

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruptions or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

My wife used several bottles of S. S. S., as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. We regard it a great tonic and blood purifier. —J. F. DUFF, Princeton, N. J.

SSS is the greatest of all tonics, and you will find it the appetite improver at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only pure vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00. Per year, by mail, \$10.00.

MARQUETTE, MICH., MARCH 12.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Prince Henry should carry back with him a good opinion of American railroads and their management. He was whirled by rail over a good section of country at a high rate of speed without a single serious mishap while he was with us—this being in itself quite an achievement, when one comes to think of it.

Noting the announcement that Hon. H. O. Young of Ishpeming is a candidate for representative in congress from this district, the Hancock Evening Journal has this comment: "It has been rumored for some time past that Mr. Young would be in the field, and the announcement causes little surprise. Mr. Young is a leading attorney of Marquette county, and has been prominent in state politics for years past, and is in every way qualified for the position to which he aspires."

Whatever we may think of the wisdom of the Boers in keeping up the fight they are making against the British in South Africa, there can be but one opinion of the generalship their leaders are displaying and the fighting qualities of the men under them. Their latest achievement, when they defeated the force under General Methuen and made that officer a captive, ranks as one of the most brilliant in modern military annals. Its effect will inevitably be to greatly encourage the Boers and correspondingly depress the British. If an army of 300,000 men is to be played with by a few thousand Boers in this fashion, the end of the war is far from being in sight, and Colonial Secretary Chamberlain's recent assurances to the British people that the trouble was about over in South Africa was decidedly premature.

In spite of the assurance given the country by Governor Taft that the war is over in the Philippines, we continue to hear of fighting there between our troops and the insurgents. The recent engagement in the island of Samar sufficiently discloses that there is still in that island a condition of war, and in other parts of the archipelago the lieutenant of the natives would easily take the form of open resistance to our rule if the repressive influence of the force engaged in holding them quiescent were withdrawn. We now have an army of 40,000 men in the Philippines, and though there is talk of reducing it we don't see how that can be done with safety. It would be poor policy to withdraw any portion of the force now held there on the false assumption that peace prevails in the islands, only to have the insurgents take such advantage of this as would oblige us to do our work there over again.

We cannot but feel that the Irish representatives in the British parliament did their country and cause infinite harm when they greeted the announcement of the defeat of the British force under General Methuen and the capture of that officer by the Boers with cheers during Monday's session. The theory of the Irish members appears to be that the way to success for their cause lies in irritating the British people whereas the chance offers and thus increasing the mutual hatred that now stands in the way of pacification of Ireland through concessions granted by the British government. This may work well for the purpose of holding together in Ireland a party that will keep the sitting Irish members in their seats, but it is sowing the seed that will in time bear a heavy crop of repressive and oppressive measures for that unhappy country. If the aim of the Irish members is to breed trouble for their people they are acting with excellent judgment, but only on that assumption is it possible to find explanation for the course they have pursued from the opening of the Boer war to date that does not lay them open to the charge of imbecility.

Another evening daily is to be lunched at Sault Ste. Marie the latter part of this month. The place now has one daily which takes a telegraphic report and covers the local field quite fully. One is all the city and its tributary territory can support, and the advent of a second means a fight for existence between the two in a field that one might prosper in, but that two cannot. Memorize him two dailies for an interval some time ago, and both lost money. After a time their publishers cried quits and entered into an arrangement under which each paper is issued as a tri-weekly, on alternate days, this giving the people of the city a paper every day of the week except Sunday. The plan seems to work well, for it is being followed steadily. One good daily is better than two poor ones for any city, and there is not a town on the peninsula which can support more than one that will do it credit. The launching of the second daily at Sault Ste. Marie is due to a bitter factional fight there, the parties to which composed their differences and work together for the good of the city, instead of making this more difficult by having each provide itself with an "organ" and thus making their

quarrel more enduring by having it constantly aired in warring newspapers.

Taking as its text the extortion practiced by the paper trust in this country, which now embraces all the large producers, and the demand for relief which the publishers are presenting to congress, the Oshkosh Northwestern presents this general view of the question, at issue between the paper makers and their customers:

Some of the highly protected industries have been enabled to sell their products abroad in competition with the foreign manufacturers of similar goods at prices which are far below the prices charged to home consumers. This alone is sufficient to disclose the inequalities of the present tariff and should constitute a warning that the best interests of the American people are being sacrificed in such cases, and that the amount of protection afforded to these industries is abnormal and detrimental to the welfare of the people. In case it can be shown that there is no extortion in the prices charged to the home consumers no harm can be done by calling the attention of congress to the situation. But if it can be established that excessive tariff rates are responsible for the formation of trusts and combines which control the home markets and exact unreasonable prices it is the duty of congress to afford some measure of relief.

ARMY REORGANIZATION.

While congress may not care to take up at this session the bill providing for reorganization of the army, prepared by Secretary Root in accordance with the recommendation of the president, it will sooner or later be made the basis for a change in our military system that will make for increased efficiency in the army.

The bill proposes the creation of a general staff, headed by the commanding general; the consolidation of the quartermaster's, subsistence and pay departments, and adding thereto a transportation division, all to be under one head; and a simplification of working methods generally which would tend to give prompter service and better results. Concurrent with these changes, there is to be adopted a system of promotions from the ranks for military proficiency, this to take the place of the requirements under the examinations as now conducted. The secretary's bill, in connection with his measure for reorganization of the militia, would, in fact, recreate the army. Should it be adopted the country would, under the operation of the system it would establish, be at all times prepared for war without having in constant service a large standing army.

Under the provisions of this bill the head of the army would be something more than a mere ornamental officer, without power or responsibility, while the standard of education and efficiency for the officers would be raised and the merit system of promotions would increase the efficiency of the enlisted men. That in the examinations for promotions strictly military accomplishments will be considered is an excellent feature, for many a man is fitted by nature and experience to command, up to a certain point, though he may be lacking in educational requirements. There should be no place in an army where a man is denied the incentive of possible advancement, and this supplies it for the men in the ranks.

The proposal to divorce the absurd connection in management of the army between a possible civilian secretary of war and a general of the army trained in the arts of war meets with very general approval. The bill does not contemplate taking from the secretary of war all the power over the army with which he is now invested, but it vests in the general in command the authority with which he should be clothed and clearly defines his duties and powers.

The consolidation of the quartermaster's, subsistence and pay departments, with the addition of a transportation division, are changes which have in view preventing such confusion and trouble as we experienced during our brief war with Spain, when the delay occasioned by want of adequate transportation facilities and lack of the requisite skill in making use of such as could be hastily provided might have brought disastrous results were we pitted against a more active and resourceful enemy than the proverbially procrastinating Spaniards. On the whole, the bill is an excellent one, and congress should not delay taking it up.

Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they want to—but simply because they MUST. They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fullness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine, Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

Hood's Sarsaparilla Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.

Lower Michigan.

A chemical test made of the water which comes through the mains of the municipal system at Bay City discloses the fact that it is very highly impregnated with lime. A local physician who made the analysis says the chemical in the water is responsible for the destruction of so many fish. The fishermen have complained of this all winter. The doctor, when a boy, used to pouch on the Saginaw river, with sugar factories pouring lime water into the stream. Speaking of the offensive odor and taste of the water, the doctor says it is due to the action of the lime on the seaweed and grass in the bay near the source of supply.

Thomas Kelly, if that is his true name, of which there is some doubt, died at the Jackson prison of consumption Saturday. He said his home was somewhere in Canada, but refused to divulge the place or the names of his parents. Kelly was received at the prison Nov. 19 last, having been sent up from Calhoun county for five years for assault with intent to rob. He was charged with endeavoring to rob two women driving in the highway near Albion. It is believed that Kelly to reveal his identity out of consideration for the good name of his family.

The Durable Cement Fence Post Co., capital stock \$250,000, not limited, has been organized by Detroit capitalists, among whom are Mayor W. C. Maybury and Chas. Flowers. The company has bought the Osterhout farm, 200 acres, one mile east of Battle Creek, which has the finest gravel beds in that section, where the factory will be located, on the line of the new Battle Creek-Jackson Interurban road. The company will make cement butts for telegraph, telephone and fence posts.

Colonel Ward Douglass, the Detroit insurance agent under arrest at Jackson for obtaining money under false pretenses from R. A. Oliver, of that city, who died last Saturday night and was buried from jail. He was re-arrested upon complaint of Representative N. S. Branch, who alleges that some months ago he gave Douglass his note for \$150 when he made application for a policy, but the policy failed to materialize. Douglass had the note discounted at a Jackson bank.

Traverse City folks are wondering what is coming to be in the matter of the shade tree line that stretches through the city. They trim the lower branches so that pedestrians' hats will not be knocked off, and now the telephone companies have begun to chop off the tops of the trees so they will not interfere with their wires. And the same people who hold that the companies have the right to trim the trees so the tree owners feel that they are up against it.

C. D. Hawley, of Union City, has a voucher issued to his grandfather by the United States in 1858, for expenses incurred in the war of 1812. The voucher is issued for \$16 and bears interest at 6 per cent. The government declines to pay it until congress makes suitable appropriation.

It is up to Caro to say whether she wants a \$50,000 shoe factory employing 150 persons ten months in the year badly enough to subscribe \$6,000 for a site and building. The company, which is now located at Middleton, O. is willing to move to Caro on those terms.

Tekonha has been without a saloon for a period of nearly fifteen years. A year or so since parties ventured to open a pool room and seemed to prosper for a few months, but recently have been obliged to close their doors for lack of support.

While attending an evangelical meeting at Niles a girl became a convert and at the same time passed into a trance, remaining in the strange condition for thirty hours. She claims to have had wonderful visions of heaven and hell.

Manistee Elks will build a fine three-story brick block for a club house, having outgrown their present quarters.

NIGHT WAS HER TERROR. "I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three 100 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Stafford's drug store.

COUGH SETTLED ON HER LUNGS. "My daughter had a terrible cough which settled on her lungs," says X. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar which cured her." Refuse substitutes. People's Drug Store.

WEIGHING THE MAYOR.

At one place in England the ancient ceremony is still observed of "weighing" the mayor into office. This year the same man was re-elected and the people of the town consider it to the credit of their aldermanic turtle and champagne that the official scales showed him to be heavier by several pounds than he was a year ago. High Feenble is the place which takes its mayor by weight, and in the same town every Michaelmas the old-fashioned system of "hirings" is observed. Those desiring to change their situations gather in the market place. To denote their calling come and shewers wear turfts of hair in their caps while the caps of plowmen and team boys are adorned with whitecord. The bargaining for wages is all public, and after their engagement these hired men and maidens are adorned, like prize oxen at a county fair, with bright colored ribbons and go off together to a meadow, where innocent sports are indulged in.—Detroit Free Press.

IF YOU WERE SCARED easily you might suppose that the pain in the lower part of your back means kidney trouble, but being a person of sense you know it is only muscular stiffness, from sitting too long in a chair, and go off together to a meadow, where innocent sports are indulged in.—Detroit Free Press.

No matter how long you have had the cough, if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it.

NOTICE.

To the Qualified Electors of Marquette County, Michigan: Notice is hereby given, that the following preamble and resolution was duly adopted by the Board of Supervisors of Marquette county, Michigan, at a regular session of said Board of Supervisors, held pursuant to adjournment at the court house in the city of Marquette, on Wednesday, the twelfth day of February, A. D. 1902, viz:

Whereas, the present court house is not adequate to the needs of the county of Marquette; and

Therefore, be it Resolved, by the board of supervisors of the county of Marquette, that it is necessary to build a new court house for said county of Marquette, and to the end that the same may be built, and the necessary expenses incurred therefor, be paid in twelve equal annual installments of \$10,000 each, the first installment thereof to be paid in the year 1902, and one installment each year thereafter until the whole amount is paid. Said sum so borrowed to be repaid by spreading the same upon the taxable property of Marquette county, as follows:

- \$10,000 in the year 1902.
10,000 in the year 1903.
10,000 in the year 1904.
10,000 in the year 1905.
10,000 in the year 1906.
10,000 in the year 1907.
10,000 in the year 1908.
10,000 in the year 1909.
10,000 in the year 1910.
10,000 in the year 1911.
10,000 in the year 1912.

"All installments to be levied with the interest accruing at the time of the payment next following the year of such levy, upon all sums unpaid, for the purpose of erecting a suitable court house in the city of Marquette on some site to be selected by said board of supervisors. Yes."

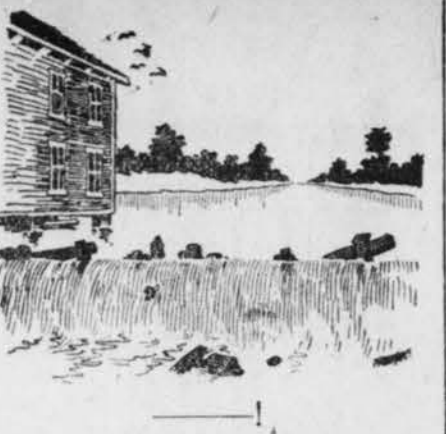

"Further Resolved, That the form of the ballot for each election shall be as follows: 'Shall the board of supervisors of the county of Marquette, state of Michigan, borrow on the faith and credit of said county, the sum of one hundred twenty thousand dollars, at a rate of interest not exceeding five per cent per annum, and spread upon the various assessment rolls of the townships and cities of said county, for the repayment of said money,'

\$10,000 in the year 1902.
10,000 in the year 1903.
10,000 in the year 1904.
10,000 in the year 1905.
10,000 in the year 1906.
10,000 in the year 1907.
10,000 in the year 1908.
10,000 in the year 1909.
10,000 in the year 1910.
10,000 in the year 1911.
10,000 in the year 1912.

"All installments to be levied with interest, accruing at the time of the payment next following the year of such levy, upon all sums unpaid, for the purpose of erecting a suitable court house in the city of Marquette on some site to be selected by said board of supervisors. Yes."

"Further Resolved, That the county clerk of said county be, and is hereby, directed to take the necessary steps to cause said proposition to be placed on proper ballots, to be distributed in the same manner and by the same persons as the regular ballots for said annual election to be held on said first Monday in April, A. D. 1902."

W. FITCH, Chairman of the Board of Supervisors. WILLIAM A. ROSS, Clerk. In accordance therewith, I, William A. Ross, county clerk of Marquette county, Michigan, do hereby give notice, that the above resolution will be submitted to the qualified electors of Marquette county, Michigan (upon a separate ballot, and in form as provided by said resolution) at the annual spring election to be held throughout the county on the first Monday in April, 1902, at 7 o'clock, A. M. Any elector qualified to vote at the annual spring election on the 1st day of April, 1902, has the right to vote on the foregoing proposition. Dated at Marquette, Michigan, February 21st, 1902. WILLIAM A. ROSS, County Clerk.

A common expression this spring when a man finds himself saddled with an unbecoming hat. The best styles in hats always bear the stamp of gentility. The GORDON is one of these.

SALES FOR GERMANY

PRINCE HENRY LEAVES NEW YORK ON DEUTSCHLAND.

LAST DAY SPENT ON STEAMER

FORTS FIRE SALUTES AS VESSEL STEAMS AWAY.

Deutschland Replies With Her Guns and Crowds on the Docks Cheer—Imperial Yacht Hohenzollern Also Sails.

New York, March 11.—Prince Henry sailed for Germany on board the Deutschland this afternoon. His last day in America was spent entirely on board the Deutschland, but it was well filled with pleasing incidents.

EXPECTS POPULAR UPRISING.

Russian Government Prepares for Serious Street Rioting.

St. Petersburg, March 11.—Various proclamations recently issued indicate that the government daily expects a popular rising sufficiently grave to warrant the use of ball cartridges by the troops.

TOO LITTLE FOOD IN NAVY. Commander Hawley Says Discontent Is Due to the Short Rations.

Washington, March 11.—Commander John W. Hawley, U. S. N., who formerly was in command of the training ship Hartford, and who is now detailed to the naval library, says the enlisted men of the navy do not have enough to eat.

Both Nations Benefited. "It is just these perfectly spontaneous demonstrations of friendship, coming from all classes of people, that give us confidence that the good feeling which has been engendered and manifested both here and over there by the visit to the land of George Washington, will continue its influence in the relations between the German empire and the United States, politically untroubled as they are in any way, to the advantage of both the peoples."

YERKES ADDS TO HOLDINGS. Secures Control of Four Underground Railroads.

London, March 11.—After many months of negotiations Charles T. Yerkes has concluded a deal with the Baker Street and Waterloo railway, giving him control of four different underground railroads.

MAY COERCE THE BRAZILIANS. German Capitalists Ask Kaiser's Aid to Collect Railway Debt.

Berlin, March 11.—The Kaiser's warships may visit the harbor of Rio Janeiro, before leaving South American waters, to enforce the collection of an other German railway debt incurred by the Brazilian province of Minas Geraes.

COULDN'T KILL THIS GOAT. Frozen Into a Cake of Ice, It's Frisky When Thawed Out.

There was weeping and wailing in Tom Trecco's cabin at Brandt, Pa., when the family goat disappeared. At night it slept in the house, and at mealtime it was always under the table.

OPPOSED TO SUBSIDY

SENATOR MALLORY TALKS AGAINST SHIPPING MEASURE.

RELECTION OF SENATORS DISCUSSED

HOUSE TAKES UP POSTOFFICE APPROPRIATION BILL.

Reports Directed by House Judiciary Committee on Bills for Suppression of Train Robbery and to Define Conspiracies.

Washington, March 11.—For several hours today the senate had the ship subsidy bill under consideration. Senator Mallory made an extended speech in opposition to the measure.

CHICAGO GRAIN MARKETS. Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, March 11.—The wheat market today was again rather quiet, the trade being moderate in volume and the fluctuations confined within 1/16c range.

SECRETARY HAY ATTACKED. The feature of the day, however, was a speech by Representative Burleson attacking Secretary Hay for declining the request of the British authorities to furnish passports to go through British lines to Rev. Hiram W. Thomas and wife, who desire to go to South Africa to distribute the Boer relief funds collected in Illinois.

THE PORT OF LONDON. Wharves That Line the Docks Are Redolent of the Orient.

From the high gangway of the Tower Bridge the foot passenger, looking down along the port, sees forests of masts and rigging that apparently rise out of the land on each of the points made by the bending river; and perhaps he desires a thread of steel gray where the dull sky is reflected from the land-locked water.

MRS. J. E. O'DONNELL

Was Sick Eight Years with Female Trouble and Finally Cured by Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—I have never in my life given a testimonial before, but you have done so much for me that I feel called upon to give you this unsolicited acknowledgment of

MRS. JENNIE E. O'DONNELL, President of Oakland Woman's Relief Club, the wonderful curative value of Lydia E. Pinkham's Vegetable Compound. For eight years I had female trouble, falling of the womb and other complications. During that time I was more or less of an invalid and not much good for anything, until one day I found a book in my hall telling of the cures you could perform. I became interested; I bought a bottle of Lydia E. Pinkham's Vegetable Compound and was helped; I continued its use and in seven months was cured, and since that time I have had perfect health. Thanks, dear Mrs. Pinkham, again, for the health I now enjoy."—MRS. JENNIE E. O'DONNELL, 278 East 31st St., Chicago, Ill. —\$5000 forfeit if not cured in 60 days.

Women suffering from any form of female ills can be cured by Lydia E. Pinkham's Vegetable Compound. That's sure. Mrs. Pinkham advises sick women free. Address, Lynn, Mass.

A STORMY SESSION (Continued from Page One.)

As the evening advanced considerable had blood was manifested. The opponents to reciprocity seemed confident of a majority and were anxious for a vote, while the friends of reciprocity counseled against precipitate action.

Appeal Made for Harmony. Representative Cannon of Illinois, chairman of the appropriations committee, who followed representative Smith, made an appeal for harmony and strongly advised against hasty action.

Representative Littlefield of Maine countered this stroke by proposing to eliminate Tuesday, which, if carried, would have resulted in a sine die adjournment of the caucus. The amendment was lost, 61 to 79, and then the speaker's motion to adjourn until next Tuesday prevailed, 72 to 54.

DURING THE CAUCUS it developed that the administration was inclined to accept the Sibley proposition.

E. W. GROVE. This name may appear on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day. 25 cts.

NO MORE WARS. Many prominent people of this country and England profess to see the realization of their hopes for universal peace in an Anglo-American alliance. Their plan is to settle all future differences by international arbitration. This news will be joyfully received by everybody, but especially by the soldier who is at present engaged on some foreign battle-field.

BIGGEST ORE DOCK IN WORLD.

Now Being Constructed at West Superior—Capacity, 100,000 Tons.

Located on Allouez bay at West Superior will be the biggest ore shipping dock in the world.

The new part of the dock of the Great Northern will be 600 feet in length.

In addition to the Great Northern dock at West Superior the Iron Range dock will put in many improvements.

These two docks are to greatly improve and enlarge their ore dock systems.

The location at present occupied by Mr. Joerdens has been tenanted by various undertakers for nearly half a century.

The house was occupied for a number of years by the late John Barsdeley, better known as "Sparrow Jack."

the lakes is taken to include Superior, Duluth and Two Harbors. These three points ship all of the iron ore from the great iron mines and ranges of Minnesota.

THE BOY'S CHANCES.

Thirty Millions to One That He Will Not Be President.

"Take one on me, fellows," cries the happy father of the new-born baby boy.

"Isn't he sweet?" exclaim in chorus the fair friends, as they peer over the edge of his cot.

Looking over the fields of endeavor in the United States and considering the fates of men in the complexities of civilization, the chances good and ill for the average child seem admirably counterbalanced.

There are also chances of 588 to one that he will not go insane; 690 to one that he will not be feeble-minded; 1,517 to one that he will not be deaf and dumb;

1,250 to one that he will not be blind; 644 to one that he will not be criminally or socially delinquent; and 864 to one that he will not be an inmate of a public almshouse.

On the first great proposition of making both ends meet, the American baby lies quite over the English baby in the race.

To grow to any of these estimates the baby's chances of life must be considered. Under one year of age he is four times as likely to die as he is after he passes his first anniversary;

at three years he has one and three-fourths chances over his condition at two years; at four he has one and one-third over his chances at three years;

and at five the average chances of death are his, and the hope may be held out for at least forty years of life.

No parent should entertain the hope that his child will be immune from all work in his country, let alone in the world.

THE ART OF BEGGING.

It Requires Something More Than Mere Asking for Aid.

"It requires something more than mere nerve to be a successful beggar," said the old crippled man.

"We get so we can tell from the face what the inclination of the person is.

As not every sly look is good, so every benevolent person does not wear his or her heart on the sleeve.

Children, contrary to general belief, are poor givers. In the first place their pockets are few and far between as a rule.

A MERRY CEREMONY.

Kisses Collected in Lieu of Taxes on Rock Tuesday.

The "locking," which takes place in Hingford on the Tuesday following the second Sunday after Easter, varies little from that practiced in olden days in many other parts of England.

On the morning of Rock Tuesday, or Hocking day, two officers, named "tithing" or "tithing-men" collectors of a penny tithing, in west country parishes, paraded the town, carrying each a staff ornamented with flowers bedecked with ribbons and surmounted with an orange.

As the "tithing-men" are treated frequently on their rounds the town is kept in a ferment for the greater part of the day, hosts of holiday makers swelling the procession, while cakes and oranges are freely enjoyed by the swarms of excited children who follow close on the heels of the officers.

Children, contrary to general belief, are poor givers. In the first place their pockets are few and far between as a rule.

Looking over the fields of endeavor in the United States and considering the fates of men in the complexities of civilization, the chances good and ill for the average child seem admirably counterbalanced.

There are also chances of 588 to one that he will not go insane; 690 to one that he will not be feeble-minded; 1,517 to one that he will not be deaf and dumb;

Told by Pain

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They tell the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

WINE OF CARDUI

in the privacy of their homes. You can be cured without distressing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

Belen, Miss., March 9, 1902.

"I have used one bottle of Wine of Cardui and one package of Zebendorf's Black Draught. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicine until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me."
 MARY L. SMITH.

MANHOOD RESTORED "CUPIDENE"

This great Vegetable, the prescription of a famous French physician, will quickly cure you of all nervous diseases of the generative organs, such as Loss of Manhood, Essential Weakness, Impotence, Premature Ejaculation, Nervous Debility, Pimples, Itching of the Skin, Rheumatism, Headache, Vertigo, and Constipation. It cures all cases by day or night. Prevents questions of discharges, which if not checked quickly, lead to sterility and all the horrors of impotency. CUPIDENE cleanses the liver, the kidneys and the urinary organs of all impurities. CUPIDENE strengthens and restores small weak organs.

These organs sufferer are cured by Doctors because 90 per cent are troubled with Prostatitis, and this is the only known remedy to cure without an operation, 500 testimonials. A written guarantee given and money returned if cure not made in 30 days. Price, \$4.00 a box, \$10.00 by mail. Send for sample and full particulars. Address: 23 1/2, 24, 25, 26, 27, 28, San Francisco, Cal. For Sale by Stafford Drug Co.

Ishpeming and its Environs.

YOUNG CITIZENS' RALLY.

It Drew a Large Crowd to the Ishpeming Opera House Monday Evening.

That the movement of the men at the head of the Young Citizens' Political club is looked upon with no little favor was evident Monday evening, when the opera house was packed to the doors with old and young voters, who seemed anxious to hear what the new politicians had to say. It was a most disagreeable night and it was not supposed that the attendance would be large. The Ishpeming City band did not parade the streets, merely playing a few selections in front of the Nelson House, also in front of the opera house, before the meeting was called to order.

The meeting was opened by Arvid Braastad, president of the club, who stated the objects of the organization. He assured his hearers that it has no motive other than to seek recognition for the young men back of the organization. He said that the object of its members is not to antagonize either of the old political parties.

At the conclusion of his remarks the president called upon George Skogberg to address the meeting. Mr. Skogberg's talk was brief. He said he favors the organization because it will have a tendency to bring the young men into prominence. The speaker maintained that there is much to be learned through such an association, politically and otherwise. He argued that if the young men did not take a hand in the management of municipal affairs there are many things they will never know.

There was much political talk in the city yesterday. Those who took exception to the utterance of one of the speakers at the young men's meeting, when he referred to the "garbage box" for the political parties, were also heard through the streets. It is yet known who will head the Labor ticket in yet known. Many of the supporters of the party seem to favor ex-Mayor William Andrews. They believe he will make a good run in case he is nominated.

LABOR PARTY MEETING.

Initial Conference Was Held Last Evening by Leaders of the Party.

It is pretty generally understood that the Labor party will place a full ticket in nomination at the municipal election to be held on Monday, April 7. About twenty-five or thirty of the prominent members of the party met last evening at Andrews' hall. The principal purpose of the meeting was to name men to work in each ward with a view to ascertaining the names of acceptable candidates for the several offices. It is understood that another meeting will be held at a near date and that later a mass convention will take place. At this latter meeting speakers will doubtless be heard from on the issues of the campaign.

THE DEER LAKE GROVE.

Will Be Used for the Frenchmen's Big Celebration here June 24.

The arrangements committee appointed a short time ago by the local French society has engaged the Deer Lake grove for the picnic to be given in connection with the annual reunion of the French societies of the upper peninsula on Midsummer day. The grove is one of the most attractive in this section and all who go out there that day will find ample room to move around. There is a beautiful lake a short distance from where the picnickers will have their headquarters. The Deer Lake falls, the ruins of the old furnace, the Carp river, and other features will be of interest to strangers. All are within a radius of less than half a mile from the main part of the grove.

A large dancing platform will be erected and dancing will be indulged in from the time the picnickers reach the grounds until late in the evening. Several large tents will be procured to be used in case of wet weather.

The committee will prepare a program of events to take place at the grove that will interest old and young. There will be athletic exercises for members of the society as well as for outsiders. Good prizes will be given the winners. The Ishpeming City band will give a concert during the afternoon and there will be speeches by prominent members of the society.

YOUNG FOR CONGRESS.

Milwaukee Sentinel Says He Will Capture Marquette County Delegation.

Yesterday's Milwaukee Sentinel contained a large picture of H. Olin Young, candidate for the Republican nomination for representative in congress from the Twelfth district, and with it was the following article:

"H. Olin Young of Ishpeming has announced himself as a candidate for the nomination for congress in the Twelfth district against Charles D. Sheldon of Houghton, Charles A. Wright of Hancock and John W. Joachim of Ishpeming. It is conceded by the leading politicians of this section that Mr. Young will capture the delegation from here, though the postmasters of the several cities and towns are already hustling in Sheldon's interest. Mr. Young was a candidate for congress six years ago against Sheldon and the fight his supporters put up then surprised the old-time men. Mr. Young is one of the best known and ablest attorneys in the upper peninsula. He has been recognized for some years past as a leader in the Republican party. He has held the office of prosecuting attorney of the county and he is at present city attorney of Ishpeming."

NI WOT PAYS DIVIDEND.

The local stockholders of the Ni Wot gold mine, located in Colorado, were gratified yesterday to learn that the company had decided to pay a dividend of one-fourth of a cent per share. This is dividend No. 1 and is a small amount. The stockholders are gratified because the company has decided to pay a dividend of one-fourth of a cent per share. This is dividend No. 1 and is a small amount. The stockholders are gratified because the company has decided to pay a dividend of one-fourth of a cent per share.

OLD SETTLER PASSES AWAY.

Dennis Guinan, a pioneer resident of this city, died yesterday morning at an early hour at his home at the Barnum mine location. He had been in poor health for some time past and his death did not come unexpectedly.

STRIKES A RICH FIND.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Stafford.

TO CURE GRIP IN TWO DAYS

Laxative Bromo-Quinine removes the cause. E. W. Groves' signature on every box.

ISHPEMING IN BRIEF.

H. O. Young left Monday evening for Ironwood and other places on the Gogebic range.

J. M. Johnson, who represents the Kellan grocery house of Marquette, did business in the city yesterday.

The two-year-old son of Andrew J. Johnson of 315 Vine street died Monday. The funeral will take place this afternoon.

The youngest daughter of Mr. and Mrs. William Peters has been quite ill the past week or more with bronchitis, but she was reported much improved yesterday.

High Spark and his family will again take up their residence in this city. Mr. Spark has disposed of his interest in the Swanzy store to his partner, George Gallagher.

A special meeting of the Ishpeming fire department will be held this evening. A large attendance of the members is desired, as business of special importance will be transacted.

Landlord John P. Outhwaite of the Nelson House is improving the main sample rooms at the hotel. New hardwood floors have been put in and the rooms have been painted and otherwise improved.

Mrs. John P. Jones got home yesterday morning from a visit to her husband, who is in the employ of the Chicago & Northwestern Railway company at Milwaukee. Mr. Jones expects to soon move his family to that city.

The Senior and Junior basketball teams of the Ishpeming high school will come together this evening at the Ishpeming Light Guard armory. The game will start at 7.45. It is expected that a lively game will be played. The admission price will be ten cents.

G. B. Youner, who has been engaged as meat cutter at the Swanzy mine store for some time past, has returned to Ishpeming. He has given up his job down there and is now open for an engagement. He is a good meat cutter and speaks English and Swedish.

The Sunday school teachers of Grace church wish it understood that they have not authorized the children to solicit any money for the Sunday school. The mite boxes they possess were given them for their Lenten offerings and not for any general subscription work.

James Heard and wife, who have resided at Ontonagon for nearly a year past, arrived in the city Monday evening. They intend to remain, having disposed of their property at Ontonagon with their end in view. They will reside at their old dwelling, corner North and Fifth streets.

John Gomers and John Downing have established their bicycle repair shop in the building immediately back of James Billings' saloon on First street. The place has been fitted up to suit the occupants and they are now prepared to overhaul wheels of all makes. The members of the firm have had much experience in their work and can be depended on to give satisfaction.

A number of men were employed yesterday cleaning cross walks and opening up catch basins about the city. More snow water passed into the sewers yesterday than during any previous day since the soft weather set in. There were but a few sleighs in use here. It is likely that none will be out today as the streets and thoroughfares in the outskirts of the city were badly slumped yesterday.

Three years ago today saw the worst snow storm that the upper peninsula had known in many years. The snow was piled to the second story windows of some of the business blocks and residence places of this city. All the men that could be found were put to work shoveling passages through the principal streets. For two or three days after the storm pedestrians on one side of Main street could not see those on the opposite side. There is quite a contrast between March 12, 1899, and today.

LA GRIPPE QUICKLY CURED.

"In the winter of 1898 and 1899 I was taken down with a severe attack of the so-called La Grippe," says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by Stafford Drug Co.

RAW OR INFLAMED LUNGS.

Yield rapidly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. People's Drug Store.

Upper Peninsula.

Laurie H. Brown, clerk of the municipal court at the Soo, was made the victim a day or two ago of either a practical joke or a swindle. He is not yet certain which. An express package came to the court room addressed to him and he paid 75 cents charges on it, the package purporting to be C. O. D. from Chicago. It contained only a wrecked corn cob pipe and Mr. Brown started out to find the perpetrator of the rather lame joke. He located the 75 cents in the possession of the driver of the express wagon and from that worthy he learned that there were at least two other parties, strangers to Mr. Brown, interested in the joke. Mr. Brown holds the driver blameless in the matter but the other parties are liable for charges of false pretenses, forgery and other things if the court elects to push the matter.

Fifteen aggrieved residents of Ironwood appeared in Justice Johnson's court the last week to witness the prosecution of one Thorpe and John C. Spencer, charged with stealing and concealing chickens. It was after an exceptionally heavy haul on the farmhouse of Mike Leselyung that he entered complaint and swore out a search warrant. The misdeeds were found in the possession of the express wagon and from that worthy he learned that there were at least two other parties, strangers to Mr. Brown, interested in the joke. Mr. Brown holds the driver blameless in the matter but the other parties are liable for charges of false pretenses, forgery and other things if the court elects to push the matter.

The Little year and a half old boy of Mr. and Mrs. S. Harris of Crystal Falls was badly scalded the other afternoon, a bowl of hot grease, which he pulled off the stove, striking him on the face and breast. Doctors were summoned to attend the child. They think he will recover.

John Anderson, "the Terrible Swede," has defeated Pardillo, hailed as the "champion of Rhode Island," and Charles Moth in wrestling matches at Ironwood. Mayor Bissell of Escanaba declines to be a candidate for renomination.

A CHANCE IN A LIFE TIME

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it,

Fifty Thousand Dollars

in development on the ledge and a complete five stamp mill, with all other necessary machinery ready to run.

The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25c per share, capital stock \$1,000,000 shares (par value \$1.00) each, fully paid and non-assessable, to further develop and put the property on a paying basis.

A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$200,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.

Do not lose this opportunity. It will never come again.

For further particulars, prospectus, report on mine, reference, etc., address, OZARK GOLD MINING & MILLING CO., MOSCOW, IDAHO.

WANTED—A good cook-maid. Good wages. H. J. Peterson.

GREAT DEVELOPMENT

In Florence—The Splendid Showing of the Banner and Ozark Has Stimulated All Other Mining Enterprises.

J. N. Taylor, United States Mineral Surveyor, has just come down from Florence and reports great activity in the camp and that there is more development going on at the present time than there has ever been before in central Idaho.

In an interview with the Star reporter, Mr. Taylor said: "The Banner is working sixty men in getting their mine ready to start as soon as the hundred ton mill they are putting in is completed. This property has developed into a great mine, I believe the largest free milling gold mine in the Northwest. They have twenty-seven feet of \$14.00 ore in one drift, and twenty-three feet of \$66.00 ore in another drift. This property was bought by a New York syndicate composed of Henry Clews, Arubuck Bros., and others a short time ago for two hundred thousand dollars, and the value of the property today is hard to estimate as they have a million dollars worth of ore blocked out.

"The Ozark mine lying north of the Banner is also drifting on a twenty-four foot ledge on the 100 foot level, and there is no question but that it will develop into a great mine, as it has the richest ore in the camp and has a greater showing as far as developed than the Banner. They expect to get the mill now on the property started by the first of March and add stamps enough as soon as the roads will permit in the spring to make their capacity 100 tons per day, and with these two big mines with others that are getting ready to start, the people of Florence are looking for a great boom in the spring. The town of Florence is full of mining men looking for bonds on property where the owners are not able to do the necessary development work to put the property on a paying basis but as usual the prospectors' idea since the development of the Banner and Ozark is such that they are hard to deal with in the way of price, but the people who are looking for the property have made liberal offers since the Banner and Ozark started, and I am satisfied will pick up most of the best properties between now and spring."

SALOON MEN ARRESTED.

Three of Them Will Answer to Charge of Violating the Law.

When Rev. S. M. Gilchrist and the members of his reform committee made the rounds of the saloons last Saturday night they found three of the drinking places open and doing business after 11 o'clock. The doors of several saloons were tried and found locked. It is true that at exactly 11 o'clock a number of the saloon men drove out every man in their places, though they did not know that the reformers were around.

Rev. Gilchrist appeared before Justice Thomas Trathen Monday and swore out warrants for the arrest of Samuel Hooper, Humphrey Lucas and John Parala, whom he charges with a violation of the law in that their places were not closed promptly at 11 o'clock. It is understood that the minister will be the principal witness at the preliminary hearing.

The warrants were served yesterday by Marshal Thomas Gribble. The dealers furnished bonds and on the day of their hearing all will appear in Justice Trathen's court to answer to the charge against them.

Parties in Mob Paid Fines.

The young men who were arrested Monday, charged by Rev. Gilchrist with violating a city ordinance, were fined and all paid up. The boys proved to the satisfaction of the court that they were not leaders in the disgraceful affair. They merely followed the crowd and what was going to happen. They were all more or less under the influence of liquor, otherwise they claim they never would have been mixed up in such a scrape.

One of the two chaps who could not be found Monday was heard yesterday. He also paid a light fine and was released.

The young fellow who is said to have been at the head of the movement to harass the minister is still at large. He is also said to be the one who kicked Rev. Gilchrist and who had more to say than any of the others. The officers have thus far been unable to locate him and it is thought he has left the city.

Exaggerated Reports.

Some of the metropolitan dailies had special dispatches from here relative to the actions of the mob. Several of the reports printed were much exaggerated. The following from Monday's Chicago Record-Herald is a sample of what went over the wires:

"As a result of the organization of the Civic Federation League here last week Rev. C. M. Gilchrist, pastor of the Methodist church, and Louis P. Pearce, a member of the league and school board, received rough treatment at the hands of a crowd of men Saturday night. They would have been severely dealt with had not three policemen with drawn revolvers come to their aid. The town was 'dry' today, the first time in its history."

MINERAL TRACT SOLD.

Three Negaunee People Sell Land Near Palmer to Oliver Iron Co.

A mining deal of no little importance, which has been pending for some time past, was closed Monday. Charles Mueck, Sr., Joseph Richardson and Mrs. Bridget Joyce, all well known residents of this city, were equal owners of a forty-acre tract of mineral land on the Cascade range, a short distance southeast of Palmer. The Oliver Iron company bought the tract for \$100,000, which has been divided equally between the three persons mentioned.

Included in the deal is the Primrose mine. The tract is the southeast quarter of the southwest quarter of Section 28, T. 28 N., R. 23 E., and on the east is the Richmond mine, which recently passed from the Home Iron company to H. O. Young of Ishpeming.

With its latest purchase the Oliver Iron company is now quite heavily interested in the Cascade range. At the time the American Steel and Wire company obtained control of the Oliver mine about two years ago, the Oliver people bought the Moore mine, the Primrose lies between the Moore and the Richmond.

It is quite possible that some work will be done on the range by the Oliver company during the coming summer. The Moore and Primrose are being summer propositions up to this time. There is said to be any quantity of ore on the lands, but it is of low grade.

HAD AN EXCITING RIDE.

The Chicago Record-Herald of Saturday last had the following relative to an exciting incident at Indianapolis in which a Negaunee girl figured prominently:

"Miss Ethel Foraker, daughter of United States Senator Foraker of Ohio, had a thrilling experience at French Lick Springs with an unmanageable horse. She and Miss Katherine Maitland of Michigan were horseback riding when Miss Foraker's animal became frightened at a piece of paper and ran for over three miles. Gerald Sewegemith of Chicago, who was with the ladies, and Miss Maitland followed as rapidly as possible. At a turn of the road Miss Foraker's horse vaulted the fence, and continuing across the open field leaped a small brook. There he became mired in the soft earth, and Miss Foraker succeeded in holding him in check till her friends arrived, never having left the saddle. Miss Maitland was thrown in the chase, but was not seriously hurt."

HOW TO CURE THE GRIPPE.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grippe to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grippe, not one case has ever been reported that did not recover. For sale by Stafford Drug Co.

New radishes, lettuce, beet greens, parsley, water cress received from the grower every day. Also a full line of fruits and vegetables at George Haupt's grocery. Both 'phones. (12-7-ft)

WILL RECOVER BODIES SOON.

Workmen Could See One of the Victims of Negaunee Mine Disaster Yesterday.

There is every reason to believe that the bodies of the nine victims of the Negaunee mine disaster of Jan. 7 will be recovered within a few days. The men engaged in the search for the bodies came in view of one Monday evening. A part of the body was exposed last yesterday, but the men had to move cautiously, as it was feared that more ground might come in at any time. Some sand came down during the day and it was necessary to put in extra timbers on that account.

The body was in an upright position, indicating that that one victim at least was suffocated while standing. Judging from the surroundings, it would seem that the ground came in so rapidly that the man was buried instantly.

The body was uncovered in the winze coming out of the shaft-level. Captain Piper stated yesterday afternoon that he expected all the bodies will be found in that immediate vicinity, and that if the work moves along without further mishaps all should be recovered within a few days. He further said that the body in view of the men would probably be taken out within a few hours.

General Manager F. Cole and District Superintendent W. H. Johnston spent some time at the mine yesterday. They are satisfied that the work is being prosecuted quite satisfactorily. They do not favor rushing things at this time, as a hasty movement might result in further serious trouble.

NO LOAFING SUNDAY.

The customary gang did not loaf about the corner of the Mitchell Methodist church last Sunday evening. Ladies and their escorts could pass there without fear of being annoyed. Marshal Gribble instructed the night officers to break up the gang and to disperse crowds at other points as well if any should be found.

The practice of congregating near church corners on Sunday nights is not new here. This has been done for years past. Indeed the Methodist church is not the only place where young fellows make themselves obnoxious in that way.

NEW DRESSMAKER ARRIVES.

Miss Daisy Rowland of Chicago has taken charge of the dressmaking department at Rosen Bros' store. Very attractive quarters have been established on the second floor, where the ladies of the city and vicinity are invited to call. Miss Rowland comes here recommended as a most fashionable dressmaker. She has had many years' experience in that line and Rosen Bros. can guarantee her work as first-class and thoroughly up-to-date. None but experienced hands will be employed as Miss Rowland's assistants.

WORKING 24 HOURS A DAY.

There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague, They banish Sick Headache, drive out Malaria. Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Stafford's.

LOCAL LACONICS.

George W. Barnes and wife are spending a few days in Chicago.

J. M. Edgerton went over to Crystal Falls on a business mission yesterday.

John Vaughn left yesterday for Forest Junction, Wis., to be absent a few days.

H. J. Peterson, the tailor, has a job for a good coat maker. He will pay good wages to the right man.

W. C. Quinn left yesterday morning for the copper country, where he will spend the next few days drumming trade for the house he represents.

George Gallagher has purchased the interest of his partner, Hugh Spark, in the Swanzy store. The latter intends to move his family back to Ishpeming and again locate there.

A number of woodsmen arrived in town Monday. Operations have been suspended at most of the camps in this vicinity. The break-up coming so early in the season will result in a heavy loss to some of the operators.

Andrew Lindquist visited Champion yesterday. He has some men overhauling the interior of the Davidson's store. A number of important changes are being made and the workmen will be employed there for at least ten days yet.

The iron and copper districts of the upper peninsula are not the only places where reform movements have been started. Even in New York city a crusade has been started against the saloon men. It is said that last Sunday was almost "dry" day in the great city. Some of the liquor dealers who had been requested to close their places kept open as usual.

Loss of Appetite is also loss of vitality, vigor, tone. To recover appetite and the rest take Hood's Sarsaparilla—that strengthens the stomach, perfects digestion, makes eating a pleasure. It also makes the blood rich and pure, and steadies the nerves.

Carpenter & Skiles bread and cakes fresh every day from Milwaukee at Geo. Haupt's. Both telephones. (1-15-ft)

SHAKE INTO YOUR SHOES

Champion.

ODD FELLOWS BLOWOUT.

An Entertainment and Supper Will Be Given Good Friday Night.

The members of the local lodge of Odd Fellows are much interested in an entertainment and supper to be given at the town hall on the evening of Good Friday. It is expected that every member of the society in the village will attend. Members of Odd Fellows' families and a limited number of invited friends will also be present. Preparations are being made for serving from 100 to 150 persons.

The entertainment will be given in the lodge room on the second floor and the supper will be served down stairs. Albert J. Rich will prepare and serve the supper.

At the last regular meeting of the society committees were named as follows to complete arrangements for the function:

Arrangements—Dan Tomis, Sam Craz and Richard Carne.

Program—Ed Paul, James Nottle and Charles Kinsman.

Refreshments—William Williams, Ed Nottle and Ambrose Nord.

W. J. Gill will act as presiding officer that evening. The program to be rendered will be of interest to all. Some new features not heretofore seen at local entertainments will be introduced. The committee is working on the program with that aim in view.

A PROSPEROUS CLUB.

The Beacon club, composed largely of the young men of the village, will be a year old on election day, April 7. The members are at present considering the advisability of having some sort of a celebration in honor of the anniversary, though no plans have yet been suggested.

At the regular meeting of the club, held Monday evening last week, eight applications for membership were accepted. The total membership is now in the neighborhood of one hundred and new names are coming in at nearly every meeting. The headquarters of the club is quite an attractive place and the members find much satisfaction in spending their leisure hours there. The rooms are crowded every evening. The time is pleasantly passed in billiard and card games and reading. The tables are provided with choice literature.

WILL DO CASH BUSINESS.

Levine & Davidson will inaugurate the cash system at their dry goods, clothing and furnishing goods departments, commencing on the 25th of this month. Groceries will be sold on thirty days' time as usual, but no goods will pass over the counters from the other departments except for cash. As an incentive to cash traders, goods will be sold considerably cheaper than they have been under the credit system. Carpenters and painters have been at work at the store the past few days and judging from the alterations being made the interior of the place will be very materially changed.

CONVENIENT DRY HOUSE.

The new dry house at the Champion mine is now one of the most convenient to be found in the Lake Superior district. Three enameled bath tubs have recently been put in. These are in rooms separate from the regular wash tubs, which the men use when they come out of the mine.

The tubs are at the disposal of the company's workmen. The dry man sees to it that they are always clean and the men are privileged to go there at any time.

The workmen appreciate the privileges accorded them by the management of the mine.

TEMPERANCE SOCIETY ORGANIZED

A Finnish Temperance society was recently organized in Champion with a charter membership of twenty-eight. There was a similar organization here up to about six months ago, when it went to pieces for some reason or other. The officers of the new organization are: Henry Welsh, president; Andrew Waiscott, treasurer; and Charles Johnson, secretary. Meetings will be held every Sunday evening at the Swedish society's hall.

IN BUSINESS AT REPUBLIC

Joseph and Alfonso VanDyck, who have been in the employ of the Champion Co-operative society for some time past, have purchased the retail meat business conducted by Winter & Sness at Republic for the past four years. Geo. Haupt has worked at the block for the past fourteen years and is an expert meat cutter. He expects to leave here within the next week or two, as soon as a man to take his place can be procured.

CHAMPION CHIPS.

John Blair spent Sunday at Baraga. Will Villeneuve and wife spent Sunday with relatives in Republic.

M. C. Quinn has been in Chicago the past week or so on a business mission.

Mrs. R. R. Thomas visited friends in Marquette the latter part of last week. Miss Philina Carne was up from Ishpeming Sunday last on a visit to her people.

Mrs. Esther Levine of Republic spent the early part of the week with relatives here.

Thorburn Gibson was here one day last week. He departed for Chicago on a business mission.

Mrs. Isaac Rochon is down from Mass City on a visit to her sister, Mrs. Tufild Dickson, who has been ailing for some time past.

The old supply house directly opposite the mine office will soon be removed to a new location. Preparations to that end are now on.

The Champion Iron company's steam shovel is being overhauled preparatory to going into commission as soon as the shipping season opens.

BLOOMER GIRL

STAUNCH LITTLE STEAMER TO PLY FROM THIS PORT.

WILL START ABOUT APRIL 10

AND BE IN COMMISSION ALL THE SEASON.

Trips to Be Made to Huron Mountain and Big Bay and Excursions to Munising and the Pictured Rocks Run.

Marquette will during the coming season of navigation be the headquarters of a staunch little steamer which will cater not only to the excursionists but will also be available for service up and down the lake shore.

The craft is the "Bloomer Girl," which for a couple of seasons plied between Milwaukee and Whitefish bay and is well known to people of this section who have visited the Cream City. Captain G. W. Smith of this city, who is in charge of the boat, is also in charge of the boat. The Bloomer Girl has been in winter quarters at West Superior, having last season been in the excursion traffic at the head of the lake, and will shortly be brought to this city by Mr. Smith.

Built Five Years Ago.

The steamer is very well built of wood and iron and is rated A1. It was constructed five years ago. In dimensions, the craft is 112 feet in length and twenty-three feet beam. It was built essentially as an excursion boat, and for that reason is supplied with a super abundance of state rooms. However, the after or ladies' cabin will seat 100 persons and there is plenty of other shelter available for all persons the steamer will carry. The upper deck was arranged with an eye to the accommodation of the dancers, and its whole length is available for dancing purposes.

The engines, equipped with independent condensers, are sufficient to drive the steamer about twelve miles per hour. Over two hundred electric lights illuminate the boat, and a searchlight capable of exposing an object three-quarters of a mile distant is also a feature of the equipment. There are 600 or 700 life preservers and two life boats, one of them a self-bailing craft, while two life rafts are also carried.

It has already been decided that three trips, weather permitting, be made every week to the Huron Mountain club house and intermediate points. On Sunday excursions will be run to Munising and the Pictured Rocks, and when the boat is in port in the evening, moonlight rides on the lake will afford an opportunity for several hundred people to keep cool in the hottest of weather.

No Liquor on Board.

The Bloomer Girl is licensed to carry 300 persons, but as it has carried considerably more than that number it is likely application will be made for an increase in the license limit. No liquor will be sold on the boat, and none will be allowed to be brought on board. It is the intention to conduct everything in the best of style, and there will be no room for rowdies or disorderly persons of any kind, the patronage of that class not being wanted.

The steamer is something which has been badly needed here ever since the departure of the City of Marquette, and it is predicted that the Bloomer Girl will do a good business this summer, not only in the clubhouse and Big Bay traffic, but in the excursion branch as well. On the latter score, arrangements have been made with the railroads and if low rates of fare from up the road will do it, the excursion traffic will be greatly stimulated.

Means Much for Big Bay.

The securing of the boat solves the problem of transportation which the Big Bay Lumber company has been struggling against ever since a start was made in the establishment of the flourishing new town up the lake shore. In fact, it was largely through Mr. McAfee's negotiations that the Bloomer Girl will be brought to this port, the lack of adequate transportation facilities having worked against the interests of the new settlement in more ways than one. With the steamer in commission, persons desirous of making their home at the company's townsite at Big Bay will be able to make the trip at small expense and will also be kept in closer touch with the outside world, while the company itself will not be under the necessity of chartering barges to carry supplies to the new town. A dock will be built this spring at Big Bay and ample landing facilities provided both for passengers and freight.

The Bloomer Girl will probably go into commission about the 10th of April, and will be in service for seven months.

JOKE ON POPULAR CONDUCTOR.

Man Thought Dying Under the Wheels Proves a Ventriologist.

The Marquette-Detroit passenger train on the Duluth, South Shore & Atlantic railroad was pounding along at a good rate of speed between Soo Junction and Trout Lake the other day. All of a sudden blood-curdling cries arose from beneath the passenger coaches. It sounded as though some one was being ground to pieces, or was in imminent danger. The passengers were horrified. Conductor Mike Egan was notified. He stopped the train and search was made. Nobody was found—it was a miserable ventriologist. Now the railroad men along the Michigan Central and South Shore are laughing at the genial Mike.—Saginaw Courier-Herald.

This is the time to use Rocky Mountain Tea. Keeps you well the year. Great blood life renewer. 35 cts. Stafford Drug Co.

MILL SOON TO RESUME.

South Arm Lumber Company Officials Visit Dead River Plant.

W. S. Johnson and W. A. Whitman, of the South Arm Lumber company, owner of the Dead River sawmill, are in the city on business in connection with the resumption of operations at the plant. They visited the mill yesterday in company with millwrights and decided on the preparatory work necessary to be done before the mill goes into commission. A force of about 100 men will be employed throughout the summer and probably steadily for some years. G. N. Greer, superintendent of the lumber interests of Kibby, White & Co., of Albany, is also in the city, from Menominee, conferring with the South Arm people. It is Mr. Greer's intention to locate here.

TO SPEAK AT NORMAL.

Frederick Warde, the Actor, Will Talk to Students Next Wednesday.

W. W. Randall, advance manager of Frederick Warde, the eminent actor who appears at the opera house next Wednesday, arrived in Marquette last evening from Calumet. Mr. Warde presents his old time success, "The Mountebank," in Marquette this time. Mr. Randall states that Mr. Warde only plays at two of the principal cities of Northern Michigan—at Marquette and Calumet—jumping from here to Marquette, Wis. Professor Waldo had invited Mr. Warde to address the pupils of the Normal school, and Mr. Randall received word last evening that the distinguished actor would comply, hence on Wednesday afternoon next a treat is in store for them. Mr. Warde recently spoke from the pulpit of St. Mark's Episcopal church in Denver, replacing the minister's usual Sunday evening sermon. Mr. Warde is this season his best company and production he has ever had, and it is said that his season has been unusually prosperous.

FINE SOLOISTS.

They Will Appear With Souza's Famous Band Friday Evening.

Souza is presenting several exceptionally fine soloists on the concert tour of his great band this winter. Miss Maud Reese-Davies, the soprano, had her musical training under Traboldo in Paris and Shakespeare in London. Her voice is light, but sweet and particularly pleasing in quality. She sings a wide range of coloratura arias and also makes a specialty of Sousa ballads. Miss Dorothy Hoyle, the violinist, returns to America after two years of her study under Sagret in London. She has a most facile technique and full tone. Arthur Pryor, the "Paganini of the slide trombone," is, perhaps, the most popular band instrumentalist in the world, and he has composed several new solos for the present concert tour. Walter B. Rogers, the solo cornet, was formerly band master of the crack Seventh regiment of New York, and has no superior. Frank Heile, flugel horn; Simone Marchionni, euphonium; Marshall Lufsky, piccolo; D. A. Lyons, flute, and Joseph Norrito, clarinet, are other stars in an organization composed entirely of soloists. Several of these artists will be heard in solos at the Souza concert at the opera house on Friday evening.

MANIPULATORS AT WORK.

Realizing in the Coppers Sends Prices Back to the Old Level.

Paine, Webber & Co., yesterday had the following to say concerning the Boston stock market: "Realizing in the coppers caused some irregularity at the opening. The stocks sold were well taken and the excellent support of the speculators soon brought about a better feeling. During the latter part of the day there was practically no selling pressure and an increased disposition to buy showed itself. It looks to us as if the worst of the reaction was over. The coppers should have another good rally."

Hayden Stone & Co. said of the copper market: "The principal feature today was the break in Osceola. The principal sellers were lead traders and the Lake was a buyer. We believe there will be no more Osceola dividends for the present and that the Standard Oil people will try to get the price as low as possible and then gobble it up into Amalgamated. The same applies to Tamarack. We believe that these two, as far as the mines themselves are concerned, are the two cheapest. Lake stocks, but the present manipulation will be on the bear side. Remember, there are only 90,000 shares of Osceola and 60,000 of Tamarack. The manipulation of Centennial, Troutmountain and Trinity by Lawson brokers was very quiet today and there was no material change in prices. We do not think there is any hurry about buying the coppers and in spite of everything we should prefer not to tie up to that blind pool—Amalgamated."

In the Chicago Grain Pits.

W. H. Laidley & Co. said of the Chicago markets: "Wheat opened at about last night's close to a shade higher on what was interpreted as a bullish government report. The market immediately turned weak, however, upon the report of rains in Texas and Oklahoma and threatened showers in Kansas. The market keeps dull and sagged, but rallied slightly toward the close. The news was again rather mixed. The weather is the main factor at present and now that the drought has been broken in portions of the Southwest and storms threaten the balance of the week, look for lower prices."

"Corn opened slightly higher, on the government report, which was distinctly bullish; the market continued dull and uninteresting, but closed 3/16% higher than last night. The receipts were heavy. In considering the government report, it must be taken into consideration that the price is about 17 cents higher than last year, inviting competition from other countries. We look for lower prices."

"Oats were dull and uninteresting, but with a higher recovery. The government report was bullish but the trade paid little attention to that. Still, we would prefer the long side of oats."

New York Stocks Heavy.

Dick Bros. advised Paine, Webber & Co. as follows concerning the New York

stocks: "The market was not very active and was generally heavy. London did not sell as expected, but local pools and traders worked on the bear side. Money was not disturbed, lending no higher than 3 per cent. Liquidation was seen in some shares, notably the Gould issues and the Steel shares, and in others, like Union Pacific, there was good buying. Sugar was well taken. There was very little news, although in the last hour there were vague rumors of possible unfavorable developments in Washington."

MACCABEES WON.

Score 11 to 9 Against the Hotel Men—Beavers vs. Calumet Tonight.

The ball game played last evening resulted in a score of 11 to 9 in favor of the Maccabee team. The victorious aggregation put up a strong article of ball and gave pitcher Hogan good work, and traces of that was somewhat minus on the opposing side, for had the Queen City Hotel men likewise backed up their ball better the score would at least have been closer. However, the contest was an interesting one and attracted a fair-sized crowd.

Good Game on Tonight.

This evening at the Casino, the Beavers will cross bats with the Light Guard team of Calumet. The visitors' reputation as an exceedingly strong club is well known, and when the showing made all along by the local men is considered the prediction that the match will be close and exciting does not seem to be at all exaggerated. The game will be started at 8:30 o'clock. An admission price of twenty-five cents will be charged. The seats will be reserved for the ladies, and the "kids" will be excluded.

U. P. BREWERS ORGANIZE.

Carl Meeke Is Vice President of the New Association.

Carl Meeke of this city has been elected vice president of the Upper Peninsula Brewers' association, a new organization which has just come into being at a meeting held in Marquette. The other officers are: President—Frank Edlitz, Menominee. Secretary and Treasurer—John Heine, Menominee.

All the leading brewers of the peninsula are members of the association, the formation of which had been agitated for some time and which, at the state convention at Detroit last week it was definitely decided should be launched. The purposes of the organization are set forth as follows by one of the members: "The association is organized for mutual protection. There are matters of interest to the brewers which should be discussed at joint meetings, and their interests in this part of the state are identical. If they choose to undertake any special purpose it can best be done by working in a petition to the legislature eventually, a petition will be sent to the president, together with those of other associations, asking for a reduction of the tax on beer, which is now very heavy. The association is a good thing."

It was thought best to elect the president and secretary of the association from the same city, as they could then work together and save the expense of traveling. This accounts for Menominee obtaining two offices. It was decided that at the next election those offices should go to the copper country.

DRESS-MAKING DEPARTMENT.

L. Grabower Decides to Establish One on Second Floor of Bacon Block.

Louis Grabower is to still further branch out in business. He has decided to add a dress-making department to his store, and on or about the first of April will open it to the public.

Mr. Grabower has leased that portion of the Bacon block which is directly over the quarters occupied by Westlake's. The building next adjoins the block which houses Mr. Grabower's present establishment, the two structures being separated by a stone wall, and an entrance way will be made between them. This will lead from the millinery department and open directly into the dress-making rooms. The quarters just leased by Mr. Grabower will be extensively renovated; they will be newly papered, painted and gone over in general, and it is promised that they will present a very attractive appearance. A parlor, a fitting room and work rooms will be provided.

In the establishment of the new department Mr. Grabower will incorporate something of an innovation here. Although the branch will be conducted in connection with the store, it will practically be an independent institution, in that it will cater to the trade of all ladies whether the material which will enter into the making of the dresses is purchased from Mr. Grabower or not. The charge for making the dresses will be the same in either case, and ladies who patronize the department will not be urged to purchase from Mr. Grabower's stock; they can bring their material to the dress makers if they wish and they are promised the same careful consideration.

The new department will be in charge of a first class dress-maker and will be conducted in strictly up-to-date style. Mr. Grabower is in negotiation with four or five experts in the dress-making line and will make his selection within a few days. It is anticipated also that some fifteen or more girls will be given employment. It is the expectation of Mr. Grabower that the department will become vastly popular with the ladies, it having been largely at the request of many of them that he has decided to add the new branch to his establishment.

Strictly fresh eggs, 20 cents per dozen. Cameron's creamery. (3-11-1)

NOTICE.

U. B. of Carpenters and Joiners of America, local union 938, of Marquette, Mich., demand that on or after the first of April, 1902, the minimum wage shall be thirty-one and one-half cents (31 1/2 cents) per hour, and that nine hours shall constitute a day's work. Dated Feb. 7, 1902.

Signed and sealed,
John G. Duquand, Pres.
Jas. E. Scanlan, Rec. Sec.
(2-10-1)

CITY BRIEVES.

Weather forecast: Partly cloudy with possibly showers; cooler; brisk southwest to west winds.

Yesterday's temperature: 7 a. m., 42 degrees; noon, 40 degrees; 7 p. m., 38 degrees; maximum, 46 degrees; minimum, 38 degrees.

Frank Spear has gone to Duluth on a business mission.

Dan Kaufman arrived in the city yesterday from Grand Rapids.

John Siegel departed last evening on a business mission to Chicago.

B. O. Pearl spent yesterday in Houghton on bankruptcy business.

Theodore Thoren and C. L. Sparley of Neosaunder had business in the city yesterday.

Mayor W. H. Johnston of Ishpeming was among yesterday's visitors in Marquette.

John Healy, the engineer, left last evening for West Baden, Ind., for a couple of weeks' stay.

A meeting of the Ladies' auxiliary to the A. O. U. will be held this evening at the usual time and place.

Miss Skoglund of Ishpeming was down yesterday, assisting in the work at the county treasurer's office.

General Manager Fitch of the South Shore leaves today for a pleasure trip to Texas and other southwestern states.

The "family album" social to take place this evening at the Methodist church will begin at 8 o'clock. Refreshments will be served.

Charles Friedstrom, the speedy copper country skater, who had been visiting Marquette friends for some days, returned to Calumet yesterday.

A thick fog was the feature of the weather program yesterday. At Times, Detroit was so dense that objects half a block distant were not visible.

Mrs. Wm. Mies, who had been the guest of her parents, Mr. and Mrs. H. Gregory, for several days, left yesterday morning on her return to Duluth.

Yalmar Bahram, treasurer of West Branch township, was at the court house yesterday, making his returns of tax collections to the county treasurer.

The Marquette & Southeastern company has let a contract to James Sumner of Newberry for the driving of a well at Rumley, near Munising.

The funeral of George Winterstein will take place this morning at 9 o'clock from St. Peter's cathedral. The interment will be in Holy Cross cemetery.

A dance is announced to take place at the Fraternal Hall on the night of St. Patrick's Day, the 17th. The ideal orchestra will be in attendance, and fifty cents is the admission.

Register of Deeds Primeau has returned to his home from St. Luke's hospital very much improved. It will be some days yet, however, before he will be able to attend to his official duties.

The seat sale for the Souza's band concert opens at Bigelow's at the usual time this morning. A long line-up is indicated. The prices will be the same as those that prevailed for the recent Molska-James production.

The circuit court has issued second papers to a large number of persons from this section of the country during the present term. It is still in session, prepared to accommodate all others desiring to become full-fledged citizens preliminary to the forthcoming elections.

New comers to the branch state prison from Ontonagon county are: John Lyons, sentenced to five years for holding up a man at Mass City; John Clark, two years for robbing a cash register at Marquette; and John Yaenaki, two years for robbing two men at Greenland.

The women of Morse Hose company will commence the canvass of the city today in the interest of their forthcoming annual ball. Business men and others will be asked to purchase tickets, and it is hoped that the response will be the generous one the boys so well deserve.

Business in the marriage license line at the county clerk's office has so far this year been remarkably dull. A permit was made out yesterday, the first in some days and the thirty-fifth to be issued since Jan. 1—not quite one every two days. Last year an average of one license per day was the record.

Ontonagon Herald: It is reported an afternoon daily paper will be launched in Marquette in the near future. It seems to the Herald that this field is already well covered by The Daily Mining Journal and that another publication would find it extremely difficult to exist unless there is a good reserve bank account.

J. C. Jensen, florist and landscape gardener, who was recently employed at the green house here, has accepted a lucrative position at the state hospital for insane at Cherokee, Iowa, where he has charge of the large vegetable garden. His application for his new position was accepted out of a large bunch of other applicants.

The other night six miles of ice went out of the west channel at Munising, carrying with it all the fishing tackle belonging to J. W. Damask, C. W. Powell, L. La Chance, Harry Stewart, Levi Steinfeld and Martin Anderson. The aggregate loss was considerable, but the fishermen rejoice that they were not carried away with the ice, also.

Captain John Tregembo, who recently resigned the superintendency of the Pabst mine at Ironwood, was in the city yesterday, the guest of his old friend, Sheriff Penglass. Mr. Tregembo is very well known throughout the Lake Superior district. He will shortly leave for his old home in England, to be gone a year or more, though he may decide to locate there permanently.

A couple of boys who have angled for trout in the pond at the residence of Peter White were corralled by the marshal and Officer Hogan yesterday after a little quiet detective work. Three fish had been caught by the lads, but as it was not the first time the pond had been robbed it was determined to give the culprits a lesson. They were taken before Justice Byrne and County Agent Blanchard and given a severe lecture, after which they were released on suspended sentence with the admonition of punishment should their deed again be perpetrated.

DEPOSITING BY MAIL.

Send your deposits by Bank draft or check or by postal or express order.

Should this be your first deposit, we will send you a pass-book by return mail. We will also send you full information concerning future deposits and withdrawals.

DAN SULLIVAN Prop.

HAGER BROS. CO., LTD.,

ESTABLISHED IN 1873

FUNERAL DIRECTORS and PRACTICAL EMBALMERS,

118 South Front Street, MARQUETTE, MICH.

NIGHT CALLS: G. W. HAGER'S RESIDENCE; BOTH 'PHONES.

D. Seidenfeld's.

Spring is almost here; it is now just around the corner, and with the coming of this beautiful season we have prepared ourselves better than ever before to supply the people of Marquette and adjoining counties with their merchandise. Every incoming train brings us case after case of new up-to-date merchandise.

DRESS GOODS.

During the past week we have received more than 100 pieces of wool dress goods. They comprise the popular fabrics for spring wear and are culled from the products of the best manufacturers in both hemispheres. When you do not fail to give our dress goods department an inspection if you are intending to buy.

LACE CURTAINS.

"Lace curtains by the thousand" is the common expression used by those who have been shown the mammoth stock we have just received for our spring trade and we wish to say, right here, that never in the history of our curtain business, have there been offered such good values for so little money.

CLOTHING DEPARTMENT.

Men, boys and children will have satisfactory clothing if they will buy it from us. We pride ourselves in up-to-date, ready-to-wear clothing. Sweat-shop goods have no part in the making up of our stock. Everything of the best. We buy on the plan that there is nothing too good to wear, and there is nothing so worthless as shoddy. You can depend upon buying the best of goods when you patronize our store.

SHOE DEPARTMENT.

Once a customer of our Shoe department, always a customer. Our shoe business is transacted on the same basis as our dress goods business, hence, the wonderful increase in this department. We sell shoes to wear; we sell shoes to fit and we sell shoes made of the best leather. No shoddy or cheap workmanship goes into a single pair of shoes bought at our store.

If You Buy it at D. Seidenfeld's it's Good.

D. SEIDENFELD'S STORE,
South Front Street, Marquette, Mich.
