WEST IS DELUGED
CLOUDBURST IN IOWA WREAKS HAVOC TO CROPS.
RAILROAD TRACKS WASHED AWAY
NEBRASKA ALSO SUFFERS FROM SEVERE RAIN STORMS.
Rivers Rising and Overflowing Entire Country—Damage Will Reach Hundreds of Thousands—One Fatality.
Marshalltown, Ia., June 6.—This section is literally deluged and great damage to property and the growing crops will result. A cloudburst occurred at Marshalltown, Ia., on Saturday night, and tracks of both the Chicago & North-western and the Chicago & Great Western. The bridge of the Northwestern was washed out near Gladbrook. It was borne down the stream and collided with the Great Western bridge carrying it entirely away. Heavy damage is also reported on the other roads. The Iowa river here is higher than for many years. The cornfields in many places are four feet under water. The stock is being rescued by boats. Boniford Langdon, a seven-year-old boy fell from a tree while trying to cross the creek and was swept away and drowned.
Heavy Rainfall in Nebraska.
St. Paul, June 6.—A rainfall of between three and four inches within four hours caused a flood in this part of Nebraska, the usually important Neosho here, was inundated by the rise of Oak Creek. This evening the water stood three feet deep in the streets and was steadily rising. The Union Pacific tracks were washed out and the Burlington system lost a bridge between Farwell and Ashton. Much stock was drowned.
Great Damage to Crops.
Kansas City, June 6.—Trains on all the roads are delayed by floods and much damage has been done to crops in Kansas and Oklahoma. At Emporia, Kas., the usually important Neosho river has become a sheet of water five miles wide. The loss by this overflow will reach several hundred thousand dollars. In several places swift currents leave the main course and cut across the country devastating hundreds of acres of corn and wheat.

Clinton, Ia., June 6.—Rock river is on a rampage and has overflowed thousands of acres of the best farming lands. In many places the water is from two to four feet deep and the growing crops are destroyed. The highways have been washed out in water. Bridges in all directions are washed away.
Clinton, Ia., June 6.—Great damage has been done to property in this city and county by the extraordinary rains. Many residents of the lower part of town escaped to their homes by wading two hundred yards wide. Alexander Leach, wife and child, of Virgie, were fatally injured.
Chicago, June 6.—A severe storm passed over this city this evening. At Wheaton, Ill., the seventeen-year-old son of Mrs. M. W. Chase, was killed by lightning. In this city an unknown woman holding an umbrella in front of her was struck by a street car and killed.
Savannah, Ill., June 6.—A cyclone passed through York township today totally destroying ten barns and one church and unroofing many other buildings. Many cattle and horses are reported killed but no loss of human life is reported. Heavy rains followed the storm. The roads are impassable and trains from the east are out off by washouts on the Milwaukee road.

Lincoln, Neb., June 6.—Floods washed out five miles of the Union Pacific track between here and Beatrice. Many steel bridges were washed away and lots of stock were drowned.

CHINESE REVOLT IS SERIOUS.
Rebellion in Kwang-si is taking on an Alarming Aspect.
Pekin, June 6.—According to French reports the rebellion in the Province of Kwang-si is serious. The American consul at Canton, telegraphs that General Su has left Lung-Chow, where he has long been encamped. The rebels have withdrawn to the west and north.
SENTENCED FOR LIFE.
Racine, Wis., June 6.—Joseph Minert pleaded guilty today to the charge of murdering John Mulaney of Waterford Monday last. He was sentenced to the state prison at Waupun for life.
SAXONY'S KING CRITICALLY ILL.
Dresden, Saxony, June 6.—The condition of King Albert, who has been ill for some time, is today regarded as critical.

CAPTURE SEVEN SOLDIERS.
Ladrones Surprise Americans Holding Memorial Services Over Dead.
Manila, June 6.—Seven members of the Fifth cavalry were captured by a party of ladrones while decorating the graves of American soldiers at Binangonan Memorial Day. The Filipinos also captured the president and other prominent men of the town. The prisoners were hurried northward through the mountains. Later four of the prisoners escaped and troops started in pursuit of the bandits.
CANT TELL ABOUT ADJOURNMENT.
Washington, June 6.—Chairman Payne of the ways and means committee said today that he did not at present contemplate introducing a resolution for the adjournment of congress, as no definite idea could be formed on the prospects for adjournment until the senate had determined its course on the canal and Cuban bills. At the same time he believed an adjournment was possible July 1.

TODAY'S WEATHER.
Washington, June 6.—The following is the weather bureau's forecast for Upper Michigan: Showers Saturday with fresh to brisk west winds. Sunday, fair.

NEW SPANISH MINISTER TO U. S.
Senor de Ojeda Succeds Duke de Arcos at Washington.
Madrid, June 6.—Senor de Ojeda, former Spanish minister to Morocco, has been gazetted minister at Washington, to succeed Duke de Arcos, appointed minister to Belgium.
SECRETARY ROOT DENIES REPORT.
Declares That General Miles Has Not Been Summoned to Washington.
Washington, June 6.—Secretary Root today stated that General Miles was not summoned to Washington. It is said the general is now enroute from Fort Riley, Kansas to West Point in response to an invitation to attend the centennial celebration there next week.
It is stated that no person connected with the administration has sent any order to General Miles from Washington since his departure on his present trip, nor has the war department communicated with him. The intimation is that any recall must have come from some of his personal friends or from his family.

ROASTS PRESIDENT TAFT INSTRUCTED
RICHARDSON CONDEMNS ROOSEVELT FOR MEMORIAL SPEECH.
SAYS IT VIOLATED PROPRIETIES
HANNA CONTINUES DEBATE ON ISTHMIAN CANAL BILL.
Quotes Authorities in Favor of Panama Route and Declares the Measure Is a Business Proposition.
Washington, June 6.—The general debate on the anti-anarchy bill closed today. The incident of the day was a speech by Representative Richardson of Alabama, Democrat, condemning the president in severe terms for references in his Memorial day oration at Arlington to an epithet applied to Lincoln and Grant during the Civil war and for his allusions to lynchings. He declared that the president's remarks violated the proprieties of the occasion. Representative Littlefield made a legal argument of an hour and a half in closing the debate on the anarchy bill. The section of the senate bill providing a bodyguard for the president was stricken from the senate bill as a precaution in case the house substitute failed. An effort was made to strike from the first section of the substitute the words limiting the crime of "killing the president" to "killing the president in his official capacity," but the motion was lost by a vote of 63 to 80. Only one section had been disposed of when the house adjourned.

DEBATE ON CANAL BILL CONTINUES.
After transacting routine business today the senate resumed the consideration of the isthmiian canal bill. Senator Hanna of Ohio, continuing his argument in support of the Panama canal. The Ohio senator declared that no political considerations were involved in the canal problem. He presented the opinions of eighty-three shipmasters and pilots in favor of the Panama route as against the Nicaragua for many reasons which he cited. He argued that the construction of the Nicaragua canal was beset with unknown difficulties, while the construction of the Panama route was "an open book." He laid particular stress on the danger of the Nicaragua route from volcanoes and urged that it was not good business policy to ignore those dangers in a project involving the expenditure of \$200,000,000. In conclusion Senator Hanna appealed to the senate to consider the matter as a business proposition and with some feeling repudiated the suggestion that those favoring the Panama route were not in favor of any canal.

CENSUS BUREAU HAS COMPLETED STATISTICS FOR YEAR OF 1900.
Washington, June 6.—The census bureau today issued a bulletin on the agriculture of Michigan showing that the farms of this state June 1, 1900 numbered 293,291 and were valued at \$582,517,710, of which 27 per cent. represents the value of the buildings. The value of farm implements and machinery was \$28,795,380, and the live stock was \$79,042,944, making the total value of farm property, \$890,355,734. The total value of farm products in 1899 was \$146,547,081, of which 37 per cent. represents the value of animal products and 63 per cent. crops, including forest. The total value of the farm products exceeds that for 1899 by 75 per cent.
FRANCE'S NEW CABINET.
M. Combes Has Finished Work Commissioned by President Loubet.
Paris, June 6.—A new cabinet was semi-officially announced tonight by M. Combes, premier and minister of interior and public works; Valle, justice; Delasse, foreign affairs; Andre, war; Marcejonis, marine; Chaumie, public instruction; Pelletan, public works; Doumergue, colonies; Trouillet, commerce; Mougnot, agriculture.
NEW COMMANDANT AT HONOLULU.
Washington, June 6.—Commander G. Blockinger has been detached from command of the gunboat Wheeling and ordered to duty as commandant of the naval station at Honolulu, relieving Rear Admiral Merry, retired, who is ordered to temporary duty in the bureau of equipment in the navy department.

U. S. NAVAL MANEUVERS.
Atlantic and European Squadrons Will Assemble in Fall.
Washington, June 6.—Secretary Moody has issued orders for three squadrons of American ships to assemble in the Caribbean sea in the fall for what is believed to be the greatest maneuvers ever attempted in this country. The North and South Atlantic and the European squadrons will be combined.
MAY MEAN MORE TROUBLE.
Stock Yards' Men Want Comrades Taken Back or Else Will Walk Out.
Chicago, June 6.—Unless the Union Stock Yards' company reinstates the seventeen cattle drivers alleged to have been discharged because they were union men, 5,700 employes will strike Monday. Affidavits are being prepared to prove to the satisfaction of the company that the discharges were made by Manager Leonard for the reason stated.

WOULD-BE PATRICIDE SENTENCED.
Glenwood, Ia., June 5.—Earl Garman, who April 13 attempted to kill his father, L. M. Garman, a grain dealer, today pleaded guilty of attempted murder and was sentenced to five years in the penitentiary at Fort Madison. The shooting was the result of a quarrel between the father and son over property.

LANDED PROPRIETORSHIP IN ISLANDS MUST END.
Separation of Church and State Imperative—Obligation to Be Settled by Agreement and Not Litigation.
Washington, June 6.—Secretary Root's instructions to Governor Taft regarding negotiations with the Vatican to settle the friar land question were sent to congress today. The instructions impress upon Governor Taft the absolute necessity of the separation of church and state in the islands. They advise the governor that by reason of this compulsory separation the friars can no longer be considered by the people as representing the government and cannot collect rents from the tenants nor exercise the other authority formerly enjoyed, and for these reasons it is considered best that the landed proprietorship of the religious orders shall cease. It is the wish of our government that titles to the lands held by these orders be extinguished but full compensation shall be made therefor. The restoration of the friars to their former parishes is not desired because of a possible disturbance of law and order resulting by reason of the opposition of the people. A provision should be made to ascertain what rentals should be paid for the occupation by the United States troops of the church buildings, and also that the rights and obligations under various specific trusts for education and charity should be settled by agreement rather than by litigation.

AGRICULTURE IN MICHIGAN.
Census Bureau Has Completed Statistics for Year of 1900.
Washington, June 6.—The census bureau today issued a bulletin on the agriculture of Michigan showing that the farms of this state June 1, 1900 numbered 293,291 and were valued at \$582,517,710, of which 27 per cent. represents the value of the buildings. The value of farm implements and machinery was \$28,795,380, and the live stock was \$79,042,944, making the total value of farm property, \$890,355,734. The total value of farm products in 1899 was \$146,547,081, of which 37 per cent. represents the value of animal products and 63 per cent. crops, including forest. The total value of the farm products exceeds that for 1899 by 75 per cent.

GUATEMALA TOWN DESTROYED.
Tacana Volcano Erupts and Wipes Out City of Rataluhua.
San Francisco, June 6.—The Chilean steamer Palena arrived today bringing the news that upwards of one thousand lives were lost and half the city of Rataluhua in Guatemala was destroyed by an eruption of the Tacana volcano. When the eruption broke forth in its full fury, showers of lava, ashes and stone were ejected and covered the country for miles around. The bay of Champanico was a mass of floating pumice and ashes.
PROFESSOR DIES SUDDENLY.
Madison, Wis., June 6.—Professor Emmett Goff, professor of horticulture at the University of Wisconsin, died suddenly today after a short illness.

WILL STRIKE TODAY
MINERS IN VIRGINIA GO TO SUPPORT OF ANTHRACITE MEN.
EIGHTEEN THOUSAND WILL GO OUT
SHOOTING OF BOY HAS HAD SALUTARY EFFECT.
Wyoming Valley Is Peaceful and No More Assaults Have Occurred—Policemen Resign Through Fear.
Norfolk, Va., June 6.—The strike ordered tomorrow it is understood will be general and the complete tie up of forty or more coal and coke companies' works in the flat top fields will result. Twenty thousand men are quitting work tonight.
Montgomery, W. Va., June 6.—One thousand United Mine Workers in Kanawha field signify their intention of joining the strike tomorrow.
Fairmont, W. Va., June 6.—The order for a general strike of the miners in the two Virginias takes effect tomorrow. There are no evidence that the strike order will be generally obeyed.

ELKHORN, W. VA., JUNE 6.—The great coal strike in West Virginia is now on in the Flat Top, Elkhorn, Tug River and Diggins fields. This evening probably ten thousand miners declared their intention to remain out till the operators make the concessions demanded.
Diggins, W. Va., June 6.—Seven hundred miners of the Pearl company went out on a strike here today.
Absolute Peace Reigns.
Wilkesbarre, June 6.—Last night's shooting had a sobering effect upon the idle men and boys of this valley, and as a result the Wyoming region was a place of almost absolute peace today. There were no parades, marches or any considerable gathering and the authorities had little more to do than to keep watch.

WILKESBARRE, JUNE 6.—The strike of the soft coal miners of West Virginia to be inaugurated tomorrow will be directed by President Mitchell. He said today that there are twenty-nine thousand men in that field. Eighteen thousand will stop work tomorrow and he expects the others will all be out in the course of a few days. President Mitchell today positively and unequivocally denied to the Associated Press all knowledge of peace. So far as he knows he said neither the Civic Federation nor any other organization or individual is at present negotiating for a settlement of the Anthracite strike.
Stanton Colliery, where the shooting occurred was visited today by hundreds who expected to see more trouble, but no crowds were permitted to congregate in the neighborhood. The colliery was closed as tight as a drum. Even the coal and iron police, with the exception of four or five, gave up their jobs and left as quickly as they could get out. There were about twenty in the party. Last night's demonstration was too much for them and they decided to leave. The fact became known to the strikers and the latter promised to protect them to the railroad station, if they would leave the city. Accordingly, under a strong guard of mine workers, the expedition left the colliery and marched to the offices of the coal company where they received their pay and transportation. The conditions of the strike were still serious but it is believed he will recover.

Riot Proclamations Posted.
Hazleton, Pa., June 6.—Riot proclamations were posted late this afternoon everywhere on the property of the Lehigh Valley Coal company at Yorktown. The mine workers were advised tonight by the sheriff of Carbon county and commissions for forty-four deputies sworn in by him at Yorktown were revoked as requested by District President Duffy.
New York, June 6.—The Board of Trade and Transportation received a telegram from President Roosevelt today apprising them that he would be glad to receive the committee appointed by the board to ask the president to appoint a commission to investigate and take steps looking towards settling the Anthracite coal miners' strike. The telegram pointed out that a law empowering the president in similar cases had been repealed in 1895, and owing to this fact the committee decided not to visit the president.

FRANCE'S NEW CABINET.
M. Combes Has Finished Work Commissioned by President Loubet.
Paris, June 6.—A new cabinet was semi-officially announced tonight by M. Combes, premier and minister of interior and public works; Valle, justice; Delasse, foreign affairs; Andre, war; Marcejonis, marine; Chaumie, public instruction; Pelletan, public works; Doumergue, colonies; Trouillet, commerce; Mougnot, agriculture.
NEW COMMANDANT AT HONOLULU.
Washington, June 6.—Commander G. Blockinger has been detached from command of the gunboat Wheeling and ordered to duty as commandant of the naval station at Honolulu, relieving Rear Admiral Merry, retired, who is ordered to temporary duty in the bureau of equipment in the navy department.

Advise Suffering Women Strongly, to Take Doctor Pierce's Favorite Prescription.

This advice comes from a woman who has suffered all the miseries women can suffer from disease, and had been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription.

Read Mrs. Kempson's letter and, if you are sick, follow her advice.

"Although it has been quite a time since I wrote you," says Mrs. Fred Kempson of Cambria, Hillsdale Co., Mich., "I still think your name is a blessing in our home, and I think it my duty to let you know that I am still enjoying good health, thanks to you and your 'Favorite Prescription.' When I was five years ago, and then see how I am now. I say, God bless Dr. Pierce's works, and may he live long to help poor suffering women. I have never had any return of my weakness and am well and strong again. You saved me from the grave when all others failed. I advise suffering women, strongly, to take Dr. Pierce's Favorite Prescription, as I know it will cure in all cases, if indeed there is a cure."

Dr. Pierce's Pleasant Pellets are an excellent laxative, suited to the use of delicate women.

MARQUETTE, MICH., JUNE 7.

Entered as second class matter of the second class in the postoffice at Marquette, Mich.

"Stewart" money is so plenty in the rural districts of Wisconsin this year that the farmers of the state who dabble in politics don't care a darn whether they raise a "crap" or not.

An American jockey riding a horse owned by an Irishman won the derby at Epsom Downs last week. The horse was Irish too, by the way. The combination is a hard one to beat.

Kitchener gets all the honors out of the war in South Africa, though it is the Boers who turned the tide against the British. But the latter didn't stay to see it out, owing to his age, probably, while Kitchener stuck to his task with a pertinacity similar to that shown by General Grant when he got a death grip on the rebellion. The conquering hero of the South African unpleasantness has been made a viscount by King Edward and will receive a grant of \$250,000 from parliament. His reward is generous enough for a sojourner, but leaving out the title, it looms up dimly beside what Morgan got for organizing the steel and steamship corporations.

Senator Morgan assures the senate that there is no danger of having the isthmian canal damaged by seismic disturbances if it is built on the Nicaragua route. There was a governor at St. Pierre who insisted that Mt. Pelee was harmless up to the very moment when it vomited forth destruction on the doomed city at its foot, but his faith didn't prevent against the angry volcano. He lost his life because he thought he knew all about seismic disturbances. Senator Morgan might profit by the example thus furnished him, but he isn't risking his life. He only proposes to put in jeopardy an investment of a couple of hundred millions of the people's money, and senators have got in a way of being very much addicted to that kind of recklessness.

Ore shipments by lake for May fell considerably below the expected volume. Mentioning the falling off in shipments for that month and the causes which produced it, the Iron Trade Review says:

Returns from the upper lake ore docks for May shipments of ore are not entirely complete, but it is evident from those received that the estimates based on the April rate of shipments were quite high. It was thought that an April record of 1,854,902 tons pointed to May shipments close upon 4,000,000 tons, but the total, it is now certain, will fall far short of this. The car shortage and the consequent delays at Lake Erie docks in May were an unexpected complication. The anthracite strike might be expected to bring more cars to the lake ore trade, but little is to be expected from this source, as soft coal must now be sent East, and the long haul required will keep the supply of coal cars quite well occupied. Some Eric docks this week, but there is no guarantee of its continuance. If the May troubles are duplicated in mid-summer experience it is not likely that any such increase over 1901 ore shipments will be scored as has been predicted in some quarters.

WILL STIMULATE BUSINESS.

The cessation of the fighting in South Africa must in time count powerfully as a factor for increased prosperity in this country. The first effect will, of course, expend itself in England but it will ultimately spread to the other countries of Europe and to the United States through the stimulus it will give enterprise in Great Britain and the easing of the monetary market that will follow a full resumption of gold mining in the Rand district.

The war has been costing Great Britain at the rate of about \$400,000,000 a year and the release of such vast sums from destructive employment and their return to the channels of trade must act as a powerful stimulus that cannot be confined to the London market. British capital, when available, has always shown a disposition to go outside of its own land for investment and it is not at all improbable that when the shares on the London stock exchange have absorbed all that is available for such kind of speculation, the balance will flow to America, in view of the wonderful records American enterprises have been making.

Altogether the cessation of the war is likely to prove stimulus to the good times we have been enjoying for some time and undoubtedly the ultimate result of peace will be greater prosperity for Great Britain, greater prosperity for America and greater prosperity for all Europe, in which prosperity every man may have a share.

STATE POLITICS.

The week has brought no startling changes in the status of the gubernatorial contest. Bliss continues to gather in delegates and the Stearns people continue to hint that there is something coming which will throw the governor away up in the atmosphere. One of the Stearns managers, O. C. Tompkins, former warden of the branch state prison in this city, is quoted by a De-

troit paper as saying that Stearns is "in the fight to a finish" unless the governor will pull out in favor of either John Patton of Grand Rapids or D. M. Ferry of Detroit. Mr. Patton declines to say that he is a candidate for the governorship and Mr. Ferry gives no sign that he wants to be put forward as a compromise candidate, while Governor Bliss shows no disposition to consider the "harmony" proposition of Mr. Stearns. It is as certain as anything can be in advance of its happening that the governor will be a candidate before the convention and will be nominated.

Just now a good deal of interest is centering on the lieutenant governorship. To date, three upper peninsula candidates have come out openly for the nomination, these being, in the order of their announcements, Chandler of Sault Ste. Marie, Dutcher of Newberry and Maitland of Negaunee. The Detroit Free Press of Thursday contained this piece of political gossip, from which it appears that there is yet another upper peninsula man who stands willing to take the nomination for that office, also that ex-Senator McGraw of Detroit, who has been seeking it, is being somewhat embarrassed in his candidacy by the Bliss-Stearns contest in Wayne county.

The statement comes from Grand Rapids that Dr. B. D. Harrison of Sault Ste. Marie, secretary of the state board of medical registration, has written letters to friends there, stating that he is a candidate for lieutenant governor on the republican ticket, and that Stearns expects to invade the upper peninsula, getting a portion of the delegates there, through the efforts of Dr. Harrison and George A. Newett, who was turned down by the senate for a state tax commissioner's office. Ex-Senator S. Alexander Maitland of Negaunee, S. N. Dutcher of Newberry and ex-Senator W. T. McGraw of Detroit are also in the race for the same job. McGraw yesterday afternoon stated positively that he would not withdraw, notwithstanding reports to the contrary. Tonight the Republican club of the seventh precinct of the twelfth ward will hold a meeting at McGraw's home. The majority of the members of this club are "White Hats," or Stearns men, and it is expected that McGraw will be called to account for jumping into the Bliss bandwagon. At the last meeting, it was decided not to have the club used for partisan purposes before nominations were made, and it was also stated that McGraw was doing very nicely, sitting on the fence. Since then he has jumped down and joined the Bliss forces, in a somewhat negative way.

As to the rest of the ticket, the prevailing sentiment is favorable to the renomination of all the officials now serving, with the exception of Attorney General Oren, who is serving out his second term and doesn't ask a third.

DIDN'T THRASH THE JUDGE.

At a term of the Nash county Superior court, N. C., held by Judge William M. Shipp, the jury brought in a verdict which the judge did not approve, and he told the jurymen they had committed perjury, or they were a set of fools, and did not have sense enough to sit on a jury. One of the jurors was Mr. Westray, who had been graduated from the state university, and was a large landowner, and was known as the most successful farmer in the county. He was indignant over the insult offered the jury, and determined that if provided he could resist it without going to jail, he would do so. At the recess for dinner Mr. Westray approached the judge and asked him, as a matter of law, pertaining to the prerogatives of a judge, if he, the judge, had any authority of law to say what he did to the jury. Judge Shipp answered that he certainly did have that right by law, otherwise he would not have exercised it. Mr. Westray then put this question: "Judge Shipp, if I should here and now proceed to give you a gentle thrashing for what you said to the jury, would you take it like a man for your part as an individual, or would you fall back on your judicial prerogatives and put me in jail?"

The judge said in that event the prerogatives would come into play, and he might be handy, and that he would board Mr. Westray at the expense of the county for two years. Mr. Westray then said, "Very well, judge, if that be the case, we will forego the thrashing," and walked off.

LEADS THEM ALL.

"One Minute Cough Cure" beats all other medicines for coughs, colds, croup and throat and lung troubles. It is Scott's Emulsion of Cod Liver Oil, perfectly safe. Acts immediately. Croup yields to it. Cure croup, bronchitis, coughs. The Stafford Drug Co., H. N. Meloche, Ipsenizig.

Scrofula

This root of many evils—
Glandular tumors, abscesses, pimples and other cutaneous eruptions, sore ears, inflamed eyelids, rickets, dyspepsia, catarrh, readiness to catch cold and inability to get rid of it easily, pale-ness, nervousness and other ailments including the consumptive tendency—
Can be completely and permanently removed, no matter how young or old the sufferer.

Hood's Sarsaparilla was given the daughter of Silas Vernoor, Wauversing, N. Y., who had broken out with scrofula sores all over her face and head. The first bottle helped her and when she had taken six the sores were all healed and her face was smooth. He writes that she has never shown any sign of the scrofula returning.

Hood's Sarsaparilla
Promises to cure and keeps the promise. Ask your druggist for it today and accept no substitute.

A STOMACH
that will stand minute pie just before going to bed is a rare treasure. But almost any stomach can stand almost anything if it is toned up and helped by

Kaskola Tablets
the complete digester of all starchy, albumenous and flesh foods.

If you are a sufferer from any form of dyspepsia, no matter how severe, Kaskola is guaranteed to cure you.

Kalamazoo, Mich.

COPPER MINING.
AT THE WOLVERINE.

Equipment is Adequate for Life of the Property.

The fiscal year of the Wolverine will close June 30. The output will show a small increase over that of the year preceding which was 4,997,046 pounds of refined copper. The mineral output will show a greater proportionate increase owing to the amount of fine copper saved by the willy tables, which have been giving excellent results at the mill since their installation a year or so ago. The mineral yield per ton of rock stamped shows little if any variation from the figures of the year previous.

Within a short time the mill, railroad and coal dock will be in readiness. The 20-derrick compressor will be ready by the time its services are required. No. 3 shaft is being extended to the twenty-third level and No. 4 to the nineteenth level. The amount of ground thus far stopped out below the twelfth level is comparatively small, while south of No. 4 below this level there has been no stopping done whatever. All levels south from the twelfth to the seventh level have practically reached the boundary line. North of No. 3, south of No. 4, delayed machinery work has been done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. Delayed machinery work is being done in ground that drifts in this direction from the twelfth to the twentieth have been extended to the boundary. The management is now pushing the seventeenth and eighteenth level drifts south of No. 4 and the nineteenth, twentieth and twenty-first level south of No. 3. PUMPING STATION NOT NEEDED. Houghton's Plant Can Be Done Away With When Leaks Are Stopped.

Engineer J. F. Jackson of Houghton and others whom the village of Houghton put to work to ascertain the cause of the great waste of water are still engaged in locating the leaks. At present fully as much water is wasted as is used and paid for and it will mean a big saving to the village as soon as the leaks are found and the matter is straightened out.

There would be absolutely no need for the present pumping station at this time of the year if the waste of water could be done away with. The water from the several springs flowing into tanks other than that at the pumping station would be sufficient to supply the needs of the village if the leaks are found and stopped.

The electric Light & Power Co. of Houghton has submitted figures to the council for an electric pump which it was proposed to install at the pumping station in place of the pump now in use. However if the great waste of water is stopped there will be no need of any kind of a pump.

NAMES WERE WRONG. The Mining Journal erred in two names in this department yesterday.

TRYING TO COLLECT DOG TAX. The poundmaster for the village of Red Jacket, A. P. Barnes, is endeavoring to collect the dog tax, but will be able to get but a small part of it.

GOES TO SOUTH AFRICA. William Cameron, a graduate of the Michigan College of Mines and now at Leadville, Col., will leave next month for a suburb of Johannesburg, South Africa, to take a position with the Randfontein Mining company.

TIED FOR FIRST PLACE. Calumet, Lake Linden, Hurontown and Dollar Bay have baseball teams this season. Thus far according to the number of games played and won Hurontown and Dollar Bay stand at the head with Lake Linden and Calumet tied for third.

WILL SETTLE AT RUDYARD. Wednesday evening twenty-one Hancock Firms left on the South Shore train for Rudyard on the Soo line to take up farm lands in that vicinity.

THE CAUSE OF MANY Sudden Deaths. There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

PLANS NEARLY READY. Architect Has About Finished Design for New Opera House.

Alex. Eschweiler of Milwaukee, who has been engaged by the building committee for the new theatre to be erected at Houghton this summer, will send the plans to Houghton the fore part of next week, reaching there by about Wednesday at the latest.

ELECTED DIRECTORS. Important Meeting of Stockholders of Kittie Burton Mining Co.

Professor Seaman of the Michigan College of Mines and R. M. Edwards, a well known mining man of Houghton, have returned from Idaho, where they spent ten days looking over the mine of the Kittie Burton Mining company.

WILL HAVE GOOD SIDEWALKS. Hancock Council Takes Steps to That End.

Hancock is determined to have good sidewalks put down all through the village and the village engineer has been instructed by the council to make the proper grades not only in the heart of the village but in all of the additions.

ARRESTED ON SERIOUS CHARGE. Sheriff Streeter of Big Rapids arrived in Houghton Thursday evening to take back Rube Bell, who is wanted at Big Rapids on a serious charge.

APPOINTED POUNDMASTER. The village council of Houghton appointed John O'Leary as poundmaster Thursday evening.

VICTOR WAS NEGLIGENT. Victor Isabell of Hancock is spending thirty days at the county jail, being sent over by Justice Finn.

COPPERDOM BREVITIES. Sam O'Connell's saloon at Houghton has been reopened.

WILL SETTLE AT RUDYARD. A new rock house is under construction at No. 3 shaft at the Mohawk.

WILL SETTLE AT RUDYARD. A regular meeting of the county board will be held next Tuesday morning.

WILL SETTLE AT RUDYARD. J. D. Crawford and wife of Hancock returned from Escanaba yesterday.

WILL SETTLE AT RUDYARD. Strawberries from Illinois are now retailing here for eighteen cents per box.

WILL SETTLE AT RUDYARD. Painesdale Junction on the Copper Range road will hereafter be known as Mill Mine Junction.

WILL SETTLE AT RUDYARD. Lot 2 in Block B, on Franklin street, Hancock, has been sold by Thomas Coughlin to Henry Laughlin.

WILL SETTLE AT RUDYARD. Rev. Father Atfield of Hancock, who is visiting the parochial schools in the iron country, is expected home today.

WILL SETTLE AT RUDYARD. John G. Stone of the law firm of Gray, Haire & Stone is contemplating building a residence in East Houghton.

WILL SETTLE AT RUDYARD. Architect H. T. Liebert of Hancock is preparing plans for several houses to be erected in West Hancock by Thomas Coughlin.

WILL SETTLE AT RUDYARD. Miss Anna Fensky of Duluth who has been visiting her sister in Hancock for the past eight months returned home yesterday.

WILL SETTLE AT RUDYARD. Assessor C. J. Keough of Hancock is now busily engaged in making out the assessment rolls in the additions recently taken into the village.

WILL SETTLE AT RUDYARD. Miss Anna L. Armstrong, who has been visiting her brother, Harry Armstrong, at Hancock, has returned to her home at Plattsburgh, N. Y.

WILL SETTLE AT RUDYARD. The steam barge Bermuda has finished discharging 1,800 tons of coal at the Mineral Range docks, Hancock, for the Wolverine Mining company.

GIRL FATALLY BURNED. Was Playing Around Bonfire and Her Clothes Caught Fire.

The six-year-old daughter of Michael Sarkinen of the Kearsarge location was fatally burned Wednesday afternoon, passing away that night after several hours of excruciating pain.

SUE FOR DAMAGES. John Frankovich Wants Pay for Injuries Sustained Recently.

John Frankovich, who was injured while working on a car at the Tamarack Osceola coal sheds several months ago, will sue the Hancock & Calumet road for \$25,000.

NO GAMBLING ALLOWED. Hancock Puts Ban on Games of Chance During Season of Big Shows.

Hancock is to be the Mecca of shows, circuses and conventions this summer and that necessarily means that much gambling would be done in the village during those times unless the council took a hand.

WANTS TO WRESTLE DWYER. Joseph Ziehr, the Calumet wrestler, is anxiously awaiting the return of Professor "Sonny" Dwyer, formerly of Hancock, from the East so that he can arrange a match with him.

HAD A SCRAPPING JAG. Joe Stanway and Ed Blau of Calumet, who were mixed up in a fight on a street car at Laurium last Saturday night, had their trial in Justice Fish-er's court at Calumet yesterday afternoon.

ACCEPTS POSITION IN EVANSTON. Miss Alice Harris, who is in charge of the kindergarten and primary departments in the Calumet schools, has resigned and will take a similar position in the Evanston, Ind., schools next year under Superintendent Cooley who also leaves Calumet.

SCHOOL BURDENS. OVERWORKED CHILDREN WITH TOO LITTLE TIME FOR PLAY.

How the Present Educational System May Harm Our Boys and Girls—Overcrowded Minds and Weakened Bodies.

"Our schools are evidently trying to cover too much ground within a limited time," is the statement of Charles N. Skinner, New York State Superintendent of Public Instruction. "Our children are being hurried forward too rapidly. They rush through their studies and often graduate too young."

"My daughter Pearl studied hard at her school work. She was listless and irritable, grew tired upon the slightest exertion and had very little color. We thought she would outgrow it but she kept getting worse. Finally we had to take her out of school entirely and the doctor who attended her thought she was going into consumption.

"We didn't know what to do for her and she continued to grow worse until, upon reading a little book which was left at our door, we decided to have her try Dr. Williams' Pink Pills for Pale People. In a little while after she began using this remedy she was feeling better and, after continuing with it for about four months, she was cured. She is now a bright, healthy girl and we recommend Dr. Williams' Pink Pills to everyone whom we think would be benefited by them."

Miss Sutton took the one unfailing remedy for such afflictions and was cured. Dr. Williams' Pink Pills for Pale People are unlike other medicines because they act directly on the blood and nerves. This makes them invaluable in such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion and all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent postpaid on receipt of price, fifty cents a box, or six boxes for two dollars, and fifty cents by addressing Dr. Williams' Medicine company, Schenectady, N. Y.

111 RIDGE STREET. HOURS: 9 a.m. to 5 p. m.

TONIGHT AT THE OPERA HOUSE.

Theatre Goers Will Have the Pleasure of Greeting Miss Willard.

It is this evening that Katherine Willard, a new high-class star in the theatrical firmament, will appear at the Marquette Opera House, in Edward C. White's sumptuous romantic drama, "The Power Behind the Throne," supported by a company of well known actors.

The play is one of great strength, the plot is fascinating and intense and forceful action is called for in every act. Some idea of the success of the play may

Katherine Willard, in "The Power Behind the Throne."

be gained from the reception which has been accorded the production wherever it has been presented. Practically without exception, the managers of theatres where the drama has been presented have insisted upon return engagements, and in every case where the demand has been granted the production and excellent company have been almost overwhelmed with the warmth of their greeting, giving gratifying evidence that the theatre-going public is quick to appreciate true merit.

The principal members of the cast are Lillian Norris, Rita O'Neal, Camille Porter, Anna Gall, Rose Gadsby, Wright M. Lorimer, Carter Weaver, Kenneth Davoport, Edward R. Lewis and a number of others. The seat sale has been good and a large house will greet Miss Willard.

COPPER STOCK MARKET DEAD.

Transactions About Nil but Feeling Is Said to Be Firmer.

Wiring from Boston concerning the stock market, Paine, Webber & Co. yesterday said: "The copper market is a shade firmer today. Business was very dull on the stock exchange, however, both sellers and buyers being unwilling to do business at ruling prices. The coal strike is exerting a good deal of influence on the stock market and it is almost certain that its end will be celebrated by a sharp rally. To take advantage of this rally, stocks much bought while the strike is still on. The metal market is firmer today again. John Stanton is out with another view in which he expresses confidence in coming higher prices. We continue bullish on the coppers."

Hayden, Stone & Co. wired the Laidley Commission company: "There is practically no market at all in the coppers, about five different copper stocks selling all day. There is nothing whatever to say."

Grain Markets Some Higher.

W. H. Laidley & Co. said of the Chicago grain markets:

"Wheat opened at last night's closing figures, but turned extremely weak upon rather heavy sales. The strength in corn helped the market, and it turned strong toward the close. The Missouri crop report was bearish, but the selling side is getting entirely too popular. As we have said before, we advise the purchase of wheat for small turns. Do not fail to take profits on fair advances."

"Corn opened at about last night's figures and was strong all day. The receipts were fair. We cannot be too persistent in advising our customers to buy corn upon all breaks. The supplies are so small that corn is bound to see much higher prices before the new crop can come into the market, no matter what the condition of the growing crop is."

"Oats continued to advance upon a good cash demand and the continued support of bull parties. While present conditions warrant the price of oats, we are still of the opinion that as soon as the new crop comes in, we will see lower figures."

Wall Street Market Stronger.

Dick Bros. advised Paine, Webber & Co. as follows concerning the New York stocks: "The market was given support this morning and for a time was rather active. Later, however, it became very dull although keeping its firm tone. There was some covering in anticipation of a more favorable bank statement than expected and the showing of a small gain in cash. There was very little liquidation such as was seen yesterday. The strike news was not favorable but did not have much influence. The market closed strong."

Space open on my score card for advertisements. Hurry, it is filling up. (6-7-19) CARL STATZER.

CITY BREVITIES.

Weather forecast: Fair; stationary temperature; fresh northerly winds.

Yesterday's temperature: 7 a. m., 50 degrees; noon, 63 degrees; 7 p. m., 56 degrees; maximum, 63 degrees; minimum, 50 degrees.

Born, yesterday, to Mr. and Mrs. John Kind, a son.

George Darragh, now of Amasa, is visiting friends and relatives in the city.

William Rothschild of Ironwood is a guest at the residence of Ferdinand Bending, Spruce street, for a few days.

The German school for children will be in session this morning, beginning at

9 o'clock, in the basement at the German Lutheran church.

Anton Johnson, the dairyman who was accidentally shot by a companion some days since, is improving and expects to be out of the hospital in a few days.

All members of Lake Superior Pioneer camp, Modern Woodmen, are requested to meet at the hall Sunday afternoon at 1 o'clock to attend the funeral of the late Charles McGraw.

Judge C. R. Brown came up from Munising yesterday after a stay of several days there on business connected with the closing out of the stock of the late Wm. Brown.

J. J. Healy, commander of Ingot tent of Houghton, is in the city to remain until the close of the convention. He is assisting the local committees in looking after the many details of the work.

The Biddle Whist club will meet this afternoon at 2:30 o'clock with Mrs. S. S. Ormsbee. All members who are unable to attend are requested to notify Mrs. Ormsbee by 10 o'clock this morning.

The funeral of the late Charles McGraw will be held from the Methodist church tomorrow afternoon at 2 o'clock. It will be in charge of the Modern Woodmen. Interment will be in Park cemetery.

The Ladies' Aid society of the Presbyterian church, which is making arrangements to feed several hundred people during convention time, yesterday placed an order with Percy Deif for 300 loaves of bread and 200 dozen rolls.

Hon. William Chandler of the Soo, representative from the Chippewa county district in the state legislature, was in the city yesterday. Mr. Chandler is a candidate for lieutenant governor, but was not talking politics on his trip.

The presence of all Maccabees, and especially the members of the various committees and sub-committees, is wanted at the city hall at 3 o'clock tomorrow afternoon. Matters of importance will come before the conference.

Messrs John Milroy of Michigan and C. L. Sporley of Neagawac were in the city yesterday in attendance at a regular meeting of the board held in the office of Secretary Blanchard. Only routine business was transacted.

Single fares for the round-trip will be in effect tomorrow between this city and Ishpeming, where the Marquette team will cross bats with the Cleveland Cliffs club. The ball players expect to be accompanied by a big crowd of "rooters."

Ira E. Bush, Mr. and Mrs. E. J. Humphrey and Mrs. M. E. Butts of Ewen are visitors in the city. Others who business called here yesterday were A. S. Pierce and W. H. Gilliguy of Rhineland, Wis., and P. J. Denn of Ishpeming.

Next week the stores of the city will be kept open until 8 o'clock every evening, the early closing rule being suspended because of the convention. The window lights will also be kept turned on in order to make the business district as attractive as possible.

The children of the Methodist Sunday school are requested to meet at the church this evening at 7:15 for the purpose of rehearsing for the exercises to take place on Sunday. Offerings of flowers for the Sabbath services will be gratefully received.

Peter White has been attending the convention of the Michigan Bankers' association this week, which has included a trip from Detroit to the Soo on the steamer City of Mackinac. The boat was at the Lock City Thursday with a big party and is due to arrive on the return to Detroit today.

Professor Giles of the high school faculty, will lecture this evening at the Baptist church to the members of the Benevolent society and public generally. The talk will begin at 8 o'clock. Music will be furnished by the Orpheus-Mandolin club. No admission will be charged.

Hager Bros, yesterday received another large consignment of coats, which will also be rented at forty cents each for evening wear, under an arrangement with the Maccabee committee. Persons desirous of securing coats would do well to call at or telephone to the store today, as all deliveries must be made by Monday noon.

The baseball team and supporters will leave for Ishpeming tomorrow morning at 8:05 o'clock. The game the team will play tomorrow will be the last, it is stated, in which the Marquette aggregation will participate. The boys have not received the proper encouragement, are money out of pocket and it has been decided best to quit the game altogether.

At the meeting of the alumni of the high school last evening, these officers were elected: President, Will Van Dierstein; vice president, Inez Mathews; secretary, Joseph H. Primeau, Jr.; treasurer, Elizabeth Crowley; executive committee, Mrs. Phil Spear, May Heferman, Sheldon Cray, Albert Holley and Alfred McCarthy. It was decided that the reception and dance given in honor of the seniors take place on the evening of Friday, June 19, at Fraternity Hall.

A colonist car attached to the afternoon train from the east yesterday brought in a gang of about forty Italians from the Soo who have been engaged for construction work on the Marquette & Southeastern. The men, dressed in rather shabby garb, and carrying many bundles and not very neat looking grips, attracted considerable amused attention as they marched down to the lake shore where they will be temporarily quartered.

A start will be made today on the work of erecting the three electrical arches that will be a feature of the decorations here next week. In addition, the big flag, eagle and shield, formed of illuminated lights, will be set in place and it is expected that the electrical illumination will be the finest ever seen here. It is urged that the citizens generally decorate their homes and places of business and to help in other ways in making the city as attractive as possible.

Professor DeVoe's weather predictions for next week are for local storms on Sunday, followed by hot and sultry weather on Monday and Tuesday. On Wednesday, Thursday, Friday and Saturday, more storms and rain are on the card. The prospects, according to Mr. DeVoe, who is chiefly noted as having

THERE IS HOPE FOR EVEN SUCH AS HAVE GLIMPSSES OF THE DARK VALLEY.

Paine's Celery Compound

The Medicine That Saves Life and Restores Lost Health.

A merciful Providence still keeps the spark of life in thousands of wasted and feeble bodies. The tiful, flickering sparks will burn with decreased power as the hot days of summer approach. There is still hope for even those who are now catching glimpses of the dark valley. The use of Paine's Celery Compound during the month of June will at once arrest the progress of wasting diseases. It will strengthen the weak and inflamed nerves, rid the body of morbid waste material, make the blood pure, and give healthy action to the stomach, liver and kidneys. Nervousness, sleeplessness, rheumatism, neuralgia, liver and kidney troubles quickly vanish when Dr. Phelps' marvelous prescription is used. Mrs. Alice Terry Wood, 515 Highland street, Helena, Mont., says:

"I can say to all that I believe Paine's Celery Compound a great medicine. I should have been in my grave if it hadn't been for the wonderful curing virtues of the compound, and I can say to all who are tired and run down, to try it, and they will find relief at once. My trouble was general weakness, lack of appetite, and heart trouble. I have taken four bottles of Paine's Celery Compound and feel like a new person. Now I have a good appetite, do all of my work, and feel well."

predicted the Galveston disaster, are now too favorable, but as his predictions for the present week have come rather wide of the mark, not much reliance will be placed in the weather prophet's prognostications.

State Auditor General Perry F. Powers, who will represent his home tent of the Maccabees at the convention here next week, will stop off at Grand Marquette on the way up to give a lecture at the opera house there on Monday evening. The address will conclude the school course and will have for its subject, "Matters of Importance."

You've got to hustle all the time to keep in the swim. If you are slipping down the ladder of prosperity, take Rocky Mountain Tea. Makes people strenuous. The Stafford Drug Co.

MANY SOCIETIES COMING.

Annual Reunion of Upper Peninsula French Societies Will Be a Hummer.

The local French society is receiving much encouragement from the officers of the lodges in different parts of the upper peninsula relative to the attendance at the annual reunion to be held here this summer day.

It is now understood that the celebration will last two days, instead of one, as has been customary in the past. On the 24th there will be a parade, followed by a picnic at the Deer Lake grove. During the afternoon some of the best French speakers in this section will be heard. A member of the Canadian parliament is expected to be present to deliver the principal address.

On the 25th there will be athletic contests of various kinds on the principal streets of the city. This is a feature that is usually crowded into the festivities on the 24th, but the committee in charge of the picnic recently decided that it will be much better for all concerned if the sports are held over until the next day. It is understood that a majority of the visitors will not care to return home on the night of the 24th. Besides, should any desire to get away they will not leave disappointed, as there will be a fine program pulled off at the picnic grounds the first day.

Large delegations are expected from all the lodges of the copper country, the Menominee range and this county. Escanaba has also promised to send a large crowd. The societies expected to attend in a body are those of Calumet, Lake Linden, Houghton, Hancock, Marquette, Negaunee, Escanaba, Menominee, Marinette, Iron Mountain, Garden Bay, Republic and Champion. Delegations are also expected from Duluth, West Superior, Ironwood, Sault Ste. Marie and St. Ignace. A number of the lodges will be accompanied by bands, so that there will be ample music to satisfy everyone.

The Menominee Leader of recent date had the following on the turnout from that city:

"The St. John the Baptist societies of Marinette and Menominee have chartered a special train for the trip to Ishpeming on June 24, for the convention of the societies of the upper peninsula and northern Wisconsin and Minnesota. The train will leave here at half past five in the morning. Tickets will be good for three days for returning. The price will be three dollars for the round trip.

MISS BELCHER SURPRISED.

The teachers of the Salisbury school gave Miss Minnie Belcher, who has been principal there for some years past, a happy surprise Thursday. Miss Belcher retires from school work at this time and the teachers of the Salisbury regret very much that she is to leave them.

A most sumptuous spread was prepared in the kindergarten department. Each teacher provided some of the dishes, etc., and the spread was one that they had taken much pains to have just about right. Just as everything was in readiness the unsuspecting principal was marched into the room.

About the time the banquet was about half over a certain signal was given and their was a sudden shower of tin. The articles were all thrown at Miss Belcher, but they were of miniature kind and not heavy enough to inflict an injury. With each article went a cute verse, composed by the teacher whose name was attached to the card.

Later on Miss Belcher was presented with a dozen cut glasses.

CLOSE FOR ANOTHER MARK-DOWN.

F. Braastad & Co.'s store at S. Johnson & Co.'s old stand will be closed during the first four days of next week to admit of a readjustment and a mark-down of the stock. The sale has been conducted with marked success so far, but the firm is anxious to clear out the stock quick. In order to do this another reduction in prices will be made. There is still a large stock of goods in the various departments and it is Mr. Braastad's wish that it be disposed of within the next few weeks if possible. The store will open on the new slaughter sale on Friday morning.

E. W. GROVE.

This name must appear on every box of the genuine Laxative Bromo-Quinine Tablets, the remedy that cures a cold in one day. 25 cts.

Trimmed hats going cheap. We want to clear out the stock. Finnish Mercantile association.

COMMITTEES HARD AT WORK.

Representatives of Different Conferences Laboring in Interest of Synod.

The divines and laymen representing the committee on laws for the Augustana synod, which convenes here next Tuesday, began work yesterday morning at the Swedish Lutheran Young People's Hall. The committee will work a certain number of hours each day until Tuesday, preparing the matter to come before the synod as a whole. The work of reviewing the laws governing the synod is quite important. There are often many questions which require no little attention and the discussions on certain matters frequently consume much time. However, the members of the committee believe they will have no little difficulty completing their work before the opening session on Tuesday.

The sessions of the committee are presided over by Rev. Dr. E. Norelius, president of the synod. Rev. C. E. Lindberg, D.D., vice president of the synod, is also present.

The conferences, represented on the committee are as follows: Illinois—Rev. C. A. Ewald, D.D., president; layman, Prof. C. W. Foss, Ph.D., both of Rock Island.

Minnesota—Rev. J. Fenling, D.D., Hastings, Minn., president; layman, Prof. E. M. Anderson, St. Peter, Minn.

Iowa—Rev. L. Holmes, L.H.D., D.D., of Burlington, president; layman, Mr. Cederquist, of Des Moines.

Kansas—Rev. G. A. Brandell, D.D., Denver, president; layman, Francis Johnson, Lincolnton, Kansas.

New York—Rev. A. J. Enstrom, of Hartford, Conn., vice president.

California—Rev. C. J. E. Haterius, San Francisco, president; layman, C. A. Telleen, Templeton, Cal.

Columbia—Rev. G. A. Anderson, Spokane, Wash., vice president.

The meeting promises to be a deeply interesting one. Sermons will be preached from time to time by some of the ablest men in attendance. The meetings will be conducted in Swedish, but it is likely that at least a few of the evening sermons will be in English. This request has been made by English-speaking people of the city who are anxious to hear some of the divines, and it is likely that the favor will be granted.

At the morning service tomorrow Rev. Dr. L. Holmes will preach and at the evening service Rev. A. J. Enstrom will deliver the sermon.

EPISCOPAL CONFERENCE.

Ministers and Lay Delegates of Marquette Diocese Meet Here Next Week.

There will be a notable gathering of representatives of the Episcopal church of the Marquette diocese in this city next Tuesday, Wednesday and Thursday. Bishop G. Mott Williams will preside over the different sessions. From the evening clergy, lay delegates and members of the Women's Auxiliary are expected to attend.

On Tuesday morning at 10 o'clock there will be a special service. Rev. McCracken of Ishpeming will preach the sermon. Immediately following the service the ladies will hold a business session in the Guild hall.

On Wednesday morning there will be a special service, commencing at 10 o'clock. Rev. Tinbrook of Calumet will preach. Business sessions will be held the remainder of the day and at 7:30 in the evening there will be another special service. Short addresses will be delivered by different clergymen. There will be a full choral evening by the choir at the 7:30 service.

THE FENCE REPAIRED.

Men and boys who attempt to "sneak" into the hall game tomorrow at Union park are liable to get into trouble. Sworn officers will be on hand to take in all who attempt to get into the grounds that way. There has been altogether too much of this sort of thing in the past. All who want to witness the game tomorrow had better get down prepared to pay. The fence has been repaired and there are no openings except at the gates.

OF ALL HOT WEATHER ENEMIES

of humanity cholera is the worst. Treatment to be effective must be prompt. When vomiting, purging and sweat announce that the disease is present, combat it with Perry Davis' Pinkettes. All bowel troubles, like diarrhoea, cholera morbus and dysentery are overcome by Pinkettes.

My wholesale price for pure ice cream is only 90 cents per gallon. H. C. Cain, both 'phones.

BRAASTAD'S GENEROUS GIFT.

He Presented Sven Johnson With All Outstanding Accounts Yesterday.

When F. Braastad & Co. purchased the stock, buildings, etc. of S. Johnson & Co. less than a month ago, the firm took the outstanding accounts as well, these representing between \$60,000 and \$70,000. Yesterday Mr. Braastad presented Mr. Johnson with all the accounts. The gift was a great surprise to Mr. Johnson and he is deeply grateful for it. It is likely he can realize a goodly sum from the accounts, as many of them are good for one hundred cents on the dollar. There are others not so good, but on the whole the gift is a very generous one.

Mr. Braastad has always cherished a friendly feeling for Mr. Johnson, and although they have conducted business in opposition to each other for many years past they always got along well. They were boys together and their first business experience in this city was as partners some thirty years ago.

"UNCLE SI" MONDAY NIGHT.

The "Si Perkins" company, said to be the strongest aggregation on the road, playing a rural drama, will be at the Ishpeming opera house Monday evening, playing at popular prices, twenty-five, thirty-five and fifty cents. The company is a large one and travels in a private car. At noon that day a parade will be given by the "Fughtown" band and in the evening there will be an open air concert in front of the opera house. The orchestra with the trompe is said to be one of the finest that has visited this section in some time and the selections rendered during the action of the play are a feature always enjoyed by the audiences.

BASEBALL TOMORROW.

The baseball fans of the county will doubtless be out in force tomorrow afternoon, when the Cleveland-Cliffs and Marquette teams will come together at the Union Park grounds. The times are pretty evenly matched and there should be a splendid exhibition of the national game. Playing will begin at 3 o'clock and the admission price will be twenty-five cents for gentlemen, with ladies free.

THE KING'S CORONATION.

The king's coronation promises to be the most elaborate and costly public function of modern times, and our country is to be represented there by three prominent statesmen, selected by the president, who will represent our state, army and navy. Many other people will also attend the ceremonies, which will take the ocean voyage principally as a means of improving their health. They will, however, only obtain temporary relief, and their old complaints will surely appear again when least expected. The best way to recover your health is by strengthening and restoring the stomach to its normal condition by the use of Hostetter's Stomach Bitters. It is a positive cure for loss of appetite, nervousness, insomnia, indigestion, dyspepsia and malaria. Try it.

ISHPEMING IN BRIEF.

There were but twelve deaths in this city last month.

Dr. W. C. Conley and wife got home yesterday from a visit to relatives at Saranac, Mich.

T. J. Raean, a commercial man who makes this city at regular intervals, will sing tomorrow evening at Grace church. He has a splendid voice and his solos are a treat.

Ed. Clark is preparing for a special sale of dry goods, clothing, etc., to be started next week. He wishes to reduce his stock and in order to do this there will be a reduction in prices.

August Swanson of this city was elected second vice president of the Upper Peninsula & Northern Wisconsin Embalmers' association at the convention held at Escanaba this week.

The members of the local Scandinavian society will turn out in a body tomorrow afternoon at 2:30 o'clock to decorate the graves of the departed members. All are requested to meet at the society's hall not later than 2 o'clock.

P. H. Devine is in receipt of more definite information relative to the death of his brother, Thomas, who passed away last week at his home in New York. It seems he fell and ruptured an artery in his arm. Blood poisoning set in and he died four days after the accident.

William Sampson was in the city this week looking up quarters for the Hurontown fire department during the tournament to be held at Negaunee the

A BIG LINE OF GOOD THINGS FOR SUNDAY...

Fruits, Vegetables,

Received fresh this morning.

J. SELLWOOD & Co.

latter part of August. Mr. Sampson left here for Menominee, where he will spend a few days preparing to go on the road as traveling salesman for the Carpenter-Cook company.

The Maccabees who will go to Marquette next Tuesday to participate in the parade will leave here that morning at 10 o'clock by special train. The officers of the several tents desire to impress this fact upon the minds of all so that there will go a full turnout. The round trip fare on Tuesday will be fifty cents for all who go down, but all other days in the week a sixty-cent rate will be charged.

John Dover, who has been in the county for some weeks past, working up interest in the camps of the Modern Woodmen of America, has returned to the copper country, where he will resume his labors. He was quite successful in his work here and at Marquette and by his efforts the camps of the two cities have increased their membership considerably. Mr. Dover expects to be down this way again in the fall.

HAPPY TIME IN OLD TOWN. "We felt very happy," writes R. N. Bevil, Old Town, Va., "when Bucklen's Arnica Salve wholly cured our daughter of a bad case of scald head." It delights all who use it for Cuts, Corns, Burns, Bruises, Bells, Ulcers, Eruptions, Inflammation of Piles. Only 25c at the Stafford Drug Co.'s drug store.

Ladies, see our large line of trimmed hats. We are selling them off cheap. Finnish Mercantile association.

NOTICE TO TAXPAYERS.

City Controller's Office, Marquette, Mich., May 19, 1902.

Notice is hereby given that the assessment roll of the taxable property of the city of Marquette for the year 1902 will be in the hands of the board of review on Monday, June 2, 1902. Said board of review will convene at the common council room in the city of Marquette on Monday, June 2, 1902, at 9 o'clock a. m. and will be in session each day thereafter up to and including Saturday, June 7, 1902, for the purpose of reviewing and correcting said assessment roll. Every person having property in the city of Marquette is requested to call at the common council room during the session of said board of review and inspect said assessment roll. In order that all errors which may have been made in said assessment can be corrected. FRANKLIN E. BAY, Controller. 5-19-17

S. JOHNSON & CO.'S OLD STAND.

THE GRANDEST

The Most Satisfactory and Safest Medicine any Sick Woman Can Take.

Thus Does a Prominent Brooklyn, N.Y., Woman, Speak of Lydia E. Pinkham's Vegetable Compound.

When a woman of the prominence and social standing of Mrs. Atherton whose portrait we are herewith permitted to reproduce, voluntarily furnishes us with a letter of such unqualified endorsement as the following, we feel that we not only owe her a debt of gratitude, but all women who are ill should feel under deep obligations to her, for she tells them in unmistakable words where they may look for a cure and not be disappointed.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; inflammations; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt. Truly it is said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine.

MRS. FLORENCE ATHERTON,
Vice-President Societe Francaise de Bienfaisance, Brooklyn, N. Y.

"DEAR MRS. PINKHAM:—For the benefit of suffering women I want to testify to the fact that I have by personal experience and by friends who have been cured by using Lydia E. Pinkham's Vegetable Compound come to the conclusion that it is the safest, the grandest and the most satisfactory medicine any sick woman can take. Life was a burden to me five years ago, I felt so miserable with female troubles and irregular menstruation; to-day it is all different, for I am perfectly well. Dozens of my lady friends join me in singing your praise. Yours, FLORENCE ATHERTON, 47 Hoyt St., Brooklyn, N. Y."

"A Boston Woman's Experience."
"DEAR MRS. PINKHAM:—I cannot praise Lydia E. Pinkham's Vegetable Compound enough. I was a sick woman when I commenced to take it. My trouble was female disease, and I had pain in my back and sides. The doctor said I was going into consumption; I had been married eight years, but had no children. I had some of the best doctors in the city, but none seemed to cure me, so I decided to take your medicine, and it has made me a new woman, and I now have a lovely little baby boy. I would advise all sick and weak women to take Lydia E. Pinkham's Vegetable Compound."—Mrs. ALPHONSE CHOKE, 15 Rockingham Place, Roxbury District, Boston, Mass.

Remember every woman is cordially invited to write to Mrs. Pinkham if there is anything about her symptoms she does not understand. Her address is Lynn, Mass., her advice is free and cheerfully given to every ailing woman who asks for it.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

"J. E. K." CIGARS Always Reliable. The Best that Tobacco can produce. 10c, or 3 for 25c. J. E. Kenning & Co. Mfg's. Grand Rapids, Mich.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom fails to live in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb.

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

COUNCIL HOLDS SESSION.

Quite a Batch of Municipal Business Was Disposed of Thursday Night.

The city council met in regular monthly session Thursday evening and disposed of considerable business of more or less importance. Alderman Mulvey was the only member of the council absent.

Mrs. Mary Grenoway petitioned the council, asking to be exempted from the payment of taxes. Referred to the committee on finance and taxation.

A. Sjolholm and others residing near the railroad crossing on Jackson street asked that a certain ditch near the crossing be filled. The communication was referred to the committee on streets and alleys.

The matter of laying a sidewalk in front of Mrs. Wiggins' property on Pioneer avenue was referred to the proper committee. Mrs. Wiggins asked that she be exempted from payment for the sidewalk.

Charles Thoren, Jr., and others asked that the sewer be extended from Tolin street through the alley to Kauter street. The petition was referred to the committee on sewers.

A petition from Henry Lehman and others, asking that an arc lamp be placed on Ann street, was read. It was referred to the committee on street lighting.

J. H. Rough asked permission to connect the Kruse residence with the sewer. The committee was instructed to grant the request, provided the petitioner shall pay his proportion of the cost of extending the sewer to a point where a connection can be made.

The executive committee of the firemen's tournament asked the privilege of using Clark street from Teal Lake avenue to Kauter street for racing purposes during the tournament and the same was granted.

The committee on streets and highways was instructed to give the alley adjoining Ben Williams' property on Marquette street attention.

The matter of extending the road through section 9, an improvement which is asked for by residents in that part of the city, is still in the hands of the committee on streets and highways.

Mrs. James Cavanaugh and Mrs. Batararo, who petitioned the council at a recent meeting, asking to be exempted from the payment of water taxes, were granted free water on recommendation of the committee on water works.

The committee on sewers was instructed to extend the sewer on Park street from Mitchell avenue to the Baldwin Kiln road, the same to cost in the neighborhood of \$700. This is an improvement the residents on that part of Park street have wanted for some time past.

The committee on electric light was instructed to have the lighting station building repaired.

O. J. Lacombe was given a contract to paint the interior of No. 1 engine house, his bid being \$55. Maurice Wolner also submitted a bid on the job. He asked \$245 more than Lacombe.

City Attorney F. A. Bell advised the council that he had a good prospect of securing a piece of land from the Cleveland-Cliffs Iron company for cemetery purposes.

The committee on cemetery was instructed to let a contract for repairing the cemetery fence.

The monthly reports of the marshal, clerk and superintendent of the electric lighting plant, also superintendent of the water works, were read and approved. The gross receipts of the electric plant were \$809.62, and the expenditures footed up \$847.28, leaving a net profit of \$245.28 for the month.

Several firms submitted bids for supplying the fire department with 1,000 feet of new hose and two nozzles. Representatives of some of the companies wanting the order were present and were permitted to explain the merits of their goods. The matter was referred to the purchasing committee with power to act.

A large batch of bills against the city were read, and on recommendation of the committee on claims and accounts they were ordered paid.

DEATH OF JOHN C. COLE.

A telegram was received here Thursday from Nilesup, B. C., announcing the death at that place of John C. Cole, brother of T. F. and William Cole of the Oliver Iron company. John left here for British Columbia some eight or nine years ago. He concluded when he went away that he would remain there until he could pull out with a fair stake. Very little has been heard from him as to how he was getting along, but it was understood by his relatives here that he was doing quite well. The news of his death was a shock to his relatives, as it was not known that he was ailing.

Upon receipt of the telegram a message was sent requesting that the remains be forwarded to this city. It is expected that the body will arrive early next week, perhaps Tuesday.

Mr. Cole was well known in Negaunee, as he spent his boyhood days here. His brother, Will Cole, arrived in the city yesterday from the Gogebic range and will remain until after the funeral.

"SI PERKINS" TONIGHT.

The "Si Perkins" company will occupy the boards at McDonald's opera house tonight. This play has never before been presented here and it is said to be one of the best and most interesting rural dramas now before the public. The company presenting it travels in a palace car and there are some twenty or more people in the troupe. The band gives a street parade and this is a feature all should see.

SIXTY YEARS OF POPULARITY is the record of Painkiller (Perry Davis), but the shops are full of imitations made to sell upon the great reputation of the genuine; be cautious, therefore, when you ask for a bottle to see that you get the genuine. An unfailing remedy for coughs, colds, bronchitis.

Can't be perfect health without pure blood. Burdock Blood Bitters makes pure blood. Tones and invigorates the whole system.

HEAVY EXPRESS BUSINESS.

All Copper Country Express Matter Is Now Transferred to Negaunee.

The employees of the American and Western Express companies of this city are handling a great deal of express matter, all transfers now being made here instead of at Champion, as formerly. Before the new arrangement went into effect much of the express from Milwaukee, Champion and other points north came over the St. Paul line to Champion, but the United States company is now doing its copper country business through the American Express company.

There was nearly a carload of matter transferred from the Northwestern to the South Shore copper country train yesterday morning. The expressmen did some lively work, but in spite of their efforts the trains for the copper country and Marquette were some minutes late in getting away from the station.

All goods received by the American company here bound for copper country points or Marquette must be transferred to the local office of the Western. This involves considerable work in the exchange of receipts, bills, etc. In the evening the Western people have to deliver goods to the American, again entailing a lot of extra work.

It may soon be necessary for the American people to get larger quarters here. At times it is almost impossible to get into the room. If it were necessary to hold the express matter any length of time the office would not be large enough. With the trains making close connections the express in transit does not get into the place.

SAVED FROM AN AWFUL FATE.

"Everybody said I had consumption," writes Mrs. A. M. Shields, of Chambersburg, Pa. "I was so low after six months of severe sickness, caused by Hay Fever and Asthma, that I thought I could get well, but I learned of the marvelous merit of Dr. King's New Discovery for Consumption, used it, and was completely cured." For desperate Throat and Lung Diseases it is the safest cure in the world, and is infallible for Coughs, Colds and Bronchial Affections. Guaranteed bottles 50c and 10c. Trial bottles free at the Stafford Drug Co.

LOCAL LACONICS.

The carpenters are making good headway with Herbert Buzzo's new dwelling. The frame work is being raised and it will not be many days before the structure is enclosed.

C. L. Sperry is making a number of improvements about his residence property. A new sidewalk is being laid and the exterior is to be painted. Charley is also figuring on installing a hot water heating plant.

Members of the local tents of the Maccabees who intend to turn out in the parade at Marquette Tuesday in miners' uniforms are urged to procure their outfits early at Kahn & Skud's store, Ishpeming.

The Ishpeming and Marquette baseball teams will come together tomorrow afternoon at 3 o'clock at the Union park grounds. A number of the local fans will turn out to the game. A lively contest is expected.

F. D. Davis and Dr. Huddle brought in a splendid mess of trout Thursday. They spent the day at the Escanaba river. The outing was so thoroughly enjoyed that they intend to try their luck again within the next few weeks.

The members of the local camp of the Modern Woodmen and their ladies had a happy time at the function given Thursday evening at Boulson's hall. About thirty couples of a score present. The program rendered was pleasing and the lunch and dancing were features very much enjoyed.

Rev. Samuel M. Gilbricse, who was away attending the commencement of the Northwestern University Theological school at a visiting conference, is back and will conduct services at the Mitchell Memorial church tomorrow, in the morning the Knights of the Golden Eagle will attend the services in a body. In the evening at 7 o'clock the subject of the pastor's sermon will be, "What the People Should Think About." There will be special music at both services.

RHEUMATISM

CAN ONLY BE CURED THROUGH THE BLOOD

Your rheumatism is just like all others, and for the same reason that they are not cured, you are not cured. There is only one Guaranteed Cure for rheumatism in the whole world today, and that is MEDERINE. Everything else sold for rheumatism is simply "recommended," while MEDERINE has an absolute, bonafide guarantee that it will do the work quickly and thoroughly and not leave a tinge of it behind. There is no mistake about this, for this company is not giving money away for nothing. MEDERINE acts directly and specifically through the blood, and the blood only. It eliminates every trace of blood impurity, goes right to the seat of the trouble and at once removes the cause. We have hundreds of testimonials on file from people who were cured by MEDERINE after paying enough for other "cures" to buy a farm. The longer you trifle with rheumatism the worse it will be for you, therefore do not delay. Write MEDERINE REMEDY CO., West Superior Wis., for their system of treatment. All letters answered.

THE ONLY REMEDY THAT CURES RHEUMATISM Acute and Chronic Why Suffer Pain

L'Anse and Baraga.

James Kerwin of L'Anse, who had been ailing for the past five years, passed peacefully away Thursday evening at his home. He leaves a wife and one son, Owsa. The funeral will be held this afternoon at 2 o'clock, with services from the residence on Broad street. Interment will be in the L'Anse village cemetery.

The supervisors held a short session Wednesday. Frank Foote was re-elected chairman. The usual grist of regular bills were allowed but the bills of Dr. Zellen for care of contagious cases at Popquaming were laid over for investigation, it being claimed that in some cases the persons were able to pay their own bills. A hearing will be had on the claims the 25th, when all persons interested will be notified to be present.

Charles Rene of Skanee accidentally shot himself Tuesday evening while chasing a bear that he had wounded. He stumbled and his gun flew out of his hand. The hammer struck a tree, which discharged the piece, the charge of buckshot striking him in the lower part of the breast. Dr. John O. Zellen, who had been with him on the hunt, heard the shot and hastened to see if he had killed the bear. When he heard Rene calling for help he could tell from his cries that he was hurt. He found Rene lying on the ground with his gun about ten feet to one side. The doctor bandaged the wound and helped Rene to his (the doctor's) home, which was over a mile away. Everything possible was done for Rene and he was conscious up to the last, but death from his injuries resulted Thursday morning. Rene was a single man and was employed as a farm hand by Oscar Zellen. The funeral will be held today (Saturday) from the Zellen residence at Skanee, with interment in the Skanee cemetery.

THE LONG HEADED MAN

KEEPS IN MIND
JUNIUS BRUTUS CIGAR

MR. BARRY EXPLAINS

INSURANCE COMMISSIONER ON PROTECTIVE LEGION CASE.

SOCIETY NOT WITHIN THE LAW

FRATERNAL ORDERS ARE BARRED FROM PAYING PROFITS.

However, to Protect Present Members License Is Renewed but No More Benefit Certificates Can Be Issued.

Mrs. Dr. Conner of St. Ignace, district organizer of the National Protective legion, in a public address recently delivered at Iron Mountain, was quoted by the Tribune as having made charges reflecting upon the honesty of State Insurance Commissioner Barry, in the matter of revoking the license of the legion.

"Dear Sir:—I beg to acknowledge the receipt of your letter, enclosing a clipping from the Iron Mountain Tribune relative to the statements alleged to have been made by Mrs. C. N. Connors, of St. Ignace, Mich., at a meeting held in your city relative to the action of this department in refusing to relicense the National Protective legion of Waverly, N. Y., to continue the business it had been transacting in Michigan during the past few years.

"I do not deem it necessary to devote any time to answering the statements alleged to have been made by Mrs. Connors for the reason that I am quite confident that she will, upon sober consideration of the matter, regret having made them, there being absolutely no foundation for either statement, as I presume she well knows. Inasmuch as the attorney general has, I understand, written Mrs. Connors in response to her inquiry to him fully sustaining the action of this department, she must have had full information regarding the matter. I have not the slightest doubt, however, that Mrs. Connors was talking excitedly and that her utterances, as reported, will not have the sanction or endorsement of the officials of the National Protective legion, or in any way be sustained by them.

"In view of the fact that it is altogether probable that the members of the National Protective legion resident in your section of the state have no adequate idea of the action of this department, it might not be improper to appraise them of the situation through your valuable paper. The refusal to renew the license permitting the legion to continue the business it has been doing in Michigan since 1894 was not in any sense based upon the financial condition of the order, nor upon any want of confidence in the integrity of the society or its officials. The question involved was purely one of law.

Law Bars Paying Profits.

"The fraternal beneficiary laws of Michigan, under which the legion has always done business in this state, specifically provides that the business of associations operating thereunder shall not be conducted for profit, and it limits the benefits which such societies may pay to beneficiaries in case of death, accident, sickness, disability or old age of its members. The supreme court of Michigan in the case of Walker vs. Insurance Commissioner, 103 Michigan, page 344, held that these societies cannot pay other benefits than those enumerated. The National Protective legion paid profits to its members, such benefit not being provided for in the Michigan statute and hence was not permissible thereunder. This is conceded.

"The fraternal law of Michigan also requires that every person accepted as a beneficial member of a society operating thereunder shall pass a medical examination, and it limits the age at which persons may be accepted to fifty-five years. The National Protective legion required no medical examination of members of Class B, and took such members up to the age of sixty years. In both of these respects it was outside the Michigan statute, Class B, by the way, as shown by the last sworn report of the officers of the legion, embraces 65 to 6-10 per cent of the entire membership of the legion.

Special Inquiry Conducted.

"My attention was called to this situation by Michigan members of the legion last fall and I conducted an investigation which included a special examination of the legion by the insurance superintendent of the state of New York, and which investigation continued until late in March. This involved cor-

respondence with the home office and a visit at this department by Secretary Scott. I mention this so that it will be seen that the officers of the legion were aware for a long time that the question of renewing the certificate was being considered by me. I may say further, that, notwithstanding the fact that notice of my conclusion not to renew the license was given to the society on March 27, no steps have yet been taken by the legion to have the important legal question involved passed upon by the courts. If the society is entitled to continue the investment features of its business under the Michigan fraternal statute, the commissioner of insurance cannot prevent it from doing so, for the courts will promptly require that the necessary license be granted. It is a significant fact that no action looking to a judicial decision has been taken.

"Inasmuch as some 7,000 Michigan citizens became members of the legion during the eight years that it held a license from this department, I deemed it my duty to do everything possible to protect this membership and for this reason I gave the company a license which will enable it to maintain its organization in Michigan, but which contains the following proviso: 'It is expressly provided that said society shall not issue within this state any certificate with benefit coupons attached or providing for the payment of any benefit, except in case of death, accident, sickness, disability or old age of its members.' This certificate, it will be noticed, keeps the society strictly within the provisions of the Michigan statute in its future operations in this state, permitting it to pay all benefits permissible thereunder, but prohibiting it from issuing in Michigan any further certificates providing for the payment of profits to its members. This action of the department gives the legion an opportunity to appeal to the courts for a decision as to its right to pay profits to its members under the Michigan statute, and, that despite all the threats of the legion officials, no attempt has been made to combat the decisions of Mr. Barry in the courts.

Old Members Little Affected. "It will be noticed that Mr. Barry's explanation of the reason for the reissuing of a license of the legion differs somewhat from the statements made by the secretary of the legion in his recent circular letter issued to the members. Also, it will be noted that the legion will not in the future be permitted to issue certificates with benefit coupons to members; and, that despite all the threats of the legion officials, no attempt has been made to combat the decisions of Mr. Barry in the courts.

While the legion will hereafter not be permitted to issue coupons entitling the holders to \$250 at the end of five years, the commissioner's ruling apparently does not affect the old members except that they may feel the result of the obstacle to the growth of the order which Mr. Barry has laid down. Last year the legion paid 1,282 benefit members, whose certificates amounted to \$100,000 more than these members paid into the society's treasury during their entire membership. This \$100,000 was profit to the members, and was not paid either for death, accident, sickness or disability benefits, which are alone contemplated by the law. These 1,282 members were paid \$100,000 which was contributed by other members who received nothing whatever. At the close of last year this society had 6,700 members in Michigan.

MAY RATHER WARM.

Average Temperature Last Month Was Fifty Degrees. The weather last month was some warmer than the average for May for the past thirty years, but only to the extent of eight-tenths of one degree. The mean temperature, according to the monthly bulletin issued by Observer Patrick, was 59, which compares with 49.2 as the thirty-year average. The warmest weather was experienced on the twenty-second, when the mercury climbed to 90. On the ninth, the government thermometer recorded a temperature of 27, which was the coldest of the month. On the eighth, the mercury fluctuated between a range of thirty-three degrees—from 65 to 32—and on the ninth it continued its fluctuations to five degrees.

During the month, 2.14 inches of rain came down, which is under the thirty-year average—3.09. There were ten days on which there was .01 of an inch or more of precipitation. The observer was only able to record two clear days, and of the others, thirteen were cloudy, the remainder being classed as partly cloudy. There was a light frost on the 28th and heavy frosts on the 15th and 27th. The prevailing direction of the wind was northwest. The total movement was 6,793 miles and the maximum velocity was attained on the 8th, when the wind blew at the rate of forty-four miles an hour from the northwest. The mean atmospheric pressure was 30.04, the highest being 30.48 on the 9th and the lowest 29.63 on the 6th.

ELECTRIC FLAT IRONS IN DEMAND.

The electric light and power commission is having a great rush on the electric flat iron it is handling. Of the last batch of twenty received, but two remain and more have been ordered. Where in use the irons are giving great satisfaction. They not only do away with the inconvenience of keeping up a hot fire to heat the old-style irons but are very economical as well—about three cents per hour. The city board makes no profit on the irons, as they are being sold at cost.

IT WASN'T CONSIDERED.

Charlton & Gilbert, the architects, recently received a number of bids from contractors for the erection of a dwelling for which the firm had drawn the plans. One of the men, however, had evidently arrived at the conclusion that his figures are too low, and that he would lose money should the contract go to him. At least, this is the message he sends, written on a postal card: "Dear Sirs: Don't consider my estimate on Mr. —'s house. I can

not offer all franchises of work, that is too much trouble." His request will be granted.

DELTA GOES FOR YOUNG.

Down in Menominee, However, Sheldon Has It All His Way.

Young and Sheldon had about an even split of it yesterday in the fight for delegates. At Escanaba, where the Delta county convention was held, the friends of the Marquette county man controlled and by the vote of twenty-nine to sixteen the seven delegates to the congressional convention were instructed to support the Ishpeming candidate. Down in Menominee county, which all along has been practically conceded to Sheldon by the Young leaders, Postmaster Kern yesterday swept all before him in the caucus, capturing the city of Menominee and the majority of the delegates from the townships. As a result, the Young man will control the county convention, to be held today, by a big majority. Menominee county has ten votes in the congressional convention.

REPERTOIRE ALL NEXT WEEK.

Long-Santry Company Engaged, to Appear at Opera House.

The management of the local opera house has been doing the property corresponding and telegraphing the past few weeks in an endeavor to secure theatrical attractions for next week, when Marquette will be the Mecca of many hundreds of visitors. As the theatrical season is nearing its end, the securing of troupes has been found very difficult, but yesterday Mr. Kowalski closed a contract with the Long-Santry company, whereby that organization will give a performance each evening next week. A strong repertoire of plays will be presented, and the engagement will doubtless prove popular and profitable. Miss Anna Sullivan, who created such a favorable impression on her last appearance here, is still the leading lady. The company this week has been playing at West Superior.

MIGHT CONTAMINATE WATER.

Aldermen Puzzled Whether to Permit Sewer to Empty at Picnic Rocks.

The question of the construction of a new sewer which it is proposed shall empty its sewage into the lake at a point near the Picnic rocks has been one of the street committee's common council has been unable to solve. In the mind of the committee there is no question that the district proposed to be drained is badly in need of a sewage system, but whether it would be wise to authorize its construction when there was a chance of the sewage contaminating the city's water supply, was a point which proved a stickler, it being contended that there is a current in the lake leading from Dead river over in the direction of the intake pipe which would doubtless carry the sewage to the latter. For further investigation concerning the current and other features, the matter has been referred to the committee on public health, with instructions to consult with the water board and report at the next meeting of the common council.

AMERICAN CANAL BLOCKED.

Boat Wrecks Bridge and It Will Take Ten Days to Clear Channel.

Sault Ste. Marie, Mich., June 6.—[Special.]—The schooner Madeira, in tow of the Douglas Houghton, collided with the international bridge last night, wrecking the draw and blocking the American ship canal. It will take ten days to clear the channel. All boats are blocked through on the Canadian side. The damage to the bridge is very heavy. The boat was uninjured.

Up-Bound Boat Passages.

Erierson, Manila, 9 last night; Algonquin, 9:30; LaSalle, 9:40; Maddox, Manitowish, Oglesby, 3:30 a. m.; Nicol, Oscoda, 4:20; Eades, Bangor, 5:20; Manola and whaleback, Bradley, Woolson, Brightie, 8; Tecumseh, Marango, Madleria, 9; Mather and whaleback, Madleria, 9:30; Okame, Bradford, 10; Palmer, Gilechrist, 11; Princeton, Jenny, 1 p. m.; Majestic, Bonmania, Crete, 2; Flagg, Warriner, Venus, Merosta, 3; Gates, Harlem, 8; Vulcan, Lackawanna, Wyoming, 10.

Harbor Gossip.

The big steamers Senator and Presque Isle yesterday cleared with cargoes of ore aggregating twelve thousand tons.

The steamer Nipigon is loading lumber in the lower harbor. She will take out about 700,000 feet, for Ogdenburg, N. Y.

The clearances from the South Shore docks yesterday were the Saturn, Continental, Grace Holland and Mesaba, all for Cleveland. From the L. S. & I. dock, cargoes were taken out by the Cadillac, for Buffalo; the Pioneer and Chattanooga, for Buffalo and Ashtabula, respectively; the Senator, for Cleveland, and the Presque Isle, for Ashtabula. The steamer Spokane arrived and will be loaded today.

HAS LEASED SAUK'S HEAD CLUB.

W. O. Butler, well known through his connection with the Huron Mountain club, has leased the property known as the So-sa-wa-ga-ming club resort and will this season open it to the public. The clubhouse will be conducted as a hotel instead of a private institution and a good class of resort business will be entered to. The clubhouse is situated on the shore of Lake Superior, at the mouth of the Yellow Dog river, and is but a mile from Lake Independence, which can be reached either by road or by rowboat up the river. The location is a beautiful one, the fishing and accommodations are of the best and Mr. Butler will doubtless receive an excellent patronage.

ATTENTION, MACCABEES.

Queen City tent, No. 448, K. O. T. M. is hereby called to meet in special session Sunday morning at 9 o'clock at Fraternity Hall. The presence of every member is urgently requested. Ballotting and initiation of candidates. By order, PETER KREMER, Commander.

5,000 score cards to be distributed at race course Monday, Tuesday and Wednesday. Space now open. (6-7-14) CARL STATZER.

Cured of Rheumatism

After prominent doctors of Worms and Frankfurt, Germany, failed.

Gloria Tonic cured my father-in-law whom the best physicians of Germany called incurable. He had suffered for 20 years and to-day he is free from pain and able to work. His recovery seems almost like a miracle and his relatives on the other side of the water at first discredited the fact, as they could only see him as a cripple, but the cure was a complete one. Ernest Mahlhorn, P. O. Box 906, Bennington, Vt.

Gloria Tonic sells at all drug stores at \$1.00 a package. Trial Box, also illustrated book on rheumatism containing many stippled drawings from actual life and which explains every form of Rheumatism known to science free by sending name and address to JOHN A. SMITH, 624 Germania Bldg., Milwaukee, Wis.

LAKE SHORE BOULEVARD.

Proposed to Extend in Both Directions and Make a Beautiful Drive-way.

The street committee of the common council has under consideration a plan for the extension of the new Lake Shore boulevard that will make the road what its name implies—a beautiful driveway along the shore of the lake. It is proposed to extend the road both in a northerly and southerly direction, so that on the one hand it will connect with the Presque Isle road and on the other with Walnut street, the thoroughfare down near Father Marquette's statue.

The matter came before the council in a communication from the Northern Land company, the Pioneer Iron company, Peter White and others, residents of the Third and Eighth wards. It is petitioned that the boulevard be extended from the quarter line of Section 13, Town 48, Range 25 to an intersection with Pine street produced at a distance of 2,355 feet north of Fair avenue, and that the same be graded and macadamized; that that portion already graded from Hewitt avenue north to the quarter line of Section 13 be macadamized; that the boulevard be extended from its intersection with Hewitt avenue southerly to an intersection with Walnut street, and that Walnut street be graded, widened and macadamized at its intersection with Ridge street. As the parties interested will necessarily have to stand the great bulk of the expense, it is likely that the committee will recommend that the improvement be made.

The committee also has before it a proposition to grade and macadamize that portion of Presque Isle avenue between Wright and Hawley streets. The petition for this improvement was presented to the council by Michael Haley and nineteen others.

SUNDAY AT THE CHURCHES.

St. Margaret's Mission (Episcopal), South Marquette—Sunday school at 2 o'clock p. m.

Swedish Lutheran—Rev. Mr. Heterens of San Francisco will preach in the morning, and in the evening the services will be conducted by Rev. Mr. Brande of Denver, Colo.

First Church of Christ, Scientist—Services at church hall, 109 Spring street, at 10:30 a. m.; subject, "Sacrament." All are welcome.

Methodist—The morning services will be given over to Children's Day exercises. The subject of the sermon will be "The Conquering Christ." In the evening the pastor, Rev. E. A. Elliott, will preach to the Maccabees, taking for his subject, "True Manhood." The Epworth League will meet in the church parlors at 6:45 o'clock.

First Baptist church, Rev. H. E. Purinton, pastor—Public worship at 10:30 a. m. and 7:30 o'clock p. m. Subject of morning sermon, "Christ and Paganism"; evening, "Maccabees of History, a Heroic Chapter in Jewish History." The public generally is invited to participate in these services.

German Lutheran, Ridge street—Preaching by the pastor, Rev. Carl Appeler, at 10 o'clock. Sunday school at 11.

NEW MISSIONARY PLAN.

A new plan of missionary finances for the Lake Superior district of the Methodist church was adopted by the council at its session here this week. The resolution, by Rev. J. M. Shank of L'Anse, was explained by him and endorsed by Dr. Oldham, chairman of the council, and was ratified by the assembly after a discussion. The new system will go into effect during the month of July and will be carried on by a system of reports and counter reports between "open-door field workers" and J. M. Shank, the district secretary. It is the hope and expectation that the scheme will increase the missionary offerings throughout the district by at least \$1,000.

Raffle for a gold watch at J. B. Bourassa's saloon, Superior street, Saturday night. Free lunch will be served. (6-7-14)

That scabrous taste of a canton flannel tongue speaks from the liver and tells you to take Rocky Mountain Tea at night, genuine 35 cents. The Stafford Drug Co.

SPRING FEVER.

Spring fever is another name for a torpid liver and inactive bowels. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. The Stafford Drug Co.; H. N. Meloche, Ishpeming.

A POSITIVE CURE FOR ITCHING PILES. There is no better remedy known to medical science for that terrible affliction, itching piles, than the old and standard remedy, Peck's King of Ointments. This sovereign specific affords instant relief. Peck's Ointment has effected remarkable cures of ulcers, fever sores, old and running sores, when every other means had failed. Ask your druggist for "Peck's" King of Ointments and take no other. If he does not keep it send 25c for a two ounce glass jar, postpaid, to Peck Bros., Grand Rapids, Mich.

Marquette Mining Journal.

MARQUETTE, MICH., SATURDAY, JUNE 7, 1902.

County Board Proceedings.

The honorable Board of Supervisors of Marquette County met pursuant to a call duly made, at the court house, in the city of Marquette, in said county, on Wednesday, the 4th day of June, A. D. 1902, at 11 o'clock A. M.

The meeting was called to order by Walter Fitch, chairman.

The roll being called the following supervisors were found to be present:

Present—Agnew, Ayotte, Barabe, Brunngraber, Campbell, Chase, Connors, Dalton, Elliott, Ewing, Eddy, Fay, Frei, Goodman, Hoyseth, Hodgson, June, Johnson, Kemp, Lyons, Lindberg, McCarthy, Morgan, O'Donoghue, Richards, Roberts, Sharon, Jacob Smith, Richard Smith, Sundstrom, Stephens, Sink, Sundblad, John Thomas, Wilson and chairman Fitch, Total 36.

Absent—Powell, Treblecock and William Thomas, Total 3.

The reading of the minutes was, upon motion dispensed with.

A communication from the superintendents of the Detroit House of Correction was, upon motion, laid upon the table until next meeting.

The following report from the auditing committee was received and read and same adopted by the following yeas and nays:

Yeas—Agnew, Ayotte, Barabe, Brunngraber, Campbell, Chase, Connors, Dalton, Elliott, Ewing, Eddy, Fay, Frei, Goodman, Hoyseth, Hodgson, June, Johnson, Kemp, Lyons, Lindberg, McCarthy, Morgan, O'Donoghue, Richards, Roberts, Sharon, Jacob Smith, Richard Smith, Sundstrom, Stephens, Sink, Sundblad, John Thomas, Wilson and Chairman, Total 36. Nays—none.

Your committee to whom was referred the claims and accounts herein enumerated, having had the same under consideration, beg leave to report the same back to the board, with the recommendation that the sums set down in the last column, opposite the names of the respective claimants, be allowed and ordered paid, viz:

No.	Name	Not of Claim.	Amount	Amount Allowed.
952	John Groves, wolf bounty	\$ 14.00	\$ 14.00

And your committee ask to be discharged from the further consideration of said claims and accounts.

Mark Elliott, W. S. Ewing, D. T. Morgan, Joseph Fay, Philo P. Chase, Anthony Richards, Jos. Stephens, R. Roberts, R. T. Smith, John Thomas, John Treblecock, Committee.

Marquette, Mich., May 21st, 1902.

The following report was received and read and same adopted by the following yeas and nays:

Yeas—Agnew, Ayotte, Barabe, Brunngraber, Campbell, Chase, Connors, Dalton, Elliott, Ewing, Eddy, Fay, Frei, Goodman, Hoyseth, Hodgson, June, Johnson, Kemp, Lyons, Lindberg, McCarthy, Morgan, O'Donoghue, Richards, Roberts, Sharon, Jacob Smith, Richard Smith, Sundstrom, Stephens, Sink, Sundblad, John Thomas, Wilson and chairman Fitch, Total 36. Nays—1.

To the Board of Supervisors of Marquette County, Michigan—GENTLEMEN:

Your committee on Superintendents of the Poor begs to report that the farm now in use at the County Poor Farm is not suitable for further use, and we respectfully recommend that a new farm be built, according to plans and specifications now in the hands of the committee, at an estimated cost of \$12,000. And we further respectfully recommend that the amount of \$12,000 be appropriated out of funds now on hand for that purpose. Your committee further reports that they have a bid from Wm. Leason of \$150 for the building of a new house, and recommend that the same be sold for that amount.

W. S. Ewing, D. H. Dalton, S. Kemp, E. J. McCarthy, A. H. Agnew, A. G. June, Anthony Richards, Chas J. Johnson, Patrick Lyons, Chas Wilson, Rod Campbell, C. F. Sundstrom, Jacob Smith, J. A. Lindberg.

The following report from the highway and bridge committee was received and read and adopted by the following yeas and nays:

Yeas—Agnew, Ayotte, Barabe, Brunngraber, Campbell, Chase, Connors, Dalton, Elliott, Ewing, Eddy, Fay, Frei, Goodman, Hoyseth, Hodgson, June, Johnson, Kemp, Lyons, Lindberg, McCarthy, Morgan, O'Donoghue, Richards, Roberts, Sharon, Jacob Smith, Richard Smith, Sundstrom, Stephens, Sink, Sundblad, John Thomas, Wilson and chairman, Total 36. Nays—none.

To the Board of Supervisors of the County of Marquette—GENTLEMEN:

Your committee to whom was referred a communication from residents of Chocomaug township asking that four hundred dollars (\$400.00) be appropriated out of funds now in the hands of the County Treasurer, to aid said township in the construction of a steel trestle over the filling of the approaches to same over Cherry creek in said township, the estimated cost of which is four hundred dollars (\$400.00), would respectfully recommend that the amount asked for be allowed and ordered paid to said township when the work is completed and accepted by your committee. All of which is respectfully submitted.

D. W. Powell, Joseph Hodgson, D. T. Morgan, Frank Sharon, W. S. Ewing, Frank Sharon.

The following report of the same committee was adopted by the following yeas and nays:

Present—Ayo, Ayotte, Barabe, Brunngraber, Campbell, Chase, Connors, Dalton, Elliott, Ewing, Eddy, Fay, Frei, Goodman, Hoyseth, Hodgson, June, Johnson, Kemp, Lyons, Lindberg, McCarthy, Morgan, O'Donoghue, Richards, Roberts, Sharon, Jacob Smith, Richard Smith, Sundstrom, Stephens, Sink, Sundblad, John Thomas, Wilson and chairman, Total 36. Nays—none.

To the Board of Supervisors of Marquette County—GENTLEMEN:

Your committee to whom was referred a communication from residents of Chocomaug township asking for an appropriation of Eight Hundred Dollars (\$800.00) to aid in the proper construction of the new Goose Lake road leading south from Negaunee through Saund and Richmond Townships, would respectfully recommend that the said sum of Eight Hundred Dollars (\$800.00) be allowed out of funds now in the treasury for the purpose asked for, on condition that the said Townships and the City of Negaunee furnish the balance of money necessary to build the said road, and complete the same according to profile and specifications as made and stipulated by George F. Cummings, and the above named township under the direction of committee on Highway and Bridges. All of which is respectfully submitted.

D. W. Powell, Frank Sharon, D. T. Morgan, J. A. Lindberg, Jos. Hodgson, W. S. Ewing.

The special committee appointed to renew hospital and doctors contracts for the current year, reported that they had renewed all existing contracts for the period of one year on the same terms and with the same hospitals and doctors. Said report was, upon motion, accepted by your committee.

The following reports from the county officers were read and ordered filed:
