.

Lord Salisbury also expressed deep sympathy with General Methuen under the present unfortunate circumstances. He said it was not a time to discuss his action. He had always acted with the greatest gallantry and the premier therefore thought that they should defer criticism until details arrived. His lordship was convinced that General Methuen had done his best in accordance with the most melancholy affair.

The feeling of depression in the lobby after the news of the disaster, was very marked. Several members of the house expressed the opinion that it will necessitate sending fresh troops to the front, while the belief was widely expressed that the Boers will not fail to take advantage of General Methuen's prominence to hold him as a hostage for the release of the remaining British forces, and other Boer leaders now in the hands of the British.

Methuen's Good Record.

General Methuen commanded the column sent to relieve Kimberly in the latter part of 1899 and while on the advance fought the battles of Belmont, Graspan, Modder river and Magersfontein. At the battle of Graspan the Boers were under the command of General DeLarey, who is General Methuen's captor now. After these engagements Lord Roberts was sent to South Africa, where he took personal command of the British advance on Kimberly and relieved Kimberly Feb. 16, 1900.

After General Methuen's defeat at Magersfontein it was reported that he had shown signs of breaking down almost immediately after he took command of his division and General Venter, who was then commander-in-chief of the column, was said to have suggested to the war office after the battle of Belmont that General Methuen should be relieved, but his advice was not heeded. General Methuen sent a number of remarkable messages to the war office, one of which contained just these words: "Darkness. My Dawn."

His handling of troops aroused the most violent criticism, which was only stilled by the relief of Kimberly, when the question of his health and ability seemed to be dropped. Since that time Methuen has rendered efficient service and several notable successes over the Boers stand to his credit.

The only sensational information concerning General Methuen's disaster was

in a telegram read just before parliament adjourned.

According to this, the first confusion was caused by a stampede among the mules and caissons which communicated itself to the mounted troops, when the Boers successfully frustrated the attempts of the British officers to rally their forces. The mounted troops galloped three miles beyond and were cut off. The artillery and the Northumberland Fusiliers and Lancashire showed great courage and did not surrender until they found resistance was useless. It is alleged that General DeLarey's force was almost entirely dressed in British uniforms.

It is feared that Lord Kitchener's incomplete accounts have not told the worst. The papers discussing the situation admit the extreme gravity and even humiliation to British prestige aboard, involved in such a reverse inflicted by a body of Boers equal in numerical strength.

Rosebery Scores the Irish.

Glasgow, March 10.—In a speech tonight Lord Rosebery referred to the Irish demonstration in the house of commons today, when the reading of Lord Kitchener's telegram announcing the capture of General Methuen was greeted by loud Irish cheers, as a fresh indication of the impossibility of home rule. Lord Rosebery said Gladstone himself, if he returned from the dead, could not dare entrust an independent parliament to men who openly rejoiced at a British military disaster.

The bulk of Lord Rosebery's speech was devoted to a reiteration of his plea for national efficiency. He said while his program offered nothing which the present government could not give if it chose, he had been forced to appeal to the judgment of the nation against lethargy in high places, blind content and disregard of vital questions which had characterized the course of the government for the past seven years.

REPORT ON PANAMA MATTER.

One Is Fined With Isthmian Committee Through Senator Morgan.

Washington, March 10.—Senator Morgan today placed at the disposal of the Isthmian committee, but did not formally present, the report of the sub-committee of which he is chairman on the question of the ability of the new Panama company to give a clear title in case the United States should purchase the franchises and property of that company. The report will not be made formally until the minority, holding contrary views, shall be prepared to present its report. Senator Kittredge will present the majority report.

The majority report is adverse to accepting the title of the Panama company, contending before the company can make an acceptable title France must first repeal the laws covering the company's rights. Colombia must also repeal certain statutes. As to the Panama railroad, it is pointed out that the company is chartered by the state of New York and this might embarrass the United States should it destroy that road in constructing the canal.

GERMANY IS STUBBORN.

Is the Only Power Refusing to Reduce Force at Tien Tsin.

Pekin, March 10.—The policies of Germany and Great Britain in China have developed an antagonism equal to that of Russia and Japan over Manchuria, also seriously involving the interests of other nations.

Germany is the only power refusing to reduce its garrison at Tien Tsin. The payment of the February instalment of the indemnity was blocked by England because she thought Germany needed it to support her Tien Tsin forces. Great Britain's course is believed to be because of a desire to increase her prestige among the Chinese.

American influence is also being exerted toward the reduction of the garrison.

"DIG ONE LARGE GRAVE."

New Jersey Woman Gets Unusual Telegram from Her Brother.

Binghamton, N. J., March 10.—"Dig one large grave; children all dead." So reads a telegram received today by his sister from Thomas Scanlon, whose five children burned to death at Shin-hopple, Ireland, last night.

The bodies will be brought here for burial tomorrow. No details of the accident can be secured tonight.

Shin-hopple is a small settlement near Hancock. It is presumed the home was burned at night while Scanlon was away and all the occupants except Mrs. Scanlon perished.

JEALOUSY CAUSES TRAGEDY.

Illinois Man Kills Sweetheart and Then Fatally Wounds Himself.

Chicago, March 10.—At River View, a suburb tonight, Edward Desnitz shot and killed his fiancée, Lillie Dittman, and then shot himself, inflicting a fatal wound. A mob attacked the jail where Desnitz was placed and only desisted when assured that the man could not live. Jealousy was the cause of the tragedy.

COAL GAS KILLS THREE.

Mount Clemens, Mich., March 10.—Frederick Dosscher, aged eighty-six, his wife, aged seventy-two, and his sister, Mrs. John Frink, aged sixty, were asphyxiated at their residence some time between Friday night and this morning by coal gas.

PANAMA'S SAFETY ASSURED.

Panama, March 10.—The government states it has positive information that in recent engagements the revolutionists lost 700 killed or wounded. General Salazar, while admitting the situation is serious, has no fears for the safety of Panama.

SEC. LONG RETIRES

RESIGNATION IS SUBMITTED TO THE PRESIDENT.

W. H. MOODY HIS SUCCESSOR

MASSACHUSETTS MAN TO TAKE NAVY PORTFOLIO.

Latter's Select on the Outcome of an Interesting Contest—No Less Than Half a Dozen Aspirants to the Post.

Washington, March 10.—The third change in the cabinet of President Roosevelt occurred today when Secretary Long submitted his resignation in a graceful letter, it being accepted in one equally felicitous by the president. The change was made complete by the selection of Representative William Henry Moody of Massachusetts as Secretary Long's successor.

Change Was Expected.

This change has been expected for some time. Secretary Long had intended to retire at the beginning of the late President McKinley's second term, but consented to remain until certain lines of the policy in which he was involved were more satisfactorily arranged. Then, when President Roosevelt succeeded, though anxious to return to private life—for Secretary Long will never again enter public life—a strong feeling of loyalty towards President Roosevelt induced the secretary to defer his retirement until it was convenient for the president to make the change.

Will Reenter Law Firm.

Recently Secretary Long has been in Massachusetts making arrangements with his old legal connections to re-enter the practice of law, and he has had his house at Hingham put in order for his occupation. When Secretary Long entered the cabinet originally he was an active member of the firm of Heningway & Long, a well known legal firm of Boston. He always has maintained a silent connection with the concern and will again become an active partner.

Narrowed Down to Two.

Mr. Moody's selection for the post of secretary of the navy was the outcome of an interesting contest. There were no less than half a dozen aspirants but the struggle finally narrowed down to two representatives of congress—Foss of Illinois, chairman of the naval committee of the house, who had the energetic support of his western colleagues, and Moody, for whom Senator Lodge made a winning fight. It was for a time in doubt whether Moody would be placed in some important foreign mission rather than in the navy, but he preferred to stay at home.

News Reaches the Capitol.

The news that Representative Moody had accepted the navy portfolio reached the capitol shortly after noon and Mr. Moody, who was on the floor of the house, was showered with hearty congratulations. For several minutes he held a levee in one of the side aisles on the Republican side. The Democratic members noticed the demonstrations and crossed over to join in the ovation, his congratulations from that quarter being fully as hearty and sincere as those from his own side of the house.

Steadily Rose to Prominence.

Mr. Moody began to rise to prominence during his first term in the house, when Speaker Reed selected him frequently to preside over the committee of the whole and predicted for him a brilliant legislative career.

WERE ACTING SUSPICIOUSLY.

Two Young Men of Bloomington, Ill., Are Perhaps Fatally Shot.

Bloomington, Ill., March 10.—Two young men named Burke and Pearson, members of respected families, were perhaps fatally shot at midnight by the police on suspicion of being incendiaries. For two years incendiary fires, principally barns, have been numerous, and a large reward for the capture of the fire-bugs has been offered. An incendiary fire tonight led to overhauling two men acting suspiciously, and they were shot while fleeing.

TWO BLOWN TO ATOMS.

Big Powder Plant near Keokuk, Ia., Is Wrecked by an Explosion.

Keokuk, Ia., March 10.—Dupont, Denonroux & Co.'s powder plant five miles from this city, was partially wrecked by an explosion this morning. Two men, Frank Schneider and Egbert Eriksson, were blown to atoms and a third, Louis Leske, will die. Three others were seriously injured. The cause of the explosion is unknown. The property damage is \$75,000.

SEALING CREWS STRIKE.

St. Johns, N. F., March 10.—Striking crews of sealing steamers left their ship at midnight last night, rendering it impossible for the vessels to sail this morning. A complete deadlock prevails. There is no disorder.

SIX ROUNDS TO A DRAW.

Philadelphia, March 10.—Charles McKeever and Philadelphia Jack Brown fought six rounds to a draw tonight.

TIDAL WAVE ON MEXICAN COAST.

Fifty-Three Bodies Are Recovered but Full Loss Cannot Be Estimated.

San Francisco, March 10.—Reports received here tell of a tidal wave sweeping the coast of Mexico. At least accounts fifty-three bodies have been recovered. No estimate of the full loss could be made.

Tornado in Omaha.

Omaha, Tuesday, March 11.—Omaha was visited by a tornado at 1 o'clock this morning. A number of houses are reported unroofed, blown in and the windows smashed. It is thought no lives were lost. The center of the disturbance was at Twenty-fourth and Cummins streets.

Mississippi Is Rising.

La Crosse, Wis., March 10.—There has been a heavy rain in the vicinity of La Crosse for the past twenty-four hours. The Mississippi and all its tributaries it is feared will overflow their banks and do much damage to adjoining lands. The ice in the Mississippi is breaking up.

Storms in Iowa.

Bartlett, Ia., March 10.—A severe wind and thunder storm struck this place this afternoon and did considerable damage to buildings. One residence was blown down but none of the occupants were seriously hurt. There was a terrible down-pour of rain, which lasted nearly an hour.

Goldberg ten miles east, the Rock Island trucks were badly washed out and the wind caused much damage to small buildings.

PRINCE HENRY SAILS TODAY.

Day Is Spent in Philadelphia and Concludes With Dinner at Gotham.

Philadelphia, March 10.—Prince Henry was given a remarkable ovation by thousands on the streets on his arrival here and during his drive through the streets. He spent some time inspecting Independence Hall and the relics there. Before entering the hall he passed the statue of George Washington, which he saluted. This act was greeted with a roar of applause by the crowd. From Independence Hall he went to Cramp's ship yard, which he inspected critically, visited all the warships being built there and expressed wonder and delight at what he saw. The new Russian battleship waiting for the ice to break up in order to leave for home, was manned by sailors. The prince boarded this vessel and was received with honors due his rank.

At the Union League the prince was an honored guest at luncheon. In his speech he declared there was absolutely no secret mission in his visit to this country, and that anything published to the contrary is untrue.

After luncheon the prince boarded his train and as it pulled out of the depot he was given another popular ovation.

New York, March 10.—Prince Henry and party tonight boarded the Deutschland, on which they will sail tomorrow. A dinner on the ship the prince entertained those who had been his hosts on shore.

WANTS WU REMOVED.

Manchu Censor Says Minister Is Corruptly Retained.

Pekin, March 10.—A prominent Manchu censor has memorialized the throne for the removal of Wu, Chinese minister to the United States. The censor asserts Wu is corruptly retained, ostensibly for the repairs to the Chinese legation at Washington amounting to \$80,000 of Tien Tsin silver.

Washington, March 10.—Minister Wu says he has a telegraphic notice of the receipt by the Chinese government of the fund referred to in the Peking dispatch. Not one cent of it could be misappropriated and there is no question whatever for the statement that \$80,000 has been retained.

APPEAL TO CARDINAL.

St. Louis Citizens Fight Hard to Retain Possession of Church.

St. Louis, March 10.—To prevent the closing on April 1 of the Immaculate Conception church, Jefferson avenue and Locust street, which has been officially ordered by Archbishop John J. Cain, the parishioners have appealed to Cardinal Martinielli, papal legate at Washington. The archbishop is anxious to sell the Immaculate Conception property, which is worth between \$150,000 and \$175,000, to provide funds for a new Catholic cathedral. In the civil proceedings in the circuit court the archbishop won. A motion for a new trial is now pending.

DISPUTE NEARING SETTLEMENT.

Difficulties Between Germany and Venezuela Seem to Be Adjusted.

Berlin, March 10.—The dispute between Germany and Venezuela is nearing settlement, although the terms are as yet a foreign office secret. They are, however, satisfactory to Germany, and Venezuela has apparently yielded without Germany's having made any direct threat or having had to do anything like sending an ultimatum.

RECEIVER FOR ELKHART BANK.

Lincoln, Ill., March 10.—L. C. Schwedtfeger, cashier of the German-American National bank, has been appointed receiver of the State bank at Elkhart, which failed a week ago.

BIG FIRE IN OHIO.

Canton, O., March 10.—Fire in the Novelty Iron works plant yesterday caused a loss of \$100,000. Two hundred men are idle.

SIX ROUNDS TO A DRAW.

Philadelphia, March 10.—Charles McKeever and Philadelphia Jack Brown fought six rounds to a draw tonight.

Will It Cure Me? That's the personal question a woman asks herself when she reads of the cures of womanly diseases by the use of Dr. Pierce's Favorite Prescription.

DAILY MINING JOURNAL,

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Subscription Rates: Per month, by carrier, \$1.50. Per year, by mail, \$15.00.

MARQUETTE, MICH., MARCH 11.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It is announced that the Union Pacific railroad company will expend \$50,000,000 during the next two years in extensions to be built into the mining and agricultural districts of southwestern Wyoming and in putting into effect a colossal colonization scheme for the development of territory tributary to the line.

The candidacy for congress of Hon. H. O. Young is well received throughout the district and it is certain that he will go into the convention with a strong following. The Mining Journal has no desire to belittle the qualifications of Mr. Sheldon for the position he is holding, or to deny that he has cared well and loyally for the interests of the district.

Alaska's woes are aired by the Seattle Post-Intelligencer in a fervid article from which this simple extract is taken: No voice is raised in congress for the repeal of the heavy special taxation which has been imposed upon the people of Alaska.

That Alaska has been badly treated by congress hardly needs saying. The territory is working under a crude system which is by no means adapted to its needs, and though the attention of the people at Washington has been time and again called to this fact they have stolidly ignored it.

CHANGE IN TRADE CURRENTS.

A reversal of trade currents in the metal trade that has attracted much attention of late is thus noted and commented on by Iron and Steel:

Foreign commerce in iron and steel possesses unusual interest to the trade just now, reflecting as it does the peculiar conditions of the market.

LOW ONE-WAY SETTLERS RATES TO THE WEST.

During the month of March and April the D. S. S. & A. Ry. will have on sale to points in North Dakota, Montana, Idaho, Washington, Oregon and British Columbia one-way settlers tickets at greatly reduced rates.

MERCHANTS & MANUFACTURERS

Exchange, Detroit, Michigan, March 5th-12th, 1902. For the above occasion the D. S. S. & A. Ry. will sell tickets to Detroit, Mich., via Mackinaw City at very low rates.

have met and vanquished the exports, but the wire export trade is gaining standing almost alone in that respect. The valuation of iron and steel exports for January was \$8,088,958, against \$8,427,915 for the previous month and \$9,610,552 for January last year.

PRINCE HENRY'S MISSION.

It will hardly be denied that the visit of Prince Henry of Prussia to this country has worked a marked change in the sentiment of our people toward Germany and its emperor.

Speaking of the prince's visit and what it has accomplished, the Detroit Tribune says, and we believe with entire truth: The present generation in this country has not seen a diplomatic mission carried out with anything like the degree of success which has attended Prince Henry's work.

If his visit has done nothing else, it has wrought much in that it has made a war between his country and ours practically impossible. Since the Von Diederich incident Germany and America have been looking upon each other.

NO MORE WARS.

Many prominent people of this country and England profess to see the realization of their hopes for universal peace in an Anglo-American alliance.

DIAMOND DRILLS.

Mr. Max Banzinger, representing Jacques, Banzinger & Co. of 108 Fulton-street, New York, dealers in black diamonds for diamond drills, is at present visiting the iron ranges calling on the various mines.

LOW ONE-WAY SETTLERS RATES TO THE WEST.

Upper Peninsula.

Berger Gjelsteen, formerly employed as night clerk in the Stephenson hotel at Menominee, has been arrested, charged with stealing \$20 from Mrs. O. M. Hansen. Gjelsteen is said to have committed the theft at night while sitting in the parlor, where the remains of Ole M. Hansen were laid out preparatory to burial.

While crossing the river near the H. Witbeck company's mill at Menominee the other afternoon, Victor Rousseau, a Menominee drayman, lost his horse and wagon and barely escaped with his life. He was driving to Marinette when without any warning the ice gave way and horse and wagon were plunged into the water.

George Trudeau was killed instantly in the new sawmill of the woodenware factory at Escanaba last Friday. He was seen on the floor at the time he was struck by a log, and later his dead body dropped to the floor from the machinery above.

The troubles of Mrs. Adelaide Cushman Morgan, a former Soo girl, whose recent divorce from her husband, John Morgan, the famous actor, is well known to courtiers, has had another airing in the Souths at Chicago.

John Roscoe, night foreman at the D. Clint Prescott works at Menominee, lost the other night while at work on a lathe. He accidentally got it caught between the face plate and the end of a large cone that was being turned up.

A telegram has been received at the Soo from Tuscaloosa, Ala., announcing the death in an accident of Martin Lynch, whose family resides at the Soo.

DON'T LIVE TOGETHER.

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without gripping or distress.

Tonight

Just before retiring, if your liver is sluggish, out of time and feel dull, bilious, constipated, take a dose of Hood's Pills.

The snap and go that many a more expensive hat lacks are in the GORDON Hat, without charge. The price of the GORDON is based on QUALITY only. It couldn't be better.

NOTICE.

To the Qualified Electors of Marquette County, Michigan: Notice is hereby given, that the following preamble and resolution were duly adopted by the following year and day vote by the Board of Supervisors of Marquette county, Michigan, at a regular session of said Board of Supervisors, held pursuant to adjournment at the court house in the city of Marquette, on Wednesday, the twelfth day of February, A. D. 1902, viz:

Resolved, That the board of supervisors of the county of Marquette, that it is necessary to build a new court house for said county of Marquette, and to borrow the sum of one hundred twenty thousand dollars, for that purpose, on the faith and credit of the county of Marquette.

MEMBER BILL FILED

DOCUMENT 10 TEST LEGALITY OF RAILROAD COMBINE.

CONSOLIDATION A CONSPIRACY.

DEFENDANTS CHARGED WITH MONOPOLIZING TRADE.

Petition Prays That Northern Securities Company Be Required to Recall and Cancel Certificates of Stock Issued.

Washington, March 10.—By direction of the attorney general of the United States a bill was filed at St. Paul today by the circuit court of the United States for the district of Minnesota in the case of the United States, complainant, against the Northern Securities company, the Great Northern Railway Co., the Northern Pacific Railway Co., and others, defendants, to test the legality of the alleged combination or merger of the two roads and others named in the bill. The action is brought under the act of July 2, 1890, known as the Sherman anti-trust act.

Organized in Minnesota.

After reciting the fact that the Northern Securities company is a corporation organized under the laws of the state of New Jersey, that the Great Northern railway was organized under the laws of the state of Minnesota, and the Northern Pacific railway under the laws of Wisconsin, and that the two last named companies are common carriers, doing an inter-state business, and that these companies act and prior to the date of the acts complained of, operated two separate, independent parallel and competing lines of railway aggregating over 5,500 miles in length, the petition goes on to say that they were the only trans-continental lines of railway extending across the northern tier of states west of the Great Lakes, from the Great Lakes and the Mississippi river to the Pacific ocean and were then engaged in active competition with one another for freight and passenger traffic among the several states of the United States and between such states and foreign countries, each system connecting at its eastern terminals, but with lines of railway, but with lake and river steamers to other states, and to foreign countries, and at its western terminals with sea-going vessels to other states, territories and possessions of the United States and to foreign countries.

Company Became Insolvent.

That prior to the year 1893 the Northern Pacific system was owned and operated by the Northern Pacific Railroad company, a corporation organized under certain acts of congress, that during that year the company became insolvent and was placed in the hands of a receiver. While in this condition, awaiting foreclosure and sale, an arrangement was entered into between majority of the bond holders of the Northern Pacific Railway company and the Great Northern Railway company for a virtual consolidation of the two and placing the control of the Northern Pacific system in the hands of the Great Northern. This arrangement contemplated the sale under foreclosure of the Northern Pacific company to a committee of bond holders who should organize a new company, to be known as the Northern Pacific Railway company. One-half of the capital stock of the new company was turned over to the Great Northern company which in turn was to guarantee the bonds of the Northern Pacific.

The carrying out of this arrangement says the petition, "was defeated by the decision of the United States supreme court in the case of Pearsell against the Great Northern Railway company which was decided March 30, 1896, in which it was held that the practical effect would be the consolidation of two parallel and competing lines of railway and the giving to the defendant, the Great Northern Railway company, a monopoly of all traffic in the northern half of the state of Minnesota, as well as of all the trans-continental traffic north of the line of the Union Pacific, to the detriment of the public and in violation of the laws of the state of Minnesota."

United in a Big Purchase.

Early in the year 1901, the defendants, the Great Northern and Northern Pacific companies in contemplation of the ultimate placing of the Great Northern and Northern Pacific systems under a common source of control, united in the purchase of the total capital stock of the Chicago, Burlington & Quincy Railway company, of Illinois, giving the joint bonds of the Great Northern and Northern Pacific Railway companies.

In this manner the Great Northern and Northern Pacific Railway companies secured control of the vast system of lines known as the Burlington system, about 8,000 miles in length. The attempt to turn over a controlling interest of the Northern Pacific Railway company to the Great Northern, having been defeated by a decision of the supreme court, the defendants, James K. Hill, and his associate stockholders of the Great Northern, owning or controlling a majority of the stock, and the defendants, J. P. Morgan and his associates, owning or controlling a majority of the stock of the Northern Pacific company entered into an unlawful combination or conspiracy to effect a virtual consolidation of the Northern Pacific and Great Northern systems and to place restraint upon all competitive interstate and foreign trade or commerce carried on both between the two companies and the individual stockholders the same, and to suppress the competition theretofore existing between said railway systems in said interstate and foreign trade, or commerce, through the instrumentality and by the means following, to-wit: A holding corporation, to be called the Northern Securities company, was to be formed under the laws of New Jersey, with a capital stock of \$400,000,000 to which, in exchange for its own capital stock upon a certain basis and at a certain rate, was to be turned over and transferred to the capital stock, or a controlling interest in the capital stock, of each of the defendant railway companies.

Individuals to Be Eliminated.

In this manner the individual stockholders of these two independent and competing railroad companies were to be eliminated and a single common stockholder, the Northern Securities company was to be substituted; the interest of the individual stockholders in the property and franchises of the two railway companies was to terminate, being thus converted into an interest in the property and franchises of the Northern Securities company. The individual stockholders of the Northern Pacific Railway company were no longer to hold an interest in the property to draw their dividends from the earnings of the Northern Pacific system, and the individual stockholders of the Great Northern Railway company were no longer to hold an interest in the property or draw their dividends from the earnings of the Great Northern system, but having ceased to be stockholders in the holding corporation, both were to draw their dividends from the earnings of both systems, collected and distributed by the holding corporation. In this manner, by making the stockholders of each system jointly interested in both systems, and by practically pooling the earnings of both systems for the benefit of the former stockholders of each, and by vesting the control of each system in a common body, to-wit, the holding corporation, with not only the power but the duty to pursue a policy which would promote the interests, not of one system but of both at the expense of the public, all impediment for competition between the two systems was to be removed, a virtual consolidation effected and a monopoly of the interstate and foreign commerce formerly carried on by the two systems as independent competitors established.

Capital Stock Was Assigned.

In further pursuance of the unlawful combination or conspiracy aforesaid and solely as an instrumentality through which to effect the purposes thereof, on or about the thirtieth day of November, 1901, the Northern Securities company was organized by the election of a board of directors, and the selection of a president, James K. Hill, and other officers, who, with their associate stockholders of the Great Northern Railway company assigned and transferred to the Northern Securities company, a large amount of the capital stock of the Great Northern Railway company constituting a controlling interest therein, and complainant believes a majority thereof, upon the agreed basis of exchange of 180 par value of the capital stock of the Northern Securities company, for each share of the capital stock of the Great Northern Railway company, and the defendants, J. Pierpont Morgan and his associate stockholders of the Northern Pacific Railway company, assigned and transferred to the defendant, the Northern Securities company, a large majority of the capital stock of the Northern Pacific Railway company, upon the agreed basis of exchange of \$115 par value, of the capital stock of the Northern Securities company for each share of the capital stock of the Northern Pacific Railway company, and thereafter the Northern Securities company, offered the stockholders of the defendant railway companies, to issue and exchange its capital stock for the capital stock of such railway companies upon the basis of exchange aforesaid, no other consideration being required.

Consolidation Has Been Effected.

The defendant, the Northern Securities company, has acquired an additional amount of the stock of the defendant railway companies, issuing in lieu thereof of its own stock upon the basis of exchange aforesaid, and is now holding, as owner thereof, but being retained and in operation, and the defendants are thereby attempting to monopolize and have monopolized such interstate and foreign trade or commerce, to the great and irreparable damage of the people of the United States, in derogation of their common rights, in violation of the act of congress of July 2, 1890, entitled "An act to protect trade and commerce against unlawful restraints and monopolies."

Stock Purposely Withheld.

If the defendant, the Northern Securities company, has not acquired a large majority of the capital stock of the defendant, the Great Northern Railway company, it is because the individual defendants named and their associates in the combination or conspiracy charged in this petition, or some of them, since it became apparent that the

RURAL BILL PASSES

HOUSE DISPOSES OF MEASURE AFTER ALTERING IT RADICALLY.

PROVISIONS ARE STRICKEN OUT

SALARY SYSTEM CONTINUED AND MAXIMUM INCREASED.

Ship Subsidy Bill is Discussed in Senate and Vest and Tillman Make Speeches in Opposition to the Measure.

Washington, March 10.—The bill to classify the rural free delivery service and place carriers under a contract system, which has been debated in the house for over a week, was passed today but in a form that completely changed the purpose for which it was framed. Before it was passed the bill was altered radically by its opponents. All the provisions relating to the placing of carriers under the contract system were stricken out, and the salary system not only was continued but the maximum salary of carriers was increased from \$500 to 600 per annum.

Motion to Recommit Offered.

A motion offered by Representative Williams (Democrat) of Illinois to recommit the bill with instructions to report back an amendment providing for the dismissal from the service of carriers who should use their influence in favor of any particular party or for any particular candidate, was voted down—96 to 141.

As passed the bill classifies the rural free delivery service and fixes the compensation of employes as follows: Special agents in charge of divisions, not exceeding \$2,400 per annum; special agents, four classes, graded, \$1,200 to \$1,600; route inspectors, four classes, \$900 to \$1,200; clerks, four classes, \$800 to \$1,200. The compensation of carriers is not to exceed \$600.

Vest Waxes Eloquent.

For nearly two hours today Senator Vest of Missouri addressed the senate in opposition to the pending ship subsidy bill. No member of the body has been accorded more flatteringly close attention than he received. Despite his evident feebleness, he spoke with force and fire and at times became brilliantly eloquent. He carefully analyzed the pending measure and particularly attacked the present navigation laws, which he declared were relics of barbarism and responsible for the decline of our merchant marine.

Tillman Denounces Subsidies.

Senator Tillman of South Carolina followed with a brief speech in opposition to the bill. He denounced the policy of giving subsidies to anybody, particularly to individuals and corporations engaged in the formation of shipping trusts. He carefully analyzed the number of unreported bills on the calendar.

CUTS STEEL LIKE WAX.

New Invention Causes Anxiety Among Owners of Big Safes. Chicago, March 10.—Julius E. Haschke, a Chicago electrician, in discovering a way to apply electricity to iron and steel so as to cut or burn the metal as a warm knife blade does a hard chunk of butter, has brought to bankers and other guardians of public treasure a feeling of insecurity. Mr. Haschke did not invent his carbon point device for the purpose of opening bank safes, nor does he wish, so he says, to aid or abet in any way the dark-lantern fraternity, yet he is able to cut into two pieces the thickest iron bar or steel plate.

It Makes no Difference to Mr. Haschke whether he is called upon to cut in two a big boiler plate in Milwaukee or sever a slender great steel rib in the Rookery building, Chicago—he goes about his labor with full confidence that he can carry out his part of the contract. Mr. Haschke's experience in Milwaukee a few days ago is being reported far and near as an example of what his carbon point will do. A big boiler foundation was to be removed from the basement of a building. It was almost impossible to get the great mass of metal out as it lay and then it was equally preposterous to think of cutting the plate in two.

Goed to Milwaukee.

Mr. Haschke's simple invention was mentioned to the interested persons and he was invited to go to the Cream City. Mr. Haschke encased himself in a little steel house, placed two pairs of blue spectacles to his eyes and after connecting his carbon point he touched the steel plate. Persons standing far back in the basement saw a lurid flame shoot up; it was a white light and produced extreme heat. The light well-nigh blinded the spectators, but the operator was well protected and did the work. At the rate of a foot in five minutes after cutting or burning away a wide space in the plate, the carbon point with its terrible power worked along. Mr. Haschke had no trouble whatever in handling the work, and those who watched him left the place, although blinded by the light, aware of the value of the discovery of the Chicagoan.

Attitude of Bankers.

It is reported that bankers in Chicago and Milwaukee have been investigating the Haschke carbon point and that they feel its value as an agency for criminal work is virtually nullified by the fact that cutting or burning away a wide space in the plate, the carbon point with its terrible power worked along. Mr. Haschke had no trouble whatever in handling the work, and those who watched him left the place, although blinded by the light, aware of the value of the discovery of the Chicagoan.

It is not feasible for a burglar to attempt to open the vaults of any well protected banking establishment by means of the Haschke carbon point be-

TALKED ON CUBA

PAYNE AND GROSVENOR CONFER WITH THE PRESIDENT.

RECIPROCITY PLAN DISCUSSED

BOTH DECLINE TO STATE RESULT OF VISIT.

Congressman W. A. Smith Assures Speaker Henderson Opposition to 20 Per Cent Plan is Not Against Speaker or House.

Washington, March 10.—Chairman Payne, of the ways and means committee, and Representative Grosvenor were among the president's callers today. Although both maintained great reserve as to their calls, it was known the Cuban reciprocity situation was discussed. Chairman Payne's associates in the contest expressed the belief that the reciprocity plan would prevail in some form. Others who talked of what the president said, said he was in some doubt as to just what had been promised the Cubans, but it seemed that the island's products were to be given advantage in American markets.

Views of Senator Allison.

It is understood Senator Allison today remarked that more importance had been given to the subject than was warranted; that the proposed 20 per cent reduction would not be of material advantage to the planters of the island, nor would such a reduction in the duty on Cuban sugar affect in any material way the beet sugar interests of this country.

Representative William Alden Smith of Michigan, one of the most active opponents to the 20 per cent Cuban reciprocity plan, called on Speaker Henderson and assured him the movement was not against the speaker or those of the house in authority. Mr. Smith said those conducting the opposition had the highest regard for the speaker and the ways and means committee, and that the present movement was due solely to an earnest conviction against the reduction of tariff duties.

Suggestions Made to Shaw.

Mr. Smith also called on Secretary Shaw and suggested that under the Brussels agreement the Cartel system continue another year, and proposed that under section 5 of the Dingley act countervailing duty be imposed against sugar under the Cartel system, the same as this countervailing duty is now imposed against bounty sugar.

It was urged in support of this plan that it would give greater relief to Cuban sugar than any action congress could take.

GOVERNMENT CROP REPORT.

Department of Agriculture Tells of the Condition of Farm Products. Washington, March 10.—The agricultural department this afternoon issued the crop reports of the year 1901 on hand March 1, 1901, and 29 per cent (158,700,000 bushels) of the crop of 1899 on hand March 1, 1900.

The corn in the farmers' hands is estimated at about 29 per cent of last year's crop, against 36.9 per cent (77,200,000 bushels) of the crop of 1900 on hand March 1, 1901, and 37.2 per cent (77,700,000 bushels) of the crop of 1899 on hand March 1, 1900.

Of oats there is reported to be 30 per cent of last year's crop still in the farmers' hands, compared with 36.2 per cent (292,800,000 bushels) of the crop of 1900 on hand March 1, 1901, and 36.5 per cent (290,900,000 bushels) of the crop of 1899 on hand March 1, 1900.

While, as stated above and more fully explained in connection with other official reports, no definite quantitative estimates of the grain production of 1901 have been made at present, reports received by the department make it manifest in the wheat crop that the year was one of the largest ever grown; the corn crop was the smallest, with one exception, in twenty years, and the oat crop was also much below the average.

This conspicuous departure from the ordinary relative production of the three principal grains appears to have been followed by the use of wheat as feed for animals, more extensive geographically, if not in actual volume, than has ever before occurred.

HANNA AS PEACEMAKER.

Chicago, March 10.—Senator Hanna is to be invited to make an effort to settle the Albin Chalmers strike, which has been on since June 1, 1901.

E. W. GROVE.

This name must appear on every box of the genuine Laxative Broom-Quinine Tablets, the remedy that cures a cold in one day. 25 cents.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

West & Traux, Wholesale Druggists, Toledo, O. Wading, Kimman & Marvin, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all Druggists.

Hall's Family Pills are the best.

FOLEY'S HONEY AND TAR

Cures coughs and colds. Cures bronchitis and asthma. Cures croup and whooping cough. Cures hoarseness and bronchial troubles. Cures pneumonia and la grippe. People's Drug Store.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday: Foley's Kidney Cure makes the kidneys and bladder right. Contains nothing injurious. People's Drug Store.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK. Makes delicious hot biscuit, griddle cakes, rolls and muffins. An absolutely pure, cream of tartar powder.

NEW YORK STOCK MARKET.

Disaster to British in South Africa Has a Sentimental Effect. New York, March 10.—Efforts were made to contest the influence of the Saturday bank statement during the early hours of today's stock market, but late in the day belated borrowers ran up the money by bidding against each other and predictions were heard from the best authorities that money would rule higher in the immediate future. The disaster to British arms in South Africa had a strong sentimental effect, although direct influence was restrained by the fact that the London stock market was closed when the news was received. Traders here sold stocks on the supposition that the news will induce some liquidation for London account, and also may affect our money market by accentuating the pressure for gold in London.

Freight Handlers Strike.

About 7,500 Men in Boston, Including Teamsters, Go Out. Boston, March 10.—It is estimated that in the freight handlers' strike inaugurated today 7,500 are involved, including members of the teamsters union, 6,000 men; the freight handlers' union, nearly 1,400; the freight clerks' union, 150.

Providence, R. I., March 10.—There is intense interest here in the Boston strike as this is one of the leading distributing centers of New England. The freight handlers, it is said, would stop work if requested to do so by their Boston brethren.

TODAY'S WEATHER.

Washington, March 10.—The following is the weather bureau's forecast for Upper Michigan: Showers Tuesday; Wednesday fair and colder in west; probably showers in east portion; variable winds.

SICK MADE WELL WEAK MADE STRONG.

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

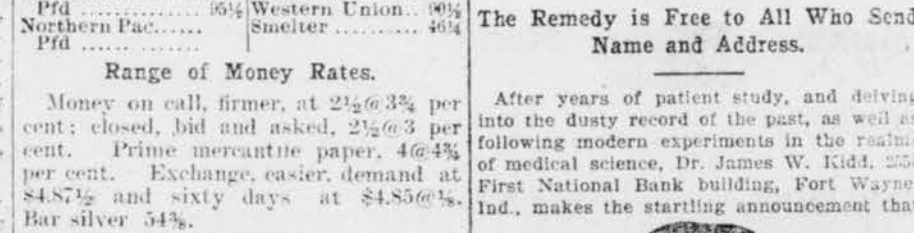

The Remedy is Free to All Who Send Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realm of medical science, Dr. James W. Kidd, 2234 First National Bank building, Fort Wayne, Ind., makes the startling announcement that

he has surely discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving tonic, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seem to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free, to anyone who is a sufferer, in sufficient quantity to convince of its ability to cure, and there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

DR. JAMES WILLIAM KIDD.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits. Chicago, March 10.—In wheat today the trade was moderate in volume, with the tone a little unsettled. Higher prices ruled early, when May sold at 76¢ 3/4, but a decline to 75¢ 3/4 followed, the price changing some, and the closing was 3/4 lower than Saturday. The strength at the start was attributable mainly to the absence of rain over Sunday and higher cables. Liverpool quoted spot up 1/2¢ 3/4, with the futures 3/4¢ 3/4 better. The prediction shows a decline for Kansas and the Middle West by the signal service changed the local sentiment and there was selling by the early buyers, also by the Southwest. The reduction in the visible was moderate as expected. The exports were moderate at 201,000 bushels, and sixteen boats were reported taken on the coast. The local receipts were thirty-four cars. In corn there was considerable trade, principally local, the range being about a cent. The start was better with cables, but the prices receded sharply later and the close was 3/4¢ 3/4 lower than Saturday. Local operators were rather bearish. Part of the late selling was credited to the Southwest. The local receipts were 101 cars. Liverpool was 3/4¢ 3/4 better on spot and 1/4 higher on futures.

Oats ruled rather quiet. At the start steadiness prevailed but later, when the other grains weakened, the prices receded 3/4¢ 3/4 and closed at a net gain of 3/4¢ 3/4. The trade was disposed to await the government report.

The leading futures ranged as follows: May wheat opened at 77 3/4¢ 3/4; highest, 78 1/4¢ 3/4; lowest, 76 3/4¢ 3/4; closed, 77 1/2¢ 3/4. May oats opened at 62 3/4¢ 3/4; highest, 62 1/2¢ 3/4; lowest, 61 3/4¢ 3/4; closed, 61 3/4¢ 3/4. May corn opened at 44 3/4¢ 3/4; highest, 44 3/4¢ 3/4; lowest, 44 3/4¢ 3/4; closed, 44 3/4¢ 3/4.

Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 22,000, 13,000. Wheat, bushels, 45,000, 11,000. Corn, bushels, 101,000, 20,000. Oats, bushels, 112,000, 12,000.

FOLEY'S HONEY AND TAR

Cures coughs and colds. Cures bronchitis and asthma. Cures croup and whooping cough. Cures hoarseness and bronchial troubles. Cures pneumonia and la grippe. People's Drug Store.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday: Foley's Kidney Cure makes the kidneys and bladder right. Contains nothing injurious. People's Drug Store.

My Lungs Perhaps they are sore and weak from constant coughing. How is this? Have you forgotten about the cough medicine your grandmother gave you fifty years ago—Ayer's Cherry Pectoral? Ask your doctor how many years he has prescribed it. "An eminent physician told me I certainly had consumption and that Ayer's Cherry Pectoral and it completely cured me." Mrs. S. L. Yeager, Oxford, Kan. J. C. AYER & CO., Lowell, Mass.

SPRING REMEDIES. It has been the custom to take blood purifiers in the spring. The reason for this is that the blood is most apt to be impure at this season. If you really need a blood purifier there are apt to be surface indications; pimples, blotches, sores, boils or other eruptions. Lassitude, headaches, a "tired feeling" and loss of appetite are the constitutional symptoms. Desjardins Sarsaparilla is, we believe, as perfect a blood purifier as can be made. PRICE \$1.00. Money Back if You Want It. DESJARDINS' PHARMACY, 417 North Third St. (5-12-0)

THOUSANDS OF FAMILIES HAVE HEARD THE JOYFUL NEWS THAT PAIN'S Celery Compound Makes Sick People Well and Strong.

A House-to-House Canvasser Would Show That Thousands Are Being Cured.

The people who have not heard in some way of Paine's Celery Compound and its wonderful triumphs over the diseases and ailments of life, cannot be counted as newspaper or magazine readers, nor are they amongst those who are in touch with the medical progressiveness of the times. A house-to-house canvasser (if that were possible) of families where Paine's Celery Compound is being used during these early spring days, would disclose an overwhelming amount of evidence regarding the implicit confidence that is placed in this great old fashioned medicine. It would show the enormous number of people who are being cured of some form of nervousness, sleeplessness, dyspepsia, indigestion, neuralgia, rheumatism, headaches, kidney and liver diseases.

Now is the time when Paine's Celery Compound can show astonishing and happy results to the sick. Now that spring is with us, giving a promise of life and new beauties, it should lend encouragement to the work of getting well and strong. The use of Paine's Celery Compound for a few weeks will truly astonish every debilitated, weak and sickly man and woman. The change from a muddied and sallow complexion to a fresh, healthy color, with bright, sparkling eyes, unclouded brain, the enjoyment of refreshing sleep, clear, fresh blood coursing through the body, will be the sure reward of every patient using Paine's Celery Compound. Accept no substitute or imitation. See that the name PAINES is on the wrapper and bottle.

DIAMOND DYES color anything any color. Never fades. Never fades.

DECISION HITS MICHIGAN. Opinion of Supreme Court on Anti-Trust Laws Affects Several States.

Washington, March 10.—It is stated that the decision of the United States supreme court declaring the Illinois anti-trust statute unconstitutional, in effect declares unconstitutional the anti-trust laws of Georgia, Indiana, Louisiana, Michigan, Mississippi, Montana, Nebraska, North Carolina, South Dakota, Tennessee, Texas and Wisconsin, besides Illinois. In each of these states there is an exemption in favor of livestock and agricultural products in the hands of the raiser or producer, or of labor organizations. Under the rulings of the court, an anti-trust law to be constitutional must apply indiscriminately to all combinations, with no exemptions or exchanges whatever.

WILL ASK FOR HALF A MILLION. Congress to Be Requested to Appropriation That Sum for Olympian Games.

Chicago, March 10.—Regarding the plans of the Olympian games to be held here in 1904, it is stated there will be world's championship contests in the standard sports. Exhibitions also will be given in sports peculiar to the different nations of the world, as well as the sports of the west. An effort will be made to include within the evening program representatives of games of ancient Greece and Rome, with appropriate pageantry and settings. There will also be comprehensive exposition sporting apparatus and equipment.

B. J. Rosenthal, chairman of the finance committee, will visit Washington and New York shortly in the interest of the games. He will then take the first steps toward securing from congress an appropriation of half a million dollars toward defraying the expenses.

MICHIGAN POSTMASTERS. Washington, March 10.—The following Michigan postmasters were nominated yesterday.

George W. Noble, Buchanan; Daniel P. McMullen, Cheboygan; Andrew L. Deuel, Harbor Springs; George W. Dennis, Leslie; Charles W. Browne, Mason; Clayton L. Bailey, Marcellona; Will P. McCoy, Mendon; Claude Broshour, Newberry; Gorham A. Sherwood, Otsego.

HELD UP AND ROBBED. Guthrie, Okla., March 10.—Mrs. Sybil Taylor of Rockford, La., was held up by highwaymen near this city last night. Her pockets were cut from her dress and she was robbed of her money, railroad tickets, a postoffice order and other valuables.

SPALDING FAILS TO PLEASE. Chicago, March 10.—According to the Record-Herald some of Spalding's best friends are not pleased with his course in National League matters and he forced him to withdraw unless he changes his method of campaign.

DUFFY DEFEATS MATTHEWS. Chicago, March 10.—Martin Duffy, a Chicago lightweight, defeated Matty Matthews, a Brooklyn-welterweight, in a six-round contest tonight. Ole Olson was given the decision over Eddie Santy in a six-round bout.

RAW OR INFLAMED LUNGS Yield rapidly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. People's Drug Store.

MERGER BILL FILED (Continued from Page Four.)

legality of their corporate device for the merger of the stock of competing railway companies through the instrumentality of a central holding corporation would be assailed in the courts, have purposely withheld, or caused to be withheld, a large amount of the capital stock of said railway company from transfer for the stock of the Northern Securities company, and have purposely discouraged and prevented the transfer and exchange of such stock for the stock of the Northern Securities company, all for the purpose of concealing the real scope and object of the unlawful combination or conspiracy and of deceiving and misleading the state and federal authorities and of furnishing a ground for the defense that the Northern Securities company does not hold a clear majority of the stock of the Great Northern Railway company.

The Northern Securities company was not organized in good faith to purchase any part of the stock of the Great Northern and the Northern Pacific Railway companies. It was organized solely to incorporate the pooling the stocks of said companies, and to carry into effect the unlawful combination or conspiracy aforesaid. The Northern Securities company is a mere repository of the stocks of the Great Northern and the Northern Pacific Railway companies, and its shares of stock are but beneficial certificates issued against said railroad stocks to designate the interest of the holders in the pool.

Subsidiary Capital but \$30,000. The Northern Securities company does not have and never had any capital sufficient to warrant such a stupendous operation. Its subsidiary capital was but \$30,000 and its authorized capital stock of \$400,000,000 is just sufficient when all issued, to represent and cover the exchange value of substantially the entire stock of the Great Northern and Northern Pacific Railway companies, upon the basis and at the rate agreed upon which is at \$122,000,000 in excess of the combined capital stock of the two railway companies taken at par.

If the government fails to prevent carrying out of this combination or conspiracy, not only will a virtual consolidation of two competing transportation lines with the practical pooling of their earnings be effected and a monopoly of the interstate and foreign commerce formerly carried on by them as competitors be created and all effective competition between such lines in the carrying of cargo and foreign traffic be destroyed, but thereafter to all desired to use it, an available method will be presented whereby, through the corporate scheme or device aforesaid, the act of congress of July 2, 1890, may be circumvented and set at naught, and all transcontinental lines, indeed, the entire railway systems of the country, may be absorbed, merged and consolidated, thus placing the public at the absolute mercy of the holding corporation.

Prayer of the Petition. The petition prays that the Northern Securities company, its stockholders, officers, etc., be perpetually enjoined from purchasing, voting, etc., any of the shares of the capital stock of either the Northern Pacific or Great Northern companies and that a mandatory injunction be issued requiring the Northern Securities company to recall and cancel any certificates of stock issued by it in purchase or in exchange for any of the shares of the capital stock of either of the said railway companies, surrendering in return therefor the certificates of stock in the respective railway companies in lieu of which they were issued. It is also asked that the defendants, the Northern Pacific and the Great Northern railways, their officers, stockholders, etc., be perpetually enjoined from in any manner recognizing or accepting the Northern Securities company as the owner or holder of any of the shares of their capital stock, etc.

The petition is signed by Milton D. Purdy, attorney of the United States for the district of Minnesota; Philander C. Knox, attorney general of the United States; and John K. Richards, solicitor general of the United States. Rocky Mountain Tea braces up the whole system. Renews your lost energy. Great bowel tonic for tired and sick people. Stafford Drug Co. DANGERS OF PNEUMONIA. A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. People's Drug Store.

A MEASURE OF MERIT. Marquette Citizens Should Weigh Well This Evidence. Proof of merit lies in the evidence. Convincing evidence in Marquette is not the testimony of strangers. But the endorsement of Marquette people.

That's the kind of proof given here. The statement of a Marquette citizen. Mr. A. Board of Dead River Mills, says: "There was a dull aching pain across the small of my back and in my kidneys at times so severe that I could hardly stand it, particularly if I caught cold or did any heavy lifting. I took medicines at different times but the trouble still remained as bad as ever. When I saw Doan's Kidney Pills advertised I got a box at the Stafford Drug company and used them. The treatment cured me."

For sale by all dealers. Price 50 cents per box. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

PNEUMONIA FOLLOWS A COLD but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes, People's Drug Store.

Lazy, Sluggish Liver and Kidneys ARE RESPONSIBLE FOR PRETTY NEARLY ALL THE DISEASES KNOWN TO MEDICAL SCIENCE.

KEEP THESE ORGANS IN GOOD WORKING ORDER BY THE USE OF SMITH'S GREEN MOUNTAIN RENOVATOR.

Most everything that can possibly be the matter with a person is due to bad blood conditions, and these are in turn due to bad liver and kidneys.

If your blood is pure, rich and plentiful, disease simply can't get into your system. The trouble is, though, that people neglect a lazy liver and diseased kidneys, and the moment they fail to do their work properly the impurities which they are intended to get rid of pass into the blood; then the trouble commences.

Women with thin, poisoned blood suffer from all sorts of diseases peculiar to the sex, and men have rheumatism, scrofula and other diseases, as well as getting into a condition so weak and enfeebled that they are scarcely able to attend to their usual business.

All this can be avoided by keeping the blood pure and rich by the use of SMITH'S GREEN MOUNTAIN RENOVATOR. This medicine doesn't waste a moment's time, but goes right to the spot where the trouble is, and, as its name indicates, renovates and cleanses until everything is working in perfect order, and you are on the high road to health and strength again.

This medicine is made just as it has been made for many years from the roots and herbs of the Vermont Mountains. Nature intended these roots and herbs for just the purpose we put them to in this medicine, and when you follow Nature's leading, you can't go wrong.

This medicine has always been highly popular in its own home, although it was not advertised. Now everybody can get it. Its present owners are distributing it all over the country, and we are the sole agents here.

Take it in the spring as a matter of precaution, because everybody needs its cleansing powers then.

Take it all the year 'round when you don't feel right, and it will do you good.

If you find that it doesn't, you are always welcome to your money back.

PUMPING THE SAND.

Much of It Is Coming Up With the Water at the Maas Mine Shaft.

The management of the Cleveland-Cliffs Iron company has every reason to feel satisfied with the way the work is progressing at the Maas mine. The shaft is now down over ninety feet, and no serious trouble has been experienced thus far. Those who predicted all sorts of trouble as soon as the quicksand and water were encountered are very much surprised to see the work move along so smoothly.

There are now four pumps stationed in the shaft. These follow the timbers downward and are always within a certain distance from the bottom, being on a platform which moves with the timbering. Up to this time one of the large pumps has sufficed to keep the water down. There is no telling, however, when a heavier flow will strike the shaft, so that it might be necessary to start an extra pump or two at almost any moment.

A great deal of sand is being raised to surface through the water pipe. The suction takes up the sand quite as freely as it does the water and during the past few days a couple of men have been kept busy the greater part of the time shoveling sand from the laundries. The removal of the sand in this way is satisfactory so long as it does not interfere with the operation of the pump. The packing wears out more rapidly than it would if nothing but water was being raised. Aside from that the sand does not cause any noticeable trouble in the prosecution of the work.

The greater part of the water in the shaft is coming from the west side, as is the case in the shafts of the Negaunee mine. This was expected in view of the conditions at the properties in that vicinity. In case the timbers sag any they will settle that way, though it is not expected that the movement will be very great, even should the water and sand flow more freely than it is now doing.

OF HIS WORK AMONG FINNS.

Rev. G. A. Hiden of This City Talks to Detroit Reporter.

The Detroit Free Press in its Saturday morning's issue had this to say concerning a Negaunee clergyman: "Rev. Gustave A. Hiden, of Negaunee, Mich., who is the only Methodist Finnish missionary in the United States, stopped in Detroit yesterday on his way home from the Methodist state missionary conference at Jackson. Rev. Mr. Hiden, who is by birth a Swede, came to America last September, and since that time, working under the direction of the twelve missionary points in the upper peninsula of Michigan and in Minnesota. Before coming to America he was for fourteen years a missionary in Finland. He is a man of culture, and has written an interesting book, in English, on 'Suomi' (the native word for Finland), the Land of the 'Thousand Lakes.' Mr. Hiden, who is a trained nurse, and who was for years at the head of a hospital in Helsinki, the capital of Finland, assists her husband in his work.

"In the upper peninsula there are in the neighborhood of 45,000 Finns; in Minnesota there are as many more. Nearly all of these are nominal Lutherans, but only a very small proportion of them attend any church. Consequently the opportunities for work are very large.

"In some places I have very good success," said Rev. Mr. Hiden. "Some times several hundred will answer my invitation to come to a meeting. But again at other times no one will attend. No particular field of work has been assigned me by the Methodist conference, and I work where it seems best. Each one of the twelve points is visited once a month, and every four weeks I go over into Minnesota.

"Yes, perhaps it is a little harder to reach the Finns here than it was in their own country. You see this is considered a land of gold, and every one who comes here expects to get rich quick, and the making of money is their principal thought."

"Rev. Mr. Hiden is much interested in the temperance work among the Finns. The conditions here are very different from those in the old country," he explained. "Here in a town of 3,000 inhabitants there will be thirty to forty saloons. Every little village has its drinking places. In Finland saloons are found only in the larger towns and cities, and even there the number is restricted by law. Those who live in the country are able to procure spirits only by going to the cities, and consequently the large mass of the people do not drink at all. Upon reaching America they are confronted with temptation everywhere.

"Wherever you find a colony of Finns, however, there you will find a temperance society. In Ispsening there are but two, with a membership aggregating 400."

ANNUAL ENTERTAINMENT.

English Oak Lodge, Sons of St. George, of this city, will give its annual entertainment and supper at McDonald's opera house on Good Friday evening. This is an event the members of the society and their families look forward to with no little pleasure, as it is easily the most important function given within the year under auspices of the society. At the last regular meeting a committee was named to perfect arrangements for the affair. A program that will delight old and young will be rendered at the supper will be so fine that none will want to miss it.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

FOUR ARRESTS MADE.

Warrants Sworn Out for Four Young Men Alleged to Have Been in Mob.

Rev. S. M. Gilchrist, whose life was threatened by a mob Saturday night, appeared before Justice Theodore Thoren yesterday and had warrants sworn out for the arrest of six young men of the city, whom he alleges were leaders in the disgraceful affair. The warrants were placed in Marshal Grubb's hands and he succeeded in finding four of the bunch. The other two could not be located yesterday, but it is thought they are still in the city.

The charge preferred against the offenders is violation of a city ordinance, which forbids the congregating of crowds on the street. They are also charged with using abusive language.

The date of the young men's hearing has not yet been fixed, but it will probably take place today. All furnished bail and none were taken into custody. It is quite likely that the minister will cause the arrest of at least three of the mob men today. He stated yesterday that he thought he would enter complaints against the three dealers whose places of business he found open Saturday night after 11 o'clock.

TOURNAMENT FUND BALL.

Committees Have Been Named to Take Direct Charge of the Function.

The arrangements committee for the ball to be given at McDonald's opera house on Easter Monday has named sub-committees to take direct charge of the party. The arrangements committee is composed of Mayor Connors, C. L. Sporey and R. G. Jackson.

The reception committee is made up of Joseph E. Sues, John Shea, August P. Johnson, John E. O'Donoghue, Joseph Barabe, John P. Miller, James A. Goodman, Al. Willman, Louis Sporey and Hugo J. Hagg.

The floor will be looked after by Louis Greenier, Charles Marketty, Charles Ellis, John T. Burns, Oral J. Lacombe and John W. Goudge.

The Negaunee Orchestra band has been engaged to furnish the music and George J. Haupt will do the prompting. Supper will be served at the Breiting house.

The opera house will be artistically decorated for the ball. Men who have had experience in decorating will be engaged for that work and it is the wish of the arrangements committee that the ball be made more attractive for this function than it has been for any similar one ever held in the city.

Returns are being received continually from the tickets sent to the wholesalers. Very few have refused them and as a result a goodly sum has been obtained from that source alone.

SOCIETY CHOOSES OFFICERS.

At the last regular meeting of the Chevelier de Lafayette society of this city the following officers were named for the ensuing term: President, Alfred Lacroix; first vice president, Charles Cyr; second vice president, Fick Groux; recording secretary, Phillip Lerner; corresponding secretary, Joseph A. Mondor; assistant secretary, Phillip Tallion; treasurer, Joseph Barabe; assistant treasurer, Amable Berger; commander, Albert Leveillier; sergeant at arms, Albert Gauthier; directors Pierre Lemire, Victor Gauthier, Joseph Tibault, Octave Gaudron, Louis St. Julian, Charles Belanger and Etienne Gauthier.

The society is in excellent shape financially. The report of the treasurer showed a net balance on hand of over \$2,000. Something like \$200 were disbursed last year for sick benefits. There are at present 160 members in good standing.

The invitation to attend the annual re-union of the French societies of the upper peninsula at Ispsening on Michigan, has been accepted. It is expected that every member of the society in this city who can possibly get away that day will attend the celebration.

WORKING 24 HOURS A DAY.

There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Pimples, Liver, Jaundice, Biliousness, Fever and Ague. They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Stafford's.

Years of suffering relieved in a night. Fishing piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cts.

New radishes, lettuce, beet greens, parsley, water cress received from the grower every day. Also a full line of fruits and vegetables at George Haupt's grocery. Both phones. (12-7-1f)

CIGARS!

The smoker's delight is a Good Cigar. We have all the best brands in Key West and Domestic.

Box Trade a Specialty.

Agents for the Celebrated Straus' IMPERIAL AND LA VENGIA CIGARS.

J. M. Perkins,

DRUGGIST,
Negaunee, Mich.

LOCAL LACONICS.

T. J. Flynn got home yesterday from a week's visit in Chicago.

J. D. Campbell came up from Chicago yesterday on a visit to his family. He will return today or tomorrow.

M. T. Murphy has returned from Chicago, where he spent the greater part of last week purchasing new goods.

Frank Schwartzman has been employed at Hansen's meat market the past week or so during the illness of Mr. Hansen.

Miss Olympia Webb got back yesterday from Chicago, where she spent the past two weeks looking up the late styles in millinery.

Mrs. George Roberts of Mountain Iron, Minn., has been a visitor with her aunt, Mrs. Josiah Broad, in this city, for the past week or so.

William Madeford, who gave up his position here with the intention of going west, has taken a place in the store at the Swaney location and will remain there permanently. His parents reside at Swaney.

For the concert to be given at Marquette (Edwards) on the 20th, the band, cheap rates of railroad fare will be in effect. The night train will be held until the close of the entertainment. The seats go on sale at Marquette this morning.

Rev. G. A. Hiden spent last week at Jackson attending a meeting of the Methodist missionaries of Michigan. Presiding Elder C. M. Thompson also attended the conference. Rev. Hiden visited several of the larger cities of the state during his absence.

At the last meeting of the local hive of Lady Macbebes Miss Elizabeth Wedlake was chosen representative to the great hive meeting to be held at Marquette in June. The members of the local tents and hives of the Macbebes are manifesting no little interest in the log meeting to be held at the Queen City and it is certain that many will go down from here during the celebration.

The foundation under the front of the block occupied by J. M. Perkins has dropped seven inches on the west side. It is assumed that this is due to the shaking of the ground when railway trains pass over the Chicago & North-western tracks near by. A new pillar has been put in on the west corner and the foundation below has been raised and strengthened. The new front will be in position within a day or two.

Richard Stevens has gone down to the Appleton mine at Loretto to do some mason work. Preparations are being made for the resumption of mining operations at the Appleton. Several Ishpening men, including a captain, mining engineer, a brick layer and a number of miners have gone down there. The Appleton was operated some years ago, but work was suspended when the buildings on surface were destroyed by fire. Chicago parties are now in charge of the property.

Hepner's ice cream in all flavors, also Hepner's cakes and breads, every day and delivered to all parts of Negaunee. George Haupt, either phone. (12-7-1f)

Lower Michigan.

At Grand Rapids Saturday night about 9 o'clock Will Hagens, bookkeeper for the American Steam Laundry company, was held up in his office by two strangers at the point of a revolver and robbed two cash boxes containing \$200 in cash. Hagens was alone in the office at the time. As he was at the telephone sending a message, two men walked in. He paid but little attention to them at the time, but when he had finished telephoning he turned around to his desk and was met by two revolvers pointed at his face. The men ordered him to go into the vault and kept him covered with their guns. They pushed him into the open vault and grabbing two cash boxes near the door, ran out of the building. Hagens says the men were masked when they covered him with their guns. The scene of the robbery is one of the business streets of the city. The men ran through an alley and escaped to their identity.

The papermaker's union of Kalamazoo several weeks ago requested the managements of five paper mills of that city to grant their employees shorter hours during the summer months. The Bryant Paper company is the first to accede to this request, and notified its 400 employees Saturday that, beginning April 5, the mills of the company would be shut down from 6 o'clock Saturday night to 7 o'clock Monday morning during the warm months. This will mean a loss each week of several hundred dollars to the company. The management of the other mills has not as yet taken any action on the petition of the paper-makers.

Several children were playing around a bonfire at Grand Haven Friday when Mattie Hinz, the five-year-old daughter of Mr. and Mrs. Roy Hinz, ran too close and her dress caught in the flames. Her screams attracted those of her companions attracted the attention of Will Brown, who was standing in the doorway of his home a few rods from the accident. Throwing off his vest as he ran, he wrapped it around the child and placed his hand over her mouth to keep her from inhaling the flames, and smothered the fire. The little girl was badly burned about the limbs and chest and in all probability will not live.

William Klumpff, of Lowell, charged with the murder of his wife, was taken to Grand Rapids Friday. That city is being scoured by the officers for Miss Mattie Whitfield, the Grand Rapids woman whom Klumpff is said to have visited a few days before his wife received the fatal headache powder. Miss Whitfield has mysteriously disappeared, and this fact leads the officers to think that she might, if found, throw some light on the murder mystery. Klumpff refuses to talk but the sheriff believes the man will make a full confession. None of his friends or relatives are permitted to see him at the jail.

At the home of Mrs. Henry Peters in Waterville one day last week her little five-year-old daughter was placed in the yard at the back door to enjoy the spring sunshine. In the absence of the

mother the little one was attacked by a large Plymouth Rock rooster and before the babe could be rescued by the neighbors, who had been attracted by its cries, the child's face and head was cut in deep gashes by the fowl's spurs, just grazing the temple. One ear was nearly cut out. The child's life can be saved if blood poisoning does not set in.

A gang of tin horn gamblers has been operating in Kalamazoo with such success that many "sure thing" men from outside have come to town in the past month for the purpose of being suckers. The climax was reached when a Kalamazoo citizen was fleeced out of several hundred dollars. He complained to Mayor Mills, with the result that that official issued a proclamation ordering every gambler out of Kalamazoo within twenty-four hours under pain of prosecution if remaining longer than that time.

There is a small space in the shore line near the West Bay City water works plant which is kept from freezing over by warm water running from the waste pipes of the building. This spot is a favorite feeding place for a flock of ducks which visits it nearly every day, and so far has not been molested by hunters. The ducks are of the kind known as "saw bills" and are not considered very choice eating.

A. N. DeWaele and Colin Campbell, who are the owners of about 2,000 acres of mud lands in Roscommon and Crawford counties, are negotiating with eastern parties and some local capitalists for the formation of a company to manufacture Portland cement. If the negotiations are successful the factory, which will be a \$1,000,000 plant, will probably be erected in the vicinity of the Bay City.

A forty-pound otter was killed Saturday evening on the fruit farm of Joseph Smith, who lives adjoining the St. Joseph river in Berrien county. The otter measured four feet three inches and for four years had been seen at different times, but not until Saturday was it killed. It is believed to have been the only otter left in that entire section.

Elizabeth Honsburger, of Fairgrove township, Tuscola county, has become violently insane and will be sent to the Pontiac asylum. She is twenty years of age and delicate of physique, but so violent is her frenzy that she is kept chained a large portion of the time. She has two brothers confined at present in the Pontiac asylum.

O. B. Mitchell, of Big Rapids, while working on Gale's logging train at West Branch Saturday, was instantly killed by having his head crushed between the logs. He had only been at work three days. He was thirty-eight years old.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded. The Stafford Drug Co., Detroit, Mich. "The People's Drug Store." (11-16-6mo)

Bellevue farm butter and pasteurized cream always on hand at Haupt's. Both telephones. (1-15-1f)

LADIES CAN WEAR SHOES

One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Cures and prevents swollen feet, blisters, callous and sore spots. Allen's Foot-Ease is a certain cure for sweating, hot, aching feet. At all druggists and shoe stores, 25c. Trial package free by mail. Address, Allen S. Olmsted, Lee Roy, N. Y.

Builds up the system, puts pure, rich blood in the veins; makes men and women strong and healthy—Burdock Blood Bitters. At any drug store.

WEIGH MORE

More Flesh Generally Means More Strength.

We Can Tell You How To Gain In Weight and Health.

Thinness is a symptom of disease and the companion of weakness. We have noticed, that when one begins to grow thin some sort of a break-down usually follows.

We do not intend to pose as prophets when we say that to lose flesh indicates serious trouble. We are, however, willing to pose as prophets when we proclaim a fact that we can help you gain flesh and at the same time health and strength.

Our Vinol will do this for you because it acts in the most beneficial manner on the digestive organs.

Vinol, as we have often told our friends, is the modern form of cod liver oil yet without oil or grease. Vinol helps the stomach to obtain from the food which is taken just those elements that are needed to make pure red blood, sound flesh and hard muscle.

Won't you come to our store if you find that you are losing weight and investigate the merits of this greatest modern tonic reconstructor? Not only will it make you well but it will keep you from being unwell. Mr. Norral Clauson of Blairville, Penn., writes the following letter:

"I recently purchased a bottle of Vinol and took it according to directions, as I was in need of a general tonic. In a very short time I noticed a decided improvement in my general health. I increased in weight, my appetite became better, and I felt the return of old time energy. I can most cheerfully recommend Vinol as the best tonic that I have ever taken."

We have learned by observation that Vinol will accomplish all that is claimed for it. Because we know this is so, we guarantee the action of Vinol as a tonic and a producer of flesh. We are sure there is nothing better. Buy a bottle of Vinol on our guarantee and if you are not satisfied we will refund your money.

THE STAFFORD DRUG CO., Marquette, KIRKWOOD & O'DONAGHUE, Negaunee.

HUMPHREYS' Witch Hazel Oil

Weak Backs

Omega Oil The weak spot in many men and women is the back. It gets

gives out before the other parts of the body. It gets tired and aches terribly after a day's work or night's pleasure. A tired, weak back pulls a person right down and renders life miserable. The kidneys are often supposed to be the cause, but usually the muscles and tendons in the back have been strained. Omega Oil is the proper and only permanent remedy. Rub it into the pores of the back, and a feeling of renewed strength and vigor will come immediately, and a few such treatments will fix you up all right again. Omega Oil takes out soreness and inflammation, and a few such treatments will fix you up all right again. Omega Oil takes out soreness and inflammation, and a few such treatments will fix you up all right again. Omega Oil takes out soreness and inflammation, and a few such treatments will fix you up all right again.

SULLIVAN WON OUT

MUNISING VILLAGE PRESIDENT REELECTED YESTERDAY.

HIS MAJORITY WAS THIRTY-NINE

ENTIRE REPUBLICAN TICKET SUCCESSFUL WITH HIM.

Election Warmly Contested, Productive of Many Challenges and a Heavy Vote, but There Was Practically No Disorder.

The village election at Munising yesterday resulted in a complete victory for the Republican ticket, headed by T. G. Sullivan, the present incumbent, for president, by majorities ranging from thirty to forty.

The election was very warmly contested, some little feeling being displayed on either side, but it was not characterized by disorder and on that score was remarkably quiet. The total vote cast—236—was one of the heaviest ever polled in the village. There were many challenges and of these twenty-seven were made in the interest of the Republican ticket and twenty-four on behalf of the Straight Republican faction. The result of the election follows:

President—Sullivan, 272 votes; Stephens, 233.

Clerk—Manley, 269; Larson, 229.

Treasurer—Langley, 267; Leithart, 234.

Assessor—Stewart, 264; Haskins, 234.

Trustees—Christofson, Seathery, and Olette.

During the day there were claims of illegal voting, and last evening the report was current at Munising that the defeated faction intended to cause arrests. However that may be, it is understood in Marquette that the Sullivan ticket had the support of the leading Republicans of the county and that the victory will be welcome to the voters that be as well as to the people at large.

The saloons at Munising were closed up tight yesterday, and there was little or no drunkenness.

THAT NEW PAPER.

More Opinions from the Upper Peninsula Press Concerning It.

Negunee Iron Herald: It is said that Marquette is to have a new evening daily newspaper, and that the plant has already been purchased. The report seems to be without foundation, however. It is the opinion of the Iron Herald that the field in Marquette is pretty well covered by the excellent service furnished by The Mining Journal, and that another paper there would prove a losing venture.

Bessemer Herald: The Iron Ore of Ishpeming announces that there will soon be an evening paper published in the city of Marquette. The latter is no doubt a beautiful place for the home of any business but it strikes us that if there is to be another daily paper in Marquette it is another case of establishing the second paper in a field where there is only room for one.

Iron River Reporter: It is announced that Marquette is to have an afternoon daily, in fact we have recently been informed that the outfit, representing an outfit of about \$21,000, has already been ordered. With such a plant as this there must be some capital back of the enterprise. We opine that the new daily will have one of the toughest propositions to see against that any newspaper in this state has experienced. The Mining Journal is well entrenched, has an up-to-date plant and editorial force and has always been a pretty stiff competitor to down. The other fellows usually went down.

Ironwood Times: It has been given out that the city of Marquette is to have an afternoon evening daily paper and that \$20,000 has been invested in an outfit for the same, although there seems to be some doubt as to the truth of the report, which emanated from the Ishpeming Iron Ore. Personally speaking, the Times man would rather have the twenty thousand that the material with which to run an evening daily paper in Marquette. The Mining Journal of that city is a remarkably good paper and thoroughly covers the field. There is no doubt some opposition to its policy but no paper can be conducted to suit everybody and such a condition is not a valid reason for starting newspapers where there is no slight a hope for success. If Marquette's reported new paper is founded on a reasonably sure commercial basis, all well and good, but if it is founded on political ambition its promoters are likely to be disappointed. Several papers have been started in the upper peninsula for the latter purpose of late which already are beginning to show signs of distress. The conduct of newspapers for personal gratification, other than monetary, is narrow and selfish. Somebody is bound to be injured, and it is most likely to be the laborer who can ill afford to lose his weekly wage.

SPRING DUCK SHOOTING.

Season Opened March 2, and Will Run Only to April 10.

The spring duck shooting season has been open since March 2, and it will only run to April 10. So far no advantage has been taken of the opportunity offered by the state law for slaughtering this species of wild game. A few ducks have been seen, but they are only the advance guard of the main column, which will not reach this locality until warmer weather and a break-up of the ice in rivers and bayous occurs. Sportsmen say they do not care so much about this particular open season anyway, as the finer grade of ducks are not to be had. At this time of the year what are known as sawbills are about the only visitors, and they do not come in very large numbers. Then the season is so early that

the disadvantages of hunting overbalances the pleasure of the sport and the after-delight of a well roasted duck. In fact it is about the time the season closes that the sport begins in earnest.

OF NO SIGNIFICANCE.

Approval of Map of Big Bay Extension Doesn't Mean Road This Year.

The fact that the map of a proposed extension of the Marquette & South-eastern road to Lake Independence has been approved by the state crossing board, does not necessarily mean, as believed in some quarters here, that the branch to the Big Bay district is to be built this year, or for some years to come, for that matter. It has been generally known that a survey for an extension up the lake shore was made by the company's engineers last summer. The map just filed for approval is the one then made, but the fact cannot be taken as significant of intention to immediately construct the proposed line, rather it paves the way for the future. There are many interests which would greatly desire railroad communication in the country that would be benefited, but it cannot be learned that any decision has been reached by the Marquette & South-eastern to build early. That there will be a line of railroad leading from Marquette up the lake shore is practically assured, but whether it will be within a year or ten years from now is still a question, as far as public knowledge goes.

DEMISE WAS SUDDEN.

George Winterstein, Prominent in German Circles, Died Yesterday.

George Winterstein, residing at 319 North Fourth street, died yesterday afternoon at 4 o'clock. The demise was very sudden, caused by heart failure. Mr. Winterstein having been in apparently good health but a few hours previously. The deceased was about fifty-four years of age and is survived by three sons and a daughter, his wife having died about a year ago. Mr. Winterstein, who had for many years resided here, was a shoemaker by trade and conducted a shop at his residence. He was prominent in German circles, and was a member of the German Aid society. In addition, he carried insurance in St. Peter's society and in a straight life company. Arrangements for the funeral had not been completed last evening.

Death of Henry Madosh.

Henry Madosh, a member of the noted Indian family of that name, died early yesterday morning at his home near the power house. He was aged eighteen years and consumption was the cause of his demise. The funeral will be held this morning from the cathedral with interment in Holy Cross cemetery.

TWO GOOD GAMES.

Calumet Light Guard Team Coming Her This Week.

Manager Angus McDonald, of the Calumet Light Guard indoor baseball team, has arranged to bring his team to Marquette this week to meet two of the teams of this city. Tomorrow evening the Copper Country boys will cross bats with the Beaver team and on the evening following they will meet the Maceabees. The Mineral Range and South Shore roads have made a special rate for the occasion, and it is expected that some twenty-five or thirty people will make the trip to Marquette. The visiting team will take tomorrow morning's train for this city. The games will take place at the Casino and will be contests well worth seeing.

League Game This Evening.

Tonight at the Casino the Macabees and Queen City Hotel teams will cross bats in the ninth game of the league schedule. Play will begin at 8:30 o'clock. The hotel club has been showing up in remarkably strong form lately and it is by no means assumed that the older aggregation will land the laurels this evening.

WOODSMEN RETURNING.

Work in Lumber Woods Is Well on the Wane.

The woodsmen are beginning to come back to the city nearly every train bringing in a number of men that have finished their winter's work at various logging camps and who have either come back to the city to seek employment or to enjoy a season of recreation and spend their money.

The outlook for jobs in the woods is not very bright during the time of the year and the supply is at present greatly in excess of the demand. There is practically no demand for men to go into logging camps. Some of the loggers are still operating and will hold out as long as they are able to haul logs to the railroad tracks or to their landings, but these camps are well supplied with men and no others are needed.

However, the indications are that there will be more spring logging than was expected at the beginning of the season, for the reason that the lumbermen force good prices for their manufactured product during the coming year and will make every effort to make the log output as large as possible even if the cost of operation is much more than it has been during the latter part of the season in previous years.

It is said that the woodsmen of the Northwest have little reason to complain of their treatment during the past season on the score of wages. Wages in the woods have remained high throughout the logging season, in fact will average higher than the prices paid for many years past. While the season may not have been as long as in some of the winters past, the men are coming out of the woods with more money than they did formerly.

Strictly fresh eggs, 20 cents per dozen. Cameron's creamery. (3-11-11)

NOTICE.

U. B. of Carpenters and Joiners of America, local union 958, of Marquette, Mich., demand that on or after the first day of April, 1902, the minimum wage shall be thirty-one and one-half cents (31½ cents) per hour, and that nine hours shall constitute a day's work. Dated Feb. 7, 1902. Signed and sealed, John G. Diamond, Pres. Jas. E. Scanlan, Rec. Sec. (2-10-4-1)

SHELDEN IN THE LEAD.

Has Landed Bigger Appropriations Than Any Other Congressman.

In the official print of the new river and harbor appropriation bill of the national house of representatives, which has just been issued, Congressman Carlos D. Sheldon, of the Twelfth Michigan district, is shown to have been more than ordinarily successful in securing for his district large appropriations.

The bill carries in its entirety about \$80,000,000, and when it is remembered that this is less than half the amount asked, the size of the appropriations obtained by Mr. Sheldon shows all the more for his influence and hard work in the house. Other members have been obliged to get along with very small appropriations and many with none at all; but he has secured much.

For Menominee, harbor and river, the congressman has landed an appropriation of \$20,000,000, and for Marquette, he has secured a \$25,000,000 appropriation on a continuing contract of \$80,000. For the Grand Marais harbor of refuge, a lump sum of \$70,000 has been set apart in the appropriation bill, and for the continued improvement of Ontonagon the amount is \$5,000.

In addition to this, he gets \$34,500 for the Portage Lake refuge and has, by uniting with Congressman Minor of Wisconsin, secured \$44,000 on a continuing contract of \$178,000 for the Sturgeon Bay & Lake Michigan ship canal. Then, too, he lands a big appropriation of \$500,000 on a \$1,000,000 contract for Bay Lake channel, St. Mary's river, and in addition to all this, which is larger than the amount secured by any other member of the present congress, he also gets appropriations for supplemental surveys of the Gladstone harbor and that at Ontonagon, also at Marquette (harbor of refuge) and at Marquette. All the great money has been obtained, and in some cases different from the newspaper accounts.

The amount of personal endeavor necessary to secure these large appropriations for his district is shown when it is remembered that even members of the river and harbor committee have been forced to content themselves with much smaller sums for the improvement of the rivers and harbors in their districts. Quiet, effective work and a wide acquaintance with the needs of the district of general navigation and more especially with the powers of the house, are all that could possibly have landed this amount of government work for the district.

AFRICAN NEWS HURTS STOCKS.

Boston and New York Prices React After Early Advance.

Hayden, Stone & Co., wiring the Laidley Commission company concerning the Boston market, yesterday said: "There was tremendous activity today in the market, lots as large as 5,000 shares at once being traded in. Of course, this is all manipulation—Lawson's work. The price was advanced to 28 and the advance was well held. Oseola broke to 69 on the publication of the annual report, which shows it did not earn the dividends paid. The management is very frank, however, and says they made a mistake regarding the net market and, in addition, says that extraordinary expenditure, which need no longer occur, made their copper stand over 12 cents. Treadan and Michigan were also making money in the advance. Mahask and United States Mining, which we think are much cheaper, do not advance except slowly and fractionally because they are practically free from manipulation. There is no news yet regarding the Old Dominion contract; we will advise you as soon as there is anything worth stating. Please observe that while the stocks of the operating and producing mines decline, the non-producers advance."

Paine, Webber & Co. said: "The Boston stock market turned today on the announcement that General Meade had been captured by the Boers. The news broke the New York market and the coppers declined sympathetically. A good volume of buying orders were found in the coppers at a point or two below the highest, and although bear traders were heavy sellers in the last hour the prices were well maintained. The foreign crop runs much further, we think it well to buy the best of coppers for a good turn."

Grain Markets Lower.

W. H. Laidley & Co. said of the Chicago grain markets: "Wheat opened higher today on reports of no rain except at Kansas City; then it turned weak upon a prediction of showers, heavy realizing and the expectation of a bearish government report. The market closed heavy and at about the lowest prices. The foreign crop news was rather bearish. If the government report proves bearish, as expected, we look for much lower prices."

Corn opened slightly above Saturday's close, but upon rather heavy offerings it sold off with wheat. The receipts here were light, but there were larger estimates. We believe the supplies in farmers' hand to be large and that the prices are too high for the present."

"Oats were dull and narrow. The market is in such condition that we advise letting them alone for the present."

Weak Close in Wall Street.

Walker Bros., in a wire to Paine, Webber & Co., said: "The market today opened steady and with strength in the specialties. There was good inside buying in Rhode Island and the grangers and the Pacific, and all made advances. During the middle of the day the market became quiet, but in the afternoon on bad news from Africa, the advance in money and bearish sentiment the prices broke quite sharply. The reactions were very weak and before the close the selling was very heavy. The close was weak and the sentiment bearish."

This is the time to use Rocky Mountain Tea. Keeps you well all the year. Great blood life renewer. 25 cts. Stafford Drug Co.

HAS MANY VIRTUES.

For cuts, burns and bruises De Witt's Witch Hazel Salve is unequalled. Draws out the fire, stops the pain, soon heals the wound. Beware of dangerous counterfeits. Sure cure for piles. The Stafford Drug Co., H. N. Meloche Co., Ishpeming.

Born to Mr. and Mrs. Fred Price, this morning, a girl.

A. T. Van Alstyne left last evening for New York city.

Claude W. Case got back yesterday from points to the east.

Frank J. Jemison is in the South and East on a pleasure trip.

C. W. Duntton of Manistique transacted business in Marquette yesterday.

J. M. Clifford of Iron Mountain had business with the dock officials here yesterday.

Barney Tracey has been appointed freight agent of the South Shore at Newberry.

Gustave R. LeVogue, who has been the guest of his brother here, has returned to his home at Menominee.

Mrs. S. S. Ormsbee and son, H. N., have left for Savannah, Ga., on an extended visit at the Egan home.

The corridors in the Harlow block are in the hands of painters. The improvement already is very noticeable.

Mr. and Mrs. John Stewart, who are to see take charge of affairs at the county poor farm, came up from Onota yesterday afternoon.

There will be a tournament at the Longyear Bowling alley this evening. All members of the club are requested to come and enter the contest.

There will be a meeting this evening of the persons interested in the Daniels-copper and gold exploration. It will take place at the office of Button & Culver, commencing at 8 o'clock.

Orders for the "Saturday market" held at Morgan Memorial chapel, can be telephoned to Mrs. George Freeman, branch prison, (three rings). No orders will be taken after Thursday.

Six new churches have been dedicated in the Lake Superior district by Presiding Elder C. M. Thompson, of the Methodist church, since last fall. Mr. Thompson was formerly pastor of Preston church at Detroit.

Seats for the concert to be given at the opera house Friday evening by Sousa's band go on sale tomorrow morning at Bigelow's. The prices are \$1 and \$1.50 for balcony seats, \$1 and 75 cents for balcony and 50 cents for the gallery.

The harbor is once more filled with drift ice, blown in from the lake. With the exception of numerous floating cakes, the bay is still free of ice, and that in the harbor is so badly honey-combed and loose that the smallest craft probably would have no difficulty in getting through.

Captain Arnold, of the United States army, who is in the upper peninsula on recruiting duty, has received notification that he will be relieved in about a week by Captain Woodward, who is now stationed at San Francisco. Captain Arnold will have a furlough of one month and will then go to Cuba to join his regiment.

A social will be given in the parlors of the Methodist church tomorrow evening under auspices of the Epworth League. "Family Album" in which the various members of a good-sized family will be represented by appropriately costumed people, will be a feature of the affair. The admission will be fifteen cents, with ten cents extra for refreshments.

Real estate transfers which have been made during the past few days are as follows: R. C. Wetmore to Henry J. Koepf, the north half of Lots 15 and 16, Block 1, of White's addition, considered by the state of Michigan, to Charles H. King, 8300; H. W. Zerbel to Charles H. King, Lot 14, Block 6, Harlow's addition; Levi Pond of Princeton to the L. Stephenson company, 100 acres of land in Sections 32 and 34 of Town 44, Range 26.

The fiscal year of the municipal government closes today, and for the next ten days the city officials will have their hands full in compiling their annual reports. The statement of the financial standing of the municipality, together with a complete record of the business transacted during the past year, will be ready for presentation to the council on the 21st preliminary to its publication for the benefit of the public.

A light rain set in yesterday afternoon and continued at intervals during the night, with disastrous results to the little snow still remaining. There is still considerable snow in the woods, but it is soft and slushy, of no particular benefit to loggers, and teams which have been in the woods all winter are being sent to the city. Several sleighs were noticed coming in yesterday and it was hard piling, with the runners traveling over ground practically bare of snow.

The Ishpeming Iron Ore has this to say concerning a project under consideration by one of the fraternal orders here: "Marquette city is figuring upon a street fair next July. The citizens of that place are determined to bring some life into town and conclude that a real midway with all the late features is generally expensive and it is questionable whether the towns receive an equivalent in the way of trade. However, they create considerable excitement, and that is something."

Henry Hallam, the contractor, is making a record for fast work in the construction of the new business block on Third street which is to be occupied by John Siegel's grocery. Work was commenced only five days ago, and in that time the old structure has been torn down, the site leveled off, the foundation of the new building laid and last evening saw the framework of the two-story block practically completed. Should the weather continue favorable today the roof will go on, and it is almost assured that the building, which is to be brick-veneered, will be ready for occupancy by Easter. Mr. Siegel leaves for Chicago in a day or two to purchase fixtures for the store, which is to be a model one for the grocery business.

Creamery butter, 30 cents; fresh eggs, 20 cents. Cameron's creamery. (3-11-11)
