ANTHRACITE MINERS VOTE TO CONTINUE STRIKE.

Most Serious Labor Struggle in History of Country About to Begin.

ACTION DECIDED AT HAZELTON CONFERENCE

Fight May Be Carried Into the Bituminous Region and Other Fields of the Industry.—Mine Workers Have Plenty of Money and Are Prepared for a Protracted Struggle.—Result Causes Much Distress in Coal Districts Rather Than Pleasure.

Hazleton, May 15.—The Anthracite miners this afternoon decided to continue the strike of 145,000 men against the mine owners and fight it out to the end. The matter of calling out the engineers, firemen and pump runners will be decided by delegates tomorrow. The vote to continue the suspension was as follows: For strike, 4014; against, 2409. President Mitchell, however, in compliance with the rules of the United Mine Workers announced to the public that the action of the convention was unanimous.

Greatest Struggle Ever Held.

It is freely predicted that the most serious labor struggle in the history of the country, if not in the world, is about to begin. That is the view taken by nearly every miner. While the leaders are cautious and do not forecast their action, it is generally believed that the miners' fight will be carried into the bituminous coal regions and into other fields of the industry. The miners have saved their money and are considered in better shape today for a fight than in the great strike of 1900. That struggle ended by the mine owners giving the men 10 per cent. advance. The operators are on record as being unalterably opposed to granting any concessions and have personally informed the mine workers' leaders of that fact. The workmen fear the present fight may mean the destruction of their organization because they believe the mine owners are bent more on wrecking their union than in opposing the demands for higher wages and a shorter working day.

Federation of Labor Protests.

President Mitchell, during a speech read a telegram from the federation of labor against a permanent suspension.

SHARES ARE HELD UP.

Injunction Prevents Sale of Wiggins Ferry Company Stock.

St. Louis, May 15.—One hundred and thirty-two shares of Wiggins' ferry stock, belonging to Mrs. Mary Bowen, who is now in Paris, are tied up in the office of the United States' Express company by an injunction granted in behalf of the Mississippi Valley Trust company, which claims the ownership. The stock was sent from Cincinnati to be turned over to the Mercantile Trust company which is trying to secure control of the ferry company for the Rock Island railroad. Because of the contest for the control of the price of the ferry stock has risen from \$500 to \$2,000 per share. Mrs. Bowen accepted an offer of \$600 a share from the Mississippi Valley company for 132 shares. When she received an offer of \$1,000 a share from the Mercantile Trust company, she cashed the Mississippi Valley Trust company and offered \$1,000 to release her contract. This was refused, and the company later learned of preparations for the sale of the stock to the Mercantile.

FETES FOR PALMA.

President-Elect of Cuba Entertained Lavishly Before Inauguration.

Havana, May 15.—The fetes incident to the inauguration of President-elect Palma begin tomorrow night with a banquet to General Wood and staff. The remainder of the program includes masses in the churches, festivals, a display of fireworks, water regattas, processions, banquets, balls and night illuminations. Governor General Wood will give a reception Saturday night. The inauguration will take place at noon Tuesday.

TODAY'S WEATHER.

Washington, May 15.—The following is the weather bureau's forecast for Upper Michigan: Partly cloudy Friday, with showers in the west portion; Saturday showers; light to fresh variable winds, becoming southeast.

CAN BE GOVERNOR.

Racine, Wis., May 15.—Should the United States buy the Danish islands Jacob A. Riis, of Norwalk, can be governor if he desires. The president has offered him the place.

EX-PRESIDENT SAM LEAVES.

Port Au Prince, Hayti, May 15.—The French steamer Olinde Rodriguez sailed this afternoon, taking former President Sam and his wife into exile.

PREVENT CIVIL WAR.

Government of Hayti Will Try to Conciliate Revolutionists.

Port Au Prince, May 15.—A delegation headed by former Minister of Foreign Affairs Monas, and sent by the provisional government of Hayti, started today for Cape Haytien with the object of endeavoring to arrive at an agreement with the leader of the revolutionary forces in the northern part of Hayti and prevent a civil war. It is generally believed that the delegation will meet with success as the northern forces lack funds. All is quiet here.

THEY'RE FROM MISSOURI.

Prominent Citizens Indicted by Grand Jury for Playing Poker.

Keytesville, Mo., May 15.—Harry B. Hawes, president of the St. Louis board of police commissioners, Congressman Bunker, William Flynn, and thirty and thirty others, including several mayors of Missouri towns and judges of the Missouri supreme court were indicted Wednesday by the grand jury on a charge of gambling. The specific charge, it is said, is that the defendants played "peony" poker while on a fishing trip last summer.

THREE PERISH IN FIRE.

Father, Wife and Infant Child Burned to Death.

Laurel, Neb., May 15.—John Jacobson, his wife and infant child, were burned to death, and William Snyder, a clerk, and a Jacobson child, aged six years, were seriously burned in a fire in the living rooms over Jacobson's implement store early today. The financial loss was small.

HORRIBLE TORTURE

REPRESENTATIVE HILL TELLS OF CRUELITIES BY FILIPINOS.

PEACEABLE NATIVES MURDERED

HOUSE REGALED WITH INCIDENT OF INSURGENTS' BUTCHERY.

Debate on Philippine Bill Brings Forth Personalities and Recriminations and Discussion Grows Warm.

Washington, May 15.—In the course of his remarks in the house today Representative Hill detailed a visit he paid to General Smith's headquarters in the Philippines and added: "I found the department of General Smith in peace and quietness and yet while that condition existed, this incident actually occurred: A company of Tagalogs and Filipinos, the Filipino army if you choose to call it such, descended on a village of peaceable Filipinos who chose to carry on their regular business pursuits in peace and quietness, and destroyed the village, murdering the men, women and children. They took the men out and tied them to ant hills, six, eight or ten feet high and six feet in diameter and filled them with ants that are absolutely long and stingy and before it is ended there will be no small amount of violence."

Like a Malodorous Bird.

Representative Vandiver, to whom Hill was replying, interjected an intimation that the American soldiers were guilty of every kind of barbarities that are now charged against the Filipinos. Representative Lesler of New York said the slander and vilification directed against the American soldiers was but another case of a malodorous bird defouling its own nest. The discussion became general. Representative Hepburn of Iowa, referred to Vandiver's service in the confederacy. "He should remember," said Representative Hepburn, "the army he attacks is our army and these boys are our boys. They have been reared in American homes and he should not in the house join the libelers and slanderers in traducing our American soldiers."

REPORTED WRECK ON SOO LINE.

Minneapolis, May 15.—A passenger train wreck is reported on the Soo Line near Rhinelander, Wis. Inquiries at the offices of the company in this city fail to elicit a denial or confirmation of the report.

PROMINENT JUSTICE DEAD.

Washington, May 15.—Andrew C. Bradley, one of the justices of the supreme court for the District of Columbia, died at midnight after a short illness. He was fifty-eight years of age.

MISS HANNA TO WED.

Cleveland, May 15.—The wedding of Miss Mabel Hanna, daughter of Senator Hanna, to Harry M. Parsons, of this city, is set for June 15.

POSTMASTER FOR GRAND RAPIDS.

Washington, May 15.—The president today nominated Loomis K. Bishop, as postmaster at Grand Rapids, Mich.

FUGITIVES TAKEN

COL. GAYNOR AND CAPT. GREENE ARRESTED AT QUEBEC.

FLED FROM UNITED STATES IN MARCH

SEQUEL TO CASE IN WHICH GOVERNMENT WAS DEFRAUDED.

Arrest Planned by Department of Justice and Succeeded Despite Efforts to Effect Prisoners' Release.

Quebec, May 15.—Colonel John F. Gaynor and Captain W. D. Greene, who forfeited their bail at Savannah early in March and fled to Canada, were arrested by officers connected with the United States secret service and Chief Carpenter of the Montreal detective force today. The arrests were made on warrants issued in Montreal, Chief Willkie's men assisting the Canadian officers to make the arrests. The men were hurried on board the Spray, a swift tug, which had been kept in waiting at the wharf. Ten minutes after Greene and Gaynor were safely on board, the boat steamed out into the river and started toward Montreal. The officers moved so quickly that neither prisoners were given an opportunity to consult counsel. When notified of her husband's arrest, Mrs. Gaynor at once consulted an attorney. A tug was chartered and an attempt made to overtake the Spray. After a short chase the pursuit was abandoned. On returning to the city it was decided to charter a special train and attempt to head off the Spray at some point between this city and Montreal.

Attempt at Rescue Failed.

Three Rivers, May 15.—The Spray passed Three Rivers this evening under a full head of steam. The Quebec policemen and detectives who arrived on a special train held a ferryboat in readiness to go into midstream when the Spray dove in sight. Suddenly the looked-for tug appeared and the ferry hurried out but before the ferry reached the middle of the river the Spray was a hundred yards in the lead and gaining rapidly.

The chase was kept up for two miles but it was hopeless and the ferry and officers returned to the city.

Arrest Carefully Planned.

Washington, May 15.—The arrest of Gaynor and Greene was the result of a carefully prepared plan, well matured, plan devised by the government officials, acting under the instructions of the department of justice. The capture was planned to come off yesterday. The secret service officials do not admit the receipt of advices, but it is known the whole arrangement was perfectly carried out, even to the issuance of warrants by the judge on the application of Chief Detective Carpenter, of Montreal.

Defrauded the Government.

Quebec, May 15.—Colonel John F. Gaynor, who was arrested today, forfeited his bail of \$40,000 because of his disappearance from Savannah, where he was indicated on a charge of conspiracy to defraud the United States' government in the matter of contracts for harbor improvements. Captain Green was his partner.

Close the Canal.

Sorel, Quebec, May 15.—Instructions have been received here to close the gates of the Richelieu canal so the Spray cannot pass through enroute to the United States.

SUSPECTED MURDER.

Body of a Young Girl Found With Bullet Hole in Her Brain.

St. Joseph, Mo., May 15.—The body of Miss Emma Moore, young girl, was found near that place today, with a pistol bullet in her brain. William Lucas, a well known young man of Clearmont, Ia., is under arrest pending an investigation. The couple left the home of Miss Moore Wednesday evening for a drive. The next seen of the woman was when her body was found. Lucas offers no explanation. He denies all knowledge of the murder but refuses to give an accounting of his movements after leaving the home of the girl's parents.

DEADLY GAS JET.

Daughter of Dr. Alex. Dowie Dies From Burns Received by One.

Chicago, May 15.—Esther Dowie, the daughter of "Dr." Alexander Dowie, died last night as the result of burns. Yesterday morning her hair caught fire from a gas jet and she was horribly burned. At the coroner's inquest the jury today returned a verdict that death was due to burns accidentally received.

GOOD FEELING ALL AROUND.

Madrid, May 15.—Dr. Curry, the United States envoy to the coronation of the king, was presented to the queen regent and the king today. He made a brief address in which he expressed the friendship of the United States for the government and the people of Spain. The queen regent responded briefly, and the king expressed pleasure at meeting Dr. Curry.

FIVE LIVES LOST IN HOTEL FIRE.

Point Pleasant, W. Va., May 15.—The American hotel and three adjoining buildings, were burned last night. Five farmers here as grand jurors, sleeping on the second floor, lost their lives. The loss is \$39,000.

CONVALESCENCE

The Remedy That We Recommend To Be Taken After Sickness

Is Vinol, It Promotes Strength and Quick Recovery.

The worst part of being sick is the getting well. That is the time when patience is a virtue.

The sufferer cannot see from day to day that his strength is gained. The appetite is fitful; the hours drag wearily and it seems that Nature would never be able to resume her natural course.

Nature finds her way after the repairing process she has been going through to do much more without aid. She cries out for help. We know at such times Vinol is of great assistance.

We have posted ourselves concerning the scientific action that takes place when Vinol is taken into the system. We would be very glad to tell you what we have learned in this direction and how Vinol acts upon the body.

If anyone is skeptical we only ask one thing, that is, that such a one call on us and let us at least endeavor to convince him. Such a conversation cannot do anyone harm. Here is a letter concerning Vinol, from Mr. Isaac Champaigne of Keene, N. H. He says:

"It is with great pleasure that I endorse Vinol. My little girl Coora, after a hard case of scarlet fever took it with the very best results. I do not believe she would ever have recovered if it had not been for Vinol, she was so weak. Now she is in the very best of health."

Remember we guarantee Vinol and always stand ready to refund to the purchaser the price paid for it if complete satisfaction is not given.

SUBSCRIPTION RATES: Per month, by carrier, \$1.00. Per year, by mail, \$10.00.

MARQUETTE, MICH., MAY 16.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

There is but little activity in the congressional campaign in this district at present, but the game is young yet.

President Roosevelt proposes to administer some Knox to the coal trust. If he succeeds in knocking it out he will earn the gratitude of every owner of a heartstone in the United States.

Those Democrats in congress who are trying to establish that our soldiers in the Philippines are brutal butchers should bear in mind that every time the Democratic party has gone up against the army the party has got decidedly the worst of it.

We may not have any very dangerous volcanoes in this country, but while railroads are allowed to transport such inflammable and explosive material as naphtha in bulk without proper precaution for prevention of accidents we have something that answers infernally well as a substitute.

Bay county's delegation in the state convention, twenty-four strong, will be solid for Bliss. The governor's supporters had complete control of the convention which selected it, in spite of the effort Stearns made personally in the county, where he had more strength two years ago than he was able to muster this year.

Col. George A. Loud, for some time a resident of Munising but now of Au Sable, is an aspirant for the seat in congress now held by "Tip" Apin. The colonel would fill the place excellently well and if he should be chosen to succeed Apin there would be much rejoicing among his friends in this part of the state.

The McGarry trial, now well under way at Allegan, bids fair to last five weeks longer. The defense is putting up a stiff fight and the belief of the Allegan people is that the trial will result in an acquittal for McGarry. It is said that their sympathy is strongly with the accused, and that the palpable bias of the presiding judge against him has had much to do with causing it to set in his favor.

"Every Michigan Democrat who has the interests of his party at heart should be praying for the renomination of Governor Bliss," avers the Detroit Free Press. How good it is of the Democratic Free Press to indirectly call to the attention of the Michigan Republicans the risk they will run in again making Bliss their candidate for governor! Is the Free Press sincere in its advice to the Democrats, or merely trying to scare the Republicans into dropping Bliss, knowing that if he is nominated neither the prayers nor the votes of Michigan Democrats will avail to prevent his election to succeed himself?

When Lewis Nixon consented to take the leadership of Tammany much surprise was expressed that so good a man as he would take the chieftaincy of an organization so odious in the eyes of the people of this country. It was predicted that if he sought to reform Tammany he would find the task too great for him. The prediction has been made good, and he retires from the place that he took a few months ago convinced that he could accomplish nothing of value for good government by continuing to hold it, for while he was the ostensible chief the real one was Croker, who bosses Tammany just as much from his country estate in England as when he is in New York, personally directing its work. Mr. Nixon has righted himself with the people by the fact and manner of his withdrawal as a leader of the Tammany forces, and incidentally has made a wholesome disclosure of the inner workings of that iniquitous association of political corruptionists and municipal plunderers.

The indications from the government figures on winter wheat published Monday are not so bad as on first sight they would seem to be, observes the Commercial Advertiser of New York. When the report shows that the condition of 76.4 per cent is the lowest for May 1, with three exceptions, in the last seven years, and when it calculates that 4,868,000 acres, or over 15 per cent of the area sowed last fall, have been abandoned on account of drought and winter killing, it may be seen that the season has been uncommonly severe. But the fact is that even with such a sweeping reduction of the original acreage the territory under cultivation is still very much larger than what it has ever been before with the single exception of last year. There is still a good chance for a normal crop, therefore, providing the weather during the next six weeks, before harvest begins, continues favorable. Indeed, if no further deterioration takes place, the final yield, as computed from the May statistics of condition and acreage, will have only been exceeded by the winter wheat crops of 1901, 1898, 1892 and 1891. So far the prospects for the crop holding its own

during the remaining intervals of development are conceded to be excellent. The rains which have fallen during the last fortnight over the wheat belt have provided the much-needed moisture and have raised the condition, according to all authorities, considerably above what it was on the first of the month. Probably ordinary growing weather is all that is necessary to maintain the present promise of an average production, up to harvest time.

We prefer to believe that the insistence of Senator Hanna on having Estes G. Rathbone, one of the men convicted in a Cuban court of having embezzled Cuban postal funds and other frauds in connection with the postal affairs of Cuba while he was director general of its postal service, was inspired by his belief that Rathbone did not receive a fair trial, rather than that the senator seeks to prevent a guilty official from being properly punished. There is nothing in the record of Senator Hanna to warrant the assumption that he would use his influence to shield from justice a man who had so flagrantly abused a great trust as it would appear that Rathbone did from the finding of the Cuban court in his case and the severity of the sentence passed upon him. Senator Hanna may be wrong in the belief that Rathbone has been unjustly convicted, but that he is sincere in that belief can hardly be questioned, in view of his own honorable career, known integrity and unstained personal character. He has carried his point, and Rathbone will be given a new trial. It is certainly greatly to his credit that in the face of such opposition from influential quarters, and the reluctance of the president himself to order a new trial for the convicted man, he has achieved what he undoubtedly believes to be a triumph for justice.

It was hardly expected that the bill for the admission of the territories of Arizona, New Mexico and Oklahoma to statehood would pass the house, but it went through without effective opposition, though a bunch of Republican members voted against it, under the leadership of Representative Grosvenor of Ohio. Their objection to the bill was that if the three should be admitted at least two of them are likely to return Democrats to the senate, thus impairing the Republican strength in that branch of congress. This is a weak argument against admission of these territories to statehood, especially in face of the fact that in the past territories which should not have been granted statehood were accorded it mainly because they were certain to send Republicans to that branch of congress. The Republican party is strong enough to be able to do right regardless of political considerations, and if a territory is entitled to statehood it should be taken in without regard to how its people will vote after admission. At the same time, it is our belief that of the three territories named only Oklahoma should be admitted at this time, it being the only one of the three which has shown much progressiveness within recent years. It will not harm either the union or Arizona and New Mexico greatly if the latter are compelled to wait awhile yet for the realization of their desire to be made full-fledged states.

SUPERIORITY OF OUR METHODS. An interesting interview with Mr. W. F. Bonnell, who went abroad three months ago to buy steel for the associated independent manufacturers of steel in finished forms in this country, is published in the Iron Age. It deals with the foreign plan of managing large enterprises, in contrast with that which has come to be employed in this country.

In the Continental steel works which he visited Mr. Bonnell found a director-general to be the fountain of all authority. He buys and sells, and personally supervises all building and improvements and all operations of the plants. He is on duty from seven in the morning till eight at night; no one else assumes any responsibility, and no one dares to do anything except under his immediate direction. No one has real responsibility for a department; no one is in training to succeed to the director-generalship.

This is diametrically opposed to the plan generally practiced in the United States, but carried to its highest development by Mr. Carnegie and his twenty or thirty partners, upon each of whom he devolved large freedom of action and corresponding responsibilities; while his function, as he rather too modestly described it, was finding these capable men and pushing them ahead as fast as they demonstrated their fitness, the men who had not demonstrated fitness being relegated to the rear. Thus in the American concern there is the widest possible opening for new ideas, new methods and new men. It is made the motive of every man to promote progress, improvement, better results.

The Continental method is admirably arranged to perpetuate the existing order. No subordinate has power, and therefore he has no motive for assuming responsibility of devising change.

After Dinner. To assist digestion, relieve distress after eating or drinking too heartily, to prevent constipation, take Hood's Pills. Sold everywhere. 25 cents.

The director-general comes into his position with inadequate training of the broader sort and finds safety in perpetuating what he finds established, and is too busy with details to do the thinking which here is regarded as the most important, and almost the entire, duty of the man at the head of the concern.

Mr. Bonnell also referred to the very meagre compensation of draughtsmen, clerks, salesmen and other subordinates, of which some English writers have recently complained. The ablest and most enterprising men with technical training find their compensation at home so low, and their prospects of advancement so slight, that they become discouraged and emigrate to the United States, where they contribute liberally to promote our remarkable industrial progress.

In Germany Mr. Bonnell found the work was carried on almost continuously, and "the regime of seven-day operation cannot but militate against full output as well as against the best spirit in the working force." Mr. Bonnell saw nothing abroad "to support the view that the steel works of the United States will have any serious opposition when they come to the point where they want to place a considerable tonnage abroad."

In other words, they have nothing to fear from European competition even in Europe; still less have they any reason to fear it in this country.

COPPER COUNTRY

(Additional). STARTED IT. South Shore Originated Idea of Copper Country Excursions.

"The Herald ought to correct the published report," said a business man this morning, "that the Commercial club is trying to arrange with the South Shore road for an excursion to Duluth. I happen to know that as long as six weeks ago the local representatives of the road were instructed by Mr. Fitch to take up the matter of entertaining such a party if the road would bring it here. There has never been any question of the road's willingness or anxiety to bring such an excursion. It originated the idea. The only question of whether the excursion should be given depended on the willingness of Duluth business men to entertain the visitors, and I never heard this hospitality questioned. The reason I speak of this is that it seems right that Mr. Fitch, who first thought of the excursion, should be given full credit for his thoughtfulness and generosity in the matter. There has never been a time when Mr. Fitch has not been broadly generous in his plans and efforts for bringing the two terminal sections of his line closer together, and I know the Commercial club feels that he should be given full credit for his interest in the matter."—Duluth Herald.

CURE FOR INSANITY. Grafting of Dog's Skull Effects a Relief. John Oberg, of Kenton, in Houghton county, who submitted to an operation at the college hospital in Saginaw three weeks ago, has left the hospital. Oberg is the man whose skull was badly fractured and pressure on the brain caused convulsions, which were becoming frequent. A bone from a dog's head was implanted in Oberg's skull to close up the exposed part of the brain, the animal being chloroformed at the time of the operation, the bone taken out and immediately placed over the aperture in Oberg's head. The wound is healed now and no convulsions have occurred.

Accounts of the operation have been published all over the country, and letters are being received every day from people interested. One comes from Philadelphia. It states that a relative of the writer has been confined in an asylum four years as a result of pressure on the brain, and expresses a desire to bring the patient here and have an operation similar to Oberg's performed. Dr. Meper's opinion is that such an operation would not be likely to relieve insanity as it did convulsions.

FOR HOSPITAL FUND. The Sisters of St. Joseph of Hancock opened their fair at St. Patrick's hall last evening. The proceeds are to be devoted to the building fund for the new hospital which is to be erected this summer. Several thousand dollars will result from the sales and as stated before about two thousand have already been raised by contributions. Some of the Portage Lake business houses have exhibits at the fair and will give the Sisters the proceeds of all sales on the goods.

NO EXPRESS SERVICE. Commencing today no express service on the St. Paul train between Champion and Calumet will be given. The messenger who formerly handled the Western and United States companies' express on that train has been transferred elsewhere. Hereafter the Western and American express will reach copperdown via Negaunee on the Northwestern train and the United States express will reach Houghton over the Copper Range.

LEG BROKEN BY FALL. Will Hughes, a Hancock painter in the employ of J. C. Donabue, fell nearly fifty feet from a scaffold while painting the Masonic block at Hancock Wednesday afternoon. His leg was broken in three places. Hughes was taken to the hospital.

BALL GAME TOMORROW. The Houghton High school baseball team will play the Lake Linden High school at Hancock Saturday afternoon. A good game is expected as each aggregation has been practicing steadily since the season opened. Professor Constock is the manager of the Houghton team. All games will be played

strictly according to the rules of the Athletic association. Houghton will arrange a return game with Hancock to be played soon. Lake Linden and Hancock are also figuring on a match.

A "CALENDAR" BAZAAR.

The "Calendar" bazaar and social for which the ladies of the Lake Linden Congregational church have been preparing for several weeks will open in the church parlors this evening. Useful and ornamental articles will be offered for sale. A social will be given in connection and a good time is promised those who attend. The parlors are handsomely decorated for the occasion.

INSURANCE ADJUSTERS EXPECTED. The insurance on the Miner Jevrey, which was destroyed by fire Monday morning was \$2,000 on the building and \$4,500 on the stock. The insurance adjusters are expected at Laurium this week to adjust the loss. The loss on the stock is not heavy, as most of it was saved. A big supply of hay and a number of valuable buffalo robes were burned, and the loss in all is figured up about \$900.

WORK WELL UNDER WAY. Work on the site of the new coal docks for Pickands, Mather & Co., of Cleveland, at Ripley opposite Houghton on Portage lake is well under way. A force of thirty or forty men are getting the ground in shape. Hugo & Tim's pile driver is at work driving piles for the foundation; and seven teams and scrapers are employed leveling off the sands where the new docks will stand.

SMALL-POX AT TRIMOUNTAIN. Two children of Mr. and Mrs. John Campbell of Trimountain and the infant child of Mr. and Mrs. Hugh Buzo at Painesdale are ill with smallpox. As every precaution is being taken by the physicians at those places it is not thought the disease will spread. The houses have been quarantined and watchmen stationed. The first report of the disease created much uneasiness.

MANY IMMIGRANTS COMING. Finnish immigrants are arriving in copperdown weekly. Most of the men find employment in and about the mines. Just at present there is an exodus of Finlanders from their native country. About 400 leave each week on account of Russian oppression and it is estimated that three-fourths of them come to the United States.

REMODELING JEFFERY BLOCK. The Jeffery block, corner of Second and Third streets, Calumet, is being remodeled. The building has been used for tenement purposes. Most of the interior will be taken out and the interior entirely rearranged. The plans were made by Architect Nystrom and call for an up-to-date structure.

FATHER WILL BE PROSECUTED. Adolph Waara of Laurium will be tried in Judge Fishel's court for refusing to send his twelve-year-old son who has been employed in a cigar factory to school as the law provides. Truant Officer Willis made the arrest when he could not prevail upon the father to comply with the law.

FIXING SIDEWALK GRADES. Grades for the proposed new sidewalks in what was known before annexation as the Osceola addition to Hancock are being established by City Engineer W. W. Stockley. His base of operations is near the Quincy smelting works where the lines are started.

CAUGHT IN BIG STORM. Captain A. Witting of Hancock and Mate Wilson who sailed for Misery river in their schooner last week were caught out on the big lake in the recent severe storm but managed after a hard experience to get into shelter. The lake was rough but the little craft weathered it pretty well.

GOES TO ST. LOUIS. Frank Bateski of Lake Linden has left for St. Louis where he will be employed in the work of decorating the interior of the fair buildings now under construction for the exhibition in 1903 and 1904. He is an expert in fresco work. Mr. Bateski worked on the Buffalo fair buildings.

GRADUATING EXERCISES. The program for the graduating exercises of the Lake Linden High school will be given on the evening of June 19 has been arranged. It is one of the best ever prepared at Lake Linden for an occasion of the kind. Announcement cards will be sent out in a few days.

COPPERDOWN BREVITIES. The steamer China, of the Anchor line, will arrive down from Duluth today.

The playing of baseball on the sidewalks in Houghton should be stopped.

Gad Smith of Marquette hounded with Congressman Sheldon at Houghton Wednesday.

The Landmen of Hancock will be feasted some evening in the very near future by ex-President Driftler.

The schooner E. B. Gardner is at Lake Linden with 600 tons of coal for the Peninsula Electric Light & Power Co.

A. L. Edmiller, of St. Paul, traveling passenger agent for the Burlington road, was a Houghton business visitor yesterday.

E. L. Wright, of Hancock, has left for York, Mont., to look over the Columbia gold mines in which he is interested.

Andrew Healy, a former Hancock resident, who has been in Hancock on business for several weeks, has returned to Detroit.

President William Scallion of the Anaconda, who has been visiting Dr. J. E. Scallion at Hancock this week, has returned to Butte, Mont.

Graham Pope, of Houghton, who will soon retire from the general store business, does so after being in business at

the one place for the past twenty-seven years.

The first excursion of the season to the canal will be given Sunday by the Houghton band. Plenty of music and fun are promised all who attend.

The Armstrong-Thielman Lumber company is building an addition to one of its buildings for the storage of dressed lumber at its Hancock yards.

Houghton county is the fourth in the number of children of school age in the state. The county has 21,826 children and draws \$11,349.52 primary school money.

The fair for the benefit of the new hospital building fund at Hancock will open at St. Patrick's hall tonight. The Sisters of St. Joseph have the bazaar in charge.

Members of Helping Hand tent, I. O. F., Calumet, will run an excursion to Washington Harbor, Isle Royale, on the steamer Argo of the Booth line on Friday June 20.

The steamer Stevens of the Union Transit line cleared early yesterday morning for Duluth after taking on 315 tons of copper at Dollar Bay and Lake Linden.

Mrs. Joseph Haas, of Houghton, Mrs. Thomas Payne, of Hancock, and Frank Haun of Dollar Bay left yesterday afternoon for Fairbury, Neb., for a month's visit.

A. E. Doswell, of Hancock, was shipped to Dresden, Ontario yesterday afternoon, Methodist funeral services being held at 3 o'clock at the residence.

W. G. Rice, of Houghton, and W. E. Parnall of Calumet who have been in Boston on business relative to the electric light deal still pending returned home Wednesday.

Hancock's street sprinkler went into commission yesterday. The streets are getting very dusty and residents of each village think it about time to set all the sprinklers working.

Rev. Edwin More of the Hancock Congregational church will leave Monday for St. Johns to attend the sixty-first annual meeting of the Michigan Congregational association.

The Finnish Temperance society of Dollar Bay will give an ice cream and box social at Dollar Bay Saturday evening. The funds will be used towards installing electric lights in the lodge hall.

At a meeting of the Calumet lacrosse team Wednesday evening it was decided to play the first game with the Portage Lake team at Athletic park, Calumet, on Saturday June 14 as announced yesterday.

The stock of G. Rohrer, the former Laurium jeweler who met with financial reverses, was sold at auction yesterday. W. A. Washburn of Hancock, who was one of the principal creditors, bid in the stock for \$1,800.

Captain Thomas Heatson of Calumet has purchased the beautiful residence of Clara J. Daughass of Peawick street, Laurium. The home is one of the finest in the village. The consideration was about \$7,000.

Howard Kyle, who will appear in the title role in "Nathan Hale" at the Calumet theatre Monday evening will address the students of the Calumet high school in the afternoon on "Nathan Hale the Patriot."

A meeting of George Miller post, Spanish-American War Veterans, will be held at the Houghton Armory at 2 o'clock Sunday afternoon to complete arrangements for Memorial Day exercises at Portage Lake.

The bridge near the Portage Lake Baptist church on the road leading up from the Hancock end of the county bridge is in bad shape. Some of the planking is breaking through and teamsters are complaining.

C. B. Hawley, right eminent grand commander of the Knights Templar, was a guest of Monmouth Commandery at Calumet Wednesday evening. After the feast in the lodge rooms a banquet was served at the Arlington.

The parishoners of the Sacred Heart church, Calumet, have decided to build the proposed addition to the Sacred Heart convent plans for which have already been made. Steps to start the work will be taken at once.

Sam Byrne of Houghton has purchased the residence now occupied by W. H. Thomson in East Houghton from Michael Messner. The consideration was about \$4,000. Mr. Byrne intends to move into the house at a near date.

The Ladies' Aid society of the Calumet M. E. church will give a fair and bazaar in the parlors of the church, next Monday afternoon and evening. A large display of needle work and other useful articles will be on sale.

The new Quincy Co-operative store, located in the Laughlin block, corner of Franklin and Tezocco streets, Hancock, will be opened by Manager Truscott this morning. The salesrooms are large and well supplied. Orders for goods are already being received.

Richard Seighman of Laurium, one of the Calumet high school track team's best members, is laid up with a very severe knee, blood poisoning being the trouble. It is not known at this time whether he will be in condition to go to Ishpeming on May 24 to take part in the athletic meet.

REVEALS A GREAT SECRET. It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard cures and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at Stafford's.

A REVELATION. If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. Peep's Drug Store.

RAILS ORDERED YESTERDAY.

Proposed Extension of Houghton County Street Railway to Go Ahead.

Rails were ordered yesterday by the Houghton County Street Railway company for the extension of the line from Hancock to Lake Linden.

ATTACKED BY FINNS.

Thomas Carroll the Victim of a Brutal Assault.

Thomas Carroll, an employe of the Copper Range road, who lives on the side hill at Hancock, claims that while walking home Wednesday evening he was assaulted in the near vicinity of his home by two Finnish residents about midnight.

SEWER WORK RESUMED.

Contractor J. H. Green in Lake Linden to Complete Installation of System.

Contractor J. H. Green of Appleton, Wis., who is putting in Lake Linden's new sewerage system, work upon which was started last summer, has arrived at Lake Linden and will be ready to start work again according to his contract by May 20.

NATHAN HALE AT HOUGHTON.

Howard Kyle Will Again Be Seen in the Title Role.

"Nathan Hale" one of Clyde Fitch's most pronounced successes, will be seen at the Houghton Armory Opera House next Tuesday evening.

MICHIGAN'S ASSESSMENT.

The Michigan mine management has levied an assessment of \$2 per share, payable May 29.

FINNISH MISSIONARY.

Miss Erikarantana, a Finnish missionary, who has been working for the cause in this country for the past four or five years, arrived in Hancock yesterday.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized.

ATLANTIC SHOWS IMPROVEMENT.

Yield in April, 16.84 Pounds of Mineral Per Ton, an Increase Over 1901.

At last it is thought the Baltic lode has been intersected on Section 16 of the Atlantic property, and the Times certainly hopes the lode gone through will prove to be the master lode, which the Copper Range consolidated and Tri-mountaine are now working and developing.

SHIPMENTS HEAVY.

Copper Distribution Not for Immediate Consumption.

The amount of copper stored at the refining works of the Amalgamated Copper Co., at Perth Amboy, N. J., six months ago was over 65,000,000 pounds.

BRIGHT FUTURE FOR CENTENNIAL

Will Occupy Position Among Producers in a Few Months.

While as yet nothing definite has been given out regarding the question of stamp mill facilities, in which respect the mine is lacking, there is every reason to believe that within a few months the Centennial will occupy a position in the list of producing properties.

WILL BE REPRESENTED.

Hancock and Calumet Schools to Enter Teams in Athletic Meet.

The Hancock and Calumet High schools will be represented at the athletic meet of the Upper Peninsula High schools to be held at Ishpeming May 24 and each copper country team is sure to be strictly in it.

MANAGER BOUSU RESIGNS.

Head of Finnish Trading Store Quits on Account of Ill Health.

Manager Bousu, of the Finnish Trading company's store at Hancock, has resigned on account of ill health and will soon leave for Kokata, Minn., for a long visit with relatives.

PYTHIANS SELECT OFFICERS.

A list of the election of officers of the grand lodge of the Knights of Pythias selected at the convention at Mt. Clemens this week was wired to Webster Dock of Hancock by Dr. Dodge, the Hancock delegate, yesterday.

VISIT THEIR NATIVE COUNTRY.

A special car will leave the Lakesview railway station at Hancock Sunday evening direct for Boston, Mass., by way of the Soo and Montreal.

AN ATHLETIC MEET.

Saturday evening another informal athletic meet for the members of the Calumet Y. M. C. A. will be held in the association gymnasium.

A VALUABLE STRIKE.

Copper Chute Near No. 2 Shaft at Winona Encountered a Sixth Level.

which is already opened upon by an aggregate of about 3,400 feet of drifts, which compare favorably with many of the local amygdaloid producers. The fact that the management recently voted to call an assessment of one dollar per share was in itself evidence that the situation offered a degree of promise.

Judge C. R. Brown spent a portion of yesterday at Munising, called there by the illness of his brother William.

The meeting of the Methodist Ladies' Aid society this afternoon will be held at the church parlors at 2:30 o'clock.

The Ladies' Aid society of the Baptist church will hold its meeting this afternoon at the home of Mrs. L. C. Palmer, 329 East Arch street.

The Ladies' Aid society of the Presbyterian church will meet this afternoon at 2:30 o'clock with Mrs. Bowen, West Michigan street.

The road roller is working overtime these days. At present it is in commission, finishing up the rebuilding of Third street between Superior and Fisher.

Rev. and Mrs. J. M. Rogers are expected home this morning. It has been Mr. Rogers' vacation, and with Mrs. Rogers he has been away for several weeks.

Percy Delf is being favored with a big run on his Milwaukee bread and rolls, which are received fresh every morning by express. The goods are baked the evening before.

The city pounds will this season be located on the premises of Oscar Wanner, in South Marquette, and of Nicholas Archambeau, on Washington street; also at the deer park at Presque Isle.

The Tennessee Jubilee singers will give an entertainment at the Baptist church on the evening of the 22d. The organization comprises eight members, colored ladies and gentlemen, and comes well heralded.

The tennis grounds are in commission, and a number of enthusiastic players are daily indulging in practice. This season there are three courts instead of two, as last year, and the grounds have been put into splendid condition.

Mrs. L. S. Himes and little son arrived from Duluth last night to visit relatives and friends at her old home here. They were accompanied by Miss Mazie Byrne, who had been the guest of her aunt, Mrs. Humes, for several weeks.

A subscriber asks, "How about the M. I. A.?" The Mining Journal is not yet prepared to answer, but presumes that as the festive dandelion has again made its annual appearance the association will soon reorganize for its spring and summer work.

T. A. Watson, record keeper of the great tent of the Macabees, arrived in the city yesterday afternoon from Port Huron, accompanied by Mrs. Watson. Mr. Watson was present at the Macabee convention conference last evening, and expects to leave on his return home today.

The South Shore road is offering excursion rates to Detroit for the annual convention of the Catholic Knights and Ladies of America to be held May 27 to 29. This offers a good opportunity for Marquette and other upper peninsula people to visit the state metropolis at small expense.

Howard Kyle, the actor, has accepted the invitation to lecture at the Normal next Wednesday afternoon. The subject of his address will be "Nathan Hale, the Patriot." Mr. Kyle has made a particular study of the life of the Revolutionary hero, and his talk will be very interesting and instructive.

C. R. Hawley, grand commander of the Michigan commandery, arrived yesterday afternoon from the copper country, and was met at the depot and escorted to his hotel by a number of the Lake Superior commandery, followed by a band, was held at the hall. The attendance was large and included a number of Knights Templar from other places in the peninsula.

A concert will be given Tuesday evening next at the Presbyterian church, under the auspices of the church choir, in which much of the best local talent will participate. The program will include both vocal and instrumental numbers of

a high order of merit. Among those who will lend their aid are Miss Oliver, Miss Linton, Miss Ross, Mr. Jopping, Professor Kluge, and the Orpheus Mandolin club, while the quartet choir may be depended on for something good.

Captains York and Gooding left yesterday afternoon on an official inspection tour in the east end of the peninsula. They went to examine the hulls and boilers of boats at Grand Marais, Manistique and the Soo.

It is the latest fad of commercial travelers to register the names of the cigars they are selling instead of their own names. As many cigars are named after persons of fame, it is sometimes productive of grave mistakes. A man looking for a prominent actor, pugilist, politician or author will find the cigar drummer. Some of its salesmen have stamps bearing their advertisements to affix to hotel registers.

There is talk of extending the long distance service of the Michigan Telephone company to Manistique. The matter has been taken up with District Superintendent Wilde of this city, and he will shortly look into the situation. Manistique is one of the very few upper peninsula points not now reached by the system, and with the recent railroad and tannery developments the prospective business to be gained would seem to make Manistique an inviting field.

When you awake in the morning feeling like the end of a misspent life, your mouth full of fire and your soul full of regrets, take Rocky Mountain Tea. Great medicine. The Stafford Drug Co.

Foley's Honey and Tar is peculiarly adapted for asthma, bronchitis and hoarseness. Sold by People's Drug Store.

NOTICE TO VESSELMEN.

Heppner's fresh whole wheat, white, and rye bread made every day. Pure sweet cream, milk and ice cream in any quantity. Located next to Hotel Clifton in Fraternity building. John W. Deschamps, proprietor.

(6-15-10d)

MARSHAL'S NOTICE.

In the District Court of the United States, for the Western District of Michigan, Northern Division. In admiralty.

Whereas, a libel was filed in said court on the 11th day of May, A. D. 1902, by the Tomawanda Iron and Steel company, a corporation organized and existing under the laws of the State of New York, against certain tons of soft coal, being about seven hundred tons, and against Peninsula Coal company, in a cause of demurrer, civil and maritime, and whereas by virtue of a writ of attachment issued out of and under the seal of said court, said certain tons of soft coal being about seven hundred tons, has been seized and is now in my custody, and whereas, the third day of June, A. D. 1902, has been fixed as the return day of the attachment and for the hearing of the said libel, now there are, the owner and claimants of said certain tons of soft coal, being about seven hundred tons, and all persons interested therein, are hereby cited and admonished to be and appear in the district court of the United States, for the western district of Michigan, at the district court room, in the city of Marquette, in said district, on Tuesday, the third day of June, 1902, at 10 o'clock a. m. If they fail to do so, I will, on that day, then and there, to answer said libel, and make their allegations in that behalf.

Dated Marquette, May 9, 1902.

A. O. WHEELER, United States Marshal.

By JACOB D. DUFFY, Deputy U. S. Marshal.

JAMES H. CLANCY, Prosecutor Libellant, Escanaba, Mich.

ADD UP THE GAINS.

In consumption, as in other diseases, the results secured from continued treatment with Scott's Emulsion come from the accumulation of many small gains.

A little gain in strength each day—a little gain in weight each day—if continued for weeks, amounts to something.

Scott's Emulsion can be taken for weeks and months without the least disturbance. It gives itself time to do good. It makes new flesh and strengthens the lungs.

Send for Free Sample.

Twenty Good Reasons

Why the Shares of the

POLAND EXTENSION GOLD MINING AND MILLING COMPANY

ARE THE

BEST INVESTMENT ON THE MARKET:

- 1st. Capitalization is very low.
 - 2nd. Fifteen mining claims or over 300 acres.
 - 3rd. Large Treasury reserve.
 - 4th. Special Reserve Fund of 300,000 shares.
 - 5th. Railroad depot on the property.
 - 6th. Smelter within ten miles.
 - 7th. Company owns its own townsite.
 - 8th. Company owns its own water plant.
 - 9th. Company will own its own electric light plant.
 - 10th. Company will own its own mill.
 - 11th. Timber valued at \$100,000.
 - 12th. One hundred thousand dollars worth of ore already in sight.
 - 13th. Poland vein for over 3,000 feet already exposed.
 - 14th. Complete assay office and building.
 - 15th. Conservative and economical management.
 - 16th. Expert's report value property at \$1,000,000.
 - 17th. Working day and night with large force of men.
 - 18th. Property adjoins the great Poland mine.
 - 19th. No salaries paid until the company is on a dividend-paying basis.
 - 20th. Title perfect. No floating indebtedness. The first issue of the Treasury Stock is offered at 25 cents per share. Why not join us in developing a grand mining property, which under proper conditions should be on a dividend-paying basis inside of one year. The stock in our judgment will be worth par. You will have made 400 per cent. on your investment. Can you do so well anywhere else, and at the same time feel that your money is safe?
- Twenty other reasons could be given why this property will become one of the great dividend-paying gold mines of Arizona.

Ishpeming and its Environs.

WILL ATTEND THE FAIR.
City Dads Will Grace the Firemen's Fair With Their Presence Monday.

A NOVEL ENTERTAINMENT.
Ladies of Presbyterian Church Will Manage a Trip to Foreign Lands.

At the adjourned regular meeting of the city council, held Wednesday evening, an invitation from the officers of the Ishpeming fire department to attend the fair to be given the first three evenings of next week at the Anderson hall was accepted. The communication explained the object of the fair, which is to pay for the new uniforms ordered some time ago for the sixty-three members of the department.

The invitation was accepted on motion of Alderman Shiley, who presented the following resolution, which was unanimously adopted:

"Resolved, That the invitation of the fire department to assist at the exercises in connection with their bazaar on Monday evening, May 19, 1923, be and is hereby accepted. And be it further resolved that we, the members of the common council, pledge our support in behalf of the undertaking, and as an expression of our appreciation of the burden assumed by the members of the fire department in raising funds sufficient for the purchase of new uniforms, that we attend the bazaar upon the opening night, and that we meet at the council chamber at 7 o'clock p. m. on said day and proceed to the hall in which the exercises take place in a body."

Will Not Build the Road.

The committee on streets and alleys recommended that the portion of taxpayers living on the north shore of Lake Bancroft, asking that the road leading to that part of the city be placed in better repair, be denied. The committee explained that the thoroughfare is owned by the Cleveland-Cliffs Iron company and that it had never been dedicated to the city. The recommendation was concurred in.

The petition of J. Tregonning and others relative to the repairing of Barnum street between Lake and Spring streets was granted, on recommendation of the committee on streets and alleys.

The Grand Army Exercises.

The officers of Charles Towne post of the Grand Army invited the city dads to take part in the Memorial day exercises. The old soldiers and others who will participate will meet at 2 o'clock that afternoon on the vacant lots near the Ishpeming Co-operative society's block. The exercises will take place there and a march to the cemetery will take place immediately following. The invitation was unanimously accepted.

The council voted to dispose of the alley adjoining the Division Street Methodist church.

BIG MINSTRELS MONDAY NIGHT.

Richards & Pringle's mammoth minstrel aggregation, which appears at the Ishpeming opera house Monday evening, is vastly different from any similar style of attraction that will be seen here this season. It numbers fifty of the best entertainers in colored minstrelsy, each one of them popular in his respective line and all refreshingly original with new specialties this season.

It is a laughing performance from the start to the finish and is filled with bright, merry ideas new to minstrelsy and of a high class order. This big attraction is meeting with unbounded success everywhere. As this will be its only visit here this season, lovers of good, solid enjoyment cannot afford to miss it.

The street parade, its big out-door attraction, takes place at 2:30 p. m. on the day of the company's arrival in this city.

L. S. & I. PASSENGER SERVICE.

Passenger service will be resumed on the L. S. & I. road next Sunday. The trains will leave Ishpeming daily except Sunday, at 8:30 a. m., and returning will arrive here at 6:20 p. m. On Sundays, three roundtrips will be made. The trains will arrive from Marquette at 9:45 a. m., 2:25 p. m., and 8 p. m., and departing from Ishpeming they will leave at 10 a. m., 2:30 p. m., and 8:30 p. m. The 10 a. m. and 2:30 p. m. trains will be run to Presque Isle and the evening train, coming here at 8 o'clock, will arrive from the "island."

STAND LIKE A STONE WALL

Between your children and the tortures of itching and burning eczema, scaldhead or other skin diseases. How? why, by using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for Ulcers, Fever Sores, Salt Rheum, Cuts, Burns or Bruises. Infallible for Piles. 25c at Stafford's drug store.

ISHPEMING IN BRIEF.

Roy Walton leaves for Duluth tonight.

Charles Ringling, of Ringling Bros. circus is in the city.

James Moyle of Michipicoten is visiting friends in the city.

The city fountain was connected with the water main yesterday.

E. F. Murry will serve ice cream soda at the firemen's fair next week.

The sprinkler appeared on the streets yesterday for the first time this year.

Captain and Mrs. W. H. Johnston entertained the Pioneer club Wednesday evening.

Mrs. Seldon F. White of Chicago, is visiting her parents, Mr. and Mrs. W. H. Johnston.

The improvements at the golf links are finished. The grounds are now in first-class condition.

The junior class of the high school will give a party at the Anderson hall tonight in honor of the seniors.

The lunch given by the ladies of Grace church yesterday at Guild hall, was well patronized. The ladies are highly gratified with their success.

The reserved seat tickets for the concert to be given next Tuesday evening for the benefit of the Episcopal choir will go on sale today at Tilton's.

F. Braastad & Co.'s closing-out sale of S. Johnson & Co.'s stock will begin today. Extra clerks have been engaged and large crowds can be waited on.

The ladies who have been soliciting for the firemen's fair are requested to meet at the firemen's headquarters at 8 o'clock sharp tonight. An are asked to bring their subscription lists.

The pastry sale to be held at Gill's store under auspices of the ladies of the Division Street Methodist church will take place Saturday, instead of Thursday, as announced in yesterday's issue.

Louis Corbet has bought the residence on North Pine street occupied by Richard Jones, from the Ishpeming Building & Loan association. The sale was made through the E. C. Cooley real estate agency.

The clerks have changed the date of their entertainment and hop from the 27th to the 28th inst. The Marquette clerks would not be able to come up on the 27th on account of that day being the South Shore pay-day.

Private Charles A. Norman, of the United States recruiting service, is in the city and is meeting with good success. The main office, however, is at the Hotel Marquette, at Marquette, and all applicants should apply to Captain Woodward there.

Manager Madden of the Cleveland Cliffs baseball team states that there will be no special train to Sidsaw. The team will leave here at 11:40 p. m. Saturday and will return Monday morning at 4:12 a. m. The South Shore offers a rate of two dollars for the round trip to all who go with the team.

Nick Debeck, the Northwestem conductor running between Marquette, Ishpeming and points west of here, was called to Escanaba Wednesday on account of the serious illness of his mother. The ailing lady is eighty-three years of age. John Keenan is covering Mr. Debeck's run during the latter's absence.

"OLIVER TWIST" TONIGHT.

The Nye Theatre company will produce "Oliver Twist" at the opera house this evening. This is the strongest bill in the company's repertoire and as this will be its first presentation here it should draw a large audience. A new specialty artist joined the troupe Wednesday and his "turns" are a hit.

Tomorrow afternoon the company will give a children's matinee. The little ones will be remembered by the management and the price of admission for all school pupils will be ten cents.

A number of the local reformers have notified Mr. Nye that they will take part in the amateur contest to be pulled off tomorrow night at the close of the regular performance.

WHOOPING COUGH.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—Jessie Pinkey Hall, Springville, Ala. This Remedy is for sale by The Stafford Drug Co.

NOTICE.

All persons indebted to the estate of Jos. Pope are hereby notified that accounts must be paid at once to James C. Wood, administrator, at his office over Miners' Bank or at the Pope saloon, or proceedings will be taken to collect same. (5-16-1w)

Trimmed hats going cheap. We want to clear out the stock. Finnish Mercantile association.

J. SELLWOOD & Co.

AROUND THE WORLD FOR 2 CENTS.

Distance a Letter May Travel With a United States Stamp.

Now that the Danish West Indies will become an insular possession of the United States upon the completion of the diplomatic negotiations for their acquisition, and the eastern shore line of this country practically extended over 1,400 miles into the broad expanse of the tempestuous Atlantic, it will prove of interest to show the postal possibilities of this country as to the carriage of a letter weighing an ounce for two cents, said a gentleman familiar with postal affairs.

I venture to say that even an off-hand statement of these remarkable possibilities cannot readily be given. Having occasion to go into the question recently I made a new calculation, which is approximately correct. It is based upon the Island of St. Thomas, in the Danish West Indies, as an eastern starting point. Upon the completion of the negotiations American postoffices will be established in the islands. We will proceed to the recently established postoffice at Point Barrow, Alaska, well within the arctic circle, on a parallel far above the northernmost shores of Iceland, and not so very distant from the north pole itself. Thence we will take an aerial journey to the tropics of the south seas, at Manila, and then home again to St. Thomas.

From St. Thomas to New York it is 1,428 miles, to San Francisco, 3,315 miles; from San Francisco to Unalaska, 2,935 miles; from Unalaska to Nome, about 1,000 miles, and thence to Point Barrow, overland, 420 miles, or a total of 8,288 miles from our most eastern Atlantic postoffice to our northernmost postoffice amid arctic ice. The revenue cutter which will visit Point Barrow twice a year, will carry the mail to the Arctic Sea sufficiently, and which will carry the supplies for the new office, will go around the western shores of Alaska through Behring Strait, and the total distance will be somewhat increased. Actual distances in this remote region cannot be stated with positiveness, but these figures are not far out of the way, and are based upon official data.

Returning southward, overland part of the way, it is approximately 1,500 miles from Point Barrow to Unalaska; thence it is 2,016 miles to Honolulu; from there to the sea it is 2,337 miles to Guam, and from that island 1,500 miles to Manila, or a total of 8,459 miles from our arctic postoffice at Point Barrow to our Southern Pacific postoffice of importance.

And now for the homeward leap. It is 7,941 miles from Manila to San Francisco via Guam and Honolulu, and 4,743 miles from the Golden Gate city to St. Thomas, and the complete circuit, as here outlined, approximates 29,431 miles, which a letter might travel, under certain conditions, for two cents under the American flag.—Washington Post.

WANTED—A couple of first class painters.
Eman & Swanson, Ishpeming. 5-9-17

FOR SALE—One new side bar firewater bucket, full leather top, and curtains, manufactured by Thomas Nevelle of Oshkosh; none better. Also one canopy top, two-seater, used one year, painted last summer, good as new; both rubber tire. Can be seen at the Nelson house bar, John F. Ostwald.

INCUBATOR BABIES.

A Curiosity of Advanced Civilization.

Among barbarous peoples it is the common custom to destroy the weakling child. Even among some civilized people as in China and India the same practice obtains to a greater or less degree.

number of children are born too weak to make an effectual struggle for life, and that many mothers are unable to nourish the children born to them.

MATERNAL LOVE HELPLESS. Maternal love is helpless in such circumstances. The woman who would drain her heart dry to give her child strength can only sit in impotent helplessness and watch the little flower fade.

But science does more than provide an incubator for the weakling baby. It finds the means to make weak women strong. It gives the mother strength to give her child, and makes the incubator unnecessary.

FREE FOR ALL. The best Medical Book Free. Doctor Pierce's Common Sense Medical Adviser, containing more than a thousand large pages and over 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only.

MOTT'S PENNYROYAL PILLS. They overcome Weakness, irregularity and omissions, increase vigor and banish "pains of menstruation."

Negaunee and Vicinity.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription account.)

THE CITY HEAVILY BILLED. WORK MOVING STEADILY.

In Its Present Appearance Negaunee Looks Like a "Picture Gallery."

Opposition in the circus business makes the life of the advance representatives and the bill posters one of excitement, and quite often results in many sleepless nights for them. It gives the men in advance of a big show much satisfaction to "do the other fellow" when it comes to putting up circus paper.

Negaunee is the first place in the upper peninsula where the agents and bill posters of opposition amusement enterprises come together. Men representing the Buffalo Bill show dropped in here Wednesday afternoon while the Ringling men were still in the city.

W. E. Fuller, who was through here some time ago making contracts for the Buffalo Bill show, was with the bill posters and he directed the work of the crew. Yesterday morning all were out at daybreak preparing for the day's work in the country.

Simon Ruttenberg, the man charged with dealing in stolen goods, has taken his departure from the city. He was found by the police in the trunk of a car, and he is now in the hands of the law.

JUNK DEALER IS MISSING. Simon Ruttenberg, the man charged with dealing in stolen goods, has taken his departure from the city.

VANDALISM. Complaints are made by owners of boat houses on Teal Lake that the boys in that part of the city are amusing themselves by breaking into these places.

WON'T FOLLOW ADVICE AFTER PAYING FOR IT. In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment."

LOCAL LAONICS. Dr. French of Swanzy spent Wednesday in the city.

Charles Johnson left for Milwaukee Wednesday night.

C. L. Sporeley is building a new sidewalk in front of his residence.

T. E. Ford of the Soo was a business visitor in the city Wednesday.

Mrs. P. O. Holthe of Muskegon is stopping at the Breitung House.

Christ Wolf, of Wolf, Sayer & Hiller, Chicago, was in the city yesterday.

Meslames Samuel Mitchell and J. M. Perkins are making a short visit in Chicago.

Miss Jennie Ethier is expected home today after a ten days' visit in Milwaukee and Chicago.

J. L. McClear, formerly a resident of Negaunee but now of Menominee, passed through the city yesterday.

On Saturday, at Perkins' drug store, you can get a package of sweet pea seeds free, with one purchase.

Mrs. J. Davidson, who visited friends here the early part of the week, returned to Champion Wednesday.

J. P. Miller and wife returned yesterday from Chicago, where they spent the past week visiting friends and sight seeing.

George J. Maas and wife leave today for Milwaukee, where they will prepare for a trip abroad. They expect to sail from New York early in June.

Mr. Dodson's Interesting Discoveries South of Tripoli.

A large part of the hinterland of Tripoli has hitherto been forbidden ground. This unknown land has just been traversed by Mr. Edward Dodson, a British explorer, who succeeded in collecting considerable information about it.

On the journey to the reservoir the party was surprised to find dried beds of torrential streams containing great patches of brilliant colored flowers.

After obtaining supplies of water from the Roman reservoir the party struck out for the Benjam oasis, which is on the desert road to Sokna.

WHAT THIN FOLKS NEED. Is a greater power of digesting and assimilating food. For them Dr. King's New Life Pills work wonders.

THE FOUR DAYS' JOURNEY FROM ENJON TO SOKNA was one of intense suffering. The route led through an absolutely uninhabited desert, and as the party was without water the journey was continued day and night in the intervals between sandstorms.

By local applications as they cannot reach the diseased portion of the ear, there is only one way to cure deafness, and that is by constitutional remedies.

DEPOT DOWN TOWN

CITY PROPER MADE THE TERMINAL OF THE L. S. & I.

PASSENGER TRAINS START SUNDAY

WILL RUN TO TEMPORARY STATION ON LAKE STREET.

Presque Isle Will Not Be Touched by Week-Day Trains Except When Special Excursions Are Conducted.

Passenger service on the L. S. & I. will next Sunday be resumed for the warm season. The schedule in effect last year will be closely adhered to, but in another detail there will be an important change from the arrangement which has been followed in the past.

As was the case last year, the passenger service will be in effect between Ishpeming and this city, but from the junction point of the L. S. & I. and the Marquette & Southeastern lines, the tracks of the latter company, following the lake shore, will be taken at the proposed freight depot on Lake street.

During the week none of the passenger trains will pull in at the Presque Isle station, unless an special excursion is run from the cities at the other end of the county, but on Sunday ample provision will be made for up-the-road visitors to the "island." On week days, two trips will be made. In the morning, the coaches will be run down from Ishpeming and in the evening they will return to that city, the nearest point to Presque Isle touched either on the down-bound or up-bound trip being the crossing at the street railway power house.

The Sunday schedule calls for three round trips. The train will leave here in the morning, run direct to Ishpeming and leave there on the return in fifteen minutes. Coming down it will stop at Presque Isle, and continue on to Lake street. The second train will leave the down-town station at 1:30 in the afternoon and conform to the same arrangement as the first, not stopping at the island on the up-trip but running in there on the way down. The third train will depart from the Lake street depot in the evening, and will stop at Presque Isle on the way to Ishpeming—the only train on the entire schedule that will do so. It will leave Sunday in the morning, run direct to Ishpeming and return in half an hour after arriving at that city.

The schedule in detail is as follows: Leave Marquette, daily except Sunday, at 5:25 p. m. Leave on Sunday at 8:45 a. m., 1:30 p. m., and 7 p. m. Arrive at Marquette, daily except Sunday, at 9:30 a. m. Arrive on Sunday at 11 a. m., 3:30 p. m., and 9:30 p. m. The new service will undoubtedly be very popular and serve to materially increase the passenger business of the road. The arrangement will continue in force until further notice, at least until July 1, when with the Marquette & Southeastern in commission it may be deemed advisable to make a change.

FOR THE CUSTOMS SERVICE. Civil Service Examination Soon to Be Held Here.

A. C. Thiel, secretary of the board of examiners, announces that a civil service examination for the positions of deputy collector, clerk and inspector in the classified customs service will be held in this city on July 14 next, commencing at 9 o'clock in the morning. In order to compete, however, all applications must be handed in not later than the close of office hours on June 25. Application blanks can be obtained from Mr. Thiel, at the customs house, where the examination will take place. The examination will be open to all, of whatever color, political belief or creed, and favor will be shown to none. The occasion will offer a good opportunity to get into the customs service of Uncle Sam, and will undoubtedly be taken advantage of by a large number of applicants.

FURNACE INTAKE GOING IN.

Bids for the installation of the intake pipe at the new furnace were recently opened. A number of proposals were received, including one from Powell & Mitchell of this city, and the contract went to the local concern, whose figures were the lowest. The pipe will be nearly 2,000 feet in length and the work of laying it has already been started, the tug Ward and scows being employed in the task.

NO LOSS OF TIME.

I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning. — H. E. Phelps, Plymouth, Oklahoma. As will be seen by the above, the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this Remedy in your home. For sale by The Stafford Drug Co.

ENTERTAINMENT TONIGHT.

Mandolin Club and High School Seniors in Concert and Farce.

Lovers of music will be accorded a rare treat at the assembly room of the city hall this evening. The occasion will be a concert to be given under auspices of the Orpheus Mandolin club, and not only will that popular organization render several selections, but other local talent of excellence will take part. The program of entertainment, also, will be varied by the rendition of a two-act farce, entitled "Which Is Which?" in which seniors of the high school will assume the roles. The piece has been thoroughly rehearsed, and a finished production is promised. The following is the program:

- Gainsborough March.....Rosey Mandolin Club. Piano Solo.....Morgan Jopling. La Zarina....."Russian Mazurka".....Ganne Mandolin Club. Act I of Senior Play.....Miss Ross. Selection from "Hoity Toity".....Stromberg Mandolin Club. Act II of Senior Play.....Ashton Pencing Girl Waltz.....Mandolin Club. Quartet.....Misses Johnson and Withey, Messrs. Tucker and Allen. On Duty.....Rosey Mandolin Club.

The entertainment has been set to begin at 8 o'clock. An admission fee of twenty-five cents will be charged, and the public generally is invited.

WATSON'S POPULARITY WON.

Major Boynton's Own Tent to Send an Anti-Expansion Delegate.

Coincident with the arrival here yesterday afternoon of Great Record Keeper Thomas Watson of the state camp of the Maccabees, came the news that Diamondport Mayor Huron had chosen an anti-expansion delegate to the Marquette convention. The result of the contest is especially interesting because of the fact that both Major Boynton and Mr. Watson, the leaders of the antagonizing forces on the issue of expansion, are members of the tent. Although the returns from the state at large indicate that expansion and the Boynton slate have a majority of the delegates, the outcome in Diamondport is significant in showing that the anti-expansionists are ably led by Mr. Watson and that they have no intention of laying down without a struggle. On the other hand, the victory of the anti-expansionists is ascribed to the personal popularity of Mr. Watson. In support of this, it is pointed out that the vote on delegate was 93 to 89, while in the selection of the alternate the expansion candidate was elected by the vote of 87 to 64.

At the meeting of the tent at Cadillac, held Wednesday evening, Auditor General Perry F. Powers was elected as the delegate to the biennial review here, with Charles H. Perry as the alternate. Both will attend the meeting of the Cadillac tent voted in favor of Boynton and "expansion into the healthier states," but Delegate Powers goes unopposed. At Lucas, near Cadillac, the tent located there, at a meeting also held Wednesday, instructed its delegates to support Mr. Boynton, as did also the tent at Marshall, the latter being one of the largest tents in the state and being entitled to eleven votes at the great encampment.

Mr. Watson's principal mission to Marquette was to arrange for the headquarters of the convention at the city hall, and that he has no intention of leaving that without a struggle. In detail were discussed last evening, but no action of special importance to the public at this time was taken.

KITCHEN FITTED UP.

Gas Company to Give Practical Demonstration of Gas for Fuel.

Within the past few weeks the gas company has disposed of twenty gas ranges. As is generally known, it is proposed to make the fuel gas business an especial feature of the company's service, and for that reason the stoves are being sold at actual cost. Practical demonstration of the merits of gas as fuel are to be given at the company's office in the Harlow block.

A neat little kitchen, equipped with a gas range, water heater, table and other paraphernalia, has been installed in one corner of the room and within a short time instructions in the use of gas for cooking purposes will be given for the benefit of all ladies who call. Biscuits and many other varieties of eatables will be baked or cooked, and instructions in how to get the best results from the gas at the least expense will be included in the program of demonstration.

The water heater is attached to a water tank in a corner of the kitchen and although the heater is a small affair the pipes are so arranged that it takes but a few minutes to heat water to a high degree, the hot water going to the top of the tank ready to be drawn even while the great bulk of the water is still cold. The cost of operating the heater runs about three and a half cents per hour when the gas is kept turned on, but it requires less time than that to heat a tank full of water and it remains warm for a considerable interval.

A gas meter enclosed in glass to show the working of the machine is also an object of much interest to callers at the office. The mechanism, although in some respects rather intricate, is simple of understanding and is practically the same as the meters were operated fifty years ago.

The construction of the new gas works will be started at an early date, it is expected.

When you want a bicycle for an hour or a day, try H. E. Berk's Bicycle Library, in the Ida block. Prices right. Wheels repaired while you wait, by an expert mechanic. (5-16-1d)

Granite, ironware, tinware and small kitchen utensils you will find at Palmer's Bazaar. (5-5-tf)

The best teas and coffees are sold at Palmer's Bazaar. Try them. (5-5-tf)

LOST HER RUDDER.

Steel Trust Steamer Wawatam Meets With Mishap in Harbor.

The propeller Wawatam, captained by George L. Phillips and belonging to the Pittsburg Steamship company, arrived here yesterday to take out a cargo of ore destined for Cleveland. During the day the vessel was loaded with 2,500 tons at the South Shore's No. 4 dock and late in the afternoon started on her down-bound voyage. In backing away from the dock, however, the steamer in some manner ran onto Ripley rock-stern on. Some little time was required before the boat could release herself, but with that accomplished by telegraph signals for assistance were blown, and with the Schenck out of commission because of the strike the excursion steamer Bloomer Girl responded. The Wawatam was towed in and tied up alongside the end of No. 1 ore dock, and the steel trust people were practically helpless.

Signals for assistance were blown, and with the Schenck out of commission because of the strike the excursion steamer Bloomer Girl responded. The Wawatam was towed in and tied up alongside the end of No. 1 ore dock, and the steel trust people were practically helpless. Signals for assistance were blown, and with the Schenck out of commission because of the strike the excursion steamer Bloomer Girl responded. The Wawatam was towed in and tied up alongside the end of No. 1 ore dock, and the steel trust people were practically helpless.

WORSE THAN LAST SEASON.

Ore Boats Meeting With Long Delays at Lake Erie Ports.

The outlook for a fairly remunerative season for owners of vessel property appears to be fading daily. The delays at ore-receiving ports on Lake Erie are already even greater than those of last season, and in consequence the delays of most of the ore boats on Lake Superior and at Escanaba are constantly full, while side tracks leading to the docks are filled with ore-laden cars that cannot be relieved of their burden.

At some of the Ohio ports vessels, including even those of the steel trust fleet, frequently experience delays of a week or ten days in getting rid of their ore cargoes, and as little coal can be secured for the return trips these delays must necessarily become more and more frequent from now on. Vessels not engaged in the ore trade are faring no better. The movement of grain, even at the prevailing low rates, continues light, while the offerings of coal are very light also. In fact only soft-coal cargoes are now to be had, and they are becoming scarcer daily, it would seem. The anthracite regions continue shipments westward by lake from those ports will not be resumed until after the expiration of the summer months. The late fall season may afford some relief to the situation, but owing to its brief duration that relief will be productive of no decided benefit to owners of tonnage. On the whole, therefore, vessels will not be money-makers this season.

TWENTY-TWO ORE DOCKS.

That Number on American Side of the Upper Lakes.

The iron ore shipping docks along the American side of the upper lakes number twenty-two, divided among the different ports as follows: Escanaba, 4; Two Harbors, 5; Duluth, 3; Ashland, 3; Marquette, 3; Superior, 2; and Gladstone, 2.

At Marquette, the L. S. & I. dock is 1,232 feet in length, has 200 pockets and a storage capacity of 30,000 tons. Its height, from the water to the bottom of the pockets, is 39 1/2 feet, and from water to track deck, 54 feet. Its width is 60 feet. The South Shore's No. 1 dock, which is 1,700 feet long, has 270 pockets and a storage capacity of 27,000 tons. From water to bottom of pocket, it is 25 feet high, and to track deck, 45 feet. The South Shore's No. 2 dock, which is 1,200 feet in length, has 200 pockets, with a capacity of 28,000. In height it is 27 1/2 feet from water to pocket and to deck 47 1/2 feet; the width of the dock is 36 2 1/2 feet.

The docks at all ports vary greatly in height, particularly in height from water to bottom of pocket. The one in the channels connecting the lakes and the increase in the depth of ships for ore traffic, have necessitated the changing of dock structures and an entire revision in former models. No. 3 dock at Marquette was the most notable example of old construction, with a height of 23 feet to pocket, and 14 foot pockets. This is the dock now dismantled. The "Soo" road's dock at Gladstone is about the lowest in use, less than 27 feet to pockets and but 47 feet to the dock. This dock can not handle the type of ore-carrying vessels that has come into vogue in the past eight or nine years.

From the L. S. & I. dock, the steamer John Craig was the only boat to clear yesterday. It came here from Midland, Canada, and took out a cargo for Cleveland.

Word was received here from Duluth last evening that the tug Argost, which the towing trust had succeeded in manning with captain and engineer despite the strike, had again gone out of commission, the striking union men having persuaded the crew to abandon the boat. This leaves but one tug trust tug in service at Duluth. As far as the strike at Marquette is concerned, there has been no change. Captain Benson and his engineer are still out, and if new men have been secured to take their places, they have not yet put in an appearance. Contrary to the general understanding, however, steam is not kept up, and not a

pound of coal has been shoveled into the fire-box since a week ago last evening.

UPBOUND SOO VESSEL PASSAGES.

Sault Ste. Marie, Mich., May 15.—(Special)—Upbound passages, 8:30 a. m. last night; Whitney, 9:40; German and whalback, Devereux, Steinbremer, Roman, 11; Imperial, oil tank No. 86, 1 a. m.; Mars, Tyrone, Fleetwood, Moravia, 3:30; Ericsson, Thomas, 5:30; Geo. Gould, 6; River Queen, Cora A, 7; Wilkinson, Queen City, Martha, 8; Mariska, 9:40; Maritana, 10:20; Wolvin, 11; Kalkaska, Friar, Oakleaf, noon; Heffelinger, 1:40 p. m.; Newbury, 2; Colonel, 2:20; Princeton, 3:20; Empire City, 5:20; Schoolcraft, Nester, 6:40.

COPPERS VERY DULL.

Market Firm but Quiet in Sympathy With New York.

Hayden, Stone & Co. yesterday wired the Laidley Commission company from Boston: "The general list of coppers was very dull today, in sympathy with the New York market. Mohawk was the strongest stock on the list; the developments at the mine continue most satisfactory."

Paine, Webber & Co. said: "The coppers continued quiet and firm today and were without special feature. The metal advanced fractionally in London. We get very hopeful advices on the metal situation from New York and expect a further advance in metal prices. The local feeling is very bullish on coppers. As soon as the money market eases up a little, the coppers promise to be more active and higher."

GRAIN PRICES CLOSE LOWER.

The following was W. H. Laidley & Co.'s summary of the Chicago grain market:

The cables failing to respond to our break of yesterday, the wheat market opened at a slight advance over last night, but the early figures were the highest and almost all conditions were bearish, bringing about considerable selling and lower prices, the close being slightly under last night. Price Current reported that the conditions were generally favorable, and the report was construed as bearish. The receipts and estimates continue light, but there was some evidence of little freer offerings and we look for still lower prices. Corn opened slightly higher than last night's close, but met with quite heavy sales. At one time the market was a cent a bushel from the early high price, resulting in the close tonight being 1/2 under yesterday. There was some evidence of selling by Harris and Gates, and we think corn should sell off still further, but would advise buying upon decided breaks.

"Oats were dull and featureless, but lower in sympathy with the other grains, closing somewhat under last night. The manipulated condition of this cereal makes it undesirable to trade in."

LITTLE DOING IN WALL STREET.

Dick Bros., in a wire to Paine, Webber & Co., said of the New York stocks: "The market has been at a standstill today. The transactions were lighter than for months and commission houses did practically nothing. The tone of the market was very firm. Money continued easy. No news came from the miners' convention. The Vanderbilt stocks and some of the low-priced shares received most attention. The weather reports were favorable. Virginia Chemical common was put on a per cent dividend basis. There was good but quiet buying of L. & N. and Monon. The general market closed steady."

WERE SAWING WOOD.

If our Hancock friends do not "look a little odd" Marquette will get ahead of them and win the honor of being the first Lake Superior city to have paved business streets. Hancock and Calumet have taken the lead in the discussion of the matter but those Marquette aldermen seem to have been saying nothing and sawing wood most industriously as on Monday night they simply decided to go ahead and pave with brick, notifying the assessor to prepare his rolls for the improvement, and that was all there was to it.—Houghton Gazette.

I live and let my brethren live. With all that's good with me. Unto the poor, some cash I give. The balance I give Rocky Mountain Tea.

The Stafford Drug Co. Bicycles—We sell Columbias, Hartfords, Featherston and Wasp bicycles. Prices \$15 and up. All guaranteed. Palmer's Bazaar. (5-5-ft)

BIDS WANTED.

Sealed bids will be received until May 21st, 1902 at 2 o'clock p. m. at the office of Geo. P. Cummings for the grading of the grounds at the Poor Farm, said work to be completed by June 15, next. Plans and specifications can be seen at the office of George P. Cummings. The right to reject any or all bids is reserved. W. S. EWING, (5-15-1d) Chairman of Committee.

Time for High Balls is right now, when warm Spring days make them most enjoyable. Our Rye and Scotch whiskies are unequalled for this purpose, being of exquisite flavor and purity. Everything in the line of wines and liquors offered by us will be found to be the best obtainable.

DWYER'S LIQUOR STORE. Marquette, Mich.

THE PEOPLE'S FAVORITE SHOE STORE! This is the truth about our Shoe Room. The reason is, the lowest of all prices are marked on our Shoes. A first proof of this is in the following sample description of kinds and in the accompanying prices. The statement will be absolutely clinched if you will come and see these Shoes and compare their prices with those of any other dealers in this city. Dry Goods Department. We will offer during this month of May Special Bargains in Dress Goods—the latest weaves, the best qualities, and noskimping in measure Ladies' Wraps, Suits, Skirts and Waists. A brilliant exposition of elegant garments in styles that are the season's successes. Skirts. The season's most fetching novelties—the close-clinging styles now so much in vogue. Lace Curtains. Just received, a fresh line of handsome designs in widths and lengths to suit all, ranging in prices from 65c up to \$19.00 the pair. Our Carpet Business is still booming, but we can still give you good selection at greatly reduced prices. Men's, Boys' and Children's Clothing. How about that spring suit? It is high time you were making your selection, and our store is beyond question the place for you to go, as we have the best assortment, from the lowest priced suits to the finest garments made. We can fit the children out in little suits from 98c up to the swellest little garments turned out. We can fit out the boys and the young men in the finest worked, all wool clothing that, when pressed out and fitted on, look better than half of the garments that are turned out by the merchant tailors, and you know the prices are less than half of what you would pay there. \$2.50, \$3.00, \$7.50 to \$10.00 secures a dandy Suit at our store. D. SEIDENFELD'S STORE, SOUTH FRONT STREET, Next to Freeman Bros., Marquette, Mich.
