## PEACE CELEBRATED

### LONDON GOES MAD WITH JOY OVER CONCLUSION OF WAR.

### TERMS OF SURRENDER LIBERAL

### SELF-GOVERNMENT SUBSTITUTED FOR MILITARY OCCUPATION.

### Kruger and Associates in Europe Refuse to Discuss Agreement but It Is Believed They Do Not Approve.

London, June 2.—The announcement of peace was celebrated in London tonight. Hundreds of thousands of people surged through the streets. There was a tremendous noise and a pandemonium of horns and cheers. The crowds concentrated in Regent street, and the Strand and let themselves loose. In some quarters comment on "peace with honor" ending of the war was that Great Britain "has the peace and the Boers have all the honor."

The decorations and illuminations took on a more organized form as the common soldiers, American and British, the Irish flags figured largely among the decorations while the new ensign of the Australian federation made its first appearance in the national celebration. A curious feature of the street scenes was that banners were carried in several processions bearing the inscription "Hurray Buller." Not a cab, carriage or bus driven through the streets tonight but was decorated with flags or some other sign of rejoicing.

Throughout the evening the crowds exhibited the utmost good humor and while some of the worst elements in London took advantage of the opportunity to disgrace themselves, the announcement of peace, on the whole, was received with merely mild "demonstrations."

House of Commons Thronged.  
Not in years had the house of commons been so thronged with such a brilliant, enthusiastic audience as when Balfour announced this afternoon that peace terms were concluded with the Boers. An hour before the house met, a large crowd on Whitehall vociferously cheered the notable politicians, particularly Colonial Secretary Chamberlain, Chamberlain and Balfour received great ovations as they walked to their seats. Amid breathless silence, broken a few seconds later by applause such as the common soldiers heard, Balfour announced the terms on which the war ended. Reference to the Boers' acknowledgment of King Edward as their sovereign made the hit of the day.

As the liberality of the terms grew plainer, cheers on the government side diminished, while the opposition's satisfaction proportionately increased. Through all this the Irish members sat impassive, though earlier in the afternoon they had startled the house by a demonstration which at first was thought to be in honor of peace, but which it was soon discovered was caused by the reappearance in the house of William Russell, who has just returned from the United States.

### Terms of Peace.

The house of commons was crowded this afternoon when Government Leader Balfour announced that the terms of peace in South Africa were as follows:  
The burgher forces will lay down their arms, hand over all their rifles, guns and ammunition of war, in their possession or under their control.  
All prisoners will be brought back as soon as possible to South Africa, without the loss of liberty or property.  
No action will be taken against the prisoners, except where they were guilty of breaches of the rules of war.  
Dutch will be taught in the schools, if desired by the parents and used in the courts, if necessary.  
Rifles will be allowed for protection.  
The military occupation will be withdrawn as soon as possible and self-government substituted.  
There will be no tax on the Transvaal to pay the cost of the war.  
The sum of three million pounds sterling is provided for restocking the Boers' farms.  
The rebels are liable to trial, according to the law of the colony to which they belong. The rank and file will be disfranchised for life but the death penalty will not be inflicted.

### London Papers Comment.

Judging from the opinions of public men and the editorials of London newspapers, the terms of peace appear to meet with approval on all sides, but the extremists, both jingo and pro-Boer parties find something to cavil at.  
The Chronicle this morning says: "The close of the war has converted us all to pro-Boerism. England, as a whole, has taken her triumph as she took her disaster; with sobriety and discretion which should help our former enemies over remaining rough places to lasting friendship." Though the spirit of the terms of peace are criticised, every one recognizes them as reasonable and generous. The News, pro-Boer, calls it "peace with reason" and says "we sincerely congratulate the government upon a diplomatic achievement in which every detail stands out in solitary contrast to its past record of blunders and confusion."  
The Mail and Telegraph, jingo organs, both express unbounded satisfaction with the peace terms. The former only complains that no war tax is to be levied on the conquered territories, "which

### CLAIMS KNOWLEDGE OF MISS ELY.

Kansas City, June 2.—Thomas Atkins, janitor of the Scarritt school in this city, was arrested tonight. It is said he made an offer to disclose, for a consideration of \$5,000, the present whereabouts of Florence A. Ely and nephew Frank E. Rogers, who mysteriously disappeared from Evanston, Ill., July 13, 1901.

### ACCIDENT AT ELKS' FAIR.

Minneapolis, June 2.—At the Elks' fair today while a woman performer was making a spectacular slide along a taut wire, the supporting post broke. The wire struck and fatally injured George Sweeney. Other accidents occurred and several persons were slightly injured.

## OVERLOOKED A BIG SUM.

### Burglars Break Open Safe Find Small Amount of Money but Pass \$1,500.

### Metropolis, Ill., June 2.—Two stores were broken into and safes blown open in Samet and New Columbia in this county. A small amount of money was secured. Fifteen hundred dollars in a strong box inside one safe was not found. The work was evidently done by an organized band of burglars operating in southern Illinois. It is the fourth burglary within the week in this section.

### VISIT CRATER OF SOUVRIERE.

### American Scientists Succeed in Reaching Top of Mountain.

St. Vincent, B. W. I., June 2.—A party of American scientists Saturday reached the rim of the crater of Soufriere volcano. There was no trace whatever of vegetation but there had been no change in the topographical outlines of the mountain on the western side and the old crater retained its trace in beauty. A great mass of water that formerly lay serenely about a hundred feet below the rim of the crater, had disappeared and the crater appeared to be a dreadful chasm over two hundred feet deep. "With the aid of a glass, water was made out at the bottom of this abyss."  
At the western base of Soufriere a subsidence of a depth of a hundred feet has occurred for an area of a square mile.

## RIGHT TO GOVERN

### SENATOR MASON URGES FILIPINOS BE GIVEN THAT PRIVILEGE.

### HOUSE THANKS SECRETARY HAY FOR SPEECH ON M'KINLEY.

### Rep. Clark Opposes Resolution and Is Supported by Number of Democrats, but Measure Is Finally Passed.

Washington, June 2.—Little interest was manifested in the senate debate on the Philippine government bill today under the fifteen minute rule. At two or three stages it almost died of inanition. Senator Mason of Illinois, in a vigorous speech differed from the majority in the treatment proposed for the Filipinos. He urged that no reason existed for according them treatment different from that accorded the Cubans and strongly advised that they be afforded the right to govern themselves. He said he would not have voted for the Paris treaty but for an open understanding among the senators that the Filipinos were to be given their independence as soon as they were ready for it.  
Other senators who spoke today were Hoar, Foraker, Cullom, Bacon, Patterson, Teller, Carmack and Proctor. Early in the session some amendments were made to the bill by the Philippine committee, the most important of which related to the disposition of public lands in the islands.  
House Thanks Secretary Hay.  
The house, today by a vote of 129 to 46, suspended the rules and adopted a joint resolution extending the thanks of congress to Secretary of State Hay for an address on the occasion of the McKinley memorial exercises last February. Unanimous consent to the consideration of this resolution was objected to by Representative De Armond of Missouri, sometime ago and today Representative Clark of Missouri, made a twenty minute speech in opposition to its adoption on the ground that Secretary Hay had abused the occasion by injecting a "Republican stump speech" into the address. Representative Hooker of Mississippi, once a Confederate veteran, delivered an eloquent defense of Secretary Hay's address, denying that it contained anything objectionable from a political standpoint. Representative Grosvenor of Ohio, in charge of the resolution, argued that Secretary Hay in considering the martyred president could not divorce the man from his achievements and his record as a manly partisan. Only forty-six Democrats voted with Representative Clark against the resolution.

### SHOT BY JEALOUS NEGRO.

Bohemian Teamster Wounded in a Quarrel Over a Girl.  
Chicago, June 2.—Frank Zeman probably was fatally shot at 9 o'clock last night by Leslie Wilson, a colored man. The victim, who is a Bohemian teamster, lives at 428 Ogden avenue. His assailant lives at the same place. The shooting was the result of jealousy on the part of Wilson. Zeman, it is said, had won the affections of a young colored woman. Wilson bought a revolver and, after quarreling with Zeman, shot him three times, one of the bullets entering the abdomen. Wilson escaped and Zeman was taken to the county hospital.

### RAILROAD IN TROUBLE.

### Iowa Central and Chicago, Burlington & Quincy Dispute Over Crossing.

Oskaloosa, Ia., June 2.—A serious dispute has arisen between the construction gangs of the Iowa Central and the Chicago, Burlington & Quincy roads regarding a crossing over the Central tracks by the Burlington & Western, operated by the "Q" system. The Burlington stole a march on the right of way with a large construction gang and laid a track to the Iowa Central. The crossing is now guarded by a large force of Iowa Central men. The dispute is likely to be carried into the courts in form of an application for injunction.

### EQUAL RIGHTS TO ASSETS.

Des Moines, June 2.—Judge Shiras, of the federal court of Dubuque, today handed down an opinion in a bankruptcy case, holding that individual creditors and creditors of firms have equal rights to the assets of a petitioner. This is a ruling on a point never before covered.

## TAFT NOT SERIOUSLY ILL.

### Head of Philippine Commission Received by Papi Secretary.

Rome, June 2.—The illness of Governor Taft, who is suffering from tonsillitis, is not considered serious. He is confined to his room by a slight fever. Cardinal Rampolla, the papal secretary of state, received Governor Taft today. Bishop O'Gorman of Sioux Falls, S. D., acted as interpreter. Upon receipt of the news of the conclusion of peace in South Africa the pope expressed his joy, adding: "I hope to close my eyes on a world wide peace."  
**LET OFF LIGHT.**  
Manufacturer of Bogus Postal Cards Sentenced for Two Years.

### Chicago, June 2.—E. Louis Smith, who ran an establishment for making bogus postal cards that was the largest rival to the government printing office ever discovered and who put millions of counterfeit cards on the market, was sentenced today to two years in the penitentiary. The law permits a penalty of twenty years, but clemency was recommended by the postoffice department.

### CARPENTERS STRIKE.

Quincy, Ill., June 2.—The union carpenters here struck today in an increase of five cents an hour in wages. The leaders say a general sympathetic strike which will call out every union man in the city, is probable.

## ORDER IS OBEYED

### ENGINEERS, FIREMEN AND PUMPMEN RESPOND TO STRIKE CALL.

### OPERATORS SUCCEED IN KEEPING THE PUMPS WORKING.

### Neither Side Claims a Victory So Far but Employers Feel They Have the Advantage—Test Will Come Today.

Wilkesbarre, Pa., June 2.—The order calling out the engineers, firemen and pumpmen, went into effect today, and the majority of the men obeyed. Neither side can claim a victory at this time because of the struggle this phase of the miners' strike has just opened. There was only a partial showing of strength today. The real test will begin tomorrow. Although the majority of men quit work the companies, generally speaking, succeeded in keeping the pumps in operation. The operators feel that at present they have the advantage but not so many as they had last night. The exact number of men who quit today cannot be obtained. Each side refuses to make public their figures, but gave out information that only roughly estimates the number affected. These estimates are far apart.

### THREW MEAT INTO STREET.

Another fight took place tonight. Two retail firms were hauling meat from the packing houses under a police escort. The wagons had gone some distance but the crowd grew so large and became so threatening that it was deemed best to turn back. The mob had grown so dense that the wagons could not be driven through, and the police thought to frighten the crowd by a display of revolvers. While this was going on the meat was removed from the axes and the traces were cut. The strikers clamored into the wagons and threw the meat into the street. Police reinforcements arrived and fought back the crowds. Six rioters were arrested including a negro who had just made a vicious attack and seriously injured a sergeant. Under a heavy guard the meat was picked up from the street and placed in the wagons again and taken to the meat houses. A large force of extra police was sent to guard the packing plants tonight. It is said the packers have brought to Chicago several carloads of negroes to be put to work tomorrow. If true it is believed there will be an outbreak in the stock yards, and the police are preparing for it.

### DECREASE IN PUBLIC DEBT.

### Record for May Shows Our Obligations Are Out Down \$645,403.

Washington, June 2.—At the close of business May 31, the public debt less the cash in the treasury was \$982,469,573, a decrease for the month of \$645,403. During May the coinage was \$2,559,350. The government receipts for May were \$49,500,440; expenditures, \$38,746,797; surplus, \$10,753,643. At the close of business May 31 the total circulation of national bank notes was \$356,747,184, an increase for the year of \$5,164,394 and a decrease for the month of \$249,215.

### ERUPTION OF REDOUBT VOLCANO.

Seattle, Wash., June 2.—The passengers from Cook Inlet who arrived by the steamer Chico confirm the previous rumors of another eruption of Redoubt volcano. The ship's course out of the inlet left the volcano directly to westward, at which point it looked as if a continuous sheet of fire was rising and probably miles high.

## FIERCE RIOTING

### STRIKING STOCK YARDS TEAMSTERS AND POLICE CLASH.

### FISTS, STONES AND CLUBS USED

### OFFICERS SEVERELY HANDLED BY THE MOBS.

### Trouble Caused by Attempt to Deliver Meat for Packers—Streets Blackened and Beef Thrown Into the Gutters.

Chicago, June 2.—Riot and bloodshed marked the progress of the teamsters' strike today. There were numerous fights between the police and strikers and their sympathizers. Street car traffic was stopped while the fighting went on. The police and employees of the packing companies were stoned. At some place when surrounded by a dense crowd of men and women, the police, maddened by numerous stones with which they were pelted, drew revolvers, and charged full into the crowd, which showed no disposition to retreat. Fists, stones and clubs were brought into requisition by the strikers and the police used their batons and butt ends of revolvers freely. When this fight was over there were a number of strikers needing surgical attention, though none were dangerously injured as far as known.  
**Mob Attacks Police.**  
The most serious trouble was in the quarter known as "Little Hell." The police were escorting a line of meat wagons, when teamsters in sympathy with the strikers managed frequently to blockade the street. Many more of the packers arrested one teamster who refused to move out of the way the crowd immediately opened the attack with stones, bricks and sticks. The police maintained their position but the crowd grew to such proportions that they retreated a short distance, then made a stand and finally charged into the crowd with drawn revolvers. Many of the mob were struck down and eventually the police drove them away. The police returning to the wagons, the mob again formed but did not renew the assault. In this fight about a dozen officers were badly bruised and nearly all had torn clothing. Many more of the mob were badly used up, but as they were all taken off by friends, it is impossible to guess their number. By the time the horns were reached the anger of the crowd had grown to fever heat. An attempt was made to cross Halsted street but in less than ten minutes a blockade was formed which it took two hours to release. The crowd jered the police when they attempted to raise the blockade, and when the officers displayed force, the crowd again became angry. Stones were thrown at the police and the rioters were clubbed and dragged to the patrol wagons. Finally the police succeeded in getting the wagons to the barns.

# Fortune Telling

does not take into consideration the one essential to woman's happiness—womanly health. There is many a woman whose future seems absolutely unclouded who is marked by her own condition for future disappointment and distress.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health she loses its lustre and gold is but brass. Womanly health may be retained or regained by the use of Dr. Pierce's Favorite Prescription. It establishes regularity, drives the drains which weaken women, heals inflammation and ulceration and cures female weakness. It makes weak women strong, sick women well.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I have taken six bottles of Dr. Pierce's Favorite Prescription," writes Miss M. E. of Orlinda, Pleasant Pellets "as you advised for my uterus, ovaries, and weakness, and can safely say that your medicine has been the means of restoring me to good health again, which I had not had for over three years, until taking your medicine. I thank you very much for your kind and prompt attention to my letter asking advice."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

CHARTER No. 390.

Per month, by express. . . . . \$1.50  
Per year, by mail. . . . . 15.00

MARQUETTE, MICH., JUNE 3.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The Menominee Herald is taking the congressional candidacy of Hon. John W. Jocchim quite seriously. It is doubtful if Mr. Jocchim himself ever regarded it as anything but a campaign joke—or josh.

So far as The Mining Journal has knowledge of his plans, Hon. H. O. Young has never thought of making an effort to get the Houghton county delegation. He concedes that a Houghton county man has the best Wright to that.

And now comes the Ontonagon Herald with an announcement that it is for Sheldon, first, last and all the rest of the time. It took the Ontonagon organ a considerable time to decide what tune it would play, but now that it has settled that question it may be expected to thrum away on it with the vigor of a steam piano.

If the Democrats of Michigan could get the right man to run for governor and could muster the votes needed to elect him they would cut a wide swath in the election of this year. But while they are long on good gubernatorial material they are woefully short on the votes needed to place their candidate in the governor's chair. That is what is bothering them.

By direction of the president, the secretary of war has issued an order further reducing the regular army. The reduction will take 10,700 men out of the military service and will bring the army down to a strength of 66,497 men and officers. This should greatly relieve those timorous Democrats who have been alarming themselves and trying to alarm others with the lugubrious of a military imperialism in this country.

Querily enough, Mr. Newett seems to have been kept in ignorance of how much Governor Bliss once thought of him, and how far the governor went in the endeavor to make him a member of the state tax commission. All the Michigan Central's "pull" with the governor wouldn't have kept Mr. Newett off that commission if the governor's closest friends in the senate had been able to secure his confirmation.

At last the Boer war is ended. What the terms of settlement are is not yet known, but the presumption is that they were not as severe as those heretofore proposed by the British, which amounted to an unconditional surrender. The joy with which the news that the terms of surrender in London and throughout the British empire goes to show how great the strain of the war was on the British empire. The Boers made a gallant fight and it is to be hoped that the terms accorded them will prove the foundation for an enduring peace in South Africa, but that is a good deal to expect.

High hopes in electric traction interests of various kinds will be excited by Mr. Edison's announcement that he has solved the 100-mile automobile problem. A storage battery capable of propelling an automobile that distance without recharging has been the pressing demand of manufacturers of this vehicle and their best patrons, and if Mr. Edison makes good his words a great stimulus to this industry will be supplied. But his announcement is far more comprehensive than that. It implies the perfecting of the storage battery for street cars as well, and the inventor will shortly begin to manufacture it. A light storage battery is admittedly the ideal motive power for street cars. Some time ago Mr. Edison promised that he should have such a battery, and it is difficult to believe that his judgment would allow without good reason a public statement that he had performed his promise. If he has, the disappearance of all other motive powers in automobiles, and of the trolley system in street railways, is, according to experts, only a question of time.

The Michigan club banquet at Detroit Saturday night was a very successful affair. It brought out a good attendance of leading Republicans from all parts of the state and was marked by the old-time party enthusiasm. The principal address was that of Secretary of the Navy Moody, whose theme was the policy and methods of the administration in the Philippines, which he eloquently and convincingly defended. Governor Bliss was present and delivered a brief but effective welcoming speech. The governor was received with a heartiness serving to establish that the bulk of the leaders of his party are with him in the gubernatorial contest of this year. Mr. Stearns was down on the list of those who were to be present but didn't show up, much to the disappointment of his supporters. Hon. Warren explained that he was busy in another part of the state "getting another county," so couldn't attend. That was a good excuse, for Stearns

needs delegates to the state convention a good deal more than he does good things to eat and drink just now. He has the money to buy all of the latter he can desire, but it is doubtful if he can get all the delegates he will need by purchase or otherwise.

### FOUND IT TOO EXPENSIVE.

It is a rather undignified state of affairs that compels Lord Hopetoun, the first governor general of the commonwealth of Australia, to resign his position. He has been out there a little more than a year, and seems to be thoroughly well liked; but he says he cannot afford to pay \$40,000 or \$50,000 a year out of his own pocket in order to represent his king. His salary is \$50,000 a year, the same as that of the governor general of Canada and of the president of the United States. Under ordinary conditions this would be sufficient to maintain the pomp and circumstance demanded of one in his position. Unfortunately, however, he is compelled to keep up two establishments, one in Melbourne and one in Sydney, and all future governor generals will be compelled to do likewise until a federal capital to the commonwealth has been established.

The original plan was to have him live in Melbourne, but New South Wales refused to allow Victoria to gather in all the glory, and made it a condition to her consent to the federation that the governor general have a palace in Sydney as well as in Melbourne. This was done, but New South Wales is not willing to pay for her, consequently Lord Hopetoun has been compelled to maintain by gorgeous vice regal courts, it strikes one that Australia ought to be willing to pay for it, even at the expense of some of her state governors, the six of whom receive all told \$150,000 a year.

### PURITY OF ELECTIONS.

The committee on primary elections of the Republican state league, of which Homer Warren of Detroit is chairman, asks The Mining Journal's opinion on this form of resolution, declaratory of the attitude of the party in the state on election reform, which it is presumed will be submitted to the state convention when it meets, with the recommendation of the committee that it be adopted:

The Republican party has ever been a staunch defender of purity of elections. Its record in the congress and in all of the states of the union is consistently uniform in advocacy of a free and uncorrupted ballot.

The Republican party of Michigan, through its ablest and most unselfish leaders, has pronounced in favor of a pure election reform, the object of which is to secure the enactment of a law for this state under which nominees for public office and delegates to necessary conventions shall be elected by direct vote of members of the party in primary elections to be held for such purpose.

The prevailing system of caucus and convention has brought scandal upon all political parties. Men of large means have not scrupled to use their money unjustly and unfairly to secure coveted honors. In a few instances the use of money has been corrupting. It is always hostile to the best interests of the party and in contempt of political morals.

The primary election system, if adopted, abolishes unnecessary conventions, discourages the illegitimate and unfair use of money, and makes it possible for every qualified citizen to aspire for office notwithstanding existing disparities of wealth.

This convention therefore declares itself emphatically in favor of the enactment of a primary election law, to be applicable to all parts of the state and the state at large, and pledges itself to promote the candidacy only of those who will pledge themselves to vote for such a measure, if elected to the legislature.

That the system of selecting candidates now in general use in the state is open to serious objection is admitted. It is too easily adapted to the needs of the professional politicians to give results acceptable to the body of honest voters who only aim in the exercise of their rights as citizens in the promotion of good government. In the theory it is simple and efficacious, for the voters have the privilege of making their choice of candidates for office through the caucus and convention, with the certainty that if they all turn out to the caucuses and vote wisely and in accordance with their convictions the convention will give effect to the will of the majority, and the most deserving candidates for the offices to be filled will be the ones chosen. But in practice it often works a defeat of the popular will, and saddles on the party the choice of a coterie of political managers, who lead up to the result they desire to have brought about, by getting control of the nominating convention through shrewd manipulation of the caucuses, instead of that of the honest majority of its voters.

A system of some kind that will give us relief from the abuses which have grown up under that now in use would work great good to the state, indisputably. But will a primary election law, such as proposed, accomplish this? That is a disputed question. Would the voters who now stay away from the caucuses through indifference

### Headache

### Hood's Pills

The non-irritating cathartic. Price 25 cents of all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

# The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so inconspicuous. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisonous blood will attack the vital organs of the kidneys themselves break down and waste away and by and by

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free by mail, Address: Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

We are not arguing against a reform in election methods, the need of which is too palpable to be successfully disputed. If the primary election will bring about such a reform let us have it, by all means. But we confess to a doubt on that point, for we fail to see how the adoption of that system of selecting candidates for office will do away with the source of the evil complained of, that being the neglect of a plain duty on the part of a large class of the better class of voters, who are never in evidence at the caucuses, and rarely seen in nominating conventions, and to whose disregard of an obligation resting on them as voters the corruption that has developed in our politics is mainly due.

### FILTHY TEMPLES IN INDIA.

Sacred cows often defile Indian temples, but worse yet is a body that is polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c at The Stafford Drug Co.'s drug store.

### READY TO YIELD.

"I used DeWitt's Witch Hazel Salve for piles and found it a cure," says S. R. Meredith, Willow Grove, Del. Piles always yield to DeWitt's Witch Hazel Salve. Cures skin diseases, all kinds of sores. Accept no counterfeits. The Stafford Drug Co., H. N. Melochie, Ishpeming.

### BIDS WANTED.

Sealed bids will be received by the undersigned until June 4th next, for the purchase of the old poor house and contents also the barn now used as a stable. Rock in basement not included in sale. For particulars inquire of the undersigned, at the Poor Farm. The right to reject any or all bids is reserved.

**GIRL KILLED BY MORPHINE.**

Minnie Bennett, a Victim of the Drug, Is Found Dead in a Chair.  
Miss Minnie Bennett was found dead in a chair at 10 o'clock yesterday morning in the house of Mrs. Helen Standish, a resort at Lake View, near Calumet. Death was presumably due to an overdose of morphine, the girl having been addicted to its use. Dr. LaBarge was called and upon his investigation the report of the coroner will depend.

**YOUTHFUL BURGLARS.**

Number of Boys Broke Into John Morgan's Store at Schoolcraft.  
John Morgan of Schoolcraft appeared in Justice Fisher's court, Calumet, yesterday morning and applied for the arrest of a number of boys who broke into his store and market after closing Saturday night and made way with cigars and clothing. The youthful robbers smashed a pane of glass to gain entrance into the place. Mr. Morgan said that he thought he knew who some of the boys were but the judge advised him to get more evidence before prosecuting.

**DOLLAR BAY TEAM WINS.**

Shuts Out Club from Lake Linden in Game Sunday.  
The Dollar Bay baseball team was victorious in its contest with the Lake Linden senior team at Dollar Bay Sunday afternoon, the ball tossers from the village of the mill going down in ignominious defeat to the tune of 16 to 0. The shutout was a complete surprise to the Lake Linden team, anything but that being expected. The match was witnessed by a large number of enthusiasts from Dollar Bay and Lake Linden. The Dollar Bay team played an excellent fielding game throughout and their batting was on the first-class order. A return game will be played at Lake Linden in the near future. Dollar Bay is certainly a factor in the upper peninsula championship race this season.

**PREPARING FOR ELKS' CARNIVAL.**

Street Fair in July Will be a Good Entertainment.  
The Elks under whose auspices the big carnival will be given on grounds in West Hancock during the week commencing July 21 intend to extensively advertise the show throughout the county, also in Baraga, Ontonagon and Keweenaw counties just as soon as Ringling Bros.' circus has come and gone. At present nothing in the line of advertising has been done but preparations have been made for it. Many of the bill boards now covered with Ringling Bros.' paper will be taken by the Elks after June 17. The greater part of the advertising will be done in Houghton county and will equal that done by the Ringling Bros. and "Buffalo Bill". The two latter shows have already used every available bit of space to be had and many new bill boards and places have been supplied for the flashy posters. The Elks expect to put up about 10,000 sheets of advertising. "Buffalo Bill" and his show appears in Hancock just a few days before the carnival of shows opens and the Elks have an agreement with the "Buffalo Bill" management whereby they will whip up on the matter of bill boards in Hancock, the Elks receiving in return a concession from "Buffalo Bill" who will see that all of the Elk advertising matter outside of the town is put up by his bill posters free of charge.

**DISCUSSED ROAD IMPROVEMENTS.**

At a meeting of the Portage township board at Houghton on evening the subject of road improvement was discussed. The township authorities recently took a trip over the roads with a view of ascertaining what improvements would be necessary this year. They found the roads in good condition and the expense of repairing them will not be heavy.  
**EXCAVATING IS UNDER WAY.**  
Excavating for the new Methodist church to be erected on Quincy street, Hancock, next to the city hall, is now under way. The contract for the superstructure has not yet been awarded. The Twin City Pressed Brick company of St. Paul has the contract to furnish the brick. The new edifice will add greatly to the fine appearance of that portion of the main thoroughfare.

**MASON BLOCK BEING REBUILT.**

The Mason block on Quincy street, which was gutted by fire recently, is being rebuilt. August Tange expects to reopen his grocery store July 1. The insurance on the building and on stock and furniture was quickly adjusted, a settlement being made last Friday when the money was paid over.

**DR. FENNER'S KIDNEY and Backache CURE**

All diseases of Kidneys, Bladder, Urinary Organs, Rheumatism, Backache, Heart Disease, Gravel, Dropsy, Female Troubles.  
Don't become discouraged. There is a cure for you. If necessary write Dr. Fenner. He has spent a life time curing just such cases as yours. All consultations FREE.  
For years I had backache, severe pains across kidneys and scalding urine. I could not get out of bed without help. The cured Dr. Fenner's Kidney and Backache Cure restored me. G. WAGONER, Knobsville, Pa. Druggists, Sec. St. Ask for Cook Book—7220.  
**ST. VITUS' DANCE** Fenner, Fredonia, N. Y.

**BOUND OVER TO CIRCUIT COURT.**

John Smith, Arrested for Criminal Assault, Will Have Jury Trial.

John Smith, who was before Justice Finn at Hancock Saturday for criminal assault, was held for trial in the next term of circuit court. He was taken to jail, not being allowed bail. It is the general opinion in Hancock that Smith is a wretch of the vilest sort. Victor Tontant, also arrested for criminal assault, will have his hearing before Justice Finn Friday morning.

**CHARGED WITH ILLEGAL FISHING.**

Dori Londini, an Italian, Arrested for That Offense.  
Dori Londini, a Franklin location Italian, was up before Justice Finn at Hancock yesterday afternoon for illegal fishing, the complaint being made by Game Warden Buchanan. The officer claims that Londini was fishing in Sweden creek with a net which is strictly in the law. Londini pleaded not guilty. The game warden is continually on the alert and is no respecter of persons when he finds the law violated.

**PYTHIANS WILL CELEBRATE.**

Hancock Knights to Entertain in Honor of Anniversary.  
Hancock lodge, No. 109, Knights of Pythias, will celebrate tomorrow evening in Castle hall, the occasion being the first anniversary of the organization of the lodge. A fine program has been arranged and all the members will be present to listen and join in the after festivities. The program is as follows: Piano solo, H. T. Liebert; recitation, L. E. Gagner; flute solo, E. J. Noble; song by the lodge quartet (M. E. Wright, F. W. Taylor, Webster Dook and F. M. Louidy); piano solo, H. T. Liebert; Dr. W. H. Dodge, who was the delegate to the grand lodge at Mt. Clemens, will give his report, and Chancellor Commander Hoar of the Houghton lodge will also be in attendance. The event will be closed with the serving of lunch.

**PREPARING FOR ELKS' CARNIVAL.**

Street Fair in July Will be a Good Entertainment.

**COLORED BASEBALL CLUB.**

Houghton Afro-Americans Will Play the National Game.  
Houghton is to have a colored baseball nine which promises to rival the famous Page Fence Giants and the Chicago Union whose continual victories in professional ball are read so much about. Of late there has been several new arrivals of colored gentlemen in Houghton from Chicago and other places and it has been ascertained that there is a sufficient number along with those who are already in town to organize a ball team that should be able to "scoop" almost any similar aggregation in the upper peninsula. At present there are four or five professional ball players among the colored men of Houghton, one of them having played for several seasons with the Chicago Union. They may be seen out practicing almost any evening and steps are being taken, it is said, for a successful organization. Should the team be organized, and there is every prospect that it will be, copper country people may expect a whole lot of sport from the exhibition that will be arranged for on a baseball diamond a mile of coons can by their antics create much laughter and at the same time play ball.

**EXCAVATING IS UNDER WAY.**

Excavating for the new Methodist church to be erected on Quincy street, Hancock, next to the city hall, is now under way. The contract for the superstructure has not yet been awarded. The Twin City Pressed Brick company of St. Paul has the contract to furnish the brick. The new edifice will add greatly to the fine appearance of that portion of the main thoroughfare.

**MASON BLOCK BEING REBUILT.**

The Mason block on Quincy street, which was gutted by fire recently, is being rebuilt. August Tange expects to reopen his grocery store July 1. The insurance on the building and on stock and furniture was quickly adjusted, a settlement being made last Friday when the money was paid over.

country will be given during the week and Hancock will no doubt entertain thousands of visitors.

**REPLIES TO REV. MR. ROGERS.**

A. W. Lord Claims Marquette Minister Is Mistaken.

Editor of The Mining Journal:—Replying to a recent article by Rev. J. M. Rogers, pastor of the Presbyterian church at Marquette, in which the reverend gentleman denies that an agreement was made that the Presbyterians would not enter the field at Portage Lake I can only say that probably Rev. Mr. Rogers is mistaken. About the time that the Presbyterian church at Portage was proposed the Rev. Mr. Bonar, then pastor of the church at Marquette, was in Hancock and in conversation with one of our trustees, who is also a deacon of the church, he used the following expression:—"I regret very much to see the institution of a Presbyterian church in the copper country for your people have kept their promise not to invade the iron county with a church of your denomination." The Rev. J. M. Rogers can draw his own conclusions from the above.  
Yours truly,  
ALFRED W. LORD,  
Hancock, Mich., June 2, 1902.

**COPPERDOM BREVITIES.**

W. F. Mitchell of Marquette, was in Houghton yesterday.  
Dan. T. Pierce of Hancock has gone to St. Louis to attend the Elks' fair.

W. G. Prickett of Sidway was a Houghton business visitor yesterday.

Dr. W. G. Stern of Cleveland is the guest of Mr. and Mrs. Jacob Baer at Hancock.

The steamer New York of the Union Transit line is due at Portage Lake tomorrow.

The Michigan College of Mines students will arrive home from their iron county trip Saturday.

Katherine Willard in the "Power Behind the Throne" will be the attraction at the Calumet theatre Thursday evening.

The students of the Michigan College of Mines will give their annual party at the armory on the evening of June 9.

There were 130 births in Portage township during the past year according to the report of William Brand who took the census.

At a meeting of the Houghton village board Thursday evening a poundmaster will be appointed. Several applications are in for the job.

The Johnson boarding house team of East Houghton defeated the Dawe boarding house ball tossers at the Hancock park Sunday morning, the score being 24 to 2.

Dr. J. E. Seallon of Hancock went to Chicago Sunday to meet his daughter, Miss Mary Seallon, who is to return from Notre Dame where she has been a student.

A meeting of Charity lodge, Knights of Pythias, Calumet, for work in the third rank will be held this evening. After the regular degree work a smoker and social session will be held.

A few miners out of employment in the copper country, some from Isle Royale, are going to the Mesaba range to work in the iron mines. A party of about fifty left for Hibbing, Minn., last week.

Henry T. Potts and Miss Annetta Mockridge of Houghton were married at Hancock Saturday evening by Rev. A. B. Johns of the Methodist church. They will make their future home at Rockland.

A. H. Hagerman, Postal telegraph operator at Hancock, is entertaining his brother, Ernest Hagerman, and wife of Mohammet, Mont. They arrived on the steamer Bon Ami of the White line from Duluth, Sunday evening.

All work in class recitation will end at the Michigan College of Mines this week and the students will then do their overalls for hard work in the shops, surveying, engineering and mill work. It will be a welcome change.

J. D. Crawford and wife of Hancock and Mr. and Mrs. August Krollwitz of Houghton have left for Escanaba to attend the annual meeting of the Northern Michigan and Northern Wisconsin Embalmers' association. Mr. Crawford is the secretary of the organization.

**BUILDING A TUNNEL.**

Contractor C. B. Johnson of Houghton, who is building the Copper Range road extension to Lake Linden and Calumet, started work Sunday night on a tunnel which is to be a part of the extension under the tracks of the Quincy & Torch Lake road, back of the Quincy mill. Work was continued all Sunday so as not to interfere with rock train service to the mill.

**IMPOUNDING THE COWS.**

Houghton is enforcing the cow ordinance and all wandering bovines will hereafter be taken in charge by the village authorities. At Laurium the people are complaining of the cow nuisance, and which is to be a part of the ordinance to appoint a poundmaster and enforce the ordinance.

Assist Nature. There are times when you should assist nature. It is now undertaking to cleanse your system—if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does.

Only one remedy in the world that will cure skin diseases of the scalp in any part of the body; Don't's Ointment. At any drug store, 50 cents.

**HAS BRIGHT FUTURE.**

The Michigan is Sure to Make a Big Producer.

There is every reason to believe that the Michigan mine will eclipse all that has been predicted for it by the most sanguine friends of the property and that it is sure to occupy a conspicuous place among the Lake Superior copper mines. It is certain that the riches of the old Minnesota were not all exhausted when regular operations were suspended over thirty years ago, this fact being established beyond the question of a doubt by the exceptionally rich ground now being opened on the branch vein.

The operations are certainly of a very flattering nature and the results which are now being obtained are better than was anticipated by the management at this depth. Striking the branch vein from the crosscuts which are now being driven from "A" is a source of much gratification and it is reasonable to suppose that the lode will prove as valuable here as it was found in "B". The task of cutting down "B" shaft to the first level, a distance of 200 feet, from a two to a three compartment size, will soon be completed. This will give an opportunity to resume operations from this shaft on an increased basis.

On account of the richness of the branch vein the Calumet lode has been partially lost sight of by many but this will prove a very valuable acquisition when the mill begins work. This lode is well mineralized and it is extensive.—Ontonagon Herald.

**Copper Situation in Good Shape.**

An official of one of the lake producers in discussing the situation said that in his opinion the copper metal situation is in better shape at the present time than it has been for at least a year, and that the demand at the present time is largely of a legitimate consumptive character. His company and the same is true of others, also, is holding off for higher prices, not caring to sell production at present prices.—Boston News Bureau.

**Champion's May Product.**

The product of the Champion mine is estimated at 120 tons of refined copper for May and the mineral yield for May has been fifty to sixty-nine pounds per ton of rock. Lake copper shipments during the past week amounted to 900 tons. The yield of Lake production has been greatly checked by the delay in arrival of the machinery for the Adventure, Mohawk, Wolverine, Champion, Baltic and Trumountain mines. Bituminous coal receipts have been small lately.

**Exports of Copper.**

Exports of copper for the month of May amounted to 15,339 tons, thus making the total since January 1 81,229 tons against 23,357 tons for the same period last year.

**Copper Gossip.**

The visible supply of copper June 1 was 24,264 tons, a decrease of 2,740 tons since May 1.

It is estimated that Quincy should earn eight dollars a share this year as the cost of its copper is cheaper than last year.

Good reports still continue to come from the Shesha mine in Nevada in which copper country people are interested. Samples of ore taken out have assayed from \$1.20 to \$3.0 a ton.

The product of the Mass for May was larger than any previous month in the mine's history. Although the exact figures are not yet obtainable that is known to be the case. Large amounts of mass copper continue to be sent to the smelters.

The time may come when a stretch of about four miles of road will be built from the road of the Phoenix Mining company to the Hancock & Calumet logging road which runs from Calumet into Keweenaw county. It would give the mine connections with Calumet and save much cost of transportation of supplies.

Mr. Strang of Salt Lake City and his assistant, Mr. Green, have arrived at Globe, Ariz., to make an examination of the Old Dominion property under instructions from the Boston management. They have a chemist with them and their examination of the property will be thorough and will necessarily consume some time.

**A REAL FRIEND.**

"I suffered from dyspepsia and indigestion for fifteen years," says W. T. Stanburgh of Merry Oaks, N. C. "After I had tried many doctors and medicines a friend persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want to now and my digestion is good." Don't try to cure stomach trouble by dieting. You need wholesome, strengthening food. Kodol enables you to assimilate what you eat by digesting it without the stomach's aid. The Stafford Drug Co., 11 N. Melrose, Ishpeming.

TARIFF REVISION

PRESIDENT DISCUSSES QUESTION WITH REPUBLICAN LEADERS.

THINK IT WOULD BE HARMFUL

SENATORS OPPOSE CHANGE IN SUGAR SCHEDULE ONLY.

Some of Them Believe Their Chances for Re-Election Will Be Jeopardized If the Sugar Rate Is Touched.

Washington, June 2.—A conference was held at the White House tonight attended by the leading Republicans of both houses, the president inviting them. There were present Senators Allison, Aldrich, Hanna, Platt of Connecticut and Spooner and Representatives Payne, Cannon, Dalzell, Babcock, Hull, Sherman and Overstreet, and Postmaster General Payne.

The chief reason for the assembling was the tariff, the discussion turning on the advisability of attempting any revision now or taking up the matter in committee during the session, the view being expressed that revision was no time for it. The opinion prevailed that any movement in the direction of changes in the tariff would disturb business conditions and complicate the coming campaign.

Suggestions as to tariff revision were made to the president by the Republican members of reciprocity with Cuba, these congressmen representing that to change the tariff on one product like sugar, affecting the beet sugar interests only without making changes in other schedules would have a disastrous effect in their states. Some of the members representing the sugar states told the president that they were willing to have a general tariff revision, but were opposed to a change on one article only, which would be the practical effect of the proposed Cuban reciprocity legislation.

Revisions Would Be Harmful. The members of the campaign committee present concurred in the view that no tariff legislation was necessary and moreover would be harmful. They said they were confident of success on the issues as made up and to be made up, in pending legislation. The representatives left the conference some time before the senators and then with the latter the president discussed in detail the outlook for Cuban reciprocity, and especially the stand taken by the conference of senators which met today. The senators expressed the opinion that the plan which the Elkins conference offers as a compromise will not meet the requirements of the situation. Continued efforts will be made to unite the Republicans of the senate on the Spooner plan for a twenty per cent reduction for five years, with power given to the president to annul the concession if he found that it goes to any persons other than Cuban sugar growers and producers. It was stated at the White House tonight that all who attended the conference at the capitol today will not stand out against this plan, especially if the Republican caucus endorses it.

DENIES REQUISITION. Springfield, Ills., June 2.—Governor Yates today denied a requisition from the governor of Alabama for the extradition of Will Jackson, alias "Chattanooga Kid," under arrest in Chicago and wanted in Birmingham on the charge of assault to kill.

CALL FOR FARMERS' CONGRESS. Carbondale, Ill., June 2.—A call for a national farmers' congress, to be held at Macon, Ga., Oct. 7, has been issued. Most of the topics to be discussed are of national and international character.

Advertisement for 'The Detroit Evening News and Morning Tribune' featuring 'Low Rate' and 'A Word to You'.

TORNADO IN WISCONSIN.

One Man Killed and Considerable Property Destroyed. La Crosse, Wis., June 2.—A tornado struck this city at nine thirty o'clock tonight. A number of small buildings were unroofed, portions of St. Joseph's church steeple blown down, windows broken and trees uprooted. A panic resulted in a crowd of people gathered to witness the arrival of delegates to the Old Fellows' convention. Many were hurt but none fatally. The damage done may reach \$10,000. There is unconfirmed reports of serious damage south and that one man was killed.

PRESIDENT ACCEPTS BID.

Roosevelt Will Open Olympic Games in Person. Chicago, June 2.—Henry J. Furber, president of the Olympic games commission, received a letter from President Roosevelt today accepting the invitation to open the games in person. The president's letter was accompanied by letters from the department of state for the use of the Olympic games delegates, who will sail for Europe July 1, for the purpose of securing representation of foreign nations.

"BOXERS" KILL MANY CHRISTIANS

NEW INSURRECTION HAS BROKEN OUT LED BY GO CHI HING AND LARGE NUMBERS OF CHINESE CONVERTS ARE SLAIN.

Victoria, June 2.—Advice were received by the steamer Clavering that the restoration of civil government had been informed that at Southwest Chee-Lee a new "Boxer" insurrection has broken out, led by Go Chi Hing, who killed his Christian wife and family, and others who emulated the example before the campaign commenced. The "Boxers" first murdered a French missionary and later killed a Belgian priest and fifty Chinese officials engaged in collecting taxes were killed. A church was destroyed at Wei-Hien, where a native missionary was killed and a large number of converts slaughtered. Troops were sent against the "Boxers," who defeated them. The rebels are credited with a program of overthrowing Honan and Shan-Tung and then making for Peking. They are well armed. The Japan Mail says: "As might have been anticipated, the revival of 'Boxer' disturbances at Ku-Huh-Hien, in Chee-Lee, has an effect on the discussion for the restoration of civil government of Tien-Tsin. Even those who previously advocated the policy of immediate restoration are now said to be reticent. It is not the Tien-Tsin question alone that will be injuriously influenced by these events. Other and far more important events also depend on China's ability to present an order with wholly inefficient machinery under circumstances that would probably overtax the competence of any power."

IS CONSTITUTIONAL

SUPREME COURT SO DECIDES IN TEST CASE BROUGHT TO DETERMINE VALIDITY OF BANKRUPTCY LAW.

Washington, June 2.—The supreme court today decided that the national bankruptcy law was constitutional. The proceeding was instituted by the Hanover National bank against Max Moyses in the circuit court of the eastern district of Tennessee on a judgment against him and the validity of the bankruptcy law was attacked. The court held that to be valid the bankruptcy law must be uniform throughout the United States and, further, that it is uniform, "when a trustee takes in each state whatever would have been available to the creditors if the bankruptcy law had not been passed." The court added: "The general operation of the law is uniform, although it may result in certain particulars differently in different states." The court also said: "Congress may prescribe any regulations concerning discharge in bankruptcy not so grossly unreasonable as to be incompatible with the fundamental law, and we cannot find anything in this act on that subject which would justify us in overthrowing its action."

TWO KNOCKOUTS.

London, June 2.—"Kid" McFadden of San Francisco knocked out "Jem" Williams of London in the fifth round in a fight for a purse of \$1,750. Philadelphia, June 2.—Charley McKeever was knocked out in the first round by "Philadelphia" Jack O'Brien. Until further notice I may be found at the Cinderella from 7 to 8 a. m. At Burton Park farm, 8:30 to 9 a. m. At Van Waver's farm, 9 to 9:30 a. m. At Kromer's farm, 10 to 10:30 a. m. At Burt Freestone quarry, 10:30 to 11 a. m. At Grove Street farm, 11:30 to 12 m. At my office in the Connors house, corner Lake and Garden streets, from 12:30 to 2 p. m. After that time I cannot say where I will be. There will soon be Bell phone service at the Cinderella, the quarry and the Connors house. HIRAM A. BURT, Marquette, Mich., May 23, 1902. (5-20-1f)

ULTIMATE VICTORY

STRIKING CHICAGO TEAMSTERS SURE OF WINNING OUT.

GREATNORTHERN HOTEL DRAGGED IN

HOTEL'S ICE SUPPLY CUT OFF AND MANAGEMENT RETALIATES.

Cancels Beef Contract With Packers and Will Obtain Meats from Minor Wholesalers—Is a Hopeful Phase. Chicago, June 2.—The most serious and at the same time the most hopeful phases of the teamsters' strike developed today. The Great Northern hotel was cut off from its ice supply in the morning because it patronized Irwin Brothers, who sell meat for the big packers. The hotel at once canceled its contract with the big interests, and will obtain its supply through minor packers who have signed the union agreement. The strikers say this is simply one token of their strength and is a forerunner of their ultimate victory. On the other hand arbitration promises to solve the strike question and bring the difficulties to a speedy termination. Today, Frederick W. Job, chairman of the Illinois State Board of Arbitration, was in conference with Secretary W. L. Turley, of the National Teamsters' union for an hour, preparatory to bringing the teamsters' and packers' interests and the department stores, whose drivers are dissatisfied, into an amicable agreement. Mr. Job intimated that he had already interviewed the packers who are holding out against the union and was hopeful of good results. The situation of the meat consumers is considered much easier today. For a time at least the meat famine is postponed. The strikers are doing all in their power to inconvenience the big packers who refuse to come to their terms, but many eating houses and markets are getting their supply from independent slaughtering plants who are on good footing with the men.

WIRE TROUBLE.

No Boston or New York Stock Market Letters Yesterday. The storm which Marquette experienced yesterday night, generally and more severe to the south and east of here, and in consequence wire communication was interrupted. No Boston or New York stock market letters were received and the quotations were few and far between. Of the Chicago grain markets, Logan & Bryan advised Paine, Webber & Co. as follows: "Wheat—July closed 72 1/2, against 72 on Saturday. Liverpool was 3/4 to 5/8 lower. Primary receipts, 442,000, against 512,000; shipments, 853,000, against 639,000; clearances, 822,000, against 750,000. The visible supply decreased 2,100,000, against 3,100,000 last year. London is now 28,200,000 against 30,900,000. A moderate export business was reported and this, with the large clearances, made some covering of shorts. The latter part of the day, however, was a little, but the feeling is dull and the operations are small and featureless. If there is anything the matter with the weather, it is in the nature of excessive rains, but so long as they are not accompanied with great heat reports of the crop are promising. The outlook still seems, in our judgment, a dull one. Estimated cars, 35. "Corn—Liverpool 3/4 to 5/8 lower. Primary receipts, 655,000, against 1,318,000; shipments, 402,000, against 679,000; clearances, 90,000. The visible supply is now 4,300,000, against 16,400,000. There was some further selling pressure early on the liberal arrivals. A good deal of the pressure, however, is from short selling and on efforts to cover later, the market rallied sharply, particularly for July. The country offerings are again small, and the market is quiet. Aside from the possibilities in the cash market, the speculative feature of the market continues to be the existence of a large scattered short interest and the concentration of the holdings in the hands of strong people. Estimated cars, 520."

THE KING'S CORONATION.

The king's coronation promises to be the most elaborate and costly pageant of modern times, and our countrymen are represented there by three prominent statesmen selected by the president, who will represent our state, army and navy. Many other people will also attend the ceremonies, who will take the ocean voyage principally as a means of improving their health. While, however, only obtain temporary relief, the old complaints will surely appear again when least expected. The best way to recover your health is by strengthening and restoring the stomach to its normal condition by the use of Hostetter's Stomach Bitters, which is a positive cure for loss of appetite, nervousness, indigestion, dyspepsia and malaria. Try it.

BASEBALL SCORES.

Table of baseball scores for National League, American League, and various other leagues.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits. Chicago, June 2.—Wheat today had a moderate trade. Feeling was easier, and the closing unchanged. The weakness abroad and the favorable weather were the chief bear influences. Large exports, 224,000 bushels, decrease about and invisible were the supporting factors. The southwest sold freely and the local shorts recovered on the decline. At Liverpool spot was steady with the futures 3/4 to 1/2 lower. Thirty-five boatloads were reported taken on the coast for shipment. The local receipts were twenty-eight cars. Corn was fairly active and easier early, but rallied quite sharply late in the day, showing July a cent higher, while the distant futures were little changed. The favorable weather, lower cables, weakness at Kansas City, and increasing receipts were the early influences. At Liverpool spot was steady, with the futures 3/4 to 1/2 lower. The local receipts were 523 cars. Oats ruled weaker and 1/4 to 1/2 lower early, but recovered the loss and closed the same as Saturday's prices to 3/4 higher. The early weakness was on the selling induced by the good weather

PEACE CELEBRATED

(Continued from Page One.)

means" says the Mail, "Citizens who suffered so much will have to pay the bill, so far as it is paid. The Times says: 'The terms of peace are excellent in all respects. While generosity to the Boers on all points where liberality cannot prejudice our common interests, they contain ample security for stability and the preponderance of a settlement which we have attained at so great a cost.'"

BOERS SING "GOD SAVE THE KING."

Hamilton, Bermuda, June 2.—The news of peace was communicated to the Boer prisoners at Hawkins islands last night. The prisoners received the news with great enthusiasm, shouting, singing and hurrahing. Some of them rushed wildly about, embracing every English soldier they met. The Boers on Tucker's island also received the news with great joy. They went into wild shouting, singing "God Save the King" and other hymns until 1 o'clock this morning. At twelve the band of the Warwick regiment played "Auld Lang Syne" "Old Hundred" and "God Save the King" and in all these the prisoners joined heartily. The news was received by the Boer prisoners on the other islands with similar manifestations of joy.

KRUGER REFUSES TO TALK.

Amsterdam, June 2.—Since the news of peace has been received Kruger has declined to receive visitors or express an opinion. The other Boer delegates here are disappointed at the outcome and not inclined to discuss the matter. The Dutch newspapers declare that Great Britain will gain nothing "from this unjust war" and that her difficulties are now beginning. The papers generally express admiration for the courage of the Boers, and regret that the sacrifices proved in vain.

Berlin, June 2.—The Neueste Nachrichten says: "The heroic defense of their country and their rights insures to the Boers one of the most honorable pages in military history of all the nations." The National Zeitung says: "The Boers have been defeated in a world historical conflict but they conducted the historical struggle for independence with imperishable glory."

Berlin, June 2.—The business classes of Germany are glad the war in South Africa is over and expect to share in a new impulse of business of the world resulting from the revival of financial conditions in London. Almost all the newspapers print eulogies of Boer valor and steadfastness and lament pathetically the Boers succumbed to a power a hundred fold greater than their own.

Budapest, June 2.—All the Hungarian newspapers express satisfaction at the conclusion of peace in South Africa. The Pester Lloyd says: "The Boers will doubtless soon find the British ideas of freedom and toleration are more liberal than those which were obtained under the regime of Republican Krugerism."

Montreal, June 2.—There is general rejoicing in the province of Quebec over the news of peace. A general holiday is proclaimed for tomorrow and the prisoners in the city courts have all been released.

The Hague, June 2.—The news of the conclusion of peace was received here with mixed feelings. While there is general satisfaction that the war is ended, unvarying regret is expressed at the loss of Boer independence.

St. John's, N. F., June 2.—The news of peace in South Africa was received today with enthusiastic rejoicings. The ships in the harbor were decorated with flags and church bells were rung.

Gibraltar, June 2.—The British garrison here celebrated the receipt of the news of peace in South Africa with bonfires and the firing of salutes. The shipping in the harbor was decorated.

Hong Kong, June 2.—When the news of peace in South Africa was received today, the ships in the harbor were dressed and royal salutes were fired from the warships and batteries.

Paris, June 2.—The municipal council today adopted an address of sympathy with Kruger, "whose people have so valiantly fought for right against might."

Brussels, June 2.—The press is unanimous in declaring that the announcement of peace will be hailed with relief and satisfaction throughout the world.

Pretoria, June 2.—A number of Boer leaders left here today to bring in the communique. It is expected these operations will occupy about a fortnight.

London, June 2.—King Edward received a message from the pope, conveying the pontiff's sincere congratulations on the re-establishment of peace.

READ & CO., Marquette, Mich. (4-10-1f)

BEET SUGAR CONFERENCE.

Decides That Cuba Will Be Granted a Rebate Only. Washington, June 2.—A conference of the beet sugar senators resulted in a determination that the utmost concession to be granted Cuba should be in a way of rebate turned over to the Cuban treasury to be disposed of as the Cuban government thought desirable. A rebate, to be either twenty, twenty-five or thirty per cent of the duties collected on the Cuban product, was stated was offered simply as a compromise by those opposed to the Cuban concessions.

CLOUDBURST IN IOWA.

Crops Are Destroyed and Railroad Tracks Washed Away. Des Moines, June 2.—A cloudburst occurred at Durham, forty miles south of Des Moines, on the Burlington route, this afternoon. Several thousand acres of corn were washed away. The Burlington track for five or six miles was undermined and traffic on the Keokuk branch is blocked at this point. Many cattle and sheep are reported lost.

SPARKS FROM THE WIRES.

Portland, Ore., June 2.—Incomplete returns indicate that the Republican ticket is victorious over the Democratic ticket for governor, is probably elected. Thomas W. Tongue, was re-elected to congress from the First district and J. N. Williams, Republican, from the Second.

New York, June 2.—The American congress of tuberculosis began its third annual meeting here today in a joint session with the medico-legal society. The delegates represent the medical, legal and scientific bodies of various states, Canada and Mexico and several Central and South American republics.

Des Moines, Ia., June 2.—James S. Clarkson returned tonight to New York after being here in attendance upon the funeral of his mother, who was buried yesterday. His return is hastened by important business of his post, the surgery of customs in New York, and also by the illness of his son, Grover.

Milwaukee, June 2.—A severe rain and wind storm preceded by a warm wave was general today within a radius of one hundred miles of Milwaukee. At Fox Lake, a tornado swept a hundred yard swath through the town, doing considerable damage.

Chicago, June 2.—John A. and Alexander Davidson, president and vice-president of Davidson Brothers' Marble company, confessed insolvency in the United States court here today. The liabilities are \$1,341,858, with practically no assets.

St. Paul, June 2.—President Stickney of the Chicago & Great Western railway, declined today to either affirm or deny the report that J. Pierpont Morgan and John W. Gates had secured control of the property.

Salt Lake City, June 2.—The Mormons throughout Utah today celebrated the one hundred and first anniversary of the birth of Brigham Young with artillery salutes, speeches and a display of bonfire.

St. Paul, June 2.—Isadore K. Barnum, traveling salesman for the Wertheimer glove company of New York, committed suicide by shooting today at Come Park. Letters left by him show he has a brother in California and a sister in Detroit.

Mukwonago, Wis., June 2.—John E. Mulaney, a farmer twelve miles south of here was shot by one of his farm hands, Joseph Minnet, and his housekeeper Louise Brown, assaulted with a club. Both will die. Minnet escaped.

Dubuque, Ia., June 2.—A tornado struck near Louisville at noon today. A farmer named Ward was killed, a hotel badly damaged and many barns wrecked.

Oberlin, O., June 3.—At one o'clock this morning President Barrows was still alive but his death is expected at any moment.

Pittsburg, June 2.—Jack McLelland of this city and Ole Olson of Chicago fought six fast rounds to a draw tonight.

Vienna, June 2.—Sixteen were killed and four wounded as the result of an explosion of gas today in a mine in Galicia.

Salinas, Cal., June 2.—James N. Rogers, prominent in Baptist circles, has decided to embrace Mohammedanism.

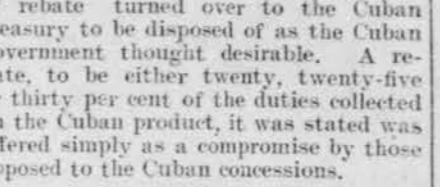

TODAY'S WEATHER.

Washington, June 2.—The following is the weather bureau's forecast for Upper Michigan: Showers and thunderstorms Tuesday. Cooler in the north and east portions; fresh to brisk shifting winds. Wednesday, probably fair.

Sore Hands

Red Rough Hands Itching Palms and Painful Finger Ends.

ONE NIGHT CURE.

SOAK the hands on retiring in a strong, hot, creamy lather of CUTICURA SOAP. Dry, and anoint freely with CUTICURA OINTMENT, the great skin cure and purest of emollients. Wear, during the night, old, loose kid gloves, with the finger ends cut off and air holes cut in the palms. For red, rough, chapped hands, dry, fissured, itching, feverish palms, with shapeless nails and painful finger ends, this treatment is simply wonderful.

Millions of People

USE CUTICURA SOAP, assisted by CUTICURA OINTMENT, for preserving, purifying, and beautifying the skin, for clearing the scalp of dandruff, scales, and dandruff, and stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itching, and irritations, and for all the purposes of the toilet, bath, and nursery. Millions of Women use CUTICURA SOAP in the form of baths for annoying inflammations, chafings, and excoriations, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many sensitive, antiseptic purposes which readily suggest themselves to women.

COMPLETE HUMOUR CURE, \$1.

Consisting of CUTICURA SOAP, Cuticura Ointment, and Cuticura Pills. CUTICURA SOAP, (50c.), to instantly ally itching, inflammation, and irritation, and soothe and heal; CUTICURA RESOLVENT PILLS (50c.), the new chocoletto coated substitute for liquid cathartics to cool and cleanse the blood. A SINGLE SET is often sufficient to cure the severest case, especially of baby humors.

Send throughout the world. British Depot: 27-C, Chatterbox St., London. French Depot: 2 Rue de la Paz, Paris. Foreign Depot: 27-C, Chatterbox St., London.

IT CONVENES TODAY

METHODIST ANNUAL ASSEMBLY AND MISSIONARY COUNCIL.

EMBRACES ALL U. P. CHURCHES

OVER ONE HUNDRED DELEGATES, HALF OF THEM MINISTERS.

Convention Will Be in Session Three Days and a Splendid Program Has Been Arranged-Peter White Is to Speak.

The annual assembly and missionary council of the Lake Superior district of the Methodist church will open here this morning and will continue in session for three days. It will be attended by over a hundred delegates who will come from all sections of the upper peninsula and over half of whom will be ministers. There are fifty-nine charges in the district, and it is the expectation that all but one or two of them will be represented in the gathering.

In connection with the assembly, the semi-annual examination of conference undergraduates and candidates for the ministry will be held, sessions for that purpose being held this morning and afternoon. Nowadays the matter of becoming a minister in the Methodist church is not such an easy one as was the case in years past. A course of study is prescribed which is said to be as thorough and difficult as required by any college in the country. A number of students throughout the conference are taking the course, including Rev. Mr. Spence, pastor of the church at Munising, and it is expected that all will be here to take the examination.

Rev. C. M. Thompson, presiding elder of the district, will officiate as chairman of the assembly, for which an excellent program has been prepared. Hon. Peter White is down for an address to be delivered Wednesday evening on "Pioneer Preachers and Preaching in the Upper Peninsula." This evening, J. B. Whitford of Lake Linden, who is a polished orator and one of the best speakers in the entire conference, will deliver a sermon which promises to be a gem of its kind. Dr. W. H. Oldham, of Chicago, field secretary and one of the leaders of the General Missionary society, will be in charge of the exercises, which convene Thursday morning, and he is also slated for an address in the evening. The program entire is as follows:

9:00. Tuesday Morning—Conference Examination.

9:00. Tuesday Afternoon—Conference Examination.

9:00. Tuesday Evening—Devoational Exercises, John Murdoch.

9:00. Wednesday Morning—Sermon, J. B. Whitford.

9:00. Wednesday Afternoon—Devoational Exercises, R. Hancock.

9:15. Public Uses of the Bible, J. M. Kerridge.

9:45. Discussion—led by E. W. Frazee and W. J. Harper.

Exposition and Application of—(a). The First Epistle to Timothy, W. C. Cleo.

(b). The Second Epistle to Timothy, F. L. Osborne.

11:30. The Brotherhood of St. Paul, W. B. Coombe.

—Wednesday Afternoon—1:45. Devoational Exercises, E. Bickford.

2:00. Discussion—Ten minutes allowed each leader.

(a). Individual Communion Cups, led by James Ivey.

(b). Uniformity in Public Worship, led by G. A. Walker.

(c). How to Improve Our Sunday Schools, led by A. Maywood.

3:00. Elements of Strength and Weakness in Preachers, D. H. Yokom.

3:30. Discussion—R. L. Hewson, John Evans.

4:00. Are Laymen Doing Their Duty to the Church? J. H. Van Tassel.

4:30. Discussion—led by Dr. H. H. Loveland, H. B. Hatch, C. R. Brown.

5:00. Annual Election of Epworth League District Officers.

—Wednesday Evening—7:30. Devoational Exercises, W. J. Passmore.

Platform Meeting.

7:45. (a). Pioneer Preachers and Preaching in Upper Michigan, T. J. Joslin.

(b). Pioneer Preachers and Preaching in the Upper Peninsula, Hon. Peter White.

—Thursday Morning—9:00. Missionary Council—Rev. W. H. Oldham, D.D., of Chicago, field secretary of the General Missionary society, in charge.

9:00. Devoational Exercises, J. Elford.

9:15. The Relation of Missions to the Spiritual Life of the Church, Dr. Oldham.

9:45. Missionary Knowledge—The

Need and the Supply, James Pascoe.

Discussion—led by Isaac Wilcox and W. R. Fruit.

10:45. The New Method of Missionary Finance, J. M. Shank.

Discussion—led by David Casler.

11:30. W. H. M. S. in Upper Peninsula, Mrs. S. A. Lowe.

Discussion.—Thursday Afternoon—1:45. Devoational Exercises, J. T. M. Stephens.

2:00. Can the District Reach Its Missionary Apportionment? A. R. Johns.

2:30. Discussion—led by W. E. Brown.

3:00. The Epworth League and missions, C. B. Steele.

Discussion—led by H. A. Lee-son.

3:30. The Sunday School and Missions, L. N. Moon.

Discussion—led by H. Magahay.

PAINE'S CELERY COMPOUND

RESCUES A LADY FROM NERVOUS BREAKDOWN.

The surest and speediest banisher of disease and sickness known to medical men, is Paine's Celery Compound.

The peculiar virtues of Paine's Celery Compound enables it to reach all the centres where disease is working; it quickly banishes all pain and trouble.

At this time, Paine's Celery Compound is a veritable boon to every nervous, weak, and debilitated man and woman.

The ailments and diseases that have held people in bondage and suffering up to the present, can be permanently banished by the use of a few bottles of nature's life giver and health builder, Mrs. Mamie Gunkler, No. 608 39th street, West Philadelphia, Pa., who suffered for months from severe nervous afflictions, writes as follows:

"I beg leave to add my testimony to the wonderful good Paine's Celery Compound has done me. Some months ago I was troubled with a general breaking down of the system. I consulted a physician without avail, and upon the suggestion of Mr. John A. Coim, who I believe is a living example of your wonderful curing medicine, I purchased two bottles of your Compound, and I must say that I improved wonderfully since the first dose. My nervousness has left me entirely, and I am now feeling better than I ever did. You can rest assured that I will not hesitate to recommend your wonderful medicine to my friends who may suffer from nervousness in any form."

As far as the tug strike at this port is concerned, it has resulted a failure. The Great Lakes Towing company has again put the tug Schenck in commission, after the craft had been tied up to her dock for a couple of weeks, and has manned the boat with a crew of seven union men, of whom all with the exception of the steward are new to the crew. The new crew is constituted as follows: Captain, George H. Bowen; chief engineer, Chris McGuire; engineer, Tom Johnson; first mate, William Johnson; firemen, Charles Bell and John Ellis; and steward, William Sprague. The majority of the new men are from the Soo.

Harbor Gossip.

The J. A. Parker took out a cargo from the L. S. & I. dock yesterday.

The steamer City of Genoa was yesterday loaded with 3,100 tons of ore at the South Shore docks and cleared for Buffalo.

The steamer Japan was in port last night on an up-bound trip from Buffalo. The India is expected in on the way down Wednesday.

The government tug Search, which is on her way to the Apostle islands to make surveys, put in port yesterday and spent the night here. The craft is commanded by Lieutenant Ray.

The broken cylinder on the steamer Business has been repaired and last night the boat went from the lower to the upper harbor to be loaded with ore. She will probably clear this morning.

Up-Bound Soo Vessel Passages.

Sault Ste. Marie, Mich., June 2, (Special).—Ira Owen, 11:20 last night; Uganadi, 1 a. m.; Richards, Hutchinson, 1:30; Murph, 2:30; Murphy, noon; Colonel, 12:30 p. m.; Mary McGregor, 12:40; Castalia, 2; Osborne, 3; Japan, Fryer, Wilkinson, 3:20; Hanna, 4:40; Edenborn, Erin, Danforth, Bermuda, Paisley, 5; Griffin, 5:40; March Chunk, Spaulding, Paris, Wawatam, 7.

CITY BRIEVITIES.

Today's weather: Partly cloudy with showers and thunder-storms; brisk to high southwest winds becoming variable.

Born, to Mr. and Mrs. J. V. Kalmer, a son.

John Krieg left yesterday morning on his return to Detroit.

George Hager is spending a few days at his cottage up the lake shore.

Mrs. A. Delf is spending a few days with friends and relatives at Calumet.

Rev. C. M. Thompson arrived home yesterday after an extended tour of the upper peninsula.

The Ladies' society of the B. of L. F. will meet this afternoon at 2:30 o'clock at the A. O. U. W. hall.

The regular monthly meeting of the board of supervisors will be held tomorrow, beginning at 11 o'clock.

The Misses Ella Marble, Tillie and Clara Dube, Laura McCarthy and Agnes Messier spent Sunday at the Soo.

Editor George Jackman, of the L'Anse Sentinel, and wife returned home yesterday afternoon after a short stay here.

Among the visitors in the city yesterday were C. E. Webb and S. F. Harris of Houghton and J. C. Corliss of Sida-naw.

Charles Doff, of Paine, Webber & Co., has returned from Duluth, where he had been assisting in the office work of the company for a week.

The city library will hereafter, until Oct. 1, close at 9 o'clock in the evening, instead of at nine, as has been the practice for several months past.

A sermon will be delivered at the Methodist church this evening by Rev. J. B. Whitford of Lake Linden. The reverend gentleman is a finished orator.

Ashley Pond, Miss Pond and maid and Miss Wetmore of Detroit, and Miss A. F. Christy of Pittsburg were arrivals in the city yesterday afternoon, enroute to the Huron Mountain club to enjoy an outing of several weeks.

Yesterday's electrical storm, although of brief duration, was the heaviest as far as precipitation was concerned, so far this season. In a little over an hour, a downfall of .53 of an inch of rain was registered at the weather bureau.

At the meeting of the Beavers' this evening, the annual report will be read and Delegate Mack will give an account of the recent national convention which he attended.

Jorie Thomas of Mellett and Truman H. Palmer of Frankfort, Ind. The Misses Lamont and Thomas are sisters. The former young lady left for Mellett last Saturday. Mr. Ensminger will leave Chicago on June 9 for Mellett.

A reception to the assembly delegates and visitors will be held at the Methodist church Wednesday evening, following the devoational exercises and speak-

## Ishpeming and its Environs.

### THOMAS DEVINE DEAD.

Former Ishpemingite Passes Away in New York After Four Days' Illness.

P. H. Devine received a telegram Friday advising him of the death of the previous day of his brother Thomas at the latter's home in New York. No particulars were given other than that he had been ill but four days.

Mr. Devine is remembered by many of the pioneer residents of this city. He was here a couple of weeks last fall visiting his brother and family. It is now about twenty-five years since Thomas left Ishpeming. He was one of the early settlers of Ontonagon county and was also well known to the older people up there. For some time prior to his leaving here he was employed as a blacksmith in the main shop of the Cleveland Iron Mining company.

A few years ago Mr. Devine became quite wealthy. He was very successful in business and invested his money in New York real estate. The value of the property increased rapidly and within a few years his investments made him a wealthy man.

During the past eight or ten years he had paid several visits to the old country. He was a great traveler and spent much of his time taking in the sights of the world. His affairs were in such shape that he and his wife could come and go when they pleased.

Thomas Devine was a most liberal, whole-souled man. He believed in having a good time and he always did what he could to assist others to enjoy life. At the time he was here he planned on taking another trip abroad this summer.

### FINE MUSICIANS.

Are the Canadian Jubilee Singers Who Will Be Here Next Monday Evening.

The members of the Epworth league of the Division street Methodist church are energetically working up interest in the concert to be given at the church on Monday evening next by the Canadian Jubilee Singers. The prices of tickets will be fifteen, twenty-five and thirty-five cents, the former for children and the latter for reserved seats. Tickets can be obtained from W. J. Roberts, the jeweler, or from members of the Epworth league. The Washington Globe of Jan. 10 gave the company the following mention:

"The concert given by the Canadian Jubilee Singers and Imperial orchestra in the Congregational church, Friday evening, was of the superior sort. The songs, with a few exceptions, were of a more elevated character than those sung by the average colored troupe. The orchestra, consisting of eight or nine pieces, rendered some very nice music and was a pleasing feature of the entertainment. The songs were nearly all plantation songs and rendered in a way which the large audience acknowledged by hearty applause.

C. H. Francis, tenor soloist, was apparently the favorite of the audience, singing numerous solos, some of which would make the superior sort of creature laugh, and was brought back several times.

"The church was packed to its utmost capacity and the managers should be congratulated on having brought this company to Washington."

"The nature of the examination is a test of practical, general intelligence, and of adaptability in postoffice work. The age limitations for this examination are as follows: All positions, eighteen to forty-five years.

"All persons who have been examined for the position of clerk or carrier within the past year and failed to pass may re-examine upon filing new applications in due time.

"All applicants, male and female, must have the medical certificate in Form 101 executed. Male applicants must be at least five feet, four inches in height, and weigh not less than 125 pounds.

"The names of all male eligibles will be entered on both the clerk and the carrier registers, and appointment from either register will remove the eligible's name from both registers.

"This examination is held to secure eligibles for appointment to existing or future vacancies in the grade of substitute. This examination is open to all citizens of the United States who comply with the requirements. Competitors will be rated without regard to any consideration other than the qualifications shown in their examination papers, and eligibles will be certified strictly in accordance with the civil service law and rules.

"For application blank (Form 101), full instructions, specimen examination questions and information relative to the duties and salaries of the different positions, application should be made to the undersigned.

"Applications may be filed with the secretary of the local board as late as 9 a. m. on June 14, 1902."

Where to Stop When in Detroit. Hotel Metropole, Woodward Ave., opp. City Hall, European plan Rooms \$1 per day; with bath, \$1.50.

"Isn't safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen.

### IMPROVED THE SERVICE.

Marquette County Telephone Co. Has Installed New Switch Board Here.

A new metallic switch board has just been installed in the local office of the Marquette County Telephone company. This is something that has been needed for some time past, though the service with the old board has been very satisfactory. With the new board the operators can work to better advantage and the line will be kept clearer than it was formerly.

There are now 500 'phones in use in Ishpeming. The list is increasing steadily and with the new board it will be possible to take care of additional business.

The change greatly pleases the operators. It remains seven girls to the board by day. This includes the relief corps. Three girls working steadily can take care of the calls, but there is seldom a minute to spare with but that number at work. The new board will admit of more operators than the old one, and there are days when four will have all they can do to serve patrons promptly.

The Marquette County company is not losing ground anywhere in the county. Ishpeming has by far the heaviest list, but a steady gain is reported from all the towns. In Marquette, where the opposition from the Bell company is the strongest, the list holds up well and there are now more subscribers there than at any previous time since the system was established.

### POSTAL EXAMINATIONS.

Postal Clerk and Carrier Examinations Will Be Conducted Here June 14.

J. E. Trembath, secretary of the local postal board, has issued the following announcement of an examination for the positions of clerk and carrier to take place in this city on the 14th inst.:

"The United States civil service commission announces that on June 14, 1902, an examination will be held in this city for the positions of clerk and carrier in the postoffice service. This examination offers an excellent opportunity for entering the federal service to bright, energetic young persons who are not afraid of hard work, and the commission hopes that a large number of intelligent, active persons will present themselves for this examination. It may be stated that there is a wider field for advancement upon merit in the federal service than in many private employments.

"The nature of the examination is a test of practical, general intelligence, and of adaptability in postoffice work. The age limitations for this examination are as follows: All positions, eighteen to forty-five years.

"All persons who have been examined for the position of clerk or carrier within the past year and failed to pass may re-examine upon filing new applications in due time.

"All applicants, male and female, must have the medical certificate in Form 101 executed. Male applicants must be at least five feet, four inches in height, and weigh not less than 125 pounds.

"The names of all male eligibles will be entered on both the clerk and the carrier registers, and appointment from either register will remove the eligible's name from both registers.

"This examination is held to secure eligibles for appointment to existing or future vacancies in the grade of substitute. This examination is open to all citizens of the United States who comply with the requirements. Competitors will be rated without regard to any consideration other than the qualifications shown in their examination papers, and eligibles will be certified strictly in accordance with the civil service law and rules.

"For application blank (Form 101), full instructions, specimen examination questions and information relative to the duties and salaries of the different positions, application should be made to the undersigned.

"Applications may be filed with the secretary of the local board as late as 9 a. m. on June 14, 1902."

Where to Stop When in Detroit. Hotel Metropole, Woodward Ave., opp. City Hall, European plan Rooms \$1 per day; with bath, \$1.50.

### THE MACCABEES SUITS.

All Members Can Now Be Supplied With Parade Uniforms at Kahn & Skud's.

Something over three hundred complete uniforms have been received at Kahn & Skud's during the past few days for the Maccabees who will turn out in the parade at Marquette a week from today. A number of the members of the society have already been supplied, but those who have not been around are requested to call without further delay. It is possible that there may not be enough uniforms to supply all and for this reason it will be well for the members to call early, so that more can be sent for. If it is found necessary to get more the firm will be obliged to wire the order, as the time between now and the date of the parade is getting short.

With three hundred or more men in line all wearing miners' uniforms the sight will be quite novel. The members did well in choosing these suits, as most of the owners will have use for them after the parade. The jacket and trousers are brown drilled and the hat is similar to that used by the men in the mines.

### KATHERINE WILLARD.

Katherine Willard, the new star in Edward C. White's splendid production of "The Power Behind the Throne," will appear at the Ishpeming opera house Friday night, June 7.

Some idea of the success of this play may be gained from the reception which has been accorded the production wherever it has been presented. Practically without exception, the managers of the theatres where the drama has been presented have insisted upon return engagements, and in every case where the demand has been granted the production and excellent company have been almost overwhelmed with the warmth of their greeting. This is not only gratifying to the management, but it establishes that the theatre-going public is quick to appreciate true merit.

### GOES WITH FINNISH CO-OP.

At a recent meeting of the directors of the Finnish Mercantile association it was decided to tender George Skogberg, late of St. Johnson & Co., a position. He will be placed in charge of the dry goods department. Mr. Skogberg is now in Illinois visiting relatives. Manager Frank Lassenius, wrote Mr. Skogberg a few days ago and it is assumed that he will accept the position. George is a first-class dry goods man and capable of managing any dry goods establishment in this section. He is very popular with the trade and it is certain he will bring many new patrons to the Finnish store. He is expected home within the next week or so, provided his sister, who is reported quite ill, does not get worse.

### POLE STOOD A LONG TIME.

The old flag pole in front of the Lusselberg block on Pearl street was cut down Saturday. The pole was raised about thirty-five years ago during a warm political campaign. It was then the largest pole here and it was used for many years after the incorporation of the city. The men who raised it were very much surprised to find the wood perfectly sound.

### HAPPY TIME IN OLD TOWN.

"We felt very happy," writes R. N. Bevil, Old Town, Va., "when Buckle's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Blisters, Ulcers, Eruptions, Itchable for Piles. Only 25c at The Stafford Drug Co.'s drug store.

My wholesale price for pure ice cream is only 90 cents per gallon. H. C. Cain, both 'phones.

Ladies, see our large line of trimmed hats. We are selling them off cheap. Finnish Mercantile association.

Trimmed hats going cheap. We want to clear out the stock. Finnish Mercantile association.

### LADIES CAN WEAR SHOES.

One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Cures and prevents swollen feet, blisters, calluses and sore spots. Allen's Foot-Ease is a certain cure for sweating, hot, aching feet. At all druggists and shoe stores, 25c. Trial package free by mail. Address, Allen S. Olmsted, Le Roy, N. Y.

### ISHPEMING IN BRIEF.

Fred Kaufman spent Sunday with his people at Escanaba.

Patrons of the schools are invited to visit the domestic science department of the high school Wednesday and Thursday afternoons. The instructors will be pleased to receive all who attend.

John Muggur has rented the warehouse at the rear of the Robbins' block on Main street, which was yesterday vacated by the Carpenter-Cook company. Mr. Muggur will conduct his wholesale fruit business there.

Ringling Bros' great canvas pavilions cover more than twelve acres, and constitute a veritable city of tents. The mammoth hippodrome amphitheatre is the largest ever constructed, and is absolutely impervious to rain.

John Colman, an old time professional, assisted by some of the best talent in the city, will give an entertainment this evening at Mine Workers' hall. The program is one that will please all who attend. The admission prices will be twenty-five cents for adults and fifteen for children.

Harry Tallon, an old and well known resident of Ishpeming, takes a place as shift boss at the Lincoln mine, Mesaba range. He has been in the employ of the Pittsburg & Lake Angelina company here for a number of years past and is a first class miner. Mr. Tallon's family will remain here for the present.

Martin Flaa, a student of the manual training school, has gone to Milwaukee, where he will take a position in one of the mechanical departments of the Lindeman & Hoopes Co., under Olaf Peterson, formerly instructor in the school here. Young Flaa was one of the best students in that particular department and he promises to make a splendid mechanic. He will engage in carpenter work, though he is just as well equipped for work in the machine shop as in the wood working department.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, Ohio and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY, Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. GLEASON, Notary Public.

*Yours for Health*  
*Lydia E. Pinkham*

How Truly the Great  
Fame of Lydia E. Pinkham's Vegetable Compound Justifies Her Original Signature.

**Lydia E. Pinkham's Vegetable Compound.**

It will entirely cure the worst forms of Female Complaints, all Ovarian troubles, Inflammation and Ulceration, Falling and Displacement of the Womb, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Leucorrhoea than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors from the Uterus in an early stage of development, and checks any tendency to cancerous humors.

Irregular, Suppressed or Painful Menstruation, Weakness of the Stomach, Indigestion, Bloating, Flooding, Nervous Prostration, Headache, General Debility quickly yields to it.

Womb troubles, causing pain, weight, and backache, instantly relieved and permanently cured by its use. Under all circumstances it acts in harmony with the laws that govern the female system, and is as harmless as water.

It quickly removes that Bearing-down Feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, Dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues," and backache. These are sure indications of Female Weakness, or some derangement of the Uterus, which this medicine always cures.

Kidney Complaints and Backache of either sex the Vegetable Compound always cures.

No other female medicine in the world has received such widespread and unequalled endorsement. No other medicine has such a record of cures of female troubles.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

(Subscribers to The Mining Journal will please remember that carrier boys are not allowed to receive money on subscription accounts.)

**HAS MANY RELATIVES.**

Pioneer Resident of Negaunee Witnessed Marriage of Nine Grandchildren.

Cesar Charleaux, who has been a resident of Negaunee for the past forty-four years, witnessed the marriage of his ninth grandchild one day last week, when Miss Philippine Charleaux was united in marriage to John Renier.

The old man is now seventy-five years of age and he is hale and hearty. He looks as though he is good for many years more and he has no thoughts of dying soon. He has never felt better in his life than he does now.

Mr. Charleaux did not have a great deal to do one day recently so he set down and began to go over his list of grand and great grandchildren with a view to ascertaining how many of each he has living. The task was not an easy one as the list has been growing quite rapidly during the past few years.

He finally got to the end of the string, when he found that he has nineteen grand and fifty-one great grandchildren, the majority of whom live in Negaunee.

The old gentleman is proud of his army of relatives. He is happy when he is among them and he greatly enjoys the company of the little folk. It is said that no one present at the marriage last week enjoyed the festivities and the company of his people more than did Mr. Charleaux.

**NEW SCHOOL AT SWANZEE.**

A new school building will be erected at the Swanzee location within the next few months. It will be located on the site of the old building near the mine. There are two schools in the township but the principal one is near the Princeton property.

The old school is not large enough to accommodate all the children who will attend next fall. The population of the place has increased considerably during the past year or so and the prospect is that it will continue to grow for some time yet. The old school contains two rooms, but there will be three in the new one. It is now something like thirty years since the old school was built. The structure is not in the best of repair and it is time that it was abandoned.

Residents of Swanzee look for much better things than the older residents of the place have had for some years past. There is promise that the number of working men employed on the range will be considerably increased within the next year or so.

If the Cleveland and the company's explorations pan out well it is certain that a mine will be developed. A second store is about to be opened at the location. Heretofore there has been but one store there and a very satisfactory business has been done up to this time.

**"RAILROAD JACK" TONIGHT.**

The attraction Manager McDonald of the local opera house offers his patrons tonight is the "New Railroad Jack." There is a fair advance sale of seats and from present indications the players will be greeted by a large audience. The following mention of the show is taken from the Atlanta, Ga., Journal.

"The audience that witnessed the first performance of 'Railroad Jack' last night at the Columbia theater was one of splendid proportions, and if one can judge from the applause and laughter that was frequently heard during the evening, then those present enjoyed themselves thoroughly. It proved to be a comedy drama in which many sensational features are introduced. The explosion at the Dawson switch, the flight of the midnight express are sensational enough to please all lovers of the melodrama.

"Clever specialties were given between acts and during the action of the play." The prices will be twenty-five, thirty-five and fifty cents, the latter for reserved seats.

**WILL WEAR MINERS' TOGS.**

Kahn & Skud of Ishpeming wish to inform members of the local tents of the Maceabees who will turn out with miners' uniforms on June 10, when the great tent celebration is to take place at Marquette, that the suits have arrived and they can be obtained at any time. It is not certain that the Ishpeming and Negaunee Knights wearing this unique outfit will march together. Should the tents of the two cities unite the turnout would doubtless be the largest in the procession.

Nick Debeck is again punching tickets on the Chicago & Northwestern passenger train, which runs between Ishpeming and Marquette and to points in the western end of the county. He was called to Escanaba about three weeks ago on account of the serious illness of his mother.

The local lodge of Stationery Engineers recently elected the following officers: President, Richard Eddy; vice president, Louis Rasmussen; secretary, Russell Gouge; treasurer, John A. Wasmuth; conductor, Thomas Buzzo; doorkeeper, Benjamin Hansen; deputy, L. Peterson; trustee, three years, John Gouge.

The members of the local camp of the Modern Woodmen of America look forward with no little pleasure to the party to be given on Thursday evening at Bousson's hall. The attendance will be limited to the members and their families. Unmarried men will be privileged to bring a lady. There will be an entertainment lasting about an hour, after which dancing will be indulged in. A lunch will be served.

**E. W. GROVE.**  
This name must appear on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day. 25 cts.

**LEADS THEM ALL.**  
"One Minute Cough Cure" beats all other medicines for coughs, colds, croup and throat and lung troubles," says Dr. Scott Curran of Lovaston, Pa. Perfectly safe. Acts immediately. Croup yields to it. Cure grip, bronchitis, coughs. The Stafford Drug Co.; H. N. Meloche, Ishpeming.

**BIG ARENIC EVENT.**

Ringling Brothers' Famous Circus to Exhibit Here Shortly.

Ringling Brothers' world's greatest shows will exhibit in Ishpeming Wednesday, June 18. Readers of this paper do not need to be reminded of the magnitude and high character of this great show, for its reputation as the largest, most complete and best conducted circus, menagerie and hippodrome in the world is universal. Its thousands of admirers in this vicinity will, however, be interested in learning that the management has not only kept up the former high standard of the show, but has also organized for the present season the largest and most comprehensive traveling exhibition ever known. The great show has been entirely reconstructed, while the list of performers, in every department, has been so completely changed as to make this year's program new in every essential particular. There are new acts, new artists and new spectacular displays, and every civilized land the world over has been placed under tribute to secure the latest and most novel arenic features. The exhibition opens with the most gorgeous and unique display of horsemanship ever seen in America. Perhaps the most fitting way to describe this beautiful act is to call it a military horse ballet. It is given under the immediate direction of John O'Brien, the greatest of all great horse trainers. A splendid triple-acting circus performance follows. Among the artists are many who have never before been seen in this country, but whose names and achievements are known throughout the world. In the list of famous acrobats are the Nelson family of ten unequalled artists; the Roberts family, the Pettis, the Bidolan brothers, the Leon sisters and the great contortionists, Genaro and Pineda, and Charlo. The acrobats are led by the wonderful Duhar trio, direct from Australia; the Holloway trio, high-wire acrobats; the Banovics, the Tybell sisters, Nettie Carroll, and the Mikado's own troupe of Japanese equilibrista from Jeddah. The riding surpasses anything in the equestrian line ever before attempted. Among the great riders are the Holsons, the Scheldts, John and Michael Rooney, Albert and Malame Davenport, Reno McCreary, May Davenport, Julia Lovande and Albert Crandall. The trained animal section of the show presents Captain Webb's juggling seals, Professor Wood's dog and pony circus and Pearl Sander's famous comedy elephants. Forty funny clowns contribute a wealth of comedy to the performance. The menagerie presents the only living giraffe and hundreds of other interesting and curious animals, including thirty elephants. The hippodrome races skillfully through the exciting scenes of the old Roman amphitheatre on a scale of magnitude not surpassed even in the days of Nero. The show will be given here in its entirety, and that means the biggest and most convincing circus performance ever seen in this city.

**LOCAL LACONICS.**

A monthly meeting of the board of supervisors will be held tomorrow at Marquette.

The local Ancient Order of United Workmen society has given up its lease on the Bousson hall.

There will be a meeting of the Country club this afternoon. Buses will leave the Johnston house at 2:30 o'clock and from the Peninsula bank at 5 o'clock.

The members of this year's graduating class of the Negaunee high school will attend services at the Presbyterian church next Sunday morning. Rev. Dr. Smith, the pastor, will deliver the baccalaureate sermon.

The street car system was largely patronized Sunday. The weather was very pleasant and a ride on the open cars was enjoyed by all who took it. Open cars will be used every warm day throughout the summer.

J. K. Vetter, advance representative of the "St. Perkins" company, spent Saturday in the city. His company will hold the board at McDonald's opera house on Saturday evening of this week. A farmer band gives a street parade at noon.

An entertainment for the benefit of Boburn, the old-time minstrel comedian, will be given at the Mine Workers' hall Wednesday evening. A Hardy will act as musical director, and aside from Mr. Boburn, excellent local talent will assist in the program. The talent generally is invited.

Nick Debeck is again punching tickets on the Chicago & Northwestern passenger train, which runs between Ishpeming and Marquette and to points in the western end of the county. He was called to Escanaba about three weeks ago on account of the serious illness of his mother.

The local lodge of Stationery Engineers recently elected the following officers: President, Richard Eddy; vice president, Louis Rasmussen; secretary, Russell Gouge; treasurer, John A. Wasmuth; conductor, Thomas Buzzo; doorkeeper, Benjamin Hansen; deputy, L. Peterson; trustee, three years, John Gouge.

The members of the local camp of the Modern Woodmen of America look forward with no little pleasure to the party to be given on Thursday evening at Bousson's hall. The attendance will be limited to the members and their families. Unmarried men will be privileged to bring a lady. There will be an entertainment lasting about an hour, after which dancing will be indulged in. A lunch will be served.

**BUILDING BOOM IN THE SOUTH.**

At Jacksonville, Birmingham, Atlanta, Knoxville and Chattanooga.

According to William Henry Given of the American Contractor, who has just returned from an extended tour of the southern states, the south is having the greatest building boom since the war.

The storm centers of building, as Mr. Given puts it, are Jacksonville, Fla.; Atlanta, Ga.; and Birmingham, Ala., and Knoxville and Chattanooga, Tenn.

The work being done in Jacksonville involves the practical rebuilding of the business section of the city, which was destroyed by the great fire. Mr. Given says that the business blocks that are being put up on the sites of those destroyed by fire are much more substantial and artistic than the old. The people of Jacksonville seem to be turning to solidity and beauty of architecture rather than altitude.

Perhaps the most important of the new buildings in the Florida metropolis is the new Windsor Hotel. The old structure was of wood and covered half a block, with fronting on two streets. The new building will be five stories high, of brick, with gray stone trimmings. Mr. Given expresses the opinion that within two years all of Jacksonville that was burned will be entirely rebuilt.

It is in Atlanta, however, that the most pretentious buildings in the south are being put up. The desire for skyscrapers seems to have hit Atlanta in its midst and the desire is being gratified. In fact, according to Mr. Given, Atlanta is New York's one rival in all the south, in the way of buildings which obtain increasing acreage as to their latitude. Mr. Given says that there are four or five buildings under way in Atlanta, most of them for business purposes.

One hotel, which is to be called the Piedmont, will be fifteen stories. When Mr. Given left Atlanta he says that some of the more conservative citizens of the town were seriously discussing the question as to whether it really would be safe for anybody to live in a building so high as the Piedmont is intended to be.

Everything is booming in the building trades of Knoxville and Chattanooga, and they are doing the best they can in Birmingham. In the latter city, however, capital is very badly needed. About a dozen years ago a building boom struck Birmingham, ending reaction. The demand for the from which there was a dull and sickening new buildings was nowhere near as great as it was when they were building as it was a greater when they were building.

There is a greater demand for new buildings there now than there was in the former boom, but the supply of capital does not seem to equal the demand for buildings. If anybody in the north has got money to invest in buildings in a thriving town like Birmingham, Mr. Given says there is plenty of chance for investment.

Mechanics in the building trades can get more work than they can do, according to Mr. Given, in any of the cities mentioned. A carpenter's apprentice, who knows a chisel from a back line and who can chuck a respectable bludge, can get work as a full-fledged carpenter wherever there is a building boom in the south. What is true of carpenters is true of masons and plumbers and tinsmiths and other house builders. Any mechanic in the building trades who wants work can find it in the south.

**SERVANTS IN THE SOUTH.**  
Negroes Far from Solving the Great Domestic Problem.

Persons who think that the negroes in the south must help to solve the servant question would be surprised by an actual experience there. It was not many years ago that at Charleston it was customary to have the servants in the house only during the day time. After 6 p. m. it was not possible to keep them there.

That condition does not now exist to the same extent, as it is possible to engage white servants from the north. But the average citizen of Charleston still expects to open his door to visitors after 7 p. m.

The independence of servants in the south is illustrated by this state of affairs. The supply is just as inadequate to the demand as it is here.

The abundance of negro women ought to make it easy to find servants, but exactly the opposite condition exists. Neat, capable and prepossessing colored women are engaged immediately and receive good pay. They are so much in demand that they are able to exact all kinds of privileges from mistresses.

Even when they are thus employed, these women are always awaiting an opportunity to do the kind of work which they are all seeking nowadays. They prefer to be teachers, seamstresses, typewriters, or anything but domestic servants, just as is the case with the native-born white girls of the north. It is this ambition on their part that keeps the negro girls of the south from entering domestic service.

Another common aspiration is to go to the north. They all look forward to that, and the cheap excursions conducted by the steamship lines in the summer are the usual means by which many of them carry out their ambition.

Many return to the south disappointed. It is the cold winters more than any other consideration that drives them home after a year or two spent in the northern cities.—New York Sun.

**VIRULENT CANCER CURED.**

Startling proofs of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed him hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power; blood diseases, skin eruptions, ulcers and sores vanish. Bitters, 50c, 25c at The Stafford Drug Company.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. People's Drug Store.

**NO BREAKFAST.**

The Newest Idea for Dyspeptics Cuts Out the Morning Meal.

Advocates of the "no breakfast cure" are multiplying daily. The theory that the best day's work is to be obtained from the man who eats the least breakfast is becoming so popular that it seems very probable that the breakfast will shortly become obsolete.

William Greer Harrison, of San Francisco, is one of the best examples of a strong, healthy and active man who does not break his fast until noon. "I never eat any breakfast," he said. "It is not at all necessary, and I find that I enjoy much better health than those who eat large breakfasts. This idea that one must eat immediately in the morning is ridiculous. I am never hungry until noon, when I take food for the first time in the day. People say there is danger from germs. Well, I have had no ill-effects. But I find I am much better for not crowding a large breakfast upon the stomach when it is not ready for work."

"Food is fuel. It supplies the energy of the body. Now, when there is plenty of steam to run the engine, the fireman does not continue to throw coal on the blazing fire. What is the use of overloading the stomach?"

"During the night there has been comparatively no waste of tissue. The muscles, voluntary and involuntary, with the exception of the heart, have been at rest. Respiration and the action of the heart are less active during sleep than when we are awake. So, as there has been no waste, we need no fuel until later in the day."

"In the morning I drink a cup of hot water. One takes a bath and washes the body every morning. A cup of hot water performs the same cleaning internally. All the Latin races eat a small breakfast. Usually, they take only a cup of coffee and a bit of bread. They do not use milk or sugar in the coffee. Cream and milk are what makes coffee so injurious. A small cup of coffee after dinner is all the coffee I drink."

"My breakfast at noon consists of prunes, poached eggs, bacon, broiled crisp, and cereal coffee. During the day I eat two or three apples. These contain not only nutriment, but counteract the effects of the gases formed during the process of digestion. At 7 o'clock I have my dinner—soup, fish, etc.; just an ordinary dinner. Then I read or talk afterward, and usually retire about 11 o'clock."

"These theories, to be practical success, must be accompanied by exercise. If one does not exercise, it is impossible to be healthy. I am as young as at twenty, and am never ill. To be sure, my hair and beard are white, but I am not old. I can run a race with many a younger man. By following rules with a view to preserving the health one undoubtedly prolongs life, and it is not only the fact of living long that is the best part of it, but that one is strong and well."

Can't be perfect health without pure blood. Burdock Blood Bitters makes pure blood. Tones and invigorates the whole system.

### SHOWING IS RICH LOOKS LIKE A MINE AT THE KRIEG PROPERTY.

ORE ASSAYS \$11.00 TO THE TON

COPPER, GOLD AND SILVER CON-  
STITUTE THE MINERAL.

Depth of Fifteen Feet Has Been At-  
tained in the Lead and Sinking to  
the Main Body is Now Being  
Pushed With Vigor.

Although work has only been prosecuted about a month, the showing already revealed at the property of the Saak's Head Mining & Developing company, in which the Krieg brothers of this city and Detroit parties are interested, is one that seems to indicate that a wonderfully rich mine will be opened. The shaft, eight by eight feet in size, has reached a depth of fifteen feet. It was started on an outcrop on surface and for the entire distance has been in a well mineralized formation. The vein is a well-defined one, is several feet in width, widening and growing richer as depth is attained, and it is regarded as only a question of time when the lead will be found running into the main body of ore that is the objective point.

Similar to Western Ores.

The vein matter constitutes a sulphide copper ore, carrying liberal quantities of gold and silver, and is very similar to that being mined in Colorado and Utah and also to the rich deposits now being developed in the Algoma district of Canada. Different from the native copper mined in Houghton and Ontonagon counties, the sulphide ore, though richer, is found in great deposits like in iron mines, and to these deposits the veins or leads extend. At the Krieg property a miner who has had considerable experience in like work in the west, is in charge of the operations. He declares that the lead on which sinking is now being prosecuted is the best he has ever seen in his long career, and he is confident that the main body will be encountered before many weeks have past.

A sample of the ore, picked haphazardly from the bottom of the shaft, was on May 28 submitted to F. D. Tower, chemist of the Carp River furnace department of the Pioneer Iron Co., for analysis, and the result was very flattering. Of gold, there was \$4.10 to the ton, the silver assayed 1.2 ounces and the copper went 2.01 per cent, making an aggregate value of \$11 to the ton of ore at the present price of copper, and showing a product considerably richer than anything in the native copper district. The last assay is richer than

those made on ore taken nearer to the surface, which bears out the statement of the miner in charge that as the shaft was put down deeper the quality of the ore would improve.

Detroit Experts Interested.

Detroit experts who were shown specimens of the ore were much interested as well as amazed that the samples had come from a district not generally known to contain sulphide ore and particularly of such good quality. One stated that had the find been made near Denver, it would have created a great flurry in mining circles, while all predicted that the district would become an important one. Considerable of the money so far expended at the property has come from Detroit, largely as a result of the statements of the experts, and The Mining Journal is informed that there are still sufficient funds on hand to continue the work for some months, by which time it is expected the main body will be struck and the mine will speak for itself.

The company, which is organized under the laws of Michigan, with a capitalization of 100,000 shares, owns 100 acres of land, in several portions of which the ore outcrops. The tract is well covered with timber, principally maple and hemlock, and the Big Garlic river runs through it, insuring plenty of water and also power for mill purposes when the time comes. The mine is located eighteen miles from this city, near the lake shore, and is four miles from the main road, to which, however, a good road has been built this spring.

At the Daniels Property.

At the Daniels property, which is but one section distant from the Krieg exploration, the shaft has attained a depth of fifty feet, at which point, although the miners have been in mineral all the way down, a rich body of gray ore has been encountered. Yesterday a start was made in crosscutting across the lead, from the foot to the hanging wall. The last assay, made last week, showed 4 per cent copper and \$3.75 in gold and \$4.75 in silver to the ton, the rule of richness with depth being well illustrated by the result of the chemist's analysis. The showing is considered so flattering that the force of men is to be immediately increased, some machinery is to be installed and the work of crosscutting and then sinking to the main body is to be prosecuted with all vigor.

At a recent meeting of the stockholders, a development syndicate was organized on the founders' share plan. George Barnes, Peter Primeau and C. F. Butler were elected trustees. It was decided to capitalize the syndicate at 1,000 shares, each of a par value of \$100, and to call in the old issue of stock and exchange for it some of the new according to face value. Of the 1,000 shares fifty-nine will be placed on the market after the disposal of which the stockholders will determine the disposition of the balance. Fractions of a share can be purchased as the purchaser sees fit. The holders of the fifty-nine shares, together with those of the old issue, will have the privilege of taking the remaining founders' shares, which from the present and increasingly rich showing at the property bid fair to be worth big money.

George Hodgkins, secretary, will receive old stock in exchange for the new.

### CAUGHT ON BLIND BAGGAGE.

Insane Man Escaped from the Newberry Asylum Some Time Sunday.

Gus Johnson, an insane man, was confined in the county jail yesterday, awaiting the arrival of officials from the Newberry asylum, from which institution he had escaped some time during Sunday. When the special train conveying the excursionists back from the Soo arrived at An Train early yesterday morning, Johnson was noticed stealing a ride on the blind baggage. His appearance was rather suspicious, and the trainmen, suspecting something wrong, took him in one of the coaches and brought him on to Marquette. Here he was recognized as Johnson, who had been sent to the asylum from Neegaunee last October, and was turned over to Officer Foubert. He was taken to the city lockup and later was turned over to the county authorities. Johnson is in a bad way mentally and it is considered fortunate that he was discovered in time.

### ROUGHLY HANDLED.

Servant Girl Attacked by an Unknown Man Sunday Night.

The police are on the lookout for a man, whose identity is unknown but whose description they have, who on Sunday night about 10 o'clock badly frightened a servant girl employed at an Ohio street residence. The girl was on her way home and was about to enter the house when she was grabbed by the fellow and roughly handled. The girl's cries attracted the attention of passers-by on Front street and they hurried to the scene in time to see the man running without further attempt to accomplish his ostensible purpose. The fellow was chased for some blocks, and although the pursuers were unable to catch up with him they obtained a description which it is hoped will lead to his apprehension. The circulation of the report of the attempted assault created quite a flurry yesterday, and some vigorous talk was heard that bodes trouble for fellows like the principal in this case.

### NEW TOWER IN COMMISSION.

F. S. Parker of Marine City, a government inspector in the weather bureau service, was in the city yesterday on business connected with the establishment of the signal station at Presque Isle, which a few days ago went into commission. Robert Hume has been appointed signal man and will be advised by telephone concerning the display of the storm warning flags. The tower, which is of steel and seventy-five feet high, has been located on a high point of land at the "island" and the signals displayed from it will be visible many miles out in the lake.

Have you tried Vandenberg's famous creamery butter? If not, don't fail to secure a supply this week. One trial will be sufficient to satisfy you that Vandenberg's fresh creamery leads them all. (5-27-1w)

RUGS MADE OF OLD CARPET  
Address M. Trauson, Janzen hotel.

### SMALL STRIKE AT THE FURNACE.

Force of Laborers Quits to Enforce a Demand for More Pay.

There is a small strike on at the new furnace, a gang of about thirty-five men walking out yesterday after their demand for an increase in wages had been refused. The men were employed as laborers, and principally about the concrete work. They have been getting \$1.50 per day and asked for 25 cents more. The trouble is similar to that at the new paper and pulp mills at Muskegon, where last week the laborers quit to enforce a demand for \$1.75.

### AT FORTY CENTS EACH.

Maccabee Committee Has Six Hundred Cots It Will Rent.

The executive committee in charge of the arrangements for the Maccabee convention has perfected an agreement with Hager Bros., whereby cots can be rented for the entire convention week for forty cents each. This is a reduction of sixty cents from the price fixed at first, and all those who have already secured the money by calling at Hager's. Six hundred cots have been ordered through Hager Bros., and while the cost is greater than the price to be charged for rental, the Maccabee committee will pay the difference. People who can possibly accommodate delegates are again urged to communicate with the committee, one member of whom can always through the day be reached by phone at the city hall.

### HERE NEXT SATURDAY.

"Power Behind the Throne" an Important Theatrical Engagement.

The management of the Marquette Opera House has secured an important theatrical attraction for Saturday evening, June 7, when Katherine Willard and Edward C. White's well known company will present for the first time in Marquette, "The Power Behind the Throne," a four-act romantic drama by Theodore Kremer, founded on Schiller's famous classic "Kabale und Liebe," which has scored an emphatic success wherever the play has been produced, abounds with thrilling situations, powerful scenes and strong dramatic climaxes, legitimately brought about, and is mounted with the most elaborate scenic production ever given a romantic drama. Everything necessary to produce beautiful and historically correct pictures is carried by the company, including the furniture, which was modeled and built from correct drawings. One of the costumes worn by Miss Willard is of white ivory satin, empire style, with court train. The trimmings for the gown are silver spangles in cut and flat effect, each point being finished with a rose, graduated in size from waist down, the general effect being strikingly beautiful.

A Tissue Builder, Strength Producer, Flesh Creator, Life Prolonger. Puts life and hope into the human heart. That's what Rocky Mountain Tea does. 35c. The Stafford Drug Co.

# JUNE SALE OF WASH GOODS.

Our sales during the month of May this year were fifty per cent. more than for any previous May since we came to Marquette. This increase is partly accounted for through the immense sales in our new Millinery Department, but there has been a general increase in every department throughout the house. Especially is this true in our WASH GOODS Department, where we have shown a wonderful assortment of all the leading fabrics on the market this season.

Beginning this morning we will place on sale TEN THOUSAND YARDS of WASH GOODS at prices and values never before attempted. This bargain sale just at the beginning of the warm weather season should interest every lady in Marquette. No such assortment can be found at any other store, and the PRICES WILL BE ONLY ABOUT ONE-HALF what you will have to pay elsewhere.
