GAS EXPLOSION KILLS OVER TWO HUNDRED MINERS

Fraterville Mine, in Tennessee, Scene of a Horrible Catastrophe.

MEN WERE ENTOMBED AND SUFFOCATED TO DEATH.

Only One Survivor And He Is So Badly Injured That He Cannot Live—Disaster Occurred Without Warning—A Heavy Fall of Slate Impeded Progress of Relief Party And It Was Hours Before the Victims Were Reached—Scene at Mine Is Heartrending.

Coal Creek, Tenn., May 19.—The worst disaster in the history of Tennessee mining occurred this morning when between 175 and 225 men and boys met instant death at Fraterville mine, two miles west of here, as the result of a gas explosion.

Relief Parties at Work. Fraterville is the oldest mine in the Coal Creek district having been opened in 1870. It is fully three miles from the opening to point where the men were working.

Scene at the Mine. The scene at the mouth of the mine was beyond description. Women whose husbands and sons were within, were wild with grief.

300 CANAL SUIT. Permission Given to File Bill of Complaint Against the State.

Washington, May 19.—The United States supreme court today granted leave to the United States to file a bill of complaint against the state of Michigan.

RETURNED TO QUEBEC. Gaynor and Greene Brought Back on Writ of Habeas Corpus.

Montreal, May 19.—Gaynor and Greene, charged with defrauding the United States government, and whose arrest at Quebec last week caused a sensation, were returned to Quebec tonight on a writ of habeas corpus.

OIL TANKS BURN. Joliet, Ill., May 19.—The tanks of the Illinois Oil company working in barrels of barrels of oil, gasoline, etc., burned this afternoon, and portions of the works were blown up.

BOMB WAS FOUND. ATTEMPT TO KILL EMPEROR FRANCIS JOSEPH FOILED.

WAS DISCOVERED IN NICK OF TIME. INFERNAL MACHINE HAD BEEN PLACED IN IMPERIAL TRAIN.

Was Calculated to Go Off When Austrian Monarch Entered His Compartment—Affair Is Being Hushed Up.

London, May 19.—The Chronicle in concluding an editorial on Cuba says: "The refusal of the American congress to grant a 50 per cent. reduction in the tariff is ominous, and unless substantial concessions are made speedily the first president of the Cuban republic may also be the last."

RAISES CITY'S ASSESSMENT. Omaha, May 19.—The council as a board of equalization today completed the re-assessment of the corporation. The total increase was \$1,523,190.

WIFE MURDERER SENTENCED. Grand Rapids, Mich., May 19.—William Lett, who was last week convicted of the murder of his wife, was today sentenced to thirty years in Jackson prison.

WILL LAST UNTIL AUGUST. Present Session of Congress May Continue That Long.

Washington, May 19.—Senator Teller believes that the session of congress will continue until Aug. 1. He estimates thirty days each for the discussion of the canal bill and Cuban reciprocity.

HOUSE COMMITTEE TODAY REPORTED favorably on the senate bill to increase pensions of those who have lost limbs in the military or naval service of the United States or were totally disabled in the same.

WHOLESALE MURDER. Wm. Austin Through Infatuation for Young Girl Kills Five Persons.

St. Augustine, Fla., May 19.—Crazed by infatuation for Abella McCullough, aged thirteen years, William Austin, aged twenty-five, killed the girl and four other persons, and then committed suicide in the farmhouse of William Wilkinson, near Hastings early this morning.

NINETY EIGHT DEAD. TORNADO AT GOLIAD WREAKED AWFUL HAVOC.

VICTIMS CAUGHT LIKE RATS IN TRAP. HOUSES COLLAPSED AS IF BUILT OF CARDBOARD.

Harlan, in Iowa, Visited by Cloudburst and Death and Destruction Resulted—One Farmer Was Killed.

Houston, Tex., May 19.—The latest reports from Goliad state that ninety-eight persons were killed and 103 injured by the tornado yesterday.

The tornado was preceded by a terrific shower of hail, which drove the people into the houses where they were caught like rats in a trap and the death dealing wind came upon them with terrific force, leveling everything in its path.

Strike at Paterson. Paterson, N. J., May 19.—Every dye house in the city is closed today as the result of an order made last week for a general strike.

Strike in Michigan. Saginaw, Mich., May 19.—A fight is on in earnest between the miners and operators of Michigan.

Agree at Springfield. Springfield, Ill., May 19.—A decision in relation to the mines of the Springfield sub-district, arrived at Saturday was received here today.

Cloudburst in Iowa. Harlan, Ia., May 19.—A storm ten miles southeast of here Sunday morning, caused destruction and death with it.

OFFER OF LOAN TO CITY OF HAVANA REFERRED TO WASHINGTON. Governor General Wood Receives Resolutions of Gratitude From Municipalities for Administration.

Havana, May 19.—The last day of the American occupation of Cuba was devoted to final preparations for the evacuation. The amount to be turned over to the new government is \$517,709 in cash and \$1,208,007 in bonds.

Bombay, May 19.—A destructive hurricane swept over the province of Scinde, in British India. Forty miles of the Scinde railroad were washed away, bridges, houses and embankments disappeared and fifty miles of telegraph wires have been destroyed.

Evansville, Wyo., May 19.—It is estimated that ten to fourteen inches of snow have fallen. Sheep and lambs are reported dying by thousands.

Portland, Ore., May 19.—Professor Eugene L. Schaeffer, senior master at the Bishop Scott academy, a school conducted under the direction of the Episcopal church, committed suicide today by shooting himself.

ADVANCE WIRELESS TELEGRAPHY. Pittsburg, May 19.—Professor Fessenden says he has completed arrangements for the organization of a \$5,000,000 company to advance the interests of his wireless telegraphy system.

TROUBLE IS FEARED

STRIKING MINERS WILL TRY TO INDUCE OTHERS TO QUIT.

OPERATORS HAVE SWORN IN POLICE

GROCERS IN DISTRICT TO RESTRICT CREDITS DURING TROUBLE.

President Mitchell Says Situation Is Unchanged—United Mine Workers Will Discuss Anthracite Trouble.

Scranton, Pa., May 19.—The retail Grocers' association decided tonight to restrict credit during the pendency of the strike.

Chicago, May 19.—The non-union linemen of the Chicago Telephone company in Chicago, Joliet, Elgin and Aurora have struck for union wages and union conditions.

Situation Unchanged. Wilkesbarre, May 19.—President Mitchell today met several of the local leaders who held a conference with him.

Indianapolis, May 19.—Secretary Wilson of the United States Mine Workers of America, thinks it probable that the convention will be held here to decide whether the entire organization shall take up the fight of the Anthracite miners.

Reading, Pa., May 19.—Judge Endlich today declined to issue the preliminary injunction asked by the American Iron & Steel company against the striking employees who gathered near the works.

Strike at Paterson. Paterson, N. J., May 19.—Every dye house in the city is closed today as the result of an order made last week for a general strike.

Strike in Michigan. Saginaw, Mich., May 19.—A fight is on in earnest between the miners and operators of Michigan.

Agree at Springfield. Springfield, Ill., May 19.—A decision in relation to the mines of the Springfield sub-district, arrived at Saturday was received here today.

Cloudburst in Iowa. Harlan, Ia., May 19.—A storm ten miles southeast of here Sunday morning, caused destruction and death with it.

OFFER OF LOAN TO CITY OF HAVANA REFERRED TO WASHINGTON. Governor General Wood Receives Resolutions of Gratitude From Municipalities for Administration.

Subscription Rates: Per month, by carrier, \$3.00. Per year, by mail, \$30.00.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Cuba takes her place among the nations of the earth today. It is for her people to now show that they are able to hold it.

The pressing need for aid for the survivors of the awful catastrophe in the islands of Martinique and St. Vincent has been amply met, and it is announced that no further necessity exists for raising funds for their assistance.

A Grand Rapids man who has been giving the Detroit Journal sagacious views on political conditions in the state latterly, signing himself "Argus," has an analysis of the gubernatorial situation in Saturday's number which evidences an accurate knowledge of how the fight for the nomination is going.

The Daily Gazette of Houghton makes formal announcement of the candidacy of Hon. C. D. Sheldon for a fourth term in congress. About a week ago the Daily Journal of Hancock served notice on the Republicans of the district that Hon. Chas. A. Wright of that village is in the field for the honor.

Some time ago Dairy and Food Commissioner Snow discovered that some one of his subordinates was working a deal with an Indiana concern which was violating the law of this state governing the sale of oleo and other similar products.

SENATOR HANNA'S OPINION. The Cleveland Plain Dealer of Sunday contained the appended communication from its Washington correspondent giving Senator Hanna's views on the coal strike.

Senator Hanna's sympathies are with the miners in their strike in the anthracite coal region. He is conversant with every fact on both sides of the case and he thinks the public should extend its sympathy to the miners who were forced to strike because of the position assumed by the operators.

eratives has now passed beyond the jurisdiction of the Civic federation," said the senator tonight. "The conciliation committee can take no further step at this time. Until both the operatives and the operators are willing to submit their grievances to arbitration there is nothing further for the committee to do."

Senator Hanna is becoming more and more interested in the work of the Civic federation and is giving even greater attention to it than he does to politics. He reviewed the efforts of the federation to adjust the differences between the miners and at all times willing to leave the matter to arbitration, he explained, but the operators refused to even consider such a proposition.

"All the miners in the Ohio, western Pennsylvania, Indiana and Illinois fields," said Senator Hanna, "are working under contracts and all live up to them like men. This is the worst year we have ever had with the contract system and there has been no trouble. The bituminous miners will not strike."

"The Civic federation," continued Mr. Hanna, "does not recognize sympathetic strikes, boycotts or similar methods of influencing sentiment, but will in its wise discretion prevent trouble among the bituminous operatives if any occurs."

Senator Hanna referred to seven or eight strikes which the Civic federation had succeeded in preventing, but will in its wise discretion prevent trouble among the bituminous operatives if any occurs.

Senator Hanna believes great progress is being made in convincing the workingmen that their interests are identical with those of capital. Each class organizes for its own protection, and they may meet on the common ground afforded by the Civic federation, where all the parties at interest can submit their differences to arbitration.

Some time ago Dairy and Food Commissioner Snow discovered that some one of his subordinates was working a deal with an Indiana concern which was violating the law of this state governing the sale of oleo and other similar products.

Some time ago Dairy and Food Commissioner Snow discovered that some one of his subordinates was working a deal with an Indiana concern which was violating the law of this state governing the sale of oleo and other similar products.

Tonight Hood's Pills

Just before retiring, if you feel bilious, constipated, take a dose of Hood's Pills. And you'll be all right in the morning.

enough to erect it at once. So in 1899 they bought only 1007 volumes of fiction and then stopped buying it altogether. They continued, however, to purchase the most important new works in other departments, and kept up their periodical reading-room. The effect of these measures upon the circulation was certainly not altogether expected.

Home reading of fiction declined from 24,594 in 1898 to 16,519 in 1901. But home reading of other works, after slight declines in 1899 and 1900, rose to 4,625 in 1901, as compared with 3,832 in 1898.

While Marquette's special interests differ somewhat from those of a town of the same size in the agricultural regions, its population on the whole is much the same as that of the average American small city. It has had of late years no extraordinary "boom" and no marked depression, but has been steadily and reasonably prosperous.

"NATHAN HALE" PLEASES. Presented to Appreciative Audience Last Evening—At Houghton Tonight.

The audience which greeted Howard Kyle and his excellent company in "Nathan Hale," Clyde Fitch's four-act drama at the Calumet theatre last night was large and enthusiastic.

FICTION IN PUBLIC LIBRARIES. In discussing a question of very great interest relative to the value of public libraries as educators of those who avail themselves of the privileges they afford the Chicago Inter Ocean makes use of facts obtained from the Peter White library in this city to prove that an inadequate supply of works of fiction is not essential to maintenance of popular interest in institutions of that kind.

HANCOCK'S NEW CHURCH. Fine Edifice to Be Erected by Rev. A. Raymond Johns' Congregation.

The new church and parsonage to be erected by the Hancock Methodists will be a handsome structure. Rev. A. Raymond Johns, formerly a popular pastor of the Central M. E. church of this city is at present in that church, and Rev. Isaac Wilcox was a former pastor.

BALL GAME TOMORROW.

The Hancock and Houghton High school baseball teams will play their second game of the season at the Hancock park at the close of school tomorrow afternoon.

TAXES FOR U. P. ROADS. This year the roads operating in the upper peninsula will pay taxes as follows: Copper Range, \$3,425.76; Mineral Range, \$13,948.02; Quincy & Torch Lake, \$1,091.04; Northwestern, \$94,805.21; St. Paul, \$14,303.26; D. S. & A., \$88,504.30; Hancock & Calumet, \$3,512.79; Hecla & Torch Lake, \$6,758.97.

NOT WORRYING ABOUT COAL. Not much hard coal has been received by the retail coal dealers in copperdium thus far, most of the early shipments since the opening of navigation being soft coal.

CHURCH CONCERT TONIGHT. Calumet home talent will take part in a concert to be given at Christ Episcopal church, Calumet, this evening under the auspices of the ladies of the church.

FIREMEN'S EXCURSION. The Hurontown fire company will give an excursion to the canal on Sunday, June 15. The Houghton band has been engaged to furnish the music.

THOMAS-COTTON NUPTIALS. Michael J. Thomas of Hurontown and Miss M. A. Cotton, a recent arrival from Grand Rapids, were married at the home of Mr. and Mrs. Jenkins at Hurontown Saturday evening, Rev. R. Hancock officiating. The ceremony was witnessed by a large number of friends.

WORK ON HANCOCK M. E. CHURCH. Work on the site of the new M. E. church at Hancock started yesterday morning. A trench will be dug around the lot for the building of a retaining wall. Stone for the wall is now being hauled. The contract for the church will soon be let.

REVEALS A GREAT SECRET. It is often asked how such startling cures, that yield the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood.

COPPERDUM BREVIETIES. Ringling Bros.' circus will show at Calumet on June 16 and at Hancock on June 17. Mrs. E. C. Griffen of Houghton, left yesterday afternoon for a week's visit to Chicago.

YOU CAN... SELL OR EXCHANGE ANYTHING

Thousands are seeking the article that other people have no use for. They would buy it or exchange something you want for it. Where are they? A "Want" advertisement in

The Hancock Gun club is preparing for a blue rock shoot to be held the first of next week on its grounds west of the village. Several Marceau traps used in the shoot have been ordered for the event.

The lacrosse team will arrive the latter part of this week and practice by all candidates for positions will then start. A game has been arranged with the Calumet team at Calumet for June 14.

ROBBED OF HIS PURSE. How often we see this startling headline of our daily papers, and how much we sympathize with the unfortunate victim, be he rich or poor, but there are hundreds of other cases, of people who have been robbed of a far greater treasure than wealth that we never hear of.

DEARER TO HIS PURSE. Burns, cuts and other wounds often become troublesome sores. Even where delay has aggravated such injuries De Witt's Witch Hazel Salve effects a cure.

LADIES CAN WEAR SHOES. One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions.

DON'T START WRONG. Don't start the summer with a lingering cough or cold. A few doses of One Minute Cough Cure will set you right.

TO HEATING CONTRACTORS. Sealed bids will be received until 10 o'clock a. m. of May 20th, 1902, by Geo. Barnes, secretary of the Marquette School Board, for the heating and ventilating of the new schools at Marquette, Michigan.

MARSHAL'S NOTICE. In the District Court of the United States, for the Western District of Michigan, Northern Division. In admiralty.

SCALDED TO DEATH.

Lena Gemijmoni, a Five-Year-Old Girl, Meets Horrible Fate.

Lena Gemijmoni, an Italian child, the two-year-old daughter of Francesco Gemijmoni of the Franklin location, was badly scalded in a tub of boiling hot water Saturday and died Sunday afternoon. The mother was preparing to scrub at the time and left the room to get a scrubbing brush. She was gone but an instant but when she returned the baby whom she had left alone in the room, was in the tub. The little one had been attracted by the steam arising from the tub and being too curious felt in. Nothing could be done for the child and it suffered great agony. The funeral will be held from St. Joseph's church, Hancock, this morning.

CAPTAIN MOORE RECOVERING.

Wounded Officer Is Getting Along Fine and May Soon Come to This Country.

Master Mechanic James Moore of the Quincy mine, received a cablegram Sunday evening from General Chaffee in the Philippines in regard to the condition of Captain James Moore, son of Mr. Moore, who was wounded in the recent battle with the Moros in the island of Mindanao. General Chaffee, who had returned to Manila from a trip to the island, stated in the telegram that he had seen Captain Moore who is doing well. The general further said that the captain would soon be sent to San Francisco on his way home on a leave of absence.

SCARCITY OF WORK.

Houghton County Overrun With Men Out of Employment.

Just at present Houghton county is overrun with men looking for work. Busy contractors are besieged at all times of the day and there has been no difficulty in getting laborers for most any kind of work. The building of the extension of the Copper Range road from Houghton to Hancock, Lake Linden and Calumet, and the proposed building of the street railway extension from Hancock to Lake Linden and Laurium brought many men from outside into copperdom. They were filled with stories of the prosperity of this district, the ease with which they could get jobs and of high wages. Most of this wandering class are foreigners, some are immigrants who have not been over long, and others are common hobo's. There is much work in the copper country at present for laborers and it will be so all summer, but it is true that the contractors have about all the men they need. Home laborers have taken precedence over those from outside and hundreds have been given employment. A large number of men looking for work are disappointed of course and they do not stay long after meeting with several refusals. Some will take most any kind of a job so long as there is a living in it, others would rather try their luck elsewhere. But few of those men from outside want work in the mines. It is something entirely out of their line.

The building of the Copper Range extension and the street railway extension from Laurium to Lake Linden will give seven hundred men employment but the jobs that were open have for the most part been promised. Although there is lots of work in the copper country it is believed that this region is somewhat over-estimated in that respect. The impression which seems to prevail that there is work for everyone at any and all times is erroneous.

WORK WILL SOON COMMENCE.

Work on the foundation for the new Methodist church to be erected on Quincy street next the city hall at Hancock will soon commence. The site has been cleared for operations. It is expected that the contract for the structure will be let next month.

DECORATE SOLDIERS' GRAVES.

At a meeting of the G. A. R. of Portage Lake at their post rooms in the Scott block at Hancock Saturday the veterans decided to informally decorate the graves of the soldier dead in the Hancock and Houghton cemeteries.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail.

Address Dr. Kilmer & Co., Binghamton, N. Y. When ordering mention reading this generous offer in this paper.

LOOKING OVER THE GROUND.

Boston Capitalists Who Own Street Railway Are in Copper Country.

J. Malcolm Forbes, Alex. Cochrane, G. R. Fearing and F. D. Cochrane, of Boston, arrived at Houghton Sunday noon and registered at the Douglass house. Their coming was a matter of some conjecture by quite a number of people who at once connected them with the firm of Stone & Webster who own the Houghton County Street Railway company and who will likely buy the majority of the stock in the Peninsula Electric Light & Power Co., of Houghton, held under option by W. G. Rice. The presumption that the gentlemen were Stone & Webster people was correct. Inquire at the offices of a number of the largest stockholders of the electric light company did not throw much light on the business of the gentlemen, and upon inquiring at the office of W. G. Rice, the presumption it was said that the gentlemen were in the copper country on a little pleasure junket. Yesterday morning the party went over the street railway line in a special car to Calumet. It is believed that the gentlemen are on a pleasure trip and incidentally the state commission connected with the extension of the street railway line from Laurium to Lake Linden which is to be made this summer and also on the proposed extension from Lake Linden to Hancock, and that matters relative to the electric light deal will also be taken into consideration before the party returns. Three of the gentlemen are very wealthy and haven't much more to do than to look after their coin. One, Mr. Forbes, is a director in the St. Mary's Canal & Mineral Land Co.

IN FAVOR OF EXPANSION.

Houghton Macabees Will Attend Convention and Work for That Issue.

Houghton county Macabees are almost solidly in favor of the idea of expansion and will go to the state convention at Marquette in June prepared to vote that way. They will do all in their power to force the proposition to a successful issue as they believe it will reap beneficially to the order and cheapen the insurance. The question of expansion will also be taken into consideration by the Macabees of the copper country. Every lodge with the possible exception of one, and its position is not yet known, favor the proposition. The question of the expansion of the order outside of the limits of the state is agitating the members all over Michigan and some of the best men in the state, who are Macabees, are working both for and against it. Although there is a fight on for supremacy between Boynton, the originator of the expansion idea, and Watson, the copperdom Macabees have no particular preference, but perhaps the majority slightly favor Boynton.

IN THE CIRCUIT COURT.

Tony Mallinger Given Judgment Against Adventure Mining Company.

The last jury case, that of the First National Bank of Hancock against James Stringer of Hancock, was settled in circuit court yesterday morning and Judge Streeter discharged the jurors for the term. The judge instructed the jury in the case yesterday to give a verdict of \$42 to the bank instead of \$1,000, the amount sued for, Saturday Tony Mallinger, a Hancock contractor, was given a judgment of \$459.57 against the Adventure Consolidated Mining company. Mallinger built a number of houses for the company and sued for extras. The work on the company will have to have the verdict set aside as it is claimed that it was not according to the evidence. When the jury in the case was discharged Judge Streeter complimented the jurors for their faithful attendance and service. Contractor James Clarkson of Houghton, was fined \$25 by the judge for failing to appear on the opening day of court. Mr. Clarkson was a juror.

NEW ADDITION OPENED.

Douglass House Now Better Prepared to Accommodate Guests.

Five new rooms in the new addition to the Douglass house, Houghton, were used for the first time Sunday night. Mr. Mann, the proprietor, stated yesterday that most of the other bed rooms in the addition are ready and the building is simply waiting for furniture. The work in the other part of the new building is going ahead as rapidly as possible. There is considerable decorating to do and the dining room will not be ready for two or three weeks. Outside a number of men are at work clearing up the debris which was left when the addition was going up.

WORK HAS COMMENCED.

New Summer Theatre Will Be Erected as Rapidly as Possible.

The work of clearing the ground for the dancing pavilion and summer theatre to be erected on a site along the street railway line about half way between Hancock and Calumet by the street railway company started last week. The work on the structure will be commenced this week. The pavilion will be 80 by 200 feet and the theatre 85 by 200 feet. The fare from Houghton to the new park will be twenty cents; from Hancock fifteen cents; and from Calumet, ten cents.

A CASE.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

The Stafford Drug Co., Desjardins' Pharmacy, "The People's Drug Store." (11-16-6mo)

Don't let the little ones suffer from eczema or other torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

PRICE OF COPPER.

Advance Not Due to Understanding Between the Varied Interests.

A representative of the Amalgamated Copper company says that the increase in the price of copper was due partly to a slight improvement in the trade, but not altogether so. As for there being a better understanding between the various interests, and that they might come more closely together, he added: "If there is any understanding I do not know anything about it. To be sure, when we meet one another we express very friendly feelings, but this has always been the case. For our part, we wanted to get all we can out of the business and when we saw Calumet & Hecla put up its price we concluded we could do better. That the Heineze people have also refrained from cutting prices may be significant to some persons, but perhaps ample reason can be found in the fact that they are trying to float the shares of their new company." The Journal of New York says that the Calumet & Hecla Copper company is being properly absorbed by Amalgamated.

Efforts of Contending Interests.

It is not to be supposed that the standard oil people have given up the idea of a copper combination either because they have been defeated by Mr. Heineze in Montana or by a 12-cent copper market, or by an 11-cent copper market. Three serious defeats, but they are now rallying their forces to make another effort at a copper combination. The Calumet & Hecla people are agreeable to higher prices of copper, so also are the Rothschilds, a representative of whose copper interests is now sailing for England, after conferring with the Amalgamated people on this side of the water. It is expected that the Rothschilds will have some communication to make upon the copper situation about the middle of June. If the Amalgamated, Rothschilds and Calumet & Hecla people reach an agreement, and the agreement includes the Mountain Consolidated of California, there will probably be negotiations opened for an agreement with the Heineze interests in Montana.

COPPER SITUATION.

Good Profits May Be Made by Buying the Medium Priced Stocks.

The weekly letter of A. B. Turner & Bros on the copper situation says: Consumption of copper is now very much greater than at any time previous since the metal was first mined. Exports so far this year have been at least 50 per cent above the normal. That supplies of copper in the hands of consumers are not large is proved by the fact that there is an urgent demand to have all recent sales hurried forward without delay. Two years ago foreigners were the large buyers and consumers of copper. Last year foreigners took comparatively little of the metal, but there was a larger home consumption. This year the foreign demand for copper has been renewed, and at the same time home consumption has undergone a further increase. The result has been an advance since January of over 29 per cent, the equivalent of two cents per pound, in the London price of copper, and a recovery of 1 1/2 cents per pound in domestic prices, within the past few days. The new management is gradually getting its grip on the affairs of the company and it may soon have something pleasing to communicate to the stockholders.

STRIKE IN THE SHEBA.

Stockholders in This District Are Elated at Recent Developments.

Considerable stock in the Sheba Gold and Silver Mining company is held in this county, principally in Houghton, and those who have it are feeling quite elated over a recent strike made in the Sheba. Ore running six dollars to ten pounds has been encountered. Everything at the property is favorable thus far and the mine will soon be on the list of Nevada producers. Ore of fine shipping quality has been disclosed in three places. Houghton county capital which is largely interested in Western gold, silver and copper propositions is bound to increase many times during the next few years as the investors are mostly careful men who know how to place their money. Calumet people are largely interested in the Calumet & Arizona proposition which is bound to be one of the coming copper producers of the West. Hancock people are back of the Northwestern Syndicate operating gold claims in British Columbia; Houghton people are large holders of Tonopah and Sheba stock; and Houghton and Hancock men recently organized the Mine Centennial Mining company, limited, to work the Foley gold mines in Ontario, Canada. All of the above named propositions are good ones.

OUTLOOK FOR COPPER.

Future is Brighter Than It Has Been for Some Time.

A representative of the Amalgamated Copper company says: "The copper outlook is brighter than it has been in a long time. Stocks of copper have been very greatly reduced, and there is a very excellent demand for copper both in this country and abroad. I do not say that the outlook could not be better, but it has improved very much during the past six months. Six months ago we said that we had had enough of holding up the market and that we should let the independents take their turn. We then announced that we had decided to reduce the price of copper until buyers appeared. They appeared when the price crossed 12 cents. Since that time we have had no trouble in disposing of our copper. If our competitors desire to put up the price of the metal, will follow them. The Amalgamated company is meeting the market as it exists; that is, it is selling copper at the market. It is no longer holding the umbrella over the market. It is more disposed to use a walking stick than carry an umbrella. We shall sell our copper at any rate, and if there is a surplus, it will not be found in our hands. We can produce copper as cheaply as any mine in existence, and can make good money with copper selling at 12 1/2 cents."

Copper Production.

John Stanton has issued the figures of production and exports of copper for April. They are as follows: Produced by United States reporting mines 20,824 tons; produced by outside sources (estimated) 3,800 tons; produced by foreign reporting mines 10,169 tons, exports 16,424, all in tons of 2,240 pounds of fine copper.

At the Champion.

The work of putting in the concrete foundations for the four heads at the Champion mill is nearing completion. The mill is being put in shape for the machinery which will be installed without any waste of time as soon as it arrives. The tunnel which will be run out under the lake a thousand feet for the water supply is now out about 500 feet.

TRANSFER OF MINING CLAIMS.

F. Augustus Heineze and a number of his associates have transferred the Nipper, Minnie Healy and a number of other claims to the Nippen Consolidated Mining company of New York, Cora Rock Island Purchasing company, Minnie Healy and the Montana Ore Purchasing company. Thirty-three deeds were filed with the county, bearing revenue stamps calling for a consideration of \$34,000.

COPPER MARKET STEADY.

The metal markets are all steady to firm with copper 1/2 to 1/4 higher on sales. Two hundred and fifty thousand pounds of electrolytic for May delivery were sold at 12 1/2. Lake closed with spot 12 1/2 to 12 1/4; electrolytic 12 1/2 to 12 1/4 and casting 12 to 12 1/4; Standard copper spot to August was quoted at 11 7/8 to 12 00.

Copper Gossip.

Superintendent Hooper of the Victoria, went to Appleton last Monday for the purpose of looking over the water power and extensive works there, in view of utilizing the fall of the Ontonagon for power for operating stamp mill and other machinery at his mine here. The work of installing the plant at Glens Falls will be prosecuted with vigor as soon as the method of procedure has been settled upon, and it is safe to say that the best possible means of harnessing the power will be adopted.—Rockland Reporter.

The Bingham Consolidated forwarded its first consignment of copper, gold and silver bullion to the refinery at Perth Amboy, N. J., on Wednesday, to be disposed of under the contract with the United Metals Selling company. The Bingham product is now averaging forty-five tons daily. The recent strike in the Commercial mine is said to have been one of the largest in the territory.

Ball talk on Old Dominion is again heard. It is now said that 1,100 shares of the stock have been bought and placed in strong boxes, within the past few days. The new management is gradually getting its grip on the affairs of the company and it may soon have something pleasing to communicate to the stockholders.

The steamer Flagg arrived at Buffalo from Lake Linden Thursday with her first cargo of copper ore of the season. She carried 2,806 tons, valued at \$1,010,000. Cause of the late arrival of the Flagg at Buffalo has been the alteration being made at her discharging dock at Tonawanda.

Since March 1 the Mass Mining company has sold about 1,250,000 pounds of copper, getting on the average of about twelve cents a pound. The company has about 200,000 pounds of copper on hand at present.

Indications are that the management of the Centennial intend prosecuting more vigorous mining operations. The company is contemplating the leasing of another mill.

The Allouez workings on the conglomerate lode has been unwavering to the sixteenth level and will be finished in a few weeks. A thorough examination will then be made.

The new hoist for No. 3 shaft at the Baltic will be ready June 1. The mine is expected to stamp 25,000 tons in June as compared with 18,000 tons this month.

Four carloads of concentrates, which yield about 29 per cent refined copper.

PAIN'S CELERY COMPOUND

Is the Great Restorer of Health for the Ruler and His Humblest Subject.

Impure blood and weak nerves are responsible for many of the common diseases of life. The experienced physician will tell you that men and women with pure, clear coursing blood and well braced nerves, can never become victims of rheumatism, neuralgia, liver troubles, debility, headache, or sleeplessness. It follows, therefore, that sufferers from any of the ailments referred to, should at once take proper measures to cleanse the blood and feed the weak nervous system with proper nourishment. For the happy accomplishment of this important work, Paine's Celery Compound is the only safe agent, the one great specific, the only security against deadly disease and death. During these spring days, Paine's Celery Compound guarantees a perfect regularity of the bowels, healthy appetite, sound sleep, good digestion, pure blood, strong nerves, and clear brain, all of which means full and robust health. Mr. E. M. Sutton, ex-mayor of Burlington, Vt., one of the strongest and heartiest advocates of Paine's Celery Compound in the United States, tells us in the following letter how he keeps well under all circumstances: he says:—"People have often asked me how I managed to keep so well, for although I am in nearly all kinds of weather and traveling considerably, I have no aches or sickness. My one answer has been that instead of waiting until I am sick in bed and forced to stop work for awhile, when ever I feel out-of-sorts the least bit, I take Paine's Celery Compound, which keeps me well and strong. It is a great aid to me in my opinion to take a medicine that keeps one well, rather than to wait for sickness, and then hunt around for a medicine or a doctor to cure the sickness. I have been a hearty advocate of Paine's Celery Compound since it was first made, a great many years ago, and have yet to hear of a case in which it fails to fulfill its promises."

PENALTY A STIFF ONE.

Property Owners Must Make Full and Complete Statements.

DIAMOND DYES Can't be equalled. Beware of imitations.

City Assessor Bay last week sent out a big batch of personal property statements, which every recipient is required by law to fill out in full for use in making up the assessment rolls. The statements, as filled out and signed under oath, must be handed in to the assessor between the 20th and 24th days of May, inclusive, and an inspection of the law governing the matter shows that the penalty for neglect or disobedience is a stiff one. Section 21 of Act 206, as amended by Act 154 of 1899, is the statute concerned, and reads as follows:—"In every case when any person or member of any firm or officer of any corporation shall wilfully neglect or refuse to make out and deliver a true and correct sworn statement under oath administered by the supervisor or other assessing officer, or member of the board of state tax commissioners, hereby provided for, or other officer or shall answer falsely, or refuse to answer questions concerning his property, or property under his control, as required by this act, such person shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by imprisonment in the county jail not less than thirty days, nor more than six months, or by a fine of not less than one hundred dollars, or by both such fine and imprisonment, in the discretion of the court. And it shall be the duty of the supervisor, assessing officer, and each member of the board of state tax commissioners, whenever he is satisfied that any person liable to make such assessing statement is justly liable to such penalty, to report the case to the prosecuting attorney of the county and make proper complaint for such prosecution."

All persons who have engaged or spoken for ground for planting potatoes, and have not yet made their selection of lots, and any others who desire ground will please meet me at the several farms as follows: Burtmore Park farm, Saturday forenoon; Kremer farm, Saturday afternoon, the 17 inst.; Grove street Monday forenoon; Cinderella Tuesday. There are fifty acres of as good soil as can be found in Marquette, plowed and harrowed—and more ready for planting. Terms, eight to ten dollars for half-acre lots, payable on assignment of lot. Some of this land produced at the rate of 450 bushels per acre last year. HIRSH A. BURT. (5-17-1f)

LOW ROUND TRIP HOMISEEKERS RATES.

On April 1st and 15th and May 6th and 20th the D. S. S. & A. R'y., will have on sale round trip homeseekers tickets to all points in the west and northwest at greatly reduced rates. Tickets will be good for return passage twenty-one days from date of sale. For further particulars apply to station and ticket agents or to GEO. W. HIBBARD, G. P. A. Marquette, Mich. (3-27-3-20)

COPPER ADVANCES AN EIGHTH.

Stocks, However, Continue Depressed With the New York Market.

Paine, Webber & Co. yesterday said of the Boston stock market: "The unsatisfactory character of the New York market continues to depress coppers. Today there was some liquidation which was met by good buying. Local traders show a disposition to increase their lines of long coppers. Notwithstanding the tendency of the prices to decline, the sentiment is very bullish here. Copper advanced 1/8 today, sales of Lake being made at 12 1/2. The closing in New York was 12 1/2 bid and 12 1/2 asked. As soon as the local market is able to shake loose from the New York influences, the coppers promise to have quite a little boom."

Hayden, Stone & Co. wired the Laidley Commission company: "With a generally soft New York market the coppers have held very well. There is no pressure to sell, but naturally with this money market and the New York stock market there is but little buying demand."

Wheat and Corn Lower.

Logan & Bryan had this to say of wheat and corn:—"The visible supply decreased 1,725,000 bushels against 3,263,000 last year, and is now 35,577,000 against 42,500,000. The market was extremely dull throughout the day. The decrease in the visible was less than had been expected and there was some little selling pressure from local holders of long wheat. The September-July spread narrowed on covering of shorts in September. There were heavy rains in the Southwest and rain in the Northwest, with predictions of continued showery conditions everywhere. The tendency of conditions in the Northwest is favorable to a materially decreased average in that section. The seaboard reports good export business Saturday afternoon and today."

"The corn visible decreased 770,000 against a decrease of 1,425,000 and is now 4,870,000 against 15,900,000 last year. The market here was extremely dull. Country buyers still report a moderate increase in offerings. A fair cash business was done here today. The large local interest on the long side bought corn moderately, but they are making no effort apparently to sustain or advance prices."

Late Rally in Wall Street.

Dick Bros., wiring concerning the New York stock market advised Paine, Webber & Co. as follows: "The market was heavy during the greater part of the day, but in the last hour the money rate dropped to 3 per cent, and short covering was begun and the market rallied. There was very little news of importance. The United States Steel stocks were knocked off rather sharply, but recovered at the close. Union Pacific was a strong feature, being well bought all day. Bull pool manipulation advanced Sugar. The granger stocks were neither active nor strong. Copper held fairly steady. The market closed strong in tone."

NOTES OF MARINE NEWS.

Clearances from the local ore docks yesterday were the steamer Pontiac, with 3,200 tons; the Republic, with 3,000, and the Merida, with 4,500. The latter named propeller attracted considerable attention while here because her smokestacks are located in about the center of the boat, this being due to the fact that, like in the ocean-going steamers, the machinery of the Merida is installed amidships.

The steamer Portage, a Union Transit line boat, is due here today. Included in her cargo are three thousand sacks of cement for P. B. Spear & Sons.

The steamer Prospeque Isle, which cleared from the L. S. & I. dock Sunday morning, took out the largest cargo of the season—5,800 tons.

The steamer Japan, bound up from Buffalo, discharged package freight here late last night.

CITY BREVITIES.

Today's weather: Showers and thunderstorms; increasing easterly winds. Yesterday's temperature: 7 a. m., 69 degrees; 12 noon, 52 degrees; 7 p. m., 52 degrees; maximum, 74 degrees; minimum, 47 degrees.

The Beavers will meet this evening at 8 o'clock.

Mrs. C. H. Kelsey returned to Houghton yesterday.

Attorney Frank E. Withey went to An Train yesterday to attend circuit court.

Born to Mr. and Mrs. R. W. O'Neill, 211 West Ohio street, yesterday morning, a boy.

John Commiskey, prosecuting attorney of Delta county, was here yesterday from Escanaba.

August H. Perison and Miss Annie E. Peterson of Ishpeming were yesterday licensed to wed.

J. D. Chubb, formerly of Marquette, but now a prominent architect of Chicago, is in the city.

Clarence Bovee, after a two weeks' visit with friends here, has returned to his home at Antigo, Wis.

A pension of \$6 per month has been granted to William Brant of Marquette, according to a Washington dispatch.

The company store at the saw mill plant at Dollarville has been destroyed by fire. The loss is practically total.

Judge E. S. R. Sutton and ex-Legislator Sherman T. Handy, father of the present game law, were in the city from the Soo yesterday on legal business.

A telegram from Ironwood last evening brought the news that Dr. Nevins had died in that city yesterday. The deceased was well known here.

Mrs. E. M. Delf arrived yesterday on her return from Adamsville, Mich., and Chicago, where she had been the guest of relatives and friends for a few weeks.

Mr. and Mrs. Guy D. Walton, of the Hotel Ironquois at the Soo, came up on the afternoon train yesterday and last evening left for Chicago with General Manager Fitch in the latter's private car.

The summer school for children about to enter the first grade will be in session at the Normal school from June 30 to Aug. 8, applications for places in the class should be made to Miss Barnes, at the Normal.

John B. Wilson of this city will shortly be succeeded as factory inspector for the Seventh district by Alex. F. Kerr of Calumet, who has been appointed to the position. The district embraces the entire upper peninsula.

County Treasurer Skoglund yesterday made the report to the circuit court which the law requires, concerning the recent sale of lands for the taxes of 1899. Today the state tax return, embracing all the delinquent taxes for the years prior to 1899, will be forwarded to the auditor general at Lansing.

R. Meredith, who has the contract for the brick work at the new furnace, left last evening for his home at Milwaukee after looking over the site of the plant. He will return here about the first of June with twenty-five or thirty brick masons and will at once start on the work and push it through to completion.

John Thornton, now village marshal of Munising, yesterday took John Grace and Joseph Sisk to An Train for trial on charges of larceny from the person, and burglary, respectively, the May term of the circuit court for Alger county having opened. The men have been confined in the county jail here for several weeks, Alger county at present being minus a hostile pending the completion of the new court house.

Carpenters in the employ of F. W. Read & Co. yesterday started the work of making a new entry-way to Gooding & Ormsbee's store. Instead of utilizing the side door as the entrance, this will be closed and transformed into a window, and a new entrance with six-foot recess will be installed in the center portion of what is now the main display window. The improvement will result in more convenience and will considerably change the appearance of the store for the better.

The mercury yesterday touched the highest notch so far this season, getting up to seventy-four. In the afternoon a cool breeze sent it tumbling to forty-seven, but at 7 o'clock it was several degrees warmer. No rain fell during the day despite that at Negaunee a violent thunder storm was reported to be in progress. On the lake there was a heavy fog, and the horn was in commission, but on land there were no signs of mist.

A big haul by highwaymen, substitutes and others, who stole the good name and fame of Rocky Mountain Tea made famous by Madison Medicine Co. 35c. Stafford Drug Co.

Mrs. Ellen Ripley, Chaplain Ladies Aid, Grand Army of the Republic, No. 7, 222 10th Ave., N. E., Minneapolis, Minn., Strongly Endorses Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Your Vegetable Compound cured me of ulceration of the womb, and getting such a complete cure I felt that the medicine had genuine merit and was well worth recommending to other sick women.

"For fifteen years I have been your friend. I have never written you before, but I have advised hundreds of women to take your medicine, in fact it is the only real reliable remedy I know of for a sick woman.

"I have not yet found a case of ovarian or womb trouble which has not been relieved or cured by the faithful use of Lydia E. Pinkham's Vegetable Compound.

"You have brought health to hundreds of women in Minneapolis as you have no doubt to others over the country."—MRS. ELLEN RIPLEY.

\$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, flatulence, general debility, indigestion, and nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles. Refuse to buy any other medicine.

PRESENT for Your FAVORITE

THE MINING JOURNAL will give Six Choice Seats at

"THE TAMING OF THE SHREW"

TO MOST POPULAR TEACHER IN ISHPERING.

VOTE FOR YOUR CHOICE.

The Mining Journal has ever been alive to the interests of education and has always endeavored to extend the scope of the acquisition of knowledge whenever an opportunity presents itself. With this end in view this paper has purchased six choice seats for the performance of Shakespeare's "The Taming of the Shrew," which the well known star, Charles B. Hanford, will present in this city at the opera house on Wednesday, May 28. The Mining Journal will present these seats to the lady school teacher who will receive the largest number of votes.

The plan of voting is simple. All that is required for the casting of a vote is to fill and cut out the coupon printed below and send it to the Ishpeming office of this paper. Inasmuch as there are six seats, the lady for whom the largest number of ballots is cast can invite five of her friends to be her guests on the evening of May 28.

"The Taming of the Shrew" is one of the most amusing as well as instructive of Shakespeare's comedies. It has not been revived for several years and the production given by Mr. Hanford and his company is said to be adequate in every respect.

The Mining Journal will announce the progress of the balloting each day by publishing the list of contestants with the number of their votes.

VOTING COUPON.

This is a vote for candidate for Six Choice Seats at the Ishpeming Opera House for the performance, May 28, of

Mr. Charles B. Hanford in "The Taming of the Shrew."

P. S.—Write the name of your favorite on the line above and send or bring coupon to THE MINING JOURNAL'S Ishpeming office before 12 o'clock noon, Tuesday, May 27.

Ishpeming and its Environs.

(Additional Ishpeming on Page Seven.)

AFTER JOLIFFE'S SCALP.

Certain Escanaba Citizens Seem Dissatisfied With His School Work.

The following from a recent issue of the Escanaba Mirror will be read with no little interest in this county, inasmuch as it has reference to a former school teacher of this city:

"The fight of the evening was made against Mr. Joliffe's retention as superintendent. A number of citizens were present, some of them to object to him. S. R. Rathfon was the main spokesman. He presented a petition against hiring Mr. Joliffe, signed by about fifteen citizens."

"The objections to Mr. Joliffe stated in the petition and by Mr. Rathfon were that he is young and inexperienced, that he failed to hold regular and frequent teachers' meetings, that he failed to take a positive stand against incompetent teachers, and in the matter of the location of the new school building, that he lacked personality and that the results of his work were not satisfactory to a large majority of the citizens."

"Mr. Rathfon said that he considered it his duty as a citizen to register his objections frankly before the board rather than to sit back and criticize it. He believed that the board had made a mistake in hiring young and inexperienced superintendents, referring to Mr. Hardy and Mr. Ewing as well as Mr. Joliffe. He thought that the schools had been experimented upon long enough. The high school he considered all right but criticized Mr. Joliffe for not having anything to do with the high school."

"H. A. Barr being called upon concurred with Mr. Rathfon and said it was an injustice to the children to have experimenting going on through so large a part of their school life."

"J. A. Burns considered it a piece of simplicity on Mr. Joliffe's part to accept a position which he was incapable of filling."

"C. R. Williams while not criticizing the board thought that if some of the teachers were considered incompetent the list should not be railroaded through."

"Mr. Rathfon, taking the floor again, made the point that Mr. Joliffe had either failed to make recommendations against poor teachers or that his opinions had no weight with the board, either alternative being a proof of his own ineffectiveness."

"After all who desired had been heard, Mr. Joliffe was asked by the board if he cared to reply. He did so at length, meeting each charge in turn."

"Mr. Joliffe said he would not try to defend himself from the charge of youth but he believed that a man's age is not material so long as he is capable of doing his work well. So as to the general charge of 'inexperience' he was ready to meet any specific criticisms on his work and thought that it alone should be the test as to whether his experience is adequate or not. He wanted to stand on his work. As to experience he acknowledged that his direct experience in teaching was rather limited but considered that there are other ways of gaining useful experience by dealings with men and contact with organizations. In these ways he believed he had enjoyed broad experience. He had graduated from the high school, entered Lawrence University, moved with his folks to Ripon where he attended college, returned to Lawrence to graduate. Then being undecided on a career, he had worked in a law office for six months. In that time, having decided on the teacher's profession, he had gone to the University of Wisconsin to fit himself for the work. During the three and a half years there he had visited all the public schools accessible, to learn methods."

"Then he was called to the high school at Ishpeming, where he taught a year and was reengaged. Preferring the broader experience afforded by a superintendency he however accepted the position at Michigan. Though a smaller place, the experience with a small system is identical with that in a larger."

"With this much experience and the knowledge of our schools gained this year, he believes he could manage them better than any other man coming in new, with any amount of experience. As to not having charge of the high school, Mr. Joliffe said that he had never stated such a thing. His

work, while principally to superintend the grades through their teachers, includes superintending the high school through the principal. Mr. Rathfon had himself said that he was satisfied with the high school, so there was no occasion for more management or interference."

"About teachers' meetings the superintendent said that their frequency was a matter on which experts differ in opinion. Mr. Rathfon might know more about it than he, but he had followed the policy of less frequent meetings which he himself thought best for reasons which he would state if desired."

"About his failure to recommend some teachers to be dropped, he replied that at the meeting of the teachers' committee he had said his say and thought there was no occasion for doing so at the board meeting."

"He said that while some of the teachers might be bettered, they were ones just beginning who gave promise of doing, another year, as well as new ones who might be secured in their places."

"As to his lack of personality, he said that few of the men who signed the petition knew him personally. Unless he went about bagging a man could not impress his personality very markedly on a place of this size in three months."

"In regard to the charge of being a negative man Mr. Joliffe said that he had necessarily been negative in so far as he had carried out another's plans, and that he should do this rather than turn things upside down in the middle of a year was his understanding with the board when he came."

"He asserted that some few changes had been introduced and successfully. He had not gone about publishing his deeds, but his accusers would know about them if they had investigated. He had recommendations to make for next year, if he stayed. Mr. Joliffe said that the board had been satisfied with his experience and qualifications when they hired him. He thought it only just that he be given an opportunity to show whether their trust was justified or not. He believed his work so far is an assurance that the schools will not go down under his management but promise to advance."

"In closing the superintendent said he held nothing against any citizen for criticizing him, but challenged any one from his own knowledge to specify failures. He thought the matter should be decided on the actual work, not on general charges of inexperience or inefficiency."

"After Mr. Joliffe finished, Ed Erickson arose and asked that his name be taken from the petition as Mr. Joliffe had by his defense established himself in his respect."

"The final decision in regard to the superintendency was postponed till May 21st."

WHAT THIN FOLKS NEED
Is a greater power of digesting and assimilating food. For them Dr. King's New Life Pills work wonders. They tone and regulate the digestive organs, gently expel all poisons from the system, enrich the blood, improve appetite, make healthy flesh. Only 25c at Stafford's.

MINSTREL SHOW PLEASSED.

Richard & Pringle's Performance the Best Ever Seen Here.

The minstrel show given at the opera house last evening by the Richard & Pringle aggregation of artists immensely pleased the audience. In fact, it was far superior to any performance of the kind ever given at Ishpeming, and this city has been visited by many good troupes in the past. Every feature of last night's entertainment was splendid, but the five Arab acrobats probably gave the most satisfaction. Their turns were simply wonderful, and it is no exaggeration to state that their equals have never been seen in the upper peninsula. A big house was present at the show, and all persons there thoroughly enjoyed every minute.

THE ATHLETIC MEET.

It Will Be Pulled Off in Ishpeming Saturday, as Originally Intended.

The upper peninsula high school athletic meet will take place in this city next Saturday afternoon. There was talk last week of having the place of meeting changed, but it was learned that the people here will patronize the meet liberally, even if the city is not represented by a team.

The local athletes have been urged by several of their friends to participate in the events but it now looks as if there would be no Ishpeming team. At the time the local team quit training several of the boys were in fine form and they would have done splendid work if the disagreement had not occurred.

Dr. Sweetland has asked the boys to go into the contests, but they announce that they will take no part in them.

In spite of the fact that the local schools will not be represented the meet promises to be a big success. A large number of teams are coming and it is said that some of the best contests ever witnessed in the upper peninsula will be pulled off.

A UNIQUE CONTEST.

Elsewhere in this issue will be found an announcement of a contest that should attract no little attention. It is one in which the pupils of the schools can work for their teachers. The management of the Charles R. Hanford company, which produces Shakespeare's greatest comedy, "The Taming of the Shrew," at the local theatre on Wednesday evening of next week, May 28, will give six choice reserved seat tickets to the teacher receiving the greatest number of votes within a given time. It will cost nothing to vote. All the voters will have to do is hand in the name of their favorite teacher on the slips printed for that purpose at the bottom of the announcement. The play is one that all lovers of a high class performance will be pleased to see. Mr. Hanford has a national reputation as an actor and he is supported by a fine company.

The votes for the contest will be received at the Ishpeming office of The Mining Journal. Six tickets to the performance is a prize worth having, as it will enable the winner to give five of her friends a treat without cost.

A Cough

is an effort to relieve the irritation of inflamed throat, bronchial tubes, larynx and lungs. Vinol soothes and heels this inflammation, builds up the waste tissue and strength, and cures the cough.

"Mr. W. J. HAMILTON, 1706 Timea St., Electrician for The Barton-Daniels Co., authorizes me to say that you are at liberty to publish a testimonial over his signature, to the effect that his wife was left with a severe cough after the La Grippe; loss of appetite, and, as he expressed it, got right down to the bottom rung of the ladder. After taking Vinol the cough disappeared, appetite returned, and she is now feeling first-class and is getting strong and gaining in flesh."

"I feel it my duty to thank you for introducing Vinol in Joliet, as I know that it was the means of saving my little girl and restoring her to health. Here are the facts: About a year ago my child was taken with a severe attack of Bronchitis, one lung was completely filled, and while she recovered from the Bronchial trouble, the affected lung, remained useless. My daughter began to fail again. I became very much worried and decided to try Vinol which you so highly recommended. When she had finished half the bottle she was taken very ill and vomited large quantities of mucus, but when the vomiting ceased we found to our great joy that the filled lung was entirely free.

Mrs. W. L. McLEAN, 111 Logan Ave., Joliet, Ill.

When we talk of Vinol we know of what we speak and will refund your money if you are not satisfied.

OFFICIALS NOT COMING.

Noted Mining and Steel Men Will Not Visit This Range at Present.

The officials of the United States Steel company and other corporations who spent last week on the other iron ranges of the district did not reach this range yesterday as expected. A telegram was received Sunday to the effect that the party was obliged to abandon the trip for the present, as Mr. Schwab was called to New York. They were then on the Menominee range.

The party was traveling by special train of four cars, including President Schwab's private car, James Gayley's private car, Henry Oliver's car, and T. F. Cole's car. Mr. Schwab's car is said to be one of the very finest in the United States. It is eighty feet in length and elegantly furnished.

The party was made up of C. M. Schwab, president of the United States Steel corporation; James Gayley, first vice president; W. B. Dickson, second vice president; Veryl Preston, third vice president, all of the steel corporation; George McMurtrey, president of the Sheet Steel company; Judge Joseph Buffington, president of the Illinois Steel company; D. M. Clemons, president of the Pittsburgh Steamship company; J. E. Schwab, assistant to the president of the United States Steel company; Judge Reid, president of the Pittsburg, Bessemer & Lake Erie Railway company; T. F. Cole and Nelson P. Hulst, president and vice president, respectively, of the Oliver Iron company. Mr. Cole arrived on the range yesterday, the other members of the party having left him Sunday.

WILL HEAR SULLIVAN.

Members of the Modern Woodmen society in this county are manifesting much interest in the coming of Hon. John Sullivan of Kansas City, who will be at Ishpeming on the evening of May 27. During the past few months a great deal has been said in Woodmen circles as to the advisability of changing the assessment plan under which the organization has done business for the past eighteen years. A number here do not favor a change and will hold to their present views until Mr. Sullivan or some other person can show them wherein a change will be beneficial. In many places where Sullivan has talked in favor of the proposed new plan he has met with considerable opposition, but before he winds up his discourse it is said that he usually has his hearers with him. His arguments are so strong and so well presented that he generally sways the crowd to his way of thinking. There are many members of the society who are not thoroughly posted as to the plans advocated by the men at the head of the movement. Some have read a great deal about the proposed changes in the official paper but so much has been said for and against the old and the new plans that not a few are in doubt as to which they prefer.

All the Woodmen of the county will be asked to attend the meeting at Ishpeming on the 27th. Mr. Sullivan is a very fluent speaker and will give a talk that the members should not miss.

STAND LIKE A STONE WALL

Between your children and the tortures of itching and burning eczema, scaldhead or other skin diseases. How? By using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for Ulcers, Fever, Sores, Salt Rheum, Cuts, Burns or Bruises. Infallible for Piles. 25c at Stafford's drug store.

FURS.. Milwaukee

Displayed at The Breitung, May 22, afternoon. Newest and best models for fall. Low summer prices quoted. Free storage. Fall delivery and payment. Mr. Chas. H. Hathaway in charge. Estimates given for remodeling and repairing old furs.

EXPLORING AT SWANZEY.

Cleveland-Cliffs Iron Company Has Option on Part of Section 20.

Considerable exploratory work will be done on Section 20, near the Princeton mine, during the summer. The Cleveland-Cliffs Iron company has a thirty-year lease on a part of the section, with an option to buy the tract at any time. The south half and the southeast quarter of the section are included in the corporation's lease.

One diamond drill is being operated on the tract and another will be sent down from Ishpeming within the next week or two. It is the purpose of the management to put down several holes before winding up the drill work.

It is the opinion of local mining men who have been interested in the work that has been done on section 20 from time to time during the past fifteen years or more that a workable deposit of ore will be discovered there. Some years ago Negaunee men sank a number of test pits on the section and mixed ore was encountered a few feet from surface. There was no drilling done at that time and the pits were not put down to a great depth. Had a drill been used much more satisfactory results would have been obtained. Some distance west of the tract to be explored by the Cleveland-Cliffs company the late J. B. Maas and others did a little drilling. The showing was very fair and the explorers desired to continue the work, but something came up that made a suspension necessary.

The lands near Swanzeay are easy to explore. The formation comes within a few feet of surface and it is not difficult to trace it.

The operators of the Princeton mine are sinking their new shaft on the northwest quarter of Section 20. The mine is on section 18. The present working shaft and the new one will be some distance apart.

HAD A NARROW ESCAPE.

The People's Mail of Crystal Falls Saturday last had the following account of a runaway accident in which people who are known to many in this range were injured:

Mrs. F. C. Menhennet, wife of Captain Menhennet of the Mansfield mine, her daughter Mabel and Alice Ormonroyd, daughter of Albert Ormonroyd of the Great Western mine, had a narrow escape from death last Saturday afternoon. They were driving in from Mansfield and had just turned in on the road that leads to the Great Western, the other side of the ball grounds, when their horse became frightened and dashed around among the stumps. The vehicle was overturned and the occupants were thrown to the ground with great violence. Mrs. Menhennet was severely injured about the head and face, and Alice Ormonroyd sustained a badly sprained wrist. Mabel Menhennet fortunately received no injuries. The three walked to the Ormonroyd residence and Dr. Darling was summoned to attend them. Mrs. Menhennet lost control of her mind as a result of the accident and it was not until next day that she recovered enough to recall the accident. She was removed to her home at Mansfield Sunday afternoon, and has fully recovered.

THE LADIES DID WELL.

The ladies of St. Paul's church society sold 450 tickets at fifty cents each for the benefit given the sisters of the parochial school last Friday evening. The expenses footed up \$37, leaving a net balance of \$108 to be turned over to the sisters. This is about as large a sum as was ever raised in the city for a benefit of any kind. The ladies of the society are to be congratulated upon their success.

LOCAL LAOCONICS.

B. Barasa came down from Calumet and spent Sunday with his people here. George Haupt is prepared to take orders for ice at his store. Orders left with him will be filled by Richard Kappes. A number of copper country people who came to this county on the Hibernian excursion Sunday spent the day with friends in Negaunee. Negaunee was largely represented at Marquette Sunday. Delegations went down on every train over the South Shore line during the day. A class of about thirty persons will be confirmed next Sunday morning at St. John's Episcopal church, Rev. G. Mott Williams of Marquette will officiate.

The members of the local camp of the Modern Woodmen of America are urged to attend the regular meeting to be held this evening. The session will be followed by a smoker. A good time is promised all who come out. The members of Charles H. Towne post of the Grand Army will attend memorial services at the Presbyterian church in this city next Sunday morning. The military companies of Ishpeming will act as an escort to the veterans.

The Nye Theatre company opened a week's engagement here last night to an unusually large audience. The play and the specialties pleased all present and if the entertainments to be given during the remainder of the week are as strong the company should play to good business every night. Some evening this week an amateur contest will be given. Cash prizes will be awarded to the winners. The company will give a matinee on Saturday afternoon. As the hot weather approaches it is a good thing to know that T. W. Simcox, the stove man, will overhaul and repair your old or gasless stove and put it in good working order at a moderate price. He also makes a specialty of retiling and repairing ice boxes. Screen doors and windows repaired. All work called for and delivered. Simply telephone your order. Both phones, residence and shop, corner Clark and Kanter streets. (5-20-1w)

Additional Ishpeming

WILL VISIT EUROPE.

Ishpeming Will Be Well Represented Across the Water This Summer.

If all the Ishpeming people who are now talking of going abroad this summer make the trip the city will be well represented across the water. Several left here during the past week or so and at least two large delegations will leave on a transatlantic trip this week.

A party of sixteen will leave Thursday on the early South Shore train. Among the excursionists will be Fred J. Eggon, wife and four children, Miss Mary Anderson, Mary Sistedt, John Clawson, wife and two children, Mrs. C. Johnson and child and Mrs. Carrie Eggon and child. All will sail from New York Saturday, leaving at 3 o'clock on one of the Canard Steamship company's boats.

Mr. Clawson and his family are the only members of the party who will remain across the water. All the excursionists are bound for Norway. Those who will return are expected to be back here in about three months.

A party of Finlanders will leave the same morning for their native land. It is said that there will be ten or more in the crowd. They will join a party of Finlanders coming from the copper country.

The trip abroad is looked forward to with much pleasure by all who have planned to take it.

LARGE CROWD EXPECTED.

Invitations will this week be issued by the local camp of the Modern Woodmen of America to the several camps of the order in the county to attend the meeting to be held here next Tuesday evening, the 27th. Hon. John Sullivan of Kansas City will be here that night to speak in favor of the readjustment plan. A committee was appointed at the last meeting of the local camp to complete plans for the entertainment of Mr. Sullivan and the members of the society from the several camps of the county. As this is the only place in the county where Mr. Sullivan will speak it is expected that a large number of the members will assemble here to hear him. The question is one that all members are interested in.

ISHPEMING IN ERIE.

D. D. Mayne arrived in the city Saturday.

J. H. Quinn did business at Republic yesterday.

Miss Edna Newett is spending a few days with friends in Milwaukee.

The employees of the Lake Superior Iron company will be paid today.

The Trombly orchestra will give its next hop on Monday evening of next week.

A class of about 180 children will receive their communion at St. John's church a week from next Sunday.

The street parade given yesterday by Richards & Pringle's minstrels was one of the most attractive seen here in some time.

Richards & Pringle's Minstrels played to a good house at the local theatre last night. The company gave splendid satisfaction.

Edward Kenville and Miss Ann Kearney, two well known young people of this city, will be married tomorrow morning at St. John's church. Rev. M. Kehoe, the pastor, will tie the nuptial knot.

John T. Burke has added a couple of swell new buggies to his livery equipment. Mr. Burke believes in keeping up with the times. He now has some of the noblest turnouts to be found anywhere in the upper peninsula.

The concert to be given this evening at the opera house for the benefit of Grace church choir will be well attended. The program to be rendered merits a packed house. Some of the best talent in this city will take part.

The firemen's fair attracted a large crowd to the Anderson hall last evening. The entertainment was very much enjoyed by all and another large attendance is expected out again this evening. There will be a complete new program given tonight.

Frank Lassenius, manager of the Finnish Mercantile association of this city, spent Sunday and yesterday at Republic, assisting the officers of the Finnish Co-operative society of that place with work preliminary to the launching of a mercantile association.

Humors Come to the Surface in the spring as in no other season. They don't run themselves all off that way, however, but mostly remain in the system. Hood's Sarsaparilla removes them, wards off danger, makes good health sure.

Don't forget that Andrew Lindquist is paying special attention to the laying of parquet flooring, also plain oak and maple flooring. Orders for jobs in Negaunee and elsewhere in this section are solicited. A. LINDQUIST, (5-16-3d) Negaunee.

Enduring Paints

Patton's Sun Proof Paints endure in any kind of weather. They are appreciated most in the worst climates. They are guaranteed to wear well for five years—but very likely you need not have to repaint then unless you wish to. They endure because the ingredients are pure, the proportions (Patton's secret) are correct, the mixing and grinding done by powerful, exact machines. More about paint in our free book of paint knowledge. Send for it.

BACK IN THE "PEN"

CONVICT HAYNES' LIBERTY WAS RATHER SHORT.

ESCAPED A FEW WEEKS AGO

JUST RECAPTURED NEAR BOSCOBEL, WISCONSIN.

Marshal of the Town Had Been Given Description of the Man, Recognized and Nabbed Him and Gets Reward for It.

Hiram F. Haynes, who several weeks ago escaped from the branch state prison here, is again an inmate of the institution and will remain there until his full term of five and a half years has expired.

At the time of Haynes' escape, the officials at the penitentiary believed that sooner or later the man would turn up at the Badger town or near it, a number of his close relatives living in that vicinity.

Had Traveled Considerably. Haynes stated after being returned to the prison that he was rather glad to be back behind the bars.

The prisoner traveled considerably after his escape. After leaving the prison, he took to the woods and was lost for over a day.

At the time of Haynes' escape he had but five or six months more of his term to serve.

The circumstances of Haynes' escape will probably be well remembered. In brief, he was treated as a "trustee" and was employed as a teamster without the prison walls.

The officials at the prison are naturally well pleased to have the man back again, and it goes without saying that Haynes will hereafter be kept under close surveillance.

TREAT FOR THE PRISONERS. Fine Concert Given at the Penitentiary Last Evening.

The prisoners at the penitentiary were last evening treated to nearly three hours of thorough enjoyment. The occasion was an entertainment given by local talent, and not only was it greatly appreciated by the convicts themselves, but some 250 or 300 people from town enjoyed the program.

Where to Stop When in Detroit. Hotel Metropole, Woodward Ave., opp. City Hall.

NOTICE TO VESSELMEN. Heppner's fresh whole wheat, white and rye bread made every day.

FOURTH OF THE COURSE.

Concert at Presbyterian Church Tonight - Starts at Eight Sharp.

Baritone solo, "In the Shade of the Palm".....From Florida A. O. Jopling
March, "On Duty".....Orpheus Mandolin Club
Quartet, "Good Night Beloved".....Pinsuti Choir

The concert will begin singing at 8 o'clock—not a minute later—owing to other engagements by some of those participating, and it is requested that all who attend be in their seats by that time.

HANDSOME NEW TRAIN.

South Shore Will Furnish It for the Excursion to Duluth.

Next Friday 150 to 175 representative merchants and business men of the copper country will arrive at Duluth as guests jointly of Vice President Fitch of the South Shore and the jobbing interests of Duluth as represented by the Commercial club of Duluth.

The South Shore road for its part will furnish a special train coming and going, composed of the handsome new equipment which it will install on its night train beginning June 1.

The train will run on special schedule, make few stops, and the customary tedium of a long daylight ride will be transformed into real pleasure by the great comfort of the new cars and the limited time the train will make.

The special will run independently of the regular day passenger, which is a local train. It will leave Calumet at 8:20 p. m. on Friday and arrive at Duluth at 5:20 p. m.

The party will leave on its return home at 9 o'clock Sunday morning, reaching Calumet and other points in the copper country that evening.

This will be the first party that has been brought exclusively from the copper country to Duluth. It will not be a public excursion in the light that being made on one train, accommodations will necessarily be limited, and consequently the party will be largely made up of men invited by or on the suggestion of the Duluth jobbers.

RAILROAD TAXES.

South Shore to Pay \$68,804 Into the State Treasury This Year.

In the computation of the taxes Michigan railroads are to pay this year—the last time under the operation of the specific tax law—the South Shore has been put down for \$68,804.30 by Railroad Commissioner Osborn.

ARE LET OFF EASY

FIVE NEGAUNEE SALOON KEEPERS PAY \$20 AND COSTS.

BUT GET PLAIN WARNING ALSO

CIRCUMSTANCES OF CASES FOUND TO MERIT LENIENCY.

Prosecution of George Miller, the Boy Hunter Accused of Manslaughter, is Dropped—Opening Day in the Circuit Court.

Cases were cleared from the docket of the circuit court yesterday, the opening day of the May term, with a rapidity that indicates the session will be only the lightest, if not the shortest, on record.

The five saloon keepers of Negaunee who were charged with violation of the liquor law—John Perala, Humphrey Lucas, Samuel Hooper, Christian Johnson and Eric Bergquist—all entered pleas of guilty and were each sentenced to fines of \$20 and costs of \$7, or sixty days in the county jail.

The leniency of the court was in great part due to the peculiar condition of affairs which have existed at Negaunee. The city has never exercised its right to legislate concerning the saloons, and in consequence the barrooms have come under the regulation of the state law, which proscribes 9 o'clock as the hour at which the saloons shall close.

The complaining witness in the case against William French failed to appear, and this, too, was nolle prossed and the defendant was set free.

Of the other cases, all on the civil docket, six were continued by the consent of the parties interested.

WAGNER MINE A WINNER.

Will Soon Be Shipping Ore to the Steel Plant at the Soo.

George Wagner is home for a few days from the Wagner mine, the iron property being developed north of the Canadian Soo by the Breitung Mining company of this city.

Makes people prick up their ears, makes people strenuous, puts one on tip-toe of expectation. That's what Rocky Mountain Tea will do.

MARQUETTE HIS HEADQUARTERS.

Deputy Grand Master Holdings, of the A. O. U. W., to Locate Here.

James J. Holdings, of Detroit, deputy grand master of the A. O. U. W., who has been assigned to have supervision of the work in the upper peninsula, has decided to make his permanent headquarters in Marquette.

The five saloon keepers of Negaunee who were charged with violation of the liquor law—John Perala, Humphrey Lucas, Samuel Hooper, Christian Johnson and Eric Bergquist—all entered pleas of guilty and were each sentenced to fines of \$20 and costs of \$7, or sixty days in the county jail.

It may be of interest to state that the A. O. U. W. has twenty-eight lodges in the peninsula, with a membership of 5,000, and in the state at large has a membership of 23,000.

MINSTREL SHOW FRIDAY.

Richards & Pringle's Big Aggregation Will Hold the Boards.

The Richards & Pringle's minstrels will present a mammoth bill of merry minstrelsy at the opera house next Friday evening.

HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed."

WIDS WANTED.
