WIND PLAYS HAVOC

SCORES OF HOUSES UNROOFED IN PITTSBURG.

MANY PEOPLE ARE INJURED

ROOF OF CHURCH CRASHES DOWN UPON WORSHIPERS.

Indescribable Panic Ensues and at Least Forty Persons Are Caught by Wreckage and More or Less Hurt.

Pittsburg, March 30.—One of the fiercest wind storms ever known in this section struck this city today just before noon and did almost incalculable damage to property and injured many people, some of whom may die from the effects of their wounds. Scores of houses were unroofed, many trees were blown down, mill stacks were toppled over and telegraph and telephone wires were generally disabled.

Church Is Unroofed.

The most serious accident reported was the unroofing of the Knoxville Presbyterian church at Knoxville. The church at the time was filled with a congregation of about 600 persons. While the minister was in the midst of his sermon the wind blew over a large chimney and lifted a portion of the roof. The bricks from the chimney crashed through the roof and carried a piece of hardwood ceiling forty by twenty feet down upon the worshippers. An indescribable panic ensued, and a frantic rush was made for the doors and windows. The excitement soon quieted and the work of rescue began. At least forty persons were caught by the wreckage and more or less hurt. Of this number five may not recover.

List of the Injured.

The more seriously injured are: Dr. R. J. Phillips, aged forty, concussion of the brain, may die; Curtis Ray McNight, four years, internal injuries, both legs crushed, probably fatally; Clarence McNulty, seventeen, internal injuries, badly crushed, may die; Fletcher Byron, fracture at base of brain, serious; David Smith, thirty-two, arm broken, head cut, badly battered, serious; Joseph Adams, twenty-one, badly crushed; Albert Schmidt, fourteen, both arms broken and head cut; John Meyer, head cut; John Meyer, seventeen, head and face cut; Thomas Mechin, eighteen, arms and head cut; Evan Jones, twenty-two, serious, scalp wound; Mrs. Rachel Schultz, thirty-five, arms broken. None of the others injured are seriously hurt.

Towboat Is Wrecked.

The towboat Belle McGowan was blown over in the Ohio river, opposite a saw mill run, and completely wrecked. Her crew narrowly escaped drowning but all were finally rescued by harbor boats. The corrugated iron roof of the union bridge was lifted from its fastenings by the wind, and parts of it carried a distance of one mile.

At Whittie, the school house at Mount Washington was unroofed and the walls twisted. Jones & Laughlin had fourteen furnace stacks blown down, necessitating the shutting down of a portion of the plant for weeks. Reports from nearby towns are slowly coming in. It is feared much damage has been done in those places.

Spiral Crashes Through Roof.

At McDonald the spire of the Robinson Run church was struck by lightning and went crashing through the roof. Many of the worshippers were injured and two may die. In the same neighborhood 200 to 300 derricks of the Forest Oil company were blown down. Many buildings were unroofed and other damage done. More than 3,500 lights of glass in the Phipps conservatory at Schenley park were broken, and much of the gorgeous Easter flower display ruined. The damage in the Monongahela and Turtle Creek valley will reach thousands of dollars, but no especially big individual loss is reported.

Western Michigan Affected.

Grand Rapids, March 30.—Reports tonight from Lake Michigan points show that the storm last night and today have done a large amount of damage, particularly to telegraph and telephone lines. The lines are all down on the lake shore and tonight Traverse City, Manistee and Ludington are cut off from outside communication. At St. Joseph, \$1,500 damage was done by the storm to wire service and buildings, and at Benton Harbor \$3,500. Muskegon reports telegraph service badly crippled. The lake tonight is so rough, the Goodrich and Barry line steamers will not venture out.

Glass Company Suffers.

Belle Vernon, Pa., March 30.—A thousand dollars will be required to repair the storm damage here. The American Window Glass company's plants are unroofed, several smoke stacks were blown down and walls blown in. Several block houses belonging to the company were also wrecked.

Ore Bridges Wrecked.

Cleveland, March 30.—At the National Steel Works, Mingo Junction, a high wind caught up an immense structural ore bridge and whirled it along the tracks until it struck another, resulting in their entire demolition, and causing a loss of \$50,000.

Paster Badly Hurt.

Wellsburg, W. Va., March 30.—A storm which visited the Ohio valley today amounted to a calamity. The Franklin M. E. church is in ruins. Reverend Allhouse was preaching a sermon

when the gable end of the church was blown in. The falling timbers and debris fell about him and he was seriously injured. The congregation was panic stricken. Many had reached the outside when the gale lifted the roof off and it fell among the people. Two were killed and several were seriously hurt.

Cyclone Strikes Church.

Greenville, Pa., March 30.—During services in the United Presbyterian church at Jamestown this morning, a cyclone struck the building, crushing in the south wall. Reverend Jamison was buried in the debris and sustained fatal injuries. Much damage was done throughout this section.

Tin Plate Plant Wrecked.

Washington, Pa., March 30.—The new bar mill of the Griffith Tin Plate company was blown down today. The loss is \$10,000. The plant was completely wrecked. Five houses were blown down and two churches were considerably damaged.

CINCINNATI THEATRE BURNS.

Panic Is Averted by Prompt Efforts of Manager and Staff.

Cincinnati, March 30.—The Pike building, in which was located the Pike Opera House, was partially burned this afternoon. Two thousand people attending the matinee retired in good order. The fire started in the basement and worked its way up to the floors of the auditorium. The fire was evidently raging while the audience was entering, and when discovered a panic was averted by the prompt efforts of the manager and staff.

A great portion of the women fled without their new Easter hats and wraps, and the individual losses will be considerable. The theatre is so damaged it cannot be used again this season.

Big Oklahoma Fire.

Guthrie, Okla., March 30.—Guthrie was visited by a \$300,000 fire today, and as a result the state capital printing plant, the Hotel Capitol, the St. James Hotel, the Cammack livery barns and the Richey general merchandise store are in ruins.

TRANSPORT KILPATRICK ARRIVES.

Nearly a Thousand Soldiers Land at San Francisco.

San Francisco, March 30.—The transport Kilpatrick arrived today from Manila with the Seventeenth infantry and discharged soldiers, nearly a thousand in number. There were five deaths on the voyage.

Shortly after leaving Manila, Mrs. B. E. Pope, widow of Lieutenant Colonel B. E. Pope, died. Mrs. Pope was bringing to remain of her husband home. Other deaths were V. Thompson, corporal of Company D, Twenty-first infantry; Wilbur I. Leake, private, Twenty-second infantry; Private M. Stuart, Twenty-fourth infantry; J. B. Riley, a civilian.

BIG LINER ON FIRE.

Steamer Pretoria Puts Into New York With Blaze in Hold.

New York, March 30.—The steamer Pretoria, of the Quebec line, returned to this port tonight with a fire in her forward hold. Her passengers came a short time previously on the steamer Nordland, of the American line, having been transferred at sea.

The fire was first discovered at midnight and arrangements were made for any emergency. At 9 o'clock this morning the Nordland came up and the Pretoria's passengers were transferred. Both vessels returned to New York, where the passengers landed. Fire boats were summoned and went to work to extinguish the fire in the Pretoria's hold.

TRIED TO WRECK TRAIN.

Boys Make Unsuccessful Attempt and Are Arrested.

Trenton, Mo., March 30.—George Busch, aged sixteen, and George Young, aged twenty, sons of respectable parents of this city, made an unsuccessful attempt last night to wreck a Chicago, Rock Island & Pacific passenger train five miles east of here. The track at this point is on a high embankment and a derailment could scarcely have occurred without the loss of many lives. Both boys were arrested and confessed. The motive appears to be revenge for having been put off a freight train.

NEW TUNNEL COMPLETED.

One Through Sierras Over Five Miles Long.

Auburn, Cal., March 30.—Southern Pacific surveyors and engineers have just completed a survey for a new tunnel through the Sierras which will be one of the longest in the world. According to the records it will be five miles, 800 feet long. It will eliminate nearly 1,000 feet of grade and reduce the length of the snow sheds from forty miles, the present aggregate length, to twelve. It will cost millions and will require years to construct it.

REPORT 1,000 KILLED IN RIOTS.

Chinese Officials Say Loss of Life at Tamingfu Was Great.

Pekin, March 30.—Chinese officials say that 1,000 persons have been killed in riots at Tamingfu, the southernmost prefecture of the province of Chili. This is perhaps an exaggeration, but the loss of life was undoubtedly great.

KILLED BY LIGHTNING.

Crown Point, Ind., March 30.—A ball of lightning during a snow storm today struck the farm house of Christopher Larson, near this city, and set fire to the structure. Mrs. Larson and her ten-year-old daughter were found in the ruins burned to crisp.

SCHOONER GOES ASHORE.

Manistee, Mich., March 30.—During a blinding snow storm and heavy wind today the schooner Annie C. Harrison went ashore three miles south of here. The crew was landed safely.

DAMAGE BY FLOODS

SITUATION IN DISTRICTS OF TENNESSEE GRAVE.

TWENTY-TWO LIVES ARE LOST

PROPERTY SUFFERS TO EXTENT OF FIVE MILLIONS.

Section Affected Embraces One of the Richest Districts of the State—Railroad Traffic Continues to Be Paralyzed.

Nashville, Tenn., March 30.—Reports from the flooded districts of Tennessee emphasize the gravity of the situation. The damage resulting, it is believed, will reach \$4,000,000, while twenty-two lives are known to be lost. The section visited by the flood embraces one of the richest portions of the state, and the damage to farm lands is a serious item. It includes counties lying between the mountains on the east and the Tennessee river on the west, and between the Cumberland river and Alabama line. Stone fences that had stood the storms of forty years were washed away in many well known riverside farms in Lincoln county and crops were destroyed. The bridge of the Nashville & Knoxville railroad at Lancaster, a 200-foot span, said to have cost \$100,000, went down Saturday night.

List of Known Dead.

The figures of the available following fatalities are given: Pulaski—Houston Connor, Sarah Phillips; John Cole, wife and three children; Slick White, wife and two children, all colored, and a negro baby. Lewisburg—Anna Robinson; two children of Joe McClellan, colored. Murfreesboro—Williams (a girl), colored. McMinnville—Mrs. Blevin and three children; Henry Medewell. Harriman—Two unknown. After a perilous night in the top of a tree in the hermitage district, three men were rescued at an early hour this morning.

Worst Over in Mississippi.

Memphis, March 30.—Advices from the flooded districts in Mississippi tonight are that the waters are slowly receding and it is believed the worst is over. The damage to railroads, farms and other property will total up an enormous sum. It is reported many negroes lost their lives, but the exact number cannot be given at present.

Railroad traffic continues to be paralyzed in the eastern section of the state. Not one of the five railroads entering Meridian have yet been able to get trains through either north or south. The damage in the south on the Northeastern, Mobile & Ohio and Alabama & Vicksburg is more disastrous than at first anticipated, and it is doubtful if traffic will be resumed inside of eight or ten days.

Several Lives Lost.

Tullahoma, Tenn., March 30.—As the details of Friday evening's storm come from the surrounding country, it proves to have been the most disastrous that ever visited this section. Several lives were lost and the property loss will amount to thousands. The Nashville, Chattanooga & St. Louis railroad lost several bridges. At Manchester the Stone flouring mill was carried two miles down the stream and is a mass of debris. In South Tullahoma many cabins are flooded and women and children were rescued by men carrying them out on their shoulders.

Northern Pacific Damaged.

Jamestown, N. D., March 30.—The situation at Sterling on the Northern Pacific is unchanged and will so remain unless the company builds a new track around a suddenly formed lake. Passengers report a lake thirty miles long, about two miles wide, and with a depth of sixteen feet. It is estimated three miles of track and a six-hundred-foot bridge must be built if trains can run again.

Knoxville Hard Hit.

Knoxville, Tenn., March 30.—The loss by flood, which swept Emory Valley Saturday, may reach nearly \$1,000,000 in Roane and Morgan counties when the full story is known. At Harriman the loss may reach \$125,000. The flooded section of Harriman presented a desolate appearance today. Marks of the flood were plainly seen and the whole country presents a devastated appearance.

Many Cattle Perish.

Jackson, Miss., March 30.—The Pearl river is on a rampage tonight. The water works are so badly damaged they cannot supply water before Tuesday. Many cattle have perished in the flood.

WILL LOSE BIG REVENUE.

Trenton, N. J., March 30.—The discovery has been made that the state will lose \$12,500 annual revenue by reason of the passage by the legislature of a bill permitting the United States Steel corporation to convert its stock into bonds. Corporations are not obliged to pay the tax on the bond issue and the state therefore will lose this money.

TO SUCCEED RODENBERG.

Washington, March 30.—James R. Garfield, son of the late President Garfield, has accepted the position of civil service commissioner to be vacated April 1 by William A. Rodenberg.

WESTERN LEAGUE UMPIRES.

Kansas City, March 30.—President Whitfield of the Western league tonight announced the following umpires: Denney Sterns, Buffalo; Arlie Latham, Philadelphia; Robert O. Cox, Rock Island, Ill.; Gus Moran, Philadelphia.

IS TIRED OF REBELLION.

Rufino Now Wants to Surrender to Filipino Constabulary.

Manila, March 30.—Rufino, who spent \$30,000 in an effort to incite a rebellion in the province of Misamis, now declares he is tired of rebellion and wants to surrender with seventy-five rifles to the native constabulary.

Senor Valdez, editor of a local paper, who has been sued for libel by two members of the Filipino commission, will subpoena Aguinaldo to testify in the case. General Chaffee's permission to this step has been obtained.

During the last three days seven new cases of cholera have been reported and four deaths from the disease have occurred.

YOUTH A MURDERER.

Thirteen Year-Old Boy Kills Seven-Year-Old Companion.

Toledo, March 30.—Danny Rosenbecker, thirteen years old, was arrested today for the murder of seven-year-old Arthur Shanteau. Rosenbecker says while hunting crawfish yesterday afternoon Shanteau called him a name and attempted to strike him with a club, whereupon he retaliated by striking Shanteau with a butcher knife until he was dead. He then dragged the body among some weeds, where it was found by searchers last night. The skull was crushed and the face badly mutilated.

VOTE ON OLEO TOMORROW.

After Measure Is Disposed of Chinese B.I. Will Be Called Up.

Washington, March 30.—Friends of the oleomargarine bill hope to secure a vote Tuesday in the senate.

The Chinese exclusion bill will then be called up. It is hoped the senate will be able to conclude its consideration within ten days. There is no pronounced opposition to the bill as a whole, but an effort will be made to amend it in some particulars.

It is expected the Indian appropriation and river and harbor bill will be reported during the week. Both are subject to immediate consideration, even to the extent of displacing other bills, but it is not believed either will be used to deprive the Chinese bill of its chances for consideration.

The Philippine government bill also will be reported probably tomorrow, but its consideration by the senate necessarily will be postponed for some weeks. The house during the coming week will be largely occupied by the sundry civil bill, which will be called up tomorrow. Such time as remains will be devoted to the consideration of the senate bill to promote the efficiency of the revenue cutter service and the Chinese exclusion bill, both on special orders, but they do not interfere with the revenue or appropriation bills. It is the intention of the leaders not to bring up the Cuban reciprocity bill until next week.

GOVERNMENT RATE OF EXCHANGE

Philippine Commission Fixes It at \$2.27 Mexican Silver for One Gold Dollar.

Manila, March 30.—The Philippine commission has fixed the government rate of exchange at \$2.27 Mexican silver for one gold dollar. The banks have notified the quartermaster that it is impossible to cash the quartermaster's checks.

The security of gold is attributed partly to the banks, and largely to the Chinese speculators, who always buy American gold at a two point higher than the bank rate. The action of the commission created much discontent among the importers. They are unable to obtain sufficient gold to pay the import duties and must consequently pay these duties in silver at the government rate of \$2.27.

The employes of the government are elated, as a higher rate means considerable increase in their salaries.

The bankers of Manila say the monetary situation in the Philippines cannot be helped by governmental action, and that a region as important commercially as the Philippines must affect the world's markets.

IS TIRED OF REBELLION.

Rufino Now Wants to Surrender to Filipino Constabulary.

Manila, March 30.—Rufino, who spent \$30,000 in an effort to incite a rebellion in the province of Misamis, now declares he is tired of rebellion and wants to surrender with seventy-five rifles to the native constabulary.

Senor Valdez, editor of a local paper, who has been sued for libel by two members of the Filipino commission, will subpoena Aguinaldo to testify in the case. General Chaffee's permission to this step has been obtained.

During the last three days seven new cases of cholera have been reported and four deaths from the disease have occurred.

YOUTH A MURDERER.

Thirteen Year-Old Boy Kills Seven-Year-Old Companion.

Toledo, March 30.—Danny Rosenbecker, thirteen years old, was arrested today for the murder of seven-year-old Arthur Shanteau. Rosenbecker says while hunting crawfish yesterday afternoon Shanteau called him a name and attempted to strike him with a club, whereupon he retaliated by striking Shanteau with a butcher knife until he was dead. He then dragged the body among some weeds, where it was found by searchers last night. The skull was crushed and the face badly mutilated.

FISHING SCHOONER SINKS.

Is Run Into by Norwegian Steamer and Three of Crew Drown.

Philadelphia, March 30.—With the greater part of her crew of eleven men asleep below deck, the fishing schooner Edna Earl was run into and sunk by the Norwegian steamer Romsdal late last night. Three of her crew were drowned. The others were rescued by the Romsdal.

DESPONDENT STUDENT SUICIDES.

Chicago, March 30.—The body of Henry R. Miller, a medical student of Keokuk, was found in Lincoln Park this morning. He had shot himself during the night. It is believed he was despondent on account of over study.

Difficult Digestion

That is dyspepsia. It makes life miserable. Its sufferers eat not because they WANT to—but simply because they MUST.

They complain of a bad taste in the mouth, a tenderness at the pit of the stomach, a feeling of puffy fullness, headache, heartburn and what not.

Hood's Sarsaparilla cured Joseph F. Laine, Flanagan, Ky., who writes: "I was troubled with dyspepsia for a number of years and took medicine that did me no good. I was advised by friends to try Hood's Sarsaparilla which I did and it put my bowels in perfect condition, gave me strength and energy and made me feel like a new person."

Hood's Sarsaparilla
Promises to cure and keeps the promise. Beware of substitutes. Buy Hood's and only Hood's.

SUBSCRIPTION RATES:
Per month, by carrier. \$1.50
Per year, by mail. \$15.00

MARQUETTE, MICH., MARCH 31.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Noting the nomination of the editor of this paper for mayor on the Citizens' ticket, the Iron Ore of Ishpeming generously says:

In the city of Marquette Mr. James Russell, editor of the Mining Journal, has been nominated for mayor on the Citizens' ticket. It is an excellent choice. Certainly no man in that town does more to call attention to the beauties and business of the town than its leading editor. This is a part of his duty, and he has lived up to it faithfully. We congratulate the people of Marquette upon their selection.

"As long as Cuba has an option on annexation the island can not be said to be starting ruin in the face. Cuba has only to become a part of our territory to bound at once into a condition of high prosperity." So says a paper which has opposed having any concession granted Cuba on the sugar tariff. What we promised Cuba was independence and by implication a fair chance for prosperity under it. Can we afford to now make the conditions such that to prosper Cuba must surrender her independence and become a part of the United States? It is worth more to us to have the world retain confidence in our good faith than to gain Cuba by starting its people into begging for annexation.

Wasn't it rather inconsistent for the Labor party of Ishpeming in convention assembled to go on record as opposing the erection of a new court house at this time, on the ground that the taxable property of that city, and presumably the county, should not be compelled to bear any more of a burden at present? The bulk of the tax in the cities of Ishpeming and Negaunee is paid by the mining corporations, or owners of mining property, in these cities and if a new court house is built these corporations and owners of mineral lands will stand the heaviest share of the cost of building it. Furthermore, its construction would furnish that much more employment for the labor of the county. Do the workmen of Ishpeming want it understood that if they can have plenty to do at good wages they would prefer to know that other workmen are standing about idle? Whether they feel that way or not, they stand on record as being opposed to a proposition that would provide work for a large number of artisans for twelve months or more because they object to paying the very small portion of the tax that would fall on them during the next ten years should the county provide itself with a much needed new court house. The "Young Voters" of Ishpeming have also gone on record as opposing the bond issue to be voted on in the pending election. The Mining Journal does not believe that either the labor voters of Ishpeming, or the intelligent "Young Voters" of that city really mean what is expressed by the resolutions adopted by their respective conventions, and hopes and expects that the "fals" of their ballots will place them in a better light, as progressive and liberal citizens of the county, than do the resolutions here commented on.

THE SWINISH PAPER TRUST.

The reasonableness of the demand of the newspaper publishers of the United States for abolition of the duty on wood pulp used in the manufacture of print is clearly shown by facts placed before the industrial commission by Mr. John Norton and others when it was taking testimony relative to the monopoly enjoyed by the paper trust. The facts are as here summarized.

Under the old tariff there had been a steady decline in the price of paper, due chiefly to improvements in the system of manufacture and the substitution of wood pulp for rags. In the year 1897 news print paper which had sold eight years previous for 9 cents per pound, or \$180 per ton, was sold, delivered in the press-rooms in New York City, at 14 cents per pound, or \$282 per ton, payment to be made on the basis that all weight in excess of a given standard—say 114 pounds per 1,000 eight-page sheets—should be at the expense of the manufacturer, and that the newspaper should also have the benefit of the deficiency in case the weight of the paper should fall below standard. All white waste was to be taken away by the manufacturer without charge of any kind to the publisher.

But the papermakers were not satisfied with the profits they were making. A delegation of them appeared before the ways and means committee and demanded protection. They insisted that if it were given there would be no increase of price. They said that if the tariff were increased they could gain control of the foreign markets. They stated that if any combination were made it would only reduce expenses and not increase prices. Congress accepted those statements and the duty on mechanically ground wood was increased from 10 per cent, or an average of \$120 per ton, to \$1.67 per ton, and the duty on news print paper (costing less than 2 cents per pound) was raised by the Dingley bill from 15 per cent, or \$3 per ton, to 30 cents per hundred pounds, or

\$6 per ton. Prior to that enactment no news print paper had been imported into the United States, and the government derived absolutely no revenue therefrom, because the American mills could make paper more cheaply than any other mills.

The first thing the papermakers did was to organize a trust. The International Paper company filed articles of incorporation in New York state on Monday, Jan. 31, 1898, paying a tax of \$56,250 to the state, and purporting to be located at Corinth, Saratoga county, New York. Its authorized capital stock was \$45,000,000, and power was given to issue \$10,000,000 in bonds, a total of \$55,000,000. The stock was divided into common and preferred, \$20,000,000 of common stock and \$35,000,000 preferred stock at 6 per cent. All the big and profitable paper mills, with a few unimportant exceptions, were merged into the company—twenty-four mills in all—producing about 80 per cent of the American output at that time. Subsequently this number of mills was increased by purchase to thirty, and the percentage of output was slightly increased, but the new mills of the Great Northern Paper company, which were finished in 1900, have since disturbed and reduced this percentage. The organization had all the features of overpayment for property, watered stock and other features common to trust formations.

The next thing was to increase the price of paper. It was raised \$3 per ton within the three years following the organization of the trust, partly by ingenious changes in the form of the selling contracts and partly by direct increase of rates. On the annual consumption of 600,000 tons per annum this makes an increased cost and a profit of \$4,800,000 per year, of which two-thirds goes to the trust. There are single papers in this country to which this means an added burden of over \$150,000 a year, and the smallest pays its proportion of tribute to the greedy trust that now controls the paper trade of the United States.

The publishers ask to be relieved from payment of this enforced tribute to the trust by having paper and the raw materials entering into its manufacture placed on the free list. Congress should grant the demand, which is based on justice, and put an end to the exaction of the tax laid on the dissemination of intelligence by the rapacious combination into which the paper manufacturers have entered. Certainly the publishers stand in greater need of "protection" against the greed of this trust than the paper makers do against foreign competition.

LA GRIPPE QUICKLY CURED.

"In the winter of 1898 and 1899 I was taken down with a severe attack of what is called La Grippe," says E. L. Hewitt, a prominent druggist of Winfield, Ill. "The only medicine I used was two bottles of Chamberlain's Cough Remedy. It broke up the cold and stopped the coughing like magic, and I have never since been troubled with Grippe." Chamberlain's Cough Remedy can always be depended upon to break up a severe cold and ward off any threatened attack of pneumonia. It is pleasant to take, too, which makes it the most desirable and one of the most popular preparations in use for these ailments. For sale by Stafford Drug Co.

A SEVERE COLD FOR THREE MONTHS.

The following letter from A. J. Nussbaum, of Batesville, Ind., tells its own story. "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. People's Drug Store.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

PNEUMONIA FOLLOWS A COLD but never follows the use of Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs and affords perfect security from an attack of pneumonia. Refuse substitutes. People's Drug Store.

PEOPLE'S CONVENTION.

A People's convention will be held in the assembly room of the City Hall, on Washington street, on Tuesday, April 1, 1902, at 8:30 p. m., for the purpose of placing in nomination candidates for mayor, city recorder, city treasurer, one justice of the peace (full term), and two constables (one year each).

In opposition to ticket named by Citizens' convention.

Ward caucuses for the election of delegates to the city convention and non-instituting candidates for the ward offices will be held in the several wards the same evening as the city convention, at 7:30 sharp.

The places for holding the ward caucuses are as follows:

First Ward—Building corner Lake and Garden streets; six delegates.

Second Ward—City road roller building, Spring street; six delegates.

Third Ward—Hodgkins' livery building, Pine street; four delegates.

Fourth Ward—Police justice office, City Hall, Washington street; four delegates.

Fifth Ward—Building at No. 416 West Washington street; five delegates.

Sixth Ward—Building at No. 503 North Third street; four delegates.

Seventh Ward—Building at No. 825 North Third street; four delegates.

Eighth Ward—Hannah Moore's residence, No. 921 Pine street; two delegates.

The following ward candidates are to be nominated in each ward:

One supervisor for the term of one year; one alderman for the full term of two years.

BY ORDER OF COMMITTEE.
Dated, Marquette, Mich., March 26, 1902.

RICKETY CHILDREN.

Loose joints, bow legs, big head, and soft bones—mean rickets. It is a typical disease for the best workings of Scott's Emulsion.

For the weak bones Scott's Emulsion supplies those powerful tonics the hypophosphites. For the loss of flesh Scott's Emulsion provides the nourishing cod-liver oil.

Scott's Emulsion corrects the effects of imperfect nourishment and brings rapid improvement in every way to rickety children.

HOW JOCKO CARRIED OFF JAM.

A sweet little story concerning a pot monkey and a pot of jam is vouchered for by a Johns Hopkins university man now residing on McCulloch street.

It was in the country and all on a

...AGRICULTURE IN THE UPPER PENINSULA...

AGRICULTURAL SOCIETIES OR FAIRS.

It is an old saw that "competition is the life of trade." Our civilization, with its achievements far ahead of those of all other people, is due mainly to an ambition to excel. The manufacturer pays big premiums for inventions that will improve his article of manufacture. The newspaper man introduces new features for the pleasure of his patrons. One railroad tries to outdo another in its method of handling its traffic. The hotel keeper tries to make his bill of fare more alluring than his fellow. The competition with his neighbor is just so far as he can make the goods sold by his "house" seem more attractive than any other man on the road. It was said in this department last week that the slow-going lady was kept on the farm and here is evidence of it: The farmer is the last man on earth to get up a live competition with his neighbor. A comparatively few farmers, and we have seen many—are in the hands of farmers. The business men in conjunction with a few leading spirits among the farmers usually furnish the motive power of the fairs as commonly held.

Very few of the officers of the state fairs of the country are farmers. Bankers, lawyers and politicians predominate, yet those fairs are of an inestimable value as educators. There is no question among live stock men that fairs—local, state and international—have done much to stimulate competition among breeders and have been the chief promoters of the highest skill in breeding, as evidenced in the animals to be seen nowadays in almost every township in the country.

The writer has the pleasure of a friendly acquaintance with a gentleman who for many years has made a business of breeding and has visited one of the state fairs and saw that the animals shown were far ahead of those in his home county, where he bought and sold about 500 steers every winter. He purchased a bull, paying \$400 for him, for the benefit of neighboring breeders, as well as his own. In two years a half dozen cows were added and more bulls, the profits coming by way of a superior quality in the steers fed. Another instance in which the writer took part: A community with a county fair had a few flocks of native sheep of the usual quality. Several of the owners of these were on hand and secured some "scrap" over the prizes. One of those men stole a march on the others by purchasing a nice \$75 ram, and of course took the prize. The following year another ram was brought in and whipped the first flier. Soon the lambs from those horns and ewes were superior to the native. More rams and their ewes were purchased from well known breeders, and now that county has scarcely a native sheep in it and the lambs that usually sold for \$4.50 per hundred pounds in Chicago now sell around the top end, bringing 80.

The enthusiasm that is bred of good-natured rivalry is the mainspring of the farmer's progress in improvement. He enjoys the "hoopla" of the racket and riot of the crowd. He works hard most of the time and fair day is the great fall festival where, with the good lady who presides over the destinies of his fireside and the dozen, more or less, of freckle-faced, towsey-haired, flat-footed boys and girls, of precise graduation in age and size, piled into the wagon, he goes in for a good day's enjoyment. The old stocking is spooled, and the nickles and quarters are divided among the youngsters according to age and usefulness, and in a short half-hour pop corn sugared in cheap molasses graces the features of the youthful. The merry-go-round eats into the account mysteriously fast; the peanut man and the young colored balloons get their patronage.

Thank heaven and our wiser beds, the gambling stand and the "hoochie coochie" are forbidden in our modern up-to-date fairs, getting rid of the most undesirable elements in human society. The fair is the time marked spaces in the lives of the young folks. For week Sammy Jones has been breaking his cog so he will drive to the cart or the buggy, and for some several Sunday afternoons he has been visiting Smith's boys and accidentally getting a chance to talk to Sall when she comes out to the pump for a pail of water after slyly emptying a half pailful out the back door for good reasons. Those talks at the pump are not all fun. Sammy wipes away more sweat than in a half day's work in the hay field; the driving qualities of the cart are extolled, the coming fair is dis-

summer's day the family monkey was seen scudding homeward literally drenched in raspberry jam. He was pursued by an irate neighbor with uplifted broom, but once safe on the home plat he sprung himself lightly into the nearest tree and peacefully listened to her tale of woe.

It seems the neighbor had some hours before been making jam, a great bowl of which sat cooling on a table beneath the trees. This the monkey spied, but had scarcely started liberally helping himself to it when he was discovered. With a loud outcry and the broom the lady started toward him, when the mischievous beast, knowing his minutes were numbered, hastily overturned the bowl on the table. Then rolling himself joyously in it several times from head to heels he scampered beyond her reach. During the ordeal of her woe and in fact for the remainder of the day, the monkey sat scooping the sweetness from his body and licking his paws with glee. —Baltimore Sun.

WORKING 24 HOURS A DAY. There's no rest for those tireless little workers—Dr. King's New Life Pills. Millions are always busy, curing Torpid Liver, Jaundice, Biliousness, Fever and Ache. They banish Sick Headache, drive out Malaria, Never gripe or weaken. Small, taste nice, work wonders. Try them. 25c at Stafford's.

Foley's Kidney Cure makes the kidneys and bladder right. Contains nothing injurious. People's Drug Store.

"Marm" of course is willin', 'seem' as Sammy is a well-doin' and sober lad, and she goes to work to see that her girl shall be fitted out, in decent apparel, 'weel pleased to see her bairns respected like the rest.' It is pleasing to see the old couple walking around 'sein' things"; the old gentleman carries the family umbrella and tries to look comfortable in that torment of the unsophisticated—a high collar. If he was at home he would be in his shirt sleeves and overalls, but here he has to walk around straight till his back aches. His hands swell from hanging at his side and he has to keep his hat on the top of his head, and when he gets into the wagon to go home his coat and collar come off and his hat goes to the back of his head and he goes for the country where he can breathe air that hasn't been breathed before. The good lady is likewise happy as she goes home to her household joys. The hair-combing, face-washing, clothes-mending, of her family, her garden to care for, her chickens to feed and look after, her odds and ends that nobody but a woman of the good-old sort could stand up under, to say nothing of controlling the festivities when the good man—weak in temptation—has come home after an accidental meeting with some of the neighbors and a jig.

Yet in spite of all the fun of the fair, those people, young and old, have been "sein' things" and come to their conclusions as most people do—by comparison. They have seen the cattle in the stalls and compared them with those at home, or in some neighbor's lot, the horses of the Hager Bros. Co. have been an object of interest to the young men especially. The pigs get their share of attention, and the sheep, likewise; the poultry are admired by those who admire the feathered friends. The vegetables are compared with those at home, usually to the advantage of the latter; so with fruits and "homeliness" and next year a better quality is on hand in all classes.

If the upper peninsula wants to put its lands on the market it should organize an upper peninsula fair. There need be no doubt that a bill granting an appropriation in aid of a fair would pass the legislature if the matter were properly represented to the powers that be. The owners of land should be willing to go down into their pockets and help a fair, because the fair would help them sell their lands. If the land owners, railroads and officers of such a fair would employ a capable man at a decent salary and send him to the state fairs of the central states with an exhibit of the products of the upper peninsula, showing the quality of the farm products, and furnished with printed information, and possessed of the ability to talk interestingly and with knowledge of the farming interests, the returns would be simply wonderful. Very few people have any idea that there can be anything good in the way of farming in the country of iron, copper and sawlogs, and an object lesson properly presented would work wonders. JOHN MOWAT.

Professor Dodge of Clark University makes the estimate that every time the farmer's hog kills a head he is destroying \$20 worth of the stock on the farm. A head is well known as a destroyer of cutworms and various other injurious insects. The professor also claims that an ordinary hawk has a value of \$50 each as a destroyer of rats, mice and gophers, notwithstanding its liking for chickens or young fowls.

Bairymen are much interested in an effort that is being made, and with a success that is gratifying, to manufacture flour from skin mills. Milk flour will soon take the place of condensed milk if reports are true.

What won't he next! The secretary of agriculture has been at work trying to cross wheat and rice so as to produce a quality of wheat suitable for the manufacture of macaroni.

Sir Thomas Lipton can't get the bug but he seems determined to get our pig market. It is reported that he has agents slyly negotiating for the St. Louis stock yards.

Joseph E. Wing has just got back from a tour of farmers' institutes in New York and Delaware, and reports farmers anxious to know how to meet the needs of the times.

DAN SULLIVAN Prop.

D. Seidenfeld's.

Spring is almost here; it is now just around the corner, and with the coming of this beautiful season we have prepared ourselves better than ever before to supply the people of Marquette and adjoining counties with their merchandise. Every incoming train brings us case after case of new up-to-date merchandise.

DRESS GOODS.

During the past week we have received more than 100 pieces of wool dress goods. They comprise the popular fabrics for spring wear and are culled from the products of the best manufacturers in both hemispheres. When out do not fail to give our dress goods department an inspection if you are intending to buy.

LACE CURTAINS.

"Lace curtains by the thousand" is the common expression used by those who have been shown the mammoth stock we have just received for our spring trade and we wish to say, right here, that never in the history of our curtain business, have there been offered such good values for so little money.

CLOTHING DEPARTMENT.

Men, boys and children will have satisfactory clothing if they will buy it from us. We pride ourselves in up-to-date, ready-to-wear clothing. Sweat-shop goods have no part in the making up of our stock. Every thing of the best. We pay on the plan that there is nothing too good to wear, and there is nothing so worthless as shoddy. You can depend upon buying the best of goods when you patronize our store.

SHOE DEPARTMENT.

Once a customer of our Shoe department, always a customer. Our shoe business is transacted on the same basis as our dress goods business, hence, the wonderful increase in this department. We sell shoes to wear; we sell shoes to fit and we sell shoes made of the best leather. No shoddy or cheap workmanship goes into a single pair of shoes bought at our store.

If You Buy it at D. Seidenfeld's it's Good.

Copper Country Department

(Additional Copper Country on Page 7.)
ALL WORK IS STOPPED.
Mayor Scott's Telegram to Powder Mill Company Has Effect.

The telegram of President Scott of Hancock to the Atlantic Dynamite Company at the head office at Wilmington, Delaware, notifying them that proceeding had been commenced to prevent the proposed new magazine adjoining the western limits of the town being used for the storage of dynamite, evidently had its effect. The work on the structure has been stopped, and it is understood orders for material have been countermanded.

The residents of West Hancock were very much wrought up over the location of the powder house near their homes and remonstrated to the local authorities in a vigorous manner. The common council of Hancock passed a resolution declaring the proposed magazine to be a menace to public safety. Although the site is outside of the city limits, citizens of the town would have its effect in the courts, where it was the intention to apply for in case the work of construction was continued.

LIVELY RATE WAR PROBABLE.
Sharp Competition Between South Shore and Boat Lines in Sight.

There promises to be a lively rate war between the steamboat companies and railroad for the business between Houghton and other copper country points to Duluth and the head of the lakes this summer.

The White and Booth lines each with a brand new steamer, in addition to their other boats, will make the distance between Houghton and Duluth in twelve hours, which is considered very fast time. It is also said the companies will spare no means in making things comfortable for their patrons. The America, owned by the Booth line, and the Inouque, recently acquired by the White line, are the new boats referred to.

On the other hand the South Shore road will not stand by and see the boat companies get all the business. There is considerable travel back and forth between the copper country and Duluth in the summer and it is the intention of the railroad company to get its share. Those who have occasion to travel between the two places are sure of a good rate.

WILL SURPRISE DULUTH PEOPLE.
General Passenger Agent Lowrie of the Northern Steamship company is quoted by the Record-Herald as saying that it has been decided to abandon the Lake Superior passenger service this season. If this shall be confirmed it will be a surprise to Duluth people, for the company has always done a heavy lake and rail passenger business at this end of the route.

When the North Land and North West were taken off last season the steamer Miami was brought to Lake Superior to run between Duluth and Mackinac, making two round trips a week and connecting with the white boats at the latter point. It has been expected that some other boat would be put on to provide the same service this season.

WIRELESS TELEGRAPHY.
It is reported that wireless telegraphy is proposed for use by the steamboat companies on the western end of Lake Superior, especially between Isle Royale and Duluth, or some point on the south shore to the eastward, possibly Eagle Harbor or Houghton. There is nothing definite in regard to the matter as yet. A report comes from Detroit that Captain W. H. Singer has the matter of wireless telegraphy between some north shore, or Isle Royale, and south shore point, in view.

TO CHANGE CAUCUS METHODS.

Plan Is Now Being Agitated in the Copper Country.

The matter of changing the caucus methods in the copper country is being agitated. The recent township caucuses were large and unwieldy. It was as much as an electors life was worth to press through the jam at the Hancock township caucus to deposit a white slip of paper in the box. Many citizens did not remain to try it the second time, and others did not attempt it at all. Some propose, as a remedy, the delegate system from various voting precincts, but this method has its objections for the reason that it takes the nominating power from the people, where it belongs, and places it in the hands of the privileged few.

This is contrary to the fundamental principles of our system and the only plan mentioned which clings to the traditions of a government by the people and for the people. It will give all electors a chance to express their preference. This system is also the fairest for all candidates and would be a long step toward preventing the packing of caucuses. It will be a complete protection against illegal voting. It is argued by some that the largest township are divided into voting precincts, the candidates should be voted for directly by the people the same as heretofore.

The fact is pointed out that there is a strong sentiment in the state in favor of abolishing political conventions and making all nominations in the primaries.

ATHLETICS AT Y. M. C. A.

Meeting of Members Interested in Gymnastics Called for Monday.

Physical Director Cole of the Hancock Y. M. C. A. has returned from Duluth, where he was called by the illness of his wife, and has resumed class work in the gymnasium.

A meeting of all the members interested in the work will be held this evening when matters in general will be discussed. Tuesday evening an informal athletic program will be carried out. Those making the best records will be selected to represent the association in an athletic meet with the Calumet Y. M. C. A. on Wednesday evening, April 9.

GETS STATE CONVENTION.

Hancock Will Entertain Sons of St. George Next July.

Hancock is to have the annual state convention of the Sons of St. George. It will be held the latter part of July and preparations for the event, which promises to be one of much importance, will commence at once. The convention will be held in Hancock for the first time in the history of the order. The time the visiting delegations will be entertained by the local lodge, Mistletoe, No. 74, of the Quincy, in various ways. The thirteen lodges in the state will be represented and the number of visiting members expected is 1,500. Ten bands will figure in the celebration to be carried out by a committee in whose hands all arrangements are left to engage several halls for the various meetings and also pleasure crafts for excursion on the lake and to the canal and entry. The excursions will be made a very attractive feature. Last year the convention was held in Indianapolis and it drew several thousand people to the city.

CAR RAISED FROM TRACKS.

Mischiefous Youngsters at Red Jacket Place Dynamite on Tracks.

Mischiefous boys who place dynamite on the street car rails at Red Jacket came very near to producing serious results to car No. 26 Friday evening, when the trolley car was raised bodily from the rails by the force of an explosion from this cause, which took place near Ryan's livery stable. As the youngsters are not familiar with the fearful force of the explosive, unless restrained from future experiments, of this kind something serious is liable to happen, which may possibly cost human life.

THEATRICALS AT CALUMET.

Manager Cuddihy of the Calumet theatre has a number of excellent attractions booked for next month, and also in May. Several of them have well known stars, which have played at last week's performance. The attractions are well known and merit good houses. They are as follows: "Humpty Dumpty," April 7 and 8; "Al Wilson in the 'Watch on the Rhine,'" on April 17; "The Strickland Sisters, in 'For Love's Sake,'" on April 25; "Blanche Walsh in 'Madelaine,'" on April 28; the Michigan College of Mines Glee and Mandolin club concert, May 2; "Arizona," on May 7; "Way Down East," on May 12; "The Girl from Chili," on May 20; Richard & Pringle's Minstrels on May 24; "The Power Behind the Throne," on June 3.

ST. JOSEPH'S CARNIVAL.

The next grand carnival and season of gaiety for Lake Linden will be held for thirty days during the months of July and August by the members of St. Joseph's church. The carnival had got well under way and all of the attractions are well known and merit good houses. They are as follows: "Humpty Dumpty," April 7 and 8; "Al Wilson in the 'Watch on the Rhine,'" on April 17; "The Strickland Sisters, in 'For Love's Sake,'" on April 25; "Blanche Walsh in 'Madelaine,'" on April 28; the Michigan College of Mines Glee and Mandolin club concert, May 2; "Arizona," on May 7; "Way Down East," on May 12; "The Girl from Chili," on May 20; Richard & Pringle's Minstrels on May 24; "The Power Behind the Throne," on June 3.

BRIDGE IS COMPLETED.

The wooden bridge over the Sturgeon river near Otter Lake has been completed by McCollom & McArthur, the Laurium contractors. The work is satisfactory and will be accepted by the Portage township board. The same firm will remodel the old life saving station on the canal for the watchman's residence.

FIRST BOAT APRIL 15.

Agent Thomson, of the Anchor and Western Lines, said yesterday that he expected the first boat from Buffalo about April 15. There is no object to be gained in rushing the opening of the season in the package freight business. Agent Otterson of the Union line says he does not know just when the first boat will arrive.

DAY PAYS FOR TRESPASS.
County Agent W. F. Miller yesterday received from Carl A. Day, the Crystal Falls lumberman, a check in payment for the amount claimed by Houghton county for Day's trespass on the county's lands in Iron county.

ANNUAL MILITARY BALL.

The annual military ball of the Houghton Light Infantry at the Houghton armory tonight will be one of the best social events of the kind for some time. The members of the company have spared no pains to make it a great success in every way. The decorations and music will be featured. The band has never been more prettily decorated than at present. The Calumet & Hecla full orchestra will furnish the music and that fact alone is sufficient to warrant all having a delightful time.

FUNERAL OF DUGAL CAMPBELL.

The funeral of Dugal Campbell of the Arcadian was held from the late residence Sunday afternoon, with burial at Forest Hill, Houghton. Deceased was a miner and sixty-two years old. He died from Bright's disease and leaves a widow and five children. He was the father-in-law of Captain Wills.

INVESTIGATION OF ALLEGED BRIBERY TO BE HELD TUESDAY.

HEARING TO BE PERFUNCTORY

AUTHOR OF CHARGES ADMITS THERE IS NO TRUTH IN THEM.

Alleged Scandal Said to Be the Result of a Quarrel Between Captain Christmas and Niels Gron.

Washington, March 30.—The special committee appointed by Speaker Henderson to investigate allegations in connection with the Danish West Indies purchase, has determined to begin the investigation Tuesday at 10 a. m. in the foreign affairs committee room. The hearing will be open to the public.

As the charges showed that they had been brought to Representative Richardson's attention by Niels Gron it was considered desirable that the latter should appear, and he may be heard Tuesday.

Nobody here believes the investigation will be more than perfunctory, as it is practically certain that there is nothing in the charges.

Christmas Denies Story.

London, March 30.—The Daily Mail's correspondent in Copenhagen has had a talk with Captain Christmas, who makes a complete denial of the charges that American congressmen were offered bribes. He declares it is all a plot.

"The Danish 'no sale' party," he said, "hopes to break off the sale by the help of a scandal. For that purpose somebody stole my confidential report to the government and engaged a certain Niels Gron, an American citizen, to go to Washington and start the scandal by delivering the report to Representative Richardson and the newspapers."

"Captain Christmas sent through a press agency here of Feb. 19 a declaration, under pressure of an oath, that no member of the American congress was either directly or indirectly interested in the sale of the Danish islands."

"I never had any arrangement about a provision with any American authority," he said. "I have no claim whatever on America, but only on the Danish government for my work and expenses."

Not a Danish Agent.

Copenhagen, March 30.—In an interview on the subject of Congressman Richardson's resolution for the appointment of a committee to investigate charges made by Captain Christmas in connection with the negotiations for the sale of the Danish West Indies, a high official said:

"Neither Christmas nor Gron was ever given credentials as agent for the sale of the Danish West Indies. They never negotiated with Washington and have in no way influenced the negotiation. These were conducted through Laurits S. Swenson, the United States minister here, and Constant Brum, the Danish minister at Washington. The Danish government is under no obligation to any private persons in connection with the sale. Hence no commission is due or will be paid. The alleged scandal is the result of a quarrel between Christmas and Gron. The latter claimed he effected the sale and that hence he wanted a commission. Christmas never made a similar claim, accompanied by a confidential report to the Danish government concerning statements regarding bribery, etc., as recently published in Washington."

MILES' PLAN IS TOLD.

Proposal to End War in Philippines Sent to Congress.

Washington, March 30.—The president has sent to the house of representatives the correspondence and papers bearing upon the request of Lieutenant General Miles to be assigned to duty in the Philippines. The papers were sent to the house in response to a resolution introduced by Mr. Burleson of Texas and passed by that body. They are accompanied by the following message:

Message of President.
"To the House of Representatives: In response to the following resolution of the house of representatives of March 26, 1902: 'Resolved, That the president of the United States be, and he is hereby, respectfully requested, if not incompatible with the public interest, to transmit to the house copies of all correspondence relating to, and papers bearing on, the matter of the reported request of Lieutenant General Nelson A. Miles, United States army, to be assigned to duty in the Philippine archipelago, and to be allowed to be put into effect there a plan outlined by him to bring about a cessation of hostilities,' I transmit herewith copies of all the papers upon which final action in the matter was taken."

"Since such final action, and since the introduction of said resolution, a further memorandum has been added to the papers by Lieutenant General Miles, and I transmit also a copy thereof, together with the action thereon."

"THOMAS ROOSEVELT."
"White House, March 29, 1902."
Miles to War Department.

In his letter to the secretary of war dated Feb. 17, 1902, General Miles says: "I have the honor to invite attention to a subject that I have had under consideration for several months, and to request that this letter be laid before the president."

"It is now three years since the opening of hostilities between the United States' forces and those in the Philippine islands and this warfare has been conducted with marked severity. More than 120,000 United States troops have been at different times sent or are now under orders to go to the Philippines and more than 40,000 still remain on duty, which services, with the assistance of the naval forces, involves an enormous expenditure of public money, as well as the loss of many valuable lives."

"During the past century the thousands of Indians have been called to the capital for consultation and council and I have, under authority, sent to Washington many red-handed representatives of different tribes of Indians, the result of which has been a reconciliation, restoration of confidence, the prevention of war and the establishment and continuance of peace within the states and territories."

"Our friendly relations with the people of Cuba and Porto Rico have been largely promoted by consultation with the representatives of those islands here in Washington, both before hostilities occurred, during the Spanish war, and since, and I have never found any people, whether savage, semi-civilized or civilized, who were not benefited by candid, frank and honest consultation and council."

Plan of Conciliation.

"In view of the above considerations I make the request that I be authorized to proceed to the Philippine islands, taking with me ten men whom I may select from Cuba and Porto Rico, whose assistance has been found useful in promoting friendly relations between the people of those islands and the United States, and who could properly explain to the Filipinos the benefits their people have derived through friendly relations with this country, and while there to give such directions as I may deem advisable and judicious for the best disposition of the United States military forces, to the end that they may occupy the most healthful and strategic positions, with due regard to economy, and be afforded the greatest comfort and benefit, and to take such measures as will tend to restore, as far as possible, confidence to the people of those islands, and demonstrate that the purpose of our government is prompted by the highest sense of justice; and that on returning I be authorized to bring to the capital such number of representative Filipinos as I may think advisable, in order that they may see and know the advantages of our civilization and realize the disposition of our government toward them, at the same time affording opportunity for a full explanation whereby intelligent and definite action may be taken concerning their future destiny. It is confidently believed that such measures could then be taken as would be satisfactory and beneficial to the 10,000,000 inhabitants of the Philippine islands, and highly creditable to our government."

No Reflection on Army.

pers upon which final action in the matter was taken.

It is confidently believed that such measures could then be taken as would be satisfactory and beneficial to the 10,000,000 inhabitants of the Philippine islands, and highly creditable to our government."

No Reflection on Army.

"By this means we would be fully informed of the condition and wants of the people of those islands, and they, on the other hand, would become fully apprised of the purpose and final disposition of our government toward them. This need not reflect in the slightest degree upon the services of the military nor interfere with the civil governments that have been or may be established."

"Should this request be approved I am confident it would result in a better condition of our military forces in that division, in the cessation of hostilities within a reasonable time, thereby permitting the return of a large number of our troops from those remote and unhealthy stations, and I should hope in an amicable adjustment of affairs in those islands which would be satisfactory to the inhabitants thereof as well as to the people of the United States."

In his reply, headed "Disapproved," which has the indorsement of the president, Secretary Root says:

"The plan proposed in the within paper involves practically superseding the officers mentioned in the control which they now exercise. Not only is this without justification in their conduct, but I should regard it as a most satisfactory progress. There have been exceedingly full, extended and long-continued consultation and counsel between the government of the United States and the leaders of opinion among the insurrectionary Filipinos, resulting in a full understanding and most friendly feeling between by far the greater part of the Filipino people and ourselves, and a participation by many members of the Aguinaldo government in the civil government under American sovereignty."

"It is not the fact that the warfare in the Philippines has been conducted with marked severity, on the contrary the warfare has been conducted with marked humanity and magnanimity on the part of the United States army."

SHARKEY'S BAIL \$500.

Pugilist Must Stand Trial for Keeping Disorderly House.

New York, March 30.—Thomas Sharkey, the pugilist, whose saloon was recently raided, and who was arrested later on a warrant charging him with conducting a disorderly house, has been held by the examining magistrate in \$500 bail for trial in the court of special sessions. Bond was furnished.

BIG STEAMER ASHORE.

Woods Hole, Mass., March 30.—The steamer Indiana went ashore on Cuttyhunk island early this morning. The vessel will likely be at total wreck. The crew of the life saving station took off her four passengers this afternoon.

TALES OF PLAGUE

PUNJAB DISTRICT IS BEING DEPOPULATED.

HUMAN SACRIFICES ARE MADE

KHURDS RESUME BARBAROUS PRACTICE UNDER LAX REIGN.

Whole Villages Have Perished and the Dead Go Unburied Because There Is No One to Attend to Them.

London, March 30.—The most horrible tales are being received of the mortality from plague in Punjab. Whole villages have perished, and the dead go unburied because there is no one to attend to them. The authorities are powerless to deal with the deadly visitation otherwise than by isolating its victims, and this has added starvation to other horrors, the stricken communities being debarred from obtaining food. The plague seems to have been brought by Hindoo pilgrims who had been following in fifts at a sacred place in central India, and who took back with them to their homes in Punjab an assortment of sanctified bacteria. On the other hand, the Hindoos charge that Mohammedans, who have been on a pilgrimage to Mecca, were responsible. It is probable that both contributed to the spread of the terrible disease, which is desolating the great region of northern Hindustan. The British appear unable to cope with the plague as they were with the famine of two years ago, and already there is an earnest call for a renewal of the splendid relief they carried on by Louis Kloppsch of the Christian Herald and his associates.

Offering Human Sacrifices.

Plague is not the only gruesome news from England's eastern empire. The strong arm of British military occupation in the subject states and territories has been relaxed owing to the demand for troops in South Africa, and some of the more turbulent tribes are becoming more troublesome. In Orissa, the Khurds are again indulging in the practice of human sacrifices. In the last few years there has been almost unknown. The renewal of this awful and peculiar custom is chiefly due to recent poverty of the crops, the sacrifices being intended to propitiate the "earth god" and secure abundant harvests. The victims are called "meras" and are slain by the sword, sometimes from families that have fallen into poverty, but sometimes also they have been kidnapped from the plains and then sold. The sacrifice has often been attended with circumstances of revolting and disgusting cruelty, even to the cutting out of a piece of the living victim to bury on his farm. The English had succeeded in almost suppressing the practice, but lately the Khurds have grown defiant and have refused to deliver up victims on demand from the military.

India Rejoices With Boers.

It is remarkable how news of British losses in South Africa has spread in India. Hardly any except the learned and traveled Hindoo had heard of the Boers three years ago, yet now the name is known through the tongue and breath of India, and Boer victories are welcomed with manifest joy by the natives everywhere. The British view is that Russia is responsible for this propaganda of hate and disloyalty, but it is to be remembered that there is among the Hindoos a growing national sentiment, which English officialdom has sought vainly to suppress, and which is supported by many wealthy Hindoos and influential native newspapers. Even some of the native princes, who might be expected to support England in the interest of their material advancement, are in sympathy with the national movement. The only apparent source of Russia in the matter is the example of Russian rule in Central Asia, where there has been neither famine nor plague, where the native princes are protected in their hereditary rights, and the common people are treated with kindness and liberality. All this is becoming known in India, and English rule suffers by comparison.

Holy War Is in Sight.

Italy is not alone in its preparations for a war in Tripoli. Turkey is getting ready, too. The Turkish fleet is not in a condition to resist an Italian attack on the African province, but for several weeks troops have been arriving at Tripoli from Constantinople and points in Asia Minor, and should the Italians attempt to land a force at Tripoli they may meet a surprise. Advice from Cairo state that word of the proposed Italian invasion has gone out to the desert tribes and that a mighty gathering of Moslems will assemble to carry on a holy war against the infidel aggressors. Italy may find Tripoli worse than Abyssinia. The Moslems of northern Africa are fiercely aroused against the Europeans and as every man is a fighter, it would be possible for a fanatical leader to assemble millions under the banner of Islam for a final and desperate stand against the Christians.

LOW ROUND TRIP HOMESEEKERS RATES.

On April 1st and 15th and May 6th and 20th the D., S. S. & A. Ry. will have on sale round trip home-seekers tickets to all points in the west and northwest at greatly reduced rates. Tickets will be good for return passage twenty-one days from date of sale. For further particulars apply to station and ticket agents or to GEO. W. HIBBARD, G. P. A. (3-27-5-20) Marquette, Mich.

TREATY SOON TO BE SIGNED.

Madrid March 30.—The treaty of friendship between the United States and Spain will be signed as soon as Minister Storer returns to Madrid. He is at present in the United States.

TODAY'S WEATHER.

Washington, March 30.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy Monday, probably snow and colder in eastern portion; fresh to brisk north winds; Tuesday, fair.

CLARKE DEFEATS JONES.

Little Rock, March 30.—The latest returns from yesterday's primaries for United States senator indicate that ex-Governor Clarke has unopposedly defeated Senator James K. Jones. Clarke's majority on the joint ballot may not exceed twelve. Jones does not concede Clark's victory, but at the latter's headquarters it is declared the contest is settled in Clarke's favor.

TWO STRONG TICKETS NAMED.

The politicians of Tilden township are doing some hustling these days. At the Young Citizens' party has filled out several of the vacancies in the ward tickets. Carl Tellefsen will run for supervisor in place of Rheinhold Magnuson, who withdrew yesterday in Mr. Tellefsen's favor. In the second ward

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., 517-519 Broadway, N. Y. The regular fifty cent Home of Swamp-Root dollar sizes are sold by all good druggists.

WHAT THE BRITISH OFFER.

Amnesty to All Except Cape Rebels and Financial Assistance.

London, March 30.—It is said the government has almost concluded to offer a degree of autonomy to the Boers, together with amnesty for all except political rebels, and financial assistance in the restoration of the Boer farms to a condition fit for occupation. The Transvaal and the former Orange Free State are to be, as they have already been proclaimed, British colonies, but are to be governed by their own inhabitants on a plan similar to Cape Colony and Natal. English garrisons will be maintained at Pretoria and other points.

Such is in effect the scheme upon which King Edward and Lord Salisbury are said to have virtually decided, with the reluctant assistance of Joseph Chamberlain, whose plan for the first has been to trample the Boers in the dust, to extirpate or exterminate the Boer population and to fill the two former republics with immigrants of the British race.

Chamberlain has been overruled chiefly because the king thinks it would be the most glorious feature of his coronation for the British people to know that the war was over finally and forever.

The position of the Boer commanders in the field as to these proposals is yet to be ascertained, but there is a feeling that the terms will be accepted. It is also understood that the cost of the war is to be saddled on the South African diamond mines.

CENSUS OF PHILIPPINES.

Government Enumerators Will Begin When Peace Is Established.

Washington, March 30.—An important feature of the financial system devised by the senate committee on the Philippines for that archipelago is that while there is to be kept as the basis of the currency in the islands, all government obligations are to be payable in gold. Provision is made for a complete census as to age, sex, occupation, family and tribal relations, education, etc., after peace has been established, the result is to be reported to the president.

The main object of the census is to ascertain the aptitude of the natives for self-government, and the Philippine commission is instructed to report as to the capacity of the people of each island, province and municipality to govern themselves.

Upon the showing thus made the commission is to report as to the advisability of holding a general election for the choice of a representative popular assembly to consist of about 100 members.

INTRODUCES DELIVERY SYSTEM.

Standard Oil Company Places Local Stations in Germany.

Berlin, March 30.—Not content with controlling 75 per cent of the petroleum trade of Germany, the Standard Oil company is introducing the American system of local delivery stations into every village and city throughout the empire. Huge reservoir tanks are being built at every point reached by rail. The intention is to supply communities by bulk instead of by barrel.

The small dealers who handle Russian and Galician petroleum are panicking at the prospect of this competition and are holding meetings to protest against the new system and to induce municipalities to prohibit the erection of the tanks.

BIG FUND FOR BOERS.

North American Turner Bund Will Send Money.

Indianapolis, March 30.—Herman Lieber, president of the North American Turner bund, said today that the bund is about to send a large sum of money to the Transvaal for the relief of the women and children in the concentration camps. Mr. Lieber said: "We are in full sympathy with the suffering Boers. We have not considered how we shall get the money to South Africa, but a way will be found. We shall make a call on all our societies in the United States to contribute and we have 40,000 members from Boston to San Francisco."

CROKER WANTS ALL THE MILK.

Tells People of Wantage to Deliver Product at His Creamery.

London, March 30.—Richard Croker, who has gone into the dairy business on a large scale, called a meeting of the farmers of the Wantage district and offered them London prices for a milk delivered at the Moat House creamery. It was explained to the farmers that Mr. Croker will require at least 2,000 gallons of milk daily, beginning June 1, he having secured the contract to supply milk, cream and butter to an American line of steamers.

Little Rock, March 30.—The latest returns from yesterday's primaries for United States senator indicate that ex-Governor Clarke has unopposedly defeated Senator James K. Jones. Clarke's majority on the joint ballot may not exceed twelve. Jones does not concede Clark's victory, but at the latter's headquarters it is declared the contest is settled in Clarke's favor.

NOTICE!

Comfort and pleasure, time and money saved for contractors and masons. Kelleys Island Lime upon the market again, which has been long wanted for by contractors and masons for its unsurpassed qualities of quick slacking and the greatest producer of mortar of any lime manufactured. I handle the Fenimore Portland Cement, the standard of America; a guarantee is given by the Fenimore Cement Co. that there is no cement manufacturer that can surpass it for cutting, cross and sidewalk purposes. Also handle Gypsum hard wall plaster; it is as cheap as lime; mortar, wall tints in all colors, calcine and sand plaster, fire clay, brick, sewer pipe, best and new dust wood of all kinds; also do teaming and contract work. Figures quoted on car lots or less on any material in my line. GEO. E. FRENCH, Marquette, Mich. Both Phones.

WHAT DOES IT MEAN?

The above was copied from an ancient obelisk near Alexandria, Egypt. No one knows its meaning. Every man ought to know the meaning of the symptoms of nervous debility. It's a serious matter when the strength of manhood fails; when overwork or business worries sap all energy, when memory weakens, and the very brain begins to decay. PALMO TABLETS restore all elements necessary to rebuild the system. They create boundless energy, firm muscles, a clear, bright brain, and perfect strength. (50 cents a box, 2 for \$1.00. Guaranteed. Valuable book, free.) Sold Only at PEOPLE'S DRUG STORE, Marquette

MARQUETTE PEOPLE HIT.

Tontine Savings Crash Caught Many Victims Here.

The fact that there is a string to the other end of any proposition where promises of something for nothing are held out, has been brought to the minds of many persons here to their sorrow. A lot of Marquette people have been bitten by a scheme that was squelched in Minneapolis recently by the district court, the papers telling how Judge McGehee had dissolved the Tontine Savings' association, declaring its charter and articles of incorporation forfeited.

This concern's "diamond contract" is well known over the Northwest, and many Marquette people know it to their sorrow. Its glittering and tempting promises of wealth in short order, drew many people into its net, and most of them have been keeping up their payments in the hope of getting a \$200 diamond for \$80, which was the way the association promised to fix them out.

The way it was done was to have the applicant for a chance at this free wealth sign a contract, paying \$5 weekly. Then they were members, and in line for a diamond. All they had to do after that was to pay \$1.25 per week for sixty weeks, making \$80 in all, and when the sixtieth payment was made they were to begin to look out for the result. Just as soon as the victim's contract was reached, he was to get a fine diamond worth \$200 at retail. This meant that when his contract was the oldest outstanding contract, he was to get his diamond.

It might puzzle the suspicious to imagine how this could be done unless there was a company of philanthropists at the other end of the deal, putting up the \$120 necessary to buy the diamond. This the company's prospectus got around by saying that the lapses of those who failed to complete their payments enabled it to make this donation. Figures submitted showed that an average of 80 per cent of those who go into contracts of this sort fail to complete their payments. The diamond was not the end of the scheme, however. The company offered an alternative if the victim did not want the diamond. In that case, the association offered \$160 for it, and most of those who became die for a diamond took the money instead.

Thus, all anybody had to do was to pay in \$80 and get \$160. This process is calculated to make almost anybody wealthy, so victims were numerous. Some contracts were made among Marquette victims, and they got their money. This was such a good thing that they all dipped in again and were caught in the squeeze at the company's finish.

So glistering were the prospects of getting rich quick that the association offered that, if it failed, its dividends were marvelous and that the promoters were getting rich very rapidly, from the court's memorandum it appearing that the five directors of the association on a paid-up capital of only \$2,750 received in 1901 the sum of \$89,000 in dividends and \$25,000 in the same way in the first thirty-two days of 1902.

Since the organization of the concern, over \$1,000,000 was received and \$400,000 went in salaries and expenses. The court in his memorandum says up to December 7, 1901, the deficit had increased in three years and seven months and three days from \$25,000 to \$1,200,000. Should the growth of the association continue at the same ratio as during the past three years the results will be simply immense. At a steady increase of 60 per cent, a year in eighteen years there would be 30,000,000 contracts in force and the amount necessary to redeem them would be only \$18,000,000, a sum which would make the gigantic steel trust with its billion dollar capital look like a pygmy by comparison. In fifty years the whole wealth of the world since the creation of Adam would be wholly insufficient to redeem the contracts which would be in force.

TROUBLE BEGINS

At the Same Point With Marquette People as Elsewhere. Trouble begins with the first backache. 'Tis serious trouble—kidney trouble. Neglect means other pains more dangerous. Urinary disorders quickly follow. Doan's Kidney Pills cure all kidney ills.

Mr. Theo. Farrell of 411 Wekks avenue, Escanaba engineer on the Northwestern says: "The majority of men who follow my calling suffer from backache. In some cases like myself they are a long time on the road before the symptoms develop, in others the jarring and swing of the cab brings on attacks much sooner. I watched the action of my kidneys carefully and had a specially constructed seat on the engine to counteract its effects. As soon as I found that my kidneys were not just right I took some Doan's Kidney Pills, answered my purpose admirably. Reading about them I decided to leave off the remedy I always depended upon, and procured a box of Doan's Kidney Pills at a drug store, with the intention of giving them a chance to prove that there was something of merit in their composition. The results obtained were all that could be desired. Since I stopped the treatment I have had no indication of a return."

Just such emphatic endorsement can be had right here in Marquette. Drop into the Stafford Drug Co. and ask what their customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no substitute.

NOTICE.

U. B. of Carpenters and Joiners of America, local union 958, of Marquette Mich., demand that on or after the first day of April, 1902, the minimum wage shall be thirty-one and one-half cents (31 1/2 cents) per hour and that nine hours shall constitute a day's work. Dated Feb. 7, 1902. Signed and sealed, John G. Dumond, Pres. Jas. E. Scanlan, Rec. Sec. (2-10-11)

MAY CUT MARQUETTE.

Two of the Chicago Line Boats May Not Come Here.

It is understood that the Lake Michigan & Lake Superior Transportation company will this year establish a six-hour service between Duluth and Chicago with the two freight and passenger boats Peerless and City of Traverse. The lessening of the time will be achieved by cutting out many of the stops that were heretofore made. The Osceola and Jay Gould will make the local points and the other two will conduct a through business. This line enjoys a good passenger business during the summer months and the prospects at present are that it will have more offered this year than ever before.

DECISION IN ROSS CASE.

Important One Involving Timber Cut in Alger County, Is Filed.

Judges Stone and Steere, who sat together and heard the case of James Ross, administrator of the estate of James Gibb Ross, against the Chicago Lumbering company and the Ross heirs, recently rendered their decision, and in Alger county last week the opinion was formally filed.

The bill which instituted the litigation was filed in Alger county, and was designed to subject the timber which it was claimed belonged to the estate, and a large portion of which had been sold by the heirs to the Chicago Lumbering company, to the payment of the claims of creditors of the estate. The only claim remaining unpaid is that of Thomas G. Sullivan, amounting to about one hundred thousand dollars.

The court holds that as to so much of the timber as belongs to the estate or would now belong to the estate if the same had not been sold by the heirs, the same is subject to the claims of the creditors; and that whatever timber has been taken by the Chicago Lumbering company from the lands now belonging to the estate, within a period of six years next preceding the commencement of the suit, the company must account for. As to most of the timber, the same was embraced in contracts of purchase by James Gibb Ross, and the time allowed for its removal was limited. After the company purchased from the heirs, it procured extensions of time for the removal of the timber, and subsequently purchased the land on which the timber stood.

The court finds that the timber remaining upon the lands at the expiration of the time within which loss by his contracts had the right to remove it, belonged to the original vendors, and that their conveyance to the Chicago Lumbering company was a valid transfer of the title. Under this ruling, the company will be required to account for from ten to twelve thousand dollars worth of timber cut from lands now belonging to the estate, but will not be required to account for the balance of the timber, supposed to be worth not less than sixty-five thousand dollars.

NIGHT WAS HER TERROR.

"I would cough nearly all night long," writes Mrs. Clara Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 25 pounds." It is absolutely guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all Throat and Lung Troubles. Price 50c and \$1.00. Trial bottles free at Stafford's drug store.

IMPORTANT.

We desire to announce that our representatives, Messrs. Reimer, Fox and Mustard, will be at the Clifton Hotel Monday, March 31, and Tuesday and Wednesday April 1 and 2, with a complete assortment of draperies, interior furnishings of all kinds as well as Carpets, Rugs, Colored and Black Dress Goods, Silks, Wasa Goods and Linings. We shall be pleased to have you examine their lines—they represent many new and desirable ideas for spring.

Respectfully, GIMBEL BROTHERS, Milwaukee, Wis. (3-29-11)

NOTICE.

We have been employed to act as the attorneys for the trustees of the Military Road lands belonging to the Ayer estate, to protect said lands against trespass and pillage. The prompt communication to us of any information as to trespass on said lands will be esteemed a favor. ELDRIDGE & MILLER, Marquette, Mich. (1-3-21m-11)

LADIES CAN WEAR SHOES

Ishpeming and its Environs.

COURT HOUSE IS NEEDED.

Uncertainty About the Site Cause of Opposition to the Loan.

There was an error in the resolution adopted at the Labor party's meeting last Friday evening as printed the following day in this department. The types read that the Labor party was opposed to the raising of \$120,000 because of the uncertainty as to the need of a new court house. It should have read because of the uncertainty as to the site.

Local men who are opposing the loan are not doing so because they think a new court house is not needed. Every one concedes that. A prominent member of the Labor party Saturday said: "If the proposition is defeated the Marquette people are themselves to blame for it. If the matter of a site had been disposed of some time ago the opposition that is now on would not have come up at all. The voters in this end of the county do not want to see this matter terminate in a land speculating deal and that is principally why so many are now opposing the movement. We would like to have the question of a site settled before voting on the proposition."

FIRST-CLASS SHOW TONIGHT.

The following mention of "Whose Baby Are You" which will hold the boards at the Ishpeming opera house tonight, is taken from a recent issue of a Tacoma (Wash.) daily:

"Not a seat was vacant in the Lyceum last night when the curtain went up on the first scene of Whose Baby Are You? and, judging by the appreciation displayed by the large house, there will be a seat vacant tonight at the second performance."

"Time after time the audience roared over the funny lines and the funny way they were delivered by the capable company. Fun and pure fun is the chief ingredient in the play, and there is not a line that should be altered. The situations are ludicrous in the extreme, and altogether the show is one to make the sides ache with laughter."

"May Vokes, as Abigail, the janitor's daughter, fully sustained the reputation for comedy that had preceded her, and she quickly became a great favorite with the house. Charles W. Bowser had the part of the artist, Walter Mylan, and he kept up the fun with much success. The other members of the company were uniformly good in their respective roles."

HITS THE SUPERIOR POSTEN.

To The Mining Journal—"The members of the Young Citizens' party seem inclined to assure themselves of political recognition in the community by putting up a ticket of their own. It is particularly on the recondership and the different ward positions that they will centralize their efforts, leaving the principal office, or the mayoralty, open for the candidates of the other party, and they will very likely support those at the election according to inclination and political conviction."

"For the recondership there is a candidate on each of the three tickets, consequently John Delbridge will be placed on the Citizens', Eddy Thomas on the Labor, and Gus Dahlstrom on the Young Citizens' ticket."

"As the last named of these candidates is a Scandinavian, and probably, by reason of his culture and ability, the most suitable for this position, he may have the greatest prospect for election, especially as he can count on his own party's undivided support, besides getting aid from his countrymen in other parties who, through knowledge of his ability, qualifications and filial ties, would give their votes in preference to any of the other candidates." (Translated from the Superior Poston of March 22nd.)

An old party leader, who keeps an ever watchful eye on the Poston editor, noticed the above article and instantly decided that it was a sign of too great political freedom. The printing press came to an abrupt stop, a hurried correction took place; the editor is convinced he has made a mistake in expressing his own opinion, and the local readers are treated to a revision of the above article, as follows: "Delbridge, who has held the position two years, and by an old custom entitled to two years more, has good support from his countrymen, and as he will receive an honorable support from other nationalities, he will no doubt be reelected."

Candidates on the Young Citizens' ticket are not expecting any glowing support from a paper that is so firmly in the grasp of machine politicians.

EXECUTIVE COMMITTEE,
Young Citizens' Political Club.

HOW TO CURE THE GRIPPE.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grippe to result in pneumonia, which is really the only serious danger. Among the tens of thousands who have used it for the grippe, not one case has ever been reported that did not recover. For sale by Stafford Drug Co.

We are very thankful to the ladies for their liberal patronage in millinery, shirt waists, etc. Our special sale continues another week, when we hope to have all call and see the new goods, Finnish Mercantile association.

ANNUAL BALL TONIGHT.

The ball to be given tonight at the Anderson hall under auspices of the Ishpeming Light Guard will be well attended. The members have disposed of a number of tickets and it is expected that all ticket holders will be present. A number are also expected from out of town. Special rates of fare will be granted to parties of ten or over on the South Shore road. Information comes from some of the places of the county that large delegations will attend the function. The music will be furnished by the complete City Band orchestra and James A. Gaynor will do the prompting. Supper will be served in the dining room adjoining the assembly hall by the local camp of the Royal Neighbors.

DEATH OF AN OLD RESIDENT.

Mrs. Ohman, wife of John E. Ohman, who conducts a shoe store on First street, died last Thursday night at her home in this city. A disease of the stomach caused her death. She was within four months of forty years of age. Besides her husband, two children, a son and daughter, survive her. Mrs. Ohman spent the greater part of her life in Ishpeming and was known to many here. The funeral was held yesterday afternoon from the Swedish Lutheran church and was largely attended.

ISHPEMING IN BRIEF.

Miss A. Keligren is visiting friends at Niagara, Wis.

C. F. Donahoe came up from Munising Saturday on a couple of days' visit to his people.

John Foley of Crystal Falls, who spent last week with Ishpeming friends, returned home yesterday.

John Smeltz was tendered a social surprise by a number of his young friends at his home Thursday evening.

A number of the local Odd Fellows attended the funeral of the late F. M. Heney in Negaunee Saturday afternoon.

At the special meeting of the city council held Friday evening the annual report of the finance committee was read and adopted.

John Kandelin, who is managing the branch store of William Anderson & Co. at Mass City, came down Saturday and spent Sunday with his people here.

John Swanson has bought from Charles Elliott the double house at 825 and 827 North Pine street. The consideration was \$1,125 and the sale was made through E. C. Cooley.

James Mott of Houghton, for some time manager of the local office of the Postal Telegraph company, spent yesterday in Ishpeming visiting his mother, who is here from West Superior.

Alice Olds, of 206 Angeine street, lost her pocket book Saturday on Cleveland avenue. Among other things in the purse was a gold bracelet. The finder will be rewarded by returning it to the owner.

J. Leonard Johnson has taken the position of assistant bookkeeper at the Finnish Co-operative store, succeeding Peter Gummerson, who will leave today for Duluth to take a place in the office of the Marshall-Wells Hardware company.

The office of the Negaunee & Ishpeming Street Railway & Electric company was moved Saturday from the room in the center of the Jones block to the one in the extreme western end of the building. The new quarters are much larger than the old place.

The milliners of the city who conducted openings Saturday reported having enjoyed the best business they have ever had on the first day of the season. The weather was just right for the ladies to get out. One of the milliners stated that over five hundred ladies visited her place during the day.

William Anderson, who was nominated for the office of school inspector on the Young Citizens' ticket, wishes The Mining Journal to state that he will not make the run. He says he is not desirous of running for any office at this time. The executive committee of the party will doubtless find a man to make the run in place of Mr. Anderson.

The special sale of millinery, shirt waists and other goods will be continued at the Finnish Mercantile association's store all this week. The stock has been replenished with another large assortment of goods received Saturday.

The management invites the ladies to call as they may be seen from the association's advertisement in this issue, at the same time thanks are extended to all for the very liberal patronage received at this sale since it has been on.

STRIKES A RICH FIND.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Stafford.

L'Anse and Baraga.

The L'Anse schools had their spring vacation week before last.

Thomas Atkins of the Houghton Gazette was in L'Anse and Baraga last week.

Ransom De Pew of Duluth spent several days in L'Anse last week, visiting friends.

Mrs. L. B. Armstrong and daughter of Houghton are guests of the Blankenhorn family at L'Anse for a week.

Russell and Will Smith came down from Houghton last week for a days' visit with their parents at L'Anse.

Station Agent W. E. Wright has leased the Rowland residence at L'Anse, where he will reside with his family in the future.

Clarence Foster has resigned the principalship of the Pequaming school, having accepted a situation from Charles Hebard & Son.

Harry Work of Watertown, T. S. McCurdy and J. R. O'Neil of Detroit, three prominent commercial travelers, were in L'Anse last Thursday.

Several crews of men left town last week for the drives on the several rivers in this vicinity. There are but few idle men in town now.

The supervisors of Baraga county will have a meeting Thursday next at the clerk's office. This will be the last meeting of the present board.

United States Trespass Agent Parmittee was at the county seat this week with Landlooker Louck. They have little to complain of in this county.

P. Brennan of L'Anse has gone to Chicago and Detroit on his spring purchasing trip. He will also test the virtue of the Mt. Clemens springs before his return.

The warm south wind of last Thursday drove all the ice out of the bay into the lake, which is the earliest opening of the bay within the knowledge of the oldest inhabitant.

School examinations were conducted at the court house at L'Anse last Friday and Saturday. There was quite a delegation of teachers present from different parts of the county.

Marriage licenses were issued last week by the county clerk to Samuel J. McGrath of Dollar Bay and Delima Collins of L'Anse; also to Herman Lehtilaho and Annelia Nisula of L'Anse.

A son was born Tuesday of last week to Mr. and Mrs. Jas. Holliday of L'Anse. Mr. and Mrs. Andrew Johnson of the same village are the parents of a new boy, who arrived the same date.

Hebard & Son's mill at Pequaming will begin cutting April 10, which is several weeks earlier than usual. The firm has plenty of timber to keep the mill running night and day the full season.

Garhart Johnson, aged fifty-three years, of Pequaming, died last Thursday after an illness of a few days. The deceased was unmarried and has three brothers, one of whom he lived. The funeral was held Saturday, with interment in the Pequaming cemetery.

The Odd Fellows annual party is set for April 4th. Heper of Marquette will furnish the supper and the Calumet & Hecla orchestra will furnish the music, which is evidence that this lodge is keeping up its standard, regardless of expense. A good time is looked forward to by those who intend participating.

Township politics are beginning to get warm at L'Anse. There are two campaigns called for this week. The principal fight, however, will be for control of the school board. At Baraga the fight will be on highway commissioner, with little opposition for the other of fees, only one caucus being called. At Covington R. J. Hawes and John Lyons are up for supervisor. At Arvon August Olmen got the nomination for supervisor. At Spurr Joseph Thoney is nominated for supervisor.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

MALARIA Invisible

Enemy to Health

Means bad air, and whether it comes from the low lands and marshes of the country, or the filthy sewers and drain pipes of the cities and towns, its effect upon the human system is the same. These atmospheric poisons are breathed into the lungs and taken up by the blood, and the foundation of some long, debilitating illness is laid. Chills and fever, chronic dyspepsia, torpid and enlarged liver, kidney troubles, jaundice and biliousness are frequently due to this invisible foe, Malaria. Noxious gases and unhealthy matter collect in the system because the liver and kidneys fail to act, and are poured into the blood current until it becomes so polluted and sluggish that the poisons literally break through the skin, and carbuncles, boils, abscesses, ulcers and various eruptions of an indolent character appear, depleting the system, and threatening life itself. The germs and poisons that so oppress and weaken the body and destroy the life-giving properties of the blood, rendering it thin and watery, must be overcome and carried out of the system before the patient can hope to get rid of Malaria and its effects.

S. S. S. does this and quickly produces an entire change in the blood, reaching every organ and stimulating them to vigorous, healthy action. S. S. S. possesses not only purifying but tonic properties, and the general health improves, and the appetite increases almost from the first dose. There is no Mercury, Potash, Arsenic or other mineral in S. S. S. It is strictly and entirely a vegetable remedy. Write us about your case, and our physicians will gladly help you by their advice to regain your health. Book on blood and skin diseases sent free.

A DIFFICULT TASK.

Is the Sinking of Maas Mine Shaft, But Good Progress is Being Made.

Although the work at the Maas mine shaft is moving along satisfactorily, the timbers are not going down as rapidly as they were two or three weeks ago. The conditions are such that no one familiar with the ground through which the shaft is being sunk expected even as good work as has been done thus far.

It is now very evident that the predictions as to the time it would require to put the shaft to the ledge were not well founded. Some expressed the belief that it might take possibly two years to reach it, but if the progress now being made is maintained the ledge will be reached within the next two months or so. Work on the shaft was started seven weeks ago today and it is now down about 112 feet. Indeed the day, which is said to be from twenty-five to thirty feet in thickness, is not many feet distant. It is thought that once the day is struck there will be less water than is now coming in. There will be no quicksand to interfere, so that the work can be handled without difficulty.

In the opinion of men who know something of the nature of the ground, as well as the condition of things in the new shaft, the most difficult part of the sinking is now on. At times during the past two weeks the miners have been unable to work in the bottom. The sand has boiled up with such force that it was extremely dangerous for them to attempt to work there. A couple of the pumps down near the bottom were covered one day, though other pumps stationed further up in the shaft were operated uninterruptedly and there was no particular set-back caused by the quicksand.

The greater part of the sand being raised to surface is coming through the pipes. The pumps are doing excellent work in raising both water and sand. Were there not so much sand coming through the pipes there would be days when the timbers would not move down at all. Even while the miners have been unable to work the timbers have dropped at the rate of about one set, or four feet, in every twenty-four hours. One day last week sixteen men were kept busy shoveling the sand which came up through the pipes. For some time past about half that number have been engaged steadily on that work alone. The hauler would fill up in a few minutes if men were not employed in keeping it clear.

Much of the ground in the immediate vicinity of the shaft is caving. Part of the foundation of the derrick fell away last week and timbers and extra dirt were put in to hold it in position.

The volume of water in the shaft has increased somewhat within the past week or ten days. The pumps are now raising about 500 gallons a minute, the increase being something like 100 gallons a minute since the 100-foot mark was passed. It is expected that the amount of water will continue increasing until the clay capping is reached. The shaft is so well equipped for handling water that a few hundred gallons more or less will not make any particular difference.

The shaft timbers are retaining their position very well. The management rather expected to see them sag a great deal more than they have done up to this time.

FIREMEN'S BALL TONIGHT.

If one-third of the tickets sold for the ball to be given tonight at McDonald's opera under direction of the Negaunee fire department to assist in swelling the tournament fund are presented at the door the hall will be far from large enough to accommodate the crowd.

The number of tickets disposed of will nearly reach the 1,000 mark. Of course many of these have gone to wholesale houses and will not be used for admission at the door. It is certain, however, that the attendance of local people will be unusually large and quite a number are expected from the neighboring cities and towns.

The parade to take place before the ball will be a pleasing feature, as the streets are to be illuminated with red fire. The procession will be headed by the Negaunee Orchestra band and every fireman in the city is expected to turn out. The members of all the committees chosen to conduct tournament affairs will also be in line. The procession will move from the engine house at 8 o'clock sharp.

Music for the party will be furnished by the complete Negaunee Orchestra band and George Haupt will do the prompting. Supper will be served at the Breitung House.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All grocers refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

New radishes, lettuce, beet greens, parsley, water cress received from the grower every day. Also a full line of fruits and vegetables at George Haupt's grocery. Both phones. (12-7-11)

Everything absolutely pure and wholesome. These goods on sale at J. Sellwood & Co.'s grocery store, Ishpeming, also.

FRANK BENEY'S FUNERAL.

Was Attended by Many Friends From Out of Town Saturday Afternoon.

That the late Frank M. Beney was held in high esteem by acquaintances in different parts of the upper peninsula was evidenced by the number from neighboring cities who attended his funeral Saturday afternoon. The numerous beautiful floral offerings was another evidence of his standing in this and other communities.

A large delegation of friends came up from Escanaba on the morning train to attend the funeral, Ishpeming and Marquette were also well represented. The services were conducted at the house by Bishop G. Mott Williams of Marquette and were very impressive. A quartet composed of Miss Nelson and G. E. Jackson of Ishpeming, G. M. Conklin of Marquette and Miss Amandinger of Negaunee rendered the following hymns: "Lead Kindly Light," "Rock of Ages" and "Nearer My God to Thee."

GOES TO CALIFORNIA.

Captain Thomas Tippet, an old and well known mining man of this range, has departed for California, where he will likely remain. He goes to Chinese Camp, where he has a friend superintending a number of mines. This friend has written the captain that there are excellent opportunities in that field for a good mining man to make money. Gold claims are to be had at reasonable prices and on easy terms and the superintendent advised the captain to go out there and at least look them over. On his way out Captain Tippet will stop off at different points in Colorado with a view to meeting old friends whom he has not seen in some years.

SAID TO BE VERY FUNNY.

A commercial traveler who was in Negaunee Saturday reported that he had seen "Whose Baby Are You?" and had recommended the performance to friends he met as one of the funniest he had ever witnessed. He said that the comedy lines and situations were too funny and came too rapidly for him to keep track of. The company is composed of very clever people and the work of May V. Boy and Charles W. Bower is first-class. The company holds the boards at McDonald's opera house tomorrow evening.

Bellevue farm butter and pasteurized cream always on hand at Haupt's. Both telephones. (1-15-11)

LOCAL LACONICS.

Will C. Quinn and wife got home Saturday from Chicago, where they spent the past week.

H. Winter is below on a business trip. He may be absent the greater part of this week.

The special Easter service conducted yesterday at the different churches of the city were well attended.

A representative of a tailoring establishment in the east spent Saturday at John Shea's store measuring patrons for suits.

Mrs. M. H. Kilgallon and her son Tracey are here from Chicago visiting James Foley and wife. They will remain a week or so.

Miss Maggie Cox will serve a lunch to patrons of the firemen's ball tonight. She is located in the Nesbitt building, near the opera house.

The egg social held Saturday evening at Charles Haupt's hall under the auspices of the Scandinavian society was largely attended and all present had a good time.

P. B. Kirkwood got home Saturday morning from his trip south. He would have remained in Chicago a few days longer had it not been for the fact that he wished to attend the funeral of the late Frank M. Beney.

The concert and supper given by the local Sons of St. George society Friday evening at McDonald's opera house drew out a large crowd. The program rendered was pleasing and the spread served by the ladies was all that could be desired. The lodge netted a neat sum as a result of the affair.

The proprietors of the local bicycle repair shop are very busy these days. There is quite a rush on in that line, as the owners are anxious to get them overhauled as soon as possible. The bike season opened much earlier than expected here. The roads in and about the city are in fair shape for wheeling, though they will be much better later.

A. C. Wead, who holds the position of district organizer of the National Protective legion, is moving with good success. He spent the past few weeks in Minnesota towns. He came down one day last week on a visit of a few days to his family but intends to leave again today or tomorrow, to be absent another few weeks. Mr. Wead will make a point to be home over Decoration day to assist his old comrades to entry into the program in observance of the day, which is in charge of Charles H. Towne post of the grand army, of which he is a prominent member.

Heppner's ice cream in all flavors, also Heppner's cakes and bread fresh every day and delivered to all parts of Negaunee. George Haupt, either phone. (12-7-11)

Croup instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails at any drug store.

Carpenter & Skiles' bread and cakes fresh every day from Milwaukee at Geo. Haupt's. Both telephones. (1-15-11)

La grappe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing else "just as good." People's Drug Store.

COPPER COUNTRY NEWS (Additional.)

LEG WAS BADLY CRUSHED.

Frank Martin of Martin Bros., Houghton ice dealers, whose leg was broken on Washington's birthday, is able to be moved with the aid of crutches. The result of the accident was severe. He fell backwards from a sleigh, pulling a cake of ice weighing 500 pounds off the load. He was struck just above the ankle by the chunk. The large bone was broken twice and the small bone fractured once. He will be able to resume work at the beginning of the ice season in June.

CHASSELL TOWNSHIP TICKET.

The following township ticket was nominated in Chassell Saturday evening: Eugene Lamire, supervisor; Adolph Dreier, clerk; Peter Debraune, Jr., treasurer; Eugene Miron, highway commissioner; John Madden, school inspector; R. Wilkinson, justice of the peace; Thomas Trevarthan, member of board of supervisors. The principal contest was for supervisor. Lamire had sixty-eight votes and O. W. Robinson fifty-three for this place on the ticket.

EASTER SUNDAY OBSERVED.

All of the churches in the copper country observed easter Sunday with elaborate programs in which the musical features predominated. In a number of the churches the exercises were under the auspices of the Sunday schools. The churches were all crowded to the doors and the numbers were unable to gain admission.

COPPERDOM BREVITIES.

A school at the canal in Hancock township will be opened today.

A son was born to Contractor and Mrs. Henry Norton of the Trimonium.

The Kinodrome moving picture show opens a three night's engagement at the Calumet theatre this evening.

Walter M. Pruner of Hancock was returned from a winter's visit with his aged mother at Moresburg, Ontario.

Major Marr of Houghton, who is spending a well earned vacation abroad, is expected home the first part of May.

The annual parish meeting of Trinity Episcopal church, Houghton, will be held at the church at 10:30 o'clock this morning.

A concert will be given by the faculty of the Calumet School of Music at the Calumet High school hall on the evening of April 3.

William Gray and Thomas Bolinsof Norway, who have been visiting Huron town friends for several weeks, have returned home.

A Jesuit mission at St. Anne's church, Calumet, is being conducted this week by Rev. Father Hammond and Rev. Father Feron of Quebec.

Daniel L. McCarthy, a former Calumet boy, is now superintendent of the Granite gold mine in the Cripple Creek district, Colorado.

The annual ball of the Mass City Fire department will be held in the town hall tonight. Music will be furnished by the Calumet & Hecla orchestra.

The Hecla & Torch Lake railroad made a new record Friday by transporting 1,250 cars of rock from the Calumet & Hecla mine to the mill on Torch Lake.

The Calumet & Hecla band went to the Atlantic mine Saturday night and entertained the people of the location with a concert at the new Foresters' hall.

All of the Houghton saloons were closed tighter than a drum yesterday. The screens and curtains were pulled aside, giving a clear view of the bar rooms.

Calumet has organized a chess club and is desirous of meeting others in the county. So far as is known it is the only organization of its kind in the copper country.

Rev. Alex. S. Kubiak, recently ordained in the priesthood at Chicago, is visiting his parents on Eighth street, Calumet. He will soon report for duty in Chicago.

The resignation of Superintendent F. W. Cooley from the Calumet schools will not cause present teachers to resign. If there are resignations they will be for other reasons.

Now that the Lenten season is over the copper country will be lively socially for a time at least. There are many parties and entertainments of all kinds in contemplation.

Today is the last day for those in Laurium who are delinquent in their water payments to settle up. Unless they do so the water will be turned off by order of the water board.

The invitations for the Masonic ball to be given by the Masons of the county at the Calumet Light Guard armory on the evening of April 11 has been issued. It will be strictly a Masonic affair.

Frank Shackett, the well known Hancock horseman, who has won many a race at the Hancock Driving park, has decided to locate at the Soo. He may open a boarding and training stable there.

Arthur Wilmsy, a young Calumet lad, was sentenced to the industrial school for truancy by Justice Fisher, but on his promise to be good and attend school regularly hereafter sentence was suspended.

Centennial Heights people are hopeful that the street railway will be extended from Calumet to the location. It would serve to bring the location closer to town and make it a more desirable place to live.

Rev. Osborne, the drummer evangelist, who has been conducting revival meetings at the Calumet M. E. church for the past two weeks, gave his closing lecture Sunday afternoon. His subject was "Sampson's Barbershop."

It is said that the movement against the present methods of teaching physiology with special attention to the effect of alcohol and narcotics upon the human system in the Calumet schools has not yet ended. Those in favor of paying more attention to the subject are

framed that the law in reference to the matter will be carried out to the letter.

Robert Blue, an oiler at the Hancock and Peawick engine house at the Calumet & Hecla mine, lost a finger while polishing one of the trusses. The digit was caught between the truss and a bolt, severing it completely.

Mr. and Mrs. George S. Goodale, who have been residing at the parental home in East Hancock since their recent marriage, will move to the Trimonium today, where he is employed in the engineering department of the mine.

N. A. Metz, the Hancock clothing merchant charged by the president of the clerks' union with keeping his store open Sunday, pleaded not guilty in Justice Brand's court Saturday. The examination was held April 10.

The Michigan College of Mines Glee and Mandolin club will give concerts at Duluth and Ashland during its tour soon to start. Several of the iron country towns will also be visited. The first concert will be given at Houghton.

At the military hall of the Houghton Light Infantry Monday evening Colonel Robert J. Bates and wife of the Soo; Henry Schwellenbach, quartermaster sergeant of Menominee, and Major E. Edwin Cruse, of Iron Mountain, will be present.

The damage suit against the Corner Range railroad company by the administrator of the estate of the late Con Sullivan, who was killed when the road has been settled for \$1,500 and the case will not be brought up in the circuit court.

The annual ball of the Licensed Townmen's association of Potage Lake, will be given at the Houghton armory on the evening of Thursday, April 3. Music will be furnished by the Calumet & Hecla band. The Lady Foresters will serve supper.

The annual festival of Copper Crown Lodge, Swedish Union of Sons of America, took place in their hall in the Gately-Wiggins block, Calumet, Saturday evening. A musical and literary program included selections by four different Swedish choirs.

Numerous cops are said to be again roaming about the streets of Red Jacket and the poundmaster is not in sight. The horses are considered a nuisance by many people and there are those who would see them kept somewhere else than on the streets.

Shirif Wills and Under Sheriff Beck visited Florida quietly Saturday evening and rounded up two disorderlies and a couple of women of questionable character. The latter were brought to Houghton and will be arraigned in Justice Brand's court today.

The Houghton Light Infantry and Marquette indoor baseball teams will play at Marquette some evening this week. The Houghton team will not play for money as it hurts the sport. However, Houghton money, much over \$100—the amount of the purse—will be at hand.

The regular nomination township ticket in Calumet is already opposed by two rival tickets and it is stated on good authority that several more will be in the field. Some of the defeated candidates intend to run on slips if unable to get their names before the voters on the blanket ballot.

The Calumet Finnish Glee club, assisted by the Ladies' choir of that city, gave an entertainment in St. Patrick's hall, Hancock, last evening, repeating the concert given recently at the Calumet theatre, to a crowded house. The opera "Sunday at the Seashore" was rendered by thirty voices.

Sam O'Connell and Louis Saam, who went to the Soo to deliver the trotter, Little Tim, to the new owner, Landford William Hamilton of the Algonquin House, have returned to Portage Lake. It is reported that Mr. Saam and Frank Shackett, the former driver of the horse, will locate at the Soo.

The government launches Tangent and Vilette are being prepared to go into commission. Captain Gaillard has resolved to send the Tangent to Houghton for the use of the assistant United States engineer on the Portage Lake canals. He will retain the Vilette for his own use on the Duluth-Superior and neighboring harbors.

Sam O'Connell and Louis Saam, who went to the Soo to deliver the trotter, Little Tim, to the new owner, Landford William Hamilton of the Algonquin House, have returned to Portage Lake. It is reported that Mr. Saam and Frank Shackett, the former driver of the horse, will locate at the Soo.

Old People Restored to Health

MEDERINE

Makes new blood, puts renewed vim and vigor into the whole system, strengthens the nerves, rebuilding the wasted tissues of the body. It drives out all impurities from the blood, curing stomach troubles and chronic constipation, thus aiding nature to perform its work. MEDERINE will change that stickily yellow complexion into one of health and freshness; will brighten those dull eyes; will strengthen those shattered nerves and make you feel young and buoyant again.

A Great Blood and Stomach Cure.

WEST SUPERIOR HOTEL BARBER SHOP

PAUL DOMSCH, PROPRIETOR.

I only took three bottles of MEDERINE for a Blood and Constitutional ailment, and I must say it works wonders. My face has cleared from indoor confinement and lack of exercise. My face was pale and circulation of the blood low. I felt the need of a blood purifier and nerve tonic and found MEDERINE a true friend. My Catarrh of the stomach is entirely cured.

LIGHTER STEWART.

Petition for limitation of liability.

The District Court of the United States for the Western district of Michigan, in Admiralty.

And whereas, a petition was filed in said Court on the 25th day of January, A. D. 1902, by the Thompson Towing & Wrecking Association, and The Great Lakes Towing Company, owners of the lighter "Stewart" for limitation of their liability as owners of said lighter under the provision of section 1982, 42nd, 42nd and 42nd of the Revised Statutes of the United States, and of section 18 of the Act of Congress of June 18th, 1887, entitled "An act to remove certain burdens of The American Merchant Marine and to encourage the American Foreign Carrying Trade, and for other purposes," and of section 4 of the Act of Congress of June 18th, 1887, being Chapter 42, Vol. 24 U. S. Statutes at large, page 79, and in said petition, among other things, that a motion issue to persons having claims, debts and demands, whatsoever arising out of or resulting from a boiler explosion which occurred upon said lighter, Stewart, on or about November 25th, 1900, pursuant to the rules and practice of said Court.

And whereas, said petitioners have filed their stipulation in the sum of Fourteen Hundred \$1400 dollars with interest there

COUNT THE DOTS

ANOTHER CONTEST IS OPEN TO MINING JOURNAL READERS.

THIRTY-FIVE PRIZES ARE OFFERED

\$135 IN CASH GOING TO THE FORTUNATE PERSONS.

Three Puzzles This Time, Though but One Answer, and Solutions Will Be Received Until Saturday, April 19.

Another opportunity to obtain money prizes at the cost of a little patience is offered to Mining Journal patrons, both old and new subscribers, a dot-counting contest, as on the first occasion, being the medium through which the chance presents itself. This time, however, the amount of money which will be disbursed is considerably larger and the prizes are more numerous, but the conditions are practically the same as those which prevailed in contest No. 1. The prizes number thirty-five, divided as follows:

First	\$ 50.00
Second	25.00
Third	10.00
Two of \$5 each	10.00
Five of \$3 each	15.00
25 of \$1 each	25.00
Total	\$135.00

Although but one contest, the dot-counting will be somewhat more complicated this time because there will be three puzzles to be solved; that is, there will be different sets of dots to be counted, one of which is published this morning and will be run through the week, the other two to be printed next week. The puzzles have been especially prepared for The Mining Journal, and none with the same number of dots have been used in any contest of like nature conducted anywhere in the country. There is no trick whatever about the puzzle, it simply being a case of correctly counting dots. As to the number of dots contained in the three series, that is something which even the publishers of the paper do not know, and the solution of the puzzles will not be known until after the contest has been closed and the patentees of the dot scheme have made their report.

The contest will be open to all old subscribers who are paid up for one month's subscription to the daily edition or three months to the Weekly Mining Journal, and, as well, it will be free to all new subscribers who pay in advance for the same length of time. Additional chances of competing for the prizes may be had by paying for the paper still further in advance, and in a proportionate manner.

The contest will close April 19 at 4 o'clock, and anyone, providing they comply with the conditions as to subscription, may file their counts up to that time. But one payment is required for all three puzzles, those entering a count on No. 1 being entitled to count on puzzles Nos. 2 and 3 without further charge. It is requested, however, that the solution to the first puzzle be sent to this office as soon as possible and it should be added that the time of its receipt will figure in the determination of the prize winners.

The first prize will go to the person who sends in the first, correct or nearest, correct number of dots in the three puzzles, the second prize going to the next person, and so on through the list. The time at which the solution is mailed or handed to representatives of the paper will be considered in the case of contestants residing out of town, and not the time when received at the counting room, thus making the chances as equal as they can be. No count, however, will be considered unless the conditions are first complied with.

The initial contest of the kind conducted by The Mining Journal aroused considerable interest and was participated in by several hundred people. This one, since the prizes are larger and more numerous, will probably be still more popular, and thirty-five persons among the number of contestants will be well repaid for their trouble. Counting the dots, whether by "system" or otherwise, will be found an interesting diversion aside from the money at stake, and it costs practically nothing to try it.

DEATH OF AN OLD RESIDENT.

Mrs. Nicholas Epper, an old resident of the city and residing on South Seventh street, died yesterday morning at 1 o'clock after a long illness. She was aged fifty-one and is survived by her husband and four adult children. Mrs. Epper was a member of Superior live, L. O. T. M., and of the National Protective Legion. The funeral will take place tomorrow morning at 9 o'clock from St. Peter's cathedral. Burial will take place in the old cemetery.

EARLY CLOSING.

To the Merchants of the City of Marquette. Owing to the petition not being thoroughly circulated among the merchants, the early closing movement will not come into effect until further advised. (Signed) COMMITTEE.

Loss of Appetite is also loss of vitality, vigor, tone. To recover appetite and the rest take Hood's Sarsaparilla, that strengthens the stomach, perfects digestion, makes eating a pleasure. It also makes the blood rich and pure, and steadies the nerves.

DANGERS OF PNEUMONIA.
A cold at this time if neglected is liable to cause pneumonia which is so often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. People's Drug Store.

FIRE AT GROCERY.

McDonald's Store Had a Close Call from Destruction.

The grocery store of J. McDonald, at the corner of North Third and Michigan streets, was early yesterday morning the scene of a fire that for a time looked as though it would be disastrous. As it was, the building was damaged to the extent of about \$2000 and water and smoke did considerable havoc to the stock. The seat of the blaze was in the basement, near the stairs and close to a large tank well filled with kerosene. The fire was discovered about 5:20 o'clock by Mrs. Vannier, who resides in the apartments on the second floor, and by the time an alarm had been turned in and the department was on hand it had attained alarming proportions and had worked its way up into the store room. The firemen did an exceedingly good job, however, and despite that the oil took fire and burned fiercely until the tank was exhausted of its supply, they held the flames well within bounds and kept the loss down as stated above. It is not known how the fire started, but the theory is that spontaneous combustion was responsible.

FIREMEN'S BALL TONIGHT.

It Will Inaugurate the Season of Social Gayety.

With Lent at end, and the forty days' season of fasting and cessation of social pleasure closed, the activity in the social world will now be resumed. A number of dances and other functions have been announced and the various halls of the city will be scenes of gayety on numerous occasions in the near future, but to those who hold high rank in the entertainment line, and the arrangements they have made for the present season guarantee that their reputation will not suffer and that their guests will have a royal good time. The complete ideal orchestra will furnish the music. Prince will serve supper at reasonable charges and the hall has been redecorated in sumptuous manner. Those in search of pleasure will make no mistake by attending the firemen's ball this evening.

SITE THAT BOTHERS.

Cost of New Court House Would Not Be Felt by Tax-Payers.

The Negaunee Iron Herald had the following to say in its latest issue concerning the court house project to be voted on at the coming election: "While there seems no well defined opposition to the erection of the proposed new court house at Marquette, there is yet a strong preference that it shall be built on the present site. It is urged that this is very much more convenient for all the up-the-road people who may have business at the county seat, being but a step from the road people, being but a step from the new depot which is likely established for all time, whereas the Washington street site would result in great inconvenience to the many, if not an unnecessary hardship during the winter months, when Old Marquette is wont to howl through that thoroughfare. So far as the erection of the building is concerned, it will never be felt by the taxpayers. The county has always been in good shape financially, and the fact that its valuation is much greater now than ever before and constantly increasing as the work of development goes forward, only tends to lighten the burden. Again referring to the old site there is certainly no more commanding or beautiful one in the Queen City, nor one where a structure of the kind contemplated, would add so much to the metropolitan and substantial appearance of the city. Should it be decided to abandon the old site for the new, there is no question it will develop much opposition in the end."

As far as Marquette is concerned, The Mining Journal can state that it makes no particular difference to the citizens at large as to just which site is selected for the proposed new court house. That is a question for the county board of supervisors to settle, and as far as Marquette people are concerned there will be no influence brought to bear in the interest of any particular location.

The expressions of grateful women who have experienced wonderful blessings using Rocky Mountain Tea, compensates us for our efforts in their behalf. Stafford Drug Co.

EASTER AT ST. PAUL'S.

St. Paul's cathedral was filled to the doors at yesterday morning's service, and again in the evening the attendance was large.

The choir boys marched around the church as is customary in the greater Christian festivals, and were out in full force, numbering fifty-five. The musical setting to the holy communion service used was Stainer's, except the Lord's Prayer, which was by Morcheus. The singing throughout the day was very bright and good. After the Nieme creed, in the morning, the apostolic rite of confirmation was administered to nineteen candidates. The offertory as usual was large, part of which will go toward the completion of the church tower. The number of communicants was the largest in the history of the parish.

DANGER OF COLDS AND LA GRIPPE.
The greatest danger from colds and la grippe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for these diseases, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventative of that dangerous malady. It will cure a cold or an attack of la grippe in less time than any other treatment. It is pleasant and safe to take. For sale by Stafford Drug Co.

Stops the Cough and Works Off the Cold.
Laxative Bromo-Quinine Tablets cure a cold in one day. No Cure, No Pay. Price 25 cts.

CITY BREVITIES.

A. H. Montgomery, now of Chicago, is in Marquette.

Ed Daly left last evening for a few days' stay in Chicago.

Walter S. Prickett of Sidnaw had business here Saturday.

The common council meets this evening. It is an adjourned regular session. J. B. Taylor and E. S. Gillette of Calumet were among Saturday's Marquette visitors.

The Normal and the city schools resume their sessions this morning after the Easter vacation.

Mr. and Mrs. Carl Peterson and Mrs. D. P. Householder of Republic spent yesterday in the city.

Miss Larue Wallace last evening concluded a visit of several days with Marquette friends and left on her return to Champlain.

Nathan D. Kaplan, a prominent attorney of Chicago, is the guest of his cousin, Mr. Ferguson of Stirling & Co., for a few days.

Mrs. W. C. Brown and son arrived this morning on their return from Duluth, where they had spent several days with Mr. Brown.

Louis Grabower arrived yesterday on his return from a purchasing trip which took him to Chicago, Cleveland, New York and other cities.

William Orr, who was severely jarred a week ago by a fall in front of the Western Express office, is resting easily at St. Luke's hospital.

The Misses Anna M. Chandler and Susie Hefferman were passengers on last evening's train, enroute to resume their school duties at Escanaba.

Mrs. H. Vandenberg is reported seriously ill at Two Harbors, Minn., where she has been visiting her daughter, Mrs. L. D. Rose, for the past few weeks.

Professor and Mrs. Waldo gave a dinner, Saturday evening, in honor of the faculty of the Normal. Covers were laid for twenty. The function took place at the dormitory.

Archibald McDonell and P. W. O'Connor, builders of the Marquette & South-eastern, are up from Grand Rapids. The former recently returned from California where he spent a portion of the winter.

Weather Observer Patrick's prediction for Easter Sunday hit the nail on the head, as it were. The snow came as scheduled, and while there was not much of it, it served to make the day a very disagreeable one.

Martin Sweder left last evening for Baltimore to install a twenty-four horsepower reversible coupling in a steamer at that city. It will be the second device of the kind he will have installed for the same vessel owner.

O. D. Jones has been elected exalted ruler of the local lodge of the Elks, not Wm. A. Ross, as stated in the list of officers published Saturday. Mr. Ross is the past exalted ruler and this term will officiate as secretary of the lodge.

Joe Orr has returned from St. Paul, where he has held a position with the Great Northern road for several months. He has taken a place in the auditor's office of the Cleveland Cliffs roads and will shortly begin on his new duties.

The display window of Van Alsty's millinery department is very prettily arranged in a manner appropriate to the Easter season. A large cross, Easter lilies, palms and lace curtains serve to fill the set off the handsomely trimmed hats in the window.

A representative of one of the largest carpet manufacturers in the country will be at Hager Bros.' store tomorrow with a large line of carpets of all descriptions and makes, as well as rugs, art squares and the like. An inspection of the showing is solicited whether made with the intention of purchasing or not.

The official baseball guide that the American League, at its Detroit meeting, authorized the A. J. Reach company, of Philadelphia, to issue, has already made its appearance, and is one of the largest, as well as one of the best arranged, publications of the kind ever sent out. The Mining Journal acknowledges the receipt of a copy.

Geo. Anderson, who has been conducting a saloon business in the Flynn block on Washington street, has decided to retire and has disposed of his interests. The purchaser is John C. Johnson, who has been foreman of the coal heavers on the local docks and who will assume charge of the stand on the first of May. Mr. Anderson retires because of ill health.

One afternoon recently two deer came across the bay on the ice at Munising and entered the Harris mill yard. They became frightened, and one escaped by returning to the ice. The other started on a race through town, with boys and dogs in pursuit. The poor animal ran until it was completely exhausted and fell to the ground near the railroad blacksmith shop. It was picked up and carried in the shop where it expired within a few hours.

S. A. Dunn, one of the popular Milwaukee road conductors who make Marquette, arriving in the evening and leaving the next morning for Milwaukee, spent yesterday in the city. Mr. Dunn, accompanied by his sons, Harry and Howard, leaves St. Louis on May 2 for the City of Mexico to attend the thirty-fourth annual convention of the "old reliable" Railroad Conductors' Life Insurance Association of the United States and Canada. The trip will last for seventeen days, during which time many points of interest in Texas and Mexico will be visited, the party living on the special train throughout the journey. T. L. Cleary, also a Milwaukee road conductor running in here, will likewise make the trip; his wife will accompany him.

To test the merits of The Mining Journal advertising the Marquette Steam Laundry will do up lace curtains for 25 cents a pair, former price 50 cents, until April 15. (3-19-2w)

LADIES OF MARQUETTE PLEASE TAKE NOTICE!

That we will announce our Millinery Opening in a few days, that our representatives, Miss Morrisson, Miss Wilson and Mr. Grabower, have just returned from the Eastern markets where they have been collecting the latest styles and ideas for the benefit of our customers, and will soon be prepared to submit them for your approval. Our Milliner, Miss Morrisson, is an expert in her line and will show masterpieces of the MILLINERY ART. This is to be the largest showing in its line that has ever been attempted or has ever been possible in this city, and in the quality of the goods and novelty and exclusiveness of styles, the exposition, which will be shown, has not only never had a precedent but it has never had an approach.

OUR DRESSMAKING DEPARTMENT.

Tomorrow we expect Miss Enderlin, who is well and favorably known in this section as an artist in her line. We consider ourselves fortunate in having secured the service of Miss Enderlin as manager of our dressmaking department. We again repeat what we have said in the announcement of our new department, that we shall not compel you to buy anything in our store. We will be pleased to make your dress whether you buy it in this city or not. We shall not ask any questions and will be happy with only the work you give us, but, however, we shall carry the largest line of

BLACK AND COLORED SILKS,

large line of dress trimmings; linings of every grade. Our assortments on these goods we mention will be as large as you see in the larger city stores. Will be pleased to have you examine our goods. We will announce our opening in this department in a few days.

CARPETS, RUGS AND LENOLEUM.

Never in the history of our business in Marquette have we shown such a large line of Fine Carpets and Rugs. We show large lines of Axminsters, Wintons, Velvets, Brussels and Ingrain Carpets; also Rugs in all sizes and qualities. Our Carpet Department is well located where you can examine its contents without the aid of artificial light. It will always pay you to trade at our store.

L. GRABOWER, Mgr.
