### MINERS TO STRIKE

**CONVENTION MAKES A PROVISIONAL DECLARATION.**  
**EXECUTIVE BOARD TO FIX DATE**  
**REPEITION OF STRUGGLE OF 1900 IS IN SIGHT.**

Shamokin, Pa., March 24.—Unless the efforts of the Civic Federation are effective with the coal operators, it is more than likely that a repetition of the struggle of 1900 will occur in the anthracite region. That year 140,000 employees were on a strike six weeks. The convention today of the United Mine Workers of America, comprising the entire Anthracite field, made a provisional strike declaration leaving the date to be decided by the executive boards. This was practically the last official act of the delegates, and the convention adjourned sine die this afternoon.

**Scene of Wild Enthusiasm.**  
The adoption of the resolution containing the ultimatum of the mine workers was followed by a scene of wild enthusiasm, and the opera house rang with the acclamations of the delegates, who, with lusty cheers, approved the work of the special resolution committee and expressed confidence in President Mitchell.

**Mitchell Says Situation Is Grave.**  
The Civic Federation is regarded by the delegates as the only hope of the mine workers in their demands for improved conditions, and the gravity of the situation is manifested in the words of President Mitchell:  
"I am free to say that to me a strike seems imminent."  
The resolution adopted today was the result of different opinions among the delegates as to the methods to be pursued in enforcing the mine workers' demands. Resolutions had been presented to the convention from all districts, but none of them were satisfactory to the entire body of delegates. It was then decided to place the matter in the hands of President Mitchell and the district presidents and vice presidents. Before completing the draft of the resolution, President Mitchell telegraphed the presidents of coal-carrying roads making a last appeal for a conference.

**Several Roads Make Replies.**  
He received several replies, one of which was from President Baer of Philadelphia, and the Reading Coal & Iron company, and all of which refused to meet the representatives of the union. Other roads made no response. The texts of the replies were not made public.  
This resulted in the formulation of the resolution presented today, and according to President Mitchell it was adopted without a dissenting vote. The resolution provides for boards who will carry the mine workers' demands to the coal-carrying companies of the Civic Federation. The committee was appointed tonight.  
An appeal was made today to Secretary Easley of the Civic Federation and he made the facts known to Senator Hanna, chairman of the federation.

**WAS QUICK WITH HIS GUN.**  
Nebraska Farmer Kills Neighbor Who Attempts Murder.  
Sioux City, March 24.—George Kucera, a Bohemian farmer living near Clatonia, Gage county, Neb., was shot and instantly killed by George Herzog, the son of a neighbor, today.  
George and Will Herzog took a herd of cattle to a stock field adjoining Kucera's farm. While they were herding the cattle and repairing a fence Kucera approached with a shot gun. After a few words he fired and Will Herzog fell. Kucera raised the gun to fire at George Herzog, but the latter was too quick and shot Kucera between the eyes with a revolver. Will is said to be fatally wounded.

**ALL GET TEN YEARS.**  
Three Embezzlers of Cuban Postal Funds Are Sentenced.  
Havana, March 24.—The trials before the audiencia court of cases arising from the embezzlement of Cuban postal funds, have resulted in the following sentences:  
C. F. W. Neely, ten years imprisonment and a fine of \$86,701; W. H. Rowes, ten years imprisonment, fine \$33,516; Estes G. Rathbone, ten years imprisonment, fine \$35,324.  
**Procedure Is Primitive.**  
Indianapolis, March 24.—Edward Thompson, former postmaster at Havana, arrived home today. He was not surprised at the result of the postal fraud cases.  
Speaking of the manner in which the trials were conducted here, he says the procedure is most primitive. The people who believe the system of jurisprudence there is the same as here. He says it is nothing but a farce. The defendants are not even permitted to sit beside their attorneys, and cannot sit down where they can look the prosecuting witnesses in the face.

**Original Recommendation 24 Years.**  
The original recommendation of the fiscal in this case was twenty-four years imprisonment each and \$155,000 in fines. As the recommendation of the fiscal is equivalent to the final judgment of the court, Thompson is at a loss to account for the reduction in the penalties. He thought perhaps the finding of the court will be finally submitted to the United States authorities.

**CONFERENCE BETWEEN PRESIDENT AND CONGRESSMEN.**  
**ROOSEVELT FAVORS RELIEF**  
**GENERAL INTERCHANGE OF VIEWS ON RECIPROCITY.**  
President Will See Members of Ways and Means Committee Today to Familiarize Himself With Both Sides of the Issue.

Washington, March 24.—A conference was held at the White House this afternoon between the president and Congressmen Tawney and Morris of Michigan, Dick of Ohio, William A. Smith of California and Dayton of West Virginia. It was at the request of the president to consider Cuban reciprocity. There was a general interchange of views.  
The callers frankly concede they found the president desirous of extending effective relief to Cuba by the reciprocity plan.  
**Ask Too Much of Island.**  
The president drew attention to the fact that the Sibley amendment, limiting the reciprocity period to December 1, 1903, gave the Payne bill a rather one-sided aspect, as it asked Cuba to adopt our naturalization and immigration laws and give us tariff concessions, without limit of time, and in return gave Cuba a tariff concession limited to about a year and a half.  
Some of the congressmen present were inclined to admit we were asking a good deal from Cuba in return for the little we should grant to her.  
During the talk it was suggested, that had the Payne bill been modified so as to take off the differential on refined sugar, some of the grounds for opposition might have been removed. The plan to relate was also discussed and explained.

**No Conclusions Reached.**  
At the conclusion of the conference the general understanding was reached that any statements made to the public would be to the general effect that no conclusions were reached, and the conference was confined to a general interchange of views.  
It is understood the president will see the members of the ways and means committee tomorrow, thus familiarizing himself with both sides of the issue, which has recently arisen in the house. He hopes that this general interchange with the leaders from both sides may bring about unanimity of action in whatever is done in behalf of Cuba.

**BLOWN TO ATOMS.**  
Explosion of Quantity of Nitro-Glycerine Causes Death of Teamster.  
Findlay, O., March 24.—John Duran, a teamster employed by the Hercules Toppo company, was blown to atoms this afternoon, while loading a wagon at the magazine north of this city. Seventeen hundred quarts of nitro-glycerine exploded. The shock was felt a distance of forty miles.  
**GUNS GO OFF ACCIDENTALLY.**  
Webster City, Ia., March 24.—At Duncomb, three shot guns in the buggy of Oscar Hurst were accidentally discharged and three persons were wounded.—Jesse Ferguson, Mrs. Sim Clark and her little son. Ferguson's injuries are serious.  
**FOR A WIRELESS SYSTEM.**  
Washington, March 24.—General Greeley has invited bids for supplying a system of wireless telegraphy between Nome City and St. Michael, Alaska, 104 miles across Norton Sound.

**HORSEWHIPPED THE MAYOR.**  
Protege of Mrs. Nation Slashes Topeka Man With a Rawhide.  
Topeka, Kas., March 24.—Miss Blanche Boise, a professional nurse, aged thirty-five and handsome, a protege of Mrs. Nation, horsewhipped Mayor Parker in his office at the city building this morning. Three times she slashed the mayor, then he sprang at her, gripped her by the throat, choked her, tore the rawhide out of her hand and pushed her into the hall, when she exclaimed:  
"Thank God, I've done it. I've horsewhipped you and now I'm going to horsewhip the governor."  
Miss Boise accuses the mayor of being responsible for the fact that joints are running openly at Topeka.  
When seen after the affair, Mayor Parker refused to discuss it. The woman who whipped him talked freely:  
"I was in sympathy with Mrs. Nation, but did not take part in her raids. I have come to the conclusion that the only way to make public officers enforce the temperance law is to horsewhip them. I have an organization behind me, and we have whips for Governor Stanley and Judge Hazen. I will wait and see how this dose acts on Mayor Parker before I repeat it. I think it is a good plan."

**CONCEDE STRIKERS' DEMANDS.**  
Springfield, Ill., March 24.—The striking miners, 180 in number, in the Springfield Coal company at Pana, out for two weeks, effected a settlement with the operators today, the operators conceding the strikers' demands.

**STATEMENT BEFORE MILITARY COMMITTEE MADE PUBLIC.**  
**SENSATIONAL FEATURES CUT OUT.**  
**GENERAL CLAIMS SCHEME WOULD GERMANIZE ARMY.**  
Plan an Effort to Adopt and Foster a System Peculiarly Adapted to Monarchies Having Large Standing Armies.

Washington, March 24.—The statement of General Miles before the senate committee on military affairs, as it will appear in the official records, was made public tonight. The features which caused something of a sensation when published the day the statement was made do not appear.  
The stenographer's report was submitted to General Miles and the official report indicates he followed closely the written statement he had prepared and read to the committee. Concerning the inspector general's department, General Miles speaks highly of its efficiency. He also commends the general efficiency of the pay, quartermaster's and commissary departments.  
**Scheme Is Revolutionary.**  
Further along, General Miles said of the bill: "It is centralization of the most pronounced type, augments the power of the staff and in effect removes it further from touch with the fighting force of the army. The scheme is revolutionary, casts to the winds the lessons of experience, and abandons the methods which successfully carried us through the most memorable war epochs of our history. The proposed plan is but an effort to adopt and foster, in a Republic, a form of government such as ours, a system peculiarly adapted to monarchies having immense standing armies. It would seem to Germanize and Russianize the small army of the United States."  
**Throw Door Open for Despot.**  
In addition to that portion of the statement heretofore published in which General Miles declared the president could by promotions make a captain chief of staff with the grade of lieutenant-general, the general said:  
"It seems to me you are throwing the door wide open for a future autocrat or military despot. It is not, in my judgment, in accordance with the principle and theory of Democratic government, and for the best interests of the army, which has existed more than a hundred years and fulfilled all your requirements, to adopt such a scheme."

**WILL OPPOSE HENDERSON.**  
Senator Courtright of Waterloo, Ia., After Nomination to Congress.  
Waterloo, Ia., March 24.—Senator O. B. Courtright of Waterloo, Ia., is today announced as a candidate for the Republican nomination to congress in opposition to Speaker Henderson, and will make a fight for the control of the coming congressional convention. This means that for the first time since he was sent to congress by the Republicans in the Third district in 1880, Henderson will find it necessary to contest with an aspirant for his seat. For ten years the nomination has come to him by the unanimous vote of the delegates, and only once or twice has there been the remotest indication of opposition.

**HAS NOT RESIGNED.**  
Secretary Hitchcock Says He Has No Intention of Retiring.  
Washington, March 24.—Secretary Hitchcock has returned from St. Louis where he was called by the death of his brother. He denied he had any intention of resigning the cabinet portfolio, or even had contemplated retiring.

### ARRANGE ARMISTICE

**OPERATIONS IN SOUTH AFRICA SUSPENDED TEMPORARILY.**  
**RETURN OF ENVOYS AWAITED**  
**ANOTHER CONFERENCE MAY BE HELD WITH KITCHENER.**  
**Claim Is Made That Commander of British Forces Agreed to Withdraw Banishment Proclamation If Boer Leaders Surrendered.**

London, Tuesday, March 25.—The Chronicle this morning asserts an armistice has been arranged pending Schalkburger's mission to Dewet, and that offensive operations against Dewet, De la Rey and Botha will be suspended. The three generals have agreed to observe the armistice honorably until the return of the envoys to the Boer lines.  
It is believed, continues the Chronicle that the envoys, after acquainting Botha with the result of their mission, will again confer with Lord Kitchener, although no arrangement for a second conference is actually made.  
**Kitchener Insists on Surrender.**  
London, March 24.—The Associated Press has good reasons to believe that Lord Kitchener, in his interview with Schalkburger, agreed to withdraw the banishment proclamation issued in September if Dewet and other Boer leaders surrendered.

In the house of commons, War Secretary Broderick announced that a fortnight ago Schalkburger had intimated to Kitchener his desire to be granted safe conduct through the British lines and back in order to see Mr. Steyn with reference to a possibility of peace proposals. Kitchener, with the consent of the government, has acceded to the request. The announcement of the war secretary was received with cheers.  
**Move Started in Europe.**  
Amsterdam, March 24.—It is believed in Boer circles here that the move of Acting President Schalkburger is the result of a communication from Boer representatives in Europe. A former member of the Transvaal government said tonight:  
"After an exchange of Dutch-English notes a conference was called for February. This conference was attended by Kruger, Dr. Leyds and the delegates, and it was decided to send six emissaries to South Africa by different routes, with dispatches from Steyn and Schalkburger, and giving them a detailed account of the situation.  
**Boers Demand Certain Terms.**  
"One of these agents ought to have arrived about this time. Documents lately received from Schalkburger indicated the peace terms recently discussed by the leaders in South Africa, but the leaders declared they could not accept anything less than the terms demanded at Middleburg (by General Botha, Feb. 28, 1901) and especially the point of complete amnesty for Cape rebels, because the greater part of the commandos actually in arms are composed of Cape insurgents."  
**Inclined to Compromise.**  
"The fact that the Boers in the field are inclined to compromise their demands for absolute independence," continued the speaker, "seems to me indicated by the plan Schalkburger outlines for the government industrial centers. This consists of a British-Boer administration with proportional Boer representation."

**PRINCIPAL KISSED PUPIL.**  
Action of Brazil, Ind., Professor Precipitates a Legal Fight.  
Brazil, Ind., March 24.—The demand made by the school board for the resignation of Professor Muncie, principal of the Meridian street school, because of a charge made by Miss Menee, a pupil, that he kissed her, has precipitated a legal fight between the board and the principal. Professor Muncie was forced to quit the school this afternoon and the pupils struck in sympathy. The principal refuses to resign, and both sides have retained counsel to fight the matter in the courts.

**CLAIMS HE HELPED CZOLGOSZ.**  
Jacob Steinman Says He Tied Handkerchief Around Assassin's Hand.  
Baraboo, Wis., March 24.—Jacob Steinman, who was taken to Waupun Saturday for burglary, confessed to Sheriff Stackhouse that he was an anarchist and was present at a lodge meeting when Czolgosz was selected to assassinate President McKinley, and that he was the person who tied the handkerchief over the hand of Czolgosz just before the shooting. He further said a well known woman was one of the principal instigators of the crime.

**BONANZA FOR A FISHERMAN.**  
S. K. Howe Is Given a Verdict of \$200,000 Against Armour Company.  
Kansas City, March 24.—S. K. Howe, a fisherman, has been given a verdict against the Armour company for the possession of accretion land valued at \$200,000. The land was originally an island, but a change in the course of the Missouri made it a part of the main land adjoining the Armour plant. Howe had located on the island a year ago. The Armour brought suit to eject Howe, the trial resulting in his favor.

Sleeplessness

In skin to insanity. Many a woman realizes that she lies awake hour by hour, peeping the darkness with phantoms, starting at the creaking of the bed or the rustle of the bedclothes.

Such symptoms in general point to disease of the delicate system of organs, and a constant drain of the vital and nervous forces. This condition cannot be overcome by sleeping powders. The diseased condition must be cured before the organs are removed.

Dr. Pierce's Favorite Prescription cures the womanly diseases which cause nervousness and sleeplessness. It is the best of tonics and invigorants, nourishing the nerves, encouraging the appetite and inducing refreshing sleep.

My wife was sick for eight years, writes Albert H. Palle, Esq., of Altamont, Grundy Co., Tenn. She had uterine disease and was treated by two physicians and got no relief.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

In one way or another the Democrats are all on the Bryan platform.

Webster Davis—we hope the reader has not forgotten who he is—announces that he "still stands squarely on the Chicago platform."

Being asked what he had to say concerning Bryan's arraignment of him in a recent number of the Commoner, President Cleveland said, "I am not troubled about it."

"King Edward's dinner party to half a million of the poor of London will be the most impressive feature of the coronation exercises," remarks the Boston Herald, "but it will be chiefly significant as revealing the proportion of London's hungry population."

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds."

It is absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Stafford's drug store.

COPPER COUNTRY NEWS (Additional)

Hon. T. B. Dunstan, wife and son have gone to Chicago for a visit.

Congressman Sheldon is home from Washington for a few days.

R. Skiff Sheldon of Houghton went to Marquette on business yesterday.

This evening the Portage township caucus will be held at the armory.

Over 1000 people visited the Ripley falls at Ripley Sunday. The falls at present are beautiful.

Medames Gilhault and Barkell, Hancock milliners, have returned home from a Chicago purchasing trip.

A meeting of the Calumet Knights of Pythias will be held this evening for work in the second rank.

Preaching services will be held by Rev. Edwin More at the Hancock Congregational church Friday evening.

Over 200 Jewish people of the copper country attended the Porin ball given at the Hancock City hall Sunday evening.

Fred E. King, the Hancock contractor, has returned from the Soo where he submitted bids for the building of a church at that place.

The Hancock contingent of Knights of Pythias who attended the Pythian jubilee at Chicago last week returned home Sunday and yesterday.

People were still walking across the ice on Portage Lake yesterday even though the ice is out of the lake on both sides of the road.

Registration day in Hurontown will be Friday and at Houghton Saturday for the Portage township election. Registration is not necessary.

At Dritter's bowling alleys, Hancock, tomorrow evening, the Hennes and Siler teams of Houghton, will bowl for the "rubber." Each of the teams have a game.

During the summer Stephen Karkeek of Houghton will erect a modern business block on his property near the lake front on Quincy street, West Houghton.

The Calumet and Osceola township precinct caucuses will be held this evening for the selection of delegates for the regular nominating conventions to be held Thursday evening.

The girls' and boys' indoor baseball teams of the Houghton high school will play a return game at the Houghton armory in three week and the boys hope to win the match and retrieve their lost laurels.

The Houghton Light Infantry held a regular drill at the armory last evening. The awkward squad, comprised of new members, was drilled by Lieutenant Hecker, while Captain Shields drilled the regulars.

It is reported in Calumet that the Civic Federation, not satisfied with getting after the saloons, will wake up the bondsmen who are on the liquor bonds of the various saloon keepers.

The Federation want it understood that all liquor bonds must be executed according to law and that the men who sign them must be worth the amount prescribed by law. The assessors will

PROTECTION FOR PUBLIC MEN.

An Austrian inventor has perfected a garment which, it is claimed, will resist a knife thrust or a bullet from an assassin's pistol. Its adoption will furnish wonderful protection to rulers and public men, and while it is necessary to protect their bodies from harm on the outside, it is infinitely more important to protect them from serious danger on the inside, such as may arise from a disordered stomach, weak kidneys or impure blood.

The best health maker and protector known to science is the old reliable Hostetter's Stomach Bitters. For fifty years it has been making sickly people well by curing all such ailments as sick headache, indigestion, dyspepsia, and biliousness. It is the standard remedy for every form of throat and lung disease.

DANGER OF COLDS AND LA GRIPPE

The greatest danger from colds and la grippe is that resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Stafford Drug Co.

THE ONLY GUARANTEED BLOOD REMEDY.

YOU GET YOUR MONEY BACK If Smith's Green Mountain Renovator doesn't give you the prompt benefit.

If there was ever a medicine that was rightly named this is the one. Smith's Green Mountain Renovator does just what its name indicates. It renovates the entire system, and renovation is just what everybody needs once in a while and what some people need all the time.

You know what happens to the delicate mechanism of a watch when a little dirt or some foreign substance gets into it; that is just what happens to you when something clogs your delicate organs. Just the moment the stomach, liver or kidneys fail to do their work in a way Nature intended, the blood will become impure, and, consequently, your entire system becomes clogged up with all sorts of poisonous refuse matter. It seems strange that you feel well. It seems more strange that you are able to crawl around at all.

Here is where Smith's Green Mountain Renovator comes in. It is a purely vegetable remedy made of roots and herbs from Old Vermont, and anybody from that State will tell you that as far back as he can remember the people of that State have been made well and kept well by Smith's Green Mountain Renovator. Vermonters are no longer to have a monopoly of it. For the first time in the many years of its successful history, it is to be placed before the general public through reliable agents.

Don't fail to bear in mind that this is the medicine we fully guarantee by the promise to refund your money if it doesn't benefit you.

**SINGER MAKES PROMISES.**  
Says White Line Will Give Copper Country Improved Service.

Captain W. H. Singer of Duluth, prominently connected with the White line of steamers, was in Houghton yesterday. He came to consult with Agent Seaton of Hancock and others in regard to the company's plans for the copper country service during the coming season. In a conversation with a Mining Journal representative Captain Singer said:

"We will endeavor to give the people of the copper country much better service this season than ever before, that is if we receive the support we expect to get. We have assurances that we will get it, at least our friends here say so. The steamer Inoquois, which by the way, is one of the trimmest and fastest of its kind on the lakes, will make two twelve-hour trips between Duluth and Houghton and two seven-hour trips between Duluth and Port Arthur each week. We expect to get considerable tourist travel for Isle Royale during the summer. Parties now on the island are making some improvements and I understand there is some talk of a hotel being built here. I hope it is true. Isle Royale is coming more into prominence and as we have the cooperation of the Northwestern and St. Paul roads I believe tourists will come from Chicago and Milwaukee to visit the island, as good connections with our boats may be made here. The Bon Ami and Mabel Bradshaw are being overhauled for the season. One of these boats will run on the south shore and the other on the north shore."

Captain Singer stated that the Lake Michigan & Lake Superior Transportation company's boats are about ready for the season which will open during the forepart of April.

**BUCHANAN A CAPABLE OFFICER.**  
President of Rod and Gun Club Speaks Highly of Game Warden.

To the Mining Journal: I have every confidence in Game Warden Buchanan and believe he is a capable officer, and perfectly in harmony with the interests of the Houghton County Gun & Rod club. The majority of the members of the organization are in favor of retaining Mr. Buchanan in the office and are desirous that he pay no attention to anonymous communication. Mr. Buchanan may be assured that he has the full confidence of the club, which heartily endorses him. The letters of a threatening nature to Mr. Buchanan, purported to have been written by myself, were the work of some jealous person who is apparently working in the interests of some one else desirous of securing the place. Mr. Buchanan has always attended to his duties well, is always on the alert, and has made numerous hard and long trips through different parts of the county on the look-out for violators of the law.

**RAZOR KNOCKED FROM HAND.**  
Farmer Who Was Shaving Felt Shock of Oskar Explosion.

No inquest over the bodies of the two men killed in the dynamite explosion at Oskar, near Houghton, Sunday afternoon, was held as it was not deemed necessary. The bodies were taken to the Finnish undertaking rooms at Hancock. The injured man, Dapho, was taken to the home of Farmer Burkman at Oskar. The shock of the explosion was heard for a considerable distance. Hjalmar Burkman, who was shaving a man at the Burkman farm-house, two miles away, at the time, had the razor knocked out of his hand by the force of the explosion. He says he rushed outside, knowing that something out of the ordinary had happened, and describes the fire which could be seen in the distance as terrible.

**UNION LINE APPOINTMENTS.**  
A. J. Otterson, agent for the Union Transit company, at Houghton, has received the following list of appointments of captains of boats which will visit Portage Lake this summer:  
Steamer J. M. Nichol, William M. Lean; Eber Ward, J. L. McIntosh; W. H. Stevens, John Tyrney; Portage, William Rice; New York, Norman McGuire, and Rochester, Patrick O'Neil. The agents for the company are as follows: Bartlett & Tinker, Cleveland; John Stevenson, Detroit; C. W. Robinson, St. Paul and Minneapolis; A. J. Otterson, Houghton; L. R. Robinson, Duluth; H. C. French, general manager.

# AT THE ISLE ROYALE.

Mine Promises to Furnish a Largely Increased Output.  
Commencing April 1, the Isle Royale will stamp about 1,500 tons of rock daily, an amount never heretofore equalled by any mine operated on the south side of Portage Lake. The present management now has had about a year's experience in stamping and milling the rock from the Isle Royale and Portage veins, and is familiar with their character to the extent of their probable mineral yield, so that it is certain that the third head, about to be started, will henceforth be kept in constant commission. For some little time affairs of the Isle Royale were being shaped with a view of increased production. The mine has been breaking nearly enough ground to supply three heads, but as none of the stopes were opened to the levels above, a large amount of rock blasted had, of necessity, to be left for the convenience of miners so that they could carry on their work. The stopes are now well opened, and the company has access to all the rock that it can stamp. It may not be amiss to state that Isle Royale has fully five miles of openings on the Isle Royale and Portage lodes.

Sinking to the seventeenth level is well under way at both shafts, which are now connected at the tenth, eleventh and twelfth levels. These levels extend from north of No. 1 to a point close to the old Huron boundary. Further drifting south would bring the levels uncomfortably close to the openings at the north end of the Huron. The tenth, eleventh and twelfth levels are over 4,000 feet in length. The thirteenth level will connect both shafts next month, while the same can be said of the fourteenth in the near future.

At a distance of 180 feet west of the Isle Royale amygdaloid is the Portage vein, which is reached by cross-cuts from No. 1 shaft at the eleventh, twelfth, thirteenth, fourteenth and fifteenth levels.

An aggregate of over 2,000 feet of drifts has been opened on the Portage lode, and it can be stated that the openings are furnishing a very good grade of rock carrying considerable mass copper. Masses weighing from 100 pounds to a ton or more are being secured. The success of no mine means more to the welfare of the county seat than the Isle Royale and Houghton residents will learn with a deal of satisfaction that the old pioneer property of Portage Lake is about to furnish an increased output of copper every year.

**Winoona Annual Report.**  
The striking feature of the report of the Winoona Copper company for 1901 was the fact that the company started the year with \$44,196 and received in addition to this amount \$297 in interest, making a total of \$44,493, all of which was expended during the year, and \$9,617 besides, leaving the deficit Dec. 31, 1901, at \$9,617. The expenses are given as \$48,352 at the mine and \$7,739 all other expenses.

**Wolverine Mining Company.**  
The Wolverine Mining company officials say that its entire cost sheet for the current year, which will end on June 30, will show, exclusive of construction, that its copper has cost it not to exceed nine cents per pound. Lake people who are well informed insist that the Oseola company is now making its copper for less than nine cents per pound, and that the Kearsarge lode is at present furnishing 1,350 tons of rock daily, which will soon be increased to 1,800 tons.

**Excursions to Isle Royale.**  
A St. Paul dispatch says that the week-end excursions to Isle Royale, lake and rail, which the Chicago, St. Paul, Minneapolis & Omaha found popular last summer, are to be given this season, beginning as soon as the weather is warm enough to make a Lake Superior trip enjoyable.

**After Big Contract.**  
J. H. Jacobs, of the Portage Entry quarries, has sent samples of the red-stone from the quarries to Zanesville, O., and has submitted figures for job lots of the stone for the erection of a Masonic temple in that city. Mr. Jacobs will secure the contract to furnish the stone for the structure. Lake Superior sandstone for building purposes is going favor far and wide and much

# AN EXCELLENT RECORD.

U. P. Indoor Ball Championship Honors Recored on Houghton Light Infantry.

The record of the Houghton Light Infantry indoor baseball team for the season, which will be brought to a close in about two weeks, is one that cannot be approached by that of any other team in the upper peninsula, and to Houghton belongs the championship honors. Next week the team expects to take a trip to Manistique to play two return games with Manistique. Other games may be played on the same trip and Marquette may be included in the itinerary. Following is the team's record for the season to date:

# INJURED IN RUNAWAY.

William Murri and Markus Risanaki Have an Exciting Experience.

William Murri and Markus Risanaki, employees of the Finnish Undertaking company of Calumet, while on the way to Hancock yesterday afternoon, got the remains of Erik Kalliamen, the Calumet & Hecla surface man who was killed in the dynamite explosion near Oskar Sunday afternoon, were painfully injured in a runaway, their horses becoming frightened at Elbowtown at the junction of the highway and down the Quincy hill, upsetting the rig and throwing the occupants out. Risanaki was not slightly injured but Murri did not escape so luckily. He struck his head on the rocks and several bad scalp wounds were inflicted. The attending physician stated, however, that the wounds were not serious. Murri was taken to the Hancock hospital. The horses were caught after their mad run in West Hancock.

# DIES OF PARALYSIS.

John Wareham of Hancock Passes Away at Newberry.

John Wareham, an old resident of Hancock, died at Newberry last Saturday night of paralysis. The remains were shipped to Hancock and yesterday morning were laid out in the home of Joseph Wareham, a son, in the Quincy addition. The funeral will be held this afternoon under the auspices of Quincy lodge, F. & A. M., of which Mr. Wareham was a member. Rev. Edwin Muri will officiate.

**JUDGE BRADY WILL RUN.**  
Will Allow Name to Go Before Portage Caucus for Nomination of Justice.

At the solicitation of his friends, Judge Samuel Brady of Houghton, has consented to allow his name to go before the voters at the Portage township caucus at the Houghton armory this evening for the nomination of justice of the peace. There is a vacancy to fill which the judge thought by many the right man for the place. He will have no opposition and will probably be nominated by acclamation. The judge is too well known in Houghton, where he lived for years, to need an introduction.

# LEAN OUT OF RACE.

Candidate for Supervisor Withdraws in Favor of W. D. Calverley.

Freel C. Lean of Houghton, up to yesterday afternoon, when he withdrew from the race, was a candidate for supervisor of Portage township. He announced to friends late in the afternoon that he withdrew in favor of W. D. Calverley. Mr. Calverley is now the only known candidate for the office and he will likely be nominated by acclamation. He is a capable man for the position and would serve his township well.

# BUSINESS GOOD AT ROCKLAND.

Business in Rockland is improving and there is every indication that it will increase to considerable extent the coming spring and summer. We do not anticipate what is generally termed a boom, nor do we want it, but rather a gradual and solid growth, which will add to the prosperity of this lively place. Both the Michigan and the Victoria mines are making exceptionally fine showings and there is a well-founded rumor that the forces upon both of these properties will soon be increased. If this proves true, Rockland will be the gainers. A number have signified their intention of improving and beautifying their properties while others will erect new homes. This of course will add to the value of our place which is not excelled in the upper peninsula for its neat and handsome residence buildings and its business blocks for a town of its size.—Ontonagon Herald.

# CONTEST WILL BE LIVELY.

In Schoolcraft township Dr. G. W. Orr, the present supervisor, will have opposition at the nominating caucus to be held tomorrow evening. The caucus promises to be interesting. D. W. Sutter has consented to be Dr. Orr's opponent and the balloting will be lively. Samuel Harris, the present commissioner of highways, and Moses Garton, the overseer of highways, will both have opposition for re-nomination.

# Kenton Catches.

David Hope left for his home at Flint Tuesday for a short stay.  
Rev. F. Bagnalls of the Soo has been the guest of Rev. John Best the past week. Special preaching services were held each evening except Saturday.

The Sparrow-Kroll Lumber company out into some of its timber last week that averaged less than three logs to the thousand. The logs are cut expressly for good stock.

Isaac Masteer of Neguigan is occupying the house recently vacated by A. H. Kroll, having moved here with his family Monday. Mr. Masteer is acting as foreman for the Sparrow-Kroll Lumber company in the absence of Mr. Hope.

At the annual business meeting of the Congregational church held Thursday night the following officers of the society were elected: Trustee for term of three years, William Kroll; deacon for four years, John Spargo; clerk, C. B. Gustafson; treasurer, Mr. William Kroll; organist, Mrs. C. F. Moll; superintendent, A. T. Baker. A church supper was planned for Saturday evening, March 29. Rev. Best tendered his resignation to take effect Easter Sunday. He has accepted a call from the Congregational church at West Chicago and expects to reach his new field soon after April 1. Easter Sunday will be observed in the evening by a special program of appropriate songs and anthems by the choir and several numbers by members of the Sunday school. Easter coming so early this year the matter of decoration is being met with difficulty by the committee.

The mysterious disappearance Monday and continued absence of Frank Oja spurred the Finnish population to an incessant search for him. Frank Oja, John Kongas, John Kimmunen and Frank Hakala reached Kenton Sunday afternoon from Trout Creek, where they had just before been settled with by Paul Francis at his operations near that place for their winter work in the woods. It is stated that they were more or less intoxicated when they reached Kenton from Trout Creek, having had some of their time checks cashed there beforehand, and were advised when reaching here by a friendly Finn to get a room at the York Hotel and go to bed. It is stated that all did except Oja, who, it is said, demanded a dollar of Kongas, who was a sort of treasurer for the party. After he had got the dollar the rest of the party claim not to have seen Oja again. Others, it is said, saw him at different saloons during Sunday night and his last appearance was when he was seen rattling the door of a local restaurant about 10 o'clock. His disappearance was first made known Monday forenoon and was reported to Constable Elliott, who took

COLONEL WATTERSON DELIVERS A CAUSTIC SPEECH.

BRINGS UP SCHLEY AFFAIR

TREATMENT OF MILES IS ALSO DWELT UPON.

Democratic Party Is Lauded as a Party of the People and Republican Party Is Denounced as a Party of Trusts.

Washington, March 24.—Colonel Henry Watterson was the principal speaker at a banquet of the Virginia Democratic association tonight. Colonel Watterson urged on the Democrats the necessity for a general union of forces in opposition to imperialism in all forms.

A Man on Horseback.

"Once again," said the speaker, "in the White House we have a man on horseback. To him a little thing like treating an admiral of the navy, wearing laurel leaves of imperishable renown, as if he were a baby in arms, now to be dandled and now to be spanked, is merely an undress affair begun and ended during off moments between breakfast and luncheon; to him, the reprimanding of a lieutenant general of the army, grown gray in fighting the battles of his country, becomes amusing horseplay meant to relax his muscles and illustrate his high mightiness, while wearing lesser officers of the army to obey orders and say nothing.

Blinds to Hoodwink Public Opinion.

"As these things go forward, partaking somewhat of the character of feasts to divert, and blinds to hoodwink public opinion, the bill of the army reorganization is prepared and urged upon congress, and which it is not too much to say ought to be entitled: 'An act to make the president of the United States a military dictator.' Because the reprimanded lieutenant general, in answering the summons of the committee of congress—as was his duty—expresses an opinion adverse to this bill, it is proposed to retire him from the service. Taken in connection with some other matters of more or less sinister suggestion, these are menaces of the most ominous import."

Ship Subsidy as an Argument.

Colonel Watterson then gave attention to the ship subsidy and other measures before congress, and later on made an appeal for party harmony to unite and oppose the measures to be considered against the people's interests. Concluding he said: "There will be but one test of the Democrat in 1904—the line, to the line—saying to arbitrary power and absolutism, 'Thou shalt go no further; we too are in the expansion business, but our expansion is for religion of constitution no less than for religion of Christ and him crucified; our expansion means peace, not war; honor, not degradation to the flag; and just as surely as Jefferson wrote the declaration of independence and Jackson fought the battle of New Orleans—to resist despotism—we all make a new Fourth of July and celebrate another eighth of January in resisting an unrighteous scheme to abolish the constitution and Mexicanize the government."

RESTRAINING ORDER ISSUED.

With Consent of Defendants Action Is Taken Against Railroad.

Chicago, March 24.—With the consent of the defendants, Judge Grosscup in the federal court today issued the temporary restraining order asked for by the interstate commerce commission against six railroads entering Chicago. The order holds good until June 1, or until further orders from the court.

BOGUS COINS CONFISCATED.

Chicago Police Raid Counterfeiting Den and Arrest Two.

Chicago, March 24.—The police raided a counterfeiting den in the attic of a building on Case street tonight and confiscated two boxes heaped with bogus coins. They also secured a counterfeiting outfit. Two men were arrested and a third escaped.

OBTAINS A BIG VERDICT.

P. F. McLaurin Sues Cuba Company and Is Awarded \$50,000.

New York, March 24.—Peter F. McLaurin of Mount Vernon, N. Y., today obtained a verdict of \$50,000 against the Cuba company. The corporation's capital is \$8,000,000. The stock is said to be wholly held by William C. Whitney, Oliver Harriman, J. P. Morgan, Levi P. Morton and Sir William Van Horne of Montreal, Can.

McLaurin's story was that the company engaged him to further its business in Cuba, and for his services he was to receive \$8,000 a year and one share of stock. When he finished work the company discharged him, paying him what salary was due, but did not heed his demand for a share of the stock. To save the appearance of credit to the stockholders, it was admitted by them that his share in the stocks in dispute was worth \$50,000.

PALMA AT THE WHITE HOUSE.

President Roosevelt Entertains President-Elect of Cuba.

Washington, March 24.—T. Estrada Palma, president-elect of Cuba, met President Roosevelt in his official capacity for the first time tonight, when the former was the guest of honor at an informal dinner at the White House. The affair was intended as a mark of courtesy to President-elect Palma, who expressed high appreciation of the honor shown him.

When the affair was largely of a social character, the prospective transfer of Cuba from the Americans to the new government was discussed, and questions incident thereto received consideration. Originally it was intended to make the transfer May 1, but it is now apparent it may not be done before May 20. Senator Palma expects to go to Cuba about the middle of April.

OLEO BILL IN SENATE

SENATOR PROCTOR OPENS IN SUPPORT OF MEASURE.

Washington, March 24.—Consideration was begun by the senate today of what is popularly known as the oleomargarine bill. The measure places a tax of ten cents a pound on oleomargarine colored in imitation of butter, and reduces the present tax of two cents per pound on oleomargarine to one quarter of one cent a pound in uncolored form.

Senator Fairbanks today introduced a bill authorizing the construction of a agricultural department building on the site of the present building at a cost of \$2,500,000.

The following bills were passed: Authorizing the establishment of a life saving station at Eagle Harbor, on Keweenaw Point, Mich.; to reimburse certain Sioux Indians, South Dakota, for property destroyed.

The senate agreed to request for a conference upon the legislative, executive and judicial appropriation bills and war revenue reduction bill.

Proceedings of the House.

Representative Boring of Kentucky injected an attack on the Goebel election law into discussion of the Moss-Rhea contested election case from the Third Kentucky district, which again occupied the attention of the house today, but Rhea declined to be drawn into an extended debate on an issue not directly involved in the case. He contented himself with paying his respects to Boring, charging the latter with ignorance of the law in his own state.

Rhea made a strong presentation of his side of the case, but had not concluded when the house adjourned. A vote will be taken about 2 o'clock tomorrow.

Other speakers were Representatives Bowie of Alabama, Powers of Maine and Fox of Mississippi.

Sympathy for Boers.

Representative Randall of Texas today introduced in the house resolutions of sympathy with the Boers, appealing to England to make peace, and declaring the United States should maintain strict neutrality.

The house committee on interstate commerce today voted to report the oleum pure food bill to prevent adulteration and misbranding of imitation foods, beverages, drugs, etc., and regulating the interstate traffic in such goods.

MURDER AND SUICIDE.

Chicago Man, Wife and Child Are Found Dead in Bed.

Chicago, March 24.—James Towns, wife and eight-year-old daughter were found dead in bed here today asphyxiated by gas from a kitchen range. A plug had been removed from the range and the man's arm had been thrown over the child, apparently holding her down. These circumstances are cited by the police as evidence of a double murder and suicide.

TO STOP MERGER

ANOTHER SUIT AGAINST NORTHERN SECURITIES COMPANY.

IN STATE OF WASHINGTON

ATTORNEY GENERAL STRATTON PREPARES FOR ACTION.

Returns Home After Consulting With Attorney General of Minnesota as to Lines to Be Followed in Suit.

Minneapolis, March 24.—W. B. Stratton, attorney general for the state of Washington, will bring suit in the United States supreme court against the Northern Securities company to prevent a merger. As all the corporations party to the suit are outside of Washington, the question of jurisdiction, which caused Minnesota's petition to be denied, will be avoided. Attorney General Stratton has been here a week consulting with Attorney General Douglas.

Suit in Minnesota.

St. Paul, March 24.—Attorney General Douglas will begin action against the merger in the state courts within ten days. It will be brought in the district court at St. Paul in the form of an application for an injunction to restrain the Northern Securities company from voting the stock of either the Northern Pacific or Great Northern Railroad company.

The general purpose is to secure jurisdiction on behalf of the state and make the issue broad enough to cover the whole merger. The defendants will be the Northern Securities company and the Great Northern and Northern Pacific. The Burlington will not be brought in for the reason it does not parallel either of the other lines in this state.

Attorney General Stratton, having secured all the information possible, as returned home to prepare for the action to be brought on behalf of the state of Washington in the federal courts.

Power Hearing Continues.

New York, March 24.—The hearing in the suit commenced by Peter Power in the United States court of Minnesota, for the purpose of determining the standing before the law of the purchase and holding of Northern Pacific and Great Northern stocks by the Northern Securities company, was continued here this afternoon before Richard A. Mabey, special examiner. A number of witnesses were examined, when an adjournment was taken until Wednesday, when it is expected J. Pierpont Morgan will appear.

CHOYNSKI KNOCKED OUT.

Kid Carter Gets Decision in First of a Six-Round Bout.

Chicago, March 24.—"Kid" Carter of Brooklyn knocked out Joe Choynski in the first round of a six-round contest tonight. It was either man's battle up to the final blow.

Choynski had reached Carter's jaw with both hands at least twenty times and had the Brooklynite staggering when the latter made a desperate lunge with his right for Choynski. The blow landed in the pit of Joe's stomach and doubled him up. Before he could straighten himself out, Carter chopped him with a right on the jaw. Joe went down but came off staggering, barely able to hold his hands up. Instead of endeavoring to clinch, Choynski stood off and began slugging.

Carter, who had recuperated from the terrible beating he had received, was stronger, and after missing several desperate swings, finally landed a full right swing on Choynski's jaw. The blow had such force it lifted Choynski off his feet and he went down on top of his head.

It was thought for a time he was seriously injured, but with the assistance of a physician his handlers brought him to after he had been unconscious fully ten minutes. The round lasted two minutes and thirty-five seconds.

Callahan Beats Bernstein.

Philadelphia, March 24.—Tim Callahan of this city had slightly the better of a six-round go with "Joe" Bernstein of New York tonight. The men put up a fast bout.

STATISTICS IN DAIRY MATTERS.

New York Is First and Pennsylvania Second in Dairy Products.

Washington, March 24.—The complete census statistics in dairy matters announced today shows that of 5,739,657 farms in the country, 4,514,219 report dairy cows and dairy products, and that in 1899 the total dairy product had a valuation of \$472,369,958; products consumed on farms, \$190,739,297. There were produced from cows reported, 7,266,392,674 gallons of milk, an average of 424 gallons per cow. Of this 2,134,915,342 gallons were sold, for \$20,768,062. The cheese farms manufactured 16,372,339 pounds, of which 14,692,542 pounds were sold for \$1,342,444.

New York is first and Pennsylvania second in dairy products.

MAY COLLECT DAMAGES.

Important Decision Regarding Employees of Railroad.

Denver, March 24.—Judge Mullins, of the district court, today decided that the agreement, which railroad companies and the Pullman company exact from their employees discharging the companies from liability damages in case of injuries resulting from accident, are illegal and void.

The decision was given in the case of Clarence L. Adams, a Pullman conductor injured in a collision, and who sued the Rock Island & Denver and Rio Grande railroads for \$15,000 damages. The corporations pleaded the contract made by Adams with the Pullman company as a bar to the suit. The court overruled the plea.

Set Fire to School and Attempt to Lynch Professors.

Vienna, March 24.—The newspapers here report students' outbreak of a revolutionary character at Plock, Russia-Poland. The students there set fire to the technical school and attempted to lynch the professors, who escaped with difficulty. Mounted troops quelled the disturbance.

INTERNAL REVENUE COLLECTIONS.

Washington, March 24.—The monthly statement of collections of internal revenue show the total receipts for February, 1902, to be \$18,747,659, a decrease compared with February, 1901, of \$2,042,778.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, March 24.—Wheat today was again active, excited and broad, though the fluctuations kept within 3/8 cent range. The operations were heavy on both sides, and the undertone was strong and weak by turns, the close showing 3/8 cent gain. The opening was heavy, due to rains in the winter wheat belt. Liquidation early was a feature and May touched 71 1/2. Later there was a recovery. The shorts were good buyers and investment purchases were a feature. The cables were unexpectedly steady and the general run of statistics favored the holders. At Liverpool spot was unchanged to 3/8 lower, with the futures only 3/8 lower. The visible decreased 1,049,000 bushels. The exports were liberal at 487,000 bushels, and ten boatloads were reported taken on the coast. The local receipts were twenty-eight cars.

In corn there was an enormous trade and an active, irregular market. The opening was excited and the prices varied 1/2 cent at the same time. Liquidation was liberal in evidence and long property came out in large quantities. The buying at the same time was of good character, and several important short lines covered. The professionals and the Southwest sold freely. The locals arrived were 192 cars. Spot at Liverpool was steady to 3/8 higher, with the futures off 1/2. Oats ruled active and unsettled. The

prices declined 3/8 cent from Saturday's close at the start, rallied 1 1/2 for May, and closed at the outside with a net gain of 3/8. July advanced a cent from the low point and closed at a loss of 3/8. The break on the general selling was in sympathy with the other grains. The rally was on reduced offerings and the strength in the other grains.

The leading futures ranged as follows: May wheat opened at 71 1/2; highest, 72 1/2; lowest, 71 1/2; closed, 72 1/2. May corn opened at 57 1/2; highest, 58 1/2; lowest, 57 1/2; closed, 57 1/2. May oats opened at 41 1/2; highest, 42 1/2; lowest, 41; closed, 42 1/2.

Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 30,000 16,000. Wheat, bushels, 31,000 23,000. Corn, bushels, 138,000 24,000. Oats, bushels, 151,000 83,000.

HELD OPTION ON KINGSHIP.

Chance to Become a Ruler Refused by Andrew Carnegie.

Pittsburg, March 24.—Andrew Carnegie once passed up the chance of becoming Andrew L. King of Arcadia, Achilles I. of the Kingdom died recently in Paris.

In several years ago Achilles figured out that Andrew Carnegie, being rich, might purchase his kingdom. He sent his prime minister, Count de Belligarde, to Pittsburg to lay the sale before the steel king. The latter took the subject under advisement and Count de Belligarde spent six weeks going over the plans with Mr. Carnegie. The kingship had no allurements for the Pittsburger, but he was told that the land abounded in iron ores. He figured on the value of the kingdom on the basis of cost of shipments of this ore to his plant at Erie, Pa. He finally gave up the proposition.

The story was told by an Austrian lieutenant of engineers who had been employed by Achilles as mapmaker. The stipulation was that the Austrian was to get up the brightest colored map imaginable of Arcadia to please his majesty. He was to receive fifty cents per color.

The Austrian, who until recently was a resident of Pittsburg, and was working for Achilles when the offer was made to cure your cough or cold. He colors of the rainbow and Joseph's coat in his effort, and got enough out of the map making to pay his passage to Pittsburg.

Vegetables Distress.

Many Vegetarians Dyspeptics. It has been popularly supposed that any one who would stop eating meat for a while could rid him, self of dyspepsia, but a large part of the cases of indigestion are due to starch, which occurs mainly in vegetables, and vegetarians often suffer the most aggravating pains from clogged intestines.

There is only one agent which will assist in the digestion of starch. It is called Diastase, and Kaskola Tablets are the only form in which this remarkable remedy is offered. They always cure indigestion, even after everything else has failed.

The P. L. ABNEY CO., Kalamazoo, Mich.

Tablets. Please find enclosed fifty cents for the Kaskola Tablets. Would say it is the best remedy for indigestion and dyspepsia that I have found yet, although I have tried with high others. I have found great relief and benefit from taking the first box. I feel confident that I have the remedy that will cure me in the future.

Yours very respectfully,

**COPPER STOCKS DOWN.**  
Free Selling of Amalgamated Depresses  
Prices Generally.

Hayden, Stone & Co. yesterday wired  
the Laidley Commission company: "The  
coppers have all been down today, except  
the Lawson pits, Centennial, Trinity and  
Arcadian. These have been pressed for  
sale, and that by Lawson brokers. The  
rest of the list is soft in sympathy with  
Amalgamated."

Paine, Webber & Co. said: "A bear-  
ish article in a New York Sunday paper  
is believed to have been the excuse for  
the free selling of Amalgamated today.  
Thomas W. Lawson issues a bulletin this  
afternoon, advising the purchase of Cop-  
per Range, Trinity, Tamarack and Os-  
ceola for considerably higher prices. The  
Boston News Bureau figures that the  
Franklin lost \$48,000 on last year's op-  
erations. The average yield of its rock  
is figured as twelve pounds to the ton.  
We continue to favor purchases of the  
best coppers."

**Grain Prices Gain a Little.**  
W. H. Laidley & Co. said of the Chi-  
cago grain markets:

"The wheat market had a rather in-  
regular opening, but after an  
early showing of strength it  
turned weak and ruled dull during  
most of the session. Toward the close  
the market turned firm and closed at 1/2  
cent over Saturday's figures. The cables  
hardly reflected our break of Satur-  
day. The receipts here were light, the  
estimates heavier and the Northwest  
receipts heavy. On any further bulge we  
would sell wheat."

"Corn opened at about Saturday's  
price to a shade lower and continued  
weak during most of the session. Toward  
the close it rallied sharply and  
closed at an advance of 3/4 cent over Sat-  
urday. We believe the offerings are going  
to increase and that the prices will  
seek a considerable lower figure. We  
advise sales on all bulges."

"Oats followed the course of the other  
grains, being lower early but closing  
higher than Saturday. In our opinion,  
oats should follow corn, as we consider  
that the market is more free of manipu-  
lation than for some time."

**Wall Street Stocks Steady.**  
Walker Bros. summed up the New  
York stock market as follows: "The mar-  
ket today was firm and in some cases  
quite active. There was heavy buying  
in the coalers and the Readings made  
good advances. The only weak feature  
was Copper, and there was selling of it  
all through the day. Sugar also sold  
off a little. In the afternoon there was  
some bidding up of the specialties and  
the transactions showed some strength. The  
close was steady. Money was a little  
harder and call money loaned at 5 per  
cent."

**ADVANCE EXPLAINED.**  
Local Agents Receive Instructions Con-  
cerning New Insurance Rates.

The fire insurance agencies here are in  
receipt of official notice from various  
companies represented by them, of the  
advance in rates on fire risks. The cir-  
culars state the reason why it was  
deemed necessary to boost the charges,  
and also explain in detail the classes of  
risks affected, the general tenor of the  
notices being as follows:

"You are doubtless very well aware  
that the business of fire insurance has  
been presented at a loss for the last  
three years, and the outlook for 1902 is  
more discouraging than any of the three  
preceding years. The companies must  
have more money for their policies, or  
else it is only a question of time when  
a great many of them will be obliged  
to retire from the business. The public  
does not want such a condition, as it  
would mean an exorbitant increase in  
the rates if the competition were reduced  
largely by the retirement of any great  
number of companies.

"The writer is an advocate of schedule  
rating, but there are times, such as this,  
when an emergency exists, and it is ab-  
solutely necessary that a flat advance  
be made on those classes which have  
proved unprofitable to the companies.  
We are obliged, therefore, to request  
that beginning with March 17 you will  
increase the rate of premium 25 per cent.  
on all policies you may write, whether  
renewals or risks, covering the following  
classes:

"Mercantile stocks in all buildings, ex-  
cept such as are occupied as dwellings  
above the grade floor.

"All frame store buildings.

"All manufacturing risks and other  
special hazards, to include cold storage  
risks, mill lumber yards and grain ele-  
vators; except where such risks have  
been rated under Union schedules with-  
in one year.

"These increased rates will maintain  
until the risks can have been treated  
under Union schedule.

"Risks which are equipped with an ap-  
proved standard sprinkler system will  
not be included in this advance.

"This instruction is imperative, and  
you will please govern yourself strictly  
thereby."

**JOHNSTON-WIDMAN.**  
Marquette Man Carries Away a Pretty  
Detroit Bride.

A pretty Lenten wedding, says the De-  
troit Tribune, was that of Miss Florence  
Julia Widman of this city, daughter of  
the late C. D. Widman, and Donald Al-  
lerton Johnston of Marquette, which  
was celebrated at 6 o'clock last evening  
at the family residence, 38 Garfield av-  
enue. The ceremony was performed by  
Rev. R. O. Waters, rector of St. An-  
drew's church.

The bride was attended as maid of  
honor by Miss Jessie Johnston, a sister  
of the groom, while the Misses Stella  
Rich and Minnie Johnston acted as  
bridesmaids. Will Irving officiated as  
best man. Little Isabel Andrews and  
Isabel Reid were the flower girls, and  
David Andrews, a young cousin of the  
bride, carried the ring. The bride wore  
a gown of white Brussels net, trimmed  
with lace, and her veil was fastened with  
a diamond pin. She carried lilies of the  
valley, and her attendants, gowned in  
white lace over white silk, carried white  
roses. Easter lilies and ferns adorned  
the rooms. The service was witnessed  
by a few relatives and intimate friends.

Mr. and Mrs. Johnston left last even-  
ing for a brief bridal trip, and will re-  
turn to Detroit for a short time before  
taking up their residence in Marquette.

About 200 cedar poles are to be per-  
chased by the electric light commission  
this spring. The timber has been cut  
in the Chocoyah district this winter by  
Joseph Bourassa and for the past few  
weeks has been hauled to the city. The  
poles will take the place of old ones  
at various points along the system  
where changes are needed. The sticks  
average thirty-five to forty feet in  
length, but there are some which are  
about fifty feet long.

The local land office has rendered de-  
cisions in the homestead contests of Peter  
W. Griffen vs. Frank Garon and Timothy  
A. Griffen vs. Richard S. Pierson, each  
involving 100 acres of land in Ontonagon  
county. The decisions are in favor of  
the contestants. In the case of An-  
thony Welsh vs. Rose Trevarrow, former-  
ly Rose Morganroth, also involving  
100 acres in Ontonagon county, the office  
is advised that its action in favor of the  
contestant—recommending that the  
entry be cancelled—has been sustained  
by the authorities at Washington. It  
is an extremely rare occurrence that a  
ruling of the Marquette officials is re-  
versed.

# For Sprains Omega Oil

The right time to treat a sprain is the minute you get it. And the right remedy to use is Omega Oil. You can say what you will about this or that thing being good for a sprain, but Omega Oil beats them all.

The quicker you rub it on, and the more of it you use, the sooner the sprain will be gone. Even if Omega Oil gets you back to work one day quicker than other remedies, it will pay for itself several times, but it generally cures a sprain, strain or bruise a week before anything else, and a week's wages amounts to a good deal to most people. If your druggist doesn't sell Omega Oil, ask him to get a supply of his wholesale dealer.

DR. FELCH FOR MAYOR. TONTINE COMPANY'S FINALE.

Citizens' Party Places a Strong Ticket in the Field.

Judge McGee of Minneapolis Dissolves a Get-Rich-Quick Concern.

The expenses and city convention of the Citizens' party, held last evening, were very largely attended and very harmonious, there being contests over but very few of the offices. The convention took place in the Nelson House parlors, W. T. Potter being the temporary chairman and Geo. A. Newett, secretary. The committee on credentials was named as follows: James H. Rough, William McKee and Joseph Hooper, and the committee on permanent organization and order of business, Joseph Kennedy, Fred J. Eggan and James Clancy. It was recommended by the latter committee that the temporary organization be made permanent, and the report was adopted.

**City Ticket.**  
The city ticket was named as follows: Mayor—Dr. Theodore A. Felch. Recorder—John DeBridge. Treasurer—Oscar Hill.

**Justice of the Peace—Hans Gunderson School Inspector—Peter Fitzpatrick.** There were contests over but two of the offices—treasurer and justice of the peace. Frank Sundberg was the other candidate for the treasurer; he received seven votes, against sixteen for Hill. The fight for the nomination for justice was between T. F. Donahoe and Mr. Gunderson, the vote also being 16 to 7 in favor of the latter. The following city committee was named: James H. Rough, A. J. Yungbluth, James Clancy, Josh Hodgkins and E. J. Eggan. A committee was also named for each ward, to do campaign work between now and election.

**Ward Tickets.**

The gentlemen placed in nomination at the ward caucuses are: First ward—Supervisor, Thomas Edley; alderman, Timothy Hughes. Second—Supervisor, Josh Hodgkins; alderman, James McTutcheon. Third—Supervisor, Leonard Sundblad; alderman, Richard Nichols. Fourth—Supervisor, John Lundberg; alderman, Alfred Collick. Fifth—Supervisor, Lars Hoyseth; alderman, William Treiblock. Sixth—Supervisor, Charles Johnson; alderman, John Williams. Seventh—Supervisor, Richard T. Smith; alderman, Walter Stirling. Eighth—Alderman, John Peterson; name of supervisor not ascertained last evening. Ninth—Supervisor, James Stephens; alderman, John T. Burke. Tenth—Supervisor, Oliver Ayyotte; alderman, Thomas Synmonds.

**WILL MOVE TO MISSISSIPPI.**

Several Ishpeming Families Are Planning on Locating in That State.

It is quite likely that a number of well known Ishpeming families will leave here during the coming summer to locate in Mississippi, near Jackson, the capital of the state.

The Ridgeland colony, nine miles from Jackson, is attracting the attention of local people. It is said that the farming lands there are very fertile and several here are negotiating for tracts there. It is at this place that George Williams, an old resident of the Salisbury location, settled just before the holidays. He went down there for the benefit of his health and was so favorably impressed with the country that he concluded to locate. He bought fifty acres of land and is now building a dwelling on the place. His son Archie joined him about a month ago and the young man writes his friends here that he is much pleased with the change. Mrs. Williams and her son Tom left last night to join Mr. Williams. Another son, Irwin Williams, the well known bicycle rider, is still here, but may also go down there before the close of this year.

It is said that ten acres of land will support a good-sized family. Garden truck is the principal product and Mr. Williams informs his family that the vegetables raised there are the finest he has ever seen. There is a good market for all kinds of truck and the farmers have no difficulty disposing of what they raise.

John Dunstone, another old resident of this city, has disposed of his home with a view to moving his family to Ridgeland. He has purchased land and intends to engage in farming. The climate down there is all that could be desired. During the past month vegetation is sprouting up and the farmers are preparing for their season's work.

It is said that the heads of no less than fifty Ishpeming families are figuring on moving to Ridgeland. Several here are corresponding with land agents there and in case they close deals for the purchase of tracts they will soon leave for that region. Mr. Williams has written such encouraging letters to some of his friends here that several of them have the Mississippi craze. He writes that a man should have no difficulty in making a nice living for himself and his family from a few acres of land. The price of the land is not high now, but Mr. Williams says it will be before another year passes. There are now about four hundred persons living at Ridgeland and settlers are coming in every day. A railway line extends to within one mile of Mr. Williams' place. The greater part of the produce is marketed at the station, but not a little of it is disposed of in the Jackson markets.

**DON'T LIVE TOGETHER.**

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without griping or distress. Are safe, sure, gentle, thorough. Purely vegetable. The Stafford Drug Co. H. N. Meloché Co., Ishpeming.

The following, which appeared in the Associated Press dispatches of Saturday, will be read with no little interest by upper peninsula people, and especially by those who held certificates in the concern referred to:  
"Judge McGee, in an order filed today, dissolved the Tontine Savings association. The character and articles of incorporation are declared forfeited. George P. Flannery, attorney, has been appointed receiver and directed to take charge of the company's effects and convert them into cash.  
"The most interesting part of the order is to be found in the memorandum in which the court waxes sarcastic. When the present company was reorganized, on May 8, 1898, there was practically a deficit of \$23,520 from its predecessors. It had done a tremendous business then, but up to date of 90 per cent. has been outside of the state. Owing to the 'wrench' features of the company's plan the liabilities grew each year.  
"The court shows how this increased and how there was a continued deficit. Up to Dec. 7, 1901, the memorandum shows a deficit of \$23,520 in three years, seven months and three days from \$23,520 to \$1,293,290.25. Should the growth of the association continue at the same ratio as during the past three years the results will be simply immense. At a steady increase of 60 per cent a year in eighteen years there would be \$9,000,000 contracts in force and the amount necessary to redeem would be over \$18,000,000. In fifty years the whole wealth of the world since the creation of Adam would be wholly insufficient to redeem the contracts.  
"From Judge McGee's memorandum it appears that the late directors of the association, on a paid-up capital of only \$2,000, received in 1901 the sum of \$89,000 in dividends and \$25,000 in the same way in the thirty-two days of 1902. The investigation of the company's affairs was brought about through inquiries made by the attorney general."  
A number of Marquette county people will be money out if the liabilities of the association are not assumed by its members under a new corporate organization. The Tontine concern has two agents in this county, one in Ishpeming and the other at Marquette. These gentlemen have worked up quite a business for the concern during the past eight or ten months. They have had such implicit confidence in the management, and were so favorably impressed with the plan of making money, that both are investors in its certificates.

The agents have been notified since Judge McGee's order was filed that a new corporation will be organized and that the business will be continued. An effort will be made to organize under the laws of Minnesota governing the organization of other corporations. It is believed that this can be done and that the business of the concern can be conducted on about the same lines as it was under the association.  
The men interested in the enterprise have too good a thing to step down and out at this time. They believe its affairs can be adjusted satisfactorily and that everything will end well.  
The agents have been instructed to advise the holders of certificates to make their payments regularly until such time as the new corporation begins doing business. Some of the investors will drop out without making further payments, losing what they have put in, rather than take a chance of sinking the full amount called for on their certificates.

Should the parties interested in the concern fail in their attempt to reorganize and make good all claims many people throughout the Northwest will lose money. It is said that over in the Dakotas and other states near by the holders of certificates to make their payments regularly until such time as the new corporation begins doing business. Some of the investors will drop out without making further payments, losing what they have put in, rather than take a chance of sinking the full amount called for on their certificates.

**PACKED THE HOUSE.**  
The Ishpeming opera house was packed to the doors last evening. Those who turned out to see the moving pictures by the Kinetograph show were not disappointed, as it was easily the most interesting exhibition of the kind ever given in this city. All the pictures shown were well received and they were properly handled by the operator of the machine. The pictures of the McKinley funeral, scenes from the Pan-American, and several others gave entire satisfaction. The comic pictures were also attractive, at times causing the entire audience to laugh heartily. The scene representing "Happy Hooligan" caught the house. There will be a complete change of pictures each evening during the engagement, though any of those given last night will be repeated again by request. There will be a matinee tomorrow afternoon at 4:30 o'clock for the benefit of school children and there should be a large crowd out, as it is not often that the little ones are afforded such a treat as they will be given at this exhibition.

**LARGE CROWD EXPECTED.**  
The members of the Ishpeming Light Guard expect an unusually large attendance at the company's second annual ball, to take place next Monday night at the Anderson hall. Four hundred invitations were issued to people who dance. Guests are expected from every place in the county, as a number from outside have already advised members of the company that they will be present at the party.

to invest on the ground floor with owners, in a developed free milling gold mine that has produced, and has expended on it.

**Fifty Thousand Dollars**

in development on the ledge and a complete five stamp mill, with all other necessary machinery ready to run.

The Ozark is not a prospect, but a mine that has produced. We are placing 100,000 shares of development stock at 25c per share, capital stock 1,000,000 shares (par value \$1.00) each, fully paid and non-assessable, to further develop and put the property on a paying basis.

A property lying near the Ozark, with nowhere as good a showing and very little development, sold last week to a New York Syndicate for \$200,000. The Ozark will pay dividends and be worth par inside of six months. This is the best investment for the money that has ever been offered to the investing public.

Do not lose this opportunity. It will never come again.

### GREAT DEVELOPMENT

In Florence—The Splendid Showing of the Banner and Ozark Has Stimulated All Other Mining Enterprises.

J. N. Taylor, United States Mineral Surveyor, has just come down from Florence and reports great activity in the camp and that there is more development going on at the present time than there has ever been before in central Idaho.

In an interview with the Star reporter, Mr. Taylor said: "The Banner is working sixty men in getting their mine ready to start as soon as the hundred ton mill they are putting in is completed. This property has developed into a great mine, I believe the largest free milling gold mine in the Northwest. They have twenty-seven feet of \$14.00 ore in one drift, and twenty-three feet of \$66.00 ore in another drift. This property was bought by a New York syndicate composed of Henry Clews, Arbuckle Bros., and others a short time ago for two hundred thousand dollars, and the value of the property today is hard to estimate as they

have a million dollars worth of ore blocked out.

"The Ozark mine lying north of the Banner is also drifting on a twenty-four foot ledge on the 100 foot level, and there is no question but that it will develop into a great mine, as it has the richest ore in the camp and has a greater showing as far as developed than the Banner. They expect to get the mill now on the property started by the first of March and add stamps enough as soon as the roads will permit in the spring to make their capacity 100 tons per day, and with these two big mines with others that are getting ready to start, the people of Florence are looking for a great boom in the spring. The town of Florence is full of mining men looking for bonds on property where the owners are not able to do the necessary development work to put the property on a paying basis but as usual the prospectors' idea since the development of the Banner and Ozark is such that they are hard to deal with in the way of price, but the people who are looking for the property have made liberal offers since the Banner and Ozark started, and I am satisfied will pick up most of the best properties between now and spring."

### OPENING OF NAVIGATION.

Is Expected from Two to Three Weeks Earlier Than Last Spring.

Mining men on this range rather look for an early opening of navigation this year. The opinion now prevails that the ice boats will begin moving sooner this spring than ever before since the mines of the county have been in operation.

Last year navigation practically opened on April 23, though considerable loading of cars at the mines was done before that date. It is now thought that the first ore will go forward about the first of the month. This being true it will not be many days before preparations for loading at the mines will be well under way.

No work has thus far been done at the mines with a view to commencing shipments at an early date. The steam shovels are being put in shape for the season, but there is nothing doing in the way of repairing the old tracks or the building of new ones that will be necessary to reach the ends of the stockpiles. This work can be done in a hurry, so that there will be no delay in the movement of the ore once the order is received to begin shipping.

The stockpiles at some of the mines of Negaunee are quite large. The Cambria and Lillie piles are larger than they were a year ago, though but one shift is worked. These mines have been operated steadily all winter.

There is not a great deal of ore at the Negaunee mine, owing to the underground operations being suspended on account of the cave-in early in January. The mine will be in fairly good shape, however, by the time navigation opens and the shipments from the pockets will be quite as large as they usually are during the summer months.

The stockpiles at the Regent mines are large as a result of the steady work done there during the winter months.

### "WHOSE BABY ARE YOU?"

Mark E. Swan, author of that clever farce, "Broth's in Town," has just completed another of those mirth-provokers bearing this catchy title, "Whose Baby Are You?" It will be seen at McDonald's opera house on the evening of April 1 for the first time. Mr. Myron B. Rice, who was instrumental in bringing "My Friend from India" to the stage, has the management of this organization, and has engaged a company of unusual merit to interpret the farce. The principal parts will be in the keeping of those clever comedians, Miss May Vokes and Chas. W. Bowser. Miss Vokes was the original Tillie in "My Friend from India" and no one who has seen her remarkably clever impersonation of this German slavey-character will dispute the fact that she is one of the most talented comedienne before the public.

Miss Vokes gained her first experience with Kate Castleton, then went on tour at the head of her own company, which gave her a great deal of experience, both in an artistic and business way. She was then assigned the part of Tillie in DeSouchet's farce, and although the part was not considered the chief one of the piece, Miss Vokes, through her cleverness, made the hit of the play on the opening night at the Bijou theatre, New York. It is doubtful if a more consistent, careful and thoroughly drawn character has been seen on the American stage.

Mr. Rice is indeed fortunate in having secured this clever little lady for "Whose Baby Are You?"

### ANOTHER BODY RECOVERED.

The body of William Hakkinen, one of the victims of the Negaunee mine disaster, has been recovered. It was found in a raise, some distance from where the bodies of the other victims were found a couple of weeks ago. It appears that the debris which came through when the cave-in occurred did not touch Hakkinen and it is thought that he was suffocated. His body was found between two piles of lagging. There is still one body remaining in the mine.

The funeral of Hakkinen will take place today.

### ENTERTAINMENT AND SUPPER.

A number of the members of English Oak Lodge, Sons of St. George, and their lady relatives have begun work for the society's annual entertainment and supper, to take place at McDonald's opera house on Good Friday night. There is every indication that this year's "blow-out" will be quite as successful as any previously given by the lodge. The program will consist of choice musical and literary numbers and the supper will be one that all will enjoy. The ladies in charge of the supper have had much experience in that work and they know how to prepare a good spread.

### FORMER NEGAUNEE WOMAN DIES.

Mrs. Frank Buell, nee A. Bice, died on Thursday last at her home in Knoxville, Tenn. Diabetes was the cause of death. Mrs. Buell was ill but a short time.

The deceased resided in Negaunee for some years before her marriage, which occurred about eight years ago. She is survived by her husband and two children. The remains were taken to Durduth, where the funeral took place yesterday.

## Upper Peninsula.

Former Treasurer Louis Beauchamp of Spaulding township has been brought to Menominee from his home in Wilson by Sheriff Stiles and placed in jail, charged with the embezzlement of \$9,314.22. It is thought there will be several other misappropriated amounts brought to light at the trial. The residents of Spaulding, it is said, were not greatly surprised at the arrest, as it is openly asserted that the loose financial methods employed by the town board have utterly prostrated the financial condition of the township. Beauchamp was elected in April, 1899, and served two consecutive terms. Sometime previous to the expiration of his last term some of the taxpayers expressed fears that the town's accounts were not what they should be. When the new board was installed people of the township demanded an investigation. Work began at once. John Parwood, an expert accountant of the Spaulding Lumber company, was engaged to go over the books. After several weeks he called the board and revealed a shortage. After waiting a long time for Beauchamp to make good the deficit, the town board decided to wait no longer and had him arrested. He was arraigned and placed under a \$2,500 bond to appear on April 4.

A lumberman named Matthew Pattison was robbed of his cash at a Manistique hotel last week by William Watson, a boy. Pattison comes from Bay City and has been working in the woods in the vicinity of Manistique. The other night he was much the worse for liquor and during his hilarity in some manner cut his head. Young Watson took him to the wash room with the supposed intention of washing the blood from his face, but instead threw him down and confiscated the old man's pocketbook, which contained \$27.75, and skipped. Officer Hugh Hayden was notified and inside of thirty minutes had landed his man in the county bastille. Watson is but sixteen years of age and claims to hail from Canada. He says he was prompted to do the act by William King, a colored musician, who had been hanging around town for several days. King was arrested and both were given a hearing in Judge Hill's court and were bound over to the next term of the circuit court.

The other day while a coupling of two freight cars was about to be made in the raily yard at St. Ignace, Edward McElroy, a brakeman, noticed that one of the patent couplers was too far to one side, and with a quick kick or push of his right foot endeavored to move it into position to catch the lock. Unfortunately his foot slipped and before he could gather and withdraw the heavy iron couplers came together, cutting off the nail and a portion of the flesh and bone of his right great toe, together with the shoe and stocking, as smoothly as if done with a knife. The doctor amputated the toe at the first joint, and McElroy was lucky at that.

A. Spies of Menominee has purchased the output of the four logging camps operated this winter by Peter Calvi near Iron Mountain. Mr. Calvi estimates that he has put in 1,500,000 feet of pine and bass wood logs. He also concluded a deal for the sale of the timber on four hundred acres of land in Ontonagon county, to the Holt Lumber company of Oconto, the consideration being \$7,000 and \$8,800. Mr. Calvi purchased the timber last fall and it is said that he cleared up a profit of \$3,000 on the deal. He also sold the Sagola Lumber company a tract of pine near Kenton recently for \$9,500.

Charles B. Mersereau, cashier of the Manistique bank, has been appointed postmaster at that city. He has for seventeen years been a resident of the county and has held many positions of trust, among them county treasurer, judge of probate and village president. He is a politician from the ground up and, although strongly endorsed, the refusal of the congressman to reappoint Postmaster Orr has caused no little dissatisfaction.

The manager of the Green Bay bell team is endeavoring to get three members of the Escanaba club to join his team in the Wisconsin State league this season. The players he is after are Frank Olmsted, Nick Vahla and Peter Nolden. They will probably accept the offer, which is said to be a good one. If they go it will still further weaken Escanaba's team this season, as Henry Olmsted has signed to play with the Western association team in Milwaukee.

A few evenings ago, as the lights were out, some sneak thief entered the Barnes Hotel at Manistique, took advantage of the darkness and helped himself to an overcoat and a set of lady's furs from the wardrobe. The coat proved to be the property of John Winters, superintendent of the picket and lath department of the Chicago Lumber company's mill, and the furs belonged to Miss Anna Anderson, a waitress, and were valued at \$35. No clue to the thief has as yet been obtained.

W. P. Preston and the executors of the estate of E. S. Johnson have begun suit against the City of Mackinac Island and to recover the state and county taxes paid by them under protest. The plaintiffs claim that the City of Mackinac was equized by the board of supervisors at a very high valuation, far in excess and out of all proportion to the valuation placed on other towns and cities in the county.

At a mass meeting of citizens at Menominee Citizens' party was organized. Mayor Erditz was nominated to succeed himself. If elected this will be his third term. L. M. Despins was nominated for city treasurer. These nominations are practically elections, as there will be no opposition. Politics will hereafter be eliminated from municipal affairs at Menominee and the best men will be chosen regardless of party.

Mathew Ryan and Alex. Clark, saloonkeepers at Brimley, were arrested recently on complaint of Rev. A. L. Allison, of that village, charged with keeping their saloons open after 9 o'clock in the evening, in violation of the state law. Ryan and Clark were given a hearing before Judge Couch at the Soo. They waived examination and were bound over to the circuit court.

Charles Nelson, of Whitehall, came to Manistique about ten days ago, and

Mrs. Helen Farrell, Secretary W.C.T.U., Saranac Lake, N.Y., says to every sick woman, "Try Lydia E. Pinkham's Vegetable Compound. I know it will cure you."

"DEAR MRS. PINKHAM:—Although I have never given a testimonial before, I feel it a duty as well as a pleasure to advise sick women to try Lydia E. Pinkham's Vegetable Compound. By experience I found it a most valuable remedy for the peculiar ailments known only to women. A large number of my friends have been cured, and very recently a dear friend of mine who has tried a number of physician's prescriptions without relief gave up in despair, when Lydia E. Pinkham's Vegetable Compound was suggested to her. It was her last hope, but it proved a Godsend to her—just the right medicine for me, she says—now she is cured and just the right medicine for every sick woman say I—try it and you will find it will cure you in very short time."—MRS. HELEN FARRELL.

**\$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.**

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

since that time he has been lost trace of. He had \$100 in his possession, which fact leads some to believe he was foully dealt with, though it is rumored that a family quarrel may be the trouble and that he disappeared on that account.

# TICKET IS NAMED

JAS. RUSSELL CHOICE OF CITIZENS PARTY FOR MAYOR.

EGGERS DEFEATS AUGUST MACHTS

IS SELECTED FOR TREASURER BY THE VOTE OF 20 TO 13.

Convention, Presided Over by John R. Gordon, Very Harmonious—O'Neill Triumphs in the Fifth and Mack in the Fourth.

Mayor—James Russell, Recorder—Daniel S. Donovan, Treasurer—Charles A. Eggers, Justice of the Peace (full term)—Captain C. D. Blanchard, Constables—Jacob Dolf and John Bergh, Ward Nominations.

First—Alderman—Martin Gorman, Supervisor—Edward McCarthy, Second—Alderman—Joseph Reau, Supervisor—Joseph Fay, Third—Alderman—O. D. Jones, Supervisor—Dan W. Powell, Fourth—Alderman—Joseph Mack, Supervisor—Frank Frei, Fifth—Alderman—George O'Neill, Supervisor—Abel Agnew, Sixth—Alderman—John Ekstrom, Supervisor—Jacob Smith, Seventh—Alderman—Walter Ward, Supervisor—Stephen Kemp, Eighth—Alderman—Andrew Anderson, Supervisor—E. J. Sink.

The above ticket was placed in nomination by the Citizens' party at its city convention and ward caucuses last evening. Only in one or two wards did any particular opposition develop and in the convention the business was transacted harmoniously and expeditiously, there being contests over but two of the offices.

For mayor, the names of James Russell and John Mack were offered to the convention. Neither of the gentlemen was a candidate seeking the nomination, but they permitted the use of their names with the understanding that in case one or the other was selected he would accept the place. The matter of choice was left entirely with the convention, there being no canvass for the honor of heading the ticket. When the vote was taken, however, the majority of the delegates were found to favor Mr. Russell and he was accordingly declared the nominee.

The contest over the nomination for treasurer was more spirited, August Macht, the present incumbent, opposing Mr. Eggers. The latter, however, developed considerable more strength than Mr. Macht and won out handily.

Convention's Work in Detail.

The convention was called to order in the assembly room at the city hall about 8:45 by Edward E. Homeier, chairman of the Citizens' party. Nominations for temporary chairmen were asked for, and the name of John R. Gordon was suggested. Mr. Gordon was the unanimous choice of the delegates and took the chair, presiding over the deliberations impartially and well.

Joseph B. Hogan was named by acclamation to serve as temporary secretary. The two officials were sworn in by Notary Donovan, and Secretary Hogan read the official call. As a committee on credentials, Delegates Donovan, Sink and Bush were selected by the chair, and, on motion, a recess of five minutes was taken, at the conclusion of which the following delegates were, by wards, announced to be entitled to seats in the convention:

First—Edward McCarthy, Joseph B. Hogan, A. P. Grafton, Timothy Downs, Michael Shea and John E. Heffernan, Second—James Maloney, John Dwyer, Arthur Beaudry, James Donovan, D. H. Mulhally and Sam Fancher, Third—Captain C. D. Blanchard, W. J. Stevens, Fred Bending and Nelson Gray, Fourth—Ernie Bush, Philip Hopkins, A. C. Lamberson and Martin Higgins, Fifth—T. W. Cleary, Albert Fleury, Jacob Kulka, Edward Larson and William Seaman, Sixth—Andrew Hartvigh, Dumas Cameron, Albert Hawley and Jacob Smith, Seventh—Edward Homeier, Charles Lawrence, Jerry Charbon and John Stenglein, Eighth—John R. Gordon and E. J. Sink.

The report of the credentials committee was adopted, and, following, the chairman named a committee on permanent organization and order of business, Messrs. Blanchard, Shea and Hopkins being selected. The report, read by Captain Blanchard, provided that:

"1. The temporary organization be made permanent.

"2. That the nominations be made in the order in which they appeared in the call.

"3. That all voting on nominations be done by ballot unless otherwise ordered by a majority vote of the convention."

More Votes Than Delegates.

The report was accepted, on motion of Delegate Homeier, and Chairman Gordon announced that nominations for the mayoralty were in order. Captain Blanchard was recognized by the chair, and in a short address proposed the name of James Russell, stating that now more than any other time a business administration of the affairs of the municipality was needed and that Mr. Russell was a man who could be depended upon to give it. The nomination, which was seconded by John Heffernan, was greeted with applause. Delegate Lawrence offered John F. Mack as a candidate; the nomination was seconded,

and it was moved that an informal ballot be taken. Edward Homeier and E. J. Sink were selected as tellers, and the voting proceeded. In counting the ballots, however, it was discovered that thirty-seven had been cast, whereas there were but thirty-five delegates, two "outsiders" sitting among the delegates having dropped votes into the hat. The ballot was declared void without being announced and a second one was ordered. This resulted: Russell, 27; Mack, 8. The ballot was made formal and Mr. Russell was formally declared the choice of the convention, an announcement that was productive of considerable applause. With the mayoralty nomination settled, the selection of a nominee for city recorder was the next business awaiting transaction. The name of Daniel S. Donovan, the present efficient incumbent, was placed before the convention by E. E. Homeier and was seconded by Ernie Bush. It was moved that the rules be suspended and Mr. Donovan be nominated by acclamation. This was done and Mr. Donovan's name went on the ticket amid loud cheering.

Eggers, 20; Macht, 13.

Great interest centered in the selection of the nominee for the next office on the list, that of city treasurer. It was the general understanding that Messrs. Eggers and Macht were in the field and that the contest between them would be spirited, and so it proved, though but one ballot was necessary. Mr. Eggers was nominated by Delegate Lawrence, supported by Ernie Bush, and Mr. Macht by John Dwyer, supported by Nelson Gray. It was decided that the ballot be informal. The votes were collected and counted by the tellers, and Mr. Eggers was the winner, the result being 20 to 13, a total of but thirty-three, the chairman and secretary having neglected to get their ballots into the hat in time. The announcement of the vote was well received, for amid loud applause it was moved and carried that the informal ballot be made formal.

The nominations of justice of the peace and constables were made by acclamation, the rules being suspended for the purpose. Justice Blanchard was named by Delegate Heffernan to succeed himself, Delegate Maloney, seconding, and Constables Dolf and Bergh were proposed by Delegates Mulhally and Maloney to be their own successors.

These unanimous nominations completed the make-up of the ticket, and while the crowd was filing out the hall Delegate Lawrence proposed that E. E. Homeier succeed himself as chairman of the Citizens' party. The motion was carried unanimously and it was moved by Delegate Donovan and carried that the chairmen of the ward committees be named by the various delegations. This was done, with the following selections:

First—Michael Shea, Second—James Donovan, Third—D. W. Powell, Fourth—Joseph Mack, Fifth—T. W. Cleary, Sixth—John Siegel, Seventh—Walter Ward, Eighth—M. E. Asire.

The convention, following the selection of the chairman was adjourned sine die.

Lively Time in the Fifth.

While there was opposition in some of the ward caucuses, the liveliest fight of the evening was in that of the Fifth, where George O'Neill, the present incumbent, and James Gray locked horns over aldermanic honors. The business was transacted with considerable wrangling and the feeling between the two factions ran rather high. The nomination, however, went to O'Neill by thirty-one majority, the vote being: O'Neill, 27; Gray, 61. For supervisor, Abe Agnew was unanimously nominated as his own successor.

In the Seventh, a contest developed over the nomination for supervisor, Gus Melien being a candidate against Stephen Kemp. The latter won out by the vote of 43 to 24. Walter Ward was named for alderman by acclamation.

It was the expectation that there would be a lively fight for aldermanic honors in the Fourth, but Joe Mack's friends were out in strong force and he had practically a clear field. The name of E. C. Quarters was mentioned, but the nomination went to Mr. Mack without a formal vote. There was no opposition to Frank Frei as supervisor.

In the Sixth, Lester Clark was suggested for alderman, in opposition to Ekstrom, and in the Second the name of Peter Krenner was branched in opposition to Alderman Joe Reau, but in neither case were the gentlemen strongly urged and the nominations of Ekstrom and Reau were practically unanimous. The choice for supervisor in each of the two wards was made by acclamation.

No opposition, either, developed in the First, Third and Eighth wards, the selections in all cases being unanimous. In the latter ward, it had been stated, Steve Lowrey was a candidate for alderman. Mr. Lowrey's candidacy, however, was contingent on M. E. Asire resigning his seat in order to run for mayor. Mr. Asire having withdrawn as a candidate for the mayoralty and intending to serve out his term as alderman, Mr. Lowrey also retired from the field and would not permit his name to be mentioned at the caucus.

The caucuses all passed off very quietly and no disorders of any kind were reported.

# "KING DODO" WELL HERALDED.

Is Likely to Prove the Theatrical Event of the Year.

A feast of rollicking fun and sparkling music may be anticipated when the greatest of all musical successes, "King Dodo" by Messrs. Rixley and Laders, authors of "The Burgomaster," is seen in this city with its great cast, its elaborate scenic adornment, and all the popular features noted during its phenomenal run of five straight months in Chicago at the Studebaker theatre. "King Dodo" is said to surpass in many respects any American product on the same order seen for many years, and it is certain that the organization is one of far above the average importance. There are three score players employed in the ensemble, and during the three acts there are shown a variety of costume effects which are said to surpass in beauty and richness any production now recalled. A splendid orchestra is another feature of the performance, and it is expected the engagement of "King Dodo" at the opera house tomorrow evening will prove the most important theatrical event of the year. Henry W. Savage, director of the Castle Square Opera company, is the manager of the organization.

SOMETHING DOING.

W. G. Mather and Party of Capitalists Visit Munising.

President W. G. Mather, of the Cleveland-Cliffs Iron company, accompanied by H. E. Harris, general manager of the company's railway lines; Freight Agent Birmingham, of the Northwestern line; and Hon. Timothy Nester and a party of well known capitalists, arrived at Munising in Mr. Mather's private car one day last week and spent some time in and about the village. The visit was of great moment to Munising, it is stated, and much was said and done that would please the people there, but for various reasons no definite statement will be authorized for publication for about thirty days. During the afternoon the party drove over to Grand Island.

When seen by the Munising Republican, Mr. Mather said: "I cannot at this time make any definite statement for publication, as much as it would please me to do so. You know it has been our policy right along to act rather than to talk. You can say that we have not been idle during the past months, but on the contrary have been quietly, but hard, at work on plans for the rebuilding of Munising. I am pleased to say that these plans are assuming large proportions and are so far advanced that people of the village will be much pleased with what shall happen within the next thirty days. The gentlemen who are with me today are greatly delighted with all they have seen and Munising will undoubtedly know more about them in the future."

DIED IN THE SOUTH.

Former Marquette Girl Answers to the Final Summons at Knoxville.

Mrs. F. L. Buell of Duluth, formerly Miss Alice Bice of this city, died on a visit in the South late last week and was buried at Duluth yesterday. Matthew Bice, a brother of Marquette, attended the last rites. The demise of Mrs. Buell, who will be well remembered here, is chronicled as follows by the Duluth News-Tribune.

"Mrs. F. L. Buell of 1426 East First street, died at 4:30 o'clock yesterday afternoon at Knoxville, Tenn. The news will come as a surprise to her friends and a shock to the relatives, for her death was quite sudden. Mrs. Buell and her two sons, aged six and one and a half years, went to Knoxville early in the winter to remain until the weather returned at the head of the lakes. She had not been actually ill, but it was thought that it would perhaps benefit her to spend the winter in one of the southern states. She passed away at the home of her sister, Mrs. C. A. Broughton.

"Mr. Buell was at Aitkin Wednesday night and when he arrived in Duluth yesterday morning he found a telegram announcing that Mrs. Buell was very sick and not expected to live. He wired that he would come at once, and shortly before taking the train for Chicago at 5 p. m. he received another message saying that she might possibly live until he arrived. Before 6 o'clock E. B. Sutton, whose wife is a sister of the late Mrs. Buell, received a message announcing the death. A telegram was sent to Mr. Buell to be delivered on the train. Mr. Buell had visited his wife at Knoxville only a few weeks ago.

"Mrs. Buell was a niece of Mr. and Mrs. Joseph S. Wood. The Duluth sister, Mrs. E. B. Sutton, was married to Mr. Sutton about two weeks ago at Marquette. Mrs. Buell's maiden name was Alice Bice, and Marquette had been her childhood home. She was twenty-six years of age."

RESOLUTIONS OF CONDOLENCE. Lake Superior Pioneer Camp No. 991, Modern Woodmen of America.

Whereas, The Supreme Ruler of the universe, in His inscrutable wisdom, has seen fit to remove from our midst, by death, our well-beloved brother, William J. Stafford, therefore be it

Resolved, That in the death of our brother, this camp has lost an exemplary member, and we keenly realize our loss; that we extend to the bereaved widow and orphans of the deceased our sincere and heartfelt sympathy in this hour of their sore bereavement and that while we bow in humble submission to the will of our Divine Master, we are admonished of our own mortality, and pray God to sanctify this visitation to our spiritual good. Be it further

Resolved, That our charter be draped in mourning for a period of thirty days as a token of respect to his memory, that these resolutions be spread upon our records, that a copy thereof be presented to the widow of our late brother and that they be published in the Marquette Daily Mining Journal.

All of which is respectfully submitted. WILLIAM A. BOSS, PETER KREMER, ARTHUR W. MOORE, Committee.
