MAY RETIRE MILES

PRESIDENT IS TIRED OF FRICTION IN THE ARMY.

MATTER BROUGHT UP IN CABINET

GENERAL SHOWED LACK OF RESPECT TO SUPERIORS.

Printed Testimony Has Not Been Made Public and It Is Probable a Great Deal of What General Said Will Not Appear.

Washington, March 21.—At the cabinet meeting today the publications relating to the statements made by General Miles before the senate committee yesterday were brought up. Consideration of them was postponed until all the facts in the matter became known. Whatever intentions the president had with respect to the treatment to be accorded General Miles, his future action will be somewhat influenced by the fact that Miles' statement before the committee has been represented to him as being privileged. The president is known to have stated he was tired of the friction in the army, and whether it is decided that Miles' statement was privileged or not, he will at no distant day take action looking to his retirement.

Position President Takes.

In discussing the matter today with callers, among whom were senators and representatives, the president took the position that the lieutenant general of the army should entertain toward his superiors the same respect that he would expect and demand from his subordinates.

The printed testimony of General Miles has not yet been made public, and it is understood it will be submitted to him for approval. It is well understood that a great deal of what the general said will not appear in the record. Members of the committee say the report published yesterday is correct in substance in every particular. At the same time, these senators do not agree that General Miles can be punished for his utterances before the committee, whether they appear in the report or not. Of course the committee could take no action to prevent the retirement of General Miles. That, under the law, is purely an executive act and needs no confirmation of approval of the senate.

Root Confers with President.

Secretary Root was in consultation for some time with President Roosevelt at the White House tonight regarding the statement of General Miles before the military affairs committee. Senator Spooner was also present. Secretary Root declined to talk for publication concerning the matter, saying he had not read the testimony given by Miles before the committee. It is understood General Miles has been furnished a stenographic report of his testimony for revision.

CONFERENCE ON CUBAN AFFAIRS.

One to Be Held Between General Wood, President and Secretary of War.

Washington, March 21.—A conference on Cuban affairs will be held tomorrow between Governor General Wood, who is now on his way to Washington, and the president and secretary of war. It is probable that Senor Palma, president-elect of Cuba, who is expected to be in Washington tomorrow, also will be invited to confer with the president in regard to the proposed transfer of the government of Cuba to his charge. General Wood was specially summoned to Washington by the president to arrange for the transfer.

IRISH GAIN IN POWER.

London, March 21.—The Times in an editorial this morning assumes that at the cabinet meeting yesterday the question of enforcing the crimes act was again discussed, and expresses impatience with the government's timorous manner in dealing with the growing power of the United Irish league. The Times says it will be perilous for ministers any longer to shut their eyes to the serious condition of Ireland.

ICE GORGE FORMS.

Chamberlain, S. D., March 21.—A gorge has formed between Chamberlain and American island, the ice being solid to the bottom of the river for a distance of four miles. This has diverted the channel to the west side of the island. This will very likely leave the channel permanently on that side.

CANADIAN MURDERER HANGED.

Hull, Quebec, March 21.—Stanislas La Croix, the Montebello murderer, was hanged in the jail yard this morning. La Croix murdered his wife and an old man named Thomps who was endeavoring to protect her.

WILL MAKE NO FIGHT.

Railroads Decide Not to Protest the Action of the Government.

Chicago, March 21.—Attorneys for the railroads that it is sought to enjoin from secretly cutting rates, held a conference this afternoon and, it is said, agreed to make no fight against the action of the government. This step was decided to be advisable on the ground that the contest would be a practical admission that the transportation interests desired the injunctions dissolved in order that secret manipulation might be carried on effectively Tuesday.

The only feeling among the railroads' lawyers is over the alleged failure to treat all lines alike. Several what are called most chronic rate cutters have not been proceeded against. The feeling on this point, however, is not of sufficient intensity to prompt the big companies attacked to fight over the seeming discrimination.

The first evidence of the effect of the injunction proceedings was the announcement today by roads operating east from Chicago of a reduction in tariff rates on packing house products, to become effective Tuesday.

Kansas City, March 21.—Copies of a bill of complaint, in which the interstate commerce commission seeks to enjoin Kansas City-Chicago railroads from making illegal rate discriminations, were filed with the clerk of the United States court here today. The hearing on the application will take place here next Tuesday.

WORK HARD AGAINST TREATY.

Opponents to Sale of Danish West Indies Hold Secret Caucus.

Copenhagen, March 21.—The fate of the Danish West Indies treaty, according to statements made by prominent members of the landsting (upper house), now depends on the attitude of the premier and minister of foreign affairs, Dr. Dountzer, who can force its ratification in the landsting by a small majority.

The opponents to the treaty are working industriously to secure its rejection. A secret caucus of the opposition members today resulted in their calling for all correspondence relating to the negotiations. This delays the settlement until after the Easter recess.

A blue book which is in course of preparation contains the latest reports from the islands. All the negroes favor the sale. They hope this will result in their being granted an elective franchise and that higher wages will follow.

MAY CENSOR CABLE MESSAGES.

Order Is Issued by the Colombian Government at Panama.

New York, March 21.—The Western Union company's central cable office is in receipt of the following advice, dated Panama, March 20:

"The Colombian government notifies us that all consular and diplomatic messages must be subjected to censorship."

Washington, March 21.—Not much importance is attached to the reported purpose of Colombia to censor cables messages between the diplomatic consular officers on the isthmus and their home governments.

Our government, being under obligation to protect the isthmian transit, undoubtedly would hold the free use of the cables and telegraphs necessary to exercise that power, and would not permit any interference with it. With a war vessel on either side of the isthmus there is little doubt of the physical ability of our government to protect the cable communication.

TURKISH TROOPS VICTORIOUS.

Conflict With Macedonian Revolutionists in European Turkey.

London, Saturday, March 22.—The correspondent of the Leader at Vienna reports a conflict between Turkish troops and Macedonian revolutionists at Sistova, European Turkey. The Turks surrounded the village and overcame the rebels.

During the fighting four Macedonians and two Turks were killed and twenty-six rebels were wounded. All the male inhabitants of the village were arrested.

George W. Maxey of Forest City, Pa., Wins First Prize.

Ann Arbor, Mich., March 21.—George W. Maxey, 1902, of Forest City, Pa., won the University of Michigan oratorical contest tonight and received the Chicago alumni bronze medal and \$75 in gold. Sylvester J. Kohn, 1903, of Cleveland, took the second and \$30 prize. Stuart Wells Utley, 1902, of Detroit, got the third.

WALLER TRIAL COMMENCES.

Major Pleads Not Guilty to a Charge of Murder.

Manila, March 21.—The trial by court martial of Major Littleton, W. T. Waller and Lieutenant John N. Day, of the marine corps, on a charge of executing natives of the Island of Samar without trial, was begun today. Major Waller pleaded not guilty to a charge of murder, but admitted eleven men had been killed.

FOUL PLAY FEARED.

Boston, March 21.—Attorneys for Mrs. Julia French, whose body was found on top of an elevator at her residence, express the opinion that she was murdered and the body thrown down the elevator shaft.

DROP SCHLEY AFFAIR

HOUSE COMMITTEE ON NAVAL AFFAIRS ADOPTS RESOLUTION.

IMPORTANT BILLS PASS SENATE

FOR REPEAL OF WAR TAXES AND PROTECTION OF PRESIDENT.

Houses Passes River and Harbor Bill, Which Carries Exactly What It Did When It Came from the Committee.

Washington, March 21.—The house committee on naval affairs, by a vote of 7 to 4, today adopted a resolution concurring in the conclusions of the president as to terminating the agitation of the Schley controversy, and indefinitely postponing all bills and resolutions on the subject.

The vote was on party lines except that Representative Mudd of Maryland voted with the Democrats against adopting the report. The vote was: Yeas—Foss, Dayton, Loudenslager, Butler, Watson, Cousins and Roberts. Nays—Mudd, Hixey (Vermont), Kitchen and Wheeler.

Prior to the disposition of the subject, Representative Mudd moved for a favorable report on his resolution giving the thanks of congress to Admiral Schley and the officers and men who served with him in the battle of Santiago. This was lost by a vote of 4 to 7.

Two Important Measures.

Two important measures passed the senate today—the bill for the repeal of the war revenue taxes and that for the protection of the president of the United States.

The revenue bill was passed without division and after only one short speech. Senator Tillman embraced the opportunity afforded by the bill's consideration to protest against the repeal of the duty of ten cents a pound upon tea.

The bill for the consideration of the president was under discussion during the greater part of the session. Senator Patterson of Colorado made an extended speech in opposition and Senator Fairbanks supported it. All the amendments to the measure were rejected and it was passed by a vote of 52 to 15.

Provisions of the Bill.

The bill provides that any person within the United States who shall willfully and maliciously kill the president or any officer on whom the duties of president may devolve, or any sovereign of a foreign country, or shall attempt to kill any persons named, shall suffer death; that any person who shall advise, abet, advise or counsel the killing of any of the persons named, or shall conspire to accomplish their death, shall be imprisoned not exceeding twenty years; any person who shall threaten to kill, or advise or counsel another to kill, the president or any officer on whom the duties of president may devolve, shall be imprisoned not exceeding ten years; any person who shall willfully aid in the escape of any person guilty of any of the offenses mentioned shall be deemed an accomplice and shall be punished as principals.

Guard for the President.

The secretary of war is directed to detail from the regular army a guard of officers and men to protect the president, "without any unnecessary display," and the secretary is authorized to make regulations as to the dress, arms and equipment of such guard.

River and Harbor Bill Passes.

The house today passed the river and harbor bill, which has been under consideration throughout the week. Although several minor amendments were adopted not a single dollar was added to the measure. As passed it carried exactly what it did when it came from the committee—\$60,688,267, including authorizations.

Representative Sulzer of New York attempted to force a record vote on the final passage, but only three members, Smith of Iowa, Fitzgerald of New York and Cochran of Missouri, supported him.

Center on Cuban Reciprocity.

The Republican members of the Michigan delegation held a conference today on the Cuban reciprocity proposition. Both Michigan senators, Messrs. McMillan and Barrows, attended, being invited by the house members in order to secure a common understanding.

The senators concurred in the position taken by the house members, and as a result of today's meeting it was stated the Michigan men would oppose the bill in the house and cast their votes against its passage.

JURY HAS CROPSY CASE.

Elizabeth City, N. J., March 21.—The trial of Wilcox for the murder of Nellie Cropsey was concluded this afternoon. The jury retired at 4:30. The verdict is not expected tonight.

APPROPRIATION FOR EXPOSITION.

Paris, March 21.—The budget committee of the chamber of deputies today adopted the proposed credit of 60,000 francs for France's participation in the St. Louis exposition.

PRINTING HOUSE STRIKE.

Chicago, March 21.—A strike of all the employees of the printing house of M. A. Donahue was decided on tonight by the local labor unions of bookbinders, printers, pressmen and press feeders. Several hundred employes are affected.

HUSBAND KILLS WIFE.

Domestic Trouble Causes Fatal Shooting Affair at Milwaukee.

Milwaukee, March 21.—Mrs. Josephine Bielawski, twenty-eight years old, was shot and killed by her husband, Julius Bielawski, aged thirty-six, this afternoon at their home. Domestic trouble is said to be the cause. After the shooting, Bielawski locked himself in a bedroom where the police arrested him.

BARGE HAMILTON LOST.

Feared Vessel Has Foundered and Crew Has Been Drowned.

Boston, March 21.—Captain Keane, of the tug Edward Luckenbach, which arrived here today, reports the loss of the barge Hamilton, which he had in tow, off Highland Light Wednesday. It is feared the barge foundered and Captain Shoemaker and his crew of four men were drowned.

CHICAGO MAN CHALLENGES SANTOS-DUMONT TO AN AIRSHIP CONTEST.

Chicago, March 21.—A challenge for an airship race in Chicago was sent tonight to Santos-Dumont at Paris, France, by Theophilus Williams of Chicago. Several successful tests of the Chicagoan's machine are said to have been made.

CECIL RHODES IMPROVES.

Cape Town, March 21.—The slight improvement in the condition of Cecil Rhodes continued today.

STEWART FIFE ACQUITTED.

Savannah, Mo., March 21.—Stewart Fife was this morning acquitted of the Richardson murder.

GOMPER'S MAKES A PROTEST.

Labor Leader Objects to Conspiracy Bill Reported by Judiciary Committee.

Washington, March 21.—Samuel Gompers, president of the American Federation of Labor, has sent to the senate a protest against the "conspiracy" or anti-injunction bill as reported by the judiciary committee. He says when the bill was first reported "it was received by all parties interested as a measure calculated to right a wrong too long endured." This feeling, however, was rudely changed, he says, by the latest report.

He quoted the opinion of his attorney, that the bill as now reported "is completely subversive to all principles of liberty," and added that "organized labor seeks no immunity from a law applicable to all the other citizens and people of our country, but must insist that those things which are legal when performed by other citizens ought not to be illegal when performed by the members of organized labor, and it was to recover these rights to the members of organized labor that the original bill was drafted."

He concluded by saying the labor interests prefer to defeat the bill as amended to its passage. He, however, asks that the original bill be favorably acted upon.

GERMANY MAKES ANSWER.

Says Prohibition Applies to German as Well as American Meats.

Berlin, March 21.—The criticism made in the United States of the exclusion by Germany of meats preserved with borax, is answered here with statements that the prohibition applies to domestic and foreign meats equally, and that American exporters have nothing to complain of that does not apply to German preserved meat dealers; but the agents here of American meat exporters say this is no answer at all, because borax meat preserving is an unknown art in Germany and is never likely to be much used, as it is unnecessary to preserve meat that is consumed where it is produced.

Besides, they declare, the regulations are aimed at America alone and can serve no other object than to prevent American exporters from competing with domestic meat producers.

The Berliner Volks Zeitung remarks that this dispute is the first test of the newly-grown friendship between Germany and the United States resulting from Prince Henry's visit.

SCALE STILL UNDECIDED.

Miners' Convention Does Not Complete Its Work as Was Expected.

Shanokin, Pa., March 21.—The miners' convention did not complete its work as it was expected it would do. The report of the scale committee is still to be considered.

President Mitchell tonight said he was unable to make a statement concerning the progress of the convention with the scale owing to the fact that there was much of the report still to be considered. President Mitchell was not to remain the report would be made public in its entirety tomorrow, although he stated he expected final action and adjournment by noon tomorrow.

There is much uncertainty tonight concerning the situation, and opinion is about equally divided as to whether the convention will declare in favor of drastic measures to secure an adjustment of the grievances.

CHARGED WITH EMBEZZLEMENT.

Former Treasurer of Spalding Township, Mich., Is Arrested.

Menominee, Mich., March 21.—Former Treasurer Louis Beauchamp of Spalding township was brought from his home in Wilson today by Sheriff Shiles and placed in the Menominee jail charged with the embezzlement of \$2,314. Beauchamp was elected in April, 1899, and served two terms. He was arraigned and placed under bond for trial April 4.

CONFERENCE ON CUBAN AFFAIRS.

One to Be Held Between General Wood, President and Secretary of War.

Washington, March 21.—A conference on Cuban affairs will be held tomorrow between Governor General Wood, who is now on his way to Washington, and the president and secretary of war. It is probable that Senor Palma, president-elect of Cuba, who is expected to be in Washington tomorrow, also will be invited to confer with the president in regard to the proposed transfer of the government of Cuba to his charge. General Wood was specially summoned to Washington by the president to arrange for the transfer.

IT'S A CRIME TO BE SICK. THERE'S A SURE PREVENTIVE, SMITH'S GREEN MOUNTAIN RENOVATOR.

Smith's Green Mountain Renovator has been before the public in its native home, Vermont, for so many years and has worked so many wonderful cures that other medicines strive in vain to supplant it.

It is the best of all blood medicines and cures all diseases of the stomach, liver and kidneys.

We have watched its course for years, and know what we are about when we recommend it so highly to you.

Heretofore its use has been confined almost solely to New England, but now capitalists have taken hold of it and are introducing it all over the country.

They have given us the sole agency here.

Try Smith's Green Mountain Renovator. If it doesn't help you, come right back and get your money.

MARQUETTE, MICH., MARCH 22.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It is easy to understand why General Miles does not approve of the new army reorganization bill. He didn't draft it.

Senator Spooner says, "In my opinion a subsidy is a gift." True; and the worst of it is the givers are mostly not of the cheerful sort whom the Lord loveth.—Exchange.

Nor are the proposed beneficiaries in the case Senator Spooner had in mind of the needy sort whom the Lord would have us provide for.

"John Dillon was suspended" made a startling headline in the daily papers of yesterday, but they aren't hanging Irishmen over there as freely now as they did following the rebellion of '98.

Mr. Dillon had been on the turf a century ago and as contumacious as he is now showing himself he would have been "suspended" in quite a different and vastly more uncomfortable fashion—and that with the sanction of the law and the approval of the government.

Things have changed a good deal even in Great Britain within the past decade or two.

The American Tobacco company has set an excellent example for all other trusts by agreeing to give its profits for a term of four years to the dealers who handle its goods.

Unfortunately for Americans, it is only in England, where it has a fight on with a British trust, that the company is showing this exceedingly liberal spirit.

The British trust whose territory is being invaded by the American "octopus" could retaliate prettily by getting after trade in this country and adopting the policy of its American competitor.

Then we would get our "baccy" at about right prices.

General Wood is said to be on his way to Washington to make an attempt to secure a larger concession on Cuban sugar than congress proposes to grant.

He says twenty per cent off will do no good and that we must do better than that if we desire to help the island producers out.

Between the hungry beet sugar men at home and the clamorous Cuban interest we are in a bad fix over this sugar question.

It would serve the parties to the contention right if the people were to resolve to get along without sugar until the people who are supplying us with it quit wrangling over the market for their product.

LAKE RATES FOR 1902. Shippers who have been holding out for a lower rate on ore than the vessel owners have demanded secured a point this week.

Contracts covering 1,200,000 tons having been obtained at the rate of 75 cents a ton from the head of the lake by A. B. Wolvin, general manager of the Pittsburg Steamship Co., which is the lake end of the United States Steel corporation.

This is the equivalent of a 65-cent rate from Marquette and 55 cents from Escanaba.

Speaking of the situation, Mr. Wolvin remarked that he did not think he could need more than 1,000,000 tons more capacity. "The indications are," he said, "that we will not move as much ore as we did last season. The stuff has not been consumed on account of the shortage of coke and we have much more ore on hand than we counted on during the winter.

Everything points to a very early opening and we are figuring on loading ore the first week of April. If we succeed in doing that, our own fleet of ships will move 10,000,000 tons during the season, and with the 1,200,000 tons capacity we have under charter we will be pretty well supplied with tonnage. We do not care much whether we cover any more or not."

Last year the mines operated by the United States Steel corporation sent forward about 13,000,000 tons of ore. If the same amount is shipped this season, according to the figures furnished by Mr. Wolvin, all the ore has been covered but 1,800,000 tons.

Last year the ships of the Pittsburg Steamship Co. moved about 9,000,000 tons.

Mr. Wolvin said that the contracts made for moving the 1,200,000 tons of ore are the same as were made last year and that the boats will not be in any regular trade.

Including the vessels that are managed in the offices of the shippers, it is estimated that since the first charters were made, about seven weeks ago, contracts for moving about 1,000,000 tons of ore were made on the basis of 80 cents from ports at the head of the lakes.

Most of the Cleveland vessels took some ore at that figure and they are confident that they would be able to establish season carrying charges at 80 cents from the head of Lake Superior, 70 cents from Marquette and 60 cents from Escanaba.

It could not be learned what vessels were tied up at the 75-cent rate, but it is almost certain that the Cleveland owners did not take any ore at that figure.

The shippers that held out against paying 80 cents claimed all along that as soon as a start was made at the reduction they would all be able to line up some tonnage.

The Cleveland owners are firm in their stand for the first rate that was made and unless they weaken there will be no great rush for business at 75 cents.

OBJECT TO DIVISION.

Taxpayers Do Not Like Idea of Taking Property from Portage Township.

The taxpayers of the village of Houghton are considerably worked up over the proposed division of Portage township, a matter which will come before the board of supervisors at its next meeting on April 8. Apparently, the Isle Royale Mining company is back of the scheme to divide the township. It is proposed to take away the territory in which the Isle Royale mine is located and add it to Adams township adjoining. It is desired that this be done to escape the heavy school tax that the mining company pays each year. The county board will be petitioned by twenty-six freeholders of Portage township, thirteen of whom are also freeholders of Adams.

When the petition was first signed there were thirteen freeholders of Adams and thirteen of Portage townships, but recently the mining company decided to each of the Adams township freeholders a lot, thus making them freeholders of Portage township also. The Isle Royale company pays over half of the taxes of Portage township and should its property be separated from the township it will pay taxes with the other taxpayers in the township, principally in Houghton. The biggest percentage of the tax paid by the mining company is the school tax, the general and highway taxes being small in comparison. The amount of school taxes paid by the company last year in round numbers was about \$23,500 out of the total \$45,000.

It is very doubtful whether the county board has the power to divide the school district of which the mining company's property is a part. The school district was created by the legislature and in it are included lands whose boundary lines are separate and distinct from the regular township lines. That point will be contested, it is said, and the law in the matter is being looked up. The county board has the power to divide Portage township, as it was established by that body, but if that was done the mining company would not gain very much for it is the heavy school tax that it wishes to escape. Should the matter of dividing the school district result successfully it will be a bad thing for the taxpayers of the village of Houghton for the extra burden of the tax will fall upon them, but a good thing for the mining company. The project of the division has been much discussed and its outcome will be watched with interest.

COUNCIL HAS NO AUTHORITY.

Hancock Citizens May Take Powder House Matter Into the Courts.

Should the Atlantic Powder company decide to build the proposed large powder magazine west of the village limits of Hancock, the citizens of West Hancock and in the additions west of the village to be annexed will take the matter into the courts. The Hancock common council has done all it can in regard to the question. It passed a resolution Thursday afternoon notifying the powder company that the magazine would be dangerous and requested the company not to build it. That is as far as the council can go in the matter. It was announced by the village attorney at the meeting that the council had no further jurisdiction as the magazine was to be erected outside of the village limits.

It is now for the courts to decide and the matter will be taken there if the magazine is started. An injunction will be issued and the proceeding commenced. The feeling against the building of the magazine, even though the four smaller ones are to be torn down, is very strong and those protesting are considerably agitated. Dubar Scott, of the Phoenix mine, a representative of the Hercules Powder company, which has interests in the Hancock Powder Company, addressed the council Thursday afternoon. He tried to soothe the councilmen and citizens present, saying that there is rarely an explosion where powder is stored and an explosion would be impossible at the temperature at which it would be kept. Mr. Scott was seconded by his attorney, Judge Haire.

SLOT MACHINES MUST GO.

Houghton's New Village President to Enforce the Law.

The expected has happened. William Van Orden, Houghton's new village president, has issued a sweeping mandate to the marshal, Louis Voetsch, that the law in regard to the saloons, slot machines and gambling must be upheld and had ordered the officer to carry out the instructions at once. Mr. Van Orden says he is not a reformer but that law is law and it must be followed. Marshal Voetsch has already informed the saloonkeepers that they must close their places of business at 11 o'clock each evening and on Sundays. Gambblers have been notified to desist and slot machines have been ordered out. Those who refuse to obey the orders will be prosecuted as Mr. Van Orden means business. Men who congregate about street corners will be told to "move on" as the new president considers such gangs a nuisance. The marshal will have his hands full for a few days.

GREENLAND TOWNSHIP NOMINEES

At a caucus held at Greenland Thursday night the following were nominated on the Twin City ticket for township offices, with Thomas Gibson of Mass City as the unanimous choice for chairman:

John Welch, supervisor; G. W. Clancy, clerk; John Kanderlin, treasurer; Thos. H. Gibson, highway commissioner; J. W. Shunk, justice of the peace; full term; C. P. Anderson, member of board of review; R. Chynoweth, board of education; W. Lobb, school inspector; James Coffey, pound master; Fred Story, Joseph Verier, Sam Gourd and Andrew Peterson, constables.

This was a victory for the twin city people (Mass City and Greenland) over the Mass and Adventure companies, who had to adjourn in order to make up their tickets.

OFFICER HAD HANDS FULL.

Officer Murphy of Red Jacket had a hard time of it for a while with a party of disorderly Austrians near the Calumet theatre Wednesday night. The men had been drinking during the early part of the evening and were ugly. They had just left a saloon, being invited to do so, and were making a trouble when the officer saw them. He called upon a man to assist him and the two had their hands full for a minute. It is likely that several arrests will be made.

CLERKS' UNION GROWING.

At a meeting of the Houghton and Hancock clerks at Hancock Thursday evening three new members were taken in and applications received for two. The clerks unanimously decided that the stores should be closed on Sundays and will do their utmost to keep that part of the early closing agreement in force. A strict lookout for all open stores tomorrow will be kept.

SUFFERED PARALYTIC STROKE.

Joseph Wareham, the Hancock barber, received a message from Newberry on Thursday to the effect that his father, John Wareham, had suffered a paralytic stroke. He was notified again that his father had another stroke yesterday and that he cannot recover. A brother, Richard, and a son, Joshua, both of Calumet, left Thursday evening for Newberry. John Wareham is a Hancock man and well known.

Gloria Tonic Cured Him.

Had Rheumatism for 29 Years—He Had Spent Hundreds of Dollars in an Effort to Get Well, But Without Relief Until Three Boxes of Gloria Tonic Cured Him.

"Three boxes of Gloria Tonic did me more good than hundreds of dollars I had previously spent in doctoring," says Michael Ballreich, of 22 Johnson St., Tiffin, Ohio, in telling of his recent recovery from rheumatism after 29 years of suffering from this terrible affliction. Mr. Ballreich is 54 years old. He spent the better part of his life in trying to get rid of the terrible suffering. The years when he wanted to do the most good for himself and family were the worst years that he feels like a man of 30 years. Gloria Tonic has never failed to do the most good in curing rheumatism right away. Thousands owe their present good health to its wonderful curative powers. Rheumatism is a disease of the blood and until the blood is purified you will suffer from it. It is the presence in the blood of uric acid that causes rheumatism. You may not suffer commonly from this terrible affliction, but if there is any uric acid in your blood it is bound to cause you much suffering at the first cold or dampness. Take Gloria Tonic now before you are attacked and the disease goes quickly that there is no excuse for anyone endangering their life and perhaps cultivating a terrible habit by the use of other dangerous drugs. Gloria Tonic relieves the pain instantly. It makes a permanent cure. All druggists sell Gloria Tonic at \$1.00 a package, or by mail, post paid, three packages for \$2.50. Receipt of price by John A. Smith, 2031 Germania Building, Milwaukee, Wis.

OSCEOLA'S OUTPUT INCREASING.

Estimated Mine Will Produce 18,000,000 Pounds of Refined Copper This Year.

Now that the mist is cleared away and Osceola stockholders are aware of the causes leading to the shrinkage in the stock, a much better feeling prevails. Of course, in the language of the street, quite a few took the count and were declared out, while those with ample resources were able to hold out until Osceola is again selling at a figure somewhat commensurate with its value.

The financial conduct of Osceola's affairs during the past year does not detract from the mineral value of the mine, and the opinion justly prevalent that Osceola is today the cheapest stock on the list.

The Osceola is making copper at a cost not to exceed eight and a half cents a pound, and is stamping more rock than any mine in the district except the Calumet & Hecla.

A new mine which he said to have been opened at the Osceola branch in the foot wall side of the lode, while the North Kearsarge is developed to the extent that it can be classed as a money earner at any price copper is likely to sell.

It is very conservatively estimated that Osceola will produce 18,000,000 pounds of refined copper this year and if the market receives any kind of a stimulating influence this product should yield a profit of five cents a pound or 89 per cent. Certainly thirteen and a half cents is not a high price to anticipate with the demand for copper unprecedented.

The seventh head at the new mill will be in readiness within two weeks. At present about 1,350 tons of rock from the Kearsarge shafts are being stamped daily. This amount is just double the present Wolverine output from the same vein, and within four months it will be increased to 1,800 tons daily. The Kearsarge vein will then contribute one-half of the company's output, and at a cost certainly less than eight cents for every pound of copper, as the openings offer sufficient stopping ground to last for at least ten years if not another foot of sinking or drifting was done during that period, and the four shafts are plentifully equipped with power capable of operating to a depth of 7,000 feet.

The proportion of ingot copper copper from each ton of rock stamped at Wolverine is 1.29 per cent, and these figures should be duplicated by the Osceola company's workings on the same vein. The future value of Osceola depends upon the price of copper, but if it does not earn big money on its present valuation then copper stocks had better be let severely alone.—Hancock Journal.

Baltic Machinery Arrived.

After a vexatious delay that exhausted the patience of the management long since, the big hoisting engine for No. 3 shaft at the Baltic has finally arrived. The contract called for the delivery of the engine in July. No. 3 engine house has long since been completed and the work of installing the new machine will be pushed as rapidly as possible as its services have been needed for some time, it being quite a task with the present equipment to supply rock to two heads.

No. 3 hoist will be rendering service in June, when it is expected that the third head at the mill will be in readiness. The Baltic has a total of about 17,000 feet of openings, and their character warrant the belief that they can furnish selected rock to their heads.

The character of the Baltic lode is such that as a matter of necessity much poor ground has to be broken, and the few "beams" on the property, who have not been dislodged from the last ditch are inclined to make capital out of the fact that about 40 per cent of the vein matter is discarded. The Baltic is a most irregular vein. The shafts are not in the lode to any great extent, while the same might be said of the levels. It pays better to keep straight levels though this policy creates the necessity of breaking much poor ground and extending crosscuts to the vein.

matter does not differ from that of other old established mines, where practically the same percentage of rock is discarded from lodes no more than half as wide. Now that considerable stoping is being done at the Baltic its surface piles of poor rock will not grow in proportion to the past when it was necessary to keep the openings clear, with no more room available for the rock discarded.—Hancock Journal.

Four Mines to Combine.

W. H. Mason of Hancock, a prominent dealer in stocks, received a message from J. W. Bowen & Co., Boston brokers, yesterday to the effect that a combination of Osceola, Trimountain, Centennial and Arcadian is intended. The news was received with some surprise here. Bowen & Co. report the market looking better.

Copper Gossip.

Trimountain will begin stamping rock from the stock pile April 1 when it starts a second head of stamps at the Arcadian mill.

SALOONKEEPERS ARRAIGNED.

Three more Hancock saloonkeepers were arraigned before Justice Olivier at Hancock yesterday. The charge is that of keeping their saloons open on the Sabbath. The defendants were S. A. Bennett, Jacob Silverman, and Charles Johnson. Andrew Kauth has been bound over to the circuit court; also Joseph Mattison and Nick Evers. Prosecuting Attorney Larson will recommend that the three who had a hearing yesterday also be bound over for trial.

ELKS IN CONFERENCE.

A delegation of copper country Elks went to Ishpeming yesterday to confer with delegates of other upper peninsula lodges in regard to the trip to Salt Lake City next summer to the Elks' carnival. The Elks' lodges of the upper peninsula may unite their forces for the western visit, a small number from each lodge comprising a sufficient number for one or more special cars.

WILL TALK TO YOUNG MEN.

Evangelist T. H. Osborne, who has conducted services in Calumet all this week, will address young men at the Calumet M. E. church at 3 o'clock tomorrow afternoon. The Y. M. C. A. Sunday afternoon meeting will not be held. A fine musical program will be rendered tomorrow afternoon in conjunction with the service, a chorus of fifty male voices leading.

LOST HIS PURSE.

Burt Wells, the Hancock barber, thought he had lost \$50 Thursday evening. He had attended a party in Houghton and after reaching home found that a purse containing fifty dollars was missing. He retraced his steps to Houghton, aroused the people where the party was held, and a search was commenced. The purse was finally found on the front steps.

TO VISIT COPPERDOM MINES.

Tom A. Hanna, the editor of the Iron Mountain Press and state mineral statistician, arrived in Houghton Thursday evening. He will visit the mines, including James Chynoweth visited the South range properties yesterday, gathering facts for his annual report soon to be issued.

GENTLEMEN: Last fall I suffered for over a month from overwork which so effected me that I lost my appetite and sleep and soon became miserable, exhausted and nervous. It went from bad to worse, my back and my head ached, my hands and feet were cold one minute and hot the next, and nothing I took seemed to help me any. One of my friends who had tried Kaskola Dyspepsia Tablets induced me to buy a box on trial and I have thanked her a dozen times for her kindly interest. Your Tablets did wonders for me. PETER MAHER KNOCKED OUT IN SECOND ROUND.

GUS' FIGHT FROM THE START

HARD LEFT ON THE JAW WINS THE BATTLE.

Bell Finds Peter on the Floor and His Seconds Carry Him to His Corner Completely Done For.

Philadelphia, March 21.—Gus Ruhlman and Peter Maher met tonight for a six-round go, and in the latter part of the second round Maher went down and out on a hard left on the jaw. Ruhlman had the better of the go as far as it went, repeatedly rushing Maher to the ropes.

In the first round Maher rushed to a clinch. Ruhlman jabbed him repeatedly on the chin. Gus then smashed Maher to the ropes, and after an exchange smashed Maher again on the jaw.

Erne Defeats Gardner. Chicago, March 21.—Frank Erne was given the decision over Gus Gardner of Philadelphia at the end of six rounds tonight.

On the strength of his recent victory over George McFadden, Gardner was thought to have a good chance with Erne, but he put up a very poor fight.

In the last round Gardner, spurred to action by the hosts of the crowd, started in to fight, and Erne promptly countered him around the ring.

Ferns Knocked Out. San Francisco, March 21.—Al Neill knocked out Rube Ferns in the twelfth round of a scheduled twenty-round contest.

OXFORD SHOWS UP BEST. Wins Majority of Events in Oxford-Cambridge Field Sports.

London, March 21.—Oxford won the majority of the events in the Oxford-Cambridge annual field sports today.

Although the betting on the annual Oxford-Cambridge boat race, which takes place tomorrow, is three to one in favor of the Cambridge crew, Oxford has been lately having improved enough to promise a better struggle than the prophets anticipated.

SPRING TRADE IS ACTIVE.

All the Leading Markets Report Unusually Good Business.

New York, March 21.—Bradstreet's tomorrow will say: "The spring trading has passed its maximum, but is still exceptionally active at all leading eastern, western and Pacific coast markets."

"Iron and steel still set the pace, but 'famine' talk is less generally heard, although all energies are still strained to meet the consumptive requirements, and imports of foreign pig iron are noted."

"Despite the severe storm in the Northwest, reflected later in other sections in a recurrence of wintry weather, spring farm and trade preparations are still going forward actively."

"Wheat, after failing to respond to the cold weather crop damage talk, weakened on the reports and predictions of further rains on the winter wheat belt, but at the decline struck large export orders which turned the market upward."

Liquidation has been a feature in this cereal and in corn and oats, which latter are lower on the week.

"Building activity is increasing and lumber is bought freely at all markets."

Dun's Trade Review. R. G. Dun & Co.'s Trade Review tomorrow will say:

"Evidence of further improvements are numerous. The labor controversies are less threatening, many settlements have been effected, while others are momentarily anticipated; wages have been advanced, not only through strikes, but in some cases voluntarily; traffic congestion has subsided until it is possible to deliver goods according to specifications; while the jobbers' trade is of exceptional magnitude."

"The grain markets have begun to feel the effects of the weather reports, and for the next few months it will be simply a matter for speculators to secure erratic fluctuations. Strength was conspicuous on Tuesday, last year's serious injury to corn making the quotations particularly sensitive to the indications of drought."

"Another helpful factor was the increase in the exports of wheat and down to 4,657,625 bushels for the week, against 3,355,908 bushels a year ago. The western receipts continued to make an unfavorable comparison with the movement of 1901, total amounting to 2,899,990 bushels, against 4,165,833, and corn 1,460,536, compared with 3,074,911. The Atlantic export of corn increased largely over the low record of the preceding week to 298,884 bushels, and there is still a severe loss as compared with 2,361,272 bushels shipped a year ago."

COPPER STOCKS DULL.

Hayden, Stone & Co. yesterday, in a wire to the Laidley Commission company, said of the Boston market: "Early this morning the Lawson specialties were made active, but soon petered out and dullness reigned supreme for the rest of the day."

Paine, Webber & Co. said: "Amalgamated was raised this morning and on the decline traders were free sellers of other coppers. The buying demand in Centennial and Arcadian and the recovery in Amalgamated held the market and in the afternoon the tone of trading was better. The heavy copper exports are causing a good deal of comment and attracting public attention to copper stocks."

The Boston exchange has voted to close Good Friday and the Saturday following.

GRAIN MARKETS LOWER.

W. H. Laidley & Co. said of the Chicago grain market: "Wheat opened lower, on continued heavy offerings, but remained firm on reports of large exports until about noon, when it again turned weak upon a bearish Modern Miller and closed at bottom prices. The receipts and estimates here were light. St. Louis reported that the offerings of wheat, increasing, New York reported forty-eight loads for export, and 415,000 bushels were reported sold here. The weakness in corn also contributed to the demoralization of wheat. The market should have a turn, and ought to be bought on breaks."

"Corn opened lower and continued weak during the entire session, closing 3/4¢ cent under yesterday. The cash demand was fair. While the market today was very weak and looks tonight like selling lower, we would prefer buying on the breaks."

"Oats opened lower and continued to sag. The July option closed 3/4¢ cent under last night, while the May option was well protected and only lost an eighth. We would advise buying on this break."

BAD FIRE AT CHAMPION.

Roundhouse Destroyed and Engine Damaged—Loss About \$10,000.
Fire at Champion about 3 o'clock yesterday morning totally destroyed the roundhouse of the Milwaukee road and badly damaged a passenger engine belonging to the South Shore. The loss is said to be close to \$10,000.
The night watchman, it appears, had started a fire under the boiler for the purpose of getting up steam in order that the tank, located near by, could be filled with water. In some manner the fire spread to the roundhouse and the building was soon a mass of flames which soon consumed the structure. The engine damaged was on the tracks within the building and it was impossible to get it out in time to save it. The locomotive was the one which left here at 7 o'clock Thursday morning for Calumet, from which place it hauled the Milwaukee road's afternoon passenger train to Champion. The loss on the engine falls on the Milwaukee road.

SEATS WILL GO QUICKLY.

Much interest in the "King Dodo" Production Here.
The announcement of the coming to this city of "King Dodo," at the opera house next Wednesday, has awakened interest above the ordinary among theatre goers. The record-breaking run in Chicago of this play, the combined intellects of Frank Pixley and Gustav Laders, is probably familiar to all classes of theatre goers, as well as to newspaper readers in general. A powerful organization, including three score persons, will be brought to this city, together with a magnificent orchestra of specially selected musicians.
The scenes of the play are laid in no place in particular, but having been given a semi-proletarian setting of a very elaborate description, and it is said that each of the three acts discloses many pictures of surpassing beauty. Particular stress is also laid upon the magnificent costume display, it being asserted that no less than 300 separate and distinct dresses of beautiful design are shown during the performance. The lyrics, of which there are some twenty-five, nearly all possess that swinging, wholesome characteristic so entrancing to lovers of music, and the dialogue is said to be fairly brilliant and witty, and the most laugh-provoking quality.
The Castle Square Opera company management, promoters of high-class operatic offerings in New York, Chicago, Philadelphia, St. Louis and Boston, is responsible for the production of "King Dodo," and the fact should be a guarantee of its superior quality in every department. "King Dodo" was seen at the Studebaker theatre, Chicago, for five months during the past season, commencing Monday, May 27, and continuing until Oct. 5.

CITY BREVITIES.

Today's weather: Probably threatening; stationary temperature; brisk northeast winds.
M. E. Asire is expected back from Chicago Sunday morning.
John A. Colwell of the Soo was a Marquette visitor yesterday.
Manville Jenks, of the state tax commission, spent several hours in the city yesterday.
A special meeting of Morse Hose company has been called to meet at the Casino rink tomorrow morning.
A license to wed was yesterday drawn in favor of Andrew S. Benson and Miss Ellen Wallenius, both of this city.
The funeral of the late Wm. J. Stafford will be held from St. Peter's cathedral tomorrow afternoon at 2 o'clock.
Miss Helen Freeman has been ill for several days and unable to attend to her duties, as clerk to Judge of Probate Kelsey.

High mass will be celebrated at St. Peter's this morning at 8:30 o'clock, in commemoration of the late William J. Stafford.
The Upper Peninsula Brewing company's bock beer will be on sale throughout the county today in all the places where this beer is sold.
George Tucker left for Calumet yesterday afternoon to assist in the rendition tomorrow of a musical program at one of the churches there.

The "Saturday market" will be held between the hours of 11 and 12 this morning at Morgan Memorial chapel. Home-made bread, pastry, etc., will be sold.
Uriah Grant arrived yesterday from New York to spend a couple of weeks at the home of his father, Peter Grant. It is Mr. Grant's first visit here since leaving Marquette eight years ago.

H. O. Pinter, representing the A. C. McClurg Book company of Chicago, is in the city. Mr. Pinter has been making Marquette for the past twenty-three years and enjoys an extended acquaintance here.

The novel spectacle of one of the city jacks arming himself with a shovel and clearing the mud off of a couple of the crosswalks in his ward was noticed with surprise Thursday evening. The "stunt" was not for election affect—for it is immaterial to the aldermen whether he is renominated or not—but because of complaint of the condition of the walks.

At the session of the common council last evening, the plat of Seidhart's addition to the city was submitted and approved. The lands extend from Fair avenue to the new terrace, embracing a portion of the old fair grounds, and are divided into blocks. The council also approved a plat submitted by the Northern Land company, the territory, divided into lots, running from Hewitt avenue to a point a little beyond Picnic rocks.

Professor Giles gave a very instructive and interesting talk before the Young Men's club of the Baptist church last evening, at the home of Frank Spear. About twenty-five club members and friends were present. Refreshments were served and the Mandolin club furnished music. The meeting was the annual business meeting of the club, and officers were elected as follows: President, Joseph McCarthy, vice president, Professor E. M. Giles; secretary, Harry Ferris.

To test the merits of The Mining Journal advertising in the Marquette Steam Laundry will do up lace curtains for 35 cents a pair, former price 50 cents, until April 15. (3-19-2w)

A Marvelous Spring Health Giver and Invigorator.

Paine's Celery Compound
Purifies the Blood
As Nothing Else Can Do.

It Nourishes the Tired Brain and Braces the Weak Nerves.

Paine's Celery Compound purified the blood as nothing else can do; it is nature's brain food; it builds up weak and shattered nerves; it is the world's best and surest health giver.

Paine's Celery Compound, taken during the opening of spring, has a remarkable efficacy in making sick people well and strong. It makes short work of debility and nervous exhaustion. It quickly drives out neuralgia, rheumatism, sleeplessness, and dyspepsia from the system. Its virtues promptly banish kidney disease and liver troubles. It cures all weak and run-down men and women to cast off their besetting troubles and give them a happy and vigorous life.

Rev. J. W. Ricketts, Sugar Grove, Ohio, cheerfully testifies as follows: "I have been a sufferer from dyspepsia, attended with biliousness and constipation, for a number of years. During the last year it became so much worse that I had a misery in my stomach nearly all the time, and my flesh left me, until I was a mere skeleton. I have used four bottles of Paine's Celery Compound and am now at my normal weight. You cannot recommend Paine's Celery Compound too highly for chronic dyspepsia."

Mrs. Jennie H. Steele, Vaughns, Ga., who was rescued from the agonies of a terrible disease and sure death, says: "I have suffered for ten years with what the doctors called neuralgia of the liver, and never had any relief until I began to take Paine's Celery Compound. I have taken about three bottles and have not suffered any since I first began to use it. I feel that Paine's Celery Compound saved my life!"

H. N. MELOCHE ARRESTED.

William Andrews Charges the Candidate for Mayor With Libel and Slander.

Dr. H. N. Meloche, who delivered a sensational speech at the Labor party's meeting last Tuesday evening, attacking ex-Mayor William Andrews, was yesterday arrested on complaint of Mr. Andrews. The charge preferred against the doctor is libel and slander. It is alleged in the complaint that Meloche falsely charged Mr. Andrews with the commission of crimes, felonies and misdemeanors.

The act of the state law which provides punishment in a case of this kind is as follows:

"That any person who shall falsely and maliciously, by word, writing, sign, or otherwise, accuse, attribute, or impute to another the commission of any crime, felony or misdemeanor, or any infamous or degrading act, or impute or attribute to any female a want of chastity, shall be deemed guilty of a misdemeanor, and upon conviction thereof for the first offense before any court of competent jurisdiction shall be punished by a fine not exceeding one hundred dollars and cost of prosecution, or imprisonment in the county jail of the county in which such conviction shall be had, not exceeding ninety days, or both such fine and imprisonment, in the discretion of the court."

Mr. Andrews takes particular exception to Mr. Meloche's utterances relative to the slot machines and fakirs.

The arrest was made yesterday afternoon about half-past four o'clock by Officer James Ames. Meloche appeared before Justice P. J. McGinty and gave bonds for his appearance next Thursday, when his hearing will take place. He pleaded not guilty to the charge, declaring that his statements had been misconstrued, etc.

Attorney T. J. Duffin will look after Mr. Andrews' interests in the case and Mr. Meloche will be defended by Attorney M. H. Crocker.

ELKS HOLD CONFERENCE.

Representatives of Several Upper Peninsula Lodges Discuss Utah Trip.

Representatives of six different upper peninsula lodges of the Elks met in this city yesterday afternoon at the local society's club rooms for a discussion of plans for attending the annual convention and reunion of the order at Salt Lake City next August. Those present were Colonel J. N. Cox and J. J. Sullivan of Calumet; S. H. Vaughan of Hancock; E. A. Croft and W. E. McMyler of Iron Mountain; M. J. McKenna of Marquette; L. A. Cates and Joseph Wickert of Escanaba; Dr. J. H. Andrus, Dr. C. M. Leonard and George B. Selgwick of Ishpeming.

A number of railroad officials were present and the representatives of the lodges listened to suggestions, etc. from these gentlemen. There was a discussion as to the rates to be charged, the accommodations to be furnished by the railroads, the different points of interest to be visited on the return trip, etc.

The railway men present were: B. H. Bullard, traveling passenger agent of the Southern Pacific; S. H. Vanglavan, commercial agent of the Chicago, Milwaukee & St. Paul; Frank B. Gilmer, traveling passenger agent of the Chicago, Rock Island & Pacific; E. C. Griffin, general agent of the Chicago & North-western line, with headquarters at Houghton; C. B. Daily, traveling agent of the Chicago & North-western, with headquarters at Green Bay.

An adjournment was taken without coming to a definite understanding as to what roads will be taken in case the several lodges of the peninsula travel together on the trip. The representatives of the lodges will meet here again on Tuesday, April 22.

At the conclusion of the meeting the visitors were entertained with a banquet at the Nelson House.

THE FINEST PICTURES OUT.

The immense success attained by the Kinetoscope show which comes to the opera house next Monday evening is attributed to the fact that the pictures are projected on to the screen in a perfect manner by competent operators, to whom long practice has given proficiency. One of the great drawbacks to the popularity of moving picture attractions has been the inability of the person or persons who have attempted to give an exhibition to present their entertainment in the proper manner. With the Kinetoscope show the excellent rendition of the various scenes on the screen is one of the conspicuous features. An entire change of bill each evening. Popular prices will prevail. INCREASING WORKING FORCE.

Additional Men Being Added at Lake Superior Iron Co.'s Section 21 Mine.

The coming summer promises to be the liveliest the people of the Winthrop have had in years. There will be great many more men employed at the mines there than during any previous year for a considerable interval.

The Lake Superior Iron company took on something over fifty new hands at its Section 21 mine during the past few days. Night shift work has been resumed in the West shaft. This is where the extra men are employed. It is said that a double shift will also be worked in the East shaft as soon as the shipping season starts. The stockpile space is quite limited at the eastern end, and were it not for this it is quite likely that the night crew would go in at the East shaft before the opening of navigation.

Not a little ore was left in stock at the mine at the close of shipping season last year, and much extra stocking space was necessary on that account. There is not a great deal of room left at the West shaft grounds, but all the ore in the Winthrop is an open pit prospect and there are some enormous bodies of low grade ore there. With a good-sized force employed in two of the pits the people of the Winthrop should have no cause for complaint. No. 5 pit is supplied with a fine crusher, which has been operated two seasons.

At the Mitchell Mine.

The Pittsburg & Lake Angelus people have put a diamond drill to work at the Mitchell mine. A few men have also been set at work in the old shaft. Work in the shaft started south of the old mine two years ago was abandoned some time since, but it is possible that something will be done there the coming summer.

Operations could be resumed at the Mitchell mine on short notice, as the workings are free of water. The water goes to Section 21 mine and is being pumped by the operators of that property.

At the time operations were suspended at the Mitchell there was a fine showing of ore in the drifts.

ISHPEMING IN BRIEF.

John Gordon of Even was a business visitor in Ishpeming yesterday.

Miss Jennie Kelly of Prenter Knott, Minn., is visiting relatives in this city.

President W. G. Mather of the Cleveland-Cliffs Iron company is in the city.

D. D. Mayo, ex-superintendent of Ishpeming schools, arrived in the city yesterday.

H. F. Heyn is making a number of improvements at his home at the corner of West Barnum and Lake streets. A new veranda is among the most important of the additions.

J. A. Voelker is desirous of renting the corner store room in his brownstone block. The location is one of the best in the city and the room is desirable for any kind of business.

The members of Court Pride of the Foresters will enjoy a banquet this evening at the Nelson House. The spread is in honor of the twenty-first anniversary of the organization of the court.

The ladies of Grace church will conduct a sale today, commencing at 10 o'clock, at H. F. Heyn's store. Home made cakes, pies, candy and other good things will be sold. The ladies of the city are invited to call.

The members of St. John's court of the Catholic Order of Foresters will attend holy communion in a body at St. Joseph's church tomorrow morning at 8 o'clock. The officers desire all the members in the city to turn out.

William Hammerly, late of Pennsylvania, has taken H. J. Adams' place as clerk at the Cleveland-Cliffs Iron company as clerk at the hard ore mine office. Mr. Adams was recently promoted to a better position at the company's main office.

The worthy president of the National Protective legion wishes to advise members that the meeting next week will be held on Wednesday evening instead of Thursday, at the Swedish Home hall. The hall has been given up to others on Thursday evening. The meeting Wednesday night will be at the regular time, 7:30, and a large attendance of the members is desired.

M. E. Wadsworth, who has held a job with the Cleveland-Cliffs Iron company for some time past, will leave tomorrow night for the Mesaba range, where he will take the position of master mechanic at the Stephenson mine, which is owned and operated by the Corrigan-McKinney company. Mr. Wadsworth will remove his family to the range just as soon as he can find a desirable house to live in.

Special services are to be held at the Presbyterian church this next week, beginning Sunday evening at 7 o'clock, and continuing throughout the week, at 7:30 p. m. On Monday, Wednesday and Thursday afternoons at 4 o'clock special services for the children will be held. During the week some of Tissot's pictures of the Life of Christ will be shown. All are invited and will be cordially welcomed.

ONE WOMAN'S WAY

OF RIDDING HERSELF OF TROUBLE AND SECURING HAPPINESS.

For Years She Was in Misery Till Finally She Determined to Be Happy Again—How She Succeeded.

A story of suffering that rings true in the heart of many a woman is that of Mrs. Joseph Adams, the wife of a retired farmer who lives at No. 303 Third street, Webster City, Iowa. Her trouble and how she secured happiness at last is best told in her own words.

"For three or four years," she says, "I was miserable. I suffered awful pain from cramps in my stomach. I could eat hardly anything, for nothing seemed to agree with me. I would grow faint and suffer very much with cramps every little while and after these attacks I would be very weak. I had a doctor twice a week for about two years but he couldn't cure me. I would be in bed for a day or so, then up for a day and then down, and so it would go.

"But now I am well and, for a woman of seventy-two years, am pretty strong. I had been suffering as I say, for three or four years when I saw an advertisement in the paper telling about Dr. Williams' Pink Pills for Pale People. I decided to try this medicine and felt relief with the taking of the first box. I took three boxes in all and now I don't need to take any more for I am perfectly well. It is all due to Dr. Williams' Pink Pills for Pale People."

These pills will not only cure cases similar to that of Mrs. Adams but, containing as they do all the elements necessary to give new life and firmness to the blood and restore shattered nerves, they have proven efficacious in a wide range of diseases. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion and all forms of weakness either in male or female.

There are many imitations of Dr. Williams' Pink Pills for Pale People but none of them possess the wonderful power of the genuine—the power that cures when ordinary medicines fail. Do not let your dealer sell you an inferior preparation. If you have difficulty in getting the genuine near home you can get six fifteen-cent boxes by mail, postage paid, by sending two dollars and a half to the Dr. Williams' Medicine company, Schenectady, N. Y. The genuine are never sold in bulk, always in the trademarked packages.

USING CANCELLED STAMPS.

Trick Has Been Successfully Worked Here But the Postmistress Is "On."

Postmistress Krogman has discovered within the past few days that certain Ishpeming people have been using cancelled stamps upon their letters. She reports that a certain preparation, which is made specially for blotting out the cancellation marks on stamps, has been used. The cancelling has been so cleverly done that it is difficult to detect it. It is noticed that the cancelled stamps are a little darker than are the new ones.

The postmistress does not propose to enter complaint against the guilty parties, but she intends to keep her eyes open in the future and if any more such work as this is attempted she will report the matter to the authorities.

Uncle Sam shows no mercy in a case of this kind. The attempted use of one stamp will send the guilty party as far as would the use of a hundred or more. The smallest fine that might be imposed in a case of this kind would be \$300.

BASKET BALL TODAY.

There will be a basket ball game this afternoon, commencing at 2:30 o'clock, at the Ishpeming Snowshoe club house. The competing fives will be the Ladies' Athletic club team and the Swedish Ladies' team. The members of the latter team have been in training for several weeks past and it is said they play fast ball. The Athletic club's team will not be composed of exactly the same players who defeated the high school five a few weeks ago, as some of them are unable to be present. The members of the Athletic club invite guests. The admission will be fifteen cents.

A HORRIBLE OUTBREAK.

"Of large sores on my little daughter's head developed into a case of scald head," writes C. D. Ishill of Morganton, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Piles. Only 25 cents at Stafford's.

The ladies should take advantage of the bargains we are offering in shirt waist materials, wash goods, etc. Embroideries, etc. Finnish Mercantile association.

Lonely Homes

A home is never complete without children. Yet many homes are childless. Many wives are desolate for the lack of a child to love. Their lives are aimless—void of the high motives of motherhood. While barrenness is causing incalculable sadness and sorrow, it exists in most cases on account of some little female trouble, which Wine of Cardui would speedily set right. This pure Wine regulates the disordered female organs by building up the worn out nerves and regulating the menstrual flow. It restores the falien womb to its proper place. By strengthening the generative organs, it makes pregnancy possible where barrenness exists. You can depend on

WINE OF CARDUI

Suffering women all over the land have been depending on it for seventy-five years. No more convincing proof can be given than the testimony of Mrs. Benson, who is only one of thousands of women to whom Wine of Cardui has brought a permanent cure. Many cases of miscarriage—that trouble which robs mothers of their hopes—have been avoided by timely use of the Wine. You are asked to try Wine of Cardui and Theodor's Black-Draught, its companion medicine. Nine out of ten cases of female trouble, barrenness included, yield to them. All druggists sell \$1.00 bottles of Wine of Cardui.

Vandervoort, Ark., April 2, 1900.
Last May I had a miscarriage, which was followed by flooding. I read your Almanac and my husband got me a bottle of Wine of Cardui and it stopped my flooding and restored my fallen womb to its place. Now I am cured after taking three bottles and have another to take which I got this morning. I am expecting to become a mother again. Wine of Cardui will be my doctor.

It's Green

Omega Oil One peculiar thing about Omega Oil is its green color. Some people think it is colored green to make it look nice, but that is not so. Omega Oil is green because Nature makes it green. It contains a powerful green herb that gives it its color, and it is this same herb that stops pain in people's bodies. There are plenty of white, brown and yellow liniments, but there is only one Omega Oil, and it is green. There is nothing like Omega Oil for curing pain, just as there is nothing like the sun for making real daylight.

WHO WILL RUN FOR MAYOR?
What is a Question Just Now Being Discussed in Negaunee.

Although the municipal election will take place a week from next Monday, one of the several candidates mentioned for the mayorality has yet signified his willingness to accept the nomination.

Mayer Thomas Connors is positively out of the race. He has discovered that he could not run for the office and hold his position as postmaster. Postmaster John Kruse of Iron Mountain was in exactly the same predicament as Mayer Connors. He was urged to make the run for mayor and a letter was sent to the postal authorities at Washington. According to dispatches sent out from Iron Mountain one day this week, the privilege was denied him. This put Mr. Kruse out of the race and now others are being talked of for the mayorality.

Five other citizens who have served the municipality in a public capacity of one kind or another are mentioned for the office, but not one of these gentlemen will state positively that he is prepared to accept the nomination. The five are E. C. Anthony, R. G. Jackson, Cyril Houle, Nicholas Laughlin and J. H. Sawbridge. The latter four are at present members of the school board and should any one of them be elected mayor the city's interests would be well guarded. All are men who have the welfare of the city thoroughly at heart and they have always taken more or less interest in public affairs.

The fight for the city offices is likely to be rather tame this year, especially if two good men are not nominated for the mayorality. The recorder holds over until next spring, and as this office is usually sought by more than one candidate there is invariably a warm fight in the contest for the nomination.

There are two candidates out for the treasurership. These are John Stecher and John Veal. Both have friends who will work hard for them.

It is generally conceded that there will be two tickets put up, but it is quite possible that there will be but one candidate for mayor. That depends entirely upon who will be chosen by the taxpayers' party.

There promises to be at least two or three lively campaigns, as candidates are now coming out for the ward offices. It is said that all the members of the council whose terms expire this year will be out for re-nomination and election. The aldermen whose terms expire are Matthew Chester in the First; Dan Shea in the Second; John Harrington in the Third; John Washburn in the Fourth and John Bodilly in the Fifth. Harrington will not be in the fight, as he is in the water, having left here for South Africa some weeks ago.

It is also said that all the supervisors will be in the field again. There are several who aspire to the supervisorship and it is likely that there will be lively contests over these positions.

No Radical Issues Talked Of.

A few weeks ago, when the fight over the proposed sale of the municipal electric lighting plant was on, there was much talk as to whether the matter would be put in the pending election. Since the question has been disposed of that issue has been dropped and there will be no lines drawn on that account.

At the time the movement was started to compel the saloon keepers to conduct their business strictly within the limits of the law it was said that this would be an issue that would cut a figure on election day. This supposition is not borne out, as it is pretty generally understood that the saloon men are not keeping open after hours or on Sundays. The places are closed promptly, none of the dealers caring to take chances on being arrested. So far as can now be ascertained, the reformers have no reason to complain of the manner in which the saloon men have conducted their business since the first week after the crusade was begun.

With this condition of affairs existing the temperance people will hardly attempt to force an issue at this time.

CHURCH ANNIVERSARY TOMORROW

The second anniversary of the opening of the Mitchell Methodist church will occur tomorrow. Services of unusual interest will be conducted in the morning in honor of the event. Rev. J. B. Whitford of Lake Linden will deliver the principal sermon in the morning and he will also be heard in the evening. Mr. Whitford is said to be a fluent speaker and it is always a pleasure to hear him. On Tuesday afternoon and evening of next week the members of the Ladies' Aid society of the church will conduct a sale of handkerchiefs and other articles at the church parlors. The collection of handkerchiefs is quite large and the assortment will delight the ladies.

During the early hours of the evening a supper will also be served. The services will start at 5:30 and will continue until all have been waited on. A fine spread will be given for twenty-five cents a plate. All will be made welcome.

NEW SCHOOLS IN CUBA.

Since the American occupation of Cuba 3,000 new schools have been opened, and many reforms have been brought about in their educational system. Some idea of their work can be obtained from their exhibit at the Pan-American exposition, for which they were awarded five gold and four silver medals. This is certainly a wonderful record, and one we should all be proud of. There is also a wonderful record behind Hostetter's Stomach Bitters, the famous American remedy for indigestion, dyspepsia, flatulency, biliousness, nervousness and insomnia. If you are troubled with any of these ailments we would urge you to try it. It is also a splendid blood purifier, and should be in every household. Our Private Stamp is over the neck of the bottle.

LOCAL LACONICS.

Mrs. W. J. Crane and her son, Sheldon, visited friends at Marquette Thursday.

A daughter, born on Monday last, gladdens the home of Ralph Wilcox and family.

N. E. McBride, the well-known commercial man, did business in Negaunee yesterday.

Philip Voetsch and P. R. McKernan of L'Anse were business visitors in Negaunee yesterday.

Nels Halsted and family, who have resided near Swarney for some years past, have taken up their residence in this city.

Business has been quite brisk about the city the past few days, the men working at the mines having received their pay.

John Shea advertises office rooms for rent in this issue. He has some of the neatest and most convenient rooms in the city in the upper story of his new block.

Walter Nadeau, who has worked at the plumbing trade here for some time past, has gone to Crystal Falls, where he takes a position with a plumber of that city.

Mrs. Roberts, wife of Captain Richard Roberts, sustained the fracture of her right arm near Swarney as a result of a fall on a slippery spot near her home one day this week.

Joseph Kirkpatrick is confined to his home in this city. He is suffering from asthma of the stomach, a disorder that has bothered him for some time lately. His friends hope to see him out again soon.

Oral Lacombe of this city is doing the painting and decorating at the Redfern Hotel in Munising. Oral is spending much of his time down there these days. He has several men working on the job.

The second anniversary of the Mitchell Methodist church will be celebrated Sunday. Services, morning and evening, will be conducted by the Rev. John B. Whitford, of Lake Linden, an able and eloquent clergyman.

Mayor Thomas Connors, who conducts a mining timber business, has a number of carloads of timber tied up in the woods. The break-up came a little too soon to suit his honor, as he will be obliged to leave the timber where it now stands until next winter.

N. C. Kent and Miss Caroline J. Trezsidder, both well known young people of this city, were united in marriage on Wednesday evening of last week. The ceremony was performed by Rev. S. M. Gilchrist, pastor of the Mitchell Methodist church, at the home of the bride's parents, Mr. and Mrs. William Trezsidder, on Snow street.

The Kinodrome show has caught Negaunee people in earnest. The opera house was packed Thursday evening and it was the universal opinion of all present that the best ever seen in the city. There was another large attendance last evening. A matinee will be given this afternoon for the benefit of ladies and children.

WILL BE HOME SOON.

Dan Taylor, youngest son of Charles W. Taylor, who spent the past two months or so at a hospital in Chicago, is expected home within the next few days. Although the young man had a very close call for his life it is said that he is now feeling quite as well as he did at any time in some years past. Dan submitted to ten different operations for appendicitis. The last one was much harder on him than the first, as he was almost a physical wreck when he went away. Nerve and a strong heart are the things that counted in Dan's case. His many friends here are much pleased that he is himself again.

WILL VISIT IRELAND.

Mrs. John Mulholland of Palmer left Thursday evening on a trip to her old home in Ireland. The principal object of her visit to the old land is to settle the affairs of an estate in which she is interested. Mrs. Mulholland expects to be away about three months, and possibly longer.

L'Anse and Baraga.

M. Wallace of Houghton was at L'Anse Monday.

Miss Catherine Thomas has been on the sick list for the past week.

The interior of the Thomas hotel is being re-papered and otherwise improved.

Mr. and Mrs. A. Scanlan of Bay Mills were guests at the Thomas House Thursday last.

Miss Adaline Beehler returned to Lansing Thursday after a few days visit with her mother at L'Anse.

Dan Hebard and Ben Brink of Peewaukee returned Thursday from a few days business trip to the copper country.

Mrs. H. W. Cheale and her brother Henry Halliday of Duluth were called to L'Anse this week by the death of their father, James H. Halliday.

Wm. H. O'Brien of Chicago was in town Saturday last making arrangements for work at the L'Anse Brownstone quarry, of which he is manager.

The present school board of L'Anse very wisely refused to re-engage the teachers for the coming year, intending that the new members shall have a say in that matter.

Albert Blankenhorn of Milwaukee spent Sunday last with his brother Charley and family at L'Anse. He went to the copper country Tuesday on a business trip.

Henry St. Arnold and wife of Marquette spent several days at L'Anse this week, being here to attend the funeral of the late James H. Halliday, who was a brother-in-law of Mr. St. Arnold.

A jury was drawn Thursday for the April term of the circuit court, which convenes at L'Anse April 7. Owing to the seventh being election day the jury was summoned to be present on the eighth.

A ball will be given at Granville Hall at Baraga on the evening of Monday, the 21st, by the members of the Grand Orient. The Calumet & Hecla orchestra, consisting of five pieces, has been secured to furnish the music and a good time is looked forward to.

James H. Halliday, a highly respected citizen of L'Anse, passed peacefully away Saturday morning last at his home on the bay shore after an illness of several months. He was aged seventy-four years. The deceased was among the early settlers of Lake Superior and had resided here with his family for the past thirty-five years. He leaves a widow and several grown children. The funeral was held on Tuesday morning from the Sacred Heart church and was largely attended.

A YOUNG CHICAGO GIRL

Saved from Ruin and Despair by Lydia E. Pinkham's Vegetable Compound.

Lillie E. Sinclair's Letter and Portrait Here Published to Lead Other Sick Girls to Be Cured.

Is there anything more truly pathetic than the cry for health that springs from the anguished heart of a young girl,—a beautiful girl who sees ahead only suffering and uncertainty?

But O, what joy and gladness her young heart pours forth when she realizes that her deadly enemy is gone,—banished forever.

This sunshine and joy is now the happy portion of Miss Lillie Sinclair of Chicago, whose letter and portrait we herewith publish.

She often tells of her suffering and pain so excruciating,—the doctors instead of removing the cause of her ailment prescribed stimulants, and her letter which follows will tell her own story, and should be read by every young lady in the land, for it is a true and heart-felt statement from a young lady, who believes it to be her duty; not only to Mrs. Pinkham, but to all young girls, to tell what has been done for her so that some other poor sufferer may be induced to take Lydia E. Pinkham's Vegetable Compound and be restored to health as she was.

Don't hesitate to write to Mrs. Pinkham at Lynn, Mass., if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free.

MISS LILLIE E. SINCLAIR,
President Womens' Century Bicycle Club, Chicago, Ill.

"DEAR MRS. PINKHAM:—I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vegetable Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said I studied too hard, but the doctor thought different and prescribed tonics, which I took by the quart without relief. Reading one day in the paper of Mrs. Pinkham's great cures, and finding the symptoms described answered mine, I decided I would give Lydia E. Pinkham's Vegetable Compound a trial. I did not say a word to the doctor; I bought it myself, and took it according to directions regularly for two months, and I found that I gradually improved and that all my pains left me and I was my old self once more. I can ride fifty and one hundred miles on my wheel, can run, jump and enjoy outdoor life, as I am in perfect health; thanks to you. Yours very truly, LILLIE E. SINCLAIR, 17 E. 22d St., Chicago, Ill."

If Lydia E. Pinkham's Vegetable Compound will cure one woman—why not you—you cannot tell until you try it. If you are ill, and really want to get well, commence its use at once, and do not let any drug clerk persuade you that he has something of his own which is better, for that is absurd. Ask him to produce the evidence we do.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can produce the above testimonial letter, is not genuine, or was published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

EGGERS WANTS IT

JUSTICE OF THE PEACE A CANDIDATE FOR TREASURER.

WOULD NOT TAKE MAYORALTY

RECORDER DAN DONOVAN WILL SUCCEED HIMSELF.

Lively Fight Scheduled in Some of the Wards, but Indications Point to but Few Changes in the City Council.

Justice of the Peace Charles A. Eggers is not a candidate for the nomination for mayor, despite current talk to that effect, and he has authorized The Mining Journal to state that he will positively not accept the honor under any consideration. Instead of being in the field for the executive office, Mr. Eggers is out for the treasurership and has formally consented to the use of his name in that connection.

The determination of Mr. Eggers is because his friends have urged him to try for the privilege of being custodian of the municipal funds, rather than to accept the tender of a position that would only cause him annoyance, and also because it is understood that Mr. Maehls, who has been city treasurer for many years, is not seeking the nomination this spring. There is no doubt that Mr. Eggers is very popular, and especially as he is thoroughly qualified for the treasurership it is predicted by his friends that he will be the choice of the convention, which meets Monday evening.

As to the recordership, Daniel S. Donovan will be his own successor. He is extremely popular among all classes, has performed his duties faithfully and conscientiously, and in an excellent manner, and there is no disposition to make a change in the personnel of the office he is so capably filling.

This spring the term of one justice of the peace expires, that of Captain Blanchard. Mr. Blanchard is an exceedingly good man in the place and he will undoubtedly succeed himself without opposition.

Situation in the Wards.

The situation in the wards is a rather mixed one, as is usually the case, and although there will be opposition in some of them the election, as far as aldermen are concerned, bids fair to be rather quiet on the whole. In the First, Martin Gorman is a candidate for reelection. He has made an excellent member of the council and his many friends consider him entitled to a re-nomination. It is the understanding, however, that Attorney John Heffernan is also in the field. In the Second, Al-

derman Joe Reat will undoubtedly succeed himself. He is popular, has served his ward and the city well, and no opposition is talked of. In the Third, Dr. Jones will make no canvass for re-nomination, but will accept the place on the ticket if it is tendered to him. It is whispered that the name of J. E. Sherman will also be presented to the caucus. In the Fourth ward, the prospects are for a lively fight for the nomination for alderman to fill the vacancy caused by the removal of Ollie Jacobs from the city and whose term would in any event have expired this spring. Joe Mack is understood to be a candidate, as well as E. C. Quarters, while James Young is likewise credited with aspirations to hold down a seat in the municipal parliament. The nomination, at any rate, will not go begging and it is certain that more than one name will be submitted to the voters on election day. In the Fifth—the "fighting Fifth"—Alderman George O'Neill will have a stiff bout on his hands, if talk is any criterion. James Gray, for one, it is said, will be a candidate, and there will probably be others. John A. Ekstrom is apparently slated for reelection in the Sixth; at least, no opposition has developed as far as public announcement goes, and it is stated that it will be a minus quantity. Walter Ward will succeed himself in the Seventh. The gentleman is one of the most valued members of the council, and there is no desire that he end his aldermanic career as long as a city dad. Fred Werner, whose term as alderman from the Eighth expires this year, is not a candidate for reelection. To succeed him, Ed J. McCarthy will be launched as a candidate by his friends, and there is no talk of opposition. In the other wards, if there is opposition to the present representatives, it is being kept very quiet.

As to the mayoralty, the situation remains unchanged. M. E. Asire is still the only avowed candidate, although the names of other gentlemen who have made no public announcement are mentioned. The ward caucuses and convention of the "Citizens' party" will be held next Monday evening.

NOTICE TO FORESTERS.

The members of Bishop Vertin court, No. 967, Catholic Order of Foresters, are requested to meet at the hall at 12:30 o'clock Sunday afternoon, preparatory to attending the funeral of the late Wm. J. Stafford. By order, JOHN SIEGEL, Chief Ranger, L. J. DOUSSERON, Secretary, (3-21-24)

HENRY BEATLEY DEAD.

Wellknown Ex-Superintendent of the Gas Works is No More.

Death has brought to a close the earthly career of still another well known and honored citizen, Henry G. Beatley having passed quietly away last evening about 5 o'clock at the age of sixty-nine. He was ill but a few days. Mr. Beatley was born at Chelsea, a suburb of Boston, on July 20, 1833. He spent practically all his life, after attaining his majority, in gas manufacture and in the construction of both gas and water plants, and at one time, while located at Ithaca, N. Y., was very wealthy. He built and for a number of years was superintendent of the gas and water works at Portland, Me., and as engineer constructed similar plants in numerous cities throughout the country. Mr. Beatley's last big work was the building of the great gas plant at Fort Worth, Tex., which is considered a model of its kind. He came to Marquette from Fort Worth about eleven years ago, and since that time, up to a few months ago, when he resigned the position, had been superintendent of the local gas system.

Mr. Beatley is survived by his wife and two daughters—Mrs. Henrietta Blankley of this city and Mrs. E. Schuyler Stoddard of Ithaca, N. Y.—and by two brothers, one of whom is W. J. Beatley, superintendent of the People's Gas system of New York. The deceased was a Mason and a Knight Templar, and the funeral will be held in accordance with the Masonic rites. The interment will be in this city, but pending the arrival here today of Mrs. Stoddard, no further details have been made.

Mr. Beatley had a very extended acquaintance, was honored and esteemed by all and regret that he is no more will be deep and general. The bereaved family have the heartfelt sympathy of the community.

BALL GAME TONIGHT.

There will be another game of ball at the Casino this evening, the opposing teams being the Beavers and Queen City Hotel aggregations. The contest will begin at 8:30 o'clock. When the two clubs met a short time ago, the hotel men were the winners. The Beavers now stand second in the league race; victory tonight would tie them with the Maccaleses.

SCHLITZ'S BECK BEER.

The beer brewed by Schlitz of Milwaukee will be on sale today at all places handling the product of the company. (3-22-14)

FUNERAL NOTICE.

Members of the B. of L. E. B. of L. F., O. R. C. and B. of R. T. are requested to meet at Fraternity Hall Sunday, March 23, at 1 o'clock sharp, to attend in a body the funeral of the late W. J. Stafford. By order, A. COWDEN, B. of L. E., E. B. WILLIAMS, B. of L. F., CHAS. STUNDERG, O. of R. C., W. J. HOBAN, B. of R. T., (3-22-14)

LOCAL NAVIGATION OPENS.

Handford Tug Ethel J. Sets the First Nets of the Season.

The local season of navigation was opened yesterday by the tug Ethel J. of the Lake Superior Fish company. Early in the morning the staunch little craft put out from port, and at a point about twenty miles in a northeasterly direction from the city the first nets to be set this year were lowered into the water. Two gangs, or about fourteen miles, were used, and the tug arrived on its return about 3 o'clock in the afternoon, its trip having been made fast thirty days earlier than last season. This morning the Ethel J. will go out again, bound for down the shore to set another fourteen miles of nets, and next Monday or Tuesday a third batch will be placed in the lake. All told, something like forty miles of nets will be looked after by the Handford tug this year. The net set yesterday will be lifted either next Wednesday or Thursday, when a bountiful supply of fresh trout and whitefish will be on hand to meet the demands of all who wish for them.

Captain Parker's tug Theora will not go into commission until the latter part of next week, or a little later. A new cylinder is being put in and other repairs made which will require some days yet to complete. The tug will start out the season with something like one hundred new nets, sixty of them having already been made by the force at the fish house. The additional nets will make about 450 owned by Captain Parker. They run about seven to the mile, which will give the Theora about sixty-five miles of nets to look after this season.

The Ethel J. encountered no ice to speak of, while making its trip yesterday. Only a few floating cakes were seen.

Word comes from the Soo that the Canadian ship canal will be opened for navigation today, and that boats would have little trouble in forcing a passage through into Lake Superior, the ice in Mud lake being very soft and that in the river being drift ice. However, according to the following from Duluth, navigation will not be opened until April, the Herald saying:

"Captain Joseph Kidd arrived home this morning from a trip that included a visit to Sault Ste. Marie, where he has had charge of the repairs to the damaged gate in the American lock. The captain says he believes the repairs to the gate will be fully completed within ten days. The ice in the river and in Mud lake, he believes, would not afford much obstacle to any good, powerful steamer that cared to poke her nose through up to Lake Superior. Consequently, as far as the Soo is concerned, Captain Kidd believes that navigation might open easily by April 1. But it seems to be his belief that nobody will care to have it open as early as that. He says he has not learned of any vessel owner that figures on getting his craft into commission until April 10 or 15."
