## HANNA MAKES A HIT

### SENATOR IS PREDOMINANT INFLUENCE AT OHIO CONVENTION.

### SENTIMENT ALL IN HIS FAVOR

### WINS OUT IN SELECTION OF STATE COMMITTEEMEN.

Platform to Be Adopted Will Indorse Administration of President Roosevelt—Session Concludes Today.

Cleveland, May 27.—The Republican state convention was called to order this afternoon by Chairman Dick, of the State Central committee, who announced that Governor Nash would act as temporary chairman. Nash was tendered an ovation on being introduced. He spoke at length on the action of the state legislature in regard to taxation and corporations. At the conclusion of the speech the usual committee were appointed and the convention adjourned until tomorrow morning.

### Hanna, the Whole Thing.

The feature of the convention today was the unanimity of the sentiment in favor of Senator Hanna. He has been the center of interest since his arrival Sunday. Conferences of the leaders with him continued today but when it came to a meeting of the delegates this afternoon by the congressional districts the sentiment for him was demonstrated in an unprecedented degree. His friends had claimed eighteen out of twenty-one districts and more than realized their expectations. The interest centered in the selection of the state committeemen as the new State Central committee selected today, will have control next year when the members of the legislature are elected who will choose a successor to Senator Hanna in the senate. It is claimed tonight there was only one anti-Hanna man selected on the new state committee and that he "has been reconciled."

In the convention the delegates would not rest till he got up and showed himself although he insisted he would not discuss the issues in advance of the speech of Grosvenor who is to be the permanent chairman.

At the meeting of the committee on resolutions tonight it was reported that most of the opposition to Dick's draft of the platform came from those who wanted the plank on Cuban reciprocity to endorse President Roosevelt's policy specifically rather than in terms of general endorsement on the national administration.

With the platform completed tonight and only three nominations for minor offices to be made, it is thought the convention will conclude early tomorrow.

### Endorses Roosevelt.

After the full committee on resolutions were in session until after eleven o'clock, a sub-committee was appointed to revise the draft of the platform Chairman Dick had submitted. The principal changes were of a technical nature. A resolution was offered by Albert A. Douglas, after some minor changes in phrasing by the committee had been substituted for the plank Chairman Dick had drafted. The only contest in the committee was on this resolution which was adopted by an endorsement of the Ohio Republican congressmen with the exception of Dick.

### Nash's Speech.

Governor Nash, who presided as temporary chairman, addressed the convention said in part as follows:

The most important part of the business of Ohio, mercantile, commercial, mining manufacturing and industrial, is carried on through and by means of artificial persons, created by the state and known as corporations. In them the capital of our people is invested more or less profitably. By them labor is employed and paid fair wages. They have developed our mining resources, erected our great manufacturing plants, constructed our railroads and transacted the business connected with our trade and commerce, until our state has become very great and very prosperous. These corporations should not be looked upon as the enemies of the people, but as their friend, capable of still further developing and making use of the great resources of our state, and giving to labor remunerative employment and to capital safe investment.

### Encourage Corporations.

The last legislature looked with friendly spirit upon the presence of corporations in Ohio. It believed that they should be fostered and encouraged and not fought as the common enemies of mankind. It equalized taxation by requiring corporations to pay something for the benefit which they received at the hands of the state. It did all that it could to confer upon such corporations valuable privileges, enjoyed by like corporations in other states. It has sent a cordial invitation to millions of extirpated capital to return to its former home, to be a part and parcel of, and the part creator of, the future greatness and prosperity of Ohio.

### Compliments G. O. P.

"I congratulate you that the National Republican party controls the destinies of this great republic. In the dark and gloomy days of 1896, it made promises full of brilliant hope for the nation. The people trusted and we have entered upon a career unparalleled in the history of the world. I congratulate you that in the person of Theodore Roosevelt we have a president from whose lips fell the solemn promise to pursue, without

variation and untarnished, the great and beneficial policies of William McKinley. Our loved one has fallen, but the nation and her people live, to be blessed forever by his theories of government. One week ago today, the flag of free Cuba, a new republic, was unfurled, floating over an independent nation. I congratulate you that this has been redeemed a Republican pledge, given by a powerful nation to a weak and nearly exhausted people. I congratulate you that our flag still waves in the Philippine islands. There it will remain, the signal of hope, and law and order for their people. Our enemies may hurl their calumnies upon our soldiers and sailors, and their anathemas upon honored representatives of our government, but they cannot dim the glory of our flag, nor retard the day when the blessings of our free institutions will be enjoyed by that people.

## FRUITLESS EFFORT

### ATTEMPT TO FIX TIME FOR VOTE ON PHILIPPINE BILL FAILED.

### PATTERSON ATTACKS THE MEASURE

### HOUSE PASSES PROJECTED IMMIGRATION LAWS.

Povides for Exclusion of Anarchists, Insane Persons and Says Adult Foreigners Must Be Able to Read.

Washington, May 27.—A fruitless effort was made just before the adjournment of the senate today to secure an agreement on the time for a vote on the Philippine bill. The discussion indicated that some day next week would be agreed upon, but no time was fixed. During the discussion, a proposition was made that a time be fixed on the alternate Tuesdays, beginning next week, for a vote on the Philippine, Niagara and Cuban reciprocity bills, and that the final adjournment be agreed on for the fourth Tuesday. But it was too startling to be taken seriously, although some of the senators regarded it favorably.

For several hours today Senator Patterson, of Colorado, discussed the Philippine question, concluding the speech which he began yesterday. After reviewing and commenting on the general Philippine question he attacked the pending bill, particularly its provisions regarding the holding of lands. He declared it was monstrous and never should have been enacted into a law. He urged that the Philippines be granted independence and drew an eloquent picture of the turning over to the Filipinos by the United States of the islands when they had established a government.

### Passes Immigration Bill.

The house today passed the Shattuck immigration bill. The feature of the day was a lively debate on the question of prohibiting the sale of intoxicating liquors at the immigrant stations. It was precipitated by an amendment offered by Representative Bowersock, of Kansas, to prohibit such sale, which was carried by a vote of 83 to 18. Representative Landis, of Indiana, followed this victory with an amendment to prohibit the sale of intoxicants in the capitol and it prevailed by a still larger majority—108 to 10. The bill brings together into one act all scattered legislation heretofore enacted in regard to immigration of aliens into the United States, arranges it in sequence, etc., eliminates what has become obsolete by reason of subsequent legislation, amends some administrative features and also adds some provisions to the general laws and to others made necessary by the extension of the territorial limits of the United States.

### Exclude Anarchists.

Among the more important changes are those increasing the head tax on aliens coming into the United States by land transportation, from \$1 to \$1.50; adding to the excluded classes of epileptics, persons who have been insane within five years; anarchists, or persons who advocate the overthrow of government by force; prostitutes and procurers (whose importation is now a felony but whose entry is not prohibited); broadening the word "contract" in the contract labor law to include "offer, solicitation or promise"; providing for a fine of steamship companies which receive at the port of departure aliens afflicted with loathsome or contagious diseases, instead of providing as is now for detaining on their arrival here; extending the time within which the alien who becomes a public charge may be deported, from one to two years; and providing that immigrants over fifteen years old should be able to read in some language. Just before the session closed a special rule was presented to make the bill for the coining of subsidiary silver, a continuing order until disposed of. A vote will be taken on the rule to-morrow.

## KILLED HIS SWEETHEART.

Then Turned the Gun on Himself With Suicidal Intent.

Chicago, May 27.—Emil Rossmann, nineteen years old, last night shot and killed his sweetheart, Sophia Bata, aged seventeen, then fatally shot himself. Opposition to their marriage because of their youth was the cause of the tragedy.

## ONE KILLED IN ACCIDENT.

Many Others Injured by Sidewalk Collapsing in New York.

New York, May 27.—Elvin L. Coolidge, circular, made of the New York Commercial, was almost instantly killed, and about 100 others were injured this evening by the breaking down of a temporary sidewalk. Some of those injured may die. Those who fell were part of a crowd watching the parade of the militia in honor of the visit of the Rochambeau commission to this city. Two hundred persons were on the sidewalk when it gave way. They were precipitated twenty feet into an excavation for a new building, and fell on piles of building material. A detail of the militia in the parade assisted in rescuing the people. The seriously injured were sent to the hospitals.

## KEYNOTE IS EXPRESSION OF GRATITUDE TO AMERICANS.

## TELLS WHAT MUST BE ACCOMPLISHED

## FAVORABLE RECIPROCITY TREATY WITH U. S. IS IMPERATIVE.

## Purpose of Government Will Be to Encourage Education and Promote Construction of Railroads.

Havana, May 27.—President Palma's message was published tonight and will be delivered to the senate tomorrow. Almost the first paragraph is a recognition of the assistance that the United States gave Cuba and an expression of gratitude. President Palma advises that great care be taken in the preparation of the budget and recommends the encouragement of agricultural industries. Referring to reciprocity he says that every effort will be made to negotiate a favorable treaty and that the remedy for the present crisis in the Cuban sugar industry would be a reduction in the American tariff. The reorganization of the rural guard is recommended and also a continuation of the sanitary work inaugurated by the Americans.

## Purpose of Government.

The purpose of the government will be to encourage education, construction of railroads and the protection of capital already invested in railroads. He favors the meeting of obligations contracted with the Cuban army, but does not yet know how the ordinary expenses of the government are to be met. President Palma expresses great satisfaction that the republic has been recognized by the United States, Great Britain, France, Mexico, Guatemala, Nicaragua, Santa Domingo, Ecuador and Paraguay and hopes that the other countries will recognize the republic. In conclusion he admonishes the people that to preserve their Cuban nationality it is of extreme importance that there should exist uninterrupted concord between the people.

## REBELS ARE DEFEATED.

## Chinese Revolutionists Suffer Severe Blow at Shu Loh Sien.

London, May 27.—Cabling from Shanghai the correspondent of The Mail says the southern rebellion is in full activity and that a severe battle was fought at Shu Loh Sien, in which the rebels were defeated, with losses of 1,500 men killed or wounded.

## HANGED FOR MURDER.

Negro, Who Killed Three Women, Executes His Crime.

Philadelphia, May 27.—William Harmon Lane, colored, was hanged here today for the murder of Mrs. Ella Jordan and her two young daughters in April. Lane was employed by Mrs. Jordan as servant and had stolen money from her. Fearing the consequences of the theft he deliberately killed the three victims.

## WANTED FOR BRIBERY.

St. Louis, May 27.—A bench warrant was issued today for the arrest on a charge of bribery extortion, of Fred Ziegerhein, who served as private secretary to his father, the former mayor, Henry Zeigebain, during the last two years of his term.

## BIG FIRE AT LANSING.

Lansing, Mich., May 27.—Fire today totally destroyed the plants of the Rickard Lumber company, the Alexander Furnace company and damaged the plant of the Lansing Veneered Door company. The loss is \$55,000.

## BIG DAMAGE BY FLOOD.

Pueblo, Col., May 27.—The damage done in this city by the flood at Fountain river last night is estimated at \$300,000. The railroads were the principal sufferers.

## BODIES WASHED UP

### FLOODS AT ST. VINCENT UNCOVER VICTIMS OF DISASTER.

### EXPOSES SOME GRUESOME SIGHTS

### SOUFRIERE VOLCANO AGAIN BECOMES ACTIVE.

### Mont Pelee Is Also Muttering Ominously and Residents of Fort de France Fear Second Catastrophe.

Kingstown, May 27.—Saturday night dense clouds forming a canopy over the greater part of the island lowered, and a severe thunderstorm, accompanied by a heavy rainfall, broke over St. Vincent and continued until today, causing mud-streams in the windward district of Georgetown to be flooded. Water pipes are damaged in several houses and washed away and two lives were lost. The rainfall was so heavy that it disturbed the bodies of the buried victims of the volcanic disaster, and the corpses with putrid flesh hanging upon their bones were exposed to view.

During the storm Soufriere volcano appeared to give forth dense clouds of vapor and steam, rising to a considerable height and spreading over the neighborhood. Roaring sounds from the mountain caused an apprehension of another eruption. The severe lightning lasted all night Saturday and Sunday. Eight inches of rain fell at Kingstown between Saturday and Monday, the heaviest downfall since the hurricane.

Further interesting incidents, which occurred during the recent eruption of the volcano are continually coming to light. While all the residents of the village of Morne Ronda were leaving that place by boat, a man who had declined to leave was seen running up and down the shore, screaming for help, and saying the ground was hot. The water was boiling and the lava coming down the mountain made it impossible to rescue the man and he died a horrible death. A pathetic scene was witnessed when a father and mother, holding each others hands, the woman having an infant at her breast, and with another child at her feet, were all struck dead together.

### Mont Pelee Still Active.

Fort de France, May 27.—Mont Pelee was again in eruption last evening. Huge black clouds rolled over this city in great masses. An enormous, greyish yellow cloud was dimly visible in the direction of Pelee. The inhabitants flocking into the great square of the town. Fort de France is in no danger from the volcano.

Roseau, Island of Dominica, May 27.—During the whole of last night ashes from the volcano on the island of Martinique fell here in greater quantities than has ever experienced since the outbreak of Mont Pelee.

### Crew Were Afraid.

St. Kitts, B. W. I., May 27.—The sloop Dauntless, which, under command of Captain Lake, carried supplies provided by the government of this island for the sufferers in Martinique, has returned here. The crew of the Dauntless became frightened on the voyage, refused to go on and deserted the sloop at Dominica. This delayed the relief expedition, but the Dauntless obtained a new crew at Dominica and finally went on to her destination. On her voyage southward, Captain Lake says, Mont Pelee was seen blazing grandly at intervals of about a quarter of an hour. Its eruptions were accompanied by awful sounds, resembling deep thunder. Pebbles and volcanic debris rained constantly upon the deck of the Dauntless. When the Dauntless passed St. Pierre on the voyage northward the city's ruins were burning fiercely, but the volcano was quiet. This island has been swept by a fearful thunder storm.

Castries, St. Lucia, May 27.—Flames from Mont Pelee were seen on Martinique at frequent intervals last night. They were visible from the signal station at this port.

Fort de France, May 27.—For one hour flames rose from Mont Pelee crater to a height of 150 metres. The crater seemed about 300 metres in diameter.

### SQUIRES PRESENTS HIS PAPERS.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmor's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmor & Co., Binghamton, N. Y.

(Additional Copper County on Page 2.) NOT GUILTY OF MANSLAUGHTER. Former Student at Mining School Is Acquitted of Serious Charge.

Gabriel Bishop of Cuba, N. Y., a student of the Michigan College of Mines last winter was acquitted Saturday at Buffalo of the charge of manslaughter. The case had been pending in the courts for the last three years. When the verdict was announced the court room, which was crowded with friends of the young man, rang with applause.

The trial was one of the most sensational witnessed in Western New York. The charge against Bishop was on purely circumstantial evidence. Three years ago, Bishop and a number of companions were camping near Cuba. One morning one of the boys was found dead with his side partially blown off. Investigation showed that a stick of dynamite had been placed in the boy's tent. About two weeks after Bishop disappeared from his home in Cuba. The flight was taken as an evidence of guilt. Shortly after he returned to Cuba and gave himself up to the authorities. A trial on the charge of manslaughter was held in Cuba and from the evidence adduced Bishop was found guilty. An appeal for a new trial with change of venue was made and granted and the case referred to the circuit court in Buffalo. In the meantime Bishop was allowed his freedom on bond and it was while enjoying this that he became a student at the Mining school. The retrial of the case resulted in the verdict of acquittal.

The story of young Bishop's connection with a murder mystery will be a surprise to most copper country friends of the young man as no one ever surmised he was implicated in such an unfortunate affair. As a student here he was extremely popular and made scores of friends. In his classes, however, the overhanging shadow, prevented close application to work and some time ago he was dropped from the school. The departure was extremely regretted by all his classmates. Bishop is the son of wealthy parents. They have spent considerable money in clearing their son's good name and the result is a matter of congratulation both for the young man and the happy outcome will also be good news to copper country friends.

FASHIONABLE SUMMER RESORT. Duluth, People Will Make Washington Harbor at Isle Royale One.

Regarding the proposed purchase by Duluth business men of a large log structure at Washington Harbor, Isle Royale, from an English company owning the same, the Duluth Herald says: The outlook now is that Washington harbor will be made a fashionable resort for Duluth people. It seems quite likely that the warm period of mid-summer will find quite a colony of well known Duluthites there this season. The fact was published some time ago that a colony of well-to-do business men are contemplating the purchase of the large log house erected at Washington harbor by the English corporation that is a large owner of property on Isle Royale. The purpose of the purchase would be to make of the house a club house for those who are considering the deal and some of their intimate friends.

SPECIAL MEMORIAL DAY. Houghton and Hurontown Firemen Will Observe the Occasion Sunday.

Next Sunday, June 1, is the time set apart by the firemen for their Memorial Day and it will be appropriately observed by the Houghton and Hurontown departments. At a meeting of the Houghton firemen Monday evening it was decided to invite the Hurontown company to participate. The invitation will be accepted. In the afternoon the graves of dead firemen at the Forest Hill cemetery will be decorated. The Houghton firemen will meet at their hall at 1 o'clock and will march from there up the hill toward Hurontown to meet the Hurontown firemen, after which the line of march will be to the cemetery. Either the Calumet & Hecla band or the Quincy band will be engaged for the occasion. It is likely that arrangements for a short address at the cemetery will be made. The firemen's Memorial Day is observed each year by the Houghton and Hurontown firemen.

ODD FELLOWS GO TO CALUMET. Pilgrim lodge of Houghton, and Mystic lodge of Hancock, I. O. O. F., will go to Calumet Thursday afternoon on a special train for the celebration of the eighty-third anniversary of the order by Houghton county Odd Fellows. The train will leave Houghton about 1:15 o'clock. The Houghton members will be accompanied by the Atlantic band and the Hancock Odd Fellows by the Quincy band.

SOLD LIQUOR TO MINORS. Robert Rutherford, of Calumet, bartender in the saloon of James Arritague, has been arrested for selling liquor to minors. His trial is set for June 3 in Justice Curtis' court. Rutherford is charged with selling to Samuel Cole, who is not yet sixteen. The boy's father, Henry Cole, caused the arrest. Rutherford gave bonds of \$300 for his appearance in court.

LODGE ROOM FOR ELKS. The Calumet Elks have appointed a committee of three comprised of John D. Cuddihy, W. J. McDonald and J. A. Wiggins, to look up the cost of a proposed new hall for the lodge. If the committee reports favorably steps will very likely be taken soon after to build the structure. At present the Elks meet in the Gately-Wiggins block.

WORK ON COUNTY BRIDGE. Master Mechanic C. J. Mingay, of the Mineral Range road, has a number of men at work on the county bridge draw shearing off the plates and angle bars so that they will not come in contact with the pillars on the approaches in hot weather when the draw is swung. The bridge machinery is in the best of condition.

DEATH OF MRS. BENNETTS. Mrs. Mary Bennetts of the Centennial location died early Monday morning at the age of sixty-three years. She is survived by her husband and three sons and one daughter. Funeral services will be held this afternoon from the Calumet M. E. church.

Gloria Tonic cured them. Rev. C. Suid, of Harrisville, Wis., writes: "I testify that I have two members in my congregation who were victims of rheumatism. One had suffered 18, the other 25 years. Both had doctored without obtaining relief. They used Gloria Tonic, which remedy completely cured them."

Gloria Tonic sells at all drug stores at \$1.00 a package. Trial Box, also illustrated book on rheumatism containing many stippled drawings from actual life and which explains every form of rheumatism known to science by sending name and address to JOHN A. SMITH, 624 Germania Bldg., Milwaukee, Wis.

PREPARING FOR MASONS. Copper Country Knights Will Entertain Port Arthur Brethren.

Houghton lodge, F. & A. M., at a regular meeting Tuesday evening decided that a committee which will meet with other committees to be appointed by the several Masonic lodges in the county to make arrangements for the entertainment of the Canadian Masons from Port Arthur who will visit the copper country on June 25. Preparations for the coming of the visitors will be left to the committees. Although no arrangements have yet been made it is certain that the visiting Masons will be royally entertained. A visit to the mines and other places of interest in the county to be followed by a reception and dance in the evening will be part of the program. It was said yesterday that the visitors, including the wives of the Masons, would number about 150. It is the purpose of the copper country Masons to repay their Canadian brethren for the visit time accorded them while on their excursion to Port Arthur three years ago. The visitors will make the excursion either on the Iroquois of the White line or the Argo of the Booth line.

PROMINENT WOODMAN HERE. J. J. Sullivan, of Kansas City, Will Speak to Members of Order Tonight.

J. J. Sullivan, of Kansas City, a prominent worker in the ranks of the Modern Woodmen of America, will address the members of the order at Houghton this evening on the readjustment plan of making assessments. Mr. Sullivan spoke to the Woodmen at Ishpeming last evening. Houghton is the only other place in the upper peninsula that he will visit. Mr. Sullivan will be accompanied by Houghton by C. J. Byrne, state head of the order. Mr. Sullivan is a forcible talker and is sure to make things clear to all who hear him. Woodmen from all parts of the county will go to Houghton this evening to listen to Mr. Sullivan.

WIFE DENIED THE DEAD. Mrs. Molonen Said Floater Was Not Her Husband, as Identified.

Although the friends of the late John Molonen, the Finnish farmer of Highway whose body was found in a special train on the Copper Range road will take the Trinitountain, Atlantic and Painesdale people home, the Lake Linden train will also be held.

TOUR OF BALL TEAM. Franklin Club Is Contemplating Games With Iron County Teams.

The Franklin baseball team of the location of the same name is contemplating a trip into the iron country in August to play Ishpeming, Negaunee and Marquette. The team is now open for this year and puts up a very good article of ball. The batting order has been arranged as follows: Townsend, first base; Ryan, second base; Wilson, short stop; McCollough, right field; McGriff, left field; Hodge, center field; Lynch, pitcher; Sullivan, catcher, and O'Neil, first base. The team is now open for all engagements. The Franklin's will play Osceola on the home grounds next Sunday afternoon.

BOARDS PLAY BALL. Daves, 21; Kellys, 20; was the score of the game between the two boarding house teams of Houghton at the Hancock park Sunday morning. The Kellys held the lead in the first few innings the score at one time being 16 to 2 in their favor but their opponents grew stronger as the play progressed and the Kellys in the end were victorious. Many good ball players are included in the teams.

WORK ON THEATRE TO START. Within a very short time work on Houghton's new theatre will be practically set on what plans will be followed and the contracts for the work will be let in the near future. Until the company, articles of incorporation for which are being drawn up by A. E. Rees, is organized the contracts cannot be let. Mr. Rees will likely finish his work on the canal and the company may then go ahead with the plans.

HIBERNIAN EXCURSION. The Hancock Hibernians have arranged to give their annual family excursion this year on June 22. A pleasure party will be chartered and a trip to the canal to spend the day will be taken. A band will be engaged to furnish the music.

TRAVELING IS DANGEROUS. Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. H. Hansen, locomotive engineer, Lima, O., writes: "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." People's Drug Store.

MUST DEPOSIT SAMPLE OF ORE. New Rule for Applications to List Copper on New York Exchange.

The copper committee of the New York metal exchange has decided that in all applications for listing brands of copper, sample of the piece, duly branded must be deposited with the secretary of the exchange. He will have the sample analyzed by a duly appointed assayer and the piece will be kept in the custody of the secretary for future reference in case of dispute as to the quality. The applicant shall pay the expense of assaying. The applicant shall also pay a listing fee of \$100, the same to be returned should the application not be granted.

COAL STRIKE A FACTOR. If Trouble Extends to Bituminous Fields It Would Embarrass Lake Mines.

The Calumet & Hecla Co. is stated to be out of the market, having presumably sold all its stock to sell at current quotations. Some other Lake producers whose product is entirely sold up to August are declining to quote for August or later delivery, until the future course of the market is more pronounced. The coal strike must now be considered a factor in the copper market says the Boston News Bureau. While it is believed that most of the Lake companies are supplied with coal for the next three months, the extension of the strike to the bituminous mines would seriously embarrass producers, especially should the strike be prolonged for a month or more. Consumers are more disposed to buy copper than they were, but are surprised by finding that the market is now about 12 1/2% for Lake, and are deterred from buying at this figure. It looks as if prices would go higher, present figures not yielding much profit to the average producer, while consumption of copper in this country is believed in conservative quarters to be fully up to production.

OLD DOMINION. Ore from the Mine Is the Richest of Any Listed on Boston Exchange.

N. L. Amster & Co. are out with another circular on Old Dominion in which it is stated that the company has a surplus of \$437,206, largely tied up in copper and matte. All talk of an assessment or bond issue is declared to be groundless and absurd. A table is presented showing that at \$20 per share Old Dominion is selling on the basis of 30 cents per pound of annual production of 10,000,000 pounds of copper, which is 50 per cent lower than any other producer listed in Boston. To be on a basis with the rest of the copper producers, Old Dominion should sell at \$40 per share, or at the rate of \$6,000,000 for the property. Even then it would be selling considerably lower than the average copper property.

ISLE ROYALE A DISAPPOINTMENT. Showing Not Up to Expectations of Management or Stockholders.

The Isle Royale mine has proved a disappointment alike to the management and the stockholders. According to the recently issued annual report the mill last year contained but 11 1/2 pounds of ingot to the ton. With copper at 12 cents and cost of producing same at the present high level, there is no money in the Isle Royale proposition. The Boston News Bureau printed a despatch from the Lake on Tuesday to the effect that a large reduction in the working forces had been ordered as well as a suspension of much development work.

COPPER GOSSIP. Greene Consolidated is increasing its production steadily and is producing now over 4,000,000 a month. The market on it is very erratic, but we think it a good purchase whenever it sells around 26 to 27. It is reported that the Standard Oil interests have recently bought large interests in it.

NO LOSS OF TIME. I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.—H. R. Phelps, Plymouth, Oklahoma. As will be seen by the above, the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this Remedy in your home. For sale by The Stafford Drug Co.

WHAT IS FOLEY'S KIDNEY CURE? Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Sold by People's Drug Store.

WILL CURE CONSUMPTION. A. A. Herren Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." People's Drug Store.

The Franklin baseball team of the location of the same name is contemplating a trip into the iron country in August to play Ishpeming, Negaunee and Marquette. The team is now open for this year and puts up a very good article of ball. The batting order has been arranged as follows: Townsend, first base; Ryan, second base; Wilson, short stop; McCollough, right field; McGriff, left field; Hodge, center field; Lynch, pitcher; Sullivan, catcher, and O'Neil, first base. The team is now open for all engagements. The Franklin's will play Osceola on the home grounds next Sunday afternoon.

BOARDS PLAY BALL. Daves, 21; Kellys, 20; was the score of the game between the two boarding house teams of Houghton at the Hancock park Sunday morning. The Kellys held the lead in the first few innings the score at one time being 16 to 2 in their favor but their opponents grew stronger as the play progressed and the Kellys in the end were victorious. Many good ball players are included in the teams.

WORK ON THEATRE TO START. Within a very short time work on Houghton's new theatre will be practically set on what plans will be followed and the contracts for the work will be let in the near future. Until the company, articles of incorporation for which are being drawn up by A. E. Rees, is organized the contracts cannot be let. Mr. Rees will likely finish his work on the canal and the company may then go ahead with the plans.

HIBERNIAN EXCURSION. The Hancock Hibernians have arranged to give their annual family excursion this year on June 22. A pleasure party will be chartered and a trip to the canal to spend the day will be taken. A band will be engaged to furnish the music.

TRAVELING IS DANGEROUS. Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. H. Hansen, locomotive engineer, Lima, O., writes: "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." SCROFULA.

"Scattered consumption" is a good way of describing this disease. It is in fact a real consumption of the little glands under the skin.

Scott's Emulsion cures it. Scott's Emulsion is good for all kinds of consumption but especially good for scrofula.

It heals the sores—but doesn't stop there for the weakness and loss of flesh is the worst part of scrofula.

Scott's Emulsion feeds and strengthens scrofulous children.

Mrs. Fred DeLochamp and her sister, Miss Emma Deroche, spent Saturday and Sunday at Ishpeming visiting at the home of Mike Connors, formerly of this place. Mrs. Connors is a sister of the two ladies.

Champion people were pleased with the showing made by the members of the school track team at Ishpeming on Saturday last. It was a credit to boys to get even seven points, as they competed against some fine athletes.

Fred Genette, who left Champion last fall and engaged in the saloon business at West Hancock, did not take out a new license the first of this month. He has quit the liquor business and is now preparing to open a confectionery and fruit store at the same stand in which he conducted the saloon.

SCIATIC RHEUMATISM CURED AFTER FOURTEEN YEARS OF SUFFERING. "I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal., "I was able to be around but constantly suffered. **MISS MALLOY WINS.**  
She Carried Off the Honors in The Mining Journal's Voting Contest.

The Mining Journal's contest for the most popular teacher created no little excitement in Ishpeming. Some great work was done yesterday by several persons in the interest of the different contestants. During the afternoon the total number of coupons turned into the branch office was 2,385. A majority of these were clipped from yesterday's issue of the paper, as the contest did not get real warm until after the paper reached here in the morning. Several of the school children took a day off to canvass for their favorite teachers. Several adults also put in the day gathering coupons. Hardly an Ishpeming subscriber of the paper missed one or more callers who wanted the coupons. In many cases the coupons were promised before the paper arrived.

A number of the promises came from Marquette, Negaunee and other places in the county, as friends of the contestants worked outside as well as at home. The winner gets six choice seats to the "Taming of the Shrew" at the production given by Charles B. Hanford and his company at the opera house tonight. The play is one that all the teachers are anxious to see, as they have all read the story.

Miss Margaret Malloy won the prize. The greater part of the coupons turned in for her were collected by Miss Mae Cutler, who has more than a local reputation as an energetic worker. She was ably assisted by Miss Lizzie Nolan and other friends. The vote as it stood at the close of the contest was as follows: Miss Malloy, 881; Miss Haslam, 737; Miss McKinnick, 243; Miss Lacey, 243; Miss Belcher, 112; Miss McDowell, 63; Miss Connelly, 49; Miss Broad, 39, and Mrs. Soler, 22.

**NOTED ACTOR TONIGHT.**  
In the early stage of his career Charles B. Hanford, who is now recognized as America's most prominent Shakespearean star, was leading man in the company of the famous tragedian, Edwin Booth. Hanford acted as Booth's understudy and on several occasions appeared in the great actor's place when the latter was unable to appear in an elaborate revival of "The Taming of the Shrew," and wherever he has appeared the critics have united in the opinion that it is the greatest success of his career.

Mr. Hanford and an excellent company including Marie Droufnah and Mr. Owen Fawcett, who has been specially engaged for the character of Grumio, will present Shakespeare's merry comedy at the opera house tonight. The company will be greeted by a large audience.

**THE JUBILEE SINGERS.**  
The members of the Epworth league of the Division Street Methodist church are busy working up interest in the concert to be given at the church on the evening of Monday, June 9, by the Canadian Jubilee Singers. Tickets will be offered for sale within the next few days and the members of the society expect to dispose of several hundred. The company comes highly recommended and all who turn out will be well entertained. The reserved seat tickets will sell at thirty-five cents and the general admission will be twenty-five cents. Tickets for children will be fifteen cents.

**WON'T FOLLOW ADVICE AFTER PAYING FOR IT.**  
In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by The Stafford Drug Co.

## ISHPEMING IN BRIEF.

John Swan is up from Gladstone on a visit to his people.

J. H. Josberg of Hancock was a visitor in the city yesterday.

Nelson P. Hulst and family spent Sunday in this city with Harry Hulst and wife.

W. E. Fuller, contracting agent for the Buffalo Bill show, spent a few hours here yesterday.

John B. Tibor is spending a few days in the city in the interest of the cigar house he represents.

The Trombly orchestra's next hop will be given on next Wednesday evening at the Anderson hall.

Miss L. L. Pressentino, who was the guest of Mrs. V. H. Johnston the latter part of last week, left Sunday evening for Duluth.

Harry Watson and his wife were given a social surprise by about forty of their friends on Monday evening at the home of Will Bettosom.

Miss Gray, kindergarten teacher at the Ridge street school, left Sunday evening for her home at Los Angeles in response to a telegram announcing the dangerous illness of her mother.

Landlord Outwaite of the Nelson House announces that the rates at the hotel will advance to \$2.50 per day after June 1. The rates for some time past have been from \$2 to \$2.50.

This evening at the Anderson hall the clerks of Marquette and Negaunee will be the guests of the Ishpeming clerks. There will be a banquet, concert and dance, and a rousing good time is promised. The attendance will be limited to association members.

The reserved seat tickets for the entertainment to be given on Friday evening at the Convent hall by members of the French Dramatic club of Marquette are on sale at the Proulx grocery store. The prices will be twenty-five and thirty-five cents, the latter for reserved seats. A part of the program will be in English and a part in French.

**RUSSELL SAGE'S OLD HOME.**  
N. 506 Fifth avenue probably will remain the home of Russell Sage as long as the manner lives. He has renewed his lease of the property, where he has lived for forty-two years, for another twenty-one year period. The Gerry estate, which owns the land on which Mr. Sage's house stands, increased his rent nearly four times over, but this did not interfere with his plans.

Mr. Sage said that he had decided he had lived there too long to move and that rather than "pull up stakes" he would pay Mr. Gerry what he asked. Most of the Gerry lease runs for twenty-one years. Forty-two years ago, when Mr. Sage rented the property, he got it for \$700 a year. There was a house on it, but he has practically rebuilt it to suit himself and Mrs. Sage. For the second twenty-one year period he paid \$3,300 a year. This lease expired May 1, and when Mr. Sage enters the third twenty-one year period he will pay an annual rent of about \$12,500.

Increase in the value of real estate is responsible for the increased rent. There is a clause in most of the Gerry estate leases that if the leaseholders are given up, whatever buildings or improvements have been put on the land pass to the lessor.

MISS IDA M. SNYDER, Treasurer of the Brooklyn East End Art Club.

Menstrual irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a piteous contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness. Miss Ida M. Snyder, of No. 535 Bergen Street, Brooklyn, N. Y., has used Wine of Cardui and she says it helped her into a new life. Health to Miss Snyder is worth a great deal. She is an attractive young woman with intellectual attainments and she occupies the position of Treasurer of the Brooklyn East End Art Club. This position she holds as a person of intellect, culture and refinement and it speaks highly of the respect and trust her fellow women have in her. She writes: "If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicine, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for. "In consulting with my druggist he advised McElee's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me." You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

THE FOURTH IN AFRICA. FIREMEN'S ACCOMMODATIONS. Twin City Drill Men Will Celebrate It There. All Who Attend the Tournament Will Be Cared For.

The Negaunee and Ishpeming diamond drill men who are working on the west shore of Africa are planning a celebration of the Fourth. In letters received recently by relatives the men tell of what they propose doing on the national holiday. Several of them have sent home for flags with which to decorate their "shacks." By the time the different bunches of flags reach Africa they will be well supplied with the colors. There will be no fireworks at hand, but dynamite will be exploded freely. The explosives can be obtained at the mines and explorations in the district.

It is the intention of the men to congregate at one station. The natives will be invited to participate in the athletic events to be pulled off. Prizes will be given the winners and a good time is anticipated. One of the local men recently stated in a letter to a relative here that a special prize of a package of "Peerless" was to be hung up. He further said that "Kit" Harrington, who is a great lover of that particular kind of tobacco, has agreed to look after the "Peerless" race and if necessary go against the best sprinter among the natives.

Although the men are quite lonesome at times they are having a good time. They are not working very hard, as most of the manual labor is performed by the natives. They put in much of their spare time hunting. Some of them will bring back many curios, and most of them will be back in January. Some may get home for the holidays.

ALUMNI RECEPTION. REVEALS A GREAT SECRET.

At a meeting of the High School Alumni association recently held officers for the ensuing year were elected and arrangements formulated for holding the seventeenth annual reception and dance at McDonald's hall on the evening of June 13. The officers for next year are: President, F. M. Curran; vice president, Walter Ethier; treasurer, Walter Pascoe; secretary, Edith Broad. The reception this year will be carried out on the same plan as those of previous years, which have been signally successful. The various committees which will have preparations for the function in charge will be appointed and begin work within a few days.

OF A RARE KIND. LONDON FOG WENT OFF WITH BANG, SAID THE OLD LADY.

A young married friend of mine has recently had staying with him his wife's mother, a very dear old country woman, to whom the ways of London are as a sealed book. "The bedroom which the old dame occupied looked out upon the railway and as London was enveloped in fog for two or three days during her visit she experienced a good deal of annoyance from that apparently necessary nuisance, the fog signal. On the first morning of the fog, coming down after a somewhat restless night, she inquired the cause of the banging which she had frequently heard. Her son-in-law told her that it was due to the fog, and as the old lady did not ask any further questions the matter was dropped. On her return to the country, however, she was full of the wonderful things she had seen in London. "Did you see a London fog, granny," said one of her listeners one evening when London was again the all-absorbing topic. "Aye, that I did!" replied granny, "and heard 'em, too." "Heard 'em, granny?" inquired another interested listener; "how didst hear a fog?" "Why, answered the old lady, perfectly in earnest, "London fog bangs like our eyes; every now and then it goes off wi' a rare bang!"—London Tit-Bits.

PICNIC FRIDAY.

The Negaunee Orchestra band will give a picnic Friday afternoon, Decoration day, at Cleveland park. There will be dancing at the pavilion and the band will render a program of choice selections, and there will be other amusements. The floor of the pavilion is being improved this week so that it will be in fine shape for dancing. The band men invite all their friends to attend the picnic.

LOCAL LACONICS.

J. C. Kirkpatrick was up from Escanaba yesterday.

A delegation of Negaunee people will see the production of the "Taming of the Shrew" at Ishpeming tonight.

H. M. Blackeen, agent of the "Railroad Jack" company, spent yesterday in Negaunee. The show is headed this way.

The temperature dropped several degrees below the freezing point here Monday night. Vegetation was injured by the frost in some places.

The board of review of this city will be in session on Monday and Tuesday, June 9 and 10, also on the following Monday and Tuesday, the 16th and 17th.

The rock crusher was unloaded yesterday. The man who will put it in position arrived yesterday morning. He will have the plant working within the next few days.

Oscar Field offers a reward in this issue for the return of a young white cow which strayed from his place a few days ago. A description of the animal can be found elsewhere in this issue.

Professor Gustav Schneider, an expert piano regulator and tuner from Green Bay, will be in the city in a few days. Anyone needing his services can leave orders with P. M. Curran.

The Negaunee Orchestra band will give a concert and dance at Pearce's grove on the afternoon of Decoration Day—next Friday. In the morning the band will furnish music about the streets.

The local fans are manifesting much interest in the proposed ball game between the Negaunee and Ishpeming teams to take place Friday afternoon at the Union Park grounds. Posters advertising the game were distributed here yesterday. The contest will take place at 3 o'clock, and the admission will be twenty-five cents.

STAND LIKE A STONE WALL. Between your children and the tortures of itching and burning eczema, scaldhead or other skin diseases. How, by using Bucklen's Arnica Salve, earth's greatest healer. Quickest cure for Ulcers, Fever Sores, Salt Rheum, Cuts, Burns or Blisters. Infalible for Piles. 25c at Stafford's drug store.

SSS SKIN DISEASES

The skin is provided with millions of little pores and glands invisible to the natural eye, yet through these tiny outlets the larger part of the deadly matter that daily collects in the body is carried off. But nature never intended that poisons of an irritating or acid character should be eliminated through the skin, the Liver and Kidneys being their natural outlets, and it is when these important organs fail to perform their functions that these acid poisons are absorbed into the blood and find their way to the surface of the body through the pores and glands of the skin, producing intense itching and burning, inflammation and swelling, and eruptions of every conceivable size, shape and character.

Skin Diseases differ greatly in their general characteristics and degrees of intensity. Red and angry looking spots break out upon some part of the body with a mass of small pustules or blisters, from which is discharged a clear or straw colored fluid, which dries and flakes off in bran-like particles and scales, or forms into hard and painful sores and scabs. The skin often hardens and dries, cracks and bleeds from the effects of the fiery acids, which the blood is continually throwing off. Pimples, black-heads and blotches are evidences of a too acid blood, which has become inflamed and clogged the pores.

Skin Diseases being dependent upon the same causes require the same treatment, which must be constitutional and not external. Nothing applied locally to the inflamed surface can bring much relief. The disfiguring eruptions will continue to annoy and pain you in spite of soaps, washes or powders. There is no hope of getting rid of a skin disease except through the purification of the depreciated blood and neutralizing and filtering out of the circulation all poisonous substances and acids.

The purifying and tonic properties of S. S. S. soon manifest their influence in skin affections; the debilitated system is invigorated and toned up, and the gradual disappearance of the eruptions show that the polluted blood is being brought back to its natural purity and strength. Old chronic skin disorders, which have resisted all the ordinary methods of treatment, readily yield to the curative powers of S. S. S., and there is no reason why the long time sufferer should feel resigned to his fate under the mistaken idea that some skin diseases are incurable, for S. S. S. has cured and is still curing cases perhaps far more desperate than yours. S. S. S. is a purely vegetable remedy, containing no Potash, Arsenic or any of the poisonous drugs which constitute the basis of so many so-called skin cures.

Our Medical Department has been of the greatest assistance to thousands seeking relief from blood and skin troubles. Write us fully about your case, and our physicians will help you, for which no charge whatever is made. Our illustrated Book on Skin Diseases will be sent free to all who write for it.

UP TO THE PEOPLE

ARE CONVENTION VISITORS TO BE PROPERLY ACCOMMODATED?

MANY MORE ROOMS ARE NEEDED

CITIZENS GENERALLY SHOULD THROW OPEN THEIR DOORS.

Some Plain Talk Concerning a Very Vexatious Question, to Say the Least—Delegates to Be Met at the Straits.

At the suggestion of General Passenger Agent G. W. Hibbard, the general committee in charge of the arrangements for the Macabees convention has devised a plan whereby a rush for accommodations on the part of the visitors will be avoided on their arrival here.

Committees from the local hotels will be sent to St. Ignace and probably to other points in different directions—and will return to Marquette on the trains conveying the incoming throngs.

However, while this arrangement will do much to facilitate the reception of the many hundreds who will be the guests of the people and city for almost a week, there still remains the great question of accommodations.

The rank and file of the Macabees comprise an exceedingly good class of citizens, and especially will the delegates, alternates and their friends be persons whom every citizen should not hesitate to accommodate.

working to the end that accommodations in all lines be adequate, the thousands of visitors will be well taken care of, but should the personal comfort of the citizens only be considered in the narrow way which it is hoped is not the case, then in one respect, at least, the convention will be a miserable failure and Marquette will achieve a reputation that will take years to overcome.

The Mining Journal does not wish to criticize the committees in charge of the convention arrangements—in fact this article is written with their approval and with full knowledge of the situation—but it considers it to be its duty to urge upon all citizens, no matter how high they may be, the imperative necessity of putting their shoulders to the wheel and helping to overcome an obstacle which at present threatens the success of the great convention itself.

IS ON TRIAL HERE.

Important Soo Water Power Case Occupying Attention of Circuit Court.

In the circuit court yesterday morning the trial of an important Soo water power case, the first of two which are practically similar, was begun before Judge Sullivan.

The suits were begun by the Clergue interests to determine the title to private land claims Nos. 95 and 96, which are located at the head of the Soo ship canal on the American side of the river and above the international bridge.

The second case is an action brought to recover possession of private land claim No. 96. The plaintiff claims title through a patent from the United States to the American Fur company, dated 1853.

The rank and file of the Macabees comprise an exceedingly good class of citizens, and especially will the delegates, alternates and their friends be persons whom every citizen should not hesitate to accommodate.

BULLET THROUGH SHOULDERS.

Anton Johnson, the Milkman, Accidentally Shot by a Companion.

As a result of a fishing and hunting trip up the lake shore, Anton Johnson, the West Bluff street dairyman, is lying at St. Luke's hospital with a bullet hole through the shoulders. The wound is serious, but as the commission apparently not materially injured, there is no apprehension over the outcome.

The shooting occurred Monday evening at a point about forty-five miles up the lake shore, where Mr. Johnson and a companion had gone for a short outing. It was known that they were wildcats in the vicinity, and the men, with the expectation of bagging one or two of them, had taken a rifle with them.

NOTES OF MARINE NEWS.

The schooner McGregor, which brought up a cargo of coal, was loaded with her yesterday at the South Shore docks and left last evening for Cleveland in tow of the steamer Hackett, which took on a cargo at the L. S. & I.

Six boats were in for shelter yesterday—the Roby, Sage, Continental, Holland and two lumber carriers from up the lake, the steamer Frances, Hinton and consort. They left port during the evening.

The coal rate from Cleveland to Marquette has been cut five cents, to thirty, making it the same as that in force for the head of the lake.

The steamer Forest City has taken the place of the schooner McGregor at Piekans & Co.'s new coal dock and is being unloaded.
