RESIGNS AS LEADER

LEWIS NIXON, HEAD OF TAMMANY HALL, ABDICATES.

COULD NOT HAVE HIS OWN WAY

DECISION IS ABSOLUTE AND UNALTERABLE.

Successor Has Not Been Appointed—Ex-Chief Declares He Could Have Won Out But Would Not Appeal to Croker.

New York, May 14.—Lewis Nixon, leader of Tammany hall for nearly six months, resigned that position today at a meeting of the district leaders, held in Tammany hall. While his resignation was not entirely unexpected, it was not thought that Mr. Nixon would take such decisive action until a later date, first awaiting the action of the leaders to see if they would give him a vote of confidence. Instead of this he refused to allow any vote of confidence, and went so far as to say he could no longer retain his self respect if he remained leader.

The meeting of the district leaders was called at the instigation of Mr. Nixon. This action followed the deadlock at the meeting of the Sachems of the Tammany society Monday, when Nixon's intention of retaining Thomas L. Feiner as grand Sachem was frustrated by a tie, six Sachems voting for and six against the retention, the deciding vote, George C. Calusen, being absent. The action at that time caused a general discussion of the possibilities of Nixon losing control of the organization, and a combination, headed by John F. Carroll, ousting him. Nixon, in an interview Tuesday, said if he could not have the confidence of the leaders, he would "get out."

Resignation Is Absolute.

When Nixon arrived at Tammany hall all the thirty-seven leaders were present. Nixon arose from a front seat and said: "I have decided to resign as leader of Tammany hall. This resignation is absolute and positive and will not be withdrawn. I wish it to take effect immediately. I feel I cannot retain my self respect and still remain the leader of Tammany hall. My decision is unalterable."

Glad He Is Out.

There was a moment's silence when Nixon finished. Then Colonel Michael Murphy made a complimentary speech in praise of Nixon. He did not say, however, that he wished him to remain leader. He said that Nixon had done splendid work as leader, and he had the confidence of all the leaders. Nixon jumped to his feet as soon as Murphy had finished and said: "I do not desire any vote of confidence whatsoever. I wish to be out of the room followed by an outburst of handclapping. Outside the meeting room, Nixon said: "I'm out as leader of Tammany hall. Shipbuilding is my business. I'm out of politics, and am glad of it. I will devote my time to shipbuilding. The cause of my resignation is plain. I could have won out and elected Feiner as grand Sachem, but I would not appeal to Croker."

Future Policy Not Settled.

It was announced a meeting of the executive committee of the Tammany district leaders will be held Thursday when Nixon's resignation will be acted upon. There are numerous rumors regarding the future policy of the organization. The most persistent one was that there were to be no actual leader of Tammany hall for some time. This was coupled with the rumor that the executive committee would be abolished, as well as the chairmanship of that committee. The chairman who is Nixon, and was Richard Croker, has always been the leader of the Tammany, and, as such, had the handling of funds of the organization in political campaigns.

AGAINST BRANCH BANKING.

Eckles and Dawes Make Speeches Protesting Projected Bill.

Kansas City, May 14.—The Missouri and Kansas bankers, at a convention here today, adopted a strong resolution against the system of branch banking, proposed in the bill now pending in congress. Addresses were delivered by James H. Eckles and Charles G. Dawes, former controllers of currency, who took for their theme "Asset Currency." Prosperity was the keynote of all their remarks.

Eckles said the business interests of the East and West and all sections of the country were identical. Prosperity in the East was a reflection of prosperity in the West. There was no octopus in the East reaching out its tentacles to clutch the West. Poverty was not the heritage of one part of the country and riches the heritage of another part, but in this great country poverty and riches were the heritage of all sections. This country has passed the point of provincialism, and in discussing the great economic questions provincialism ought to be avoided. The convention adjourned this evening.

SOL SMITH RUSSELL'S WILL.

Minneapolis, May 14.—The will of Sol Smith Russell, which was filed today, is the estate, mostly real estate, valued at \$150,000. The only heirs are the widow, Mrs. Alice Adams Russell, and her two children, Robert and Alice. The document leaves everything to the widow.

REBELS ISSUE PROPOGANDA.

Chinese Malcontents Want the Present Dynasty Overthrown.

Victoria, B. C., May 14.—Chinese advice received here give the following as the propaganda of the rebels: "First, the overthrow of the present dynasty. "Second, the founding of a new dynasty, with the Chinese emperor on the throne. "Third, helping the oppressed and needy. "Fourth, the introduction of reforms. "Fifth, the protection of trade. "Sixth, the establishment of Kwangsi, Kwang Tung and Kwang Chow as the three seats of government with Canton as the capital, with an emperor and a viceroy for each province of Kwangsi and Kwang Chow. "In conclusion, be it known that the western people are not to be interfered with. Their lives are to be protected and their trade not to be meddled with. Let them go in peace. We are enemies only of the Manchu dynasty. We have spoken."

DEATH LIST GROWING.

Total of Victims of Sheridan Horror Now Number Nineteen.

Pittsburg, May 14.—The casualty list resulting from Monday's disaster at Sheridan continues to grow. Four deaths were reported today. They are Albert Berry, aged ten; Conrad Fick, aged forty-three; William Henderson, aged nineteen; Hiram D. Enoch, aged forty. This makes the official list of the dead nineteen. The number of injured is constantly increasing and now exceeds 350. The property loss is \$175,000.

NO ACTION TAKEN

MINERS' CONFERENCE FAILS TO REACH AGREEMENT.

ANOTHER MEETING THIS MORNING

SITUATION REMAINS THE SAME AS DURING PAST TWO DAYS.

President Mitchell Seems to Hold Power of Deciding for or Against a Continuation of the Strike.

Hazleton, May 14.—The convention of the Anthracite mine workers called at the instance of the executive boards of three districts comprising the Pennsylvania coal fields, held two sessions today, and without taking action on the question of inaugurating a permanent strike, adjourned until tomorrow morning. The convention was held behind closed doors, and although nothing officially was given out, it is known that all the important questions were not reached, the two sessions being devoted entirely to the organization of the meeting and the report of the committee on credentials.

Situation Remains the Same.

The day brought forth no definite information bearing on the probable action of the convention, and the situation tonight remains the same as during the past forty-eight hours. President Mitchell said all hope of concessions from the operators was gone. He had no recent communication, he said, with the mine owners, Senator Hanna, or any other of the members of the National Civic Federation. President Mitchell admitted he had some advice to give to the delegates at the proper time, but what it is he would not say. It looks as though the whole matter rests upon the words of the National president.

Glass Workers Strike.

Chicago, May 14.—Three hundred glass workers struck today practically tying up all the glass plants in the city. Two hundred employees of the American Bridge company also struck. The men demand increased wages and shorter hours.

EARL HOPETOUN RESIGNS.

Governor General of Australia Quits Because Salary Is Not Enough.

Melbourne, Australia, May 14.—It was announced in the senate tonight that the Earl of Hopetoun had decided to resign the governor-generalship of the Australian commonwealth. Hopetoun was sworn in as the first governor-general of the federated Australian colonies Jan. 1, 1901.

It is said that Hopetoun resigned because his salary, £10,000, was not large enough for his needs. Colonial Secretary Chamberlain has accepted his resignation.

MAY BE CONSUL TO CUBA.

Fond du Lac Wis., May 14.—General Edward N. Bragg left today for Washington where he has been summoned, it is said, in relation to a proffer to him of the post of consul general to Cuba. It is understood he has gone to the capital to see President Roosevelt, but so far he has not admitted that the offer of the diplomatic post has been formally made him.

BRYAN IN HAVANA.

Havana, May 14.—The Bankers' association of Havana paid their respects this afternoon to William Jennings Bryan, Governor Jennings of Florida, and family, arrived here with Bryan this morning. They will remain in Havana until next Wednesday.

DISASTER IN CENTRAL AMERICA.

Two Thousand Persons Reported Killed in Earthquake.

San Francisco, May 14.—The steamer Guatemala brings additional details of the earthquake in Central America last month. The Guatemala left the port of that name April 29. Up to that time 1,100 bodies had been taken out of the ruins at Quezaltenango. Captain Harris of the Guatemala said: "It is estimated that 2,000 people were killed. The dead were still being removed when we sailed. The stench from the unburied corpses was frightful. The natives from the interior are flocking to Guatemala. The inhabitants are terror stricken. Farms are deserted and there are fears of a famine in consequence. The Pacific coast suffered a far greater damage than the Atlantic."

A. L. MEYER IN CUSTODY.

One of the Principals of Webb-Meyer Collapse Gives Himself Up.

New York, May 14.—A. L. Meyer, promoter of the Hackensack Meadows company, and other companies, in stock certificates of which declined in price about a week ago, and against whom an order of arrest was issued, surrendered himself to the sheriff today. Bail was fixed at \$4,000, and was furnished.

WU TING FANG APPOINTED.

Peking, May 14.—An imperial edict has been issued appointing Wu Ting Fang, Chinese minister at Washington, and Sheng Chia Peng to prepare a code of Chinese laws on modern lines. Wu Ting Fang will probably soon be recalled to China to undertake this work.

A MASS OF FLAME

NORTHERN PART OF ST. VINCENT ISLAND IS DEVASTATED.

SANPRIERE STILL IN ERUPTION

IMPOSSIBLE TO REACH BURNED DISTRICT BY LAND OR SEA.

Mont Pelee, in Martinique, Where Big Disaster Occurred, Also Continues to Vomit Forth Flames and Lava.

Castries Island, St. Lucia, May 14.—The Soufriere volcano on the island of St. Vincent is still in destructive eruption. The terrific cannonade can be heard a hundred miles away. The reports are followed by columns of smoke, rising miles in the air. Immense balls of colored fire issue from the crater. The lightning is playing fiercely in the sky and the whole northern part of the island is one mass of traveling flame. It is impossible to reach the burning district by land or sea. There is no means of estimating the destruction wrought to life and property. Kingstown, the capital of St. Vincent, is still safe, though showers of ashes and pebbles are continually falling down.

Mont Pelee Still in Eruption.

The signal station here reports that a large fire was seen last night in the direction of Fort de France, Martinique. The British steamer Savan, Captain Hunter, arrived here this morning and reports that Mont Pelee is still in eruption. The trend of the flow from the volcano is to the north. The searching parties removing the dead from St. Pierre discovered safes and molten metal in the stores and dwellings of the town. No one is permitted to penetrate into St. Pierre beyond the street running along the sea front, and a cordon of soldiers has been placed around the town. St. Pierre cathedral is all down with the exception of one tower, and of the theatre, walls alone are now standing. The convent, which contained 200 girls and thirty-six nuns, has disappeared, as has the college, where seventy boys and twenty-two priests and professors were domiciled. Many thrilling hair breath escapes from the eruption of Mont Pelee are reported.

Two Survivors of St. Pierre.

London, May 15.—The correspondent of the Mail at Barbados, B. W. I., who visited St. Pierre on board the royal mail steamer Solent has learned from Doctor Artier, who miraculously escaped the disaster, that when the governor of Martinique, M. Montet, and the insular officials, had declared that all danger from the eruption of Mont Pelee was past, a cordon of armed soldiers and policemen was placed around the town to prevent people from leaving. Dr. Artier, however, went to the suburb of Morne Rouge. He was riding back to St. Pierre when the explosion occurred. He turned and fled precipitately across the mountains to Fort de France. With the exception of one prisoner who was confined in a dungeon at the time of the explosion, Dr. Artier is really the sole survivor of St. Pierre.

France Collecting Aid.

Paris, May 14.—Municipal organizations, chambers of commerce, religious bodies and public organizations throughout France, are sending the government resolutions of sympathy concerning the Martinique disaster, and appointing committees to further the collection of funds to aid the West India sufferers.

Chicago Will Aid.

Chicago, May 14.—An appeal to aid the sufferers in Martinique was made this evening to the citizens of Chicago, at a meeting of special committees appointed by President Roosevelt. The local committees appointed by Mayor Harrison will meet tomorrow morning to determine upon a plan of action. The members of the two committees agreed that they would work together, and there will be no conflict. About one thousand dollars was received by Mayor Harrison today.

ASSASSIN EXECUTED.

Murderer of Russian Minister of Interior Pays Penalty of Death.

London, May 14.—A dispatch from St. Petersburg to the Central News says that Balschaneff, who assassinated Siplaguine, the Russian minister of the interior, April 13, was executed Monday last.

EXPIRED BEFORE HIS CLASS.

Springfield, Ill., May 14.—Professor N. W. Wilson, instructor in music at the Audubon Institute, died tonight while giving a lesson to his class at the institute. He was singing a solo when he dropped to the floor unconscious. He expired before medical aid could be summoned. Professor Wilson came here from Keokuk, Ia.

REBELS ISSUE PROPOGANDA.

Chinese Malcontents Want the Present Dynasty Overthrown.

Victoria, B. C., May 14.—Chinese advice received here give the following as the propaganda of the rebels: "First, the overthrow of the present dynasty. "Second, the founding of a new dynasty, with the Chinese emperor on the throne. "Third, helping the oppressed and needy. "Fourth, the introduction of reforms. "Fifth, the protection of trade. "Sixth, the establishment of Kwangsi, Kwang Tung and Kwang Chow as the three seats of government with Canton as the capital, with an emperor and a viceroy for each province of Kwangsi and Kwang Chow. "In conclusion, be it known that the western people are not to be interfered with. Their lives are to be protected and their trade not to be meddled with. Let them go in peace. We are enemies only of the Manchu dynasty. We have spoken."

A Quart Baby.

Now and again there is an item in the newspapers concerning the birth of a puny baby so small that a quart cup holds it comfortably.

To have fine, healthy children the mother must be healthy, and it is the common testimony of mothers that the use of Dr. Pierce's Favorite Prescription not only promotes the mother's health but also gives her strength to give her child.

"Favorite Prescription" accomplishes these results by tranquilizing the nerves, promoting a healthy appetite, and giving refreshing sleep.

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. Stephens of Miss, Northumberland, Conn.

"The dealer who offers a substitute for 'Favorite Prescription' does so to gain the little more profit paid on the sale of less meritorious medicines.

Dr. Pierce's Common Sense Medical Adviser, containing 100 pages, is sent free on receipt of stamps to pay expense of mailing only.

DAILY MINING JOURNAL.

A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED.)

Subscription Rates: Per month, by carrier, \$1.50

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Would Mr. Stearns object to "snapping" caucuses and early conventions if they were going his way?

The story comes from a Pullman porter that General Funston talks in his sleep.

Wessellus says he "is not, and will not be, a candidate for anything under the Stearns administration."

The volcanic disturbances in the West Indian islands which have caused such an appalling loss of life and property are likely to cause congress to hesitate about adopting the Nicaraguan canal.

It is pretty generally conceded that the ship subsidy bill stands small chance of passage at this session of congress.

Senator Frye of Maine is opposed to changing the method of electing United States senators.

From statistics it is learned that the longest-lived people of the world are the Norwegians.

Special insurance agents are now making their annual visits of inspection to the copper country.

The second party of the series to be given by Company G. Houghton Light Infantry, is being planned for Friday evening, May 23.

The Northwestern road is ballasting its road bed between Ishpeming and Escanaba and intends to make it dust proof by putting in a new bed of gravel.

Antonio Grosso, a Calumet & Hecla miner, was seriously injured by falling rock while at work in the forty-fifth level north of No. 6 Calumet shaft Monday night.

At the recent meeting of the golf club in Houghton it was decided to charge students of the Michigan College of Mines desiring to join an initiation fee of \$25 instead of \$75 the usual fee.

Joseph Stehrban, an old employe of the Calumet & Hecla company, died at his home at Baymouth Tuesday afternoon at the age of fifty-two years.

The party of students of the Michigan College of Mines who are spending their time in the iron country, at Florence, Crystal Falls and Iron River, are said

was in agricultural products. There was a steady decline to 66 per cent in 1897, an increase to 71 per cent in 1898, a decline to 61 per cent in 1900, and an increase to 65 per cent in 1901.

THE ODDIOUS COAL TRUST.

Why has the government attacked the beef trust while neglecting to take cognizance of the impositions on the people practiced by the coal trust?

As a Chicago paper remarks in discussing the matter, the strongest evidence against the packers' combine that has been secured thus far consists of admissions made by railway men before the interstate commerce commission relative to the unjust system of rebates and other substantial favors which have been secured from the common carriers by the members of the "big six."

The atrocities committed by the coal roads not only against the consumers of coal but against the independent mine owner are endurable only because there has been no escape from them.

The United States Watchman's residence now building on Portage river will be completed the fore part of next month.

Two steel boats, fourteen and sixteen feet long respectively, were recently received at Houghton for government work at the canal and entry.

The First National bank of Hancock received \$17,100 in excess of the highest price and \$7.25 the lowest price, for 400 acres of land sold at auction to Finnish farmers at Oskari Monday.

Special insurance agents are now making their annual visits of inspection to the copper country.

The second party of the series to be given by Company G. Houghton Light Infantry, is being planned for Friday evening, May 23.

BANQUET TO REID

U. S. AMBASSADOR TO CORONATION GIVEN GOOD SEND OFF.

MANY PROMINENT GUESTS PRESENT

PRESIDENT AND KING TOASTED IN MANY BUMPERS.

Letter of Regret From the Late Archbishop Corrigan Read—Probably the Last He Had Ever Dictated.

New York, May 14.—Whitelaw Reid was the guest of honor at a farewell banquet given at the Union League club tonight, in anticipation of his approaching departure for London, as the special ambassador of the United States at the coronation of King Edward.

President and King Toasted.

Cornelius N. Bliss, the chairman, read letter of regret from Levi P. Morton, and the late Archbishop Corrigan. Mr. Bliss said this was probably one of the last letters the lamented archbishop had dictated, as it had been dictated within a few hours of his death.

Brief responses were also made by Senator Chauncey M. Depew, former Postmaster General Charles Emory Smith, Melville E. Stone, Clark Howell, of the Atlanta Constitution, and Stephen O'Meara of the Boston Journal.

ENLARGE THEIR PLANT.

Illinois Steel Co. Will Build Extensive Additions to Their Mills.

Chicago, May 13.—Demand for steel in different forms, which the mills in the United States cannot supply, is said to have led the directors of the Illinois Steel company to lay plans for extensive additions to their South Chicago plant to cost many millions of dollars.

SEIZE CUSTOMS HOUSES.

Revolutionists in Hayti Take Control of Revenues.

Port Au Prince, May 14.—Admiral Kilick, commander of the Haytian fleet, has started for Cape Haytien with two Haytian warships having declared himself in favor of General Firma, the head of the revolutionary forces in the northern part of the island.

TIED FOR HIGH TOTALS.

Ottumwa, Ia., May 14.—Fred Gilbert and Russell Klein, of Spirit Lake, Ia., were tied today for the high totals score at the annual tournament of the Iowa State Sportsman's association, with eighteen each out of twenty targets.

EIGHTEENTH ANNUAL REUNION.

Washington, May 14.—The eighteenth annual reunion of the alumni association of the American college of the Roman Catholic church, at Rome, Italy, was held here today. The following officers were elected: President, Rev. John M. Burke, of New York; first vice president, Rev. O. B. Corrigan, of Baltimore; second vice president, Rev. W. McGinnis, of New York; secretary, Rev. William W. Murphy, of New York; treasurer, Rev. Wm. Maher, of South Norwalk, Conn.

Gray?

Perhaps you like the idea of looking 25 or 30 years older than you are! If not, use Ayer's Hair Vigor. It completely restores the color to gray hair, all the dark, rich color it used to have. No use in looking old before your time.

"I am over sixty years of age and my hair is very handsome. People tell me I don't look nearly that old, because my hair is so dark and thick. You know I use Ayer's Hair Vigor." Mrs. H. F. Borzoi, Phoenix, N. Y.

POPE ADMIRES ROOSEVELT.

Pontiff Declares President Has "Political Good Sense."

Rome, May 14.—The pope received in audience today Bishop Thomas O'Gorman, of Sioux Falls, S. D., a member of the American commission appointed to confer with the pope regarding church questions in the Philippines. The pontiff expressed pleasure at the coming of the mission and his admiration of President Roosevelt, especially of his "political good sense." He also said he felt a debt of gratitude was done to Archbishop Ireland.

HEADQUARTERS AT WASHINGTON.

Democratic Congressional Campaign Committee to Locate There.

Washington, May 14.—The Democratic congressional campaign committee tonight decided to make their headquarters in Washington, and increase the executive committee from eleven to fourteen members, with eight shall be members of the congressional committee and six from the outside. It is understood that Ben T. Cable, of Illinois will accept the chairmanship of the executive committee. The headquarters of the executive committee will be in Chicago.

COMPARISONS ARE ODIOUS.

British Government Criticized for Not Emulating America.

London, May 14.—At a dinner of the West Indian club, held in London tonight, Honorable Arthur Ponsonby declared in view of the generosity shown by President Roosevelt and the American people toward the Martinique sufferers, the people of Great Britain should not be behind him in emulating Roosevelt's example, and help their own countrymen on the island of St. Vincent.

"MONON" ROUTE PURCHASED.

Southern and Louisville & Nashville Railways Secure Control.

New York, May 14.—In the best informed circles in Wall street today there was a discussion of the statement emanating from an authoritative source that the Chicago, Indianapolis & Louisville railway known as the "Monon" route had been purchased by the Louisville & Nashville and the Southern railway companies.

BASEBALL SCORES.

National League.

St. Louis, May 14.—New York won today's game in the seventh by batting Joyce hard.

NEW YORK STOCK MARKET.

Trading Was Stagnant and Total of Transactions Small.

New York, May 14.—Today's small changes in the prices of stocks are mostly gains, but the firmness of the market was passive and had no positive element in it as far as could be perceived. The trading fell near to stagnation and the day's total transactions were smaller than for many days.

New York, May 14.—Today's small changes in the prices of stocks are mostly gains, but the firmness of the market was passive and had no positive element in it as far as could be perceived.

Washington, May 14.—During the greater part of the senate's session today the fortifications appropriation bill was under consideration.

COMPARISONS ARE ODIOUS.

British Government Criticized for Not Emulating America.

London, May 14.—At a dinner of the West Indian club, held in London tonight, Honorable Arthur Ponsonby declared in view of the generosity shown by President Roosevelt and the American people toward the Martinique sufferers, the people of Great Britain should not be behind him in emulating Roosevelt's example, and help their own countrymen on the island of St. Vincent.

"MONON" ROUTE PURCHASED.

Southern and Louisville & Nashville Railways Secure Control.

New York, May 14.—In the best informed circles in Wall street today there was a discussion of the statement emanating from an authoritative source that the Chicago, Indianapolis & Louisville railway known as the "Monon" route had been purchased by the Louisville & Nashville and the Southern railway companies.

Republic.

THE CO-OPERATIVE SOCIETY.

Organization Has Been Perfected and Business Will Start Soon.

Attorney Frank A. Bell of Negaunee was in Republic on Monday last drawing up the papers for the organization of a co-operative society under the laws of the state.

The movement to organize a society was started by Finnish citizens of the village, but during the past ten days a number of others have subscribed for stock.

The merchandise business of J. A. Kingstedt will be absorbed by the co-operative concern.

MRS. IDA L. ROSER

Grand-Niece of Ex-President James K. Polk. Writes to Mrs. Pinkham Saying:

"DEAR MRS. PINKHAM:—I have been married for nearly two years, and so far have not been blessed with a child. I have, however, suffered with a complication of female troubles and painful menstruation, until very recently.

The funeral of Patrick Welsh, who died last Saturday at Champion, was held here Monday. Deceased formerly lived in this village.

Peter and Joseph Souvegy will spend the next few weeks in Canada visiting their mother, who has been in poor health for some time past.

Scholtzen & Perrault's saw mill was started up on Saturday last. There are sufficient logs on the bank to keep the plant in operation all summer.

Louis Laforias' mill will be ready for operation within a week or so. The building is rapidly nearing completion and the machinery is in position and about ready for work.

T. Gariepy has gone to Canada in response to a letter advising him that his mother is quite ill and not expected to live long. This is Mr. Gariepy's first visit for some years to his old home.

Messrs. Kline, Berkson and Barr with their wives, were up from Negaunee last Sunday and spent the day with B. Levine and family. Mr. and Mrs. Barr are from Minneapolis. They have been at Negaunee for a month or more visiting their daughter, Mrs. Berkson, and husband.

Miss Martha Walton of Ypsilanti has been engaged by the Republic school board to succeed Miss Chattaway as teacher in the sixth and seventh grades. There are two other teachers needed to complete the corps. One has been offered a place, but has not accepted.

CATTLE PRICES ADVANCE.

Chicago, May 14.—Cattle prices are higher at the Union Stock Yards in Chicago today than for almost twenty years. The top price for the day was \$7.00, ten cents in advance of the high mark last week.

TODAY'S WEATHER

Washington, May 14.—The following is the weather bureau's forecast for Upper Michigan: Fair Thursday; Friday partly cloudy and warmer; probably showers by night in the west portion; fresh east winds.

SENATE CONFIRMATIONS.

Washington, May 14.—The senate has confirmed the following appointments: Alexander C. Brodie, as governor of Arizona; John Nelson, of Grand Forks, N. D., as receiver of the United States land office.

J. P. MORGAN INVADERS SPAIN.

Madrid, May 14.—It is reported here that J. P. Morgan is coming to Spain in order to negotiate for the entry of the Spanish trans-Atlantic company into the Atlantic shipping company.

REVEALS A GREAT SECRET.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germinated mucus, and lets the life-giving oxygen enrich and vitalize the blood.

NOTED SURGEON DIES.

New York, Thursday, May 15.—Dr. William Tod Helmuth, a surgeon of national reputation, died suddenly at his home in this city this morning of angina pectoris.

SNAP SHOTS.

FOR SALE-Choice building lots in Nester addition for sale cheap for cash, or on time at low rate of interest. For particulars inquire at office of Post-White. 6-5-19

STOCK RAISING.

It is Fast Becoming a Leading Industry in the Peninsula.

As the pine and other timber is growing less in the upper peninsula, agriculture and stock raising are gradually supplanting the lumber business as a principal industry. The progress made in farming during the past decade has been striking, some of the finest and largest farms in the state being located in this northern section, but only recently has stock raising been given attention, and already the advance in it is wonderful.

In the country tributary to Menominee much stock is being raised; at Sildaw, in the southern part of Houghton county, a large sheep and cattle ranch is yielding handsome returns, and in Marquette, Delta and Chippewa counties the money put into the business represents large sums. Near Iron Mountain at Metropolitan, the Sagola Lumber company is establishing a ranch on a tract of cut-over lands, a herd of 100 Hereford steers have already been purchased from ex-Congressman Stephenson, who conducts a large stock farm in Menominee county. Patrick Flannigan, the big lumberman of Sagola, has also decided to raise stock for the market. He owns, among other tracts, 2,000 acres of land in the vicinity of Channing and as a starter has stocked it with 500 head of blooded cattle.

Among the best stock farms in the peninsula is that conducted in Garden township of Delta county by Louis Van Winkle. He has maintained a considerable stock recently, but still possesses a drove of about 400 head, for some of which he paid as high as \$1,400. Chief among the breeds represented are the Aberdeen Angus cattle, coal black and unusually large. One cow in the herd weighs 2,200 pounds, and there are others from 1,800 to 2,000. In addition to his pasturage, Mr. Van Winkle has 2,000 acres of choice farming lands under cultivation, growing a variety of crops, and has a large orchard besides.

At the state fair last year this farmer captured a number of blue ribbons but his success but represents the great possibilities of the peninsula along agricultural and livestock lines. It is predicted that in a few years Northern Michigan will be supplying its own meats and will have some to spare besides.

CITY BREVITIES.

Today's weather: Partly cloudy with probable showers; winds generally fresh to brisk northerly.

Yesterday's temperature: 7 a. m., 44 degrees; noon, 47 degrees; 7 p. m., 42 degrees. Maximum, 47 degrees; minimum, 39 degrees.

George Maas of Negamue had business in the city yesterday.

James J. Hollings, the hustling A. O. U. W. deputy, is here from Detroit to increase the already large local membership of the order.

"Number, please," the Marquette central now says, instead of "hello." And the patrons reverse the syllables of the old call—Gladstone Delta.

James H. Knowles, a prominent mining man of Sagard, Ariz., left last evening for his home. He had been the guest of his mother and sister and uncle, Thomas Dwyer, here.

Austin Farrell and George Shing, prominently connected with the Flouring company's furnaces, were in the city yesterday from Gladstone, as was also Dr. E. J. Hudson.

Several young men are wanted to solicit subscriptions for the Martineque sufferers. Those wishing to so tender their services will be suitably rewarded by calling at the Marquette National bank this morning.

An enjoyable little social function was participated in at the snowshoe club last evening by about fifty of the city's younger society people. Supper was served at six, and following there was dancing for several hours.

A number of the young people of the city are contemplating attending a dancing party to be given at Champion on Friday evening of this week, the 16th. The ball is to be held under auspices of the Champion football team, and it will be the social event of the season in the western end of the county. The music will be furnished by the Cal-

umet & Hecla orchestra, augmented by a trap drummer. The tickets are \$1 per couple. A good turnout from Ishpeming and Negamue is already assured, a large number of tickets having been disposed of there.

The Munising Juniors baseball team has reorganized for the season and would like to arrange games with any or all junior teams in the peninsula. The club is managed by William Thompson and captained by W. J. Alexander.

The Ideal orchestra will furnish the music at a dance to be held at Fraternity Hall tomorrow evening. It is an invitation affair and is given by several of the young gentlemen of the city in return for the party tendered recently by the young ladies.

A social hop will be given at the A. O. U. W. hall this evening under auspices of the entertainment committee of the lodge. The A. O. U. W. orchestra will furnish the music. An admission price of twenty-five cents will be charged for each person. Dancing will be in progress from nine until one.

Next Tuesday evening the degree team of the Modern Woodmen will give a dance at Fraternity Hall for which an admission fee of twenty-five cents for each person will be charged. The Ideal orchestra will be in attendance, and refreshments will be served for fifteen cents extra.

Judge C. R. Brown and his stenographer, Miss Nellie Moore, returned from St. Ignace yesterday. Mr. Brown reports that the trial of the case of The People vs. Rosecranz, the man charged with manslaughter in having killed Land-looker Cook by means of a trap gun, has been postponed until the next term of court. The adjournment was taken on the application of the defense, which was unable to produce important witnesses at the present term of court.

Richard Mansfield's approaching appearance in his latest success, "Beaucaire," will be a rare opportunity to enjoy a new revelation of this great artist's illuminating genius. The play is a charming story told with humor and strengthened with dramatic verities. As "The Barber Prince" he displays the widest latitude of his art and his characterization of "Beaucaire" is one of the most interesting studies that the great Mansfield has given the stage.

Manistique is to have a tannery. It will be established and operated by a subsidiary corporation of the Federal Tannery company, as the Pennsylvania trust company will require an expenditure of about \$200,000 before it goes into operation. A supply of hemlock sufficient to last for many years has been secured in the country adjacent to Manistique. Ontonagon, it is said, stands a good chance of getting a special industry. Tannery men from Manistique recently visited Ontonagon by special train and carefully looked into the hemlock resources in the vicinity. They were favorably impressed with their visit.

The officials of the land office here have just rendered decisions in three contests for homesteads. The cases were those of William C. Sterling vs. Anton Ringsmuth, involving 100 acres of land in Ontonagon county; Nathan D. Forgestein vs. William Fassbender, also 100 acres in Ontonagon county, and Patrick W. Griffin vs. the heirs and legal representatives of the late Clark W. Youngs, involving 120 acres in Ontonagon county. In all three contests the contestants favor of the contestants, the provisions of the homestead law being found not to have been complied with. The homestead awarded to Mr. Griffin is said to be particularly valuable, the land being located very close to the Victoria and Michigan mines and being on the mineral range.

When you awake in the morning feeling like the end of a misspent life, your mouth full of air and your soul full of regrets, take Rocky Mountain Tea. Great medicine. The Stafford Drug Co.

Upper Peninsula.

As a result of a peculiar accident, Leo Carkin of Escanaba will probably lose an eye. He was out fishing and in attempting to cast his line the hook caught in the optic, cutting it badly. Blood poisoning is feared.

A dispatch from Annapolis, Md., conveys the information that Aubrey W. Fitch of St. Ignace, who was recommended for appointment by Congressman Sheldon, is now a full-fledged naval cadet, having passed the mental and physical examinations.

The hochee cochee dance, to which there was so much objection last year, will be barred at the county fair to be held at Menominee this month, the directors of the fair association having announced their decision to eliminate it from the Midway program. It is a victory for the Women's club.

Never in the history of Baraga county was the sale of delinquent lands so heavy as that just concluded at L'Anse. There was spirited bidding on many of the descriptions, and altogether over 15,000 acres of land were sold. Mining and lumber companies and real estate dealers were the heaviest buyers.

The fishermen of Ironwood are much incensed over evidence that unknown miscreants are using dynamite and nets in the trout streams north of the city. Investigation is being made and prosecutions are probable. The streams concerned never contained game fish until they were secured from the state authorities by the Menominee and Ironwood local followers of Isak Walton.

The march of improvements in St. Ignace has just resulted in the removal of the oldest landmark in the city—a log house built by the grandfather of Felix Sharbonov in 1830. The structure has been demolished to make way for a modern building. It was solidly built of cedar logs, and possessed the massive fire place and chimney of the old-time homestead. For many years it had been an object of much interest to tourists.

An odd-looking fish, caught in the bay at Menominee and now on exhibition in a local drug store, is arousing considerable curiosity and speculation as to its identity. It is about three inches in length, is of a mottled brownish color

Old People Restored to Health

MEDERINE

Makes new blood, puts renewed vigor into the whole system, strengthens the nerves, rebuilding the wasted tissue of the body. It drives out all impurities from the blood, curing stomach trouble and chronic constipation, thus allowing nature to perform its work. MEDERINE will change that sickly yellow complexion into one of health and freshness; will brighten those dull eyes; will strengthen those shattered nerves and make you feel young and buoyant again.

A Great Blood and Stomach Cure.

WEST SUPERIOR HOTEL BARBER SHOP PAUL DOMSCH, PROPRIETOR.

I only took three bottles of MEDERINE for Blood and Constipation, and I can say it works wonders. My stomach was weak from poor confinement and lack of exercise. It gave me a new circulation of the blood and I feel the need of a good blood and nerve tonic and I feel MEDERINE is the best. I can't say enough for it. PAUL DOMSCH.

For Sale on Our Guarantees by

MEDERINE is the only remedy that cures Stomach and Nerve Trouble and Vomiting Spasms. Sufferers of the Blood and Stomach should take it. 1 to 3 bottles does the work. Write for Mederine Journal of all kinds. MEDERINE REMEDY CO., WEST SUPERIOR, WIS.

An Unequaled Record.

PAINE'S CELERY COMPOUND

THE ONLY MEDICINE THAT CAN POINT WITH PRIDE TO TRUE AND MARVELOUS CURES

ITS PRAISES SOUNDED BY ALL CLASSES OF OUR PEOPLE.

A Spring Medicine That Quickly Purifies the Blood and Banishes Disease.

Paine's Celery Compound can with pride point to a long and wonderful list of cures effected in this and other lands. In fully ninety cases out of every hundred, it has been successful in overcoming and banishing treacherous and long standing diseases and ailments.

The great work of disease banishing and life saving so happily accomplished by Paine's Celery Compound has not been confined to any particular class of people. All ranks and conditions of our population—amongst which are found city toilers, hard working farmers, business men, capitalists, clergymen, lawyers, physicians, and legislators owe their lives and present good health to the curing virtues of Paine's Celery Compound.

No other medicine in the world today has been so much talked of, so highly recommended by medical men, so generally indorsed by our best people as Paine's Celery Compound. It truly deserves all the good words spoken in its favor.

May is the great month for recuperating and building up the weakened and diseased system. At this time we press upon the ailing, the nervous, the rheumatic, the neuralgic, the dyspeptic, old and young, the necessity of using Paine's Celery Compound. To those who are suffering and dependent owing to the rapid progress of blood troubles, kidney disease, and liver complaint, we say "use the great health giver at once, if you would be speedily restored to health." The virtues peculiar to Paine's Celery Compound are as potent and true for you today as they proved powerful and effective for your friends and neighbors weeks and months ago.

Upper Peninsula.

As a result of a peculiar accident, Leo Carkin of Escanaba will probably lose an eye. He was out fishing and in attempting to cast his line the hook caught in the optic, cutting it badly. Blood poisoning is feared.

A dispatch from Annapolis, Md., conveys the information that Aubrey W. Fitch of St. Ignace, who was recommended for appointment by Congressman Sheldon, is now a full-fledged naval cadet, having passed the mental and physical examinations.

The hochee cochee dance, to which there was so much objection last year, will be barred at the county fair to be held at Menominee this month, the directors of the fair association having announced their decision to eliminate it from the Midway program. It is a victory for the Women's club.

Never in the history of Baraga county was the sale of delinquent lands so heavy as that just concluded at L'Anse. There was spirited bidding on many of the descriptions, and altogether over 15,000 acres of land were sold. Mining and lumber companies and real estate dealers were the heaviest buyers.

The fishermen of Ironwood are much incensed over evidence that unknown miscreants are using dynamite and nets in the trout streams north of the city. Investigation is being made and prosecutions are probable. The streams concerned never contained game fish until they were secured from the state authorities by the Menominee and Ironwood local followers of Isak Walton.

The march of improvements in St. Ignace has just resulted in the removal of the oldest landmark in the city—a log house built by the grandfather of Felix Sharbonov in 1830. The structure has been demolished to make way for a modern building. It was solidly built of cedar logs, and possessed the massive fire place and chimney of the old-time homestead. For many years it had been an object of much interest to tourists.

An odd-looking fish, caught in the bay at Menominee and now on exhibition in a local drug store, is arousing considerable curiosity and speculation as to its identity. It is about three inches in length, is of a mottled brownish color

BOYS' AND CHILDREN'S SUITS

Boys' Suits from 98 Cents Up. . . .

DON'T MISS THIS SNAP.

The Sale Will Not Last Long.

F. Braastad & Co.

Ishpeming and its Environs.

THE OFFICIAL ROUTE.

Elks Plan a Splendid Excursion to the Salt Lake City Reunion.

Delegates representing five of the Elks lodges of the upper peninsula met in Ishpeming Tuesday and decided on the routes to be taken by the lodges that will take in the annual reunion of the society to be held at Salt Lake City in August. The lodges represented were Calumet, Hancock, Iron Mountain, Marquette and Ishpeming.

The official route adopted for the iron and copper country lodges on the trip out was as follows: Chicago, Milwaukee & St. Paul to Omaha via Chicago; Omaha to Colorado Springs on the Rock Island; Colorado Springs to Grand Junction, via Colorado & Medland; Grand Junction to Salt Lake via the Rio Grande & Western. Returning, Salt Lake City to Grand Junction via the Rio Grande & Western; Grand Junction to Denver, via the Denver & Rio Grande; Denver to Omaha on the Rock Island; Omaha to St. Paul, via Chicago, Milwaukee & St. Paul; from St. Paul to Duluth on the Northern Pacific; Duluth to excursionists' destination, via the South Shore.

The upper peninsula men will be provided with special sleeping cars, which will be at their disposal for sleeping purposes from the time they leave home until they return. The Elks from here will join a party of Wisconsin Elks, making up an entire special train. The train will leave here on the evening of August 8, and Salt Lake City will be reached on the morning of the 12th. The fare for the round trip, exclusive of sleeping car accommodations, will be \$43.05.

A diagram of the sleeping cars to be used on the trip will be here in about ten days so that those who have decided to take the trip can get first choice of the berths. The total distance to be covered on the trip is something over 3,800 miles.

The Elks present at the meeting Tuesday were pleased with the route mapped out by the railway people. There are many beautiful sights to be seen en route and those who make the trip will have a pleasant time.

It is not known just how many will go from this section. A number are now talking of taking the trip if it is possible for them to spare the time.

A GOOD PLAY TONIGHT.

It is seldom in these days, when plays are written for special occasions and special people, that one has the privilege of seeing a really good play, well mounted and well equipped in the way of actors and scenic effects. Such an opportunity will occur, however, tonight, when

Wanek & Fish, who have conducted the billiard and pool hall in the Voelker block for a little over a year past, will close about the first of the coming month and move to Ironwood, where they have rented a store room in the Lahey building, three doors from the postoffice, on the principal street of the city. The expense of the enterprise has been so great that the proprietors have not had a winning business for some months. Their rent here was higher than the business would warrant.

S. JOHNSON & CO. SELL OUT.

Firm's Mercantile Business and Real Estate Passes to F. Braastad & Co.

The entire business of S. Johnson & Co. yesterday passed to F. Braastad & Co. The transfer includes all the merchandise in the different departments of the concern, as well as the buildings in which the business has been conducted. The transfer is a complete surprise to everyone, as it was not known that Mr. Johnson even thought of retiring from the mercantile business. A few days ago he decided to close out his stock of dry goods, clothing, furnishings, etc., with a view to quitting these lines, and it was his intention to start the sale this morning. Yesterday morning Mr. Braastad made him an offer and it was accepted.

Just as soon as the deal was closed Mr. Braastad put some of his clerks in the Johnson store to assist the regular force there in preparing for the sale. From there the reporter could learn yesterday it is the intention of the new owners to clear out the stock as quickly as possible. This can be done only by making low prices on the goods.

The meat market has been closed for the present and it is possible that the grocery department will also be closed. At any rate the sacrifice sale will be confined to the dry goods, clothing and furnishing goods' departments for the present.

Mr. Johnson's retirement from the mercantile business will be generally regretted by his many friends in this city. He has been in business here for the past thirty years, and during all that time he has been regarded as one of the solid men of the place. He has not announced what he next intends to do. He is much in need of rest and he will take it easy, at least for the time being.

Mr. Johnson is one of Ishpeming's pioneer citizens. Thirty years ago he engaged in business in partnership with Mr. Braastad. He remained a partner in the firm until five years later, when Mr. Braastad bought him out. Mr. Johnson then engaged with two others in the business conducted ever since under the firm name of S. Johnson & Co.

Mr. Braastad is yet undecided as to what disposition he will make of the realty. It is pretty certain that he will not conduct a retail business of any kind there, as his present stand will accommodate him in the different lines in which he is now engaged.

BILLIARD HALL TO CLOSE.

Wanek & Fish, who have conducted the billiard and pool hall in the Voelker block for a little over a year past, will close about the first of the coming month and move to Ironwood, where they have rented a store room in the Lahey building, three doors from the postoffice, on the principal street of the city. The expense of the enterprise has been so great that the proprietors have not had a winning business for some months. Their rent here was higher than the business would warrant.

The billiard hall will be greatly missed, particularly by the young men of the city. A number spent their leisure hours there. The members of the firm are good citizens and upright business men and their removal from the city will be regretted by not a few.

WILL MOVE TO ASHLAND.

George M. Baker, who left here early in March to take a position as electrician with a furnace company at Ashland, spent the past couple of days in the city. He came down to assist his wife to prepare for the family's removal to Ashland. In order to have his family with him Mr. Baker was compelled to purchase a home of his own. Desirable houses are not to be had up there and in consequence many are either buying or building homes. Mr. Baker got a nice eight room house, with modern conveniences, for \$2,000. He likes his new position and he says he is quite contented at Ashland.

SPRING CLEANING.

The cleaning-up season has arrived. On every hand marked improvements are being made in the appearance of the city. This is especially true of residence properties. Houses are being painted; new additions built, fences repaired or rebuilt and yards are being cleaned.

If you want pure and wholesome ice cream, or soda with cream and crushed fruit call on Buchholz Bros. Fine confectionery in packages or bulk. (6-13-11)

CURES WEAK MEN FREE.

Insures Love and a Happy Home for All. How any man may quickly cure himself after years of suffering from sexual weakness, loss of vitality, faintness, varicocele, etc., and enlarge small weak organs to full size and vigor. Simply send your name and address to Dr. Knapp Medical Co., 2123 First Bldg., Detroit, Mich., and they will gladly send the free receipt with full directions so any man may easily cure himself at home. This is certainly a most generous offer, and the following extracts taken from their daily mail, show what men think of their generosity:

"Dear Sirs:—Please accept my sincere thanks for yours of recent date. I have given your treatment a thorough test and the benefit has been extraordinary. It has completely braced me up. I am just as vigorous as when a boy and you cannot realize how happy I am."

"Dear Sirs:—Your method worked beautifully. Results were exactly what I needed. Strength and vigor have completely returned and enjoyment is entirely satisfactory."

"Dear Sirs:—Yours was received and I had no trouble in making use of the receipt as directed, and can truthfully say it is a boon to weak men. I am greatly improved in size, strength and vigor."

All correspondence is strictly confidential, mailed in plain, sealed envelope. The receipt is free and no asking and they want every man to have it.

CONDUCTOR MORAN INSANE.

A Well Known Railroad Man Must Go to the Asylum.

The following from a recent issue of an Escanaba paper will be read with regret by the friends of Frank Moran: "The many friends of Conductor Moran, of the C. & N. W. railroad, will be sorry to hear that he has become insane. He is receiving private treatment at his home in Green Bay, but it is believed that he will soon have to be taken to an insane asylum as he is continually growing worse. Mr. Moran has been for years one of the most popular and faithful conductors on the main line of the Northwest, and his misfortune will be universally deplored. The dropping of his son at Menominee two or three years ago, over which he has ever since brooded, is believed to have unbalanced his mind."

Up to about a month ago Mr. Moran had charge of a passenger train running between Green Bay and this city.

BALL GAME AT SIDNAW.

The Sidnaw ball team will open its season on the home grounds Sunday, May 18. The opposing team will be the Cleveland-Cliffs' team of Ishpeming. A special train will be run from Ishpeming to Sidnaw and return. Tickets will be on sale, one fare round trip. The same rates will apply from towns west of Sidnaw. Tickets good on train No. 8 Sunday morning, returning on train No. 7 Monday morning, leaving Sidnaw at 1:32 o'clock.

A SOCIAL SURPRISE.

At the close of the meeting of the Scandinavian society Tuesday evening, the members gave E. J. Eggan a social surprise. Refreshments were served. Mr. Eggan will soon leave for an extended visit in Norway. He has been an active member of the society for a number of years, having filled several offices in the local organization and he is at present an officer of the grand lodge.

STAND LIKE A STONE WALL.

Between your children and the terrors of itching and burning eczema, scaldhead or other skin diseases, how? why, by using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for Ulcers, Fever Sores, Salt Rheum, Cuts, Burns or Bruises. Infallible for Piles. 25c at Stafford's drug store.

ISHPEMING IN BRIEF.

Today is pay-day at the Cleveland Lake mine.

There will be a regular meeting of the school board this evening.

The forty hours devotional exercises at St. John's church will be concluded this morning.

Mrs. Celia Northey has sold her interest in a double house on Pine street to James H. Matthews.

A. W. Myers of Milwaukee is in town. He will spend the greater part of the summer here.

Mrs. John Peters of Trimountain is visiting at the home of Wm. Peters. Mrs. Peters was formerly a resident of Ishpeming.

Forty couples attended a social hop at the Anderson hall Tuesday evening. Trombly's orchestra furnished the music. All report having a most enjoyable time.

Quite a number of young people intend going to Champion tomorrow night to take in the ball to be given by the Champion, Jr., football team. The party promises to be a big social success.

John P. Jones, now located in Milwaukee, is spending a few days with his

family in this city. He has not been feeling well for a week or so past and has been granted a leave of absence from his work.

The business men and others are urged not to forget the noon-day lunch at Guild hall today. In addition to the regular dinner, strawberry short cake will be served. Thirty-five cents pays for all.

At the annual meeting of the Ishpeming club, held last Saturday evening, the following officers were elected: F. P. Tillson, president; C. O. Cole, vice president; F. P. Noedham, secretary, and E. C. Conley, treasurer.

Just at present there is a great dearth of vacant houses, and even rooms. It is reported that there is very little property for sale. Real estate prices are considerably higher now than they were at this time last year.

The ladies of the Division street Methodist church will conduct a sale of cakes, pies, pasties, doughnuts, bread rolls and saffron buns at Gill's store today. All the ladies of the city are invited to attend. Prices will be reasonable.

AN OLD SORE

Will sour the sweetest disposition and transform the most even tempered, lovable nature into a cross-grained and irritable individual.

If impatience or fault-finding are ever excusable it is when the body is tortured by an eating and painful sore. It is truly discouraging to find after months of diligent and faithful use of external remedies that the place remains as defiant, angry and offensive as ever. Every chronic sore, no matter on what part of the body it comes, is an evidence of some previous constitutional or organic trouble, and that the dregs of these diseases remain in the system; or, it may be that some long hidden poison—perhaps Cancer—has come to the surface and begun its destructive work.

The blood must be purified before the sore will fill up with healthy flesh and the skin regains its natural color. It is through the circulation that the acid, corroding fluids are carried to the sore or ulcer and kept it irritated and inflamed. S. S. S. will purify and invigorate the stagnant blood when all sediment or other hurtful materials are washed out, fresh rich blood is carried to the diseased parts, new tissues form, and the decaying flesh begins to have a healthy and natural look; the discharge ceases and the sore heals.

S. S. S. is the only blood purifier that is guaranteed entirely vegetable. It builds up the blood and tones up the general system as no other medicine does. If you have a sore of any kind, write us and get the advice of experienced and skilled physicians for which no charge is made. Book on Blood and Skin Diseases free.

ESCANABA WANTS TOURNAMENT.

The Sandy City Firemen Will Be Here in August With a Strong Team.

When Chief James Tolan of the Escanaba fire department attended the tournament at Crystal Falls last year he advised the firemen present that his city would make a bid for next year's meeting. Since then nothing has been heard of the matter, but it appears that the chief and the members of his department intend to capture the meeting if possible. The chief stated that he would see to it that the city is represented by a good running team at this year's tournament. This will be the first time Escanaba has been thus represented. The chief has often asked that his city be favored with the meeting of the firemen but in view of the fact that a team has never come from there the firemen have never felt disposed to hold an annual meeting there.

Mr. Tolan received considerable encouragement from the prominent firemen present at last year's tournament and it is quite possible that a number of the delegates who will attend the meeting here in August will vote his way. It was pointed out by the chief that in case the tournament goes to Escanaba next year it would be a boom for the association. Many would rather go there than to any other place in the upper peninsula, as most of the firemen have been to all the other cities. Mr. Tolan stated that he felt certain that Gladstone and other towns near Escanaba will send teams to the meet. The last issue of the Escanaba Iron Port had the following on tournament matters:

"It is proposed to organize a track team in this city in connection with the firemen's tournament to be held at Negaunee the latter part of August. Chief Tolan has had the promise of the tournament for several years, provided Escanaba sent a running team, and with a representative team this year the chief is certain that he can secure the tournament for this city for 1904; and possibly for 1903. If the team is organized it is proposed to raise the funds for expenses by subscription so far as possible, and the balance will be raised by giving dances for that purpose. Escanaba should be represented at these meetings with the other enterprising cities of the upper peninsula, and when the matter comes up every one should put a shoulder to the wheel and do all in his power to secure one of the meets for this city."

Crystal Falls Coming In.

The People's Mail of Saturday last had the following on the organization of a running team at that place:

"At the regular meeting of the fire department last Tuesday evening a running team, to enter the races at the firemen's tournament to be held in Negaunee next August, was selected and will begin training as soon as the track is in good condition. There is some change in the make-up of the team and it will undoubtedly be the other team in a hurry. Noted the men in so good a track to practice on they say it will be no fault of theirs if they do not carry away their share of the prizes. H. M. Johnson was again selected as running captain. Mr. Johnson has had charge of the running team for the past four years and in a manner that it was thought that no better man could be found in the department to coach the boys.

"The business men and citizens of this city should do everything in their power to encourage the boys and help them along, so that Crystal Falls will be represented by a good running team."

Amasa Will Send a Strong Team.

The same paper also makes the announcement that Amasa will be represented at this year's meet by a strong team. It is mentioned as follows:

"The fire department held a meeting in the town hall Wednesday evening and made arrangements to organize a running team to attend the firemen's tournament to be held at Negaunee next August. A committee was appointed to interview the business men and citizens of Amasa to ascertain the amount of money that can be raised to purchase hose and a cart for the running team to practice with. The good showing the boys made at Crystal Falls last summer proves that our boys are not so slow and all they need is a little help and encouragement and they will be right to the front. Give them all the help you can."

Contests Will Be Spirited.

There will be more teams competing for prizes at this year's tournament than at any previous meet in the history of the association. It is quite impossible to tell at this time just how many teams will be here, but the list will be large, as a majority of the participants holding membership in the association have already taken steps to organize.

BLISS WILL BE NOMINATED.

So Says Thomas M. Wells, Who Is Employed by the State Tax Commission.

Thomas M. Wells of this city, who has been in the employ of the state tax commission for the past few months, was here early in the week visiting his family. When asked what he thought of the chances of Governor Bliss for winning out in the fight for the gubernatorial nomination, Mr. Wells said:

"Bliss will surely be nominated. I shall be pleased to vote for Mr. Stearns at the proper time, but I feel that that time will not be at the coming election. Mr. Stearns' supporters will put up a strong fight between now and the date of the state convention, but the supporters of Governor Bliss are also doing some good work."

Maitland for Lieutenant Governor.

Mr. Wells thinks that ex-Senator Alexander Maitland of this city would be the right man for the Republicans of Michigan to nominate for lieutenant governor. He stated that Mr. Maitland has been favorably mentioned for the office in certain circles, and that so far as he can judge he stands well with the people of the lower peninsula. Mr. Maitland is not an aspirant for the office, though it is possible that he might be induced to accept the nomination in case it comes his way.

WILL HAVE A GOOD HOUSE.

The ladies of St. Paul's church congregation have met with much encouragement in the sale of tickets for the minstrel entertainment to be given at McDonald's opera house tomorrow evening by the Catholic Athletic club of Ishpeming. The proceeds to the sisters of the convent school, and the house should, and doubtless will, be packed to the doors. The minstrel performance will please all who attend it, as some of the members of the club are very clever in their work. The reserved seats are located at Kirkwood & O'Donoghue's drug store.

At the conclusion of the performance the members of the club will be tendered a banquet by the ladies of the congregation. Arrangements have been made for the entertainment of thirty-five or forty, as about that number will be present.

AN ATHLETIC TEAM.

The local athletes are preparing to organize a team with a view to arranging field contests with one or more of the other cities in the county. The boys are now endeavoring to arrange a meet with the Hancock Y. M. C. A. athletes. The local men are not particular whether the events are pulled off here or in the copper country. Negaunee has a number of athletes who will make a good showing if they get down to work.

There will not be a hose team here this year and the boys who have heretofore worked in the firemen's events would be pleased to have an athletic team instead.

BASEBALL SUNDAY.

A return game of ball will be played Sunday afternoon at Union Park between the Republic and Negaunee teams. A good game is expected, notwithstanding the showing made by Negaunee last Sunday at Republic. All the positions were filled by the regular men in the last contest, but all the regulars will be in the game Sunday.

The game will be called at 3 o'clock sharp. Manager Fred Lavigne of the local team is arranging a good schedule for the summer. He already has two games at the Sag for June 7 and 8 and one with Newberry. The date and place for the latter have not yet been fixed.

HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-round medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Stafford.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

DANGEROUS IF NEGLECTED.

Burns, cuts and other wounds often become troublesome sores. Even where delay has aggravated such injuries De Witt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Hartly, Yorkstown, Ind. "After using many remedies I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Piles yield to it at once. Beware of counterfeits. Stafford Drug Co. H. N. Meloche, Ishpeming.

DON'T START WRONG.

Don't start the summer with a lingering cough or cold. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Stafford Drug Co. H. N. Meloche, Ishpeming.

MAL-NUTRITION or insufficient food supply for the tissues of the body, invariably follows when the liver is sluggish and the stomach and intestines incapable of assimilating nourishment.

OFFICE PEOPLE need clear heads and sound stomachs. On the contrary their sedentary life tends to produce sluggish circulation, biliousness, constipation with attendant evils, indigestion, boils, headaches and weak eyes—all evidences of Mal-Nutrition.

Kaskola Tablets

Cure Mal-Nutrition by digesting food and enabling the alimentary organs to feed the system with rich blood. Office people need persons to digest the large amounts of starchy foods, (bread, vegetables, etc.) which they eat. Kaskola is the only form in which these are combined. Kaskola also contains Pancreatin, Bile, and other useful matters, making it the best and only complete digestant. It cures by building up, and its use usually may be discontinued.

A new dressing is being put on the tar sidewalk adjoining the postoffice block.

The Cleveland-Cliffs' company is putting a rock dressing on the Baldwin Kiln road.

C. W. Cartack, the Brunswick-Balke company's agent, was in town Monday and Tuesday.

The local chapter, F. & A. M., held its last regular meeting for the summer Tuesday evening.

Lloyd Ashton, of Chicago, a nephew of Mrs. T. C. Yates, is making a three weeks visit in Negaunee.

Charles Thorpe and son, who have been visiting in Negaunee, left for their home at Pasadena, Cal., yesterday.

The Ladies' auxiliary of the Scandinavian society gave a pleasant dance and supper at Christ Johnson's hall last night.

About twenty Negaunee young people attended a dancing party at Ishpeming Monday night. It was given by the young men of that city.

The derailment of several South Shore ore cars at the diamond crossing near the end of Silver street delayed traffic on the L. S. & T. Tuesday evening. No great damage was done.

The workmen on Teal Lake bluff have about 1,000 tons of rock ready for the crusher. They will blast rock the greater part of the summer in order to keep the crusher supplied.

DEAFNESS CANNOT BE CURED
By local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh Cure, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

HUNTING BEE TREES.
"I used to hunt the bee trees when I was a boy in northern New York," said Assistant Secretary Taylor of the treasury department. "It is great sport and requires art to find the home of the bees and secure the honey. Wild bees invariably hunt the hollow of some tree in which to make their home and store up honey for the winter season."

"The way I used to find out where a bee tree was located was by going into the woods and fields and taking with me a little box containing a lid, in the bottom of the box being some honey. With this little box in my hand I would slip along through the trees and bushes until I found a bee sucking honey from some wild flower. Taking off the lid of my box, I would quickly knock the bee into the bottom of the honey, cover it with the lid and let it remain there until it had filled itself with honey. Then pulling off the lid, I would allow the bee to fly out."

"The little insect would generally crawl out on top of the box, look around to get its bearings and then fly off in the direction of the tree. By watching this direction, I could get an idea of where the tree might be located. But I always remained in the same spot until the same bee came back again and of its own accord entered my box for the honey. Frequently the bee would bring a companion with it. Sometimes it did not do so on its first trip back, but always on the second it brought one or more companions. They enjoyed the honey very much, and by watching them fly away, I was soon enabled to tell for certain the direction of their tree. Then moving two or three hundred yards in the right direction I would catch another bee and go through this operation with it and so on until I got within sight of the tree itself and saw the bees swarming out at the top. After this there was no trouble in cutting down the tree and getting the honey, which, I believe, is the sweetest in the world. Yes, I can remember my tree hunting pastime with great pleasure."

MORE BEER IN GERMANY.
The People Drink a Third More Than They Did Twenty Years Ago.

We think in our country that we are quite prolific beer drinkers, but it will probably be long before we consume, per capita, the quantity of beer that is imbibed in Germany. The more beer the Germans drink, the more they want, apparently, for during the past two decades the consumption of this beverage per capita has increased nearly 50 percent. In other words, the Germans in 1881 consumed eighty-nine quarts for every man, woman and child in the country, while in 1901 the per capita consumption had increased to 131 quarts, or thirty gallons, a year. We drink a good deal less than half as much beer per capita, our consumption in 1900 having been thirteen gallons for each inhabitant.

Of course, Bavaria is the greatest beer-making part of Germany, for there is where the finest hops grow. In 1891, Bavaria produced about one-third of all the beer made in Germany, or 250 quarts per capita of its population. Wurtemberg brewed 200 quarts per capita and Alsace-Lorraine 85 quarts. The Germans import rather more beer than they export, but their imports are not large, most of them coming from Bohemia, the greatest beer-brewing region of Austria—New York Sun.

Strength comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.

SALTMAKING IN SPAIN.
The Spanish method of producing salt, as employed near Cadix, is by allowing the sun to evaporate the water from what are known as "pans," small ponds prepared for the purpose of a uniform depth of about eighteen inches. These are flooded directly from the sea three or four times a year, and in time there is left a deposit of about three inches of salt, which is piled in the open in the form of small pyramids until sold. This method has the advantage of being inexpensive and of not requiring machinery. The good requisites are a hot sun and a soil which will not permit the water to filter through, as the salt in solution would then be lost. Something depends also upon the analysis of the water. For instance, the water of the Mediterranean has a greater specific gravity than that of the Atlantic.

A PROCLAMATION!

EXPANSION ON TOP

WILL NOT BE MUCH OF AN ISSUE HERE AFTER ALL.

HAS ALREADY WON HANDS DOWN

BOYNTON'S PLAN WILL CARRY AT MACCABEE CONVENTION.

Record Keeper Watson Arrives to Assist in Preparations for the Great Review and Conference Will Be Held Tonight.

The prospects are that the expansion question will not be a fiercely contested issue at the Marquette convention of Maccabees, after all. The reports already received at the Boynton headquarters at Port Huron show that expansion has won hands down, and that the Boynton plan—and in all probability his slate—will go through by a large majority.

A total of 1,000 delegates will be present at the state camp meeting to be held in Marquette in June. A poll of 800 delegates already elected by the various tents shows that 600 will vote for the expansion plan. Of the delegates still to be selected, it is figured that at least 50 per cent. will vote for expansion, under instruction from their tents, so that the opponents of the "father of the order" are not likely to be much in evidence at the biennial convention soon to meet here.

Last evening at a regular meeting of Queen City tent, Peter Kremer was elected delegate to the great camp review. Robert Reinhardt is the alternate. The unanimous vote of the tent was for Boynton and expansion, and this action placed all the tents of the city in the Boynton column. Reports from various parts of the peninsula indicate that the expansion proposition has been carried almost unanimously and that the upper peninsula delegation will vote to elect officers who will be in harmony with the "founder and mainstay" of the order.

Major Boynton's expansion plan allows the Michigan Maccabee organization to operate in every state in the Union. In the selection of the delegates, the membership at large has displayed unlimited confidence in the major, and not only will his expansion scheme go through without difficulty, but it is highly probable that the great tent will give him an executive committee that will work with him.

Important Conference Tonight.

T. A. Watson, the great record keeper, will arrive in the city today to look into the convention arrangements. He comes as the representative of the great tent, and at a conference to be held at the city hall this evening, beginning at 8:30 o'clock, he will meet with the various local committees—council, citizens' and Maccabee. Much has already been accomplished, but there are still many important details awaiting attention, and for that reason a large attendance tonight is hoped for and expected. Businessmen in general are invited.

To the general public there probably is no conception of the great through the convention will attract here, or the accommodations that will be required, and while the committees declare that all who come will be well taken care of, the co-operation of the community at large will be necessary. It is estimated that there will be eight thousand visitors here on the opening day of the convention, and that twenty-five hundred or three thousand gentlemen and lady Maccabees and friends will remain throughout the great tent's sessions. How to best care for the crowd will be an important point in this evening's conference.

Watson Leader of the Opposition.

Great Record Keeper Watson, by the way, is the leader of the anti-expansion forces, and has been a "swindler" points Major Watson for over a year. Mr. Watson is a candidate for reelection, and though on the losing side he is very popular with the membership personally and will make a good run. His opponent for the office is A. M. Slay, who has the support of the Boynton element. Mr. Slay at present is a deputy revenue collector and was formerly city treasurer of Battle Creek. The Boynton men are predicting his election along with the rest of the slate.

Special from Menominee Range.

Down on the Menominee range the Maccabees are figuring on coming to Marquette in force and by special train. The following circular has been sent by the Iron Mountain tent to lodges all along the range:

The great camp of the Knights of Maccabees for Michigan will hold its biennial session at Marquette, Mich., during the week of June 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1902. The C. M. & St. P. Railway company has made us an exceedingly low rate, providing we can guarantee from 200 to 300 people. With that number guaranteed we will give us a train direct from Iron Mountain to Marquette, stopping at Channing where the Crystal Falls and Anasas tents will join us; and at other points where there are tents to join the party. The rate from Iron Mountain, Crystal Falls and Channing will be \$2 for the round trip. The train will leave Iron Mountain at 6 o'clock a. m., and reach Marquette at about 9 a. m., returning will leave Marquette at an hour to be determined on later, but in time to get all home for business or work the following day. There is no limit to the number that can go at this reduced rate, and it is not confined to Maccabees, but all who wish can take advantage of this exceptionally low rate to visit Mar-

quette and take part in the Jubilee Day of Knights of Maccabees. Take your wife, sweetheart, (or some other fellow's sweetheart), mother, etc., and go with us."

Convention Notes.

The dance to be given at Fraternity Hall on the night of Tuesday, May 27, will afford the dancers of the city the last opportunity to augment the Maccabee convention funds, and for that reason it is hoped that the sale of tickets will be very large. The party will be held under auspices of Superior hive of the Maccabees. The music will be furnished by the Ideal orchestra. The tickets have been placed at the low price of twenty-five cents, with fifteen extra for refreshments.

Circular letters have been received here from Queen City hive No. 64, Ladies of the Maccabees, of Ypsilanti, advocating that the great offices be held in rotation, and urging that Dr. Ellen B. Murray, examining physician of the Ypsilanti lodge, be elected great medical examiner, to succeed Dr. Emma Cooke, of Detroit, who has held the office for eight years.

Efforts are to be made to induce the local livermen to establish a bus line from downtown to the Hotel Superior during the time of the Maccabee convention. The matter is in the hands of a sub-committee of the general committee.

James Patterson, who is deputy great commander of the Knights of Maccabees, states that over 5,000 Maccabees are expected to participate in the big parade here on June 10.

TO THE HIGHEST BIDDER.

Old Poor House and Contents Will Be Disposed Of.

The old poor house is to be sold to the highest bidder, the committee on superintendents of the poor reaching that decision at a meeting held here yesterday. It was also decided that the contents of the structure, as well as the barn, be included in the county property to be disposed of, and proposals for the purchase of the entire property will be received until June 4, on which date the county board will next convene.

NOTED MASON HERE.

Knights Templar Meet With the Grand Commander This Evening.

The Marquette Knights Templar will today have as their guest an eminent Mason in the person of E. R. Hawley, grand commander of the Knights Templar of Michigan. Mr. Hawley comes to pay Lake Superior commandery an official visit, and at a meeting to be held this evening at the Masonic hall he will inspect the work of which an exemplification of the Templar drill will be a feature. Following the business session a banquet will be served in honor of the distinguished visitor. The Lake Superior commandery officers in attendance are: Grand Master, J. W. Smith; Grand Warden, R. C. Mahaffay; Joseph Houle, James Freeman, Ernest Rankin, John E. Flynn, Neaume—Joseph Winter, Albert Eddy, Benjamin Martin, M. G. Murphy, Neaume township—John C. Wilson. Marquette township—John McArthur. Chocoma—Gustaf Koepf. West Branch—George Hayter. Skandia—Albert Sandberg. Sands—C. F. Olson. Turin—A. J. Oswald. Forsyth—Samuel Talman. Richmond—John Nelson. Ely—Charles Lafrenier. Humboldt—Joseph Harper. Champion—Andrew Anderson. Michigan—Herbert Adams. Republic—Harry Davidson. William Jeffery, William Brooks.

LAKE FREIGHT TRAFFIC HEAVY.

The steamer Jay Gould, from Chicago, was in port yesterday noon and discharged a consignment of package freight. So far this season the freight boats making this port have been doing a big business. In several of them the carpets in various of the apartments have been taken up and freight has been stored away in the cabins and in almost every conceivable place. The great bulk of the freight goes to Duluth and a good share of it to the copper country. The Continental and Holland were the only ore carriers to leave port yesterday. They cleared for Cleveland.

MAY LECTURE AT THE NORMAL.

Manager Koepcke, of the opera house, is negotiating with Howard Kyle, who appears here next Wednesday evening in "Nathan Hale," to secure the noted actor's consent to lecture at the Normal school during the afternoon. Mr. Kyle's advance representative was confident his principal would agree to make the talk, and there is not considered to be much doubt that he will do so. Should the lecture take place, its theme will treat of the Revolutionary period.

Bicycles—We sell Columbias, Hartfords, Featherstone and Wasp bicycles. Prices \$15 and up. All guaranteed. Patmer's Bazaar. (5-5-14)

COURT HOUSE PLANS.

Building Committee Decides on a Few Changes in Them.

The county board's building committee, which has been assigned to have in charge the construction of the proposed new court house, held a meeting in the circuit court room yesterday. The preliminary plans prepared by Charlton & Gilbert were displayed and explained by Mr. Charlton, and were given consideration by the supervisors present. Some changes were suggested, and pending the making of these the meeting was adjourned to meet again at the call of the chairman, Walter Fitch of Champlain. It is likely that the completed plans will be ready for inspection by the full board of supervisors at the session to be held on the 4th of June, and with these approved the architects will finish up on the specifications. It will require several weeks' work to complete this portion of the work, and then bids are to be asked for from contractors, so that it will probably be close to August before a start can be made on the actual construction work. It has not yet been decided whether the county officials will be located pending the erection of the new building.

GALA DAY AT MUNISING.

Cornerstone of New Court House Will Be Laid on June 14.

The general committee of citizens of Munising having in charge the ceremony of laying the cornerstone of Alger county's new court house has decided on Saturday, June 14, as the date. The occasion will be made a gala day in Alger county. Business will practically be suspended, and it is expected that the majority of the citizens of the several towns will visit Munising and participate in the celebration.

General Russell A. Alger, who was recently invited to assist in the cornerstone laying, which is to be done under the auspices of the Masonic lodge, has accepted and will be there, accompanied by a number of friends from Detroit. The former secretary of war, in whose honor the county was named, is just now convalescent from illness, and in order to assure his attendance the date of the function was set for as late a day as was possible.

In connection with the ceremonies at the court house, a program of sports has been arranged to be pulled off during the day. This will include a game of baseball and horse racing, among other features. A business street parade will also be one of the events.

It is the expectation that the grand master of the Masonic order in Michigan will personally lay the cornerstone. Special invitations, aside from that to General Alger, have been extended to President Wm. B. May and other officials of the Cleveland-Cliffs company, and to Tim Nester.

It is likely that a large number of Marquette Masons and others will be present at the celebration. Reduced rates of fare have been promised by the railroads.

BETTER FEELING IN COPPERS.

Metal Situation More Bullish than the Stocks Rule Dull.

Hayden Stone & Co. yesterday wired the Laidley Commission company: "There is a little better feeling in the coppers, but the market is still quiet and inactive. Amalgamated and United Copper hold very firm and are both talked for higher prices."

Paine, Webber & Co. had this to say: "Eight months ago, the coal strike regarding the threatened coal strike helped the markets dull today. The buying demand is steady and strong in the coppers and there are very few stocks offered for sale. The copper metal market advances continue bullish, and there is every indication that there will be a further advance in the price of copper before the end of this month. We feel that all good coppers are a buy at current prices."

Corn Strengthens Her Other Grains.

W. H. Laidley & Co. said of the Chicago grain markets: "Trade in wheat has been light today, with a lower tendency. September and December were the weakest, increasing the spread. Good weather continues and is a cause of weakness. The strength in corn helped prices a little today, but the close was steady on the bottom. With any outside help, wheat should do better."

"Corn has been strong on buying by local bulls and was the leader today. It is independent of the other grains and advances easily on buying. Some realizing toward the close caused a set-back, but the close was steady. The country movement continues very light."

"In oats, selling by Patten was the feature. The trade was dull and the prices lower, but the market was steadied somewhat by the strength in corn. The crop news is favorable, with no change in the general situation."

New York Stocks Dull but Firm.

Dick Bros., wiring Paine, Webber & Co., said of the New York stocks: "The market was very dull today. The tone was strong, but the advances were only fractional. Union Pacific was the strong feature, advancing on Gates buying. No news came from the miners' convention. Money was in light demand and ruled at 5 1/2 and 6 per cent. Commission houses did practically nothing in the market. The Gates interests supported Colorado Fuel in the face of an unfavorable statement. Just before the close there was some rather urgent buying of some of the low-priced shares."

I live and let my brethren live With all that's good with me. Unto the poor, some cash I give. The balance I give Rocky Mountain Tea.

The Stafford Drug Co. BIDS WANTED.

Sealed bids will be received until May 21st, 1902 at 2 o'clock p. m., at the office of Geo. P. Cummings for the grading of the grounds at the Poor Farm, said work to be completed by June 15, next. Plans and specifications can be seen at the office of George P. Cummings. The right to reject any or all bids is reserved. W. S. EWING, Chairman of Committee. (5-15-04)

SIR KNIGHTS, ATTENTION.

Sir E. R. Hawley, right eminent grand commander of the Knights Templar of Michigan will visit Lake Superior commandery No. 30, K. T. tonight, Thursday, May 15. A large attendance is desired. A banquet will be served.

JOHN L. BRADFORD, Eminent Commander.

ARCHIE FREEMAN HERE.

He Will Put in the Next Four Years at the Penitentiary.

Archie B. Freeman, the Menominee man who after his arrest several months ago left his bondsman in the lurch and escaped to Mexico, where he was recaptured by a Pinkerton man, yesterday became an inmate of the penitentiary here. For the next four years he will make his residence there, barring the allowance for good behavior, having been sentenced to a term of that length by Judge Stone at Menominee this week. Freeman was convicted of forgery, his employer, a cedar firm, being the sufferer, and although there is still an embezzlement charge hanging over him, it is believed this will be quashed.

Freeman was brought to Marquette by Sheriff John Stiles and deputy, and with the party was a man named Mellow who will serve two and a half years at the prison. Mellow's crime was larceny from a warehouse in the daytime.

AN ARRIVAL FROM JACKSON.

Another arrival at the penitentiary yesterday, was Charles Mallett, who came up from Jackson in custody of the sheriff and a deputy. Mallett's conviction was on the charge of attempting to escape from the Michigan State Prison, ten years. Mallett's arrest occurred only a short interval after he had been released from Jackson prison, where he had served several years. His intended victim was a little girl whom he had inveigled into a box car. There was much indignation at Jackson at the time, and the man's long sentence was popular.

A COMPLETE PRODUCTION.

"Nathan Hale," Here Next Wednesday, a Guaranteed Attraction.

Manager Koepcke wishes to inform the opera house patrons that the production of "Nathan Hale," which takes place next Wednesday evening, will be complete in every detail. All the scenery and properties of the original production of the Knickerbocker Theatre, New York, have been entirely repainted and will be used, together with a new set of costumes, and the production will in every way be in keeping with the New York presentation.

The play is in four acts and six scenes. The "old grammar school in York" in the first act, are all taken from the home of Colonel Knowlton, on Harlem Heights, in the second act; the interior and exterior of the tavern of the Widow Chichester, on Long Island, in the third act, and the tent of a British officer and the orchard on Colonel Rutgers' farm—York—in the last act, are all faithfully reproduced from photos and copies procured by Clyde Fitch, the author, after a long and careful research.

E. L. Sackett, manager for Mr. Kyle, who plays the title role, will guarantee the above to be correct, and any patron not fully satisfied with this production in all its details, will have his money cheerfully refunded by calling at the box office.

HIS WORK CONTINUOUS.

Rev. D. S. Banks' Scholarship Helping Young Men Through College.

The Assembly Herald of the Presbyterian church, in referring to the scholarships in connection with the work of the board of education of that church, speaks of one who will long be remembered in the upper peninsula for his simplicity, unaffected goodness of heart and earnest labors for the newer communities, says the Houghton Gazette, editorially. For years Rev. D. Stuart Banks was the pastor of the First Presbyterian church in Marquette, but, finally, in spite of the protests of his church, the members of which loved him, and pleaded with him to remain with them, he resigned and went over on to the Gogebic range in its earliest and roughest days and started his first charge when he had to choose a hall over a saloon in which to hold his services and was compelled to seat his audience upon planks spread across upon his private funds. When the Gogebic range had settled down into the ways of older communities, Mr. Banks moved on to a newer community and there repeated his experiences of Hurley and Ironwood.

The Assembly Herald says: "We give with this article the picture of the Rev. David Stuart Banks, who departed this life more than three years ago, leaving a will in which he bequeathed the sum of \$2,500 to constitute the 'Banks' scholarship.' The income from this money is paid to a candidate in one of the principal colleges of the country during the present year. Mr. Banks was himself a graduate of Lafayette college in the class of 1856, and of Princeton seminary in 1861. His missionary and pastoral labors were given to fields in Pennsylvania, Michigan, Wisconsin, and California. He was for eight years pastor of the Brainerd church at Easton, Pa., and for nine years pastor of the First church, Marquette, Mich. And, now that his own laborious life is ended, his work and his influence will be continued from year to year indefinitely. We very earnestly ask for more such scholarships."

FISHING TACKLE.

FISHING RODS.

Flies, Fly Books, Spoon Bait, Silk Lines, Linen Lines, Cotton Lines, Rod Mountings, Reels, Nets, Hooks, Boxes, Leaders..... Everything that makes a fishing outfit complete, we have.
