President Palma and his cabinet did not give way to rejoicing. There was stern business ahead for them, and they went quietly to work. As soon as the new government was installed congress met and proclaimed a constitution and appendix. President Palmo reviewed 14,000 school children before the palace, and at four o'clock went to the cathedral where the te dum was sung for the new republic. In the evening the city was illuminated as never before and a great pyratechnic displa ywas given on the walls of Morro Castle and Cabanas across the bay.

eeremony of transferring government of Cuba from the United States to the republic of Cuba was in brief, simple. The transfer occurred at the palace chamber before the American officers, Presidentelect Palma, his cabinet, the members of congress, the supreme court judges, governors of the provinces, officers of visiting American statesmen. Owing to the limited space the public was not admitted. The streets surrounding the palace were packed with people.

After the formal greetings to President Palma, General Wood read the war department pledging the new government to undertake all obligations assumed by the United States with respect to Cuba by the treaty of Paris.

Immediately upon the conclusion of the ceremony General Wood personally of the harbor. General Whiteside at dent McKinley's surgeons. Santiago also turned over his authority to his Cuban successors and sailed away with the American cavalry.

Nations Are Informed.

Washington, May 20 .- Secretary Hay took the final steps today of acquainting the nations that the United States government has redeemed its pledge to make free the people of Cuba. This was done by cabling every capital where there is a resident, either ambassador or minister, for the United States, of an identical note informing our representatives that military occupation of Cuba has ceased, and an independent government, Republican in form, inaugurated there, under the presidency of Palma. The ambassadors and ministers were instructed to convey this information to the government to which they are ac-

Chicago, May 20.—In wheat trade was full early, but as the session advanced nore animation was witnessed. The trade, however, was of moderate volume but the undertone was firm and the close howed 1/4@3/8 gain. The reports of a better movement in the Southwest and the splendid weather condition in that section tended to offset the effect of the ontinued rains in the Northwest during he early hours. Later a large decrease in the available supply and an upturn in corn caused a better feeling and the lose was steady. The clearings were liberal at 411,000 bushels and thirty boatloads were reported taken on the

coast. The local receipts were fiftyeight cars. Corn was rather quiet, with a firm undertone, the close showing 14@% advance. The trade was of moderate volume, the feature being the decreased of ferings. The local temper leaned more to the bull side. The shorts were th principal buyers. The local receipts

were ninety-seven cars, Oats ruled more active and stronge An advance in corn and active buying by two commission houses started the shorts to covering and the prices ad-vanced over a cent but yielded 1/4 @ % and closed with a net gain of 14@1/2 on the distant futures but 1/4 lower on May. The country offerings were smaller and the cash demand better

### also had a notable sympathetic effect on he whole market. This movement be gan abroad before the opening here and was not explained by any specific news London was a buyer on a considerable scale after the holiday there, and con-

fident predictions were heard that peace would be declared at an early day in South Africa. The formal announcement of the terms for taking over jointly by the Louisville & Nashville and the Southern railway of the Chicago, Indianapolis &

Louisville stocks in return for four per cent bonds was chiefly reflected in the price of Louisville. The terms of exchange of the stocks of 78 for commo SYSTEM SEVERELY CRITICISED and 90 for preferred, led to some reces sion in the prices, as the joint bonds, judged by the precedent of the Burling ton exchanged bonds, were not likely t command the full par value. The pres nce in the Wall street district of Secretary Fasley, of the Civic federation and his consultation with important representatives of the anthracite interests gave rise to conjectures that measares were in progress for the settlement of the miners' strike. In Wall street the opinion remains confident that a settlement lies within reach almost any time. There was also much less apprehension today of the spread of the labor trouble into the bituminous fields, which was considered a formidable prospec vesterday. "THE TAMING OF THE SHREW"

TO MOST POPULAR TEACHER IN ISHPEMING.

VOTE FOR YOUR CHOICE. The Mining Journal has ever been alive to the interests of education and has always endeavored to extend the scope of the acquirement of knowledge whenever an opportunity presents itself. With this end in view this paper has purchased six choice seats for the performance of Shakespeare's "The Taming of the Shrew," which the well known star, Charles B. Hanford, will present in this city at the opera house on Wednesday, May 28. The Mining Journal will present these seats to the lady school teacher who will re-

ceive the largest number of votes. The plan of voting is simple. All that is required for the easting of a vote is to fill and cut out the coupon printed below and send it to the Ishpeming office of this paper. Inas much as there are six seats, the lady for whom the largest number of ballots is east can invite five of her friends to be

her guests on the evening of May 28. "The Taming of the Shrew" is one of the most amusing as well as instructive of Shakespeare's comedies. not been revived for several years and the production given

### MARQUETTE NEXT.

The Negaunee Ball Team Has Some Good Games Scheduled.

The Negaunce baseball team will meet he Marquette nine at the Queen City grounds next Sunday. Nick Crans, the Munising pitcher, has secured employ ment at one of the mines here and wil remain in the city. He showed up well last Sunday in the game against the Republic team and the fans were satisied with his work.

Baseball promises to be popular here his season. The attendance at last Sunday's game was considerably larger o see out. Among the fans were men who have patronized games here for the past twenty years.

The Negaunee and Ishpeming teams will come together on Decoration Day at the Union Park grounds. This contest will bring out an unusually large crowd and an exciting game is looke for. With the new man in the box for the local nine the Ishpemings will have to play good ball to win out.

### SIXTY POUNDS OF TROUT.

H. B. Lehman, his son Luther, and Will Chellew returned Monday from the Escanaba river, some fifteen miles out from here, where they spent a couple of Jackson street from Mrs. Anthony days fishing. They had sixty pounds Broad. of trout between them, and there were no small fish in the lot.

Mr. Lehman lost a book nany times. He pulled up the largest brook trout he had ever seen and before he landed it the hook broke and the fish fell back into the river. He thinks the trout would have tipped the scales at about four pounds.

The fishermen made the trip to the river and return on foot, so they were pretty tired when they arrived home. Aside from Mr. Lehman's party local nen who have been out this season have not had the best of luck. The water in most of the streams is still too high for successful angling.

Since the boat has been here it has not been ised to pick up as the warmer weather ame on it was decided that the excursion traffic out of Duluth and Superior offered a better prospect for rofit, hence this morning's departure. Had the craft remained here it would ried along through last season without steamer it is unlikely that the persons sirous of visiting the Huron Mountain listrict this year will not be afforded the opportunity. There are a number f small craft here that are available and the tug Schenck may also be impressed into the service.

### Vesselmen in Hard Luck,

What with the strike of the hard coal iners, the tug strike and the crowded ports, the lake freight situation at present is anything but promising, and now, as a knockout blow, comes the information from Cleveland to the effect that ore shippers are talking of cutting the rate, as the coal shippers did during the latter part of last week. With but six weeks of the season passed, the or docks at Lake Eric ports are as crowded as they were at any time last summer and boats arriving now have to wait everal days before they are able to get

The boats of several of the big fleets ave been withdrawn from the coal trade altogether, the owners, including forrigan, Mitchell and Gilchrist, proferring to leave it alone rather than eccept the 30 cents which is now offered. This leaves more boats in the market and the ore shippers have now begun to
