TICKET IS NAMED
OHIO REPUBLICANS FINISH THEIR WORK.
CONVENTION WAS HARMONIOUS
HANNA MEN WIN OUT IN EVERY INSTANCE.
Platform Adopted Endorses Roosevelt and Favors Repression of Combinations That Stifle Competition.

Cleveland, May 28.—The Republican state convention adjourned tonight after nominating the following ticket: Secretary of State—Lewis C. Laylin, of Norwalk.
Judge of Supreme Court—William B. Crew, of McConnellsville.
Food and Dairy Commissioner—Horace Anky, of Xenia.
Member of Board of Public Works—William Kirtley, Jr., of Defiance.
The convention closed with a great demonstration in honor of Senator Hanna to which he responded in a characteristic speech. The senator at former state conventions has sounded the keynotes that were taken up by the Republican glee clubs. He told them today to sing "Keep on Letting Well Enough Alone," in the campaign rallies this year.

Convention Was Harmonious.
The convention is distinguished for harmony. One of the last reconciliations was that of Senator Hanna and former Governor Bushnell, of Springfield. The latter all accepted last night. Bushnell and Hanna never spoke of each other since the memorable contest for the senatorship in 1897. Before going to the convention today they met in the most cordial manner. Hanna and George B. Cox of Cincinnati, also had a friendly meeting after the contest during the day over the nominations.
Hanna Men Win Out.
What were called the Hanna men won on all the ballots, but Cox supported none of the winners. In making up the state ticket Hanna and Cox were on opposing sides today, the same as in the contest for the organization of the legislature last January, but good feeling prevailed after the convention was over. The names of President Roosevelt, Senator Foraker and Governor Nash were generally cheered by the convention. General Grosvenor was heartily received as the permanent chairman, as was General Dick when he read the resolutions, which were adopted substantially as he drafted them, with the exception of the Cuban resolution, on which there was a compromise.

Reports of Committees Reported.
The Republican state convention reassembled this morning. After prayer the reports of the committees were adopted. The report of the committee on permanent organization named General Charles H. Grosvenor as permanent chairman, and continued the rest of the temporary organization. Chairman Grosvenor received quite an ovation and spoke on the purposes of the convention. At the conclusion of his speech Chairman Dick, of the committee on resolutions, was introduced and read the resolutions, which were adopted.

Outline of Platform.
The platform opens with a beautiful tribute to the memory of the late President McKinley. President Roosevelt's administration is cordially endorsed and full, unreserved support is pledged to "his frank, able and courageous efforts to protect the public interests." The state administration is endorsed, especial attention being called to the general prosperity of the country following the first election of President McKinley through protective tariff and the gold standard. The platform advocates fewer hours and larger rewards for labor, and in regard to trusts the platform declares that the Republican party is the only one that has dealt honestly with the question of the passage of the Sherman law. It favors the repression of combinations that stifle competition and raises the prices of the necessities of life. The reenactment of the Chinese exclusion law is approved, the liberal pension policy is favored, the extension of the rural free delivery advocated, the policy of the government in the Philippines unqualifiedly endorsed, stringent national legislation against anarchists is demanded and lynching and all forms of mob violence is denounced.

CHICAGO STRIKE GROWS LARGER
STOCK YARDS TEAMSTERS ISSUE ORDERS THAT NO COAL BE DELIVERED TO CONCERNS ALLIED WITH THE PACKERS.
Chicago, May 28.—The striking packing house teamsters took further steps today to extend the strike. Orders went out from the teamsters' headquarters that no coal should be delivered to the

concerns making ice to refrigerate the meat for the "unfair" butcher shops or packing houses. This promises the most complete tie-up of teaming deliveries ever experienced in Chicago. The butchers who use meat delivered by non-union drivers will lose their ice. The concerns that make their own ice will lose their coal. At Fulton market storage concerns are known to refrigerate meats for Swift and for Armour and their supply of coal is in danger. Numerous other plants are similarly imperiled pending a settlement of the strike.

LOOKS LIKE PLOT AGAINST CZAR.
Woman With Infernal Machine Arrested at Russian Emperor's Home.
London, May 28.—A St. Petersburg dispatch dated Tuesday, says: "The secret service officers arrested a young woman at Tsarskoe-Selo, the summer residence of the czar, yesterday. She was carrying an infernal machine concealed in her handkerchief. The identity of the woman was not established."
ARRESTED FOR MURDER.
Patrick Harrington Is Suspected of Killing a Centaur.
Fort Dodge, Iowa, May 28.—A man giving the name of Patrick Harrington was arrested here today. He is suspected of the murder of Constable Smith, at Chelsea, in Iowa county, last December. He disappeared at the time of the murder. Harrington is also alleged to be a member of a gang of bank robbers which operated extensively in Iowa last winter.

RECORDED NATIONAL FUNERAL.
Remains of Late Lord Pauncefoot Are Given a Temporary Burial.
Washington, May 28.—The remains of the late Lord Pauncefoot, the British ambassador, were today accorded a national funeral in token of the high esteem set by the American people in the personal worth of the deceased. Every department of the government was represented including the president, members of the cabinet, and also the various members of the diplomatic corps. The services were conducted by Rev. Mackay Smith, coadjutor bishop of Philadelphia. At the conclusion of the services the remains were taken to Rock Creek cemetery where they will be placed in a receiving vault and later conveyed to England.
ELEPHANT KILLS TRAINER.
Beast Became Offended at Keeper and Crushed Him to Death.
New York, May 28.—"Tops," a female elephant belonging to Forepaugh & Sells circus, killed her trainer, Joseph Blunt, of Fort Wayne, Ind., today. Blunt had a beer glass in his hand when he approached "Tops" which seemed to offend the beast. In an instant she seized the man with her trunk and after hurling him violently to the ground knelt on him and crushed him to death.

AGAIN FAVORABLE
PEACE NEGOTIATIONS IN SOUTH AFRICA TAKE ANOTHER TURN.
TERMINATION OF WAR IS EXPECTED
ARCHBISHOP KEUNE IS MENTIONED TO SUCCEED CORRIGAN.
Famous Prelate, of Dubuque, Ia., Will Be Appointed It Is Said—Hamburg-American Line Enters Steamship Combine.

London, May 29.—The Daily Chronicle this morning declares that negotiations which were practically concluded in the course of the present week, will witness the termination of the war in South Africa. The paper says it understands that the government declined to grant the rebels unqualified amnesty or fix a date for the establishment of self-government. English will probably be the official language in the two colonies. Against this idea of a speedy announcement of peace is the decision, reached in parliament yesterday, to debate on the educational bill next Monday, and to postpone further debate on the budget, which seems to show that affairs in South Africa may require more time for settlement.
It is now regarded as certain that the Chamberlain party will be victorious and the government has decided to retain the tax on grain. Chamberlain, the colonial secretary, is again indisposed, and some people believe that his indisposition is merely "diplomatic."
Successor to Corrigan.
The Daily Mail's Rome correspondent says that at the consistory June 9, the pope will nominate Archbishop Keune, of Dubuque, Ia., to succeed the late Archbishop Corrigan, of New York. Archbishop Keune was formerly rector of the Catholic university at Washington.
The Brussels correspondent of The Telegraph says an agreement for the incorporation of the Holland-American line steamship in the shipping combine was signed last Saturday. It will remain in force for fifteen years.

BAD FIRE AT MANISTIQUE.
White Marble Lime Co. and Barrell Chemical Co. Suffer Damages.
Manistique, Mich., May 28.—Fire today totally destroyed the shingle and tie mill of the White Marble Lime Company and the alcohol and acetate building of the lime plant of the Barrell Chemical Company. The loss is about \$125,000, fully insured.
CONGRESSIONAL FIGHT AT ADRIAN
Second District Republicans Cannot Agree on Candidate.
Adrian, Mich., May 28.—The names of five candidates were presented to the second district Republican congressional convention this afternoon. The candidates are Congressman H. C. Smith, of Adrian; Charles E. Townsend, of Jackson; Mark R. Bacon, of Wyandotte; Burton Parker, of Monroe; W. W. Wedemeyer, of Ann Arbor. At 9:30 o'clock tonight five hundred ballots had been taken without any choice. The convention adjourned until tomorrow.

ILLINOIS DEMOS CAN'T AGREE.
Centralia, Ill., May 28.—The twenty-third district Democratic congressional convention after casting 613 ballots without any choice, adjourned tonight without a date.
CONG. FORDNEY RENOMINATED.

STRIKE IN SYMPATHY
MINERS IN BITUMINOUS FIELDS LIABLE TO GO OUT.
PLAN IS UNDER CONTEMPLATION
ANTHRACITE MEN ARE PREPARED FOR PROTRACTED STRUGGLE.
Member of Arbitration Board Says Bitter Contest May Be Expected as Strikers Are Determined to Win.
St. Louis, May 28.—Frank P. Sargent, a member of the National Board of Arbitration of which Senator Hanna is chairman, was interviewed in regard to the coal miners' strike while in the city today. Mr. Sargent is of the opinion that if the strike of the Anthracite miners is not settled within the next eight or ten days, there will be a sympathy strike in the Bituminous fields. Mr. Sargent said: "From the condition of things I think the country will see a bitter contest. I was told by President Mitchell that the miners were never in better financial condition than now to enter upon a strike and they are confident of winning. For some time the Anthracite miners have had plenty of work and have been able to lay up money. President Mitchell is of the opinion that they will be able to hold out for at least six months and doubtless longer. In the meantime everything possible is being done to arbitrate the differences.
Strike in Sympathy.
"I think if the strike is not settled within the next eight or ten days, the miners in the Bituminous fields will be asked to go out in sympathy for their eastern brethren. A convention of the Bituminous miners to decide what action to take in the matter is under contemplation, but the date or place of the meeting has not yet been decided. Should a sympathy strike be decided on, probably 450,000 miners in the Bituminous fields will go out. I do not think the strike will spread among the railroad men."
Mitchell Refuses to Talk.
Indianapolis, May 28.—John Mitchell, president of the United Mine Workers, arrived this afternoon at the national headquarters to confer with Secretary Wilson in regard to the strike situation. President Mitchell refused to talk in regard to the strike further than to say that a call for the proposed convention will not be issued during his stay in the city, which will last until tomorrow night, when he will go to Wilkesbarre, there to remain until the trouble is over.
TO SETTLE STREET CAR STRIKE.
Conference Will Be Held Between Employers and Union Traction Co.
Chicago, May 28.—Unless some unforeseen obstacle arises the controversy between the street car employes union and the Union Traction company will be amicably settled tomorrow. Franklin MacVeagh, president of the National Civic Federation and President Konec, of the Union Traction company, met by appointment this afternoon. Konec, who heretofore had refused to treat with the men, agreed to meet a committee, representing the union and endeavor to settle the difficulty.
OMNIBUS PUBLIC BUILDING BILL.
Conference Committee on Proposed Appropriations Has Agreed.
Washington, May 28.—The Mercer omnibus public building bill has been agreed to in conference. The bill carried \$15,800,000 when it left the house. The senate added \$3,200,000. In conference the senate amendments were reduced about \$1,200,000.
Among the items in the controversy, as finally settled, are the following: Kalamazoo, increased \$50,000; Battle Creek, increased to \$100,000; Flint, increased to \$65,000; Traverse City, site, \$6,000; Superior, Wis., increased to \$225,000; Baraboo, Wis., increased to \$45,000.
CHARGED WITH MALFEASANCE.
St. Louis, May 28.—Counselman Louis Schenel and Charles L. Geraghty, a member of the St. Louis House of Delegates, was arrested tonight charged with malfeasance in office.
PREMIER AND CABINET RESIGNS
WALDECK ROUSSEAU ABDICATES HIS OFFICE AND WITH HIM GO OUT ALL HIS ASSOCIATES IN FRANCE'S MINISTRY.
Paris, May 28.—The resignation of Premier Waldeck Rousseau was formally communicated to the cabinet today. The entire cabinet resigns with the premier.

SENATE FIXES TIME TO DISPOSE OF PHILIPPINE BILL.
BURROWS FAVORS ITS ENACTMENT
HOUSE DISCUSSES SUBSIDIARY COINAGE MEASURE.
Proposed Law Arouses Opposition of Democrats Who See in It a Scheme to Strike Down Silver Dollar.
Washington, May 28.—An agreement was reached in the senate today by which the final vote on the pending Philippine government bill, and amendments, will be taken next Tuesday at 4 o'clock. Pending the vote, the senate will meet at 11 o'clock each day except Friday, when the senate will not sit, being Memorial Day. Monday and Tuesday, the debate will be under the fifteen minute rule.
Senator Burrows of Michigan explained the bill at length today and urged the enactment, maintaining that it would advance the interests and promote the prosperity of the islands. In his judgment it would be a mistake to accord the Filipinos now, self government and independence. Such proceedings could result, he said, only in disaster to the inhabitants and possible anarchy in the islands.
The senate committee on territories today decided by a formal vote against fixing any time for the consideration of the bill, providing for the admission of Oklahoma, New Mexico and Arizona into the union.
Discusses Subsidiary Coinage.
The house spent the day debating the bill to increase the subsidiary coinage by the coining of silver bullion in the treasury, and re-coin the standard silver dollars as the public necessities may require. The limit of subsidiary coinage is now \$100,000,000. The bill increases this to an indefinite amount, in the discretion of the secretary of the treasury. The bill aroused the opposition of the Democrats. It is claimed the measure is only a step in the direction of a complete striking down of the silver dollar. The debate drifted into a general discussion of the silver question. Very little interest was shown. Representative Cochran of Maine, twice made a point that no quorum was present. Representative Newlands of Nevada, finally offered an amendment to vote the silver legal tender. The amendment was pending when the house adjourned.
GOV. DAVIS FIRED FROM CHURCH.
Arkansas Chief Executive Is Expelled for Unbecoming Conduct.
Little Rock, Ark., May 28.—After a lengthy discussion in the Second Baptist church, tonight, the congregation voted to withdraw the fellowship from Governor Jefferson Davis, upon the charges of unbecoming conduct, filed some time ago. Governor Davis was not present.

CANDY FACTORY BURNS.
New York, May 28.—J. J. Machetts & Co.'s candy factory, a six story structure in Brooklyn, was burned today. The loss is \$200,000. The building was insured.
CONG. FORDNEY RENOMINATED.
Saginaw, Mich., May 28.—Congressman Joseph W. Fordney was today renominated by the Eighth district Republicans.

WORN TO A SHADOW.

When there is a falling off in flesh in woman or man there is "something wrong." And that something wrong is generally a loss of nutrition due to disease of the stomach and the other organs of digestion and nutrition.

Dr. Pierce's Golden Medical Discovery cures disease of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that lost flesh is regained and the physical health re-established.

President Roosevelt will take the stump for the Republican party in the coming campaign, it is announced. Let us hope that if he visits that place in Idaho where they threw things at him when he addressed a meeting there during the last presidential campaign they will remember that he is president now, and not merely a candidate for the vice presidency.

Oom Paul Kruger, erstwhile president of the Transvaal republic, says the British may arrange terms with the Boer leaders in South Africa all they please, but they will have to settle with him before the war will be brought to an end.

Financial journals tell us that the coal strike is the only thing now in the way of a bull market. If it were not that it would be something else.

Delta county's delegation to the congressional convention for this district will be chosen June 6 on which date the county convention will meet for that purpose at Escanaba.

Hon. S. N. Dutcher of Newberry is out for the lieutenant governorship. He is well equipped for the place, a loyal and earnest Republican, and it is probable that the upper peninsula delegations will need little urging to get them in line for him in the convention when it is held.

Charles Jorgenson, of Milwaukee, who has the contract to decorate the interior of the new hall building, the new home of the Citizens' National bank at Houghton, arrived yesterday and will start work on it at once.

DEATH OF LAURA CORBELLE. Miss Laura Corbelle, aged about seventeen, of Houghton, died early Tuesday morning after a three months' illness. An operation was performed upon her a short time ago and she never recovered from the effects.

HAY BARN BURNED. The hay barn of the Seager Franklin store was damaged by fire last night and thirty tons of hay were consumed. The loss is estimated at \$1,000.

Some repairs are being made on the steamer Friant owned by McRae & Rowe at Dollar Bay. There is an epidemic of measles in mild form at Laurium and the physicians are kept busy.

The balance of the prizes from the recent bazaar held by the Sisters of St. Joseph at Hancock were awarded last evening. The fire loss, amounting to about \$2,800, on the Bernard livery, which burned at Laurium three weeks ago has been adjusted.

The New York, Boston and Chicago exchange will be closed tomorrow and Saturday and no copper quotations will be received during the two days. Painter J. C. Donahoe of Hancock finished the work of painting the Masonic building yesterday. The structure now presents a very pleasing appearance.

John H. Johnson of Calumet, who left three years ago to enter the law department of the Valparaiso college, will be graduated with honors from that institution this spring. It is not known just when work on the extension of the street railway from Laurium to Lake Linden will start, but it is said that operations on the proposed route will commence as soon as the rails which have been ordered arrive.

John A. Johnson, who has been attending the commercial college at Valparaiso, Ind., for the past five months, has returned to Hancock. He intends to re-enter the institution in the fall. Mr. Johnson formerly clerked in Kotilla & Keckon's hardware store and will work there during the summer.

At the end of the campaign, writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. PROBABLY FATALLY INJURED.

John Roberts, a Carpenter at Trimountain Mill, Has Skull Fractured. John Roberts, a carpenter of the Trimountain mill was probably fatally injured yesterday afternoon by falling from a ladder. He suffered a fracture of the skull and other injuries. He was taken to the Hancock hospital. But little hope is entertained for his recovery.

ENJOYING BUILDING BOOM.

Centennial Heights, Near Calumet, is Experiencing One. Centennial Heights location, near Calumet, is having a substantial building boom, many new houses being under construction. All of the structures are modern in every respect. The town-site is a pretty one. From the top of the hill a fine view of Lake Superior is had and on a clear day Isle Royale, forty-five miles away, can be distinctly seen.

A FORCED MARCH.

Houghton Light Infantry Will Take One Next Week. Next week the first forced march of the season by Company G of Houghton will be taken. The boys will leave Houghton on the evening of Saturday, June 7, unless cold or rainy weather prevents, for some point a few miles from town where tents will be pitched for the night. Drill will be given in regular count and guard duty, and regular company drill on Sunday. The return march will be made Sunday evening. The company is getting into fine shape for the state camp in August.

AID COMING IN SLOWLY.

U. P. Fire Departments Delay in Contributing to Hurontown Firemen. The Hurontown fire company is not receiving the aid it expected from the other fire departments in the peninsula, but it is understood that the others are waiting for all the copper country departments to send in their donations first. But two copper country companies have contributed thus far. Hurontown has its plans made for the new fire hall which is to be built to replace the one that burned, but the structure will not go up until the necessary funds are at hand.

CLOSER BUSINESS RELATIONS.

Visit of Copper Country Merchants to Duluth Will Have That Result. The recent visit of the copper country business men to Duluth will no doubt have the desired effect in bringing the business relations of this district and that of Duluth closer together. For a long time the trade was split up between Detroit, Chicago, Milwaukee and Duluth with the bulk of the business going to Detroit. Early last year the metropolis of the state commenced to lose some of its business to Duluth wholesale merchants and representatives of big wholesale enterprises in Minnesota began to make inroads into the copper trade. Duluth's commercial business here has been steadily on the increase and is bound to take precedence over that of Detroit wholesale houses within a short time if it has not done so already.

EXCURSION TOMORROW.

An excursion to Jacobsville and Keweenaw Bay on the steamer Argo will be given tomorrow. The boat will leave Hancock at 1 o'clock and the Ruelle dock at Houghton at 1:30 o'clock. The return trip will be made at 5 o'clock. The fare for the round trip will be fifty cents; children under twelve years, half fare. The excursion should prove a pleasant one and will no doubt be largely attended.

WHAT THIS FOLKS NEED

Is a greater power of digesting and assimilating food. For them Dr. King's New Life Pills work wonders. They tone and regulate the digestive organs, gently expel all poisons from the system, enrich the blood, improve appetite, make healthy flesh. Only 25c at Stafford's.

PECK'S KING OF OINTMENTS

It has effected many wonderful cures when all else had failed. It is put up by a house of unquestioned high standing. Be sure you get "Peck's" King of Ointments from your druggist. If he does not sell it send 25 cents to PECK BROTHERS, GRAND RAPIDS, MICH. for a 2 oz. glass jar. Peck's Ointment is guaranteed or your money back.

ODD FELLOWS CELEBRATE.

In Honor of Eighty-Third Anniversary of Founding of Order.

This is Odd Fellows' day at Calumet. This afternoon every member of the order who possibly can will be in the copper-land metropolis to celebrate the eighty-third anniversary of the founding of the order. The observance should have taken place last month but owing to cold weather it was adjourned to this month. The day's doings are in the hands of Hecla lodge of Calumet and the visitors are assured of everything going off smoothly and well. The Lake Linden Odd Fellows will meet at Calumet at 1 o'clock and will drive to Calumet. The Hancock and Houghton Odd Fellows will go on a special train which will leave Houghton at 1:30. They will be accompanied by the Quincey band. Between forty and fifty members of the Greenland and Mass City members will arrive at Houghton over the Copper Range road in a motor car. Tomorrow morning at 2 o'clock a special train will leave Calumet for Houghton and Hancock.

MEMORIAL DAY SERVICES.

Appropriate Exercises in Observance Will Be Held. Memorial Day will be appropriately observed by the veterans of the civil and Spanish-American wars and Company G of Houghton tomorrow. A suitable program has been arranged and weather permitting it will be fully carried out. In the morning squads from the militia company and veterans will meet at the Armory and will drive to the town hall. Supper will be served at 6 o'clock and later in the evening a dance will be held and those who wish may attend the production of "When Reuben Comes to Town," an excellent musical comedy, at the Calumet theatre. The Odd Fellows will have a strong contingent, having over 1200 members. There are six lodges in the county, two in Calumet with a membership of over 300 each. The Calumet lodges are very wealthy, each having \$20,000 to \$25,000 in its treasury.

VERDICT WAS RECEIVED.

Justice Hooker finished his charge to the jury at 4:22 o'clock. At that hour the court room was densely crowded, at least half the spectators being residents of Cuba, the town where Bishop resides near where the crime was committed. Three minutes later the jury retired and a recess of ten minutes was declared. The defendant sought the fresh air and spent the dragging minutes in walking about the corridors in company with several of his college chums. The mother and sister remained in their accustomed places which they have occupied at each session of the long trial. A few old friends ventured inside the railing and spoke words of encouragement. The defendant's sister, Miss Allen, was particularly cheerful and anticipation of a favorable verdict was plainly discernible in her face. The ten minutes passed, then another and yet another and those who had been sanguine of an early verdict began to give up hope. Five minutes later there was a buzz of excitement about the door and the word was whispered around the court-room that the jury was coming. Then Bishop entered and took his seat. A painful silence ensued. Justice Hooker entered the court room and ascended the bench, followed a minute later by the jury. They passed slowly to their seats. Mrs. Bishop placed her hand in that of her son and together they scanned the faces of the men in whose keeping the lad's fate rested. Not a sign was apparent that would give them an intimation of the result of their deliberations. The daughter was far the most composed of the three. Behind them sat the father of the dead boy, Everett Austin, just as eagerly awaiting the decision. "Gentlemen of the jury, have you agreed upon a verdict?" asked the clerk. "We have," responded Charles F. Mensch, who had been chosen foreman, "we find the defendant not guilty." A second flutter the court room rang with applause. The court rapped for order and the tip-stone of justice was struck. Quiet was restored. The other eleven jurors arose. "So say you all," asked the court clerk. "So say we all," they answered in chorus. Justice Hooker discharged the defendant and adjourned this, closing one of the famous criminal cases in the jurisprudence of western New York.

PROPOSED PRESBYTERIAN CHURCH

Promoters Are Satisfied Project Will Be Successfully Carried Out. The Congregationalists of Portage Lake it is said are not looking kindly towards the proposed organization of a Presbyterian church society at Houghton steps for which are now being taken. A prominent member of the Congregational church said yesterday that it was his recollection that an agreement had been made some years ago by the two denominations which are in many ways similar to each other that the Presbyterians would not invade the field at Portage Lake. However, when the Presbyterians organize they will be left alone to enjoy the fruits of their labors and the church will no doubt work in harmony with each other. At Calumet there is a Presbyterian and a Congregational church and although Hancock has a Congregational church it is thought Houghton, Hancock and vicinity have enough Presbyterians to establish a successful church society at Houghton. There are many Presbyterians in Houghton and Hancock, many of whom now attend one church or the other such as the Methodist, Episcopal, Congregational or Baptist. However, the Presbyterians would be more satisfied to have church society and conduct services of their own. It appears as if the movement to organize in Houghton would be successful. Another meeting of the promoters was held last evening in the new hall in the Citizens' National bank building. Calumet Presbyterians were present last evening to assist in the proceedings. A social session followed and all became more acquainted with each other. The financial situation has been canvassed to some extent and sufficient promises have been given to formally organize. The society will have about twenty-five members at a straw I grabbed at Kodol. Dieting is unnecessary. After a few bottles I am sound and well." Kodol digests any good food and cures any form of stomach trouble. Stafford Drug Co. H. N. Meloche, Ishpeming.

R. R. GOODELL IN DULUTH.

Tells The Herald Man That Isle Royale Is a Coming Summer Resort. R. R. Goodell of Houghton is at the Spaulding. Mr. Goodell represents the English interests that own a large part of Isle Royale, and is here to close the sale of the log cabin house at Washington Harbor to George C. Howe, George G. Barnum and others, and also to close some other deals for cottage sites. He said this morning that three or four cottages for Duluth parties were already building at Washington Harbor. "I have also a deal for a site for a summer resort at Rock Harbor, a very picturesque harbor on the southeast side of Isle Royale, facing Upper Michigan." He is intending builder of this hotel is a Rock Island, Ill., man, who is not in any way connected with the hay fever association. Captain Singer tells me he has made arrangements for the building of a hotel at Washington Harbor, and it begins to seem as if we had at last made a fair start toward having Isle Royale's claims as a summer resort appreciated in a fair degree."—Duluth Evening Herald.

GUSTAVE SIBILSKY DEAD.

Gustave Sibilsky, a Texaco street saloonkeeper, died at 4:30 o'clock yesterday morning of stomach trouble after an illness of about two months. He leaves a wife and seven children. Funeral arrangements have not yet been made. Mr. Sibilsky was born forty-four years ago in Keweenaw county and during the past twenty years resided at Hancock. For sixteen years he was in the employ of the Bosch Brewing company but was in business for himself the last four years of his life.

ADVENTURE STAMP MILL.

Excellent Progress Being Made on Construction Work. Excellent progress is being made at the Adventure stamp mill, where everything promises to be in readiness when the mine equipment is complete. The pump is ready for service and the work of installing the first head is practically completed. The foundations for the second and third heads are in readiness. The water supply for the Adventure mill will be secured from a tunnel extended a distance of 1,400 feet under the bed of Lake Superior to a point where the depth of water is forty feet deep. The tunnel has already been extended for a distance of 500 feet. Production will commence with one head in operation, and the rock shipments will be increased gradually until the maximum is reached. The openings are ample to supply selected rock to the capacity of the stamp mill.—Hancock Journal.

Future of Phoenix Assured.

A good demand for Phoenix is setting in from copper country investors who are becoming more than ever convinced that the property is one of the best of those now being opened. The last three years' work under the conservative Stanton management, have worked wonders at the mine, and by the time the mill—the construction of which has been commenced—goes into commission in the fall there will be ample ground reserves to keep the plant in steady operation. The stamp rock is showing up surprisingly rich, and the mass and barrel work being taken out daily go a long way in helping to pay expenses. The prospects of Phoenix were never more rosate.

Baltic Lode.

Experts differ as to whether the Atlantic Mining company has struck the genuine Baltic lode in Section 16. And what does it matter? More to the point is whether the lode struck is a paying lode. If it is richer than the old Atlantic lode Mr. Stanton will be happy, and it does not require much to convey happiness to a man schooled in making the lean Atlantic lode pay.—Boston Herald.

John Stanton on Copper.

John Stanton in an interview at New York yesterday, said: "Before the break in the price of copper from 17 cents a large surplus had undoubtedly accumulated, but it is certain that this surplus has since been largely reduced. The production of copper in the country during the present year has not been any larger than during the same period of 1901. The consumption of copper, on the other hand, has increased over 20 per cent and when the full statistics for May are available an increase probably of 25 per cent will be shown. The export has also increased over 100 per cent, the figures in round numbers being 100,000,000 pounds as against only 70,000,000 pounds exported during the same period of 1901. When the price of copper was held around 17 cents, consumers only purchased from hand to mouth. Now they are buying liberally in large amounts. The price holds firm around 12 1/2 cents and the indications are that it will reach higher figures. The only cloud which I see on the copper market is the threatened strike of the bituminous coal miners. The strike of the anthracite miners will not seriously affect the copper industry. Any strike of the bituminous miners, however, will seriously affect the copper output. I am rushing as much soft coal to the Lake Superior district at the present moment as I can possibly lay my hands on, so as to be in as strong a position as possible. The present price of 12 1/2 cents is the normal one fixed by the inevitable law of supply and demand."

The Champion's Champion Record.

From May 3 to May 17, Champion stamped 2,500 tons of rock, yielding seventy-five tons of mineral. This production excludes the mass and barrel copper, which probably has never heretofore been equalled from an amygdaloidal vein. Shipments were made from B, C and D shafts. The bottom of D and E shafts is in rich ground, the latter being 850 feet deep. Preparations for stopping are under way in C and D, while connections will be made at the fourth level between D and E. The site for the new shaft has not been definitely located. The mine now has 18,000 feet of openings and new ground is being opened at the rate of 1,000 feet monthly. Twenty-seven drills are operating.

Tamarack Directors Meet.

The directors of the Tamarack and Osceola Mining company met yesterday but took no action in regard to dividends. Copper Gossip. A rock crusher will be installed at No. 2 shaft at the Wisconsin. The mine may operate the sixth head at the Atlantic mill when the new Champion mill goes into commission.

Another column we present the glad news that our home druggists in the upper peninsula have placed on sale a positive and sure cure, to stay cured, for catarrh of the head, nose, throat, lungs or stomach; all poisons of the blood; rheumatism—acute and chronic; eczema, the itch king of the blood. This remedy is Melinere, the only treatment that cures these diseases of the blood in America today. All the other "cures" are simply "recommended." A course of the Melinere treatment is guaranteed to cure or money refunded. Drop into druggists and talk the matter over. It will not cost anything to find out. MASS CITY NOTES.

The ball team, accompanied by the Finn band and a crowd of rooters, went to Ontonagon last Sunday to cross bats with the Sluggers of that place. The game up to the sixth inning was very good, the score at that stage being 2 to 1 in favor of the Sluggers. The score at the end of game was 8 to 1. The Mass City team made an excellent showing for the amount of practice the players have had. The weak places in the team are now known and when these are strengthened the team will give a good account of itself.

at the Monday meal nothing can compare with pure, high grade beer as a refresher and strengthener. And there is none to be had in this section better than the Upper Peninsula Brewing Co.'s brew. It's the perfection of brewing. Purity and maturity unite in making this excellent product equally beneficial for table and medicinal uses. Gives strength and vigor. Of uniform quality and highly palatable.

A BOYNTON CINC
LATEST MACCABEE RETURNS AP- PARENTLY SHOW IT.
EXPANSIONISTS FAR IN THE LEAD
WILL HAVE MORE THAN TWO-THIRDS VOTE, IT'S SAID.
Predicted by the Major That Order Will Double in Membership in Five Years—Gossip Concerning the Convention.

The latest advices from Port Huron show that delegates who will represent 487 tents at the big Maccabee convention to be held here in June have already been heard from on the question of expansion. These delegates will have a total vote of 1,312, and of this number 1,111 will be cast for the Boynton plan, the remaining 201—being classed either as against expansion or doubtful. The returns still to come, it is added, will not materially change the percentage.

Major Boynton says there is no question as to the proposition carrying by 75 per cent of the total vote of the great camp. He is only surprised that a simple vote should be cast against the simple business proposition to extend the work to other states, where a greater percentage of new blood can be obtained. He says the opposition to expansion is only personal in its character and that there is no valid argument against it.

A Simple Business Rule.
"It would be just as sensible for a manufacturing concern to refuse to send its products to an adjoining state where there is a demand for them," he says. "No other order in the country limits its operations to a single state. With over 100,000 Maccabees in Michigan, it is simply folly to oppose the application of a simple business rule."

"The supreme tent, the offspring of the great camp, that extends all over the United States and Canada, opposes the great camp going out. While the management of the branch are not openly active against it, those in the great camp opposing it are very much under the influence of the supreme tent officials."

Special effort was made at Port Huron, according to the same advices, to elect anti-expansion delegates. The supreme tent force of clerks and employees were very much in evidence, but cut a very small figure. Out of thirty-five tents in St. Clair county and nine in the city, the anti, with supreme grit, push and cash only carried one. There would not have been any opposition to expansion if there had been no supreme tent in Michigan.

"Expansion has won," said Major Boynton the confidence which the front dry rot, or absorption by the supreme tent. As an independent order, on a sound basis, it will reach out to other states and double its membership inside of five years."

Kind Words for Boynton.
The Detroit Evening News editorially says: "Just at present it looks as if the rank and file of the Maccabees are ready to entrust their future to the direction of the man who has done more than any other individual to build the organization up in numbers and enthusiasm. It has not yet been proved that low rates, abundant enthusiasm and the smaller risk that comes of youth is a superior guarantee of high rates and a non-ample reserve fund, and neither has the converse been demonstrated; but it is certain that the order is probably the largest and strongest in Michigan, and it is not certain that the change in policy was not brought about that the controlling order has had to have a non-ample expense fund to draw on. N. S. Boynton desires the confidence which the Maccabees seem ready to place in him, while the contagion of his own devotion to the cause is probably a stronger guaranty of continued prosperity than anything which is reducible to mere dollars and cents."

Says the Iron Mountain Press: "A prominent Attorney C. H. Thomas, a great camp officer of the Maccabees, has returned from an extended business trip through the central northern portions of the lower peninsula and reports that he finds the sentiment overwhelming in favor of extending the jurisdiction of the great camp into other states. Mr. Thomas reports the membership at large as having unlimited confidence in Major Boynton, the founder and father of the order, and believes they will follow his advice and give him an executive committee who will work with him."

Lady Maccabee Politics.
The coveted position of grand finance-keeper of the Ladies of the Maccabees has inspired a number of candidates. That of Mrs. Jennie Hyatt, a Detroit organizer, has been urged by her friends and this Detroit lady, it is believed, stands a good chance of securing the position. Mrs. Hyatt has been a member of the order since 1891 and was for five years finance-keeper of Grand River live. No. 102. During this time she organized Alpha live and afterwards became its lady commander. Her friends throughout the state are banking on her knowledge of the detail work of the order and on her consistent stand on the issues of the day for her. Mrs. Hyatt is also prominent in church and social work and is a member of the Eastern Star. She is an anti-expansionist, as is also Mrs. Lotta Becker Maxwell, past grand commander, who believes that she is entitled for her part of a grand record keeper and is conducting a hustling canvass for the position.

Sent Wife to Europe.
Mrs. Sarah J. La Tour of Detroit has been mentioned as a candidate for the position of L. O. T. M. called the Lady Maccabee. At present that paper is edited by the grand record keeper, but the anti-expansionists are trying to get the two positions divorced. Mrs.

La Tour has been named by the anti-expansionists for the place. She, however, makes this positive statement: "I cannot be a candidate for that position on the anti-expansion ticket because I am very decidedly an expansionist. I am pleased at the compliment paid me by the ladies who have suggested my name, of course. If the convention should choose to separate the office from that of grand record keeper, and should offer me the position as an expansionist, that would be another matter; I might accept."

Big Crowd from the Soo.
"Local Maccabees are making big preparations for and looking forward with joyful anticipation to the meeting of the great camp to be held at Marquette," says the Soo Times. "These leaving Monday secure a rate of \$3.50 for the round trip, but must return Wednesday. Those who wish to take in the entire week can go for \$8. It is expected about 150 will attend from the K. O. T. M. and the two ladies' hives. At a meeting of Washburn tent, K. O. T. M., Jeremiah Fleming was elected delegate and by a vote of the lodge will go unopposed as to the much mooted expansion question. Mrs. J. Fleming will represent one of the ladies' hives and Miss Campbell the other. The Bees' are strong and active. Washburn tent has 480 members and the combined membership of the L. O. T. M. will reach 500."

Will Wear Miners' Suits.
Isleping will be well represented at the great camp meeting, particularly on the first day. The three lodges have agreed to combine for the occasion and will come here in a body, each member being garbed in a miner's suit, consisting of a pair of brown overalls and breeches, and an oil lamp. A candlestick will also be worn, making the uniform very complete and attractive. It is expected that there will be fully three hundred Maccabees from the Hematite City in line in the parade which takes place on the opening day. The Isleping Order has been engaged and the head of the delegation in the parade. The delegates who will represent the Isleping tents in the great camp meeting are Messrs. John Hooper, Ambrose; Luke Demerise, Jacques Cartier, and John T. Nohi, Jr. These gentlemen have received no instructions from their lodges as to how to vote upon the prominent questions which will come up at the meeting but it is pretty generally understood that they favor expansion and will support Boynton for reelection as great commander.

Out for Medical Examiner.
Dr. John W. Kirkland of Lakeview has become a candidate for great medical examiner of the Michigan Maccabees. He has been a resident practitioner for twenty-four years and a prominent Maccabee for fifteen years. For three years he has held the office of commander and for two years was medical examiner of the Lakeview tent. He has been twice elected village president, and is an ex-postmaster.

Cheap Rate from Escanaba.
The Escanaba Maccabee committee has secured from the Northwestern road a rate of one fare for the round trip to Marquette and return. The rate is conditioned on 100 tickets being sold, and already the committee is assured of nearly that number of passengers.

Money on Deposit Here.
The funds with which the great camp will pay the mileage and per diem of the Maccabee delegates have been deposited in the First National bank here by the great finance keeper. About \$45,000 will be utilized for the purpose.

PLAINT OF A HUSBAND.
Jas. M. Evans Tells an Interesting Tale of Domestic Troubles.
The Chicago Record Herald gives another of the Evans family troubles now being aired in the Chicago courts. The former Hotel Superior man denies all the charges made by the wife, declaring they were concocted to aid her in securing a divorce, and in turn tells a strange tale of domestic infidelity and persecution. The newspaper article quoted is as follows:
James M. Evans, an inventor, who was arrested on a warrant sworn out by his wife, charging him with assault, tells a strange story, involving an alleged forced marriage, unproven accusations and intrigue. Evans occupies a flat at 52 Walton place. Mrs. Evans charges her husband with making threats to kill her and with attempting to throw her out of a window, live stories above the pavement.
Evans, who is a denure man of slight stature, not only denies that he ever threatened to kill his wife, but says he has been persecuted and hounded by her and her friends for the purpose of provoking him to a point where she could obtain evidence of cruelty upon which to base a divorce proceeding.
All day yesterday, Evans, who is at liberty on bail, with his fifteen-year-old son, Percy, stayed in his home behind barricaded doors because he said he feared his wife would attempt to kidnap the boy. He said that, though his wife had repeatedly mistreated the child, she loved him and would undoubtedly steal him if opportunity offered. Percy is a son of Evans' first wife, who had been secured a divorce several years ago, charging her with drunkenness.
"This is a plot of the black kind," said Evans yesterday. "No person will ever know what I have suffered during the last half year, but I have tried to live with this woman. Though I had kept company with my wife, whose maiden name was Georgia La Porte, for some time, I was practically tricked into the marriage. I have never accorded my wife but the kindest of treatment. I have supplied her with the finest of clothes and money when I had it. To help her, since I lost my money and we were unable to keep servants, I have even scrubbed the kitchen floor and washed the dishes."

She fascinates those she meets. Her one object in life appears to have a good time.
"While I was under arrest she and Mrs. Mel Thornton forced an entrance into our flat and took many things of value to me. Among these were papers showing my contracts with European and American concerns for the use of my patent motor and other inventions. She wanted to get hold of these papers, I presume, to use as evidence of my financial standing in asking for alimony in a divorce proceeding. On several occasions she has tried to ruin my business prospects by telling my friends of alleged crooked work on my part."

Child Loyal to Father.
Percy, the child, appears loyal to his father, and said he certainly did not want to live with his mother, as she had choked him. Evans says that one of the promises he made his wife before marriage was that he would give her the boy. The latter was given under-stand that the present Mrs. Evans was his mother.
"Mrs. Evans is my closest friend," said Mrs. Thornton. "I have known her since she was in short dresses. Her husband has been cruel to her. This is not the first time he has struck her. Regardless of disclosures that may come out, I will stick to her until my last breath is blown."

Mrs. Thornton says that when Mrs. Evans came to her flat Wednesday night she was clothed only in her night gown and that she was so badly injured that the services of a physician were necessary. Mrs. Thornton declined to give the name of the physician called.

Evans is apparently a man who has experienced wealth and reverses. His flat is artistically and expensively furnished. He has been issued letters patent for fifty-two devices, the most important of which are an ice machine and a motor. He says he now has a \$3,000,000 contract with the German government for the use of the motor.

In the neighborhood in which the couple reside Evans has the reputation of one appears to be best known as a beautiful woman who wears handsome gowns.

Paine's Celery Compound
Will Secure For You the Health That Other Medicines Cannot Give.
IT STANDS FIRST AND HIGHEST IN PUBLIC ESTIMATION.
The Use of One Bottle Convincing the Sceptic and Unbeliever.

The tone, character and quality of the testimonials published in favor of Paine's Celery Compound have firmly established its position in the homes of all intelligent and thoughtful people.
Paine's Celery Compound has always appeared to the sick and suffering with honest statements and solid facts. Some doubters—with honest purpose—have taken the trouble to write to, and in many cases have interviewed, the writers of published testimonials. In every case they have been thoroughly satisfied, and continued their use of Paine's Celery Compound effected cures that were marvelous, astonishing and happy.
Paine's Celery Compound claims a field not successfully filled by any other remedy known to medical science. It is the medicine on which the poor, disappointed sufferer can rely after all other medicines fail, when doctors give the patient up as incurable.
To the weak, debilitated nervous, broken down and despondent, Paine's Celery Compound gives a new and joyous existence. It strengthens the digestive powers, renews the blood, and acts in the vitalizing, curative, thorough manner that makes it the greatest help to suffering men and women that the world of medicine affords. The best test that can be applied to Paine's Celery Compound is to use it.

TRIP AROUND THE WORLD.

It was One of the Most Enjoyable Functions Ever Held Here.

The ladies of the Presbyterian church did themselves proud Tuesday evening in their "Trip Around the World." Those who took the trip are still talking in praise of the function. It was quite unique and the entertainment provided in each country was a most agreeable surprise to all. Several bus loads of men, women and children left the Presbyterian church at intervals of fifteen minutes. As fast as one crowd departed from a country another was there to take its place, so that the program rendered were on the continuous order. The lunches served at each place were appropriate to the country represented. For instance, in Ireland, Irish stew was served to the tourists.

The first place visited was Japan, which was represented at the home of Dr. and Mrs. G. G. Barnett; from there the visitors went to Scotland at the home of Dr. T. A. Felch; Africa was next visited at the home of Manville Jenks; from there the tourists went to Ireland at H. S. Thompson's residence; Turkey was represented by Mrs. W. E. McKee; Sweden at J. C. Altschwager's. The journey ended at the United States, which was at the home of C. L. Anderson.

The decorations at every place were perfect. Some very novel sights were seen, and the costumes were a revelation to all who took the trip. Although the entertainment was quite expensive, the ladies realized a snug sum for the church society.

AT CLEVELAND SCHOOL TODAY.

The teachers and children of this school have arranged a very interesting program composed of songs, recitations and drills and will be pleased to see all their friends, and also parents, this afternoon at 2 o'clock. They will be assisted by Master Stephen Slaymaker, Mrs. Watson, Miss Peavy and Master George W. W. McKee. The recent art donations composed of a great many beautiful pictures, easels and Mexican pottery, will be in place, and after the program is finished all will be taken through the different rooms where they may look at the art work, and will also find an exhibit of the children's work in each grade, also a number of beautiful window boxes recently added. If there are any who wish to visit the school after school hours, the teachers will be there and will be very much pleased to see them.

TWO OLD STAGERS.

Owan Fawcett and L. W. Browning, the two comedians who appeared in "The Taming of the Shrew" with the C. B. Hanford company at the opera house here last night, are among the oldest comedians on the American stage. Thirty-five years ago they appeared with Edwin Booth's company in the parts they played here last night. Some years later they were the comedians with the Booth-Barrett company. Mr. Hanford was also a member of the latter combination when the veteran comedians were with the show. Ishpeming people who did not see Mr. Hanford and his company last night missed one of the best things that has ever been produced on the local stage.

THE READJUSTMENT PLAN.

John Sullivan of Kansas City Gave Marquette County Woodmen a Good Talk.

If the question of adopting the readjustment plan of rates as proposed by the committee named for that purpose at the last session of the head camp of the Modern Woodmen of America was left to the members who assembled at the Finnish Co-operative society's hall Tuesday evening to hear Hon. John Sullivan of Kansas City, the vote would be unanimously in its favor. There were several in the audience who at the start did not favor the proposed plan but before Mr. Sullivan finished his talk all were enthusiastically in favor of it. Mr. Sullivan held the platform for over three hours. During the greater part of that time a pin could be heard drop on the floor, so attentively did those present listen to his arguments.

Insurance Would Be Cheaper.

It will doubtless surprise those who have not given the question much consideration to know that under the proposed new plan members under forty-five years of age will pay a lower rate on each \$1,000 insurance than they are

paying under the present plan. The schedule proposed is that which the Fraternal Council decided some time ago should be adopted in order to meet the cost of insurance in the average fraternal society. The Woodmen's new plan, if adopted, would still be cheaper than that of any other fraternal society in existence.

Mr. Sullivan proved to the satisfaction of his hearers that according to the death rate of the Woodmen for the past few years it would not be necessary to levy as many assessments under the new plan as it has been under the old. Thus, if a member twenty years of age pays only two cents per assessment in excess of what he is now paying the aggregate will be lower. It is figured that under the new plan not more than seven assessments a year will be necessary at the start to meet all obligations. At this rate the member of twenty years of age will get insurance for a little over \$3 a year, while the man of forty-five will pay about as much as he pays under the present plan. Members over fifty years of age will pay a much higher rate than they are now paying. According to the most reliable mortality statistics that could be obtained, the adjustment committee has found that the death rate of men whose ages average forty-eight years is four times as great as is the average of members aged twenty-four. Men whose ages average fifty-seven years have a death rate eight times as large as men of twenty, and men of sixty-six years average twenty deaths to one of those aged twenty. This being true it is natural that the old men should pay more for their insurance than should the young men.

Insurance at Actual Cost.

The new plan proposed by the Woodmen is one based upon the actual cost of a member's insurance. One advantage the new plan would have over all others in force by other fraternal societies is the method of creating a reserve. As stated above, the rate of insurance paid by the members under forty-five years of age would be in excess

of the actual cost of the insurance. The excess would foot up about twelve per cent. With compound interest at four per cent the sum paid in would amount to several hundred dollars by the time a man reaches the age of seventy. Five cents would be taken from each assessment of the young men who are paying more than enough to meet the actual cost of their insurance and placed to the credit of the older men. In other words, the old men pay just that much less than their insurance costs. In this way the young men help to pay the insurance of the older members.

When a member reaches the age of seventy he will be privileged to take a paid up policy for a sum figured on a basis of the number of years in which he has held membership, or he can withdraw the cash that is coming to him to the sum represented by the over payments before he reached the age of forty-five bearing interest at the rate of four per cent.

Change of Plan Necessary.

Mr. Sullivan advanced several strong arguments in favor of the readjustment plan. Among other things, he called attention to the fact that the day is not far distant when the legislative bodies of the different states will pass laws making it compulsory on the part of every fraternal insurance organization to not fix its rates below a certain figure. It is evident that societies cannot live many years if the assessed rate is below the actual cost of the insurance. The

Kansas City man, Sullivan met two or three of the men at the bottom of the opposition movement in joint debate and he did not leave them a leg to stand on. Before he left the Grand Rapids every camp but one in Grand Rapids was with him. They have arranged for another big public meeting to be held there soon and Mr. Sullivan will be the principal speaker. The men pushing the opposition movement will be invited to talk, but its ten to one that they will not go into debate with Sullivan again.

There are many points of interest relative to the new plan that The Mining Journal could give, but lack of space prevents an extended statement of them at this time.

At the conclusion of Mr. Sullivan's lecture he answered every question asked him by the Woodmen present and every answer given was satisfactory to the members.

IS BUILDING UP NORTH END OF CITY TO BE THICKLY POPULATED.

LOTS ARE IN GREAT DEMAND MOST OF THEM BOUGHT BY PERSONS WHO WILL BUILD.

September First Will See Fifty Dwellings on the Addition Near the Normal Recently Purchased by E. H. Towar.

It is evident that the section of the city in the vicinity of the old fair grounds and the Normal school is destined to become thickly populated.

Ample evidence of the growth of the north end of the city is not only found in the construction of the many houses which have been erected north of Hewitt avenue during the past couple of years, but also in the demand for lots in that section.

A few months ago E. H. Towar purchased the strip of land known as the Marquette Land company's addition No. 2. The construction of three dwellings were started this spring and have since been sold.

Independent of what is going in the north end of town, and taking the city as a whole, it is doubtful that in any year in the past decade has there been more building or improvement work accomplished than will be done this season.
