RIOTING CONTINUES

STRIKING TEAMSTERS AND POLICE OF CHICAGO CLASH AGAIN.

MANY PERSONS BADLY INJURED

MOB INTERFERES WHILE OFFICERS ESCORT MEAT WAGONS.

Drivers and Helpers of State Street Department Stores Also Walk Out, Adding to the Complication.

Chicago, June 3.—As a result of the serious aspect of the teamsters' strike yesterday the entire police force of the city is active on reserve duty today. At 10 o'clock this morning the teamsters of nine big State street department stores, struck and many wagons loaded ready for delivery were left in the street, the contents later being taken back into the stores. A train of twenty wagons loaded with meat from the stock yards made the way to the down town district early today under a heavy guard of police.

A riot occurred in South Clark street about noon in front of the stores of Irwin Brothers and Wagner Winslow & company, wholesale dealers in meat from the big packers. Twenty-four wagons from the yards were driven to these stores and were being unloaded when a crowd of two thousand spectators who are strike sympathizers, began hooting and interfering with the non-union drivers. The police who were guarding the wagons tried to preserve order but were unsuccessful. Two of the Irwin brothers seized axe handles and in company with the police beat back the crowd. In the melee one man, Isaac Bean, was thrown down a stairway and had his back broken. A passing street car was overturned and a patrol wagon on the way to the riots was dumped with the police into the street. A score or more of people were arrested but were released. In other sections of the city attempts were made to move the meat, but because of the large gatherings of people the wagons put back to the warehouses.

Police Have Strenuous Day.
The police were given strenuous duty by the striking teamsters. From daylight until long after dark the blue-coats were kept busy. In spite of the strikers and their friends, thirty-three wagon-loads of meat were delivered to the down-town stations. Before the task was accomplished, however, a score of policemen and rioters were injured, and fifty persons were arrested. Several were so seriously injured that they were taken to hospitals. Two may die.

To add to the policeman's troubles, 1,200 drivers and helpers employed by State street department stores went on a strike today. An attempt to deliver goods this afternoon with non-union drivers under police protection caused so much disorder that the attempt proved futile. Before the project was abandoned several rioters were hurt and many arrests were made.

Police Battle With Mob.
This afternoon under a guard of fifty police the Fair store started two delivery wagons. Within a block a heavy express wagon drove full tilt into a leading wagon. The Fair wagon was badly damaged and the guard thrown into confusion. The police charged upon the crowd with drawn clubs and struck freely at the people nearest them. After a short but fierce struggle, the crowd was pressed back and the procession resumed. Before another block was traversed, the crowd made a rush for the wagons and a sharp battle followed. Bricks and stones were thrown with such effect that after the fight was over dozens of big show windows in the adjoining buildings were shattered.

In the attack which the police made upon the crowd a dozen men were severely injured.

The fierceness of the fight discouraged further progress and the two wagons were headed back to the Fair. When the wagons reached the alley leading across the rear of the Fair, the police with a desperate charge, cleared the way through the crowd which had swelled to thousands.

An attack made tonight on William Kiser, a non-union teamster, resulted in a small riot in which several shots were fired. Kiser claims he fired the shots in self-defense. Charles Roda, who was passing in a buggy, received a bullet in the right leg, and amputation may be necessary. Kiser was arrested.

LATE RETURNS CHANGING IT.

Republican May Have Been Elected Governor of Oregon After All.

Portland, Ore., June 3.—The majority of Chamberlain, Democrat for governor, was today reduced to 258, and complete returns may even wipe this out. The legislature on joint ballot will be strongly Republican.

JOLIET IS INUNDATED.

Joliet, June 3.—Heavy rains caused the Hickory and Spring creeks to overflow their banks and the lower portion of Joliet is inundated. It is rumored several lives were lost. A number of families had narrow escapes. The police rescued many in boats. Several houses and buildings were swept away. The principal streets are under water. Several places are flooded, causing hundreds of thousands dollars damage. Street car and railroad traffic is demoralized.

CRATER LIKE A FURNACE.

George Kennan Tells of a Thrilling Visit to Mont Pelee.

Fort de France, June 3.—George Kennan, accompanied by Messrs. Jaccaci and Varian, arrived this morning after an absence of twelve days. With Professor Heilprin, Kennan and Varian ascended Mont Pelee. They stood on the very edge of the crater and looked down on the incandescent mass within. In an interview today Mr. Kennan said: "We could not see down into the crater more than 150 feet, but it was like looking into a white hot furnace. What was thought to be a cone of cinders in the crater was learned in reality to be a huge pile of gigantic rocks. The whole vast bed of the old crater and Lake Palmiste is emitting steam through thousands of orifices. "The ascent was the most terrifying experience of my life, yet Professor Heilprin, on the previous day, had sat enveloped in darkness on the lip of what was once Lake Palmiste and had descended the horrible arête in a thunderstorm of volcanic clouds and almost complete darkness."

Mr. Kennan then went into the details of the trip, describing the great explosion of May 29 and that of the 28th. On the 29th they nearly lost each other in the dense volcanic clouds. Following this incident, he tells of his experience in climbing to the crater.

Mont Pelee is quiet today, but a great volume of steam is issuing from the volcano. The lower mud craters, however, are still pouring forth torrents.

COAL FIELDS QUIET KING IS GRATEFUL

DISTURBANCES FEW AND STILL OF A MINOR NATURE.

NO IMPORTANT DEVELOPMENTS A TITLE AND A GRANT OF \$500,000

FIGHT CENTERING ON ATTITUDE OF THE PUMP RUNNERS.

Miners Succeed in Persuading More of the Men to Quit but Operators Continue to Claim Plenty of Workers.

Willesbarre, Pa., June 3.—There were no developments or incidents of special mention in the miners' strike today.

The mine workers tried hard to bring out additional engineers, firemen and pump runners and the companies were equally earnest in an effort to hold the employes that had been loyal to them. The union succeeded in getting out quite a number of men and tonight the miners assert that they are satisfied with the day's work. The mine owners claim that thus far they have employed very few non-union men and have plenty of workers.

The entire coal belt remains comparatively quiet, although disturbances of a minor nature are becoming more frequent. President Mitchell gave out a statement tonight to the effect that the number of engineers, firemen and pumpmen out was considerably increased today. He also said that the miners were remarkably peaceable.

KIDNAPED CHILD HOME AGAIN.

Margaret Taylor Reaches America, Accompanied by Her Father.

New York, June 3.—Albert Vinton Taylor of Cincinnati and his young daughter Margaret, who was kidnaped by her aunt and taken to Italy, were passengers on the steamship Kaiserin Maria Theresa, which arrived yesterday from Genoa and Naples. Mr. Taylor said he had no trouble in securing his child, who is in good health and spirits. "We will not prosecute the unfortunate woman who took her away," he said. "Her love for the child, and her belief that we would take her away from her eventually, caused her to flee with the child. My sister was arrested in Bardighera, Italy, May 10, after an absence of three years. What the district attorney of Cincinnati may do regarding prosecution is another matter."

BARS A MATRIMONIAL BUREAU.

Court at St. Joseph, Mich., Enjoins a Chicago Organization.

St. Joseph, Mich., June 3.—Yesterday marked the closing chapter in the sensational legal fight made by the state through the Warren county circuit court against the League of Educators, a Chicago matrimonial organization, which the court found was operating in Michigan contrary to the state law. Judge O. W. Coolidge of this city first issued an ouster proceeding against the organization, and later an injunction against certain representatives of the league. H. S. Osborne, state manager of the League of Educators, was tried in the circuit court for contempt of court in violating the injunction, and was found guilty. The court today sentenced Osborne to pay the fine, Osborne was sent to jail. Assistant Attorney General Chase filed information yesterday against Mrs. C. M. Elmdorf, a Grand Rapids representative.

SUCCESSOR TO CONSUL PRENTISS.

Washington, June 3.—President Roosevelt has found a competent man willing to undergo the dangers of another eruption of Mont Pelee. He is John F. Jewell of Galena, Ill. His nomination as successor to the late Consul Prentiss at St. Pierre will be sent to the senate tomorrow.

MINE OWNERS INDICTED.

Operators of Colliery Where 216 Men Died Are in the Law's Clutches.

Clinton, Tenn., June 3.—The grand jury this evening indicted the owners of the Coal Creek mines for criminal misdemeanor in having failed to comply with the law requiring the inspection of mines. It was at this mine that 216 lives were recently lost.

NO CUBAN RECOGNITION YET.

Germany Not Yet Officially Advised of Change in Control.

Berlin, June 3.—The German government has taken no steps to recognize the Cuban republic. The official explanation is that as yet the government has not been notified of a change in the political status of the island's affairs, which in theory, are wholly within the military jurisdiction of the United States.

A DOLLAR A THOUSAND.

Hardwood Manufacturers Boost Prices All Along the Line.

Louisville, Ky., June 3.—The Hardwood Manufacturers' association of the United States, at a meeting here today, advanced the price of yellow poplar a dollar per thousand. The price was advanced from \$2.50 to \$3.50 a month ago, and today's action means an additional advance. It was also decided to advance the price of all other hardwood lumber one dollar per thousand.

WOULD REWARD LORD KITCHENER FOR HIS SERVICES.

PROPOSITION TO BE MADE TO PRESIDENT KRUGER.

London, Wednesday, June 4.—The house of lords will hold a sitting today to receive a message from King Edward with reference to peace. It is expected the message will announce the centering of a title upon Lord Kitchener and recommending the granting to him of a reward of probably £100,000 for his services.

London, June 3.—Replying to a question in the house of commons today, War Secretary Broderick said the total number of Irish prisoners in South Africa and elsewhere was 25,565, of whom 783 were under sixteen and 1,025 over sixty years of age.

King Edward has cabled congratulations on the conclusion of peace to Lord Kitchener and Sir Alfred Milner.

Amsterdam, June 3.—It is rumored that at the request of Great Britain, Dr. Kuyper will visit President Kruger and offer him safe conduct to South Africa and other facilities, conditional upon his retirement to his farm at Rustenburg.

FARMER KILLED BY TORNADO.

Plattsville, Wis., June 3.—A tornado struck Louisiana, a small town sixteen miles southwest of here late yesterday. According to reports received here, the damage was heavy. Barns, outbuildings, etc., were demolished. Edward Ward, a well-to-do farmer, was struck by a heavy timber and killed. It is said the season's work on many farms is a total loss. The Sisson dwelling at Jamestown was totally destroyed.

OVERTURES FOR UNION.

Roomed Church Wants to Join With United Presbyterians.

Pittsburg, June 3.—The United Presbyterian general assembly was agreed surprised this morning by an overture for union with the reformed church. The overture was received with unanimous favor and a committee will be appointed to make proposals for the union. The annual report on the state of religion showed that last year there was a net gain of less than one per cent.

FOUR MEN GARROTTED.

Had Confessed to Crimes Committed in Porto Rico.

Ponce, Porto Rico, June 3.—Four men were garrotted here today for murder, robbery and outrage, committed in October, 1898. They were all put to death within fifty minutes. Two minutes were required to kill each man. All confessed the crimes.

TOOK A WEEK TO AGREE.

Alliance, Neb., June 3.—The jury in the trial of August Jahnik, charged with the murder of Michael Sierk, after being out a week, agreed on a verdict tonight, finding the defendant guilty of murder in the first degree and fixing the punishment at life imprisonment.

PRISONER JUMPS FROM TRAIN.

Carbondale, Ill., June 3.—Harry Kelley, a noted criminal in charge of Kentucky officials, enroute south, jumped from a fast mail train on the Illinois Central today while handcuffed and shackled. He has not been captured.

HITS AT ELI SUTTON

EX-QUARTERMASTER WHITE GIVES SENSATIONAL TESTIMONY.

TELLS OF THE CLOTHING FRAUDS

IMPLICATES THE UNIVERSITY REGENT IN THE SCANDAL.

Declares That, Despite the Detroit Man's Acquittal, He Was in the Conspiracy and Was Paid His Share of the Profits.

Lansing, Mich., June 3.—Testifying this afternoon in the disbarment proceedings against Attorney Rees of Kalamazoo, for alleged connection with the state military clothing frauds, ex-Quartermaster General White of the Michigan National Guard, who pleaded connection with the frauds, and who was pardoned by Governor Pingree, said that Eli B. Sutton, regent of the state university, was also implicated. Mr. Sutton was indicted by the grand jury but was acquitted of connection with the frauds. Mr. White testified today that he paid Sutton in Detroit his share of the profits of the fraudulent deal. Mr. White said that Sutton was a member of the fictitious Illinois Supply company through which the fraudulent deal was manipulated. The other members were ex-Inspector General Arthur F. Marsh, Mr. Henderson, of the Ames company of Kalamazoo, and himself. Sutton's acquittal in the Ingham circuit court followed a long and bitterly-fought trial. White's story has created a great sensation.

REPORTS COURT OF INQUIRY.

Crownshield Sends Findings Against Officers of the Chicago.

Washington, June 3.—Secretary Moody has been informed of the findings of the court of inquiry which investigated the conduct of the officers of the Chicago who were involved in the trouble at Venice some weeks ago. This came in the shape of a telegram from Admiral Crownshield at Chicago, head of the European squadron is now lying. The department deemed it well not to make public at this time the conclusions reached by the court, which hence are thrown into the field of speculation. The present belief is that the court has not seen fit to recommend court-martial, at least of all of the officers, but in view of the clemency generously extended by the king of Italy to the imprisoned officers it is not regarded as politic now to publish any conclusions by the court that perhaps might reflect on the Italian judges and police officers of Venice.

AGAINST COERCION LAW.

Bourke Cockran Protests Against Government in Ireland.

Chicago, June 3.—A meeting of the Irish-Americans of Chicago held at the Auditorium tonight to protest against the coercion law in force in nine counties in Ireland was perhaps the largest demonstration of its kind ever held in this city. Bourke Cockran was the principal speaker. Special importance is attached to Cockran's pronouncement, as he has only recently returned from London, where he conferred with John Redmond and other leaders of the Irish movement.

Mr. Cockran opened his address with the following statement: "Coercion, as applied to the Irish people, is exclusion of that people from the exercise and enjoyment of civilized government." The speaker explained at length the methods adopted by England in governing Ireland, claiming that every elementary law of humanity was denied the Irish. His demand that this be changed, he said, was based on justice, and must be considered sooner or later. He believed that the Americans can bring this about, and made a strong plea that a protest be made against the existent conditions in Ireland.

PLOT AGAINST KING'S LIFE.

Mrs. Sydney Rosenfeld Tells of Placard Heralding Assassination.

New York, June 3.—Mrs. Sydney Rosenfeld created considerable excitement at the Professional Woman's league yesterday by a story implying a plot to mature at the time of the coronation which was held to threaten the safety of King Edward. The news came through an Englishman, who recently made his appearance in Tasmanian. According to him, the numerous escapades of the prince of Wales had so far roused public sentiment against him as a monarch that when Queen Victoria's death was announced it reached a climax. That night on the walls of London a little placard was mysteriously posted. The wording was to this effect: "Victoria is dead. Remember your oath. The coronation is the time fixed." It was further asserted that the authorities, getting wind of the matter, the placards were removed within the hour and influence brought to bear to hush the matter up.

COLLEGE MEN CONVENE.

Lincoln, Neb., June 3.—Prohibition orators from the Atlantic to the Pacific are arriving to take part in a national inter-collegiate oratorical contest tomorrow night. Representatives will be present from Iowa, Ohio, Missouri, Nebraska, Wisconsin, Minnesota, Illinois, Michigan, New York and Oregon.

There Are 2400

Disorders incident to the human frame, of which a majority are caused or promoted by impure blood. The remedy is simple. Take Hood's Sarsaparilla.

That this medicine radically and effectively purifies the blood is known to every druggist, known to hundreds of thousands of people who themselves or by their friends have experienced its curative powers.

The worst cases of scrofula, the most agonizing sufferings from salt rheum and other virulent blood diseases, are conquered by it, while those cured of boils, pimples, dyspepsia and bilious symptoms and that tired feeling are numbered by millions.

Hood's Sarsaparilla Will do you good. Begin to take it today

MARQUETTE, MICH., JUNE 4.

Chicago is eating fish, no less violent these days. The strike of the packers' teamsters there has practically cut off the hotels and restaurants from their sources of meat supply.

The Menominee Herald continues to be worried exceedingly by the apprehension that Mr. Young, in giving so much attention to Menominee county, takes some chances of losing his own.

The coal strike bids fair to prove a stubborn struggle. The men are behaving well, but appear to be determined not to return to work until their demands are granted.

The coal strike bids fair to prove a stubborn struggle. The men are behaving well, but appear to be determined not to return to work until their demands are granted.

COPPER MINING.

MINE PRODUCTS FOR MAY. The Wolverine output for May was 202 1/2 tons, against 250 tons for April.

The Atlantic last month produced 321 tons. The Baltic May output compares as follows in tons of mineral: 1902, 325 tons; 1901, 120 tons; 1900, 63 1/2 tons.

Isle Royale's May Production. During the month just closed it is estimated that Isle Royale produced in the neighborhood of 315 tons of copper which is its best record.

Supplies of Soft Coal. Mining companies are hustling as much soft coal to this district as they can get hold of on account of the danger of the coal strike in the anthracite coal fields spreading to the bituminous region.

Copper Gossip. A new 100-foot stack has been put in place at the Tamarack No. 2 hoisting plant. While the workmen were putting it in position one of the guy ropes broke and the stack fell crushing the ridge of the boiler house roof.

Nothing very surprising has yet been encountered in the work on the lode vein, springing from the Baltic recently struck on Section 16 by the Atlantic people.

Baltic produced 325 tons in May as compared to 130 tons in May, 1901, and 62 1/2 tons in 1900. In April this year Baltic's production was 310 tons.

The Wolverine's product in May was 202 1/2 tons which is the highest in a year. The average of the mine is about 250 tons.

Quincy produced in May, 1,150 tons which shows that the "Old Reliable" is more than holding up its average.

The Champion's product for May is given as 120 tons of refined copper. The rock ran about 2 1/2 per cent.

Atlantic's May product was 321 tons. VIRULENT CANCER CURED.

Startling proofs of a wonderful advance in medicine is given by Druggist W. Roberts of Elizabeth, W. Va. An old man there had long suffered with what good doctors pronounced incurable cancer.

INTERESTING TO ASTHMA SUFFERERS. Daniel Bantz of Ottaville, Iowa, writes: "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar, which gave me immediate relief and I will never be without it in my house."

Jansberg, manager of the book bindery of the institution, and twenty delegates, ten from the Finnish Lutheran Evangelical churches of Hancock and ten from Calumet have left for Crystal Falls to attend the annual convention of the Finnish churches in America.

SOLD MANHATTAN PROPERTY.

Presenting Attorney O. J. Larson of Calumet sold the old Manhattan road house property belonging to the LeClaro estate in Keweenaw county to Charles Trudell, an employe of the Calumet & Hecla mine, Monday. The price paid was about \$600.

CHESS TOURNAMENT.

The Houghton and Calumet chess teams will meet at Calumet Thursday evening for the fourth series in the tournament. Thus far Calumet is in the lead as Houghton was defeated at Houghton last Thursday evening.

BIG CATCHES OF TROUT.

Copper country fishing parties which have been quite numerous of late have been returning with big catches of trout. One of the successful ones, comprising Charles and William Waara and B. T. Weider of Hancock got large trout from Elm river with 150 large trout caught the day before.

MRS. EDWARD LEE INJURED.

Mrs. Edward Lee, wife of Hancock's marshal, fell through a trap door to the floor below, a distance of eight feet, in the rear of Hendrickson's store Monday evening and sustained severe injuries. She entered the store through the back door and did not notice the trap door open.

COPPERDOM BREVITIES.

Rev. Father Atfield of Hancock went to Iron Mountain yesterday.

A meeting of the board of directors of the Hancock Y. M. C. A. was held last evening.

George Rentenbach of Hancock has taken a position in the Copper Range warehouse at Houghton.

Richard Mansfield in "Beaucaire" will be the attraction at the Calumet theatre on the evening of June 24.

Lecture courses for Lake Linden and Calumet will be arranged some time during the summer for next winter.

The directors of the First National bank of Hancock have declared a semi-annual dividend of 5 per cent payable tomorrow.

Frank McMillan, a prominent Baraga lumberman, has removed his family to Hancock and will make the village his future home.

J. N. Mitchell of Hancock has received the following letters: He will install in the basement of his store. The alloys will be put in this week.

The Knights of Pythias of Houghton may secure the hall on the third floor of the new Citizens' National bank building at Houghton to hold their meetings.

The Calumet & Hecla band is arranging for a promenade concert to be given at the Light Guard Armory Friday evening. A fine program will be prepared for the event.

Multiple controllers which are used on down grades and in the handling of trailers will soon be installed in the street cars, the first consignment having already been received.

At a meeting of the Calumet school board Monday evening several appointments of teachers for the next school year were made to fill vacancies caused by recent resignations.

By making a score of 299, the second highest ever made in the county, at the Kettelien alleys recently Charles Brown of Lake Linden now holds the highest holding score in the village.

The approaching nuptials of Miss Lu Lu Baer, daughter of Mr. and Mrs. Jacob Baer of Hancock, to Dr. Walter G. Stern of Cleveland were announced last Sunday at a dinner given at her home.

At the commencement exercises of the Sacred Heart High school to be held at the Calumet theatre on the evening of June 17, Professor O'Hagen of Canada will deliver the address to the graduates. He has a reputation as a speaker and will no doubt give an interesting talk.

Funeral services over the remains of Miss Fita Deane, who died at Laurium Saturday afternoon, were held in Sacred Heart church yesterday morning. Tuberculosis was the cause of death, her

RAND DRILL PARTS IN STOCK.

Illness having dated back for a year and a half. Miss Deane was twenty-three years of age.

In the construction of the new Hancock Methodist church at Hancock 75,000 pressed brick will be used, the contract for which has been let to the Twin City Pressed Brick company of St. Paul.

A meeting will be held at the Hancock Y. M. C. A. tomorrow evening for the purpose of organizing a track team which will participate in a track meet to be held some time during the summer.

A force of men are at work dismantling the surface of No. 2 shaft at the Franklin. Many of the timbers will be used in the underground work in other shafts. No. 2 has been idle for some time.

The congregation of the Portage Lake Baptist church at Hancock has voted its pastor, Rev. M. Scott a vacation. He will attend the International Sunday school convention at Denver the latter part of this month.

Much complaint is being heard about the county bridge over Portage lake between Hancock and Houghton. The roadway is not sprinkled and pedicars are covered with dust whenever a team or a street car goes past.

Mrs. Galipeau, aged sixty-one, of Lake Linden, died at an early hour Monday morning. She had been a resident of the village twenty-one years and is survived by two sons and two daughters. Funeral services will be held this morning.

The Hancock Elks expect a representative of the Bostwick-Ferari carnival shows in Hancock soon to give the committee on arrangements some ideas in regard to fixing up the grounds in West Hancock in preparation for the carnival in July.

At a meeting of the Hancock firemen Monday evening plans were discussed for the visit of the Hancock department's running team to the meet at Ne-gamunee in August. The members will soon get down to hard practice. The firemen will have new uniforms shortly.

At a meeting of the Hancock common council this evening the bids for the paving of Quince street from Reservation to Mesnard street may be opened providing all the expected bids are in by that time.

It is possible that several firms with which the council has been corresponding will not have their figures in by today and if that is the case the meeting will be adjourned to tomorrow or Friday.

Bids from brick, asphalt and creosoted wood block firms have been received. The council has not yet selected the material to be used. There is a strong sentiment in Hancock in favor of creosoted wood block but brick still has numerous supporters, many believing that the vote of the property owners taken last fall, resulting largely in favor of brick, should be allowed to stand.

At that time, however, creosoted wood block did not figure very largely in the discussion or the result might have been different. Although the paving controversy is still alive it is thought the largest number of property holders along the thoroughfare.

The Keweenaw club at East Houghton will start a tennis tournament of its own the latter part of this week. There are ten entries and interesting contests are looked for. It will be a handicap tournament with handicaps given of from minus thirty to plus thirty.

The Hancock division matter which is to be reviewed in circuit court came up but was adjourned until June 30. B. O. Pearl of Marquette, who is assisting Attorney Finnegan of Hancock township in the case, was present. The whole matter may be amicably settled between the officials of Hancock township and those of the new township of Stanton before the end of the month.

Hancock people have been up in arms against the cow nuisance and the council at its meeting this evening will appoint a poundmaster who will attend strictly to his duties. All cows owned for the event. Numerous useful and fancy articles will be offered for sale and the entertainment features will be exceptionally fine.

Yesterday afternoon the Hancock division matter which is to be reviewed in circuit court came up but was adjourned until June 30. B. O. Pearl of Marquette, who is assisting Attorney Finnegan of Hancock township in the case, was present. The whole matter may be amicably settled between the officials of Hancock township and those of the new township of Stanton before the end of the month.

Hancock people have been up in arms against the cow nuisance and the council at its meeting this evening will appoint a poundmaster who will attend strictly to his duties. All cows owned for the event. Numerous useful and fancy articles will be offered for sale and the entertainment features will be exceptionally fine.

There was \$400 insurance on the interior fixtures and furniture in the Mumma & Balke barber shop in the village of Houghton, which was partially damaged by fire, smoke and water at an early hour yesterday morning. The insurance held in the Germania company about covers the loss. The barber shop will be repaired at once and will soon reopen for business.

A fine lot of prizes will be given away during the fair to be held by the ladies of St. Cecilia's church, South Lake Linden, in the entertainment hall in the new convent building for one week commencing July 17. There are one hundred prizes donated by different ones for the event. Numerous useful and fancy articles will be offered for sale and the entertainment features will be exceptionally fine.

PASSED THE BILL

SENATE DISPOSES OF PHILIPPINE GOVERNMENT MEASURE.

THREE REPUBLICANS VOTED AGAINST

SENATORS TAKE BUT LITTLE INTEREST IN THE QUESTION.

House Considers Anti-Anarchy Bill—Lanham Objects Making Killing of President Particular Offense.

Washington, June 3.—Shortly after 5 o'clock this afternoon the senate passed the Lodge Philippine government bill, by the vote of 48 to 30. Three Republicans voted against the measure, and one Democrat, Senator McLaughlin of South Carolina, voted for it. All the amendments offered by the minority were rejected. The debate on the measure had been in progress for two weeks and two days.

Just at the close of the discussion today a sharp exchange occurred between Senators Dietrich of Nebraska, and Patterson of Colorado, in the course of which the former senator reflected caustically upon the Colorado senator. He was called to order and his remarks being read he was declared to have been out of order in uttering them. He withdrew his statement thus ending the controversy. During much of the time today the senate was in recess, no senator caring to discuss the measure. After the passage of the Philippine bill, the Nicaragua canal bill was made unimportant and its consideration will begin tomorrow.

The final vote for the adoption of the bill was as follows:

Yeas—Senators Allison, Bard, Beveridge, Burnham, Burrows, Burton, Clapp, Clark, (Wyo.), Cullom, Deboe, Dietrich, Dillingham, Dooliver, Elkins, Fairbanks, Foraker, Foster (Wash.), Frye, Gamble, Gallinger, Hanna, Hawley, Jones, (Nevada), Keam, Kearns, Kittredge, Lodge, McCombs, McCumber, McLaughlin (South Carolina), McMillan, Millard, Mitchell, Nelson, Penrose, Perkins, Platt, (Connecticut), Platt, (New York), Fritchard, Proctor, Quarles, Quay, Scott, Simon, Spooner, Stewart, Warren, Wetmore—48.

Nays—Senators Bacon, Bailey, Bate, Blackburn, Carmack, Clark, (Montana), Clay, Cockrell, Culberson, Dubois, Foster, (Louisiana), Gibson, Harris, Heitfield, Hoar, McHenry, McLaughlin, (Mississippi), Mallory, Martin, Mason, Money, Morgan, Patterson, Simmons, Tallaferro, Teller, Tillman, Vest, Wellington—30.

House Takes Up Anti-Anarchy Bill. The house today began the consideration of the anti-anarchy bill. The house committee has reported a substitute for the senate measure. Representative Ray, of New York, chairman of the judiciary committee, who was in charge of the bill, argued that the senate bill was unconstitutional. Representative Lanham of Texas supported the feature of the bill to exclude the anarchists but opposed that making it a particular offense to kill the president or any one in the line of presidential successions. He argued that every man was the equal before the law and that the existing laws were ample to punish the killing or the attempted killing of the president.

DRAFTS POSTAL CURRENCY BILL. Committee Appointed to Consider Question Decides on Plan.

Washington, June 3.—An administration bill for the establishment of postal currency has been drafted by the committee appointed to consider the question. It authorizes the issue of a general to issue postal checks of fixed denominations, not above one dollar, in even multiples of five and ten cents. These are to be redeemable or payable at any money order postoffice. These checks are not to be negotiable nor payable after the expiration of three months from the date of issue. The checks may be written or stamped thereon, but a duplicate may be issued at any time thereafter by the postoffice department without charge. The duplicates will be similarly valid for three months. After

the postal check is once paid, the United States is not liable for any further claim for its payment. The postal checks will be sold wherever regular stamps are sold.

CUBAN BILL IS SATISFACTORY.

Dietrich Says Proposed Legislation Meets President's Approval.

Washington, June 3.—Senator Dietrich says he has consulted the president with reference to the terms of the Cuban bill and that it is acceptable to him. He also has assured himself that it will be satisfactory to the senatorial friends of best sugar. In a statement regarding the bill, Senator Dietrich says the object of transferring the differential to raw sugar is only a protection to the sugar trust which is only an importers' trust and practically employs no American labor, and gives it a monopoly for dictating the purchasing and selling price of sugar which comes to the United States and enables it to collect from the American people from half to three quarters of a cent profit on every pound of sugar consumed in the United States. The senator says his bill "will compel those who have been advocating Cuban reciprocity which would injure and retard the rebuilding of the sugar industry in the United States to disinterested or not in helping Cuba or helping the sugar trust speculators and Cuban exploiters only."

DEPARTMENT OF COMMERCE. House Committee Takes Favorable Action on Nelson Bill.

Washington, June 3.—The house committee on commerce today took action which insures a favorable report on the Nelson bill, creating a department of commerce. The bill has been pending some time and today Representative Stewart of New Jersey tested the sentiment of the committee by moving that there was no present demand for the measure. Representative Mann of Illinois offered an amendment favorable to the consideration and report of the bill. The amendment was carried by a vote of 7 to 4, and the committee proceeded to perfect the measure. As it came from the senate it provided for a department of commerce and labor. By a vote of 8 to 4 the provisions as to the labor branch were struck out, limiting the new department to commerce.

TO BEAR PAUNCEFOTE'S BODY. Cruiser Brooklyn Will Carry Dead Ambassador to England.

Washington, June 3.—The armored cruiser Brooklyn has been selected to carry the remains of the late Lord Pauncefote to England. Orders were issued yesterday by the navy department to the commandant of the Brooklyn navy yard to curtail the repair work on the cruiser, so that she may be ready for sea by June 25. The date of the Brooklyn's departure for England has not been set, but it is understood at the navy department that it will be about June 30. Rear Admiral Joseph B. Coghlan will probably be sent to England on the Brooklyn as an additional mark of respect to the memory of the late British ambassador. He was recently assigned as second in command of the North Atlantic naval force, and selected the Brooklyn as his flagship, but it was not contemplated that he should take up quarters on her until after her return from England. The designation of a flag officer to accompany Lord Pauncefote's body is now regarded, however, as a proper courtesy.

NATIONAL LEAGUE. Boston, June 3.—Pittinger weakened in the ninth inning today and allowed six St. Louis batters to score after Boston had apparently clinched the game.

Philadelphia, June 3.—Today's game was a stubborn contest, Philadelphia winning in the tenth inning.

Brooklyn, June 3.—The locals kept up their winning streak by defeating the Cincinnati team at Washington Park today.

Washington, June 3.—The New Yorks could do nothing with the Chicago today and the result was another defeat for the home team, the eleventh straight.

Philadelphia, June 3.—Today's game was a stubborn contest, Philadelphia winning in the tenth inning.

Washington, June 3.—The locals kept up their winning streak by defeating the Cincinnati team at Washington Park today.

Washington, June 3.—The New Yorks could do nothing with the Chicago today and the result was another defeat for the home team, the eleventh straight.

TERMS OF THE BILL

WHAT PHILIPPINE MEASURE GIVES TO THE ISLANDS.

NATIVES HAVE PROTECTION OF U. S.

POPULAR REPRESENTATIVE GOVERNMENT TO BE ESTABLISHED

When Insurrection is Subdued a Census Will Be Taken and Recommendations as to Future Policy Made.

Washington, June 3.—The Philippine bill passed by the senate today approves the action of the president in creating the Philippine commission and the office of civil governor and vice governor of the islands, and authorizes the governor and vice governor to exercise the powers of government as directed by the executive order. The future appointments of the governor or vice governor shall be made by the president, subject to the consent of the senate. "The bill of rights" of the United States constitution is applied to the Philippines with the exception of the right to bear arms and the right to trial by jury. The supreme court and other courts of the islands shall exercise jurisdiction as heretofore provided by the Philippine commission and the justices of the supreme court shall be appointed by the president and senate; the others by the civil governor and commission. The action of the president of the United States in levying and collecting taxes as approved. All the inhabitants of the islands shall be deemed citizens of the United States and entitled to the protection of the United States.

When the insurrection in the islands shall have been subdued a careful census of the islands will be taken, and after such census has been taken and approved, a full report to the president and make recommendations as to the future government. Meantime the Philippine commission is authorized to establish municipal and provincial governments with popular representative government so far and as fast as the communities are capable and to issue the same. The act provides for the improvement of the harbors and all else necessary for the needs of commerce. Lands are placed under control of the commission and provision is made to govern homesteads. The commission is authorized to acquire private lands and to issue bonds to pay for them. The municipalities are authorized to issue bonds for public improvements. There is a regulation issue for franchises similar to that prevailing in the United States. The mint will be reestablished in Manila. The coinage laws of the United States are extended to the islands. The act sets forth the various denominations and weight of coin for the islands.

PREACHER HELD AS A COINER. Louisville, Ky., June 3.—United States Secret Service Agent Schuyler A. Donella is just back from Eastern Kentucky, where a party of men and counterfeiters. Of the four men arrested and arraigned one was the Rev. "Big" Slusher. For months past there have been complaints that the counties of Carter, Greenup and Magoffin were being flooded with bogus nickels. Mr. Donella went, accompanied by Deputy Marshal Castle, to East Fork, near Arledge, in Greenup county, where followed the arrest of the Rev. "Big" Slusher and the fall of his son David. Several spurious coins were found at their home in the family safety vault, the old mantle clock.

PALMA'S SONS COMING TO U. S. Havana, June 3.—Jose and Thomas Palma, two of the president's sons, sailed for New York Monday. They are accompanied by David Cornell of Central Valley, who has been the guest of President Palma here. Jose returns north to take his examination at the Columbia Law School. Tomas attends school at Newburgh. The Palma boys will return here during vacation. President Palma was quite overcome by the parting. He gave each son a hearty embrace as he left the steamer and spoke words of encouragement to them.

THIRTY YEARS FOR \$4. Des Moines, June 3.—Sonny Bradford, a mere boy, but an old offender, was today sentenced to twenty years imprisonment for highway robbery. He participated in a hold-up in which \$4 were obtained.

TODAY'S WEATHER. Washington, June 3.—The following is the weather bureau forecast for Upper Michigan: Fair and continued cool Wednesday and Thursday. Fresh winds mostly north.

COLLEGE PRESIDENT DIES. Oberlin, O., June 3.—After many days' illness, Dr. J. H. Oberlin, president of Oberlin college, died this morning, aged fifty years.

WAS WASTING AWAY. The following letter from Robert R. Waits, of Salem, Mo., is instructive: "I have been troubled with kidney disease for the last five years. I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well. People's Drug Store."

BIDS WANTED. Sealed bids will be received by the undersigned until June 4th next, for the purchase of the old poor house and contents also the barn now used as a stable. Bids in basement not included in sale. For particulars inquire of the undersigned, or at the Poor Farm. The right to reject any or all bids is reserved. W. S. EWING, (5-15-64) Chairman of Committee.

COPPERS AT A STANDSTILL.

Market Very Dull and Brokers Disagree as to the Future.

Hayden, Stone & Co., yesterday wired the Laidley Commission company: "The copper market is at a standstill. There is nothing doing, and very little market for any of the copper shares. It looks as if the market would sag off during the summer. We do not advise doing anything in the copper at present." "The Webber Co. had this to say: "Reports of unfavorable developments in connection with the coal strike kept the stock market dull today. Copper lost most of yesterday's London advance, and this checked the bull operations in copper stocks. There was some scattered selling among copper, but almost no losses in prices. It seems that there are some people in the market looking for cheap copper stocks all the time. The buying of this character takes care of the copper on all slight declines, and dullness is the result. The prospect is bright for the copper, but the market is not active by and by. We do not think the summer dullness has set in yet and believe the best of the coppers should be bought."

Slump in the Grains. W. H. Laidley & Co. said of the Chicago grain markets: "Wheat opened lower, on disappointing cables, but turned strong, selling slightly above yesterday. Upon very heavy liquidation, however, it slumped and closed 1/2 cent under yesterday. Captains Phillips, who have been very bullish, has turned extremely bearish and writes from Kansas that it looks like 80 per cent of a crop in that state and that corn looks fine. While the outlook to-night is very discouraging to the holder, we still believe that wheat should be bought at the present price. The outlook as stated yesterday we do not look for any sustained bull movement. "Corn opened a shade lower, upon heavy receipts and fine weather. It was strong early, but later the bull party's support was withdrawn and the market closed 1/4 cent under last night. The outlook for tomorrow is lighter. While the price may recede some, we would advise purchases of July under 61. "Oats opened at last night's figures, but met with good support, closing only a trifle under last night. The world's visible shows an increase of 815,000 bushels, and the balance of the world's supply is high and will sell several cents a bushel under tonight's prices."

Dullness in Wall Street. Dick Bros. advised Paine, Webber & Co. as follows concerning the New York stocks: "The market was at a standstill today. The strike news was about the same as yesterday and there were no new influences. Money ruled easier, at 3 1/2 per cent, there being no demand. The market had a strong undertone, and the fluctuations were within fractional limits. The most effective buying was in the traction shares, where pools forced higher prices."

CHICAGO GRAIN MARKETS. Features of the Day in the Wheat, Corn and Oats Pits. Chicago, June 3.—In wheat today there was a fair trade with the sentiment considerably mixed, the final figures showing July 1/2 cent lower and September 1/4 cent lower. The start was easy and influenced by the weather and the elevator interests was confined to the July shorts. The market displayed more strength, but the offerings were soon increased and further weakness was displayed, the selling by the Southwest being quite a factor. The buying of July and selling of September by the elevator interests was confined to the July shorts. Liverpool spot was steady at 1/2 cent lower with the futures of 1/2 cent. The exports were liberal at 51,000 bushels and seventeen boatloads were reported taken for shipment. The local receipts were thirty-two cars. "Cores active and fairly firm early, but later ruled weak, the close showing July off 1/4 cent; September off 1/4 and December 1/2 cent lower. Favorable weather, larger receipts, better grading and lower cables were the bear factors. At Liverpool spot was steady at 3/4 cent lower, the futures 1/2 cent lower. The local receipts were 224 cars. "Oats ruled fairly active and unsettled. The opening was easy and the prices advanced 1/2 cent, but weak and closed at the bottom with net losses of 1/2 cent. The chief activity was in new July, which was bought by the commission houses. The fine weather and weakness of corn had a depressing effect toward the close. The leading futures ranged as follows: July wheat opened at 71 1/2 cent; highest, 72 1/2; lowest, 71 1/2; closed, 71 1/2. July corn opened at 62 1/4; highest, 62 1/2; lowest, 61 3/4; closed, 61 3/4. July oats opened at 32 1/2; highest, 32 1/2; lowest, 32; closed, 32 1/2. Receipts and shipments were as follows: Receipts, Shipments. Wheat, barrels, 25,000 17,000. Flour, bushels, 39,000 97,000. Corn, bushels, 1,673,000 222,000. Oats, bushels, 316,000 412,000.

NEW YORK STOCK MARKET. Trading Yesterday Was More Stagnant Than for Two Years Past. New York, June 3.—It would be useless to seek for anything but a negative inference from the operations in today's stock market, owing to the smallness of the dealings and the languid movement of prices. Variations of as much as a point are rare and must be sought amongst the obscure portions of the list. An example of the early market is offered by St. Paul, usually an active leader, but in which there were only three transactions up to two o'clock. It is necessary to go back nearly two years to a period preceding the last presidential election to find any such showing of stagnant speculative interest. The undertone was rather firm as the immediate news developments were favorable to the values. The buying was entirely by the small professional traders and the market was no narrow they were obliged to concede all the advances in prices caused by their bidding in order to close out the contracts. The higher rate for money was probably the most influential factor in the depressing speculation. The rates for call money

FOR SALE-Choice building lots in Nester addition for sale cheap for cash, or on time at low rate of interest. For particulars inquire at office of Peter White. (8-6-19)

HIBBARD A DIRECTOR
SOUTH SHORE MAN INTERESTED
IN NEW OIL COMPANY.

IS ELECTED VICE PRESIDENT

FIELD OF OPERATIONS IS IN
EASTERN KENTUCKY.

Corporation Has 15,360 Acres Favorably
Located in the Oil Zone and It is
Considered Certain Gushers
Will Be Struck.

George W. Hibbard, the general passenger agent of the South Shore road, has, with other Michigan men, become interested with Kentucky parties in the organization of the Eastern Kentucky Oil company, has taken a large block of stock and has been elected vice president and a director of the corporation. The company's holdings are well located in the newly discovered oil fields, and the indications are that bonanza gushers that will make many fortunes will be found in the area under control of Mr. Hibbard and his associates.

Although hardly more than in its infancy, the oil fields of Kentucky have already been sufficiently exploited to show that they are among the most valuable ever discovered anywhere on the globe. The properties of the Eastern Kentucky company comprise 15,360 acres, lying in the heart of the oil zone and surrounded by rich oil development. The tracts, all lease-holds, are situated in eight different counties, and none of the territory was secured until the locality had been examined by practical oil men and geological experts and approved by them. The entire district is traversed by the Chesapeake & Ohio and three other railroads, insuring first class transportation facilities, and the properties are so located that the building of pipe lines to the railways can be accomplished at minimum cost.

Oil Is of the Finest.
The oil found in Kentucky, unlike that being produced in the Texas fields, which is more adapted to fuel purposes, is a high-grade illuminating green oil. The field is a new one, yet oil has already been found in large quantities; it is of the best grade of the same quality as the well known Pennsylvania product—and its production is coming at a time when there is an enormous shortage in the market of illuminating oil and when the Standard Oil company has for months been drawing dry after dry on its reserve supply.

Kentucky's possibilities as a valuable oil field is a subject that has for a long time attracted the earnest attention of geologists and oil men from every part of the country, and as a consequence, the results of recent development come more in the nature of a confirmation than a surprise. Adjoining as it does those of West Virginia, Pennsylvania and Ohio, and upon these two points and the knowledge that oil in considerable quantities had at various times been struck by parties drilling for salt water, the geologists and oil men have based the confident prediction that one of the greatest oil fields of the world would be opened up in eastern Kentucky. The recent and active developments in various portions of the state have at last proved that these predictions were well founded, and what was once but a theory is now a well established fact.

One of the best known oil fields of Kentucky is in the Licking valley, in Bath county. A group of nearly fifty wells has already been drilled in this valley, and every one is a good producer. Not a single dry hole has been drilled in this field, a very remarkable showing. The pre-eminent feature of this field is the quality of its oil. In its crude state it is a perfect cylinder oil, absolutely free from grit, the finest lubricating oil known to the market, and commands the highest price. A mammoth steel tank of 56,000 barrels capacity has already been completed by Guffey, Galley & Co. of Pittsburg; and other tanks and pipe line facilities for handling the oil are being provided with great energy by other producers in the valley. The Eastern Kentucky company has 310 acres in this field, which is pronounced by oil experts to be the richest and most extensive find of lubricating oil ever made. It is not only in this county alone that the company's prospects are of the best, but in all the others the outlook is considered equally as promising. Near the company's lands,

Reckmeyer's
FURS Milwaukee
Displayed at the New Clifton June 6 and 7—afternoons.
Newest and best models for fall. Low summer prices quoted. Free storage. Fall delivery and payments. Mr. Chas. H. Hathaway in charge. Estimates given for remodeling and repairing old furs.

in Morgan county, oil was struck in large quantities about three weeks ago, the find proving the theories and surveys made by State Geologists Lane of Michigan and Miller of Kentucky, whom the company had secured to go over the lands before the lease was signed.

Of the King of All.
There can be no dispute that greater fortunes have been made out of oil than any other product of the earth, yet yet given up gold, silver, copper, zinc, platinum, iron and coal, or any of the treasures, the discovery of which has made poor men millionaires, are second only to that great commodity, oil, as a fortune-getter for the producers. To mine any of these various treasures, other than oil, few dollars are expended from start to finish—the sinking of shafts, running of tunnels and drifts, carrying to mill, from there to the smelter, and finally to the mint or market. All this involves a series of expenditures that has made hundreds and thousands of mines unprofitable to develop. With oil it is quite another matter. A drill is sent down through the earth until a flow is struck, and nature does the rest. From that time on the simple turning on of your power and half a hundred wells begin to fill the storage tanks with wealth, and at an expense of but a few dollars per acre. Rockefeller could not have acquired his hundreds of millions in a few years through any other of earth's treasures than oil. The wealthiest and mightiest industrial organization of the world today—the Standard Oil company—could not have paid the dividends it has through any other product than oil. Dividends from oil stocks have made hundreds of millions out of men who started with but the clothes they wore.

Dr. Pillsbury, formerly pastor of the Methodist church of this city but now heavily interested in the new Kentucky fields, was in Detroit a few weeks ago, and while there told to the News-Tribune a story of an oil discovery in Kentucky which he called "Captain Geary's luck." It well illustrates the great chance for quick wealth offered by Mr. Hibbard's company. Said Mr. Pillsbury:

"The history of this remarkable recent discovery reads not unlike the tales of western prospecting. It is just one year ago that Captain John Geary, a veteran oil prospector, struck first oil. It was found in the vicinity of some old borings in Wayne county, in the southern part of Kentucky. With that dogged faith in the field that so often leads to rich finds, Captain Geary spent all his money boring in a single vicinity. After repeated failure his men seeing no pay in sight urged the abandonment of the scheme. Good money was going after bad and the captain's friends laughed at him for his pains. Finally Captain Geary told his men that he would ride into the county town some miles across the country and confer with the other investors. His men felt that they had been handsomely treated by the doughty old prospector, and in his absence they conspired to go on with the work until his return, boring, boring after boring, with apparently no nearer than Ohio. Suddenly the oil gushed up and the ill-paid workmen's joy knew no limits. A messenger was dispatched after Geary to announce the great strike, and the impending ruin was turned into great good fortune. The well proved one of the most remarkable in the oil history of the world. It produces for Geary 200 barrels of the finest lubricating oil per day. A single instance of the startling profits made by those early in the game is shown by the experience of Captain Geary's daughter. She was a working girl. Her father asked her to take \$10 worth of stock in the company, but she could not be organized to prospect the new field. In less than three months she refused an offer of \$3,000 cash for this interest. Captain Geary advised her to stick to the little block of stock. I saw her recently in Lexington and asked her how her stock was getting on. 'I have just received \$600 for my share,' she said. 'My husband,' she said, 'that is \$720 a year, a pretty good thing for a \$10 investment.'"

Concerning the Company.
The company in which Mr. Hibbard is interested is capitalized at \$500,000, each share having a par value of \$1, fully paid and non-assessable and free from all personal liability. Of the sum of 500,000 shares, 234,000 have been placed in the treasury for disposal. From time to time, as the directors may direct, for the purpose of developing the properties, building pipe lines and refineries, and furnishing other necessary equipment. There are no preferred stock or bonds and all stockholders share alike. Salaries will not be paid any of the officers until such payment is justified by the earnings of the company.

Sixty thousand shares of stock are now being offered the public at 40 cents per share for a limited time, the amount realized going toward the development of the company's properties. The prospects would seem good for large returns in fat dividends and a handsome advance in the price of the stock, and so confident are Mr. Hibbard and his associates in the value of the company's large holdings that they have not only themselves subscribed liberally to the capital stock of the company but are advising their personal friends to do the same. The 60,000 shares will, it is expected, be snapped up quick.

READ IT IN HIS NEWSPAPER.
George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volkszeitung. He knows that this paper aims to advertise only the best in its columns and when he saw Chamberlain's Pain Balm advertised therein for lame back he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered with the most terrible pains in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew,' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take up her household duties." He is very happy to say that all suffering likewise will be of her wonderful recovery. This valuable liniment is for sale by The Stafford Drug Co.

SAD DEATH YESTERDAY.

Miss Kate Donovan Expired After an Illness of Several Months.

The old adage that "death loves a shining mark" was sadly recalled yesterday when it became known that Miss Kate M. Donovan, residing at 214 Rock street, had quietly passed into the great beyond. Lovably and accomplished, and numbering as friends the many who knew her, the demise of the young lady in her twenty-fourth year is one of the saddest deaths The Mining Journal has ever had to chronicle.

Death came after an illness of several months. The young lady contracted pneumonia last fall as the result of a severe cold, and although she recovered from the attack and was for a time able to attend to her duties in the public schools, her health had been sadly undermined and she was compelled to lay aside her chosen work in an endeavor to regain her strength. She was given the best of care and medical attention, but despite this slowly declined until yesterday, with the sorrowing family at the bedside, the spark of life went out.

The deceased graduated at the Marquette High school with the class of 1897. She stood exceptionally well in her studies, and later after she had entered the Normal school at Ypsilanti had no difficulty in graduating with honors from that institution in 1900. In the fall of that year she took up her duties as teacher in the Marquette Normal school, and served there throughout the term, later accepting a similar position in the schools here for the term now nearing its close. Her health was such, however, that she was able to teach here but a few weeks, and on resigning was succeeded by her sister, Miss Margaret, who is still a survivor. The sisters are the Misses Elizabeth, Mary and Margaret. The brothers are James, alderman from the Second ward and clerk in the federal land office, and Peter.

The funeral will be held Thursday morning at 9 o'clock from St. Peter's cathedral. The interment will be in Holy Cross cemetery.

You've got to hustle all the time to keep in the swim. If you are slipping down the ladder of prosperity, take Rocky Mountain Tea. Makes people strenuous. The Stafford Drug Co.

CITY BRIEVITIES.

Weather forecast: Generally fair; stationary temperature; fresh to brisk westerly winds, becoming variable.

Yesterday's temperature: 7 a. m., 44 degrees; noon, 39 degrees; 7 p. m., 39 degrees; maximum, 60 degrees; minimum, 38 degrees.

Claude W. Case left last evening on a business trip to Chicago.

The county board will meet at the court house at 11 o'clock this morning.

David Murray left yesterday for Minneapolis, where Mrs. Murray has been for the past ten days.

Miss Bertha Higbee arrived home yesterday from lower Michigan, where she has been attending school.

Mrs. A. W. Klein was a passenger from lower Michigan arriving on yesterday afternoon's train from the east.

The young ladies of St. Mary's guild will meet this afternoon at 2 o'clock with Miss Nellie Atfield, Superior street.

An informal reception to the assembly delegates and public generally will be held at the Methodist church this evening.

Weston T. Johnson of Toledo, O., and Miss Sarah MacLeod of this city will be married today at the home of the bride.

The Ladies' Aid society of the Presbyterian church will meet this afternoon at 2:30 o'clock with Mrs. Judge Kelsey, Spruce street.

Gus Johnson, the insane man who escaped from the Newberry asylum, was taken back to that institution yesterday by one of the attendants.

S. N. Dutcher, the Newberry banker who is a candidate for the Republican nomination for lieutenant governor, greeted friends in the city yesterday.

P. W. Griffin, the new landlord of the Summit House, has been granted a liquor license. John H. Lewis and Frank Mulvey are the sureties on the bond.

E. N. Orr, a prominent resident of Marquette, was in the city yesterday. Other visitors were Charles Wenzel of St. Ignace and S. N. Preston of Grand Marais.

Marriage licenses were yesterday issued to C. W. Danielson of St. Ignace and Miss Elma A. Delmeur of Humboldt, and Frank L'Huillier and Miss Christina Moricette of Negaunee.

The city controller has been instructed to advertise for bids for the construction of the sewer recently authorized to be built in Crescent street between Third and Fourth streets.

The Marquette ball team will cross bats with the Ishpeming club next Sunday afternoon at Union Park. Special rates of fare will be in effect on the railroads, and it is expected that a big crowd of rooters will accompany the boys.

Bishop G. Mott Williams and Judge Stone, who is holding court in Iron county this week, yesterday at Crystal Falls participated in the ceremony of breaking ground for the new Episcopal church there. Several of the Episcopal clergymen of the diocese also were in attendance.

The funeral of the late Stephen Jobe will be held this afternoon at 2:30 o'clock from the house to Park cemetery. The Maccabees will be in charge of the obsequies, and for the purpose of attending the funeral will meet at Fraternity Hall at 1:15 o'clock this afternoon.

A large delegation greeted Rev. J. B. White and Dr. H. Linden at the Methodist church last evening, and was not disappointed in the eloquent sermon expected. The gentleman showed

himself a logical and forceful speaker and that as an orator he has few superiors in the church. His address was greatly enjoyed.

The funeral of Thomas Gillespie was held yesterday morning at 10 o'clock at the house on Washington street, Rev. E. A. Elliott officiating. The remains were shipped east on the afternoon train for Grand Rapids, Schaefer county, for interment. Mr. Gillespie had for twenty-four years been a filler in the employ of F. W. Read & Co.

Glenn and Glenn Mason, of 203 East Hewitt avenue, last evening entertained a number of their young friends in honor of the fifteenth anniversary of their birthday. Among other features, there was music by the Junior orchestra, assisted by Mrs. P. F. Mulalley and Mrs. McLean of Michigan. The evening was thoroughly enjoyed by the merry gathering.

The Maccabees committee is very grateful over the manner in which the people generally are responding to the call for accommodations for the delegates, but many more rooms are still needed. All who can possibly entertain one or more of the visitors are again urged to inform the committee of the fact. A phone message to the city hall will reach one of the committeemen at any time during the day.

Louis Saam of Hancock has entered a speedy stepper named Ella Ola in the horse races to be held here next week. The animal was recently purchased by Mr. Saam, and it is hinted that it will at least come close to carrying off first honors. Two or three horses from Milwaukee, it is expected, will arrive here in a day or two, having also been entered in the races. The Marquette and Menominee bunch of steppers is expected to arrive on Thursday.

HAS AN INTERESTING PLOT.
Story of "The Power Behind the Throne," Here Saturday Night.

"The Power Behind the Throne," Theodore Kremer's highly successful romantic play in which Miss Katherine Willard will be seen Saturday evening for the first time here, tells the story of a time when the ruling prince was all power and glory, but his domain, and his representatives but little less so; when the nobility with impunity trampled under foot the rights of the common people, when vice flourished unrebuked among the higher classes, and the honor of the men and the chastity of women were lightly held; when the high classes had no redress against the persecutions of their superiors, whose word was law, and whose merest whim or caprice might prove a matter of life or death to whomsoever opposed it. In such a world lived Aria, the heroine of the play; daughter of a musician, she was beloved by a noble baron and loved him in return. Unfortunately, the Duchess Von Waldheim, favorite of the reigning prince, became infatuated with the baron, and intruded to destroy his love for Aria by compromising her in his eyes. In this the duchess was aided by the whole machinery of the petty court in which she reigned, and by the father of the baron, the baron's parents were thrown into prison and threatened with death. To save them the girl consented to write a compromising letter, and to pose as the mistress of a court libertine at a ball given by the duchess and attended by the baron. These seeming proofs of Aria's perfidy proved too strong for the baron's faith in her. Believing Aria faithless, he denounced her, and requested the hand of the duchess in marriage. Later, however, his love for Aria conquered, and he visits her with the intention of ending both their lives with poison. Under the influence of the drug, and believing death near at hand, Aria confesses the deception she was compelled to practice, and they apparently die together. It is finally disclosed that the supposed poison was a sleeping powder substituted by the baron's orderly, and all ends happily.

NOTES OF MARINE NEWS.
The freighter New York arrived in port last night with 500 bags of soda for the powder company.

The Centurion was the only ore carrier to leave port yesterday. The steamer cleared from the L. S. & I. dock.

A CASE OF IT.
Many More Like It in Marquette.

The following case is but one of many similar occurring daily in Marquette. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.

Mrs. Wm. Warren, 229 W. Jackson street, says: "I had constant pain through the small of my back; at night I was very restless, could find no position to lie in that was comfortable and consequently rose in the mornings feeling tired and worn out. The secretions from the kidneys were unnatural and greatly in excess. I also suffered from persistent headaches and had intense thirst, feeling as though I could not drink enough. I saw Doan's Kidney Pills recommended highly for just such troubles and I procured them from the Stafford Drug Store. The treatment promptly relieved me of the trouble.

For sale by all dealers, price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's, and take no substitute.

Chronic bronchial troubles and summer coughs can be quickly relieved and cured by Foley's Honey and Tar. People's Drug Store.

E. W. GROVE.
This name must appear on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day. 25 cts.

THE PEOPLE'S FAVORITE SHOE STORE!

This is the truth about our Shoe Room. The reason is, the lowest of all prices are marked on our Shoes. A first proof of this is in the following sample description of kinds and in the accompanying prices. The statement will be absolutely clinched if you will come and see these Shoes and compare their prices with those of any other dealers in this city.

Dry Goods Department.
We will offer during this month of May Special Bargains in Dress Goods—the latest weaves, the best qualities, and no skimping in measure.

Ladies' Wraps, Suits, Skirts and Waists.
A brilliant exposition of elegant garments in styles that are the season's successes.

Skirts.
The season's most fetching novelties—the close-clinging styles now so much in vogue.

Lace Curtains.
Just received, a fresh line of handsome designs in widths and lengths to suit all, ranging in prices from 6c up to \$10.00 the pair.

Our Carpet Business
Is still booming, but we can still give you good selection at greatly reduced prices.

Men's, Boys' and Children's Clothing.
How about that spring suit? It is high time you were making your selection, and our store is beyond question the place for you to go, as we have the best assortment, from the lowest priced suits to the finest garments made. We can fit the children out in little suits from 50c up to the sweetest little garments turned out. We can fit out the boys and the young men in the finest worsted, all wool clothing that, when pressed out and fitted on, look better than half of the garments that are turned out by the merchant tailors, and you know the prices are less than half of what you would pay there. \$2.50, \$3.00, \$7.50 to \$10.00 secures a dandy Suit at our store.

SCORED BRILLIANT TRIUMPH.

Katherine Willard Makes Big Hit in the "Power Behind the Throne."

The following, from the Mansfield, O., Daily Shield, speaks of the work of Katherine Willard, who will be seen here next Friday evening in "The Power Behind the Throne": "Katherine Willard made her first appearance in the role of 'Aria' in 'The Power Behind the Throne' at Memorial Opera House last night and scored a brilliant triumph. An audience of fair proportion was present, as the event was one of the most notable of the season. A new star began her journey toward the goal of success that beyond a doubt will be achieved to the satisfaction of the critics at no distant day and win for her the tributes of the great cities. "Miss Willard has a marvelously striking face, a soul shines through her countenance in expressions of emotion which coupled to admiration and awe. "At the end of the first act, where, goaded beyond the limit of human endurance by the torture imposed upon her by Duchess Von Waldheim, her spirit breaks forth in terrible denunciation of the wicked woman whom she is forced to grovel before her. Her work brought the audience to the highest pitch. As the curtain fell the house resounded with the applause. Twice the curtain fell and twice the audience called more insistently for Miss Willard. A large bunch of splendid red roses went over the footlights as the gift of a New York admirer. It was a great night at the Memorial. Fortunate indeed is Mansfield to be the starting point of such a career as awaits this young star."

BASEBALL NEXT SUNDAY.

The Cleveland-Cliffs and Marquette teams will come together at the Union Park grounds next Sunday afternoon at 3 o'clock. It is expected that there will be a lively game, but "scraps" are not anticipated, as the Marquette and Ishpeming fans have never been known to come to blows. The Marquette team is said to be in fairly good trim and the visitors will come up determined to win if possible. The admission will be twenty-five cents for adults and ladies will be admitted free. A week from Sunday the Crystal Falls nine will be here for a game with the Cleveland-Cliffs. On the 22nd inst. the Lake Linden nine will meet the home team at Union Park and on the following Sunday the Menominee ball tossers will be here to battle with the local aggregation. The Cleveland-Cliffs will play at the Soo July 4 and 5. The Soo team will come here later for one or two games.

CHEAP POTATOES NEXT FALL.

A friend of the two businessmen below referred to yesterday handed in the following publication: "Henry Manley, Andrew Talo and three other men have gone eighteen miles north of Ishpeming to plant five hundred bushels of potatoes. This will result in bringing down the price of 'taters' next fall and all who want a supply for next winter are asked to send their orders to Manley or Talo."

EVERYBODY SAID I HAD CONSUMPTION.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that I thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate Throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and \$1.00. Trial bottles free at The Stafford Drug Co.

ISHPEMING IN BRIEF.

Captain James Reed was up from the Menominee range on Monday.

Mr. and Mrs. James A. Baekney are happy over the advent of a daughter.

The Recreation club will give a hop on Saturday evening of next week at the Anderson hall.

A son was recently born to Mr. and Mrs. Fred Marks of Saginaw, Mich., formerly of this city.

Trombly's orchestra will give a hop this evening at the Anderson hall. A large attendance is expected.

Harry Watson and wife are visiting relatives at the Beaufort mine. They will spend the next three or four weeks there.

A LaFrenier has moved his saloon business from Pearl street to the Charbonneau building on West Division street.

N. J. Robbins is home from Chicago, where he has been attending a medical college. He will remain here until school opens in the fall.

William Leiminger and August Swanson went to Escanaba yesterday to attend the convention of upper peninsula embalmers being held there.

The cape of a girl's mackintosh was picked up on one of the streets of the city Monday. The owner can find it at the branch office of The Mining Journal.

Frank Baber, a pioneer resident of the upper peninsula whose home is now at Crystal Falls, was an Ishpeming visitor yesterday. He was one of the early settlers of the Ontonagon range.

The pupils of the Convent school will give their closing exercises at the opera house on the afternoon of Sunday, the 22nd. The program will be one of the

PICNIC ON THE FOURTH.

The members of St. George, decided at the last regular meeting to give a big picnic on the Fourth. The grove at which it will be held has not yet been decided on. A committee was named to look over the different groves of the city with instructions to report at the next regular meeting. It is likely that the place recommended by the committee will be accepted by the lodge. The committee is composed of Jabez Trebbleck, J. H. Williams, John E. Bennetts and Edward Corey.

It is quite certain that there will be no celebration here on the Fourth, so that picnics will be the only attraction the people will have. It is the aim of the Sons to make their picnic the big event of the day. The public will be invited to participate.

FRANK J. CHENEY.

MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

nervous tension. The nervous system begins to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she resorted herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

BEARING-DOWN PAINS are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that are heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

GRAND SECRETARY COMING.

C. D. Derthrick of the Royal Arcanum Will Be Here June 13.

The local council of the Royal Arcanum will be honored with a visit from C. D. Derthrick, grand secretary of the state organization. He will be here a week from Friday, June 13. Mr. Derthrick will be accompanied by his wife, who holds a head office in the state organization of the Eastern Star. The ladies of the local organization are planning to entertain her and it is probable that an important meeting of the chapter will be held that evening. Some of the ladies here have met Mrs. Derthrick and all the members of the society are familiar with the work she has done in connection with the state organization. The officers of the Royal Arcanum will make an effort to get all the members out to the meeting with a view to giving the secretary a hearty welcome. Mr. Derthrick is said to be a fluent speaker and it is expected that his talk to the members will be of great interest to them. A class of five or six candidates will be initiated and there will be other features of special interest to the members.

It is likely that an invitation will be extended to the councils at Ishpeming and Marquette to attend. So far as is now known, Negaunee is the only place in the country that the grand secretary will visit at this time.

MAY SELL STANDING TIMBER.

Johnson Lumber Company Has Given Option to Marquette Parties.

The Johnson Lumber company of this city owns quite a tract of timber out from Clowery. A short time ago Rush Culver, John R. Gordon and others of Marquette took an option on the timber and they have since had men at work estimating its value. The option includes all the timber owned by the local concern, also the place owned by the Michigan Land & Iron company in that immediate vicinity.

There is not a great deal of first class pine to be had up that way, but there is an immense tract of hardwood and other timber. If the sale is made it will mean the resumption of logging operations near Clowery on a fairly large scale.

The hemlock on the tract is worth about three times as much as it was a year ago. The paper mill people have started to use it in the manufacture of pulp and it works up very satisfactorily. Spruce has been getting scarce every year, but with hemlock being used for paper making it will be many years before the supply of both is exhausted.

The Johnson Lumber company suspended operations near Clowery some three or four years ago. During the last two or three years the company owned the mill at Teal Lake the tract from the tract near Clowery was quite limited.

FRANK MORAN DEAD.

Frank Moran, the Chicago & Northwestern passenger conductor whose mind became unbalanced about three weeks ago, died Sunday morning at the Ashland asylum. For nearly a week before his death the unfortunate man was unmanageably violent. He would not take food of any kind and his friends knew that he would not live long. His wife was with him for a time until he became so completely deranged that he no longer recognized her.

Moran's case is said to be most peculiar. It was announced a short time ago that a disease of the spine is what caused his insanity. Moran had not been in good health for almost a year since he was in a bad wreck near Escanaba. His friends say he was never the same man after that.

The deceased is survived by his widow and seven children, who reside at Green Bay. The funeral took place there yesterday.

UNEXPECTED DELAY.

There has been an unexpected delay in starting the city's new rock crusher. The manufacturers overlooked shipping the tracks which go with the engine. Without these the engine would be stationary and that is not desired. As soon as it was found that the tracks had not been sent the man who is here putting the plant in position wired the house to stop them immediately, and it is expected that they will be here the early part of next week.

The crusher will be in position and ready for work before the end of this week. Three bins are being built and these will also be in place before the trucks arrive. A large pile of rock is available for the test to be given the crusher. It is guaranteed to crush from fifteen to twenty tons of rock daily.

AT THE SOO NEXT.

The Negaunee baseball team is scheduled to play next Saturday and Sunday at Sault Ste. Marie. The boys will leave here on the early train Saturday morning and will be back on the late train Sunday night. Some changes have been made in the team since the game with the Cleveland club nine on Decoration day and it is said that the new men are an improvement over the ones who have stepped down and out. Negaunee wants a winning team or one that can hold its own with the strongest nines in the upper peninsula.

HAPPY TIME IN OLD TOWN. "We felt very happy," writes R. N. Bevil, Old Town, Va., "when Buckner's Arnica Salve wholly cured our daughter of a bad case of cold head." It delights all who use it for Cuts, Corns, Burns, Bruises, Boils, Ulcers, Eruptions, Inflammation for Piles. Only 25c at The Stafford Drug Co.'s drug store.

On the first indication of kidney trouble, stop it by taking Foley's Kidney Cure. People's Drug Store.

Can't be perfect health without pure blood. Burdock Blood Bitters makes pure blood. Tones and invigorates the whole system.

LOCAL LACONICS.

Abel Levine will spend the next few days in Chicago on a business mission. J. H. Winegarder of Calumet was a Negaunee visitor yesterday.

Charles Johnson returned yesterday morning from a business trip to Milwaukee. A special street car will leave Ishpeming tonight after the hop to be given by the Trombly orchestra.

Iron Mountain Lodge, No. 122, I. O. O. F., will elect officers at the regular meeting to be held tomorrow evening.

Will Quinn left yesterday for Menominee and Marinette, where he will spend the greater part of the week.

John Allison and wife got back yesterday from Chicago and Elkhart, Ill., where they spent the past week or so.

Will H. Wagner of Cleveland displayed a nice line of jewelry at Perkins' drug store yesterday morning. He was at Girard's in the afternoon.

Mrs. George Vary and her three children are here from the Rainy Lake region on a visit to Mrs. Vary's parents, Angus McDonald and wife.

New officers will be elected by Jackson lodge, Daughters of Rebecca, at the regular meeting to be held this evening. A large attendance of the members is desired.

R. G. Quinn is spending a few days in Chicago. He went down to meet his sister, Mrs. H. Smyth of Atlanta, Ga., who will spend a short time in Chicago. Before returning Mr. Quinn will spend a couple of days in Milwaukee.

The "St. Perkins" company, which will hold the boards at McDonald's Opera House next Saturday evening, comes well recommended. The troupe numbers twenty people, including a "Reub" band. The prices here will be twenty-five, thirty-five and fifty cents.

The members of the Negaunee fire department have started the sale of tickets for the concert to be given next Tuesday evening at the opera house by the Canadian Jubilee Singers. They are meeting with good success and it is expected that the house will be packed.

A baseball team is to be organized at Palmer. There are several good players at the location and it is possible that a strong team will be developed before the season is very far advanced. With a ball team and a brass band at Palmer there should be some excitement out there.

The masses next Sunday morning at St. Paul's church will be at 7:30 and 8:30 o'clock. Instead of the regular hours, Rev. C. Langner, the pastor, goes to Ishpeming that morning to assist Bishop Eis to confirm a class at St. Joseph's church. In the afternoon a class will be confirmed at St. John's church and Father Langner will be among the bishop's assistants.

"I NEVER KNEW PAINKILLER TO FAIL before, what can the matter be?" Where is the trouble, there, I thought, it is not Perry Davis' Painkiller as all, but some other drug that must have made him sick. I had never heard of it before. Painkiller for years of vertigo, cramps and stomach aches and it never failed."

Champion.

AND THE HORSE CAME BACK.

A Local Sportsman Has Been the Victim of Much Jostling Since Sunday.

Peter Rasmussen, who is always on the alert to get a job on a friend, is here considering a pretty good joke. The boys were so glad of the opportunity to tell one on Peter that his horse story was the first thing the reporter heard when he struck town Monday.

Pete spent Saturday fishing some six or seven miles from the village. He was out for a day, but he had one of Archie Abbott's men for the trip. He arrived at his destination all right, and after finding a desirable place to tie the animal while he went down the stream he started out, thinking of the sport in store for him. In justice to Pete it can be said that he seldom returns from a fishing excursion without bringing back trout. Saturday was no exception, but he came back without the horse, the disappearance of which caused him much anxiety.

The nag broke away from the tree and started back to town, arriving ahead of Pete. The fact that the animal did was to ascertain what condition the animal was in when it arrived. He felt certain that if the horse returned it would be in bad shape and he would have quite a bill to pay. Everything ended in Pete's favor and he was the happiest man in the village when he paid Abbott for the use of the horse. "And now Pete says to his friends: 'You can josh all you have a mind to. I got out of the scrape in pretty good shape and you are welcome to some fun at my expense.'"

CHAMPION CHIPS.

Miss Millie Freeman spent Sunday with her people at Marquette. Henry Levine of Boston is in the village visiting his uncle, Jake Levine. Frank Bayard and family of Ishpeming spent Sunday with relatives here.

The Quinn children are expected home from school within the next few days. Isadore Poltorovitz expects to soon move his family from Negaunee to this place.

Fred Lavigne has gone to Chicago, where he takes a place with the Chicago Telephone company.

Mrs. George Frei is visiting relatives in Chicago. She will be home within the next week or so.

Ed McNeveis will be early in the week and unable to attend to his work at Levine & Davidson's store.

A very neat iron fence has been placed around Mrs. T. Harrington's lot at the Catholic cemetery here. The work was done by R. R. Thomas. Ten members

of the family, including Mrs. Harrington's husband and nine children, are buried in the lot.

Posters advertising the Maccabee celebration to take place at Marquette next Tuesday, are displayed about town.

Three or four young men of this village took in the Brotherhood of Villenore excursion to the Soo last Sunday.

John Brown, the tea man, came up from Ishpeming Monday and has since been here attending to the wants of his patrons in his line.

The Champion Co-operative store has been provided with a Bell phone. The service will be appreciated by the society's patrons who have the Bell phone in their homes.

There were two weddings in the village on Saturday last. The contracting parties were Nester Honnalla and Mrs. Gust Maki, and Matt Merrill and Miss Annie Rium.

Mrs. M. C. Quinn has been dangerously ill the past few days. Her sister, Mrs. G. R. Persons, also her brother, Charles T. Kruse, and wife of Ishpeming were up to see her, the former on Saturday and the latter on Monday.

The Champion Co-operative society is handling a large amount of the bread and cakes manufactured by Carpenter, Skiel & Co. of Milwaukee. The Austrians, who recently took jobs at the mine here, have a standing order of one hundred loaves of bread a day, besides buns, cookies, etc.

The Young People's society of the Swedish Lutheran church conducted a very successful social at the Swedish home up to see her, the former on Saturday and the latter on Monday. The attendance was good and the receipts of the evening were quite as large as the young people anticipated. The money realized goes to the church society.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup. H. J. Strickfaden, editor World-Herald, Fair Haven, Wash. For sale by The Stafford Drug Co.

GO TO LOCAL BANK

FIRST NATIONAL GETS THE \$50,000 OF SCHOOL BONDS.

WAS THE HIGHEST BIDDER

WILL PAY A PREMIUM OF \$1,400 FOR THE ISSUE.

This Only Half of the Amount Expected, but Fair in the Tight Money Market—The Next Highest Bid But \$8 Under.

The \$50,000 worth of bonds which the school board was some time ago authorized to issue have been disposed of to the First National bank of this city. The premium obtained was \$1,400, which is not quite half of the amount the board had all along been figuring upon but which in the present state of the money market is more than any of the other bidders were disposed to offer.

Ten bids were received, of which nine were from Chicago and Ohio dealers in bonds, the other proposal being that submitted by the local concern. One firm, the well known bond house of N. W. Harris & Co., only offered par for the bonds, and from that figure the bids ranged up to \$61,400, the amount named by the First National. Close to the successful bid was that of W. J. Hayes & Son of Cleveland, who offered but \$8 less. The list of the bids is as follows:

- S. A. Kean, Chicago..... \$60,650.00
- N. W. Harris & Co, Chicago.. 60,000.00
- First National bank, Marquette 61,400.00
- McDonald, McCoy, Chicago... 60,674.00
- Feder, Holman & Co., Cincinnati 60,690.00
- W. J. Hayes & Son, Cleveland. 61,392.00
- J. M. Holmes, Chicago..... 61,200.00
- Lamprecht Bros. Co., Cleveland 60,792.00
- First National bank, Columbus 60,900.00
- F. L. Fuller & Co., Cleveland. 60,577.50

The bonds run for ten years, are dated May 1, 1902, and bear interest at the rate of 4 per cent, payable semi-annually. The issue will make the entire indebtedness of the school district, which embraces the entire corporate limits of the city, \$90,000. The total value of the school property is \$300,000. It is interesting to note in this connection that the school district is over fifty years old, and that the present assessor, Peter White, has served in the capacity continuously since its establishment. The district has never been sued, nor has it ever brought a suit, and neither has it ever failed to pay any indebtedness of any kind on demand when due. The population of the district is 10,500. In its statement explaining that the new bonds were to be issued for the purpose of raising money for the erection and equipment of the new school

buildings now in course of construction, the school board stated that the estimated actual value of all the property in the district was last year \$641,035, and for this amount it was assessed. The total bonded debt of the city for all purposes is \$310,500, divided as follows: City hall, \$50,000; general city, \$10,000; municipal improvement, \$20,000; water loan refunding, \$20,500; water works, \$25,000; refunding water works, \$60,000; light and power improvement, \$35,000; light and power improvement refunding, \$30,000; light and power refunding, \$30,000. The net revenues of the fire and water commission and the light and power commission, however, are, after paying all operating expenses and interest on their bonds, more than sufficient to retire these bonds as they become due. The new school bonds, which will be handed over to the First National at once, will be paid for on delivery, with the accrued interest.

KNIGHTS OF COLUMBUS.

Lodge to Be Instituted Here Soon by a Big Detroit Party.

A number of the Catholic young men of the city who for some time past have been quietly working on the plan of organizing a lodge of the Knights of Columbus here, have made such progress that it has been determined that the proposed branch be instituted during the last week in June and the arrangements are well under way. The event will be made a notable one. A large delegation from the councils organized in the upper peninsula last fall, the first ones launched in the district, will be in attendance, and Deputy Grand Knight George F. Monaghan of Detroit will be here to have charge of the work. Mr. Monaghan will be accompanied by many of the members of the Detroit council, and already a passenger steamer has been chartered to bring the visitors from the City of the Straits. It is expected that while the Detroit party is in the upper peninsula a number of councils will be organized in other portions of the district, notably in the copper country, and plans to that end are now being worked out.

TRANSPORT AT SAN FRANCISCO.

Lieutenant Ball Will Soon Be at His Old Home Here. Lieutenant George E. Ball, after his long period of service in the Philippines, will soon again be greeting friends here. Sometime ago the family were advised that the lieutenant's regiment had sailed from Manila, bound for the states, and yesterday came a telegram announcing that the transport had arrived at San Francisco. The young soldier is serving in the regulars, but it is presumed that he will be granted the leave of absence to which he is well entitled and will be in Marquette before many weeks have past. The regiment, it has been understood, would be ordered to an army post in New York state.

BOARD SIDEWALKS TABOOED.

District Where Only Concrete Walks Can Be Laid Is Defined.

At the meeting of the common council on Monday evening, the ordinance providing that hereafter all sidewalks constructed in certain portions of the city be built of concrete was adopted after its scope had been broadened. As passed, the district covered by the provisions of the ordinance embraces Front street between Fisher and Hewitt avenue, and Washington street between Front and Fifth streets. The majority of the aldermen apparently were in favor of still further extending the district so that it would cover the more populous sections of the city, but for the time being at least the ordinance was allowed to stand as it was passed.

HIGH SCHOOL ALUMNI.

Interesting Meeting Held at the City Hall Last Evening.

The meeting of the alumni of the Marquette High school, held last evening in the school auditorium at the city hall, was well attended, classes from '86 to '01 being represented. Dr. Will Van Berstine was elected temporary president and Joseph H. Primeau, Jr., secretary, and the following committees were chosen: On organization, Miss Crowley, Joseph Primeau and Joseph B. Hogan; on nomination and soliciting, the Misses Inez Mathews and Hazel Boyron, and Ford McGregor. Another meeting will take place Friday evening at which organization will be perfected and the permanent officers elected, and for that reason a large attendance is looked for. Plans will also be discussed for the social party to be given in honor of this year's graduating class.

FOR NINE THOUSAND DOLLARS.

Mrs. Caroline Burt Sells Her Property at High and Arch.

An important real estate deal recently concluded was the sale by Mrs. Caroline Burt of the two houses at the corner of High and Arch streets. The dwellings, which have been occupied by Mrs. Burt and Fred Truscott, were purchased by Mrs. Jane Smith and sisters, the Misses Lehman. The consideration is understood to have been \$9,000.

Among other real estate transactions in Marquette has been the transfer of the house and lot No. 39, of Moore & Sang's addition, from E. C. Bailey to William Artz for a consideration of \$1,400. The property is on Prospect street, just east of Third, lot No. 44 in the same addition has been purchased from Sarah H. Hixon by John Robertson for \$400. The property is located on Crescent street, a few lots east of Front.

D. W. Powell has sold to Rush Culver and Wm. F. McKnight lands in 34, 31-29 for a consideration of \$7,200. The property is located up the lake shore, between Sauk's Head and the Yellow Dog river.

If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. People's Drug Store.

MACCABEE MASS MEETING.

It Has Been Called for 7 O'clock This Evening at the Casino.

A mass meeting of all the Maccabees of the city has been called to meet this evening at 7 o'clock at the Casino rink. Unexpected developments connected with next week's convention have arisen which the committee itself does not feel competent to handle. It was decided necessary last evening to put the matter to a popular decision and for that reason the presence of every Maccabee is urgently requested at tonight's session.

EDITORS COMING NEXT MONTH.

Marquette and Munising to Entertain Lake Superior Press Association.

Marquette and Munising will entertain the members of the Lake Superior Press association at their mid-summer gathering to take place during the latter part of July, this being the outcome of the meeting of the executive committee held at the Hotel Marquette last evening.

The editors in attendance at the conference were: E. W. West, of the Peninsula Record of Ishpeming; Patrick O'Brien, of the Iron River Reporter; J. H. Wilson, of the Native Copper Times of Lake Linden; T. W. Woessner, of the Menominee County Journal, of Stephenson; and E. L. Baldwin, of the Munising Republican.

At the Press association meeting held at Escanaba a few months ago, the newspaper men looked with favor on an invitation to assemble this summer in the copper country. At last evening's conference, however, it was decided best in view of certain developments, that Marquette and Munising be selected instead, and accordingly an invasion of editors and their ladies can be expected from all sections of the Lake Superior district.

The dates selected for the gathering are the 21st, 22d and 23d of July. The first day will be spent here on the 22d the party will go to Munising and on the 23d Marquette will again be the headquarters of the visitors. While the program to be followed was only informally discussed, the association members can be assured in advance that their visit will be made an extremely pleasant one. It is likely that an excursion to the Pictured Rocks will be made from Munising in a specially chartered steamer, and aside from visits to the many points of interest in the two cities themselves short excursion trips will probably be made both on the South Shore and the Cleveland (Cliff) company's roads.

The coming mid-summer outing will be the first the association has made in this locality, but it is already on the cards that it be thoroughly enjoyed and be one long remembered with pleasure by all those fortunate enough to participate.

Germs of Disease should be promptly expelled from the blood. This is a time when the system is especially susceptible to them. Get rid of all impurities in the blood by taking Hood's Sarsaparilla, and thus fortify your whole body and prevent illness.

SENSATIONAL MILLINERY SALE!

WILL TAKE PLACE AT

GRABOWER'S Tomorrow Morning at 9 O'Clock.

We have bought two Sample Lines of Millinery from Blumenthal, Locher & Brown Co., Milwaukee, and Thomas H. Osborn & Co., Cincinnati. The goods were bought for cash at 35 per cent. on the dollar, and we wish to move them quick. Therefore we will give the ladies of Marquette and vicinity a chance to buy Millinery at unheard-of prices. The stock consists of Hats, Flowers, Chiffon Veilings, Straw Braid and everything that goes on a Hat. Tomorrow we will announce a Price List of all goods on sale. Watch tomorrow's Mining Journal.

LADIES' SUIT, JACKET AND SKIRT SALE!

Tomorrow we will also start to close all our Ready-to-Wear Goods at prices which ought to interest everybody. Do not miss coming to our store to-morrow, and come as early as possible and get first choice.

LOUIS GRABOWER, MGR.
