SENSATIONAL TURN
DISCUSSION OF PHILIPPINE BILL BECOMES WARM.
SENATOR TILLMAN IS AROUSED
REPLIES TO STRICTURES OF M'COMAS, OF MARYLAND.
South Carolina Declares the Filipinos Are Murdered and Butchered in the Name of Christianity.
Washington, May 7.—The discussion of the Philippine bill in the senate took a sensational turn again today. Senator McComas, of Maryland, referring to the alleged cruelties of the American soldiers in the Philippines told of some cruelties which occurred on both sides during the Civil war. Neither side, he held, was responsible for these occurrences as neither side approved of them. War, he said, was necessarily cruel. He suggested that the senators from South Carolina and Mississippi, "where there is less popular liberty than in any other," were shouting the loudest for constitutional liberty in the Philippines.
Senator Tillman Replies.
Senator Tillman, of South Carolina, replying, declared it was no longer possible to sneer away responsibility for infamies committed by the Americans in the Philippines. He said if it had been known in the South that the reins of government were to be given to the negroes, the civil war would have been prolonged indefinitely. He insisted that in order to maintain their self respect, the white people of the South were obliged to subdue the negro, by whatever means they could, using shotguns as one means. He frankly described how the negroes had been defeated at the polls, and admitted that the whites had gotten just such majorities as was necessary. He referred to the outrages in the Philippines, and then said he had heard only of the application of the "sand cure" in the South. He thought the sand cure as described was mild, and "When," he declared, "we get ready to put the niggers' face in the sand, we put his body there too." The South would not submit to negro domination. He insisted that the Republicans' contention was that the negroes of the South were to be ruled by the white country, but that the Filipinos were not fitted to govern themselves in the Philippines.
"Throughout the South," said he, "there is a horror hanging over every household for this awful fear of rapine. And yet you turn your back upon it and march to the East, where you murder, butcher and torture the poor Filipinos, and you are doing all this in the name of Christianity, humanity and liberty. I can see hypocrisy oozing out of you all over." (Laughter.) He hoped the Republican senators would turn from the "game of devilry in the Philippines" and assist the South to rid itself of the threatened negro domination. While Senator Tillman was speaking, many of the Democratic senators left the chamber, leaving the audience on the floor largely on the Republican side.
Burton Arraigns Tillman.
Senator Burton, of Kansas, vigorously arraigned Senator Tillman for his utterances. He asserted that the senator who could defend slavery and government by a shotgun could not be expected to think well of the senators who were trying to carry good government to the Filipinos. He was astonished that the senator in one breath should make an appeal for unsullied government in the Philippines and in the next should boast of crimes almost unparalleled in history. Senator Burton followed with a warm defense of the government's policy in the Philippines and a eulogy of General Funston as one of the great heroes of the army.
It was, he said, the evident purpose of Senator Tillman to give color to the statements that the Republican administration had inaugurated a policy of brutality unparalleled in history.
"The senator has got my point exactly," interrupted Senator Tillman, "the infamy rests upon the senators who helped to ratify the treaty of Paris." He said he might be called to order for reflecting upon the senators, but he would let the remark stand.
"I suggest," interrupted Senator Clapp, of Minnesota, "that you withdraw your reflections as to the senators, but let them stand as they apply to Bryan alone." (Laughter.)
Senator Burton declared that there was no authenticated instance of the intentional killing of women or children by our troops in the Philippines.
"Upon this question Senator Burton became involved in an animated controversy with Senator Rawlins, of Utah, and after Senator Burton had read certain words of Senator Rawlins from the record, the Utah senator remarked:
"The senator has quoted me correctly. And for those statements I stand responsible."
"And for my comments upon them," replied Senator Burton, speaking slowly and emphatically, "I stand responsible."
"Ah," exclaimed Senator Carmack, of Tennessee.
"Notwithstanding," continued Senator Burton, "the comment in the corner from the senator from Tennessee."
Senator McComas, of Mississippi, quoted the figures concerning the Mississippi elections in response to the statements made by Senator McComas. He said he thought the time was past for waving "the bloody shirt."
The senate then adjourned.

OFFICER BRUTALLY ASSAULTED.
Lieut. King Is Set Upon by Unknown Men and Nearly Killed.
Chicago, May 7.—Lieutenant H. E. H. King, of the Twentieth infantry, stationed at Fort Sheridan, was badly beaten tonight by unknown men. He sustained injuries which are likely to cause his death. His assailants are supposed to be deserters from the fort, for whom the lieutenant had been searching. He was found late tonight on the steps of the residence of S. J. M. Melville, on Greenwood avenue, Evanston, where he had gone to secure assistance, and had fallen unconscious on the doorstep. His head was terribly beaten and his assailants evidently kicked him many times in the face after he became unable to defend himself. He also sustained internal injuries.
STRIKE THREATENS IN CHICAGO.
Street Railway Employees May Go Out Because Some Are Discharged.
Chicago, May 7.—The street railway situation in Chicago tonight took on a more threatening aspect. Employees of the North and West side demanded that a strike be called immediately because some of their member had been discharged. President Bowman, of the Chicago Federation of Labor, and other members of the federation will call on President Roach, of the Union Traction company tomorrow, and will ask if it is the intention of the management to discharge all car line employees connected with the union. What course the federation will pursue if President Roach declines to meet the board is not known.

IS AT A STANDSTILL FAVORS HOPKINS
NO CHANGE AS YET IN STRIKE SITUATION.
EXECUTIVE BOARD IN CONFERENCE
RESULT WILL NOT BE MADE KNOWN FOR A TIME.
Reported That the Operators Have a Thousand Men at Buffalo Ready to Man the Hoisting Engines at the Mines.
Scranton, Pa., May 7.—The executive boards of the United Mine Workers of America for the three districts comprising the Anthracite coal regions, met here today to consider a report of the special committee which had been in conference with the present coal-carrying railroad, and to decide whether the men would remain at work or go on a strike for increased pay, a shorter day's work, and the insistence that the coal be weighed at the mines. The miners' representatives were in session all day, but nothing was done of which definite knowledge would be given to the public. The meeting so far as the outside world knows, made absolutely no change in the situation.
Pres. Mitchell's Statement.
When the meeting adjourned, President Mitchell gave out the following meagre statement: "The committee is canvassing the situation carefully. No decision is as yet reached. The committee will meet again tomorrow. I have heard nothing from the operators. No concessions have been granted and I know nothing of any movement to secure concessions."
Many sensational stories are current tonight, among them one to the effect that the companies have a thousand men assembled at Buffalo, ready to come and man the pumps and hoisting engines should the firemen and engineers go out with the miners in case of a strike.

VIEW THE REMAINS.
Public Were Allowed to See the Body of the Late Archbishop Corrigan.
New York, May 7.—Twenty thousand persons viewed the remains of Archbishop Corrigan in the cathedral tonight. More than twenty-five thousand crowded the church between 11 o'clock in the morning and five in the evening. The doors of the cathedral were closed at 10 o'clock tonight and a guard of honor from the Catholic club commenced the night watch over the remains. Cardinal Gibbons will intone a pontifical requiem mass Friday morning. Archbishop Ryan of Philadelphia will preach the funeral sermon. Tickets for the mass were issued tonight and sent to many prominent men throughout the city.
Private service over the body of Archbishop Corrigan was held this afternoon in the cathedral at which Fathers Phelan, McCreedy and Flood pronounced absolution of the dead. When the doors were thrown open to the public, lines were formed by the police and every one was given an opportunity to see the dead prelate's face for the last time. Rev. Dr. Ferranti, Italian secretary to Archbishop Corrigan, made public tonight a eulogium from Cardinal Rampolla, pontifical secretary of state at Rome, as follows:
"The holy father with great sorrow has learned of the death of the grand archbishop whom he hoped to see in the very soon. His holiness, who appreciates very highly the special merits of the dead prelate, expresses sympathy from the depths of his heart for the metropolitan church of New York, and prays God to give the soul of the great archbishop a repose of just and premium of the eternal glory."

WOMEN HAVE EXCITING TIME.
An exciting episode of today was the convention of Republican women to name a candidate for university trustee to be recommended to the convention tomorrow. Mrs. Laura B. Evans of Taylorville, defeated Mrs. Mary Turner Carriel of Jacksonville, 265 to 89. Mrs. Evans is accused of having packed the convention. One hundred W. C. T. U. women headed by Mrs. G. Clinton Smith, of Springfield, indignantly withdrew from the convention, when Mrs. Sarah K. Harwood of Decatur, chairman, ruled that only avowed Republican women had a right to participate. Mrs. Emma E. Springer of Chicago, characterized the convention as a "howling mob." Friends of Mrs. Carriel charge "repeating." It is probable that the matter will be carried into the state convention tomorrow in an effort to have Mrs. Carriel nominated.

LIVE TO TELL THE TALE.
Three Miners Fall Two Hundred and Fifty Feet and Escape Death.
Crystal Falls, Mich., May 7.—Three miners employed at the Armonia Iron mine, Nester Larson and John and Nicholas Mattson, dropped a distance of 250 feet and live to tell their experience. They had boarded cage No. 1 preparatory to descending in it when the brake on the cage in some manner became loosened and with its human freight, dropped to the bottom with great velocity. Other men hurried down expecting to find the mangled corpses but beyond a broken leg sustained by one miner, had cuts by another and a severe shaking up by all, the occupants of the cage were none the worse for their thrilling descent.

SIGN OLEOMARGERINE BILL.
Washington, May 7.—It was announced today that the president will sign the oleomargarine bill today or tomorrow.

SEVEN YOUNG PEOPLE DROWNED.
Were Riding in a Naptha Launch and Were Run Down by a Tug.
Toledo, May 7.—Seven young people, members of the Sunday school class of the First Baptist church, were drowned in the Maumee river just before this city tonight. The naptha launch Frolic, on which they were taking a pleasure ride, was run down by the tug Arthur Woods, of the Great Lakes Towing company's fleet. The launch is owned by Joseph W. Hepburn of this city, who invited eleven young people to take an evening ride with him. They started on the trip to Lake Erie early in the evening and were returning when the accident happened.
The dead are: Irwin Swaine, Bessie Leese, Edna Lowe, William Fanner, Lessie Byscum, Eulalie Richard and Grace Haspin. Mr. Hepburn, Miss Clara Marks, Arthur Marks and Miss Grace Lowe are the only survivors.
The river is being dragged for the bodies of the drowned but they will probably not be recovered before morning. The tug brought the rescued to the city.

FOR DIPLOMATIC SERVICE.
Senate Makes Appropriation and Fixes Salary of Minister to Cuba.
Washington, May 7.—The senate today passed a bill making appropriations for the diplomatic and consular service in Cuba. The minister's salary is fixed at \$12,000 and \$2,000 is allowed for the yearly rental of a proper legation residence in Havana. The army appropriation bill was reported.

ILLINOIS REPUBLICAN STATE CONVENTION
Today Will Be an Exciting Session—Women Have Troubles of Their Own.
Springfield, Ill., May 7.—Unless all signs fail Congressman Albert J. Hopkins will be endorsed for United States senator by the Republican state convention tomorrow. He is confident he will be thus recognized. Governor Yates claims a thousand votes for the proposition to endorse Hopkins.
Senator Mason will not admit that Hopkins has a majority of the delegates. The senator gave out an authorized statement tonight in which he says if the convention endorses Hopkins it will mean the sure defeat of the Republican county ticket in Cook county and probably the Republican state ticket. The managers of Charles G. Dawes' candidacy seem confident tonight that there will be no endorsement.
State Senator Fred Busse will be nominated for state treasurer by acclamation. No other candidate will be presented to the convention.
The state central committee tonight agreed on the following temporary officers for the convention: Chairman, Congressman Joseph G. Cannon of Danville; secretary, Walter Fieldhouse of Chicago; assistant secretaries, Perry Lewis of Quincy; J. H. Paddock of Springfield; Matt C. Smith of Bloomington.
Women Have Exciting Time.
An exciting episode of today was the convention of Republican women to name a candidate for university trustee to be recommended to the convention tomorrow. Mrs. Laura B. Evans of Taylorville, defeated Mrs. Mary Turner Carriel of Jacksonville, 265 to 89. Mrs. Evans is accused of having packed the convention. One hundred W. C. T. U. women headed by Mrs. G. Clinton Smith, of Springfield, indignantly withdrew from the convention, when Mrs. Sarah K. Harwood of Decatur, chairman, ruled that only avowed Republican women had a right to participate. Mrs. Emma E. Springer of Chicago, characterized the convention as a "howling mob." Friends of Mrs. Carriel charge "repeating." It is probable that the matter will be carried into the state convention tomorrow in an effort to have Mrs. Carriel nominated.

CONCENTRATION CAMPS.
Another order transmitted is one by Major General Lloyd Wheaton dated Manila, March 24, 1902 upon the condition of the natives collected in concentration camps, from which it appears that they were well fed, healthful and contented. General Wheaton expresses the belief that the camps can be broken up within sixty days. An important endorsement on this report is made by General Chaffee in which he says:
"I do not understand that the authority of the United States in these islands can be indefinitely disputed by the armed forces without efforts to terminate a resistance to that authority. On the other hand, I understand that all the means justified by the laws of war are to be applied in such form as will meet and defeat the method of warfare adopted by the enemy. Every care has been taken that the people required to remain under military surveillance shall not unduly suffer for food, shelter or medical attention."
Root says there is no reason to doubt that the policy embodied in the above orders was the most effective and humane which could be possibly followed. The secretary denies knowledge of any order issued by General Smith to Major Waller, such as was referred to in the court martial. In conclusion the secretary submits dispatches from General Chaffee of a late date reporting the extensive surrenders of insurgents and the success of the policy embodied in written order.

O'OKIEP RELIEVED.
Had Been Surrounded by a Boer Force Since April Four.
London, May 7.—The town of O'okiep, in western Cape Colony, which had been besieged since April 4 by the Transvaal force under Commandant Smuts has been relieved by a British force under Colonel Cooper. The garrison is in good health only a few troops being wounded. The Boers retired south.

CHIAFFEE CONSULTS WITH DATOS
Manila, May 7.—General Chaffee sailed today for the Lamo district in the island of Mindanao, where he expects to hold a conference with the prominent surviving sultans and Dattos.

SECRETARY OF WAR SUBMITS TO SENATE COPIES OF ORDERS.
POLICY FOLLOWED WAS HUMANE
EFFECT IS SHOWN IN SURRENDER OF INSURGENTS.
All Knowledge of the Order Referred to in the Court Martial for Crerley of General Smith Is Denied.
Washington, May 7.—Secretary Root today submitted to the senate an answer to the resolution of May 1 calling for copies of any orders issued by General Bell relative to reconcentration in Batangas and of orders issued by General Smith to Major Waller, set up by the latter in his defense before the court martial. The secretary also was asked to state whether these orders were approved by General Chaffee or by the war department, when they were known in the department and when countermanded.
Submits Two Orders.
In reply the secretary submits two orders by General Bell dated December 8 and 9. In the first General Bell refers to the treachery of the natives and to their use of infernal machines and to the constant violation of all the rules of civilized warfare. Therefore, he declares, he is reluctantly obliged to avail himself of the right of retaliation under the regulations and deal severely with the persons who commit the acts denounced in general order No. 100. He says:
"Against but one of these flagrant violations of the laws of warfare, namely, murder, has the United States government ever adjudged or executed the severe penalties authorized by the sections of the law above cited, in the vain hope, that, by this exercise of forbearance and generosity, the people might be conciliated and become conciled to and convinced of the benevolent purposes of the government. Instead of having had the desired effect, however, this policy in Batangas and Laguna apparently failed to appeal to even the keenest intellects. The reckless expedients adopted by the enemy, especially of intimidation and assassination, leaves to the brigade commander no other means of protecting either the lives of his subordinates, or those of the peaceful friendly citizens, or the interests of his government, against a repetition of the barbarous outrage, except the enforcement of the penalties authorized by the laws of war."
"The brigade commander, therefore, announces that wherever prisoners or unarmcd or defenseless Americans or natives friendly to the United States government are murdered or assassinated for political reasons, and this fact can be established, it is his policy to execute prisoners of war under the authority contained in sections No. 50 and 145. This prisoner of war will be selected by lot from among the officers or prominent citizens held as prisoners of war and will be chosen when practicable from those who belong to a town in which the murder or assassination occurred."
Secretary Root explains that the order referred to was approved by President Lincoln.

ROOT HAS REPLIED
SECRETARY OF WAR SUBMITS TO SENATE COPIES OF ORDERS.
POLICY FOLLOWED WAS HUMANE
EFFECT IS SHOWN IN SURRENDER OF INSURGENTS.
All Knowledge of the Order Referred to in the Court Martial for Crerley of General Smith Is Denied.
Washington, May 7.—Secretary Root today submitted to the senate an answer to the resolution of May 1 calling for copies of any orders issued by General Bell relative to reconcentration in Batangas and of orders issued by General Smith to Major Waller, set up by the latter in his defense before the court martial. Starting and Staying.

At the start in a long race, the advantage often appears to be with an outsider. But the race is won not in starting but in staying. The quality which wins is staying power. It is so in the race of life. Staying power is derived from food which is properly digested and assimilated. When the food eaten is only partly digested and assimilated there is a loss of nutrition which means a loss of strength and the general result is physical break-down.

Dr. Pierce's Golden Medical Discovery gives strength and staying power, because it cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of the food eaten, and so strengthens the body naturally by the nutrition derived from food.

Accept no substitute for Golden Medical Discovery. There is nothing "just as good" for diseases of the stomach, blood and lungs.

Dr. Pierce's Pellets are easy and pleasant to take. A most effective laxative.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Entered as second class mail matter of the second class in the postoffice at Marquette, Mich.

MR. STEARNS' LATEST. There is a suggestion of desperation in the last published statement of Mr. Stearns, setting forth his reasons for becoming a candidate for the governorship in opposition to Bliss.

The gist of the indictment Mr. Stearns brings against the governor is that he is the creature of the Michigan Central Railway company; that he was that as a member of the legislature in former years, is that now as governor, and will continue to be that as long as he is allowed to hold the executive office. Mr. Stearns more than intimates that the appointments of Governor Bliss have been dictated largely by that corporation; that it procured his nomination in the first place and is behind the movement to give him a second term.

But how can Mr. Stearns convict Governor Bliss of being the tool of a railway corporation without establishing that the party which has made him governor is dominated by the same influence? The policy affecting that corporation which Mr. Bliss supported when he was a member of the legislature had the support of the Republican majority also. It was a Republican convention which made him a candidate for the governorship and it was by the votes of the Republican electors of the state that he was elevated to the executive office.

For months past industrious Democrats have been busy gathering just such information as my letter contains, for use after the nominating convention have been held. It is not better that Republicans should now have it to profit by I cannot help thinking it is, and that my action from any standpoint it may be viewed by Republicans wishing to conserve the interests of the party should be approved.

Very much scared. A Canadian paper, the Toronto News, is dreadfully worked up over the possibility of harm to the interests of that unhappy British dependency through "Yankee" acquisition of control of ocean steamship lines. Alluding to the work of the Morgan syndicate in gobbling up these, it enters this agonized wail: "The attempt of the new steamship combine to interfere with the arrangements of the Canadian agents in Great Britain for securing immigrants for this country is but a slight foretaste of the treatment which Canada may expect from this state, should it succeed in becoming possessed of a monopoly of the Atlantic carrying trade."

DR. FENNER'S KIDNEY and Backache CURE. All diseases of Kidneys, Bladder, Urinary Organs, Rheumatism, Discharging Sores, Gonorrhea, Syphilis, etc. My wife was seriously affected with female troubles. Dr. Fenner's Kidney and Backache Cure cured us both. F. M. WHEELER, Randolph, Ia.

and if a complete monopoly were established there might be no further interference in Canadian trade. The control of the combine, nevertheless, is in American hands, and its success would mean that Canada would be a mere commercial dependency of the United States, and we may be certain that when American and Canadian interests conflicted, as they would, no doubt, at times, the Canadian interests would receive scant consideration. At any rate, it is intolerable that we should surrender at the order of a few Yankee speculators the independence which we have maintained for years in the face of the hostile commercial regulations of the whole nation.

PROCEEDINGS OF THE LIGHT AND POWER COMMISSION, MARQUETTE, MICH. Regular meeting of the Light and Power Commission held at the City Hall, February 25, 1902, pursuant to adjournment of the 24th inst.

The Cleveland Plain Dealer states that the movement of ore for April broke all previous records. With one dock short the total for the month was 1,735,000 tons. Last year the dock that had not reported shipped about 150,000 tons, and as all the docks shipped more in April than they did in the opening month last year, the figures that are yet to be received will bring the total for the month pretty close to 1,900,000 tons.

President Roosevelt did a handsome thing when he named Gen. Eli S. Dragg of Fond du Lac, Wis., for the office of consul general at Havana. The position calls for just such administrative ability as the appointee possesses. General Dragg is fairly well along in years, but there is plenty of capacity for good service in him yet.

For months past industrious Democrats have been busy gathering just such information as my letter contains, for use after the nominating convention have been held. It is not better that Republicans should now have it to profit by I cannot help thinking it is, and that my action from any standpoint it may be viewed by Republicans wishing to conserve the interests of the party should be approved.

AN ORDINANCE. The City of Marquette Ordinance. Sec. 1. That the following premises in the City of Marquette, be, and they are hereby established as public ponds for the use of the city.

DR. FENNER'S KIDNEY and Backache CURE. Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a life time curing just such cases as yours. All consultations free.

COPPER COUNTRY (Additional.)

Death has been striking down our great men relentlessly during the week. Archbishop Corrigan, Admiral Sampson and Bret Harte, each of whom had won high rank in his vocation, have been called hence since the week opened. In Archbishop Corrigan the Roman Catholic church has lost one of its greatest and most-loved prelates. His was a life of unremitting labor and splendid usefulness, from which the church to which he belonged did not benefit alone. In his chosen career Admiral Sampson rendered the nation valuable service, and will be truly mourned in Harte by his grateful countrymen.

(Additional Copper County on Page 2.)

WILL EXTEND ITS LINE.

Houghton County Street Railway Will Take in Lake Linden.

The Houghton County Street Railway company will extend its line from Hancock to Lake Linden. C. J. Johnson, the Houghton railroad contractor, will receive the contract to build the road, a stretch of fourteen or fifteen miles.

Mr. Johnson built the present line and just now is well fixed to push operations on the new road, work on which is to commence very soon. Mr. Johnson already has camps established between Hancock and Lake Linden along the lake shore at the Quincy and Tamarack Mills and he intends to carry on the work of building the street railway to Lake Linden at the same time.

The fact that the present street railway company is to extend its line to Lake Linden means that it has permission to cross the lands of the Calumet & Hecla and Tamarack and Osceola Mining companies' lands and that Faucett Bros. franchise to run through the village of Lake Linden has been or will be purchased. It was announced in The Mining Journal recently that Faucett Bros. of Laurium who were the promoters of the proposed new street railway company, which intended to build a line from Laurium to Lake Linden and on to Hancock, were unable to get permission to cross the lands in question.

Lake Linden people will welcome the Houghton County Street Railway company as all they want is an up-to-date line which will go by the lake shore route no matter who builds it. There are those of course who favored Faucett Bros., and then there are those, too, who believe that the Houghton County Street Railway company knew what the ultimate result would be when the franchise was given to Faucett Bros. by the village council of Lake Linden.

Nothing Done So Far. Delay in Decorating Grounds of Michigan College of Mines.

Mrs. E. A. McCrea, of Chicago, the only woman landscape artist in the country, who was recently in Houghton to look over the grounds at the Michigan College of Mines with a view of making plans to beautify the college surroundings, is now in Milwaukee superintending the changes that are being made in the grounds about the Chicago and St. Paul railway depot.

Will C. Brown, Resident Manager, Marquette, Mich.

Michigan College of Mines

On the evening of May 20 at the Dollar Bay rink the drama, "The Last Leaf," will be presented under the auspices of the Ladies' Aid society of the Methodist church by a cast of eight.

WORK WILL GO ON.

Proposed Addition to Houghton School to Be Built.

At the meeting of the taxpayers of School District No. 1 of Portage township held at the Houghton High school Tuesday evening to discuss the needs of the district and whether or not the proposed addition should be built as planned to the East Houghton school to provide accommodations for about 300 children, it was decided that the work should be done. It was voted to transfer \$7,000 from the general to the building fund and that amount will be used with the \$5,000 already in the fund to pay for the addition. The contract will likely be let this week or next.

COMES OF FIGHTING STOCK.

Capt. James T. Moore is a Son of a Veteran of the Civil War.

Captain James T. Moore, of the U. S. regulars, who was seriously wounded in the battle of Bayan in Mindanao, Philippines, last Friday, comes from old fighting stock and those who know the young fellow also know that if there was any fighting he was right in it at the head of his men. His father, Master Mechanic James Moore of the Quincy, is a veteran of the Civil war and went through many hard campaigns.

SOME BIG ATTRACTIONS. The Copper Country Will Be Well Entertained This Summer.

Hancock will take the lead of all the copper country towns this summer so far as attractions and conventions and affairs of that sort are concerned and it will mean considerable extra business for all business men in the village. It will have Ringling Bros. circus, Buffalo Bill's Wild West and Congress of Rough Riders, and the Boston Carnival shows all in the month of July, also the state convention of the Sons of St. George. In August the Hibernians will hold their big reunion in Hancock.

AWARDED THE CONTRACT.

John Michaels Will Build the New Hotel for the Haas Brewing Co.

John Michaels, of Houghton, has been awarded the contract by the Haas Brewing company to build a hotel and saloon building on the county road between the Champion and Trumountain mines. It will be a two-story frame structure, 44 by 54 feet, to cost about \$10,000. The building will be equipped with modern conveniences. Work will be commenced this week.

TALKING OF HOCKEY.

Calumet Enthusiasts Already Looking Forward to Next Winter's Play.

Calumet in all probability will have a hockey team next winter. Enthusiasts of the game at that place are already taking steps that should result in a strong team. Several players from the county side will be secured and those with the material already on hand will be all that is needed. As Portage Lake will have as strong a seven or even more so next season than last some very exciting times in hockey circles may be expected in copperland next winter.

ON TRIAL FOR ASSAULT.

August Lund, Who Stabbed Matt Jacobson, is Having His Hearing.

August Lund, arrested on the charge of assault to do bodily harm less than the crime of murder, on the complaint of Matt Jacobson, of Portage Entry, was given a hearing in Justice Brown's court at Houghton yesterday afternoon. About two weeks ago Lund stabbed Jacobson in the back as the result of an altercation between the two men.

TAKEN INTO THE FIRM.

Attorney S. L. Lawton, of Hancock, who has been Dunstan & Hanchette's trial lawyer for the past three years, will be taken into the firm which will hereafter be known as Dunstan, Hanchette & Lawton. Mr. Lawton came to Hancock from lower Michigan three years ago and since that time has been a familiar figure in the courts here. He is recognized as a bright lawyer.

SUED FOR \$1,500 DAMAGES.

George Antioch, the Calumet Greek who recently slugged his former partner Kelly, another Greek, and who was arrested and fined is now sued by Mr. Kelly for \$1,500 damages. Kelly received a black eye at the hands of Antioch and wants a good price for it. Antioch says he will go to jail and let Kelly see for his board unless the suit is withdrawn.

E. W. GROVE.

This name must appear on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day.

THE LAST LOAF.

On the evening of May 20 at the Dollar Bay rink the drama, "The Last Leaf," will be presented under the auspices of the Ladies' Aid society of the Methodist church by a cast of eight.

WILL EXTEND ITS LINE.

Houghton County Street Railway Will Take in Lake Linden.

COMES OF FIGHTING STOCK.

Capt. James T. Moore is a Son of a Veteran of the Civil War.

AWARDED THE CONTRACT.

John Michaels Will Build the New Hotel for the Haas Brewing Co.

TALKING OF HOCKEY.

THE ARCADIAN.

Rumors that the Mine Will Shut Down Not Confirmed.

The fact that Arcadian is shipping the machinery that was sold to the Trumountain some three months ago has given rise to the rumor that the mine was likely to be abandoned. It is safe to say that there is no immediate prospect of the Arcadian shutting down. The machinery removed was from the abandoned workings, and there is still ample equipment at the mine for the proper conduct of the operations under way.

During the past winter a hole was located approximately 1200 feet east of the Arcadian vein that gives considerable promise and should its further development prove as valuable as where originally located the mine would be assured a new lease of life. The mine has a world of territory traversed by the new hole which could be operated for unlimited distance. Still east of this new find the company owns fully a mile of property on the mineral range, which has never been explored, and it is quite within the range of possibilities that other holes will yet be disclosed.

Only a Small Margin of Profit on Output of Calumet & Hecla.

The Boston News Bureau says the Calumet & Hecla people believe that, based upon the present increased cost sheets representing more than 2 cents per pound advance, upon the world's consumption, which is the largest in history, the price of copper should be 14c instead of 12 1/2c. Many people therefore believe that as the Calumet and Hecla people still declare that they are in no trade agreement and are likely so to continue, although the price of copper is too low and should be under existing conditions nearer 14c than 12c.

LEAVE FOR MACKINAC ISLAND.

Claude Beards and S. G. Wells, the barbers who opened a shop in the Hocking building on Quincy street, Hancock, several months ago, left town on the steamer India Tuesday afternoon.

FOR A COUNTY FAIR.

Another meeting of Lake Linden men interested in the holding of a county fair this year will be held at the city hall Thursday evening when plans may be made to arrange for a fair in September.

WILL ELECT OFFICERS MONDAY.

At the regular meeting of the Hancock Y. M. C. A. Tuesday evening S. R. Harris, Dr. E. D. Gardner and J. H. Edwards were re-elected directors and Otto Borresen was named to succeed Andrew Johnson.

HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made all right. It's the best all-round medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Stafford.

DON'T START WRONG.

Don't start the summer with a lingering cough or cold. A few doses of One Minute Cough Cure will set you right. Secure cure for coughs, colds, croup, grip, bronchitis, all throat and chest troubles. Absolutely safe. Acts at once. Stafford Drug Co. H. N. Meloche, Ishpeming.

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All.

How any man may quickly cure himself after years of suffering from sexual weakness, lost vitality, night losses, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 2129 Hull Bldg., Detroit, Mich., and they will gladly send the free receipt with full directions so any man may easily cure himself at home. This is certainly a most generous offer, and the following facts taken from their daily mail, show what men think of their generosity.

"Dear Sirs—Please accept my sincere thanks for yours of recent date. I have even your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enlargement is entirely satisfactory."

"Dear Sirs—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, under years of sealed envelopes. The receipt is free for the asking and they want every man to have it.

MASS CITY NOTES.

The K. of P. lodge has recently obtained the paraphernalia needed for working the third degree. The work done by the new lodge is extraordinary, considering the length of time it has been organized, and the officers deserve great credit for the interest they have shown.

P. W. Scott, the townsite manager, has returned from a visit to Virginia City. It is his intention to start for British Columbia some time during the month, where he proposes to start a new settlement.

The school yard is being graded, after which it will be sown to grass. This, with a new fence and walk will make the place look quite respectable.

Captain Trevarrow, who had his foot badly smashed a few days ago, is doing nicely and the doctor says his foot can be saved.

The new rock house being put up at the Adventure is nearly completed. It is a fine sized building and an ornament to the place.

A new play is being planned by the Ladies' Aid entitled "The Last Leaf." That it will be a success goes without saying.

The strike called on by the Finns at the Mass mine has been peacefully settled and the mine is once more running.

A fair ground is being talked of, to be situated half way between Mass City and Greenland.

V. A. H. Robinson, our bustling feed man, is putting up a forty-foot addition to his store.

DRAW UP ARTICLES.

Attorney Allan F. Rees, of Houghton, will draw up the articles of association for the new opera house company to be organized in Houghton. It was deemed advisable to organize the company right away so that the promoters of the theatre project would be in a better position to receive bids for the work and let contracts. Mr. Pope will return from the East the latter part of this week or the first of next and the plans may then be seen by contractors who wish to make bids.

WILL NOT SHUT DOWN.

Even though the Arcadian is selling much of its machinery it is said that there is no immediate prospect of the mine shutting down. The machinery sold to the Trumountain was taken from abandoned workings, and there is still enough machinery to push work. The working force has not been reduced and the company is getting in a big supply of coal. The Arcadian owns a big stretch of land east of the Arcadian vein that has not yet been thoroughly explored.

LEAVE FOR MACKINAC ISLAND.

Claude Beards and S. G. Wells, the barbers who opened a shop in the Hocking building on Quincy street, Hancock, several months ago, left town on the steamer India Tuesday afternoon.

FOR A COUNTY FAIR.

Another meeting of Lake Linden men interested in the holding of a county fair this year will be held at the city hall Thursday evening when plans may be made to arrange for a fair in September.

NO ORDERS ISSUED

OPERATIONS IN SAMAR NOT DIRECTED BY WAR DEPARTMENT.

LEFT TO COMMANDING OFFICER

SECRETARY ROOT REPLIES TO HOUSE RESOLUTION.

House Takes Up the Application for Statehood of Territories of Oklahoma, Arizona and New Mexico.

Washington, May 7.—Secretary Root today made the following response to the house resolution calling for copies of all orders sent to General Smith and other officers relative to the campaign in Samar:

"No orders or instructions have been forwarded to the commanding military officer in the Philippine islands relating to the conduct of military operations on the island of Samar, or relating to the campaign of General Jacob H. Smith in said island except the instructions for government armies of the United States in the field, approved and promulgated by the command of President Lincoln, General order No. 100,183, a copy of which is annexed hereto, and which has been followed and conformed to by all orders made in the Philippines in respect to that campaign, so far as the same has been received at the war department."

Three New Stars. The house today began the consideration of the bill to enable the people of Oklahoma, Arizona and New Mexico to form constitutions for a state government, and be admitted into the union on an equal footing with the original states. Representative Knox, of Massachusetts, chairman of the committee on territories, and Rodney, a delegate from New Mexico, made speeches in support of the bill. Representative McCreary, of Arkansas, while favoring the admission of the three territories, gave notice of an amendment to consolidate Oklahoma and Indian Territory, and admit them as a single state. The house adopted the conference report on the Indian appropriation bill. A vigorous but unsuccessful fight was made on the senate amendment to open up the Uintah Indian reservation Utah.

NATIONAL MUNICIPAL LEAGUE.

Eighth Annual Meeting Being Held in Boston.

Boston, May 7.—All sections of the country are represented here today in the eighth annual meeting of the National Municipal League, and the tenth national conference for good city government. The sessions will continue until Friday evening. Addresses were delivered today by Mayor Patrick A. Collins and Samuel B. Capen of Boston; James C. Carter, president, and Clinton Rogers Woodruff, secretary of the league; and by Edward J. Park of Quincy, Ill., president of the American Park and Outdoor Art association. The following officers were chosen: President, James C. Carter, of New York; first vice-president, Charles Richardson, of Philadelphia; second vice-president, Samuel B. Capen, of Boston; secretary, Clinton Rogers Woodruff, of Philadelphia; treasurer, George Burnham, Jr., of Philadelphia.

FUNCTIONS FOR FRENCH.

Delegates to Rochambeau Statue Unveiling Will Be Dined at White House.

Washington, May 7.—The French delegates who are coming to the Rochambeau statue unveiling will be entertained at dinner at the White House on the evening of May 22. A luncheon aboard the Gauloise, the French flagship, which will be anchored at Annapolis, will be given on May 25 and will be attended by President and Mrs. Roosevelt, members of the cabinet and others from among the personal friends of Ambassador Cambon. The same evening the French ambassador will give a dinner of forty covers at the embassy.

PUERTO PLATA CAPITULATES.

Monte Christi, Santo Domingo, May 7.—Puerto Plata today capitulated to the revolutionists, who took possession of the town and fort. General Deschamps, the former governor, embarked on board a French steamer, bound for Hayti. All is quiet.

Doctors

Consult your doctor. If he says, "Take Ayer's Cherry Pectoral for your cough," then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are leaving. Physicians have been our friends for 60 years.

"For five years I suffered with bronchitis. A few weeks ago I began to take Ayer's Cherry Pectoral, and only two bottles entirely cured me." Daniel B. Lipps, Alta, W. Va.

25c, 50c, \$1.00. J. C. AYER & CO., Lowell, Mass.

FUNERAL WILL BE FRIDAY.

Remains of Admiral Sampson Will Be Interred at Arlington.

Washington, May 7.—According to present arrangements the funeral ceremonies over the remains of the late Admiral Sampson will take place Friday morning. The remains will be taken to Arlington for interment, accompanied by a special splendid military and naval escort.

DEPENDS ON DR. WEBB.

Resumption of Business of Suspended Firms Contingent on Him.

New York, May 7.—There were no developments today respecting the three stock exchange firms which suspended Monday after the severe break in the securities of the so-called Webb-Meyer syndicate. It was said today that resumption of business by the suspended firms is contingent almost entirely upon the attitude of Dr. W. Z. Ward Webb.

CONDUCT WAS BLAMELESS.

Sailors Off Cruiser Chicago Were Baited by Civilians.

Vienna, May 7.—The facts of the reported arrest of Trieste of four sailors from the United States cruiser Chicago, for alleged disorderly conduct in a cafe, are as follows: Last Sunday evening, four sailors from the Chicago were baited by a crowd of civilians while ashore at Trieste. The police interfered and arrested one of the civilians. The chief of police of Trieste says the conduct of the American sailors was blameless.

A COSTLY WRECK.

Oil Tank Car on C. & N. W. Breaks Down and Ignites.

Des Moines, May 7.—The breaking down of a tank car filled with oil caused a costly wreck on the Chicago & Great Western at Talmage, fifty miles south of here, tonight. Conductor George Miller, of St. Joseph, Mo., was killed. The tank car fell from the bridge over the Grand river, dragging with it three cars including the caboose. The oil was ignited and the cars and bridge, which is 150 feet long, were burned.

EXECUTIVE COMMITTEE NAMED.

Chairman Babcock Gives Out the Personnel as Arranged.

Washington, May 7.—The executive committee of the Republican congressional committee announced tonight, is as follows: Representative Hull of Iowa, chairman; Cannon of Illinois; Mercer of Nebraska; Lonsdale of New Jersey; Russell of Connecticut; Lovering of Massachusetts; Connell of Pennsylvania; Metcalf of California; Burleigh of Maine.

Senators Proctor, Callinger and McBride retire from the committee. Congressman Babcock's determination as to his executive committee gives assurance that he expects to be able to direct the affairs of the chairmanship, which fact was in doubt for a time owing to his illness.

BASEBALL SCORES.

American League. R. H. E. Detroit . . . 020000000—2 6 3 St. Louis . . . 00000200—4 5 2 Batteries: Miller and McGuire; Harter and Suggen. Boston . . . 15020040—12 12 4 Washington . . . 030000014—8 14 8 Batteries: Young and Criger; Townsend and Drill. Cleveland . . . 001200001—4 9 2 Chicago . . . 110002001—5 9 4 Batteries: Street, Yasbinder and Bonis; Pratt and Sullivan. Philadelphia . . . 20010003—6 14 0 Baltimore . . . 200000003—5 11 0 Batteries: Hustings and Powers; McGinnity and Robinson. National League. Chicago, May 7.—The visitors were blanked today in a light hitting game, Taylor allowing but two singles while Mathewson was touched for five. Chicago . . . 00001102—4 5 1 New York . . . 000000000—0 2 3 Batteries: Taylor and Chance; Mathewson and Bowman. Cincinnati, May 7.—Curry pitched a nice game but was given wretched support. Cincinnati . . . 000110010—3 12 4 Boston . . . 020002200—7 8 2 Batteries: Curry and Berger; Willis and Kittledge. Pittsburgh, May 7.—Hewton forced the first run in by giving four bases on balls and long hits by Clarke and Bransfield scored the others. Dolney pitched a good, steady game. Pittsburgh . . . 10000021—4 5 2 Brooklyn . . . 000010020—3 8 2 Batteries: Dolney and Zimmer; Hewton and Ahearn. St. Louis, May 7.—Poor base running in the ninth prevented St. Louis from winning out. Both Wicker and White were effective. St. Louis . . . 000010000—1 8 4 Philadelphia . . . 000300000—3 9 2 Batteries: Wicker and Ryan; White and Doan. Western League. St. Joseph, 2; Denver, 3. Kansas City, 6; Colorado Springs, 0. Milwaukee, 9; Des Moines, 1. South Bend, Notre Dame, 7; Infil and 4. Peoa, 4; Omaha, 6. Illinois, 7; Chicago, 3.

LURCHED WITH THE PRESIDENT.

Washington, May 7.—W. D. Snyman, the Boer commander who represents the Boer interests in this country, lunched with the president today. He declared there was no significance attached to his presence at the White House and that the visit was purely personal. Other guests were Secretary Root and Governor Taft.

EDW. L. HAMILTON RENOMINATED.

Dowagiac, Mich., May 7.—Edward L. Hamilton was unanimously renominated to congress by the Fourth district Republicans today.

CENSURE SPEAKER

NATIONALISTS TRY TO FORCE A VOTE ON GULLY.

ATTEMPT WAS UNSUCCESSFUL

OUTCOME OF THE SUSPENSION OF JOHN DILLON.

Scheme Was Blocked by the Conservative and Liberal Members Joining Together and Voting Against.

London, May 7.—The Nationalist members of the house of commons unsuccessfully attempted tonight to force a vote of censure on Speaker Gully, in connection with the suspension from the house for one week of John Dillon, the Nationalist, who on March 20, addressed unparliamentary language to Joseph Chamberlain, J. J. Mooney, Nationalist, had previously given notice that he would move to censure the speaker. When Mr. Gully took the chair, the Conservative and Liberal members rose and greeted him with cheers. The occupants of the Irish benches remained seated. Mr. Mooney, in moving his resolution, declared that Dillon's conduct upon the occasion in question, had been parliamentary until he had been provoked by a grossly offensive unparliamentary taunt from Mr. Chamberlain and that the speaker should have compelled Chamberlain to withdraw his remarks. John Redmond, Nationalist, seconding the motion, said he formally accepted the responsibility for it and the fact that a member who had been insulted belonged to the minority, while the offender was a prominent member of the government, aggravated the case. Mr. Redmond said he hoped the rules enforced against the Irish members would also be used to protect them in this foreign parliament. Balfour, the government leader, declared that Mooney's resolution was a grave abuse of privilege, and intended to bring the authority of the chair into disrepute. Campbell-Bannerman, the Liberal leader, said he had no doubt that the house had perfect confidence in the speaker's ability and impartiality. Mr. Mooney's motion was defeated, 63 to 398.

TEDDY ELECTED VICE-PRESIDENT.

New York, May 7.—At the annual meeting of the American Trust society today President Roosevelt was elected honorary vice-president to fill the place made vacant by the death of Wm. McKinley.

TODAY'S WEATHER.

Washington, May 7.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer Thursday; Friday, fair; variable winds.

FUNERAL OF POTTER PALMER.

Chicago, May 7.—Hundreds of Chicagoans attended the funeral of Potter Palmer today. The services were held at the palatial Palmer residence on the Lake Shore drive. The burial was at Graceland.

NOTES ON

Dorothy Vernon of Haddon Hall. By Charles Major, author of "When Knighthood Was in Flower." With Illustrations, by Howard Chandler Christy. New York: The Macmillan Company. Price \$1.50.

In his new novel, Charles Major has thrown down the glove to those writers of historical romance who have long since satiated their readers with bold adventures, promiscuous maidens, and bloodshed. To be sure in the first six pages of Dorothy Vernon, six men are killed; but this done in the most natural way possible, and then the author, speaking through the lips of Malcolm Vernon, gives us a pure love story, fresh in newly revealed aspects of both sexes, and delightful in incident and dialogue.

GREEN LOSES TO SMITH.

Pooria, Ill., May 7.—Dick Green, of Chicago, tonight was knocked out by Tommy Smith, of Chicago, in the eighth round of what was to have been a ten-round go. Green knocked Smith down eleven times.

DEAFNESS CANNOT BE CURED

By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

FIVE KILLED BY A POSSE.

Louisia, Ky., May 7.—Five were killed in Floyd county by Constables Reedy and posse, as a result of the murder of Sol Osborne and Bud Little two weeks ago. James Tompkins and Walter Jones are said to be two of the men killed. The men were shot to death while resisting capture.

TEN BURGERS KILLED.

London, May 7.—Further advice received here today from South Africa announced that 208 Boers had been captured and ten burgers killed in the neighborhood of Lindley, Orange River colony, yesterday.

LAST CONFERENCE.

Government Attorneys Ready to Commence Trial Against Beef Trust.

Washington, May 7.—Probably the last conference on the bill to dissolve the alleged beef trust was held yesterday at the department of justice, where Judge Day, special counsel, discussed the matter with the attorney general. It is understood that the finishing touches have been given to the bill, and that it will be forwarded to Chicago, probably in the custody of Judge Day, in time to be filed within the next day or two. With the close of yesterday's conference the scene of action shifts to Chicago, where the bill will be made public as soon as it is filed in court by District Attorney Shea.

NATIONALISTS PREVENT MEETING

Dublin, May 7.—The Nationalist members of the corporation of the city of Dublin have prevented that body from considering the question whether I. C. Harrington, lord mayor of Dublin, should attend the coronation of King Edward, by absenting themselves from the meeting of the corporation held today. The lord mayor announced no quorum present, while forty of the Nationalist members were congregated outside the door. Amid derisive cries of "God help the king" from the crowded galleries the meeting adjourned.

NO EXPRESS "WAR"
Marquette Little Affected by the Change Made on the First.

With reference to a change which has been made in the express business in the upper peninsula, an exchange says: "An express war is on. In fact it may be ended in the first battle. It seems the American, Adams and United States have combined to crush out the Western (or Dominion), the United States having closed its traffic arrangements with the Western yesterday. This practically cuts out the Western in the United States. What adjustment follows remains to be seen. As an immediate result Bert Sampson and Arthur Guy, messengers for the United States, have made application for houses at Republic, which is the end of the run, whereas they have for some time been located at Marquette as the terminal."

There is no express "war" on, as stated, and as far as Marquette is concerned there is little change in the service, this being principally confined to the business heretofore handled on the St. Paul road from 5:30 on that train, but this will make express is now received via the Western on that train, but as it was always confined to a few packages it will make no material difference here. With the service on that train suspended, however, there is no occasion for the messengers' arrangement concerning rates, hence their removal to the other end of the county.

The reason for the different order of things is because on the first of this month the traffic arrangement between the United States and Western companies expired by limitation of time agreement, however, only affected exclusive points of the United States system—cities served only by that company. In the course of a month the traffic from Marquette to these exclusive points has been extremely small—not enough, in fact, to make it an object to continue in force the arrangement concerning rates. In the future, where packages are shipped via the Western to an exclusive point of the United States, the former company will receive its rate to the transfer point and the United from there on, the combined charges being the same as in the express route via some other company and the United. This business, however, is of very small proportions and for that reason will be felt but little here. The great bulk of the express shipped from Marquette via the Western for points on other lines than the South Shore goes to cities served by more than one company. As far as these places are concerned, there will be no change in rates nor in the method of the service. The traffic will be billed through by the Western, as formerly, and from the transfer point on the same system as has been in force. The messengers who have been running to Marquette on the Milwaukee train from the South arriving at 10:40 a. m. will still make this city their headquarters.

Marquette, it will thus be seen, is not affected to an appreciable degree by the expiration of the contract—traffic from here to "exclusive" points of the United is very limited, and but very little express has been received on the day train from the South. There is no express war, and as far as the Western's business out of the copper country is concerned, it has shown an increase since the United established separate offices there on the first of the month.

CITY BREVITIES.

Today's weather: Fair; fresh and possibly brisk northerly winds. Yesterday's temperature: 7 a. m., 51 degrees; noon, 56 degrees; 7 p. m., 49 degrees. Maximum, 58 degrees; minimum, 42 degrees.

A. E. Delf is in Minneapolis on business.

J. M. Elgerton of Ishpeming attended the tax sale here yesterday.

Miss Edna Brown, of St. Luke's hospital, is expected back from Chicago today.

Mr. and Mrs. Edward S. Bice returned yesterday from a few days' visit at Munising.

Mrs. Wm. A. Brown arrived yesterday from Munising to spend the summer here.

E. C. Barre, formerly connected with the Dead River mill, is in the city from Sarnia, Ont.

Wm. R. LeVeque of Boulder, Colo., is the guest of his brother, L. J. LeVeque, for a few days.

The Trainmen will do the honors at a dance to be held at Fraternity Hall tomorrow evening.

The blue lodge of the Masons will work the second degree at the meeting to be held this evening.

Passenger service on the L. S. & I. will be resumed for the season about the 20th of this month.

Judge C. R. Brown returned yesterday from Au Train, where he was in attendance on the tax sales.

Mrs. Chas. H. C. Cavis has gone to Waukegan, Ill., to visit with her daughter, Mrs. Dr. A. E. Brown.

Mrs. Joseph A. McCarty and little daughter Connetta left this morning for a couple of weeks visit at Detroit.

G. R. Watts, the piano tuner, has returned from Escanaba, and can be reached by telephone at his residence.

Edward Cyr, sheriff of Luce county, returned to Newberry yesterday afternoon. He came up the night before with a prisoner for the penitentiary.

Mrs. Henry DuRocher was called to Escanaba yesterday by the serious illness of her daughter, Miss Clara E. DuRocher.

Ascension day services will be conducted by the pastor at the Swedish Lutheran church this evening, beginning at 7:30.

Miss A. Olds of Munising is in the city. Other visitors are H. W. McCullough of Jersey Shore, Pa., and A. P. Whitaker of Detroit.

H. C. Payne is the new president of the light and power commission, succeeding James Russell, who resigned from the board on being elected mayor. The vacancy was recently filled by the

appointment of Howard Greer. J. E. Sherman has been re-elected secretary of the commission.

I. Yohannan, the Persian missionary, will preach in the English language at the German Lutheran church this evening. The services will open at 7:30.

The farmers in the country adjacent to Marquette are complaining of too much rain. Everything is soaked, they say, and in consequence their work is much behind.

W. S. Johnson, of the South Arm lumber company, owner of the Dead River plant, is in the city on business connected with the impending resumption of operations at the mill.

Mr. and Mrs. Arthur Hodgkins of Ishpeming are mourning the loss of their only child. The funeral of the little one will take place here tomorrow afternoon at 1:15 o'clock, from the train to Park cemetery.

A Duke and wife arrived in the city yesterday from Chicago. Mr. Duke is the new steward of the Huron Motor club, and with Mrs. Duke will leave for there in a few days, taking passage on the steamer Bloomer Girl.

At the meeting of the A. O. U. W. lodge this evening, the officers recently elected will be installed. Following there will be an entertainment and smoker and a general good time for all the members who turn out.

Oscar Brush, who has resigned his position on the Houghton Gazette, is spending a day or two at his home here. He has accepted a position as salesman for a Philadelphia type foundry and leaves for the East today.

Tim Duquette, representing the Metropolitan Life Insurance company, yesterday handed Mrs. August Thoney a check in settlement of the policy held by the late Mr. Thoney in the company. The payment was made very promptly.

George L. Burdick, who looks after the interests of the Woolson Spice company in this section, is making Marquette his headquarters now. He will have his family to this city this week from Toledo. They will reside on Ridge street.

D. E. Philbin, formerly superintendent of the South Shore road, but now holding a similar position on the Eastern Railway of Minnesota, was in the city yesterday from the head of the lakes. He was accompanied by George Gallagher.

John Hager was summoned to Michigan yesterday to prepare for burial the body of the late of the two Levine brothers, who were drowned last fall. The remains were found in the lake yesterday morning, as noted elsewhere in this issue.

By an arrangement with Paine, Webster & Co., The Mining Journal is now enabled to publish the Boston stock sales on the morning following the day the transaction took place. The table will be found of interest to all those who trade in the coppers.

The state board of health has been advised of the arrival of the steamship Tunisian at Quebec, May 3, having on board 200 immigrants bound for northern Michigan points. There was typhoid fever on the ship, and the board of health is notifying the health officers of the destinations of the passengers.

The county clerk yesterday issued a marriage license to Oscar Sodergren and Ella Johnson of Ishpeming. On the previous day similar permits were made out in favor of Mark M. Green of Marquette and Anna E. Van Campen of Bay City, and Herbert A. Chandler of North Dakota and May E. Dungey of Republic.

The annual tax sale, after a two-days session, was concluded yesterday afternoon. The descriptions for which there were no bidders will, however, be reoffered at a session which opens at 10 o'clock this morning. This spring more property than in many years past was redeemed after the sale was advertised, this applying especially to the three cities of the county.

Alex. I. McDonald has retired from the grocery business in which he had been engaged for a number of years on Third street. His stock has all been disposed of, and the store room is being renovated in readiness for the next tenant. Mr. McDonald's plans are indefinite, but he is contemplating a trip to Scotland and may locate permanently in Australia.

A gentleman up from Munising yesterday stated that additional evidence has come to light that moose are making their haunts in Alger county woods. Some time ago a Wetmore man sighted one of the animals, and now a hunter, searching for his cow and following her trail as he supposed, has had the same experience.

Yesterday was the seventy-sixth anniversary of the birth of Mrs. C. Emery, and in honor of the event she was tendered a happy little surprise during the afternoon by about twenty of her friends. The gathering was held at the residence of Mrs. Emery's daughter, Mrs. Newton Weymouth, on West Ohio street. Several enjoyable hours were spent by the aged lady and her unexpected guests.

The reform inaugurated by the Bell Telephone company, in having patrons call by number instead of by name as has been customary here, is having effect in still better service. With over a thousand phones in use, and known on the switchboard only by number, it has been little wonder that occasionally there would be delay in making connections while the operators were determining just who were wanted. Calling by number much expeditious matters. It is requested that the numbers be given separately—if it is 175, for instance, notify central you wish 1-7-5. She will repeat it before making connections in order that there be no mistakes.

Granite, ironware, tinware and small kitchen utensils you will find at Palmer's Bazaar. (5-5-19)

When your druggist says, he hasn't got Rocky Mountain Tea made by Madison Medicine Co., send your money to us we'll send it postpaid. Don't be fooled with a worthless substitute. The Stafford Drug Co.

EXHAUSTION OF NERVE FORCE IS COMMON IN SPRINGTIME.

PAINE'S CELERY COMPOUND

Banishes Nervous Prostration, Hysteria and Sleeplessness.

Any intelligent man or woman can easily detect victims of nervous troubles by taking a ten minute walk on any of the crowded streets of our cities or towns. The observer will not countenance full of feverish anxiety, harassed looks, unsteady hands, faltering steps, twitching muscles, pallid faces, and startled, anxious looks when unusual noises are made. Such people are, without doubt, victims of nervous prostration, hysteria, or insomnia. The whole system suffers—the brain, the spinal cord, and the sympathetic system. It is unnecessary to dilate minutely on the causes of nervousness. Business cares and disappointments, haste after riches and honors, social and household worries, sexual and alcoholic excesses, watching and anxiety, and loss of near and dear ones, all contribute to the breaking down of the nervous organism of men and women.

In contrast with what we set before this afflicted class the truth that Paine's Celery Compound affords a speedy and sure cure for all forms of nervous diseases. The great medicine is a perfect restorer of nerve force and power; a sure builder and strengthener of the weak and debilitated system.

Paine's Celery Compound has enabled thousands in every city and town of our land to renew and invigorate their health and keep their places in business and in society. In all large centres where nervous diseases are common, the best physicians prescribe Paine's Celery Compound with continued success.

A few bottles of nature's health restorer used during the month of May, will completely banish all nervous disorders, by giving new nerve force, purer blood, better digestion, normal appetite, and refreshing sleep. In a word, Paine's Celery Compound will give you the full powers of robust manhood and true womanhood.

THE PEOPLE'S FAVORITE SHOE STORE!

This is the truth about our Shoe Room. The reason is, the lowest of all prices are marked on our Shoes. A first proof of this is in the following sample description of kinds and in the accompanying prices. The statement will be absolutely clinched if you will come and see these Shoes and compare their prices with those of any other dealers in this city.

Dry Goods Department.

ANOTHER BODY RECOVERED.

Remains of Second Victim of the Michigan Disaster Found Yesterday.

Captain McCormack and four or five of his men from the Portage Entry life saving station recovered the body of Abel Levin yesterday morning. Levin was one of the four young men who lost their lives in Lake Michigan on Sunday, Nov. 3, while attempting to cross the lake in a storm. The body was found near where the remains of George Levin were picked up about a month ago. The latter's body was found frozen in the ice. The body of Abel was stuck in the mud at the bottom of the lake. That is the reason it did not rise at the time George's body came to the surface of the water. There is not more than twenty feet of water at the point where the body was found. The remains of the body were dragged some last fall but more attention was given the portion some distance to the west by the men who conducted the work from time to time. It was almost opposite the point south of F. W. Read & Co.'s mill that both bodies were picked up. This is several hundred feet east of the island where the four men spent the day hunting. It appears that the boat drifted some distance before they went to the bottom.

Life Savers Use Small Boats.

The members of the life saving crew are doing the dragging from row boats. Most of the dragging done last fall by Michigan men was conducted from the big scow, though a few were out in row boats at times when the water was not rough. Captain McCormack says that it is quite impossible to operate grappling hooks successfully from a large boat. By working from a small one it is an easy matter to feel a weighty object on the hooks. With a large boat it is different. In the small boats the hooks can be held under better control than from the deck of a scow. The life savers have been at Michigan since Saturday. They have gone over quite a large area of the water since then, as they have been busy the greater part of the time from daylight until dark. If they are not called back to their post at the Entry it is understood that will continue the work until the bodies of the Carlson brothers are recovered.

Rumor That Body Was Seen Floating.

It was rumored in Michigan yesterday that passengers on the morning train bound for Houghton saw the body of a man floating in the water near the shore below the mill. A number of men immediately took small boats and went out but found nothing. The passengers might possibly have been mistaken, as the train was moving along at a pretty rapid rate of speed when it passed the point where it was said the body was seen. It is thought that the other two bodies will be found near where the bodies of the Levin boys were picked up. The life savers will labor near the point until they either find the bodies or satisfy themselves that they are not there. The Carlsons were first class swimmers and might have gone some distance from the Levens before they sank.

One of the Guns Recovered.

A few hours after the body of Abel Levin was brought to shore the life savers pulled up a gun belonging to one of the Carlson boys. This was found near where the body was found. Last evening another gun was caught in the hooks and brought to within a few feet of surface, but it dropped away and the men were not successful in catching it. This indicates that the boat must have capsized in that vicinity. The remains of Abel Levin will be taken to Chicago, where they will be interred in a Jewish cemetery alongside those of his brother.

MINSTRELS SATURDAY NIGHT.

The Barlow Minstrels, making a return trip from the Pacific coast, will be at the Ishpeming opera house on Saturday evening of this week. The company has never been in this section before, though the present organization has been out for the past five years. For two years past the show has never closed either winter or summer, running continuously. A minstrel organization that can do this must possess considerable merit. There are thirty white people in the troupe and several of them are well known minstrel stars. The western papers credit the show with being the best of its kind that has been that way in some time. The band is said to be an exceptionally good one. An open air concert will be given at noon in front of the postoffice building and another in the evening in front of the opera house. The company travels in a private car.

REPERTOIRE ALL NEXT WEEK.

T. Franklyn Nye's company will hold their boards at the opera house here all next week, opening Monday evening in a play that will be new to local theatre goers. Mr. Nye and his company played here the first week in this year to good business. Since his last visit a number of new people have been added and nearly all the plays that will be produced are new. Only one or two of the old plays are now included in the company's repertoire. The usual courtesy of admitting ladies free with a person holding a paid reserved seat ticket will be extended the opening night. Popular prices will prevail.

SHAFT CONTRACT.

Proposals are wanted for sinking a shaft at the Foxdale mine, Humboldt. Size of shaft, 7 feet by 12 feet; no timbering. For further details apply at the office of the Bird Iron company, Humboldt, Mich. (6-8-34)

Now ready to furnish ice cream in large or small quantities. H. C. Cain. Bell phone 128. (5-7-11)

Our new summer dry goods, furnishings, etc., are now in. Our lines are large and well assorted. Finnish Mercantile association.

THE FIREMEN'S FAIR.

Many Ladies Volunteer to Assist in Making It a Success.

The large attendance of firemen and their lady relatives and friends at the special meeting held Monday evening at the department's headquarters is proof that the fair to be given the latter part of this month will be a success. The meeting was presided over by Chief John Lacey and Miss Anna Lacey was chosen president of the fair. Miss Margaret Malloy is the secretary. The dates were not determined on at the meeting, as it was not known that the hall could be obtained. The dates favored for the fair are Monday, Tuesday and Wednesday, May 19, 20 and 21.

A SHAFT CONTRACT.

The Bird Iron company, operators of the Foxdale mine, Humboldt, ask in this issue for proposals for sinking of a shaft at the mine. The shaft is to be seven feet by twelve feet in size. There will be no timbering to be done, as the shaft will be sunk through material in which timbering is not necessary. The mine is very well equipped for speedy work. New machinery has recently been added and the power drills at the disposal of the contractor are all new. Full particulars can be obtained by consulting the officials of the company at the mine.

ISHPEMING IN BRIEF.

William E. Thebe of Houghton did business in the city yesterday. Nelson P. Hulst of the United States Steel Corporation was here yesterday. Mrs. W. C. Conley has gone to her former home at Saranac, in the lower peninsula, for a few weeks' visit with relatives.

The Misses Margaret and Mae Walsh of Oconto, Wis., were Ishpeming visitors early in the week. The former is the assistant postmistress at Oconto.

H. C. Cole, who had charge of the Marquette & Ishpeming Cycle store for the past month or so, has been transferred to the Marquette branch of the concern.

Albert Aas has taken a position as solicitor of insurance for the Mutual Life Insurance company of New York. Carl Tellefsen still retains the agency of the company here.

C. G. Stocking returned to the city yesterday after an absence of a week at points in the vicinity of Sault Ste. Marie in the interest of the Singer Sewing Machine company.

Included in the new companies just incorporated at Lansing are the Saginaw Iron company of Ishpeming, capital \$50,000, and the Niagara Iron Mining company of Michigan, capital \$100,000.

The marshal's office, also his living room in the city building, are being calculated and otherwise improved. Marshal Fancem and his family will be settled there within the next week or ten days.

In the list of solicitors for funds for the proposed new Methodist church published Tuesday the names of William Jenkins and Harvey Watters, who will look after the Eighth ward, were unintentionally omitted.

A party of young people of this city are planning on attending a ball to be given at Champion by the football team of that place on Friday evening of next week. The feature of the affair will be the music, which will be furnished by members of the Calumet & Hecla band.

The members of St. John's court of the Catholic Order of Foresters will entertain their wives and the Lady Foresters this evening at the Convent ball. Plans have been perfected for a good time and those who are entitled to attend the function will miss it if they stay away.

The reserved seat tickets for the second performance of the Catholic Athletic club minstrels went with a rush yesterday at Tillson's. The net receipts will go to the sisters of the parochial school. The boys will repeat their performance in Negaunee a week from tomorrow for the benefit of the sisters of that city.

The many friends of Mr. and Mrs. A. E. Hodgkins feel grieved at the death of their only child. The funeral will take place tomorrow. Services will be conducted at the family home at Palmer at 10 o'clock. The remains will be taken to Marquette on the noon train and the interment will be in Park cemetery.

The ladies who have been named as members of the committees in the several wards of the city to assist the members of the fire department with their fair the latter part of this month are urgently requested to attend the meeting to be held this evening at the department's headquarters. The meeting will be called to order at 8 o'clock.

A young man of this city who has borne an excellent reputation got home from Chicago Sunday evening. He had been away for six years, but he was not here long when he found a desirable position in one of the business houses. Yesterday he languished behind the bars of the city jail, having been arrested the night before on the charge of embezzlement. The complaint was issued by his former employer. The complaint alleged that the amount embezzled was \$182. He will be taken to Chicago to answer to the charge.

WHAT THIN FOLKS NEED

Is a greater power of digesting and assimilating food. For them Dr. King's New Life Pills work wonders. They tone and regulate the digestive organs, gently expel all poisons from the system, enrich the blood, improve appetite, make healthy flesh. Only 25c at Stafford's.

When you are figuring to save money on your purchases remember we are here to help you out. Finnish Mercantile association.

STRANGE BIRD, THE LOON. Usually Hard to Kill, Though a Simple Device Will Fool It. Four kinds of people shoot loons—those who want specimens of this strange and beautiful bird, taxidermists who dress and sell the skins, those who wish merely to see whether or not they can enter an exceedingly difficult target, and those who realize that the loon is the greatest of feathered fish destroyers. The loon's appetite causes it to be regarded with disfavor by all anglers acquainted with its habits. The bird will eat its own weight in fish two or three times a week, and its warfare against the loon is incessant through the day-light hours, as it needs to be in order to keep pace with its steady hunger. Many of the bass-frequented lakes of the country are little more than large ponds, occupying from 50 to 100 acres. If three pairs of loons make a pond of this sort their summer home they will pretty nearly depopulate it of small fishes before going south in autumn. They do not attack the larger fish, either because they cannot catch them or because they cannot handle them; but they will take care of any bass not more than a half-pound in weight. The fish are captured either in open water when they are careless, or by driving them into the shallows. The speed of the loon under the surface is very remarkable, and it is able to remain submerged for an unconscionable time, having a great lung capacity. On the surface it is not much faster than a strong duck, but in swimming below the surface it has no winged equal. Its neck is far extended, acting like a prow; its wings are pressed close to its body, and its powerful legs and broad feet drive it almost like an arrow.

THE LONG HEADED MAN SMOKES

Summit Brothers Cigars

Invitations were issued yesterday for a dancing party to be given tomorrow night at the Masonic hall under auspices of the Eastern Star society. The party is for the purpose of raising funds to assist in paying for a new piano. A most pleasant time is assured all who respond to the invitation.

The members of the local camp of the Modern Woodmen of America will enjoy a blowout at a near date. The early hours of the evening will be taken up with the rendition of a musical and literary program. Later there will be a banquet and dancing. It has not yet been decided whether or not invitations will be extended to friends not holding membership in the society.

WILL BE WELL REPRESENTED.

Maccaabees Very Much Interested in the Coming Biennial Celebration.

The Maccaabees of Negaunee will be out in force to the celebration to be held in connection with the great tent convention at Marquette on the 10th of next month. It is expected that nearly every member of the two local tents will be in line on parade day, and probably as one body.

At the meeting of the English tent held last evening committees were named to complete arrangements for the turnout. It is understood that a band will be taken along and it is possible that the Knights will adopt some sort of a uniform. The uniform which the Ishpeming Maccaabees will wear strikes the members of the society here as being all right but they want something different. This matter is in the hands of a committee and it is expected that a report will be presented at the next regular meeting. If it is then decided that all should wear uniforms in the parade immediate steps will be taken to procure them.

Negaunee's turnout should be one of the largest in the procession, though it is not expected that as many members will be in line from here as will go from Ishpeming, owing to the larger membership of the society in the sister city. The local English tent has 180 members and there are about seventy-five in the Finnish tent.

The members of the society throughout the state are kept well informed on the merits of the fight between Major Boynton and the supreme tent officers. A few days ago each member received a copy of a paper published by Boynton and his supporters, giving their side of the contention. It is claimed in the publications that the management of the official paper would not accept communications from the Boynton faction. This is why they got out a paper of their own. It is expected that several more issues of the sheet will be published between now and the date of the convention.

Major Boynton is very strongly in favor of the expansion idea. He argues that the death rate can be kept down by spreading out. A number of the members of the local tents are with Boynton, while others favor the plans of the supreme officers. In view of the difference of opinion existing the convention sessions will be largely attended by members outside of the delegates. It is expected that the sessions will be extremely interesting and the debates well worth hearing.

BENEFIT FOR THE SISTERS.

The Catholic club minstrels of Ishpeming will give a performance at the opera house here on Friday evening of next week, May 16. The net receipts will go to the sisters of St. Paul's school. The ladies of the church are taking the matter in hand and it is their intention to get out soon to sell tickets. In this way the Ishpeming people will be greeted by a crowded house.

As to the merits of the performance it is only necessary to say that it will please everyone. Indeed, it is a wonderful entertainment when it is considered that a large majority of the performers are young men who have never had a great deal of experience before the footlights. Some of the turns in the olio compare very favorably with those usually given by the professional minstrels. The dancing, acrobatic turns and musical numbers in the second part are all strong and Negaunee people will be surprised at the talent displayed by the young entertainers. The tickets will sell at fifty cents, good for reserved seats.

REVIVALS A GREAT SECRET.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at Stafford's.

THE BARLOW MINSTRELS.

Will Hold the Boards at McDonald's Opera House Tomorrow Night.

The attraction at the local theater tomorrow night will be the great Barlow minstrels, composed of thirty-five talented artists, and carrying on star in his particular line of work. Among the features are such well-known performers as Olavio, the human dragon, with special scenery and effects; Weaver and Donna, European novelty impersonators; Johnnie Kelley, wizard of the harp; the two Bonellis, trick harp and jump and comedy acrobats; Coburn and Baldwin, musical innovators, in an entirely new act; the great Knetzer, king of clubs and hoops; Chas. E. Witt, the song illustrator, and many others.

The first part is beautifully staged, with special scenery and effects. The costumes are long list of new songs are introduced, and Fred P. Russell and Lew Baldwin furnish a line of new, up-to-date jokes that keep the audience in roars. There are no waits, the performance being continuous.

BRIGHT CHILD DEAD.

Mr. and Mrs. A. E. Hodskins of the Palmer location mourn the death of their bright little daughter, aged three and a half years. A sweeter child never and her death is indeed a hard blow to the afflicted parents. The child is a particularly sad one. Some months ago while the family resided at Ishpeming the physicians there advised the parents that the child had diabetes and that there was no hope for her recovery. In spite of the fact that the disease had taken a death grip on the little one, she was always bright and full of life. During the past week or so her life hung in the balance and for two or three days before death came she sank rapidly. The funeral will take place tomorrow. Services will be held at the home at 10 o'clock in the forenoon. The remains will be taken to the depot at Marquette and the interment will be in Park cemetery there.

CLERKS WILL BE ENTERTAINED.

The secretary of the Clerks' association of this city is in receipt of an invitation to attend a banquet to be given in that city on the evening of May 27. This is the date on which the Marquette clerks will be entertained by the Hemetite City people. With the store employees from the city of Hemet, the society of the Anderson hall will be pretty well taxed. The program has not yet been arranged, but it is proposed to have an entertainment, banquet and hop. The affair will be complimentary to all receiving invitations. The local organization will accept the "bid" at the next regular meeting.

NOTED SPECIALIST CALLED.

Dr. Orchner, a noted specialist of Chicago, was called to Negaunee Tuesday to see Joseph Gregg, who has been suffering from a chronic ailment for some time. The doctor advised the patient's removal to Chicago to undergo an operation and it is likely that he will go down soon. Dr. Gregg has been confined to his home for the past three weeks or more, and part of the time he has been unable to walk. While here the doctor also called on Ed Moll, who has been ailing for some time.

MEMBERSHIP IS GROWING.

The membership of the Negaunee club is increasing steadily. At the regular meeting Monday evening four new members were adopted. The membership is larger now than it has been at any previous time since the institution of the club. The sale of periodicals Monday evening was quite satisfactory to the officers and members generally.

LOCAL LACONICS.

Able Levine went up to Champion yesterday afternoon on a short visit to relatives.

Mrs. H. Swartz has returned from Marquette, where she spent a couple of days visiting friends.

John J. Miller and wife left yesterday for Chicago, where they will spend the next ten days or two weeks.

Jake Davidson visited the Levine brothers here Tuesday. He is doing a very nice business at Champion.

Charles Taylor and his sister Rose are boarding at the Breitung House temporarily, while their home is under quarantine. A member of the family is down with a contagious disease.

The Negaunee tent of the Maccaabees recently purchased a fine \$60 silk American flag. The banner will be carried at the head of the procession in the parade at Marquette on the 10th of next month.

Invitations were issued yesterday for a dancing party to be given tomorrow night at the Masonic hall under auspices of the Eastern Star society. The party is for the purpose of raising funds to assist in paying for a new piano. A most pleasant time is assured all who respond to the invitation.

The members of the local camp of the Modern Woodmen of America will enjoy a blowout at a near date. The early hours of the evening will be taken up with the rendition of a musical and literary program. Later there will be a banquet and dancing. It has not yet been decided whether or not invitations will be extended to friends not holding membership in the society.

LEBANON'S OLD TREES.

Some of the Cedars Yet Standing After Thousands of Years.

At an elevation of about 6,000 feet above the sea, on the left of the road to Baalbek, is a group of the noblest specimens of the vegetable kingdom in the east, which are believed to be thousands of years old and the remnant of the far famed cedars of Lebanon, of which David and Solomon sang, and from which came the timbers for the temple. Djebel-Azz (the mountain of the cedars), which rises 7,700 feet, is generally covered with snow, says William E. Curtis in the Chicago Record-Herald. As I have explained before, the term Mount Lebanon is misleading. There is no peak of that name which is applied to a lofty range with several conspicuous summits extending about 100 miles from the neighborhood of Damascus to the sea and being about twenty-five miles broad base to base. The most elevated peaks are those that I have just named, Mount Hermon, 9,383 feet; Dahar-el-Khoub, 8,020 feet; Jebel-Makmal, 10,018 feet; El Miskeyeh, 10,037 feet; Pim-el-Mizab, 9,900 feet; Sannin, 8,900 feet. These peaks are broken by rugged ridges, precipitous cliffs and deep gorges. A parallel range, which does not reach so great a height, is known as Anti-Lebanon.

When the word Lebanon is used the higher range is meant and it is referred to frequently in the Bible. You will remember that Moses begged earnestly Jehovah, "Let me go over, I pray thee, and see the good land that is beyond Jordan, and that goodly Mountain Lebanon," of which he had doubtless heard in Egypt, for its glory extended over an entire world. The patriarchs and the poets of the Bible praised Lebanon and sang of its forests, the snows that crowned its summits and the streams that bathe its feet. The Romans and the Greeks never tired of describing its beauties, its climate and its forests. The Arab poets use it as an illustration of grandeur, symmetry and strength. It is a proverb that Lebanon bears winter upon its head, spring upon its shoulders, autumn in its lap and that summer lies always at its feet.

Formerly all mighty forests which covered the slopes of Lebanon only five remain today, and they are limited in area. The loftiest trees and those most celebrated for their antiquity are found near the town of Becheer at an altitude of 6,200 feet and are known as "The Cedars of God." "The Cedars of Lebanon which He hath planted," and according to the botanists, who count their age by the circles in their trunks, they are 3,000 or 4,000 years old. Like the immortal cliffs that tower above them, they have watched the passage of a procession of kings down the centuries, led by David, Solomon and Hiram, with a rear guard commanded by Kaiser William II. of Germany.

They are not so large nor so lofty as the great trees of California, but their antiquity and associations make them the most sacred and the most interesting groves in the world, and pilgrims come here to worship them.

IMPROVING NATION'S CAPITAL.

For some time past plans have been under preparation for the beautifying of the city of Washington. The commissioners in charge have visited many European cities, and the result of their search has been embodied in a series of plans, which will make our capital the most beautiful city in the world. In selecting a family medicine, however, it is not necessary to search the world over, because Hostetter's Stomach Bitters, the famous American remedy, is recognized as the best remedy nature and science have been able to produce. It has over fifty years of cures to its credit of such ailments as sick headache, indigestion, dyspepsia, nervousness, and liver and kidney troubles. When you need a medicine for these ailments, don't fail to try the Bitters.

LIKE A DROWNING MAN.

"Five years ago dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, Nacoma, Tex. "I took quantities of medicine but nothing helped me. As a drowning man grabs at a straw I grabbed at Kodol. Ditching is unnecessary. After a few bottles I found myself well." Kodol digests any good food and cures any form of stomach trouble. Stafford Drug Co. H. N. Meloche, Ishpeming.

USE ALLEN'S FOOT-EASE.

A powder to be shaken into the shoes. Your feet feel swollen, nervous and hot, and get tired easily. If you have smarting feet or tight shoes, try Allen's Foot-Ease. Do You Want To Be Strong?

We Have Poof at Hand that Vinol is all that is Claimed For It.

A good many of us have to "go to the city" to get certain things. We will save our friends and customers the trouble of a trip, at least so far as buying Vinol is concerned.

It is one of the greatest tonic rebuilders that has ever been brought to our attention. Large quantities of it are sold in all of the large cities of our state and elsewhere. Now we have been appointed sole agents for this place.

Vinol is better than cod liver oil for everything for which this greasy mixture was prescribed.

The following from Chillicothe, Ohio, written by Mr. George Burgoon, who says: "My wife was very much run down in flesh and strength. Commenced taking VINOL and she felt the beneficial results of it before the first bottle was gone. She took four bottles in all and received wonderful benefit. Her strength returned and she gained materially in weight. I am happy to state that she is now in perfect health and we give VINOL the entire credit for this happy result."

Won't you please call on us and let us send you a book that tells all about it. We sell Vinol under a guarantee that if it doesn't help you we will return your money.

FARMER'S LIFE THE ONLY ONE.

"We are going to sell our printing office and go to farming," says the editor of a Kansas paper. "We were told last week about a farmer whose wife and family of five children are getting rich, while the old gentleman bustles around and bosses the job. The lovely daughter—and she is lovely—has about two and a half acres of chickens, while the boys have cattle, horses, hogs and the like to get away with all the feed that is grown on the place, and every once in a while they buy another quarter. They have a handsome new home, the woods are full of quail, the creek is full of black bass and they live right up at the top of the pot, every day in the year. This family owns about everything in sight and are hustling every day for more. We wish we were a plutocratic farmer."

AMYLACEOUS DYSPEPSIA.

Three-fourths of Human Suffering Indirectly Traced to the Stomach.

Some years ago when Pepsin was discovered, the Medical Fraternity supposed that the treatment of Dyspepsia would be simple. It was soon discovered, however, that Pepsin had no effect whatever on starchy foods. This gave rise to the term Amylaceous Dyspepsia, which means indigestion of starchy foods. Until most recently, this form of Dyspepsia has been practically incurable; now, however, a Diastase (starch digester) has been made that will digest two times its weight of starch. Its power is unquestionable, as it will do that outside of the stomach; how much greater then must be its power when in the stomach, thus receiving nature's aid. It is most important that the starch we eat should be digested, because:

First, 75 per cent of our food contains starch.

Second, it is the flesh forming food.

Third, indigested starch often forms a coating on the stomach that leads to more serious complications.

KASOKA TABLETS are compounded on scientific principles. They contain the above mentioned Diastase to digest the starches; Pepsin and Pancreatin to digest meat and albuminous foods; tonics to stimulate natural secretions and re-establish the flow of the digestive fluids. The result is a remedy that will induce perfect digestion, assimilation and nutrition.

15 and 50 cents at druggists. Sample and illustrated booklet free by writing The P. L. Abbey Co., Kalamazoo, Mich.

LOW ROUND TRIP HOMESEEKERS RATES.

On April 1st and 15th and May 6th and 20th the D. S. S. & A. R. Y., will have on sale round trip homeseekers tickets to all points in the west and northwest at the lowest reduced rates. Due from other banks and branches	5,711.00
Due from banks in reserve	6,888.00
U. S. and National Bank currency	102,043.20

BAN ON WOOD WALKS

COMMITTEE WILL ASK THE COUNCIL TO DECLARE IT.

TO EFFECT FRONT STREET ONLY

PROPOSED THAT HEREAFTER CONCRETE BE USED EXCLUSIVELY.

Street Committee Revives the Paving Project and Decides to Lay Only Cement Curbing in the Future.

In the course of a few years a wooden sidewalk will be a rarity on Front street, between Fisher and Ridge streets, if a proposition now under consideration is formally incorporated in the municipal policy. A plan to displace the board walks by cement walks has been given considerable attention by the committee of the common council having sidewalk affairs in charge, and the project has reached the stage where it will be presented to the council at the meeting to be held next Monday evening.

It is not contemplated by the committee that the present walks shall be pulled up and substituted by others made of concrete, but that in the future where a board walk is condemned and a new one is necessary the material used shall be concrete. An ordinance covering the plan is being drafted, ready for presentation next Monday night. In the opinion of the committee, the advantages of the concrete walk over that of wood are obvious—both as to wearing qualities and to cheapened cost in the end—and it is not contemplated by it that there will be opposition either in the council or by citizens generally to the adoption of the new order of things.

Cement Curbing Only.
The street committee has come to the decision that hereafter wherever new streets are built or old thoroughfares are reconstructed, the curbing put in shall be of cement which it has been determined is far cheaper than wood in the end. All told, at least fifteen blocks of the curbing, the committee figures, will be laid this season, and in this respect the business district will not be neglected. On Washington street, where the committee is already under instructions to install cement curbing, an early start will be made on the work. Cement gutters will also be put in there, as well as in other sections of the downtown district. For the curbing, the cement will be modeled into three-foot blocks at the crusher plant and carted from there to wherever needed.

Paving of Front Street.
The project of paving Front street, which has been slumbering for a number of months, will be revived by the street committee this spring. The attention of the council will be directed to the proposition, and it is the hope of the committee that a decision to do the work will be reached at an early date.

SICK SINCE LAST FALL.

Dr. A. Desjardins Died Here Yesterday Morning—Burial at Negaunee.

Dr. Alfred Desjardins, who had an extended acquaintance in this city and in other portions of the peninsula, died yesterday morning at St. Luke's hospital. He was forty-six years of age. Mr. Desjardins had been in falling health since last fall. At that time he came to this city from Baraga, where he had made his home for a number of years, in order to obtain better care and treatment. He was materially benefited by the change, and about two months since, although still not in good health, he returned home. A couple of weeks ago, he was attacked with pneumonia, and was convalescent from this when it was decided best to bring him to the hospital here. The doctor arrived on the early train Tuesday morning and was taken to St. Luke's. Evidently, however, the trip in his weakened condition was too much for him, for he sank steadily until yesterday the end came. The funeral services will be held at St. Peter's cathedral at 8 o'clock tomorrow morning, with interment in the Negaunee cemetery. The cortege will proceed to Negaunee by team.

Mr. Desjardins first came to Marquette in 1873. Later he attended the university at Ann Arbor and graduated from the medical department with the class of '77. He practiced at Ishpeming, Negaunee, Ashland and Hurley, and the latter place removed to Marquette in 1890, remaining here until about 1896, when he located at Baraga.

SPLENDID LECTURE.

A large and appreciative audience enjoyed a most interesting lecture given by Dr. Downing, of the Normal faculty. The address was highly entertaining and instructive, and greatly pleased its many auditors. A second lecture—the last of the course—will be given by Dr. Downing on Friday evening. The subject will be "Animal Life in a Drop of Water." The talk will be illustrated by a stereopticon, with a microscope in connection that will enable the lecturer to show the miniature wrigglers as they actually are in the water—alive and kicking.

NEW GAS PLANT.

Engineer Charles Evans, who has charge of the improvements to the gas system here, is expected to arrive within a few days from Appleton, where he has been supervising similar work. On his arrival preparations will at once be made for the construction of the new gas plant at South Marquette, and the work will be rushed to an early completion. All the projected new mains were laid last fall except about 700 feet in North Front street, the installation of which will be attended to this spring. In this work considerable blasting will have to be done.

STAND LIKE A STONE WALL.

Between your children and the tortures of itching and burning eczema, scaldhead or other skin diseases. How? why, by using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for Ulcers, Fever Sores, Salt Rheum, Cuts, Burns or Bruises. Infalible for Piles. 25c at Stafford's drug store.

"ARIZONA" HIGHLY PLEASSED.

Played to a Crowded House at Calumet Last Night.

A special dispatch received by The Mining Journal last night from Calumet said of the play which appears at the opera house here this evening: "Arizona" played at the Calumet theatre last night to a crowded house. The performance was extra good, and the company is very strong. The audience was highly pleased. "Arizona" is one of the very best attractions presented here this season. "Arizona" is said to be a conspicuous novelty in the way of stage literature—not that the construction or animating motives of the characters are any different from those which have become familiar to students of the drama from Shakespeare's time down to the present, but by reason of the unfamiliar field of action and the characters entirely strange to theatre goers in this section. The author has taken the ranch people of the Southwest, Uncle Sam's cavalrymen, the neighboring and erratic Mexican and the bland, silent-footed Chinese servant, the folk who unwind the skein of a pretty romance. The stage settings were arranged by Frederick Remington, the noted artist, and are true life in the Southwest. The prices asked for the performance are reasonable and theatre goers who fail to attend tonight will miss an evening of rare enjoyment. The play has been giving great satisfaction everywhere, notably at Duluth, where it was produced at the Lyceum Monday evening.

CHECK CASE TO GO HIGHER.

A Lansing paper has this to say relative to the suit won this week by John R. Gordon, as was stated at the time in The Mining Journal: "Representative John R. Gordon of Marquette secured a judgment this morning in the circuit court of \$970 and interest against the Lansing State Savings bank. Mr. Gordon brought the suit to recover on a check. A pen mark had been drawn through the blank space in the check for the payee's name and the check was not dated. The check was paid Dec. 4. The court held that the pen mark made the check void because it precluded the possibility of inserting any name, and further that it did not make it payable to bearer. The case will be carried to the supreme court.

COURT HOUSE PLANS.

Preliminary sketches of the proposed new court house have been drawn by the architects, Charlton & Gilbert, for the consideration of the building committee. They were on display yesterday at the court house and were viewed with interest by those favored with a glimpse of them. The preliminary plans provide for a handsome and well arranged structure that will do the county proud.

She's radiant, witching, wondrous gem that beautiful, blushing wife of mine. She is an angel on earth, so you can be, only take Rocky Mountain Tea. The Stafford Drug Co.

NOTICE TO VESSELMEN.

Heppner's fresh whole wheat, white, and rye bread made every day. Pure sweet cream, milk and ice cream in any quantity. Located next to Hotel Clifton in Fraternity building. John W. Deschaine, proprietor.

HE WANTS TO KNOW.

To The Mining Journal:—The late street commissioner's pay roll for April work was, I am informed, something better (or worse) than \$1,000. A cool thousand for cleaning the few streets that were attended to that month seems to poor taxpayers like myself a great deal of money for the small amount of good done. I would like to ask how many of his own teams the late lamented commissioner had employed in earning that snug sum from the city? Was there any proper examination of his pay roll? How is the city's business conducted, anyway, when we have so much money spent for making streets and such inadequate results from the expenditure; also in cleaning streets that always look as if filth had been brought in and dumped on them, instead of being removed?

There was a good deal of talk last year about having Front street paved, but it still shows the same old surface, the same expanse of mud after a rain storm, as ever. A council committee was sent to other cities to obtain information concerning paving. The committee came back and reported. We all hear the report, and when the noise of the discharge died away so did the council's interest in the paving of Front and Washington streets. Now what is the use of sending a committee of the council away on such a mission if the council fails to act on its suggestions after it has made its investigation and submits a recommendation? If the council wasn't ready to do anything why did it subject the city to the needless expense of sending three of its members away on an expensive tour? The streets mentioned should be paved with something. A good block pavement wouldn't be bad. Why can't the worthy aldermen put their heads together and provide it?

These are but a few of the things I want to know, and there are other taxpayers as curious and eager as I for information as to how and where their money goes after it has passed from their pockets into the insatiable maw of the municipal treasury. But the rest will keep till these are answered. Are we to have a new deal this year, or is the old system of doing the street work to be continued, with the largest possible expenditure bringing no permanent good results?
