STRIKE HAS ENDED

PACKERS AND TEAMSTERS REACH AN AGREEMENT.

MEN WILL RETURN TO WORK TODAY

MORE TROUBLE IS LIKELY TO RESULT, HOWEVER.

Wholesalers Have Discharged Union Employees and Unless They Are Retained Butchers Will Walk Out.

Chicago, June 5.—The packing teamsters' strike ended at 1 o'clock this morning as the result of a conference between representatives of the packers and teamsters. The agreement reached is a partial victory for the teamsters, the packers having declared that they will not discriminate against members of the union. The scale agreed upon is two cents lower than that demanded by the men. The terms were formally ratified at a meeting at noon. The men will return to work tomorrow.

Quiet reigned in the stock yards today as a result of the compromise reached by the leaders. The men were somewhat disturbed by a report tonight that the packers would not re-employ those active in the strike. There were mutterings that if this was done there would be further trouble. It is stated that several men employed in the yards had recently been discharged. These men declare they were singled out because they were strong union men and strike sympathizers. This is denied by the packers, but the statements of the discharged men are being investigated.

More Trouble in Store.

The men discharged are members of the stock yards' employees union. Their organization has a membership of over seven hundred, and is affiliated with the butchers' union, Michael Donnelly, president of the North American Meat Cutters' union was asked to adjust the trouble. Late tonight a conference for tomorrow between Donnelly and A. W. Leonard, superintendent of the Union Stock Yards Transit company was arranged. Leonard will be asked to re-employ the men who were discharged and unless he consents to do so, it is said five thousand butchers employed in the different packing plants will be called out.

MURDERED, ROBBED AND BURNED.

Mrs. Bell Smith and Children Are Killed and Money Taken.

St. Joseph, Mo., June 5.—Investigation into the deaths of Mrs. Bell Smith and her two children at Hardin, Mo., yesterday who were found dead in the ruins of their home, has revealed that a triple murder preceded the robbery. Mrs. Smith kept in her home, \$1,000 received on an insurance policy held by her late husband. The victims had been murdered by a hatchet which was found in the ruins of the burned home today. A gang of tramps were in the vicinity and are suspected of the crime.

DEPEW FAVORS PANAMA ROUTE.

But Declares Canal Bill May Not Pass in Present Session.

Chicago, June 5.—Chamney M. Depew was in Chicago today attending the annual meeting of Chicago & Northwestern railroad. Discussing the canal question, he declared that in his opinion, there is no comparison between the merits of the Nicaraguan and the Panama routes, and that the latter, when measured by the test of certainty of the cost of construction and the cost of maintenance is far preferable. He believes the canal question will be referred to the president, as the Hoar bill provides, but doubted if the bill would pass in the present session. "I believe thoroughly in the canal project," said Senator Depew. "The president is the man who will decide and I hope he will take the Panama route."

ARMY SURGEONS MEET.

Interesting Paper on the Medical Department is Read by Col. Howard.

Washington, June 5.—The eleventh convention of military surgeons of the United States met today at the National theatre. The address of welcome was made by President Roosevelt.

One of the principal features of the afternoon session was the awarding of the Eno-Sander prize, a hundred dollars in gold, and a medal to Lieutenant Colonel Valery Howard, of the United States army, whose thesis on "The Most Practical Organization for the Medical Department of the United States Army in Active Service" was decided by the Board of Award to be the best of all the papers submitted in connection with the contest.

Some of the most interesting papers were from Colonel J. Morris Brown, in charge of the army medical supply depot at New York during the past five years. It embraced the period covered by the Spanish-American war. During the period covered by the war, he said there were issued to the West Indies besides other things, twenty-six million quinine pills; eighteen hundred thousand cathartic pills; thirty thousand bottles of whiskey; fifty thousand bottles of chloride of lime; twenty thousand bottles of brandy; twenty thousand bottles of carbolic acid; twelve thousand packages of bandages; twelve thousand packages of gauze; twelve thousand packages of cotton; ten thousand bottles of condensed milk; ten thousand bottles of ginger ale and seven thousand bottles of malted milk.

AFFECT FARMERS ADVERSELY.

Beet Sugar Men Say Reduction of Sugar Duty Would Have That Effect.

Washington, June 5.—The Cuban conference today for a time took the shape of a discussion of the wisdom of a general revision of the tariff. It was generally agreed that this was not desirable from any point of view. The beet sugar men urged that there was no more reason for a reduction of the duty on sugar and tobacco than upon the other commodities. They contended that it would be unfair to make a reduction in the duty on sugar and tobacco, and that if the pending legislation should be enacted the Republican party would be held responsible for legislation affecting the farming interests adversely.

EULOGIZED ADMIRAL SCHLEY.

Chicago, June 5.—Hon. Edwin Warfield of Maryland, president general of the Sons of the American Revolution, was the principal speaker at a reception and banquet of the Illinois branch in Chicago tonight. He responded to a toast to the national society and his native state, Maryland. He recounted what that state had done to incite patriotism, and in closing referred especially to Schley as the hero of Santiago.

THREE KILLED IN WRECK.

Nelson, Mo., June 5.—In a collision between freights on the Missouri Pacific, three persons were killed and one seriously injured.

GOMEZ REFUSES PENSION.

Valiant Cuban Declines Pay Until Comrades Are Provided For.

Havana, June 5.—General Maximo Gomez has published an open letter here in which he refuses to accept the annual pension of \$6,000 provided for him in the resolution now before the Cuban house. Gomez asks his friends to defeat the resolution saying it would be unfair to accept money so long as the other Cuban soldiers had not been provided for. Gomez asserts he has a bill against the government for war services which some day will have to be paid, but he is willing to wait such a time as Cuba can pay all her soldiers.

CHARGED WITH EMBEZZLEMENT.

J. M. Cassidy, Who Got Away With \$60,000, Lan's in the Toils.

Chicago, June 5.—Charged with the embezzlement of money, which it is said will reach \$60,000, J. M. Cassidy, a former real estate dealer of Council Bluffs, Ia., was arrested here today and turned over to the sheriff of Council Bluffs to be taken back to stand trial.

Council Bluffs, Ia., June 5.—J. M. Cassidy, Jr., arrested in Chicago, is under indictment for embezzling money from insurance companies. Cassidy's case was continued twice on the understanding that he was ill in a Chicago hospital. His bondsmen learned that he had recovered and asked that he be arrested and returned to this city. The sheriff arrived today with the prisoner.

MILES IN TROUBLE THE PANAMA ROUTE.

HEAD OF THE ARMY MAY HAVE TO FACE COURT-MARTIAL.

OFFICIAL SECRETS LEAKED OUT AND LIEUTENANT GENERAL IS SUSPECTED OF TELLING THEM.

Washington, June 5.—Lieutenant General Nelson A. Miles of the United States army is now face to face with a court-martial on a charge of having betrayed army secrets. An investigation to find out who is responsible for the leaks has been called for and ordered, and if, as several senators believe, General Miles is the guilty man, no time will be lost in bringing him to trial. The offense about to be investigated escapes being treated only because it is directed against soldiers instead of against the government. The penalty is severe enough, however, to place under a lasting brand of shame the man who shall be found guilty.

There have been various leaks in the war department during this investigation of the conduct of the army in the Philippines, and they have all been of a character to indicate that some one in that department was systematically seeking to embarrass the secretary of war and smirch the army in the Philippines. Curiously enough, these secret revelations began soon after General Miles' request to be sent to the Philippines was denied by the president.

The Democratic senators who were probing for scandals against the army found assistance from some one in the war department. The president proposes to find out who that man is. The investigation will be thorough, to determine who is responsible for furnishing these secret charges and reports. If investigation shows a clerk or orderly subordinate stole them from the archives he will be promptly dismissed.

Court-Martial for Miles.

If it shows General Miles furnished them for the purpose of giving the publicity, there is only one course to pursue and that is to order a court-martial for him.

The president was of the opinion two months ago that the only way to prevent General Miles from denouncing the army was to retire him. A number of Republican senators and representatives urged the president not to make Miles a martyr, and President Roosevelt decided, in deference to their judgment, to leave the general alone so long as he attended to his official business and did not embarrass the secretary of war and General Chaffee.

Today some of the senators and representatives who saved Miles two months ago are demanding that he be court-martialed if this offense is traced to him.

Miles Will Not Talk.

Kansas City, June 5.—The Journal says that General Miles passed through Kansas City on his way to Washington. He is called by the president and is threatened with immediate court-martial on the charge of having betrayed official secrets. Regarding the story that he had revealed secrets, General Miles said Senator Culberson had made a denial as full as anyone could desire. Further than that General Miles would say nothing nor would he give any information concerning the story that charges had been preferred against himself.

SENATOR HANNA FAVORS IT FOR ISTHMIAN CANAL.

LESS EXPENSIVE THAN NICARAGUA WATERWAY WILL BE TO ACCOMMODATE COMMERCE OF WORLD.

Washington, June 5.—In a further consideration of the Isthmian canal project, the senate heard today two speeches, neither of which were completed. Senator Hanna of Ohio, spoke in favor of the Spooner amendment, conferring on the president authority to purchase the rights of the Panama canal company if a valid title could be obtained, otherwise he shall decide upon the Nicaragua route. Senator Mitchell supported the Hepburn bill for the construction of the canal by the Nicaragua route.

Panama Route the Cheaper.

Seldom has a senator been accorded a more attentive hearing than that given Senator Hanna. The Panama route he considered much to be preferred to Nicaragua, as it provided an inter-oceanic waterway much shorter and one that could be traversed at less expense than the Nicaragua route. He maintained that the United States was to build the canal to accommodate the commerce of the world and said that that fact must be taken into account. Senator Hanna declared the question now was which route was preferable. By stubborn facts and by the findings of the best engineers he was compelled to change his views, which originally favored the Nicaragua route. He referred to the seismic disturbances in the canal region and suggested that these disturbances ought to cause congress to pause and consider the suggested dangers seriously. There are more volcanoes in the neighborhood of the Nicaragua route than in the Panama. He maintained that the cost of the Nicaragua route was immensely greater in point of construction and operation than the Panama way and said he was prepared to demonstrate that the Nicaragua route could not be operated at night. He believed the canal would be a power for the peace of the world. Senator Hanna pleaded fatigue and will continue tomorrow.

Mitchell Favors Nicaragua Route.

Senator Mitchell urged that unless the Nicaragua route be determined upon definitely by congress it would mean an indefinite postponement and perhaps the ultimate defeat of any canal legislation. He insisted that the Nicaragua route was entirely feasible and practicable, while the Panama route involved difficulties which were scarcely to be surmounted. Senator Mitchell believed the defeat of the Hepburn bill meant a possible defeat of the canal project. He declared the authorities indicted the danger from earthquakes as a hundred per cent greater in the region of the Panama route, than in the Nicaragua. In neither case, however, was the danger sufficient to render hazardous the construction of the canal.

Debate on Anti-Anarchy Bill Ends.

The general debate on the anti-anarchy bill ended today except for two speeches which will be made tomorrow. Representative Littlefield of Maine, will make the closing argument in support of the measure. The debate today, like that of yesterday, was devoted to legal arguments, the speakers today being Representatives Sibley of Pennsylvania; De Armond, of Missouri; Williams, of Mississippi; Wooten, of Texas; McDermott, of New Jersey; Lusk, of California; Cromptaker, of Indiana; Maddox, of Georgia; Ball, of Texas and Clark, of Missouri.

HOUSE CONTINUES DEBATE OF ANTI-ANARCHY BILL—LITTLEFIELD TO MAKE CLOSING SPEECH IN SUPPORT OF THE MEASURE.

President Will Investigate Charges and If True Will Bring Offender to Trial—Miles Refuses to Talk.

Washington, June 5.—The House today continued its debate on the anti-anarchy bill. Littlefield of Maine made the closing speech in support of the measure. The debate today, like that of yesterday, was devoted to legal arguments, the speakers today being Representatives Sibley of Pennsylvania; De Armond, of Missouri; Williams, of Mississippi; Wooten, of Texas; McDermott, of New Jersey; Lusk, of California; Cromptaker, of Indiana; Maddox, of Georgia; Ball, of Texas and Clark, of Missouri.

BOY SERIOUSLY WOUNDED.

A boy was dangerously wounded by a guard at the Stanton colliery tonight.

The fence surrounding the colliery was fired twice during the week. Charles McCann, aged thirteen, was passing the place when the shot was fired and was wounded in the back. The police of this city, after much trouble, got inside the stockade and arrested four guards, but owing to the threatening attitude of the crowd were obliged to take them to jail by a circular route.

USED MAILS TO DEFAUD.

Letson Baillet Is Found Guilty of Duping Guileless Stockholders.

Des Moines, June 5.—Letson Baillet found guilty today in the federal court of using the mails to defraud investors in the stock of the White Swan Mining company near Baker City, Ore. He was first importation of foreigners to the Anthracite region to fill the places of the strikers.

Des Moines, June 5.—Letson Baillet found guilty today in the federal court of using the mails to defraud investors in the stock of the White Swan Mining company near Baker City, Ore. He was charged with having received about \$225,000 from purchasers of the stock and with having invested not to exceed \$25,000 in the property, largely in acquiring a title to it after he had begun to sell the stock. It was proved by the government that during the two and a half years that Baillet had operated the scheme he had expended \$25,000 and buying a newspaper at Baker City, about \$35,000 advertising the mine and himself as the Cecil Rhodes of America; that he had expended various sums on actresses and for personal outlays and that since the purchase of the White Swan mine he has put practically nothing into it with a view to developing it on behalf of the stockholders.

Baillet is a son of Judge Baillet, recently of the Polk county district court. The extreme penalty for the crime is eighteen months' imprisonment and \$500 fine.

C. & N. W.'S ANNUAL REPORT.

Earnings of the Road for Year Ending May 31 Were \$46,539,000.

Chicago, June 5.—The annual meeting of the stockholders of the Chicago & Northwestern Railway company was held here today. The financial statement for the year ending May 31 shows the gross earnings were \$46,539,000, and the expenditures, aside from the dividends, \$41,242,000, leaving a surplus of \$5,297,000. The stockholders declared a regular quarterly dividend of 1% per cent on the preferred stock and an extra dividend of one per cent; and a regular semi-annual dividend of three per cent on the common stock, with an extra dividend of one per cent. The old officers were re-elected.

CONSUL TO MARTINIQUE.

Washington, June 5.—The president today nominated John F. Jewell, of Illinois, as consul at Martinique.

COMBES WILL FORM NEW CABINET.

Paris, June 5.—Senator Combes, a progressive Republican, has accepted the task of forming a new cabinet.

MOB ATTACKS MAN

FIRST SERIOUS DISORDER IN ANTHRACITE MINERS' TROUBLE.

VICTIM IS BEATEN INSENSIBLE

FOREIGNERS ARE TAKING PLACES OF STRIKERS.

Mitchell Will Not Discuss Action of New York Board of Trade Asking President Roosevelt to Interfere.

Scranton, Pa., June 5.—The first serious disorder in connection with the miners' strike in the Lackawanna region occurred tonight at Forest City. David Owens, a pump runner at the Clifford colliery was attacked by a mob while on his way to work and beaten into insensibility.

Wilkesbarre, Pa., June 5.—This was an eventful day in the miners' strike and probably the quietest since the engineers, firemen and pumpmen were called out Monday. There were the usual scurrilities in several parts of the Wyoming valley, in which the workmen who refused to desert the companies generally got the worst of it. No one, so far as known, was seriously hurt.

It is stated at strike headquarters tonight that thirty-three additional men had joined the strikers during the day and more were expected to come out tomorrow. The operators are still able to fill the places of those that deserted or are forced to quit. Most of the companies have exhausted their forces of company employees and are now using non-union men more freely. The action of the New York Board of Trade and Transportation requesting President Roosevelt to take up the matter of settling the strike aroused considerable interest. President Mitchell had nothing to say when asked for an opinion on the new move. He said there was nothing new in regard to a settlement of the strike and expressed himself as satisfied with the progress of the miners' campaign. The mining superintendents seen today had nothing new to add to the day's budget of news.

SENATOR HANNA FAVORS IT FOR ISTHMIAN CANAL.

LESS EXPENSIVE THAN NICARAGUA WATERWAY WILL BE TO ACCOMMODATE COMMERCE OF WORLD.

Washington, June 5.—In a further consideration of the Isthmian canal project, the senate heard today two speeches, neither of which were completed. Mr. Edison says that his new electrical storage battery can be produced at a cost that will permit of a good, serviceable automobile being placed on the market for about \$150.

Ex-Congressman Sam Stephenson, the millionaire lumberman, who, after his defeat for re-nomination six years ago...

Sam has quietly dropped into politics again, and for the past week or so has been creating quite a commotion in the ballroom which he formerly dominated as Jove did Olympus...

In the face of adverse conditions of the most discouraging nature, Booker T. Washington has carried on his work for the regeneration of his people in the south until it has compelled admiring recognition in that "nigger hating" section.

The congressional contest begins to grow interesting. Delta county will hold its convention for the selection of delegates to the nominating convention today.

To my mind the entire bill is an inflation measure, crude in its form and not calculated to inspire confidence or to meet the requirements of a system of paper currency which should be, as Mr. Fowler says in his report, "absolutely sound, uniform, responsive, always adequate and perfectly adjusted to our trade everywhere and under all conditions."

FILTHY TEMPLES IN INDIA.

Sacred cows often defile Indian temples, but worse yet is a body that is polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life Pills and avoid untold misery.

Only one remedy in the world that will at once stop itches of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

INTERESTING TO ASTHMA SUFFERERS.

Daniel Bante of Ottaville, Iowa, writes: "I have had asthma for three or four years and have tried about all the cough and asthma cures in the market and have received treatment from physicians in New York and other cities, but got very little benefit until I tried Foley's Honey and Tar, which gave me immediate relief and I will never be without it in my house. I sincerely recommend it to all." People's Drug Store.

After Dinner Hood's Pills

Sold everywhere, 25 cents. (6-6-1d)

and billion, \$150,000,000; trust funds, \$830,292,089; general fund, \$143,343,199; in national bank depositories \$129,396,714. Against this there are demand liabilities outstanding amounting to a total of \$909,262,119, leaving a net cash balance on hand of \$334,739,953, a showing which is almost unequalled in the history of the nation.

For the eleven months of the current fiscal year the surplus of receipts over expenditures is placed at \$76,400,719, which is only \$3,000,000 less than the large treasury surplus of the last fiscal year, and conservative estimates fix the surplus for the full fiscal year at between \$80,000,000 and \$100,000,000, showing that the national finances are in a most healthy condition and that the benefits of general prosperity have fairly offset the reduction of the war revenue taxes and the generous distribution of "park" by the present congress.

BANKERS OPPOSED TO IT.

The action of the bankers of Kansas, Missouri, Oklahoma and Indian Territory, who listened to Mr. Horace White's plea for the Fowler-Overstreet bank and currency bill and then unanimously condemned the measure, has set the banking world to expressing its opinion against this wild scheme of "currency reform."

President Bigelow's Statement. President Bigelow, of the Tamarrack Mining Company, makes the following statement in connection with the recent passing of the dividend. He says: "A meeting of the board of directors of this company was held May 28, 1902, which in the past has been the usual date for declaring the semi-annual dividend."

Copper Gossip. It is believed that very little Old Dominion can be produced at the present prices. Some people believe that at the present price of copper Old Dominion can actually earn more than Osceola.

NOTICE.

To the property owners, taxpayers and other persons interested in the following proposed improvement, to-wit: For the construction of a sewer from manhole in trunk sewer in Third street to Fifth street.

The district to be assessed for pay for said sewer is bounded as follows: Commencing at the northeast corner of Lot 11 of Block 3 of Harlow's Addition No. 2; thence westerly along the north line of said Lot 11 to the east line of Fourth street; thence northwesterly across Fourth street to the southeast corner of Harlow's Addition No. 3; thence westerly along the south line of Harlow's Addition No. 3 to the northwest corner of Harlow's Addition No. 5; thence south along the west line of said addition to the northwest corner of A. A. Bart's Addition; thence easterly along the north line of said addition to the northeast corner of Lot 11 of said addition; thence southerly along the east line of Lots 11 and 14 of said addition to the southwest corner of Lot 5 of said addition; thence easterly along the south line of said Lot 5 to the west line of Seventh street; thence southerly across Seventh street to the northwest corner of Lot 61 of Baldwin's Addition; thence easterly along the north line of Lots 61 to 65 inclusive of said addition to the west line of Sixth street; thence southerly along the west line of Sixth street and across Fisher street to the south line of Baldwin's Addition; thence easterly along the south line of said addition to the west line of Fifth street; thence northerly along the west line of Fifth street and across Fisher, Rock, Superior and Spring streets to the southeast corner of Lot 2 of Harlow's Addition No. 5; thence easterly along the north line of Spring street, and across Fifth and Fourth streets to the southeast corner of Block 2 of Harlow's Addition No. 2; thence northerly along the west line of Third street and across Maple street to the place of beginning.

The common council of the City of Marquette will meet on Monday, the 10th day of June, A. D. 1902, at 8 o'clock p. m., at the council chamber in the City Hall, and consider any objections to said proposed improvement, and the district assessment roll prepared therefor, and for the final confirmation of said roll.

Dated, June 5th, 1902. DANIEL S. DONOVAN, Recorder.

COPPER MINING.

Developments at Nevada Property Indicates Bright Future.

The Sheba mine in Star Canyon, Humboldt county, Nevada, in which copper country people are largely interested, is now working a force of fourteen men in development work, and this week another force was put to work in the Mammoth group adjoining belonging to the company. Assays of ore from the Sheba have been received as follows: From the raise in No. 5, 2,900 ounces of silver; 30 ounces of gold; gold value, \$6. From beyond the big stop, 1,230 ounces of silver; 25 ounces of gold; gold value, \$4.50. From the raise in No. 5, 1,654 ounces of silver; 40 ounces of gold; gold value \$8. From the Franklin tunnel, 700 ounces of silver; 108 ounces of gold; gold value \$4.60. Oxides in Franklin tunnel, 151 ounces of silver; 46 ounces of gold; gold value \$12. High grade ore from the big stop, 3,075 ounces of silver; 140 ounces of gold; gold value \$28.

READ IT IN HIS NEWSPAPER.

George Schaub, a well known German citizen of New Lebanon, Ohio, is a constant reader of the Dayton Volksfreund. He knows that this paper aims to advertise only the best in its columns and when he saw Chamberlain's Pain Balm advertised therein for lame back he did not hesitate in buying a bottle of it for his wife, who for eight weeks had suffered from her household duties in her back and could get no relief. He says: "After using the Pain Balm for a few days my wife said to me, 'I feel as though born anew' and before using the entire contents of the bottle the unbearable pains had entirely vanished and she could again take her household duties." He is very thankful and hopes that all suffering likewise will hear of his wonderful recovery. This valuable liniment is for sale by The Stafford Drug Co.

HIS WHITE UMBRELLA.

Aubrey de Vere, the aged English poet who died recently, cared little about his appearance, and even when called upon to act as "best man" at a wedding saw no reason for discarding his shabby tweed suit and white cotton umbrella and on one occasion electrified London by appearing in Hyde park in Mary Anderson's carriage at the time when she was at the zenith of her popularity, calmly holding up this dilapidated machine, the sides of which were ornamented with long ragged slits.

CONTRACT SIGNED

HANCOCK COUNCIL CLOSED PAVING DEAL WITH BARBER COMPANY YESTERDAY AND WORK WILL START AT ONCE.

There were two surprises at the Hancock council meeting Wednesday evening. One was that asphalt was selected as the material to pave Quincy street, the main thoroughfare of the village, and the other that the matter was finally settled. It was thought yesterday that there was a worse mix-up than ever concerning materials and that a final choice was a long way off. However, Trustee Charles A. Wright ended all further controversy by making a motion that immediate action be taken and that was done. The fact that representatives of several paving firms were present at the meeting might have had something to do with calling for a vote and there. The result of the vote for the material after the bids were opened was surprising. It stood four in favor of asphalt and two for creosoted wood block and after consideration the vote was made unanimous for asphalt. The bid of the Barber Asphalt company was the lowest by several thousand dollars, it being \$22,381.49 (\$2.43 a yard including excavating as compared with \$29,477.16, the highest, for creosoted wood block. It was generally thought that the latter material would win out. Asphalt was almost the least thought of. Brick did not have a supporter on the council. The people generally are quite well pleased with the selection and are happy that a choice has been made, but are more pleased over the bargain that the village secures. Not only is the price away down but the company will guarantee the pavement for ten years and put up a bond of \$7,000 to keep it in repair during that time and also a bond to carry out its contract.

The contract for the work was signed yesterday, S. S. Saxton, the representative of the Barber company, having full authority to do all that was necessary to close up the agreement. The contract price which is very favorable and the fact that the pavement will be guaranteed is what pleases the people. The council ordered all necessary water and sewer connections on Quincy street to be made at once so that the work can start just as soon as possible. Where it is necessary for the company to tear up the pavement on account of improper water or sewer connections \$3 a yard will be charged. Property owners on Quincy street, who will pay for the paving in several years time, were notified yesterday to make the necessary water and sewer connections. The electric light company was notified yesterday to remove its poles from the gutters and the street railway company was told to level up its grades on the street to conform with the established grade. Until these things are done the work cannot go ahead. The work of paving will be commenced about June 15. The asphalt company is ready to start operations at any time. It is only a question of a short time when Quincy street will have cement sidewalks to match the pavement. The street will be far the best in the upper peninsula when the work is completed.

RED JACKET'S ASSESSMENT ROLL.

The assessment roll of the village of Red Jacket which was presented to the council at its meeting Tuesday evening by Assessor Fred A. Larson shows the valuation of real estate property to be \$2,130,400; personal property, \$506,600; bank stock, \$40,102; total, \$2,683,102. The increase over last year's valuation is \$455,245, largely due to taxing the street railway company and extensive building. The rate of taxation was placed by the council at five mills.

SIDEWALK SPECIFICATIONS.

The specifications for the cement sidewalks which are to be put down on Fifth street at Calumet are not yet ready. They will be presented to the Red Jacket village board at its next meeting by Engineer Stockley. The council at its meeting Tuesday evening appointed a committee comprised of Fred A. Larson, John P. Roberts and G. C. Lewis as special assessors to look after the building of the walks.

RICHARDS-MOYLE NUPTIALS.

Samuel E. Richards of the Quincy and Miss Eliza E. Moyle of Hancock were married Wednesday evening at the home of the bride's parents, Mr. and Mrs. Richard Moyle on Water street by Rev. A. R. Johns. Edward Heather and Miss Standway, both of Houghton, were also united in marriage at the home of the bride's mother the same evening, Rev. R. Hancock officiating.

CALLS MASS MEETING.

KILLED BY FALL OF ROCK.
George Sinkovick Meets Untimely Death at North Tamarack Mine.

George Sinkovick, a timberman at No. 3 shaft at the North Tamarack mine, was instantly killed in the thirteenth level yesterday morning by a fall of rock.

TORE HIS EYE.
Twelve-Year-Old Son of W. J. Lott Suffers Bad Accident.

The twelve-year-old son of W. J. Lott, 120 Iroquois street, Laurium, met with a very peculiar and serious accident Wednesday afternoon. While climbing down from a gate a hook caught in the boy's eye, tearing the optic badly. It will be necessary for the physician to remove the eye this morning in order to save the sight of the other.

WILL DRAFT THE PLANS.
Alex Schwellier Selected to Prepare Design for Houghton Opera House.

Alex Schwellier of Milwaukee, a former resident of Houghton, has been selected by the building committee of the new Houghton opera house to draft complete plans and specifications for the proposed structure. Mr. Schwellier met with the committee yesterday in regard to the work. It is expected to begin construction work on the building by the end of the month.

GRIFFEN'S SALARY RAISED.
Superintendent of Houghton Schools Receives Material Raise.

Superintendent Griffen of the Houghton schools has received an increase in salary from \$1,700 a year to \$2,000. Mr. Griffen has been very successful in his first year and in recognition of his services the raise was made. At a recent meeting of the school board arrangements were made to fill a number of vacancies in the teaching corps and board appointed Ernest Ferris of Grand Rapids as assistant to instructor Knutsey in the commercial department of the high school. Mr. Ferris has had considerable experience in the work and is the right man for the place.

LAY CORNER STONE SUNDAY.
New Methodist Church for Laurium Is Rapidly Going Up.

Work on the superstructure of the new Laurium Methodist church is progressing rapidly. The floor being in place and much of the studding raised. The corner stone will be laid Sunday afternoon at 3 o'clock, the ceremonies taking place in the auditorium floor. Rev. H. A. Leeson is arranging the program for the event in which several Methodist ministers of the county will be present. The new building will be a feature and a souvenir program will be presented to all present.

HERE TO TAKE INVENTORY.
Mr. Morris, Superintendent of Phone Construction, in Copper Country.

C. E. Wild of Marquette, superintendent of the Northern division of the Michigan Telephone company, is expected in Houghton shortly on his trip of general inspection. Mr. Wild was recently stationed at Marquette and has not yet visited this district. Samuel Morris, the superintendent of construction for the company also with headquarters at Marquette, is in the copper country taking an inventory of the company's property. The report that Mr. Morris will here outline construction work for the summer is erroneous. Mr. Morris as well as Manager John Dee deny that the company proposes at present to extend the lines of the company into Ontonagon county giving a service at Greenland, Ontonagon, Rockland and Grand Island. Mr. Morris stated Wednesday that he was merely here to take an inventory and for no other purpose. An item recently appeared in the Detroit Free Press saying that the company intended to extend its lines into Ontonagon county at once but there was no authority for the statement. It is true that Ontonagon people want the telephone and it is likely that at some time or other plans will be made for the extensions but not this summer.

REPAIRING POPE WAREHOUSE.

What is known as the Pope warehouse at the foot of 1st-Royale street, Houghton, is undergoing extensive repairs. The interior will be considerably changed. The structure will be raised two feet and a stone foundation put in. The Peninsula Wholesale grocery store will be placed for storage purposes. The White Line's boat office is located in the building.

HODGE & CO. SELL DETROIT PLANT.

The deal for the purchase of S. F. Hodge & Co.'s Riverside iron works at Detroit, one of the city's oldest and best known manufacturing establishments, to an Eastern syndicate has gone through. The Great Lakes Engineering works has been formed in its place. Hereafter S. F. Hodge & Co. will devote its attention to its Hancock foundry.

OCCUPY NEW QUARTERS IN JUNE.

The Citizens' National bank of Houghton will remove to their new quarters in the Hall building about June 15. The decorators are now at work in the banking rooms and the work of installing the fixtures is about complete. The bank will have as handsome a home as any similar institution in the state.

ATTORNEY O'BRIEN WILL BE PAID.

P. H. O'Brien, ex-village attorney of Laurium, will be paid \$200 by the council for services rendered the village in its case against Nicholas Bray, bondsman for ex-Clerk Murphy, who absconded. There has been some trouble about the bill, which was placed at \$400.

WILL ENTERTAIN SINGERS.

Calumet Maennerchor Preparing to Receive U. P. Sangerbund.

Arrangements are fast being completed for the entertainment of visiting members of the singing societies belonging to the Upper Peninsula Sangerbund which will hold its fourth annual sangerfest at Calumet on June 20 and 21. The gathering will be in charge of the Calumet Maennerchor. It is estimated that about 300 delegates will be present from the various places in the peninsula where German singing societies are organized. The program as arranged for the visitors is as follows:

START WORK THIS WEEK.
C. J. Johnson to Begin Construction of Street Railway Extension.

C. J. Johnson, the Houghton railroad contractor, who is now busily engaged with a force of several hundred men building the extension of the Copper Range road to Lake Linden and Calumet, will commence work this week on the street railway extension from Laurium to Lake Linden, a distance of five miles. Mr. Johnson's camps are so situated that he can carry on the work of the two jobs hand in hand. By the time the grading is completed the steel rails which were ordered from the Cambria Steel company will have arrived so that there will be no delay. The fact that Mr. Johnson has the contract was no surprise, it being previously announced in these columns that the work would be done by him.

BUILD LIFE SAVING STATION.
C. K. Leith, Government Employee, Arrives to Begin Construction Work.

C. K. Leith, who is in the government employ, arrived in Houghton yesterday to make arrangements for the building of the new life saving station at the canal. He has the contract to build the structure which will go up on the shore of Lake Superior at the mouth of the canal and will commence work as soon as the material is on the ground. The bids for the structure were opened at Washington recently and Mr. Leith was the successful contractor. He has had considerable experience in the building of life saving stations and the government has always been well pleased with his work. Yesterday morning he visited the canal in company with Major Marr of the government engineers' office at Houghton and looked over the site. The location is an excellent one and decidedly better than that where the old station stands, a quarter of a mile up the canal. By fall Captain McCormick and his brave crew of men will have quarters as good as any crew of life savers on the lakes. The station at the canal will be one of the most important on the Great Lakes, it having more work to do than any other station as a usual thing. The new building will be a three-story frame structure to cost in the neighborhood of about \$5,000. The third story will be used for a lookout, the second for the men and the first for the crew. The crew is well prepared for active work, having received this spring a lot of new equipment, including a new life boat. At present the men are temporarily located in one of the houses at the canal.

APPOINTED VILLAGE ENGINEER.

The Laurium council at an adjourned meeting Wednesday evening appointed W. W. Stockley engineer for the village at a salary of \$10 per day while engaged in village work. Mr. Stockley is also the civil engineer for the village of Hancock and the street railway company.

ARRESTED FOR BURGLARY.

John Morgan of the Centennial location, whose store was recently entered and robbed of cigars, gum, candy and fruit, has caused the arrest of John Thomas and John Adams, who it is alleged were the perpetrators. The warrants were sworn out by Justice Fisher.

PRICES OF MEAT ARE HIGH.

Meat is wholesaling in the copper country for eleven cents per pound with no immediate promise of a let down in the price. People are not eating near as much meat as they were a few months ago and butchers are complaining of a great falling off in business.

J. P. EDWARDS RESIGNS.

J. P. Edwards will resign as village engineer of Houghton.

HAPPY TIME IN OLD TOWN.

"We felt very happy," writes R. N. Beville, Old Town, Va., "when Buckler's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Blisters, Eruptions, Inflammation of the Skin, etc. Only 25c at The Stafford Drug Co.'s drug store.

COPPERDUM BREVIETIES.

Red Jacket's poll tax amounts to \$1,297.

The State Savings bank at Laurium moved into its new quarters yesterday.

The steamer Portage of the Union line is due at Houghton Saturday and the John M. Nichol Sunday.

The store of W. J. Dean, a Quincy street grocer, Hancock, has been temporarily closed by his creditors.

The Laurium council will attend the laying of the corner stone of the new Methodist church Sunday afternoon.

Marshal Trudell has been appointed a member of the Red Jacket village ward board in place of ex-Marshal Ward.

A regular meeting of the members of the Ladies' Auxiliary to the A. O. U. M. of Houghton will be held Sunday afternoon at 3 o'clock.

Sam O'Connell's saloon at Houghton has been closed by creditors but it is likely a satisfactory settlement will soon be made so that the saloon may reopen.

Laurium's assessment roll shows the real estate to be valued at \$2,918,250; personal property, \$177,330; the total being \$3,095,580. The increase over that of last year is \$218,380.

A raft of several hundred thousand feet of logs belonging to the St. Mary's Canal company which broke adrift in Portage lake last fall will be picked up by the tug Ethel J. Pryor.

Engineer Austin of Milwaukee, who made the plans and specifications for the paving of Quincy street, Hancock, was present Wednesday evening when the council awarded the contract for the work.

The Dollar Bay and Calumet baseball teams will play at Athletic park, Calumet, tomorrow afternoon. A close and interesting contest is looked for. The Dollar Bay team has already demonstrated its ability to play ball and

WILL ENTERTAIN SINGERS.

Calumet Maennerchor Preparing to Receive U. P. Sangerbund.

Arrangements are fast being completed for the entertainment of visiting members of the singing societies belonging to the Upper Peninsula Sangerbund which will hold its fourth annual sangerfest at Calumet on June 20 and 21. The gathering will be in charge of the Calumet Maennerchor. It is estimated that about 300 delegates will be present from the various places in the peninsula where German singing societies are organized. The program as arranged for the visitors is as follows:

START WORK THIS WEEK.
C. J. Johnson to Begin Construction of Street Railway Extension.

C. J. Johnson, the Houghton railroad contractor, who is now busily engaged with a force of several hundred men building the extension of the Copper Range road to Lake Linden and Calumet, will commence work this week on the street railway extension from Laurium to Lake Linden, a distance of five miles. Mr. Johnson's camps are so situated that he can carry on the work of the two jobs hand in hand. By the time the grading is completed the steel rails which were ordered from the Cambria Steel company will have arrived so that there will be no delay. The fact that Mr. Johnson has the contract was no surprise, it being previously announced in these columns that the work would be done by him.

BUILD LIFE SAVING STATION.
C. K. Leith, Government Employee, Arrives to Begin Construction Work.

C. K. Leith, who is in the government employ, arrived in Houghton yesterday to make arrangements for the building of the new life saving station at the canal. He has the contract to build the structure which will go up on the shore of Lake Superior at the mouth of the canal and will commence work as soon as the material is on the ground. The bids for the structure were opened at Washington recently and Mr. Leith was the successful contractor. He has had considerable experience in the building of life saving stations and the government has always been well pleased with his work. Yesterday morning he visited the canal in company with Major Marr of the government engineers' office at Houghton and looked over the site. The location is an excellent one and decidedly better than that where the old station stands, a quarter of a mile up the canal. By fall Captain McCormick and his brave crew of men will have quarters as good as any crew of life savers on the lakes. The station at the canal will be one of the most important on the Great Lakes, it having more work to do than any other station as a usual thing. The new building will be a three-story frame structure to cost in the neighborhood of about \$5,000. The third story will be used for a lookout, the second for the men and the first for the crew. The crew is well prepared for active work, having received this spring a lot of new equipment, including a new life boat. At present the men are temporarily located in one of the houses at the canal.

APPOINTED VILLAGE ENGINEER.

The Laurium council at an adjourned meeting Wednesday evening appointed W. W. Stockley engineer for the village at a salary of \$10 per day while engaged in village work. Mr. Stockley is also the civil engineer for the village of Hancock and the street railway company.

ARRESTED FOR BURGLARY.

John Morgan of the Centennial location, whose store was recently entered and robbed of cigars, gum, candy and fruit, has caused the arrest of John Thomas and John Adams, who it is alleged were the perpetrators. The warrants were sworn out by Justice Fisher.

PRICES OF MEAT ARE HIGH.

Meat is wholesaling in the copper country for eleven cents per pound with no immediate promise of a let down in the price. People are not eating near as much meat as they were a few months ago and butchers are complaining of a great falling off in business.

J. P. EDWARDS RESIGNS.

J. P. Edwards will resign as village engineer of Houghton.

HAPPY TIME IN OLD TOWN.

"We felt very happy," writes R. N. Beville, Old Town, Va., "when Buckler's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Blisters, Eruptions, Inflammation of the Skin, etc. Only 25c at The Stafford Drug Co.'s drug store.

COPPERDUM BREVIETIES.

Red Jacket's poll tax amounts to \$1,297.

The State Savings bank at Laurium moved into its new quarters yesterday.

The steamer Portage of the Union line is due at Houghton Saturday and the John M. Nichol Sunday.

The store of W. J. Dean, a Quincy street grocer, Hancock, has been temporarily closed by his creditors.

The Laurium council will attend the laying of the corner stone of the new Methodist church Sunday afternoon.

Marshal Trudell has been appointed a member of the Red Jacket village ward board in place of ex-Marshal Ward.

A regular meeting of the members of the Ladies' Auxiliary to the A. O. U. M. of Houghton will be held Sunday afternoon at 3 o'clock.

Sam O'Connell's saloon at Houghton has been closed by creditors but it is likely a satisfactory settlement will soon be made so that the saloon may reopen.

Laurium's assessment roll shows the real estate to be valued at \$2,918,250; personal property, \$177,330; the total being \$3,095,580. The increase over that of last year is \$218,380.

A raft of several hundred thousand feet of logs belonging to the St. Mary's Canal company which broke adrift in Portage lake last fall will be picked up by the tug Ethel J. Pryor.

Engineer Austin of Milwaukee, who made the plans and specifications for the paving of Quincy street, Hancock, was present Wednesday evening when the council awarded the contract for the work.

The Dollar Bay and Calumet baseball teams will play at Athletic park, Calumet, tomorrow afternoon. A close and interesting contest is looked for. The Dollar Bay team has already demonstrated its ability to play ball and

NO VIOLATION OF NEUTRALITY LAWS

CHARGES AGAINST BRITISH AGENTS IN U. S. ENLISTING MEN FOR SOUTH AFRICAN WAR, ARE WITHOUT FOUNDATION.

Washington, June 5.—The president today sent to the house the report of Colonel Crowder who made an investigation of the charges that the neutrality laws were violated at Chalmette, La. Colonel Crowder did not find a single instance of the enlisting of soldiers in this country for service in South Africa. He did find, however, that British officers, acting as purchasing agents, had been buying, collecting and inspecting horses and mules and shipping them from Chalmette to South Africa. These officers have been recalled. Chalmette was not a military camp or post, nor a base of military supplies, as the terms are defined by the standard of military authorities. The shipments were made upon vessels chartered by the British admiralty under the ordinary commercial charters.

LIST OF DEAD AND WOUNDED.

London, June 5.—The official statement of the war office shows the total reduction of the British forces in South Africa up to May 30 of the present year, was 97,477. This includes the killed, the wounded, prisoners, deaths, disease, and men invalided at home. Of these, many recovered and rejoined their regiments. Leaving 28,434 dead or permanently incapacitated. The total number of troops killed in action, or who died of wounds, was 7,792. The total deaths from disease were 13,250.

WILL BE KEPT AS CURIOS.

Souvenirs of Prince Henry's Visit Given to Hohenzollern Museum.

Berlin, June 5.—Emperor William has turned over several hundred souvenirs of the trip of Prince Henry to the United States to the Hohenzollern museum. The collection includes a silver plate engraved with the music of Germany sung by the American Sangerbund, which took the Emperor William prize; an album containing references to Prince Henry, published in the New York newspapers, which have been printed upon silk and a collection of landscape photographs given the prince with autographs engraved with the music of Germany sung by the American Sangerbund, which took the Emperor William prize; an album containing references to Prince Henry, published in the New York newspapers, which have been printed upon silk and a collection of landscape photographs given the prince with autographs engraved with the music of Germany sung by the American Sangerbund, which took the Emperor William prize.

WEST POINT APPROPRIATION.

Washington, June 5.—The senate has passed the military academy appropriation bill without amendment.

FACE HUMOURS

Pimples, Blackheads, Red, Rough, Oily Skin Prevented by Cuticura Soap.

Millions of people use CUTICURA Soap, assisted by CUTICURA OINTMENT, for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, for baby rashes, itching, and chafings, and for all the purposes of the toilet, bath, and nursery. Millions of women use CUTICURA SOAP in the form of baths for annoying irritations, inflammations, and excoriations, or too free or offensive perspiration, in the form of washes for chronic weaknesses, and for many sensitive purposes.

Complete Treatment for Humours, \$1.

Consisting of CUTICURA SOAP (25c), to cleanse the skin of crusts and scales, and soften the thickened cuticle; CUTICURA OINTMENT (50c), to instantly allay itching, inflammation, and irritation, and soothe sore and raw CUTICURA RESOLVENT PILLS (25c), to cool and cleanse the blood. A DRESSING SET is often sufficient to cure the severest cases.

CUTICURA RESOLVENT PILLS (Chocolate Coated) are a new, tasteless, colorless, economical substitute for the celebrated French CUTICURA RESOLVENT PILLS, 50 doses, price, 25c.

GOV. TAFT ASSURES POPE LEO THAT READJUSTMENT IN THE PHILIPPINES WILL NOT HURT ROMAN CATHOLIC CHURCH.

Rome, June 5.—While talking with the pope today Governor Taft reviewed the questions in the Philippines which require a settlement. He pointed out to his holiness that the readjustment of the relations of the church and state in the islands was not an indication of a hostility of the United States to the Catholic church, but declared that such readjustment was merely necessary under the American constitution.

The leading features ranged as follows: July wheat opened at 71 3/4@72 1/4; highest, 72 1/2; lowest, 71 1/4@72; closed, 71 3/4@72 1/4. July corn opened at 61 1/2@62 1/4; highest, 62 1/2; lowest, 61 1/2; closed, 62 1/4@62 1/2. July oats opened at 38; highest, 39; lowest, 38 1/2; closed, 38 1/2.

Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 11,000 11,000. Wheat, bushels, 25,000 17,000. Corn, bushels, 197,000 241,000. Oats, bushels, 144,000 139,000.

BOSTON COPPER QUOTATIONS.

H. & W., 29 1/2@30; Elm River, 29 1/2@30; Parrot, 29 1/2@30; W. H. & W., 29 1/2@30; Michigan, 29 1/2@30.

BOSTON STOCK SALES.

The following were the transactions in copper stocks on the Boston exchange yesterday as furnished to The Mining Journal by Paine, Webber & Co.: Advance, 100; Old Colony, 100; All, 100; Phoenix, 100; Green, 100; Quincy, 100; Mayflower, 100; Bunker, 100; Anaconda, 100; Ten Cent, 100; Amalgamated, 100; Santa Fe, 100; C. & W., 100; Pease, 100; Central, 100; Utah, 100; Franklin, 100; Wisconsin, 100; Isle Royal, 100; Michigan, 100; W. H. & W., 100; Elm River, 100; Parrot, 100; W. H. & W., 100; Michigan, 100.

NEW YORK STOCK MARKET.

Trading Was More Active Yesterday Than on Any Day of the Week.

New York, June 5.—There was more business in stocks today than on any other day of the week. The increased activity was the result of additional pressure to sell. The disposition to sell was not confined to any one portion of the list and was quite evenly distributed among the usually prominent stocks.

The selling of the grangers seemed to be due, to some extent, to reports of too abundant rains in the Southwest, and also to a falling back in the figures of the receipts of corn. A late reaction in the grain markets after the early strength did not change the weak tone of the grangers. Chicago & Northwestern were marked up two points on the announcement of the long-heralded extra dividend on the stock, but half of the gain was lost.

Amalgamated Copper was depressed by the weakness of the market for raw copper to sell. The suggestion of a circular pointing out the great improvements in the trade. The continued rise in sterling exchange gave rise to some apprehension that exchange had started towards the gold export point on account of the easier tone of the money market. The approach of the crop moving period is constantly narrowing the time before the interior demand for currency will begin to deplete the supply funds available for speculators.

The combined effect of the various items of depression was a drizzle of realizing all day which carried the prices downwards until the close, which was easy at the lowest.

Closing prices of stocks are reported by Paine, Webber & Co. as follows: Wash. Union, 134 1/2; N. Y. Central, 134 1/2; Southern Ry., 34 1/2; Mo. Pacific, 18 1/2; At. & N. O., 20 1/2; Manassas, 40 1/2; Sugar, 27 1/2; C. & O., 46 1/2; Rock Island, 112; Southern Pac., 63 1/2; St. Paul, 100; Reading, 63 1/2; R. I. T., 40; Metropolitan, 14 1/2; U. S. Steel, 28 1/2; Car Foundry, 20 1/2; C. & W., 29 1/2; P. I., 22 1/2; Canadian Pac., 115 1/2; T. C., 27 1/2; O. & W., 29 1/2; Ill. Central, 150; Pennsylvania, 119; Lehigh, 100; I. & N., 100; U. S. Steel, 28 1/2; Car Foundry, 20 1/2; Peoples Gas, 101; M. & K., 20 1/2; Atchafalaya, 20 1/2; Texas Pac., 20 1/2; P. I., 22 1/2; Northern Pac., 20 1/2; Smelter, 48 1/2; P. I., 22 1/2; Monon, 48 1/2.

Range of Money Rates. Money on call was steady at 3 1/2@3 3/4 per cent. Closing offered at 3. Prime mercantile paper, 4 1/2 per cent. Sterling exchange, firm, with actual business in bankers' bills at 48 1/2 for demand and at 48 1/2 for sixty days. Commercial bills, 81.85. Bar silver, 82.

CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, June 5.—In wheat today there was a very fair trade, but a rather unsettled tone was prevalent. Higher prices were recorded early but a partial recovery near the close. The final figures showing July 5 lower and September up a trifle. The start was stronger and influenced chiefly by the wet weather in the Southwest where the harvest is about to commence. Indifferent cables and the weak cash situation were the best factors. At Liverpool spot was steady to 3/4 lower with the futures 1/2 1/4 higher. The exports were 429,000 bushels and nineteen boatloads were reported taken for shipment. The local receipts were twelve cars.

PROUD OF HER BAKING

is the housewife who uses gas fuel. It gives just the right heat in the oven for baking bread, cake or pastry, gives the heat quickly, with no trouble at all, and can be regulated to a nicety. It's ever so much cheaper than coal besides being more convenient and reliable.

REPORTED TAKEN FOR SHIPMENT.

Corn was moderately active and fairly steady the close showing July 5 higher; September up a fraction and December 1/2 better than yesterday.

Receipts and shipments were as follows: Receipts, Shipments. Flour, barrels, 11,000 11,000. Wheat, bushels, 25,000 17,000. Corn, bushels, 197,000 241,000. Oats, bushels, 144,000 139,000.

BOSTON COPPER QUOTATIONS.

The copper stocks dealt in on the Boston exchange closed as follows yesterday, the quotations being reported by Paine, Webber & Co.: Advance, 23 1/2@23 3/4; Old Colony, 28 1/2@29; All, 29 1/2@30; Phoenix, 14 1/2@15; Green, 29 1/2@30; Quincy, 130 1/2@131; Mayflower, 29 1/2@30; Bunker, 2 1/2@3; Anaconda, 29 1/2@30; Ten Cent, 15 1/2@16; Amalgamated, 29 1/2@30; Santa Fe, 17 1/2@18; C. & W., 29 1/2@30; Pease, 11 1/2@12; Central, 18 1/2@19; Utah, 21 1/2@22; Franklin, 11 1/2@12; Wisconsin, 2 1/2@3; Isle Royal, 2 1/2@3; Michigan, 2 1/2@3; W. H. & W., 29 1/2@30; Elm River, 29 1/2@30; Parrot, 29 1/2@30; W. H. & W., 29 1/2@30; Michigan, 29 1/2@30.

BOSTON STOCK SALES.

The following were the transactions in copper stocks on the Boston exchange yesterday as furnished to The Mining Journal by Paine, Webber & Co.: Advance, 100; Old Colony, 100; All, 100; Phoenix, 100; Green, 100; Quincy, 100; Mayflower, 100; Bunker, 100; Anaconda, 100; Ten Cent, 100; Amalgamated, 100; Santa Fe, 100; C. & W., 100; Pease, 100; Central, 100; Utah, 100; Franklin, 100; Wisconsin, 100; Isle Royal, 100; Michigan, 100; W. CHICAGO GRAIN MARKETS.

Features of the Day in the Wheat, Corn and Oats Pits.

Chicago, June 5.—In wheat today there was a very fair trade, but a rather unsettled tone was prevalent. Higher prices were recorded early but a partial recovery near the close. The final figures showing July 5 lower and September up a trifle. The start was stronger and influenced chiefly by the wet weather in the Southwest where the harvest is about to commence. Indifferent cables and the weak cash situation were the best factors. At Liverpool spot was steady to 3/4 lower with the futures 1/2 1/4 higher. The exports were 429,000 bushels and nineteen boatloads were reported taken for shipment. The local receipts were twelve cars.

WEAKNESS IN WHEAT STREET.

Diets Bros., wiring Paine, Webber & Co., had this to say of the New York stock market: "The market has shown weakness on an increased volume of trading today. Liquidation of speculative accounts was evident and there were signs that tired holders are letting go. Western interests were rather heavy sellers of railroads. There was no strike news, but rumors that the soft coal men will go out were in circulation. The Northwest declared an extra 1 per cent dividend on both classes of stock, and the old board of directors was re-elected. Good selling was seen in the Readings, St. Paul, Union Pacific and Amalgamated Copper and other leaders. There was some short covering, but the market closed easy. Realizing on a limited market caused a break of four points in Canadian Pacific. There was no change in money."

Until further notice I may be found at the Cinderella from 7 to 8 a. m. At Burtmore Park farm, 8:30 to 9 a. m. At Van Waver's farm, 9 to 9:30 a. m. At Kremer's farm, 10 to 10:30 a. m. At Burt Freestone quarry, 10:30 to 11 a. m. At Grove Street farm, 11:30 to 12 m. At my office in the Connors house, corner Lake and Garden streets, from 12:30 to 2 p. m. After that time I cannot say where I will be.

There will soon be Bell phone service at the Cinderella, the quarry and the Connors house. HIRAM A. BURTT, Marquette, Mich., May 23, 1902. (5-20-tf)

FINE TRAIN SERVICE

RAILROADS HAVE ARRANGED IT FOR THE CONVENTION.

SPECIALS FROM LOWER MICHIGAN

M. C. G. R. & I. AND PERE MARQUETTE TO RUN THEM.

South Shore, St. Paul and Northwestern Also Will Do Their Share in Bringing the Crowds—Train Committees and Guides.

It will not be the fault of the transportation lines if the expected great crowds do not attend the big Maccabee convention next week. All the railroads have made a rate of one fare for the round trip, longer limits than usual have been placed on the tickets and ample train service, with the object of getting the visitors here before the convention opens, has been arranged for.

From Lower Michigan Points.

To provide accommodations for a large and important delegation who will leave Detroit and the Saginaw valley district on Monday, June 6, the Michigan Central has placed at their disposal one of its handsomest trains with broad vestibule coaches and lunch car, in which will be served light lunches, to run through solid to Marquette without change. The schedule is very quick; leaving Detroit at 7 a. m., the train will reach Marquette the same evening at 9 o'clock, practically making a daylight trip of it. This is an unusual service, never having been done heretofore. This special train will leave other lower Michigan stations as follows: Lapeer, 8:42 a. m.; Vassar, 9:32; Saginaw, 9:30; Bay City, 10:10; and Choleogagan, 2:35 p. m., arriving at Mackinaw City at 3 p. m. The special train is in addition to the regular passenger over the Michigan Central which connects at the Straits with the South Shore train arriving here at 2:50 p. m.

Aside from its regular train, the Grand Rapids & Indiana will also run a special train on Monday. This will leave Grand Rapids at 7:30 o'clock in the morning, Howard City at 8:49, Big Rapids at 9:28, Reed City at 10:07, Cadillac at 11:30 and Petoskey at 2:50 p. m., arriving at Mackinaw City at 4:50 and at Marquette at 10:40 p. m., the second section of the South Shore's regular train from the east. The G. R. & I. special will be run through to this city without change. It will stop at Cadillac for dinner, and from St. Ignace to Marquette a lunch car will be attached.

The Pere Marquette line, via the car ferry route and the Chicago & North-western road, has also made special arrangements to deliver lower Michigan people here in time for the first day's "doings." Handsome parlor and sleeping cars will be run, and as on the other two roads a through service is provided. The leaving times from various stations are as follows: Depart from Detroit at 8:49 a. m., on Monday; Lansing, 11:12 a. m.; Grand Rapids, 2:10 p. m.; Port Huron, 10:10 a. m.; Flint, 10:50 a. m.; Saginaw, 1 p. m., arriving at Lullington at 6 p. m. At this point the train will be taken on board the big car ferry Pere Marquette for the trip across Lake Michigan to Manitowish. The latter city will be reached at 10 o'clock p. m., and via the Northwestern the train will arrive here at 6 o'clock on Tuesday morning.

Single Fare for Round Trip.

On all these roads, as well as on the South Shore, St. Paul and Northwestern lines, single fare will be charged for the round trip from all stations in Michigan. The tickets on the three lower Michigan roads will be on sale from June 6 to 9, inclusive, and on the South Shore, St. Paul and Northwestern, they will be on sale on June 9, 10 and 11. The tickets on all the roads are from lower Michigan the limit will be extended until the 23d on the deposit of the tickets with the South Shore agent here. In this connection, side-trip excursion tickets will be sold to the holders of K. O. T. M. tickets as follows: From Marquette to Ishpeming or Negaunee and return, 50 cents; to Houghton, \$2.50; Houghton, Calumet and Lake Linden, \$3; West Superior and Duluth, \$6, and from Soo Junction or Trout Lake to the Soo and return, \$1.75.

Aside from the reduced rates of fare in effect from all its stations, the South Shore will run several one-day excursions from different sections, notably a special train from Calumet on Tuesday morning. This train will leave the copper country metropolis at 6:45 o'clock and will arrive here at 11:15, in plenty of time for the big parade and other features on for the afternoon. A rate of 88 cents will apply from Calumet. The train will leave here on the return at 9 o'clock in the evening, or the tickets will be good for the regular passenger leaving here at 7 o'clock the next morning, thus giving the excursionists opportunity to attend the big ball at the Casino. Holders of the excursion tickets may also have them extended to

Reckmeyer's

June 16 by depositing them with the ticket agent here and paying the difference between the excursion rate and a single fare rate.

Train Committees Named.

As was announced some days ago in The Mining Journal, the train conveying the visitors from lower Michigan will be met at convenient points down the South Shore and Northwestern lines by committees whose duty it will be to assign the delegates and others to the quarters where they will be entertained, so that on the arrival of the strangers they will have some idea as to where they are to be lodged. These committees have been appointed and assigned to the different trains as follows:

South Shore train arriving here at 2:50 p. m. Monday—Messrs. Ludington and Campbell.

Michigan Central train arriving here at 9:30 p. m., same day—Messrs. Clark, Culver, Williams and Vigers.

G. R. & I. train arriving at 10:45 p. m., same day—Messrs. Malhoit, Vadnais and Bertrand.

Pere Marquette train, arriving at 6 o'clock Tuesday morning—Messrs. Salter, Archambeau, Senecal and Wright.

While the assignment of the visitors to quarters, before their arrival here, will much facilitate matters, the committee has not stopped at that point but has made elaborate arrangements for the reception of the visitors, and the trains have pulled in at the station. To each of the train committees will be given the assignment of the quarters on certain streets, and to each visitor will be handed a card with the name of their host or hostess, the number of the room and the room form, and will be met by guides who will escort them to their quarters. Should by any mistake there be some of the strangers who have not been assigned, they will on arriving at the depot be escorted to the waiting room, where a bureau of information will be prepared to cater to all wants. As it is expected that the great majority of the visitors from lower Michigan will arrive on the night trains, the system will doubtless be much appreciated, and it will at least save much trouble and confusion. A considerable number of the delegates have already been assigned through the mails to quarters, but the others will be well taken care of.

DEATH OF CHARLES M'GRAW.

Charles McGraw, residing at 236 West Park street, died yesterday, aged thirty-six. He is survived by wife and one child. Mr. McGraw had been in failing health for several months. For a number of years he had been janitor of the Mather block and of the Methodist church, but recently, up to the time his illness compelled him to stop all work, he had been engaged in other vocations. He was a devout Christian and a member of the M. E. church. The funeral will take place Sunday afternoon at 2 o'clock from the church to Park cemetery. The obsequies will be in charge of the Modern Woodmen, of which order the deceased was a member.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—J. J. Strickland, editor World-Herald, Fair Haven, Wash. For sale by The Stafford Drug Co.

DOOM OF EXPANSION.

It is Sounded by the Latest Figures of Record Keeper Watson.

The Maccabee expansion and anti-expansion forces, represented by Major Boynton and Great Record Keeper Watson, respectively, continue to hold vastly different views as to the outcome of the fight to extend the jurisdiction of the great camp beyond the limits of the state. Each has been receiving returns from various tents throughout the state concerning the election of the delegates and their standing on the question, but as they have arrived at their estimates in different ways, it is considered in some quarters that the real result of the contest will not be known until the struggle on the floor of the convention.

However, Record Keeper Watson, according to a message received yesterday by The Mining Journal, has so far heard from 500 of the 947 delegates. These replies show that 750 votes will be cast against expansion, with 221 for it and 250 which are still open to conviction. As the total voting strength of the great camp is 2,515, these figures would indicate that the issue will be lost, it only being necessary for the "antis" to muster 838 votes to defeat the proposition, which requires a two-thirds majority, should the issue be passed—and according to Mr. Watson's figures that seems impossible—it would seem necessary to refer the entire matter back to the tents, where it would be required to obtain a two-thirds majority of the entire membership of the order before coming to a vote.

To one who is taking neither side on the question of expansion, it would seem that the outcome of the convention will be: First, the re-election of Great Commander Boynton and the election of an executive committee which will work with him, for it is obvious that the Boynton faction will have the large majority of the voting strength; second, the defeat of the expansion amendment, which requires a two-thirds majority and which it is apparent the Boynton people, strong as they will be, will not possess; and, third, the re-election of Record Keeper Watson through his great personal popularity, despite that he is opposed to Boynton. This is the prediction of a local Maccabee who has closely watched the course of events and who is not taking sides either one way or the other.

Out for Lady Commander.

As far as the expansion issue concerns the ladies' branch of the order, the returns are rather indefinite, but it would seem that the amendment will carry. For commander of the great hive, a new candidate has entered the lists in the person of Mrs. Marie Wilson Beasley of Grand Rapids. The lady is a well known elocutionist and lecturer and an active worker in women's club circles, and her campaign has secured many supporters among the delegates, to whom she is known as a painstaking, progressive and hardworking member of the order.

She is a member of Violet Rebekah lodge, Oriental chapter Eastern Star, honorary member of the Alsbie Ladies' Literary club, from which she was sent as a delegate to the state federation of Women's clubs of the Beasley orient club, Hillsdale college union, and a graduate from the Lyman School of Dramatic Art in Chicago. One strong claim sent forward for Mrs. Beasley is that Grand Rapids, with its great membership in the order, is entitled to recognition, never honored with any of the highest L. O. T. M. officers.

Independent of the merits of any of the candidates for any of the positions in the great hive, there seems to be a strong sentiment throughout the state in opposition to "ring rule" and to rotation in office that bodes ill for the present incumbents.

HOW CHEAP BAKING POWDER IS MADE.

The Health Department of New York has seized a quantity of so-called cheap baking powder, which it found in that city. Attention was attracted to it by the low price at which it was being sold in the department stores. Samples were taken and the chemist of the Health Department reported the stuff to be "an alum powder," which analysis showed to be composed chiefly of alum and pulverized rock.

The powder was declared to be dangerous to health, and several thousand pounds were carted to the offal dock and destroyed.

It is unsafe to experiment with these so-called "cheap" articles of food. They are sure to be made from alum, rock or other injurious matter. In baking powders, the high class, cream of tartar brands are the most economical, because they go farther in use and are healthful beyond question.

CITY BREVITIES.

Today's weather: Partly cloudy, with probably showers; warmer; fresh easterly winds.

Yesterday's temperature: 7 a. m., 48 degrees; noon, 59 degrees; 7 p. m., 60 degrees. Maximum, 67 degrees; minimum, 35 degrees.

Miss Grace Davison of Ishpeming is the guest of Marquette friends for a few days.

M. E. Asire leaves this evening for Minneapolis to join Mrs. Asire there. They will arrive home Monday.

The big Maccabee parade next Tuesday will take place in the afternoon, starting at 1:30 o'clock.

Miss Libbie Greiner of Calumet was here yesterday to attend the funeral of her friend, Miss Kate Donovan.

The apostolic rite of confirmation will be administered in St. Paul's cathedral this evening, beginning at 8 o'clock.

J. F. Chisholm of Grand Marais and Thomas Carmichael of Beacon were among the visitors in the city yesterday.

The citizens and business men generally are asked to decorate their homes and stores for the convention next week.

The Ladies' Missionary society of the Presbyterian church will meet in the church parlors at 2 o'clock this afternoon.

The Ladies' Aid of the Baptist church will meet with Mrs. James Sinclair, Front and Michigan streets, this afternoon.

Deputy Great Commander Evans and Mrs. Evans arrived in the city yesterday from Grand Rapids to remain until the convention has come to a close.

Seymour Claman of Chicago has business at the office of the judge of probate yesterday in connection with the estate of the late J. M. Case of Detroit.

The general committee in charge of the Maccabee convention arrangements will meet this evening at 8 o'clock at the city hall. The attendance of every member is earnestly requested. Matters of much importance will be considered.

John Ellison and Miss Anna Griffin, popular young people of the city, were married Wednesday evening in the presence of numerous relatives and intimate friends. The young couple have already gone to house-keeping on Fisher street.

Melville Dollar of San Francisco is in the city for a few days. He is a son of Robert Dollar, formerly extensively engaged in the lumber business in the Lake Superior district, and at one time some years ago made his home here. Mr. Dollar will be in the upper peninsula for the next three months.

A small-sized Boynton boom was set afloat here yesterday. Portraits of "the Father of the order of Maccabees" were posted in many of the stores, and buttons bearing the inscription, "Boynton; Expansion on a Sound Basis; Marquette, 1902," were passed around among local Maccabees and others.

The remains of the late Miss Kate Donovan were given sepulcher yesterday morning at Holy Cross cemetery in the presence of a large concourse of sorrowing friends. Services were held at St. Peter's cathedral and the cortege to the cemetery was a long one. The floral tributes were many and beautiful.

A meeting of the alumni of the Marquette High school will be held at the school auditorium at the city hall this evening, beginning at 7:45 o'clock. It has been called for the purpose of perfecting organization and to arrange for the reception to be tendered this year's graduating class.

F. M. Giles of the high school faculty, has very kindly consented to give a talk before the Ladies' Benevolent society and their friends Saturday evening at 8 o'clock. It is hoped that all interested in social questions will avail themselves of the opportunity of hearing Mr. Giles. The lecture will be given in the lecture room of the Baptist church. There will be no admission charge.

Hager Bros. have been fairly swamped this week with applications for coats, which under an arrangement with the Maccabee committee are being furnished at a rental price of 40 cents for convention week. The supply, so far at least, has been more than sufficient to meet the demand, but this morning finds only about 125 coats left. It is very gratifying to the committee to see

how the citizens generally are arranging to furnish accommodations for the visitors, and it is now practically assured that all will be placed. In some homes where it first looked as though no room would be made for guests of the city, the parlors are even being transformed into improvised bed rooms.

A large and representative congregation greeted Rev. Dr. Oldham at the Methodist church last evening. The Presbyterians and Baptists uniting in the services. The address of the noted missionary worker was very interesting. The gentleman was born in India and has traveled extensively in both the Orient and Occident. He has been in the missionary service practically all his life, and is a veritable mine of information which in his talk he imparts in a very entertaining manner. Another feature of the evening was the presence of Rev. and Mrs. Hiden, missionaries among the Finnish people in the upper peninsula. They each made a short address descriptive of their work. Dr. Oldham leaves this morning on his return to Chicago.

A CASE OF IT.

Many More Like It in Marquette.

The following case is but one of many similar occurring daily in Marquette. It is an easy matter to verify its correctness, surely you cannot ask for better proof than such conclusive evidence.

Mrs. Wm. Warren, 220 W. Jackson street, says: "I had constant pain through the small of my back; at night I was very restless, could find no position to lie in that was comfortable and consequently rose in the mornings feeling tired and worn out. The secretions from the kidneys were unnatural and greatly in excess. I also suffered from persistent headaches and had intense thirst, feeling as though I could not drink enough. I saw Doan's Kidney Pills recommended highly for just such troubles and I procured them from the Stafford Drug Store. The treatment promptly relieved me of the trouble.

For sale by all dealers, price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's, and take no substitute.

You've got to hustle all the time to keep in the swim. If you are slipping down the ladder of prosperity, take Rocky Mountain Tea. Makes people strenuous. The Stafford Drug Co.

CITY BUYS THE CLOTHES.

Council Decides to Not Abandon Custom of Paying for Employees' Uniforms.

One of the questions that has received no little consideration from the city since the new council began doing business in April is that of purchasing uniforms for the police officers, city engineer and drivers of the fire department teams. This custom has been in vogue here for some years past at a cost of something like \$300 a year to the city. At a recent meeting of the council the matter came up for discussion and it was finally referred to the committee on purchases and printing, fire and police.

At the regular meeting of the council Wednesday evening a report was submitted by Alderman Kennedy in behalf of the three committees. His report was to the effect that the committees did not care to assume the responsibility of abandoning the custom and suggested that the matter be disposed of by the council. Alderman Barnett then presented the following resolution:

"Whereas, the salaries of police officers, engineers and drivers of fire department are higher in the city of Ishpeming than in neighboring cities, and

"Whereas, the salaries paid such employees have been determined by our salary committee as ample compensation for services rendered,

"Resolved, That the custom of purchasing clothing by the city for such employees be, and the same is, hereby abolished; that compensation for services of all city employees be entirely and only in money."

After presenting the resolution, Alderman Barnett moved its adoption and the motion was supported by Alderman Cronin. A vote was taken and the motion was lost by a vote of nine to six.

Favor Vacating an Alley.
Alderman Williams advised the council that he had looked into the matter of vacating an alley adjoining the Division street Methodist church and that the owners of property abutting on said alley are willing that its use be discontinued, and that it be equally divided among the property owners whose places abut on said alley. The alderman concluded by moving that the words three hundred dollars be stricken out of the original announcement of the council's intention to dispose of the alley and that thirty dollars be inserted instead. Alderman Cronin supported the motion and it was carried by a vote of 14 to 3. Alderman Cronin, McCutcheon and Barnett voting against its adoption.

The council decided that at a meeting to be held on the evening of July 9 the taxpayers will be privileged to offer objections to the closing of the alley in question. This in accordance with an ordinance governing such transactions.

New Street Commissioner.
The board of public works recommended that Victor Holmgren be named street commissioner to succeed Anton Hansen. A vote was taken and sixteen of the aldermen voted in favor of Holmgren, one vote being cast for William C. Lane.

James Clancy was re-elected a member of the board of public works by a unanimous vote.

Asked \$1,000, but Accepts \$50.
The committee on claims and accounts reported on the claim of Mrs. Mary Weirne, who recently asked damages of \$1,000 for injuries received on a defective sidewalk. The committee found upon investigation that the woman's injuries were not as serious as at first supposed, and she agreed to settle the claim for \$50. The committee recommended that the sum stated be paid and that Mrs. Weirne be obliged to sign an agreement releasing the city from all liability of further damages in the matter. The recommendation was concurred in.

Mrs. Nina Nolan presented a claim for \$100 damages at a recent meeting. The committee recommended that this be rejected and the same was adopted.

Other Municipal Business.
Alderman Williams, from the committee on water works, reported that the extension of the water main to East New York street was deferred for the present, as it is understood that the owners of the East New York mine intend to lay out a street in that vicinity. The improvement will be granted as soon as the new street matter is definitely determined.

The city marshal was directed to enforce the ordinance relative to the dumping of garbage, etc., upon the streets and in the alleys.

The French society asked permission to pull off athletic sports on Main and Division streets and Cleveland avenue on June 25, and the same was granted.

Residents of the Sixth ward submitted a communication asking that an arc lamp be placed at the intersection of North Second and Empire streets. The matter was referred to the committee on lighting, with power to act.

Alderman West, from the committee on library, advised the council that the employees of the library recently started to work at 9 a. m., instead of 1 p. m.

The committee on salaries was granted further time to report on the salaries of the librarian and her assistant.

Alderman Martin submitted a report from the committee on claims and accounts and recommended that all bills included in the list be paid. Bills against the city amounted to \$3,327.98; officials' salaries, \$1,371.49; highway \$1,096.22; water, \$434; sewer, \$23.88. Total bills and pay roll for the month, \$6,025.37.

THE ART DISPLAY.

Was an Interesting Feature of the Closing Exercises at High School.

All who visited the high school Wednesday and yesterday were highly pleased with the display of art work from the different departments. Only a limited number of samples were shown in the basement of the building. In other words, most of the best work was displayed. An effort was made by the instructors to get at least one piece of work from each pupil in the several departments. Some of the samples were admired by lovers of art as they are truly artistic.

The art department was introduced in the schools about eighteen months ago under direction of Miss Hay, who is still in charge. She visits the various schools at regular intervals and while in the high school building she has classes come to her room, which is the large space formerly used as a gymnasium.

A few months ago water colored work was first introduced and some splendid samples were exhibited. Much good work was also done with crayon and pencil.

Miss Hay received many compliments on the work in her department. She certainly has reason to feel proud of the showing made by a great number of her pupils. She expects that next year's exhibit will be far more attractive than this, as many of the pupils are developing wonderfully along that line.

The work in the domestic science department also shows an improvement over last year. The information imparted to the girls in this department is greatly appreciated by the mothers, as was evidenced by the number who attended the exhibition Wednesday. Miss Foster is in charge of the domestic science department.

The schools of the city will close today for the summer vacation.

THE ONTAGONAG RANGE.

Degree Team of the Woodmen Will Run an Excursion From Here July 20.

The degree team of the local camp of the Modern Woodmen of America has arranged with the management of the South Shore line for an excursion to be run from this county to Rockland and Mass City on Sunday, July 20.

The excursion will be the first ever given from the iron country to the Ontagonag range and it will doubtless be well patronized. There are many here who used to live on the Ontagonag range years ago and have not been there since they moved away.

It is expected that many of the "old timers" will be among the excursionists. Besides, there are many here who have relatives and friends up there with whom they would like to spend a few hours. During the past few years a large number of families have gone from this range to different towns in Ontagonag county.

The trip can be made one way in about three hours. The round trip fare will be \$3.50. On that same day there will be a big excursion from Calumet to Rockland and Mass City, which will bring a large crowd from that section.

The time of the departure of the train, how many hours the excursionists will have on the range, and other particulars, will be announced later.

GOOD ATTRACTION TONIGHT.

Manager Edward C. White, under whose direction Katherine Willard is starring in "The Power Behind the Throne," is a strict disciplinarian.

When his company is playing a one night stand Mr. White insists upon a performance equal to, if not better than, what is given in a big city. Every bit of scenery in the production must be used if it can be placed on the stage, and no detail of business must be omitted.

The local management has therefore no hesitancy in guaranteeing patrons a treat when Miss Willard presents her great success "The Power Behind the Throne" at the Ishpeming opera house tonight.

A clear brain and healthy body are essential for success. Business men, teachers, students, housewives, and other workers say Hood's Sarsaparilla gives them appetite and strength, and makes their work seem easy. It overcomes that tired feeling.

Ladies, see our large line of trimmed hats. We are selling them off cheap. Finnish Mercantile association.

ISHPEMING IN BRIEF.

Nelson P. Hulst was an Ishpeming visitor yesterday.

L. W. Atkins is in the city visiting his partner, John L. Bradford.

R. P. Bronson got home yesterday morning from a business trip in Minnesota.

The Trombly orchestra's next hop will take place on Wednesday evening of next week.

W. H. Horton, special advertising agent of the Ringling circus, spent Wednesday night in the city.

M. J. Griffin has four rooms at his residence property on West Ridge street he desires to rent.

Ed. Mudge, who has been at Calumet for the past few months, is down from there on a visit to his people.

James H. Lowery returned recently from Wisconsin, bringing back with him a mixed carload of cows, horses and pigs. He is conducting the sale at his place on South Pine street.

The Escanaba bridge, which went down under a team with a load of brick one day last week, has been rebuilt and is now "perfectly safe" in the opinion of the carpenter who inspected it before the mishap.

Members of the local tents of the Maebcees who have not yet procured their suits for the parade to take place next Tuesday at Marquette are requested to call for them at Kahn & Skud's as soon as possible. Many have obtained their outfits but there are still quite a few suits to go out.

Persons wishing tickets for the concert to be given next Monday evening at the Division street Methodist church by the Canadian Jubilee Singers can get them at W. J. Robert's jewelry store in the Mine Workers' block, or at the Ishpeming Co-operative society's store. The reserved seat chart is at the latter place. The reserved tickets are thirty-five cents each.

Fred Held, who recently purchased the house and lot at 428 High street, is making a number of improvements about the property. Victor Munson, who has occupied the house for some time past, moved yesterday to a double house on Third street, immediately north of the old church foundation. Mr. Held and his family will move into their new home as soon as the improvements are completed.

TEN YEARS IN BED.

R. A. Gray, J. P., Oakville, Ind., writes: "For ten years I was confined to my bed with disease of my kidneys. It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." People's Drug Store.

My wholesale price for pure ice cream is only 90 cents per gallon. H. C. Cain, both 'phones.

Mothers lose their dread for that terrible second summer when they have Dr. Fowler's Extract of Wild Strawberry in the house. Nature's specific for bowel complaints of every sort.

MOTHER GRAY'S SWEET POWDERS

For children. Mother Gray, for years a nurse in the Children's Home in New York, treated children successfully with a remedy, now prepared and placed in the drug stores, called Mother Gray's Sweet Powders for Children. They are harmless as milk, pleasant to take and never fail. A certain cure for feverishness, constipation, headache, teething and stomach disorders and remove worms. At all druggists, 25c. Sample sent FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

WILL BE HERE NEXT WEEK.

Officers of the Augustana synod of Swedish Lutherans, also representatives from many of the churches in the United States and Canada, will be here next week. Several arrived last evening and more will be along every day until the 12th, when the first meeting will be held.

This will be the most important meeting the organization has ever held in this country and some of the most brilliant clergymen of the United States will be in attendance.

The members of the local congregation have made extensive preparations for the entertainment of the visitors. There will be over two hundred in attendance and they will be here from six to ten days.
