REPORTS ARE FILED

STATEMENTS REGARDING PANAMA TITLE PRESENTED TO SENATE.

MINORITY UPHOLD NEW COMPANY

CLAIM IT WAS RIGHT TO TRANSFER THE PROPERTY.

Majority Charge Those Who Make Offer as Men Who Defrauded Frenchmen Out of \$250,000,000.

Washington, March 19.—Senator Morgan, from the committee on isthmian canals, today presented to the senate the majority and minority reports on the validity of the title of the new Panama Canal company and its right to transfer the canal property to the United States.

The objections of the majority to the title held by that company are based largely on the relations of the canal company to the governments of France and Colombia, but the committee also discusses at length many other phases of the question.

Majority Charge Fraud.

Among these is the relation of the shareholders who subscribed \$250,000,000 to the old Panama company, whose interests the report holds cannot be lightly disregarded. The majority allege the report of the isthmian canal commission "reveals the fact that the men who make the offer are chief among those who defrauded six or eight hundred thousand Frenchmen out of \$250,000,000."

The minority report completely upholds the title of the new Panama company, alleging it is clear and free from any complications. It also upholds the right of the company to transfer the property to the United States.

As the cause for the company's desire to sell, the minority say the announced intention of the United States to construct a canal made it impossible for the company to raise funds.

Canal Perfectly Feasible.

"As an engineering proposition," say the minority, "the canal was perfectly feasible, and was attractive, as a commercial proposition, the certainty of competition with the United States made it impossible, except under the auspices of the government which might, for public reasons, acquire the canal. Since the company could not raise the money to complete the canal, the only practicable course was to sell the property."

BOER ENVOYS SAIL TODAY.

Wolmarans and Wessels to Leave United States for France.

New York, March 19.—Boer envoys Wolmarans and Wessels will sail for France tomorrow. Wolmarans said tonight:

"Since we have been in this country it has been said our alliance with the Irish has hurt our cause. On the other hand of our return we must deny that statement, and declare the alliance has been profitable to us, both on the battlefield and by the fight being waged for us by the Irish members of the English parliament. First, we have to thank the Dutch, next the Irish, and then the Germans. We know also that the people of the United States are with us heart and soul, and we believe a few words of sympathy from the United States senate and house would go a great way in helping us with the nations of the old world."

HORSES FALL FROM BRIDGE.

Two Nebraska Women Are Drowned in the River Platte.

Schuyler, Neb., March 19.—Mrs. Frank Rima and her niece were drowned in the Platte river near here today. They were driving across the river, and meeting another team their horses became frightened and fell from the bridge, carrying the buggy and occupants with them. The bodies have not been recovered.

PLUNGED THROUGH TRESTLE.

Kentucky Train Wreck Causes Death of Two of Crew.

Louisville, Ky., March 19.—A northbound freight on the Chesapeake & Ohio plunged through a trestle near here today. Engineer Boliver Wesley of Ashland, Ky., was killed, and Frank Bluans, conductor, of Cattlesburg, Ky., was seriously hurt. Several others were slightly injured.

ALLEGED MURDERER JAILED.

New Orleans, March 19.—Ed Betson, the alleged murderer of the Earl family at Welsh, La., was safely landed in jail at Lake Charles today. Sheriff Perkins expresses the opinion that there will be no violence attempted against the prisoner.

EDWARD GREEN DEAD.

Bellows Falls, Vt., March 19.—Edward Green, husband of Hettie Green, known as the richest woman in America, died at his home here today from a complication of diseases.

STUDENT RIOTERS SENTENCED.

St. Petersburg, March 19.—Fifty-seven persons who were arrested Sunday for rioting have been sentenced to three months' imprisonment.

PEACE IN THE FAR EAST.

Franco-Russian Agreement Will Serve to Preserve It.

St. Petersburg, March 19.—The official Messenger points out the text of a Russo-French joint declaration sent to all the powers. The declaration says Russia and France are pleased to note that the Anglo-Japanese convention supports the essential principles constituting the foundation of their policy.

"They are compelled, however," says the note, "not to lose from view the possibly amicable action of the other powers, or a repetition of the disorders in China possibly impairing China's integrity and free development in detriment to their reciprocal interests. They therefore reserve to themselves the right to take measures to defend their interests."

The preparatory remarks say Russia desires the maintenance of the status quo and the attainment or complete tranquility in the far East.

France Expresses Satisfaction.

Paris, Thursday, March 20.—The morning papers comment with much satisfaction and approval upon the Franco-Russian declaration concerning the Anglo-Japanese convention, which they consider strengthens the chances of lasting peace in the far East, as contributing to the establishment of the necessary balance of power.

"It," says the Figaro, "Germany and the United States have any misunderstanding regarding the alliance and the policy in China or fears for an 'open door,' these are now removed. We are for an 'open door' on condition nobody attempts to close it on us."

MAY NOT OPPOSE INJUNCTION.

Amicable Settlement Between Railroads and Commerce Commission Possible.

Chicago, March 19.—Attorneys for the railroads and W. A. Day, representing the interstate commerce commission, will hold a conference in a day or two regarding the litigation to secure the observance of the law. The hearing of the case will be at Kansas City Tuesday.

It is probable that the government will not actively oppose the granting of the injunctions sought. Under the bill filed certain roads not named operate in the territory of those against whom the suit is directed.

The attorneys interested declare they can see no reason why the government should refuse to include these roads, but if such is not the case the present bill will be fought probably by the interposition of a demurrer. If they can possibly avoid so doing, the executive officials of the lines interested do not wish to be placed in a position objecting to being restrained from doing what is admittedly illegal.

HAWAII SUFFERS FROM STORM.

Roads Are Ruined by Floods and Cattle Are Carried Away.

Honolulu, March 12.—(Correspondence of the Associated Press.)—The army transport Warren is ready for sea again and will start today on her way to Manila.

In the second trial of the suit against the Honolulu Plantation company to condemn lands for a Pearl Harbor navigation station, the verdict was for \$102,525. An appeal will be taken on the ground that the verdict is excessive. In the first trial the verdict was \$105,000.

The district of Hanalei, Hawaii, which suffered severely from drought and forest fires last summer, has been visited by the severest rain storm ever known there. It lasted a week and the rainfall was from eighty-two to eighty-four inches during that time. Roads were ruined, and great floods formed in some parts of the district. Cattle were carried away by the torrents which swept from the upper lands.

DEPARTMENTS ARE ASSIGNED.

United States Army Officers Named for Posts by Direction of President.

Washington, March 19.—By direction of the president, Major General Arthur MacArthur today was assigned to the department of the lakes, with headquarters at Chicago; Brigadier General Frederick Funston is to command the department of Colorado, with headquarters at Denver; and Brigadier General William A. Kobbe is to command the department of Dakota, with headquarters at St. Paul. The changes will take effect on the twenty-fifth inst.

TO SUCCEED RODENBURG.

Civil Service Commission Will Be Tendered James R. Garfield.

Washington, March 19.—James R. Garfield, son of the late president, will be given the appointment of civil service commissioner to succeed William A. Rodenburg if he will accept it. The president at one time favorably considered the name of Harry A. Garfield for the place, but he was informed the latter would not accept the appointment.

CONSPIRATORS ARE ARRESTED.

Agitation Is Spreading in Hayti and Troops Are Called Out.

Port Au Prince, Hayti, March 19.—Many citizens charged with conspiring against the government were arrested and imprisoned today and a number of others sought refuge in the various consulates. The agitation is spreading in the republic. The minister of public works has left Port Au Prince for Jackmel with a detachment of troops.

ACCEPTS ST. LOUIS INVITATION.

Santos-Dumont Will Assist in Organizing Balloon Contests.

JOINS HIS FAMILY

PRINCE HENRY'S TRIP ACROSS ATLANTIC FINALLY CONCLUDED.

ROYAL PARTY LANDS AT KIEL

EMPEROR HAS SEVERAL HOURS TALK WITH BROTHER.

Members of Party Discuss the Trip and Praise Chief of Secret Service Bureau for His Careful Arrangements.

Berlin, March 19.—Prince Henry landed at Kiel at dusk and joined his family. The emperor and the prince had several hours' talk, but what was said is not made public. Members of the prince's party, telling of the trip, said they were much amused by the calls of "Speech," "Speech," from the crowds at wayside places, and the cries of "How is your brother William!"

Were But Once Alarmed.

The only time any alarm was felt was when the members of the party saw a man enter the car while the prince was on the platform at the other end. The man when ordered out hesitated, but withdrew. He wore a long coat, under which anything might have been concealed. He was later seen working his way through the crowd and when attention was called to him Chief Wilkie said: "Why, that's one of my men."

Fearful Poles at Stock Yards.

The prince did not visit the Chicago stock yards because Chief Wilkie was advised that the Poles employed there might create a disturbance. It was later arranged to visit the yards privately but it was found inconvenient to do so. All praise Chief Wilkie in the warmest terms for his discretion and careful arrangements for the prince's security.

Emperor Shows Pleasure.

In speaking to William H. Beecher, the United States naval attaché at Berlin, the emperor referred to the wonderful reception to the prince in the United States. Mr. Beecher assured the emperor that his majesty would have received a greater one. When the emperor said he could not leave the country for so long, Mr. Beecher suggested it would take no longer than the trip to Jerusalem. The emperor replied: "Yes, that's so."

TREATY WILL BE RATIFIED.

Sale of Danish West Indies to the United States Assured.

Copenhagen, March 19.—The land-thing (upper house) in a committee of the whole and in executive session voted today to ratify the treaty providing for the sale of the Danish West Indies. After this action there will be two readings, one of which is to be in open session. The first of these readings will not take place before March 25. The opponents to the treaty are playing for delay, but the measure is now assured of a majority of two-thirds in favor of ratification.

The treaty opponents today held a meeting, several members of the land-thing being present. French proposals were submitted to start a direct Danish West Indies line of steamers and establish large sugar plantations. The meeting subscribed 3,500,000 crowns for these enterprises. The object was to influence the land-thing's decision.

CANNOT SUPPRESS REBELLION.

Chinese Rebels Continue to Defeat the Imperial Troops.

Hong Kong, March 19.—The rebels in the southern provinces continue to crushingly defeat the imperial troops sent to subdue them. General Ma and Marshal Su report it is impossible to suppress the rebellion with the troops at their disposal, and the viceroy at Canton has requested Viceroy Chi Li to send reinforcements overlaid from Chi Li.

ADMITS STRIKING ACTRESS.

Former Member of Baltimore Ball Club Is Given Term in Jail.

Baltimore, March 19.—Michael Donlin, a former member of the Baltimore baseball club, today pleaded guilty to two indictments charging him with assaulting and striking Miss Minnie Fields, an actress, and Ernest M. Clayton. He was sentenced to serve six months in jail and pay a fine of \$250.

MOB LYNCHES NEGRO.

Black Who Killed Mississippi Planter Pays Penalty of Crime.

Natchez, Miss., March 19.—A mob took John Woodward, colored, from jail this morning and lynched him. He shot and killed Leonard Calvitt, a wealthy planter, at Union Point.

WOLCOTT MAY GET PLUM.

Washington, March 19.—The Post says: It is understood former Senator Wolcott of Colorado is being considered by the president as a possible successor to Secretary Hitchcock.

TO END THE BOER WAR.

Democrats of the House Urge Overtures from America.

Washington, March 19.—The Democratic members of the house, in caucus tonight, unanimously adopted resolutions declaring congress should express the sympathy of the American people for the struggling Boer republics and pledging themselves to use their utmost endeavors to "force" the committee to report resolutions expressive of such sympathy in order that congress might have an opportunity to act.

The resolutions adopted declare: "That congress should, in a spirit of amity and friendship, appeal to the British government in the interest of humanity, to accept overtures for peace, cease hostilities and endeavor to bring about a just and honorable settlement of the existing differences, to the end that peace may be established.

"That the United States should fairly and honorably maintain a position of strict neutrality in the contest between nations friendly to us, and see to it that the neutrality laws are vigorously and impartially enforced.

"That we, as Democrats, are representatives of the people, will use our utmost endeavor to force the committees now denominated by the Republican party, having in their charge resolutions similar to these, to report the same back to the house, so that congress may give expression thereon, declaring the sentiments and will of the American people."

DESIRED AGUINALDO AS LEADER.

Filipinos Had No Intention of Securing Independence.

Washington, March 19.—General Otis before the Philippine commission made an extended statement regarding the conditions of the islands during his administration. Speaking of Aguinaldo, General Otis said he thought Aguinaldo was acting a double part in going to the Philippines; that he was sent from Hong Kong to drive out the Spaniards and then attack the Americans.

"No man ever worked harder in the interests of peace than I," said the general, "but if the United States had attacked the Filipinos and driven them out of the city when they first got there, it would have been much better. They got very 'cocky' after a while, and thought they could sweep us into the bay."

Further on General Otis said the Filipinos had no intention of securing independence in starting the rebellion, but merely to set up a government under Aguinaldo. Even according to their own protestations, their aim was not independence. He believed in money matters Aguinaldo was strictly honest, but in "duplicitly he was very equal," said General Otis with vehemence.

Asked about the assassination of General Luna, General Otis said there was no doubt but that this was Aguinaldo's act.

THREE REPORTED LOST.

North Dakota Cattlemen Perish in the Recent Blizzard.

Jamestown, N. D., March 19.—Two men are reported lost fifty miles northwest of here in Dakota. The bodies of Herder Dan McLaughlin have not been found since the storm. Neighbors found the house vacant and about 200 sheep perished. Stewart's father is an Iowa banker and has wired anxiously regarding his son.

MURDER AND INCENDIARISM.

Former President of Macedonian Committee Causing Serious Trouble.

Vienna, March 19.—The Neus Wiener Abendblatt says in its issue today that serious trouble is anticipated in Macedonia. The paper has ordered 25,000 men to be sent to Macedonia and Albania, says this paper, and there seems to be no doubt that the agitation is the work of Boris Sarafoff, former president of the Macedonian committee, who is using Miss Stone's ransom in his efforts. Sarafoff's bands, says the paper, are carrying on murder and incendiarism, and are blackmailing the Bulgarian agricultural population of Macedonia.

NAVIGATION ON UPPER LAKES.

Opening This Year Will Be Thirty Days Earlier Than Usual.

Duluth, Minn., March 19.—The opening of navigation on the upper great lakes will be earlier than ever before known. Ships will be plying between Duluth and Lake Erie ports April 1. The usual date is a month later. The opening of navigation thirty days ahead of the usual time means an additional capacity of the lake fleet of at least 15 per cent.

BRYAN MOVES TO FARM.

Is Living With Family in Barn Until Residence Is Completed.

Lincoln, Neb., March 19.—W. J. Bryan is no longer a resident of Lincoln. This is Bryan's forty-second birthday, and he celebrated it by moving to his farm four miles from the city. Until the country residence which he is building is completed, the family will live in a barn.

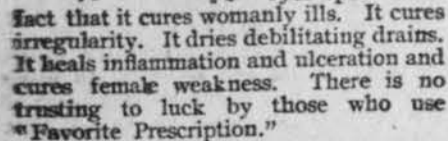

TURKEY WILL NOT PAY.

Refuses to Reimburse United States for Ransom Money.

London, March 19.—A Constantinople dispatch says:

The Turkish government has flatly refused the demand of the United States for the repayment of the \$72,500 paid the brigands as a ransom for Miss Stone and her companion.

"Shut your eyes, open your mouth and see what I have to say to you." The doctor smiles at the childlike gaze, and doesn't realize that it is a game she as a woman has perhaps played for a great many years.

Many a woman is weak and sick, nervous and discouraged. She suffers from headache, backache and other ills. She wants to be well, but all she does is to shut her eyes and open her mouth for medicine and trust to luck for results.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as second class matter of the second class in the postoffice at Marquette, Mich.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00.

MARQUETTE, MICH., MARCH 20.

It is predicted that the ship subsidy bill will strike a snag in the house, in spite of the action of the senate, and that it will remain to be a vexing proposition in the next congress.

A good many of the house members who would favor it if they dared will be restrained from supporting it by the apprehension that to do that would unfavorably affect their show for re-election.

There is a palpable misfit in shipping conditions when we find the shipyards busy building new vessels for the lake trade and the owners of lake fleets at ready in commission arranging to tie up their vessels for weeks after the opening of navigation in order to maintain rates where they think they should be held.

Why not quit building boats if for the short season nature grants us is too long for the needs of business? That would be better than shortening the season by the method alluded to.

Prosecuting Attorney Ward of Kent county announces that he will bring action against State Senator Nichols for bribery, based on the part he is charged with having taken in endeavoring to induce a witness to give false testimony in the trial of the Salisbury case.

The senator is a candidate for re-election, putting his candidacy on the ground that he wants a vindication at the hands of his constituents. The opportunity will be given him to obtain a vindication before the election takes place, as his trial will be brought on, unless he should secure a continuance, at the present session of the court at Grand Rapids, and that is the only place where he can secure one that will fully and completely clear him of the imputation now resting upon his character.

Marquette is entering on a new growth and it is essential that it should be provided with an efficient municipal government for the coming year.

It has always been a well governed city, but new questions are coming up to be considered and acted on by the mayor and council, hence special care should be exercised by the voters this year in choosing the men who will fill these offices.

An administration that will be progressive without being recklessly extravagant is what the city needs at this juncture. We can have one of that kind if the voters make wise selections when the candidates for mayor and aldermen are chosen.

If the voters treat the selection of men for important municipal offices as a "joke" they will find nothing funny about it when they have to settle their tax accounts with the city treasurer. Good government doesn't come without honest and intelligent effort to secure it. We trust the voters will bear this in mind when they turn out to the caucuses Monday night, and that their representatives in the city convention to follow will not forget it.

An Ohio politician who has heretofore trained with the anti-Hanna faction in his state has just returned from a trip east, and he says he was surprised to find so widespread a sentiment in that section favorable to Hanna for president. It is more pronounced among the business men, as a matter of course, but pervades all classes. The conviction prevails that he would make a safe president from a business standpoint, and that the country needs such a man in the presidency.

While President Roosevelt has made no serious blunders of administration, his action in directing the attorney general to institute proceedings looking to the dissolution of the railroad combination effected by Morgan and other leading capitalists has excited some alarm among the large capitalist interests, and these would feel safer with Hanna in the presidency than with Roosevelt occupying the executive chair. The president doubtless was actuated by worthy motives in the action he took in the case, but that it was an unwise move politically is quite obvious. The gentleman from Ohio alluded to says that if Hanna is a candidate his slate will be solid for him, and that his delegation will be chosen for him practically without opposition.

The Calumet News things Governor Bliss is not the proper man to hold the office he fills because he hasn't ordered Sheriff Wills of Houghton county to have the liquor laws rigidly enforced within the limits of his chivalry. If the governor been furnished with proof that the Houghton county sheriff has been negligent in the discharge of his duty in that particular? If not he would hardly be justified in ordering him to enforce the law, the presumption being that every officer does his duty until the contrary is shown to be the case. And even the News does not squarely charge the sheriff with wilful disregard of his obligation as an officer of the law in that particular. The governor is quite excusable in not having "gone off half-cocked" at the request of a lot of people in Calumet who signed a petition addressed to him, with the nature and contents of which, it is safe to say, the bulk of the signers did not take the

trouble to make themselves acquainted before affixing to it their signatures. We all know how signatures to petitions are ordinarily obtained, and how little such documents really represent popular sentiment. It would be possible, for example, to get a goodly number of signatures at Calumet asking that the editor turn the editor of the News be sent to a Keeley cure establishment for treatment, though it is well known that he is a temperate man, and most of those who would sign such a petition for the mere asking would be astonished afterward to find what a singular proposition it was to which they gave the weight of their endorsement.

A CHEERING AUGURY.

That the activity in the iron and steel industries which prevails this year will continue over into 1903, is in the opinion of iron and steel, indicated by the fact that orders are already being placed with producers for 1903 delivery. Commenting on that unusual circumstance, the publication named deduces from it conclusions as here set forth:

The year 1903 in a business sense is a long distance in the future, but its metal necessities are already receiving attention in various directions. Booking of orders for 1903 delivery have been so heavy during the past few weeks as to give substantial basis for the opinion that trade is to continue good during that year. The unexpected may, of course happen at any time, and the ordering of iron and steel at this time for shipment a year hence does not of itself insure a general prosperous condition so far into the future, but it goes a long way towards the realization of that prosperity. The buying of iron and steel has been so active as to be especially noteworthy. The key to this extensive purchase for future needs is doubtless the extreme difficulty of procuring metal at present. There has been within the past few weeks but a usual heavy buying of bars and other metal shapes used by the implement manufacturers for their requirements, up to June, 1903. Structural shapes also are in brisk demand for the same remote uses. There have been placed at mill during the past few days a number of orders from jobbers for wants during the first quarter of 1903.

Have our books a considerable tonnage which will doubtless not be delivered during the current calendar year.

The outlook is therefore for an indefinite continuance of the present remarkable activity in iron and steel. There is possibility that the market may run away with itself and that prices will so sharply advance that an early reaction is inevitable. If prices can be held to their present level the steam that is now on is sufficient to propel activity far into the future, but an explosion like that of three years ago would deprive trade of its present magnificent energy.

BOUND TO HAVE IT.

Senator Hanna holds to the belief that provision will be made at this session of congress for construction of an isthmian canal, and that the Panama route is the one that will be taken. He said to a newspaper correspondent a few days since:

From the standpoint of the United States, I can say, after careful investigation of the subject, that the Panama route would be preferable to that of Nicaragua, even if the price for the canal property were increased by \$20,000,000.

This canal proposition is not one of sentiment, nor are we going to spend millions in excess of the estimated cost of the Panama because the Nicaragua route is a few hundred miles near Mobile than is the isthmus.

Besides, the whole Nicaragua scheme for the canal is a failure. The vessels would attempt at night to pass through the proposed Nicaragua canal, with its many curves and great number of locks. They would have to make the trip in daylight, and no living man can estimate how long it would take them to make it. I speak of one who knows on which end of a ship the rudder is placed, which is more than some members of the senate know of the subject.

I do not believe that any living man, except Senator Morgan, being entrusted with the investigation of the canal problem for the congress, would make up his mind, before the testimony was heard, that he would not accept the Panama if it were given him. But that is what Senator Morgan announced, and that has been the index of his whole inquiry into the canal question.

There will be legislation at this session of congress, but the question will be settled in a practical way, and not according to the theories of men who do not understand the subject, or who are influenced by sentimental considerations in favor of the Nicaraguan project.

A HORRIBLE OUTBREAK.

"O! large sores on my little daughter's head developed into a case of scald head," writes C. D. Ishill of Morganton, Tenn., but Buckner's Amica Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Piles. Only 25 cents at Stafford's.

A PROFITABLE INVESTMENT.

"I was troubled for about seven years with my stomach and in bed half the time," says E. Demick, Somerville, Ind. "I spent about \$1,000 and could get nothing to help me until I tried Kodol Dyspepsia Cure. I have taken a few bottles and am entirely well." Kodol Dyspepsia Cure does the stomach's work by digesting the food. You don't have to fast. Eat all you want. Kodol's Curative Cure cures all stomach troubles. The Stafford Drug Co., H. N. Meloche Co., Indianapolis.

Every family should have its household medicine chest, and the first bottle it should be Dr. Wood's Norway Pine Syrup, nature's remedy for coughs and colds.

Constipation

Headache, biliousness, heartburn, indigestion, and all liver ills are cured by

Hood's Pills

Sold by all druggists. 25 cents.

Upper Peninsula.

William Livingston of Detroit, Harry D. Goulder of Cleveland, president and attorney respectively of the Lake Carriers' association, and John G. Millburn of Buffalo, and John Isham of Detroit, attorneys for the Clergue syndicate, have reached an agreement as to the condition under which water will be turned into the Clergue power canal on the American side of St. Mary's river at the Soo. The Clergue company must first obtain the consent of the secretary of war and chief of engineers and their approval of the canal and remedial work proposed. Whenever in the judgment of the secretary of war operation of the canal is injuriously affecting the water levels or navigation in Lake Superior, St. Mary's river and locks, he shall impose on the company such rules and regulations as he may deem necessary to prevent such injury. He shall have the authority to enter upon the property of the company and close the canal in whole or in part, and to require the company to modify any part of the canal works to the extent necessary, to maintain the water levels. These provisions are to be embodied in an amendment to the river and harbor bill.

The other afternoon a number of friends of the family assembled at the home of Mr. and Mrs. Otto Troadt at Escanaba to attend the funeral of their four-year-old son, Robert, whose death was caused by membranous croup, but Health Officer Andrew Nelson appeared, and requested a delay in the funeral, as being contagious. The family had supposed that the danger was to children only, and for this reason permitted the attendance of adults, but the health officer feared that germs might be conveyed to the homes of those present in clothing and hence his action. There was considerable indignation over the health officer's action, and the claim was made that he exceeded his authority in the language used and his manner but Dr. Nelson disclaims having acted rudely or ungentlemanly, and says that the public health was at stake and he is employed to protect it and was simply performing his duty.

Last summer twenty-six citizens of Rockland, Ontonagon county, sent two land lookers to Oregon to locate some government timber land. The land lookers did so and the twenty-six Rocklanders packed their kits and went West to settle on the land. They had been doing business without a lawyer, which explains why, without having organized into an association or corporation, one of the twenty-six made the entry for the other twenty-five. The laws require that each man must make an entry individually. They were ejected from the land. Now they have hired a lawyer, and on the plea that they had gone about it in the right way, and they had known how they were trying to have the secretary of the interior waive their mistake and give them deeds to the land. The commissioner of the general land office has reported against them.

The Escanaba Woodmen's factory, Escanaba's largest and most important manufacturing industry, now has eighteen men making butter dishes and tin additional ones will be ready for operation within a few days. The company is turning out 750,000 plates per day, and still the demand is far above the capacity of the factory. This is the largest butter dish factory in the world, and more than 200 persons are employed in the factory and mill. One can gain a faint idea of the business of the plant when he learns that about 59,000 feet of hardwood timber are manufactured every day into butter dishes, clotheslines, broom handles, boxes, etc., and all of the refuse from this amount of timber, besides the sawdust, is burned in a boiler room.

The various township treasurers of Schoharie county made their returns to Treasurer Rogers and in most cases the showing made is very good. Thompson's is the banner township returning only \$811.10 delinquent, or 1.5 per cent of the total. The city of Manhattan, 10 per cent, of delinquent of the entire county is 11.45. The total tax was \$106,702, and all but \$12,223 was collected.

Myron Seymour, a well known farmer of Stephenson, Menominee county, drove to the home of his cousin, John Seymour, in the same town, and entering the house man and his wife upstairs and without a word of warning shot Mrs. Seymour, who was at the time playing with her children. The bullet, which was of 38-caliber, entered the woman's right cheek and the wound is considered serious. Seymour escaped.

A Menominee correspondent declares that a young man residing at Powers has been shot and killed by a bullet from a door for strings, and hair from a horse's tail to make the bow. He learned to play on the rude instrument with all the gusto of a virtuoso and furnished music for several dances in the back woods near Powers.

The estimate to be presented at the annual meeting of the Menominee River Power company on Friday will show that 149,250,181 feet will come down the Menominee river this season, 80,000,000 feet less than last year's output.

The two sons of Frank Forvielly of Ingalls, Menominee county, were hunting rabbits last week. The older one fired a shot, the bullet struck a stone, glanced off and penetrated the abdomen of the younger boy. He died in a few hours. He was twelve years old.

Charles Jutt left Escanaba last Monday night on his way to Finland. At Port Huron he was robbed, losing all the money he had with him and his steamer ticket.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

The Stafford Drug Co., Desjardins' Pharmacy, "The People's Drug Store," (11-16-0mo)

Every family should have its household medicine chest, and the first bottle it should be Dr. Wood's Norway Pine Syrup, nature's remedy for coughs and colds.

COPPER COUNTRY NEWS (Additional.)

"KING DODO" AT CALUMET.

"King Dodo," the great musical production, will be given at the Calumet theatre Monday and Tuesday evenings, March 24 and 25. Without all signs fail the engagement will be by far one of the most notable events to which the amusement patrons of this city have been invited for many a day. The work is from the same clever collaborators, Messrs. Pixley and Linder, whose previous effort, "The Burgomaster," scored such pronounced success, and is said to excel that clever work by its unctious humor and sparkling melody.

BOWLING ALLEYS, TOO.

A man who is not a member of the Civic Federation nor a temperance man either, states the Calumet News, says he will make complaints this week against the bowling alleys in Houghton and Lake Linden, also against pool rooms that keep open Sunday where boys are allowed to congregate and gamble. He says he will see whether such places have the sentiment of a jury of American parents to protect them. Long after midnight he saw boys under fifteen years stealing out of these places.

CANAL LIFE SAVERS.

Captain McCormack, of the life saving station at the canal, has received the list of his assistants for the coming season which he expects will open shortly after the first of the month. The crew is as follows: John McDonald, Charles H. Tucker, George H. Emschick, John Olson, Frank L. Cleary, Alex. Barclay, Michael Herpon and Theodore Wolf. Work on the new life saving station at the canal will be commenced in a short time. Its location is one that is very satisfactory.

NOW WE HAVE THE MEDICINE THAT YOU NEED.

OTHER MEDICINES CURE SOMETIMES.

But Smith's Green Mountain Renovator Cures Every Time.

Smith's Green Mountain Renovator, compounded of good Vermont roots and herbs, has been for more than a quarter of a century the best and most successful blood medicine known. Vermont is its home—Vermont, the home of pure air, herbs and roots rich in curative power, and strong, sturdy, vigorous people.

A celebrated Scotch physician, visiting Northern Vermont for his health, first compounded it and worked many wonderful cures with it. He left the formula as a precious legacy to the section where he discovered, and for many years Vermonters have made it their family medicine.

Now capitalists, noting its remarkable record, have secured this medicine, and are placing it within the reach of everybody.

It doesn't claim to work miracles, but its record shows that it never fails in cases of impure or thin blood, dyspepsia and all stomach, liver, kidney and bladder troubles. It doesn't offer mere temporary relief by the action of soothing drugs. We want you to try this medicine. It can cure you—just as it has cured thousands.

"I have been a victim of blood poison for nearly two years, or ever since I was discharged from the army. Having rheumatism, ulcers, sore mouth and throat, falling hair, etc., I called on a local druggist and bought three other so-called blood remedies. I chose your GREEN MOUNTAIN RENOVATOR. I have now taken 11 bottles and feel like a new person. I write this hoping it may meet the eyes of all comrades who may be suffering as I did. Nearly every veteran of the Spanish-American War whom I have approached on the subject are sufferers of Rheumatism, 10 per cent of them are ignorant as to its cause. Very truly yours, Prof. E. Kies, Late Corporal G. Co. 3rd Con. Vol. Inf."

Try it. If it doesn't give you the relief we promise, you can have your money back.

PRESIDENT BILL UP

PROTECTION OF CHIEF EXECUTIVE DISCUSSED BY SENATE.

STRONG LEGAL ARGUMENTS MADE

HOUSE MAKES FAIR PROGRESS WITH RIVER AND HARBOR BILL.

Several Pages of Measure Are Disposed Of but No Amendments Are Adopted and General Debate Is Featureless.

Washington, March 19.—During the entire session of the senate today the bill providing for the protection of the president was under consideration.

Senator Spooner of Wisconsin contended that the government had an absolute and inherent right to protect itself against assaults made either upon itself or upon any of its officers.

Senator Hoar, in charge of the measure, elucidated some of the arguments he had made previously.

Senators Teller of Colorado and Bailey of Texas spoke briefly upon the bill.

The Texas senator said he could not support the measure as it stands because he could conceive of a person not made upon the president as a person and not as an official of the government.

The house today made fair progress with the river and harbor bill.

A number of amendments were adopted. The general debate today was featureless.

Chairman Payne introduced a bill for reciprocal trade relations in line with the action of the majority conference last night.

The steering committee of the element which opposed the reciprocity plan met, and with several other leaders in the movement canvassed the situation.

Individually, most of those present expressed a desire to carry the contest to the floor of the house.

It was considered desirable, however, to take no action until all those who voted in the conference against reciprocity were called into conference.

This meeting will be held later in the week. Beyond this no action was taken.

To Relieve Chicago Postmaster.

Soon after the senate convened today the house bill for the relief of Postmaster Jeffrey of Chicago passed.

The purpose of the measure is to relieve the postmaster from the loss of \$74,610, the value of stamps stolen by burglars last October.

Jeffrey's Manager Says They Intend to Benefit Their Purse.

Oakland, Cal., March 19.—Billy Delaney, Jeffrey's manager, issued a statement tonight in which he says he will not listen to the San Francisco proposition for the right to the club giving the most money to charity, saying:

"We intend to benefit our purses as well as our health in this business." Delaney meets Fitzsimmons' objection to a western referee by offering to accept any reputable eastern man he may select.

Erne-Gardner Bout Postponed.

Chicago, March 19.—The Erne-Gardner fight scheduled for tonight is now slated for Friday.

McGovern Is Matched.

Cincinnati, March 19.—Sam Harris, manager for Terry McGovern, announced tonight that he had agreed to match McGovern against Benny Yanger of Chicago, the fight to take place some time in May, probably in Louisville.

O'Brien Defeats Denfuss.

Philadelphia, March 19.—Philadelphia Jack O'Brien knocked out Ed Denfuss of this city tonight in the fifth round.

WRONGED HUSBAND KILLS.

Fatally Shoots Man Who Had Eloped With His Wife.

Milan, Mo., March 19.—On the streets here today, Benjamin Harmon shot Pat Brandon three times, fatally wounding him. Brandon had eloped with Harmon's wife.

FOR PEACE AT STEEL MILLS.

Labor Official Says Continuous Agreement Will Be Made.

Youngstown, O., March 19.—An official of the Amalgamated association is authority for the statement that a continuous agreement will be made between the association and all the constituent companies of the United States Steel corporation at the coming convention at Wheeling, W. Va.

CONFERENCE ON CANAL.

Prominent Costa Ricans Meet to Devise a Line of Action.

San Jose, Costa Rica, March 19.—A conference concerning the relations between Costa Rica and the United States regarding the proposed Nicaragua canal was held here today between government officials and certain prominent citizens.

BILLS NOT EXCESSIVE.

Physicians Who Attended Late President Moderate in Their Demands.

Washington, March 19.—The bills of the physicians who attended the late President McKinley have been received here and will be transmitted to congress at an early date.

TRIO OF ALLEGED MURDERERS.

Additional Members of Mattie Bennett Gang Rounded Up.

Beaumont, Tex., March 19.—Three more arrests have been made here in connection with the operations of the Mattie Bennett gang of robbers and hucksters.

River and Harbor Bill.

The house today made fair progress with the river and harbor bill.

A number of amendments were adopted. The general debate today was featureless.

Chairman Payne introduced a bill for reciprocal trade relations in line with the action of the majority conference last night.

The steering committee of the element which opposed the reciprocity plan met, and with several other leaders in the movement canvassed the situation.

Individually, most of those present expressed a desire to carry the contest to the floor of the house.

It was considered desirable, however, to take no action until all those who voted in the conference against reciprocity were called into conference.

This meeting will be held later in the week. Beyond this no action was taken.

To Relieve Chicago Postmaster.

Soon after the senate convened today the house bill for the relief of Postmaster Jeffrey of Chicago passed.

The purpose of the measure is to relieve the postmaster from the loss of \$74,610, the value of stamps stolen by burglars last October.

Jeffrey's Manager Says They Intend to Benefit Their Purse.

Oakland, Cal., March 19.—Billy Delaney, Jeffrey's manager, issued a statement tonight in which he says he will not listen to the San Francisco proposition for the right to the club giving the most money to charity, saying:

"We intend to benefit our purses as well as our health in this business." Delaney meets Fitzsimmons' objection to a western referee by offering to accept any reputable eastern man he may select.

Erne-Gardner Bout Postponed.

Chicago, March 19.—The Erne-Gardner fight scheduled for tonight is now slated for Friday.

McGovern Is Matched.

Cincinnati, March 19.—Sam Harris, manager for Terry McGovern, announced tonight that he had agreed to match McGovern against Benny Yanger of Chicago, the fight to take place some time in May, probably in Louisville.

O'Brien Defeats Denfuss.

Philadelphia, March 19.—Philadelphia Jack O'Brien knocked out Ed Denfuss of this city tonight in the fifth round.

IS SAFE IN MEXICO.

One Fugitive from Justice Whose Crime Is Not Extraditable.

St. Louis, March 19.—It is learned tonight that Murrell, indicted in connection with the alleged franchise bribery, departed last Sunday for Mexico. Bribery is not extraditable under the treaty between the United States and Mexico.

AMERICAN LADY HONORED.

Dowager Empress of China Sends Her a Box of Delicacies.

Pekin, March 19.—The dowager empress, learning that Mrs. Bainbridge, wife of W. F. Bainbridge, secretary of the United States legation, was starting for home, sent her an immense box of costly confectionery, sharks' fins and other delicacies, with scrolls expressing her majesty's personal regards and wishes for a pleasant journey.

FIRE AT REFORM SCHOOL.

Disastrous Blaze Early This Morning Near Lexington, Ky.

Lexington, Ky., Thursday, March 20.—The state reform school six miles from the city, caught fire shortly before 1 o'clock this morning. At 1:10 the boys' building collapsed, and the fire is spreading. There are eight buildings, costing \$100,000, in which there were 287 children. It is believed all have escaped.

VICTIM OF A FEUD.

Shooting Affray in Knoxville, Tenn., Results in Death of T. C. Howard.

Knoxville, Tenn., March 19.—Thomas C. Howard was shot and instantly killed this afternoon by Josh R. Jones and Moultrie Jones.

Howard was in a shooting gallery when the Jones saw him. He fired through a window, wounding Howard, and then the Jones emptied their weapons into Howard after he had fallen. Six bullets entered his body.

The shooting was the result of a Monroe county feud in which five lives have been lost. The murderers surrendered and are in jail.

MICHIGAN POSTMASTERS.

Two Are Nominated and Twenty-Two Are Confirmed.

Washington, March 19.—The following Michigan postmasters were nominated or confirmed today.

Nominations—Charles B. Messerauc, Manistique; Wm. S. Linton, Saginaw; Confrimations—R. J. Bawden, Bessemer; J. Wallace, St. Clair; G. W. Minchin, Evart; A. L. Deuel, Harbor Springs; T. B. Bailey, Manistee; G. A. Sherwood, Oshtemo; C. Bretner, Newberry; W. P. McCoy, Mendon; C. L. Bailey, Manistee; C. W. Browne, Mason; G. W. Dennis, Leslie; G. E. Milton, Fremont; F. A. Huty, Grand Haven; H. B. Laing, Gladstone; W. Harwood, Inlay City; R. B. Lang, Houghton; K. E. Smith, Lonia; R. Arthur, Schoolcraft; G. L. Lusk, West Bay City; G. W. Emory, Hancock; D. P. McMullen, Cheboygan; G. W. Noble, Buchanan.

CURED BY COUGHING UP TOOTH.

Queer Happening Restores Singer's Voice, Lost Eighteen Years Ago.

Columbus, March 19.—Eighteen years ago R. C. Davis, a resident of the west side, lost his voice. He was then a bass singer of some note in the choir of a church at Indianapolis.

His misfortune came like a flash, and refused to yield to the treatment of several of the most noted specialists of the country. They treated him for asthma, catarrh and all sorts of throat diseases, but without affording him any relief.

Yesterday Mr. Davis was seized with a violent fit of coughing and ejected a small substance, which proved to be a bit of a tooth, which he had unconsciously swallowed.

The removal of this obstruction, which had found a secure lodging place in a little pocket in the oesophagus just below the larynx, immediately restored his voice.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

West & Traux, Wholesale Druggists, Toledo, O. Wadding, Kinman & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c per bottle. Sold by all Druggists. Hall's Family Pills are the best.

CHILD WORTH MILLIONS.

"My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa. "I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure."

One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolute safe cure which acts immediately. The youngest child can take it with safety. They all like the taste and remember how often it helped them. The Stafford Drug Co., H. N. Meloche Co., Islip, N. Y.

NOTICE.

U. B. of Carpenters and Joiners of America, local union 958, of Maquette, Mich., demand that on or after the first day of April, 1902, the minimum wage shall be thirty-one and one-half cents (31 1/2 cents) per hour, and that nine hours shall constitute a day's work.

Dated Feb. 7, 1902. Signed and sealed, John G. Dumond, Pres. Jas. E. Seaman, Rec. Sec. (2-10-4-1)

MAY END IN STIRKE

MINERS' CONFERENCE WITH COAL COMPANIES UNSATISFACTORY.

DELEGATES ARE DISAPPOINTED

STRONG OPPOSITION TO WORKING UNDER PRESENT WAGES.

Objections to Unfair Conditions Are Emphatic—Operators' Letters Cause Bitter Feeling Among the Coal Diggers.

Shamokin, Pa., March 19.—The report of the committee appointed to seek a conference with the coal companies was presented to the miners' convention in executive session today.

President Mitchell afterwards said the committee reported the refusal of E. B. Thomas, chairman of the directors of the Erie railway, to receive the committee, and the consequent failure of their efforts to make the necessary arrangement with him.

The committee selected by the Indianapolis convention to invite the operators to confer on the question of the wage scale for the year beginning April 1, 1902, reported the result of the interviews with the railroad presidents and presented letters from the companies.

Refuse to Talk on Wages. The letters, while couched in different language, are all of the same purport—positive refusal to confer with the representatives of the employees upon wages to be paid and the conditions of employment.

"It is needless to say," said President Mitchell, "that the delegates expressed deep disappointment, and opposition to continuing work under the present low wages and unfair conditions was unanimous and emphatic."

Indications tonight point strongly to a strike declaration, and it is said by some the declaration may come as early as Friday of this week.

The operators' letters seem to have caused much bitter feeling among the men.

SIGNAL ACROSS LAKE.

Wireless Telegraphy Experiments Between Detroit and Cleveland.

Detroit, March 19.—The trip of the City of Detroit of the Detroit and Cleveland line to Cleveland yesterday was made notable by experiments with wireless telegraphy.

The results did not come up to the expectations of some, but weather conditions were held partly to blame for the lack of success.

Pearly W. Williams, from the Western Union staff, manipulated the instrument on the steamer and William C. Griffin, from the Postal company, in the receiving station in Detroit, deciphered the messages.

There was intermittent clicking in the instrument here, but scarcely anything intelligible could be made from the sounds. Two or three times the word "ice" was made out, and single letters were frequently distinguishable, but coherent communication was not attempted.

The operators confined themselves mainly to sending code signals. The signal letters agreed upon to be sent when the ship reached Colchester Light were clearly received at the hour at which the boat arrived there, as was proved by telegrams received after the boat arrived in Cleveland.

Nothing could be made of the signals from then until the time that the steamer reached the water works crib a few miles out of Cleveland.

"W. K." was the code signal for this point, and a short time after it was received a message was received from the D. & C. agent in Cleveland, Mr. McIntyre, announcing that the boat had arrived in sight of the city, though several miles away.

"The result is even better than I expected," it would be after the mishaps early in the day," said Mr. Clark, the inventor of the system. "We received signals from a distance of a hundred miles on the worst possible day, and that is something."

The signal "C. Y." which was agreed upon as the code for Cleveland, began to arrive about 4:30 o'clock, and a short time after it was received a message was received from the D. & C. agent in Cleveland, Mr. McIntyre, announcing that the boat had arrived in sight of the city, though several miles away.

FACES A LIFE TERM.

Indefinite Imprisonment Confronts Louisville Man Because of Debts.

Louisville, March 19.—Life imprisonment for debt is in prospect for W. T. Nugent, a member of the bankrupt dry goods firm of E. H. Nugent & Co., unless he can produce \$14,400, which he and his friends say is not in his possession.

When the house, which was one of the oldest in the city, failed two years ago, it was charged that before the assignment was made, W. T. Nugent, son of the proprietor, had disposed of a large part of the stock to other houses for \$14,400.

This money did not figure in the assignment, but Nugent asserted that it had been spent in payment of his father's debts.

He, however, produced no receipts. The refusal of creditors the son was tried in the federal court. Judge Evans ruled that he must pay over the money or go to jail for contempt of court until he did.

Attorneys for Nugent got him out on \$8,000 bonds pending an appeal. The circuit court of appeals reversed Judge Evans' decision, but the supreme court of the United States sustained him. Nugent then made a plea for a new hearing, which was denied.

The argument for the defendant was that to put him in jail meant virtually imprisonment for debt. The elder Nugent died early in the litigation, and the son has been left to bear the brunt of the contest.

WALL STREET STOCKS.

Dullness in General List Extreme—Anxiety Regarding Money Market.

New York, March 19.—It is not often that the stock market witnesses such a series of spectacular and sensational movements as it was treated to today, and in a rather dull market at that.

In fact, the dullness in the general list was extreme and the prices of important railroad stocks moved only with the utmost reluctance.

The usual favorites amongst the industrials had a larger share in the trading, both Amalgamated Copper and Sugar occupying fairly prominent places.

North America suffered from realizing after the opening advance, but forged upwards again to 6 1/4 above last night and fluctuated wildly.

Rises of 5 1/2 in General Electric and of 3 in Western Home Electric were due to rumors of consolidation, but both of these reacted sharply.

A rise of 2 1/2 in Sugar was due to the agreement reached at Washington upon the question of the Cuban sugar tariff, and also to a certificate of condition filed with the Massachusetts secretary showing a large increase in resources.

In the meantime there were wide declines in stocks which have enjoyed recent periods of strength, the losses being caused by the marketing of only a few shares.

Amongst these were losses of 4 1/4 points each in Chicago & North Western preferred and of 3 in Western Home Electric were due to rumors of consolidation, but both of these reacted sharply.

A rise of 2 1/2 in Sugar was due to the agreement reached at Washington upon the question of the Cuban sugar tariff, and also to a certificate of condition filed with the Massachusetts secretary showing a large increase in resources.

WHERE DOCTORS FAIL

To Cure Woman's Ills, Lydia E. Pinkham's Vegetable Compound Succeeds.

"DEAR MRS. PINKHAM:—Soon after my marriage two years ago I found myself in constant pain. The doctor said my womb was turned, and this caused the pain with considerable inflammation. He prescribed for me for four months, when my husband became impatient because I grew worse instead of better, and in speaking to the doctor he advised him to get Lydia E. Pinkham's Vegetable Compound and Sanative Wash. How I wish I had taken that at first; it would have saved me weeks of suffering. It took three long months to restore me, but it is a happy relief, and we are both most grateful to you. Your Compound has brought joy to our home and health to me."—MRS. PAULINE JUDSON, 47 Hoyt Street, Brooklyn, N. Y. \$2.00 per bottle if doses faithfully followed.

It would seem by this statement that women would save time and much sickness if they would get Lydia E. Pinkham's Vegetable Compound at once, and also write to Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helps.

MRS. PAULINE JUDSON, Secretary of Schermerhorn Golf Club, Brooklyn, New York.

four months, when my husband became impatient because I grew worse instead of better, and in speaking to the doctor he advised him to get Lydia E. Pinkham's Vegetable Compound and Sanative Wash. How I wish I had taken that at first; it would have saved me weeks of suffering.

It took three long months to restore me, but it is a happy relief, and we are both most grateful to you. Your Compound has brought joy to our home and health to me."—MRS. PAULINE JUDSON, 47 Hoyt Street, Brooklyn, N. Y. \$2.00 per bottle if doses faithfully followed.

It would seem by this statement that women would save time and much sickness if they would get Lydia E. Pinkham's Vegetable Compound at once, and also write to Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helps.

NOTICE!
Comfort and pleasure, time and money
saved for contractors and masons. Kelley
has been long wished for by contractors and
masons for its unsurpassed qualities of
quick setting and the greatest producer of
mortar of any lime manufactured. I handle
the Pennsylvania Cement, the standard
brand of America; a guarantee is given by the
Pennsylvania Cement Co. that there is no ce-
ment manufactured that can surpass it for
setting, cross and sidewalk purposes. Also
handles gypsum hard wall plaster; it is as
cheap as lime, makes wall tints in all col-
ors, ceilings and land plaster, fire clay, brick,
sewer pipe, beech sand, saw dust, wood of
all kinds; also do teaming and contract
work. Figures quoted on car lots or less on
any material in my line.
GEO. E. FRENCH,
Both Phones. Marquette, Mich.

WE PROMISE
PROMPT SERVICE.
GOOD GROCERIES
AND LOW PRICES.
Our stock is fresh and up-to-date
with a full line of Vegetables and
Fruits in season and out of season,
received twice a week. Ring us
up over either telephone or
call and give us a Trial Order.
J. W. M'GUIRE & CO.,
305 FRONT ST., Marquette.
Opposite First National Bank.

PROMPT AND FAITHFUL SERVICE
is not the only good feature of Hathway's
meats. The very choicest meats of all
kinds, beef, mutton, lamb, veal, turkeys, cap-
ons, chickens, ducks, etc., can always be had
here, and everything is delivered just as or-
dered, in good season and in perfect condi-
tion.
FRANK W. HATHWAY,
PALACE MEAT MARKET.

CITY BREVITIES.
Weather forecast: Partly cloudy;
rising temperature; brisk southerly
winds.
Yesterday's temperature: 7 a. m., 24
degrees; noon, 33 degrees; 7 p. m., 34
degrees; maximum, 38 degrees; mini-
mum, 17 degrees.

H. E. Stewart of Sidaw had business
in the city yesterday.
Miss Clara Hanstein of Detroit is the
guest of Marquette friends.
Mr. and Mrs. Ray Kimball of Crystal
Falls are Marquette visitors.
The common council meets in ad-
journed session tomorrow evening.
Attorney H. F. Joslin and family left
last evening for a short stay in Chicago.
The Workmen will work the "hut" at
the close of the regular session this
evening.
Mrs. Bessie Fields, of East Park
street, has gone to Chicago for a few
days' stay.
Lenton services will be held in the
German Lutheran church this evening
at 7:30 o'clock.
Attorney J. C. Wood and Hans Gund-
erson of Ishpeming were Marquette visi-
tors yesterday.

Charles Van Iderstine returned to
the city on the train from the east yester-
day afternoon.
St. Mary's guild will meet this after-
noon at 2 o'clock with Mrs. Philip, Cole-
man, Ohio street.
A marriage license was yesterday
granted to William Delaroy and Eliza-
beth J. Guy of Ishpeming.
J. E. Block has purchased from Dr.
Drake, the east half of the north half
of Lot No. 168, Hewitt's addition.
George Drolet, formerly of the First,
has returned to the city from Munising
and is again talking politics as of yore.
Mrs. Stevens and Mrs. Rankin will
have supervision of the "Saturday mar-
ket" to be held at Morgan Memorial
chapel this coming Saturday.
The cycling season was inaugurated
yesterday by one of the city's best
known physicians, who was out with his
bicycle for the first time this year.
The warm sun yesterday made short
work of the snow which came down dur-
ing the recent stormy spell, and once
more but few signs of winter remain.

A party of five Munising people—H.
A. Buchholtz and Dr. F. W. Scholtes and
the Misses Stoll and Dale Sullivan
and Mary Brady—came up yesterday
afternoon to witness "The Mountebank"
last evening.
Those persons who have bills against
the county should hand them in to
County Clerk Ross before the close of
office hours this evening if they wish
action on them at the forthcoming meet-
ing of the supervisors.

A long cortege of sorrowing friends
and relatives followed the remains of
George Rublein to the grave yesterday
afternoon, and the German Aid society
turned out in a body. The funeral was
one of the largest held here in years.
The fire department was called to the
residence of Fred Pearce, on Michigan
street, early yesterday afternoon. Hot
ashes had set fire to the woodshed. The
blaze was quickly quenched by one of
the patent fire extinguishers carried by
the department.

William French, who has been held in
the common jail for some weeks, awaiting
trial in the circuit court on the charge
of holding up a man and stealing his
watch, was yesterday released on \$200
bonds, a brother from Wisconsin going
surety.

Louis Grabower has left for New
York, Cleveland and Chicago, to be gone
until the first of April. While away he
will meet his millinery trimmers and
dressmakers. The opening in both
lines will occur shortly after the return
of the party.
The ten-year-old daughter, Lillian, of
Mr. and Mrs. E. Smeberg, 701 Champion
street, died yesterday from croup. The
funeral will take place Friday afternoon,
at 2 o'clock for the Swedish Methodist
church. Interment will be in Park
cemetery.

Mr. and Mrs. J. C. Lewis, of the Hotel
Marquette, have left for points in
the south, to be gone two or three weeks.
Among other places they will visit Palm
Beach, Fla., where on the 25th of the
twenty-third annual reunion of the Hotel
Men's Mutual Benefit association will
be held.

A delegation of fifteen Manistique
boys passed through here yesterday after-
noon, bound for Houghton to root
for their ball team in the game with the
Light Infantry aggregation last evening.
The party will come down to Marquette
today with the ball players to shout
for them in tonight's game with the
Maccabees.

Frederick Ward's lecture at the Normal
yesterday afternoon was enjoyed by
a large assemblage of the leading
people of the city. The attendance, in
fact, was so large that all who made
the trip could not find places in the as-
sembly room and were disappointed in
not being able to hear the interesting
and instructive talk the noted actor
gave on Shakespearean art and oratory.
The lecture was a distinct treat.

To test the merits of The Mining
Journal advertising the Marquette
Steam Laundry will do up lace collars
for 35 cents a pair, former price 50
cents, until April 15. (3-19-24)
If you enjoy good butter, just send in
your order to Vandenberg's dairy and
get the best that is made. (3-20-11)

There's no beauty in all the land,
That can with her face compare.
Her lips are red, her eyes are bright,
She takes Rocky Mountain Tea at
night.

**LOW ONE-WAY SETTLERS RATES
TO THE WEST.**

During the month of March and April
the D. S. S. & A. Ry., will have on sale
to points in North Dakota, Montana,
Idaho, Washington, Oregon and British
Columbia one-way settlers tickets at
greatly reduced rates. For full particu-
lars apply to station and ticket agents
or to Geo. W. Hibbard, General Passen-
ger Agent, Marquette, Mich. (2-13-4-30)

Republic.
"A NOBLE OUTCAST."
This Interesting Drama Will be Pro-
duced by Degree Team of M. W. A.

Rehearsals for a production of "A Noble
Outcast" will be started next Mon-
day evening under direction of William
Kendall, who has done a great deal of
work in that line for some years past.
Mr. Kendall has directed Republic amate-
urs in a number of plays and every
production he has supervised has been a
success. His policy is to make all the
people in the cast memorize their parts
before the rehearsals are held. All who
are to take part in "A Noble Outcast"
will have their lines fully committed
before Monday evening. This work
done, it will not take long to get the
play ready for presentation, though it
will not be produced until the latter
part of next month.
"A Noble Outcast" has never been pro-
duced in Republic by professional com-
panies, though it has been on the boards
since 1888. It has proved one of the
most successful dramas ever written. It
enjoyed a long run in England, several
months of the time in London, and has
delighted audiences in New York, Chi-
cago, and, in fact, all the principal cities
of this country.
The play is founded on an older piece,
"Joerisre the Juggler," which has been
practically obsolete for many years, and
is safe to say that in the whole range
of the drama there is no character to be
found with such power to compel alterna-
te laughter and tears as is shown by
Jerry, the Tramp. The dramatic inter-
est is intense, the appeal to the sym-
pathy of the human heart powerful, and
the comedy is as refined as it is suc-
cessful in moving the audience to laugh-
ter.
Mutilated versions of this play have
been frequently produced by amateurs
with considerable success, in spite of
the sadly mangled condition in which
the lines and situations have been pre-
sented. Whenever the genuine manu-
script has been played, as it will be
here, a success so wonderful has been
attained as to stamp this as perhaps
the most suitable drama for amateur
presentation on the American stage to-
day.
The play will be produced here by
members of the Degree Team of the
Modern Woodmen of America, assisted
by members of the camp of Royal
Neighbors. Mr. Kendall has placed the
parts in the hands of ladies and gentle-
men whom he thinks well adapted to
the characters they will represent. The
cast of characters will be as follows:
Jerry Watson, the tramp, Ed Schmidt;
Colonel Matthew Lee, a Southern
banker, Al Hocking;
James Blackburn, his nephew, Pat White;
Jack Worthington, Blackburn's rival,
R. T. Lynch;
Mrs. Lee, wife of the colonel,
Mrs. M. R. Robert, Uberg
France, a disputed possessionist,
Mrs. Al Hocking;
Sadie, faithful, but free,
Mrs. Blanche Harrison.
The date, prices of admission to be
charged, etc., will be decided on within
a few days. The ladies and gentle-
men comprising the cast are mani-
festing much interest in their work
and the production promises to be the
most successful ever put on the boards by
local amateurs.

WILL TRY FARMING.
Frank Rosette, who has held the posi-
tion of barn boss at the Republic mine
for a number of years past, has quit the
job and intends leaving the village. He
will locate at a small town about twenty
miles this side of Escanaba, where he
has purchased a farm. Mr. Rosette
will be accompanied by his family. His
two oldest sons have been promised jobs
at a saw mill in the town and will start
to work as soon as they arrive at their
new home.

SNAP SHOTS.
The roof of the block occupied by the
Republic Store company is being re-
shingled.
D. T. Morgan has gone to his old home
in Ohio, where he will spend a couple of
weeks or so.
R. J. Costy, who spent the past month
or so in Kansas, has returned. His trip
was a pleasant one.
Eight or ten Republic people attended
the Social banquets at Marquette
last Friday evening.
W. F. Tobin was called to Manomone-
one day last week on account of the
dangerous illness of his brother.
Mrs. Leonard Sundblad of Ishpeming
visited friends in Republic for a few
days. She returned home Monday even-
ing.
R. Bolaman has given up his position
with B. Levine and will leave for Mil-
waukee, where he expects to remain per-
manently.

NEW SCHOOLS IN CUBA.
Since the American occupation of Cuba
3,600 new schools have been opened, and
many reforms have been brought about
in their educational system. Some idea
of their work can be obtained from their
exhibit at the Pan-American exposition,
for which they were awarded five gold
and four silver medals. This is certainly
a wonderful record, and one we should
all be proud of. There is also a wonder-
ful record behind Hostetter's Stomach
Bitters, the famous American remedy for
indigestion, dyspepsia, flatulency, bilious-
ness, nervousness and insomnia. If you
are troubled with any of these ailments,
we would urge you to try it. It is also
a splendid blood purifier, and should be
in every household. Our Private Stamp
is over the neck of the bottle.

ENTERTAINMENT AND SUPPER.
The ladies of the Methodist church
congregation will give an entertainment
and supper at the town hall on the
evening of Good Friday. Fancy and
useful articles will be sold. The ladies
have been busy for some time past mak-
ing articles that will sell readily and
which will be useful to the purchasers.
It is their intention to sell the articles
much below their cost, as they do not
care to have any on hand at the close
of the function.
The supper will be served between 5
and 7:30 o'clock. The tables will be re-
moved from the floor and at 8:30 the
entertainment will be started. It is the
wish of the ladies that an unusually
large crowd attend. They promise their
friends a rare treat in the supper they
will serve as well as the entertainment
that will be given. The prices will be
reasonable.

'T WAS A GREAT SUCCESS.
The production of "The Corner Store"
at the town hall Monday evening by
members of the local lodge of the De-
gree of Honor was a complete success.
The play was well put on and all who
took part acquitted themselves credit-
ably. The stage settings were pretty
and the play pleased the audience.
Though the weather was very dis-
agreeable the hall was packed to the
doors. Nearly all the reserved seat tick-
ets were taken before the doors were
opened and the few that remained were
sold within a few minutes to persons
who had neglected to procure their tick-
ets during the day. The proceeds go to
the lodge.

LADIES TAILORMADE SUITS.
Ladies tailor made suits from \$15
and up. Price within the reach of
every woman. Leave your order today.
Don't wait for tomorrow.
ROBT F. BRUNNER,
201 Front St., opposite new depot.
(3-14-11)

HAS MANY VIRTUES.
For cuts, burns and bruises De Witt's
Witch Hazel Salve is unequalled. Draws
out the fire, stops the pain, soon heals
the wound. Beware of dangerous coun-
terfeits. Sure cure for piles. The Staf-
ford Drug Co. H. N. Meloche Co., Ish-
peming.

CAUCUS NEXT SATURDAY.
A caucus for the nomination of a
township ticket will be held next Mon-
day evening at the usual place. It is
quite certain that there will not be two
complete tickets in the field this spring,
thought there will be some warm oppo-
sition to the nomination of certain ones
for fees on the township ticket. There
will be several candidates out for the
more important offices aside from the
supervisorship, which will doubtless go

Promptness in Using
PAIN'S CELERY
COMPOUND
Means Quick Restoration
to Health.

**IT IS THE GREAT SPRING MEDICINE
USED IN THE HOMES OF OUR
BEST PEOPLE.**

**Refuse all Substitutes and Imitations
That May be Offered to You.**

If in the spring time people acted with
more promptness, decision, and wisdom,
suffering and misery would be vastly re-
duced.
To put off the work of regulating and
strengthening the nerves, purifying the
blood, and regulating digestion, at this
time of the year is a very serious mis-
take.
Run down, weak, nervous, and dis-
eased men and women cannot with safety
refuse to use Paine's Celery Com-
pound, the greatest of vitalizers and
health builders. The onward and tri-
umphant march of the great medicine
in this country and other civilized lands
should be positive proof that it is the
right medicine for all who look for
strength, robustness, energy, and per-
manent health.
It is of the greatest importance that
every sick person should get just what
they ask for their druggist or dealer.
Paine's Celery Compound, so celebrated
for its curative virtues, has many vil-
lusions. If you are offered a substitute
or imitation by any dealer, leave
his store and go to some honest mer-
chant who will give you what you ask
for. Examine wrapper and bottle and
see that the name Paine's is on each;
no other is genuine.

IT'S EASY TO DYE with DIAMOND DYES
Take no other.

to D. T. Morgan without opposition. The
warmest light is usually for the nomina-
tion for township clerk.

WILL TRY FARMING.
Frank Rosette, who has held the posi-
tion of barn boss at the Republic mine
for a number of years past, has quit the
job and intends leaving the village. He
will locate at a small town about twenty

MELOCHE MAKES A SPEECH.

He Attempts to Make "Billy" Andrews Look Like Thirty Cents.

If unkind remarks about ex-Mayor William Andrews will give Dr. H. N. Meloche the nomination for mayor on the Labor ticket he should get there with a rush.

The announcement that Meloche would mount the platform at the Labor party's meeting Tuesday night resulted in bringing out a crowd that more than packed Andrews Hall. The late comers were obliged to remain outside, so crowded was the room. Meloche was kept busy during the day answering telephone calls from persons who wanted to know if he intended to talk. The doctor assured all that he would be "Johnny on the spot", and he was as good as his word.

The meeting was called to order promptly at 7:30 by Chairman Frank Vivian. The committee appointed at the meeting held a week before reported that "good progress" was being made relative to the selection of candidates for the several city and ward offices. The report was accepted and someone immediately got on the stand to thank Mr. Meloche for his speech. The chairman yielded and the doctor went forward.

There were some present who did not seem particularly anxious to hear Meloche, as it was pretty generally understood that he would attack William Andrews. Meloche had not uttered many words when someone yelled "put him out." This brought Meloche's eyes in the direction from which the sound came. He said: "Those who don't like my talk can easily find the door."

The speaker was interrupted several times during the hour he held the platform. He got on the stand at those who tried to bluff him, by telling them if they were not satisfied to listen to him there was plenty of room for them on the outside.

Meloche scored Andrews unmercifully. He began by referring to the treatment accorded members of the standard party who work at the time certain charges were preferred against them. He declared that Andrews and his supporters had no grounds for the charges and that it was dirty work on their part to attempt to belittle the citizens who were then members of the board. He also spoke of treatment accorded a local attorney when he appeared before the council to defend them.

Accused Andrews of Crookedness.

The doctor was fearless in his statements. He got on the stand where Andrews has accepted bribes from the owner of the slot machines operated here during his administration, and that he had also received a "rake off" from the fakirs who did business in the city at that time. He said that the owner of the slot machines supported Andrews when he ran against Braastad, and that he had given his reasons why he supported him in preference to Braastad. The machine man said, declared Meloche, that he knew he could fix Andrews but that he would take no chances on the other man.

Meloche attempted to show that the men who followed Andrews' advice lost their jobs at the mines; that he was antagonistic to the corporations and that he was always causing dissension one way or another. He declared that "Billy" is not on the square and that he is a bad man to have any dealings with.

"Cops" and Justices Get a Rub.

"Elect me mayor," declared Meloche, "and I will give you a police force of young intelligent men." He then went on to say that the police officers of the city make arrests every chance they get just for the fees they receive. He said he did not believe in pulling lumberjacks and other harmless fellows and fining them to the extent of their booties. He asserted that he knew of instances where the prisoners were "pulled" for every dollar they had in the world.

"I want a municipal police court, where the 'rake off' goes to the city, and not to the police officers and justices," said Meloche. He said that the policemen carry too many ornaments. "They are loaded down with revolvers, shackles, etc., etc. What they want is a good club. And if the law breaker does anything wrong, let him run up against the club and suffer the consequences."

Meloche accused the police officers of the Andrews administration of having favorites among the saloon men. He said that certain saloons were protected and compelled to close promptly at 11 o'clock every night, while neighbors of theirs who had a "stand-in" with the cops could keep open as long as they pleased.

Andrews Aided Improvements.

Meloche took a fall out of Andrews on the depot question. He said that "Billy" was the means of depriving the city of a \$25,000 depot. He declared that a new depot would be a good thing for the city. "The ones we have now," said he, "look like the rattle sheds of the western states." He then referred to the popularity of the Jones block and the rents it brought in comparison with the old Donahoe block. He tried to show that the former had tenants at good rentals because it is located near the depot.

The water question, municipal ownership of electric lighting plants and other propositions were reviewed. Meloche said that the meter system is the only thing, where the water is as scarce as it is here. He declared himself strongly against ownership of a municipal electric lighting plant.

The Chronic Office Seekers.

Meloche stated that he is convinced that his candidacy is growing in favor from the fact that he was permitted to speak at the meeting. He said that he was not given a chance to express his views at the meeting held the week before. In referring to a committee of five appointed to choose candidates for the different city and ward offices on the Labor ticket, he declared that every member of that committee is a chronic office seeker. "And you are one of them," said he, as he pointed his finger

at Joe Clairmont, who sat directly in front of him on a front seat.

"You are a liar," cried Joe.

A warm discussion followed, but order was finally restored and the speaker was permitted to continue.

Meloche told of all the good he would do for the city in case he should be nominated and elected. He said he would not spend a dollar until after he is elected. "Then the town will be yours," he declared. The speaker spent some minutes telling of all the wealth he possesses and also told how flat he was never leave Ishpeming or give up the fight he has started until he is elected to the executive chair.

Meloche denounced the Labor party of old. He said the Labor party of a few years ago is not the Labor party of today. He is with the party of this time and he predicted that he will yet be elected mayor of Ishpeming. If he is turned down now he will come up again next year. He brought down the house with a howl when he said that he was never leave Ishpeming or give up the fight he has started until he is elected to the executive chair.

Says the French Are With Him.

In concluding his remarks Meloche said to the Frenchmen of the city stood back of him. "Turn me down," he said, "and every one of these Frenchmen will vote the Citizens' ticket." These remarks brought another expression from Clairmont. "He shouted—

"Don't count me in your crowd, as I am not with you."

"I don't care anything about you," said Meloche. "You are not a Frenchman anyhow"; you are an Irishman."

When Meloche left the stand Clairmont mounted it, pulling some money from his pocket. He challenged Meloche to prove that he ever asked any form any party for an office. Meloche accused him of supporting Andrews because the latter promised to give him the marshaling. Joe declared that Meloche was the only man that ever made him a promise of an office.

"Last year," said he, "Meloche called me into his store and told me he would give me the marshaling if I would support him for mayor."

Andrews Makes a Reply.

Clairmont's little talk was followed by a speech from Andrews who was in the hall and listened attentively to what Meloche had to say of him personally and otherwise. The ex-mayor did not seem at all provoked at the statements made by the doctor. He denounced Meloche as a fabricator, declaring that every statement he had made was untrue. He said he did not care to go to the trouble of refuting the statements, but would leave those present to judge for themselves as to their truth or falsity. He said that the doctor could not prove a single one of the accusations he had made and that he must have got his facts mixed with the ingredients of the drugs he sells.

Not a Candidate for Mayor.

Mr. Andrews was at a loss to know why Meloche attacked him so vigorously when he is not a candidate for the mayoralty in opposition to him. He denied that he got a "rake off" from the slot machines or the fakirs. He referred to the fact that more money was collected from men who sold goods on the street during one year of his administration than during any year in the history of the city under other administrations.

The speaker talked at considerable length on the tax question; the board of public works; the water works question and municipal ownership of an electric lighting plant. He argued that the taxes during the past year were higher than during his administration because of extravagance on the part of the city council and the board of public works. He denounced the system of garbage hauling as one of the ways by which money is spent needlessly.

Mr. Andrews reviewed his record here as a business man and a politician. He said that during the panic which began in 1893 he assisted many of the poor men who traded at his store and meat market. He went \$13,000 in debt before he finally closed out his business; that he is now paying off every dollar of indebtedness he contracted at that time, and that the debt nearly wiped out. He wondered if Mr. Meloche, with all his bragging of his wealth, can say as much. He asked why the money the courts had allowed Meloche when he sued a railway corporation for the loss of goods destroyed in the Outington depot during the big conflagration of 1896 had been seized by parties who held judgments against him.

Meloche did not remain in the hall to hear Andrews talk. He got out just as soon as he finished his speech, though a number urged him to remain.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that I walked a block and would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Stafford's drug store.

We will be pleased to have the ladies call and see our display of millinery goods, etc. Prices are most reasonable. Finnish Mercantile association.

For Sale—Forty acres of good farming land, house, barn, farming implements, two cows, chickens, etc., all for \$850. William Geach, Republic. (3-14-1w)

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 219 Hull Bldg., Detroit, Mich., and they will gladly send the free receipt with full directions as any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their daily mail, show what men think of their generosity:

"Dear Sirs—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, and in return sealed envelopes. The receipt is free for the asking and they want every man to have it.

WILL BEGIN PRACTICE SOON.

Football Players of Ishpeming High School Will Start Work in Few Days.

If any of the crack high school football teams of the Northwest figure on taking the championship away from the Ishpeming aggregation next fall they had better begin their practice work at once.

The Ishpeming players intend to start training within the next few days. This will be the earliest start the boys have ever made, but the coach and the players realize that if the team carries off the honors next fall an early start is necessary. The work for the first month or so will consist mostly of kicking. There is much to be learned about that one feature of the game, the signals will be rehearsed from time to time, so that these will be strongly impressed upon the minds of the players.

The members of last year's team are in fine trim. Most of them have been playing basketball for a month or so and this work is similar in many respects to that done on the gridiron.

Dr. Sweetland stated yesterday that the schedule of games to be arranged for the local grounds the coming season will be much stronger than any previously seen here. Some of the best school teams in the country will be invited to meet the local eleven. An invitation to play the champions of the east has already been received, but this game will take place somewhere in New York state. Dr. Sweetland says negotiations for the contest with the eastern champions will be closed before the season is very far advanced.

Field Day Meet Here.

The Ishpeming athletes are working with a view to putting a strong team in the annual field day meet to be held at the Union park some day in May. Indoor work is being done at this time, but the boys will be outside just as soon as the weather becomes favorable. It is said that the local track team will give a good account of itself this year.

The date of the meet is in the hands of a board representing different schools of the upper peninsula. The place of meeting was decided on some time ago, and Ishpeming was chosen because of its being the most convenient point for the different schools. It is expected that most of the larger places in the peninsula will send teams to compete for the honors.

Basket Ball Saturday.

An effort is being made to get the Marquette ladies' basketball team here for a game with the Ladies' Athletic club's team next Saturday afternoon. In case the contest is a go it will take place at the Ishpeming Snow Shoe club house. If the visitors do not come up the high school team will tackle the ladies again. The girls of the school have improved considerably in their work since their defeat by the Athletic club's team last year. They play better ball than they did a couple of weeks ago. They play fast and are capable of putting up a much better game than they did in their first contest with the Athletic team.

CAUCUSES NEXT MONDAY.

The Citizens' party has issued a call for caucuses to be held in the several wards of the city on Monday evening of next week at 7:30 o'clock. The purpose of the caucuses is to place in nomination candidates for ward offices and to select delegates to attend the city convention to be held the same evening an hour later at the Nelson house parlors.

The number of delegates to which the several wards are entitled and the places of holding the caucuses in each ward are as follows: First ward, No. 1 engine house, two delegates; Second ward, Lake Superior band house, two delegates; Third ward, Johns' barn, four delegates; Fourth ward, No. 2 hose house, three delegates; Fifth ward, No. 2 hose house, two delegates; Sixth ward, Erick Anderson's store, three delegates; Seventh ward, Lake Angelina office, two delegates; Eighth ward, Division street school, two delegates; Ninth ward, Ridge street school, two delegates; Tenth ward, No. 3 hose house, one delegate.

TO CURE A COLD IN ONE DAY.

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

The ladies should take advantage of the bargains we are offering in shirt waist materials, wash goods, etc., embroideries, etc. Finnish Mercantile association.

DIAMOND—Perfect, white, 2 1/2 1-64K, sold at \$240. Got in exchange and will sell at \$185 cash. Call and inspect. W. J. ROBERTS, Jeweler. (3-14-3d)

USE ALLEN'S FOOT-EASE.

A powder to be shaken into the shoes. Your feet feel swollen, nervous and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. you get the same qualities of woolsens and trimmings; the same hand work; the same style and fit, as from your merchant tailor. The cost is less because we make clothes for a thousand men to the tailor's one.

THE ILLUSTRATION YOKE SPRING OVERCOAT: Made in plaid covers; forty-five inches long.

Manufactured by Friend Bros. Clothing Co., Milwaukee, Wis. LEADING DEALERS.

A CHANCE IN A LIFE TIME

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it,

Fifty Thousand Dollars

in development on the ledge and a complete five stamp mill, with all other necessary machinery ready to run.

The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25c per share, capital stock 1,000,000 shares (par value \$1.00) each, fully paid and non-assessable, to further develop and put the property on a paying basis.

A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to New York syndicate for \$200,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.

Do not lose this opportunity. It will never come again. For further particulars, prospectus, report on mine, reference, etc., address,

OZARK GOLD MINING & MILLING CO., MOSCOW, IDAHO.

GREAT DEVELOPMENT.

In Florence—The Splendid Showing of the Banner and Ozark Has Stimulated All Other Mining Enterprises.

J. N. Taylor, United States Mineral Surveyor, has just come down from Florence and reports great activity in the camp and that there is more development going on at the present time than there has ever been before in central Idaho.

In an interview with The Star reporter, Mr. Taylor said: "The Banner is working sixty men in getting their mine ready to start as soon as the hundred ton mill they are putting in is completed. This property has developed into a great mine, I believe the largest free milling gold mine in the Northwest. They have twenty-seven feet of \$14.00 ore in one drift, and twenty-three feet of \$66.00 ore in another drift. This property was bought by a New York syndicate composed of Henry Glows, Asbucke Bros., and others a short time ago for two hundred thousand dollars, and the value of the property today is hard to estimate as they

have a million dollars worth of ore blocked out.

"The Ozark mine lying north of the Banner is also drifting on a twenty-four foot ledge on the 100 foot level, and there is no question but that it will develop into a great mine, as it has the richest ore in the camp and has a greater showing as far as developed than the Banner. They expect to get the mill now on the property started by the first of March and add stamps enough as soon as the roads will permit in the spring to make their capacity 100 tons per day, and with these two big mines with others that are getting ready to start, the people of Florence are looking for a great boom in the spring. The town of Florence is full of mining men looking for bonds on property where the owners are not able to do the necessary development work to put the property on a paying basis but as usual the prospectors' idea since the development of the Banner and Ozark is such that they are hard to deal with in the way of price, but the people who are looking for the property have made liberal offers since the Banner and Ozark started, and I am satisfied will pick up most of the best properties between now and spring."

Negaunee and Vicinity.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

WILL BUY A STEAM ROLLER.

City Council Decides to Purchase One Similar to Ishpeming's Road Roller.

When the city council assembled in special session Tuesday evening the aldermen had no idea that they would decide before adjourning to purchase a steam road roller. Most of them entered the council chamber believing that a roller which could be operated by four horses would fill the bill and that such an apparatus would be purchased. But the "dads" received such a favorable offer for a steam roller, exactly the same as the one in use at Ishpeming, that the committee on streets and alleys was instructed to enter into a contract with the O. S. Kelly Steam Roller Co. of Springfield, O., for its purchase.

A representative of the company was present at the meeting. The regular price of the roller is \$3,000, but he offered one to the city for \$500 less. The roller in question was in use four months, and for some reason it was returned to the company. It has since been overhauled and is now guaranteed as good as new.

The terms offered by the Springfield company are reasonable, when it is considered that the city will be given three years time in which to pay for the roller. The first payment of \$800 must be made when the roller arrives. A man will be sent with it. After it has been operated one week if the city authorities are not satisfied with it they will not be compelled to accept it.

Representatives of the Climax Road Machine company of Marathon, N. Y., and the Austin & Weston Co., Limited, of Harvey, Ill., were also present at the meeting. They submitted propositions for rollers and crushers, but the council men were not favorably impressed with the rollers they had to offer. Their bids for crushers were all right.

J. E. Kennedy, representing the Austin & Weston company, gave the councilmen a talk on the merits of the plants he is prepared to furnish. He can supply a No. 3 crusher for \$1,100, not including the boiler and other equipment, which would come at about \$800. A No. 4 crusher, which weighs considerably more than the No. 3, will cost \$1,400. This would bring the outfit complete at not more than \$2,200.

The proposition from the representative of the Climax company included a complete outfit for \$1,935. His crusher is 4,000 pounds lighter than the No. 4 of the Austin & Weston company. This is the main objection to his proposition. It is quite certain that the contract will not go to the Climax people.

Committee Get a Trip. Mr. Kennedy suggested that the mayor appoint a committee to visit some place where the Austin & Weston company's crushers are in use for the purpose of examining them. He stated that the company will bear the entire expense of the trip. Acting upon the suggestion the mayor designated Alderman Jackson to take the place of John Harrington, who was a member of the street and highway committee, thus making up a committee of three. The other two members are Aldermen Charles Johnson and Matt Chester. The company will take the committee to any point suggested where their crusher is in use.

A purchase of the plant will not be made until the committee returns from its tour of inspection. A report will then be submitted and with the report will come the committee's recommendation. Recorder and Treasurer Submit Reports. The annual reports of the city recorder and treasurer were submitted and, being found correct, were accepted. The recorder's report was very complete and covered every branch of the municipal business in his charge. The total receipts for the year from all sources were \$135,680.25. The expenditures footed up \$142,441.32, leaving a balance on hand of \$13,588.93. The largest item in the expense column was \$5,000, which represented the city hall bonds taken up during the year.

The net earnings of the water works plant were \$2,462.35. There were fifty

teen miles and 2,792 feet of main pipe in use at the commencement of the year. Last year 2,669 feet of main were added, making a total at this time of six-teen miles, 181 feet. There were thirty-five new water permits issued last year and the total number of water takers is now 1,016.

Electric Plant Made Money.

According to the recorder's report the municipal electric lighting plant came out a winner last year. The net earnings, after deducting five per cent from the cost of the plant for wear and tear, etc., were \$327.25. The plant is now running to its full capacity. There are 114 consumers, and 1,201 incandescent lights on the circuit. The are circuit carries forty-four lights.

A report was submitted by the chief of the fire department showing what material is in use at the hose houses, etc. This was accepted and ordered placed on file.

FIREMEN CHOOSE OFFICERS.

An interesting meeting of the Negaunee fire department was held Tuesday evening. The election of officers for the ensuing year was the only important business transacted. The old officers were re-elected. They are: Chief—B. K. Webber. Secretary—Al. Wilman. Treasurer—R. G. Jackson.

The department will recommend to the city council that Jerry Bennett be retained as driver of the hose team. The list of officers chosen will be submitted to the council at the first meeting next month for confirmation.

Thomas Trathen, chairman of the amusement committee for the firemen's tournament, was present at the meeting. He gave the boys an interesting talk along amusement lines and stated that he would be pleased to receive suggestions from the firemen as to what attractions would be desirable outside of the regular tournament events. Mr. Trathen intends to engage entertainers who will give the people exhibitions that will be worth witnessing. He is already corresponding with parties with that object in view.

PICTURE SHOW TONIGHT.

According to reports received from managers of opera houses at different places in the upper peninsula, the Kinodrome show, which begins a three night's engagement at McDonald's opera house this evening, is well worth seeing. It is said to be by far the best exhibition of moving pictures ever seen in this side of Chicago and the company is drawing packed houses everywhere. The papers at several of the towns have mentioned that it is impossible for all to get seats the second and third nights, after the character of the entertainment becomes known. The Kinodrome is said to be the best picture machine in use and the pictures are picked from the finest ever shown. Ladies will be admitted free this evening under the usual conditions. The seats are to be had at Perkins' drug store.

Improvements Started. The new stained glass windows ordered some time ago from the Menominee Stained Glass company for the Episcopal church here have arrived, and will be put in position at once. A representative of the company came with the windows and will remain a few days to see that they are properly placed.

A number of improvements are to be made about the church, but the other work planned will not be started until the weather becomes milder. It will take several weeks to complete it all. Heppner's ice cream in all flavors, also Heppner's cakes and bread fresh every day and delivered to all parts of Negaunee. George Haupt, either 'phone. (12-7-14)

LOCAL LACONICS. W. P. Mosher of Duluth was here yesterday. F. H. Davis did business up the line yesterday. L. J. McInnis of Hermansville was a Negaunee visitor yesterday. Phil Levine has spent the greater part of the week at Champion, assisting Levine & Davidson to adjust their grocery stock.

Mrs. Ann Tracey, who has been in the city visiting her brother, James P. Foley, for the past month or so, will leave this evening for her home at Minneapolis. J. E. Stuess was a Republic visitor yesterday. The meat business winter & summer have conducted their business for four years past passes into new hands the first of the month.

Charles H. Woodcock, who is in charge of logging operations for the Silverthorn Lumber company at Champion, was a visitor in the city yesterday. His home is at Rhinelander, Wis. Rev. Father Langer came up from Escanaba Tuesday. After conducting services at St. Paul's church here yesterday morning he again departed for the Sandy City. Forty hours devotional exercises are being conducted there this week.

The examinations of teachers for certificates of the several grades will commence a week from today at the Marquette Normal. In announcing the examination a few days ago the impression was incorrectly given that to take place the last three days of this week instead of next week. Fred Williams, who has had charge of F. W. Read & Co.'s business here for some time past, has gone to Ishpeming to take a position with the Consolidated Fuel & Lumber company, which recently purchased the business of F. W. Read & Co. and F. Braastad & Co. in the Hematite City. Robert Fox, who has had charge of Braastad's yard, succeeds Mr. Williams here.

New radishes, lettuce, beet greens, parsley, water cress received from the grover every day. Also a full line of fruits and vegetables at George Haupt's grocery. Both 'phones. (12-7-14)

Additional Ishpeming

THE SALT LAKE CITY TRIP.

Representatives of Elks Lodges Will Meet in Ishpeming Tomorrow.

Several of the lodges of the upper peninsula were prompt to act on the suggestion of the Escanaba Elks relative to holding a meeting of representatives of the several branches to start a movement for securing accommodations on a trip to Salt Lake City in August, when the annual convention of the order will be held there. The local society sent invitations to all the upper peninsula lodges asking them to send representatives to this city tomorrow. The committee has not been advised that all the lodges will be represented at the meeting.

The following officers were chosen at the regular meeting of the local lodge Tuesday evening. Exalted ruler, George A. Newell; esteemed leading knight, W. E. McKee; esteemed loyal knight, Samuel J. Mitchell; esteemed lecturing knight, Dr. W. Conley; chaplain, J. H. Quinn; secretary, Carl Esquire; Roy W. Smith; Tyler, B. P. Trewin; trustee, three years, James Clancy; representative to the grand lodge, Dr. J. H. Ancker; alternate, Dr. A. W. Laitle.

INJURIES PROVE FATAL.

H. D. Harvey, the timber foreman at the Lake Superior Iron company's Lake mine whose injury was mentioned in yesterday's paper, died yesterday afternoon at the Ishpeming hospital. At the time of the accident, and for a few hours afterward, it was not thought that Harvey's injuries would prove fatal, but it appears he was badly hurt internally.

The deceased had been a resident of Ishpeming for more than twenty-five years. He had been in the employ of the Lake Superior company for nearly twenty years past and was considered one of the corporation's most skillful workmen. He was timber boss at the Lake mine for some time past.

Harvey was about forty-five years of age, married, and is survived by his widow and three children, the youngest of whom is twelve years old.

The funeral will take place Sunday afternoon from the Division street Methodist church. Harvey held membership in the local Sons of St. George and Macdonald societies. The members of both organizations will turn out in a body to the obsequies.

CAPTAIN JEWELL CALLED HOME.

Sam Jewell, who left here one day the latter part of last week for Ely, Minn., to take the captaincy at a mine opening by the Oliver Iron company, was called home yesterday on account of the death of his seven-year-old son, Charles, who passed away Tuesday night. The boy was in perfect health when the father left here. He attended school on Monday and was taken ill that night. Captain Jewell will arrive in the city this morning, when arrangements for the funeral will be completed.

ISHPEMING IN BRIEF.

Mrs. G. D. Beech of Beacon was an Ishpeming visitor yesterday. "A Runaway Match" company entertained a good-sized audience at the local theatre last evening.

Mr. and Mrs. Otto Nelson are happy over the advent of a son at their home. The little stranger arrived Monday last. Mayor W. H. Johnston left Tuesday evening for Chicago on business connected with the United States Steel corporation.

Mrs. Matthew Richards of West Ridge street fell on a slippery spot near her home yesterday and fractured one of her arms.

The ladies of Grace church do not wish their friends to overlook the sale of pastry they will conduct next Saturday at H. E. Heyn's store.

William Perry, Jr., will celebrate the twenty-first anniversary of his birth today. His father gave him a happy surprise last evening by presenting him with a fine solid gold watch, with Elgin movement.

William Leininger was called to Champion yesterday to prepare for burial the remains of the late Edward Nottle, who met death in the Champion Iron company's East mine. R. K. Thomas, the Champion undertaker, is away from home.

William Delary and Mrs. Elizabeth J. Gray were united in marriage last evening at the home of the bride, corner of Second and Ridge streets. Rev. S. Polkinghorne, pastor of the Division street Methodist church, performed the ceremony.

Mrs. L. Lallerstedt, the milliner, will move from the Jones block to the McKee building on Main street within the next few days. She will occupy the room adjoining Kahn & Sand's store. The place is now being put in shape for the new tenant. Mrs. Lallerstedt expects to open there with her new line of goods not later than April 1.

Bellevue farm butter and pasteurized cream always on hand at Haupt's. Both telephones. (15-14)

HEPPNER'S CELEBRATED HOME.

Made Bread and Cakes and Ice Cream at Geo. J. Haupt's. Fresh Every Day.

- Boston Brown Bread. Graham Bread. Home-made White Bread. Finger Rolls. Buns. Mince and Apple Pies. Coffee Cakes. Criscent Coffee Cakes. Fried Cakes. Tartlets. Cream Puff Shells. Jelly Rolls. Angel Poods. Walnut Squares. Silver Squares. Jelly Squares. Lady Fingers. Macaroons. Ice Cream. Everything absolutely pure and wholesome.

These goods on sale at J. Sedgewick & Co.'s grocery store, Ishpeming, also.

GONE BY!

All use for the vile smelling and stomach upsetting Cod-Liver Oil—Vinol takes its place and because it does not disagree with the most delicate stomach, it is a greater tonic reconstructor than the old form of cod-liver oil ever was.

Mr. Geo. Heisa wishes to testify for Vinol—"I wish to testify to the merits of Vinol. I was all run down, tried different physicians and took all the nauseating preparations I ever heard of—Emissions of Cod-Liver Oil included—but all to no avail; they only made me worse. Finally I heard of the great curative powers of Vinol and concluded to try a bottle of it. I gained in weight continually from the time I commenced to take it and now I can truthfully say I am perfectly well and have regained my former strength and weight completely.—Geo. Heisa, Comet, Ohio."

When we talk of Vinol we know on what we speak and will refund your money if you are not satisfied. THE STAFFORD DRUG CO., Marquette.

KIRKWOOD & O'NEAGHUE, Negaunee.

Lower Michigan.

A movement has been started at Niles by Miss Fannie Lacey, a prominent society woman there, to organize the widows and unmarried ladies of the state for the purpose of applying to the state legislature for exemption of the personal tax on property belonging to persons in those classes, not to exceed \$5,000 in any particular instance. When the widows and unmarried women of Niles and vicinity have organized the work of cultivating a proper sentiment throughout the state will be instituted.

One of the largest fires which has visited Coldwater for several years occurred there Saturday, when the large three-story brick structure located on South Hudson street, owned by S. O. Treat & Sons, who are large dealers in hides, pelts, raw furs, junk, etc., was burned, together with its contents. Mr. Treat was getting ready to make a large shipment of his goods in a few weeks. His loss on contents is about \$10,000, with \$1,000 insurance. The building was insured for \$2,000.

Miss Jennie Rainey, aged about thirty-eight, and a daughter of Alexander Rainey, a farmer living about three quarters of a mile out from Royal Oak, drank carbolic acid Sunday afternoon and died shortly after. Miss Rainey had for some time been employed at the military academy at Orchard Lake. No motive for the act is known, but it is said that Miss Rainey had of late been a little out of her head at times and it is supposed she took poison in that condition.

Albert C. Schumacher, a prominent druggist of Ann Arbor and president of the Michigan state board of pharmacy died Sunday of pneumonia after a week's illness. He was serving his second term as a member of the state board, receiving his first appointment under Governor Rich and his second under Governor Bin-grove. He was born in Ann Arbor, was forty-three years of age, and was a graduate from the pharmacy department of the university.

Henry H. Meyers, a Michigan Central switchman, was run down by a switch engine in the junction yards at Jackson Monday afternoon. Both his legs were crushed and mangled from the thighs to the ankles and he died from loss of blood on the way to the hospital. He was lighting the signal lamps about the coal chutes and in evading one engine in the way of another. He leaves a widow and one grown daughter.

A carload of horses was sent from Allegan to New York this week for shipment to South Africa, for use by the British army. An agent for the British government has been there for several days buying horses for that purpose. Horses physically sound but too old to be serviceable were purchased for food to take the place of beef, which is scarce in the land of Boers.

Solomon J. Perkins, a Lansing barber, and other in the Pilevin Congregational church, assisted in the taking of the collection there Sunday night, and left the church with a considerable amount of the ecclesiastical funds in his pocket. His family is ignorant of his whereabouts, and his tools, kept at a downtown shop, are missing.

Jackson's lack of hotel accommodations will cease before a great many moons to be a byword among the traveling fraternity. The contract has been let for the construction of a \$100,000 modern hotel upon the site of the present Hibbard House. The work of tearing down the present building will be begun this week.

The Hecla Cement company breaks ground this week on two shafts on its coal properties on the west side of the river at Bay City. The mines will be provided with electrical machinery. Electric locomotives will be put in the mine to haul the cars of loaded coal from the bottom of the shaft.

Albert Hansen, a young farmer about eighteen years old, living two miles west of Escanaba, drove his sister's children to school Monday morning and then started to return home. A little later he was found dead in his buggy. Heart failure is given as the cause of his death.

TO CURE GRIP IN TWO DAYS. Laxative Bromo-Quinine removes the cause. E. W. Grove's signature on every box.

Carpenter & Skiles bread and cakes fresh every day from Milwaukee at Geo. Haupt's. Both telephones. (11-14)

Women love a clear, healthy complexion. Pure blood makes it. Burdock Bitters makes pure blood.

DEATH WAS SUDDEN

ROADMASTER WM. J. STAFFORD IS FATALLY STRICKEN.

OVERCOME ON FRONT STREET

FALLS WHILE WALKING AND DIES IN FEW MOMENTS.

Effusion of Blood to the Brain the Cause of the Demise of This Valued Official of the South Shore Line.

Wm. J. Stafford, roadmaster of the Marquette-Calumet division of the South Shore line, died very suddenly last evening shortly after six o'clock. The demise was the result of an effusion of blood into the brain.

Mr. Stafford had just left down town and, apparently in the best of health, was on his way home for supper, walking up Front street. When close to Fraternity Hall he was suddenly overcome and, falling, struck the sidewalk heavily, face down.

Messrs. Arthur Palmer, Arthur Powell, Wesley Hall, Francis and others near at hand rushed to the spot. It was at once seen that the attack was serious, and the stricken man was carried to the Clifton Hotel and placed in the reading room. Dr. Youngquist had in the meantime been notified by telephone and responded immediately, but on his arrival he found that Mr. Stafford was dead. The body was later removed to the bereaved home on East Arch street.

So sudden was the taking off of Mr. Stafford and so well and favorably known was the victim of the attack that as the news of the sad occurrence rapidly spread it caused a shock deep in intensity in all quarters of the city. To the stricken wife and children, the shock was a terrible one despite that news had been broken gently and sympathizers were there to lend comfort and soften as much as they could the effect of the announcement that husband and father was no more. Sincere and deep sympathy will universally be extended to the family.

Mr. Stafford was born near Dubuque, Ia., forty-two years ago. He came here from the Fremont, Elkhorn & Missouri valley, a branch of the Northwestern system, about ten years ago to take the responsible position of roadmaster which he had ever since so capably filled, the position being similar to the one he held in Nebraska. He had the supervision of the South Shore tracks between Marquette and Houghton and also those of the Mineral Range line, and his ability was held in high esteem by the general manager and the superintendent and by railroad men generally. Mr. Stafford was a valuable official and one whose place will be hard to fill.

The deceased is survived by his wife and three daughters—Marie, Lillian and Loretta—three brothers and two sisters. The latter reside at Independence, Ia.; two of the brothers make their home at Norfolk, Neb., and the third is Patrick H. Stafford of this city, who also is a roadmaster on the South Shore, having supervision on the Mackinaw division.

The funeral arrangements have not yet been decided upon, except that the interment will be in Marquette, probably on Saturday. The exact details will be announced later in these columns.

Mr. Stafford enjoyed a very extended acquaintance, not only in this city, but along the South Shore line. He was a good citizen, was held in high esteem by all who knew him and regret he is no more will be deep and general.

TAX TITLE SHARKS.

Wholesale Buying Reported to Be the Program This Spring.

The Crystal Falls Drill is of the opinion that land owners having back taxes on their lands will do wisely if they take immediate steps to protect such lands from sale for taxes. The Drill says:

"A gentleman who just returned from Lansing and who got on the inside of the deals down there says that there is going to be a wholesale, right-and-left buying in the lands at the tax sales this spring. There is a perfect craze in the lower peninsula for this cheap northern land. Everyone down there with a little spare cash will snap at a cheap northern land bait and companies or syndicates have been organized to purchase tax titles at the sales this year. Representatives have been sent to the different counties to look over the land lists in the offices of the county treasurers and report to the head office of the concern all of the lands on the list that seem to be anyway valuable. Two of these fellows visited this county three weeks ago and spent several days here looking over the lists and interviewing residents in regard to lands in the county. These fellows returned to Grand Rapids, at which place the syndicate they represent is located, and have prepared lists of lands which they consider to be good 'buys.' A representative of the concern will be present at the sale next May and will be interested either directly or indirectly, in any newspaper in Marquette or elsewhere, or in any way engaged in its promotion." All of which would seem to cover the ground in the matter quite thoroughly.

FREIGHT DEPOT SITE.

It Will Cost the Marquette & South-eastern \$15,223—Final Decree.

The site on Lake street near the Lake Shore Engine works selected by the Marquette & South-eastern road as the location for its freight depot will cost the company \$15,223.20.

In accordance with the recommendations of the commissioners to whom had been referred the question of condemnation and damages, Judge Stone has formally rendered judgment and has decreed that the following owners of the property be paid the sums set opposite their names:

Hulda A. Anderson	\$ 2,400
Hannah Moore	3,600
Mrs. Martin Rustenhoven	835
John Monteville (mortgage)	365
F. M. Moore	1,400
Harriet E. Adams	5,500
Total	\$14,100

In addition to this sum, however, the court, as customary in such matters, has assessed against the company the costs of the condemnation proceedings, which are listed as follows:

Attorney's fees	\$ 950.00
Commissioners' (\$50 each)	150.00
Court costs	23.20
Total	\$1,123.20

The aggregate of the damages and costs is \$15,223.20.

COPPER SITUATION BETTER.

Buying by Shorts and Traders Sends Values Up a Little.

Hayden, Stone & Co., yesterday wired from Boston to the Laidley Commission company: "The absence of selling pressure has caused a little advance in the general list of coppers. Some of the buying has been by shorts and some by traders. There seems to be a little bit better feeling regarding the metal situation."

Paine, Webber & Co. said: "The coppers show every indication of being overvalued. The short interest is very large and there are almost no stocks offered, not nearly enough to cover outstanding short contracts. We are looking for a good rally in the copper stocks. Copper exporters are reporting phenomenal figures, the exports even exceeding the record breaking exports of March, 1900. This seems to be conclusive proof that there will be a tremendous increase in copper consumption this year. These exports are attracting attention and should soon be reflected in the copper share prices."

Slump in Wheat and Corn.

W. H. Laidley & Co. said of the Chicago grains:

"Wheat opened a trifle lower than last night upon unresponsive cables and fine weather throughout the winter wheat belt. The market turned extremely weak upon heavy realizing and uncovering of stop orders, and closed at about a cent decline from last night. The receipts here were light and in the Northwest fairly heavy. The primary receipts were fair, the shipments light, and the clearances a little better. The market has again backed down into new territory, and we would advise sales on all bulks. At the same time, a big break has occurred, and upon any decided recession from present prices we would buy wheat for a turn."

"Corn opened a shade easier than last night, but again met heavy realizing sales and continued weak during the entire session, closing at a decline of 3/4 cent for the day. The receipts and estimates were fair. We look for still lower prices."

Strength in Wall Street.

Walker Bros. advised Paine, Webber & Co. as follows concerning the Wall street stocks: "The market today was again strong and with quite heavy buying in some of the good stocks. The specialties were again very active and there was a big advance in C. F. & I. at the opening. It afterwards sagged off. Nickel Plate and North American were advanced sharply and in the afternoon Sugar was bid up by the shorts. The market continued strong and active until the close, which was at nearly the best prices and with talk of higher prices. Traders seem to be taking the bull side."

WARNING TO BOYS.

For some time the trolley line people have been troubled by the practice of boys who seem to delight in jumping on and off the cars, not only annoying the employees but leading to fear that some of the lads might fall beneath the wheels and receive serious injuries. Warnings have had no effect, and it was determined that more stringent steps be taken. Accordingly, a boy who had jumped on the rear end of a car while the conductor was in the forward end was arrested yesterday and taken before Justice Byrne. His honor administered a severe lecture, threatened a term in the reform school were the offense repeated and released the culprit on suspended sentence. The arrests will continue until the practice of the boys has been broken up, the main motive being a desire to put an end to that danger of accident.

MR. ADAMS NOT INTERESTED.

Hon. John Quincy Adams, of Negunee, referring to the rumor that he was interested in the promotion of a new newspaper at Marquette, states that he is "not now, has never been, nor does he ever expect to be interested either directly or indirectly, in any newspaper in Marquette or elsewhere, or in any way engaged in its promotion." All of which would seem to cover the ground in the matter quite thoroughly.

STRIKES A RICH FIND.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Stafford.

KOEPCKE TO SUCCEED BICE.

Change in Opera House Management on First of the Month.

On the first of the coming month there will be a change in the management of the opera house; Edward S. Bice, who has so capably held the reins for some years, will be succeeded in the position by Albert F. Koepcke, and while to some extent he will still have connection with the affairs of the theatre, Mr. Koepcke will officiate as manager, will make all bookings and will have direct supervision of the play-house. Mr. Bice's duties at the First National bank, attendant on his increased responsibilities as cashier, are such that he feels he is unable to give the affairs of the opera house the attention they need, and for that reason he will on the first of the month step down and out as manager. Were it not for the ability and standing of Mr. Koepcke, the decision of Mr. Bice would be deeply regretted by the play-going public, but it can be stated that the same policy of booking none but the best attractions will be rigidly adhered to and as far as the public is concerned the change will not be noticeable.

"KING DODO" COMING.

Surprisingly Successful Opera Theatrical Next Wednesday.

The most interesting theatrical announcement for the early season in this city is the coming of the new comedy opera success, "King Dodo," to the opera house next Wednesday evening. Everybody interested in theatrical affairs is no doubt familiar with the protracted engagement of "King Dodo" in Chicago during the summer at the Studebaker theatre, and the uncommon success attending every performance up to the very last of the twenty weeks' stay. The piece was originally produced May 27, with the expectation of its continuance for four weeks. The heavy demand for seats during the first week at once demonstrated to the management that a genuine simon-pure hit had been scored, and it was announced that the opera would remain two months in Chicago. As the end of the second month rolled around it became apparent that not one-half of the people could be accommodated who daily besieged the box office, and another month was added. This pleasing state of affairs continued until five straight months had passed, and without doubt "King Dodo" could have successfully reigned all winter in Chicago but for contracts made for a road tour during the early part of the engagement. It is announced that a splendid company of sixty will be brought to this city, all the surpassing scenic adornment, the complete array of gorgeous costumes, the special orchestra of twenty, and all the mechanical and light effects which helped to make the performance the most successful ever known in the history of the western metropolis. "King Dodo" has only one parallel in modern musical successes and that is the reigning rage of the East, "Florodora."

RARE THEATRICAL TREAT.

Frederick Warde, in "The Mountebank," Immensely Pleas'd His Audience.

The audience which availed itself of the privilege last evening, witnessed a rare theatrical treat in the presentation of "The Mountebank" by Frederick Warde and his excellent troupe. The play, although a romantic drama, is not of the sea-sickness type, it deals less in heroes, yet it is of thrilling interest and its situations are strong.

There is much in the part taken by the veteran actor which would attempt toward ranting, especially in the second act, where the desertion of wife forms the basis for an intensely dramatic scene, but ranting was conspicuous by its absence and throughout the versatile role was played with art that time and again would electrify the audience. The tenderness of husband and father, his grief and anguish and his intensity of feeling as an injured man call for a display of power alike beautiful, touching and terrible, and Mr. Warde rose to all demands.

The support was splendid, in keeping with the high standard set by the star. Barry Johnstone, as the senile Due de Montbazou, especially was good and his work throughout was strong. Charles Hermann, in the part of the villain, had no difficulty in making himself very unpleasant and detestable. In the part of Henry, son of the mountebank, Miss Bertelle was very charming and scored a pleasing success; Miss Ashton met all the requirements of the trying role of the wife, being especially good in the emotional scenes; Miss Warde, daughter of the veteran actor, was graceful and good as the danseuse, and Miss Drew acquitted herself with credit in the double role assigned to her. The remainder of the cast was well-balanced.

The play, the scenes of which are laid in France in 1814, was well staged and richly costumed. The plot is of thrilling interest, and though the villain is properly confounded in the final act and all ends happily, the emotions are deeply stirred before the adjustment of the difficulty.

The house was very well filled, and no play has ever given greater satisfaction here.

WARDE IS GUEST OF ELKS.

Actor Frederick Warde and several members of his troupe were the guests of the local lodge of Elks at the conclusion of the theatrical performance last evening. The party was given in the gathering adjourned to the parlor, where for several hours an enjoyable social session was held. Addresses were made by Mr. Warde and others, Exalted Ruler Ross officiating as "toast master," and Actor Harry Britton told of funny experiences in Cincinnati that caused much laughter. The talk of Mr. Warde, who is an enthusiastic Elk, was an exposition of the objects and aims of the order; it was up-lifting and very instructive, and was listened to with rapt attention. The session was thoroughly enjoyed by all and it was with regret that those present dispersed.

LADIES TAILORING.

Tailor made walking skirts from \$6 and up. Fit and workmanship guaranteed.

ROBERT F. BRUNNER,
201 Front St., Opposite new depot.

MANISTIQUE VS. "MACCABEES."

Best Ball Players in the City Will Meet the Visitors Tonight.

This evening the Maccabee team—so called—will face the strong Manistique ball team at the Casino, and of course will endeavor to duplicate the defeat administered to the visitors Monday evening by the club labelled the Beavers. The players from Lake Michigan have so far had a rather disastrous trip, losing both here and in the Copper country by narrow margins, and should the advance claims of the Maccabees be made good tonight they will return home with a clean record—of defeats.

The players in the local team will comprise four Maccabees, three Beavers and two Workmen. They comprise the best players in the city, and evidently the fans will not be disappointed in the exhibition of the indoor branch of the national sport that will be given. The game will be a good one and should be largely attended.

The line-up of the Maccabees will be as follows: Trudner, catcher; Hogan, pitcher; Donovan, first base; Dunlavey, second base; Golden, third base; Monroe, left field; Ed Corbett, right short; Varebrook, left field; Timmins, right field; Rydholm, substitute.

The game will be started at 8:30 o'clock. An admission fee of twenty-five cents will be charged, the proceeds after expenses are paid, being divided into 65 per cent for the winner and 35 for the loser. The money at stake, aside from the glory, guarantees that the contest will be a hard fought one.

HEALTH OFFICERS' RIGHTS.

State Board Decides Two Questions of Much Importance.

Two legal questions of importance to the public were presented to the state board of health recently. A prominent lawyer in a western Michigan city had advised a client that the local health officers have no right to keep a person in quarantine after he is pronounced cured of a dangerous communicable disease by the attending physician, although the health officials believe the patient in condition to spread the disease. The state board holds that the health officer, and not the attending physician, is the authority in these matters, inasmuch as a patient may be well so far as he is personally concerned, but still be in condition to spread the disease, and if the attending physician is the arbiter, local health officers may as well be done away with.

The other matter was what a local health officer should do in case he is refused admittance when he goes to investigate a case of reported contagious disease. He is advised that the refusal to permit investigation is equal to confession that the dangerous disease exists, and he should order isolation. If his orders are then disobeyed the offender is liable to the penalties prescribed by law. A charge of resisting an officer might also be sustained in the first instance.

REGISTRATION RECORD.

The spring session of the boards of registration came to a close last evening. During the two days a total of 276 names were added to the rolls in the various wards, the great bulk of them, however, being due to transfers because of removals. The record of the new registration is as follows:

Ward	1st Day	2d Day	Total
First ward	9	28	37
Second	13	35	48
Third	9	6	15
Fourth	16	21	37
Fifth	24	23	47
Sixth	12	29	41
Seventh	19	19	38
Eighth	4	9	13
Total	106	170	276

NOT FOR MAYOR.
