BIG STEAL CHARGED

CORRUPT USE OF \$500,000 IN SALE OF DANISH ISLANDS.

SENSATION SPRUNG IN HOUSE

MEN WELL KNOWN IN PUBLIC CONNECTED WITH AFFAIR.

Names of Two Press Associations Also Mentioned—Committee of Seven Is Appointed to Investigate the Matter.

Washington, March 27.—A genuine sensation was caused in the house today by the presentation by Representative Richardson of Tennessee, the Democratic leader, of charges alleging the corrupt use of \$500,000 in connection with the sale of the Danish West Islands.

The charges were contained in an alleged secret report of the War Department, which declared he had employed corrupt means to bring the negotiations for the sale of the islands to consummation.

The report, extracts from which Mr. Richardson read, mentioned the names of Almer McKimley and his partner, Colonel Brown; C. W. Knox, who was described as an "intimate friend of Senator Hanna;" Richard P. Evans, who was said to represent "Mr. Gardner and his friends in the house;" and two press associations, the names of which were not given, as having been interested in the matter.

Investigating Committee Appointed.

The charges against the members of congress are not specific. Upon the basis of this report Mr. Richardson asked the adoption of a resolution of the appointment of an investigating committee of seven. The speaker ruled the matter privileged after Mr. Richardson had amended his resolution so as to specifically include members of the house. Great excitement attended the whole proceeding.

Representative Cannon of Illinois insisted Mr. Richardson's presentation was fragmentary, and the whole matter should go over until tomorrow in order that the members might read the documents presented, which included newspaper extracts, affidavits, etc., in the record. Mr. Cannon's motion was adopted.

The speaker immediately appointed the following committee to make the investigation: Dalzell (Rep.) of Pennsylvania; Hitt (Rep.) of Illinois; Cousins (Rep.) of Iowa; McCall (Rep.) of Massachusetts; Richardson (Dem.) of Tennessee; Dismore (Dem.) of Arkansas; Cowherd (Dem.) of Missouri.

State Department to Answer.

It is said the answer of the state department to the Richardson resolution will disclose the fact that, according to the record, the United States government has refused to have to do with any persons as party to the treaty who are not directly connected with the Danish government.

The department will also place on record its determination to pay no commission to any person on account of thecession of the islands. It will be pointed out that the Danish government had no right to dictate to the United States government as to what it should do in the matter of paying the commission.

As has been assumed in some quarters, the failure of congress to appropriate \$5,000,000, which was to be the price of the islands, would, in itself, cause the failure of the transfer of the territory. It may be said the construction of that is directly upon the exchange of ratification the islands become the property of the United States without waiting for the payment of the money, and the failure of congress to make the appropriation would simply leave the outstanding debt of honor against the United States.

Representative Dalzell, chairman of the special committee to investigate the charges against the Danish West Indian transaction, says he will go over the allegation tomorrow when it appears in the congressional record, and arrangements will then be made for an early meeting of the committee, probably Saturday. Until then, Mr. Dalzell said, there would be no plans as to the conduct of the investigation.

Statement of Niels Gron.

Following is the statement of Niels Gron regarding the Christmas statement:

"When, early in February last, the contents of Walter Christmas' secret report to the Danish government relative to the transfer of the Danish West Indian islands to the United States became public, the party comprising a large portion of Denmark's best and most influential men and highest interests, realizing that since Christmas had, in the furtherance of the pending treaty, served by direct authority, first, the secretary of state of the United States, and afterwards the Danish prime minister, Mr. Herring, it would be impossible to dissociate his efforts from the treaty, or the methods set forth in his report from the official negotiations; and realizing further, that if the present treaty was consummated and permitted to take effect, Denmark would be obliged to stand before the world as having made use of, and the United States as having accepted such negotiations as said Christmas sets forth and described in above mentioned report, and since it was thought that that would place the people

of the two nations in an unfavorable and regrettable light, I was requested by the party referred to to journey with all speed from Copenhagen to Washington lay and before the representatives of the people of the United States the facts touching certain parts of the negotiations in order that any further steps taken by the United States towards causing the taking effect of the treaty in question might be done with full knowledge of the situation."

GUEVARRE WILL SURRENDER.

General Who Succeeded Lucban to Give Up Force and Arms.

Manila, March 27.—General Guevarre, who succeeded General Lucban as insurgent leader in Samar, has agreed to surrender with his entire force and all arms on April 15. He has 250 serviceable rifles, 125 of them being Krag-Jorgensen.

In the trial of Major Waller today a native scout testified that a plot existed among native leaders of Waller's expedition to murder Lieutenant Williams and the major.

It is believed the cholera has abated, the new cases being of a milder type. Altogether there have been sixty-seven cases and forty-eight deaths from the disease.

GOVERNMENT TROOPS VICTORIOUS

Gunboat Chucuito Captures Revolutionary Steamer and Correspondence.

Panama, Colombia, March 27.—Great excitement was occasioned here this evening by the arrival of the government gunboat Chucuito towing a schooner and a rebel steamer wearing the insignia of the revolutionists.

The Chucuito met and captured a steamer of Capira. She is laden with salt and ammunition for the revolutionary general, Lugo, who is operating in the vicinity of Capira. Among the prisoners were two officers captured at Arica Dulce. Both are wounded. Correspondence was captured said to be of considerable value to the government.

ROBBED BY TRAMPS.

Wisconsin Man Left on Railway Tracks Has Narrow Escape.

Sparta, Wis., March 27.—Adelbert Record, an employe of the American Cigar company, was assaulted and robbed by a gang of tramps while on his way home from work last night. The tramps placed him across the Northern railway tracks. He regained consciousness just in time to crawl off the track and escape a freight train. Sheriff Veith traced and captured a negro whom the victim identified as one of his assailants. Public feeling runs high.

RAILROAD MEN SUMMONED.

St. Paul Officials Must Appear Before Interstate Commerce Commission.

St. Paul, March 27.—Summons were received by a number of St. Paul railroad officials today directing them to appear in Chicago next Monday before the interstate commerce commission to answer to certain questions relative to the transportation of grain products. The lines interested were those operating between Kansas City, Missouri river points and Chicago, and include the Burlington, Milwaukee, Great Western, Northwestern, and a number of others.

WASHES FEET OF AGED MEN.

Emperor Francis Joseph Performs Traditional Ceremony.

Vienna, March 27.—Emperor Francis Joseph this morning (Maundy Thursday) performed at Hofburg the traditional ceremony of washing the feet of twelve aged men. The nobility and diplomatic corps witnessed the ceremony, after which his majesty hung bags of money on the necks of the participants, whose aggregate age was 1070 years. The ages of twelve women recipients of the imperial Maundy gifts aggregated 1182 years.

TSILKA NOT DISHONEST.

Miss Stone Defends Husband of Companion in Captivity.

Vienna, March 27.—Miss Stone passed through Vienna tonight on her way to London. She is in very good health, and says the brigands took good care of herself and Madame Tsilka.

Referring to the arrest of Tsilka for complicity in the abduction, Miss Stone said it was absurd and that he was quite incapable of a dishonest act. She did not know who is to pay the damages, nor whether she will return to Macedonia.

DAMAGE BY RAINS

RAILWAY TRAFFIC HARD HIT IN THE SOUTH.

VICKSBURG, MISS., IS ISOLATED

TRACKS IN VICINITY OF CITY ARE WASHED AWAY.

Trains of Yazoo & Mississippi Valley Are Tied Up and Shops Are Flooded—Telegraph and Telephone Communication Interrupted.

Vicksburg, Miss., March 27.—Nearly eight inches of rainfall the past twenty-four hours has almost isolated Vicksburg so far as railway traffic and wire communication is concerned. Not a train on the Yazoo & Mississippi Valley road has entered or left the city since last night, when a passenger train left New Orleans. This train only succeeded in getting as far as Port Gibson, where it is still held, the tracks south of that point for two miles being washed away.

Streets Are Washed Out.

In this city the damage will amount to several thousand dollars. Streets are washed out and bridges are undermined. At the National cemetery many terraces were cut to pieces and the fine steel bridge across Mint Springs Bayou, built by the government five years ago, is on the point of collapse.

Very little news is obtained from the outlying districts. The loss is undoubtedly heavy and it is feared there were a number of casualties.

Train Is Ditched.

New Orleans, March 27.—One of the worst rain storms ever known in this section has been falling since 10 o'clock last night.

Train No. 6 of the Yazoo & Mississippi Valley line is ditched near Lorman, Miss. The engine and mail coach were overturned but the passenger coaches are still on the track. No lives were lost. Six miles of this road is entirely washed away in front of Iosson, Miss.

Train No. 23 is tied up at Port Gibson. South of that town the telegraph poles and wires are washed completely away. No loss of life is reported.

The Yazoo & Mississippi Valley shops at Vicksburg are flooded with two feet of water and have shut down, 300 employes being out of work.

Illinois Central Trains Delayed.

Jackson, Miss., March 27.—Washouts on the Illinois Central delay all trains on this division of that road.

Floods Follow Blizzard.

St. Paul, March 27.—The Northern Pacific North Dakota division, which ten days ago was tied up by the worst blizzard in fifteen years, is now blocked by spring floods over miles of prairie. At many points the main line is completely covered by water.

OLEO INDUSTRY A FRAUD.

Senator Quarles Makes Vigorous Speech of Denouncement.

Washington, March 27.—In the senate today, Senator Harris of Kansas and Quarles of Wisconsin spoke on the oleomargarine bill. Senator Harris supported the measure, but urged that the amendment which he proposed, placing a tax of ten cents a pound on adulterated butter and regulating the manufacture and sale of renovated butter, ought to be adopted.

Bill Should Become a Law.

Senator Quarles vigorously denounced the oleomargarine industry as at present conducted as a fraud, and insisted in the interest of not only 5,000,000 dairymen, but also of the whole interest of the American people, that the pending bill ought to be enacted into law.

Taking advantage of the latitude afforded by the senate rules, Senator Patterson of Colorado sharply criticized the methods by which General Funston captured Aguinaldo, and sought to show that Funston's statement, published today that he had not violated the articles of civilized warfare, was not accurate.

The senate adjourned until Monday.

ARMY BILL PASSES HOUSE.

The army appropriation bill was passed in the house today without material amendment and a rule was adopted to make the bill retire officers of the revenue cutter service, continuing the order until disposed of, the order not to interfere with the appropriation or revenue cuts or conference reports.

The house adjourned until tomorrow.

BITTER AGAINST DESERTERS.

Army and Navy Men Who Leave Service Find No Favor With President.

Washington, March 27.—The declaration by the president that so long as he is in office no deserter will find favor with him, has excited the interest of organizations of war veterans as to what will become of the widows of soldiers who deserted, afterward enlisted in other commands and drew pensions for this latter service. The latter was presented to him today by General Donahue, past national commander of the Union Veteran Legion, and national chairman of the committee on pensions of that organization. General Donahue commented on the stand taken by the president with regard to deserters but wanted to know his views as to soldiers' widows. The president replied that in all cases of the character mentioned brought to his attention, he would carefully consider the circumstances and, where possible, give the widows the benefit of the doubt.

NO CUT RATES TOLERATED.

Railroad Injunctions Issued Include Passenger Traffic.

Chicago, March 27.—Executive officials of western roads in charge of traffic have informed the passenger representatives that the injunctions issued by Judges Grosscup and Phillips are broad enough to include the passenger traffic, and therefore no cut rates will be tolerated. The order was issued, it is said, after consultation with general counsel, who stated there was no doubt that under the terms of the order the passenger business was included.

It is understood if no more suits are brought until the present injunctions are argued, the officials of fourteen roads now under federal restraint will take pains to bring to the notice of the interstate commerce commission any violations of the law, so that criminal proceedings may be instituted. This attitude, it is thought, will keep those not under the restraining orders in line.

HOLDS THE DECIDING VOTE.

Representative Babcock Will Probably Favor Payne Proposition.

Washington, March 27.—Representative Babcock, of the war and means committee, called at the White House today in response to a request from the president. It was discovered the committee stands eight to eight, as between the Payne and Tawney Cuban reciprocity propositions, and Mr. Babcock, who has been absent on account of illness, held the deciding vote. After the interview it was stated Mr. Babcock had been won over by the president and would vote for the Payne proposition.

INJURED AT INITIATION.

Berlin, Mich., Man Sues Modern Woodmen for \$50,000 Damages.

Grand Rapids, Mich., March 27.—Suit for \$50,000 damages was begun today by Charles Lewis Berlin against the Modern Woodmen of America for injuries alleged to have been received while being initiated by the Berlin camp of Woodmen. Lewis was initiated Feb. 12, last. In the course of the "work" he was given alleged rough handling and sustained a twisted right leg. Afterward the leg had to be amputated. The suit is directed at the main office of the order.

TO BENEFIT BURLINGTON.

Governor Cummins Says That Merger Bill Discriminates.

Des Moines, March 27.—Governor Cummins bases his veto of the merger bill passed by the legislature wholly on the unconstitutionality of the measure in that it discriminates in favor of railroad corporations against other corporations, and also grants privileges to lines operating partly outside of the state that is denied those wholly within the state. He says the measure is plainly intended to benefit the Burlington system.

SENDS MESSAGE TO CONGRESS.

President Recommends Provision for Representation in Cuba.

Washington, March 27.—The president this afternoon sent a message to congress recommending that a provision for diplomatic and consular representation in Cuba be made forthwith and salaries appropriated, to be immediately available for an envoy extraordinary and minister plenipotentiary, secretary of legation, second secretary of legation, consul general at Havana, and consuls at Cienfuegos and Santiago de Cuba.

MAY BE FOR PEACE.

Dr. Leyds to Hold Conference With Prominent Englishmen.

Paris, March 27.—The Figaro this morning says it has strong reason to believe an interview is about to take place between Lord Rosebery, Sir Henry Campbell-Bannerman, the Duke of Devonshire and other liberal leaders now in Paris, and Dr. Leyds, the European representative of the Transvaal.

MICHIGAN POSTMASTERS.

Washington, March 27.—The president today nominated the following Michigan postmasters: Charles B. Collingwood, Agricultural college; John E. Crawford, Milford.

1,000 DEATHS FROM CHOLERA.

Cairo, Egypt, March 27.—It is said here that nearly 1,000 deaths from cholera have occurred at Mecca since March 23.

After Dinner

To assist digestion, relieve distress after eating or drinking too heartily, to prevent constipation, take Hood's Pills

MARQUETTE, MICH., MARCH 28.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

If the Civic Federation should succeed in accomplishing a settlement of the trouble between the coal miners and their employers it would in that achievement furnish a singular instance of its capacity for usefulness.

Senator Hanna may yet come to be looked on by organized labor as the very best and wisest friend it has in the country.

And if he should be in the bunch of presidential candidates in 1904 the friendship of the laboring people would tell powerfully in his favor.

Mark Hanna has shown himself a far-sighted politician since he "took to politics," but it may be that he is yet to furnish the most convincing proof of his capacity in that respect.

It is the opinion of the German newspapers that the commercial rivalry between this country and Germany will in time destroy the good effect of Prince Henry's visit.

Not if the Germans are as good-natured over the competition as we shall be.

We are going after all the trade at home and abroad that is within our reach, but it need not follow that we will feel unkindly toward those who pull a share of it away from us.

ner should our foreign competitors feel hard over it if we occasionally get a slice of it that they think themselves entitled to.

The world is large enough for us all, just as the Lord intended it to be, and there is no danger that we will crowd Germany over the edge of it.

It looks very much as if Senator Mark Hanna will begin to loom up largely as a presidential possibility as the time for choosing the next chief executive comes nearer.

He is growing steadily in popular regard and already there is a powerful interest in the country that would prefer him in the presidency to the present occupant of the executive chair.

The interest Senator Hanna is taking in the movement to have a means provided for the peaceful settlement of labor disputes is having wonderful effect to render him popular with the workmen of the country, and justly so.

It is a noble endeavor, whose success would yield a rich fruitage of good to both employers and the employed.

A group of beet sugar growers from the province of Zealand in Holland, numbering one hundred, took ship for the United States at The Hague this week.

They will settle in the west, where a syndicate having a large amount of land specially adapted to beet culture is establishing colonies with a view to building up an extensive beet sugar industry.

The Dutch growers of the sugar beet, who are coming over say there is no profit in the business in their country under existing conditions and think there is a better field for them in the United States.

There is much reason to believe that within a few years the production of beet sugar in this country will have expanded enormously and that our importation of sugar will be considerably curtailed in consequence.

The death of Cecil Rhodes takes from the stage of life a man who is believed to have had much to do with bringing on the deplorable war between the British and Boers in South Africa.

That he was a man of tremendous activity and large ambition is not to be disputed.

He first acquired an enormous fortune and then set about making use of it to bring to fruition political schemes far-reaching in their aims.

Chief among these was the establishment of British supremacy in South Africa.

In this project he enlisted Colonial Secretary Chamberlain, and between them they brought about the conditions that have borne evil results for both the Boer states in South Africa and Great Britain.

His death in nowise affects the status of the conflict that in life he had much to do with bringing on, for it long since got beyond the limits where he could either control or direct it, and there is reason to believe that his later years were rendered wretched by remorse for the share he had in breeding the trouble that has caused so many lives to be sacrificed to no good purpose.

Money he had without stint, but it brought him no happiness, for he used it selfishly for the gratification of an inordinate ambition, and the place that he will hold in history will not be one that will be envied.

Remembering on the skepticism which obtains in London about the present negotiations with the Boers resulting in peace, the Minneapolis Tribune remarks that this is because the British have been so often disappointed in regard to the closing of the war in South Africa, and it may be also for the further reason that the Londoners feel that the terms the government will offer the Boers will not be such as they will accept.

It is quite certain that peace could be made forthwith if the burghers were willing to negotiate on a personal basis.

It is probable that Lord Kitchener would be delighted to withdraw the banishment proclamation and give all sorts of guarantees of personal safety to surrendering burghers.

But there is no evidence yet that the Boers care

more for their personal safety than for their country.

The British government, as represented by Kitchener and Milner and Chamberlain, has refused to discuss the political status of the burghers under British rule.

This has made negotiations barren heretofore. It is doubtful if the Boers will treat on the basis of unconditional surrender and personal immunity so long as they are able to inflict such serious losses upon the British in the field.

A Lansing dispatch states that Judge C. B. Grant of the supreme court has inaugurated a crusade against vice in that city which bids fair to result in an investigation of the police department there, a general shaking up of delinquent officials and a crusade against offenders against morality and decency.

There is a fine opening in Lansing for a movement of the kind, for it is a badly governed city, despite the influence for morality exercised by the legislature during its semi-annual sessions.

Indeed members of the legislature who have gone to Lansing to serve the state without having any knowledge of the seamy side of life have come away after a single winter spent there full graduates in the ways of the wicked.

If Judge Grant brings about the reform he has undertaken at the state capital he will do all Michigan, and as well as Lansing, an inestimable service.

STRIKES A RICH FIND.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H.

"No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used.

They have also kept my liver in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run-down women.

No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Stafford.

COPPER COUNTRY NEWS (Additional)

FORMED NEW LODGE.

A delegation of about forty members of Hancock Odd Fellows, members of Quincy lodge, went to Greenland last evening on a special train over the Copper Range road to aid in the institution of lodge No. 497, Special Deputy Grand Master N. A. Metz conducted the ceremonies.

He had with him the degree staff, twenty-five in number, of Mystic lodge. The new Greenland lodge is the offshoot of the one established on June 14, 1900, at Mass. City.

OSCEOLA TAX RETURNS.

The returns from Osceola township, John Pascoe, treasurer, were made to County Treasurer W. Frank James Wednesday afternoon. Out of \$85,280.18 on the rolls, \$809.74 was returned delinquent.

It is needless to say the record is a good one. The Quincy township treasurer, John Harris, is the only one to date who has returned the full amount of taxes spread on the rolls. Most of the amount, nearly \$35,000, was paid by the Quincy Mining company.

WILD LIFE IN ROCKIES.

This evening, Rev. J. B. Whitford, of the Lake Linden Methodist church, will talk on the subject, "The Lights and Shadows of Rocky Mountain Life," in the basement of the church.

Rev. Mr. Whitford spent a number of years in the western country and is well stocked with stories relative to the wild life in the Rockies in the early days. His remarks will no doubt be very interesting.

SELLS DENTAL PRACTICE.

Dr. MacLean, the Hancock dentist, has sold his dental practice to Dr. George Stewart of Milwaukee, and will go to Detroit to engage in practice about the first of May.

Dr. Stewart will arrive about the middle of next month to take charge of the Hancock practice of Dr. MacLean.

COPPERDOME BREVIETTES.

A meeting of the clerks' union was held at Hancock last evening.

John Hibbard is the newly elected president of the Legion of Honor of Lake Linden.

Mrs. Isaac Wargelin of Franklin street, Hancock, has gone to Ishpeming to visit her parents during Easter week.

A concert and a drama will be given by the members of the Junior Temple of Honor and Temperance, of the Quincy location, at the Quincy hall on

the evening of Saturday, April 5.

The principal feature will be the drama entitled, "The Jailbird."

Mrs. Herbery Rich of Franklin street, Hancock, is very ill with appendicitis and may be taken to the Hancock hospital today for an operation.

The Hancock firemen's indoor baseball team is ready to play the Hurontown team on any evening convenient to both, and a game will likely soon be arranged.

Lake Superior from Copper Harbor to Ontonagon is entirely free of ice.

The first boats from Duluth and lower lake ports will reach the canal within the next two weeks.

Manning & Torrey, painters, Houghton, have dissolved partnership.

Mr. Manning has gone to the Soo to work at his trade and Mr. Torrey will continue the work in Houghton and vicinity.

The timber land owned by this county in other counties, especially in Iron, will be looked over and the amount of standing timber estimated by John Cameron, the well known Houghton land broker.

Mr. Cameron is now engaged in this work for the county.

The last of the liquor cases against the Hancock saloonkeepers, for keeping their saloons open on Sunday were disposed of in Justice Olive's court at Hancock yesterday, the defendants being bound over to the circuit court. Fifteen saloonkeepers were held.

C. J. Johnson, the Houghton railroad contractor who will build the extension of the Copper Range from Houghton to Calumet, will locate his camps near the Quincy station.

Everything is favorable for the starting work and all that Mr. Johnson is now waiting for is the word of the company to go ahead.

The wooden bridge over the ravine on the road leading from Hancock to the county bridge is being strengthened with new timbers and braces.

A force of carpenters started the work yesterday morning. The bridge has been working for the past two years and the improvement will tend to lessen any danger to travel over it.

President B. J. Parker, of the clerk's union of Houghton and Hancock, said yesterday that all merchants in the twin cities keeping their stores open on Sunday would be arrested Monday morning.

He says it is contrary to law to keep the stores open on the first day of the week and he warns the merchants to observe the law.

The Hennes bowlers of Houghton defeated the Silver bowling team four out of five games at the Drottler bowling alleys, Hancock, Wednesday evening.

Last evening the Michigan College of Mines bowling team played the Hancock team. Clarence Funky of Hancock holds the record for the highest score, 253, at Drottler's to date.

At the Miller bowling alleys, Calumet, Wednesday evening the Hancock Y. M. C. A. bowling team was defeated by the Tamarack bowlers.

The victory gives the Tamarack team two out of three series so far as games are concerned but the Y. M. C. A. bowlers lead by 400 pins in the combined series so the championship between the two aggregations is in dispute.

One of the designs for the Michigan College of Mines poster advertising the approaching term of the club, submitted by Harry C. Nelson, of Chicago, former of Ishpeming, was one of the best of the many received.

It was a pen and ink sketch greatly admired by those who saw it in Kroll's drug store at Houghton. Mr. Nelson is certainly developing into a very clever artist.

The new members recently mustered into the Houghton Light Infantry make up the largest in the largest in the company since it was organized.

It now has nearly the full quota of members desired. Much attention will be paid to drill work from now on to the state encampment.

By next fall the boys will likely be drilling in their own armory, which will be a part of the new theatre building to go up this summer.

MARQUETTE COMMON COUNCIL PROCEEDINGS (Official)

Marquette, Mich., March 27, 1902.

An adjourned session of the common council was called to order by the mayor, Hon. John D. Mangum.

Present—Aldermen H. Danovian, Ekstrom, Fleury, Gorman, Gustafson, Jones, O'Neill, Shea, Siegel, Ward and Werner—12.

The record of the session of March 23rd approved.

The recorder presented a warranty deed to the city from E. Maynard, John Footo and Nellie E. Maynard for right-of-way for boulevard across Lot 2 of Sec. 14, 42 N. E. W.

Moved by Alderman Ball, supported and carried, that said deed be accepted and recorded in the city records, and that \$100 be paid in payment for said deed.

The recorder presented a deed to the city from the Duluth, Shore & Atlantic Ry Co. for a right-of-way to construct a 20-inch sewer through said railway company's property between Fourth and Fifth streets.

Moved by Alderman Ball, supported and carried, that said deed be accepted and recorded in the city records, and that \$100 be paid in payment for said deed, and that said railway company file receipts for said amount.

The committee on streets and sewers, to whom had been referred the petition of R. Peters and five others, asking that the sewer be laid in Crescent street, between Third and Fourth streets, reported that they had considered the same, and recommended that the prayer of the petitioners be granted.

On motion of Alderman Ball, the report of said committee was accepted and adopted.

The committee on streets and sewers, to whom had been referred the petition of H. Peters and five others, asking that Crescent street, between Third and Fourth streets, be graded and macadamized, reported that they had considered the same, and recommended that the prayer of the petitioners be granted.

On motion of Alderman Ball, the report of said committee was accepted and adopted.

On motion of Alderman Ball, the following was unanimously adopted:

Resolved, That the recorder write Isaac Redfern, land agent of the Cleveland-Ohio Iron & Steel Co., that he did not propose to construct bridge over Carp River to obstruct said river or prevent the utilization of the same, and that he is not in the city to inspect the plans and specifications for the "Sandus Road" improvement.

The committee on streets and sewers were granted further time for investigating and reporting the proposed change in location of the street and to employ a civil engineer if necessary in said work.

On motion of Alderman Ward, supported by Alderman Bush, the following was unanimously adopted:

Resolved, That the proposed plat of Nelson's addition on S. W. of N. E. Section 14, and the changes in Marquette Land Co.'s addition on S. E. N. E. Section 14, proposed by Ayer and company corresponding therewith, as shown upon map dated March 17, 1902, be accepted and recorded in the city records, and that the city recorder be authorized and directed to certify the same upon the recording plat thereof when prepared for recording.

On motion of Alderman Ward, supported by Alderman Werner, the following was unanimously adopted:

Whereas, A plat or sub-division of lands,

formed "Ely Park," and embracing Lot 1 of Section 17, in Township 48 North, of Range 2 West, and Lots 184 to 197, inclusive, of Hewitt's Addition, has been submitted to the council for approval; and a blue print thereof being on file with the recorder, and the same having been found to conform to the general plan of the streets of the city, and the streets laid out thereon are in conformity with said plan;

Resolved, That said plat be hereby approved as being in compliance with Section 6 of Chapter 7, of the charter of this city.

On motion of Alderman Shea, the matter of quarantining contagious disease was referred to the committee on public health with power to act.

Communications from William J. Rivers and Eugene LaBelle withdrawing as sureties from the bond of Arthur Hebert as policeman, were received and placed on file; and on motion of Alderman Ward said sureties were relieved from liability on said bond for the future acts of said officer, and said officer was suspended from the performance of police duty until he shall have given a new bond and the same has been approved.

The controller presented the monthly reports of the street commissioner from May, 1901, to March, 1902, which were accepted and entered placed on file.

The reports of the trustees of the Peter White Public Library, the Park and Cemetery Commission, the Board of Fire and Water Commissioners, the Light and Power Commission, the Board of Records and Treasurer, Marshal and Street Commissioner were presented, and, on motion of Alderman Ward, accepted and placed on file.

The annual report of the controller having been submitted, on motion of Alderman Bush, the following resolution was unanimously adopted:

Resolved, That the report of the controller for the fiscal year ending the 1st inst. be and the same is hereby adopted as the statement required to be made by the council under Section 12, Chapter 7, of the charter, and that the mayor and recorder are hereby authorized to certify the same for publication.

The city attorney reported in writing in reference to the petition of Horatio Seymour for rebate of personal taxes, in substance, that it was within the power of the common council to rebate the taxes if paid under protest and claim properly made thereby.

On motion of Alderman Ball, said report was adopted and ordered placed on file.

On motion of Alderman Shea, supported by Alderman O'Neill, the following was adopted:

Whereas, the city of Marquette, on December 21, 1891, recovered before Daniel S. Donovan, one of the Justices of the peace of said city, in a proceeding for a violation of the ordinance of said city relative to hawkers and peddlers, a judgment against one Joseph Hoffenberg for a fine and costs amounting together to the sum of \$6.45, the amount of which recovery is unpaid, and it appearing that said Hoffenberg is unable to pay the same; it is hereby

Resolved, That the entire amount of said recovery is hereby remitted and all claim against said Hoffenberg on account thereof is hereby released and discharged; also that a certified copy of this resolution be filed with said justice, who is hereby directed to enter the fact of this release and discharge of said judgment in his docket entries of said proceeding.

On motion of Alderman Ward, supported by Alderman Gustafson, the following was unanimously adopted:

Resolved, That the profile prepared by Charles Cummings, civil engineer, and heretofore attached, be and the same is hereby approved and adopted for a sewer in Crescent street, from Third street to Fourth street, also that the grade of Crescent street, from Third street to Fourth street, be and the same is hereby established in accordance with said profile, and that this resolution and said report be duly certified by the recorder and placed on file.

On motion of Alderman Ward, the following was unanimously adopted:

Resolved, That the controller is hereby directed to prepare an estimate of the cost of the construction of an eight-inch tile sewer with four-inch "Ys" iron manhole in sewer in Third street to the center of Fourth street, with manhole and lamp-hole shown in the profile for said sewer heretofore adopted; and

Resolved, That the controller prepare a special assessment roll for the collection of the total estimated cost of said improvement, and submit the same for the approval of the council.

On motion of Alderman Ward, the following was unanimously adopted:

Resolved, That the controller be and is hereby directed to prepare specifications and estimates for the cost of the following proposed improvement, to-wit:

The grading of Crescent street, between Third street and Fourth street, the full width thereof according to the grade heretofore established therefor, and make a macadam roadway thirty feet in width in the center of said portion of Crescent street, and

Resolved, That the controller is hereby directed to establish and define a local assessment district embracing all the lots and parcels of real estate deemed to be benefited by said improvement, and an assessment roll as provided by the charter of the city against therein the estimated cost of said improvement, and submit the same to the council.

The committee on finance and taxation announced that it was unable to make its report of the last of the city accounts until March 26, 1902.

Moved by Alderman Gorman, supported and carried, that when the report of the committee be until Monday, the 27th day of March, 1902, at 8 o'clock p. m.

On motion of Alderman Ward, the council went into committee of the whole in private session.

After some time spent therein the committee arose, and, on motion of Alderman Ward, the mayor was instructed to appoint a committee of three to draft resolutions to present to General Manager W. F. Fitch.

The mayor thereupon appointed as such committee Aldermen Ward, Danovian, and Jones.

The council then, on motion, adjourned. DANIEL DONOVAN, Recorder.

COUGH SETTLED ON HER LUNGS.

"My daughter had a terrible cough which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar which cured her." Refuse substitutes, People's Drug Store.

Copper Country Department

(Additional Copper County on Page 2.)

RUN TO LAKE LINDEN

COPPER RANGE RAILROAD HAS WORK UNDER WAY FOR EXTENSION.

Simon J. Beahan, formerly agent of the Copper Range road at Houghton and later commercial agent, now mining writer on the Hancock Evening Journal, announced to copper country readers through the columns of the Evening Journal last evening the following very important news:

The Evening Journal is in a position to state to the residents of Lake Linden that one of their longest and fondest cherished hopes is about to be realized, as the town is to be reached by the Copper Range railroad extension to Calumet, work upon which may now be said to be under way. The residents of the south shore of Torch Lake have long had no opportunity to go unvisited for many years to present the advantages offered to a new railroad that would tap the Copper Range and for the success finally achieved they are indeed to be warmly congratulated, as next year Lake Linden will be strictly on the main line and share in all the benefits that follow sharp traffic competition.

Laurium Will Also Be Favored.

One source of authority for the above statement is such that there is absolutely no room for doubt, and the fact will be further evidenced by actual building operations within a short period. And what is stated about Lake Linden applies with equal force to Laurium, which will also be favored with the transportation facilities of the Copper Range railroad with a convenient depot and delivery tracks.

The starting of operations near the Quincy stamp mill was, in itself, a confession that the line was to reach Lake Linden. The road will pass close to the new Quincy mill and under the tracks of the Quincy & Torch Lake company. The Quincy mill work will be provided with steel trusses. The Copper Range company will do considerable work at this point, but the crossing will be a model one and the lines will be operated without the slightest interference. The line will proceed from the Quincy mill along the side hill until Lake Linden is reached.

Extension in Operation Nov. 1.

The Lake Linden depot is apt to find a location in the vicinity above the plant of the Bosch Brewing company and not far from the depot sites at Calumet and Laurium are understood to have been selected some time since, and as the depots are all to be in readiness when the tracks are completed their construction is likely to commence as soon as the map of the new line is filed at Lansing. The company entertains the belief that the new extension will be in operation on or before Nov. 1. Considering the character of the country through which it passes, an extremely favorable route has been secured. The maximum grade, after leaving the Portage Lake bridge until arriving at Calumet, is about ninety feet to the mill, which is not as heavy as that on the company's line from Houghton to Atlantic.

The passenger engine will require no assistance in pulling its train over the hill, while the freight engines going in the same direction are expected to be able to haul eighteen loaded cars. The line of route secured by the Copper Range company gives evidence that

first of all it is after the freight business.

Big Earnings Will Result.

The rich copper mines on the South Range have strengthened the Copper Range Consolidated to a wonderful extent and in some circles it is firmly believed that it will eventually dislodge Amalgamated from the leading position on the list of copper securities. Banking houses that were formerly indifferent now look upon the stock with favor, and we are informed by those fully conversant with the future affairs of the company, in this respect at least, that their rock hauling contracts with the big South Range producers will in a very short time result in earnings that will pay a good rate of interest on the capital invested in the entire road.

The logging, lumber and wood business from the South range to Calumet and vicinity also promises a big revenue. The Copper Range company proved indeed a valuable acquisition to the industries of this district.

HOUGHTON IS PLEASED.

Light Infantry Team Looking Forward to Ball Game With Marquette.

The members of the Houghton Light Infantry indoor baseball team read with much interest yesterday morning the do of the Marquette ball tossers for a game at Marquette, \$100 a side and the championship of the upper peninsula. What amused the boys most was the statement that Murphy, the Houghton pitcher, will be allowed to use the swing in delivering the ball. Now that Marquette has decided to play Houghton on equal terms, the Light Infantry team is ready to play, probably next week, the exact date or dates not yet being arranged. The boys received assurances yesterday of all kinds of backing and they will go to Marquette with considerable Houghton money. When the challenge was first received from Marquette it was with the condition that the swing be barred but Houghton refused to play without it. That was the only obstacle in the way and now the game or games will be arranged.

COPPERDOM POLITICAL NOTES.

Tickets are Nominated in Franklin and Quincy Townships.

Both the Franklin and Quincy township caucuses to name tickets for the election April 7 were held Wednesday evening.

In Franklin township there were very spirited contests for supervisor, treasurer and highway commissioner. The nominees in Franklin were: Robert H. Shields, supervisor; Jacob J. Clark, John T. Barry, Jr., treasurer; Andrew Johnson, highway commissioner; William Cleaves, justice of the peace; John Bogan, justice of the peace; William Ople, overseer of highways; C. P. Quigley, school inspector; J. R. Vivian, member of board of review; and constables, Charles O'Connell, Richard Ver-ran, John Hosking and M. Brown.

The successful Quincy ticket is as follows: S. R. Harris, supervisor; Daniel Fisher, clerk; John Harris, treasurer; Thomas McDonald, commissioner of highways; Peter'Brien, overseer of the highways; S. E. Harris, school inspector; George S. North, member of board of review; James Moore, justice of the peace, and constables, John Funkley, Jr., Joseph Shiff, E. Johnson and John Moulders.

At the Schoolcraft township caucus held at Lake Linden Wednesday evening there was opposition for several of the offices. The successful ticket was as follows: Dr. George W. Orr, supervisor; E. Brule, clerk; Nicholas Dandelion, treasurer; J. H. Roberts, Sr., member board of review; and constables, Alex. Barbeau, John Wise, T. Behunier and Joseph McDonald.

The Calumet and Oscoda township conventions for the naming of tickets for the election April 7 were held last evening. The delegates were selected at caucuses held in the townships Tuesday evening.

The Chassell township caucus will be held tomorrow evening. John Harrington, the present supervisor, will not seek a re-nomination. Lieutenant Governor Robinson will be a candidate.

At the Hancock township caucus last evening there were five candidates in the field for treasurer, three for highway commissioner and two for overseer of highways.

The Hancock township caucus was held last evening in St. Patrick's hall. There was opposition to Supervisor Scott and Clerk Finn.

Charles Gibbs announces that he will run on slips for supervisor of Portage township against William Calverley, the nominee.

NEW COAL AND DOCK COMPANY.

Articles of incorporation of the Portage Coal & Dock company were filed yesterday in the office of the county clerk. The purposes of the corporation are to acquire, own, lease, construct, control, operate and maintain wharves and docks, together with dock machinery, tables, appliances and appurtenances of all kinds necessary. The operations of the company will be carried on in this county. The capital stock is \$100,000. The number of shares is 10,000 of the par value of ten dollars each. The entire capital stock is already paid in. The office of the company will be at Hancock, and the term of existence of the corporation is fixed at thirty years. The stockholders of the new company are all Cleveland men. They are as follows: H. H. McKeehan, Gustav von Steinen, W. B. Stewart, C. W. Cottrell and R. H. Crowell.

RAW OR INFLAMED LUNGS

Yield rapidly to the wonderful curative and healing qualities of Foley's Honey and Tar. It prevents pneumonia and consumption from a hard cold settled on the lungs. People's Drug Store.

SCOTT MAKES A NEW MOVE.

Wires Head Officials of Atlantic Powder Co. Regarding Magazine.

Mayor A. J. Scott of Hancock wired the head officials of the Atlantic Powder company at Wilmington, Delaware, yesterday morning that proceedings have been started to restrain the company from using the building it has started to erect west of the village for the storage of explosives. Mr. Scott's action was occasioned by the fact that the company has already started to build the structure and also by the possibility that the headquarters of the company have not been informed of the action of the Hancock council in the matter or of the sentiment of the people of West Hancock against the powder magazine. The Atlantic Powder company in regard to the building of the new magazine will be continued to the end.

FOUR FAMILIES BURNED OUT.

Two-Story Frame Structure at Houghton Partially Destroyed by Fire.

A two-story frame structure on Montezuma street, near Isle Royale, Houghton, was partially destroyed by fire Wednesday night and four families were rendered homeless. The building was discovered to be on fire shortly before 8 o'clock, but the department responded promptly and apparently extinguished the blaze. At about 11 o'clock, however, the smoldering fire blazed up again and before it could be put out the building was gutted. The Robinson, Neville, Uren and Havel families lived in the house, but all their belongings, they had no insurance. The structure was owned by Sheldon and Calverley and was insured. The house will be rebuilt.

BIG MACCABEE MEETING.

Copperdom Lodges to Meet at Hancock and Discuss State Convention.

Macabees of the county, those from Calumet, Laurium, Houghton, Lake Linden, Dollar Bay and other points, between 800 and 900 strong, will meet at Hancock next Tuesday evening. The guests of Ingot tent, to discuss the proposed trip to Marquette to attend the state convention next June. It will be merely a social session and the members of the Hancock lodge are making great preparations. The visiting delegation will be banqueted in the Kaulthoff room off the lodge room in the Kaulthoff hall. Special trains will be run from Calumet and from Lake Linden and Dollar Bay to Hancock for the meeting. Committees will be appointed to perfect the full arrangements in regard to the Marquette visit.

GOOD FRIDAY CELEBRATIONS.

Quincy and Calumet Lodges, Sons of St. George, to Observe Day.

Today Good Friday will be celebrated as in previous years by the two Sons of St. George lodges of Calumet and of the Quincy. At Calumet the afternoon and evening will be given up to the program arranged for the occasion and many business houses in the metropolis will close for the occasion.

The successful Quincy ticket is as follows: S. R. Harris, supervisor; Daniel Fisher, clerk; John Harris, treasurer; Thomas McDonald, commissioner of highways; Peter'Brien, overseer of the highways; S. E. Harris, school inspector; George S. North, member of board of review; James Moore, justice of the peace, and constables, John Funkley, Jr., Joseph Shiff, E. Johnson and John Moulders.

At the Schoolcraft township caucus held at Lake Linden Wednesday evening there was opposition for several of the offices. The successful ticket was as follows: Dr. George W. Orr, supervisor; E. Brule, clerk; Nicholas Dandelion, treasurer; J. H. Roberts, Sr., member board of review; and constables, Alex. Barbeau, John Wise, T. Behunier and Joseph McDonald.

The Calumet and Oscoda township conventions for the naming of tickets for the election April 7 were held last evening. The delegates were selected at caucuses held in the townships Tuesday evening.

BOAT INSURANCE STARTS APRIL 1.

Insurance on both hulls and cargoes can be obtained by April 1, and navigation on the lakes will start then. There are many vessels that have to sea a long season started in this way, but as the steel truss fleet, embodying over 100 vessels, is starting out at that time, and as many individual vessel owners will follow its example, it is not likely that many lines will stay out of business until July 1, as was the case last year. The opening all along the coast of the fact that there is no insurance, there is hardly anything to prevent navigation being opened now. There is less ice in the lakes now than there has been at this season for years, and what there is would be very little hindrance to navigation. The opening all along the coast of lakes will be the earliest on record.

HAS CUT OFF DULUTH.

The Northern Steamship company has cut Duluth off its routes entirely this year. This is because the company has been unable to get a boat large enough and fast enough to satisfy the demands of the Lake Superior business. The regular lines of passenger boats plying between Duluth and Buffalo will therefore have the business to themselves this year. As they have been enjoying business right along the coast, the withdrawal of the Northern boats from Lake Superior altogether will make it interesting for them.

E. W. GROVE.

This name is on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day. 25 cts.

DANGERS OF PNEUMONIA.

A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. People's Drug Store.

SMOTHER A COUGH.

You can smother a cough with your hand but you can't cure it that way. Some medicines only smother coughs.

Scott's Emulsion cures them. Old coughs and deep-rooted coughs can't be cured until the inflammation which causes them has been replaced by healthy tissue.

That is exactly the kind of thorough work Scott's Emulsion does. It changes the entire nature of the throat and lungs so that there is nothing to cough about.

Send for Free Sample.
SCOTT & BOWNE, Chemists, 109 Pearl St., N. Y.

WILL INCREASE PRODUCT.

Period of Big Construction at the Franklin Mine Is Over.

The exhibit of the Franklin, published yesterday, is that of a company that commenced their operations of last year with a good mill, a practically exhausted mine and a new mine that proved a colossal failure, together with some undeveloped lands and a limited amount of cash.

That the mine did not earn money even at the high price secured for its product occasions no surprise, as, on the whole, conditions differed but little from the previous year. The output varied little from that of 1900 and appears to have cost, including construction, etc., about 15.92 cents per pound. It has been estimated that the company lost \$18,000 from the year's operations.

That the report has a discouraging effect must be admitted, but there is not the slightest reason to believe that it will deter the management from continuing their present policy which is to fully develop the conglomerate vein.

After being equipped and developed the Junior amygdaloid proved a failure. Below the 18th level the lode widened out, but was almost barren of copper, and for some time before being shut down the rock from this source did not yield to exceed one-half of one per cent. in mineral. The management was thus confronted with a money losing proposition, and early in the year set about to examine into the value of the conglomerate vein in which the future of Franklin is today founded.

It proved to yield about 1 1/2 per cent. mineral and has maintained this average the past five months. No little expense, however, was attached to the work of getting the conglomerate shaft in readiness for production, and this cost, together with the low grade rock treated at the Junior amygdaloid will, in a great measure, account for the company's unfavorable exhibit.

The Franklin's monthly production during the past winter, was excellent. The Junior was idle the greater part of the current month owing to the strikes, but it is anticipated the commencing of April 1 the monthly production will greatly exceed 300 tons. The conglomerate lode is opened to the sixteenth level to which point the skip is in operation. From the seventh to the fourteenth level stoping ground is offered while below this there is yet considerable ground tapped to be opened by drifts. A great deal depends on the ground south of the shaft. Some of the drifts have been extended south for a distance of 700 feet, where the lode loses none of its strength.

These drifts will be extended further, and should the character of the openings continue to offer encouragement, a second shaft will be started on the conglomerate workings. A much greater output will be thus assured the company, as in the meantime provision will be made for a fourth head at the mill. At present the Franklin milling facilities are taxed to their capacity. When the mill was erected the foundation for a fourth head was laid, and is now ready to receive the machinery at any time. If we except the weak copper market, Franklin opened the current year's operations with better promise than for some time.

It has opened and equipped a new mine which, if not exceedingly rich, promises to pay well to operate. In this respect the company's position is most decidedly better than that a year ago, while its relief in future from the great burden of cost following construction work will greatly offset the loss caused by the reduced price of copper. With an ample rock supply running 1 1/2 per cent. in mineral the future of the company is encouraging, and in well informed quarters the belief prevails that the current year's operations will be better than that of last year unless the market continues unfavorable.

The year's production of 3,757,419 pounds of fine copper compares with 3,063,710 pounds for 1900.—Hancock Journal.

Copper Shipments by Lake.

The Boston News Bureau of yesterday says: "It is expected copper shipments will go forward by lake in April. No stocks of copper are being stored and copper is going forward by all rail as fast as smelted. The extension of the Copper Range railroad to Calumet will also reach Lake Linden, Old Colony and Laurium. The maximum grade of the new track will be ninety-five feet to the mile. The road is expected to begin operations November 1. The line passes near the Quincy stamp mill and under the Quincy railroad tracks. The annual report of the Isle Royal Copper company makes no mention of the average price which the company received for its copper during 1901, nor does it state the amount of copper sold or carried over into the year 1902. The report also fails to give the exact amount of refined copper produced except to give so far as to state that the rock stamped

RAND DRILL PARTS IN STOCK.

—185.75 tons—yielded about 1 1/2 per cent. of ingot per ton, which is equal to a little over one-half of one per cent. This would indicate that the refined copper output was in the neighborhood of 2,176,000 pounds. The report states the mineral produced amounted to 3,172,500 pounds. On the basis of the above output of refined copper, the mineral is found to have contained less than 60 per cent. ingot. The company received during the year \$281,209, and expended \$707,396, reducing the "balance of assets" to \$406,415.

DIES FROM INJURIES.

Philip Crocker, the young Quincy miner, who was seriously injured shortly before noon while at work in No. 2 shaft Wednesday, died at the Hancock hospital early yesterday morning. Both of his legs and an arm were broken and he was considerably bruised about the body. Mr. Crocker was twenty-two years of age and came to the Quincy two months ago from the iron country. A brother arrived at Hancock from Negaunee yesterday morning to arrange for the funeral, which will be held at 2 o'clock tomorrow afternoon from the Rev. M. E. church at the Quincy. An inquest, at which Mine Inspector Hall of Calumet was present, was conducted by Coroner Finn of Hancock yesterday.

A HORRIBLE OUTBREAK.

"Of large sores on my little daughter's head developed into a case of scald head," writes C. D. Ishill of Morganton, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for Eczema, Tetter, Salt Rheum, Pimples, Sores, Ulcers and Piles. Only 25 cents at Stafford's.

CITY BREVITIES.
Weather forecast: Generally fair; brisk southwest winds.
Yesterday's temperature: 7 a. m., 45 degrees; noon, 55 degrees; 7 p. m., 58 degrees; maximum, 60 degrees; minimum, 44 degrees.

H. C. Russell is up from Munising.
J. E. Farrell of Duluth is in the city.
Miss Winifred Fitzgerald is visiting friends in Ishpeming for a few days.
Harold Johns of Houghton is making a short stay with old friends in the city.
Miss Laura Jones of Duluth is the guest of Miss Amy Lang for a few days.
E. F. Bradt, the well known mining man, was here from Iron Mountain yesterday.

Mrs. O. R. Treadway is in the city from Munising, the guest of Mrs. St. John.
Miss Lorne Wallace of Champion is spending a few days with Marquette friends.
H. O. Young and Attorney James Wood were among yesterday's visitors in the city.

Mr. and Mrs. Joseph Thomas of Rockland are guests at the residence of D. W. Powell.
Miss Catherine Carey, who is teaching school at Iron River, is home for the Easter vacation.
Postmaster Frederick Kruger of St. Ignace was greeting friends in Marquette yesterday.

Perce Teeple is back from his trip to Kentucky. A. E. Bell has also returned from the land of the colonels and the new oil fields.
County Superintendent Davis yesterday at the Normal conducted an examination of teachers. Another like session will be held today.

William Chandler of the Soo transacted business here yesterday. C. H. Worcester, the Marinette lumberman, was also a business visitor in the city.
The Ladies' Missionary society of the Presbyterian church will hold its annual meeting in the church parlors this afternoon at 3 o'clock. Refreshments will be served.

Marriage licenses were yesterday made out in favor of Emil Johnson of Marquette and Miss Annie Swanson of Hancock, and Antti Palamaki and Maria Justina Kammi of Ishpeming.
George Covell, United States district attorney, had business which required his presence in Marquette yesterday for several hours. He left on the afternoon train on his return to Grand Rapids.

Larochelle announces his Easter millinery opening for today and tomorrow. He has an unusually attractive showing this season, and invites all ladies to call. A souvenir will be given to every lady who calls during the two opening days.

The Misses Edith and Mamie Barry last evening at the Normal dormitory pleasantly entertained a number of their friends. Progressive film was the principal source of entertainment. First prize was won by Miss Maud Bettes of Rochester, Mich., and the booby went to Miss Laura Jones of Duluth.

Because of the extra work involved in the preparation for the Easter fair, there will be no meeting of the Baptist Ladies' Aid society this afternoon. The church parlors will be opened at 10 o'clock Saturday morning for the sale of fancy work, home made bread, pastry and confections, and Easter novelties.

An unusually fine line of Easter novelties is being shown this season by Engelow & Co., in the display featuring Easter cards, prayer books and many other articles appropriate as gift remembrances of the season. Persons wishing to make presents of this kind would do well to call while the showing still affords an opportunity for choice selection.

Four applicants for pilot and master licenses were being examined yesterday by Captain York, the local inspector. The gentlemen were: Louis Worth of Racine, Wis.; Louis Goudreau and Frederick Kruger, Jr., of St. Ignace, and Louis F. Strahan of Sturgeon Bay, Wis. In addition to these, George Baker of Sturgeon Bay was being examined for an engineer's license by Captain Gooding, boiler inspector.

Several Marquette gentlemen will participate in the excursion leaving Detroit Monday night for the new oil fields being developed in Kentucky. Others from this city or other upper peninsula points who desire to make the trip will learn something to their advantage by consulting the South Shore ticket agents or General Passenger Agent J. Hibbard. The excursion will leave Detroit in a special train of Pullman sleepers.

To test the merits of The Mining Journal advertising the Marquette Steam Laundry will do up lace curtains for 35 cents a pair, former price 50 cents, until April 15. (3-19-17)

Great tonic, braces body and brain, drives away all impurities from your system. Makes you well. Keeps you well. Rocky Mountain Tea. 35c. Stafford Drug Co.

NOTICE.
U. B. of Carpenters and Joiners of America, local union 958, of Marquette, Mich., demand that on or after the first day of April, 1902, the minimum wage shall be thirty-one and one-half cents (31 1/2 cents) per hour, and that nine hours shall constitute a day's work.
Dated Feb. 7, 1902.
Signed and sealed,
John G. Diamond, Pres.
Jas. E. Scanlan, Rec. Sec.
(2-10-11)

LOW ROUND TRIP HOMESEEKERS RATES.
On April 1st and 15th and May 6th and 20th the D., S. S. & A. Ry., will have on sale round trip homeseeekers tickets to all points in the west and northwest at greatly reduced rates. Tickets will be good for return passage twenty-one days from date of sale.
For further particulars apply to station and ticket agents or to,
GEO. W. HIBBARD, G. P. A.
(3-27-5-20) Marquette, Mich.

LOW ONE-WAY SETTLERS RATES TO THE WEST.
During the month of March and April the D., S. S. & A. Ry., will have on sale to points in North Dakota, Montana, Idaho, Washington, Oregon and British Columbia one-way settlers tickets at greatly reduced rates. For full particulars apply to station and ticket agents or to Geo. W. Hibbard, General Passenger Agent, Marquette, Mich. (2-13-4-30)

GIVING OUT.
The Struggle discourages Many a Citizen of Marquette.
Around all day with an aching back. Can't rest at night. Enough to make anyone "give out." Doan's Kidney Pills will give renewed life.
They will cure the backache. Cure every kidney ailment. Here is Marquette proof that this is so:
Mr. Charles Parr of 118 East Jackson street, foreman of Pickand's coal dock, says: "I was bothered a good deal for a long time with backache often very severe. I let it go for a time thinking it would wear off but instead it became more persistent. I then began to look for some remedy to give me relief, and seeing Doan's Kidney Pills so highly recommended, I procured a box at the Stafford Drug Co. and began using them. I had taken but a few doses when I felt the pains were leaving me. Since I finished the treatment I have had no indications of a return of the trouble."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name Doan's and take no other.

REPUBLICAN PRIMARIES.
Innovation in Selection of Township Ticket to Be Tried at Munising.
Something of an innovation—in the nomination of candidates for office is to be followed in Munising township this spring by the Republicans. A call for a primary election has been issued by the township committee and a registration of electors has also been arranged for so that none but Republicans will be able to participate in the primaries, the successful candidates at which will be formally declared the nominees. The scheme is practically the one in vogue in the larger cities and has much in it that should commend it to voters.

The notices posted call for a registration of the Republican electors of the township on Saturday next, commencing at 9 o'clock a. m. and continuing until 7 o'clock p. m. The registration will be held under the direction of the Republican committee and will be conducted, as near as practicable, in the manner of the registration of electors under the laws of the state.

The primary election of the Republican electors of the township, which register as above related, will be held next Friday, beginning at 9 o'clock a. m., and continuing until 7 o'clock p. m., this being for the purpose of nominating candidates for the various township offices to be filled at the election to be held April 7 and for the election of a Republican township committee of three members to succeed the present body.

It is provided that the vote of each person voting at the primary election shall be by ballot of white book paper, 4 inches by 6 inches in size, upon one side only of which shall be printed or written or partly printed and partly written, the names of all the persons voted for, with a proper designation of the offices voted for. The ballot, if it is added, shall be folded with the plain side out and shall bear no distinguishing mark.

The primary election will be conducted as near as practicable in the same manner in which township elections are held, except that no booths will be used, and one of the persons conducting the primary election will act as clerk thereof.

RESOLUTIONS OF RESPECT.
At a special meeting of Bishop Vortin court, No. 967, Catholic Order of Foresters, held on Monday, March 23, 1902, the following preamble and resolutions were unanimously adopted:
Whereas, The Supreme Ruler of the Universe, in His inscrutable wisdom, has seen fit to remove from our midst, by death, our well beloved brother, William J. Stafford, who was a zealous member of our order, and

Whereas, although gone from among us, he is not forgotten, and those with whom he associated will ever remember his kind and pleasant manner, and will think of him and cherish his name when the world have forgotten him; therefore, be it

Resolved, That in the death of our beloved brother, W. J. Stafford, the lodge has lost a worthy member, the wife a kind and tender husband, the children a loving and affectionate father, and the community a good and upright citizen; one who regulated his life by the rule of benevolence, sobriety and industry; always doing something for the good of his fellow man; be it further

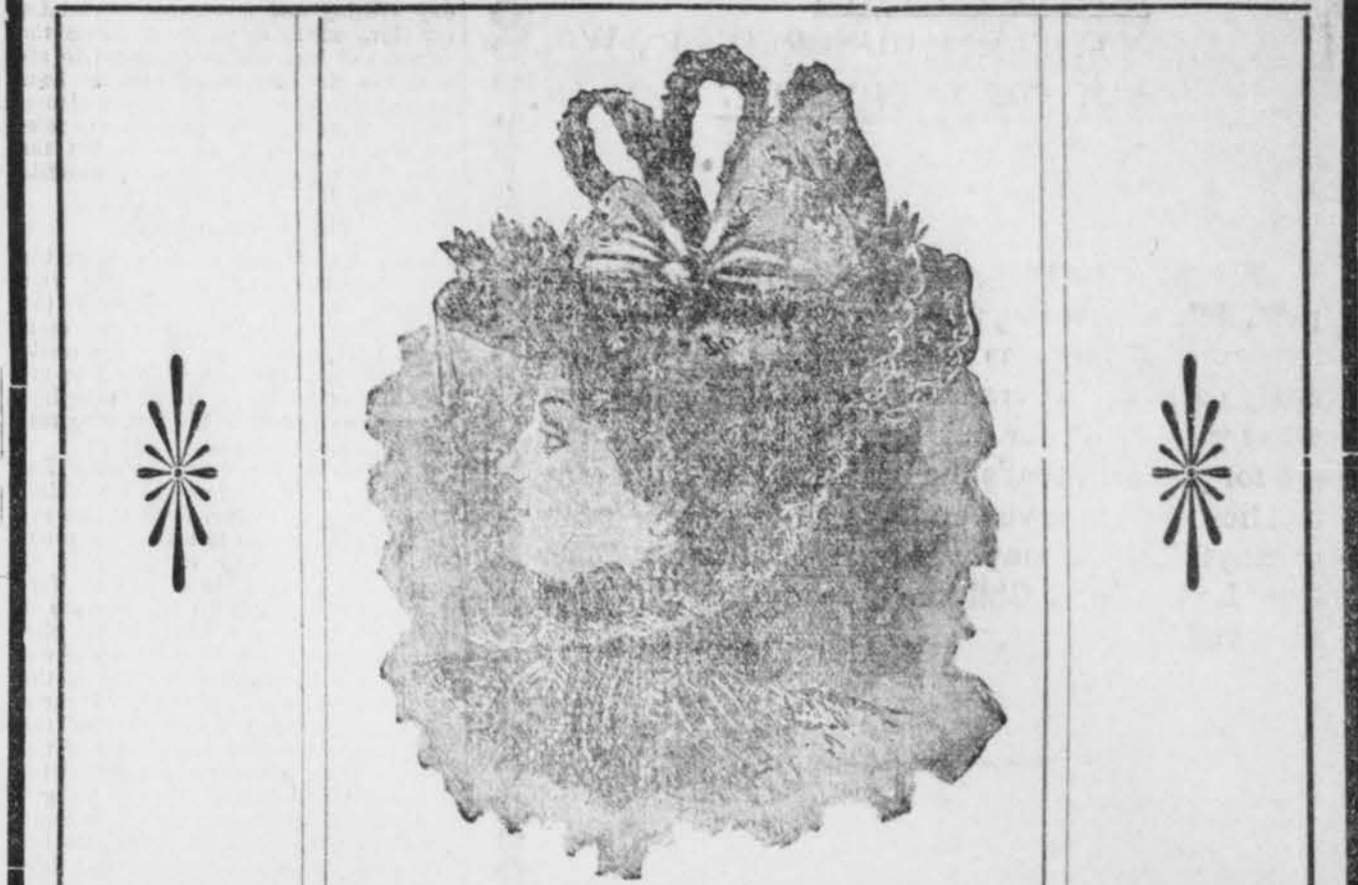

Resolved, That we bow in humble submission to the will of our Divine Master, we are admonished of our own mortality, and pray God to sanctify this visitation to our spiritual good; that we extend to the bereaved widow and orphans our sincere and heartfelt sympathy in this hour of their sore bereavement; be it further

Resolved, That our charter be draped in mourning for a period of thirty days; that these resolutions be spread upon our records; that a copy be sent under seal of the Lodge to the widow of our deceased brother, and that they may be published in the Marquette Mining Journal.

Ishpeming and its Environs.

YOUNG CITIZENS' TICKET. SPECIAL EASIER SERVICE.

Caucuses and Convention Held Wednesday Evening by the Young Voters. Members of the Young Citizens' party met in all the wards of the city except the Second, Seventh and Tenth, Wednesday evening and nominated candidates for three offices to be voted for in the wards, and also named delegates to attend the city convention held an hour later at the parlors of the Nelson House.

The City Convention. There was a large attendance at the city convention. A number who were anxious to see what progress the "youngsters" are making in their campaign work, were on hand. The meeting was open to all who wished to attend it, but nothing unusual transpired except the adoption of the following resolution, which is self-explanatory: Resolved, by the Young Citizens' Political party in convention assembled, that this party pledges itself to use every honorable means to defeat the proposition of a majority of the board of supervisors to bond the county of Marquette to raise funds for the purpose of erecting a new court house in the city of Marquette; that this party will use its influence among the electors of the city of Ishpeming, regardless of party affiliations, to urge the defeat of the bonding proposition of a majority of the board of supervisors; that the candidates of this party for supervisor are pledged to work for the erection of a new court house for the county of Marquette between the cities of Negaunee and Ishpeming; that copies of this resolution be forwarded by the secretary for publication to the Iron Ore, the Peninsula Record, the Superior Post, the Negaunee Iron Herald, and the Marquette Mining Journal, and that copies be also sent to the four supervisors who had the courage and intelligence to vote against the bonding proposition. Messrs. Sundstrom, Dalton, Barabe and O'Donoghue. Dated: March 26, 1902, at Ishpeming, Mich.

A SHOW AGENT'S DILEMMA. The catchy title of Mark E. Swan's funny farce that makes its appearance at the local theatre next Monday evening has caused its advance agent, Mr. Chas. Nuckols, no end of trouble, and some amusement as well. Recently he registered at a hotel where a very pretty young lady was the clerk. He wrote his name "Advance agent?" asked the girl. "Yes," said Mr. Nuckols. "What show?" "Whose Baby Are You?" "Sir," said the girl. "No offense meant, I assure you. That's the title of the play—"Whose Baby Are You?" The clerk beamed sweetly and was satisfied. Another instance: He was going to the theatre one evening with a friend and happened to mention the name of his attraction, as a lady passed. "Sir," she exclaimed, "do you mean to insult me? I'm nobody's baby." Apologies and explanations followed as usual and Mr. Nuckols cooled her by giving her a pass for the performance. "Yes," said the agent last evening. "This title will get me into trouble yet. It's becoming a great catch word and is having a great vogue. The title is rather peculiar but the piece is a high class farce and was written by the same author as "Brown's in Town." Reserved seat tickets go on sale today.

CONCERT THIS EVENING. A concert will be given this evening at the Division street Methodist church under direction of the choir. The doors will be opened at 6:30 and the entertainment will start at 7 o'clock, or as soon thereafter as possible. Following the entertainment, coffee and cake will be served by ladies of the congregation. The charge to the concert will be only ten cents and a nickel will be asked for refreshments.

Members of the Mine Workers union, assisted by several talented persons of this city and Negaunee, will give a concert this evening at Mine Workers' hall. The program is one that will please all who attend. It is made up of musical and literary numbers of considerable merit. A large attendance is expected.

ORCHESTRA HOP NEXT THURSDAY. The Trombly orchestra will give its first hop after the Lenten season next Thursday evening at the Anderson hall. A lot of the latest music purchased within the past few weeks will be played for the first time that evening. The complete orchestra will be in attendance and dancing will be continued until 1 o'clock, instead of 12. A lesson will be given between 8 and 9 o'clock and the usual price will be charged.

WORKING 24 HOURS A DAY. There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ague. They banish Sick Headache, drive out Malaria, Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Stafford's.

Fine confectionery, Easter novelties, etc., at Sellwood's. (3-26-04)

We will be pleased to have the ladies call and see our display of millinery goods, etc. Prices are most reasonable. Finnish Mercantile association.

For Easter novelties for the children go to Sellwood's. See display in grocery wingway. (3-26-04)

A SEVERE COLD FOR THREE MONTHS. The following letter from A. J. Nusbbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. People's Drug Store.

Ten thousand demons gnawing away at your vitals could be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

The ladies should take advantage of the bargains we are offering in shirt waist materials, wash goods, etc., embroideries, etc. Finnish Mercantile association.

MELOCHE'S HEARING POSTPONED.

The hearing in the case of the people against H. N. Meloche, set for yesterday morning at P. J. McGinty's court, was continued till next week with the defendant still under bonds. The date of the hearing has not yet been named, though it will probably be some day during the latter part of the week. A large crowd congregated at Mr. McGinty's office to listen to the testimony and was much disappointed because the "show" was postponed. Some amusing expressions were heard from the men as they filed out of the office. One fellow expressed his feelings by pronouncing the thing a "fake." Others inferred that the postponement was for political purposes.

ISHPEMING IN BRIEF.

F. L. Baldwin of Munising was a visitor in the city yesterday. Mrs. Isaac Wargelin is down from Hancock on a visit to her people. J. H. Mortley and his family will occupy rooms in his new block, second floor. Mayor William H. Johnston and wife are taking in the exposition in the south. The window frames, cornice, etc., of Grace church are being painted by Trembath Bros. Several new candidates will be initiated into the mysteries of the order at tonight's meeting of the Odd Fellows. L. T. Sterling, a well known insurance man of Iron Mountain, was a business visitor to the Hematite City yesterday. The council session to be held this evening will be called to order at 7 o'clock sharp, instead of 7:30 the usual hour.

Nelson P. Hulst did business in the city yesterday, having come over from the Menominee range on the morning train.

The Midwinter club will give a hop a week from tonight at the Anderson hall. The Trombly orchestra will furnish the music.

F. B. Baird and wife, who are spending a few months here, returned yesterday morning from a week's visit to Chicago.

Louis Pynch of Ripon, Wis., a member of the commission firm of J. J. Powers & Co., was an Ishpeming visitor yesterday.

Mrs. C. F. Moll of Kenton returned home yesterday after spending a few days in the city visiting her sister, Mrs. Will Watson.

If Charles C. Flint of Chicago is in the city he can find a pocket book he lost in the possession of William Leininger, the undertaker.

The merchandise establishments of the city will be closed today—Good Friday. It will also be an idle day for men employed about the mines.

W. N. Merriam, geologist with the United States Steel corporation, was down from Duluth Wednesday. Mr. Merriam, who is also with the corporation, was with Mr. Merriam.

The ladies of St. Agnes' guild of Grace church will conduct a sale of home-made candy and Easter eggs tomorrow afternoon at F. P. Tillson's drug store. All who are interested are invited to call.

The sale of home-made cakes, pies, etc., which the members of the Council society of Grace church will conduct tomorrow morning between 10 and 12 o'clock at the Guild hall, should be liberally patronized, as the ladies will have a supply of good things that housekeepers will need for Easter.

DANGER OF COLDS AND LA GRIPPE.

The greatest danger from colds and la grippe is their resulting in pneumonia. Reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventative of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Stafford Drug Co.

A big new line of novelties for Easter in both departments at Sellwood's. (3-26-04)

Two things in the treatment of nasal catarrh are now fully understood. First, the drying process is a delusion that produces more mischief than benefit. Second, science, common sense and experience proclaim Ely's Cream Balm to be instant relief, and final, certain cure. It cleanses the diseased membranes and removes the patient's sneezes. Price, 50 cents. Sold by Druggists and by Ely Brothers, 56 Warren street, New York.

La grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." People's Drug Store.

"HEPPNER'S CELEBRATED HOME-MADE BREAD AND CAKES AND ICE CREAM AT SELLWOOD & CO'S. FRESH EVERY DAY.

Boston Brown Bread, Graham Bread, Home-Made Bread, Finger Rolls, Buns, Turnovers and Apple Pies, Coffee Cakes, Crescent Coffee Cakes, Fried Cakes, Tarts, Cream Puff Shells, Jelly Rolls, Angel Food, Walnut Squares, Silver Squares, Jelly Squares, Lady Fingers, Macaronis, Ice Cream. Everything absolutely pure and wholesome.

These goods on sale at George J. Haupt's grocery store, Negaunee, also.

BAD DREAMS.

Where Do They Come From?

A great deal of philosophizing has been done in the endeavor to determine the cause of dreams. At the best, the question is left unsettled, the materialist who relates all dreams to physical causes seeming to have a shade the better of the argument. It is, however, certain that womanly intuition and motherly experience furnish a solution of the common cause of bad dreams, which appeals at once to practical good sense. When little Willie wakes shrieking in the night and has been quieted and comforted, his mother remarks to her husband: "I wonder what Willie could have eaten to have made him have such frightful dreams." She puts her finger at once right on the ill used stomach as the immediate cause of the nocturnal disturbance. She has right on her side. A disordered stomach can disturb the whole body; set the heart galloping, check the

proper activity of the liver, make the blood foul, start the nerves to throbbing and the head to aching. Almost everybody at some time or another experiences this physical disturbance as a result of a disordered stomach. But the great evil comes when temporary disorder gives place to permanent disease of the stomach. Then come the disquieting day dreams of the dyspeptic, who sees enemies in his friends and foes in his own household.

A WISE WATCHWORD.

Take care of the stomach and the body will take care of itself, is the watchword of health. True, not all diseases reach the body through the stomach, but in so many cases diseases of other organs may be traced directly to the diseased stomach that it is surely true that the man with a sound stomach has the best chance of preserving sound health. It is because it cures diseases of the stomach and other organs of digestion and nutrition that Dr. Pierce's Golden Medical Discovery restores to many broken-down people to sound physical health.

Mr. O. S. Copenhagen, of Mount Union, Huntington Co., Pa., (Box 222), writes: "About twelve years ago I was suddenly taken with a pain in the pit of the stomach, which was so violent I could not walk straight. It would grow more severe until it caused waterbrash and vomiting of a slimy yellow water. I consulted a physician and he told me I had a form of dyspepsia and treated me for about six months with but little benefit. I still kept getting so weak I could scarcely walk. I then tried another physician and he told me my liver was out of order and that I had indigestion. He gave me a treatment and I got some better, but only for a short time. I then tried another one who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year, and I felt better but it did not last. I then used several widely advertised patent medicines, but received no more than temporary relief while using. I then tried Dr. Pierce's

medicines, using his 'Golden Medical Discovery,' 'Favorite Prescription' and the 'Pleasant Pellets,' and in two months' time I was feeling better than I had for years before. I can truthfully say Dr. Pierce's medicines did me more good than any I had ever taken."

A LESSON TO BEERD.

If there is one thing more than another taught by Mr. Copenhagen's experience it is that it is a waste of time, money and health to delay the use of Dr. Pierce's Golden Medical Discovery when the stomach is diseased, whether or not other organs are involved. Here is a record of treatment by three physicians, with "little benefit" as the best result of their treatment; the use of "several widely advertised patent medicines" with no result but "temporary relief while using;" and all this at an expense of time, money and suffering. Then he "tried Dr. Pierce's medicines, and in two months' time was feeling better than for years before." There are thousands of similar cures on record. They all point to the same fact. The prompt use of Dr. Pierce's Golden Medical Discovery saves health, time and money. The reason why other treatments do not produce lasting benefit, and other widely advertised medicines give only temporary relief while they are being used, is because they are only palliatives. They relieve disease as opium relieves pain while it is being used. Dr. Pierce's Golden Medical Discovery cures disease perfectly and permanently, because it goes to the root. It does not deal with its effects but causes it. Cures diseases of the stomach and other organs of digestion and nutrition, and increases the supply of pure, rich blood, which is the life and health of the body.

"PLAYED-OUT" PEOPLE.

are usually worked-out people. They are worn-out because they are using up more energy than they can store up every day. Human energy comes from food. Food is the fuel of the body, and its heat is converted into motion. When the fire under the steam engine dies down from want of fuel the power gives out, the engine slows down and ultimately stops. When the food-fuel of the engine of the body is reduced the power gives out, and in time the body stops activity, because it is starved. But if there be abundant fuel in the fire-box of the steam engine without proper combustion, there is a loss of power just the same. And that's the way it is with the man. He may have abundant food, but if it is not properly digested and assimilated, and so converted into blood, the power goes out, the strength fails, food digested and assimilated furnishes the power that runs the heart, the lungs, the liver, the kidneys—every organ of the body. When the food is not digested and assimilated, then there is a reduction of physical power felt by every organ of the body, and the result is "weak" heart, "weak" lungs, sluggish liver, "weak" kidneys, etc. By enabling the perfect digestion and assimilation of the food eaten, Dr. Pierce's Golden Medical Discovery enables the building up of the whole body into a condition of strength and sound physical health.

Sick people, especially those suffering from chronic diseases, are invited to consult Dr. Pierce, by letter, free, and so obtain, without charge, the opinion of a specialist on their ailments. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Common Sense Medical Adviser, containing more than a thousand large pages, and over 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Negaunee and Vicinity.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

NARROW ESCAPE FROM DEATH.

Miss Minnie Rasmussen of this City Injured in a Runaway at Neenah, Wis.

Miss Minnie Rasmussen, who has been at Neenah, Wis., visiting friends for the past few weeks, was the victim of an accident one day recently. She was out riding with her friend, Miss Louise Ulrich, and the horse they were driving took fright and ran away. The Negaunee girl sustained quite serious injuries, consisting of a fractured collar bone and dislocated shoulder. The following account of the runaway is taken from the Neenah and Menasha Daily News: "Miss Louise Ulrich, daughter of Mr. and Mrs. G. Ulrich and her guest, Miss Minnie Rasmussen of Negaunee, Mich., were victims of a runaway accident yesterday which was a close call from serious injury or death. The committee named 'The young ladies were driving on River avenue, near the park, when the horse became frightened by the passing of another horse and carriage which in some manner caused a board lying in the roadway to fly up in front of it. The horse became unmanageable and dragged Miss Ulrich, who was driving, over the dashboard so that she fell across the whiffle tree of the carriage, part of her body being on the ground, and in this position she was dragged for some distance, until the carriage came to an abrupt stop by the horse colliding with a tree which freed it from the vehicle.

"When the carriage struck the tree Miss Rasmussen was thrown several feet into the air, striking the ground on her right shoulder, which was dislocated. "Miss Ulrich was found to have escaped with but a few bruises. It was the wonder of all who witnessed the runaway that she had not received fatal injuries, her position having been a most dangerous one.

EARLY CLOSING A GO.

Merchants of Negaunee Have Agreed to Close Stores at 6 O'Clock.

When the store employees of Negaunee decided to invite the merchants to take a hand in the movement to bring out an agreement for early closing they did a wise thing. The committee named at a joint meeting of the business men and clerks held a couple of weeks ago went out Wednesday and consulted all the business people. An agreement was signed by every merchant in the city to the effect that they will close their places at 6 o'clock four evenings a week, except on pay week.

This arrangement is practically the same as that in vogue at Ishpeming, only that instead of remaining open every evening during pay week early closing will prevail except on pay nights. It is understood that the merchants and employees will get together again for the purpose of agreeing on just what nights the early closing will be observed. Some favor closing at 6 o'clock on Monday, Tuesday, Thursday, and Friday evenings, while others favor remaining open until 8 o'clock Monday night and closing the next four at 6 o'clock. The clerks will be satisfied either way. In view of the agreement signed by the merchants is more favorable than the clerks anticipated. They would have been quite satisfied if the merchants had held down the closing to two evenings a week instead of four.

The committee of business men which made the rounds Wednesday was composed of George H. Winter, James Cannon and Alfred Austin.

LOSS OF THE PEWABIC.

To The Mining Journal: I noticed in The Mining Journal of Feb. 15 a contribution between two gentlemen about the Pewabic relative to when she was lost. One of them is right, and that is Alfred Meads. She was lost in July, 1863. The Meteor struck her a few feet aft of the forward gangway on the port side. It was a clear night, no moon, but a star shone clear. That is the reason why the people at that time wondered that they came together. It is quite fresh in my mind still. I was on Saginaw bay the night of the accident. I was chief mate on the tug Winslow. We had a raft of lumber that we picked up in Saginaw. The raft was in three sections, the longest contained 1,800,000 feet. The Winslow drew eight feet of water, so you may know that she was a powerful tug. George McKay sailed the Pewabic and John Wilson the Meteor. The collision did not hurt the Meteor. She made no water. She had line on board and it caught fire when she was in the Saginaw. She made the round trip all right. I was in Detroit when she came down. Her stern was splintered up some. The night of the accident the wind was north-northwest, with a light breeze blowing. The Pewabic sank not far from Thunder bay point, (Lake Huron) at the entrance of Saginaw bay. John McKay, George's brother, sailed the Manitowish when she was lost above the Apostle Islands in Lake Superior. I am positive about this, because I quit sailing the month following—that was in August, 1862—and went in the army. Now I must tell you about the tug Winslow. The United States government bought her and fitted her out as a cruiser. She was fitted out in Buffalo, in 1864, and they put a big gun on board of her and she started for Cleveland, but before she reached there a heavy northwest wind sprung up, blowing half a gale, and she could not make Cleveland entrance. She fetched up against the lighthouse near pier and went to the bottom with all hands. The pier was built of stone and stands on the port side to the entrance.

J. C. RAYMOND.

FRANK BENEY'S FUNERAL.

It Will Be Held Tomorrow Afternoon Instead of Today.

The time for the funeral of the late Frank M. Beney has been changed from this afternoon to tomorrow afternoon at 2 o'clock. A telegram was received Thursday evening from Howard Houston, formerly of this city, who now resides near Pittsburg, stating that he would leave for Negaunee at once to attend the obsequies. The change was made on that account, as it will be impossible for Mr. Houston to get here until tomorrow morning. The funeral will be directed by the local lodge of Odd Fellows and members of that society, as well as members of other orders with which the deceased was connected, will turn out in a body. Mr. Beney dropped out of the Western society a short time ago, but was a member of the local lodge of the Royal Arcanum, which was organized here last fall. He had \$3,000 insurance on his life in the latter society and \$2,000 in the Workmen. It is said that he carried life insurance amounting to over \$20,000, but that possibly \$22,000 is the correct total. The services will be conducted at the house by Bishop G. Mott Williams of Marquette. The bishop will also conduct short services at the grave. This will be followed by the Odd Fellows' burial service.

FOR LAUGHING PURPOSES.

That latest and funniest of farces, "Whose Baby Are You?" comes to McDonald's opera house on Tuesday evening next. The war and woof of this farcical farce may be said to be woven from laughter and sunshine, if this ethereal metaphor is permissible. The scenes are all laid in an artist's studio, where an innocent baby raises more trouble in one hour than a political convention does anywhere in three days. The piece is all fun and frolic. "The Model Behind the Scenes" is one of the clever surprises and novel features of the piece. The company includes such well known New York favorites as Miss May Vokes and Mr. Chas. W. Bower. This farce has been accorded the laurel wreaths of popularity and is generally conceded to be the funniest one on the road this season.

SALON MAN ARRESTED.

Rev. S. M. Gilchrist has caused the arrest of Erick Bergquist, a local saloon keeper. Bergquist is charged with violation of the liquor law in that the screen at his place of business was not drawn last Sunday evening. It is said that the minister did not get positive proof that the dealer sold liquor last Sunday, but that he will prove that the screen was not drawn as required by law. Bergquist will be given a hearing before Justice Theodor Thelen, before whom the complaint was made.

CAUCUSES NEXT TUESDAY.

The Taxpayers' party caucuses and convention will be held next Tuesday evening. The caucuses in each ward will be held at 7:30 o'clock at the usual places and the convention will take place an hour later at No. 1 horse house. Five delegates will be chosen in each ward, making twenty-five in all who will attend the convention.

IF YOU COUGH

You Should be Aware of More Serious Trouble.

We Will Tell You How To Cure That Dangerous Cough.

A cough is not much in itself, but if neglected it is extremely dangerous. We want to advise you to avoid getting coughs, or if you do how to get over them the easiest way. Nearly always, as you undoubtedly know, a cough is accompanied by fever. Where fever exists the vital light of life is being consumed unnecessarily fast. We are all much the worse after such an attack. The too, that cough tears and irritates the delicate membrane of the throat and lungs, and when you have succeeded in healing it, you can again draw on your vitality, but the old scars are there and the next little exposure will bring back the trouble twice as bad as you experienced it before. We are enthusiastic about Vinol and guarantee its action especially for coughs for it is a great tonic restorer. We do not know of anything better to build one up. There is nothing that will restore lost strength and energy, that will help the system ward off disease like Vinol. In Vinol is contained those active curative principles found in the liver of the cod, and we all know that cod liver oil was valuable for all bronchial and pulmonary troubles. Vinol contains all the curative elements of Cod Liver oil—yet contains no oil and is delicious to the taste. The following letter says: "I had been suffering with a severe cough and cold for a number of weeks and having heard so much about your Vinol, as being a cure for such troubles, I decided to try a bottle. I have used two bottles and I can truthfully state that I am now entirely cured, and feel in better health than ever before in my life." J. M. Brown, 319 W. Mahanoy St., Mahanoy City, Pa.

CAMPS BREAK UP.

F. W. Read & Co.'s camps are broken up. The last of the men came out Monday when the Murphy camp closed. There are still a number of hands in the woods preparing for the drive, when will probably start within the next couple of weeks or so, that depending entirely on the weather.

Read & Co. have a large amount of timber in the woods that will not be taken out until next winter. The break-up coming so soon will result in a short season at the mill, as there will not be enough logs in the lake to keep the plant in operation as late in the season as the management would like to keep it running. A few carloads of logs have been received daily during the past couple of weeks, but the shipments from the camps have come to a close.

BABY HAS SMALL POX.

John Dessinger's six-week-old baby is down with small-pox. The family resides in the upper story of George Block's building and all who live in the block were quarantined early in the week. Dr. J. C. Thomas' dental parlors are located there and his place is also closed for the present. The doctor has been out of town for a couple of weeks and it is likely that he will now continue his outside work until the quar-

WORK SUSPENDED TODAY.

Today will be observed as a holiday by the working classes of Negaunee. This is in accordance with an old-time custom. The miners of this range never labor on Good Friday. A few men who are obliged to work on Sundays and holidays will be at their posts as usual, but all who can take a day off will do so. The business houses will close at noon and continue closed all afternoon and evening.

RELIGIOUS SERVICES.

Religious services will be conducted at most churches during the forenoon and evening.

LOCAL LACONICS.

H. G. Kruse of Menominee did business in Negaunee yesterday.

John Dillon, a well known commercial man, did business in Negaunee yesterday.

Mrs. H. S. Smith entertained a number of lady friends at her home yesterday afternoon.

Robert Kool is home on a visit to his people. He has been absent from the city for some time past.

The heavy rain Wednesday night caused many considerable amounts of snow that lay here and there about the city.

Lavine Bros' store was jammed Wednesday evening during the time the Negaunee Orchestra band gave its concert. The proprietors were well pleased with their opening.

Members of the local lodge of Odd Fellows are requested to meet in their hall tomorrow afternoon at 6 o'clock, to prepare for attending the funeral of their late brother, Frank M. Beney.

Prosecuting Attorney F. A. Bell did business at Ishpeming yesterday. He went over to conduct the hearing in the Andrews-Meloch case, but a postponement was taken until next week, no definite day being named.

There will be two funerals in Negaunee this afternoon. The obsequies of Charles Nemi will be conducted under direction of the Finnish Temperance society. The funeral of the late William Hakkinen will also be held.

Charles Melen, an old resident of Negaunee, left Thursday evening for his native place in Sweden, where he will spend a few months. He left with the intention of returning to this city, though he may decide after arriving at his old home to remain there.

L.A. GRIPPE QUICKLY CURED.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe," says P. L. Hewett, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by Stafford Drug Co.

MICHIGAMME PICK-UPS.

Supervisor C. E. Sundstrom did business at Marquette Wednesday.

The South Shore company's employees were paid on Wednesday for last month's work.

The fair which the ladies of the Methodist church intended to give at a near date has been postponed indefinitely.

Mrs. Gust Settenland, for many years a resident of this place, is down from the copper country on a visit to friends.

Miss Margaret Stengline of Iron River, Mich., who visited Mrs. C. F. Sundstrom for a week or so, returned home Tuesday last.

The baby daughter of Mergie Johnson and wife was buried here Thursday. The child died at Ishpeming, where the Johnson family now resides.

Frank Goodrow held the lucky number which won a bike raffled by Marcus Levine. Frank is not satisfied, as the wheel is not of a size and style to suit him.

Andrew Haight came down from Mass City early in the week on a visit to his people. He is employed in the office of the Mass Consolidated Mining company as stenographer.

If the fine weather continues it will be possible to begin work at the mill much earlier than usual. A start will be made just as soon as the ice disappears from the bay.

Miss Anna Steidle returned a few days ago from Chicago with a beautiful and up-to-date line of millinery. The ladies of Michigan are invited to call and examine the stock. The Easter opening is now on.

Miss Duff is prepared to supply her patrons with millinery. She has a new stock of the latest creations in her line. It is Miss Duff's intention to visit a number of the smaller places west of here during the spring season.

C. F. Sundstrom's Exchange bank has been quite a busy place the past week or more, as many of the men who spent the winter in the woods had their checks cashed there. The bank provides an accommodation that everyone here appreciates.

There is no indication that the ice will leave Lake Michigan within the next few days. It is still quite solid and the usual will have to be considerably warmer than it has been during the past week or more to move it. All are anxious to see the ice disappear, but the search for the bodies of the four young men drowned there last fall may be kept up.

Read & Co. have a large amount of timber in the woods that will not be taken out until next winter. The break-up coming so soon will result in a short season at the mill, as there will not be enough logs in the lake to keep the plant in operation as late in the season as the management would like to keep it running. A few carloads of logs have been received daily during the past couple of weeks, but the shipments from the camps have come to a close.

Thomas' dental parlors are located there and his place is also closed for the present. The doctor has been out of town for a couple of weeks and it is likely that he will now continue his outside work until the quar-

CRUTCH-BOUND

The crutch is a poor substitute for legs, and affords a very inconvenient and tiresome mode of locomotion—there is no more pathetic sight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helpless and crutch-bound. The corrosive, irritating matter that is deposited in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity.

The acid poisons that produce rheumatic pains form in the blood, and are distributed through the system, and lodged in the arms, shoulders, hands, back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reuminate and produce another attack, but expels every atom of it from the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies.

Easter Millinery Opening

Thursday, Friday and Saturday, March 27, 28 and 29. : : : :

STADELE SISTERS,

Michigan, Michigan.

IN A PRIVATE CAR

TRAVERSE CITY & MANISTIQUE OFFICIALS COME HERE.

VISIT AROUSES MUCH CONJECTURE.

PARTY LEFT THIS MORNING FOR POINTS TO EAST.

Will Inspect the Manistique Railway and Map Out Improvements and Return to Marquette in a Couple of Weeks.

A special Grand Rapids & Indiana car attached to the afternoon train from the east, yesterday brought in a party of prominent capitalists and railroad men, the arrival of some of whom aroused considerable conjecture. Included in the party were: R. B. Metheny, president of the Traverse City, Leelanau & Manistique road.

Dan W. Kaufman, secretary and treasurer of the same line. E. H. Christ, engineer of the road. Charles Metheny, of Lima, O. B. R. Metheny. E. N. Breitung. Samuel R. Kaufman. Peter White.

The first five named gentlemen spent the afternoon and night in the city, and this morning left on the 5 o'clock train for Shingleton, where their car will be transferred to the Manistique & North-western road. The visitors represent, as well as the company which is to build the road between Traverse City and Northport, the interests which recently came into control of the Manistique line and which are identical with the other. In the popular mind, these interests are believed to be closely allied with the Pennsylvania system, but as to that, nothing official has yet been divulged.

HOME FROM WASHINGTON.

Peter White Working for an Appropriation for Presque Isle.

Hon. Peter White arrived yesterday afternoon on his return from Washington, coming in on the private car which bore the officials of the Traverse City, Leelanau & Manistique road. He has been at the national capital, working for a measure to direct the United States engineers to make an estimate of the expense of filling up a wash-out in Presque Isle park, four miles above Marquette, caused by the current created by the new breakwater. Mr. White says it will cost only \$7,000 and that although the river and harbor bill has been completed in the house, he has every reason to believe the senate will tack an amendment on it before sending it back. Mr. White says he talked with Senator McMillan in regard to it last Saturday.

Mr. White tells an interesting story of his abilities to help things through. When the matter of covering the patch of 300 acres of land into what is known as Presque Isle park, came up, Mr. White approached the committee on public lands in the house, which unanimously opposed it as setting a bad precedent. So the promoter of the scheme asked the chairman if he and his committee would support the measure providing the senate passed it. He obtained an affirmative answer. This was in 1888. So Mr. White called out Senator Thomas W. Palmer, of Detroit, and got him interested. Then they called out the senators in bunches of three until Senator Eustace came. Eustace had a bill somewhat similar to that of Peter White, the land being located in the Gulf of Mexico, and he proposed that they consolidate and obtain the solid southern vote for both measures. The title of the bill was changed and it went through without comment. Mr. White saw to it that the chairman of the committee on public lands in the house carried out his part of the agreement.

STILL AT LIBERTY.

Convict Hiram Haynes, who escaped from the penitentiary Wednesday afternoon, was still at liberty last night, though the officers were working on what appeared to be a well-defined clue. Trainmen brought in the report that a suspicious looking individual answering the prisoner's description had been seen lurking around Gordon. Officers were despatched to the scene, and others were posted at different points to intercept the man if he came that way. The news of the escape of Haynes has been telegraphed and telephoned to many points, and it is believed that it will be but a question of a short time before he is again in limbo, especially as there is a reward hanging over him.

The expressions of grateful women who have experienced wonderful blessings using Rocky Mountain Tea, compensates us for our efforts in their behalf. 25c. Stafford Drug Co.

LOT M CONFERENCE

GREAT COMMANDER BURNS CONSULTS WITH HIVES HERE.

LEFT FOR HER HOME YESTERDAY

MATTERS CONCERNING CONVENTION WERE TALKED OVER.

Plans for Reception of Delegates Were Given Attention and a Local Team Selected to Exemplify the New Drill Manual.

Mrs. Frances E. Burns, commander of the Michigan great hive of the L. O. T. M., left yesterday afternoon on her return to her home at St. Louis. She arrived in the City Tuesday night for the purpose of starting the local Lady Maces on their preparations for the coming convention.

Wednesday afternoon and evening the ladies met with Mrs. Burns at Fraternity hall, in the lodge room of Superior hive, the great commander presiding. During the sessions, many details of the work that will fall upon the local hives was mapped out and plans for the reception and accommodation of the many hundred lady delegates who will come here in June were discussed. Among other matters disposed of, was the selection of twenty-one members from each of the local hives who at the convention will exemplify the work of the new drill manual and will participate in the memorial services planned by a special committee named at the last bi-annual review. The names of the ladies so chosen will be published tomorrow.

It was decided that an informal reception be held on the evening of June 10, on which night a big ball is to be given by the Knights of the Maces. The reception will take place between 8 o'clock and 9:30, with Mrs. Dr. Markham as chairman, assisted by Ladies Patterson, McCormick, Ellen Jobe, Nettie Cook and Emma Stafford. Commander Burns has appointed Lady Holthe to assist in the convention work and preparations as the representative of the great hive, and the lady will shortly arrive here on that mission.

Mrs. Burns, who has been identified with Macee work for a number of years, made many new friends while here. She is a gracious and talented lady, is a splendid speaker and supports the expansion views of Major Boynton. "We are having a fine growth in the state," said Mrs. Burns, in an interview. "More hives were organized year than in any one year in the history of the order, something like five thousand ladies being added to our membership." The great hive is on record as

having endorsed the idea of expansion, which at the Marquette meeting will be the leading issue.

FOR EARLY CLOSING.

Petition Being Circulated by a Committee of the Clerks.

A committee from the clerks' union is circulating among the merchants a petition in the interest of early closing. It is as follows, and is self-explanatory: "To the Merchants of the City of Marquette, Dear Sirs: Local 131, Retail Clerks' union, humbly petitions you to close your places of business from April 1 until Dec. 1, on Tuesday, Wednesday and Thursday evenings at 6 o'clock; on Mondays and Fridays at 8 o'clock; on Saturdays and railroad pay days at 10, and on Lake Shore Engine works pay days, viz. the 31 and 18th of each month, at 6:30. All legal holidays, such as New Year's, George Washington's birthday, Decoration Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas, shall be exempt from business."

GOOD FRIDAY AT ST. PAUL'S.

Good Friday services will be held according to the usual custom at St. Paul's cathedral, as follows: Matins and the anti-communion service at 10 o'clock. Beginning at 12 o'clock, the three hours of our Blessed Savior's agony on the cross will be commemorated with suitable prayers, hymns and addresses. In the evening there will be evensong and sermon. All are cordially invited to come to these services.

At the Swedish Lutheran church this morning at 10:30 social services will be conducted by the pastor, Rev. E. A. Linder.

Services will be held at the German Lutheran church at 7:30 o'clock this evening, and at St. Peter's cathedral during the day as announced last Sunday by the pastor. A special Easter service will be held at the Baptist church next Sunday morning at 7:30 o'clock. The young people's societies of the Presbyterian, Methodist and Baptist churches will have the meeting in charge. Special Easter music will be rendered. All persons will be cordially welcomed.

Fred L. Simmons, Tailor.

"TIME WAITS FOR NO MAN"

"Experience is a great teacher," and we had decided to profit this year by our experience in past seasons by going to New York City nearly a month earlier than heretofore, but notwithstanding all these precautions, the exceptionally warm weather reached here in advance of many of our goods.

Our New Millinery Department is a marvel of beauty, refinement and great values. The responsive public passed judgement, the verdict is in our favor. Our opening, which has been so successful, continues until Saturday night.

We are now receiving large shipments daily in our other departments. We have already received our Silk Dress Goods, Wash Goods, White Goods, Linens, Trimmings, Ribbons, Laces, Gloves and Neckwear.

Our Grand Opening will occur in a few days at which time we will display an unusually complete representation of spring fashions. See announcement in this space.
