A LIVELY DEBATE
SENATOR PRITCHARD'S REMARKS EVOKE A WARM DISCUSSION.
POLITICS BASIS FOR TROUBLE
NORTH CAROLINIAN SAYS SUFFRAGE IN HIS STATE IS ROTTEN.
Alleges That Coercion Is Frequently Used to Intimidate Voters and Spoke of a "Sand Cure."

Washington, May 2.—A lively debate was precipitated in the senate today by Senator Pritchard, of North Carolina, by some remarks he made on the political methods in North Carolina, in the course of a discussion on the Philippine bill. He suggested that some methods employed by the opponents of the bill in this country ought to be reformed, and told of what is called the "sand cure" in North Carolina, the victim having his face crushed into the sand to still his cries, while he was being beaten to intimidate him politically. Senator Simmons, of North Carolina, declared he never heard of such a practice and the debate concerning North Carolina politics was fully launched. Senator Pritchard charged that the "red shirts" rode over the state to terrorize Republican voters. Senator Simmons denied that statement and insisted that the "red shirts" never had committed any untoward act as a matter of fact in the state. The debate waxed warm. Senator Pritchard declaring he had been approached by an emissary of the Democratic party with a proposition to drop the impeachment proceedings against the Republican judges in North Carolina. He would not press the case pending in the courts against certain Democrats for election frauds. Senator Simmons unqualifiedly denied such a proposition had been made by the authority of the Democratic party. The Rosebud Indian reservation bill and the sundry civil bill were again considered but not completed.

PRESIDENT WAS INTERESTED.
Discussed Proposed Olympian Games With Members of Commission.
Chicago, May 2.—H. J. Furber and B. J. Rosenthal, of the Olympian games commission, returned today after a visit to Washington made for the purpose of discussing the games with President Roosevelt and other prominent government officials. Both are pleased with the cordial interest with which the president listened for nearly an hour to their presentation of the plans for the contests. Regarding the appropriation of \$500,000 from congress, Furber said it was the opinion of some of the congressmen that it is too late to accomplish anything this session but that congress, supported by popular interest in the games, may at the next session be readily induced to make the necessary appropriation. Continuing Furber spoke especially of the military and naval features of the program and that besides the representatives of the various state and national troops and navy the commission would probably secure the presence of foreign troops. There are several vessels of the navy that could be brought into the great lakes for the occasion but would make an impressive naval pageant. This proposition extends far beyond the games of 1904 and would undoubtedly be of the greatest value in attracting foreign commerce to lake ports.

"If this plan is developed as expected" says Mr. Furber, "it is proposed that the fleet shall congregate at some Canadian port in Lake Huron and visit the principal ports of Lakes Erie, Huron and Michigan on their way to Chicago."
DEATH OF A. J. CUMMINGS.
New York Congressman Expired Last Night in Baltimore.
Baltimore, May 2.—Congressman Amos J. Cummings, of New York, died at 10:15 o'clock tonight at Church Home and Infirmary in this city. The cause of death was pneumonia incident to an operation. Mr. Cummings came to Baltimore April 11 to undergo treatment for kidney trouble. Four days later the operation was performed and Mr. Cummings seemed on a fair way to recover. A week later, however, pleurisy developed and April 25 it was announced he was suffering from pneumonia in one lung. Tuesday it was announced that the malady had extended to both lungs since which time Mr. Cummings had been hovering between life and death.

ANOTHER CYCLONE.
Considerable Damage Done to Property in Iowa.
Des Moines, May 2.—The fourth cyclone reported in Iowa last night occurred near Hiteam, wrecking several farm houses and killing twenty cattle. It took the form of a funnel-shaped cloud and the ruin it caused was witnessed by the entire population of Hiteam.

From Adaza, Green county, comes the report that Mrs. Harvey Miner and two children were seriously injured and will die as a result of the tornado there last night. Farnhamville, in the same county, is said to have suffered severely, not a building in the place escaping from being injured. It is almost impossible to get facts as the town is off the railroad and the telephone wires are down.

REBUILD FORTRESSES.
Russia Will Change Plan of Fortifications on Her Frontiers.
Vienna, May 2.—A telegram from Warsaw announces that the Russian government has decided to rebuild the fortifications on the German and Austrian frontiers at a cost of 420,000,000 roubles. This action was necessary as a result of Colonel Grimm's betrayal of plans existing in the Russian fortresses.

SUIT FOR THIRTY THOUSAND.
J. O. Baird Defendant in a Case in Which "Corn King" Phillips Is Interested
Galesburg, Ill., May 2.—Urie King, a Chicago attorney, representing the creditors of George H. Phillips, of Chicago, filed a suit here today to recover \$30,000 from James O. Baird, of Williamsfield. This is the first of a series of test suits. It is claimed that Baird failed to meet an obligation to the Chicago Board of Trade in certain rye speculations, was partly responsible for Phillips' failure. Baird's defense is that it was a gambling transaction.

IDENTIFIES DEAD ROBBER.
Man Killed in Gage County, Missouri, Is Known to the Police.
St. Joseph, Mo., May 2.—Burlington railway officials here were today informed by a detective in Lincoln, Neb., that the robber killed in Gage county is identified as "Blinky" Harris, formerly of St. Joseph. Harris was seen here in company with two strangers the day before the hold up of the Burlington flyer bound for Denver, three weeks ago. It is believed that Harris and others known here were in this hold up. The arrest of his pals is expected very soon.

PROBING THE MATTER.
Interstate Commission Investigating Immigrant Bureau.
New York, May 2.—The interstate commerce commission today began an inquiry into the operations of the trunk line railroad immigrant bureau. Edward F. McLeod, chairman of the Western Traffic association, was the principal witness. He explained the operations of the bureau and how the immigrants were forwarded to their destinations. He also showed that since the establishment of the bureau in 1894 the fare from New York to San Francisco had dropped from \$64.25 to \$47.45.

TROOPS ARE PUNISHED.
Czar Rebukes Military for Siding With the People.
London, May 2.—A dispatch received by the Reuters from St. Petersburg says: "The most serious feature in the present situation is a growing disinclination among the troops to act against the people. Punishment has already been dealt out to eight hundred men of the Semy regiment for refusing, recently, to fire on the rioters at Moscow. They have been transferred to service in various remote provinces. A detachment of marines stationed here will it is said be disciplined in the same manner for a similar action at the time of the student riots in March."

ELECTED OFFICERS.
Sons of American Revolution Have Chosen a New Administration.
Washington, May 2.—The Sons of the American Revolution today elected officers as follows: President general, Edwin Warfield of Maryland; vice president general, Cornelius A. Pugsley of New York; Samuel E. Gross of Illinois; Noble D. Turner of this city; Howard De Haven Ross of Delaware and Albert J. Logan of Pennsylvania; secretary general, Charles W. Haskins of New York; treasurer general, Nathan Warren of Massachusetts; registrar general, A. Howard Clarke of this city; historian general, George W. Bates of Michigan; chaplain general, Rev. Rufus W. Clark of Michigan.

METROPOLITAN HANDICAP.
Big Event to Open the Card at the Morris Park Race Track.
New York, May 2.—The racing season at Morris park will commence tomorrow and the Metropolitan handicap, one of the rich prizes of the turf year, gives a distinction to the opening day. Of the sixty-three nominations made for the handicap, probably twenty will start in the race. They represent a field remarkable for its balance. The track was reported in fair condition today.

IN HANDS OF REVOLUTIONISTS.
Port Au Prince, Hayti, May 2.—All the rebels of San Domingo, except Puerto Plats, on the north coast, and the capital, San Domingo, on the south coast, is in the hands of Dominican revolutionists, commanded by Vive President Vasquez who, with considerable force, was, when last reported, expected to arrive before San Domingo today.

WILL OF J. STERLING MORTON.
Nebraska City, May 2.—The will of the late J. Sterling Morton was opened today. An annuity is to be paid to his sister, Miss Emma Morton. The remainder of the estate is divided among his four sons. Mr. Morton left life insurance policies that bring the value of the entire estate up to a quarter of a million dollars.

INVESTIGATING A DEATH.
Redfield, S. D., May 2.—The authorities do not seem satisfied that the fatal shooting of Edward Coleman of Mellette, Faulk county, was accidental and will investigate. It is stated that Coleman carried a large amount of life insurance.

SHOVED THROUGH
ANTI-CONSPIRACY BILL PASSES HOUSE WITHOUT DEBATE.
MEASURE CAME UP UNEXPECTEDLY
VOTE TAKEN BEFORE MEMBERS KNEW WHAT THEY WERE DOING.
Act Provides That No Contract for the Furtherance of Trade Disputes Shall Be Deemed Criminal.
Washington, May 2.—The house today passed the anti-conspiracy bill reported by the judiciary committee without a word of debate. It came up unexpectedly and Representative Littlefield, of Maine, who had filled the minority report and intended to offer some amendments came in just as it was put upon its passage and the vote was taken before it was understood what was going on. The bill is as follows:
Substance of Bill.
"That no agreement, combination or contract, by or between two or more persons, to do or procure to be done, or not to do or procure not to be done, any act in contemplation or furtherance of any trade dispute between employers and employees in the District of Columbia or any territory of the United States; or between employers and employees who may be engaged in trade or commerce between the several states, or between any state or states, or the District of Columbia, or with foreign nations, or between the District of Columbia, and any state or states or foreign nations, shall be deemed criminal; nor shall those engaged therein be indictable or otherwise punishable for crime or conspiracy, if such act committed by one person would not be punishable as a crime; nor shall such agreement, combination, or contract be considered as in constraint of trade or commerce, nor shall any restraining order or injunction be issued with relation thereto. Nothing in this act shall exempt from punishment, otherwise than as herein excepted, any persons guilty of conspiracy for which punishment is now provided by any act of congress, but such act of congress shall, as to agreements, combinations and contracts hereinbefore referred to, be construed as if this act were therein contained."
The amendment providing machinery for the enforcement of the personal tax law in the District of Columbia, passed in 1878, was placed on the district appropriation bill as a rider and the bill passed.
The bill to provide diplomatic and consular officers for the republic of Cuba was also passed.

IOWA WON FIRST HONORS.
Her Orator Gets Prize in Northern Oratorical League Contest.
Chicago, May 2.—Edwin K. Brown, of the University of Iowa, won first honors tonight at the contest of the Northern Oratorical league. The prize was \$100. Thomas D. Schall, of the University of Minnesota won the second prize of \$50. The third honor went to Bretram G. Nelson of the University of Chicago. Other orators were George W. Maxey of the University of Michigan, Lyle D. Woodruff of Oberlin, Mr. B. Olbrich of Wisconsin and George C. Stewart of North Western. Officers of the league elected are: President, H. J. Lurie, of the University of Chicago; secretary, Hugo Sonnenschein, of Michigan; treasurer, L. O. Veltz, of Minnesota.

SURVIVAL OF FITTEST.
It Should Apply to Railroads as Well as to Men Says J. J. Hill.
Chicago, May 2.—James J. Hill today expressed his belief in the survival of the fittest in the railroad world as well as in the affairs of men. He explained that the injunction method of attempting to cure evils affecting transportation was simply a substitute and a futile attempt to arrest the progress of the natural law of the survival of the fittest. He said there was no such thing as a community of interest that can or even will exist between the shipper and the railroads. "Community of interest," he said, "is not receiving its fullest exemplification, but it will as soon as the law of the survival of the fittest shall have had its sway in the railroad world."
Speaking of competition, Mr. Hill said the road that carried traffic the cheapest would get the business and he said the people should receive the benefit of the cheapest rate that can be legitimately made. He denounced pooling as infamous in any form.

ACCEPTS A BETTER POSITION.
Oskaaloosa, Ia., May 2.—C. W. Huntington, superintendent of the operating department of the Iowa Central with offices in this city, has resigned to become general superintendent of the Central railroad in New Jersey with headquarters at Jersey City. Mr. Huntington has been superintendent of the Iowa Central since November 1894.

HEAVY HAIL STORM.
Beresford, S. D., May 2.—A wind storm tonight destroyed the house and barn of Victor Anderson five miles north. Anderson's wife and three children were badly injured. Centerville, S. D., reports the heaviest hail storm ever experienced in that locality.

BILL FILED NEXT WEEK.
Active Fight Against Beef Combine Soon to Begin.
Chicago, May 2.—Official announcement was made today that the bill for injunction against the Chicago Packing corporations would not be filed by the United States government until next week.
WIDOW IS ARRESTED.
Mrs. Albert Gabrin Charged With the Murder of Her Late Husband.
Denver, May 2.—The coroner's jury in the case of Albert Gabrin, a member of the Colorado legislature, who died last January, tonight returned a verdict of death caused by arsenical poisoning. His wife was arrested today charged with the murder.
PREPARING A STATEMENT.
War Department Is Compiling Data of the Philippine War.
Washington, May 2.—Secretary Root is preparing a letter to Senator Culberson explaining the reason the war department has not responded to the senate's resolution asking for a detailed statement of the cost of the Philippine war. It will be shown that the department is making every possible effort to collect the data desired by the senate and that the completion of the statement will require considerable time of a large force of clerks.

LOW RATE TO STAND.
St. Paul and Chicago Roads Will Not Interfere With the D., S. S. & A. R'y.
Chicago, May 2.—St. Paul and Chicago lines today decided to let the Duluth, South Shore & Atlantic continue the low rate to New York for passengers and the first mentioned roads also decided to stand by the rate of \$27.50. The present decision is to let the South Shore & Atlantic go its way and the other roads keep to theirs and maintain the higher rate irrespective of the fact that a lower one is made from the same territory.

RAILROADS AGREE.
Western Lines Will Use Each Others Tracks.
Chicago, May 2.—Agreements are about to be entered into between the St. Paul & Burlington, Rock Island & Burlington, Cedar Rapids & Northern roads, which will give them added facilities in St. Paul and Minneapolis. The agreement is for the use of each others tracks so that all may enter the twin cities. It is understood that the Rock Island management proposes trying to increase the importance and revenue producing ability of the Burlington Cedar Rapids and Northern road and the new arrangement will be a step in that direction.

COMPARED TO MAFFKING.
British Defense of O'Kiep a Good Display of Heroism.
Cape Town, May 2.—Reports are received that the relief of O'Kiep is practically completed. The plucky garrison has been closely invested by the Boers for weeks and has put up a defense which can be compared to that of Maffeking. The night of April 15, forty Boers rushed the outpost held by the British garrison. The Boers were repulsed and the British had four men wounded. Three civilians and one girl were killed by a long range fire from the Boers but the population is cheerful and confident.

CAPTURED THE THIEVES.
Burglars Rob a Postoffice and Are Pursued and Shot.
Pawpaw, Mich., May 2.—Early today thieves entered A. C. Duncombe's country store and postoffice at Kessler, and blew open the safe. The robbers secured \$3,000 worth of postage stamps and considerable currency, besides a number of bonds, mortgages and other papers. The explosion awakened Duncombe and his family, who lived over the store and a large posse started in pursuit of the thieves. Near Waterville the pursuers overtook the burglars and a pitched battle ensued. Two burglars were wounded, one seriously and the gang captured.

NAST GOES TO ECUADOR.
Well-Known Cartoonist Gets Consular Generalship.
Washington, D. C., May 2.—The president has nominated Thomas Nast of New Jersey to be consular general at Guayaquil, Ecuador. Mr. Nast is the famous cartoonist who first made his reputation in Harper's during the campaign against "Boss" Tweed. He was at the state department this afternoon and presented the officials of the division with a humorous drawing of himself with a grip in his hand hurrying to his new post of duty.

RECEIVED THEIR DIPLOMAS.
Embryo Naval Officers Graduate and Are Addressed by President.
Annapolis, May 2.—The president and party arrived from Washington at 9:45 o'clock and proceeded immediately to the academy grounds where the graduating class received diplomas today from the hands of the president. The day was most propitious and a large crowd gathered to witness the ceremony. In his address the president dwelt at some length on the importance of the navy being kept at the highest point of efficiency both in material and personnel. He spoke of the responsibilities resting upon the cadets as future officers in the navy.

After luncheon the president and party went on a short trip on Chesapeake bay leaving for Washington later in the afternoon.

MARQUETTE, MICH., MAY 3.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Homer Warren, who has charge of the Stearns campaign in Wayne county, went to Grand Rapids to see and consult with his chief one day this week, and returned to Detroit full of confidence that his man will have things all his own way in the state convention.

It is asserted by a Chicago paper that the demand for dressed meats has fallen off one-third since the recent boost in prices was made; that empty refrigerator cars are accumulating on the side tracks in the stock yards district of that city, and that shipments of cattle from the west are being materially cut down.

The Republican club of New York has a president who is inclined to over-officiousness, evidently. Presuming that if he could get representatives of the big packing concerns and the attorney general of the United States together they could arrive at a mutually satisfactory understanding relative to the difficulty that has arisen between the department of justice and the beef trust, he arranged with the packing interests for such a conference and then wrote the attorney general requesting his presence at the meeting.

The Cleveland Iron Trade Review in its number for this week gives this information relative to the ore market: Additional ore sales are made almost daily, chiefly in lots running from 5,000 to 20,000 tons; yet there are furnace companies that have not yet bought sufficient ore to cover pig iron actually sold.

BREEDING HATRED.

It is coming to the knowledge of the American people that the course pursued by some of our officers and soldiers in the Philippines in dealing with the natives is admirably calculated to breed hatred of our government among the latter, thus sowing seed that will bear its crop of trouble for us in the future.

It has just been made public that as long ago as December, 1901, Major Gardiner, provincial governor of the province of Tayabas, made a report to the war department detailing the common attitude of our officers and soldiers in the Philippine archipelago toward the natives and the effect it was having in embittering the people of the islands and causing them to distrust the integrity of our intentions regarding them.

Cured of Sciatic-Rheumatism.

Mr. Henry St. George of Brookfield, Wis., cured after many years of intense suffering.

Was helpless for years, but is now well and free from pain.

Mr. Henry St. George, a prominent resident of Brookfield, Wis., brother of Rev. Howard R. St. George, formerly of Milwaukee, Wis., now professor of church history at the Nebraska Theological Seminary of Nebraska, was entirely cured of Sciatic Rheumatism after many years of intense suffering.

This is but one of hundreds of cases equally as bad in which Gloria Tonic has effected a quick and permanent cure of rheumatism. There is not a state in this country or very many countries in Europe, for that matter, in which there are not from one hundred to one thousand cases of Gloria Tonic, all singing the praises of this wonderful remedy.

The benefit performance for Gus Hearne by the Santry & Long stock company at the Houghton armory last evening was largely attended.

Copper country contractors will soon get together to organize an association for mutual protection from labor unions and high prices for building materials.

New bill boards are being put up about the country. They will be used for the paper to advertise Buffalo Bill's Wild West and Congress of Rough Riders which will be seen at both Calumet and Hancock in July.

Daniel Riney, an old employee of the Calumet & Hecla Mining company, has resigned and will go to Colorado for the benefit of his health. He had charge of the big hoisting engine at the Hecla brand during the past few years.

The committees of militia men appointed to solicit funds for the armory portion of the new theatre to be erected at Houghton this summer will start the first of the week to gather funds. Several thousand dollars will be solicited.

"The Passion Play," the great religious drama, covering the life of Christ, as produced by the peasant people of Horitz and Ober-Ammergau, will be presented at St. Anne's church, Calumet, by means of moving pictures Sunday evening.

A concert for the benefit of the Calumet high school track team which will compete in the athletic meet of the Upper Peninsula High Schools to be held at Ishpeming the latter part of this month was given at the Calumet theatre last evening by the Michigan College of Mines Glee and Mandolin club.

COPPER COUNTRY

(Additional) NOTES OF COPPER MINING NEWS.

The output of Atlantic for April was 319 1/2 tons against 303 tons for March.

The Baltic Mining output for April was 311 1/2 tons as compared with 276 tons in March.

About 600 tons of rock per day are being stamped at the Mass mill with two heads which are run on the day shift only.

Sinking was resumed at No. 1 shaft of the Mohawk yesterday and it is likely that in two or three weeks sinking will be resumed in No. 2 shaft.

Shafts No. 1 and 2 are down to the sixth level.

A stretch of road three miles in length will be built this summer by the Phoenix Mining company from its mill site to connect with the narrow gauge road owned by Ernest Dorman.

The new road which is now being built from the Phoenix mine to the mill site will be contemplated in a few weeks. The work of grading has been about completed and the rails are on the way.

The first head of the Wolverine mill is expected to go into commission early in July. The mine is thoroughly prepared to keep a modern mill running.

Changing the skips from two tons capacity to four tons capacity each, will greatly cheapen the cost of hoisting and will enable the management to keep one shaft free so that men can be lowered without interfering with hoisting.

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

WE OFFER, RECOMMEND AND GUARANTEE

A CURE THAT REALLY CURES. SMITH'S GREEN MOUNTAIN RENOVATOR ISN'T AN EXPERIMENT OR A THEORY, BUT A TIME TRIED CURE THAT CAN BE DEPENDED ON. WE ARE THE SOLE AGENTS HERE, AND WE WANT YOU TO TRY IT.

At some time or other you need SMITH'S GREEN MOUNTAIN RENOVATOR. No matter how healthy you are, this is true, and it is probably true that you need it a great deal oftener and a great deal more than you have any idea of.

The moment you begin to trifle with disorders of the stomach, liver or kidneys, the moment you permit blood troubles to go uncorrected, you are running the risk of serious complications and leaving an open door to the most insidious and deadly diseases.

You ought to be well—perfectly well all the time. The moment you perceive that your internal machinery is getting clogged up you ought to get hold of a bottle of SMITH'S GREEN MOUNTAIN RENOVATOR and commence to take it at once.

It isn't compounded of harmful drugs to temporarily soothe pain or to rack and gripe the delicate organs. It contains nothing but roots and herbs of the Green Mountain State, and its healing, curative, strengthening merits are well known to the many thousands it has cured.

It has always prospered without advertising, which shows how good it is. Its present owners have determined that everybody shall have a chance to try it, and have given us the sole agency here.

It is a body-builder in the best sense of the word. It is a blood purifier of the highest possible value. It restores the rich blood of youth in the veins, and makes strong muscles, healthy flesh, calm nerves and clear complexion.

If you want to get the closest thing to an elixir of life that has yet been discovered, SMITH'S GREEN MOUNTAIN RENOVATOR is what you are looking for.

We don't make any wild, unfounded claims for it, but simply describe just what it is and just what it can do. We know it can do it because it has been doing it for more than a quarter of a century.

This is the only medicine which we guarantee, and we agree to refund the money if this famous medicine fails to benefit the sufferer. This gives a chance to the skeptical to try it at our risk.

Our mining expert in Colorado predicted this slump in Elktos, and says now it is a good buy. Those who could not be induced to sell Isabelle at \$1.50 ought to be willing to buy now around 25c. Those who refused to accept \$2.50 for Portland should be glad to buy under \$2.00. But those who are frightened at the expense of mining in Cripple Creek should consider carefully the remarkably easy mining enjoyed by the Hudson Co. in Oregon, that has paid dividends almost from the start. And these of a more venturesome mind should figure out the possibilities of profit before those of us who are interested in some places near Nome. They are allowing me to sell stock at 6c (about 700,000 issued). They own 8 claims and out of the one near Anvil Creek they hope to get \$75,000 this year, and think three other claims are richer. They are Wisconsin men of known integrity. For details ask FRANK T. TERRY, Investment Broker, Associate Member Colorado Springs Mining Stock Exchange, 82 Michigan St., Milwaukee, in Wells Bldg. CONSOLIDATE THE CITIES.

Movement Is Being Agitated to Incorporate Houghton and Hancock.

There has been considerable talk of a movement to consolidate Houghton and Hancock into one to be called Houghton or some other name congenial to the residents of each place and that Graham Pope of Houghton and C. A. Wright of Hancock, two of the most prominent and influential citizens of Portage Lake, were at the bottom of the scheme. In fact it has been said that the gentlemen have already taken steps to bring the consolidation about.

Mr. Pope was asked yesterday by a Mining Journal representative to explain what would be done. He stated quite emphatically that there is nothing in the report as stated but that it probably arose from the fact that there is talk of incorporating each village into a city which would retain its own name and government, each independent of the other. "Nothing has been done as yet, no active steps being taken at all so far as I know," said Mr. Pope, "but it is in the air and people are feeling it. It is bound to come."

That Mr. Pope is earnestly in favor of transforming both Hancock and Houghton into cities can not be doubted by any one knowing his feeling in the matter of the proposed division of Portage township which is still in litigation, and if active measures are taken to establish a city form of government in each village Mr. Pope will be among those who will work for the movement in Houghton.

Scheme Not Favored.

An amalgamation of Houghton and Hancock sounds very well and is a grand idea but those who understand the true state of affairs in each place know that a consolidation of the villages into one city will not be favored by the majority. The scheme is not impossible, of course, but the feeling that exists would undoubtedly prevent its being carried out successfully.

When asked the reason for incorporating Houghton and Hancock, each into a city, Mr. Pope replied that it would be done because of the county board of supervisors which can be controlled by the mining men who are members of the board and have it in their power to do about as they please in regard to any question that comes up for their consideration. They can assume a position and hold it on certain questions to the detriment of the people in favor of their corporations and this it is believed the board has already done, as for instance in both the Hancock and Portage township division matters, Hancock township was divided against the wishes of the greater number of its residents and the mining men on the board to a man voted for the division of Portage township, but failed to carry it by a majority vote, it lacking one vote to go through. One mining man was absent. Strong arguments were put up by those opposing each division but they were without avail. The board did not even seriously take the trouble to ascertain whether it had the power to divide the townships, Portage, which was created by the legislature, especially. Mr. Pope said that it is to offset this position of the county board that a movement will be inaugurated and perhaps at no distant day to incorporate Hancock and Houghton into two cities, Houghton, with at least 3,000 people, would be entitled to three supervisors, while Hancock would have at least five representatives on the county board.

Mining men have made statements that the villages in the copper country would have been nothing if it were not for the mines, which is very true. But the villages have not become of enough importance to take care of themselves and it is for their own interests that steps should be taken to get out of the grasp of the mining men. Again many miners live in the towns and enjoy all the public advantages there are to offer.

MATT. J. JOHNSON'S 6088

At the regular meeting of the Houghton village council Thursday evening considerable business of importance was transacted. Several liquor bonds that were not approved at the last meeting were passed upon. Several petitions praying that certain necessary improvements be made in streets and sewers were referred to the committees on the same. In order to make some of these improvements about the village a loan of \$1,200 will be made at the Houghton National bank. The appeal of Fire Chief Vetsch at a recent meeting for a new hose cart had its effect Thursday evening. It was reported that the old hose cart is thoroughly worn out, and as troubles never come singly, the council seeing it was up against it decided to order the purchase of a new cart. It will cost about \$800. One of the first committees will visit Racine or Chicago to give the order. The council raised the wages of the four village teamsters from \$50 to \$55 a month. The men petitioned for the raise on the grounds that other teamsters were getting \$55.

STREET RAILWAY DOOMED.

Proposed New Line Cannot Secure Franchise and Project Falls Through.

The proposed new street railway company is doomed. That is given on the very best of authority. Faucett Bros. of Laurium, who were at the head of the project to organize a rival company to the Houghton County Street Railway company to build a line from Laurium to Lake Linden and then on to Hancock, will not be able to secure the necessary permission and franchises to run over the lands—lying between Lake Linden and Hancock—owned by the Calumet & Hecla company south and west of the village of Lake Linden, and those owned by the Tamarack and Osceola companies adjoining the Calumet & Hecla lands. Faucett Bros. met with some trouble in securing the franchises at the very start and Lake Linden people decided to make an appeal to President Aggasiz of the Calumet & Hecla Co. asking him to aid the Laurium men in their efforts. President Aggasiz has announced that he will not authorize the building of a new line into Lake Linden but will allow the Houghton County Street Railway company to build an extension from Laurium to Lake Linden if it wishes. It is a concession that has never before been granted by the Calumet & Hecla company and is one that the present street railway company will no doubt appreciate to the discomfiture of those who were backing up the other scheme. So where Lake Linden will lose a prospective line and one that was greatly desired they will gain another for it has always been the intention of the present company to build to Lake Linden, the difficulty having been in securing the proper franchises. That the Houghton County Street Railway company will act upon the generosity of President Aggasiz at once is assured. The new extension would be a paying one and there is a great demand for it. There will be no difficulty in securing the necessary franchise from the village of Lake Linden of the terms of the village are accepted and this time they likely will be. The lake route which was intended to be followed by the new company will also likely be taken by the present company. President Bigelow of the Tamarack and Osceola companies will make similar concessions to the street railway people to pass over their lands. The mining companies hold the key to the situation and what they say goes.

A HANDSOME CRAFT.

New Steamer Iroquois of the White Line One of the Best Afloat.

The new steamer Iroquois of the White line which arrived at Houghton late Thursday afternoon, cleared for Duluth yesterday morning. Captain W. H. Singer and wife who have been in Houghton several days, returned with the boat by way of Isle Royale, intending to stop at the island with a view of getting pointers for the tourist trade that is expected to place this season. Several copper country people accompanied the captain to Isle Royale.

The Iroquois is one of the handsomest boats on fresh water. She was visited while lying at the Hennes dock, Houghton Thursday afternoon by a large number of people and all were of one opinion as to the staunchness, neatness and beauty of the craft. The Iroquois has two stacks, one ahead of the other, and in a general way is a miniature of the appearance of the steamer "Northwest" which was purchased from the Arnold Transportation company for \$100,000, a larger sum by far than has ever been represented by one vessel in the exclusively Lake Superior trade.

The Iroquois is one of the fastest steamers on the great lakes. In fact, it has been claimed by her partisans that she can carry the broom away from any of the so-called fast ones. She is built of steel up to her promenade deck. She is 218 feet over all in length; has 32 feet beam and is 21 feet deep. She has triple expansion engines, one 24 and one 38 by 30 inches. She has four boilers and has made a sustained running record of eighteen miles an hour with three boilers fired and of twenty miles an hour under steam from the full battery of boilers. She is allowed to carry 200 tons of steam. The Iroquois was built in 1901 at the Craig ship yards in Toledo. She was built under the supervision of the Bureau Veritas International Register of Shipping, and by that institution is given the highest rating it confers.

The boat can furnish sleeping accommodations for 150 or 160 people. She has excursion capacity of 1,000. The interior of the craft is finished in mahogany. There are stationary wash-stands with open plumbing, toilet rooms, etc. The large dining room will seat seventy-five people at one time, and the kitchen facilities are so commodious that 180 people have been served at one meal on short notice.

The Iroquois will make two trips a week between Duluth and the copper country on a schedule each way of twelve hours.

CHARGED WITH SLANDER.

Thomas Wilcox of Calumet Defendant in a \$5,000 Damage Suit.

Thomas Wilcox of Calumet is the defendant in a damage suit in which Mrs. Frances Champion, plaintiff, of Calumet is suing for \$5,000. The charge is one of slander. She claims that Wilcox made certain remarks to her in the presence of her husband and others that led her husband to leave her, thereby losing the means of support for herself and children. Larson & Galbraith will look after the woman's interests in the case while J. F. Hamblitz will represent Wilcox.

IN CIRCUIT COURT.

Convicted Saloonkeepers Will Receive Sentence This Afternoon.

Not a great deal of court work was done in circuit court yesterday. No cases were up for trial and court was adjourned until 2 o'clock this afternoon. The saloonkeepers who pleaded guilty and who have been found guilty of violating the liquor laws will be sentenced this afternoon. The jury was excused yesterday until 2 o'clock Monday afternoon. At that time the case of the people against Joseph Demotais, one of the principals in the recent Franklin shooting affair, will be taken up.

OPENING OF GOLF SEASON.

Providing the grounds are in good condition and the weather pleasant at the opening of the golf season in the copper country will take place at the Onigaming club links near Houghton this afternoon when several tournaments will be inaugurated. When You Go Away

from home, change of diet, irregular meals, excitement, over-exertion, and other abnormal conditions tend to upset the stomach. You are making unreasonable demands on your digestive apparatus and unless you do something to help it perform its work, you are going to miss some of the pleasure of your trip. Such conditions are constantly occurring in home life also.

Kaskola Tablets

digest all kinds of food, because they contain Diastase, the wonderful digester of starchy foods, in addition to Pepsin, Folia, and other helps to digestion. They are harmless, pleasant to the taste, and cure dyspepsia by removing its cause. Very respectful.

THE P. L. ABBEY COMPANY, Kalamazoo, Mich. Gentlemen: I have been troubled with indigestion for a number of years and have tried many medicines which were recommended to me, but your Kaskola Tablets have been of more benefit to me than any or all the other remedies used by me. Sincerely yours, G. W. SAATCHI, MAYER.

Prices 15 and 50 cents a box, drug stores. Sample and illustrated booklet free by writing.

STRIKE STILL ON.

Portage Lake Carpenters Have Not Yet Adjusted Their Differences.

The Houghton and Hancock carpenters are still out on strike. About all those who did not obey the orders of the local union Wednesday did so yesterday and there was but little carpenter work done. A meeting of the carpenters was held in Hancock yesterday morning when their grievances were discussed. A number of the contractors have given into the demands of the men for a day of nine hours with ten hours' pay or on the average of \$3 per day, but several contractors are stubborn and will not come to an understanding. One Houghton contractor who generally employs a large number of carpenters at all times yesterday informed the men that if they were not back at work Monday morning under the old terms and conditions that they could take their tools and go and carpenters would be brought in from elsewhere. It is a poor time for the men to strike. If they do win they will have lost in wages by being idle more than they would gain during the whole summer. But it is the principle of the thing they are fighting for.

SUIT FOR DAMAGES.

Cyrille Brunelle Defendant in a Charge of Trespass.

Cyrille Brunelle, now in the county jail under a capias, will be sued for \$1,000 damages by Attorney J. F. Hamblitz of Houghton in the interests of Matti Hollopi, a farmer residing on a tract of land just west of the Franklin location. The charge is one of trespass. Brunelle is claimed interfered with the possession of Hollopi's farm, made a forcible entrance and started to erect a building there. For that he was lodged in jail and will now be sued for damages. Brunelle holds an old tax title on the land and is taking possession without due recourse to law. Hollopi is in poor circumstances and just about ekes out an existence. He has lived on the farm the past fifteen years renting it from Mrs. Mary Matthews of Duluth. Brunelle for some time has made life miserable for Hollopi it is said.

NEARLY ELECTROCUTED.

Frank Frampton, a Carpenter, Had a Close Call Yesterday.

Frank Frampton, a carpenter in the employ of the Peninsula Electric Light & Power Co., was nearly electrocuted while at work among the steel work above the crane in the company's plant at Houghton at 11:15 o'clock yesterday morning. For an instant until the current was shut off by Assistant Engineer Kibbe who heard the cries of Frampton several thousand volts shot through the carpenter's body. Frampton came in contact with a cable through which 12,000 volts were passing. His hands which he touched the wire were badly burned. As the current was so strong, he stopped Frampton fell back upon the crane unconscious and was lowered to the floor. A physician was immediately called and Frampton was revived by the usual methods. When he recovered consciousness the unfortunate man was out of his head for a half hour or so but recovered sufficiently to get to his home where at last reports he is getting over the effects of his fearful shock. His escape is considered miraculous. Frampton's father, Stephen Frampton, was working with him at the time the accident. Both men were engaged in putting up the steel work. Coils and had been warned about the live wires and the danger. Frampton was shocked in about the same place and manner in which Ray Eggleston of Houghton lost his life several months ago.

A QUICK RESPONSE.

The Houghton Fire Department Made a Good Run Yesterday.

The Houghton fire department was called out at 9 o'clock yesterday morning to extinguish a chimney fire in the residence of E. H. Wright, auditor of the Copper Range railroad, in West Houghton. It was not necessary to bring any hose. The draft in the stove were opened up, which allowed the burning debris in the chimney to fall down so it could be removed. Chief Vetsch remarked yesterday that in case of a fire of the kind that the drafts should never be closed. The firemen responded quickly, the first fire team being out in the hall on the alarm. The alarm was turned in which shows the advantage of keeping a team in the barn. The particular team happened to be there as an account of the rain there was no work for it to do on the streets.

LIQUOR CASES ENDED.

Circuit Court Has Disposed of a Total of Sixty-Five.

In the circuit court Thursday afternoon Michael Russo and Peter Sachan of Calumet saloonkeepers, were found guilty of violating the screen clause of the liquor laws. That ended the liquor cases for this term. During the present term of court there were sixty-five saloon cases on the docket. Most of the accused pleaded guilty but those who did not, twelve were found guilty; two were acquitted; in two cases the juries disagreed; and two cases were continued until the next term of court.

FAST FREIGHT SERVICE.

The South Shore road has established a fast freight service between Duluth and Calumet. Trains leave West Superior daily, except Sunday, at 9 o'clock in the morning and arrive at that time the next morning at Calumet. The service is appreciated by copper country business men. The rates are as low as those asked by the boat lines and transfers of Calumet freight at Hancock are avoided.

DEPENDS ON REPORT.

Whether Stone & Webster of Boston will take the majority of the stock in the Peninsula Electric Light & Power Co. now held on options by W. G. Ries of Houghton until June will depend a great deal on the report of Messrs. Wyman and Wadsworth who are now speeding on their return to Boston from copperdom. The gentlemen made a thorough investigation while here.

SICK MADE WELL WEAK MADE STRONG.

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist That Cures Every Known Ailment.

Wonderful Cures Are Effected That Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived.

The Remedy is Free to All Who Send Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realm of medical science, Dr. James W. Kidd, 2533 Bates building, Fort Wayne, Ind., makes the startling announcement that

DR. JAMES WILLIAM KIDD.

he has surely discovered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving tonic, to cure any and every disease that is known to the human body.

There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seem to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free, to anyone who is a sufferer, in sufficient quantity to convince of its ability to cure, so there is absolutely no risk to run.

Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappear as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

HOUSE CLEANING

MEANS MUCH HARD WORK FOR WOMEN AT THIS TIME OF YEAR.

Precaution Should Be Taken That the Unusual Exertion Does Not Result in a Breaking Down of Health.

In the enervating weather of spring, when the system is at its lowest state of vitality, most women clean house. This means much hard work and, unless proper precautions are taken, a breaking down of the health is inevitable. Mrs. Mary Lee, of No. 226 Water street, Eau Claire, Wis., had an experience of this nature and what she says is of interest to every woman.

"In the spring of 1890," she says, "the effects of over-work, which had been telling upon me for some time, caused a general breaking down of my health. I became very nervous, with severe headaches and dizzy spells and had such agonizing pains across the chest that I could not raise my arms without undergoing horrible tortures. I could not sleep for more than an hour at a time, I felt worn out and all my ambition was gone.

"After I had been in this condition for five years, my mother, who lives in Allenford, Ont., recommended that I try Dr. Williams' Pink Pills for Pale People. I began taking them and, although my case was a stubborn one, in a short time I was better, and in four months I was cured. It is very gratifying to me to recommend Dr. Williams' Pink Pills for Pale People to any who suffer as I did, for I know this medicine will help them."

The best medicine to tone up and strengthen the system so that hard work will not result in sickness or spells and that will act directly on the blood and nerves. Dr. Williams' Pink Pills for Pale People do this as no other preparation can, and what these wonderful vegetable pills have accomplished is shown in thousands of instances as remarkable as the one above. It is Dr. Williams' Pink Pills for Pale People are sold in boxes (never in bulk) at fifty cents a box or six boxes for two dollars and fifty cents, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y. Be sure to get the genuine; substitutes never cured anybody.

E. Purinton, pastor - Morning, 10:30; sermon subject, "Redemption"; also communion and reception of new members. Evening, 7:30; sermon topic, "The Trophies of Youth - the Safeguard of Manhood."

First Methodist - Services morning and evening as usual, with preaching by the pastor, Rev. E. A. Elliott. The subject of the evening sermon - the fourth in the series of Biblical talks - will be, "The Bible and the Higher Criticism."

The meeting of the Epworth League, in the church parlors, will be held at 6:45 o'clock.

Salvation Army, Bertha block, Front street - Morning services at 11 o'clock, a song service at three in the afternoon and a Salvation meeting, with sermon, at 8 o'clock p. m.; subject, "The Prodigal's Return." The public generally is invited. Each evening of the week, services, preceded by open air meetings, are held at 8 o'clock at the hall. Captain and Mrs. Wm. Hilborn are in charge.

EXPERT PENMEN HERE.

The expert of all card penmen, C. H. Wager of Grand Rapids, in Marquette yesterday writing calling cards. The Mining Journal has seen others of his profession who are considered experts, but Mr. Wager's work is superior and the novel way and speed in which he executes it is marvelous. He makes the largest towns and cities only, and stays but one day at each. He was in Marquette yesterday, will be at Ishpeming today and in the copper country later. From there he goes to Ashland, West Superior, Brainerd, St. Cloud, Minneapolis, St. Paul and La Crosse to Chicago. Mr. Wager was in the St. Cloud cyclone of sixteen years ago this April, when about 100 persons were killed, but the expert of all card penmen still lives and to see him execute his work is very interesting. Though he writes from 1,500 to 2,000 cards daily, the orders come in more rapidly than he can execute them and he turns away many orders unfilled. He writes one dozen cards for 20 cents, two dozen for 35 cents, three for 50 cents and 100 cards for \$1.

COMES HIGHLY PRAISED.

If half of the words of praise devoted to "Arizona" by the Eastern press critics are true, it is one of the most remarkable plays offered in the past decade. As the name indicates, the scenes are laid in the great southwestern territory which is now knocking at the doors of congress with a plea for admission into the sisterhood of states; its people are the sturdy folk of the ranches, the camps and the Southwestern cavalry posts. It has a love story as romantic and tender as that of "Romeo and Juliet." "Arizona" has eclipsed all contemporaneous competitors in the race for metropolitan popularity. Within two years it has been presented more than 300 times in New York city and has enjoyed long and prosperous engagements in Boston, Philadelphia, Baltimore, Washington, Chicago and St. Louis. It is the metropolitan company which recently completed a run of fifty weeks at the Academy of Music, New York, which comes to the opera house next Thursday evening. "Arizona" should draw well.

COPPER STOCKS CATCHING IT.

Tight Money and Slump in Wall Street Bring on Liquidation.

Hayden, Stone & Co. yesterday wired the Laidley Commission company concerning the Boston market. "The narrow and weak market for coppers is due to the stiff money market. Liquidation is seen also by holders who are tired of disappointing developments in one direction or another." A leading copper producer here tells us he expects no change for the better in the metal market for a year at least. The larger production is telling against the metal market, and the high cost of production has cut profits down to little figures. Trinity especially is disappointing to those who hoped Lawson would market it active and put it up. We favor United States Mining on any dips below 20, and in general expect a rather weak market the next few days."

Paine, Webber & Co. said: "As a result of the break in the International Silver stock the other day, the New York banks have been calling loans and have caused a temporary pinch in money. This has been responsible for the selling of New York stocks, and the Boston coppers have weakened in sympathy. The outlook is that the money situation will be adjusted by the first of the week and the New York market will be better. The reaction in coppers offers a good opportunity to get some cheap stocks."

Chicago Grains Rule Weak.

W. H. Laidley & Co. said of the Chicago grain markets: "There has been a wheat range of about a cent today, with an active trade. The temporary break early was due to a large Northwest receipts and the fact that the Argentine shipments were not so large, and there were very bullish reports from Kansas and Nebraska. Heavy rain in the Northwest is delaying seeding. There are two sides to what around these prices. "Corn was a rather weak market, with no special feature. Pit traders have been bearish. The weather is the factor, with the conditions good everywhere except in Kansas. The sharpest break was on predictions of showers over the entire West tomorrow. The market broke late on heavy local selling. "Oats were influenced by local weather, and it was announced that Patten had chartered vessels for 335,000 bushels of oats, which means he will move out the oats he paid for Thursday. The cash demand seems quieter this morning, although there is a pretty steady demand from New England."

Bad Slump in New York.

Dick Bros., in a wire to Paine, Webber & Co. said of the Wall street stocks: "St. Paul, Kansas, and the other closed demoralized. Tight money was the chief factor. This led to discrimination against questionable securities. The result was a bad break in numerous copper shares and some questionable stock exchange stocks. General selling followed and the market very weak and heavy. There was much liquidation of speculative accounts. The crop news was not favorable, particularly regarding Kansas, and Western interests sold the railroads. Money loaned at 10 per cent. Sharp breaks were scored by stocks like Lawrence & Adirondack, Rutland and preferred in the Dominion securities which are controlled by the same contingent."

DIAMOND DYES give faster and brighter colors than any other dyes.

MUST BE AT SAUK'S HEAD.

Says the Milwaukee Evening Wisconsin: "M. M. Riley, a well-known member of the local legal fraternity, may eventually conclude to abandon the law and go to digging for gold. He was at the court house this afternoon with a prospector who had just returned from a claim in Northern Michigan in which Mr. Riley is interested, and the prospector had samples of quartz which it is claimed would run \$500 to the ton."

REVEALS A GREAT SECRET.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germinated mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all throat and lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at Stafford's.

BARGE BOURKE IS MOVED.

The big tug Favorite devoted all of yesterday to the attempt to release the stranded schooner Bourke, and considering the position of the barge in its berth among the boulders, it made very good progress. Nightfall found the stern of the boat materially slewed around toward the lake side, and there is now good prospect that the Bourke will soon again be floating in deep water. The steam pumps aboard are kept in commission and the water in the hull has been reduced to a material degree.

Notes of Marine News.

The board of managers of the Lumber Carriers' association has unanimously decided to pay no more than fifty cents an hour for loading lumber. The members are determined in their stand that fifty cents is all that can be paid under existing circumstances. Many boats are now at Duluth partly loaded and others waiting will lay up rather than pay more. Rates outside of Duluth remain unchanged.

The steamers Kalinga and Caddillac cleared from the upper harbor yesterday for the lower lakes. The former goes to Cleveland and the Caddillac to Toledo.

The steamer Choctaw, which lightened part of her cargo at the Presque Isle dock, cleared yesterday morning for Cleveland, where the damaged plates will be repaired in drydock.

The passenger steamer India, one of the Buffalo line boats, was in port last evening. She brought in a good-sized consignment of package freight.

LIKE A DROWNING MAN.

"Five years ago dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, Nocona, Tex. "I took quantities of medicine but nothing helped me. PAIN'S CELERY COMPOUND

Thousands of Physicians, Men and Women of Note and Position, and People in Humble Circumstances, Say It is Unequaled as a Spring Medicine.

A Prominent Business Man Saved from Nervous Prostration.

It is by true merit, and true merit alone, that Paine's Celery Compound has won its wondrous popularity in every part of the civilized world. When all other medicines fail, when the best directed efforts of physicians accomplish but little for the banishing of desperate diseases, Paine's Celery Compound saves life and restores health. It is natural, therefore, that men and women saved from the perils and dangers of nervous diseases, rheumatism, neuralgia, and blood troubles, should acquaint their friends - the sick and well - of what was accomplished for them by Paine's Celery Compound. In this way the glad tidings of prompt and effectual cures have been spread from day to day to the remotest towns and villages, and the blessed work of life saving progresses in every direction.

One of the most remarkable cures of recent years effected by Paine's Celery Compound, is the case of Mr. Wyan Nelson, President of the Nelson Grain Co., of Kansas, Mo. With intense gratitude and thankfulness, Mr. Nelson writes as follows: -

"I was nervous, despondent, irritable, had no appetite could not sleep, and had night sweats. My physicians said I was threatened with nervous prostration, and advised a rest from business. However, on the recommendation of my partner, I commenced using Paine's Celery Compound, and today I am as sound as a dollar, eat well, sleep well, and am not at all nervous."

MUST BE AT SAUK'S HEAD.

Says the Milwaukee Evening Wisconsin: "M. M. Riley, a well-known member of the local legal fraternity, may eventually conclude to abandon the law and go to digging for gold. He was at the court house this afternoon with a prospector who had just returned from a claim in Northern Michigan in which Mr. Riley is interested, and the prospector had samples of quartz which it is claimed would run \$500 to the ton."

REVEALS A GREAT SECRET.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germinated mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all throat and lung diseases. Guaranteed bottles 50c and \$1.00. DRESS MAKERS

And All Women Who Work, either for their Living or for Society, are Subject to the Same Organic Troubles. How Many Are Cured.

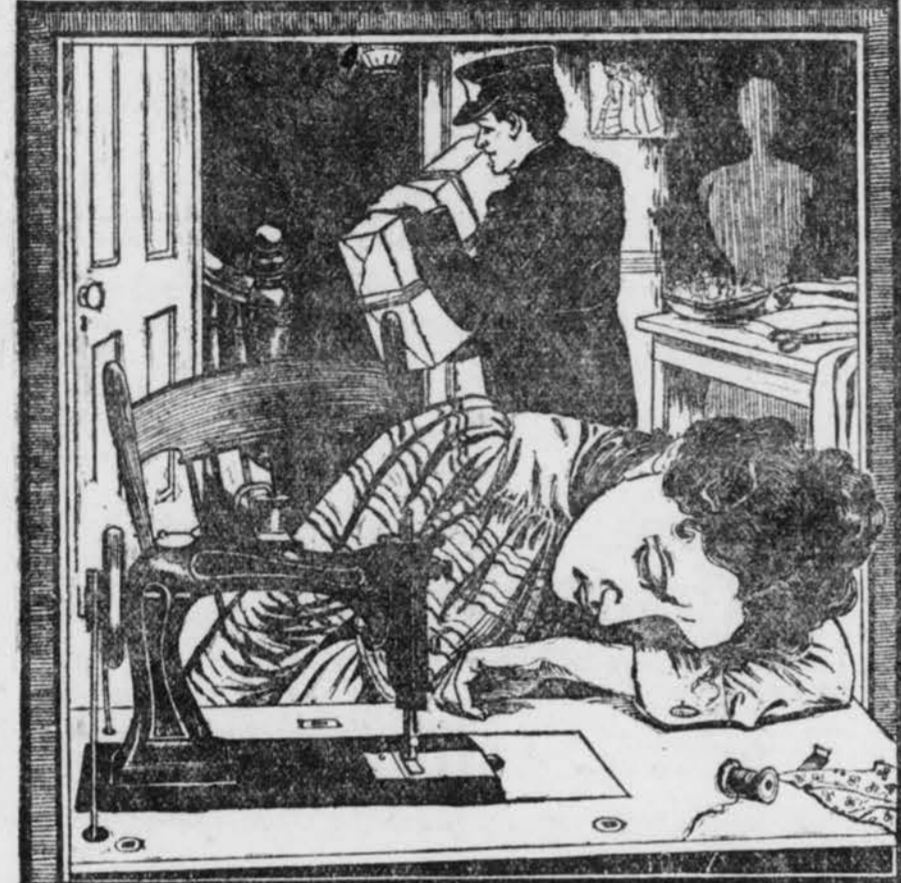

A gorgeous costume flashed beneath the brilliant lights of a ball room. The queen of society is radiant to-night.

The nervous hands of a weak woman have toiled day and night, the weary form and aching head have known no rest, for the dress had to be finished in time.

To that queen of society and her dressmaker we would say a word. One through hothouse culture, luxury and social excitement, and the other through the toil of necessity, may some day find their ailments a common cause.

Nervous prostration, excitability, fainting spells, dizziness, sleeplessness, loss of appetite and strength, all indicate serious trouble, which has been promoted by an over-taxed system.

For the society queen and the dressmaker alike, there is nothing so reliable as **Lydia E. Pinkham's Vegetable Compound** to restore strength, vigor, and happiness.

Six Years' Suffering Cured.

"DEAR MRS. PINKHAM:—I suffered for six years, sometimes being unable to get about at all. It seemed to me as though I could not live, and I did not care to. I had womb trouble, kidney trouble, leucorrhoea, backache, was nervous and had no ambition to do anything or go anywhere. Was obliged to give up my trade of sewing. I tried three doctors but they did me no good. Seeing your advertisement I thought I would try your medicine. I felt better after the first bottle, and by the time I had taken six I was able to resume my work again. I shall always praise **Lydia E. Pinkham's Vegetable Compound**."—Mrs. MARY A. RUSSELL, Chincoteague Island, Va. (Dec. 14, 1900.)

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

Mrs. Lizzie Anderson, 49 Union St., Salem, N.J.

"DEAR MRS. PINKHAM:—I feel it my duty to write and tell you how grateful I am to you for what your medicine has done for me. At one time I suffered everything a woman could. I had inflammation of the ovaries, falling of the womb, and leucorrhoea. At times could not hold a needle to sew. The first dose of your Vegetable Compound helped me so much that I kept on using it. I have now taken six bottles and am well and able to do my work. I also ride a wheel and feel no bad effects from it. I am thankful to the giver of all good for giving you the wisdom of curing suffering women. I recommend your medicine to every woman troubled with any of these diseases."

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, Mass., which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live on in happiness, years after she has passed 60. This is truly a critical time.

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time.

Wine of Cardui is the remedy to re-infuse a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes: "As I had always been troubled more or less at the menstrual period, I dreaded

REFERRED TO A COMMITTEE.

Three Aldermen Named to Work for Establishment of Foundry Here.

The regular session of the city council held Thursday evening was attended by three representatives of the stockholders of the new foundry corporation recently organized. These were John W. Jochim, president; W. T. Potter, attorney; and Captain Frank Platto.

Mr. Potter addressed the council briefly, stating that the corporation intends to locate the foundry in the city that will offer the best inducements; that the stockholders are favorably impressed with Negaunee, for which reason this city is given the first chance to secure the enterprise. The attorney suggested that a committee be named to represent the city in a conference with the officers of the company to be held at a near date, probably early next week. On motion Mayor Houle appointed Aldermen Johnson, Wasmuth and Bodilly to look after the city's interests at the conference, with the understanding that the committee will offer some concession with a view to securing the industry.

The taxpayers seem anxious that the promoters of the proposed enterprise be treated fairly. All concede that the foundry would be a good thing for Negaunee. It is possible that in time a good-sized force of workmen will be employed, as machinery of various kinds will be manufactured at the plant.

Coal Contract Awarded.

The council awarded a contract for supplying the city engine houses and other buildings with coal to the Consolidated Fuel & Lumber company. The price to be paid for soft coal will be \$4.30 per ton. The bid of the corporation was the only one submitted that complied with the requirements laid down by the city. It is understood that the coal must be weighed by the recorder on the city scales. This is the feature that the coal men dislike. It is not because they are afraid their weights would not be all right, but they consider that there is too much bother connected with the weighing process and that the men delivering the coal would lose considerable time. However, the Consolidated people will have to comply with the wish of the council in the matter of weighing the coal.

Will Enforce Bike Ordinance.

The council decided that the bicycle ordinance must be enforced again this year by the police officers. A few years ago, when the ordinance was strictly enforced, there was no riding on sidewalks, nor did cyclists attempt to ride at night without lamps on their wheels. The absence of lamps is a feature that many have objected to during the past couple of seasons. Last year very few of the wheelmen had lamps on their bikes.

Lightning Plant's Good Showing.

The report of the clerk of the electric lighting plant pleased the city dads. It showed a credit balance for last month of \$260.28. The total receipts, including a charge of \$8 for each lamp in use on the city system, was \$938.15, and total expenditures footed up \$437.85. The new schedule of rates was in effect last month, and brought in an increase in revenue, so that the net earnings should grow larger rather than drop off. The total number of incandescent lights at present on the circuit is 1,217, sixteen having been added during the month.

Other Municipal Matters.

W. J. Neely and fifteen others, residents of the Teal Lake location, asked that the road at present in use at the location be vacated by the city and that the one extending from Teal Lake avenue be used instead. The petition was referred to the proper committee. Petitions from Mrs. James Cavanaugh and Mrs. Bitteraro, asking to be exempted from the payment of water taxes, were referred to the committee on water works.

A petition from twelve members of the fire department, asking for new uniforms, was referred to the committee on fire department.

The cemetery committee reported that the roadways at the cemetery were being improved. The repairing of the fences was recommended and the committee was instructed to ascertain the cost of same.

The committee on streets and highways advised the council that the streets have been cleaned and that the Cleveland-Cliffs Iron company has given the city the privilege of taking rock from the Teal Lake bluff for the test of the new crusher.

The matter of extending the sewer along Park street was referred to the sewer committee.

The committee on police was empowered to have the marshal's residence renovated, plastering repaired, etc.

The purchasing committee was instructed to call for bids for furnishing the police officers and members of the fire department with new uniforms. Bills against the city were allowed and ordered paid.

The mayor advised the council that he had appointed Christ Peterson to look after street cleaning work. The appointment was confirmed.

FIRST SUNDAY EXCURSION.

The first Sunday excursion of the season will take place tomorrow. It is for the benefit of the Negaunee baseball team. The boys will go to Republic to meet the team that place in a friendly contest. Arrangements have been made with the South Shore company for a rate to Republic and return of seventy-five cents for the round trip. Tickets will be good going on the morning train. At Humboldt the regular train will be met by a special. Coming out in the evening a special will be run, leaving Republic about 6 o'clock, and arriving at Humboldt in time to connect with the regular down train from the upper country.

INSPECTED THE MINES.

President T. F. Cole of the Oliver Iron company, Superintendent Peggilly of the corporation's interests on the Vermilion range, and Superintendent Davison of the Menominee range, spent Thursday and yesterday inspecting the Negaunee and Regent mines. Superintendent W. H. Johnston of this range, was with them part of the time. The greater part of Thursday was spent underground at the Negaunee mine and yesterday the workings of the Regent group were inspected. Last evening the visitors departed for the Menominee range, where they will spend today.

LOCAL LAOONICS.

The Merry Dancing club gave another delightful party last evening at Cyr's hall.

H. Lucas has retired from the saloon business, which he conducted at the Garfield House. He will run the hotel for the present.

Rev. James Stanaway, upper peninsula missionary of the Sunday School union, will conduct services at the Palmer location tomorrow evening.

Rosen Bros. are showing a large assortment of Parisian dress patterns in their dress goods department. They will be pleased to have the ladies call and see them.

Maurice Kelly and Patrick Nicholson, two well known young men of Negaunee, have engaged in the saloon business in John Mulvey's block on West Iron street.

Harry Leeds, who has conducted a job printing office in this city for a year or more, has closed out his business and accepted a position in the office of The Mining Journal.

C. H. Jennings goes to Champion and Humboldt tomorrow to conduct services at the Methodist churches in the place of Rev. A. Richards, who is confined to his home by sickness.

Henry Heisel treated the proprietors and clerks of the Savings Bank store to a dainty lunch at his restaurant, Thursday evening. The treat was very much appreciated by the store people.

Herbert Rogers has gone to Duluth, where he will take a position in the office of the Great Northern Railway company. He has a brother working up there and it was largely through him that Herbert got the job.

The funeral of Dennis Ryan's little daughter will be held this afternoon at 2 o'clock from St. Paul's church. The child's life was insured for \$100 in the Metropolitan Life Insurance company. The death claim was paid yesterday by a representative of the company.

There will be an auction sale of periodicals at the regular meeting of the Negaunee club Monday evening. There is a fine collection of choice reading matter on hand and it will be sold cheap. The big feature of the sale will be the work of George Barnes, who will act as auctioneer. The public is invited to attend the sale.

A team has been engaged for two days past hauling rubbish from the Northwestern depot. Accumulations of a number of years in the sheds at the rear are included in the rubbish. The building looks as if it will not stand much longer, especially if the old sheds are removed from the rear.

Miss Rose Coghlan, who is recognized as one of America's greatest actresses, should draw a number of Negaunee people to Ishpeming Wednesday evening next, when she will appear at the open house there in "Forget Me Not," a drama she has produced with much success in this country and Europe for the past two seasons. There will be a reduction in the prices usually charged for this attraction.

If you want well floors put in the Parquet oak, which is tongued and grooved and blind nailed. It is the newest and best thing out, and just as cheap as other hardwood flooring. See Andrew Lindquist about it. It will pay you to get this material in preference to any other. 5-2-lw.

EARLY CAREER OF H. J. HOPKINS COMES TO SUDDEN END.

HEART TROUBLE KILLS HIM

EXPIRES SOON AFTER LEAVING HIS HOME FOR PRESQUE ISLE.

City Shocked and Grieved at the Demise of the Stricken Man, Who Had Been a Resident for Fifty Years.

Marquette was deeply shocked and grieved yesterday morning when it became known that Henry J. Hopkins, one of the city's oldest and best known residents, had expired at half past eight in a street car near the Superior street crossing.

Mr. Hopkins was bound for Presque Isle to assume his morning duties as deputy collector at the dock there. He had taken the car on Front street, near his residence, expecting to meet the Presque Isle car at Hewitt avenue on the up trip. The only other occupants of the car were Joseph H. Primeau, register of deeds, and Miss Melnich, of the Normal faculty. The former exchanged a few words with Mr. Hopkins, and what the latter uttered were the last words he said. Mr. Primeau asked regarding his health, and in a rather feeble voice Mr. Hopkins replied that he was not feeling very well.

Mr. Primeau left the car at the First National bank corner, and the car proceeded on to Superior street. Near there, the attention of Miss Melnich was attracted to Mr. Hopkins by a spasm of heavy breathing, but as he had the appearance of a man sleeping no particular notice was paid to it until after the motorman had changed the trolley, when it was discovered that something was really wrong. Mr. Hopkins' head had then fallen back against the window pane, his eyes were closed, and it was found that death had quietly brought to a close the earthly career of the wellknown citizen.

Medical attendance was summoned, and Coroner Cray, who was near at hand, was called, but the services of the physician were not needed and the latter decided that no inquest was necessary. Death was caused from heart trouble, and while Mr. Hopkins had been under treatment for the complaint he was able to be about and attend to his work and outwardly appeared to be in as fairly good health as he had been for some time past. The remains were conveyed from the car to the undertaking parlors of Hager Bros., and later were removed to the house at 126 West Ridge street.

Mr. Hopkins came to Marquette some time in 1855, arriving from the Soo after having previously lived at Detroit. Here he formed a partnership with E. Neidhart, the firm engaging in the hardware business under the name of Hopkins & Neidhart. Some years later he retired from the concern, and later engaged in the grocery business, having

been the proprietor of Marquette's first exclusive grocery when fire swept away his stock in the memorable conflagration of 1868. Mr. Hopkins had lived a rather quiet life since that time, his attention being taken up with small business affairs. He worked up quite a trade in the sale of gas fixtures, and later confined his attention strictly to looking after the plumbing of residences. Political offices had no part, through his own choice, in the numerous incidents that went to make up the interesting life of Mr. Hopkins. He was an old member of the local Masonic lodge, and as tiler he held the office repeatedly for a period of twenty years. There are few in Marquette who are more generally known than was Henry Hopkins. His friends were legion, and a long time will elapse before he will be forgotten.

Mr. Hopkins was seventy-two years old. Besides the bereaved wife, he is survived by two children—Mrs. S. P. Westcott of Appleton and Miss Nellie Hopkins of this city. The funeral arrangements will not be made until the arrival of Mrs. Westcott here today. The obsequies, however, will be held under auspices of the Masons.

The circumstances of the death have made it a particularly sad one, and its suddenness was a cruel blow to the stricken family. The profound sympathy of the entire community goes out to them in their deep grief.

LINK OF THE PENNSYLVANIA.

Manistique & Northwestern Passes Over to New Company.

The Detroit Free Press has this to say concerning a railroad deal at Detroit this week that will interest Marquette people: "A very important railroad deal was consummated in this city yesterday, when the little upper peninsula line called the Manistique & Northwestern formally passed into the hands of a new company called the Manistique, Marquette & Northern. This line was originally a lumber road running from Manistique, on the upper end of Lake Michigan, to Shingleton, a little lumber station on the Duluth, South Shore & Atlantic road.

"Yesterday's sale makes it an important connection of the Pennsylvania system. A line of boats is to be run from Manistique to Northport, which is in the lower peninsula, and a railroad is to be built from Northport to Traverse City, where it will connect with the Grand Rapids & Indiana, which is controlled by the Pennsylvania. Through this deal the latter road will get connections with the mining country of the upper peninsula, and is enabled to carry ore from the iron mines of Michigan direct to the furnaces at Pittsburg.

"E. R. McKeown, auditor of the Grand Rapids & Indiana, is president of the Manistique, Marquette & Northern, and his son, Benjamin McKeown, is to be superintendent.

"It is expected that the building of the new line to Northport will develop the neighborhood of that place as a summer resort.

"The sale of the road was consummated largely through the work of E. C. Chapin, of Lansing, who was attorney of the Manistique & Northwestern."

Postmaster Mangum returned yesterday from a trip to the east end of the peninsula.

James Bennett has been elected overseer and Frank Neis guide of the A. O. U. W. lodge.

Dr. Demarse of San Francisco last evening concluded a visit with friends here and left for Milwaukee.

Mrs. Fred Donckers and children have returned from Seattle, where they had been for a couple of months.

Mrs. Wm. Burt arrived home yesterday after spending several months at Detroit, Chicago and other cities.

The funeral of the late Mrs. Thomas W. Smith will be held this morning at 9 o'clock from St. Peter's cathedral. Burial will be in Holly Cross cemetery.

Max M. Stierle, the photographer, is among the successful fishermen to bring in good catches. Forty-seven trout, caught in Cherry creek, constituted his string.

Claude W. Case came in from Munising yesterday afternoon. It's moving time with the wellknown banker, and the family will soon be settled in their new home here.

The last dance of the series held under auspices of the A. O. U. W. orchestra will take place at the hall this evening. The admission will be twenty-five cents per couple. Six pieces will furnish the music.

James Dwyer, special agent of the land department, with headquarters here, left last night for Detroit on business at the United States court. Prosecutions for fraudulent scrip entries will be looked after by him.

At the banquet enjoyed by the members of McKinley council, Royal Arcanum, last evening, E. J. Kohn, of Libby, McNeil & Libby, demonstrated the qualities of his company's commodities by serving a good supply of various goods that was much appreciated.

A Mathews, daughters Inez and Viana and son Abe are expected to arrive home this morning from a trip through the Southwest and a stay in California. They have been absent from the city for about eleven weeks. The journey home was made via Salt Lake, Denver, Omaha and Chicago.

A merry throng danced at Fraternity Hall until an early hour this morning as the pleased guests of the track team of the high school. It was a thoroughly enjoyable little party and incidentally a social event of the season. The hall was tastefully decorated and the music, as usual, was of the best. A handsome sum was realized.

Charles Eggers, Marquette's new city treasurer, has filed a bond in the sum of \$60,000, the Fidelity & Deposit company of Maryland being the surety. It has been approved by the council, as have also the bonds of Franklin E. Bay, controller, \$5,000, with Joseph Neidhart and George French as sureties, and T. J. Mancy, marshal, \$2,000. Martin Vierling and Joseph Fay, sureties.

"Number, please?" instead of the familiar "Hello" is now the salutation which greets patrons of the Bell phone when they call up the central office. People here are so accustomed to asking by name for the parties with whom they wish to converse that the new method will wear a little on the nerves. Where

in force, however, the system generally gives satisfaction and later on will doubtless do so here.

The dynamo installed in the new baggage cars, and which will furnish electric light for the South Shore's new trains, were given a practical test yesterday and found to work very satisfactorily. The power for the engines was furnished by steam from a locomotive coupled on to the baggage car. While the demonstration was going on, a number of people took advantage of the opportunity of inspecting the new cars and sleepers, and found them handsome and complete in all details.

McKinley council of the Royal Arcanum met last evening at its rooms in Fraternity Hall for a particularly enjoyable session. New members were initiated and a visiting member from Chicago gave some very interesting instructions in regard to the work of the order. A banquet was later indulged in, followed by a smoker and musical entertainment, and the meeting was pronounced the most successful since the institution of the council. The lodge will be heard from in the near future in the nature of a social function.

An excursion to Republic will be run by the South Shore tomorrow, the particular occasion being the first ball game of the season—to be played by the Negamunee and Republic teams. A round-trip rate of seventy-five cents has been made from Marquette. The tickets will be valid on the train leaving here at 7 o'clock in the morning, arriving at Republic at 8:50. Returning, the train will leave Republic at 6 o'clock p. m., arriving at Marquette at 7:55. The same rate of fare applies from Ishpeming and Negamunee, and it is expected that from the three cities of the county a large crowd will make the trip.

Grabower's Millinery Department

NEVER were the ladies of Marquette more fascinated with a Millinery Display than at our store since our opening. It proved an ovation of our own exclusive styles and our artistic designers who studied out the smart effects.

IT was the general verdict of all that a richer or more exquisite collection of Millinery Modes had never been displayed in this city. We are showing more Shirt Waist Hats than were ever displayed before at one time. Bring your hat to us to be retrimmed and we will cheerfully advise with you and give you the best and most artistic work.

To the Board of Supervisors of Marquette County.—GENTLEMEN:—The undersigned taxpayers of Marquette County would respectfully petition your honorable body to the deplorable condition of the road leading from the city limits of Negaunee to Sandusky, as the "North to Goose Lake Road." Since the time the road was built nothing whatever has been done to keep same in repair with the result that during the greater part of the year it is not only impassable but unsafe for travel.

Owing to the condition of this road its repair would be a substantial benefit to quite a proportion of the inhabitants of the county and a well merited recognition of their standing as contributors to the revenues of the county.

We would therefore ask your honorable body to make an appropriation of eight hundred dollars to put this road in repair that it may answer the purposes of a public highway and we would further ask that immediate action be taken in the premises.

To the Hon. Board of Supervisors of the County of Marquette.—GENTLEMEN:—The undersigned taxpayers residing in the townships south of the cities of Negaunee and Ishpeming, would respectfully ask that effective measures be taken at your first meeting to repair the old Goose Lake road. We understand that a petition has been circulated setting forth the need of the improvements asked for and the amount required for the same, but as none of the citizens of the county feel the need of this road more than the undersigned, we would emphasize that favorable action be taken in the matter at once. The road in its present condition is impassable and is a source of great inconvenience to the people residing in the central portion of the county.

Trusting that the matter will receive favorable consideration at your hands, we are

The county canvassers statement of the votes upon the proposition to raise upon the faith and credit of the county the sum of \$120,000 to build a new court house in the city of Marquette, showing an aggregate of 5,983 votes cast, of which 3,815 votes were in the affirmative and 1,878 in the negative, was read and ordered placed on file.

It was then moved, supported and carried that a new committee to be known as the "Court House Building Committee," to be composed of 15 members, of which the chairman of the board shall be the chairman thereof, be appointed and that said committee be added as a standing committee.

The board then adjourned until 2 o'clock p. m.

Meeting called to order at 2 o'clock p. m. by the chairman Walter Fitch.

The roll being called the following supervisors were found to be present:

Present—Agnew, Ayoitte, Barabe, Brunengraeber, Campbell, Chase, Connors, Dalton, Elliott, Ewing, Eddy, Fay, Fred. To the Hon. Board of Supervisors of the County of Marquette.—GENTLEMEN:—The undersigned taxpayers residing in the townships south of the cities of Negaunee and Ishpeming, would respectfully ask that effective measures be taken at your first meeting to repair the old Goose Lake road. We understand that a petition has been circulated setting forth the need of the improvements asked for and the amount required for the same, but as none of the citizens of the county feel the need of this road more than the undersigned, we would emphasize that favorable action be taken in the matter at once. The road in its present condition is impassable and is a source of great inconvenience to the people residing in the central portion of the county.

Trusting that the matter will receive favorable consideration at your hands, we are
