Capital, - - \$100,000 H. O. YOUNG'S CANDIDACY.

As indicative of the cordial manner in which the candidacy of Hon. H. O. Young for the nomination for representative in congress from the Twelfth district is received by the press of his party, we present the comments thereon of the following Republican papers, published in counties of the district not coninterests in common:

It is predicted that H. O. Young, who has just announced his candidacy for the congressional nomination, will receive warm support throughout the Twelfth listrict. This much is certain: He is fuly competent and would faithfully repre ent the district.

Republican, St. Ignace: Hon H. O ung of Ishpeming has announced his sire to represent this district in cons, and his intention to secure the ination in the Republican conssional convention. In this he will be backed by Marquette county, and he will also develop strength in other po tions of the district, for he is a very able

an. It is early yet to say how his canlidacy will be received in Mackinac ounty, but the presumption is that Republican sentiment here favors, and will continue to favor, the return of Congressman Shelden.

News-Record, Ironwood: The Mar uette Mining Journal and Ishpeming Iron Ore of March 8th, contained anouncements of the candidacy of the Hon. H. O. Young for the Republican nination for congress in the Twelfth district of Michigan, comprising the fit teen counties of the upper peninsula Those who watch the progress of political events in the district have known for some time that Mr. Young was seriously

DEPENDED ON. WE ARE THE

SOLE AGENTS HERE,

### AND WE WANT YOU TO TRY IT.

At some time or other you need SMITH'S GREEN MOUN-TAIN RENOVATOR. No matter how healthy you are, this is true, and it is probably true that you need it a great deal oftener and a great deal more than you have any idea of. Of course, you can go around feeling half sick and not give up, but there is not only no sense in it, but it is dangerous.

The moment you begin to trifle with disorders of the stomach, liver or kidneys, the moment you permit blood troubles to go uncorrected, you are running the risk of serious complications and leaving an open door to the most insidious and deadly diseases.

You ought to be well-perfectly well all the time.

The moment you perceive that your internal machinery is getting clogged up you ought to get hold of a bottle of SMITH'S GREEN MOUNTAIN RENOVATOR and commence to take it at once.

It isn't compounded of harmful drugs to temporarily soothe pain or to rack and gripe the delicate organs. It contains nothing but roots and herbs of the Green Mountain State, and its healing, curative, strengthening merits are well known to the many thousands it has cured.

It has always prospered without advertising, which shows how good it is. Its present owners have determined that everybody shall have a chance to try it, and have given us the sole agency here.

It is a body-builder in the best sense of the word. It is a blood purifier of the highest possible value. It restores the rich blood of youth in the veins, and makes strong muscles, healthy flesh, calm nerves and clear complexion.

If you want to get the closest thing to an elixir of life that has yet been discovered, SMITH'S GREEN MOUNTAIN RENOVATOR is what you are looking for.

We don't make any wild, unfounded claims for it, but simply describe just what it is and just what it can do. We know it can do it because it has been doing it for more than a quarter of a century.

This is the only medicine which we guarantee, and we agree to refund the money if this famous medicine fails to benefit the sufferer. This gives a chance to the skeptical to try it at our risk.
