**SENDING OF SAMAR NATIVES TO THEIR DEATH DISAPPROVED.**

**WAS UNLAWFUL RETALIATION**

**ORDER TO KILL AND BURN SHOULD HAVE BEEN DISOBEYED.**

Reviewing Authority Does Not Like Findings of Acquittal in Court Martial of Major Waller and Lieut. Day.

Manila, May 25.—The official findings of the court martial which tried Major Waller and Lieutenant Day for executing the natives of Samar, without trial, have been made public. The reviewing authority expressed approval of the court's findings in both cases.

Referring to the case of Major Waller, the reviewing authority says in part: "The sending of the natives to their death partook more of unlawful retaliation than was justifiable by the act of war. In justice to the American military service, the findings of acquittal demand that they shall not meet with unqualified approval. The suffering of the natives was cited; also the fact of Major Waller suffering from fever when urged to the order for killing the natives. But it also cited that Major Waller was in communication with General Smith but did not wait to notify him of the situation nor to receive orders from him. For this he is in a measure censured. Of Lieutenant Day the reviewing authority believes considering Major Waller's mental condition, that he should have disobeyed the order to kill the natives, and say that he could probably have prevented one of the most regrettable incidents in the annals of the military service of the United States.

**NEW BISHOP OF SIOUX CITY.**

Impressive Ceremonies at Consecration of Right Rev. Garrigan.

Springfield, Mass., May 25.—The Right Rev. Dr. Philip J. Garrigan, vice rector of the Catholic university at Washington, was consecrated bishop of Sioux City, Ia., in St. Michael's cathedral today. The ceremony lasted four hours. Just before the close of the services a cablegram was received from the pope congratulating Bishop Garrigan and giving the papal blessing to him and his bishop-elect, Right Rev. D. Beane, bishop of Springfield, was the consecrating bishop assisted by Right Rev. Thomas J. Conaty, rector of the Catholic university and Right Rev. Edward B. Allen, bishop of Mobile, Ala.

There were present a hundred and fifty priests and prelates including Archbishop Williams, of Boston and Keane of Dubuque, Ia. The sermon was by Archbishop Keane. The new bishop expects to remain in the east until the middle of June when he will go to his diocese.

**HASTEN THE CRISIS**

**BELIEVED THAT ACTION OF THE MINERS IN THE VIRGINIAS WILL BRING TO CLIMAX ANTHRACITE TROUBLE.**

Wilkesbarre, May 25.—This was the quietest Sabbath this region has seen since the strike began. In the churches today the clergy urged the strikers to be law abiding and be guided by their leaders as long as the leaders were faithful to their trust.

It is believed here that the action of the miners of Virginia and West Virginia will hasten the crisis in the anthracite region.

New York, May 25.—The Tribune says another attempt will be made by the Civic Federation to settle the miners' strike and that a meeting will be called for that purpose within ten days. The miners are willing to accept the services of the arbitration committee but the operators so far have refused.

Shamokin, Pa., May 25.—The colliery engineers and pumpmen tonight voted to strike June 2 unless their demands were conceded.

Chicago, May 25.—Five hundred teamsters struck at midnight for an increase of wages and shorter hours.

**KINGSTOWN IN ST. VINCENT, THREATENED WITH DROUTH.**

Kingstown, May 25.—The St. Vincent eruption of May 18 caused a fall of ash and stones and more consternation at the Chateau, Belair than that of the seventh. The inhabitants rent the air with their shrieks and in the panic many were seriously injured. The exodus from the town continued all night. The eruption continued next day and a heavy rain also fell, flooding the place.

Kingstown is longing for rain. The heat and dryness here is unprecedented. There is no hope for resuscitation of the Caribbean for years to come. The canal that supplied the water to that country for domestic or manufacturing purposes is dried up and the district is desolated. Rumbling sounds are heard and the vapor is still issuing from the disturbed district and the lava is flowing. The United States steamer Dixie has arrived with nine hundred thousand rations and clothing, medicine and supplies.

**PHILIPPINES BILL**

**SENATE WILL DEVOTE ANOTHER WEEK TO ITS CONSIDERATION.**

**BURROWS TO ADVOCATE MEASURE**

**QUESTION OF IMMIGRATION HAS RIGHT OF WAY IN HOUSE.**

Washington, May 25.—From present indications the senate will devote another full week to the consideration of the Philippine bill. The prediction has been made that a vote will not be reached before the middle of the following week. Senator Burrows will be heard tomorrow in advocacy of the bill. It is not expected that there will be any session Friday as that is Memorial Day. The Nicaragua and the Cuban reciprocity bills will be taken up after the Philippine bill is disposed of. The beet sugar people predict a month's debate on the Nicaragua bill but this is not in accord with the views of the advocates or its opponents in the canal committee. The appropriation bill should be passed before the first of July and then will come an early adjournment.

Program in House.

Under a special order the bill to regulate immigration will have the right of way in the house over all except the appropriation and revenue bills. Monday is District of Columbia day, and the debate on the immigration bill will probably be resumed Tuesday, though if there is a chance of passing it Monday the district matters may be put over until Tuesday. After the immigration bill, the committee will report a special order for the anti-anarchy bill. This will be followed by the subsidiary coinage bill and that by the irrigation bill.

**KING EDWARD IS ILL.**

Royal Physicians Worried Over His Majesty's Condition.

London, May 25.—Rumors about the king's health have prevailed again this week, some of which say that his majesty's condition is a source of great worry to his medical advisers. There seems to be little justification for these rumors, aside from the fact that the king has shown a disposition to shorten all ceremonies where he is obliged to stand any length of time. He has, moreover, decided to go to Homburg about the middle of July; in fact, at the earliest moment after the ceremonies incidental to his coronation are concluded.

There is no denying that the king feels the strain of his official duties very severely this season. It was to lessen this strain that the order of ceremonial at the drawing-rooms was changed, so that only those who are presented for the first time pass before the king and queen. Others invited wait in a separate room. They do not enter the throne room, but after the presentations are over the king and queen, on their way to supper, walk through and bow right and left.

Chicago, May 25.—Because his wife sought the protection of relatives, Nels Johnson, a local politician, today shot and fatally wounded Mrs. C. J. Gollackson, his sister-in-law, and then committed suicide. It was the outcome of a separation of Johnson and his wife after a married life of nineteen years.

**SIX KILLED BY TORNADO.**

Town of Union in South Carolina Devastated by Wind Storm.

Union, S. C., May 25.—Six were killed and several injured by a tornado today afternoon. The dead are: Sallie Hart, Annie Lawson, Mrs. Maxey Sims, Vera Sims, Miss Lawson, at Jonesboro; and one unknown at Pacolet.

Considerable damage was done to property here and throughout the surrounding country.

**KING EDWARD IS ILL.**

Royal Physicians Worried Over His Majesty's Condition.

London, May 25.—Rumors about the king's health have prevailed again this week, some of which say that his majesty's condition is a source of great worry to his medical advisers. There seems to be little justification for these rumors, aside from the fact that the king has shown a disposition to shorten all ceremonies where he is obliged to stand any length of time. He has, moreover, decided to go to Homburg about the middle of July; in fact, at the earliest moment after the ceremonies incidental to his coronation are concluded.

There is no denying that the king feels the strain of his official duties very severely this season. It was to lessen this strain that the order of ceremonial at the drawing-rooms was changed, so that only those who are presented for the first time pass before the king and queen. Others invited wait in a separate room. They do not enter the throne room, but after the presentations are over the king and queen, on their way to supper, walk through and bow right and left.

**ASSERTS MANY FAITH CURES.**

Washington, May 25.—Carol Norton in a lecture today asserted that two million cases of disease had been healed by Christian Science during the thirty-five years of its history, and that in that time 700 Christian Science churches were established and were now flourishing.

**SHOOT FOR PALMA TROPHY.**

New York, May 25.—Lieutenant Albert S. Jones, secretary of the National Rifle association, announced today a match for the Palma trophy, between this country and Canada. It will probably be held Tuesday, Aug. 26 at Ottawa, Canada.

**CHOLERA AT MANILA.**

Manila, May 25.—The cholera record to date is: Manila, 1,146 cases, 619 deaths; provinces, 3,922 cases, 2,774 deaths.

It begins to be obvious that if we had pledged ourselves to relinquish control of the Philippines after we had driven the Spaniards out of the islands we would have prepared the way for avoidance of a vast deal of trouble.

Those proofs of the truth of his charges against Governor Bliss which Stearns has promised to furnish have not yet been produced.

Lead seems to have again done up in the Tenth district. He has put up a brilliant fight for the nomination and the prospect now is that he will capture it.

Auditor General Powers' paper, the Cadillac News and Express, observes that unless some change in the trend of events shall soon take place the Republican state convention, which promised to be a lively affair, will be, instead, a "mild-mannered, second term ratification assembly."

Senator Hoar has not forgotten the contemptuous phrase General Funston applied to him, when the little Kansan spoke of the great Massachusetts statesman's "over-headed conscience."

It took the Houghton Gazette some time to discover that it ought to support Representative Sheldon for another term in congress, but it is putting in hearty work for him now.

Ministry is beginning to discover that it was a lucky day for the place when the Cleveland-Cliffs Iron company acquired its present holdings there and in the territory tributary to the village.

A little over two years ago Mr. Stearns was counting on being a candidate for the gubernatorial nomination on the Republican ticket, with the backing of the Michigan Central Railroad company.

The Wisconsin "stalwarts" are in a great race over the selection of the city of Madison as the place where the state convention of the party will be held.

committee did its work well. If the state convention shows equal good judgment in making up the ticket the party will come out a big winner in the election.

Memoranda and Marinette papers assert that the Northwestern railroad has adopted and is pursuing a policy that will work great injury to these cities as shipping points.

Dr. Minton, chairman of the committee on revision of the creed of the Presbyterian church, said, in discussing the changes recommended by his committee to the general assembly, that he believes the head of the Roman Catholic church to be "anti-Christ, a man of sin and the son of perdition," and isn't afraid to say it.

A question involving the right of a state or municipal government to require the federal government to conform to local regulations in making improvements on property belonging to the United States has just been decided by Attorney General Knox.

In developing the West vein at the Phoenix the management provided for the provision of new stamping facilities for the mine that the conditions now are no different than they have been in the past.

It is believed that Mohawk will make one of the best mines in this district. The stock is strong and it is predicted that it will steadily increase in price.

The Mayflower shaft is down 260 feet. Some rock bearing copper has been found on the lode.

The Mohawk Mining company will build thirty new houses at the mine location for employees.

No. 3 shaft on the Adventure will be ready for regular service about July 1. No 1 shaft house is nearly completed.

A dispatch from Gladstone says: While drilling for oil near the Whitefish river the Northern Michigan Oil and Development company struck a vein of copper nine feet thick.

The Rhode Island shaft is now 600 feet deep and the management intend when 1,000 feet of depth have been attained to "cross-cut" to the Franklin conglomerate which lode is found to be situated at Franklin, Jr., adjoining Rhode Island on the south.

**DEATH CASTS A GLOOM.**

Demise of Hon. T. B. Dunstan Deplored by All Who Knew Him.

The death of Hon. Thomas B. Dunstan, of Hancock, at the Auditorium hotel, Chicago, Friday evening has cast a gloom over the entire copper district. Mr. Dunstan was a recognized leader of men and was honored and respected by all who knew him or his works. He was a great worker in the ranks of the Boston and did much to make Houghton a banner county for the party. He was most active in the political affairs of Michigan and when lieutenant-governor filled the office with much credit to himself and the entire state. Mr. Dunstan was active in business and political circles from the time he reached his majority in the seventies. He held the combined offices of prosecuting attorney and judge of probate in Keweenaw county in 1873, resigning in 1879 to go to Pontiac. After returning to this county he was prosecuting attorney from 1885 to 1889. In 1883 he was a representative in the lower house of the legislature from Keweenaw county and in 1889 was sent to the senate from Houghton county. In 1896 Mr. Dunstan was elected lieutenant-governor. He was also a member of the board of control of the Michigan College of Mines; a leading member of Montrose Commandery, Knights Templar; president of the Victoria Copper company; a director in the Adventure and Quincy companies; and very prominent in social circles. Mr. Dunstan was born in Canby, Cornish county, England, Jan. 4, 1850. His father was the late Captain James Dunstan, a pioneer miner in the Lake Superior district, who passed away a few months ago. His mother, Mrs. Mary Dunstan, survives him. Mr. Dunstan received his early education in the schools of the Keweenaw peninsula. He was a graduate of the Lawrence university of Appleton, Wis., and was also graduated from the law department of the University of Michigan. He was admitted to the bar in Keweenaw county in 1872; practiced law in Pontiac for three years; became resident of Hancock in 1883 which was his home up to the time of his death. He was the senior member of the law firm of Dunstan, Hammett & Lawton, although in late years gave almost his exclusive attention to mining matters and other things. Three years since Mr. Dunstan was a director in the First National bank of Hancock, counsel for the Quincy Mining company, and was also affiliated with other corporations. In 1875 he was married to Miss Mary A. McDonald, of Hancock, who survives him. He also leaves four children, Miss Helen B., of Vassar college; Miss Emma, of Miss Leggett's school, Detroit; Tyril, of West Point; and James, of Hancock.

The remains of Mr. Dunstan arrived at Hancock yesterday noon and were escorted to the home by the Knights Templar and a number of prominent citizens of the county. The funeral services will be publicly held at 2 o'clock this afternoon by Montrose Commandery at the residence. Rev. J. E. Curzon of Trinity Episcopal church, Houghton, will deliver the funeral oration. Interment will take place at Forest Hill cemetery, Houghton.

**MUST ATTEND DRILLS.**

Members of Houghton Light Infantry in Danger of Being Discharged.

Captain Shields of Company G, Houghton Light Infantry, is angry, and perhaps rightly so. He has been severe with his men but in such manner that no one could take offense, but not quite severe enough. He has issued a manifesto that he means to enforce. For several weeks all members of the militia have not been turning out regularly to drill, that is there would be almost a different corps of men at the Armory each drill night. Two drills a week are held on Monday and Thursday evenings, and considering that the boys are to go to the state camp in August and the state inspector is soon expected it is not thought two drills a week are any too much. There are a considerable number of men in the company who are present at every drill. There are others who always have an excuse for being absent at least one drill a week. Captain Shields proposes to have nearly a full company present at each drill after this as he sees no reason why it is not possible. He informed the members present at drill Thursday evening that his patience was exhausted and that those members who are not present at the drills this week will be dishonorably discharged. The captain's decision created quite a stir in the company, and there was not a man present but agreed with him. The action to be taken will bring most of the stragglers to time. The Houghton company is in as good a condition as any company in the state and its members undoubtedly attend drill as regularly as those of any other company but Captain Shields wants it understood that his company is to be judged by others and that it will be made one of the best in the state in every way. It is almost certain that tonight and Thursday evening will see about all of the seventy or more enlisted men in attendance. Those out of town of course and who can not come in to drill will necessarily have to be excused but for those in Houghton there will be no excuse unless it is an exceptionally good one.

**RECEIVES PIKE FRY.**

A large shipment of well-cured pike fry was received from the state fish commission by President George Williams of the Houghton County Gun & Rod club at Houghton Saturday. The fish were planted in several of the lakes on the South range yesterday.

**FLOATER FOUND.**

Body of Jacob Molonen Picked Up in Portage Lake Saturday.

A floater was found in Portage lake near Close & Bawden's dock at the foot of Tezocco street, Hancock, Saturday noon. The body proved to be that of Jacob Molonen, a Finnish farmer of the Highway near the Tezocco mine. Molonen had been missing since last winter. The last heard or seen of him was at Hurontown when he left the home of his son to go to his own home. A search was made for him at that time but it was given up after all efforts proved unsuccessful. It was thought by some at the time that the man while crossing the lake from Houghton to Hancock had broken through the ice and drowned. The body was found floating face downwards, about thirty feet from the dock. The remains were brought to Crawford's undertaking rooms, and Coroner Finn called a jury for the inquest. Some of Molonen's friends identified him.

**BAD BLAZE YESTERDAY MORNING.**

August Tangen's Grocery Store in West Hancock Guttered by Fire.

The interior of August Tangen's grocery store on Quincy street, West Hancock, was completely gutted by fire at 4 o'clock yesterday morning. The blaze spread to the building adjoining owned by Hocking & Co. bakers, and that structure was also partially destroyed. The families living in the apartments overhead barely succeeded in escaping from the burning buildings as the fire started suddenly and spread quickly. An explosion was the cause of the fire, the force of it blowing out the two big plate glass windows in Tangen's store. The stock in the grocery store and household effects in the rooms overhead were ruined by fire, water and smoke. The firemen responded as quickly as possible and did as much as could be done in a case of the kind. The loss will amount to considerable.

**LOOKING OVER LIGHT PLANT.**

A. M. Robertson is Making Tour of Investigation for Stone & Webster.

A. M. Robertson, of Minneapolis, a representative of the Minneapolis General Electric company, which is controlled by Stone & Webster of Boston the same firm which may purchase the majority of stock in the Peninsula Electric Light & Power Co., of Houghton, held under option by W. G. Rice, is in Houghton looking over the electric light plant and securing information for Stone & Webster. Mr. Robertson seeks for the best possible and did as much as could be done in a case of the kind. The information not secured by Mr. Wyman whom Stone & Webster sent to Houghton from Boston several weeks ago. Every little detail connected with the plant and its workings will be known by the Boston firm before it decides to purchase it. It is a big deal and Stone & Webster are handling it carefully. It is not known here what the result will be.

**CONSTRUCT CEMENT SIDEWALK.**

Red Jacket Council Authorizes a Needed Improvement.

At a special meeting of the Red Jacket council Friday evening a resolution that the village construct a ten-foot cement sidewalk on Fifth street, including the north side of Scott and the south side of Pine street, the expenses to be paid by the property owners on those streets, was passed. Engineer Stockley was present and gave all necessary information. Mr. Stockley will prepare plans and specifications for the work and estimates of the cost of the same to present to the council at its next regular meeting on the evening of June 3.

**EIGHTY-THIRD ANNIVERSARY.**

Calumet Odd Fellows Are Making Preparations to Celebrate the Event.

A parade of the societies through the principal streets of the village has been arranged. The Calumet & Hecla band being engaged for the purpose. Exercises will be held in the town hall afterwards, and supper served at 6 o'clock. A dance in the evening and "When Reuben Comes to Town" at the Calumet theatre will wind up the celebration.

**RESOLUTIONS OF CONDOLENCE.**

Copper Range Lodge No. 400, L. O. O. F., Mass City, Mich.

Whereas, The Supreme Ruler of the universe, in His inscrutable wisdom, has seen fit to remove from our midst, by death, our well-beloved brother, John J. Smith, therefore be it

Resolved, That in the death of our brother, this lodge has lost an exemplary member, and we keenly realize our loss, that we extend to the bereaved widow and orphans of the deceased our sincere and heartfelt sympathy in this hour of their bereavement; and that while we bow in humble submission to the will of our Divine Master, we are gray God to sanctify this visitation to our spiritual good. Be it further

Resolved, That our charter be draped in mourning for a period of thirty days as a token of respect to his memory, that these resolutions be spread upon our records, that a copy thereof be presented to the widow of our late brother, that they be published in the Marquette Daily Mining Journal.

All of which is respectfully submitted.

CHARLES H. KING,  
ALBERT GRABOWER,  
RICHARD WELCH,  
Committee.

**NO KICKS REGISTERED.**

Assessment Roll for Paving Quincy Street, in Hancock, Approved.

At the meeting of the Hancock common council Friday night review of the assessment roll for the improvement of Quincy street by paving not an objection was registered. The roll was accepted. Copies of the roll and warrants will be given to the village treasurer for collection. The council is now in a position to receive bids for the work and let the contract. Bids for brick, asphalt and crested wood block will be received and the material selected later.

**PROGRESSIVE GOLF.**

Members of Houghton Club Have Started Series of Games.

Progressive golf was started at the links near Houghton Saturday by Instructor N. Littledale of the Houghton Golf club. This particular kind of golf will be played all season. The members have given the number 1, Littledale. Each person will play the one having the next lower number and the contests may be played at any time, the results being handed to the instructor at the end of the game. For instance the player having number 1 will play member No. 2. He is defeated. The number two and his opponent number one. In case he wins the numbers remain the same. The player having the last number has to work himself to the top by defeating those above him, one at a time. No. 2 is the only one who has a right to challenge No. 1 but he may play No. 2 and may defeat him. The numbers as given to the members to start progressive golf Saturday are as follows—the ladies will play with the men, only with each other:

Thomas S. De, No. 1; V. D. Calverley, No. 2; John Pryor, No. 3; A. F. Rees, No. 4; H. S. Goodell, No. 5; J. R. Dee, No. 6; R. T. Barry, No. 7; J. B. Deo, No. 8; R. T. McKeever, No. 9; C. H. Moss, No. 10; C. A. Wright, No. 11; P. D. Swift, No. 12; C. C. Douglas, No. 13; F. W. Nichols, No. 14; Corbin Doughty, No. 15; J. E. Jackson, No. 16; E. J. Bawden, No. 17; L. Karger, No. 18; C. D. Sheldon, No. 19; S. Karger, No. 20; R. R. Goodell, No. 21; R. M. Edwards, No. 22; A. R. Gray, No. 23; J. H. Rice, No. 24; F. G. Coggin, No. 25; Graham Pope, No. 26; J. L. Harris, No. 27; L. Deo, W. D. Calverley, John Pryor, and A. F. Rees; Class B, H. S. Goodell, J. R. Dee, B. T. Barry, and J. B. Deo; Class C, R. T. McKeever, C. H. Moss, C. A. Wright, and Paul Swift. The classes will play against each other in team matches. A player in the progressive golf game who himself up to date is entitled to membership in any of the classes and may challenge any class member to play. If he defeats the player he challenges he takes that player's place in the class.

**VISITS MILWAUKEE SCHOOLS.**

President McNair of College of Mines On an Investigating Tour.

"Milwaukee has a fine system of schools," said President F. W. McNair of Michigan College of Mines at Houghton, Mich., yesterday at the Plankinton. "The West Side high school is on an especially excellent basis. Heretofore the graduates of the Milwaukee high schools have not been granted entrance to the College of Mines without examination, and my visit here is for the purpose of investigating the standing of the schools in order to determine whether this privilege shall be accorded. I am very much pleased with what I learned and think there is little doubt that the paths of Milwaukee graduates will be made easier at our institution."

President McNair also visited Racine college at Racine and left yesterday afternoon for Madison. He is a former resident of Wisconsin, Lancaster county being his home, and is a hearty sympathizer in the course of Governor La Follette.—Milwaukee Free Press.

**DULL BUT FIRM.**

Copper Stocks Hold Steady With a Big Gain in Mohawk.

Paine, Webber & Co. had this to say of Saturday's Boston market: "The coppers remained dull but firm today. There was good buying of Mohawk and we look to see it sell higher; the orders today evidently came from New York. John Stanton and others in the copper trade continue to talk higher prices for the metal on the continued increase in consumption. We look to see the copper price gradually work higher and advise their purchases."

Hayden, Stone & Co. wired the Laidley Commission company: "Mohawk continues to be persistently bought and has made a big advance, reaching 43. We believe it is going to be the best of all Lake Superior coppers. Grades Mining also is continually being absorbed, principally by purchases for the Salt Lake account. The rest of the list is quiet but firm. The United Copper certificates will be issued on June 2."

**Grain Markets Firmer.**

W. H. Laidley & Co. said of Saturday's grain markets: "Wheat, under influence of lower cables and a very bearish government report opened lower, but the lowest prices were made early in the day and the close was about 4¢ above yesterday's figures to a shade higher. The receipts were light and the shipments a trifle heavier. The primary receipts and shipments were light, and the clearances large. New York reported seventy-one boatloads sold for export. The news was generally bearish, but coming the fact that there is a good break in wheat and that there is probably a large short interest in the market, we believe wheat should be bought on recessions from present prices. The cash situation remains firm and although we don't look for any decided upward movement, as stated above we prefer to buy on breaks from present prices for a turn."

"Corn opened lower under larger receipts but later turned very strong upon fair support and closed at an advance of 1/2¢ over Friday night. The receipts and estimates were heavier. The exports generally declined, but above we are growing crop, but in view of small supplies we would buy corn on all breaks."

"Oats opened lower upon heavy receipts but firmed up in sympathy with other grains, closing at an advance over Friday night. The general indications would seem that July oats were too high, but assuming that there is a manipulated condition it might be just as well to leave them alone. We would prefer selling to buying."

**Wall Street Dull but Strong.**

Dick Bros., in a dispatch to Paine, Webber & Co., said of the New York stocks: "The market has been dull and professional today, but generally strong in tone. The traction stocks were features. On pool buying Brooklyn Rapid Transit reached 68 1/2 and Manhattan 123 1/2. C. L. Colorado Fuel were quite strong. Pittsburgh interests bought the former and Gates the latter. The grangers and general railroad list were firm, though dull. The bank statement was highly favorable, showing a reduction in loans and a substantial gain in reserves. London advances indicated a recovery from the work there in connection with the South African situation. The market closed strong in tone."

**TAX SALE DECLARED ILLEGAL.**

Attorney M. J. Sherwood Begins a Suit in Iron County.

Through Attorney M. J. Sherwood of this city, Mann Bros. of Two Rivers have brought suit in the circuit court at Crystal Falls to have declared null and void the recent sale of iron county lands for the taxes unpaid. The case, which is one of the most important ever filed at Crystal Falls, will come up for trial at the June term and whatever the result will be carried to the supreme court. It opens up the question of the authority of the auditor general to advertise taxes for past years in which the sales were found void and set aside, it being held that it was the duty of the auditor general to have immediately charged these taxes back to the county and relieve the lands of the lien as the law directed, instead of withholding them until a law was passed authorizing the readvertising. The objections to the recent sale are six, as follows:

1. That the petition of the auditor general for a decree against the lands was without authority, because that authority, expired years before the petition was filed.

2. That at the time the petition was filed, there was a decree standing

**WORSE EVERY YEAR.**

Plenty of Marquette Readers Have the Same Experience.

Don't neglect an aching back. It will get worse every year.

Backache is really kidney ache. To cure the back you must cure the kidneys.

If you don't, other kidney ills follow. Urinary troubles, diabetes, Bright's disease.

An Escanaba citizen tells you how the cure is easy.

Mr. John Fallman of 820 Wells avenue, Escanaba, boiler maker, says: "Backache and I have been close acquaintances for many years. I believe all my trouble was caused by constipation for I noticed when irregularly exercised on the bowels my kidneys always acted improperly, and backache was a certain and sure visitor. Ever anxious to obtain some preparation which would cure radically and not temporarily as in the past I tried Doan's Kidney Pills. They relieved the last attack of backache. They are good medicine for the kidneys and I have no hesitation in recommending them to any one troubled with that too prevalent trouble, kidney complaint."

against the lands for the taxes of 1888, and that the decree had never been appealed from, annulled, modified or reversed.

3. That the taxes for which a decree was asked were assessed in 1887, and therefore the authority for petition and decree had expired some years past.

4. Because said lands had once been decreed for sale and had been sold for the unpaid taxes.

5. That if the taxes in question were ever a charge against the lands, collection and enforcement are barred by lapse of time and the statute of limitations.

6. That said lands had prior to this decree been sold for the taxes of 1896, 1897 and 1898 and tax deeds had been issued for these years.

The Soo Journal says: "W. B. Le Veque of Boulder, Col. R. Le Veque of Marquette and C. R. Le Veque of Menominee are organizing a company to operate a mine on the Algoma Central railway about thirty-five miles from the Canadian Soo. W. B. Le Veque left for Colorado yesterday, but his two brothers are here, busy carrying on the work. It is stated on good authority that the mine will prove a paying one and that the work of operating it will begin this summer. It is said to be an iron mine but none of the three brothers care to give out any particulars regarding it just yet. All the members of the new company will be Michigan and Colorado men."

**WHOOPIING COUGH.**

A woman who has had experience with this disease, tells how to prevent any further recurrence from it. She says: "Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops—Jessie Pinkey Hall, Springville, Ala. This Remedy is for sale by The Stafford Drug Co."

**PAINE'S CELERY COMPOUND**

Is the Never Failing Health Restorer in Springtime.

It is now an established fact that nervous prostration, insomnia, rheumatism, neuralgia, dyspepsia, and blood diseases are curable, if Paine's Celery Compound is honestly and faithfully used at this season. It is well known that many of our most successful physicians are daily prescribing and recommending Paine's Celery Compound. This fact proves the superiority of the great medicine over all the regular drugs usually prescribed for the troubles mentioned above.

Paine's Celery Compound is pre-eminently adapted for correcting unhealthy nerve action; it feeds the nerve centres with elements needed to strengthen them and build up healthy tissue. It purifies the blood, taking away every trace of poison, and encourages a rapid growth of red corpuscles upon which the vigor of the entire system depends.

Weariness, tired feeling, despondency, and unrest, so prevalent in the last days of spring, are banished after a week's use of Paine's Celery Compound, and full vital energy and strength take the place of lassitude and weakness.

Now is the time to strike at the root of your besetting troubles. The work of recuperation begun today will save you future weeks, perhaps months of torture and mental agony.

The immense and unprecedented demand for Paine's Celery Compound—earth's best medicine—is an indication that thousands are throwing off disease and seeking health. Past experience and the happy results given by Paine's Celery Compound, all combine to make clear your path of duty. Begin today with Paine's Celery Compound if you would establish health and vigor for the coming summer season.

The last issue of The Outlook contains a very interesting article from the pen of Paul L. Haworth, of the Normal school faculty. It treats of the "negro disfranchisement in Louisiana," a subject which the article shows that Mr. Haworth is fully conversant with. The writer spent several months in Louisiana last year and while there made a special study of the negro question. His conclusions are given in the article in The Outlook.

The Marquette track and field team did well at the Ishpeming meet Saturday, and although the boys did not capture first honors they demonstrated that the school at last is capably represented in the athletic world. A third of the sixty medals went to the Marquette boys, for although they had to be content with second place in the totals, one or more of the Queen City contestants figured either in the first, second or third places in the various events.

## "THE TAMING OF THE SHREW"

TO MOST POPULAR TEACHER IN ISHPERING.

VOTE FOR YOUR CHOICE.

The Mining Journal has ever been alive to the interests of education and has always endeavored to extend the scope of the acquirement of knowledge whenever an opportunity presents itself. With this end in view this paper has purchased six choice seats for the performance of Shakespeare's "The Taming of the Shrew," which the well known star, Charles B. Hanford, will present in this city at the opera house on Wednesday, May 28. The Mining Journal will present these seats to the lady school teacher who will receive the largest number of votes.

The plan of voting is simple. All that is required for the casting of a vote is to fill and cut out the coupon printed below and send it to the Ishpeming office of this paper. Inasmuch as there are six seats, the lady for whom the largest number of ballots is cast can invite five of her friends to be her guests on the evening of May 28.

"The Taming of the Shrew" is one of the most amusing as well as instructive of Shakespeare's comedies. It has not been revived for several years and the production given by Mr. Hanford and his company is said to be adequate in every respect.

The Mining Journal will announce the progress of the balloting each day by publishing the list of contestants with the number of their votes.

### VOTING COUPON.

This is a vote for \_\_\_\_\_ candidate for Six Choice Seats at the Ishpeming Opera House for the performance, May 28, of

Mr. Charles B. Hanford in "The Taming of the Shrew."

P. S.—Write the name of your favorite on the line above and send or bring coupon to THE MINING JOURNAL'S Ishpeming office before 6 o'clock p. m., Tuesday, May 27.

### MEMONINEE WINS THE MEET.

Upper Peninsula Athletic Meet Saturday Was a Success.

Memoninee, 74 points, Marquette, 55 points, Calumet, 13 points, Champion, 7 points, Hancock, 4 points.

The upper peninsula interscholastic athletic meet, Saturday afternoon, would have been a record-breaker in point of attendance if the weather had been favorable. During the forenoon the weather was perfect, but about 1 o'clock the heaviest downpour of the season set in and continued for over half an hour, being followed by frequent heavy showers.

However, the athletes were here to compete and the managers of the different teams decided to pull off the meet no matter how hard it rained. Thus, disappointment was staved off, but participants and spectators got wet. The rain came into the grand stand, which was the only place large enough to hold the crowd, and few left there with dry clothing.

If the weather had been favorable it is certain that some new records for the track would have been made. As it was but one record was broken. This was in the running high jump. H. Vivian of Calumet and W. Powell of Marquette tied for first place. Each cleared five feet and four inches. The previous track record is one inch less.

The Memoninee and Marquette teams were warm rivals for first place. Memoninee has two splendid athletes in E. S. Norcross, Jr., and Charles Kahle. The former is a good sprinter and he won first in nearly every running event in which he participated. The Connell brothers, of the Marquette team, also did excellent work. In the 220-yard hurdle race Frank Connell defeated Norcross, but just as they were within a few feet of the line, Connell leading by at least fifteen feet, Norcross was interfered with and fell through. The judges decided that the race should be run over, and in the second heat the Memoninee man defeated Connell by a few feet. It was one of the prettiest races of the day.

The 100-yard race was quite exciting. The Memoninee team won this by less than ten feet. Norcross, for Memoninee, and Gilbert Cooper of the Marquette team, were at the finish. Cooper had the start of his opponent by about fifteen feet, but Norcross was too strong for him at the finish and won by less than five feet. Henry Leonard of Memoninee and Frank Connell of the Marquette team also put up a splendid exhibition in the relay. They ran almost side by side the greater distance of the quarter until within about fifty yards of the line when Connell began to pull away, leading at the finish by fully twenty feet.

The pole vaulting was a splendid exhibition, though the records of the vaulters were a foot from the track record. R. Lewis and Ed Connell were tied for first place. Their best jump was eight feet and three inches. E. Gill of Champion was just one inch below them.

### Summary of the Events.

100-yard dash—E. S. Norcross, Jr., Memoninee, first; Gilbert Cooper, Marquette, second; D. Williams, Marquette, third. Time, 11 seconds.

220-yard dash—E. S. Norcross, Jr., Memoninee, first; Gilbert Cooper, Marquette, and LeRoy Brown, Hancock, tie for second. Time, 27 1/5 seconds.

440-yard run—D. Williams, Marquette, first; Walter McCulley, Memoninee, second; LeRoy Brown, Hancock, third. Time, 28 4/5 seconds.

One-half mile run—Walter McCulley, Memoninee, first; E. Connell, Marquette, second; LeRoy Brown, Hancock, third. Time, 2 minutes.

One mile run—Harry Leonard, Memoninee, first; Louis Stickney, Marquette, second; M. Anderson, Calumet, third. Time, 5 minutes, 10 3/5 seconds.

120-yard hurdles—Charles Kahle, Memoninee, first; B. Lewis, Marquette, second; David Fairbairn, Jr., Memoninee, third. Time, 19 2/5 seconds.

220-yard hurdles—E. S. Norcross, Jr., Memoninee, first; F. Connell, Marquette, second; C. Rabey, Calumet, third. Time, 20 1/5 seconds.

One mile bicycle—John Manthei, Marquette, first; M. Ellis, Calumet, second; H. Reeder, Calumet, third. Time, 3 minutes and 8 seconds.

Discus—Charles Kahle, Memoninee, first; B. Seigman, Calumet, second; D. Williams, Marquette, third. Best throw, 82 feet 9 inches.

### BALL FOUND THREE MILES OFF.

The following from the Rockland Reporter regarding the Sidnaw-Ishpeming baseball game will be interesting to the local "fans."

Ten of the best ball tossers that Ishpeming could produce arrived here last Sunday, and told everybody in town that they would put Sidnaw off the map. But alas, how often our calculations fail. They only succeeded in giving the town more fame than ever, and returned home conveying the intelligence to their people that they found a few baseball players in "that little town," as they call it.

Sidnaw took the lead at the start, and held it all through. Our heavy hitters put three of their pitchers out of business and they had to put in their shortstop to finish the game. He did excellent work, and would make a good pitcher with practice. McGinley and Paget were the battery for the home team and did good work, being splendidly supported.

Caveaugh hit a ball so hard that it was found Monday by the section men three miles west of town, near Kitchi. At the end of the game the score stood 7 and 8 in favor of Sidnaw, much to the sorrow of the visitors. Sidnaw's manager would like to hear from other towns for dates.

### OLD RIVALS WILL MEET.

The fans of Ishpeming and Negaunee look forward with no little interest to the game of baseball to be played on Friday evening of Decoration Day, next. Friday, between the teams representing the two cities. The Cleveland-Gifs team will be better prepared for a strong contest than it was at Sidnaw last Sunday. Ruez was in a crippled condition at Sidnaw, but he will be in good form next Friday. It is predicted that Tom Lynch will pitch part of the game, and he will also be in better trim than he was last week.

The Negaunee team promises to develop wonderfully. The boys have been working unusually hard at their practice meetings since their recent arrival. They now feel that no team in the upper peninsula has a license to beat them very badly.

The game will be called at 3 o'clock and the usual price of admission will be charged.

### ALL WOODMEN INVITED.

The officers of the local camp of the Modern Woodmen extend an invitation to all members of the order in the county to attend the meeting to be held at the Finnish Co-operative society's hall tomorrow evening, when Hon. John Sullivan of Kansas City, will speak on the readjustment plan. Mr. Sullivan is thoroughly conversant with the proposed new plan and his talk will be of great interest to all. The local camp has planned to entertain a large number from the neighboring cities and towns.

Strength comes from well digested and thoroughly assimilated food. Hood's Sarsaparilla tones the digestive organs, and thus builds up the strength. If you are getting "run down," begin taking Hood's at once. It gives nerve, mental and digestive strength.

### HUSTLING FOR COUPONS.

The Mining Journal's Teachers Contest Is Attracting Much Attention.

Today and tomorrow coupons made out in favor of the teachers who are being boomed by their friends in the "Taming of the Shrew" contest will be received from every place in the county. A large number have already been collected in the city and are being held in reserve until tomorrow afternoon, when they will be turned in just before the final count is made. With a view to picking up as many of the coupons as possible some of the hustlers have friends working in the adjoining cities and towns.

It makes no difference to The Mining Journal where the coupons come from, so long as they are clipped from the paper. In the original announcement the time at which the contest will close was set for 12 o'clock noon tomorrow. A change has been made to 6 o'clock in the evening, as the reporter will not be in his office tomorrow forenoon to receive the coupons.

Miss Margaret Malloy's friends placed her name in the contest yesterday, turning in seventy-four coupons. This put her well to the top of the list. The other contestants stand as follows: Miss McKittrick, 101; Miss Belcher, fifty-one; Miss Anna Lacey, fifty-eight; Miss Anna Haslam, seventy; Miss Nina McDowell, forty-five; Mrs. Sober, nineteen; Miss Jennie Broad, twenty-six; Miss Connelly, thirty.

### EDWIN BOOTH'S PREDICTION.

Although the "Taming of the Shrew" is the funniest of all Shakespeare's comedies, it has seldom been revived. This is due to the fact that there have been so few stars who possess all the qualities necessary for the proper rendition of Petruchio. When Charles B. Hanford was leading man in Edwin Booth's company the latter predicted that Hanford would one day score a great success in that character. The prediction has been fulfilled this season judging by all the reports that have reached this city concerning Hanford's revival of the "Taming of the Shrew." As this is announced for production at the Ishpeming opera house on Wednesday evening, it will be given on a more pretentious scale than any of this star's previous efforts. Mr. Hanford's leading lady is the accomplished Marie Droufae whose interpretation of Katharine has won her golden opinions from critics all over the country. Mr. Owen Fawcett a popular Shakespearean actor has been specially engaged to play Grumio.

### ENTERTAINMENT NEXT FRIDAY.

The French Dramatic club of Marquette will give an entertainment in this city Friday evening of this week for the benefit of St. Joseph's church. It will take place at the Convent hall. Part of the program will be in French and part in English. The prices of admission and other particulars will be announced later.

### JOLIFFE REENGAGED.

W. M. Joliffe, superintendent of the Escanaba schools, spent Saturday in Ishpeming. He stated to The Mining Journal reporter that he has been reengaged to fill his present position for the ensuing year. Only one member of the school board voted against him. His salary has been increased \$100, to 1,400.

# Parents' Responsibility

It is the right of every child to be well born, and to the parents it must look for health and happiness. How inconceivably great is the parents' responsibility, and how important that no taint of disease is left in the blood to be transmitted to the helpless child, entailing the most pitiable suffering, and marking its little body with offensive sores and eruptions, catarrh of the nose and throat, weak eyes, glandular swellings, brittle bones, white swelling and deformity.

How can parents look upon such little sufferers and not reproach themselves for bringing so much misery into the world? If you have any disease lurking in your system, how can you expect well developed, healthy children? Cleanse your own blood and build up your health, and you have not only enlarged your capacity for the enjoyment of the pleasures of life, but have discharged a duty all parents owe to posterity, and made mankind healthier and happier.

There is no remedy that so surely reaches deep-seated, stubborn blood troubles as S. S. S. It searches out even hereditary poisons, and removes every taint from the blood, and builds up the general health. If weaklings are growing up around you, right the wrong by putting them on a course of S. S. S. at once. It is a purely vegetable medicine, harmless in its effects, and can be taken by both old and young without fear of any bad results.

Write us about your case, and let our physicians advise and help you. This will cost you nothing, and we will also send our book on blood and skin diseases.

### DEATH OF EDWARD MOLL.

A Well Known Resident of Negaunee Succumbs to Abscess of the Stomach.

Edward Moll, who was as well known as any young man in Negaunee, died Saturday morning at 11:30 o'clock at his mother's home in this city. He had been ill for some time, though it is not much more than a month since he was compelled to give up his work. An abscess of the stomach was the immediate cause of his death.

The young man was about twenty-seven years of age. He was a fine fellow and very popular. For some years past he had been in the employ of Winter & Sues as deliveryman. He had followed this line of work ever since he was a boy. Before going with Winter & Sues he held a position with Nicholas Laughlin. His mother, five brothers and three sisters, survive him. The latter are Mrs. John Sturche, Mrs. John Lee and Mrs. Charles Peterson, all of this city.

The funeral will take place this afternoon at 2 o'clock from St. John's Episcopal church. The Negaunee fire department, of which he was a member for some years, will have charge of the obsequies. Members of the local lodge of Macabees and the German Aid society will also attend the funeral. He was a member of both organizations. It is quite likely that the Negaunee Orchestra band will head the procession.

### FOR THE TOURNAMENT FUND.

The Canadian Jubilee Singers Will Be in Negaunee June 10.

The executive committee for the firm's tournament has contracted with the Canadian Jubilee Singers to give a concert in this city on the evening of June 10. The net proceeds will be added to the tournament fund. The members of the committee will see to it that the house will be packed, as they intend to get out among the people of the city and push the sale of tickets.

Negaunee people might as well count on attending the performance, as the members of the committee do not intend to let anyone escape when they make their rounds. It will require a large fund to run the tournament as the committee has planned to conduct it, and although there is quite a nice sum in the treasurer's hands the amount is not as large as it should be.

The price of tickets will be reasonable and all can afford to buy one or more. The entertainment will take place at McDonald's opera house.

As to the merits of the company nothing need be said. The troupe is one of the oldest in the concert business. It was organized in 1871 and some of the members of the original organization are still doing turns with the show. The company is playing only under guarantees, and the manager has had no difficulty closing contracts in the towns and cities of the iron country.

### GOOD THING IN SIGHT.

Sam Collins Expects to Get Big Money for His Farm in This City.

Sam Collins, one of Negaunee's oldest residents, is hopeful of some day getting a goodly sum for his farm, which lies in the mineral belt in the eastern end of the city.

There are two ways by which Mr. Collins can get good money out of the tract. If it is not bought up by the mineral it contains he can turn it into building lots, for which there will be a strong demand during the next few years.

William Sedgwick of Ishpeming has an option on the tract, but since closing the deal with Mr. Collins it has been found that there is a hitch in the title to the mineral rights. Mr. Collins owns the surface right on the entire tract and also a half interest in the mineral right. The other half of mineral right was originally owned by a Mr. Harvey, who died some years ago. After his death no heirs appeared to claim the interest, so it reverted to the Arctic Iron company.

It may take some time to adjust the title to the entire mineral right. The title must be clear before the land can be sold. Mr. Sedgwick holds his option, pending an adjustment of the complications. Mr. Collins is satisfied that Harvey left no heirs who can come in later and claim an interest in the land.

It will be generally regretted if the pending deal is not adjusted, as it is pretty generally understood among the mining men of the range that Mr. Sedgwick has a buyer in sight.

Mr. Collins will realize handsomely out of the tract no matter which way the deal goes. He has decided to put it into building lots in case the title to the mineral right is not adjusted to the satisfaction of the parties who have the option to buy the tract for the mineral that it contains.

As to the prospect for finding ore on the land, it is pretty generally conceded that the deposit on which the Cleveland-Cliffs and Oliver Iron companies are operating extends to the Collins tract. However, this will be positively determined by Mr. Sedgwick before the deal is closed. It is his intention to put one or more diamond drills to work there.

### "ANNIE MOORE."

Friends of Ben Webber and Arthur Myers have been wondering for the past few weeks where they are putting in their leisure hours. As soon as they finish their daily work they repair to a place on one of the back streets, where they have been working quietly building a boat. This is their first attempt in that line, but a friend of theirs tells the reporter that when the craft is completed it will be a credit to the builders. They have decided to christen the boat "Annie Moore."

Ben Arthur has invited a few friends to assist them with the launch, which will take place soon at Teal Lake. If it is found that the craft floats all right it will be transferred to the Escanaba river, where it will be used by fishing parties. The boys have planned a big excursion to take place before the close of the season and the owners of the boat think the outing would not be complete without "Sweet Annie."

### REVEALS A GREAT SECRET.

It is often asked how such startling cures, that puzzle the best physicians, are effected by Dr. King's New Discovery for Consumption. Here's the secret. It cuts out the phlegm and germ-infected mucus, and lets the life-giving oxygen enrich and vitalize the blood. It heals the inflamed, cough-worn throat and lungs. Hard colds and stubborn coughs soon yield to Dr. King's New Discovery, the most infallible remedy for all Throat and Lung diseases. Guaranteed bottles 50c and \$1.00. Trial bottles free at Stafford's.

### LOCAL LACONICS.

J. N. Andrews of Marquette was a Negaunee visitor Saturday.

A. C. Seass went down to Kirkwood's camp at Little Lake Saturday. He expects to remain a few days.

About thirty couples attended the hop given Friday evening at Cvr's hall by the Merry Dancing club. All had a good time.

New officers will be elected by the local lodge, Sons of St. George, at the regular meeting this evening. A large attendance of the members is desired.

### ATHLETES REMAINED HERE.

The Menominee High School Athletic team spent Friday night and Saturday at the Breitung House. This was the only team participating in the meet that did not stay at Ishpeming. One of the boys was asked why the team did not put up at the Hematite City and he replied that the Menominee boys "have no use for that bunch over there." It is assumed from this that the Menominee lads are not on the most friendly terms with the Ishpeming school boys.

In last year's meet the Menominee chaps received fair treatment, so far as the Ishpeming team was concerned, but it is said that everything did not go just to suit them in football matters.

The Calumet athletes came to the city Saturday morning. Everyone on the streets and in the business places knew they were here, as they gave their yells, flirted with the city's pretty girls and did other things to attract the attention of the townspeople. It was all right; the city was theirs as long as they remained.

### WON'T FOLLOW ADVICE AFTER PAYING FOR IT.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by The Stafford Drug Co.

All the healing, balsamic virtues of the Norway pine are concentrated in Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

As the hot weather approaches it is a good thing to know how to repair your old oil or gasoline stove and put it in good working order at a moderate price. He also makes a specialty of relining and repairing ice boxes. Screen doors and windows recovered. All work called for and delivered. Simply telephone your order. Both phones, residence and shop, corner Clark and Kanter streets. (5-20-1w)

Saturday evening. The attendance was as large as any evening during the week. The \$10 prize was a drawing card and the watch contest was also an attractive feature.

A number of Negaunee people contemplate taking in the excursion to Sault Ste. Marie next Sunday. The management of the affair is in the hands of S. M. Stevens' lodge, No. 150, Brotherhood of Locomotive Firemen. The fare for the round trip will be \$8.50.

Rev. S. M. Gilchrist, pastor of the Mitchell M. E. church, is in Chicago in attendance at the commencement exercises of Barrett Theological college at Evanston. The Barrett school is Rev. Mr. Gilchrist's alma mater. The pulpit of the church was occupied yesterday morning by Rev. Mr. Bickford, of the National mine, and in the evening by Rev. David Casler, of Salsbury.

### Additional Ishpeming

MISS OLCOTT SUPERINTENDENT.

Bessemer Board of Education Places Her at the Head of the Schools There.

Miss A. F. Olcott, for many years principal of the Ishpeming high school, has accepted the superintendency of the Bessemer schools, succeeding John Butler. The last issue of the Bessemer Herald gave Miss Olcott the following editorial mention:

"It is doubtless quite generally known that the board of education has tendered the position of superintendent of schools to Miss A. F. Olcott, the present principal of the high school, and that the lady has been prevailed upon to accept the office. That the people, generally, appreciate the extent of their good fortune in securing a person of such character, broad scholarship, ample experience and executive ability, to take charge of their schools may reasonably be supposed.

"Miss Olcott is an educator by inheritance and training. For many years her father managed the schools at Marquette and at Ishpeming, and when age and illness weakened the hand that had done its work so long and so well, Miss Olcott, then but a girl, assisted her father, bearing the heaviest of the burden. Thus, while never before actually superintendent, she has performed the duties of the office and performed them well.

"During the palest days of the Ishpeming schools, when Richard Hardy was superintendent, and they had a reputation throughout the state for all that was best in educational affairs, Miss Olcott stood at the helm in the high school and sent out into the world boys and girls who never flinching of their debt to their former principal. They owe to her their manliness and womanliness, their capacity to do things, their honesty and courtliness, their success in life.

"Miss Olcott will be a success as a superintendent, for she possesses the same executive ability, a family trait, which characterizes her brother, the man who manages with ease all of the mines of the U. S. Steel Corporation on the Mesaba range. Moreover, she possesses that enviable quality in a teacher of leading her pupils to live up to the highest and best that is in them, and when this is said the greatest tribute that can be paid to a teacher is uttered.

"We congratulate the board on the wisdom of its choice and the people on their good fortune."

### ISHPEMING IN BRIEF.

The Ishpeming Light Guard sports a new American flag.

George Ruez got home Saturday from Fond du Lac, where he spent a few days on a business mission.

John Beerling came down from Houghton Saturday evening and spent Sunday with his family here.

Pat Lyons has gone in the peddling business. He is handling fruit, etc. Pat is very well known and he will doubtless do well.

Several of the boarders of the Johnston house enjoyed an outing Saturday. The day was spent in the vicinity of the Saginaw mine.

The Trombly orchestra will give a hop tonight at the Anderson hall. A large attendance is expected. The usual prices will prevail.

Ringling Bros' advertising car No. 1 passed through here yesterday morning en route from Menominee to Calumet. The car will be here on Wednesday.

H. C. Cain, who is manufacturing ice cream, has placed a Marquette county phone in his place. It is No. 382. Mr. Cain is doing a very satisfactory business. He delivers cream to all parts of the city.

The Ishpeming Light Guard and the Lake Superior Guards turned out yesterday as escort to the old soldiers to the memorial services at the Presbyterian church, Negaunee. The delegation went by street car.

A pool table was raffled off at No. 3 house Saturday evening. The winning number was 387. If the holder of this number will call he can have the table. The members of the company do not know who holds the number.

A special meeting of the local clerks' association will be held this evening for the purpose of completing arrangements for the reception and hop to be tendered the clerks of Marquette and Negaunee Wednesday evening at the Anderson hall.

F. St. Peter and J. E. Mars, credit man and manager of the fruit department, respectively, of the Carpenter-Cook company, Menominee, were Ishpeming visitors Saturday. They came up to take in the upper peninsula inter-scholastic meet.

EACH DONATES \$1,000.

Peter White and J. M. Longyear Send Checks to the School Board.

A handsome donation in the cause of education has just been made by Peter White and J. M. Longyear. The gentlemen have each sent checks for \$1,000 to the school board, and the contribution has been gratefully accepted.

Both Mr. White and Mr. Longyear are strong advocates of the manual training system, and at the time the matter of replacing the burned high school was under consideration they stated that they were a manual training department incorporated in the board could count on \$1,000 from each to help pay for the outfit required.

TWELVE YEARS FOR HUBER.

Alger County Farmer Is Connected on the Charge of Manslaughter.

Solomon Huber, the Limestone township, Alger county, farmer who shot and killed a neighbor in a quarrel over the ownership of a pig worth a dollar and a half, is an inmate of the penitentiary here, having been brought to the prison Saturday afternoon by Sheriff Gibson to serve a twelve-year sentence.

COUNTY CLERK ROSS BEREAVED.

Mrs. Angeline Ross, His Mother, Died Saturday Morning.

Mrs. Angeline Ross died Saturday morning at the home of her son, County Clerk William A. Ross, 135 Ohio street. Mrs. Ross had been a resident of Cincinnati, Ohio, for fifty years and until five months ago, when she came to Marquette thinking the change of climate might prove beneficial.

ternoon at 4 o'clock, the Rev. Mr. Elliott officiating.

WM. A. BROWN DEAD.

Former Marquette Business Man Expired Yesterday at Munising.

William A. Brown died early yesterday morning at Munising. The end came suddenly and was unexpected, although Mr. Brown had been ill about three weeks. The funeral will be held from the family residence, 351 East Arch street, in this city on Tuesday of Wednesday, probably under the auspices of Marquette lodge, No. 6, Knights of Pythias, of which Mr. Brown was a faithful member.

The decedent was born in Ohio in 1839, and had resided in Michigan since 1857. Since 1865 he had been in the mercantile business, being located at St. Joseph, Kalamazoo, Grand Rapids, Marquette and Munising. He came to Marquette in 1891 and was in business here until his removal to Munising two years ago.

Mr. Brown was a brother of Judge Charles R. Brown of this city and of Frank G. Brown of Niles, and a half brother of Dr. E. G. Beckwith of Fostoria, Ohio.

JUDGMENT AGAINST A CONVICT.

Muskegon Widow Gets Damages Against Prisoner in Durance Here.

Damages in the sum of \$1,200 have been secured against an inmate of the branch state prison here by Mrs. Annie E. Rogers, a young and pretty widow of Muskegon. The defendant in the suit was Albert Radley, who in throwing a bottle through the window of a Muskegon restaurant struck and injured the plaintiff. Radley, who was arrested at the time and is now serving a term for the malicious destruction of property, has run through a fortune, about \$30,000—inherited from an aunt in England—but still has several thousand dollars to his credit, representing an installment of his inheritance which has been forwarded from England since his latest incarceration. Radley enjoys the distinction of having been arrested more times than any man in Michigan, and on every occasion it has been the result of too much strong drink.

HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-round medicine ever sold over a druggist's counter." Overworked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Stafford.

MARQUETTE, 9; NEGAUNEE, 8.

Fine Ball Game Witnessed Yesterday by 300 Shivering Fans.

About three hundred game-to-the-core "fans" went out to the new fair grounds yesterday afternoon and shivered with the chilling breeze from Lake Superior for nearly two hours while the Marquette and Negaunee teams battled on the diamond, but it is doubtful if any one of them regrets the trip, for along in the eighth inning the local players resurged their batting eyes and lambasted the pipskin until everybody was warm with excitement and the home team had clinched a victory.

It was a great game of ball and the Negaunee boys have no reason to be ashamed of their defeat. However, they were beaten by better stick work and better pitching and, if good luck had not smiled upon them, the visitors would have been shy at least three runs.

"WHEN REUBEN COMES TO TOWN."

A Pretty and Sparkling Comedy That Next Holds the Boards.

"When Reuben Comes to Town" was written by Herman Perlet with the conviction that there are a great many people in the world that wanted to be amused, and that would prefer a clean comedy with a melodious embellishment, to any other form of entertainment.

With this end in view, he evolved the clever plot and funny situations of "When Reuben Comes to Town" and surrounded it all with a musical environment that charms and delights the ear as much as the pretty girls, beautiful scenery, and gorgeous costumes do the eye, for no expense has been spared in equipping the piece with all that money can buy.

Notes. Quite a delegation came down from Negaunee to root for their favorites, but they went home saddened. Ed Corbett had his batting eye with

him yesterday. A single, a double and a beautiful drive for three sacks is not so "worse."

The crowd yesterday showed a disposition to take possession of the diamond and a number of spectators were hit by batted balls. It's dollars to doughnuts that some one will be injured before the season is over if the crowd is not compelled to keep back from the foul lines. The entire field should be roped in and the spectators be forced to keep outside.

Well, Marquette is starting all right. Her percentage of games won is 1,000. "Feb" Smith was a tower of strength both in the field and with the stick.

The ball grounds are sadly in need of the improvements, promised but still lacking. The diamond should be shifted over to the front of the grand stand and with the field should be cleared and levelled. The home team is a strong one and in all ways is deserving of encouragement.

When Reuben Comes to Town" will be the next attraction at the opera house, appearing next Saturday evening. It has a logical plot that is funny, because the situations are ludicrous in the extreme, and the dialogue is bright and witty. The music is full of melody and there are several songs that it is declared will be whistled from the night of the performance for many a long day to come. The production is said to be superb from both a scenic and costume view point, and the cast and musical ensemble merit exceptional praise.

WE LEAD, BUT NEVER FOLLOW. WE ARE UNDERSSELLERS BECAUSE WE ARE UNDERBUYERS. A Stupendous Sale of Fine Dress Goods. We Will Inaugurate the Greatest Sale of Dress Goods This Morning in the History of Our House. It is our purpose to sell the latest and most up-to-date Dry Goods at the minimum price throughout our entire establishment at all times and at intervals to lend zest to our ever increasing business by special sales on different lines of goods at practically wholesale prices. It has been the history of all large mercantile houses that, while it takes time to become thoroughly established, our method of doing business will in the end win the patronage of the greater portion of the public. RELIABLE IN ALL THE WORD IMPLIES---the latest and correct styles, large assortment, lowest prices, goods marked in plain figures, one price to all, errors cheerfully righted, money refunded, courteous attention—in fact, to be up to the times in every detail of our business. Our New Department this season has demonstrated this statement to the satisfaction of a large portion of the buyers of Marquette county, and especially to ourselves. We speak of our Millinery Department, which is doubtless the most modern, in a city of this size, to be found. The ladies in charge thoroughly understand the business, the goods are bought right, the prices are marked right and every attention possible is accorded buyers, resulting in sales which have surpassed anything we might have hoped for. We have added more help in this department during the past week and will be able to execute orders very promptly hereafter. THE RECORD For the past week in our Carpet Department is also in keeping with expansion. Nearly one thousand yards of carpetings have been sold and delivered. Unquestionably we can save you money on your floor coverings, as well as to offer you styles unobtainable elsewhere. We place on sale this week a new lot of Hodge's Mattins and Art Squares, the best to be had in any market. Special Sale of Rugs This Week—the Largest Assortment by Far in the City. 20-CENT PRINTED HENRIETTAS, .. .. SPECIAL AT 6 CENTS THIS WEEK. A. T. Van Alstyn Dry Goods Co.
