COAL COAL Anthracite, Bituminous, Cannel and Smithing. We can satisfy you on any of the above kinds of Coal.

MILES OPPOSES BILL. GIVES REASONS FOR VIEWS. MAY HAVE EXPOSED HIMSELF TO DISCIPLINARY TREATMENT.

Washington, March 20.—General Nelson A. Miles today told the senate committee on military affairs that if the bill introduced by Senator Hawley at the instance of the war department for the organization of a general staff for the army should become a law he would decline to hold his commission.

Statement May Have Been Rash. The report of General Miles' statement regarding the military bill caused much interest in the war department.

Root Sorry Miles Opposes Bill. The president and Secretary Root had a long conference this afternoon.

Books Sold Were Worthless. Philadelphia, March 20.—Charles L. Graham, president of the People's Publishing company, William L. Hallaway, former manager, and George Y. Clements, former assistant manager, are held in \$2,000 bail each on a charge of selling worthless books.

CLUMP IS DISCHARGED. Officers Decide Lowell Man Did Not Kill His Wife. Grand Rapids, Mich., March 20.—William Klump, arrested and held on suspicion of complicity in the murder of his wife, who died from poison taken in a headache powder at Lowell two weeks ago, was released today.

MISSING NEARLY A MONTH. Chicago, March 20.—Frank M. Hill, for ten years traffic manager of the Chicago Junction railway, has been missing nearly a month.

INSURRECTION BEING QUELLED. Judge Wright Says Situation in Philippines Is Not as Bad as Painted. Washington, March 20.—Judge Wright, acting civil governor of the Philippines, in a private letter received here says the conditions as represented in press dispatches are wholly erroneous.

NO DEMAND WAS MADE. Turkey Could Not Have Refused to Reimburse the United States. Washington, March 20.—It is stated a fact that the state department made no demand upon Turkey for reimbursement for the money expended in the Stone ransom, consequently Turkey did not flatly refuse payment.

PHILADELPHIA FIRM USES MAILS TO FURTHER ENDS. OFFICERS ARE ARRESTED. CASE OF PAY IN EIGHT HUNDRED DOLLARS AND LOSE ALL.

Business of General Agents of Company Said to Have Netted Concern \$25,000 as Far as Is Known. Cincinnati, March 20.—Lewis R. Hallaway was arrested today charged with using the mails to defraud.

Books Sold Were Worthless. Philadelphia, March 20.—Charles L. Graham, president of the People's Publishing company, William L. Hallaway, former manager, and George Y. Clements, former assistant manager, are held in \$2,000 bail each on a charge of selling worthless books.

Agreement Not Adhered To. According to letters received by the authorities the agreement was not adhered to. The alleged victims assert the books are valueless for canvassing.

CLUMP IS DISCHARGED. Officers Decide Lowell Man Did Not Kill His Wife. Grand Rapids, Mich., March 20.—William Klump, arrested and held on suspicion of complicity in the murder of his wife, who died from poison taken in a headache powder at Lowell two weeks ago, was released today.

PIANO WORKS BURN. New York, March 20.—Hardman, Peck & Co., piano manufacturers, suffered a loss of \$750,000, and possibly more, by the destruction tonight by fire of their plant.

ANOTHER TONTINE FRAUD. Receiver Is Appointed for Minnesota Institution and Its Charter Forfeited. Minneapolis, March 20.—George P. Flannery has been appointed receiver of the Tontine Savings institution. Its charter and articles of incorporation are declared forfeited.

MARSHALL SU'S TROOPS DESERT. Twenty Thousand Armed Men Join the Revolutionists. Hong Kong, March 20.—Advices from Canton say it is credibly reported that the viceroy has received telegrams from Ling Chin alleging that the whole of Marshall Su's troops have deserted and joined the rebels.

HUSBAND KILLS WIFE. Hibbing, Minn., March 20.—John Bianchi of Eveleth shot and killed his wife here today and then committed suicide. His wife left home a week ago during the absence of her husband and came here with another man, who is now missing.

CHICAGO MEAT PACKERS ADOPT NEW TACTICS. TRADE IS NOT VERY LARGE. AMERICANS CAN FIND OTHER MARKETS FOR GOODS.

Department of Agriculture Also Takes Action Looking to Retaliation for Prohibition on Importation of Products. Chicago, March 20.—Meat packers here have adopted new tactics in dealing with Germany and her rules as to the importation of American meats, and will ignore the German market completely.

Boric Acid Cause of Trouble. Washington, March 20.—The department of agriculture will immediately prepare a list of articles imported into this country in which boric acid and other acids are supposed to exist.

WILL CEDE CANAL PROPERTY. Civil Tribunal of France Approves Transfer to United States. Paris, March 20.—On application of the Panama Canal company, the civil tribunal today approved the eventual cession of the canal property to the United States, subject to reserve regarding the modifications to be obtained from the Colombian government.

PLEDGE TO MAINTAIN OPEN DOOR. Washington, March 20.—The Franco-Russian note relative to China published this morning has been handed to Secretary Hay by the ambassadors of France and Russia.

THE LIE IS PASSED. UNPARLIAMENTARY LANGUAGE STUNS HOUSE OF COMMONS. JOHN DILLON IS SUSPENDED. IRISH NATIONALIST CALLS SECRETARY CHAMBERLAIN A LIAR.

Altercation Brought About by a Discussion of South African Affairs—Dillon Refuses to Withdraw Expression and Leaves House. London, March 20.—One of the liveliest scenes witnessed in the house of commons since the palmist days of the Irish nationalists ended this afternoon with the suspension of John Dillon.

Government Is Criticized. The speaker proceeded to give a bitter, detailed criticism of the government's treatment of the Boers and its miscalculations, declaring the honor and interests of the country were just as dear to the liberals as to the most supercilious defender of the government's policy.

Scene of Confusion Ensues. A scene of great confusion ensued. When order was partially restored Dillon demanded a ruling on Chamberlain's words. The speaker said: "An honorable member spoke of soldiers serving under the British flag as traitors. I deprecated the interruption, and I deprecated the retort of the other members."

Many Unpleasant Exchanges. The cession of Dillon did not serve to clear the atmosphere, and the remainder of the debate was filled with personal allusions and unpleasant exchanges, the nature of which would have excited comment had they not been discounted by the first explosion.

Redmond Appeals to Chair. John Redmond, leader of the Irish party, appealed to the chair and Sir Charles reluctantly withdrew his statement.

TO NAME TORPEDO BOAT ALICE. Wilhelmshaven, March 20.—Emperor William has directed that the torpedo boat now used as guardship here shall be renamed "Alice Roosevelt."

ARE YOU PALE
Bloodless Faces In Women Denote Sickness.
Vinol Makes Rosy Cheeks.

There is no surer indication of a diseased condition than a pale face. An anemic condition is a sign of some dangerous disorder. Very often the trouble is with the stomach but frequently it is the lungs. Many times it is a broken down condition of the kidneys, of the liver, or in women a derangement of those organs that are the source of so much suffering to them.

When anyone comes to us and asks what is good for a pale, enfeebled, run-down condition we invariably answer Vinol. Vinol, we know, is a wonderful and powerful restorer and blood maker. The alchemists of old were continually endeavoring to find, and without success, an elixir that would renew youth. Modern chemists have come nearer to this in the discovery of Vinol than ever did the learned men in the old days.

My health and strength for some time has been gradually failing until last I got so weak, run down and pale that I could do no housework. My husband and I were compelled to break up housekeeping. I tried many remedies and spent a great deal for doctor's services, but got no better until I heard of Vinol.

Because we know Vinol as we do and because we are sure that it will accomplish all we claim it will, we unreservedly endorse and recommend it and we always guarantee to refund to anyone the cost of Vinol if they do not find it entirely satisfactory.

THE STAFFORD DRUG CO., Marquette. KIRKWOOD & O'DONAGHUE, Negaunee.

CHARTER No. 390. First National Bank Of Marquette, Mich.

Organized January 22, 1864. CAPITAL AND SURPLUS, \$200,000 DESIGNATED DEPOSITORY OF THE UNITED STATES.

PETER WHITE, President. N. M. KAUFMAN, Vice-President. CLAUDE W. CASE, Vice-President. EDW. S. BICE, Cashier. CHAS. L. BRAINERD, Asst. Cashier. SELDEN B. CRARY, 2d Asst. Cashier.

Dr. Williams' Indian Pills cure Biliousness, Headache, Constipation, Indigestion, etc. It absorbs the tumors and breaks up the obstructions of the bowels. It is a powerful cathartic and restores the system to its normal condition. It is a purely vegetable and non-toxic.

Easy to Take Easy to Operate Hood's Pills

DAILY MINING JOURNAL. A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Though it showed some defects of detail in operation, the primary election law provided for Grand Rapids worked well in the test given it Tuesday. It effectually did away with repeating and prevented the disgusting scenes which were so common about the city when the old system of selecting the candidates for municipal positions was in use.

In an argument over politics in the Morton house last night Frank N. Watson, a candidate for the nomination for attorney general, accused Deputy Attorney General Chase of working for Charles Blair, of Jackson, Watson's rival for the nomination. Chase called Watson a liar and the air was full of fists for an instant, but no blows were landed. The disputants finally apologized, but there will be no let up in the political fight. Watson could have had the nomination two years ago if he would promise to name Chase for deputy, but he refused to do so.

Watson and Chase should be Democratic senators from South Carolina instead of hanging out as Republicans in Michigan. They are evidently specially fitted to shine in a state where Tillmanism goes, but are rather too rapid for one in this latitude.

The Duluth News-Tribune mentions that considerable opposition to the re-nomination of Governor Van Sant of Minnesota is developing throughout the Gopher state on account of his procedure in the railroad merger matter and his ill-adviced action in calling the legislature together in extra session. The most formidable candidate in opposition to him is a newspaper man, Joel P. Heatwood. Until he sought to recommend himself to the Populist element in the state by attacking the railroad merger and calling the legislature together in extra session to enact new taxation laws it seemed certain that Van Sant would succeed himself, but he didn't know enough to let well enough alone and is pretty apt to be let out with a single term in the governor's office as a result of his eagerness to make sure of getting a second. This is a case where the custom of giving state officials a second term will be "more honored in the breach than in the observance." Van Sant is a sad misfit in the executive chair.

Though Peter White can't see his way clear to acceptance of the mayoralty of Marquette he keeps on working for the welfare of the city just the same, as this Washington dispatch discloses:

Hon. Peter White of Marquette, is here on a two-fold mission, trying to secure an appropriation of \$80,000 to start the construction of an additional harbor of refuge at Marquette and also to get an appropriation of \$50,000 for the celebration of the semi-centennial of the opening of the Soo canal, which will occur in June, 1903.

The item for the harbor of refuge did not get in the river and harbor bills and a special bill will be drafted.

Mr. White is enthusiastic over the proposed celebration of the opening of the Soo canal and his genial personality is so infectious that Senator Morgan will introduce the bill. It has been suggested that the government erect a suitable monument to the late General Poe, who designed the lake that bears his name and which is conceded to be the greatest in the world.

We trust the people of Sault Ste. Marie will appreciate the good offices of Marquette's indefatigable first citizen in getting in work for their proposition while he is at Washington on the other business. Mr. White has always had a soft spot in his heart for the "Soo."

RESTS WITH THE PEOPLE. The supreme court has settled it that until the people of Michigan increase the salaries of their state officers through an amendment of the constitution these will have to be content with the very inadequate remuneration which they are now receiving for their services.

As will be remembered by our readers, the legislature at its last session passed a bill allowing the three state officers who constitute the state board of auditors a salary of \$1,800 each for their services in that capacity, in addition to the salaries they receive for the elective offices they hold. Governor Bliss signed the bill only after it had been agreed that none of the members of the board should receive any salary under it until a test case should be brought and its constitutionality passed upon by the supreme court. In accordance with this understanding, Auditor General Powers declined to issue warrants

for the salaries for which the bill made provision to his associates on the board of auditors when these fell due under the law, and the court was asked for a writ of mandamus to compel him to issue them. This made up the test case on which the decision mentioned has been rendered.

The supreme court holds that the duties the members of the board of auditors are required to perform are part of their duties as state officers, hence that they cannot be allowed any compensation for discharging them, merited though they may be, beyond the salaries fixed by the constitution for the places to which they were elected. This except from the opinion handed down, which was written by Justice Moore, gives the gist of the decision rendered:

When the constitution provides that these officers "shall perform such duties as may be prescribed by law" we are compelled to say it means not simply such duties as are imposed by the constitution, but such as are imposed by the statute as well. However much we regret that onerous duties so capably performed by the relations is not more amply rewarded, the conclusion is unavoidable that the people meant to control the salaries of the various state officers by fixing the amount thereof in the constitution, and the remedy is with the people and not with the legislature or the courts.

If the contention of the relations can be sustained, the legislature, by imposing some duty upon any state officer not now required of him, may grant him such compensation as it deems wise and thus render the provisions of the constitution inoperative. We cannot resist the conclusion that the effect of this legislation is to increase the salaries of the three state officers contrary to the provision of the constitution.

AN INTERESTING QUESTION. It is raised by the Detroit Journal in this comment on the contrast between the tenor of the addresses delivered by St. Patrick's day orators at Detroit and those which met the approval of Irishmen who celebrated the day at Hamilton, Ont.:

General Hancock suffered a storm of cheap denunciation when he said that the tariff was a local issue. Is the quality of the celebration of St. Patrick's day also a local issue?

In Detroit March 17 was celebrated, so far as speech went, by expressions of thankfulness that the British lion had a tail to twist. Scores of speakers in public and private gathered for the celebration of the day at Hamilton, Ont.

The spread of small-pox at Alpena has necessitated the adoption of extreme measures by the city council and board of health. The high school and all the public schools have been ordered closed for a period of two weeks, a large number of pupils having been exposed.

A large farm on the outskirts of the city which has been purchased, but has not yet been built, is to be used as a hospital. Although in a mild form the cases are increasing in number daily.

Olan Hayden, lessee of the creamery at Temperance, is missing, and attachments on his personal property have been secured by a number of patrons of the creamery, to whom Hayden is indebted to the extent of about \$1,500.

Hayden is about twenty-five years of age, single, and a son of Rev. Jasper Hayden, who has always borne a good reputation. His father and two sisters are nearly heartbroken over the affair.

Mrs. Sarah Freeman has brought suit against George Kendall at Grand Rapids for \$5,000 damages because he rented her a house that she says was infected with typhoid germs and two of her daughters took the disease, one of them dying.

Mrs. Freeman claims that Kendall knew the house was infected when he rented it, and concealed the facts from her.

Six weeks ago Will Graden, a farmer living east of New Boston, put a quantity of hay in his barn, accidentally burying a hen. On Monday the hen was uncovered and came forth as lively as ever. She evidently had not forgotten her vaccination, as during her confinement she had built a nest and laid an egg therein.

Henry Dunning and wife of Perry had a small West Nile fever case which was asphyxiated by coal gas. They were aroused from their stupor by an alarm clock, set to ring at 5 o'clock, and groping their way to a door, soon revived in the fresh air. The clock saved their lives.

HOW'S THIS? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the past 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

West & Traux, Wholesale Druggists, Toledo, O. Kimman & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75c. per bottle. Sold by all Druggists.

COUGH SETTLED ON HER LUNGS. "My daughter had a terrible cough which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar which cured her." Refuse substitutes. People's Drug Store.

LOW ONE-WAY SETTLERS RATES TO THE WEST. During the month of March and April the D. S. S. & A. Ry. will have on sale to points in North Dakota, Montana, Idaho, Washington, Oregon and British Columbia one-way settlers tickets at greatly reduced rates. For full particulars apply to station and ticket agents or to Geo. W. Hibbard, General Passenger Agent, Marquette, Mich. (2-13-4-30)

Lower Michigan.

Young Nicholas Lawless, the eight-year-old boy whose companion was killed by some mysterious poison last Friday at Lyons, has recovered sufficiently to tell what is considered the true story of the affair. He says that on their way from school Alton McSherry, the boy who is now dead, found under a sidewalk, a small bottle wrapped in a newspaper. The bottle contained a reddish liquid. Young McSherry drank part of it and offered the remainder to the Lawless boy, saying that it tasted sweet. The latter drank a little of it, and then they threw the bottle into the river.

Several people had a close call from an awful death in the Conkey building at Benton Harbor which took fire early Wednesday morning. Those who escaped through the blazing stairways had their clothes nearly burned off and hair singed. The fire started from a gasoline can in the second-floor flat. A roomer threw the can into the stairway, and all the stairways to the fourth floor were ablaze almost immediately. The fire was under control in fifteen minutes, but not before damage to the amount of \$8,000 had been caused.

The last of the once famous tribe of Chippewa Indians living at Saganing, near Standish on Saganing bay, is fast disappearing, owing to exposure and their general disregard of sanitary conditions. Consumption and pneumonia are the diseases prevalent. Mrs. Mary Sagatoo, the famous educated white woman claiming for protection from Indians in order to work among them as a missionary, lives at Saganing. A fine church has been erected through her aid. Nearly all these Indians are members of the M. E. church.

Clark W. Aiken of Ovesso, a traveling salesman, nearly died Monday from arsenic poisoning, but will probably recover. He had cramps in the stomach and a lumberman named Robert Williams advised him to take arsenic. The quantity he named Aiken unconscious and the latter's life was saved only by the prompt arrival of a physician. Williams is in jail awaiting the sick man's death or recovery. His motive in advising Aiken to take the poison is unknown.

The records of the supreme court disclose that the beet sugar industry, which is now clamoring for protection from Cuban sugar, was first established in this state over sixty years ago. It is a matter of court record that one Hosey sued the White Pigeon Beet Sugar company in 1840 on a note for \$13 and obtained a judgment, which was affirmed by the supreme court in 1843. Judge Alpheus Felch, late governor of the state, writing the opinion.

The spread of small-pox at Alpena has necessitated the adoption of extreme measures by the city council and board of health. The high school and all the public schools have been ordered closed for a period of two weeks, a large number of pupils having been exposed.

DR. STARR'S GOLD MINE.

Story of Fortune Gained Through Befriending Three Squaws.

Few Washington people are aware that there is a man here who owns a gold mine worth millions, yet who enjoys life in a philosophical manner in his shop, living like Diogenes of old, unmindful of worldly pride. And this man is not only one of the wealthiest men in the union, if we estimate the value of his mine, but he has just perfected a motor which will cheapen the present cost of electric production by one-half.

This man is Dr. William M. Starr, whose shop on G street, near Seventh street, is one of the most picturesque bits of still life at the capital. Walking back through a rather dark hall to an end room, one finds the doctor snugly ensconced in the depths of an old chair in a room filled with medicine bottles and the dusty litter of a busy workshop. It is a typical bachelor's quarters, totally devoid of any artistic feminine touches, the one small window, innocent of any washing and a pile of scraps gathered into a corner—the habits of the male animal when alone. Still the doctor keeps himself happy and comfortable, and like the Greek of old, lives agreeably to his own moods and finds his greatest pleasure in his botanical theories. In fact, there are few in the neighborhood who are not addressed by his name in medical work, and to all he has endeared himself by his kindly philanthropy.

Dr. Starr is a native of Ohio, and in his early manhood took an active part in the Mexican war. On his return from the service he resided for a short time in Wisconsin and it was from that state that he came to the United States to seek his fortune in the California gold fields. With thirty picked men and several ox teams he started across what was then the western wilderness, inhabited almost solely by Indians and wild animals.

For six months he traveled over the plains, through the difficult mountain passes, finally arriving at what is now known as Utah county, Utah. Here, one evening, while sitting about the campfire and resting from the day's weary march, Dr. Starr and his party were surprised by a visit from three young Indian girls, who had evidently wandered away from their tribe and become lost in the mountains. The girls made it known by signs that they were nearly starved. The doctor gave them supper and two of his bed blankets, which they fastened about their bodies as garments. Evidently delighted by his kindly treatment, they evinced their gratitude by showing him several specimens of wonderfully rich gold and copper ore. They also gave him to understand that the place from which the specimens came was on a part of the Indian girl's land inhabited by the tribe of Indians of which their grandfather was the chief.

This information was given solely to Dr. Starr, as he allowed none of his companions to be present, and the girls enabled him to obtain an accurate idea of the direction and distance by stating that it was "two sleeps and a half" to the west. The doctor at once marked the location of the spot described by driving three pegs into the ground pointing toward the direction indicated by the Indian girls.

The following day Dr. Starr detaching one of his wagons, took the Indians and drove them to within a few hours' walk of their tribe. He then pursued his journey to California, and for many years engaged in successful mining speculation.

Four years from the time of his meeting with the Indian girls he returned to what is now a part of Utah and to the place where he had made the landmarks. He was alone and possibly the only white man within a hundred miles of the spot, which was inhabited solely by Indians. Finding the pegs and following the direction indicated by them, he journeyed on for two days and a half, as he had been told, and late one evening came upon a place which he instantly recognized as the spot described by the Indian girls.

To his experienced eye it gave at the first glance the evidence of its value to nature, for all over the broken faces of the mountain rock could be seen the native ore in immense quantities. At a rough glance he estimated the value of the ore in sight to be at least a million, while that out of sight could not be estimated. Camping here for a few days, with no friends but his rifle, he spent his time in making careful surveys and familiarizing himself with the country, which was full of wild animals that made night a terror.

On the morning of the third day he was surprised to see standing before him an imposing man, whom he recognized by his trappings to be the chief of the great tribe of Utes. The chief was accompanied by eleven of his attendants, and the twelve stood regarding the solitary man with looks of distrust. Dr. Starr was well acquainted with the Indian nature, hurried up to them, greeted them warmly and divided with them his stores.

But the Indians remained unmollified. The chief told him in brusque terms that he must get off the lands, which were the sole property of the red man, and he would allow him only two days in which to do so. Dr. Starr knew it was more than a two days' trip to the border separating the land of the Indian from that of the white man, and he begged for more time. But the chief refused to grant it.

Just at this juncture there was a glad cry heard and two young girls came running up to the chief, throwing their arms around his neck and begging him to be kind to the good white man. It was two of the three girls whom he had befriended four years before. Recognizing their benefactor, they had rushed to his rescue, and Pocahontas-like saved his life. In a moment the chief was all kindness and told Dr. Starr that he might stay as long as he pleased, and that he should have an Indian attendant to secure safe escort back to the white man's land.

This incident took place many years ago. In the Cleveland administration Starr went out and located his claim.

FOLEY'S HONEY AND TAR Cures coughs and colds. Cures bronchitis and asthma. Cures cough and whooping cough. Cures hoarseness and bronchial troubles. Cures pneumonia and la grippe. People's Drug Store.

A hat that looks well after you've brought it home and had the criticism of family and friends—you know how they notice things—that's one thing that makes the GORDON Hat so popular.

BIG MACCABEE MEETING.
Copperdom Lodges Making Ready for Encampment at Marquette.

Great preparations will be made by the Houghton county Knights of the Maccabees for their attendance at the great encampment of the order to be held at Marquette June 11, 12 and 13. Arrangements for the trip are already being made and it is now estimated that 1,500 members from the several lodges in the county will go to the Queen City. All of the lodges will be represented in force.

At a meeting of delegates of the county lodges held at Dollar Bay Wednesday evening, it was decided that the Maccabees should go in a body to Marquette and that preparations should begin at once. The lodges had previously left the matter in the hands of the delegates to the Dollar Bay meeting to do as they thought best in regard to the trip. When they decided to do will hold good with the rest of the members.

Another meeting of the Maccabees has been called for next Tuesday evening at Hancock, but instead of delegates only present all members of the order in the county who can possibly arrange to go. Hancock are expected in attendance. The visitors will be entertained by Ingot tent. At that meeting more definite arrangements for the Marquette meeting will be made. A discussion as to the style of uniform to be adopted will be brought up. It is practically decided that miners' suits will be ordered and that all with the exception of a number of members of each tent in the county and the Dollar Bay tent in its entirety will wear the garb. With the exception of the Dollar Bay Maccabees the exceptions, about 500 in number, will dress in a more conservative and staid and richer character. The members of the Dollar Bay tent will each be dressed to represent Eleazar, the father of Judas Maccabees.

The lodges of the county which will be represented, each by a large delegation, at Marquette in June are: Laurium tent; Kilpi tent, Hancock; Ingot tent, Hancock; Houghton tent; Dollar Bay tent; Copper tent, Lake Linden; Lillian tent, South Lake Linden; Calumet tent; Sampo tent, Calumet; Champion tent, Painesdale; Trimountain tent; Chassell tent, and the Finnish tent at Boston. The membership of the Calumet tent is 567; Sampo tent, Calumet, 453; Ingot tent, Hancock, 249; Houghton tent, 126, and the others in proportion.

The South Shore road officials at Marquette were recently seen in regard to a special train service to bring the Houghton county members to and from Marquette and there will be no trouble about the transportation part of the arrangements. One special train with sufficient coaches for the number that will go will be provided.

The Calumet and Escanaba tent will accompany the copperdom Maccabees and will be conspicuous in the parade to be held on one of the three days. The band at the head will be followed by the members of Calumet tent, which will have the largest number in line, and the other copper tents following, being the arrangement so far as the parade from here is concerned.

Marquette is making preparations for the entertainment of the visitors. The upper peninsula Maccabees will be there in force and the number from the lower part of the state will at least include the delegates of the lodges. There are 944 Maccabee lodges in the state. The convention will be the regular bi-annual great encampment and will be the first to be held in the upper peninsula since the organization twenty-three years ago. The state organization has opened up offices in the city hall at Marquette and two secretaries are at present attending to preliminary arrangements. At the sessions to be held the delegates will discuss the question of expansion as it is now thought the order will branch out beyond the limits of the state to which it has confined itself.

The Marquette hotels have already been besieged with requests for rooms from Maccabees from all parts of the state and The Mining Journal was yesterday informed that all the available rooms in the Hotels Marquette, Clifton and Superior has already been engaged.

EDWARD LEE FOR MARSHAL.
Appointments of village officers were not made at the meeting held yesterday afternoon, as the charter provides that the village officers must be chosen on the second Monday in April. It is now conceded that Edward Lee, until recently a nightwatchman and now acting marshal in place of the late Joseph Malherbe, as he is in line for the promotion. Mr. Lee served nine years as marshal and seven years as a nightwatchman. There are several applications before the council but they are principally for the position on the night force.

STEEL FOR QUINCY COMPANY.
Three car loads of material from the American Bridge company has been received at Hancock for the Quincy Mining company. The steel for the construction of a bridge over the Hancock & Calumet tracks for the Quincy & Torch Lake road's extension to the Quincy dock at Marquette is included in the shipment. The work on the elevated road will soon be commenced.

MICHIGAN WOMAN'S CLUB.
At the regular meeting of the Calumet Woman's club this afternoon the subject of history with special reference to the revolutionary period of the country will be dwelt upon. A paper on the "History of the Revolutionary Period" will be presented by Mrs. W. E. Carpenter. Mrs. F. J. Goodale will talk on "The Causes of the Revolutionary War," and Mrs. Herman Haas will discuss "The Decisive Battles of the Revolutionary War."

Foley's Kidney Cure makes the kidneys and bladder right. Contains nothing injurious. People's Drug Store.

EXCELLENT TAX RECORD.
James McHardy, treasurer of Calumet township, has made a great record of tax collections during the past year. He made his returns to County Treasurer W. Frank James yesterday. The amount of the tax spread on the rolls was \$400,000. Mr. McHardy collected all but a very small amount in comparison, returning but \$548.06 delinquent. The showing is somewhat surprising and one of which Mr. McHardy may justly be proud. Out of a total of 247,000 state and county tax, in the county Mr. McHardy collected \$260,000 in Calumet township, more than half of that collected in all of the other townships in the county combined.

SECRETARIES WERE BANQUETED.
The several secretaries of the Northern Michigan Building & Loan association of Hancock, located in different parts of the Keweenaw peninsula, and the three auditors of the company were banqueted at 8 o'clock last evening at the Northwestern Hotel, Hancock, by the directors of the company. Covers were laid for about forty. Proprietors Bolling and Goertling of the Northwestern had a handsome spread prepared for the occasion and the banquet was a fine success. A program of toasts was responded to.

RAILROAD MAN RESIGNS.
William K. McGee, chief train dispatcher on the Hancock & Calumet road at Osceola, has resigned his position and will go west. Mr. McGee was employed in the telegraph department of the railroad company for sixteen years and was located at Osceola for some time. He will visit friends in California and perhaps eventually locate in the West. He is succeeded at Osceola by D. D. Smith, who was Mr. McGee's assistant.

For cuts, burns and bruises De Witt's Witch Hazel Salve is unequalled. Draw out the fire, stop the pain, soon heal the wound. Beware of dangerous counterfeits. Sure cure for piles. The Stafford Drug Co. H. N. Meloche Co., Ishpeming.

NO MORE PRIZE FIGHTS.

Sheriff Wills Sets His Foot Down on Fistic Encounters.
The fifteen-round contest scheduled to take place at Lake Linden last evening between "Budd" Higgins of Houghton and "Kid" Laframere of Lake Linden, for a purse of \$75, did not take place. Sheriff Wills set his foot down and informed both principals that they would not be allowed to go on. There were a few disappointed sports but the sheriff's action is upheld by many. Mr. Wills says that no boxing contests can be pulled off in the county as long as he is sheriff.

TO BUILD NO MORE HOMES.
Houghton Building and Loan Association Suspends Operations Temporarily.

The Houghton County Building & Loan association, which was organized last year for the purpose of building new homes, will not build any additional houses this spring or summer. The latter part of last summer the association built ten houses, four in the Hubbell and four in the Sheldon-Columbian additions, East Houghton, and two in the Sheldon addition in West Houghton. One of the two structures in West Houghton was recently sold to Thomas Rayten, a Houghton painter. But one of the East Houghton houses is occupied. It is expected that this spring there will be a long demand for the houses as they would make desirable homes. Each is supplied with all conveniences and rent at \$25 per month. The houses were not completed until late last fall and it was not expected that any of them would be rented until spring. The houses are filled a long felt want in Houghton in regard to the house question. There is now no need of complaint on account of the scarcity of houses.

BREAKS ALL PAST RECORDS.
During One Week Atlantic Shipped 1,500 Tons of Rock Daily to the Mill.

During the past few years the Atlantic management has been preparing to face the inevitable reaction from the high price of copper, by devoting considerable of the earnings to the purchase of a much needed equipment. The advantage thus secured is now bearing fruit and it will be highly interesting to learn that for the week ending March 8 the mine shipped 9,013 tons of rock to the mill. This is the tonnage daily and the week's record is not equaled in the history of the mine. Ninety tons of refined copper, or better, for a week is certainly a record of which Atlantic might feel proud. The mineral yield during the above period was fourteen pounds to the ton of rock stamped, which is a slight falling off from the February figures.

COPPER CONSUMPTION ABROAD.
James Lewis & Sons, of Liverpool, Eng., in their March mid-monthly circular on the copper market say: "Consumption in England continues exceptionally large, the deliveries to consumers during the past two months being 29,491 tons against 18,125 tons for the same period last year. Germany has lately bought very freely, and the consumption of that country this year promises to considerably exceed that of last, though for the month of January it appears small in consequence of the small receipts of American copper, chief part of the increased shipments from the United States having come to England. Sales in the United States for January are reported to be quite equal to those of a year ago, while contracts made in February are 25 per cent greater than in February, 1919. A large portion of the surplus stock held in the United States at the end of 1919 has already been transferred to Europe, causing an increase in the English and French public stocks since the first of January of 3,247 tons. Shipments for the past month are advised as 13,882 tons, making 28,903 tons since Jan. 1, against 18,125 tons for the first two months of last year.

COPPER GOSSIP.
The Boston News Bureau yesterday said: "The copper market is quoted at 12 1/2 cents asked for Lake Superior and 12 1/2 cents asked for Electro or Montana copper. We hear, however, of a New England manufacturer who bought some Lake copper recently at 12 cents for quite a large amount. Some of the Boston people declare that Osceola and Tamarack are not the only mines delivering copper at the present time sold at 11 cents. It is said that Wolverine and other Stanton mines are delivering Lake copper at this price and while Mr. Stanton says he admits he had to sell some to hold his customers."

The following is from yesterday's Boston News Bureau: "The Mohawk annual report for 1919 shows receipts of \$451,345; expenses \$419,990; surplus Dec. 31, \$31,354. President Stanton says the mill should begin stamping next July. He finds that Mohawk on the present market conditions has not yet made \$75 per ton as the copper contents do not average as high in regard to mining as indicated by sample first sent to market."

Morrison, Kekewich & Co., metals, London, write: Copper is a little lower and some of the Americans have continued to sell at what are unseasonably low prices. This would seem to show they are not yet ready for the higher level of prices, which we think we shall presently see.

It is said that the Old Dominion management is soliciting proxies for use at the annual meeting through an exchange building house. It is street opinion that the publication of the Old Dominion report has helped rather than otherwise the Towl-Fitzgerald movement.—Boston News Bureau.

The Pewabic shaft at the Quincy which has been undergoing repairs for several weeks is again in commission. It was supplied with a new skip road.

The annual meeting of the Centennial Copper Mining company will be held at Boston Tuesday, April 1, at 12 o'clock.

Every family should have its household medicine chest, and the first bottle in it should be Dr. Wood's Norway Pine Syrup, nature's remedy for coughs and colds.

LARGE MASS OF NATURAL COPPER.

One of Unusual Size Is Discovered at the Michigan Mine.

The largest mass of native copper ever encountered in any mine in the Lake Superior copper district was recently discovered at the ninth level of "B" shaft at the branch vein at the Michigan mine. The miners have not yet found the length, width or thickness of it, and although a statement to that effect may seem incredible it is nevertheless authentic. The mass has already been found to be twenty-three feet in length, that being as far as the miners have drifted, along the mass in that direction ten feet in width and several feet, at least three, in thickness. The mass is much larger than the last one weighing 700 tons found in the mine. It will take some time to get the mass, which will have to be cut up, to the surface.

A Valuable Appliance.
Superintendent Frank M.M. Stanton, of the Atlantic, is the inventor of what would seem to be the missing link in the matter of securing an absolutely correct record of the duty of hoisting engines, and owing to its many and varied advantages it cannot but prove interesting to mining men and corporations.

The device, which will be known as a hoist recorder, is simple in its arrangement, and the strangest thing is that something of this kind has not been invented before. The records of the hoisting engine and skip are secured on a paper tape about eight inches in width. The movement of the skip operates a roll over which the paper travels. The tape is fed with the clock, and automatically stamped on the margin in divisions representing hours, minutes and seconds of the day. The marking point is connected with the hoisting drum by suitable mechanism and travels across the tape in exact proportion to the movement of the skip. As before stated, the tape makes a complete record of the business of each shift. Every delay is automatically registered, also the time consumed in hoisting and stoppages. It records the number of trips made, where the skips were loaded, time consumed in loading, and the exact distances traveled. The record will show the maximum and minimum velocity attained at all times, and the location of the skip at every moment during the shift.

If improper speeds are being attained the fact is recorded, and in fact it seems as though the many advantages can scarcely be fully appreciated until the hoist recorder comes into use. The new invention can be used on any kind of hoist or rope tramway. Mr. Stanton has been granted a patent, and expects to have one of the hoist recorders in use within a few months, while as soon as possible they will be in use at all three shafts of the Atlantic mine.—Hancock Journal.

COPPERDOM BREVITIES.
The work of rebuilding the burned portion of the International Hotel at Hancock is about completed.

The Hancock bowling team bowled with the Houghton "Yaps" at the Drottler alleys, Hancock, last evening.

The Val Blatz Brewing company's storage plant at West Hancock is being filled with the summer's supply of ice.

County School Commissioner Bath will conduct a regular county teachers' examination at the Houghton High school today.

Valentine Alt will give an entertainment at the Calumet theatre tonight under the auspices of the Twentieth Century Mandolin club.

The Michigan College of Mines will close this afternoon for a week's vacation. A large number of the students will leave for their homes.

The smoke house at the rear of Frank Renski's grocery store on Seventh street, Calumet, was partially destroyed by fire at noon Wednesday.

Oscar Beck, who recently resigned his position as assistant roadmaster in the H. & C. and Mineral Range yards at Hancock, has left for Tacoma, Wash.

A promenade concert will be given at the Calumet armory tonight by the Calumet & Escanaba band. It is the first event of the kind since the beginning of Lent.

The seat sale for "King Dodo," which will be presented at the Calumet theatre next Monday and Tuesday evenings, has opened at the Red Jacket village school.

Last evening the Finnish Lady Maccabees of Hancock initiated a large class of candidates in the Old Fellows' hall in the Masonic block. A social session and supper followed.

The seat sale for "King Dodo," which will be presented at the Calumet theatre next Monday and Tuesday evenings, has opened at the Red Jacket village school.

Both Hancock and Houghton claim the game of indoor baseball played at Hancock Wednesday evening. A fly ball, which Hancock claims touched the ceiling, caused the dispute.

The censuses for the nomination of township officers will be held in the Calumet township precincts next Tuesday evening and the regular nomination convention by the delegates will take place Thursday evening.

Three log houses, built at the canal early in the 60's when the old canal company dug the channel, are being torn down. The old structures were land marks and among the first buildings in copperdom.

The next meeting of the Copper Country Engineering society will be held on Saturday evening, April 5, at Science hall, Michigan College of Mines, Houghton. The subject for discussion will be the firing of boilers.

The Manistique indoor baseball team left Houghton yesterday for Marquette where the boys played last evening. They were well satisfied with their Houghton defeat but not so much so with the Calumet game.

Work on the interior of the new Citizens' National bank building at Houghton is going ahead well and according to the present outlook the building will be ready for occupancy in May. The

furniture and fixtures are being made by a St. Paul company and as soon as completed will be delivered and set in place. The outfit will be handsome and quite elaborate.

The Ladies of the Laurium M. E. church will hold their annual bazaar and sale at Munro's hall, Laurium, tomorrow. A fine collection of fancy and useful articles will be offered for sale. The proceeds will be devoted to the church.

Prosecuting Attorney Larson of Calumet was in Hancock yesterday attending to the cases against the Hancock saloonkeepers, arrested for alleged violation of the liquor laws, which were before Justice Olivier the greater part of the day.

The fire insurance men of the county at a meeting held at Hancock Wednesday afternoon drew up a resolution protesting against the action of the companies in increasing the rates on certain lines of insurance in the West 25 per cent.

The case against the Hancock saloonkeeper brought by a Hancock woman to recover the amount of money recently lost by her husband by gambling in the saloon, has been settled out of court. She was paid the money alleged to have been lost.

The Calumet Civic Federation has failed in its first case to prosecute a Calumet saloonkeeper alleged to have kept his saloon open on Sunday. In Justice Curtis' court Wednesday Edward Tingstad of Pine street was discharged for lack of evidence.

The saloon of Thibodeau & Dubuque at Lake Linden was entered early Wednesday morning and ten dollars taken from the safe. An iron chest in the safe containing \$150 was not touched, evidently escaping the eye of the robber. There is no clue to the thief. The combination of the safe was known to him.

The members of the Hancock lodge, K. of J., who left for Chicago Wednesday afternoon to attend the Pythian jubilee are F. W. Taylor, R. H. Halls, G. E. Carter, A. L. Levy, Henry Klesner, J. D. Crawford, George Tangen and E. H. Wright. The party was joined at Houghton by E. C. Griffen and Mr. Ramey.

The present cold snap is good for the logging jobs operating on a small scale in this county and those adjacent. Considerable snow fell and the temperature is low enough to make excellent ice roads so that the logs in the woods from be hauled to the rivers. The lumbermen will not lose as much money as was expected about a week ago.

The jurors for the April term of circuit court were drawn at the county clerk's office yesterday afternoon. Next month's term promises to be a long one, several cases of much importance being on the docket. A long list of saloonkeepers will be up for alleged violation of the liquor laws, besides several criminal cases and the usual grist of civil cases.

PORTER CASE SEQUEL

HEARING ON BILL AUTHORIZING BACK PAY.

GENERAL'S COMRADES PRESENT

TESTIFY AS TO HIS ABILITY AS A SOLDIER.

Claim Is Made That Measure Is a Simple Act of Justice to the Family Who Suffered During General's Retirement.

Washington, March 20.—A sequel to the famous Fitz John Porter case came before the house committee on military affairs today, when a hearing was given on the bill authorizing the secretary of war to compute the amount of pay and allowances of the general during his forced retirement from the army, and making an appropriation amount to the widow and children.

When, at the instance of General Grant, the army board passed upon the ease of Porter, the recommendation was made that he be restored to rank and pay.

When, at the instance of General Grant, the army board passed upon the ease of Porter, the recommendation was made that he be restored to rank and pay.

KILL AND BEAT NEGROES.

Terrible Punishment Meted Out to Blacks by White Men.

Paducah, Ky., March 20.—There is great excitement at Madrid Bend, Ky., forty miles below Hickman on the Tennessee river. Two negroes were killed by white men and three were horribly and probably fatally beaten.

Elijah Drake (colored), it is claimed, was caught stealing chickens and was attacked by whites, being driven into the Mississippi river and shot dead. The body floated ashore and the white men made another negro tie a rope around the neck and pull it out to deep water.

The white men then attacked four other negroes living in the neighborhood, who, it is claimed, were implicated. The negroes showed fight and in the melee Jim Stewart (colored) was shot and killed. Other negroes were almost beaten to death.

There is much fear of further trouble and the law-abiding citizens have asked the governor to offer a reward for the apprehension and punishment of the murderers.

DOES FITZ FEAR JEFF?

Position Taken by Bob May Be Cause of Calling Fight Off.

Oakland, Cal., March 20.—Delaney, Jeffries manager, expressed the opinion today that Fitzsimmons did not intend to fight.

Los Angeles, March 20.—Referring to Fitzsimmons' telegram, which he would not give out, President McHenry, of the Century club, said Fitz was too exacting. He had replied to the telegram but was not ready to state the conditions made therein.

New York, March 20.—The telegram of the manager of the Century club to Fitzsimmons stated, the fighter would have to accept definitely one of the bids Fitzsimmons telegram, which he would would cancel its offer.

Fitzsimmons shortly afterwards replied to the telegram adhering to the position he had originally taken and saying the club could either acquiesce or call its bids off.

MISSING STUDENT NOT FOUND.

Mystery Surrounds Disappearance of Roy McNamara of Iowa College.

Grimell, Ia., March 20.—The mystery surrounding the disappearance of Roy McNamara, an Iowa college freshman, is deepening. The college faculty has invoked the aid of the entire police force of the state in a search for the missing student.

The search so far has been unsuccessful. His father, Rev. J. E. McNamara of Omasa, arrived this morning and believes his son has become deranged and is now wandering about the country. The college is greatly stricken over the affair. Reverend McNamara scents the suicide theory.

BOYS TRY TO ESCAPE.

Inmates of Kentucky Reformatory Fire Building to Gain Liberty.

Lexington, Ky., March 20.—The Bradley dormitory at the state reformatory near this city was destroyed by fire shortly after midnight. All the inmates, numbering 125 boys, escaped. The fire broke out at 11:30 p. m. and spread during the fire and have not yet been captured.

This morning several inmates confessed the building was set on fire by the boys in the hope of gaining their liberty. Prompt action by the superintendent and guards, however, prevented a general escape.

WOMAN AS A DUELIST.

Exchanges Shots With a Man and Later Is Dangerously Wounded.

Albion, Neb., March 20.—Mrs. Amelia Patterson and George Thompson participated in a street duel today in which Thompson was shot twice and James Foray, a bystander, received a bullet in the leg. Thompson also fired five shots at Mrs. Patterson, none of which took effect.

Thompson's wounds are dangerous but his life is not serious. The shooting was the result of a divorce and damage suit, in which Thompson and Mrs. Patterson are the principals.

FIST FIGHT FOR GIRL'S FAVOR.

Aspirants Battle for Two Hours and Finally Roll Into Ditch.

Hartford City, Ind., March 20.—John Kane, a bartender, and Edwin O'Brien, a glassworker, fought a fistie duel in the woods east of town to decide who should court Miss Nettie Hoffman, aged nineteen and pretty. Each had his seconds and there was a referee.

The shooting was the result of a divorce and damage suit, in which Thompson and Mrs. Patterson are the principals.

CHAIN MEN FORM COMBINE.

Pittsburg, March 20.—Seventeen chain manufacturers, representing the largest concerns in the country, at a meeting today agreed to terms of consolidation with a capital stock of \$12,000,000 to \$15,000,000. In view of the increase in steel bar rates, it was decided to advance prices \$4 per ton, to take effect at once.

Gray?

Perhaps you like the idea of looking 25 or 30 years older than you are! If not, use Ayer's Hair Vigor. It completely restores the color to gray hair, all the dark, rich color it used to have. No use in looking old before your time.

"I am over sixty years of age and my hair is very handsome. People tell me I don't look nearly that old, because my hair is so dark and thick. You know I use Ayer's Hair Vigor."

Mrs. H. F. Borzell, Phenix, N. Y. All druggists. J. C. AYER CO., Lowell, Mass.

CRITICAL FOR CASTRO.

Venezuelan Revolution, Headed by Matos, Seems to Be Taking Form.

Willemstad, Island of Curacao, March 20.—The Venezuelan revolution, headed by General Matos, seems to be taking form. Eight hundred revolutionists under General Penabaz are besieging Curupano, and the revolutionists under General Monagas have surrounded Barcelona, the capital of Bermuda.

General Riera, who escaped the pursuit of the Venezuelan government troops near Cumarebo, is marching in the direction of Tucacas, which place is to be attacked on land by his troops, and from the sea by the steamer Bolivar.

The Venezuelan government is sending troops to El Hacha to intercept Riera and prevent the junction of his troops with the revolutionists in the Barquisimeto district. It is reported General Rolando has landed at Maturin. The situation is said to be critical for President Castro. The Venezuelan fleet is not in condition to pursue the Bolivar and the plans of Castro to capture her have failed.

BROAD-ATELL BOUT A DRAW.

Fifteen Fast Rounds Are Fought at St. Louis.

St. Louis, March 20.—Kid Broad of Cleveland, O., and Abe Atell of San Francisco, fought fifteen fast rounds to a draw tonight. Broad was the aggressor throughout but his bull dog style availed nothing against the extreme cleverness of the California fighter.

Broad strove to land a knockout blow in every round, but Atell either blocked his leads or got inside of them, and at times fought back in Broad's own style. Atell used a left jab to face which Broad could not evade, but the latter broke even by his good fighting in the clinches with one arm free.

TO ACT AS PEACEMAKER.

Senator Hanna Appoints Committee of Civic Federation.

New York, March 20.—Senator Hanna today named as members of the committee on condition of the Civic Federation, Archbishop Ireland, Bishop Potter, Franklin McVeigh, John Mitchell, Frank E. Sargent, James Duncanson, J. Kruttschnitt, William H. Pfahler and Marcus M. Marks. This committee is to take up the threatened trouble between the capitalists and workmen with a view to settling it.

BODY FOUND ON ELEVATOR.

Boston Woman, Notorious for Her Law-suits, Is Dead.

Boston, March 20.—The body of Mrs. Julia B. French was found at the top of an elevator in her residence today. It is thought she fell from an upper story and has been there several days. She was seventy years of age.

Mrs. French is said to have had more lawsuits brought against her than had appeared as plaintiff more times than any other person appearing in public.

SHOOTS FELLOW STUDENT.

Member of Iowa Agricultural College Wounds Youth Who Hazes Him.

Ames, Ia., March 20.—J. R. Campbell of Webster City, a student at the state agricultural college, today shot a fellow student, J. A. Lawrence, through the shoulder. Lawrence had hazed Campbell and otherwise aroused his hatred.

The shot struck Lawrence full in the breast, glanced on a pocket comb and passed through the shoulder.

CHARGED WITH KILLING SIX.

Ed Batson Pleads Not Guilty to Murdering the Earl Family.

Lake Charles, La., March 20.—Ed Batson, charged with the murder of the Earl family, was formally arraigned today. He was charged with the murder of six members of the Earl family. He entered a plea of not guilty and was remanded to jail to await trial about April 14.

RARE CHINESE TABLETS SEIZED.

Customs Officers of San Francisco Hold Records 200 Years Old.

San Francisco, March 20.—Ten jade tablets on which, almost 200 years ago, a Chinese workman engraved an account of the wisdom, power, and goodness of Shun Che, the founder of the Tartar dynasty in China, are locked in the safe of the customs appraiser, John T. Dare, awaiting authority from Washington to return them to the emperor of China or his representative.

The stones are one foot in length, three inches wide, and nearly an inch thick. They were taken by the customs inspector from a private soldier returning from serving in China. It is believed that they were taken as loot.

THREE CARNEGIE LIBRARIES.

Milwaukee, March 20.—Three Wisconsin cities today received letters from Andrew Carnegie stating that he would furnish money for public library buildings under the conditions he usually requires. Waukesha will have \$15,000; Baraboo, \$12,000, and Monroe \$20,000.

FRENCH IMPORTS AND EXPORTS.

Washington, March 20.—According to reports to the state department France last year imported \$93,002,261 worth of goods from the United States and exported \$46,226,002 worth to the United States, a balance in our favor of \$46,776,259.

TODAY'S WEATHER.

Washington, March 20.—The following is the weather bureau forecast for Upper Michigan: Generally fair Friday and Saturday; light to fresh winds, becoming north.

NEW YORK CUSTOMS COLLECTOR.

Washington, March 20.—The president today nominated Nevada N. Stanahan as collector of customs for the district of New York.

BIG K. OF P. JUBILEE

FIFTY THOUSAND KNIGHTS GATHER AT CHICAGO.

MONSTER MEETING AT COLISEUM

RITUALISTIC HONORS BESTOWED UPON GOV. LA FOLLETTE.

Chicago, March 20.—It is estimated 50,000 Knights of Pythias are here today in attendance at the Pythian jubilee.

They poured into the city from dawn until dusk, adorned with badges or resplendent in trappings of gold lace, plumes and swords. They thronged the corridors of every appointed rendezvous, marched through the streets behind a score of bands, and finally assembled at the Coliseum in such numbers that thousands were turned away. Those that were barred from the hall of the coliseum gathered elsewhere.

Luncheon by Grand Chancellor. All supreme and grand officers able to reach town in time were entertained at luncheon by Grand Chancellor Cushman. Speeches were made by Grand Chancellor Cushman; General George W. Powell, adjutant general of the uniformed rank; Grand Chancellor Birch, of Redfield, S. D.; J. H. Lyon, P. S. R., Leavenworth, Kas.; Brigadier General Wheaton, Minneapolis; William Beatty, G. K. R. S., Toledo, O.; Frank Bowler, G. K. R. S., Indianapolis; H. D. Walker, G. K. R. S., Miami Pleasant, Ia. This evening there was a parade of many lodges.

Formal Program at Coliseum. The formal program at the Coliseum tonight began with a ritualistic bestowal of honors upon a candidate of Milwaukee lodge, Governor La Follette, who was escorted into the crowded hall amid cheers. These rites were followed by music and speeches. The spectacle at the Coliseum was not at an end until far into the night.

Tomorrow the visiting knights will attend the various entertainments planned for them by the local lodges and will return home Sunday.

ROOSEVELT NOW JIUJITSU EXPERT

Studies Japanese Art of Self-Defense and Joins Order of "Embokkwa".

Boston, March 20.—While congress is wrestling with the proposition to pass a bill to protect the president, Theodore Roosevelt is learning the art of "jiujitsu" as an additional means of self-protection.

When it is remembered that the president is physically a powerful man—that he has with the least of men a keen eye, a strong hand, and a quick mind—it is not surprising that he has mastered the art of self-defense.

The news that Professor John J. O'Brien is teaching the method of "killing without a mark" (the English of "embokkwa") was a surprise here, where Professor O'Brien has long been known as the only teacher of that art in America.

O'Brien was for ten years chief of police of Nagasaki, the port where more desperate characters abound than any other in the East. He was so popular there that he was initiated into the order of "embokkwa," the purpose of which was to teach, perpetuate and protect the secrets of "jiujitsu."

In its strength counts for little. Skill, quickness of hand and eye, a strong hand grip, with the knowledge of the holds, makes a comparatively weak man a match for a man vastly superior in strength and weight.

The art is redolent of Eastern cruelty, except for the fact that it is intended primarily for defense. It is, however, speaking militarily, defensive, offensive. Experts can do fearful things; by it arms can be broken, bones wrenched from sockets, backs shattered, the heavy bones of the leg fractured like pipe stems, and even the neck broken. Weapons are useless, no defense is possible.

It is so quick and sudden that it lacks all the elements of the spectacular, and is often exemplified upon the stage it is always a triumph. The spectators see a big, powerful man walking or rushing toward a man, slender, erect, steady and watchful. A quick movement and the big man is writhing in pain on the floor, or is so badly hurt that nature mercifully sends him relief.

Except that a score can be handled as quickly as they come there is nothing to be seen. It is weird, and seems half eastern magic, or what skeptical Americans call "a fake." But no man who ever met a master of the art ever concludes that there was anything of the fake about it.

So when President Roosevelt has added the knowledge of this art to his repertoire he will be a man half or wholly insane who will try to assault him and allow him half a chance.

And Theodore Roosevelt, horseman, dead-shot, boxer, wrestler, "savateur," and member of the "embokkwa," will need little aid from congress or any but his own splendid body, heart and brain to care for himself at close quarters.

Restores vim, vigor, mental and physical power, fills your body with warm, tingling life. That's what Rocky Mountain Tea does. 35c.

Wednesday's sales on the Boston stock

WALL STREET STOCKS.

So-Called Specialties Occupy Largest Attention in the Market.

New York, March 20.—The so-called specialties still occupied the largest share of attention in the stock market today. Their movements were not quite so wide nor so feverishly erratic as yesterday, but there was still an eccentric irregularity in this portion of the market. As for the standard stocks that usually make up the bulk of trade by reason of their large capitalization and representative character, they were neglected and sluggish, as for some time past.

United States Steel stocks continued neglected and heavy as they have been ever since the proposed bond issue was announced.

Sugar sold early on professed disappointment over the terms of the bill for releasing the Cuban sugar tariff. It later it rose strongly and closed with a net gain of a point.

Amalgamated Copper continued quite active and was bought by shorts to cover, yielding a net gain of about a point.

Amongst the minor stocks there were some net candidates for favor, while attempts to market other stocks recently bought at high prices made broad inroads on those prices on very small sales. The market closed quite active but irregular.

Growing consideration is given the question of money supplies between now and the time of the April quarterly settlements. The gain by the banks on the sub-treasury operations as a result of the closing of the government's offer for the redemption of bonds, shows a tendency to divide from the renewed effect of the surplus revenue returns, notwithstanding the large daily disbursements on account of pensions, now running at the maximum for the month.

The question arises as to effect on the money market when the pension payments fall off again and the sub-treasury renews its collection of a considerable daily surplus balance in its operations with the New York money market.

Closing prices of stocks are reported by Paine, Webber & Co. as follows:

Table listing stock prices for various companies including Wabash, N.Y. Central, Alton, Sugar, B.R.T., C.P. & N., Canadian Pac., G. & W., U.S. Steel, P.G. & E., Peoples Gas, Atchafalaya, Northern Pac., and others.

Range of Money Rates.

Money on call, firm, at 4 1/2 to 5 per cent. closed, bid and asked 3 3/4 to 4. Prime mercantile paper, 4 1/2 to 5 per cent. Exchange, steady, demand at 4 1/2 to 6 and sixty days at 4.85. Bar silver, 53 1/2.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, March 20.—Wheat today was again active, the price showing a further decline, May selling off to 73 1/2 and July to 74 1/2. There was a good recuperative power manifested late in the day and the prices advanced 1/2 to 1 cent and the close showed a slight gain. The opening was easy though the cables did not show the weakness expected. The most important factor was the weather, rains being indicated in the West, which, with the sharp declines in St. Louis and Kansas City, were the dominating influences early. At Liverpool the spot was steady to 1/4 lower, with the futures down 1/2. The primary receipts were 100,000 bushels short of a year ago and the exports were heavy—701,000 bushels—both of which were bull features. New York reported 114 boatloads taken for shipment. The local receipts were twenty-seven cars. The large cash business here and on the coast started the shorts buying and before the demand was satisfied the prices touched a high point and closed practically at the top.

Corn opened fairly steady and held for a while, later weakened, recovered later, and closed at a loss of 1/4 to 1/2. The decline was influenced mostly by the weakness in the other grains, though easier cables and declines at the Southwest were considered bear factors. At Liverpool the spot was steady to 1/4 lower, with the futures 1/4 to 1/2 lower. The receipts were seventy-two cars.

Oats ruled erratic with a fair business. The values were governed to a considerable extent by the other grains. At the close the prices for May were 1/2 lower and July 1/4 to 1/2 lower. The leading futures ranged as follows: May wheat opened at 73 1/2 to 74; highest, 74 1/2; lowest, 73 1/2; closed, 74 1/2 to 74. May corn opened at 41 1/2 to 42; highest, 42 1/2; lowest, 40 1/2; closed, 41 1/2 to 42. May oats opened at 43 1/2 to 44; highest, 44 1/2; lowest, 42 1/2; closed, 43 1/2.

Receipts and shipments were as follows: Flour, barrels, 28,000 18,000; Wheat, bushels, 71,000 54,000; Corn, bushels, 85,000 143,000; Oats, bushels, 111,000 149,000.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.:

Table listing copper stock prices for various companies including Am. Copper, Anaconda, Copper Range, Centennial, U.S. & W. Va., Erie River, Franklin, Isle Royal, King, Mass., May Flower, Moh., N. Mex., Old Dominion, and others.

HAWK IN THE TOWER.

A Resident of Washington That Has Been Outlawed.

The massive tower over the new post-office building has an inhabitant, and this notwithstanding and despite official orders which have been issued and the calling in of the metropolitan police force.

Last summer when a workman ascended into the tower to make some minor repairs he was astonished to find the floor just beneath the open arches covered with bones—chicken bones and bird bones. An investigation was at once set on foot and the tower was watched both from without and within.

It was not long before a good-sized and plump chicken hawk was seen to circle about the tower, and then dart in through one of the open arches and settle down to enjoy in the heart of the city the result of a morning's forage, and more bones were added to the litter in the tower.

In solving the question who the inhabitant of the tower was the postal authorities only got themselves from one dilemma into another. The evil bird must be gotten rid of, but how? It was at this point that orders began to issue from one department to another. City Postmaster Merritt referred the matter to the authorities on the upper floors, and from the fourth assistant postmaster general up the line went the subject of the hawk in the tower. Each official, after much careful consideration, came to the same conclusion, that he had no jurisdiction—and the next higher was then presented with the problem, until the postmaster general faced the matter.

"Let a gun be prepared," he directed, "a watchman placed in the tower and the hawk shot."

It was stated to the postmaster general after this order had been transmitted to the watchman that that functionary objected that if he should shoot a gun in the tower he would lay himself liable to arrest by the city authorities. It was this point that the police department was applied to. The case of the hawk was laid before the chief, and after due consideration he issued a permit that the hawk might be shot without offense to the law.

The hawk has not yet been shot, and the last time the tower was visited indications of his late presence were not lacking. Occasionally the hawk may be seen circling around the tower in a most self-possessed manner, as if he were surveying his own domains.—Washington Evening Star.

FROM OCEAN TO OCEAN

Wise Women Use The Great Spring Medicine

PAINE'S CELERY COMPOUND

It is the Only Remedy That Can Provide for the Increase of Red Corpuscles in the Blood.

From every section of the land, from Maine to California, strong and well-attested reports of women, bloodless, nervous, dyspeptic, neuralgic, rheumatic, and run down, and in many cases so weak as to be bedridden, who have been enabled to resume their places in the family and in social life, enjoying health, vigor, and true happiness, all through the aid of that great blood purifier, blood maker, and health giver, Paine's Celery Compound.

When Paine's Celery Compound is used, the rapid change in color, flesh, and expression of the face is so marked and observable, that repair of the wasted tissues might well be called a renewal of life.

Paine's Celery Compound is the only medicine that can effectively increase the proportion of red corpuscles in the blood; this is a source of power over all chronic diseases, rheumatism, neuralgia, kidney and liver troubles, dyspepsia, indigestion, and general run down condition.

Mrs. Martha P. Lunceford, a well known and popular lady of Crawfordsville, Ga., grateful for her cure by Paine's Celery Compound, sends the following letter for the benefit of all suffering women:

"I think it is my duty to let you know about the wonderful work Paine's Celery Compound has done for me. I have been sick for the past fifteen or twenty years with dyspepsia, heart and stomach troubles, rheumatism, and so many diseases that I can't mention them all. As for sleep, I didn't know what it was to have a good night's sleep, and would roll and tumble and sit up in bed half the night. The second night I took Paine's Celery Compound, I went to bed and slept all night. You don't know how much better I felt in the morning. I have not lost a night's sleep since. I have been taking Paine's Celery Compound. I don't know in what words to thank you for Paine's Celery Compound. It is worth its weight in gold."

Beware of imitation of Diamond Brand. Ask for and take only Diamond.

AMERICAN TELEPHONE REPORT.

Boston, March 20.—The annual report of the American Telephone company shows total earnings of \$11,695,816, against \$10,534,400 in 1901; net revenue, \$7,398,285, against \$5,486,057 in 1901; surplus after dividends, \$2,348,262, against \$1,407,456 in 1901.

PALACE LIVERY. PAY & CLACK, Props. First-CLASS Livery Service at All Hours. FIRST-CLASS BOARDING STABLE. Teams of all kinds.

FOR SALE: Driving and Draft Horses to suit any wants.

HIGHER PRICES FOR STOCKS.

Paine, Webber & Co. Can See Nothing to Prevent Them.

Hayden, Stone & Co., in a wire to the Laidley Commission company, had the following to say of the Boston stocks: "There is very little general public interest in the market. The Lawson specialties were bid up today by their brokers, Centennial, Arcadian and Trinity showing renewed activity. A few shorts bought Oseola on the strength of Amalgamated. United States Mining continues to be well bought."

Paine, Webber & Co. said: "The improvement in the coppers today has been largely due to short covering purchases. There seemed to be an especially large short interest in Amalgamated and Oseola, and with the recovery there came an increase in the volume of buying for long account. The heavy export business continues and the market for the metal is steady. For the present we can see nothing to prevent the continuation of the rally and look for higher prices."

Purchase of Grains Advised. W. H. Laidley & Co. said of the Chicago grain markets: "Wheat opened lower, on the cables and continued liquidation. During the early part of the session the market turned very weak, making a new low record. Toward the latter part of the session the market turned strong on covering by shorts and reports of a good cash demand here and big exports at the seaboard, closing slightly above last night. The receipts were fair but slightly under last year in the Northwest. The primary receipts were fair and the shipments light. New York reported as high as 114 loads taken for export and as high as 500,000 bushels were reported to have been worked here. Rains were reported in the Southwest, but damage reports continue. We have had a break of 5 cents a bushel in the price of May wheat during the last ten days and we believe the bottom has been reached. We would buy wheat now for a fair turn."

Corn opened at about last night's closing figures and was weak and lower all day. It shared somewhat in the rally with wheat, but closed lower than last night. Corn has had a break of three cents a bushel, in sympathy with wheat, and should do better with it. We would advise purchases on breaks, but recovered sharply during the latter part of the session, closing only 1/8 under last night. The cash demand is better. We would buy on the breaks."

New York Stocks Erratic. Walker Bros. said of the New York stocks: "The market today was again one of specialties and was weak and strength and activity in a number of them. The general market held up and there was quite heavy covering in copper. Fuel was very erratic, up and down. The tone of the market all during the day was one of strength and traders generally took the bull side. The close was steady, at about best points."

TO PROTECT DEER HUNTERS. A writer in the Maine Sportsman offers a suggestion designed to prevent hunters being killed through mistake for deer. In view of the number of like fatalities in upper peninsula woods, the passage of a law along the lines suggested would not be a bad idea for Michigan, it is thought. In nearly every fatality the man who did the killing was hunting deer, not men, but in his anxiety to bag his game he shot at a movement in the bushes. To his excited mind every moving object was a deer, and he thought that to be successful was to shoot at everything that moved.

The suggestion offered is to pass a law protecting does and fawns by a fine of \$100. As game wardens have a way of chasing up law breakers, it would go hard with every offender. With a fine of \$100 hanging over his head, the hunter would hesitate about shooting at a moving bush, and would wait until he was sure whether it was a buck, a doe or a man before shooting.

SHOE FESTIVAL. Today Jacob Rose will hold a "shoe festival" at his metropolitan shoe store. No shoes will be sold during the day, the time being devoted to the reception of ladies callers and to showing the new spring styles. Any lady who has not received an invitation by mail will kindly excuse the oversight, owing to the fact that the invitations were sent out in a rush and it was impossible to reach all to whom invitations should be sent. Everybody is invited to expect and wanted to call and inspect the new spring styles. See Mr. Rose's ad elsewhere in this issue.

FAMILY CARES. This information may be of value to many a mother in Marquette. When there is added to the many cares inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs the mother's lot is far from a happy one. This condition can be quickly changed and absolutely cured by the use of Doan's Kidney Pills. When this is known the mother's burden will be lightened and her home happier.

Mrs. L. W. Bissell of 71 Park street, North Kalamazoo says: "My little brother has been troubled with a kidney and bladder weakness ever since he was a baby. The muscles of his bladder seemed to weaken and nearly every night he wet his bed. I did not know what to do for a long time but at last I decided to try Doan's Kidney Pills. I got a box at a drug store and they helped him so much that we kept on giving them to him until he had used five boxes. He gained right along and now is as strong and healthy a looking boy as one can see. Both my husband and I are much pleased with this remedy and believe it is excellent for all such ailments."

Just such emphatic endorsement can be had here in Marquette. Drop into the Stafford Drug Co. and ask what their customers report. Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

CITY BRIEFS.

Today's weather: Partly cloudy, stationary temperature, northwest winds.

Yesterday's temperature: 7 a. m. 28; noon, 35; 7 p. m., 34. Maximum, 35; minimum, 27.

The common council meets tonight. Tim Nester of Munising is in the city.

A Masonic hop will be held at the hall this evening.

Attorney Wm. S. Hill was a passenger on last evening's train for Chicago.

Charles E. Whitney of Houghton was among yesterday's visitors in Marquette.

Commercial Agent Vaughn, of the Milwaukee road, was in the city yesterday.

Sheriff Harry H. Ryerse of Mackinac county was here from St. Ignace yesterday.

Walter Bell, treasurer of Alger county, came up from Au Train yesterday afternoon.

Miss Anna Bills, of the Hotel Marquette, left for Chicago last evening to be gone ten days.

Henry C. Beasley is very seriously ill and there are grave apprehensions that he will not recover.

Marshal Harrington of Michigan, brought down another boarder for Sheriff Penfalgue yesterday.

Mrs. McHenry of Chicago is a guest at the residence of her father, John E. Flynn, Washington street.

Judge J. W. Stone leaves today or tomorrow for Ontonagon to spend a few days at the home of his son.

The McKinley council, Royal Arcanum, will meet at the A. O. U. W. hall at 8:15 o'clock this evening.

Mrs. J. McWilliams and Miss L. Williams arrived yesterday from Manistique to attend the ball game last evening.

The March term of the circuit court was adjourned sine die yesterday. The next session will convene on May 19.

Deputy County Treasurer Wright is under the weather and was conspicuous by his absence at the court house yesterday.

Postmaster Erik Erickson, Gus Bergstrom and Carl Carlson of Republic had business with the judge of probate yesterday.

Miss Jennie Kelly of Chicago concluded a visit with the Misses McNulty yesterday and left for a few days' stay at Ishpeming.

The Woman's guild of St. Paul's church will meet this afternoon at 2 o'clock with Mrs. Charles C. Jones, 328 E. Ridge street.

Mrs. E. A. Williams, who had been the guest of her son, S. A. Williams, for a week, returned to her home at Ishpeming yesterday.

Next Sunday is Palm Sunday. The ceremony of blessing and distributing the palms will be observed at St. Peter's in the morning.

H. H. Everard of Kalamazoo, president of the Big Bay Lumber company, was in the city yesterday on business with the railroad people.

D. Horwitz, the Russian furrier and tailor of Calumet, was in the city yesterday. He has made the Adams millinery store people his agents here.

The Presbyterian Ladies' Aid society meeting will take place at the residence of Mrs. W. F. Brotherton, North Front street, at 2:30 o'clock this afternoon.

The meeting of the Ladies Aid society of the Baptist church this afternoon will be held at the residence of Mrs. A. S. Westlake, corner Front and Arch streets.

With services at the Swedish Methodist church, the funeral of Lillian Sundberg will be held this afternoon at 2 o'clock. Park cemetery will be the place of interment.

Tom A. Hanna, formerly of The Mining Journal staff and now commissioner of mineral statistics and editor of the Iron Mountain Press, greeted friends in Marquette yesterday.

Judge Steere of the Soo circuit, was in the city yesterday, going over Ross estate litigation in Alger county with Judge Stone. He left on his return on one afternoon train.

Mrs. George Freeman will entertain the Young Woman's guild of St. Paul's church this afternoon. All members are requested to meet at Morgan Memorial chapel, while all intending to go are requested to telephone Mrs. W. Morgan to that effect this morning.

The Duluth-Nester Tribune estimates the cost of repairing the damage sustained by the big steel barge John Smeaton through going ashore in Au Train bay last fall at \$25,000. This includes dockage charges. The work on the barge is rapidly nearing completion.

The Men's club of the First Baptist church will hold its monthly meeting tonight at the home of Frank Spear, Professor F. M. Giles, of the high school faculty, will be the speaker, taking for his topic, "The Problem of Poverty, and Modern Philanthropic Methods."

The entertainment given by the St. Jean Baptiste society at Fraternity Hall Wednesday evening was so successful and so thoroughly enjoyed that there is talk of repeating it. The attendance was very large, the concert excellent and the play extremely funny. A handsome sum was netted for the French church.

W. F. Myler, who was clerk of the Hotel Marquette at the time Landford Dean was conducting the hotel, was in the city from Iron Mountain yesterday. For some time he had been interested in the Commercial Hotel at Iron Mountain, severing his connection with it but a few days ago.

A lumberman named James McKiddie arrived on the afternoon train from the east yesterday, bound for St. Mary's hospital to receive treatment for a bad injury in the head. He came from Tawas City, where as an employee of the Chicago Lumber company he was engaged in helping to load a train with logs, and while doing so was struck by a skid. His injury is not serious but very painful.

Hon. Peter White of Marquette is in Washington trying to secure an appropriation of \$80,000 to start the construction of an additional harbor of refuge at Marquette and also to get an appro-

HE WON THE GOVERNOR.

Here is a brand new story about the bluff and hearty ex-Governor Hoag of Texas. The ex-governor is one of the new millionaires of the Beaumont oil field. He made early investments there and has reaped a rich harvest. He has been at Beaumont lately looking after his interests. At the hotel at Beaumont his particular waiter was one George, a sable-skinned gentleman of numerous accomplishments. George is a model waiter. The governor valued him highly. Each day at dinner George received from the governor his tip \$1. George revelled in wealth. He was the envy of all the other waiters. He was the happy possessor of a "good thing."

The other day when the governor entered the dining room a strange darkey stood behind his chair. "Where's George?" asked the governor brusquely. The new waiter bowed low. "Is your waiter wait, sah?" he said softly. "But his name's George?" asked the governor. Again his new retainer assured him: "Is your waiter wait, sah?" The governor looked up from his newspaper sharply. He was somewhat mystified and with increasing emphasis demanded to know where George was, anyhow.

"Well, you see, sah," began the new waiter, "some neshion, 'Gawge' and I was out las' night playing craps, and I won las' night. I won his pile. Then—here his voice dropped lower and his manner was confidential—"he put you up agin, three dollars and I won. So, Is your waiter wait."

HAZING IN FRANCE. In the French army the practice of hazing has grown so common and has been carried to such lengths that it has become a serious detriment to the discipline of the service as well as a cause of discontent which is having its effect upon the country. The young conscripts who return come to tell of what they went through when they first joined the colors, or who write home of their sufferings and the indignities put upon them, all have families in which there are votes, and these families form the people of France who have overthrown in their time empires, kingdoms and republics.

It has been the aim of the French government to inspire in the people of France a love for the "glory of the army," but instead of doing this, everything from the Dreyfus incident to the hazing of the recruit in his ill-kept barracks, has tended to form in the minds of the people a dislike and a distrust of the army such as never before has existed in the whole history of the nation. There were indignities put upon the soldier under Turinnee, there were hardships and death to be borne under Napoleon, but the counter-balance there were glorious victories, and, on the whole, a healthy tone in the service from marshal to private.

HOW TO CURE THE GRIPPE. Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grip, not one case has ever been reported that did not recover. For sale by Stafford Drug Co.

If you enjoy good butter, just send in your order to Vandenberg's dairy and get the best that is made. (3-20-19)

NOTICE. U. B. of Carpenters and Joiners of America, local union 958, of Marquette, Mich., demand that on or after the first day of April, 1902, the minimum wage shall be thirty-one and one-half cents (31 1/2 cents) per hour, and that nine hours shall constitute a day's work.

Dated Feb. 7, 1902. Signed and sealed, John G. Diamond, Pres. Jas. E. Scanlan, Rec. Sec. (2-10-4-1)

CITIZENS' CONVENTION. (Official Call.) A Citizens' convention will be held in the assembly room of the city hall, on Washington street, Monday, March 24th, 1902, at 8:30 p. m., for the purpose of placing in nomination candidates for mayor, city recorder, city treasurer, one justice of the peace (full term), and two constables (one year each).

Ward caucuses for the election of delegates to the city convention and nominating candidates for ward offices will be held in the several wards the same evening as the city convention, at 7:30 sharp. The places for holding ward caucuses are as follows:

First Ward—Building corner of Lake and Garden streets; six delegates.

Second Ward—City Hall, Boiler building, Spring street; six delegates.

Third Ward—Hodgkins' livery building, Pine street; four delegates.

Fourth Ward—Police justice office, city hall, Washington street; four delegates.

Fifth Ward—Building at No. 416 West Washington street; six delegates.

Sixth Ward—Building at No. 503 North Third street; four delegates.

Seventh Ward—Building at No. 825 N. Third street; four delegates.

Eighth Ward—Hannah Moore's residence, No. 921 Pine street; two delegates.

The following ward candidates are to be nominated in each ward: One supervisor for the term of one year; one alderman for the full term of two years.

By order of the City Committee. EDWARD E. HOMBERGER, Chairman.

DANIEL S. DONOVAN, Secretary.

Dated, Marquette, Mich., March 15, 1902. (3-17-54)

JEM MACE, TEA-DRINKER.

What John L. Sullivan May Come to Some Day.

In speaking of Jem Mace, the old-time world's champion, Jack O'Brien, who visited him in Birmingham, Eng., says: "Mace is a wonderfully preserved man, when you consider the race pugilists run. Like Sullivan and other champions, he has dissipated and has led a life of riotous living. "Yet, in spite of it all, he is a wonderfully preserved old man of seventy-two. Few pugilists ever attain that age, and today his muscles are as hard as steel, and he is in splendid trim. His hair is as black as coal, and there are few gray hairs in his head. "Arthur Chambers and Johnny Clark, of this city, are contemporaries of Mace, and both are well along in life. "Mace spent six years in Australia posing in Graeco statue studies, and he says he cleared more than \$100,000 while in the Antipodes. "His whole life now is centered in preserving his health. He exercises daily and conducts a school of boxing. His only dissipation now is tea drinking. He averages twelve cups a day. All in all, he is a wonderful old man."

YOUNG GIANT OF THE NORTH. The vast extent of Canada and its boundless possibilities are perhaps not fully realized by the Canadian himself. A man must needs travel the land, from north to south and from east to west to obtain a correct idea of its capacity or its immensity, says Norman Whitaker in Ainslie's Magazine. It contains within its boundaries 3,436,283 square miles and a quarter million of which are covered with forest growth. For 3,000 miles, from St. John's to Queen Charlotte's Island, stretches an "unbroken blur of British red;" 2,000 miles of the same warm color from Windsor to the north shore of Baffin's Land; 1,600 miles of British territory between Fort McLeod and Bank's Land, and for 200 miles north of these northern boundaries the Arctic Sea is blotched with crimson splashes—Prince Patrick's Island, Rathburn, Grinnell's Land, North Devon, and further still, stretching away 1,487 miles toward the pole—North Lincoln. Truly, this young giant of the north has ample room for growth.

WORKING 24 HOURS A DAY. There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague. Millinery for the County.

NOT FOR A FEW,
NOT FOR A HUNDRED OR TWO,
BUT FOR EVERYBODY.

We have had large lines of millinery in years past, but this spring's stock is three times, yes, five times as large as any stock we have previously carried. There is no use trying to tell you what we can do for our patrons. Come in and see for yourself, that's the best way. We guarantee, however, to save you from 30 to 50 per cent. on anything you may want in the Millinery Line. Our Ladies' and Children's ready-to-wear hats are swell.

S. JOHNSON & CO.

Ishpeming and its Environs.

A THREE-CORNERED FIGHT.

There Will Be Three Tickets Up in the Pending Municipal Election.

The political situation in Ishpeming becomes more interesting every day. It might be said that it also becomes somewhat more complicated than more of the prominent politicians here had anticipated it would be.

It is now certain that there will be three tickets in the field, though there will be but two candidates for mayor.

The ward representatives of the Young Citizens' Political club held a meeting Wednesday evening in the Swedish Home society's hall and it was unanimously decided to put up a ticket. It will be minus a candidate for mayor. The young voters will not endorse the candidates on either of the two other tickets. They will cast their ballots for which ever of the candidates for the mayorality according to their individual preferences.

The voters of the Young Citizens' party intend to put up the very best men they can find for the city and ward offices. They will endeavor to find candidates for all the offices and the interest manifested inspires them with the hope that they will make a good showing in results when the returns come in.

The big fight will be on the recorder-ship. With three candidates running there will be hard work done by their supporters. There will also be three candidates for treasurer.

Convention Next Wednesday.

The Young Citizens have issued calls for caucuses and a city convention to be held next Wednesday evening. The caucuses will be held in the several wards at the places designated by the Citizens' party and published in yesterday's paper, with the exception of the Third ward. Blackney's plumbing shop will be the place of meeting there, instead of at Jones' barn.

The city convention will be held at 8:30 o'clock at the Nelson House parlors. The usual number of representatives will be chosen to attend the convention. The Young Citizens' club has not as yet settled on anyone for any of the city offices, but some work along that line will be done between now and the date of the convention.

Dr. T. A. Felch for Mayor.

The Citizens' party will nominate Dr. Theodore A. Felch for mayor at the convention to be held next Monday evening. The doctor's name has been prominently mentioned for the office for some time past, and he has finally given his consent to head the ticket.

It is generally conceded that no better choice could have been made, as Dr. Felch is popular with all classes. He has been a member of the council for the past year, an alderman from the Third ward and has devoted much of his time to city affairs.

CHURCH NEARLY COMPLETED.

The First Service Will Be Conducted in Grace Church on Easter Sunday.

Grace church will soon be completed. Carpenters, painters and other mechanics have spent the greater part of the winter working about the building and now the interior is most attractive. The floors are down the altar and pews are in position and all the decorating, with the exception of the last coat of paint on some of the wood work, is finished. The interior presents a very inviting appearance and the members of the congregation may well feel proud of the edifice.

The first service in the church proper will take place on Easter Sunday. Special Easter music will be rendered by the choir which will number fifty voices. A new soloist has been added to the choir. He is Master Stephen Sleightmaker, of Beloit, Wis., who came here one day this week to resume taking vocal instructions from Miss Amy Peavy, who taught him at his home before taking the position she now holds in the Ishpeming schools. The boy is out twelve years of age, but he is said to possess a wonderful voice. Next summer he goes out on a tour with the Roney, Boys' Concert company of Chicago. The instructor of this famous organization has been under his care and instruction for some time last year and he says he is a remarkable singer. The boy will be heard at the opening services of the church.

On Palm Sunday there will be services at 8 and 10:30 a. m.; Sunday school at 12, and services again in the evening at 7 o'clock.

TO ISHPEMING VOTERS.

To The Mining Journal.—At the Labor party's meeting held in this city on Tuesday evening of this week the candidate for mayor who addressed the gathering and devoted much time to the abuse of certain men made the statement that the French-American voters of the city are supporting the candidacy of a certain office seeker. We wish to assure the voters who may be inclined to believe that this statement is true that our people have not declared themselves favorable to any candidate for any of the city or ward offices. At a meeting of the French-American voters of the city held a short time ago it was the unanimous decision of all present that the Frenchmen would support men they considered best fitted for the offices for which they are nominated. We want to assure all concerned that we will support men whom we think will work for the interest of the city and its people and not for the interest of individuals.

FRENCH-AMERICAN.

Loss of Appetite is also loss of vitality, vigor, tone. To recover appetite and the rest take Hood's Sarsaparilla, which strengthens the stomach, perfects digestion, makes eating a pleasure. It also makes the blood rich and pure, and steadies the nerves.

The ladies should take advantage of the bargain line, offering in shirt waist materials, wash goods, etc., embroideries, etc. Finnish Mercantile association.

MELOCHE'S ACCUSATIONS.

His Arraignment of William Andrews Created No Little Comment.

In the opinion of some of Mr. Andrews' friends the account of Dr. Meloche's speech printed in yesterday's Mining Journal, left the impression that there was some foundation for the accusations of the doctor. The Mining Journal printed the statements as Meloche made them, and no comment was made on them, one way or the other.

The statements of the candidate for mayor were given for what they are worth. The reporter did not think that anyone, especially those who know Mr. Andrews, would think for a minute that he was guilty of receiving a "rake off" from the slot machines and fakirs. Mr. Meloche will have to furnish positive proof of this before the statement will go down with Andrews' friends. During the years Mr. Andrews held the executive chair he conducted himself as mayor in a manner that left no doubt of his honesty and sincerity. He did of his thought best for the interest of the taxpayers and the citizens generally. With all the differences that arose between Andrews and others concerned in the management of the city's affairs, The Mining Journal does not hesitate to say that none of those who fought him during the time he took the office until he retired would accuse him of accepting a bribe from anyone.

Mr. Andrews has been a resident of Ishpeming for the past thirty-five years and during that time no man ever accused him of dishonesty. It matters not what his political enemies have had to say of him as a public official or politician, The Mining Journal does not hesitate to say that the accusations of dishonesty made by Meloche are the first of the kind ever brought against him.

A SHOW THAT PLEASURES.

The Iron Mountain Tribune of recent date gave the Kinodrome show, which will be at the Ishpeming opera house next Monday, Tuesday and Wednesday evenings, and Wednesday afternoon the following mention:

"The Kinodrome show started a three night's engagement last evening under the management of Horace S. Clark, and if the first night is any criterion to judge by the attraction will be by far the best patronized of the season and it is well merited.

"The audience last night was very large. There were 700 paid admissions and about 300 free. Fifteen minutes before the opening every reserved seat had been sold and standing room was soon at a premium. Two little girls were squeezed in the crowd that they had to be taken into the ticket office to be revived.

"The audience was enthusiastic. The pictures of the McKinley funeral ceremonies were loudly cheered and owing to popular demand will be shown again tonight.

"The Columbia-Shamrock races also called for loud applause and will be repeated tonight.

"Several very amusing pictures were shown. 'Love's ardor suddenly cooled,' 'The visit of a spiritualist' and 'Hooligan and his flying machine' almost sent the audience into hysterics.

"Tonight the Thirty-fourth Regiment, M. N. G. going into action in Cuba will be portrayed and will no doubt draw as large a house as last night.

"The prices of admission will be ten, twenty and thirty cents, with ladies free on the usual conditions the opening night.

SOCIAL CLUB ORGANIZED.

The Recreation club is the name of an organization recently formed at the Winthrop. Among the members are the superintendent and all the teachers of the school. An entertainment will be given at the auditorium of the new school next Thursday evening. A number of the Winthrop people have been invited and it is expected that there will be a large turnout. There will be a banquet at the conclusion of the entertainment.

LA GRIPPE QUICKLY CURED.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe," says F. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by Stafford Drug Co.

A SEVERE COLD FOR THREE MONTHS.

The following letter from A. J. Nusbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. People's Drug Store.

Itchiness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never-failing cure—Doan's Ointment. At any drug store, 50 cents.

LADIES CAN WEAR SHOES

One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions. At all druggists and shoe stores, 25c. Trial package free by mail. Address, Allen S. Olmsted, Le Roy, N. Y.

ISHPEMING IN BRIEF.

The employees of the Lake Superior Iron company were paid yesterday for last month's work.

Will Melly of Duluth, who has been visiting friends the past ten days or so, will leave for his home tonight.

Tony Bell is minus the third finger of his left hand. He had it taken off while operating a planer at the manual training school.

E. B. Daly, traveling freight and passenger agent of the Chicago & Northwestern line, spent yesterday in the city on a business mission.

Rev. M. Kehoe, pastor of St. John's church, who has been in Milwaukee for the past three weeks receiving treatment for a nervous disorder, is expected home today or tomorrow.

Kahn & Skud have a word to say to prospective buyers of goods in their line in this issue. Their new goods in all lines are now in and they have many inducements to offer. Call and see them.

E. D. Brigham, general freight agent of the Chicago & Northwestern line, spent yesterday in Ishpeming. Mr. Brigham lived in this city a number of years and his many friends here are always glad to see him.

John M. Smith, late of Milwaukee, has taken a position as stenographer with the Cleveland-Cliffs Iron company, succeeding Miss Groschbush, who recently went to Duluth to take a place with a hardware firm.

Miss Ida Braastad left last evening on her trip abroad. She may be joined within the next three months or so by her brother, Julius, who is now attending college. Miss Braastad expects to remain away a year or so. This is her second trip across the water.

John Dickinson, a well known resident of the Winthrop, will leave within the next few days for the Mesaba range, where he will look around for a desirable location at which to engage in business. He has conducted a confectionery store at the Winthrop for some time past.

Oscar Lindberg has accepted a position as traveling salesman with the Plankinton provision house. Oscar is an Ishpeming boy who has many friends and all will wish him success in his new vocation. He has been in the employ of Lindberg Bros., of which firm his father is a member.

The Swedish Home society's members will conduct a festival at the regular meeting place on the evening of Good Friday. Only members and their families will be present. A musical and literary program will be rendered and a fine supper will be served. The latter will be made a feature all will remember with no little satisfaction.

The reserved seat tickets for the opening entertainment of the Kinodrome show next Monday evening at the local opera house will go on sale today at Tillson's drug store. The prices to prevail for the three evenings will be ten, twenty and thirty cents, with ladies free on the opening night if accompanied by a person holding a paid reserved seat ticket.

BLIND AND A PEARL EXPERT.

A Sightless Tennesseean Who Hunts for and Deals in Gems.

Joseph Gossett, aged forty-two, of Clinton, Tenn., the center of the great pearl hunting industry, is totally blind, but he hunts pearls as successfully as any of the thousands of mountain people who swarm along the Clinch and Holston rivers looking for them.

Gossett was among the first persons to discover that the Clinch river pearls existed. He was then hardly twenty-one. He sold his first pearl for \$50 and after that became an eager pearl hunter. While waiting in the river he contracted malaria and lost his eyesight, but he did not give up. The next spring found him at the head of a gang of pearl hunters, and he has since been persistent in his work.

He finds the mussels with his hands or feet by the sense of touch. After gathering a quantity of the bivalves he will sit in his boat and open them, slowly feeling in the shells of the mussel for the pearl.

No sooner has he found one than he can estimate its value in every particular except as to the color. For this element he trusts his sister, Miss Malinda Gossett.

He lives in a suburb of the town in a house which he owns. He buys many pearls. He has bought from pearl hunters already this year \$5,000 worth of pearls and states that he will handle four times as much before the year has closed.

"I will go to New York next fall," he says. "I intend to buy a large stock and go with my sister. I am sure that I would find a ready market instead of dealing with the brokers as I do."

Gossett has never married and takes no interest in anything but his profession. He wears a glove of his left hand constantly, as he says that this is his "pearl hand," meaning that with it he feels pearls when making purchases.—New York Sun.

BOCK BEER.

The Bock Beer made by the Upper Peninsula Brewing Co., of Marquette, will be on sale Saturday wherever Marquette beer is sold. (3-21-02)

We will be pleased to have the ladies call and see our display of millinery goods, etc. Prices are most reasonable. Finnish Mercantile association.

WANTED—FOR RENT OR SALE

WANTED—Apprentice girl for millinery. Irish girl preferred. Apply to Mrs. I. Listerstedt.

LOST—In Ishpeming or Negaunee, Sunday night, a watch chain fob, black band, oval jacket, set with opals, encircled by brilliants, with letter "M" engraved on back. Finder will confer a favor by returning to Carl and Mrs. George Veecker, Ishpeming, and receive reward. 3-19-02

FOR SALE—Eight room house at 513, corner of North and Fifth streets. Enquire of Alex Nelson, the ice man. 3-19-02

WANTED—An all around blacksmith. Steady job and good wages to the right man. J. C. Altschwaeger, Ishpeming. 3-19-02

FOR SALE—Two single spring wagons. Will go cheap. George Veecker. 3-15-02

IT WILL BE
A FEAST FOR THE LADIES
To look over our new line of
Muslin Underwear and White Shirt Waists.
(Just a little nicer than the other fellow's.)

SPRING!
The melting snow and high sun indicate the retirement of winter, and certain approach of spring and summer. We have been preparing for it and today we have in our store the finest and best selected line of : : : : :
Lawns, Dimities, Organdies and Etamines and Dress Goods. General line of Trimmings, Laces, Embroideries, Ruchings, etc. Dress Skirts, Walking Skirts and Silk Skirts, Table Liners, Napkins and Towels, Lace Curtains, Tapestry, Corsets, etc. : : : : :
The Best Goods at Lowest Prices is Our Motto.

KAHN & SKUD,
COR. MAIN AND PEARL STS.
Our line of Shoes is without exception the best in the city. We only keep the very best makes. 3-21-02

A CHANCE IN A LIFE TIME
Fifty Thousand Dollars
to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it.
In development on the ledge and a complete five stamp mill, with all other necessary machinery ready to run. The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25c per share, par value \$1.00 each, fully paid and non-assessable, to further develop and put the property on a paying basis.
A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York syndicate for \$200,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.
Do not lose this opportunity. It will never come again.
For further particulars, prospectus, report on mine, reference, etc., address,
OZARK GOLD MINING & MILLING CO.,
MOSCOW, IDAHO.

GREAT DEVELOPMENT
In Florence—The Splendid Showing of the Banner and Ozark Has Stimulated All Other Mining Enterprises.
J. N. Taylor, United States Mineral Surveyor, has just come down from Florence and reports great activity in the camp and that there is more development going on at the present time than there has ever been before in central Idaho.
In an interview with The Star reporter, Mr. Taylor said: "The Banner is working sixty men in getting their mine ready to start as soon as the hundred ton mill they are putting in is completed. This property has developed into a great mine, I believe the largest free milling gold mine in the Northwest. They have twenty-seven feet of \$14.00 ore in one drift, and twenty-three feet of \$66.00 ore in another drift. This property was bought by a New York syndicate composed of Henry Glews, Asbuckle Bros., and others a short time ago for two hundred thousand dollars, and the value of the property today is hard to estimate as they have a million dollars worth of ore blocked out."
"The Ozark mine lying north of the Banner is also drifting on a twenty-four foot ledge on the 100 foot level, and there is no question but that it will develop into a great mine, as it has the richest ore in the camp and has a greater showing as far as developed than the Banner. They expect to get the mill now on the property started by the first of March and add stamps enough as soon as the roads will permit in the spring to make their capacity 100 tons per day, and with these two big mines with others that are getting ready to start, the people of Florence are looking for a great boom in the spring. The town of Florence is full of mining men looking for bonds on property where the owners are not able to do the necessary development work to put the property on a paying basis but as usual the prospectors' idea since the development of the Banner and Ozark is such that they are hard to deal with in the way of price, but the people who are looking for the property have made liberal offers since the Banner and Ozark started, and I am satisfied will pick up most of the best properties between now and spring."

THE MODERN STORE.

It Has One Department Little Known To Customers.

The great department store of our time has one department usually unvisited by customers, and yet very essential to the good of the store. It is the hospital department. The hospital is a feature of the equipment of the great modern department stores, because experience has proved its advantages. It is not more a mark of humanitarian progress than of commercial sagacity. It is not there for the benefit of customers, though its use would not be denied them. It is there for the benefit of the clerks, a majority of whom are women, and these women are those who most exclusively use the hospital. It is not an uncommon thing for the young woman employee of the store to sink down exhausted, or to drop

fainting to the floor. Her shop-mates promptly care for her, and she is assisted to the hospital where she may rest and have the needed restoratives.

WOMEN THE SUFFERERS.

While the existence of the store hospital points to the sympathy of the management with its employees, it also emphasizes the weakness of the women for whom the hospital is established. Women who work must be prompt and regular in their duties or they are not wanted. The back may ache, every step may jar along the spine until the head throbs painfully. The reaching up for a box of gloves or the stooping to pick something from the floor may cause acute pain, but the woman behind the counter must hold on until she drops, and she generally does. Then comes the hospital, a brief rest, and some palliative for her present pain. Next month she may repeat the same experience; for it is noted that this liability to physical collapse among women is much greater at certain periods. The hospital is good in its place. But what these women need is health, sound health. And sound health for them means the cure of those womanly diseases which are the primary cause of the physical weakness such women feel. There is a cure for womanly diseases which has the testimony of tens of thousands of women to its perfect and permanent nature. It is Dr. Pierce's Favorite Prescription, the medicine which makes weak women strong and sick women well.

"A heart overflowing with gratitude as well as a sense of duty urges me to write to you and tell you of my wonderful recovery," says Miss Corinne C. Hook, of Orangeburg, Orangeburg Co., South Carolina (care of J. H. Hook). "By the use of Dr. Pierce's Favorite Prescription I am entirely a new being compared to the poor miserable sufferer who wrote

you four months ago. I remark to my parents almost every day that it seems almost an impossibility for medicine to do a person so much good. During the whole summer I could scarcely keep up to walk about the house, and yesterday I walked four miles and felt better from the exercise. I now weigh 125 pounds. I read in your book of testimonials where a lady said Dr. Pierce's medicines were a 'Thousand pounds of comfort,' please let me add one thousand pounds more to it. Mine was a case of complicated female disease in its worst form."

THE BEST MEDICINE FOR WOMEN.

Dr. Pierce's Favorite Prescription can lay claim to being the best medicine for women without fear of contradiction. It is best because it contains no alcohol, and is entirely free from opium, cocaine and all other narcotics, which give only temporary relief from pain. It is the best medicine for women because its cures are radical, going to the root of disease and establishing perfect and permanent health. To these claims the women themselves are the witnesses, who having tried in vain other medicines, have found in "Favorite Prescription" a complete and lasting cure.

"I feel more than grateful to you for the benefit I have received from Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. Ervle E. Miller, of Dutchess Co., N. Y., care of Box No. 1. "For a number of years I had been troubled with female weakness, nervous headaches, irregularity, restlessness at night, and, in fact, was all run down, but after taking three bottles of 'Favorite Prescription' and one of 'Golden Medical Discovery' I feel that I am entirely cured. Have no more nervous headaches, and rest very good at night; in fact, feel like a different person, thanks to your kind advice and wonderful medicine. I earnestly advise all who suffer from any similar troubles to write to Dr. Pierce at once. They will not regret it."

For the majority of women there is no need to be sick with womanly diseases. The figures show that out of every fifty women suffering from diseases peculiar to their sex forty-nine are cured by the use of Dr. Pierce's Favorite Prescription. Even the one woman in fifty for whom no perfect cure is possible is benefited by a lessening of pain, and an increase of strength through the use of this great medicine for womanly ills.

"Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It is the best tonic and nerve for weak, worn-out and run-down women. It quiets the nerves, encourages the appetite and induces refreshing sleep. It is a purely vegetable preparation, and cannot disagree with the weakest constitution. Weak and sick women are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

FREE TO EVERY WOMAN. The best medical book free. Doctor Pierce's Common Sense Medical Adviser, the greatest modern medical work containing more than a thousand large pages and over 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Negaunee and Vicinity.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

FEW MINERAL TRACTS LEFT.

Nearly All Desirable Lands Now Owned by the Larger Corporations.

A little over a year ago several Negaunee people were interested in the mineral lands of the city and Cascade range. The many transfers that have taken place here within the past eighteen months have resulted in the passing of the more valuable tracts to the large corporations operating mines on this range or estates known to possess more or less wealth. The transfers of the lands to their new owners is regarded as a good thing for the city. There is now every indication that more exploratory work will be done here during the next two or three years than in the fifteen preceding years. Prospects for additional mining work being prosecuted are also brighter. The effects of the change are being felt and all concede that the present year will be one of the best and most prosperous the city of Negaunee has ever known. And as time passes, at least while the demand for iron continues at the prices now prevailing, the conditions will continue brighter and the city will grow and prosper.

In a talk with a local business man who has held interests in the lands of this city and the Cascade range for nearly thirty years past, the reporter was told that there is now but one tract of land known to possess one of the Cascade range that is not owned by a corporation. The recent sales out there resulted in the transfer of all the mineral tracts explored up to this date, with the exception of that forty. According to this man it will not be long before this parcel will also pass to new owners, negotiation for its sale are now under way.

There is no mineral land in the city offered for sale by individual owners. Indeed there is nothing that the corporations or the estates are not now in control of. There is one eighty-acre strip that will some day be considered of much greater value than it is at this time. This is known as the Tracey property.

A shaft sunk on the property some years ago was bottomed in ore. It is the opinion of all here who know anything about the formation in that vicinity that the deposit which extends to the Tracey property is a continuation of that at the Blue mine. This being true, a mine will some day be developed there.

HOUSES ARE SCARCE.

Desirable dwelling houses for rent are in short supply in Negaunee. And the condition will not improve any within the next year or two, as the population is increasing steadily. The opening of the Maas mine and the increase of forces at other properties are bringing additional families to the city. It is said that whenever a tenant notifies his landlord he is besieged with calls until it is positively known that the house has been rented again. Prospects for the building of any great number of new houses are not as bright now as they were last fall. The contractors have not yet been called upon to submit figures for as many dwellings as they had anticipated. The fear that lumber will be high this season is keeping many who a few months ago contemplated building from making a move in that direction.

THE WINDOWS ARE IN.

Perkins' drug store, which has had the appearance of a carpenter and iron working shop for some time past, will soon begin to assume its usual appearance. Not exactly that, but something better, as the improvements under way there will result in making it one of the most attractive stores of its kind in the upper peninsula.

The large plate glass windows were put in position Wednesday. There was a delay in this work as the firm from which the glass was ordered made a mistake of four inches in the measurements. This was not discovered until just before the frame work was finished and the contractor was obliged to send away for a man to cut it. The workmen were busy yesterday giving the iron ceiling the finishing touches. This done, the painters will take possession of the store.

WILL HAVE AN OPENING.

Levine Bros. are preparing to have a grand opening at their store on Wednesday of next week. It is the intention of the firm to have an opening about this time every spring.

The Negaunee Orchestra band will be present in the evening between 7 and 9 o'clock and a concert of choice selections will be given. The different departments will be appropriately decorated and every lady who calls will be given a neat souvenir. The firm extends an invitation to the public to attend.

BOOK BEER.

The Book Beer made by the Upper Peninsula Brewing Co., of Marquette, will be on sale Saturday wherever Marquette beer is sold. (3-21-20)

BELLEVUE FARM BUTTER AND PASTEURIZED CREAM ALWAYS ON HAND AT HAUPT'S.

Both telephones. (1-15-14)

WEDNESDAY AND THURSDAY NEXT WEEK.

I will be pleased to have the ladies of Negaunee and surrounding towns visit my millinery parlors on the occasion of my Easter opening on Wednesday and Thursday of next week, April 20th and 21st. I have visited the best millinery houses in the East personally, and am prepared to show you the exact styles prevailing in New York this season. MRS. ARLAND, Negaunee. (4-17-0)

PNEUMONIA FOLLOWS A COLD

but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. People's Drug Store.

AT THE MAAS MINE.

The shaft at the Maas mine is down about 104 feet. Considering the condition of the ground through which the shaft is being sunk, the record made thus far is gratifying to the management. Indeed it might well be considered remarkable, as the proposition is one not easily handled. The pumps are having no difficulty in taking care of the water that comes into the shaft. Considerable sand continues to come up with the water, but this is expected. At times the quicksand threatens to cause delay in sinking, but so far the downward progress has not been interrupted by any untoward circumstances. The timbering, both intact and promise to so continue until the ledge is reached. It would take a tremendous run of quicksand and water to crush in the timbering, as the sets are all bolted together.

It was rumored about the city during the week that clay had been struck at a depth of 104 feet, but that was not true. It is not expected that clay will be reached for some time yet, as the diamond drill borings did not show it above a depth of something like 150 feet.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and All Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Stafford's drug store.

LOCAL LACONICS.

Abe Levine left Wednesday evening for Chicago, where he will spend a few days purchasing goods. Mark Elliott came up from Crystal Falls Wednesday and returned yesterday. He is superintending the operation of a property for James J. Laughlins.

J. C. St. Clair, who is interested in mining affairs at Sparta, Mich., arrived in the city on a business mission. He is well known in Negaunee, as he lived here a number of years.

A district mission meeting was held on Tuesday and Wednesday at the Swedish Lutheran church here. Ministers from every place in the district were present. The evening sessions were largely attended by members of the local congregation.

Will Wagner, representing a well known jewelry house of Cleveland, will move his store to the corner of Broadway and Second streets tomorrow, as he has first intended. He will have a large assortment of the jewelry of the latest styles and best makes and will be pleased to receive callers while here.

A vicious dog owned by Maurice Wollner is out of business. The car attacked nearly every one who came near him and on Wednesday bit a boy quite badly. Complaint was made to Marshal Thomas Grille and the officer went over and administered a deadly dose of lead. So the troublesome canine is a good dog now.

The employees of the Negaunee, Regent and Hartford mines, all operated by the United States Steel corporation, were paid yesterday for February work. Ed. Jory has been confined to his home by an attack of rheumatism, the last few days. He has a great deal of work at his shop and his indisposition at this time causes him much worry.

Fred Williams, who recently gave up a position with F. W. Reed & Co. here to accept a place with the Consolidated Fuel & Lumber company at Ishpeming, does not expect to move his family from this city for several weeks. He may not find a desirable house for some time, and will not move until he gets a place to suit him. A number have been after the dwelling he occupies here since it became known that he had gone to Ishpeming to work.

The Kinodrome show, which opened last evening at McDonald's opera house for a three-night and matinee engagement, is all that is claimed for it. There was a large assemblage present last evening and a better pleased crowd never left the theatre. The pictures are of unusual interest and many scenes are shown. The views of the Pan-American, the McKinley funeral, etc., made a very favorable impression. The pictures of "Happy Hooligan" caught the house. The "Hooligan" views will be a feature tomorrow afternoon at the matinee to be given.

Two amendments to the license ordinance at the Soco have been proposed with a view to fixing auction and peddling fees. One of these prohibits the sale of goods in public places by attracting a crowd by means of music or other noise. The other gives permission to such manner of vending but attaches to it a graded license fee of \$8 per day. The ordinances were referred to the committee with a view to the selection of the one best suited to the interests of the city.

A Menominee dispatch says: "Green Bay is now navigable, the high gale having blown the ice out. Chicago and Milwaukee boats and the Ann Arbor car ferries are expected in a day or two. A large number of fishermen were on the ice when it moved and barely escaped being carried off. They took refuge on Chambers island, and on Green Island. This is the earliest opening of navigation in Green Bay ever known."

The Michigan Telephone company is stringing about forty miles of private wire for the Oliver Mining company in the Iron River district. It will be for the exclusive use of the Oliver company.

The Crawford Manufacturing company of Menominee has purchased 1,000,000 feet of box lumber from the Edward Hines company's stock at Ashland, Wis., to be used in the manufacture of boxes.

Upper Peninsula.

Menominee has been paying hydrant rental to the water company on private hydrants for about ten years, which rental amounted to about \$6,000 during that time. This state of affairs was discovered by the mayor, who announced the fact at the council meeting a few nights ago. There is an important legal question involved in the matter and for that reason a committee, including the mayor, was appointed to look the matter up and report at the next meeting. It is very likely that it will be carried to the courts and the city will there try to recover the money that it has been paying out. Six of these hydrants are situated at the point occupied by the L. W. & V. S. company's old mill, and six at least, are on the island between K. C. Co.'s old mill and the Ludington-Wells mill. The fact that the city was paying for these hydrants was discovered accidentally. Mayor Edlitz went to the officials of the water company to see if some of the hydrants which the city could not be cut off, and thus save considerable expense to the city. He had a map all laid out showing the location of all the hydrants, and upon coming to the L. W. & V. S. company's hydrants he said that he supposed that the company would cut them off, as they were soon going out of business. Superintendent Campbell, who was standing near, said he didn't think so, as the city was paying for those hydrants. This was a great surprise to the mayor and he immediately commenced investigations with the above result. The mayor saw officials of the water company, about the matter, but could secure no satisfaction from them and it will have to be settled some other way.

The Blue Ribbon hotel, at the corner of Portage avenue and Johnson street, Sault Ste. Marie, was almost totally destroyed by fire the other morning. When the firemen reached the hotel the building was a mass of smoke and flame. It proved to be a very difficult fire to fight as it had a good start and the building was a frame structure. It was long after noon when the department finally had the fire extinguished. The fire started in a room off from the bar and in the center of the building. When it was discovered the room was in flames and Proprietor Frank Kellar received a severe burn before he could get out of the building. The fire spread so rapidly that it was impossible to save any of the contents of the building, except two trunks and the cash register. In saving his trunk through a window in the second story Mr. Kellar cut his hands badly. The building was the property of D. M. McKenzie, whose loss is about \$3,000; insurance, \$1,500. Kellar's loss is \$1,800, which is covered by \$1,000 insurance. Kellar is the well-known pugilist and he has been in the hotel business about a year. He had decided to stay out of the city, but this fire is a serious misfortune to him and he thinks now that he will have to be fighting again before long, unless he can be speedily re-established in business.

Under the caption, "How's This, Counsel, Are There Two Official Bands of the Third Regiment?" the Ironwood Times says: "From the News Record of Sault Ste. Marie we glean the somewhat interesting information that Colonel Bates has, with great éclat, and other stunning accompaniments, mustered in the Soco Military band as the regimental band of the Third Regiment, M. N. G. This will undoubtedly be somewhat astonishing news to the boys of the Third Regiment band, of Ironwood, inasmuch as they are still in the service, and have never been asked to resign. When they were mustered into the service as regimental band, their term of service was for three years, and they still have about a year of this time to serve. A local military man, well posted on such matters, tells the Times that the only manner in which the band can be removed from the service is upon the request or order of the adjutant general, and this officer, or in fact any other officer, has never intimated to the local band that they should resign. The counsel's trolley has evidently been somewhat twisted by the blare of trumpets with which he succeeded in having himself inducted into the Soco, and he has come to the conclusion that when he stands on one side of the state the other side tips up."

Myron Seymour, who is alleged to have shot his cousin's wife at Stephenson, has been arrested. After the shooting he took a rig and drove to Daggett, as fast as possible. He came back and was found sitting on the bed with the wounded woman. The three brothers of the woman pounded him and would probably have killed him, but the woman said she did the shooting herself accidentally. Seymour says he went to Daggett to get a doctor and that the woman was fooling with a revolver with which he had just shot a horse. He claims she is in love with him and he with her. He was brought to Menominee and placed in jail. The woman will recover.

Two amendments to the license ordinance at the Soco have been proposed with a view to fixing auction and peddling fees. One of these prohibits the sale of goods in public places by attracting a crowd by means of music or other noise. The other gives permission to such manner of vending but attaches to it a graded license fee of \$8 per day. Contagious Blood Poison

Is the name sometimes given to what is generally known as the BAD DIS-EASE. It is not confined to dens of vice or the lower classes. The purest and best people are sometimes infected with this awful malady through handling the clothing, drinking from the same vessels, using the same toilet articles, or otherwise coming in contact with persons who have contracted it.

It begins usually with a little blister or sore, then swelling in the groins, a red eruption breaks out on the body, sores and ulcers appear in the mouth, the throat becomes ulcerated, the hair, eye brows and lashes fall out; the blood becoming more contaminatular eruptions and sores appear upon different parts of the body, and the poison even destroys the bones.

Ten years ago I contracted a bad case of Blood Poison. I was under treatment of a physician until I found that he could do me no good. Then began taking S.S.S. I commenced to improve at once and in a very short time all evidence of the disease disappeared. I took six bottles and today am sound and well. R. M. Wall, Morristown, Tenn.

S.S.S. is a Specific for this loathsome disease, and cures it even in the worst forms. It is a perfect antidote for the powerful virus that pollutes the blood and penetrates to all parts of the system. Unless you get this poison out of your blood it will ruin you, and bring disgrace and disease upon your children, for it can be transmitted from parent to child. S. S. S. contains no mercury or potash, but is guaranteed a strictly vegetable compound.

Write for our free home treatment book and learn all about Contagious Blood Poison. If you want medical advice give us a history of your case, and our physicians will furnish all the information you wish without any charge whatever. THE SWIFT SPECIFIC CO., ATLANTA, GA.

MANHOOD RESTORED "CUPIDENE" This great Venereal... Cupidene... For Sale by Stafford Drug Co.

The box business is growing rapidly and one lumberman estimates that between 35,000,000 and 40,000,000 feet of lumber are used for boxes in Menominee and Marinette every year. Sault Ste. Marie lodge, No. 552, R. P. O. E. is arranging for a street fair to be held three days during the early part of August. Among the star attractions already secured are the famous Bortock exhibits that were a feature of the Pan-American exposition last summer.

TOLD OF PRINCE HENRY'S FATHER.

The visit of Prince Henry to our country reminds me of an interesting incident in the life of his father, "Crown Prince Fritz," as the people loved to call him. It was a very story which was told me while stopping in a well-known hotel in Munich. "One evening, on the coming of the omnibus from the station to the hotel, a gentleman and wife alighted, dressed in a plain suitable traveling costume, and asked for a room. 'Oh,' said the clerk, 'I am sorry, but we have not a vacant room in the house except one, and that is just under the roof, and quite plainly furnished; you would not like that, I am sure.' 'Yes,' exclaimed the traveler that will do, for we are tired and can rest almost anywhere.' Reluctantly they were escorted to the little room under the roof. For a whole week they went in and out, taking their meals at the public table, visiting galleries and places of interest, looking into shop windows, and having a genuine good time. But alas! one day a soldier met them on the street and saluted him as the 'Crown Prince of Germany.' 'Our Fritz,' like the wind the news flew over the city. 'The crown prince here? Where? When did he come—no announcement has been made of the fact. It must be a mistake.' No, they had come incognito, just to lay aside royalty for a little while and do as other people did, having a good time in the plain little room under the roof. 'Oh, Fritz! good times are all over; we are found out!' exclaimed the princess. 'Imagine the utter dismay of the proprietor when he found out that he had been entertaining the crown prince and princess of Germany in the little room under the roof. 'No apology is needed,' said the prince. 'It is just what we wanted.'—Springfield Republican.

New radishes, lettuce, beet greens, parsley, water cress received from the grower every day. Also a full line of fruits and vegetables at George Haupt's grocery. Both 'phones. (12-7-14)

"HEPPNER'S" CELEBRATED HOME-MADE BREAD AND CAKES AND ICE CREAM AT GEO. J. HAUPT'S, Fresh Every Day.

Boston Brown Bread, Graham Bread, Home-made White Bread, Finger Rolls, Buns, Mince and Apple Pies, Coffee Cakes, Crescent Coffee Cakes, Fried Cakes, Tarts, Cream Puff Shells, Jelly Rolls, Angel Foods, Walnut Squares, Silver Squares, Jelly Squares, Lady Fingers, Macaronis, Ice Cream. Everything absolutely pure and wholesome. These goods on sale at J. Sellwood & Co.'s grocery store, Ishpeming, also.

Ely's Cream Balm is an old friend in a new form. It is prepared for the particular benefit of sufferers from nasal catarrh who are used to an atomizer in spraying the diseased membranes. All the healing and soothing properties of Cream Balm are retained in the new preparation. It does not dry up the secretions. Price, including spraying tube, 75 cents. At your druggist's or Ely Brothers, 56 Warren street, New York, will mail it.

DANGERS OF PNEUMONIA.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. People's Drug Store.

A GREAT FEUDAL LORD.

Lord Rosebery, according to T. P. O'Connor, lives the life of a great feudal lord on his estates. He has a host of retainers, splendid equipages, and everywhere his coronet is in evidence. He travels from one of his great houses to another with positions as if railways had not been invented. The Liberal leader is a great noble, and the people like him all the better for being apart from them in the pomp and circumstance of his private life.

RAW OR INFLAMED LUNGS

Yield rapidly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. People's Drug Store.

DANGER OF COLDS AND LA GRIPPE

The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventative of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Stafford Drug Co.

IS BADLY NEEDED

WATER BOARD CONSIDERING ANOTHER IMPROVEMENT.

A SECOND DISCHARGE PIPE

ESTIMATED WORK WILL COST CLOSE TO \$5,000.

But One Pipe from Pumps to the Mains at Present and Mishap to It Would Necessitate Entire Suspension.

The water board has under consideration a project, the consummation of which will make the city water works system almost perfect itself. It is the installation of another discharge pipe, leading from the pumping plant to the mains, at an estimated cost of about \$4,700.

The proposed improvement is one of which there is great necessity. At present there is but one discharge pipe, through which the water is pumped into the mains. It runs from the station, up Ridge street to the corner of Spruce, where it connects with the main.

It is now proposed to install a second discharge pipe which shall lead direct from the station to the Lake street main. Two routes are suggested, one following a circular course from the south side of the station and the other leading from the north side and swinging over to Walnut street, down which it would lead to Lake.

The board has prepared for emergency at the station by some years ago installing a second pump, and last fall a second intake pipe was laid and now it is planned to supply what appears to be the only remaining deficiency in the system.

DISTANCE LENDS ENCHANTMENT. Do the People of Marquette Appreciate Their Amusement Advantages?

A former member of The Mining Journal staff, Frank J. Russell, who is now taking a course at the state university at Ann Arbor, doesn't find the quality and quantity of entertainments supplied the people of that city sufficient to satisfy the taste he acquired as a resident of Marquette.

There is little going on in the way of amusements here. I attended the "Belle of New York" the other evening. The company was the same that appeared at Marquette shortly after I left some in the fall. I enjoyed the performance very much. We have very few good plays here, but I notice from The Mining Journal that you are getting quite a run of good things at Marquette.

STAFFORD FUNERAL SUNDAY.

The funeral of Wm. J. Stafford will be held Sunday afternoon at 2 o'clock from St. Peter's cathedral, with burial in Holy Cross cemetery. The Catholic Order of Foresters, in which order Mr. Stafford held membership, will have charge of the obsequies.

BOCK BEER.

The Upper Peninsula Brewing Co.'s Bock Beer will be on sale Saturday at all the places where this celebrated beer is sold.

NOTICE.

Carpenters' special meeting, Friday night, March 21, at Union hall. All brothers are requested to be present.

VALUABLE HORSE DROWNED.

Team Goes Through the Ice Near the Dead River Mill.

A horse belonging to Maurice E. Harvey, of the Dead River mill location, was drowned in the river about 4 o'clock Wednesday afternoon, going down at a point near the mill. The team owned by Mr. Harvey was engaged in hauling ice cut for Ondotte for use at his place of business at Presque Isle.

ALGER COUNTY PRISONERS.

To Be Confined Here Until New Jail at Munising Is Built.

Sheriff Gibson and Deputy Peterson, of Alger county, brought three prisoners to the county jail here yesterday. The men are: Solomon H. Huber, the Limestone township farmer charged with murder in having killed Thomas McKenny, a neighbor in a quarrel over a pig worth \$3, and James McDonald and Joseph Siskick, awaiting trial on the charge of burglarizing a dwelling at Grand Marais.

The removal of the prisoners to Marquette was made necessary because the present Alger county jail building at Au Train, is to be torn down and another erected at Munising, the new county seat, the jail in this city being considered the most convenient place to which to transfer the inmates.

FUNNIEST OF OPERAS.

King Dodo a Jolly Old Dog With a Suite of Jolly Courtiers.

"King Dodo" and his hilarious courtiers will transform the opera house into the realm of laughter and melody next Wednesday evening. He's a jolly old dog, and his court is as jolly as himself. When the king cuts loose, his suite takes a hand in the game, and the result is an evening's merriment such as one is seldom offered.

HAS PLENTY OF ICE.

The Lake Superior Ice company has finished its harvest and has a supply of ice sufficient to meet all demands during the warm months. The last ice cut was taken from Dead river, where fifty railroad cars were loaded and hauled to the big ice house via the South Shore and Marquette & Southeastern tracks.

A NEW RAILROAD?

LANSING DISPATCH THAT CAUSES INTEREST HERE.

REPORTS A PROJECTED EXTENSION

SAID MANISTIQUE LINE WILL COME THIS WAY.

Marquette the Reported Goal of the Pennsylvania Company, Credited With an Intention of Invading the Iron Fields.

According to the following dispatch from Lansing, Marquette is to have a new railroad—built and operated by the Pennsylvania system: "The Traverse City, Leelanau & Manistique Railroad company has filed a map with Railroad Commissioner Osborn covering the portion of its line from Traverse City to Northport. It will touch Traverse bay points which hitherto could not be reached except by boat.

The Lansing dispatch is in line with the many rumors of the Pennsylvania's intention to invade the upper peninsula, with particular desire to reach the iron mining field, but as far as the stories linking the Cleveland-Chiefs people with the alleged proposition are concerned, there is little to show that such is the case. The move on the part of the Pennsylvania company—if one is in contemplation—would appear to be an independent project.

ENDORSES STONE'S DECISION.

Judge A. T. Streeter, of the Houghton circuit court, is of the opinion that the decision of Judge J. W. Stone which compels brewers manufacturing beer outside the state to pay a license of \$500 at every point where they sell liquor through an agent, is constitutional, and he believes further that when the case is taken to the supreme court the decision will be affirmed. Judge Streeter explains that this is a matter which the supreme court has touched on before; that foreign brewers should pay a license because a congressional enactment passed several years ago covers that point, and further that it is just as a protection to the home manufacturers who pay their taxes, in support of their home towns.

HAS PLENTY OF ICE.

The Lake Superior Ice company has finished its harvest and has a supply of ice sufficient to meet all demands during the warm months. The last ice cut was taken from Dead river, where fifty railroad cars were loaded and hauled to the big ice house via the South Shore and Marquette & Southeastern tracks.

judges in years. It is being discussed in legal circles all over the country.

MANISTIQUE TROUNCED.

Maccabees Gave Them Their Final Defeat Last Evening.

If the championship aspirations of the famed Manistique indoor ball club had not entirely gone glimmering before the game here last evening was started, they were indeed dissipated when the smoke of the contest had cleared away and the visitors, battered but still in the ring, had once more gone down in defeat. The score was 4 to 3 in favor of the "Maccabees," made by innings as follows:

Manistique . . . 1 0 0 0 1 0 0 1 0—3

Maccabees . . . 0 0 0 1 0 1 0 2 0—4

The Manistique-Beavers game played Monday evening gained the distinction of being the best of the season, yet if anything last night's match was better still. Probably the best aggregation of ball players in the city opposed the fast team from the sawdust town, and the result was an article of ball that could not well have been improved upon. The play throughout was snappy and practically errorless, the pitchers and catchers were at their best and from start to finish the game was fiercely contested and so intensely exciting that the spectators were enthused to a degree bordering on pandemonium.

The visiting ball players will leave for home on the 1:30 o'clock train this afternoon with a record of four straight defeats. Three of these have only been lost by one tally each, the games having resulted: Five to four in favor of the Beavers, 11 to 10 in favor of the Calumet Light Guards, 6 to 1 in favor of the Houghton Light Infantry, and 4 to 3 in favor of the Maccabees.

NOTICE TO WOODMEN.

Members of Lake Superior Pioneer camp, No. 991, M. W. A., are requested to meet at the hall at 1 o'clock Sunday afternoon to attend the funeral of our late neighbor, Wm. J. Stafford.

A Ladies' Spring Shoe Festival For the purpose of introducing our new Spring Footwear to the Ladies of Marquette and vicinity we are going to hold a SHOE FESTIVAL on March 21, anniversary of the opening of our Metropolitan Shoe Store. Every lady in town is invited and requested to call. We don't want to sell shoes on this date—we simply want to show them. Our new spring shoes are so full of style and so handsome. Our pretty Oxfords—our swell Colonials, and our dainty Slippers and Sandals are so pretty that it will be a display well worth coming to see. We shall have a little souvenir for every lady caller. Remember the date and favor us with a visit. You are invited, wanted and expected. Nothing to sell—everything to show. JACOB ROSE, Men's, Women's and Children's Shoes. 304 Front Street.

D. Seidenfeld's. Spring is almost here: it is now just around the corner, and with the coming of this beautiful season we have prepared ourselves better than ever before to supply the people of Marquette and adjoining counties with their merchandise. Every incoming train brings us case after case of new up-to-date merchandise. DRESS GOODS. During the past week we have received more than 100 pieces of wool dress goods. They comprise the popular fabrics for spring wear and are culled from the products of the best manufacturers in both hemispheres. When out do not fail to give our dress goods department an inspection if you are intending to buy. LACE CURTAINS. "Lace curtains by the thousand" is the common expression used by those who have been shown the mammoth stock we have just received for our spring trade and we wish to say, right here, that never in the history of our curtain business, have there been offered such good values for so little money. CLOTHING DEPARTMENT. Men, boys and children will have satisfactory clothing if they will buy it from us. We pride ourselves in up-to-date, ready-to-wear clothing. Sweat-shop goods have no part in the making up of our stock. Everything of the best. We buy on the plan that there is nothing too good to wear, and there is nothing so worthless as shoddy. You can depend upon buying the best of goods when you patronize our store. SHOE DEPARTMENT. Once a customer of our Shoe department, always a customer. Our shoe business is transacted on the same basis as our dress goods business, hence, the wonderful increase in this department. We sell shoes to wear; we sell shoes to fit and we sell shoes made of the best leather. No shoddy or cheap workmanship goes into a single pair of shoes bought at our store. If You Buy it at D. Seidenfeld's it's Good. D. SEIDENFELD'S STORE, South Front Street, Marquette, Mich.
